LIQUOR ACT ENFORCEMENT FLAYED

HYDRO MATTERS DISCUSSED BY C. D. RICHARDS

Opposition Leader Asks For Grand Falls Power Cost

LABOR MEN MEET

N. B. Federation Prepares Legislation To Be Asked For At Session

By D. LEO DOLAN Staff Correspondent, Evening Times-Star.

FREDERICTON, March 17.—Hydro development in New Brunswick, and more particularly the proposed Grand Falls project, was discussed by C. D. Richards, leader of the opposition, in resuming the debate on the address in reply to the Speech from the Throne, in the Legislature this afternoon.

Mr. Richards called upon the Government to give the people of New Brunswick some idea of the expenditure which will be necessary at Grand Falls, and declared that the Musquash development had not proved the wonderful success its supporters claimed it to be.

Liquor Act Enforcement. The leader of the opposition also took occasion to refer to the New Brunswick prohibitory law, in the course of an address of almost two hours in length, and he was rather outspoken in his criticism of the manner in which the act is being enforced in New Brunswick.

There was a large attendance of members. Hon. Dr. Hetherington, Provincial Secretary, who was unable to attend the opening, owing to the critical illness of his brother, Dr. G. E. Hetherington, of Cole's Island, took his seat in the House for the first time.

Labor Federation Meets. Today the New Brunswick Federation of Labor is in session here, with delegates present from all over the province. Members of the Federation executive told your representative that a committee from the convention would wait upon the Government on Thursday to submit the labor legislation which they desire enacted in New Brunswick.

The Federation will ask what progress has been made by the Commission which has investigated the Mothers' Allowances and will also urge the enactment in this province of a minimum wage for women, which is now also a matter of investigation by the same commission. Some amendments to the Workmen's Compensation Act will also be proposed, so delegates said, but as yet the nature of these is undetermined. About 40 delegates are attending the convention, including representatives from the Longshoremen's Association in Saint John and labor organizations in Moncton, Fredericton, Chatham, Campbellton and McAdam.

Temperance Alliance. The New Brunswick Temperance Alliance opens its annual convention here tomorrow night and will probably be in session for two or three days. Rev. Thomas Marshall, secretary, told the Times-Star that the executive had not as yet made any decision regarding a conference with the Provincial Government, but there is a possibility that the convention will appoint a committee to meet the Premier and his colleagues, when matters relative to the New Brunswick Prohibitory Law will be taken up. "The Alliance will again urge upon the Government a better enforcement of the prohibitory law," said Rev. Mr. Marshall. "We believe that an improvement along this line could very well be made in this province."

Agast Public Ownership. FREDERICTON, March 17.—It is understood that C. D. Richards, M. L. A. for York and House leader of the opposition, will today oppose the public ownership policy in connection with the proposed Grand Falls hydro development.

Mr. Richards is said to favor the development at Grand Falls by private interests, but with the Government exercising a supervision of the project. It is Mr. Richards' contention that the Grand Falls development will entail too great an expenditure to take over at the Provincial Government.

The opposition members held an earlier caucus this morning when the hydro question was discussed.

CHIEF COUNSEL FOR B. C. BACKS PETERSEN PLAN

McGeer, K. C., Flays Vancouver Trade Board Opposition

FOR HOME PORTS

Declares C. G. M. M. Boats Should Be Concentrated On Pacific Trade

By Canadian Press.

VANCOUVER, March 17.—The proposals of the Federal government regarding the Petersen contract on the North Atlantic were upheld yesterday by G. G. McGeer, K. C., chief counsel for British Columbia in the freight Laurier Club. The speaker took to the task the Vancouver Board of Trade and Vancouver members of the House of Commons, for their opposition to the scheme.

Says Scheme Good One. Pointing out that the North Atlantic Shipping Conference discriminated against Canadian ports, not only in the matter of outgoing freight rates, but also in the matter of incoming freight rates, Mr. McGeer looked upon the Petersen scheme as a good one, and suggested that as the Canadian Government Mercantile Marine vessels were unsuited for North Atlantic trade, this fleet should be concentrated on the Pacific in an effort to control grain and lumber rates.

The speaker prefaced his remarks with a demand that the Board of Trade and Commissioners for a decision on the freight and express rate cases.

Delegation To Ottawa. VANCOUVER, March 17.—A delegation representing the Vancouver Board of Trade, headed by A. M. Dollaghan, president, will leave Thursday evening for Ottawa, where it will appear in conference with parliamentary representatives early action to give the Peace River country an outlet to the Pacific coast. The delegates also will recommend against the proposed subsidy of ships by the government to break the alleged Pacific blockade.

Opposition to the government plan was recorded recently by the council of the Board of Trade.

ALTA. MINERS AND OPERATORS MEET

Question of New Agreement Will be Placed Before Men, Says President.

By Canadian Press.

CALGARY, Alta., 17.—Representatives of the Western Canada Coal operators and of the United Mine workers of America, District 18, will meet in a joint conference on the economic situation today. The two parties met in an unofficial conference yesterday, and discussed the possibility of holding a formal conference.

President's Statement. J. Shanks, president of the Western Canada Coal Operators, stated last night that the operators had no idea of repudiating their agreement with the miners, but intended to lay before them the economic situation and let them consider whether they wish to approach the operators with a suggestion looking to the possibility of opening negotiations with a view of coming to a new agreement.

"We are working the mines one or two days a week; we are losing money, and the miners are losing money. Neither want such conditions to continue, but under the present conditions there is no help for it. Very shortly the Canadian Pacific Railway is going to place on the market a contract for 900,000 tons of coal at a price which we cannot meet under present conditions. This is practically one-third of the total tonnage of steam coal mined weekly in the last three years, and it means much work if we can get it."

In addition to the four mentioned from Glace Bay the name of Donovan was also included in the telegram. This is taken for Louis Donovan of this city, who turned professional some time ago.

Declares Wolves, Trap-Shy, Can Only be Got by Shooting

PORT ARTHUR, Ont., March 17.—In 17 years of trapping in Northern Ontario Thomas Hutchings, of Graham, has killed and collected about 100 on 118 wolves. Mr. Hutchings is in the city today with the skin of an immense timber wolf, which he shot near Graham two weeks ago. He bears out the statement made by other trappers, that wolves are not taking bait or going near traps any more. The only sure way of killing them is by shooting.

Baby Volstead Is Named 'Gin'

United Press.

NEW YORK, March 17.—Mr. and Mrs. Richard Volstead's new baby has been named "Gin." Mr. and Mrs. Volstead are the elderly couple in the Central Park Zoo. Because they sometimes did not even drink water for days at a stretch, their keepers named them Volstead. A wobbly little animal has arrived in the Volstead corral and henceforth will be known as Gin Volstead.

CHURCH EVENTS MAIN ONES FOR ERIN'S DAY HERE

Shamrock Much In Evidence In Streets Of City

THE IRISH FAITH

Text Of Eloquent Sermon By Father Boyd In The Cathedral

"The dear little shamrock" enjoyed prominence in Saint John today in honor of St. Patrick, the patron saint of Ireland. The dainty trifolium was much to be seen in the handbaths of those of Irish descent, or worn as a boutonniere. Green, also, was noticeable in the decorations of some of the store windows. There was no procession this year, nor has there been for some time; neither is there any society dinner, a feature that was discontinued in the celebration of this day some years ago.

Services in the Catholic churches and entertainments for the benefit of the orphans were the special events of the day.

At the Cathedral. Solemn high mass was celebrated by Rev. William M. Duke, who was assisted by Rev. E. P. Reynolds as deacon and Rev. J. E. Brown as sub-deacon. His Lordship Bishop E. A. LeBlanc and Abbe Casgrain were in the sanctuary. Green was gracefully draped about the pulpit and elsewhere, and each of the 40 or more altar boys in the sanctuary wore a bow of green ribbon on his surplice. Before and after the mass and at the offertory the organist, Arthur B. Goscoe, played tastefully Irish airs, as has been a Cathedral custom for many years.

Faith of the Irish. The sermon preached by Rev. Charles Boyd from the text "Without faith it is impossible to please God," Hebrews 11, 6.

"In his book 'The Soul of Ireland,' beautifully and eloquently written," said the preacher, "Father Lockington relates this story of a poor Irish girl whose priest found at the point (Continued on page 10, first column.)

ONTARIO CO. SELLS \$15,000,000 BONDS

Proceeds Will Pay For Hydro Expansion and Retirement of Mortgage.

By Canadian Press.

NEW YORK, March 17.—Fifteen million dollars worth of first mortgage bonds, refunding 3-year five per cent gold bonds, will be put on the market today by Blair and Company, Inc., and Schofield, Hilton dress emporium, established by the Niagara, Lockport and Ontario Power Company. The bonds will be priced at 98 1/2 to yield about 5.10 per cent.

The issue will provide funds for the retirement of \$9,200,000 mortgage bonds of the company and subsidiaries and for reimbursement of the company for expenditures already made in its expansion programme.

The company is interconnected with the generating plants of the Niagara Falls Power Company, the Hydro Electric Power Commission of Ontario, the Buffalo General Electric Company, the Northern New York Utilities Company and the Adirondack Power and Light Corporation.

New York Clothing Workers End Strike

NEW YORK, March 17.—Representatives of 30,000 dress goods workers announced yesterday that a stoppage of work in 2,000 dress goods establishments had been ended when terms submitted by the industry's jobbers were accepted. The strike began last Tuesday.

Ismet Thinks Rebels Have Finished Scrap

CONSTANTINOPLE, March 17.—Reports from Angora say all the villages with 12 kilometres of Diarbekir, Kurdistan, have been cleared of rebels. Those villages in which Turkish troops were fired upon, were destroyed. Premier Ismet Pasha is quoted as declaring that further offensive action by the rebels was unlikely.

Plans Well Under Way For Big Rotary-Gyro-Canadian Club Meeting To Hear A. M. Belding

ARRANGEMENTS are being rapidly whipped into shape for the big joint meeting of the Rotary, Gyro and Canadian Clubs of Saint John next Monday night to hear A. M. Belding, special representative of The Telegraph-Journal and Times-Star, who has just completed a tour of Canada in the interests of the Maritime Provinces.

The promoters have secured the auditorium of Pythian Castle, and it is necessary to limit the meeting to 300, the tickets will be distributed to members only of the three clubs. These special representatives of The Telegraph-Journal and Times-Star, who has just completed a tour of Canada in the interests of the Maritime Provinces.

The members of the Common Council this morning accepted an invitation from the Rotary Club to attend this dinner, and His Worship agreed to accept a few words of welcome to Mr. Belding on his return. H. Mont Jones, who extended the invitation, said that the Canadian Club, Gyro Club and Board of Trade had also been invited to attend this function.

Sister Of Moncton Folks Dies In U. S.

(Special to The Times-Star.)

MONCTON, March 17.—The death of Mrs. H. H. Pengilly at Leicester, Mass., was announced in a telegram received today by Mrs. A. H. Fryers. Mrs. Pengilly resided here until five years ago. She was 65 years old and is survived by her husband, four daughters, Mrs. Lincoln Powers, Worcester, Mass., Miss Grace, a registered nurse, and Miss Ida and Miss Nellie at home; four sons, Louis, Robert and Lester at home and Elmo with the state police at Cape Cod. Mrs. G. Morrell, Mrs. Macdonald and Messrs. John and George Ferguson of Sunny Brae are brothers and sisters.

