100 to 207 Union St.

## CLARK SENT UP TO THE SUPREME COURT

Hearing in the Criminal Assault Case Ended Today.

Little Grace Tuttle Identifies the Prisoner as the Man Who Assaulted Her on the Millville Road.

William E. Clark, charged with rape of Ethel Train, was brought into the police court this morning and the preliminary hearing was resumed. Dr. A. W. MacRae for the prosecution, and J. B. M. Baxter for the defense.

Before the hearing was commenced the court room was cleared of spectators, including the reporters, and the only ones remaining in court were the police interested in the case, the witnesses for the prosecution, Magistrate Ritchie, Geo. A. Henderson and Irvine, a Bridgewater, N. S. lawyer. The hearing of the case behind closed doors was at the request of Mr. Baxter, who at the session last Friday said that the evidence against the prisoner on incidents other than the one he was charged with might have a tendency to incite the minds of citizens against the prisoner, who would be unfair in view of the fact that a jury is picked from the citizens. Up till today evidence had been produced only on the Train case, and he did not think it fair to his client that other cases should be made public.

This morning there was only one witness examined and this was only Grace Tuttle, whose home is at Penobscot, but who has been in the city for some time visiting. The little girl is about eleven or twelve years of age. Some days ago she was brought to the police court and as Clark passed into the court she said that he was the man who assaulted her on the Millville road.

This morning her evidence was about the same as the story she told her mother some time ago. She says that it was a few days before the Saturday that Ethel Train was assaulted that she was out in a field off the Millville road picking berries, and a man came along and entered her into the bushes. When he got her there he partially disrobed her, but did not go any farther in the way of assault. Some days ago she identified Clark as being that man, and again this morning she identified her.

After this evidence had been taken, Clark was sent up for trial and a case will be heard in supreme court on the first Tuesday of next month.

The police have considerable evidence against Clark, but it was not thought necessary to have it all given in the preliminary hearing.

It is, however, understood that the police will endeavor to connect the prisoner with an attempted assault of a child in Rockwood park, and also with improper conduct on the Millville road several weeks before the Train assault.

Police Court.

Boy Admits Taking Money From His Companion—Several Drinks Disposed of.

In the police court this morning John Mitchell charged with assaulting a man on Waterloo street Saturday evening said he knew nothing about it as he was drunk. Policeman Finley told of seeing the assault and Mitchell was remanded.

Thomas Allan, a youth, was charged with stealing four dollars from James Greig's trunk. The two boys had been boarding together in a Marsh street house. The prisoner informed the court this morning that he took the money. He was remanded.

Julian Ribello, Spaniard, was in court charged with wandering about the streets at night. He could talk very little English. Ribello had a ticket in his pocket for the 11:30 train to carry him out of the city. Wm. Watson, a drunk, was fined 38 or two months in jail.

Christopher Atchison, a Norwegian sailor, was unable to give the police a satisfactory account of himself early Sunday morning and was locked up. The captain of the bark on which the prisoner is a sailor came after him this morning and he was discharged from custody.

EXHIBITION ENTRIES CLOSE.

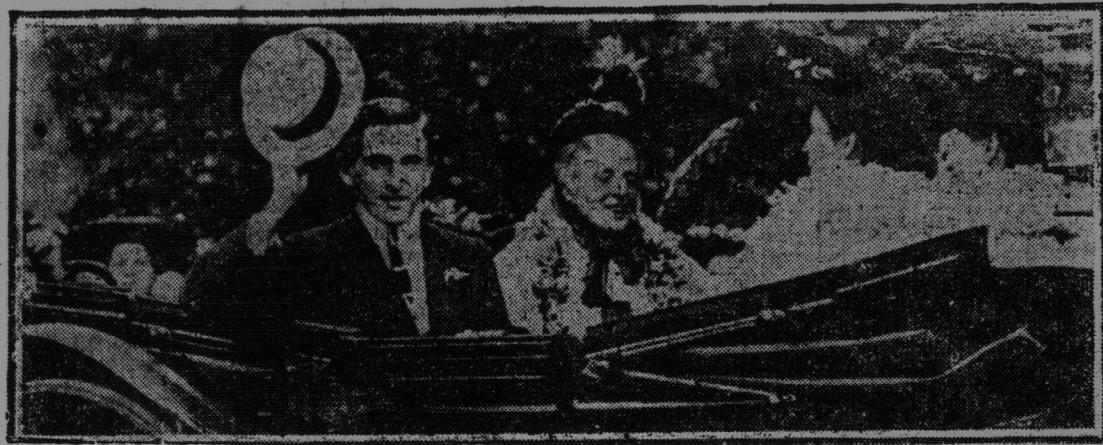

Today the entries for the Exhibition close and the list is unusually large. The space for the exhibits has all been taken with the exception of one excellent space in Industrial Hall. This has been asked for a number of times, but the management would not give it to any of the applicants, as they did not think that they would put on suitable exhibits.

The entries for the agricultural department have also been very satisfactory this year.

The management with space holders to remember that the exhibition is near at hand and consequently they need to commence work decorating their places at once in order to be ready for the opening.

Mrs. Fred McCuskey, accompanied by her son and daughter and brother, Walter Arthur, will leave tonight for Klondike to join Mrs. McCuskey's husband—who is residing there. Mrs. McCuskey and party will sail from Vancouver next Tuesday on the steamer Victoria.

## THE GRANDSON OF ENGLAND'S GRAND OLD MAN, WHO WILL SHORTLY ENTER POLITICS.

LONDON, Aug. 19.—Snapshot showing the arrival at Hawarden Castle of the grandson of the "grand old man," who has just become of age and intends to enter political life.

## DEATH LIST IN VALPARAISO IS NOW PLACED AT FIVE HUNDRED.

The Fire Has Been Stopped Through the Use of Dynamite—Relief Organizations Are Being Formed.

SANTIAGO DE CHILE, Aug. 20.—Five hundred persons are dead at Valparaiso as a result of the earthquake shocks, according to the latest advices based on the reports of refugees who reached this city this morning. The monetary loss at Valparaiso runs into the millions. Six or eight other cities have been destroyed. The railroad, street railway, telegraph and telephone systems are thoroughly demoralized. The known dead in this city number twenty. Madame Mont, of Admiral Mont, who was reported killed, is alive, but seriously injured. It is expected that the street railway and lighting system in this city will be restored today.

NEW YORK, Aug. 20.—Startling but conflicting reports regarding the fatalities and monetary losses attendant upon the seismic disturbances in Chile are under yesterday's date, include this city. Details from Valparaiso direct are still meagre and are confusing. From Santiago, where the stories of refugees from the stricken city are heard, and compared by a less excited populace, came more conservative estimate of the devastation wrought.

