

RUSSIANS BRINGING UP REINFORCEMENTS TO CHECK THE ENEMY AROUND PRZEMYSL

Only Meagre Details from the War Theatres—Russians Bring Up More Men to Prevent Recapture of the Fortress by Austro-German Army—Rejoicing in Rome Over Air Raid on Austrian Naval Base by Italy's Aviators.

London, June 1.—In the face of yesterday's Russian claims that the Austro-German grip on Przemyśl has been broken and that the offensive in the great Galician struggle had passed to the Russians, came both German and Austrian official statements tonight asserting that the Austro-German troops have been successful to the north and the southeast of the fortress, that the forts girding it to the north are fallen into their hands, while to the southeast they have wrested Strzy from the Russians.

In fact the Austro-Germans say that the campaign is running in their favor everywhere in the eastern zone, from Libau, in the north, to the southernmost tip of the Galician battle line.

It is apparent that the Russians, since being forced back to the San, have been rushing up heavy reinforcements in the hope of averting the fall of Przemyśl. But the Austro-Germans, undeterred by the stupendous losses, have as yet shown little disposition to accept a purely defensive role, and the British critics seem to have been a bit premature in saying that the German thrust had definitely failed.

No British official communication was issued today. The French continue themselves, generally speaking, to recount their success at Ablain-St. Nazaire. The German official statement ignores this, and tells of minor gains elsewhere. It adds that the French effort to break through the Germans' lines has failed.

Austrians Rushing More Men to Przemyśl.

Amsterdam, via London, June 1, 9.24 p. m.—According to the Graz, Austria, the Russians are bringing reinforcements to the Przemyśl front and the Lower San to the number of at least three to four army corps.

"If still more reinforcements are brought up by the Russians," says the correspondent, "we must reckon with protracted resistance by the enemy."

Rome Jubilant Over Air Raid on Pola.

Rome, via Paris, June 1, 4.40 p. m.—Exultation is general in Rome over the Italian air raid on Pola and the amount of damage done, as Pola is the greatest military port of Austria. It is the centre of the railways of Istria and has great natural defenses and fortifications. The fact that an Italian airship was able to damage the arsenal of the railway station and other structures is taken as proof that the Austrian fleet now at that port, is not entirely safe.

There is no disposition here, however, to exaggerate the French won so far by the Italians, and the newspapers are cautioning the people against thinking that the Austrians will not make a most determined resistance behind the defenses which they have prepared.

May Refer to Attack Reported Last Month.

London, June 2.—(12.40 a. m.)—A Reuter despatch from Athens says: "It is reported from Constantinople that a British submarine has torpedoed two Turkish transports, one of them laden with troops, in the Sea of Marmora."

Whether the above item refers to a new attack by a British submarine on a Turkish transport in the Sea of Marmora, or is a belated report from Constantinople to Athens of a similar occurrence announced last month, is not known.

The British Admiralty, on May 23, reported concerning the operations of the submarine E-14 that the underwater boat in the Sea of Marmora sank a transport April 29 and on May 10 a large transport filled with troops.

London, June 1.—Further proof of the deadly character of the asphyxiating gas used by the Germans was furnished in the British casualty lists issued tonight. In one regiment, the Dorsetshire, the deaths of four officers and seventy-one men are attributed to gas poisoning.

FEELING IN ITALY THAT STATES MUST FIGHT

Otherwise American Nation is Placed in Embarrassing Position by German Reply.

Rome, via Paris, June 1.—The German reply to the American note has aroused much interest here. The sentiment in political circles is that it is entirely inadequate, so much so that it places the United States in an embarrassing position as to how to enforce her wishes if she does not go to war.

AUSTRIA TURNS DOWN ROUMANIA'S DEMANDS?

London, June 2.—According to news from the Austrian frontier, says the Morning Post's Berns correspondent, "the Austrian ministry met Monday—representatives from Berlin being present—to discuss the Roumanian note. It is understood that Roumanian demands will be refused. The relations between the two countries already are strained."

"Professor Basileco, a Roumanian deputy, in an article in the Geneva Journal, estimates that the Roumanian army has now one million men perfectly equipped which will present a problem on a new six hundred mile front to the Austrian strategists."

A Copenhagen despatch on April 22 quoted the Roumanian minister to Italy as having said that Roumanian had demanded cessions of territory from Austria in return for remaining neutral in the war, but that Austria has refused to acquiesce. Just what these alleged demands were was not stated, but the minister was reported to have said that there existed a defensive alliance between Roumanian and Italy and that Italy would not accept any offer from Austria without having received the sanction of Roumanian.

While there have been several rumors recently concerning Roumanian and the war—that she would remain neutral and that she was negotiating with the Allies and was believed to be on the brink of war—nothing has come through of any demands made on Austria.

London, June 2.—A despatch to the Daily Mail from Rome says that all the Italian newspapers hail an accomplished fact the approaching entry of Roumanian and Bulgaria into the neutral in the war, but that Austria has refused to acquiesce.

NEW MINISTERS WILL NOT GO TO THE PEOPLE

Bill to be Introduced Provides Ministers Will Not Have to Seek Re-election During the War.

London, June 1.—The ministers who received cabinet appointments in the recent re-constructed government will not be required to seek parliamentary re-election, as is ordinarily required by law, if a measure proposed by the government tonight is adopted.

It is officially announced that when parliament reconvenes next Tuesday a bill will be introduced providing that during the war it will not be necessary for ministers to stand for re-election. The passage of this bill, which is a foregone conclusion, will enable the ministers to take their seats in the cabinet and at once settle down to business.

POSITION OF AMERICAN AMBASSADOR AT LONDON DELICATE ONE JUST NOW

Owing to International Situation Unable to Attend Meetings Where Presence Might be Misconstrued.

London, June 1.—The American Ambassador at London, Walter Hines Page, considers himself under the necessity of leading a sequestered life in these trying times, according to L. H. DeFries, who, in seconding the motion today for the election of Lord Curzon as president of the Atlantic Union, said that they had hoped to have the American Ambassador present, but matters of international importance were in such a state of tension, and the position of the Ambassador was one of such extreme delicacy, that the Ambassador had desired him to state that he would be unable to attend even meetings of his own friends, lest some misconception should arise.

The Atlantic Union is a society which seeks to draw together more closely the various branches of the English-speaking race by means of personally welcoming visitors from the British dominions and the United States.

WILL CONSIDER SHORTER TERMS FOR COLLEGES

Representatives of Canadian Universities in Session at Toronto Name Committees.

Toronto, June 1.—A conference of representatives of Canadian universities was held today in the library of the Toronto University, the following universities being represented: Toronto, Alberta, British Columbia, Dalhousie, Laval, Manitoba, McMaster, Mount Allison, McGill, New Brunswick, Queens, Ottawa, Saskatchewan, St. Francis Xavier and Western.

A committee, consisting of President Tory, Alberta University; President McKenzie, Dalhousie; J. A. Nicholson, McGill, and Dean Pakenham, was appointed to examine into the existing systems of junior matriculation. A committee was also appointed to report on the question of reducing the length of the session of Canadian universities. A committee consisting of the presidents of Toronto, Manitoba, McGill and Alberta universities was appointed to draft a constitution and nominate officers for the next conference.

Regarding the recognition of courses of instruction in medicine, and applied science and engineering, it was agreed that the universities should name their representatives, with Dean Clarke of the Toronto University, as chairman of the former, and Dean Adams of McGill of the latter.

GERMANY MUST ANSWER DEFINITELY AND PROMPTLY WHETHER OR NOT SHE IS TO FOLLOW INTERNATIONAL LAW AND RESPECT THE RIGHTS OF NEUTRALS.

Germany Must Answer Definitely and Promptly Whether or Not She is to Follow International Law and Respect the Rights of Neutrals.

TECHNICAL DISCUSSION OF POINTS IN REPLY WILL NOT BE TOLERATED.

Unfavorable Answer Would Lead to Severance of Diplomatic Relations—U. S. Government Will Give Moral Support to Coalition of Best Elements in Mexico.

Washington, June 1.—President Wilson determined today that the United States must ascertain definitely and very promptly from Germany whether the Imperial government intends in the future to be guided by the accepted principles of international law and the rights of neutrals, or to follow its own rules of maritime warfare.

The President listened to a varied expression of opinion at a meeting of his cabinet, taking little part in the discussion himself. Later he began the preparation of a note to be despatched before the end of this week, embodying his own ideas and what seemed to him the consensus of his official family.

The verdict of a majority of the cabinet was that the German reply to the American note following the sinking of the Lusitania was unresponsive and unsatisfactory, disregarded the good will of the United States, doubted its facts, and disclaimed all blame for the destruction of the merchantman with American lives.

The questions of facts raised by Germany was regarded as irrelevant at this time. The trend of opinion was that the United States must inquire, and obtain an early answer, as to whether Germany intends to recognize the hitherto accepted principle that neutrals may travel anywhere on the high seas on unarmed merchant ships, whether or not such vessels carry contraband, and that merchantmen which do not resist capture must be visited and searched, and the passengers and crew transferred to a place of safety before the vessel is destroyed.

An unfavorable answer to this inquiry would lead, it was predicted in official quarters, to a severance of diplomatic relations on the ground that the United States could not continue intercourse with a government which repudiated these principles. Steps then would be taken to inform Americans of the dangers to which they were exposed as a result of this action, and such measures as necessary adopted to safeguard the lives and interests of citizens of the United States.

Should Germany accept the principle in a way that would constitute a guarantee for the future, the American government then would reiterate its demand for a "strict accountability" for violations of this principle and the killing of Americans in the torpedoes, without warning, of the Lusitania.

The decision to base the American note on the principles of international law, to obtain an affirmative or negative reply, and not enter into a technical discussion of details raised in the German communication, which avoided the main issues, was the single development of the cabinet council. Some of the cabinet members favored even excluding any reference to the facts asked for by Germany, settling first the point as to whether Germany intended to disregard the American warning of last February, that it would insist on the exercise of the right of visit and search with respect to vessels on which Americans were travelling.

Tomorrow Count Von Bernstorff, the German Ambassador, will call on President Wilson. He declined to say tonight what he proposed to discuss, but revealed that his action was taken without instruction from his government.

WILL SUPPORT COALITION OF BEST ELEMENTS IN MEXICO

Washington, June 1.—President Wilson and his cabinet today adopted a new policy to be pursued by the United States toward Mexico. It has for its object restoration of order and the relief of millions of non-combatants from the devastations of Mexico's military elements which have brought about conditions regarded as intolerable.

The President read to the cabinet a statement which is to be communicated tomorrow to the leaders of all Mexican factions, serving notice that unless they, themselves, propose the situation, some other means will be found by the United States to bring about the establishment of a stable government in the republic. The statement was approved after prolonged discussion. It will be made public tomorrow.

The specific course the United States will pursue in the event the contending factions fail to agree is not outlined in the President's statement, but the administration's present purpose is to give moral support to a coalition of the best elements in Mexico, and accord the government thereby created full recognition. With such recognition would come an embargo on arms permitting the constituted government to receive munitions of war to the exclusion of all other elements and factions.

CAR ORDERS FOR RUSSIAN GOVERNMENT TAKE TRENCHES

Special to The Standard
Ottawa, June 1.—Col. Cantley has returned from Europe bringing with him large orders for cars for the Russian government. The exact nature of the orders is not vouchsafed by the militia department. Ninety officers are attending the school of musketry at Rockcliffe which is under the care of Col. Holmer.