WINNIPEG, March 17.—With a crash which sent the wheat market into a state of complete disorganization this morning, prices dropped 131-2 cents within 10 minutes.

Heavy Selling on. CHICAGO, March 17.—Wheat smashed down excitedly today 11 cents a bushel, as soon as the market opened. May delivery touched 164 as compared with 164-2 to 165 at the finish yesterday. Heavy selling to stop losses was in progress.

OPINIONS DIFFER ON PUPILS' STRIKE

Alsace Catholics and Government Press Issue Conflicting Statements.

STRASBOURG, March 17.—Conflicting claims are made regarding the extent of the Catholic school strike, called throughout Alsace by the Bishop of Strasbourg in protest against the Herriot government's institutional inter-confessional, or religiously neutral, schools.

More Than Half Away. Catholic newspapers assert that in the country the movement was from 80 to 90 per cent effective, and that in some villages not a single pupil attended. The governmental newspapers point to the smaller percentage of abstentions in the cities, which the Catholics admit. The latter, however, say that from 50 to 60 per cent of all the Catholic school children in Alsace observed the strike.

Question Before Deputies. PARIS, March 17.—The religious question is to come before the Chamber of Deputies today. Deputy Cazals has given notice of an interpellation of the Cardinals and Archbishop's letter which the Radicals call a "declaration of war," but in view of the 1918-19 of other business before the House, it is understood that Premier Herriot will ask that the debate on the interpellation be adjourned until Thursday or Friday.

At the same time he is expected to make a statement on the letter and the strike of pupils called in Alsace by the Bishop of Strasbourg in protest against the institution of religiously neutral schools.

FIRST-ON WAY TO TAKE UP LIFE IN THE MARITIMES

Sixty Families Coming Under Overseas Settlement Scheme

NEW BRUNSWICK TO GET MOST OF THEM

R. I. Donaldson Tells of Results of Visit Made to British Isles.

Of the 60 families that will come to the Maritime Provinces this spring under the overseas settlement scheme in which the Dominion and British governments are co-operating, the first batch of 14 families will arrive in Halifax this week and proceed at once to the farm in Truro which has been allocated to the family by the Soldier Settlement Board. R. I. Donaldson, director of the board for the Maritime Provinces, who returned recently from a three months' stay in the British Isles when he was engaged in selective work, said yesterday that the greater number of the 60 families would be settled in New Brunswick.

Mr. Donaldson explained that under the overseas settlement scheme the Dominion and British governments purpose bringing to Canada 6,000 families. The two governments stand in paying the passage money and this must be refunded in three years. All those in the family who are over 17 years of age pay one full fare and all under 17 years of age are carried free. The Dominion Government will supply the land and the British Government will supply an average of \$200 for each settler for stock and equipment and the whole of the loan from the two governments is repayable in 25 years at 5 per cent interest amortized.

SCOUTS TAKE CHARGE OF CITY FOR DAY

Extinguish Fire and Arrest Speeder During Time They Control Things.

NEBRASKA CITY, March 17.—Acting as cops and firemen, Nebraska City Boy Scouts "assumed control of the city" for a day.

The fire alarm screamed. Scout firemen rushed to a blazing pile of oil-soaked green lumber. Manning a truck and hose, the boys saved the lumber while Nebraska City cheered.

"The fire was of incendiary origin," Scout Chief Rex Werner reported. (It had been kindled for the purpose.)

Round Up Speeders.

Weighty duties continued. Scout traffic cops spotted a speeder, hauled him into police court and through the spokesman informed Judge Howard King the man was "driving from thirty to forty miles an hour at great risk of life and limb to pedestrians."

Judge King—the regular magistrate—gave the offender choice of a \$1 fine or one day in jail. He went to jail, protesting "this business of letting kids run the town is all bunk."

But the rest of Nebraska City decried the boys had done a good job of it.

Gets Two Year Term For Death Of Girl

NORWICH, N. Y., March 17.—Thomas C. Congdon of Binghamton, convicted of second degree manslaughter for running down a girl in his automobile and causing her death, was sentenced to Auburn Prison for two years. In addition, he was fined \$250 and ordered to pay \$1,000 to the family of his victim.

Congdon was charged with running down and killing Bois Winchester, aged 14, near Oxford, Chenango County, a year ago last December. He drove away without seeking aid or notifying the authorities.

Work Provided.

The numbers of persons in the 60 families coming to the Maritime Provinces, Mr. Donaldson said, would range from three to 12 or 13. When the families arrived in Canada they would be met by an officer of the Soldier Settlement Board and taken to the farms allotted to them by the board. Work would be provided for both the male and female members of the families and it was hoped that the daughters would be able to get domestic service near the place where their parents were settled or, at the most, not farther away than the main market town of the district. These girls, Mr. Donaldson said, were nearly all in service at fine houses in their own land and in every case the mistress regretted that the girls were leaving as the mistresses had found the girls had made very capable maids.

RUSSIAN INVENTS STEAMLESS ENGINE

Has Internal Combustion Motor of 1,200 Horsepower to Run it.

MOSCOW, March 17.—A new type of steamless oilburning engine, with an internal combustion motor of 1,200 horse power, the most powerful of its kind in the world, may revolutionize Russian transport, if its early promise in fuel economy is fulfilled.

There are several projected types of the teplovos, as the Russians call this steamless engine. All these types are based on the principle of substituting an oilburning Diesel engine. Tests have already shown that two of these types, one constructed in Germany under the direction of the Russian Professor Lomonosov and the other built in Leningrad according to the plans of the engineer Gekkel, are quite satisfactory.

Other things being equal, the Gekkel type has the advantage of being built entirely in Russia, whereas the Lomonosov machine depends to some extent upon German machinery.

Test trips have shown that the teplovos only consumes a third or a fourth of the fuel required by a steam engine in covering a given distance. The teplovos is capable of making an uninterrupted trip of a thousand miles without stopping for fuel or water.

The teplovos realizes an old dream of Lenin who often spoke of the advantages of a steamless engine during the acute fuel crisis, which prevailed in Russia during the period of the civil war.

The Commissar for Transport, Rudzutak, believes that the teplovos con-

tains sufficient promise to warrant reorganizing some of the Russian metal factories in order to permit the manufacture of these new engines. Orders for the manufacture of fifteen teplovos have already been placed.

Superior Judge Archibald made this decision. The boy's confession that he killed the doctor is characterized by the District Attorney's office as a defense effort to save his mother from prison. The District Attorney indicated that at the hearing, March 25, the judge would be asked to make Harold a ward of the Juvenile Court.

REFUSES TO SAY MOTION CARRIES AS NOT ALL VOTE

Odd Situation Develops at East Saint John Meeting

COUNCILLORS' ACT SESSION TOPIC

Matter of Increasing Sewerage District Discussed in Church Hall

Although the motion was not declared carried by the chairman yet the ratemakers of Simonds sewerage district at a meeting in the United Church hall in East Saint John last night, expressed their confidence in the councillors, John Dalsell and George H. Simpson, by a standing vote. R. H. Magee, who was chairman refused to acknowledge the vote of confidence because not all of the people in the hall voted. He put the motion twice and on the first occasion seven voted in favor of it and one against in a standing vote. He was called on to declare the motion carried but refused saying that all should have arisen. He put the motion the second time and eight voted for it and one against it. He still did not declare it carried. Another moved that the meeting adjourn and this was carried.

Object of Meeting. The meeting was called to ask the councillors why it was they had not consulted the rate payers of the district when they proposed to let the rate payers in for a higher assessment by increasing the sewerage district so that it would include Russell street, which runs from the East Saint John corner on the Loch Lomond road across to the Marsh Road, and about 115 feet of the south side of the Loch Lomond road. The north side is in the original district. This was included in an amendment which the councillors had made to the Simonds Sewerage Act and which they proposed to have passed at the Legislature during the present session. It was contended by those opposed to the amendment that the additional pipes would cost the rate payers some \$16,000. In rebuttal those sponsoring the bill pointed out that \$9,000 of this \$16,000 would have to be expended in Loch Lomond road anyway, and in reality the additional expenditure would only amount to \$7,000 for the pipes in Russell street.

A Wider Vision. One speaker pointed out that those opposed to the amendment were all residents of that district which was now being served by the sewer and that because they had the sewer they did not care whether anyone else got it or not. He accused them of being narrow and one-sided and said that what was needed in East Saint John was a wider vision. The potential assessable value of the district which would be served by the addition was such that before very long it would be a decided advantage to the district to have this section included, although at the present time the assessable value of the property was not in the same proportion to the proposed outlay as was East Saint John and their outlay for sewerage.

MRS. VANDERBILT SUE. NEW YORK, March 17.—Acting under instructions from Washington, United States Attorney Buckner has filed in the Federal Court an equity action against Mrs. Virginia Vanderbilt, wife of William K. Vanderbilt, for \$250,000 alleged to be due on income of \$550,000 obtained by her in 1919 through the dissolution of the Morgan Mining Company in California. Neither Mr. Buckner nor his assistant, Thomas J. Crawford, who prepared the complaint, knew any of the details of the transaction, beyond the information contained in the telegram from Washington. Mr. Buckner said that the Government evidently had a claim against Mrs. Vanderbilt for excess profits tax, that she was the principal stockholder of the mining concern and, therefore, the only one against whom the Government cared to proceed. It was said that the Government would demand an accounting from the defendant.

ATLANTA, March 17.—The fight for the life of Mrs. Ida Hughes, condemned to be hanged for the murder of her mother-in-law, Mrs. M. C. Hughes, has developed two unexpected angles as petitions are being circulated in her behalf. Judge C. H. Howard, who presided at the trial, has written to the Prison Commission that it would be a mistake to carry out the penalty, and that a life term would serve all necessary purposes. A letter has been sent the commission by Mrs. Clara Harrison of Portland, Me., sister-in-law of Mrs. Hughes and a daughter of the slain woman, calling for the death penalty. None Since Civil War. Since the Civil War no woman has been hanged in Georgia. Only four have been legally executed in the State's history and only one was white. Many men and women are besieging the Prison Commission with pleas for mercy. Solicitor John A. Boykin, who prosecuted the case, opposed commutation of the sentence, saying that he will allow no misrepresentation as to Mrs. Hughes' character "in relation to her acts of violence."

BAPTIST MEETING HELD IN FAIRVILLE

Members of Ministers' Institute Are Guests of Rev. and Mrs. C. T. Clark.

The monthly meeting of the Baptist Ministers' Institute was held yesterday afternoon and evening at the home of Rev. and Mrs. C. T. Clark, Fairville, with the president, Rev. Dr. Hutchinson, in the chair. The devotional exercises were led by Rev. E. R. MacWilliam of the Waterloo street church. A hearty welcome was extended to Evangelist Rev. Harry Taylor and his daughter, Miss Ruth Taylor, who are conducting a mission at the Main street Baptist church.