The latest news this morning is contained in a cable despatch to the Associated Press. The correspondent estimates the dead at Valparaiso at 200. The money loss amounts to millions. Six or eight cities besides Valparaiso have been destroyed. The steam railroads and street lines remain tied up while telegraph and telephone service is paralyzed.

Cable despatches from South America printed in the morning papers indicate that the disaster in Chile is the most terrible since the earthquake of August 15 and 17 continue to reach this city. Details from Valparaiso direct are still meagre and are confusing. From Santiago, where the stories of refugees from the stricken city are heard, and compared by a less excited populace, came more conservative estimate of the devastation wrought.

LIMA, Peru, Aug. 19.—The latest news from Valparaiso is to the effect that the panic is subsiding. The mansion of Mr. Edwards is about the only building remaining on Victoria street. It is estimated that the number of dead in Valparaiso will reach 1,000. The dead in other places are: At Quillota, 30; Limache, 170, and Petros, 11. Among the killed at Valparaiso were the director of the Lyceum, Charles Hosselan, and family. BUENOS AYRES, Aug. 19.—The cable despatches from Valparaiso have been repaired and hundreds of private messages have been received. They heartily every one in a satisfactory condition there and say the people are not alarmed.

Refugees who are arriving at Santiago from Valparaiso on horseback and who left there during the worst panic, bring wild stories concerning the number of deaths by the earthquake and fires. These refugees say the death number 10,000, and that there are 60,000 refugees in the mountains. One rumor, which is not confirmed and is believed to be untrue, is that the dead number 1,000 and the injured 60,000.

Public relief subscriptions were opened in Buenos Aires today. The local club gave 60,000 pesos. The Argentine government will pass an appropriation for the relief of the sufferers. RIO DE JANEIRO, Aug. 19.—The free use of dynamite, according to despatches received here, was very effective against the progress of fire at Valparaiso. The firemen were thoroughly exhausted when the shocks were finally subdued. Hundreds of people took refuge on the ships in the harbor.

It is stated that a new danger is threatened by the volcano Woina, which has become very active. Despatches are beginning to arrive here from Santiago. All of Chile was apparently affected by the shocks as well as numerous points in Argentina in the vicinity of the Andes.

LONDON, Aug. 20.—The Tarapaca and Argentina Bank has received the following cable despatch from Valparaiso: "Every building here is damaged and many of the principal business premises are completely wrecked or burned. There have been many casualties. All the trains have stopped running. The railroad line has been destroyed in places."

"Martial law has been proclaimed. Absolutely no work is being done owing to the continuous small shocks since the two severe shocks of Thursday. We cannot get workmen to clear away the debris from the premises. We could start business on Monday but we are unable to find the other bank managers. Thousands are living in tents in the squares and parks."

PORT DE FRANCE, Island of Martinique, Aug. 20.—Earthquake shocks of more or less severity were felt in the island of Martinique at 1:15 p. m., yesterday at 2:02, 2:14 a. m., and at 3:20 a. m. today. No damage was done.

SANTIAGO DE CHILE, Aug. 20.—One of the Valparaiso refugees declares that Santiago has suffered nothing in comparison with the other towns he traversed on his way. Rail, telegraph and telephone communication at Valparaiso is still interrupted. After the panic had subsided many were celebrated in the open air, it being impossible to use the churches. It is reported that a merchant has received a telegram saying that the town of Arica has been destroyed. Previous reports that buildings at Talca had fallen have been confirmed. The city hall and the prison are in ruins. The sea at Valparaiso remained calm during the catastrophe.

The only communication between here and Valparaiso today is by means of the soldiers. SANTIAGO DE CHILE, Aug. 19.—(Delayed in transmission.)—The situation is becoming clearer. A relief committee was organized here today and the street railway service was resumed. It was feared that Santiago would be plunged in darkness owing to the lack of coal to supply the gas works but the officials of the gas company say they have a week's supply.

The remains were taken to Undertaken Brennan's rooms and are to be taken to Young's Cove, Queens County, for interment.

The deceased, in company with her mother, Mrs. Drusilla Ferris, who also works at the same place, came over to the city quite early in the evening and returned about 10 o'clock. Mrs. Ferris a little distance from the hotel stopped and talked with some friends for a short time, while her daughter proceeded to the hotel. According to Mrs. Ferris the young woman went out in a few minutes and returned in a few minutes and retired. Soon after her mother came in and looked into her daughter's bedroom. She found her in a fit and immediately aroused the household. Dr. Case was summoned, but the unfortunate girl expired about the time of his arrival.

The remains were taken to Undertaken Brennan's rooms and are to be taken to Young's Cove, Queens County, for interment.

When Coroner Berryman made enquiries this morning he found a bottle partly filled with carbolic acid in the room occupied by the deceased, and also learned that just before the woman went to the hotel she purchased the poison at J. E. Berryman's drug store. There were no signs of acid about her mouth. The coroner will make further enquiries.

The deceased was a native of Queens county and was only 15 years of age. She came to the city two or three years ago and engaged at house work. About three years ago she was married to George Stillwell, also of Queens county, but they separated after living together less than a week and have lived apart ever since.

WANTS TO TAKE A HAND IN HARBOR MATTERS

Mayor Sears Is Not Satisfied at Being Left Out in the Cold.

Mayor Sears was seen this morning regarding complaints that are being made that he is not taking any action towards having soundings made at Sand Point in order to find the depth of water at the different berths. His worship said that as far as he was concerned he would be only too glad to do anything in his power in arranging harbor matters satisfactorily, but that according to the act of union he was left powerless along that line, as by that act the control of the harbor was given solely to the board of works. As he is neither a member of the board of works nor of the west end improvement committee, he is left without any power whatever in regard to the harbor. His worship said that this seemed to be a rather bad clause in the act, as everybody looks to the chief magistrate of the city when any thing is done in connection with the harbor or city goes wrong, and yet in the case of the harbor the mayor has no right to share the blame as he has nothing whatever to say about it.

Mayor Sears said that he thought it would be to the best interests of the city if the mayor should at least be chairman of the west end improvement committee, as that would give him a chance to keep in touch with harbor affairs.

A PLOT TO MURDER PRES. FALLIERES.

An Italian Anarchist Arrested and Found to Have Lots of Stock for Making Bombs.

NEW YORK, Aug. 20.—A special cablegram to a morning paper from Marseilles, France, says that the police yesterday arrested an Italian anarchist of the name of Cirillo Frances, a boot maker, on suspicion of being in a plot to assassinate President Fallieres on his approaching visit to the Marseilles exposition. When Frances's lodgings were searched, the police found 30 grams of fulminate, 500 lead screws and other bomb accessories, all of which had been brought from Italy. The arrest was the result of the receipt of an anonymous letter denouncing the plot, which had wide ramifications, and it is believed to be connected with the arrest of the Italian on the French-Spanish frontier at the time of the attempt on the lives of King Alfonso and Queen Victoria in Madrid. This Italian was released by the French police for want of evidence, but was expelled from the country.