Col. George P. Murphy has been appointed temporary general transport officer for the militia department.

GLOVER DEFEATS WELLS.

Boston, June 1.—Mike Glover, of this city, won a decision over Matt Wells, the British welterweight, in a twelve round bout tonight. Wells had the advantage in only two rounds.

SIR HERBERT CHURCH DEAD; NOTED CHEMIST AND AUTHOR

London, June 2.—Sir Arthur Herbert Church, famous as a chemist and author of numerous books on chemistry is dead. He was 81 years old.

GREECE'S NEWEST AND LARGEST STEAMSHIP

Here is Greece's largest and newest passenger steamship, which arrived at New York on her maiden voyage. She is the Vasilis Constantino, or the King Constantine, and belongs to the National Greek line. Her tonnage and speed make her the finest and fastest vessel in the Mediterranean service. The King Constantine is a vessel of 18,000 tons displacement. She is 490 feet long and of fifty-eight feet beam. She was built by Cammell, Laird & Co., of Birkenhead, England, and is capable of developing a speed of eighteen knots. She has accommodations for 60 saloon, 550 second class and 1,950 steerage passengers, and no detail of modern steamship construction is missing.

"Baby Killers" Take Lives of More Innocents In Air Raid on London

German Aviators Dropped Incendiary Bombs Causing Several Fires and Killing Another Baby and Couple of Women, besides Injuring Number of Private Citizens.

London, June 1.—Ninety bombs were dropped in the raid on London last night by Zeppelin airships. Four persons were killed and a few were injured. No public building was damaged. This information was given out officially today.

The statement of the authorities reads as follows: "In amplification of the information which appeared in this morning's newspapers, the following particulars of last night's Zeppelin raid in the metropolitan area are now available for publication:

"Last night about ninety bombs, most of them of an incendiary character, were dropped from hostile aircraft in various localities not far distant from each other. A number of fires, of which only three were large enough to require the services of fire engines, broke out. All of them were promptly and effectively dealt with and only one of them necessitated a district call. The fires all were caused by the incendiary bombs referred to.

"No public building was injured, but a number of private premises were damaged by fire or water.

"The number of casualties is small so far as has at present been ascertained, one infant, one boy, one man and one woman were killed, and another woman was so seriously injured that her life is despaired of.

"A few other private citizens were seriously injured, but the precise number has not yet been ascertained.

"Adequate police arrangements including the calling out of special constables, enabled the situation to be kept thoroughly in hand at all times."

Anti-German Feeling Runs High in London

London, June 1.—The Zeppelin raid on the metropolitan area last night has brought a recrudescence of the anti-German demonstrations of the mob. The feeling against the Germans is acute. Crowds have attacked German shops and special constables have had to be called out to deal with the people. The rioters have pulled down the barricades from shops which had been boarded up since the previous disorders and what furniture and goods remained has been looted.

British Submarine Sank A Transport Carrying Turks to Dardanelles

London, June 2.—Despatches from Athens say that a British submarine sank near Constantinople the Mahusein steamer No. 62, carrying Turkish troops to the Dardanelles. It is stated that because of the activities of a British submarine Turkish troops now are being despatched by rail to the Gallipoli Peninsula.

The Athens correspondent of the Mail says it is believed there the Germans have ten submarines around the Dardanelles.

SOCIALIST LEADER, HEAD OF COMPANY OF ITALIANS, STARTS FOR THE FRONT

Udine, Italy, via Paris, June 1.—Leonida Bisolati-Bergamaschi, the eminent leader in the Chamber of Deputies of the Reform Socialists, dressed in the uniform of a sergeant of the Alpine regiment, arrived here today with his company.

Sergeant Bisolati attempted to leave the station without attracting attention, but a group of Bersaglieri saw him and shouted "Viva Bisolati." The Deputy even then tried to make his escape, but he was soon surrounded by a crowd of officers, soldiers and young and old men, and girls and women, who cheered him vociferously. The Deputy finally took refuge in a cafe, where an old man tottered up to him and said in a trembling voice: "God bless you. Hold what opinions you please, since you are ready to go forward when your country calls you."

A priest who was going to the front as a lieutenant asked Sergeant Bisolati to write a line in his note book. Bisolati complied with the words "greeting to the Christian priest who is fighting for civilization."

To another priest, a chaplain, Bisolati said: "At the front you will dispense comfort to the wounded, but also (pointing to the chaplain's revolver) dispense some of these pills among the Austrians."

GERMAN REPLY MUST BE UNEQUIVOCAL IS CABINET DECISION

Germany Must Answer Definitely and Promptly Whether or Not She is to Follow International Law and Respect the Rights of Neutrals.

TECHNICAL DISCUSSION OF POINTS IN REPLY WILL NOT BE TOLERATED.

Unfavorable Answer Would Lead to Severance of Diplomatic Relations—U. S. Government Will Give Moral Support to Coalition of Best Elements in Mexico.

Washington, June 1.—President Wilson determined today that the United States must ascertain definitely and very promptly from Germany whether the Imperial government intends in the future to be guided by the accepted principles of international law and the rights of neutrals, or to follow its own rules of maritime warfare.

The President listened to a varied expression of opinion at a meeting of his cabinet, taking little part in the discussion himself. Later he began the preparation of a note to be despatched before the end of this week, embodying his own ideas and what seemed to him the consensus of his official family.

The verdict of a majority of the cabinet was that the German reply to the American note following the sinking of the Lusitania was unresponsive and unsatisfactory, disregarded the good will of the United States, doubted its facts, and disclaimed all blame for the destruction of the merchantman with American lives.

The questions of facts raised by Germany was regarded as irrelevant at this time. The trend of opinion was that the United States must inquire, and obtain an early answer, as to whether Germany intends to recognize the hitherto accepted principle that neutrals may travel anywhere on the high seas on unarmed merchant ships, whether or not such vessels carry contraband, and that merchantmen which do not resist capture must be visited and searched, and the passengers and crew transferred to a place of safety before the vessel is destroyed.

Evacuation by Russians of Radom in Poland to the South of Warsaw Is Reported From Berlin

NOT GUILTY VERDICT IN CASE MRS. JOHNSON

Jury Out Only Five Minutes—Downing Sentenced to Ten Years in the Penitentiary.

Special to The Standard. Hopewell Cape, June 1.—Sensational proceedings marked close of the trial of Mrs. Johnson yesterday when the jury after they had been out only five minutes returned with the verdict not guilty. Mr. Justice Crockett sentenced Jethro Downing to ten years in the penitentiary.

Court opened yesterday at nine-thirty o'clock, Daniel Mullin, K. C., appearing for the crown, Mr. Hanington for the defense. The first witness called was Geo. R. Rideout, chief of police, Moncton, who at the time of Downing's arrest was sworn in as a special constable to make the arrest and to search the Downing premises.

At the afternoon session Dr. Murray of Albert was sworn and described the effect of Paris green on the body and the swallowing of ground glass. He was cross-examined by Mr. Bray and at this stage of the court Mr. Bray asked that the whole evidence be withdrawn or that the jury bring in the verdict not guilty on the evidence on record.

Mr. Mullin opposed this, stating that he had some evidence to go to the jury and that he had one new witness to call, a Mrs. Bowder of Sussex. The judge decided to grant Mr. Bray's motion, on the ground that there was no evidence before him tending to implicate Mrs. Johnson in any plot against her husband.

The judge therefore addressed the jury as follows: "Gentlemen of the jury, I feel it my duty to inform you at this stage that I consider there is no evidence before the court which can sustain any of the counts in the indictment against the prisoner. I therefore instruct you to retire and bring in a verdict of not guilty."

On motion of Mr. Mullin the prisoner, Downing, was brought into the court. The judge said: "You have been found guilty by a jury of your countrymen. The evidence disclosed in your case a circumstance the most fearful disclosed in an court in the Province of New Brunswick. Your relations with the woman have been criminal in the extreme. You have managed to get hold of her life and honor and made her entirely your creature. One of the counts is so bad that it would send you to jail for life, but I will be lenient with you, considering you are a cripple. I think it my duty to sentence you to ten years in the penitentiary."

Mr. Mullin asked for a reserve case on Mrs. Johnson and gave his reasons in detail. This was refused by the judge and court adjourned.

Special to The Standard. Ottawa, June 1.—General Hughes announced that the 46th Edmonton Regiment will arrive here tomorrow on its way to Valcartier. The battalion will be inspected in Ottawa by the Minister of Militia and reviewed by the Governor General.

ENEMY USING POISONOUS GASES AGAINST RUSSIANS

No Important Change in Region of Shavli—Petrograd Report Says 238 Officers and 10,442 Men Captured by Russians in Three Days.

Berlin, June 1, via London, 8.30 p. m.—According to an unofficial report from Piotrkow, Russian Poland, the Russians have evacuated Radom, in Poland, to the south of Warsaw.

Petrograd, June 1, via London, June 2, (2.33 a. m.)—An official communication issued this evening, says: "In the region of Shavli there has been no important change. West of the village of Kurkoviyan the fighting continues on the front of Travliany Gailiaki. We captured, Monday, after a bayonet fight, the latter village, which was strongly organized and which the Germans defended stubbornly."

"On the left bank of the Vistula, Monday night, the enemy developed a very active artillery fire on the whole front north of the Pilica river. Toward four o'clock in the morning, the enemy, spreading a cloud of smoke and making an extensive use of deleterious gas, attacked with considerable forces, our position on the Brura river near Brohow, Sochaszow and Koslow, and displayed special tenacity on the Lower Rawka river, in the sector marked by the villages of Mizerka, Volla and Szidowska. "Despite the expenditure of an enormous quantity of asphyxiating gas, the odor of which was percept-

CROP OUTLOOK IN THE WEST IS VERY BRIGHT

Growth Ten Days Ahead of Last Year—Moderate Rainfall this Month Will Ensure Heavy Crop.

Special to The Standard. Ottawa, Ont., June 1.—Mr. W. D. Scott, superintendent of immigration, who has just returned from a trip through the west states that the growth is ten days ahead of last year and the grain is uniformly even.

The best and heaviest rainfall has occurred in last year's drought area, and only a moderate rainfall this month will ensure an early and heavy crop all over the west.

He states that the only immigration encouraged at the present time is agriculturalists with considerable capital. The immigration at present is confined to well-to-do Americans who, in considerable numbers, are buying up land in the west.

Mr. Scott remarked upon the large acreage of prairie land which is being broken for seeding next season.

SAYS RESPIRATORS DO NOT PREVENT GAS POISONING

Toronto, June 1.—That the respirators, or "muzzles" as the British "Tommyes" call them, fail to save the men in the trenches from gas poisoning is the assertion of a non-commissioned officer in the British army, who writes to his uncle, Rev. A. Logan Geggie of Toronto.

"The wind being favorable, and the gallant Wurtembergers being in a domestic frame of mind, they 'turned the gas on.' All donned the efficacious antidote, (a chemically treated pad of cotton wool four inches square.) Eyes began to water and smart uncomfortably, and the fog rolled on. In case my writing is not sufficiently descriptive, just ask your wife to throw a handful of chloride of lime in your face. That should give you a fair idea of the preliminary stages of the gas trouble. And the fog rolled on. Breathing became difficult. Bloodshot eyes shot rapid, pathetic questions. Why does Corporal Jones turn blue in the face? Why does Tom Brown suddenly snatch the pad from his lips, and, screaming, through himself down in the trench? Alas, it is all too soon apparent that the "muzzle" is not antidoting a pennyworth. And then the debacle."