The paper of the afternoon was read by Rev. L. B. Colwell, on "Soul Winning or Evangelism." The speaker gave a very thoughtful discourse on this important subject and at the close a vote of thanks was extended to him. At the tea hour a bounteous repast was served by Mrs. Clark, and was assisted by the ladies of the church. A vote of thanks to the host and hostess was moved by Rev. G. B. MacDonald

and seconded by Rev. W. A. Robbins. These present were: Rev. Dr. Hutchinson, Rev. Dr. Heine, Rev. G. B. and Mrs. MacDonald, Rev. Dr. and Mrs. S. S. Poole, Rev. C. B. Lumden, Hampton, Rev. Dr. and Mrs. C. R. Freeman, Rev. H. R. and Mrs. Boyer, Rev. and Mrs. L. B. Colwell, Rev. E. R. MacWilliam and Mrs. A. L. Tedford.

Thinks Pirie Has Mind Of Child

OTTAWA, March 16.—"John Buchanan Pirie is a homicidal maniac and has the mind of a child. Such was the statement made tonight by Rev. R. H. Steacy, rector of All Saints' Anglican church, Westboro, who has had many opportunities of seeing Pirie since he was convicted of the murder of his wife and their two children.

TORONTO, March 16.—After church union will come the opportunity for Dr. Drummond's suggestion for a federated church movement, in the opinion of Dr. Clarence McKinnon, moderator of the General Assembly of the Presbyterian Church, when interviewed today. Dr. McKinnon said there was a call for another conference to settle some issues in the church union movement that have developed but he did not think any good purpose could be served by such a step now. The first "express" elevators in Germany are now being operated in the Hotel Excelsior, Berlin.

OWNERS OF RADIO GET INTO TROUBLE

German Landlords Object to Aerials on Roofs of Houses.

By CARL D. GROAT. BERLIN, March 17.—(United Press)—Radioing in Germany is attended by the utmost difficulties. It generally involves a fight with the landlord, and it often ends in court. In many places throughout the country house owners have flatly refused to let their tenants put up roof antennae, and when the tenants have persisted, they have been haled into court. The courts, having no precedent whereon to act, give contradictory decisions. Some agree with the landlords that the placing of antennae "increases the danger of lightning," while others take the opposite view, and hold that there is, in fact, a decreased danger from this source if roof antennae are up. Lots of Red Tape. The latest decision in such a case was to the effect that house owners

Deaths

Mrs. A. Bourque. SHEBAC, March 16.—The death occurred at the Royal Victoria Hospital, Montreal, on Monday of Mrs. Adeline Bourque, widow of Eustache Bourque, formerly of Moncton. Mrs. Bourque had made her home here with her family for several years past, where she was held in high esteem by all who knew her. She had been in failing health for the last year and had gone to Montreal for special treatment a few weeks ago. The body was conveyed here on Tuesday, accompanied by her daughter, Miss Bourque, R. N., who had returned from her professional duties in the United States in order to be in attendance on her mother. The surviving family consists of four sons, Edwin, of Boston; Joseph, of Fall River; Augustine and Allan, of Shebaca; six daughters, Evelyn, Cecelia, Mary, Margaret, Frances and Aloysia, all of whom are at present residing here. Interment took place in Moncton.

MacLean on behalf of citizens and overseas comrades.

DAYLIGHT TIME

The Montreal City Council has adopted daylight saving time from May 3 to Sept. 27, Ottawa from May 2 to Sept. 26. Halifax is in favor of the summer time from May 8 to Sept. 13 and the Board of Trade here has suggested that Saint John make their daylight time for the same period. Members of the local board suggest that the time be changed before the exhibition as many of the country people prefer the old time. The Railway Association of Canada is seeking uniformity in the matter.

HEART ATTACKS.
SUDDEN death from heart disease is uncommon. This statement is made in the face of a popular conception that persons, suffering heart trouble, are likely to die at any moment.
This conception has been built up because sudden death is so spectacular that it makes good news, and newspapers "play up the story."
There are certain types of heart disease in which death may come very abruptly, but these form a very small group as compared with the total number of cardiac cripples.
As a rule heart patients, even when they do badly, carry their defect for many years, and in the end the changes are very slow and gradual.
Fainting spells are not always due to heart disease. There is a cardiac condition in which fainting

LITTLE JOE

BAKE AND PIE RECIPES OUGHT TO READ: "ADD A CUP OR SO OF BORROWED FLOUR"

is a prominent symptom. But this condition is rare.
Headaches, nausea, dizziness, insomnia, weariness and fevers may possibly be caused from a weak heart, but the chances are that these are caused from some other disability.
About the only safe course for a person in doubt is to consult a reputable physician. His tests can tell if there is something wrong with the heart, and he can advise what to do to remedy the situation, if there be a remedy.

Adventures of the Twins

By OLIVE ROBERTS BARTON.

THE MARCH HARE WAKENS THE RAGSIES.
"Where are we going?" asked Nancy as the March Hare galloped along over the meadow toward the woods.
"I've got to start springing," answered the Hare. "It's too silly the way things hold back and hold back unless someone comes along and gives them a push. First of all I have to get after Mister Tatters and the Raggies."
"What do they have to do with springing?" asked Nick. "I thought they lived under the ground."
"They do," answered the March Hare. "And that's all the more reason for their getting busy. Spring starts under the ground."
By and by they came to the place by the dog-wood tree where a cave-like place led straight down into the earth. Down this they went and by and by they came to a little wooden door.
The Twins jumped out and knocked with all their might.
But nobody answered.
"Just as I thought," muttered the March Hare. "Everybody sound asleep. It's a good thing I came. Kick!"
So the Twins kicked.
"No," said the little ragged fairy fellow. "I told one of my men to set his alarm clock so he could waken extra early and attend to the snowdrops."
"Well, I'm glad of that," said the March Hare. "The snow-drops should have been out two weeks ago."
Called Mister Tatters to all the little ragged fairies around him. "Spring is here and the ice is gone. Then hurry back and help me to get the roots unpacked."
"Yes, sir!" they cried as they all rolled out of bed and rushed for the door.
"Farmer Greenway is digging his garden," said the March Hare, "and he'll be putting his seeds in before long. Mix plenty of red paint for the beets and radishes and yellow paint for the carrots," advised the March Hare.
"Never fear!" said Mister Tatters who was wide awake now. "We'll attend to everything. But it's a good thing you came, Mister Hare, or we would have slept all summer."

Printed Roses On Silk

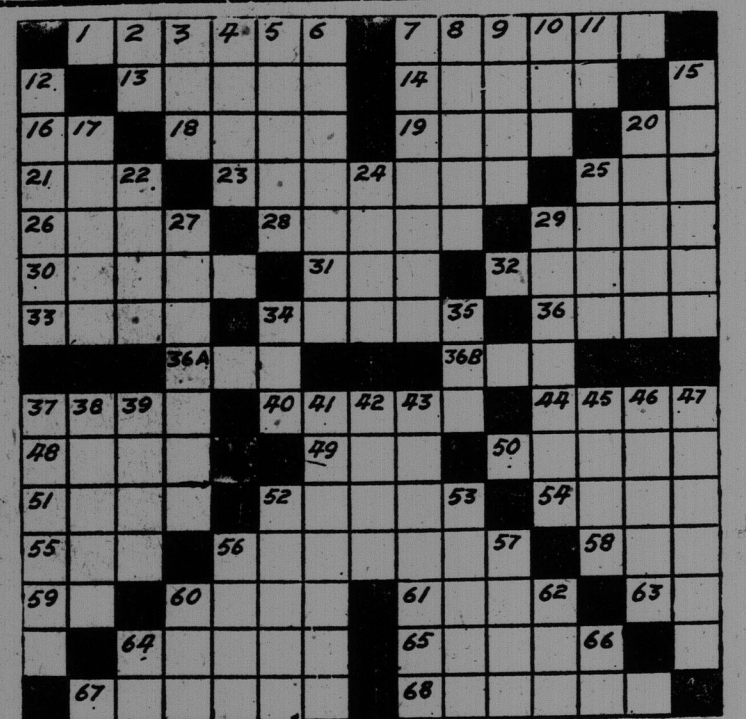

EFFECTIVE ENSEMBLE.
The crepe de chine gown with a coat of wool exactly matching it in color is a new version of the ensemble costume that is most effective.
COLOR CONTRASTS.
Excellent effects are gained this year by the use of color contrast. Bands of wool in three shades of brown, for instance, give much character to an outfit of natural colored lasha.
COVERT CLOTH POPULAR.
Covert cloth in the light shades makes delightful gonne frocks with a touch of white pique or a colored vest for trimming.
GOLD LACE PREFERRED.
Gold lace is very much preferred to the heavier gold cloth fabrics and brocades for evening gowns. It has richness and at the same time the light youthful feeling that is so much desired.

AFTERNOON FROCKS.
Beige colored chiffon makes charming afternoon frocks, unrelieved by any trimmings save godets or circular flounces of self material.
BLACK STILL GOOD.
Black continues to be extremely smart for afternoon wear, with color relief introduced by costume jewelry.

The average length of life in the United States is now 56 years, an increase of 15 years since 1870.

Yesterday's Puzzle

An Interlarded Proposal.

From an English book—"I waf at the luncheon table that he proposed to me and he wasn't at all put out at the arrival of the waitress. 'You know, my dear girl,' he began, 'that I have grown very, very fond of you, we'll have something cold, waitress. Cold beef for two. I want you to be my wife. Yes, salad, please. You are quite indispensable to me. Indeed, if you're sure they're moolah—otherwise mashed. You'd like potatoes wouldn't you Prissy? Now, darling, do say 'Yes' and make me the happiest man in the world. Hi, bring some Vienna rolls, waitress.'"

HEART TROUBLE

SHORTNESS OF BREATH

Mrs. Geo. E. Bowman, Morrisburg, Ont., writes—"I am writing you a few lines to let you know of my experience with Milburn's Heart and Nerve Pills. Two years ago I became very poorly with my heart and nerves; and whenever I took the least little bit of exercise my heart would start to jump and flutter. I could not walk up-stairs without having to sit down and rest before I was half-way up, on account of my breath becoming so short.
I commenced taking MILBURN'S HEART AND NERVE PILLS and in no time I felt a great improvement, and can now heartily recommend them to all those who are troubled with any affection of the heart."
H. & N. Pills are for sale at all drug and general stores; put up only by The T. Milburn Co., Limited, Toronto, Ont.
"Would Convince Him."
"Why won't you marry Robert?"
"He's a Freethinker. He doesn't believe there's a hell."
"Then you should marry him, my dear. We'd soon change his mind on that matter."
Made in Plain.
A little girl playing with her dog received a bite. "Now, Greta," she cried, "don't you bite me again."
Her brother, three years older, remarked: "She can't understand; she is only a pup."
"No, Greta," explained the child, "when I say don't bite me again, I mean don't do that any more."

PLAYS GIVEN IN FOUR HALLS TO AID ORPHANS

Amateurs of Catholic Societies Present St. Patrick's Day Productions

LARGE AUDIENCES ENJOY PROGRAMMES

St. Vincent's, St. Peter's, West Saint John and Fairville.