VALPARAISO, Aug. 19.—The revolutionists who on Saturday attempted to assassinate the governor general adopted a strategem to induce him to leave the palace. A few days ago a revolutionist, disguised as an officer, appeared at the German consulate, quarrelled with the vice consul and boxed his ears. Owing to this incident the governor general was compelled to visit the vice consul and offer an apology.

Meanwhile the revolutionists had rented a flat near the governor general's residence and when the governor general's carriage appeared they threw the bombs at it. The police having been informed that a light-haired girl threw the bombs, arrested all the light-haired girls in the neighborhood. The mistress was not captured.

MOSCOW, Aug. 19.—An attempt to hold up M. Kitzpoff, the proprietor of a cotton mill on the outskirts of this city, who was driving from the railroad station with \$500 to pay wages was frustrated by the driver of his carriage. Instead of halting when he was ordered to, the driver whipped up his horses and drove over his assailants. He then continued to the factory in spite of the fact that a bullet had entered his horse's neck.

Many persons have sought refuge on the ships at anchor in the bay of Valparaiso.

The minister of war and of the interior, with detachments of volunteers (Continued on Page 3.)

Finish of the Racing Season on the River.

#### BASEBALL

##### INTER-SOCIETY LEAGUE.

The largest and most enthusiastic crowd of spectators that has witnessed a game of ball on the Victoria grounds saw a double header on Saturday afternoon, and they certainly received the worth of their money.

There were about 800 people present, and the two full nine inning games were quickly played. The first game was between the St. Joseph's and F. M. A. team, and the second between the St. Peter's and St. Joseph's teams, and a singular thing was that the score in both games was the same, 10 to 3. The St. Joseph's outplayed the F. M. A. team for the first game and took the lead in the league by defeating the St. Peter's.

It only took an hour and 17 minutes for the first game to be played, and an hour and a half for the second game. The double umpire system was used, and Pete McAllister and John Malcolm were the men to decide the points.

The St. Josephs batted and fielded well and Downing kept the St. Peter's down to but three hits during the game. The following is the score and summary:

St. Josephs. A. B. R. H. P. O. A. E.  
Downing, p. .... 5 2 3 0 0 0  
McAllister, 2b. .... 5 2 3 0 0 0  
Keenan, 3b. .... 5 1 2 1 3 1  
J. O'Toole, c. .... 5 0 1 4 2 0  
Hove, p. .... 2 0 0 0 0 0  
Murphy, r.f. .... 5 3 0 2 0 0  
Fleming, lb. .... 4 2 1 11 0 0

F. M. A. A. B. R. H. P. O. A. E.  
Mills, c. .... 3 1 0 5 1 1  
Hove, p. .... 2 0 0 4 0 0  
John McDermott, .. 3 0 0 0 0 0  
L. F. .... 3 0 0 0 0 0  
Kegley, 2b. .... 4 1 0 2 0 0  
Lynch, lb. .... 3 0 1 11 0 0  
McGuigan, r.f. .... 4 0 0 3 2 2  
and 2b. .... 4 0 0 3 2 2  
Joe McDermott, c.f. 3 1 0 1 0 1  
O'Regan, p. and r.f. 3 0 3 1 2 2  
O'Regan, ss. .... 2 0 0 0 0 0

Score by innings:  
St. Josephs. 1 0 3 2 2 0 0 0 0-10  
F. M. A. .... 0 3 0 0 0 0 0 0-3

Summary—Victoria grounds, Saturday afternoon, Aug. 19, 1906—St. Josephs, 10; F. M. A., 3. Two base hit, Joyce, Downing, P. O'Toole. First base on balls, St. Josephs, 10; F. M. A., 3. Struck out, 10; F. M. A., 3. Hove, p. for Downing, 2; via Mills, McGuigan. Double plays, Keene to McKinnon to Fleming; Downing to McKinnon to Fleming. Wild pitch, Bent. Hit by pitcher, Hove. Time of game, one hour 17 minutes. Umpires, McAllister and Malcolm. Attendance 800.

ST. JOSEPHS, 10; ST. PETERS, 3.  
After the contest between the F. M. A. and St. Josephs had been concluded the event of the day was called on, and when the St. Josephs and St. Peter's were on the field they were given an ovation. The sports commenced betting and the St. Peters were the favorites.

When the St. Peter's had played in 18 games they had a cinch on the cup, and claimed that they had no right to play off any tie games. The league executive thought differently, and this gave the St. Josephs their only chance for the championship honors. The winning of Saturday's game therefore put the St. Josephs ahead and for the first time since the league started St. Peter's went into second place.

St. Peter's had a large number of followers, who were out in force Saturday, and if nothing would have made a team of St. Peter's enders should have been victorious. The St. Peter's drew the field and play was commenced at four o'clock.

George pitched an excellent game of ball. It was not until the sixth inning that the first hit was made by St. Peter's. There were only two other hits off him and these were in the eighth inning. He had also pitched a strike out to his credit. The St. Josephs were very proud over their victory. They have one more game to play, that with the F. M. A. they will be tie with St. Peter's and there will be another grand fight for victory and the championship.

The following is the score and summary of Saturday's contest, also the league standing:

St. Peter's. A. B. R. H. P. O. A. E.  
Mahoney, s.s. .... 5 0 0 3 3 2  
Daley, c. .... 3 0 0 2 1 1  
Small, c.f. .... 4 1 2 1 0 0  
Doherty, l.f. .... 4 1 0 2 0 0  
Dever, 2b. .... 2 1 0 1 6 1  
McCormick, lb. .... 4 0 0 13 1 1  
Driscoll, 2b. .... 4 1 0 3 5 2  
Rogers, r.f. .... 4 0 0 1 1 1  
Hodd, p. .... 4 0 0 1 3 0

St. Joseph's. A. B. R. H. P. O. A. E.  
Cregan, c. .... 5 1 3 10 1 1  
Long, s.s. .... 5 1 2 1 2 0  
Burke, 2b. .... 5 0 0 1 1 1  
George, p. .... 5 2 1 0 3 1

Harris, l.f. .... 4 1 1 0 0 0  
O'Neill, r.f. .... 3 2 1 0 0 0

Score:  
St. Joseph's. .... 11 0 8 0 0 0-30  
St. Peter's. .... 0 0 0 0 0 2 10-3

Summary—Victoria grounds, Saturday, August 18th, 1906. St. Josephs, 30; St. Peter's, 3. Two base hits—Cregan, Long. Three base hit, Doherty. First base on balls—O'Neill, 2; Hodd, 1. Struck out, by Hodd, one; by Coll, by George, eight; viz., Mahoney, Daley, Doherty (2), McCormick, Driscoll, Hodd (2). Pass ball, Cregan. Hit by pitcher, Daley. Time of game:

#### ACTORS VS. LOCAL PLAYERS.

This afternoon the Volunteer Organist Company team will play a game with the St. Josephs of the Inter-Society League, and will meet the St. Peters on Tuesday. The theatrical men have been able to defeat all the local teams they have so far met, and these include Glace Bay, the Reserve team and nine picked players at St. John's. Hallman, a well known National League player, has charge of the team, and the third baseman is Thomas McCarthy, who holds the world's record for accepting eighteen chances in a game. The team arrived in the city Saturday afternoon and expect to add another victory to their already long list of games.