COMMANDER OF ITALIAN CAVALRY

CONTE DI TORINO
Conte di Torino, cousin of the King, is in command of the justly famous Italian cavalry. He has shown great military ability, and it is expected he will distinguish himself in the war with Austria.

ROUMANIA UNDECIDED

Italy Awaits Entry—Reported Negotiations in Progress Between Roumania Government and Great Britain.

Rome, via Paris, June 1.—The Rome papers and people are absorbed in the question of the possible entrance of Bulgaria and Roumania in the war. There was a firm conviction among the people generally that Italy had only to declare war against Austria to bring in Roumania, but a week has passed and Roumania shows no disposition apparently to depart from her neutrality.

It is explained here in certain authoritative circles that Roumania is still negotiating with Great Britain, France and Russia for recognition of her claims. Late advices are to the effect that Russia especially is not inclined to give way to what she considers rather exaggerated demands, particularly in view of the fact that Italy is now at war, and this has already relieved the German and Austrian pressure, chiefly in Galicia.

ST. JOHN MAN TAKES BRIDE AT FREDERICTON

Leo J. Gallagher and Miss Frances Fraser Married in St. Dunstan's Church Yesterday.

Fredericton, June 1.—A pretty wedding took place at St. Dunstan's church this afternoon, when Miss Frances M. Fraser of this city, was united in marriage to Mr. Leo J. Gallagher of St. John. Rev. F. L. Carney, pastor, performed the ceremony in the presence of a large congregation.

WILL AT NEW RIVER THREATENED BY FIRE

Fire in a sawdust pile at the New River Lumber Company's mill threatened to destroy the mill property last night. The employees of the mill fought the flames, but had great difficulty in saving the company's property. At an early hour this morning the fire was still burning.

Doctor Said Only Hope Was in an Operation

Was Skeptical When He Began the Use of Dr. Chase's Ointment—Relief Came Quickly.

Here is a plain, honest statement in regard to Dr. Chase's Ointment. Between the lines of this letter you can read the gratitude which its writer feels. One does not suffer from annoying, distressing piles for ten years without appreciating a cure when it is obtained.

ARRIVAL OF WARSHIPS SAVED THE SITUATION

London, June 2.—Advices from Mitylene, according to an Athens despatch to the Exchange Telegraph Company, say that Allied troops recently were on the point of being surrounded by several companies of Turks, who succeeded in breaking the British lines between Mezentez and Kalitopou, when Allied warships hurried to the scene and by their timely arrival dispersed the Turks, killing the greater part of them.

FEELING IN SPAIN RUNNING HIGH SINCE THE WAR BROKE OUT

Madrid, via Paris, June 1.—Feeling between the anti-Germans and pro-Germans in Spain runs high. Two editors, Senor Blanco, whose tendencies are favorable to the allies, and Senor Borrás, who is pro-German, fought a duel today with sabres. Both men were wounded.

HON. MR. FLEMMING MUCH IMPROVED YESTERDAY

Friends of Hon. J. K. Flemming will be pleased to learn that a report from Woodstock last night stated that his condition was much improved and an operation will not likely be necessary.

OFFICIAL REPORTS

FRANCE

Paris, June 1 (10.28 p. m.)—The following official communication was issued by the war office tonight: "Very spirited actions have extended in the sector to the north of Arras and we have realized new progress."

"Notwithstanding several violent counter-attacks the enemy has not been able to dislodge us from the trenches conquered by us in the wood adjoining the road from Aix Noullette to Souchez. We have also maintained our gains to the northeast of the Chapel of Lorette.

"The violent engagements of which the sugar refinery at Souchez had been the centre for two days, has ended to our advantage and we have occupied the refinery. During the course of the night the enemy re-captured it, but at daybreak we drove him out and we remain masters of the positions in spite of all counter-attacks. We have inflicted heavy losses on our adversaries.

"In the Labyrinth to the southeast of Neuville we continue to carry on by one of the German works. We have made important progress in the northern part of that fortified system and have taken about 150 prisoners. All the ground gained has been conserved.

"In the outskirts of Le Pretre forest, after a violent bombardment from us some portions of the trenches which we had gained the day before yesterday, we have strengthened all the rest of our gains."

AUSTRIA

Vienna, via Amsterdam and London, June 1.—The following official communication was issued today: "East of the San cur troops were attacked Monday night along the

Land Fighting At The Dardanelles Disastrous To Turks Whose Losses Are Repored Enormous

TURKS FELL IN THOUSANDS BEFORE BRITISH IN LAND FIGHTING AT DARDANELLES

Captured Prisoners Testify to Terrible Havoc Wrought Among Ottomans by British Guns and Bayonets — Only 120 Out of One Regiment of 3,000 Escaped — Losses to Turks in Fighting on Gallipoli Peninsula Over 40,000.

London, June 1.—A prisoner captured a fortnight ago in the Dardanelles, says that the Turkish losses in the defence of their positions on the Gallipoli Peninsula were, at that time, over forty thousand men.

This information was given out in an official statement in London today.

"Regarding the operations in the Dardanelles, Turkish prisoners recently arrived in Egypt say that the Ottoman losses in the fighting on the Gallipoli Peninsula have been terribly heavy. The Twentieth Regiment was almost annihilated, its colonel alone of all the officers escaping death or capture. Almost equally severe were the losses borne by the Fourteenth Regiment.

"The losses in officers generally have been very heavy and the gaps are being filled by naval officers and cadets from the military school. Men from every military class are now found in the same unit.

"The attacks on the Krithia positions early in May were mostly costly operations for the Turks. Ordered by Gen. Von Sanders, to attack with empty magazines, with the bayonet only, and by night, they assaulted our columns. Repeatedly they were caught by the searchlights of the Allies in close formation and terribly punished at point blank range by machine guns and rifle fire. Only 120 men could be collected out of a regiment originally 3,000 men strong.

"The mountain guns of the Allies on more than one occasion caught the Turks as they were assembling at night for attack, and assisted by searchlights, they were kept for some minutes at a time under heavy rifle and shrapnel fire which inflicted serious losses.

"The landing, said an Arab officer who was among the officers taken prisoners, was costly and difficult, but it was badly carried out and when your troops were once established on the peninsula it was our turn to suffer the heavier losses in a series of desperate and unavailing counter-attacks. I was made prisoner a fortnight ago. We then had lost at least 40,000 men killed and wounded."

"It is further stated by prisoners that two Turkish battalions attacked each other by night near Gaba Tepe, losing heavily and ultimately stampeding in spite of the efforts of their officers to rally them.

"Prisoners say that the firing of the British machine guns has been particularly well directed and violent, and that the naval guns have at times been most effective. Men who were in the trenches near the points where the heaviest shells burst were frequently so dazed and shaken by the explosion as to be paralyzed.

"The prisoners in some cases frankly admit that they do not in the least know why Enver Pasha and Talaat Bey went to war, while others curse the Germans heartily."

MAJ. MERSEREAU ON THE ROAD TO RECOVERY

Lost power of speech for time after being wounded, but is now improved.

Special to The Standard.

Fredericton, June 1.—Letters received here yesterday by Mrs. H. E. McLeod from Mrs. C. J. Mersereau brought cheering news that Major Mersereau, who was wounded at Ypres and was able to talk a little. Major Mersereau's speech had been paralyzed as result of shrapnel wound in the head, and according to his physicians it was only his wonderful constitution that enabled him to pull through at all. A large piece of shrapnel was taken from his brain and an abscess that had formed as result of the wound had to be removed. He is now in London, and at the time the letter was written, May 9, was sitting up in bed and drawing plans of the battle, being unable to talk enough to tell about the fighting.

NON-COMBATANTS KILLED BY AUSTRIAN AVIATORS

Rome, June 1.—Austrian aeroplanes have flown over Bari and Brindisi, scapots on the Adriatic, in Southern Italy. They threw bombs which killed one person and wounded two others. This information was conveyed in an official statement which reads as follows:

CARRIED SEVERAL OF THE RYNDHAM'S PASSENGERS

New York, June 1.—The Holland-America Line steamer Rotterdam sailed today for Rotterdam with many of the passengers of the steamer Ryndham, who were brought back to this port last week, after the Ryndham had been in collision off Nantucket Shoals Lightship. In addition to the Ryndham's passengers the Rotterdam carried a large number of her own passengers.

LARGE AMOUNT OF BARBED WIRE EXPORTED TO WARRING NATIONS

New York, May 29.—One large item of export for use in the war is barbed wire. Foreign governments have been heavy buyers of this product and it is estimated that the total purchases have been fully 500,000 tons. of this tonnage the American Steel and Wire Company probably got half. Jones and Laughlin Company and Cambria Steel Company have also got large orders for this wire.

Orders for shrapnel bars and forgings taken by Carnegie Steel Company are estimated roughly at 100,000 tons. National Tube Company is turning out an unimportant tonnage of small shrapnel "bottles" by the steamless tube process and other subsidiaries have doubtless taken smaller tonnages of shrapnel bars. But the corporations total business of this character can hardly exceed 150,000 tons.

REPORT OF CROP CONDITIONS THROUGH WESTERN CANADA

Some time lost owing to heavy frosts, but no permanent damage has resulted.

Winnipeg, June 1.—"General conditions good, 76 points declare plenty of moisture, 69 would like rain and 23 needed it badly, little if any permanent damage from frost or cut worms, acreage reseeded very small, oats all seeded, increase of acreage 20 per cent, big increase in fodder corn and alfalfa."

Thus a local newspaper sums up the result of its investigation of crop conditions from replies received from over a 150 points scattered strategically throughout Western Canada. One hundred and thirty two points report conditions excellent and fourteen as fair. Very many reports state conditions could not be better. A number of points state crop has splendid root, is well stored and vigorous. While it is evident that some little time has been lost by heavy frosts on May 18-19, there has been absolutely no permanent damage and the season is still at least ten days in advance of last year.

WILL OPEN NEW POSTAL STATION AT YARMOUTH

Yarmouth, N. S., June 1.—A post office is to be established on the premises of A. P. Lewis. The new postal district will be named "Yarmouth South" and the postmaster will be A. P. Lewis, a gentleman who is eminently qualified to perform the duties and whose selection for the position is in every way acceptable to the people in that section. The office will be established at once. This makes the fourth post office in town, the others being Yarmouth, Yarmouth North and Salem (Yarmouth).

ITALIANS THREATENING AUSTRIAN CITY OF TRENTO BY ATTACK FROM REAR

Whole Plateau of Lovorane occupied by Italians — Weather impeding operations in Adige Valley.

Verona, Italy, via Paris, June 1, (3.25 p. m.)—Rainstorms and fog are preventing a rapid development of Italian operations against the Austrian positions in the Adige Valley. Some Alpine detachments and two regiments of Bersaglieri have been exposed to the weather, soaked for fifty hours without the possibility of going into camp.

Long range cannon are now being transported by the Italians towards the points to be occupied, one of which is within seven miles of Rovereto.