Four St. Patrick's Day plays given by amateurs of Catholic church societies in aid of the Catholic orphans in the city attracted capacity audiences last evening at St. Vincent's auditorium, St. Peter's Hall, West Saint John, St. Rose's Hall, Fairville, and St. Peter's auditorium, North End. All performances were greatly enjoyed and a substantial sum was realized for the objects of the entertainments.

In all four cases the performances will be repeated tonight. In St. Vincent's auditorium under the auspices of the Y. M. C. I., with Mr. McCluskey as director, the four-act drama "A Girl of Colorado," was presented with the following cast: Williams, McFarlane's secretary, H. D. Ryan, Jr.; Thornton Brown, McFarlane's friend, Leo McCrossin; Geo. McFarlane, F. C. Spittle; Arthur Sole, detective, Edw. C. Johnston; Buck Kaniman, sheriff, M. Buy a package of Sun-Maid Raisins and open it. You will note these two things at once: First, the largeness and plumpness of the fruit, and its beautiful color. That's because only the finest of sweet, tender grapes are selected for Sun-Maids. Then you will note how clean they are. You will not even think of washing them. And that's because of the infinite care with which they have been cleaned and sterilized in the great, airy, sunny Sun-Maid plants. These things you will see. But when you use them in your cooking you will note another difference between these and ordinary raisins—a rare, rich delicacy of flavor that will surprise and delight your family. Anywhere, at any time Sun-Maid Raisins are always of the same superior quality. You will know them by the smiling Sun-Maid girl upon the package.

Prevent tooth decay below the gum-line

As the soil nourishes the tree roots, the gums nourish the teeth. And as the tree decays if you bare the roots, so do the teeth decay when gum shrinkage starts in. This condition—one of the first stages of Pyorrhea—is very common and something that ordinary tooth pastes are powerless to prevent. If not checked promptly it will lead to loss of teeth and serious organic diseases. If used in time and used consistently twice daily, Forhan's will prevent Pyorrhea or check its progress. It will preserve the gums in their pink, normal, healthy condition, safeguard your health and keep your mouth clean, fresh and wholesome. Forhan's is more than a tooth paste; it checks Pyorrhea. Thousands have found it beneficial for years. For your own sake ask for and get Forhan's For the Gums. At all druggists, 5c and 60c in tubes. Forhan's, Limited, Montreal.

of death from famine and fever. All her people were dead, and she deserted by all, too weak to move, lay motionless on the floor of the cabin dying. The priest moving through the land of death found her lying just inside the open door. The poor creature a skeleton lit by two blazing eyes was patiently waiting for death. Snow had fallen through the night, and the wind had blown it in upon the floor where it lay, its whiteness matched by that of the forehead of the poor girl against which it had drifted.

COMB SAGE TEA
INTO GRAY HAIR

Common garden sage brewed into a heavy tea, with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get the ready-to-use preparation improved by the addition of little cost, at drug stores, known as "Weyth's Sage and Sulphur Compound," thus avoiding a lot of fuss. While gray, faded hair is not itself, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Weyth's Sage and Sulphur Compound, you can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared. After another application or two your hair becomes beautifully dark, glossy, soft and luxuriant and you appear years younger.

"STOMACH PAINS WERE DREADFUL"

"Operation Prevented by Fruit Treatment 'Fruit-Lives'"
"The Irish eagerly seized the gift of faith offered to them by St. Patrick. They pressed forward with hearts burning with the intensity of their desire to receive the waters of baptism and to be enrolled as children of the true church of God. Then for 800 years Ireland gave to the world an unrivalled example of the effects of an undying faith. Monasteries, as if by enchantment arose on every side. They covered every hill and sacrificed every valley. Seats of learning appeared; youths anxious for learning journeyed to Ireland. Scholars and philosophers left its shores to civilize, to educate, and to christianize people of other lands."

Practical Religion.
"An eminent Roman ecclesiastic, while on a visit to Ireland was asked to give Communion during his mass in one of the city churches. He did so but when a quarter of an hour and elapsed and the people were still surging forward, he became alarmed and sent the altar boy for a priest to help him. 'I never saw anything like it in my life,' he declared, 'and so many monks! So it was in all the churches of Ireland. Small wonder then that the people of Ireland smile under their crosses when Christ thus shares them with them.'
"No less edifying is the practice of their religion in the country. On Sundays, wholeheartedly and joyously come all to the church as a centre. Across the fields and callows, through the meadows by paths centuries old they come, thronging into the roads leading to the church, and once there, with fervent ejaculations glowing souls pour forth their love of Christ. And oh, that prayer and intense fervor is theirs, Christ the loved God Man is on the altar and it seems as if the surging love in their hearts leaps all barriers and as they kneel before Him and greet Him.
In Every Day Life.
"And in other ways is the deep religion and living faith of the people shown. By their almost incredible resignation to their conditions and lot in life, which finds expression in the words repeatedly heard: 'Welcome be the most Holy will of God.' In their every speech, in their way of greeting one another, in their treatment of suppliants by the roadside. Here is the secret of Ireland's undying vitality. It alone has caused her to live through darksome days when death seemed inevitable. Thus has it been from the very first until the present day."

to him as he moves through the streets. It is God bless you Father on all sides. Such is the undying faith of the Irish and such their deep-rooted sense of their religion.
"These pictures, and examples are not the ravings of a blind Irish enthusiast; the unbiased observations of one who spent many years in Ireland, the author quoted in the beginning. They have been visited by other writers, who have seen the faith of the Irish people as strong, ardent and generous today as it was in the beginning. And it is the faith brought to them by their Apostle, Patrick, which is still and ever has been the religion of the Irish nation.
Days of Persecution.
Father Boyd said the stream flowed as far east as Egypt and as far west as Greenland and Labrador. Continuing, he said:
"In this way centuries passed and the church grew to enormous strength. At last the scourge of persecution fell on the nation. Through all these dark days to test their faith. Well did they prove their undying love and fidelity for this gift, their heritage from St. Patrick. For by the scourge of the church grew, watered by the blood of her martyrs. Laws were enacted that aimed at the systematic degradation of the nation. Christ's loved ones were denied the right to live, and dying their children were to be entrusted to the care of alien faith. Priest and schoolmaster were felled and hunted. On every side death, and as far west as Death, swift, fearful, and appalling, threatening him if he gave not up their gift of faith. Through all these dark days the soul of Ireland remained unshaken and unbroken. Firm in their faith they walked through the gates of death and emerged from the fearful ordeal stronger and more Catholic than when the storm first broke.
"And has the deep faith of the Irish people lessened or grown cold in later years since the time of the persecution? Emphatically not. Today as in days past it lives and continues to vivify the life of the nation. The stranger who enters her gates finds himself startled and delighted beyond measure at the wonderful atmosphere of faith that hangs over the whole land. In the larger cities not on Sundays alone, but at week-day masses, which continue from 6 a.m. until 11.30, only with difficulty can one force an entrance. Crowded are the churches with devout worshippers—from the door is seen a very sea of heads bowed in reverent adoration as they join in the daily sacrifice.
Chorus of Praise.
"Little wonder, then, that we praise and bless him today for so great a gift, that our heart breaks in an outburst of love to celebrate his feast day, that the whole world stands in amazement and wonder at the chorus of praise that rings from east to west and from pole to pole, from his feast on St. Patrick's Day. Truly do they believe that neither the highest praise nor the deepest love is too much for so great a patron, so exalted a saint. For his saint was St. Patrick whose personality could win and hold the affection of hearts; in the words of St. Evim Solomon; a chosen vessel for proclaiming truth like the Apostle Paul; a man full of grace and the knowledge of the Holy Ghost like the beloved John; a flasher in his force and warmth of heart; for instituting and illustrating charity; a lion in strength and power; a dove in gentleness and humility. Only could such a saint, possessing all the great qualities of the greatest saints, accomplish such a work in Ireland, which is unlike that of any other apostle among any other people in the annals of the Christian Church.
"In the Vatican Council which assembled in Rome some 50-odd years ago, 707 mixed heads were raised. When Cardinal Manning saw the long army of Ireland's mixed sons sweeping through the streets of Rome he exclaimed: 'If there is a saint in Heaven who has reason to be proud tonight, that saint's name is Patrick! If this is an object of pride to the angels, I am still greater one in the fact that the children of his conversion have preserved and maintained unshaken their treasured gift of faith.'
Cherish Faith.
"It is for us and all some and descendants of the Irish race to make it assured that St. Patrick shall continue to hold that unique position among the apostles in Heaven which he now possesses. It must always be our first concern and duty to cherish and prize our faith; that inheritance transmitted to us by our fathers and preserved for us at the price of their blood. Our faith must be prized by us as our distinctive glory, and valued beyond all that this world can give us as our strength to make this hope a reality. St. Patrick will continue until time gives place to eternity to hold his unique position among the saints as being the apostle of a people who have preserved a fervent faith, who have never conceived the least of schism, who have never denied their God and never have forgotten Him; but who have ever and always loved and ever have been steadfastly loved in return."
In Other Churches.
In St. Peter's church at 9 o'clock this morning solemn high mass was celebrated by Rev. Edward Moran, C. S. R., who was assisted by Rev. James Woods, C. S. R., as deacon and Rev. Timothy O'Sullivan, C. S. R., as sub-deacon.
In Holy Trinity church at 8 o'clock high mass was celebrated at 7:45 by Rev. H. Reshage.
In St. Rose's church, Milford, high mass was celebrated at 8 o'clock by Rev. W. Mallott.
In St. John's the Baptist church high mass was celebrated at 10 o'clock by Rev. J. J. McDermott.
In all the Catholic churches the collection was for the orphans.

IMPROVEMENT OF OYSTER BEDS IN PROSPECT

Federal and Maritime Governments Consider Questions Re Transfer
N. B. AND N. S. READY TO MAKE CHANGE
Canada Will Try to Better Industry If Full Control Is Granted.

OTTAWA, March 16—That negotiations are under way for the transfer of oyster areas of Prince Edward Island, Nova Scotia and New Brunswick from the Provincial to the Dominion Government was stated in the House of Commons today by Hon. T. J. Carlin, Minister of Marine and Fisheries.
In answer to a question by A. E. MacLellan, Liberal, Prince, Mr. Carlin said that he had informed the Premier of Prince Edward Island that if the divided jurisdiction were removed, by placing the oyster beds in the hands of the Department of Marine and Fisheries, provided satisfactory arrangements for the development of the industry were concluded.

Most headaches due to lack of internal cleanliness

WHEN you are constipated, poisons form in the accumulated food waste and are carried to all parts of the body. Headaches follow. Bilioussness, indigestion, lack of energy, all result from constipation, which if unchecked will lead to serious results.

Never Suffer From pains you can stop

Most of the pains you suffer can be stopped at once. These include rheumatic pains, soreness, lameness, backache. And the congestion of chest colds. The way is to rub the sore spot with St. Jacobs Oil. Cause a counter irritation. Or relieve the congestion by bringing the blood to the skin. A moment does this, and comfort follows before the rubbing stops. St. Jacobs Oil has done this for 65 years. It has saved people out of pain. Anybody who has used it will tell you that these pains are folly. Little is so unnecessary.