#### BIG LEAGUE GAMES.

National League.  
At Chicago—Chicago, 6; New York, 3.

#### THE TURF

ON SYDNEY TRACK.  
SYDNEY, N. S., Aug. 19.—The horse races which were held on the Sydney park here yesterday were very successful in every other respect but that of attendance, the crowd present numbering less than five hundred. The track was very fast and weather conditions all that could be desired. No records were broken, however, as Simmasse, winning the free-for-all walked under the wire a winner in every heat, and the other horses who raced against her, Diavolo and Winfield Stratton, having acted badly throughout, failing to give the speedy Halifax more than a kind of a close contest.

The best time was 2:18 in the third heat, time of other heats being 2:18 and 2:18.

Diavolo won second money in the free-for-all and Winfield Stratton was discomfited. Joseph Youngheart, the 15 year old veteran of the Nova Scotia turf, was the winner of the 2:35 class. He took first, this, and fourth heats, losing second to Valemore, which took second money. The best time of the race was 2:25. The yacht later was taken over and driven by Peter Carroll, was a winner, Jewel Lumps taking one heat. The best time was 2:25.

#### AQUATIC

RACES AT HALIFAX.  
HALIFAX, N. S., Aug. 20.—At the Northwest Arm Club's regatta on Saturday afternoon there was an exciting race in the four-oared senior shell between North Star and the Northwest Arm crew, the former winning by four feet; time, 8:54. This equals record made by St. Mary's at the championship last year.

#### YACHTING

GLADYS WON PETERS CUP.  
The seventh race for the Peters' Cup, offered for salmon boats, competing in the Saturday afternoon races at West-Point, resulted in a win for the Gladys, owned by Wm. McDonald. This makes six boats now tie for first place, as the decision of the judges to extend the time of last Saturday's race has not been upheld, since the races are being held under R. K. Y. C. rules, which do not allow the judges to change the time limit. As it would be impossible to continue the races this summer until one of the boats has won three times it has been decided that on the first Saturday in September all the boats which have won a race shall compete, and the winner of this race shall take the cup.

There was a rather fluky wind during the race, but the boats were able to finish well with the time limit. On crossing the line the boats were in the following order: Mona, first; Leola, second; Anona, third; and Leola, fourth. The rest of the boats crossed the line well bunched. On turning the first buoy the Mona was in the lead, closely followed by the Anona. At the second buoy the Anona had gained first place, the Mona dropping back with the Leola a close third.

From this time on until Woodman's

**THE CHURCH AND PUBLIC**  
**BROUGHT CLOSER TOGETHER.**

Playgoers realize that much pleasure and knowledge can be gained from pure, wholesome drama. Old and young are enlightened, entertained and amused by the doings of the much abused and despised actors. The drama has advanced considerably during the last century and this fact has much to do with the popularity of the theatre. But as Hamlet said "The play's the thing" and he wisely knew whereof he spoke. A play must be the real thing these days before a manager will deign or even dare to produce it. The days of unwholesome shows are past and any drama to be successful must be human as well as interesting. One play which can really boast as being the best of its kind is "The Volunteer Organist" which is to be produced at Opera House tonight. Adv.

**GET TO BUSINESS.**

**ST. JOHN STAR.**

ST. JOHN, N. B., AUG. 20, 1906.

**LEARN TO SWIM.**

Recently in a number of cities in Canada there has been carried on in the public press a campaign for the establishment and proper supervision of places where swimming may be taught. So many deaths from drowning have occurred during the present summer, that an effort is being made to educate people generally as to the value of knowledge of swimming. All the arguments put forth are equally true when applied to St. John. This city is practically surrounded by water and yet it is very doubtful if one person in a hundred can swim a dozen strokes, or if half of those who do occasionally go into the water are sufficiently expert to assist others in danger or even to save themselves.

It is a matter of regret that although St. John has any amount of shore front, it has very little sandy beach. The bottom as a rule is rocky and this to a large extent prevents beginners from enjoying the water, though of course the beach makes little difference to an accomplished swimmer. If the city, or any private organization should go to work and prepare a good bathing place, within easy reach of the people and endeavor to create an enthusiasm for this most invigorating and valuable form of exercise, there is no doubt but that many persons who now never think of going in the water might be induced to do so. In by far the greater number of drowning accidents, death is directly due to ignorance of the art of swimming, and while St. John has not suffered more than other cities in fatalities of this nature, still the number of accidental deaths would be considerably reduced by a more widespread liking for the water. Games and sports of use as various kinds are well patronized here. Golf, tennis, skating, and yachting, and other varieties of amusement have numerous devotees, yet there is not one form of exercise more valuable, more health producing, and yet more neglected, than is swimming.

**VALPARAISO.**

Indefinite as are the reports received from Valparaiso, there is yet every reason to believe that this South American city has suffered a calamity greater, in loss of life, than the destruction of San Francisco. The property loss will be considerably less at Valparaiso, a city of not more than one hundred and fifty thousand persons, and the damage is not so widespread. In a catastrophe such as this, it would be no more than natural that the first reports should be exaggerated, but it will be remembered that this was not the case with San Francisco. The latest accounts were the worst, when the people fully realized the magnitude of the disaster which had fallen upon them. Despatches from Valparaiso tell of a loss of life varying from five hundred to five thousand, and of the destruction of more than one-third of the city. This awful calamity was accomplished by an earthquake lasting for more than three minutes. For the second time in a very few months a city is brought to the realization of its own utter insignificance in the face of the forces of nature.