The whole high plateau of Lovorane now is in the hands of Italian troops who also are threatening to take the Austrian city of Trento from behind along the Fume Valley.

The Austrian authorities evidently realize the danger threatening Trento, because they have ordered the evacuation of all persons and institutions considered "useless." Included in this category are judges and lawyers, law courts which are being transferred to Mezzolana, a village some ten miles further to the north.

Archduke Eugene in Charge of Forces Defending Trento.

Brescia, Italy, June 1.—It is believed here that Archduke Eugene has assumed personal command of the Austro-Hungarian forces defending Trento.

The Archduke was in command of the Austrian army that advanced against Serbia, and after the loss of Belgrade he was given command of all the troops in the south. Eugene is very popular among the Austrians. His brother, Archduke Frederick, is the Austrian commander-in-chief in the operations against the Russians.

He is thoroughly familiar with the Alpine country bordering on Italy for the reason that for many years he was in command of the Austrian army corps stationed at Innsbruck.

RESERVIST OFFICERS OF ITALIAN ARMY CALLED HOME FROM CANADA

Winnipeg, June 1.—The Italian Vice Consul here has been notified by his government that all Italians on the lists of reservist officers must return immediately and report in Italy at their particular military districts. The government pays all expenses.

All Italians in Canada born between 1865 and 1895 inclusive, who are liable to military service, are to hold themselves in readiness to return to Italy. When the news became known at Port Arthur one Italian exclaimed: "When we fight for Italy we fight with Canadians."

THE PROVINCIAL GOVERNMENT HOLDS MONTHLY MEETING

All members present—Arrangements for completing Valley Railway work to be reached at present session.

Special to The Standard.

Fredericton, June 1.—The monthly meeting of the provincial government opened this evening all the members of the executive being in attendance, several members of the legislature are also here, including B. Frank Smith of Carleton, and T. J. Carter of Victoria. A. R. Gould, president of the St. John and Quebec Railway Co., also arrived this evening and some settlement of St. John Valley Railway matters so that construction work can be continued soon will be reached at this session of the government which will probably continue until Thursday evening. This evening's session was devoted entirely to routine matters on schedule.

HEBREW WEDDING AT WOODSTOCK LAST NIGHT

Woodstock, N. B., June 1.—One of the most important events of the season was the marriage at the Hayden Gibson Theatre, this evening, of Marion Elizabeth, daughter of Mr. and Mrs. Philip Isaacson, and Abraham Wilson, both of Woodstock. Rabbi Abraham Ruvetz, of St. John officiated. The Jewish residents of Carleton, Victoria and Aroostook counties, to the number of some hundreds occupied the pit of the theatre, while 500 invited guests had seats in the balcony.

As the bridal party surrounded by their compatriots carrying lighted candles, left the pit for the stage, Clyde Cambers Orchestra delightfully rendered "Mendelssohn's Wedding March." The bridesmaid were Genevieve Jacobson of Perth, and Freda Acker, of St. Stephen; Jennie Jacobson, of Perth, maid of honor; Annie Isaacson, a sister, Jennie Schwartz, Eastern Rapaport and Ida Rapaport, all of Caribou, were flower girls. Mr. and Mrs. Schwartz, of Caribou, attended the groom, and Mr. and Mrs. Samuel Campbell, the latter a sister of the bride, waited upon the bride, who was given away by her parents. At the conclusion the guests partook of a beautiful supper. Dancing was enjoyed until early in the morning.

New York, June 1.—Severe earth tremors were recorded on the seismograph at Fordham University here today. The disturbance which appeared to be about 3,500 miles from New York, lasted an hour and nine minutes.

FIGHT LASTED LESS THAN A HALF HOUR

Capture of Ablain-St-Nazaire by French an easy task—400 of enemy surrounded in a body.

Paris, June 1.—The official eye-witness today gives supplementary details of the capture by French forces of the town of Ablain-St. Nazaire, to the northwest of Arras.

"French troops," the writer says, "on May 12, occupied most of the position and on May 28 and 29 succeeded in completing its capture. In the first attack we occupied many houses and important vantage points but the Germans clung tenaciously to the church and cemetery. It was through the centre of the village and in and around the cemetery, therefore, that the hot fighting took place.

"On May 28, the same division which had distinguished itself by the capture of Carency, taking 2,700 prisoners in four days began the attack. The commander of the French forces knew exactly the enemy's strength—five quick-firers in the cemetery and four quick-firers stationed in a priest's house—as well as many other details, including knowledge of the low morale of the troops to which the German prisoners had attested.

"Before the attack was begun a heavy fire was directed on the ground behind the cemetery, thus effectively preventing the enemy from advancing any reinforcements. Bravely charging over the broken ground our troops were not long in attaining their objective, dispersing the Germans before they had time to get their rifles in position. Other soldiers executed a flank movement and attacked and routed the Germans.

"The position was being quickly organized when a strange apparition appeared. It was a thick column of the enemy running toward us. We believed it was a counter-attack and we prepared to resist it. But the men were all unarmed and with hands raised above their heads they were giving themselves up, racing at full speed across the cemetery in fear of their own guns whose fire was more deadly than that of the enemy. Four hundred Germans including seven officers, arrived breathless in our trenches. The whole action lasted but fifteen minutes.

"During the night and the following morning the whole village was captured from the several hundred soldiers holding the position. After the attack on the 29th of May, twenty alone remained living, most of the others having been killed by their own artillery for wishing to give themselves up to the French."

ROYAL BAKING POWDER

ABSOLUTELY PURE

Insures the most delicious and healthful food

By the use of Royal Baking Powder a great many more articles of food may be readily made at home, all healthful, delicious, and economical, adding much variety and attractiveness to the menu.

The "Royal Baker and Pastry Cook," containing five hundred practical recipes for all kinds of baking and cookery, free. Address Royal Baking Powder Co., New York.

BERLIN REPORTS SAY FRENCH WERE DRIVEN BACK

Berlin, June 1, via London (6 p. m.)—The war office gave out the following statement today:

"The French yesterday attempted to break through further north. An attack on a front of two and one-half kilometres (about one and one-half miles), directed against our positions between the Souchez-Bethune road and the brook at Carency, broke down under our fire with heavy losses to the enemy. The only point at which hand-to-hand fighting developed was west of Souchez."

"In the forest of Le Pretre we succeeded in recapturing the greater part of our lost trenches. Here the enemy suffered considerable losses.

"In other sectors our artillery had some gratifying successes. As the result of one fall hit on the French camp to the south of Mourmelon-Le-grand between three hundred and four hundred horses broke loose and rushed about in all directions. Numerous vehicles, including many motor cars, quickly left the camp.

"A munitions depot of the enemy, situated at a point north of Saint-Menehould and northeast of Verdun, was blown up. As a reprisal for the bombardment of the open town of Ludwigshafen we threw numerous bombs last night on wharves and docks of London. Enemy airmen last night bombed Ostend, damaging some houses without causing any other injury.

"In the eastern theatre of war: "Near Amboin, fifty kilometres (about thirty miles) east of Libau, (Courland) German cavalry defeated the Russian Fourth Regiment of Dragoons. Near Shavli hostile attacks were unsuccessful. Our booty in the month of May, north of the Niemen river, amounts to 24,700 prisoners, seventeen cannon and forty-seven machine guns; south of the Niemen and the Pilsa, 6,943 prisoners, eleven machine guns and one aeroplane.

ST. MARY'S AND GIBSON RESIDENTS VOTED AGAINST INCORPORATION

Special to The Standard.

Fredericton, June 1.—Residents of St. Mary's and Gibson voted against incorporation as a town today. Opponents of incorporation won out after a stiff fight. The vote was 163 for incorporation, 166 against, and two ballots rejected.

CARRIES WOMAN COOK.

Another cargo of pulpwood reached here in the steamer W. H. Dwyer, coming from Dalhousie, N. B. Capt. McLeod, her commander says the ice conditions along the provincial coast have improved rapidly the past week, the course being now practically clear, although he sighted a few low lying growlers at a safe distance. The steamer has just come around from the Great Lakes, having a long and disagreeable passage in getting through the ice on her way to Dalhousie. As is customary with most of the steamers on the lakes the Dwyer carries a woman cook and steward.—Portland Argus.

Children Cry for Fletcher's CASTORIA

The Kind You Have Always Bought, and which has been in use for over 30 years, has borne the signature of Dr. J. C. Fletcher and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrup. It is pleasant. It contains neither Opium, Morphine nor other Narcotic substance. Its age is its guarantee. It destroys Worms and allays Feverishness. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic, all Teething Troubles and Diarrhoea. It regulates the Stomach and Bowels, assimilates the Food, giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

"We are fighting for a worthy purpose, and we shall not lay down our arms until that purpose has been fully achieved."—H. M. The King.
TO THE PEOPLE OF THE EMPIRE—Every fighting unit we can send to the front means one step nearer peace.

ITALY'S CRACK TROOPS.

Last night's despatches mentioned the Bersaglieri as being in the front line of the Italian advance into Austria. It could hardly be otherwise, for the Bersaglieri, or Light Infantry, of the Italian army, will rank with the finest soldiers enrolled under any of the banners now flying on the battlefields of France, Austria or Galicia. The Bersaglieri occupy the same place in Italian military reckoning as the Life Guards of Britain, the Prussian Guards of Germany and the Cossacks of Russia. Up to the present war the Prussian Guards were counted as the finest soldiers in continental Europe, but events have shown that they could not stand up to the crack English regiments when it came to breast to breast fighting, the fighting where mettle counts.

The Italian Bersaglieri are the flower of the army, athletes every one of them, inured to hardship and peculiarly well adapted for campaigning in the country to which their efforts are likely to be confined. They are in the front of the advance, where the brunt of the fighting force will strike, and may be depended upon to give a good account of themselves.

The endurance of the Bersaglieri has been proven on several occasions. Some years ago, during the Russian Japanese war the Japanese set up some wonderful marching records and it was then held that no European troops could equal them. The Bersaglieri accepted the challenge and in tests made during military manoeuvres, not only equalled the record but beat it beside finishing in excellent condition.

The word Bersaglieri, really means "marksman", and such a splendid position does the corps occupy that it is not uncommon to find three generations consecutively represented in the ranks. They claim direct descent from the little army of 70,000 men who faced the Austrians in the war of 1848 in a gallant but fruitless struggle for liberty. This time they are also fighting for the liberation of their countrymen but with much better prospects of success, for the entrance of Italy into the war will undoubtedly turn the scale so heavily against Germany that Italy at the end of it will find herself allied with a combination of the world's most powerful nations and in a better position than ever to work out her plans for a larger place in the sun.

WHAT THE WOMEN HAVE DONE.

That a comprehensive effort is to be made tomorrow, June 3rd, to secure a representative contribution to the Belgian Relief Funds is very largely due to the splendid spirit of sacrifice and the untiring energy displayed by the women of St. John. In all lines of patriotic work the St. John women have been zealous and their efforts have been crowned with splendid success. Whether organizing entertainments, the proceeds of which were devoted to patriotic funds, or providing socks and other comforts for the men who are doing men's work in the fore-front of the Empire's battle lines, or in visiting the wives, mothers and sisters of those men, dispensing a word of cheer and consolation, and providing assistance where needed, the women of this city of the Loyalists have proved well worthy of their ancestors.