St. Jacobs Oil Rubs Pain Away

Watch your tongue
The tongue is the mirror of the digestive tract and upon its surface is reflected the result of digestive disorders. Examine your tongue frequently and when you find it coated with 'fur,' or unclean in appearance, heed Nature's signal. Indigestion, biliousness, dyspepsia and constipation are responsible for most of the ill of mankind. St. Jacobs Oil cleanses the tongue and many ill follow in their train. Restore your digestion by using Beecham's Pills. They clear the tongue, remove the bad taste, strengthen the stomach and bowels, activate the liver, promote the digestion and assimilation of food and make you feel strong and well.

WILL AID CANADA'S COAL INDUSTRY

Minister Declares Government Will Help in Manufacture of Coke.
OTTAWA, March 16—Hon. Charles Stewart, Minister of the Interior, indicated in the House late tonight Government plans for the development of the Canadian coal industry. Two lines of activity were proposed:
1. Continuation of the financial assistance provided last year for the transportation of Canadian coal.
2. Legislation to assist the manufacture of coke.
Mr. Stewart said that as a result of the \$200,000 voted last year to assist in transporting coal, the market for Nova Scotia coal had been extended 100 miles farther westward.

Grass Fire Cause Of House Burning

YARMOUTH, March 16—A fire at Yarmouth, three miles from here this afternoon totally destroyed the residence owned by Misses Grace and Myrtle Churchill and occupied by Elyon Durkee. The blaze originated from a grass fire on the side of the road in front of the dwelling. Unfortunately Mr. Burke and his family were away from home, and when the fire was discovered it had spread from the side of the road to the dwelling and the house was well alight.

WHY YOU GAIN FIGHTING STRENGTH TAKING FATHER JOHN'S MEDICINE

Cod Liver Oil Specially Blended With Other Valuable Ingredients Builds Up the Body
There are two conditions necessary to any food in order that benefit may be derived from it. Not only must the food contain nutriment, but this must be in a form that can be used by the digestive system. Father John's Medicine meets these two conditions exactly and so it is a real body builder. It is a preparation of the purest cod liver oil scientifically blended with seven other valuable ingredients by specially designed apparatus, which renders it easy for even weakened systems to digest.
Cod liver oil is one of the best known nutrients but as every one knows, it is, in its ordinary form, very difficult for most people to digest. It must be broken up into tiny drops or globules. The smaller the globules the more easily it is digested.
It is the exclusive process of compounding, with the special apparatus that makes Father John's Medicine so easily digested that even young children can take it.
There are then, three reasons why Father John's Medicine is "the greatest body builder." Firstly, there is the excellent quality of all the ingredients entering into its composition; secondly, there is the great food value of the cod liver oil and the other ingredients; and thirdly, there is the scientific blending of all the ingredients and the breaking up of the oil into such wonderfully small particles that it can be easily assimilated by the system. Contains no alcohol or dangerous drugs.

Most of the pains you suffer can be stopped at once. These include rheumatic pains, soreness, lameness, backache. And the congestion of chest colds. The way is to rub the sore spot with St. Jacobs Oil. Cause a counter irritation. Or relieve the congestion by bringing the blood to the skin. A moment does this, and comfort follows before the rubbing stops. St. Jacobs Oil has done this for 65 years. It has saved people out of pain. Anybody who has used it will tell you that these pains are folly. Little is so unnecessary.

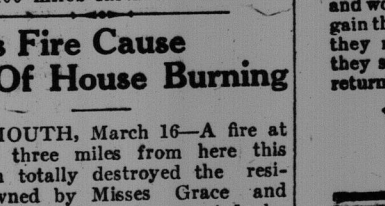

St. Jacobs Oil Rubs Pain Away

Watch your tongue
The tongue is the mirror of the digestive tract and upon its surface is reflected the result of digestive disorders. Examine your tongue frequently and when you find it coated with 'fur,' or unclean in appearance, heed Nature's signal. Indigestion, biliousness, dyspepsia and constipation are responsible for most of the ill of mankind. St. Jacobs Oil cleanses the tongue and many ill follow in their train. Restore your digestion by using Beecham's Pills. They clear the tongue, remove the bad taste, strengthen the stomach and bowels, activate the liver, promote the digestion and assimilation of food and make you feel strong and well.

BEECHAM'S PILLS
Sold Everywhere in Canada

MEIGHEN SEES CONVERSION OF GOVT.

OTTAWA, March 16—"I am pleased to see that the Government is coming round to my point of view," said Right Hon. Arthur Meighen, Opposition leader, in the House of Commons today.
Hon. G. P. Graham, Minister of Railways and Canals, had supported the attitude taken by the management of the Canadian National Railway, that information in regard to all the salaries of employees of the Government should not be published. The management had taken the ground that giving out this information might injure the railroad.
More than 17,000,000 skins were sold at London fur sales last year.

Most headaches due to lack of internal cleanliness

WHEN you are constipated, poisons form in the accumulated food waste and are carried to all parts of the body. Headaches follow. Bilioussness, indigestion, lack of energy, all result from constipation, which if unchecked will lead to serious results.

FEWER HORSES IS NOTE IN S. P. C. ANNUAL REPORT

President D. C. Clinch Makes Comment in Relation to Work

OFFICERS SAY MORE FUNDS ARE NEEDED

Animal Rescue and Other Features of Year—Police Court Cases.

The comparatively small number of horses now in use in this vicinity is referred to in the annual report of D. Carleton Clinch, president of the Society for Prevention of Cruelty, submitted at the 44th annual meeting held this afternoon.

Mr. Clinch endorses the references made by the secretary, S. Merritt Wetmore, to the need of funds in order to extend the work through the country districts, almost all the income, he adds, being interest on donations from private individuals, given many years ago.

Secretary's Report. S. M. Wetmore, secretary, sent his regret at not being able to attend the meeting, as he has been ill at his home for several weeks.

One of the outstanding features of the year's work, he reported, was the organizing of two new branches, one at Dalhousie and the other at New Denmark, Salmonhurst, Victoria county, N. B.

He had much pleasure in reporting the reorganizing of the St. Stephen Branch, through the efforts of W. S. Stevens, son of the late Judge Stevens, who for so many years was an efficient president of that branch of the society.

Animal Rescue League. "The Animal Rescue League is a great joy to the public in general," he reports, "in the wonderful work it is doing. As I stated last year, to carry on their work successfully, the league needs a conveyance of some sort, in which sick or maimed domestic animals may be brought to the home for humane treatment. It is almost a daily occurrence at my office to have inquiries as to the removal of some animal in distress. So I urge the public to assist the league in every way possible."

"Our society is much in need of financial assistance, and we are in hopes that in the near future, conditions will improve to such an extent that the dumb animals will benefit to a great degree."

The secretary expressed thanks to all who had helped in his work, and mentioned J. King Kelley, Dr. Donovan, the Chief of Police and his officers. "I feel that I must speak in particular of Sergeant Rankine, who has come to my aid so often and so willingly. My thanks are also due to our president, D. C. Clinch, whose valuable knowledge of dumb animals has been of such assistance to me; also to the county constables for their kind help."

A tabulated statement shows that 103 horses were removed from work for various reasons and 119 owners of horses were cautioned for different causes. Cases relative to cattle and other stock numbered 20; dogs ill-treated, 16; dogs and cats destroyed, 13; cats ill-treated, nine; fowls and birds, eight; children ill-treated, 12; children neglected, 12; women ill-treated, four; women neglected, five. In all the cases numbered 226. Eleven were taken to court and fines totalling \$110 were struck.

Animal Rescue. Miss Lilian Hazen, reporting for the Animal Rescue League, said: "Just now the society is astriv with much activity. We have many new members, many hopes and ambitions, many plans in embryo, and we feel assured that under the businesslike leadership of our president, Mrs. Peck, we shall make progress. Although much has been accomplished in the past to establish and improve our premises and make them suitable, a good deal yet remains to be done ere we shall be satisfied the league is the place it ought to be. But we can do it, and we shall do it, little by little. The hardest part is over."

"At present our efforts are mainly directed towards arranging plans for collecting the necessary funds. A charming lecture was lately given for us, and a paucity sale held, both with gratifying results; other efforts will very shortly follow. I beg to express the sincere sympathy of our members with Mr. Wetmore in his illness. We have been so long associated with him

in humane work, and hope soon to hear good reports."

Fredericton. L. C. MacNutt reported for the Fredericton branch as president. The year was useful and successful. The branch had all bills paid and \$377.20 in the bank. The membership there is well over 100. The agent, J. H. McCollom, is reported as showing great activity and success in the prosecution of his duties.

Moncton. Geo. B. Willett reported for the Moncton branch. A great decline in the number of horses used for work had reduced the efforts of the branch. He asked about the will of the late Governor McClean and states that it

was understood he had left a legacy to the society. Cases dealt with in Moncton numbered 49.

Other Places. C. H. LaBilios, for Dalhousie, reported that the secretary, Miss Margaret Duncan, had removed to New York for the winter and a successor had not yet been appointed. Meanwhile the principles of the society were being advocated and organization of the branch would be completed soon.

George M. Ferguson sent a report for Bathurst and F. M. Thompson for Hillsboro and Nita Fairbanks told of the work in Harcourt. She said that during the fall a cartload of cattle was shipped from here, and that they were without food or water for a longer period than is allowed by the S. P. C.

Warren Rejected For Second Time

WASHINGTON, March 16.—The Senate today rejected for a second time, the nomination of Charles B. Warren, the nomination of Charles B. Warren, to be Attorney-General. The vote was 46 to 39, and compared with the vote, 40 to 40, on which the nomination was first rejected last Tuesday.

President Coolidge has announced he will offer Mr. Warren a recess appointment, but the nominee has not indicated whether he will accept.

DIVORCE AFTER 60 YEARS. MANSFIELD, Eng., March 17.—A couple more than 50 years old and married for 60 years have, applied for a divorce here. The mayor tried unsuccessfully to get them to celebrate their diamond wedding anniversary, instead of seeking separation, but the aged man said a reconciliation was impossible "as long as the ash and oak stand."

law. She telephoned Moncton and had them taken out there and fed and watered, the same charged up to the owner of the cattle.

HOUSE IS ASKED TO REMOVE ALL DISCRIMINATION

(Continued from page 9.) In ocean rates and it is as much in their interests as the exporters and importers that such action should be taken."

A strongly worded memorandum from the Dominion Millers' Association was also submitted to the committee. "Our grievance," it says, "was this, namely, that the Canadian millers were placed at a disadvantage with the American millers to the extent of at least three cents per 100 pounds on all flour shipments exported out of this country to the United Kingdom ports, that is, to the tune of six cents per barrel or five cents a sack of 280 pounds. The rate to British or Irish ports on all flour made in Canada was 22 cents per 100 pounds, irrespective of whether our products were shipped via American or Canadian ports, whereas the rate to

British and Irish ports on American flour was 19 cents per 100 pounds."

B. Y. F. U. PROGRAMME. The Young People of the Tabernacle Baptist church held their regular meeting last night under the leadership of Miss Lillian Young's group. There was a good attendance and a programme

was carried out, the subject of the evening being the "B. Y. F. U. plans and programme. Rev. R. O. Morse, editor of the Maritime Inquirer, was present and gave a short talk in the interests of the paper, examining its literary and denominational value and the place it should occupy in Baptist homes.