**THE BRYAN BOOM.**

European papers are not unanimously enthusiastic over the abilities of William J. Bryan, nor do they agree that his success, if he meets with such in the next presidential contest, will be entirely due to his qualifications for the office. On the contrary the opinion is expressed that the so-called Bryan boom is largely due to the United States fondness for prominence in the eyes of the world. A leading Paris journal argues that during the past few years Americans have been developing in conceit by reason of the fact that President Roosevelt has mixed himself up in matters of international importance and has attained thereby a certain amount of fame. He has thus grown to be a popular hero, and the mass of the people are ready to fall down and worship whatever man succeeds in advertising the United States most extensively in European courts. Recognizing this tendency Bryan has made a tour of Europe, skipping from one capital to another, getting himself introduced to kings and emperors, and delivering speeches in which the might of the United States has been one of the leading themes. He comes back to his native land with the reputation of having hobbled with royalty, and having at every opportunity blown the horn of the United States. This in the opinion of the Paris paper is sufficient to place him before the people in the role of a "great man," and to his discernment in becoming himself abroad is largely due the feeling which now exists in his favor.

This opinion is very far fetched, but may there not be a little truth in it after all?

The death of Lewis Morrison is like the loss of an old friend. For years he was one of the most popular actors visiting St. John, and his interpretation of Mephisto was looked upon as thoroughly artistic. The heat that can be said about Mr. Morrison, and what would perhaps please him most, is that he was a perfect devil to the end of his days.

**A HOMEY APPRECIATION.**

Underneath the summer skies,  
Livin' at my ease,  
Looking at the butterflies  
An' listenin' to the bees,  
Dreamin' sweetly while I sleep,  
An' dreamin' while I wake,  
Till the evening shadows creep—  
Guess that's hard to take!

Seen' clouds like silver boats  
Sail across the sky;  
Hearin' birds with golden throats  
Tellin' 'em good-bye.

**AN ORIGINAL CURE.**

A party of men were discussing the merits of the old-time country doctor before the advance of modern science, and one of them told some stories of a practitioner of this type who was the terror of his boyhood days.

"He was a curious old autocrat, with curative methods all his own," said the gentleman. "I remember once a boy whom of mine became afflicted with a large swelling on the side of his throat, which was growing rapidly and threatening to make breathing impossible."

"Dr. X— was called in. After examination of the patient, he turned to the mother with the command to bring him a red hot poker. As he was never questioned or disobeyed, the woman hastened to heat one in the kitchen fire."

"When she brought it to the sick room the doctor grabbed it and advanced to the bedside with the gleaming point levelled at the boy's head. "Open your mouth, sir!" he commanded.

"The boy did open his mouth to emit a terrified shriek which broke the abscess and saved his life."

**UPS AND DOWNS.**

A couple of Americans were inspecting a fire alarm system in New York when, addressing the chief engineer, said: "You know, in New York we use a nine-inch hose, not a paltry three-inch, such as you have here?"

"That small hose is for watering the station; this twelve-inch hose is what we use at fires. Besides, it saves the use of a fire escape, for when we want to send a man up to the top of a building we just put a hose on the fire escape, turn the water on, and he is up there in no time!"

"Yes," replied the engineer, "but how does he get down again?"

"Well," replied the engineer, "he simply places a barrel round the jet of water and slides down."

**BEN BRANKLIN'S NERVE.**

Andrew Carnegie is famous for the excellent advice that he gives to poor young men.

"In considerable fear," said a New York millionaire, "I once consulted Mr. Carnegie about a new venture. The business looked as if it ought to be profitable. There seemed to be a public need of it. Still, there was some risk involved, and I was afraid."

"But Mr. Carnegie laughed at my fears."

"If it is a good thing, plunge in," he said. "Fear is old woman's fear. Fear is what keeps untold millions from making fortunes. When Benjamin Franklin thought of starting a paper in Philadelphia, his mother, greatly alarmed, thought to dissuade him. She pointed out that there were already two newspapers in America."

**REFLECTIONS.**

A man is soon forgotten after he is dead, unless you happen to marry his widow.

The nicest thing about a summer vacation is the way you enjoy being back from it.

Wireless telegraphy is comparatively new, but the kick under the table is as old as marriage.

**CHANGE OF DIET.**

Visitor:—Why do you make some of your pies round and some of them square?

Wife:—Because my husband has been complaining of the sameness of his diet lately.

**NO PREFERENCE.**

Cholly:—I thought perhaps you had a preference for Bobby Jones?

Mildred:—Nonsense! You are just as much in love with me as I am with him. I am the most insatiable bore I know.

**MORE OPPORTUNITIES.**

"Father, I am not sure whether I shall be a specialist for the ears or the teeth."

"Choose the teeth, my son, every one has thirty-two of them and only two ears."

**DIPLOMACY.**

Toto:—Grandmother, I have come to congratulate you on your birthday.

Grandmother:—But, my dear, my birthday is not for two months yet.

Toto:—I know it, grandmother, but I want a new doll.

**SO LONG AS IT COMES.**

"By the way, old man, could you let me have a five till tomorrow night?"

"Sorry, but I haven't a thing but the five I just borrowed from Billings."

"Well, that will do. Source never cuts any figure with me."

**STARTING TOO EARLY.**

"Why have you and Harry ceased to be friends?"

"He wanted to begin economizing the minute we became engaged."

**FOLLOW ALL THE SCHOOLS.**

"Are you a follower of the faith cure school?"

"Sure. I'm an undertaker."

R. W. Steeves of Bathurst is at the Royal. He reports the forest fires to be raging in the vicinity of his home. On Friday, the fires were within five miles of Bathurst.

**WALKED AWAY WITH A**  
**TRAY OF DIAMONDS**

Stranger Very Quietly Stole a Lot of Jewels

and has not Been Captured

CONCORD, N. H., Aug. 18.—A stranger who was being shown a tray of diamond rings in the jewelry store of Morrill Bros. tonight boldly walked out of the store with the entire tray containing about 30 rings and made his escape. The rings were worth from \$40 to \$100 each. The total value being about \$2,000. A young clerk was alone in the store which is on North Main street in the busy section of the city when the stranger entered. He asked to be shown some diamonds and as soon as a tray was placed in front of him he seized it and walked rapidly out. The clerk ran around the counter to the door and raised an outcry but by that time the thief was nowhere to be seen. It is supposed that he ran down a side alley near the store, and escaped by a rear street on which the alley opens.

**FOOD ADULTERATION.**

To the Editor of the Star:  
Sir,—One of the most important branches of the customs is the inland revenue department—or at least that which has to do with the inspection of food stuffs. Every year thousands of dollars are expended by the government to defray the expenses in connection with the collection for analysis of those articles that are sold in the various stores in the city and that enter largely in the daily food consumption of the people. The result of these analyses, as they have been announced from time to time, by the authorities at Ottawa, make clear to the public mind how thoroughly dishonest and unscrupulous have been the methods pursued by some of the manufacturers of the products referred to and used extensively in every home, hotel and restaurant. In view of the heavy penalties, which the law provides as a means of punishment of offenders, I am unable to understand upon what possible grounds the Ottawa authorities can excuse themselves for their indifference in this matter, seeing that these dishonest practices continue.