And they have benefited by the experience. Patriotic endeavor knows no social lines and the mingling with each other of women who, in ordinary social life, would not meet, has been generally beneficial. It has tended to broaden the viewpoint and enlarge the sympathy, it has proved a pleasant relief from the routine and while pleasant has left behind it the consciousness of good work well done.

Many times have the men of St. John had reason to express their gratitude to the women of this city, but on no occasion more than in connection with the important items of relief work made necessary by the war, and which are being so well attended to by the various women's organizations. The women of St. John are women to be proud of.

GERMANY AND UNITED STATES.

If the United States government does not sharply express its dissatisfaction with the German reply to the American note in the matter of the sinking of the Lusitania it will go contrary to American opinion, as expressed by some of the great newspapers of the republic to the south of us. An editorial appearing in the New York Herald on Monday morning may be taken as fairly representative of the view of the New York newspapers which do not give thick and thin support to the Wilson administration. The Herald says in part:

With regard to the attacks upon the American steamships Cushing and Gulftide, the German government says it "is investigating," and then proceeds to advance the naive suggestion that there might be another investigation under the auspices of the Hague agreement. In the light of Germany's continued breach in letter and in spirit, of practically every article of that agreement, is it not an insult to the government of the United States and to the intelligence of the American people for Germany to come forward at this late hour with a proposal to submit to the Hague the protection of American rights?

"Scarcely less thinly veiled is the insult contained in Germany's recommendation to the 'attentive examination' of the United States what it is pleased to call 'facts' in the Lusitania case—facts not substantiated, and which cannot have any real bearing on the issue if they were substantiated. Here is plain intimation that the United States has not been protecting its own neutrality, that it has not been attending to its own business, or that it went off 'half cock' in protesting against the slaughter of the Americans who were passengers on the ill-fated vessel."

COALITION TALK.

Coalitions were popular in Canada at Confederation. The first Dominion Government was a coalition and so was the first Government of Ontario. A new order of things had been ushered in, and it was thought that nothing but evil could come from prolonging old feuds and revamping old shibboleths. But that egregious humbug, George Brown, soon abandoned his belief in coalitions and raised the cry that they were immoral because they involved a sacrifice of principle by one party or the other or by both. He used to talk much in the Toronto Globe about the "fixed principles" of Reform and Liberalism although no one knew what they were, his one fixed principle through life being to lay hold by hook or crook of other people's money and waste it in his wild speculations.

Liberals have now abandoned all pretence of having distinctive principles. A suggestion that Sir Wilfrid should join Sir Robert Borden's Cabinet, at all events till the war is over, was made the other day in Manitoba, and Mr. Norris, the new local Premier, said he was sure Sir Wilfrid would "accept the proffered hand," "especially," as an Independent Liberal paper in Winnipeg added, "because Sir Wilfrid has now no policy of his own except opportunism." So far as one can ascertain, however, the Conservative party does not favor a coalition. There is no reason why it should. The Asquith Cabinet, which, as has been noted, was remodelled on a coalition basis, came to grief in consequence of the fiction of Mr. Winston Churchill, who undertook to set himself above the naval experts, and also because through someone else's bungling a sufficient quantity of high explosive shells had not been supplied to the army in the Western theatre. The Borden Government, on the other hand, has discharged its arduous duties since the war began with conspicuous courage and success and possesses the confidence of the country.

The Liberals want to return to office, but surely it does not follow that Sir Robert Borden should dismiss a number of his associates in the Cabinet in order to make room for them, or that Canada should have a coalition because one has been forced by circumstances upon England. We can quite believe that if Liberals entered the Cabinet they could embrace Conservative doctrine without difficulty, having no settled doctrine of their own the party has become a mere heap of sand, an incoherent mass of individuals each one interested in his own crotchets but ready to abandon it at a moment's notice for the comforts and emoluments of office. Conservatives are doing a great work for Canada and the Empire which they wish to carry to a successful issue; besides which they desire amongst other things to uphold the protectionist policy they inaugurated nearly 40 years ago, that has done and is doing so much for the material advancement of the Dominion. In other words, they have sane and definite aims and are quite capable of realizing them without any help from those who have been striving by unscrupulous methods to thwart them.

als each one interested in his own crotchets but ready to abandon it at a moment's notice for the comforts and emoluments of office. Conservatives are doing a great work for Canada and the Empire which they wish to carry to a successful issue; besides which they desire amongst other things to uphold the protectionist policy they inaugurated nearly 40 years ago, that has done and is doing so much for the material advancement of the Dominion. In other words, they have sane and definite aims and are quite capable of realizing them without any help from those who have been striving by unscrupulous methods to thwart them.

The Haze of War.

"Our fellows came back to the attack . . . their language was strong and wonderful."—A Canadian Officer's Letter.

"The enemy used asphyxiating bombs."—German Wireless.

"Who's upon our left?" remarked the feller next to me.

"The Bosches are a bashin' them as far as I can see;

The Bosches they have carried all the trenches of their line,

Here go our gunners for to paralyze the swine!"

An' lookin' somewhat leftward through the glasses that I found

At Neuve Chapelle upon the person of a German 'ound,

I saw a bit of khaki goin' backward for a spell,

I didn't hear their rifles, but their language it was hell.

And I sez to the chap on my right,

"Them fellers that's having a fight,

Are Canadians—plummy old Canadians.

Who'd a thought o' seein' 'em fightin' on this shore?"

They'll educate them aliens

Like the blinky blank Australians,

Jolly old Canadians, who speak the tongue of War."

"What is goin' to happen?" sez the feller next to me;

"The Bosches are a runnin' back so far as I can see;

The Bosches they are boltin'—their retreat has just begun,

A khaki line a comin' up to pulverize the Hun."

An' lookin' through me Zeisses, lo! I saw a noble sight;

A nipsey half division bifed the German left and right,

A sort of haze was round 'em, which I nachrally implied

Was created by their language which was wholly justified.

An' the chap on my right sort of hissed,

"What creates that curious mist?"

"The Canadians—tough as teak Canadians.

So kindly close your ears," I sez,

"unless you want a shock."

Their language pierced the heavens

High above the four point sevens,

Steady, old Canadians, who wouldn't take the knock.

—E. W.

Current Comment

Italian Successes

(Ottawa Journal)
It will be unwise to expect rapid Italian successes. The road to Vienna will be no easy task for Italy. Austria has shown that she is capable of a terrific resistance, is likely well prepared, and her frontier is a natural fortress. But there can be no doubt of the end. Austria and Germany are being surely surrounded, by a ring of powerful enemies and victory cannot be doubted. The price may stagger humanity, but humanity will win.

Northcliffe and Kitchener.

(Toronto Mail and Empire.)
The Northcliffe press campaign against Lord Kitchener may have been brought on by the War Minister's refusal to give these particular newspapers special news privileges. At one time several months ago Lord Kitchener told Lord Northcliffe personally that his newspapers would be suppressed if they published a certain item ordered to be omitted. Now the Director of Public Prosecutions is being charged with the duty of still more strictly controlling infractions of the censorship rules. Lord Northcliffe will get little sympathy if his newspapers are caught.

Less Miserable.

At Vienna, old Francis met Kaiser the Hun.
To talk over victories that neither had won.
The Emperor looked weary, the Kaiser was bored,
As fiercely he rattled his well polished sword.
Said Francis, "I feel I have lowered my pride,
When I think how my war news has constantly lied;
Why the Russians we captured, by hook or by crook,
Would leave none to protect their heroic Grand Duke."

"We must win," said the Kaiser, "on paper, or field,
And our Censor must see that the truth's not revealed;
If the Russians declare they take prisoners galore,
We must say that we captured a full army corps."
"That's how war is made," went on Wilhelm the rash,
As he took off his helmet and twirled his moustache.
"My war-news for home is selected and good;
Germans think we're in Paris, 'tis well that they should."

Little Benny's Note Book.

By LEE RAPE

I was wandering around the house this afternoon imitating the general of an army, the rest of the army following me, and awl of a sudden the rest of the army, being my puppy dawg Spout, started to sniff like he was sniffing something, and beer war was it he smelled but a piece of chewing gum stuck undir a chare in Gladdis room as if sumboddy had put it there dill the next time they wuntid to chew it.

Halt, I sed. Ony the rest of the army had halted awlready and was trying to get the chewing gum, ony he wasnt big enuff to reach it.

G, I thawt, that's a funny phase to put chewing gum.

And I sat down awn the floor and looked at it. Its a pritty big pece, awl rite.

And Spout kepp awn trying to reach it and not beeing abel to, and I thawt, I gess it would be awl rite for me to take it awf and chew it, it would be awl in the famerly.

And I took it awf the bottom of the chare, not beeing hard to get awf, thinking, if I dont like it I can put it back.

Wich I hadn't hardly put it in my mouth wen who calm in the room bu my sistir Gladdis, sayin', Wat are you doing in my room.

I jest calm in heer with Spout, I sed. Not lettin' awn I had anything in my mouth exsept teeth and things, and Gladdis startid to wawk eround hummin' to herself as if she wasnt doing anything in pertickler, and aftir a wile she wawked up to the chare and fent undir it and then she looked at me, me looking back at her without movin' my jaws.

Wats you looking for, Gladdis, I sed.

Nothing, sed Gladdis. And she went out of the room agen, and I dis-kuvvrid the flabor was speermit.

Francis Joseph looked sad—said he, "Think of my plight.

If a squadron of Cossacks should spring into sight,

Why, my people would think me gone hopelessly mad.

If I told them my troops were in far Petrograd."

Said the Kaiser, "This war is a campaign of bluff,

And Potsdammed be he who first cries 'Hold, enough!'

If we can't sink their navies, nor hack our way through.

Big bluffing is all that is left us to do."

(J. C. W.)

Jewels and Junk.

In the list of its members a Boston orchestra advertises a violinist named Donald Breath. Our opinion is that Mr. Breath would have done much better on the bassoon.

Now that the street car difficulty has been settled, how would it do to put a few more cars on that Glen Falls route

The Best Quality at a Reasonable Price.

Before You Go On Your Vacation

Be sure your glasses are in proper condition. Step into Sharpe's and have them adjusted. No charge will be made for this service but the increased comfort and benefit you get from your glasses will be great.

The best frames get out of adjustment through cleaning, handling and rough usage and require the services of a skilled optometrist to get them in shape so they will hold the lenses in the proper position before the eyes.

It is always wise to take a reserve pair of glasses with you when you leave the city. Then if an accident happens you are not made uncomfortable while the broken glasses are being sent to Sharpe's for repairs.

When you come in ask for a demonstration of our new tinted lenses. They are ideal glasses for summer wear.

Ladies' Tan Calf Oxfords, red rubber sole and heel, \$3.50 to \$5.00.

Children's Brown Duck Strap Sandals, red rubber sole, 75c.

Our store will be open for business Thursday, June 3rd.

FUNERALS.

The funeral of Wilford G. Enslow, who was drowned on last Sunday at Rothesay, took place yesterday afternoon from his parents' residence in Rothesay to the Church of the Redeemer, where burial services were conducted by Rev. Charles J. McLaughlin. Interment took place in the new Catholic cemetery.
The funeral of John Irvine took place yesterday afternoon from his late residence in Milford. Burial services were conducted by Rev. Gilbert Earle and interment took place in Cedar Hill.

JOE MAHONY WRITES.