Kellogg's ALL-BRAN has entirely relieved me of constipation," writes grateful father

The ravages of constipation can be promptly stopped. Here is signed evidence. Mr. Hunt's case is typical of thousands of others who have found habit-forming pills and drugs of no avail in seeking relief from constipation. Read this interesting letter:

Kellogg's ALL-BRAN has entirely relieved me of constipation. Before I started using ALL-BRAN I was a regular case in taking pills—always getting something to bring relief. Now I never touch them. I fully recommend it to anyone to relieve constipation as you advise on the packages. My daughter also eats ALL-BRAN and I can see her health improve. (Signed) G. V. Hunt. (Address on request).

You can get permanent relief from constipation with Kellogg's ALL-BRAN if eaten regularly—two tablespoonsful daily, or in chronic cases, with every meal. Doctors recommend it because it is a bulk food which sweeps the intestine clean, stimulates digestion and normal, healthy action.

Eat Kellogg's ALL-BRAN with milk or cream, or try the recipes given on the packages. If eaten regularly, it is guaranteed to bring relief or the grocer returns the purchase price. Made in London, Canada. Served by leading hotels and restaurants. Sold by grocers.

Where Quality is Essential! ONE of the most important things in a pumping station is the valve. By valves the water we drink is directed into the pipes at the will of the engineer. Dependable, trouble-proof valves are vital to good water service. Jenkins Valves—recognized as the standard of quality the world over by the name "JENKINS" within the Diamond Trade Mark—give complete control of whatever passes through them, whether it be water, steam, gas or chemicals. They are made in types and sizes for practically all purposes. And every Jenkins Valve has the extra weight and uniform strength that guarantee satisfying service year after year. Made by skilled hands to serve faithfully in pumping stations, boiler rooms, cold storage plant, mine, factory, office building or private home. Gladly specified by architects and engineers. Obtainable everywhere. JENKINS BROS., LIMITED 103 St. Remi St., Montreal, Can. We welcome inquiries from home owners, builders, manufacturers and all others interested. Catalogue No. 5D describing complete lines will be sent free on request.

Always marked with the "Diamond" Jenkins Valves SINCE 1864

BABE RUTH'S BACK IN GAME WITH YANKEES

His Two Singles Fail To Help Team Beat Braves

NEW YORK, March 17.— Babe Ruth is in trath handicapped by injury. His chipped finger failed to play its proper part yesterday at St. Petersburg, against the Braves, and two more singles were the result. When Ruth makes two singles, he is not hitting, and the team of former champions suffered thereby, falling before the veteran Rube Marquard permitted but two hits during the three-inning sentence, and Kyle Graham and Joe Genevick held the Yankees in check thereafter, to the delight of Christy Mathewson.

Giants Lose Game

The Giants showed just how little exhibition games mean when they fell before Indianapolis in a game which, Giant outfielder, struck out for the first time this season. It was his first opportunity.

Brooklyn Beat the Phillies 12 to 9

Brooklyn beat the Phillies 12 to 9, with Jacques Fournier, Edward Brown and Dick Cox leading the offense. The exception of Bill Wamby, second baseman, who has not yet been heard from.

The Pirate Second Team Yesterday Beat the Regulars for the Second Time

The Pirate second team yesterday beat the regulars for the second time since the Pittsburgh Buccaneers began training at Paso Robles, Cal., 11 to 6. Herman Pilleite, star of the Detroit pitching staff two years ago, but ineffective until the final game of the season, last year, proved ineffective again yesterday, when the Yankigans lost their first ball game of the year 9 to 6. Pilleite was pitching in the two innings when the regulars scored. Cobb has placed him in the rotation.

Along the Sport Trail

By RAY HANSEN

EVERY DAY something new crops up. There is an old and, usually, a very true saying that "youth will be served." Now we learn that Mrs. E. Craven, who is 80 years of age, and a grandmother at that, intends to make an attempt to swim the English channel.

HERE'S SOMETHING ELSE NEW—a hockey match on St. Patrick's Day

While sons of Erin are going about with a sprig of Shamrock in their hat or buttonhole the Saint Johns and Moncton will be wending their way to the Arena to indulge in their favorite ice sport. We dare not quote this as a record for if we did a flock of "old timers" would be invading the domain of the writer with "back in '89 I recall it," so we will merely say that in the life of the present generation it is something new.

WELL, IT LOOKS AS IF THE TROJANS are going to be put to a real test when they clash with the "Rough Riders" from Ottawa

The semi-finals for the Dominion basketball championship, from Ottawa to the Montreal A. A. A. team is convincing. They are evidently going to be a hard team to beat, but that should not daunt the mighty "Red" Malcolm and his team mates. "The bigger they are the harder they fall." Let the Trojans show them that the old Loyalist harder they fall. Let the Trojans show them that the old Loyalist harder they fall.

PAUL BERLENBACH is certainly working his way up the ladder of pugilistic fame

In his recent bout with "Battling" Siki he battered the Senegalese boxer into submission and would undoubtedly have knocked him out had the referee not stopped the go. He was further punished. At that time Siki was helpless after having absorbed all kinds of punishment from a regular fusillade of terrific blows. Berlenbach is well on the road for the middle and light heavy-weight championships and unless he meets with a set back, similar to that administered by Jack Delaney, should eventually annex either one or the other crown.

THERE SHOULD BE a great fight staged in the American League this year for it is hard to pick a team likely to occupy cellar honors

Washington, New York and Detroit are generally admitted to be the strongest teams in the league, yet both Philadelphia and St. Louis will have to be reckoned with. It is by no means a sure bet that the Senators will repeat and it must be conceded that the Yankees are a pretty old team and may have difficulty holding the lead if they succeed in reaching the top. It is hard to figure that they will play any better ball this year than last, although losses in the early stages of the race proved their undoing in the closing stages of the pennant drive. Eddie Collins may be able to get more out of the White Sox and keep them away from the tail end of the league and if he succeeds then it seems up to the Red Sox or Cleveland to fight to keep out of the undignified position.

Do You Know Basketball?

QUESTIONS. 1. If a ball becomes lodged in supports of basket, how is it put in play? 2. How is the choice of baskets made? 3. What is a personal foul?

ANSWERS. 1. The ball becomes dead and is put in play in the center.

2. It is customary for the visitors to have choice of baskets in the first half. The teams change in the second. 3. Any act regarded by the referee as pushing, blocking, holding, tripping or committing any other form of unnecessary roughness.

Kid McCoy Found Guilty Of Charge

LOS ANGELES, March 17.—Kid McCoy, former pugilist, recently convicted of manslaughter in connection with the slaying of Mrs. Theresa Mors here last August, was convicted in the Superior Court yesterday on the counts of assault with intent to kill proceeding out of a shooting affray in Mrs. Mors' antique shop the morning after her death. He will be sentenced on Friday.

Mr. Ross, one of the four local owners, denied the sale of the franchise, but stated that the players would be sold.

Big Hockey Match in Arena Tonight

Thrilling Game Expected When Saint Johns and Moncton Sextettes Clash.

Hockey "a la seventeenth of March" will be dished up in the Arena tonight when the fast sextette from Moncton clash with the Saint Johns in what will be, in all probability, the last game of the season. The Saint Johns are still smarting under a defeat at the hands of the away team sextette and are determined to even up when they get the visitors on the arena ice tonight.

PHANTOM F.N.I. HOPES TO BREAK WORLD'S RECORD

Will Be Pitted Against Greatest Milers in U.S.

Whether Paavo Nurmi can cover a mile in better than 4:12 is a question which is expected to be answered tonight in Madison Square Garden at the annual indoor athletic meet of the New York Chapter, Knights of Columbus. The great athlete of Finland is to measure strides with four of the greatest American milers in one of the two events of unusual importance which will feature the meet, over the eight-furlong route, in a bid to improve on the record of 4:12 he set a week ago in Buffalo.

Quartette of Stars

To push Nurmi to his greatest bound effort the Casey officials have enlisted the aid of stout-hearted Lloyd Hahn, the redoubtable Joe Ray, Leo Larrievie and Jimmy Connolly. This quartette at present represent the cream of American milers. Their performances during the last indoor season have established them in this position above question. They are out to accomplish what practically everybody thinks is impossible—to beat Nurmi. Falling in this they want to force the wonder athlete of the century to time which a short white back was unbelievable.

Two Hours Rest

Nurmi is scheduled for two races. He will race the scratch in the mile at 8:50 o'clock, according to the schedule, and at 11 o'clock, after a rest period of about two hours after what is expected to prove a record race, will return to the banked track for another and perhaps greater record attempt at the longer distance.

Each race has its full measure of significance and appeal to the public. In the mile race, however, it is perhaps true that the greatest interest centres in Nurmi, Hiltola, Ray, Hahn, Larrievie, Connolly—a collection of milers it is impossible to improve upon—lined up for a test of running ability, promises a race which nobody interested in athletics would think of missing if attendance is at all possible. All four weeks inside the listed world's record Nurmi has improved on the mark twice. The Finn has predicted that he will race a mile indoors in 4:10 and is expected to make his bid tonight.

Allen Cup Series

Port Arthur Defeats Regina Vics and Will Now Meet Coleman Tigers.

WINNIPEG, Man., March 17.—Port Arthur, the hopes of both Manitoba and Thunder Bay for the Allen Cup, emblematic of the Canadian Hockey Championship, qualified for the finals of the western play-offs, by handing the Regina Vics, Saskatchewan champions, a ten to three trouncing in the second game of the series here last night, and won the round on the two games by 11 to 4. Port Arthur will now meet Coleman Tigers, Alberta champions, and conquerors of the British Columbia winners, on Wednesday and Friday for the right to meet the eastern champions for the Canadian honors.

LADY SINGERS OF SAINT JOHN ARE DOING WELL

Kathryn Gallivan Signs New Contract for Next Fall and Winter

ESTELLE FOX GETS PRAISE IN TORONTO

Will Tour Ontario in Singing Programme for Several Theatres.

Miss Kathryn Gallivan, of this city, who has been singing in New York for the last six months, has just completed an engagement with the Apollo Theatre, where she had been singing for several weeks, following a long run with a concert bureau engagement in a variety of work including auditorium appearances, dinner programmes and

theatrical work. She is now resting for a while, but before coming home for a summer rest will resume her work in the big city. At the close of her engagement with the Apollo Theatre, Miss Gallivan signed a contract for a still longer term in the same house this autumn and winter.

Miss Estelle Fox.

Miss Estelle Fox, who, a short time ago, returned to her studies and concert work in Toronto, was heard in an important musical affair in the Queen City last week, one of the Toronto Star's Good Music Series of concerts at which some eminent Canadian talent took part. Referring to Miss Fox's part in the programme, the Toronto Star says: "The songs by Miss Estelle Fox with Signor Carboni at the piano were a splendid variation to the programme. Miss Fox is a brilliant, colorful soprano of fine experience in the art of making a song or an aria mean something agreeable in every bar. She chose her songs well and sang them delightfully, making an instant vocal impression on the audience for the very clever way in which she conveyed the character of the melodies.