Yours truly,

**DOMESTIC.**

In lumber circles it is stated that the New Brunswick Land and Railway Company has increased the amount of their stumpage 25 cents per thousand feet of lumber. The New Brunswick Land and Railway Company has extensive holdings throughout the province, a great deal of which is included in the best timber land of the province. It is estimated that about 50,000,000 feet per year is cut on the company's lands and it will thus be seen that the company's receipts, owing to the increase, will be considerably enlarged.

On Aug. 6th at Pasadena, Cal., after a brief illness, Charles Hazen died at the age of 78. Mr. Hazen was born near Sussex, N. B., and lived there till failing health compelled him to remove to California, where he resided for many years. He is survived by his wife, Agnes T. nee Walton, two daughters, Francis and Bessie, and one son, Edwin C. The oldest daughter, Mrs. J. H. Ryan, formerly of Sussex, died some years ago in Los Angeles, leaving three children—Edith, Herbert and Earl, who are now in California. There are also two other grandchildren, Winifred and Kenneth, children of Edwin, who live at Sussex. The body was interred in Mountain View cemetery, Pasadena.

**ICE CREAM!**

To those who have not used our Ice Cream, we wish to say a word.

Our Ice Cream costs more to make than any other; we use double the usual quantity of pure rich cream, which in itself is a costly item; we do not use "fillers" such as condensed milk, corn starch or patented powders to procure larger quantities for less money.

The Fruits we use are Pure Fruits, and the Vanilla is furnished by a maker of the highest reputation.

We make our Ice Cream regardless of expense and charge no more than you pay for ordinary cream made and handled in the ordinary way.

All orders promptly filled. If you have not time to come to our Parlors, just telephone 1118 and we will deliver promptly any and all orders.

**WHITE LABOR NEEDED.**

(Hamilton Times.)

The labor question is becoming acute in the Northwest and in British Columbia. The fruit growers in the latter province finding it difficult to obtain white labor, are agitating for the removal of the \$500 tax on Chinese, so that they may be able to obtain cheap coolie labor. To this the organized labor men are strongly opposed. A more difficult question to deal with, however, is the Hindoo or Sikh labor invasion, which threatens these portions of Canada. Apparently there is not enough white labor in the country to meet the demands of the railways, but there is no likelihood that the government will permit anything like the Hindoo coolie slavery here.

### FAMOUS ACTOR DIED SUDDENLY

Levis Morrison Was Well Known in St. John

Had Just Undergone Operation for Stomach Trouble at Hospital in Yonkers New York

NEW YORK, Aug. 19.—Lewis Morrison, an actor, whose work as Mephisto in "Faust" gained him fame, died suddenly of shock on Saturday afternoon in St. John's hotel, Yonkers, after undergoing an operation for stomach trouble.

LEWIS MORRISON.

He was born of English parentage in Kingston, Jamaica, in 1845. He came to this country at an early age and enlisted on the Union side in the civil war. He rose to the rank of lieutenant and on his honorable discharge at the close of the war, he received the rank of captain for distinguished service. During the siege of Vicksburg he swam the messages under fire of the batteries with patches for the federal army.

After his discharge from the army, Mr. Morrison entered the theatrical profession as an actor in the old Varieties theatre, New Orleans, making his first appearance with Lawrence Barrett, in 1865. He was afterwards associated with Edwin Booth, Edward Forrest, Thomas O. Salvini, Adelaide Nelson, Charlotte Cushman, Januscheck, Rose Coghlan and Agnes Booth. He was also associated for nine years as leading man with the old Walnut Street Stock Company in San Francisco, and then took up Faust with himself as Mephisto and for nearly twenty years starred this country and Canada with financial success and popularity.

A definition of the word advertisement: Business bait.—F. R. Miller, in Profitable Advertising.

### FOREST FIRES THREATEN TO DO SERIOUS DAMAGE.

Whole of the Northern Part of the Province in Veil of Smoke—Heat is Terrible and Woods are Dry as Tinder.

CHATHAM, N. B., Aug. 19.—An immense amount of damage has already been done by forest fires along the line of the I. C. R. from Bathurst to Rogersville, and unless rain comes soon, several settlements are in imminent danger of being wiped out. Fires have swept from Rogersville to Bathurst for a distance of eight or nine miles and a terrible fire is now raging within a short distance of both villages. One hundred and fifty to two hundred men have been fighting the flames for several days, but on Saturday the heat was so intense that the men were forced to abandon the first line of trenches they were digging in an effort to control the flames and were compelled to start on a new line closer to the settlements.

The whole country for miles around is a mass of flames, and a thick pall of smoke hangs over the Miramichi valley, shutting out the sky and turning the sun into a dun colored disc. As yet the fire had been mostly in the government lands, but now some of the best timber lands of this section are threatened and the loss to private owners may be a heavy one. Yesterday the J. B. Snowball Company sent out a gang of men to look after their lands near Hamby River, and to aid the settlers in fighting the flames.

On Wednesday a fire was discovered by Wm. Knight of Black River in the rear of his farm lands, but before the men of that part could gather it had spread beyond control, and this with another supposed to have started on a spot called the Dry Hill, has swept through the lands lying between Napan and Black River, and the latter place was only saved by a shift in the wind to the eastward. This forced the flames towards Bay du Vin, and re-

### YESTERDAY WAS HOT IN OTHER PLACES.

FREDERICTON, Aug. 20.—The thermometer reached 91 in the shade here at three o'clock today making it the warmest day of the summer. HAMPTON, N. B., Aug. 19.—This has been the hottest day of the season, the thermometers ranging from 73 degrees at 9 a. m. to 91 degrees at 1 p. m. and falling to 80 degrees at 6 p. m. At 9 p. m. the mercury still registers 75 degrees. These records are from a standard thermometer in the shade under trees. In less secluded and sheltered places the record was as high as 88 degrees, and one house record is given at 119 degrees. These figures have not been paralleled in many years.

A GIRL'S CORSET COVER.

4767.—As soon as a girl begins to take pride in the daintiness of her clothes she starts out on her thimble career. This usually finds her beginning with some article of lingerie and corset cover shown here is excellent for just this purpose. It is very simply constructed and yet embodies all of the best points of the up-to-date corset cover. The front is gathered slightly at belt and neck edges, while plainness and a smooth fit prevail in back. The bottom is finished with a circular peplum which does away with any extra fullness at the waist line and the frequent rising up of this garment. The neck and arm edges are neatly finished with a narrow Valenciennes or embroidery. The best materials for corset covers are talissock-lawn and wash silk and only 1-1/2 yards of 58 inch material will be needed for this model in the medium size.