Joseph P. Mahony, a St. John man, who was wounded at the front, has sent a letter to his sister, Mrs. R. James, of Boston. The letter states in part as follows: "My wound in the leg has healed up and I am now over at the base. I suppose you saw in the papers that the Canadians lost so many men, but they paid the Hun back though they had not used the gas. If you went through the country here and saw some of the awful sights, little children young and old, murdered, churches blown to pieces. They even crucified the priests and outraged sisters and nuns. Well, I could tell you more, but . . ."

PILES

Do not suffer another day with itching, bleeding, or painful Piles. No surgical operation required. Dr. Chase's Ointment will relieve you at once and as certainly cure you. 50c a box; all druggists, or J. B. Robinson, Boston & Co., Limited, Toronto. Sample box free if you mention this paper and enclose 10c stamp to pay postage.

GORDON NUTTALL GIVES GRAPHIC DESCRIPTION OF A BIG BATTLE

Says Canadians Taught German Lesson at Battle of Ypres.

AEROPLANES ATTACK Lads From New Brunswick Do Their Part In All Fights.

How two St. John soldiers, brothers, met on the battlefields of France is graphically told by Gordon Nuttall in an interesting letter to his mother, Mrs. John T. Nuttall, of 140 City Road. Mr. Nuttall received her letter yesterday afternoon. It was written from France on May 18th and is as follows: Dear Mother and Father: Just a few lines to let you know I am in good health. We have moved twice since we left Ypres. When we started to move at 5 o'clock one night I had to stop the team on account of a fellow's horse jumping into the ditch. At that a battalion came along. I was waiting for them to pass and asked a fellow what brigade that was. He said "the second." I asked if the 10th battalion was attached and he said "yes." Well, they were on the march and looked somewhat tired so I kept my eyes open. They are surely a fine body of men. I heard a few kicking about the march as they must have been into action by their looks and were shifting into another place. As our team was ditched, and we were getting fixed up, we took the road. One fellow says: "Get that team out of the way as we want all the room we can get." I hope they kept right on to Berlin.

Well, I kept my eyes on that brigade all right and who should I see but "Red." I sang out "Good Red," and he jumped out of the ranks in no time, grabbed me by the hands and we just looked each other over. When his platoon found out who we were they just let go. He is sergeant of No. 15 Platoon and they are sure fond of him as he took some tobacco over. I also told him you had shipped more. He says "Gordon, I am just in my glory," and he looked his part. He says: "I am pleased to be with such a fine body of men and they can play the game." They are certainly with him all right for they would not move until we were through. I have seen him twice since. They are getting fixed here now and that is the way to be. Well, Dad, we taught them a lesson at Ypres; if they are out for slaughter we can give it to them and they surely got it good. But it is in a battle like this that you find out the good ones. I can tell you Lieut. Leavitt is some man and no mistake. He and I have been in some narrow places and I wonder how we got through. Yes, Dad, God has been good to us so far. But we get into it and that is all we can do until the last, go at it. If your comrades die like men surely you will do the same. But when a fellow gets good and tired you don't care a damn whether you walk right into it or not.

Jack says the first night in the trenches the shells fell a little and when they brought their Mr. Aeroplane on they did a lot of damage. They were after observations. They are now attacking Hill 60 right along the front and we have to laugh at the tired ones dropping. They are slow chaps and when you see the lad dropping who would not take his place and fill the gap. And the lads from old New Brunswick have done their part. Well, since coming over here we have been attached to the 2nd brigade and I will send you a souvenir. Dad, pretty nearly all the prisoners have a picture of that old bud, the Kaiser, on them. They are a smart bunch but their transports can't get to them and they are surrendering in large numbers. We send our love to all and will write again shortly.

GORDON A. NUTTALL.
Corporal Evans Writes.
France, May 9, 1915.

Received a letter from you some time ago and a little slow in answering it. But then it was right in our busy time, and didn't have any time. We have been shifted twice since I wrote last. But now we are back for a rest, and to get the Canadian divisional straightened up again after their little scrap at Ypres which no doubt you have read in the papers. Well, this is supposed to be a rest but really there isn't much difference only one doesn't know where he will be next and am in a little more danger when one is in action, or supplying ammunition; we haven't had anyone hurt in our column as yet, that is from the German shells, but a few got kicked from the horses.

Well, they do certainly make a noise when they all get firing together, and no doubt there is some one getting hurt on both sides. But for the Germans are using gas that smothers the life out of a fellow, but can only use it when the wind is blowing from them to us. They say there is no standing up against it. But with all their dirty tricks they are not making much headway and are losing an awful lot of men. Now this billet seems to be pretty good and I hope that we will stay here till we go into action again. I have the usual good health and am in good spirits, as everything is going along fine and dandy. We had about ten miles ride this morning before our breakfast, but we are getting used to things like that.

ST. JOHN CONTROVERSARY H. A. POWELL, K.C., RETURNS FROM ST. PAUL MEETING

Adjusted Temporarily; Courts to Decide Issue

Attended Important Session of International Waterways Commission DISCUSS RIVERS

Interests Represented Makes Case of Much Importance. The international joint commission had a session extending over five days in St. Paul in an endeavor to settle the difference between the United States and Canada growing out of the uses of the waters of the St. Mary's and Milk rivers, which are situated in Montana, Southern Alberta and Southern Saskatchewan. Canadians had constructed an irrigation canal for the irrigation of the southern portions of the two provinces. About 500,000 acres of this is capable of sustaining a population of about 50,000 if properly irrigated. In as much as both streams took most of their waters from the republic, the United States claimed the right to appropriate the water of both rivers for the purpose of irrigating the low lands of the Milk river to the extent of about 500,000 acres. With irrigation these lands would be worth from \$50 to \$200 per acre. The irrigable tracts in both countries are semi-arid and crops in both have been very uncertain, and in the last three years crops have absolutely failed. With irrigation these tracts would become as fertile as the valley of the Nile or the Ganges. The scheme of the republic was to dig a canal intercepting the waters of the two rivers and carrying them down to the lands in Montana. After a long diplomatic negotiation a treaty was entered into between the United States and Great Britain by which the two rivers were to be considered as one and their waters were to be equally divided between the two countries, giving to the United States a prior appropriation of 500 second feet in the Milk river, and giving to Canada prior appropriation of 500 second feet in the St. Mary's river. At the hearing in St. Paul twenty-three appearances were made. These appearances were made for the United States, Canada, Montana, Saskatchewan, Alberta, Canadian Pacific Railway, Northern Pacific Railway and several irrigation associations. The main question under discussion at the hearing was the meaning of the words "waters of the Milk river" and "waters of the St. Mary's river." Canada contended that these expressions had to be taken in their natural sense, viz.: All the waters of the two rivers. The Americans contended that the words had to be taken in a restricted sense, and meant only some waters of these rivers or, in other words, particular portions of these rivers. The Americans put up a stiff fight, contending that Canada had no right whatever at international law to have a stream, which in natural condition would flow from the United States to Canada to continue so to flow. The Canadians contended that the contrary was the case. About 2,500 proprietors in Montana were represented by counsel and while they expressed themselves as willing to accept decision of the commission argued their contentions at great length. The Americans have already spent or are about to spend nearly fifteen million dollars in irrigation work on their side of the line. The commission reserved judgment until the testimony had been printed, so far as the interests represented were concerned the case was probably the most important in the history of the world. The international commission will meet in Calais on June 14 to settle the dispute over the diversion of the waters of the St. Croix river at Grand Falls. The pulp company at Woodland acting under the authority of acts of incorporation in Maine and New Brunswick has built a dam at Grand Falls and also constructed a canal through American territory for the diversion of the waters of the St. Croix. The inhabitants of Charlotte county claim that the diversion of the waters has led to the development of industries on the American side exclusively and that the Canadian half of the water has been used for the benefit of American territory and that a recompense should be ordered by the commission for the benefit of New Brunswick.

The 26th Battalion spent the morning in regular routine work. In the afternoon they went on a route march when some indulged in a refreshing dip in the waters of the Bay. The Construction Corps spent the morning in usual routine work. During the afternoon many detachments were about the city indulging in route marching. It has just been learned that Herbert R. Hill has received a commission as captain in the 26th. For the past seven months he has been with the 26th Canadian Mounted Rifles and companies 6, 7 and 8 of the A. S. C. Prior to coming here Capt. Hill was in the Y.M.C.A. work in Toronto where the 18th and 19th Battalions, 4th General Hospital, Ammunition Column and the Cyclist Corps were located. Capt. Hill is very popular with the boys and has made many friends among the soldiers and people of St. John. Many will be glad to hear of Capt. Hill's appointment, but none will be more pleased than the men of the 26th, who have been in personal touch with him for so long a time. It is understood Capt. Hill is making preparations for the comfort and entertainment of the soldiers on their voyage across the Atlantic and in camp on the other side.

and don't mind doing all kinds of funny things that a fellow wouldn't think of doing any other time. By the way, it is awful to see the distress that is among the Belgian people, old people and young children left homeless and walking away from the firing line, carrying with them just what they can, and people that shouldn't have to get out for they are in towns away back miles and the Germans keep that miles and for no other reason that I can see than to destroy property, for the shelling doesn't stop the troops one bit. Thanks very much for sending the papers of St. John. A fellow can see what's going around in that part of the world. The apple blossoms are something lovely here now. Well, my friends, I will close as it is bed time, and not a very good light to write by. Excuse the pencil for I've lost my pen. If you write to mother, give her my love. Tell her I'll well.

Your friend,
CORPORAL W. J. W. EVANS.

NEWCASTLE MAN LOSES FINGERS OF ONE HAND IN SAWMILL ACCIDENT

Special to The Standard. Newcastle, June 1.—Joseph Jonas, an employe in the Hickson Mill, had all the fingers of one of his hands taken off by a saw this afternoon. He is 33 years old and unmarried.

POSTPONE CASE OF I. C. R. DETECTIVE UNTIL NEXT FRIDAY

Constable Roberts of the I. C. R., was in the police court yesterday morning to answer the charge of interfering with Detective Charles Worrell while the latter was doing duty in the depot. The detective testified that some weeks ago he and Special Officer Barrett entered the depot and endeavored to obtain evidence against a man for pocket peddling liquor. He saw a man in the depot lavatory passing a bottle of liquor to another man and while questioning the man Roberts asked the man if he had a ticket and learning that he had, Roberts then told the man that the detective or his assistant had no right to interfere with him, whereupon the man refused to give the detective any information. The detective stated that part of his duties were to attend incoming and outgoing trains. Special Officer Barrett corroborated the evidence given by the detective. Roberts testified that the man who had the liquor was named Nagle and that he was taking the liquor home to his sick wife. Nagle's son had requested witness to see that his father got on the train safe. The magistrate said that it was absurd to think that a police official could not enter the depot to watch suspicious characters. If the police were stopped it would greatly impede the administration of justice. The case was adjourned until Friday morning.

WEDDINGS.
Murdoch-MacRae. At Knox church, Calgary, Alberta, on Tuesday, June 1, by Rev. J. A. Clark, assisted by Dr. A. O. MacRae, William Murdoch of Crosspaw, Alberta, to Janet MacRae, youngest daughter of James G. Armstrong, of St. John.