The Saint John girl has been engaged by John Arthur, musical director of the Hippodrome Theatre, to sing in that large auditorium in the near future and also for several other theatres in the same chain in Ontario.

A Smile From Sweden.

"How long is it to be a secret?"

DOROTHY MACKALL SCORES ONCE MORE

Charming Actress at Unique is Star of "What Shall I Do?"

Dorothy Mackall, a beautiful English girl with the spun-gold hair and a fragile beauty that goes with spring and daisy fields, has achieved another screen success in "What Shall I Do?" which is being shown at the Unique theatre.

Never has Miss Mackall been so appealing. As Jeanie Andrews, left by a strange play of circumstances an abandoned wife confronted with the task of supporting herself and her baby, she performs a part of such touching simplicity and good as the boy whose desire to succeed without the aid of his wealthy stepfather causes him to keep his marriage to the little cashier a secret, that brings dire results.

The story is real because it is true in little things. It has those human touches. Not a small part of its appeal is due to the fact that it "says something" and is not merely "movie material." The problem of the mother who must work and has no place to leave her baby is a great social question.

This bill also includes the last of the "Fighting Blood" series and a two act comedy.

Perfect Doll Discovered

Revising "The Tales of Hoffman," The Chicago Civic Opera Company unexpectedly discovered a perfect "Opie" in the person of Florence Macbeth, noted coloratura soprano whose ideal representation of this mechanical figure proved the sensation of the season's opera.

SUPERB PICTURE IMPERIAL FEATURE

Mary Queen of Scots is Gorgeous Production—Musical Treat is Given.

The first of a grand series of British films is an ideal picture, a Denison Cliff Art production, entitled "The Loves of Mary Queen of Scots," which opened to big crowds at the Imperial yesterday. It is really the story of the reign of that tragic historic figure, which results in perhaps the best British film yet seen. The part of Queen Mary is acted by Fay Compton in a way that puts her at the head of all who are playing for the film today.

Scottish Atmosphere. The old Scottish atmosphere of intrigue and sordid crime which marked the nobles of the period is well evoked. Queen Elizabeth is played by Fay Compton's sister, Ellen Compton, and she is a notable success. Gerald Ames is the Earl of Bothwell, just the sinister figure that history makes him; the scheming Earl of Moray is well taken by Lionel D'Angon; Rene de Maupre gives an attractive Rizzio, and Ivan Samson brings out the foolish character of Darnley well. A great deal of the film was enacted on the very spots where Mary spent her stormy life. There are delightful views of Holyrood, Edinburgh Castle and the old town. The Chateau de Chantilly was used for the French scenes.

The dresses were designed by Herbert Norris, of the University of London. Miss Fay Compton's make-up as Mary is based on the painting by Francois Clouet in the Wallace Collection, while Miss Ellen Compton models herself as Queen Elizabeth on the Gheeraerts picture in the National Gallery. The explanatory notes are a pleasure if only for their contrast to the nonsense of this kind that comes from other sources.

The Imperial furnished more than superb pictorial entertainment, it gave a concert of Scotch, English and Irish airs because St. Patrick's anniversary. A. C. Lawrence sang Border Ballads (Cowan and O'Hara's "Lectie Bateuse" responding to each other on both songs, "Colleen o' My Heart" and "The Minstrel Boy." He was in excellent voice and pleased greatly. The orchestral numbers were, as usual, fine.

The same delightful programme will be presented this afternoon and tonight. The Pathe News, which precedes the major attractions, contain views of the visit of Mrs. Phillip

JIMMY COOTS IS WARMLY GREETED

"The First Year" at Opera House Proved to be Delightful Comedy.

Seldom has an actor been accorded a more rousing reception here than that given James G. Coots, leading man for the Carroll Players at Halifax, when he made his appearance last evening at the Opera House in a week's special engagement, "The First Year." When "Jimmy" burst into the room in the first act, a spontaneous volley of hand-clapping greeted him that increased in volume, lasting several minutes and leaving Mr. Coots bowing and acknowledging it while the play was held up. He was given a very hearty reception between acts and fully lived up to expectations by a wholly natural performance as a boyish, irresponsible "first year" husband.

"Broken Laws" at Queen Sq. Theatre

Mrs. Wallace Reid Scores in Striking Picture—Good Supporting Cast.

Mrs. Wallace Reid has scored another brilliant success as a producer of photodramas. Her second timely picture, "Broken Laws," was shown to interested gatherings at the Queen Square theatre yesterday. "Broken Laws" is a story of mother love and the law. It is an absorbing, enthralling drama, well acted, capably directed and with an adequate background of beautiful settings.

To Name Bird Home For Henry C. Lodge

BOSTON, March 17.—Egg Rock, barren isle of Nahant, Mass., will eventually be designated "Henry Cabot Lodge Bird Sanctuary," in honor of the late senator from Massachusetts, if a bill unanimously reported out by the state legislative committee on conservation becomes law.

Passage of the bill is generally regarded likely, as Senator Lodge himself conceived the idea of converting the bleak island into a safe haven for birds, and members of his family endorse the proposal.

NEW LEADING MAN ON PALACE SCREEN

Arthur Hohl Has Task of Playing Three Parts in "It is the Law."

"It is the Law" began an engagement at the Palace Theatre last evening. A William Fox special production. It was a popular novel and later about a season ago—one of New York's biggest stage hits. But as a motion picture, with all the additional scope and advantage that the camera allows, it is bigger in many ways. The story is a highly melodramatic mystery. Its theme is based on one of those queer quirks of the law which says that a man cannot be punished for the same offence twice.

The featured player, Arthur Hohl, is probably new to local film fans. It is his first screen appearance, William Fox having drafted him from the Broadway stage. It is Hohl's work in a triple role that is one of the big features.

Others who lend their aid among the principal players is Mimi Palmeri, pretty and young brunette leading woman. Herbert Heyes turns in his usual fine performance, as do George Lessey, Florence Dixon and others. "It is the Law" will have its last showings at the Palace Theatre tonight.

JOHNNY HINES IS GAIETY FEATURE

Makes Fast Fun in "Conductor 1492" With Good Supporting Cast.

Johnny Hines is featured in a Warner Brothers feature play, "Conductor 1492," at the Gaiety. Johnny is as full of pep as ever. "Conductor 1492" is the tale of an ambitious young Italian, bent on making his way to fame and fortune, and Johnny Hines seemed to be made to order for the part of Terry O'Toole, the young hopeful. Terry was not the man to dodge a fight and many and furious were the ones he fought with people who could not agree with his views.

He finally realized one of his boyhood ambitions when he was hired as a conductor by the Lotels Truclian Company, and donned the blue uniform with the shining buttons. The legend on his new cap read "Conductor 1492" and thus was he known. Johnny Hines made good his reputation as a comedian in this role.

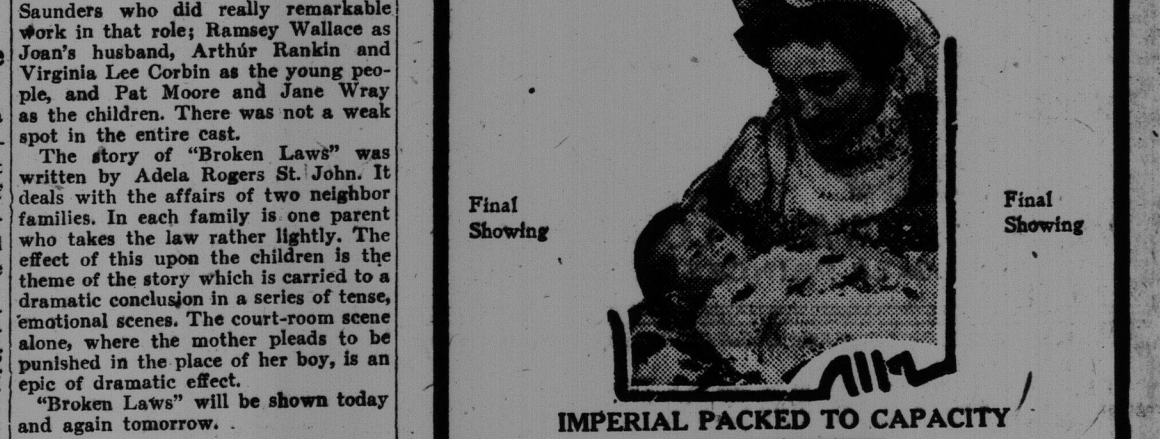

The success of this film is in no small way due to the admirable support given by the supporting cast, which includes Doris May, Dorothy Burns, Michael Dark, Ruth Renick, Robert Cain, Dan Mason, Fred Emmett and Byron Sage. Direction is under Charles Hines, a brother of Johnny, and Frank Griffin.

Tonight will be the last chance to see "Conductor 1492."

CORNETIST WITH A SOUL

PARTLANDS, Ore., March 17.—The cornetist with a soul has been found. A policeman found Alton Stine playing a cornet in the middle of a large vacant lot, which was almost a swamp and far away from any houses. He finally convinced the police he was not crazy, by saying that he had been practicing in a place where he would disturb no one.

Final Showing

"MARY, QUEEN OF SCOTS" An Unquestioned Masterpiece

ASK ANYBODY WHO SAW THIS PICTURE yesterday— he or she will tell you. The producers did right to avoid the nature of the real quarrel between Mary and Queen Elizabeth, which was one of religion—Catholic vs. Protestant—and stick to that side of Mary which appeals strongest to us—Mary the woman. In doing that they begot a sympathy with her, which increases as the story unfolds, and we see Mary as a lone woman surrounded by courtiers and lovers she could not trust, hated by those politically and "religiously" opposed to her, and deserted by those who should have been true friends and champions.

All attempts to delineate the history of that time have been wisely avoided, and, instead, we have a vivid picture of an ambitious woman, frail where the loves of men are concerned, brave until the very end.

BUILDING LAW BILL HELD FOR DISCUSSION

Will Be Advertized But Not Sent at Once to Legislature

WOULD UNITE ALL 6 ACTS INTO ONE

Felt People Should Know All About Proposed Measure

A proposed act to consolidate the acts governing the erection of buildings in Saint John for the prevention of fire was discussed this morning by the members of the Common Council and it was finally decided to advertise the bill but not to send it to the Legislature until such time as the members of the council had full opportunity to discuss it.

Commissioner Harding presented the following advertisement which it was proposed to use:

"Notice is hereby given that a bill will be presented at the present session of the Legislative Assembly of New Brunswick, the object of which is to consolidate and amend the existing legislation regulating the construction of buildings in the city of Saint John and providing for the due inspection thereof and the better prevention of conflagrations in the said city."

Question Asked.
Commissioner Frink asked if this had been taken up with the city solicitor. A few years ago this matter had been under consideration and he understood that at that time the city authority necessary to do what was intended now had been secured.

Commissioner Wigmore said that in 1914 the water and sewerage acts had been consolidated and he presumed this was what was being done now when the building laws. Mayor Potts said he would like to know what changes were to be made and if the intended bill was to repeal the former legislation.

G. G. Anglin, secretary of the committee working on the revision of the building by-laws, said that at present there were six acts and the proposed bill would repeal all these and consolidate them into one. Some of the provisions would remain as they are at present, but some would be amended and incorporated into the by-laws. It would also give the city authority to make or amend by-laws.