4767.—Sizes, 12 to 16 years.

### ARMED MEN CAPTURE OTTAWA

Friendly Force From the United States There

Uncle Sam's Militiamen Encamped on Exhibition Grounds—Reviewed by Governor General

OTTAWA, Ont., Aug. 19.—Ottawa was today taken in a friendly way by a thousand armed United States militiamen. They arrived this morning 774 of the 5th Massachusetts volunteer militia, of Boston, under Col. Oakes, 100 men of the British naval and military veterans, under Col. J. R. Smith and Major Jenkins, and 15 men of a Providence gun battery, under Capt. Birby. They encamped at the exhibition grounds. Shortly before noon the governor general, Earl Grey, arrived and reviewed the troops. He remained for church service, which was conducted in the open by the chaplain, Rev. Peter McQueen. The officers were entertained tonight by local militia officers. Tomorrow the visiting militia will parade with the full Ottawa brigade on Parliament Hill.

For the first month of the fiscal year 1907 Canada's foreign trade amounted to forty-two million dollars, an increase of nine millions over same month last year. The imports for July amounted to twenty-three and a half million, an increase of five millions. Exports amounted to eighteen and a quarter million, an increase of four millions.

Rev. Father Groulx, vicar of Basilica and secretary of the archdiocese of Ottawa, died today. For several years he has suffered from tuberculosis of the knee. He was a native of Ottawa and 37 years of age. For the past two days the heat at Ottawa has been extreme, nothing like it having ever been before recorded. Yesterday the thermometer rose to 96 and today it was 96. There has been a great deal of suffering and a num-

### SMALL SIZED CYCLONE NEAR MONCTON

Barn Blown Down and Much Damage Done—Purity Campaign Progressing

MONCTON, Aug. 19.—During the storm Saturday night, which was very light in Moncton, a small sized cyclone seemed to centre around Bonnell's Corner, about eight miles from the city, doing considerable damage. At no other place, not even in the locality nearby, was the wind felt, its operations seeming to be confined to a very small extent. A large barn owned by Harvey Triggs, about a hundred feet in length, was torn down and smashed to pieces. Trees were uprooted and a number of fences blown down. The barn was a large structure, about a hundred feet in length, and in it were two horses and a quantity of farm machinery. Although the roof and walls crashed down around them the horses were uninjured, but the farm machinery was damaged to a considerable extent. Near by where this occurred a United Baptist picnic was being held, but nothing more than a heavy rain storm was experienced.

The purity crusade of Provincial Constable A. W. Belyea still continues. He has warrants against nine more Moncton liquor dealers issued by the court of Session.

The Women's Baptist Missionary Convention is to be held at Bridgetown, N. S., this week, commencing Tuesday. The following ladies leave on the Prince Rupert today to attend the convention: Mrs. D. Hutchinson, Mrs. J. Wallace, Mrs. Dr. Black, Mrs. W. W. McManis, Mrs. W. E. McIntyre, Mrs. E. M. Sippell, Mrs. H. Everett, Mrs. C. E. Crandall, Mrs. W. H. White, Mrs. Cox, Mrs. A. C. Smith, Mrs. Buehans, Mrs. H. H. Roach, Miss B. Estabrooks, Miss Wilson, Miss Fulton.

Santiago also suffered and there was a great loss of life.

The disaster has cast gloom over the Republic of Argentina and all festive occasions are suspended.

All the ordinary means of communication with Chile are cut off. There is a great anxiety to ascertain the public is waiting to ascertain the fate of relatives and friends in Chile.

There is a great anxiety to ascertain the fate of relatives and friends in Chile.

A dispatch received here by the Havas agency from Santiago de Chile says that the earthquake was very severe and also is beginning to come in here.

Fugitives who have arrived on horseback are saying that the earthquake was of condition of horror. It is believed that the condition of extreme panic has sunk in throughout the country.

Almost all the houses in Valparaiso are said to be down. Fires which broke out immediately after the earthquake added to the terror and danger.

Thousands of people have taken refuge in the hills surrounding the city. Large numbers of people are fleeing from the flames. It is reported that the building of the arsenal, as well as some of the principal offices and the offices of the Mercurio and the house of the business of Ross and Edwards have been destroyed.

A CUSTOMER'S REASONABLE WISH IS THIS STORE'S PLEASURE.

## SPECIALS IN WHITE SILK SHIRT WAISTS

\$2.98 will purchase one of the daintiest white silk shirt waists we have ever had to offer. Made from spotted Japanese silk and prettily trimmed with tucking and medallions. Style is good and the fit is perfect.

\$3.35 is the price mark now put on the regular \$4.00 waists. Fine white Japanese silk, excellent washing quality. Front is trimmed with fine valenciennes lace and silk embroidery.

\$3.69. This silk waist has a yoke made of valenciennes lace and rows of tucks. Style is very dainty, and the material good. When it is considered that these waists will wash and look as well as ever they almost double in value.

ONE SPECIAL PRICE IN BLACK SILK WAISTS. \$3.75. Made from a well finished black Japanese silk. The design is both new and attractive.

To Banks and American ports, light to moderate westerly to south westerly winds. Sable Island reports fair weather and southwest winds, 18 miles per hour.  
Highest temperature during the last 24 hours, 54.  
Lowest temperature during the last 24 hours, 54.  
Temperature at noon, 64.

## LOCAL NEWS.

A quantity of cents can be had at the Star Counting Room.

DIDA—The mysterious, mystifying creation of a woman out of nothing.

Miss Mary McGowan left this morning for Fredericton, where she will be the guest of Miss Marguerite Hanlon.

Miss Clara Grant left on Calvin Austin Saturday evening. Her friends in Boston, accompanied by her two brothers.

Charlie Myers, the young man who was stabbed on Celebration street a few days ago, has almost completely recovered.

Dr. A. H. Merrill's speedy yacht Vagabond, after winning Saturday's race, started up river with a party of ladies, returning Sunday afternoon.

A gang of St. John railway workmen were set at repairing the tracks on Princess street, corner of Sydney this morning. The rails had spread.

The regular meeting of the W. C. T. U. will be held on Tuesday afternoon at three o'clock in their rooms on German street.

The St. John Presbytery meets tomorrow afternoon, when the resignation of Rev. S. B. Hillock of St. George, will be considered.

Two large tourist parties will arrive in the city this evening. The first is the Frank H. Palmer party, which was here a few weeks ago.