OBITUARY.
John London. At the advanced age of ninety-two years John London passed away yesterday at the summer residence of his son-in-law, R. W. Wigmore, Bay Shore. He resided for a long time at Wickham, Queens county, and was well and favorably known, not only in that district, but throughout New Brunswick. Three sons and two daughters survive. George of Fort Fairfield, Maine; John of St. John, and Whaley, now at the front with the Royal Canadian Dragoons; Mrs. Arthur Seizel of Kentville, N. S., and Mrs. R. W. Wigmore of this city. The funeral will take place tomorrow afternoon from Sea street, Bay shore.

Robert M. Boyd. News of the death of Monday evening, after an illness of more than six months of Robert Murray Boyd, was heard of with sincere regret by many friends. Mr. Boyd enjoyed the respect of all who knew him and in the business world was greatly respected. He was a son of the late James William Boyd, barrister-at-law, and was seventy years of age. Mr. Boyd was unmarried and the only surviving member of his family is his brother, B. C. Barclay Boyd. The late Mr. Boyd was for many years connected with the business management of the Sun newspaper. The funeral will take place this afternoon at two o'clock from Trinity church.

Walter B. Campbell. Walter B. Campbell, V. S., died suddenly yesterday morning from heart trouble. He was engaged operating on a horse owned by Myer Gordon, in a barn off Long wharf, when he suddenly fell dead. He was one of the best known veterinary surgeons in the city, and his death caused a shock in the community where he was highly respected. He was in the 60th year of his age and a native of Kings county. He resided in the city for the last forty years and during the greater part of that time practiced his profession. He is survived by his wife and one sister, Mrs. Sarah Day of Lakewood, N. J.

Clan MacKenzie. An enjoyable evening was passed last night in the Orange Hall, German street, when the men of the 26th Battalion and Construction Corps, were guests of Clan MacKenzie. Large numbers of both regiments are members of Clan MacKenzie in other parts of Canada and the meeting last evening was certainly one of the most enjoyable in the history of the local order. Fred Z. Fowler, chief of the clan, presided over the meeting, while Fred Sinclair was in charge of the dancing and the refreshments were looked after by Mrs. John S. Malcolm, lady chief of the Ladies' Auxiliary, and a committee of ladies, Mrs. H. S. McGowan, Mrs. Geo. Shaw, Miss Birmingham, Mrs. Bray, Mrs. Morrison, Mrs. Dr. Corbett, Miss Corbett, Mrs. Fred Fowler, Miss Reid, Mrs. Mogarty, Mrs. Robert Jameson, and Miss Campbell.

A very pleasing musical programme of songs and dances were carried out. Those who contributed numbers were: Hugh Walker sang Bonnie Banks and Braze, and Wert Thou in the Could Blast; Sapper Muckle and Miss Ross danced a sword dance; Mrs. Wyr sang 'We'd Better Bide Wee; Master and Miss Ross danced the Highland Fling; song by Clarence J. Murdoch; Highland Fling by E. B. McDonald; and Mrs. Aird sang Bonnie May of Argyle. Between the different numbers on the programme a very nice card of dances were indulged in. Pifer McKelker of the Construction Corps and Pifer H. S. Cruikshanks of Clan MacKenzie supplied music for the Scotch dances, while Miss Thompson and Miss Leonard acted as accompanists.

Belgian Orphan Fund. The following additional subscriptions have been received by Mr. Daniel Mullin, Belgian Consul, for the Belgian Orphan Fund and deposited to the credit of the Belgian Fund in the Union Bank of Canada, St. John, N. B. Previously acknowledged, \$221.60; Mrs. H. A. Powell, \$5; Benjamin Murray, \$1.

COULD NOT STAND ON FEET

Mrs. Baker So Weak—Could Not Do Her Work—Found Relief In Novel Way.

Adrian, Mich.—"I suffered terribly with female weakness and backache and got so weak that I could hardly do my work. When I washed my dishes I had to sit down and when I would sweep the floor I would get so weak that I would have to get a drink every few minutes, and before I did my dusting I would have to lie down. I got so poorly that my folks thought I was going into consumption. One day I found a piece of paper blowing around the yard and I picked it up and read it. It said 'Saved from the Grave,' and told what Lydia E. Pinkham's Vegetable Compound has done for women. I showed it to my husband and he said, 'Why don't you try it?' So I did, and after I had taken two bottles I felt better and I said to my husband, 'I don't need any more,' and he said 'You had better take it a little longer anyway.' So I took it for three months and got well and strong."—Mrs. ALONZO E. BAKER, 9 Tecumseh St., Adrian, Mich.

Not Well Enough to Work. In these words is hidden the tragedy of many a woman, housekeeper or wage earner who supports a family, on meagre wages. Whether in home, office, factory, shop, store or kitchen, woman should remember that there is one tried and true remedy for the ills to which all women are prone, and that is Lydia E. Pinkham's Vegetable Compound. It promotes that vigor which makes work easy. The Lydia E. Pinkham Medicine Co., Lynn, Mass.

"Complexion Secrets Of An Actress"

In a recently issued volume bearing the above title, the author says: "Complexionous use of grease paints, rouge and the like, had ruined my complexion. My skin was colorless, wrinkled, coarse and punctured with large pores. In England I heard of the virtues of macrolissol wax; my first experience with this marvelous substance convinced me it was more valuable than all cosmetics combined. Now whenever my complexion begins to go wrong I get an ounce of macrolissol wax; the nearest drug store, spread on a thin layer of it before retiring, washing it off next morning. The wax, after a few such treatments, seems literally to absorb the worn-out cuticle, when a brighter, healthier, younger-looking skin appears."

"For the wrinkles and enlarged pores I began using a solution of salicylic acid, one ounce, dissolved in a half pint with basal. Bathing the face in this every day for a while soon relieved the condition most wonderfully."

Belgian Orphan Fund. The following additional subscriptions have been received by Mr. Daniel Mullin, Belgian Consul, for the Belgian Orphan Fund and deposited to the credit of the Belgian Fund in the Union Bank of Canada, St. John, N. B. Previously acknowledged, \$221.60; Mrs. H. A. Powell, \$5; Benjamin Murray, \$1.

FATALITIES FEW AMONG AIR SCOUTS

Only small number killed in proportion to number of men and machine engaged in fighting in mid-air.

Paris, May 6.—He sat down at the next table in the Restaurant Vieux...

"It has been fairly well established that the success secured by the English...

"Safer Than the Trenches." "True," said the English aviator.

"That condition may often be repeated. Our planes carry guns. The planes of the Germans do not.

"We have had fatalities, of course," said he, "but in proportion to the number of machines and the number of hours flying that has been done...

"An American officer," I said, "told me that the anti-aircraft guns are of little practical good against the planes."

"True enough," was the reply. "Hard to judge distances and all that sort of thing in the air. Then, a plane can go three ways at once, and by the time the gunner thinks he has a good aim the plane slips off sideways.

"The German view of the aircraft situation, as I got it from quite unofficial sources, is confirmed by what is gossiped here. At the outset of the war it was thought the French would make the best showing.

"The French plane was too light and dainty for hard work. I could not do it long distances at high speed. But it was apt to go to pieces when it landed.

"The German Taube has long ago gone to the scrap heap. But because the English flyer had a machine gun mounted on it—or, at least, many of them had guns mounted—the Germans were driven out of the air.

"So the Germans are now rebuilding their entire fleet of planes in order to mount guns upon them. Rebuilding was made necessary by the fact that the German plane is a tractor—the propeller is mounted in front and pulls instead of pushes—which prevented a gun being fired ahead in line with the machine's flight.

"The new French aircraft gun is a

APONAQUI NEWS

Little Miss Helen A. Jones Hostess at a Birthday party.

Aponaqui, June 1.—On Monday afternoon the little girl friends of Miss Helen Adeline Jones had a most enjoyable time, when Mrs. W. A. Jones entertained for her daughter on the anniversary of her birthday, she being two years old.

The beautiful bright afternoon added much to their pleasure, admitting them to enjoy the various games provided for them on the lawn and veranda, when the daintily clad little ladies combined with the verdure of the handsome grounds presented a pleasing spectacle.

Supper was served between 5 and 6 when the "birthday cake" disclosed a pretty gift for little Miss Helen. In the early evening Mr. Jones treated them all to a ride in his motor car which made a happy ending to the very pleasant event.

Miss Helen received some very pretty remembrances from her friends. On the same afternoon Mrs. Herbert Jones entertained for her sons, Masters Walter and Junior Jones, when about thirty of their boy friends were invited to celebrate Master Junior's birthday. A very merry party enjoyed the amusements provided of various kinds. Supper was served at 5.30. The Misses Muriel Jones and Pauline Erb assisting Mrs. Jones. Very pretty gifts were received by the popular little lady.

Invitations are out for the wedding of Captain Arlington T. Ganong of the 6th Canadian Mounted Rifles, to Miss Sadie J. Kierstead, daughter of Mr. and Mrs. Mordecai Kierstead, of Kierstead Mountain. Ceremony to take place on Thursday, June 3rd at 3 o'clock in the afternoon in the Berwick Methodist church, Rev. James F. Rowley officiating.

Rev. A. H. McLeod Barton, Nova Scotia, is spending some time with his brother, Whitfield McLeod and Mrs. McLeod.

Mrs. I. D. Pearson left last evening for her former home in Titusville, being hurriedly summoned owing to the illness of her mother, Mrs. "Tina."

Miss Sarah Sharp returned Saturday evening from a few weeks' visit with friends in Moncton.

Mrs. Wm. Johnson, St. John, is the guest of Mrs. I. B. Humphrey.

Dr. and Mrs. Heine, St. John, were Sunday guests of Mr. and Mrs. J. P. McAuley. The reverend gentleman occupied the pulpit of the Baptist church on Sunday evening.

E. B. Thompson, Moncton, was a week-end guest at the home of Mr. and Mrs. Walter T. Burgess, where Mrs. Thompson is spending a few weeks with his Burgess.

Feber Wiles, Calhoun's, spent Sunday with his family in the village. Mrs. Wiles is making an extended visit with her mother, Mrs. Geo. I. Vesey.

Frank S. Small, C. E., Fredericton, spent the week-end at his home here.

"beauty," said our young Englishman enthusiastically. "It is a 75-horsepower 75-mounted on a tripod as high as a stepladder, so that the gunner reaches up to sight the gun. The gun platform can be whirled almost with a touch of your little finger. But it won't do any good. It will be just as hard to hit a plane with this gun as with any other gun."

"Then what's the answer?" "Some sort of a gun which will explode a bomb away up in the air, and by the force of the concussion destroy the plane or overturn it. We're working on such guns now. So is every one else. We hear the Germans have a new explosive but they haven't shown it yet. Until it comes, I had rather be in the air than in a fire trench—10 times over. It is safer."

FIFTEEN FROM DERBY HAVE ENLISTED

Patriotic meeting at Millerton, N. B., largely attended and delightful programme carried out.

Newcastle, June 1.—The Patriotic meeting was held in the Millerton Hall on the evening of the 27th. A large audience was present. The meeting was addressed by the Hon. L. J. Tweedie, ex-Mayor Morrissey and Lieut. H. S. Murray, recruiting officer. Their speeches were very lucid and interesting and were enthusiastically received by the audience.