Building Inspector.
In answer to a question of Mayor Potts as to whether the new law would lessen the authority of the building inspector, Mr. Anglin said it would not. The new law would not be an act of repeal but an act of amendment and the committee had not fully decided whether they would incorporate a section allowing an appeal from the inspector to the council. They did think of having a section under which the council might authorize departures from the code in special cases.

The present law, it was said, provided for an appeal from the ruling of the building inspector to a board of five experts but in most cities there was no appeal from the decision of the building inspector.

Commissioner Harding said the committee were following the Toronto Act in framing their code as this was the best they could find.

Council's Position.
Commissioner Frink said he realized the need for revision of the building laws but he elected representatives of the people were the ones to make the changes and any bill must be approved by them before it was sent to the Legislature as they would have to accept the responsibility for it.

Commissioner Wigmore said he understood that all the committee wanted now was authority to advertise the bill and it would be submitted to the council before being sent to Frederick.

Commissioner Bullock said that before any bill was sent to the Legislature the people had a right to know what its provisions were and ask for the removal of any objectionable ones. He felt it would be better to defer action for a year than rush things too swiftly.

Commissioner Harding said this was what the council had been doing too long.

Commissioner Bullock took exception to this charge and said this was the first time the council had had the matter before it.

It was decided to allow the bill to be advertised on the understanding that it would be submitted to the council as soon as possible.

ANTHONY IS SENT TO HIGHER COURT
Is Committed For Trial in The Purity Ice Cream Co. Case.

Harry L.B. Anthony, charged with attempting to steal with menace from the Purity Ice Cream Co., Ltd., was sent up for trial by Magistrate Henderson in the police court this morning after the evidence for the prosecution had been completed.

When asked if he had anything to say in the matter, accused said he had not. J. Starr Tall, appearing for Anthony, then made application for bail, but His Honor ruled that as the defendant had been sent up, the matter of bail must come before Judge Barry in the county court.

Kenneth A. Wilson appeared for the company.

Those giving evidence this morning were: Herman Stern, traveling salesman for the company; Miss Marie McCrossin, company stenographer; and Detective Patrick Biddiscombe. All three were behind a glass partition when, as alleged, Anthony called. Detective Biddiscombe positively identified the accused.

Unveiling of Soldier Memorial Planned For May 18 or June 3

A meeting of the committee in charge of the erection of the Saint John monument in memory of fallen soldiers, was held yesterday afternoon with C. B. Allan presiding. It was decided to have the unveiling in King Square on May 18, Loyalist Day, or on June 3, the King's birthday. R. T. Hayes, a member of the committee, reported that he had been in consultation with Mr. Howell, the sculptor, in Toronto last week and was assured that everything would be in readiness for work as soon as the frost leaves the ground.

The following committee was appointed to arrange for the programme in connection with the unveiling: Col. T. Sturges, Mrs. E. Aberton Smith, Mrs. Heber Vroom, R. T. Hayes, Thomas Bell and Commissioner Frink. It was reported that an additional \$2,000 will be needed to complete the \$18,500, the amount required to erect the monument and hence was expressed that this would be forthcoming.

MEETING IN CAPITAL

George Maxwell left this morning to attend a meeting of the Vocational Education Board in Fredericton today.

EVANGELISTIC SERVICES

Beginning March 23, the clergymen of the St. Columba Presbyterian, Baptist and Methodist churches of Fairville will unite in a series of evangelistic services for part of the Lenten season. The first week the services will be held in the Presbyterian church; the second week in the Baptist, and the last week in the Methodist church.

Rev. William M. Townshend, Rev. James M. Rice and Rev. Clifford T. Clark will conduct the meetings on a regular schedule.

RECEIVES DIPLOMA

Miss Dorothy Hunt, daughter of Mr. and Mrs. Donaldson Hunt, who has taken a six months' course in Toronto General Hospital in dietetics, has received her diploma. Miss Hunt is a graduate of Acadia Household Science College, N. S. She will be in Kingston and Toronto, before coming home next week. She expects to take a short holiday in the States before her profession as a dietitian. Friends are gratified at the success of another Saint John girl.

LITERARY EVENING

The Epworth League of the Fairville Methodist Church held a literary meeting last evening. I. Newton Fanoj, literary president, was in the chair. S. A. Worrell, acting superintendent of the Saint John School Board gave a very fine address on Canadian poets, with apt readings from many. Among these were "The Reckoning" by Theodore Roberts of Fredericton, others from Arthur J. Stringer, Eleanor Coleman, Pauline Johnson and others. A vote of thanks was extended to Mr. Worrell. That 225 was raised at recent country dances by the league, was reported by the treasurer.

LADIES AID MEETS

The Ladies' Aid of the Fairville Baptist Church met at the home of Mrs. M. C. Curry, service, refreshments. Those present were Mrs. C. B. Black, Mrs. W. J. Stevens, Mrs. Robert McNeil, Mrs. William Fox, Mrs. Carl Cunningham, Mrs. Thomas Alcorn, Mrs. C. H. Beveridge, Mrs. W. A. Ross, Mrs. J. R. Rutherford and Mrs. Allan Thorne. Aid will not meet for three weeks, on account of the special services which are to be held in the Presbyterian, Methodist and Baptist churches during the remainder of March and the early part of April.

E. AUGER IN CITY

Edouard Auger, general sales manager of Viagrappine, moving picture producers, is being welcomed to town today by theatre folk and other citizens. Since leaving his city office, he has been in official circles of movement, occupying important positions with various companies, one of which was the European management of the Williams Fox interests located in Paris, covering the continent and Asia Minor. In his earlier days Mr. Auger was manager of a little "store" theatre on the site now occupied by Bassett's dry goods store, and later as manager of the Bank of Nova Scotia, and as maritime manager for film concerns here.

J. J. FOOTE RECOVERS

John J. Foote, of London, Ont., who was seriously ill in the General Public Hospital of late weeks with an attack of erysipelas, is back to normal good health again, and accompanied by his wife, will return to Upper Canada tomorrow. Mr. Foote has had a remarkable recovery, and a few weeks ago it was deemed necessary to telegraph for his wife. Mr. Foote was formerly the Maritime manager of the McClary Manufacturing Co., Saint John. His wife is a daughter of Colonel A. J. Markham, manager of the Sun Publishing Co., of this city of years ago. During her husband's illness here she has been staying with her sister, the home of J. E. Secord, Sewell street.

Hiram on Tour

TORONTO, March 11.—Well, sir, I'm in great luck all the time. I had to hev some thin' done to one o' my old snags this afternoon an' I went down Yonge street lookin' fer a dentist. I seen a sign with Dr. Crockett on it—an' I went. When I told him I had come up from Saint John he started right off to ask about Dr. Magee an' Dr. Bonnell, an' Grant Smith—an' a hull lot more. Kin' you beat it? He was from the Island an' he staided at Mount Allison—an' he had an aunt in Sussex—an' he was tickled to see a feller from The Settlement. Look-here! The old pioneers started the job in our granfather's time. Well, sir—the dentist feller done a good job fer me—an' set me to call HIRAM.

GIVES ADDRESS ON COMPENSATION ACT

J. L. Sugrue Speaks to City Employees—Musical Programme Also.

Members of the Water and Sewerage Department enjoyed the third of their series of lectures in their hall last evening. The speaker was James L. Sugrue, who chose as his subject "The Workmen's Compensation Act." At the conclusion he was tendered a hearty vote of thanks by the president, James McCarthy, following a motion by Commissioner Wigmore, which was seconded by the secretary, Walter Thompson.

Musical Programme.
A musical programme was then carried out. Those participating were: Fred Alcorn, step dance; Fred Hayter, bagpipe selections; Clarence Arbo, vocal solo; George Bialantyne, violin solo; Charles Alcorn, vocal solo; George Kearns, step dance; Thomas Ballentyne, violin solo. A radio set had been installed for the occasion and pleasing numbers were heard from United States broadcasting centres.

GEORGE E. CROCKETT IS DEAD IN ST. PAUL

Sad News Comes to His Brother, J. Herbert Crockett, Here.

Sad news has come to J. Herbert Crockett, druggist—announcement of the death of his brother, George E. Crockett, which occurred in St. Paul, Minn., and whose funeral was to take place there this afternoon. Mr. Crockett died on Sunday. He had been ill for quite a while, and word which came to his brother here some 10 days ago caused the latter to leave for St. Paul. There he found that the report of his brother's condition was all too true.

The Saint John man remained several days in St. Paul and arrived home again on last Friday.

Left Here When Young.
George E. Crockett was 46 years of age. He was a son of the late William and Margaret Crockett of this city. He left here when a young man and lived for a time in Boston. Going to Vancouver, he took up railroad work, and was a paper car conductor on the run between Vancouver and Winnipeg. Later his run was Winnipeg and St. Paul, and still later between St. Paul and Seattle. For the last year his health did not permit him to carry on his work.

Mr. Crockett will be kindly remembered by Saint John friends, though it is 18 years since he last visited home. Besides his brother here, he is survived by his wife and one son, William, in St. Paul.

RECORD NUMBER AT PYTHIANS' DEBATE

Carleton Tower Lodge Wins—Plans For Visit of Moncton Men.

The interest in the Pythian debates was shown last night when the largest attendance in its history was reported at a meeting of St. John Lodge, No. 30. The debate was between teams representing St. John Lodge and Carleton Tower Lodge and the subject was "Resolved that daylight saving time is detrimental to this community." The affirmative was taken by St. John Lodge and the negative by Carleton Tower. The judges decided that Carleton Tower had done better and they will be the winners of the consolation prize.

City Government Next
The next debate will be held on April 1 in Castle Hall, Union street, and will be between teams representing New Brunswick and Union Lodges. The subject will be "Resolved that the Commission form of civic government is better than the Aldermanic form of government." The affirmative will be taken by Union Lodge and the negative by New Brunswick Lodge.

The teams debating last night were: St. John Lodge, S. W. McMackin, John Thornton and L. D. Munro; Carleton Tower Lodge, F. M. Ham, L. J. Johnston, and LeBaron Stubbs. The judges were Grand Chancellor Bayard Stewart and C. S. Pugh and L. C. Lynds.

Other Events.
Arrangements were made at the meeting for a visit by Westmorland Lodge, No. 8, Moncton to the four city lodges here on Monday, March 30. The convention will be held in Castle Hall, Union street, for this occasion and a large class of candidates is expected for the rank of page, which will be exemplified by the visiting lodge.

An invitation was received from Carleton Tower Lodge to attend their anniversary meeting on Friday night of this week and this was accepted.

Spring Time is Rug Time
A New Rug brightens up the room and creates an entirely new atmosphere, bringing about a colorful cheeriness which cannot fail to affect the spirits of all who come in contact with it.

Thus it is equal in importance to the furniture in the home, but many of our customers do not realize that we devote equal attention to this department in our establishment, and have on hand every conceivable kind of rug to meet every requirement.

Just now, with our two big windows—both on Charlotte street and King street—entirely filled with them, we are giving them as much publicity as possible, but even these displays give a very inadequate idea of our immense stock. Hence this invitation to call and look over our rug racks whether you have a idea of buying now or not.