The 20 class race at Fredericton in which Belfry Chimes and Etta Mac are entered takes place tomorrow and not Wednesday as has been mentioned on the bill boards.

Mr. and Mrs. David Hurley, accompanied by their children Willie and Jessie, left this morning for a short trip to Oromocto and Fredericton.

William Kearns, aged 32 years, died yesterday at No. 107 St. James street. The funeral will be held tomorrow afternoon at 2:30 o'clock. There will be service at the house.

Mr. and Mrs. W. T. Whitehead, of Fredericton, arrived in the city this morning.

Mr. and Mrs. H. M. Hopper returned from Fredericton this morning.

The funeral of the late Mrs. Martha Rankine took place at 2:30 this afternoon from St. John's Presbyterian Church. Revs. Thos. F. Fotheringham and David Lang conducted the burial service, and interment was in Fernhill.

The St. John river is very low, the lowest in years. Lack of rain and excessive hot weather are undoubtedly the causes. The Oromocto Shoals are particularly shallow, and steamers passing through them touch occasionally.

Every hotel in the city is crowded. One of the largest crowds of tourists this season arrived here Saturday. The Calvin Austin will be due this evening, and it may be said that accommodation at the hotels will be at a premium.

The Cushing Sublime Mill will be sold at auction at Chubb's Corner, St. John, N. B., on Saturday, the 1st day of September at 12 o'clock noon, under a decree of the Supreme Court, in equity. For particulars see advertisement. 13-5-29

Health, age and work will play their part in changing the "Elsie" a year ago the eyesight may have been perfect—but today you may need glasses. When your eyes are weak, call at D. Boyaner, Optician, 38 Dock street.

The steamer "Elsie" goes on the blocks today to put in a new propeller to replace the one which was damaged a few days ago at Oak Point. The "Champion" will make her trip tonight and tomorrow morning, and the "Elsie" will resume her regular trips tomorrow morning.

The funeral of the late Joseph M. Bowers took place at 2:30 this afternoon from his father's residence, Golden Grove, Rev. A. J. O'Neil conducted the burial service, and interment was in the Golden Grove cemetery.

The grand council of the Royal Arcanum of the Maritime Provinces, will meet in Foresters' Hall tomorrow morning, first session opening at 10 o'clock. A dinner will be tendered the members of the Grand Council by the local council at White's tomorrow evening at 10 o'clock.

The annual picnic of the Young Men's Society of St. Joseph will be held to day's Landing tomorrow. The Star line steamers have been chartered and will leave Indiantown at 8:30 in the morning. The picnic is for members and lady friends only.

A veteran of the American Civil War passed away yesterday when Capt. S. G. Braman died at his home in Norton. He was present at the historical battle of Bull Run, and at that engagement was wounded in the leg. Deceased was 73 years old, and had been ill since Friday. He was born at Belfast, N. B., and after the war settled down as a farmer in Kings county. He married Miss Vanant of this province and she and three sons, all of whom live at home in Norton, survive.

## SERVED TOGETHER IN THE WAR AGAINST TURKEY

Peter Petropolis Meets a New York Doctor Who Was Attached to the Grecian Red Cross Corps

Peter Petropolis, the proprietor of the King street shoe shining parlor met with an old acquaintance on Saturday who had braved the horrors of the war between Turkey and Greece. Dr. A. W. Shanovan, of New York city, was the man.

The doctor was having his shoes shined when his eye was caught by a picture of the royal family of Greece hanging on the wall of Peter's shop. He asked Peter if he had ever seen the members of that family, and when answered in the affirmative, a volley of questions were asked Mr. Petropolis. Dr. Shanovan said that he went to war with Greece as army surgeon, and he remained in the foreign land for about five months.

Peter Petropolis also served his country in a regiment from Athens. A warm friendship soon grew between Peter and the physician, and when the latter left the parlor he promised another visit.

Peter Petropolis when asked if he knew Dr. Shanovan in Greece, said that he could not remember distinctly, but he thought that he had probably seen him some time during the war. "He was a good man," said Peter, "he went to war with Greece."

## ANOTHER PHASE OF THE CHURCH UNION QUESTION

E. H. Duval Says the Waterloo Street People are Not Heartily in Accord With It.

E. H. Duval, a member of the Waterloo street Baptist congregation, takes exception to certain statements published in connection with the movement for the union of that church with the Brussels street church. Mr. Duval says that the advisory committee of the church, which is said to have appointed a committee to deal with this proposed union, had no authority to make any appointment. This committee is purely an advisory committee and is not supposed to originate new business.

Again it has been said that question slips have been issued to the members of the church, and in his opinion chiefly to those who are thought to be in favor of union. A large number of the congregation have not yet received the slips, although the latter have been in circulation for some weeks.

Regarding opposition to the union, it has been said that so far very few have expressed themselves against it. This, Mr. Duval alleges, is due to the fact that those who are opposed to the movement have not as a rule been consulted, and that there is in the congregation a very strong sentiment against the proposal.

## HUNDREDS OF ELECTRIC LIGHTS ON THE PIKE

It Will be a Big Feature of the Exhibition—An Indian Village to be Arranged.

This morning President A. O. Skinner and Manager C. J. Milligan of the Exhibition Association, with F. G. Spencer, who has charge of the amusement, Meyer Cohen, manager of the moving picture show and H. A. Brown, chief electrician of the St. John Railway Co., visited the exhibition grounds for the purpose of arranging plans for lighting.

Over five hundred lights will be on the Pike. From the exhibition hall along the Pike are three large arches, with "The Pike" in three foot letters over the centre arch. The entire Pike will be lined with incandescent lamps. The sides and all the arch shaped canopies will be bedecked with lights. The building of the Pike has been finished by contractor Samuel Drury and the painters will start work tomorrow. The Pike will be painted a light green. The amusement hall front will be lighted with arc. The two front parts of the Pike are to be occupied by Miles Bros. moving pictures, San Francisco disaster and the Indian village. This last is a new feature.

THIS EVENING.  
Volunteer Organist opens in Opera House.  
Carnival at St. Andrews Roller Rink.

## Warning to Exhibition Visitors.

We are obliged each exhibition year to turn away hundreds who come to St. John for the sole purpose of having their teeth attended to, but who neglect the main object of their visit until a few days before returning home.

We would therefore advise all to call early and avoid the usual rush so that they may not be compelled to return home disappointed at being unable to avail themselves of our SUPERIOR WORKMANSHIP AND ATTRACTIVE PRICES.

Parents should remember that the vacations are drawing rapidly to a close and that they value the health and welfare of their own children and those of others they should see to it that their children's teeth are in proper condition. We can put their teeth in the condition they should be, without affording them any pain and we can do it reasonably. Call at once.