Those comprising the orchestra were: Violins, Miss G. O. Russell, Mr. E. N. Betts, Mr. A. Vanderbeck; Clarinet, Mr. L. Mather; Cello, J. W. Vanderbeck; piano, Mrs. W. A. O'Donnell and Miss Bertha Power.

After the programme was rendered lunches, ice cream, etc. were sold. The proceeds of the evening amounted to \$176.00. The hall was fittingly decorated with flags and banners.

Much credit is due the ladies of the parish of Derby for the interest they took in making the evening a success. One man enlisted, making fifteen now serving from Derby Parish.

The programme was as follows: Overture, Orchestra; address by chairman, Mr. John Betts; "Canada my Country" chorus by united choirs; "Little Boy Blue," humorous trio, Mrs. O'Donnell and the Misses Lyon; violin solo, Mr. Ephraim Betts; address by Lieut. H. S. Murray, recruiting officer; "The Soldiers Farewell," male quartette, Messrs. Mack, Lyon, Ives and Campbell; speech, Mr. C. J. Morrissey; "Afternoon Calls," comic quartette, Messrs. Dickson and Lyon, Misses J. and F. Lyon; recitation "The Dunsgraven Contingent" Miss Jean Wathen; "Come where the Lilies Bloom," mixed quartette, Messrs. Dickson and Lyon, Misses J. and F. Lyon; speech, Hon. L. J. Tweedie; "We'll Never Let the Old Flag Fall" chorus by united choirs; "Just as the Sun Went Down," duet, Walter and Florence Lyon with orchestra accompaniment; song, Capt. P. Connor; "Red and White and Blue," chorus by united choirs; God Save the King.

"ABEGWEIT" The Indian "Abegweit"—cradled on the waves; the early French explorer's "La baffe et belle life"—low and beautiful Island; and the Islander's "Garden of the Gulf" are sobriquets as eloquently descriptive of Prince Edward Island today as when they were first bestowed on this province surrounded by the sea.

Situated in the Gulf of St. Lawrence, Prince Edward Island is separated from the shores of New Brunswick and Nova Scotia by the Straits of Northumberland. From tip to tip, the island is one hundred and thirty miles, while the width varies from two to thirty miles. The surface is gently undulating. There are no mountains and no forests to speak of, but the lack of forest does not mean that the country is bare. For cedars and clumps of trees are visible on every hand, giving a charming variety to the agricultural scene, and wild bits of woodland are still to be found.

"The Island" as its people love to call it—where else in all America can be found its duplicate—is in summer a garden of perfect beauty fanned by cooling breezes from the Ocean invading the land and moulding the sea cliffs into fantastic shapes in the restless sea. Everywhere are verdant fields, prosperous farms and comfortable homes. Arms of the sea cut into the land in all directions, forming landscapes and seascapes of surpassing loveliness.

The north shore of the island has a character of its own. For many miles high sand-dunes act as a barrier to the sea. This combined with an unbroken beach of hard white sand permits of surf bathing that would be hard to equal.

Numberless trout streams furnish sport for the angler, and deep sea fishing is easily obtainable. In season brant, wild geese, plover, snipe, woodcock and other game birds are plentiful, and good bags are not difficult to secure.

The summer climate is perfect. Singularly free from extremes, the days are never hot and the nights are always cool; while the glorious fresh air, excellent food and a good appetite induced by the breath of the sea, are factors in creating a happy frame of mind and a comfortable bodily state.

The Island has 274 miles of railway owned and operated by the Canadian government under the name of Prince Edward Island Railway. The highways have a reputation for general excellence and a driving tour of the island is one of the most pleasant experiences and an enjoyable means of thoroughly appreciating its many attractions.

Accommodation for summer visitors is provided by numerous hotels, bungalows, private homes and farm houses at surprisingly reasonable rates. The hospitality of the islanders is proverbial. There is an abundance of convention halls and the perfectly natural life that may be led is not the least of the charms of the Garden of the Gulf. Assuredly the Island is an ideal spot for a summer sojourn.

Your Summer Holiday—This Year the Maritime Provinces.

SAYS CHAIRMAN OF INDUSTRIAL COMMISSION DISTORTED TESTIMONY

Mackenzie King accuses Chairman Walsh of an attempt to throw blame for conditions in coal fields on Rockefeller's shoulders.

New York, June 1.—The charges that Chairman Frank P. Walsh, of the United States Industrial Relations Commission, distorted testimony when he issued a statement at Kansas City seeking to make it appear that John D. Rockefeller, Jr., was personally responsible for labor conditions in the Colorado coal fields, was made here tonight by W. L. Mackenzie King, former Minister of Labor in Canada, and now director of an investigation into industrial relations for the Rockefeller Foundation.

Mr. King quoted from the official stenographer report to substantiate his charge.

An Easy Way to Get Fat And Be Strong

The trouble with most thin folks who wish to gain weight is that they insist on drugging their stomach or stuffing it with greasy foods; rubbing on useless "flesh creams" or following some foolish physical culture stunt, while the real cause of thinness goes untouched. You cannot get fat until your digestive tract assimilates the food you eat.

Thanks to a remarkable new scientific discovery, it is now possible to combine into simple form the very elements needed by the digestive organs to help them convert food into rich, fat-laden blood. This master-stroke of modern chemistry is called Sargol and has been termed the greatest of flesh-builders. Sargol aims through its regenerative, re-constructive power to coax the stomach and intestines to literally soak up the fattening elements of your food and pass them into the blood, where they are carried to every starved, broken-down cell and tissue of your body. You can readily picture the result when this amazing transformation has taken place and you notice how your cheeks fill out, hollows about your neck, shoulders and bust disappear and you take on from ten to twenty pounds of solid, healthy flesh. Sargol is absolutely harmless, inexpensive, efficient. Your druggist has it and will refund your money if you are not satisfied, as per the guarantee found in every package.

While Sargol has given excellent results in overcoming nervous dyspepsia and general stomach troubles it should not be taken by those who do not wish to gain ten pounds or more.

PLACING MINING CLAIMS are 500 feet long and from 1,000 to 2,000 feet wide. Entry fee, \$5. Not less than one acre to be developed in development work each year.

DREDGING—Two leases of five miles each of river bed, to be used for navigation for a term of 20 years. Rental, \$10 a mile, plus 10¢ per acre, plus 10¢ per acre, after the output exceeds \$10,000.

QUARTZ—A person eighteen years of age or over, who has made a discovery may locate a claim 1,500 feet by 1,500 feet. Fee \$5. Not less than one acre to be developed in development work each year.

COAL—Coal mining rights may be leased for twenty-one years, renewable at an annual rental of \$1 an acre. Not more than 2,500 acres can be leased to one applicant. Royalty, 5¢ per ton. Unsurveyed territory the tract must be surveyed and the survey returned to the Agent of Dominion Lands for the district. In all cases, a map and a plan of the tract for the first year must be paid to the agent within thirty days after filing application.

BUSINESS MEN MUST NOT COMPLAIN, SAYS U.S. STEEL HEAD

Advices strict adherence to Rules of Propriety—Clouds of unrest and suspicion are passing.

New York, May 29.—In his address as president of the American Iron and Steel Institute at its general meeting Judge E. H. Gary, chairman of the United States Steel Corporation, said in part:

"In times gone by there have been reasons for hesitancy of the business man in boldly proclaiming his rights. The conduct of business by many men, though small in number compared with the total, has not always been up to the standard of propriety. This is not a new subject, it has been frequently adverted to by many of us during the last ten years. As a consequence there has been considerable prejudice against business interests particularly the larger ones, and it has been worse than useless to speak in favor of the protection and growth of business for the world would be ineffective. So it is not difficult to understand why for a period of years business men in this country suffered in silence.

"Now the time is come when the business man even if he represents large interests may speak frankly and freely about any of the important questions which affect him or those whom he represents. When and while our attitude and conduct are above reproach, others will be willing to heed what we may say concerning any question in which they or we may be interested.

"The time seems to be opportune, first, to reiterate that business men throughout the country must give no cause for complaint in the management of their affairs, but must continue to live up to the standards of propriety, and second, to insist that in those conditions the government with all its agencies and influences shall co-operate with business interests and aid them in the establishing of credit in extending commerce, in increasing capacity, in the development of natural resources, in adding to the comfort of themselves and those with whom they may be connected, and for whose welfare they are more or less responsible.

"I will add a few words in regard to the present business conditions. As assuredly we may build our hopes and expectations on opportunities which this country offers, it seems to me at the moment the outlook for improvement in that they have been for more than a year. This is undoubtedly in part the result of increased exportations at fair prices, due to the European wars, but in my opinion also because of a change in the sentiment towards business which now seems to be above the clouds of the United States and is popular in the United States and is being brought about by the efforts of business men to satisfy the public in regard to their reasonable demands. The clouds of distress, suspicion, and hostility are breaking. In the rift we may see the sunlight of better things and better conditions."

STOCK MARKET CONTINUES TO REFLECT UNEASINESS DUE TO FOREIGN SITUATION

Stock dull and heavy, opening prices lower and War Specialties lost ground—Slight recovery by some stocks before closing hour.

New York, June 1.—Stocks were dull and heavy today, following the publication of Germany's reply to Washington's note of inquiry. A speculative action by this government, also entered into speculative calculations. Opening prices were lower by one to three points, war specialties and other manipulated issues losing most ground. Later some of these stocks made general recoveries, Bethlehem Steel and General Electric recording material gains, but the movement as a whole was without significance. Total sales amounted to 214,900 shares of which almost half represented the turnover of the first hour.

Foreign exchange continued to reflect the sensitive state of the European money markets. Paris checks making the new low record of 5.433, which means that it takes more francs to buy an American dollar than ever before. Lire also weakened, being quoted at 5.93 against 5.83 last Saturday. After the close of the market remittances on Rome were quoted at 5.95, equaling the recent low quotation. Bills on London were little changed and the inquiry for remittances to that centre was extremely light. More gold was received here from Ottawa and the prospects favor additional shipments from Canada and France.

Local time loans were easier, though not notably unchanged. Last week's further gain in excess reserves were duplicated at other important reserve cities, Chicago and St. Louis also showing lower tendencies for long maturities.

Domestic developments were mainly favorable, ranging from the \$2,900,000 net increase reported by the New York Central for April, to another dividend increase by one of the large copper companies. Other favorable statements for April were variably Atlantic Coast Line gaining \$145,000 in net, while Missouri Pacific lost \$97,000. The latter stock was under restraint all day, pending the outcome of the extension plan.

Western freight shipments of various classifications are up to last year's average and in some instances ahead of that period.

Bonds were easier, with little investment inquiry. Total sales, value aggregated \$1,274,000.

United States bonds were unchanged on call.

CLOSING LETTER OF N.Y. MARKET BY E. & C. RANDOLPHE

(Published by McDougall & Cowans, New York, June 1.—After a moderate decline at the opening the market became very dull but stocks generally showed some tendency to recover and a little before the close, sharp advances occurred in a few of the war issues, particularly Bethlehem Steel, which rose several points above Saturday's closing figure on the buying of a comparatively small amount of stock. Reports at Washington asserted that at a meeting of the cabinet in the afternoon the reply to the German note was drafted and while nothing of an official kind was given out, newspaper correspondents gained the impression that President Wilson's final communication would be a firm reaffirmation of the previous note. The President was said to be greatly incensed at the apparent insincerity of the German reply and the evident purpose on the part of the German government to gain time while probably continuing its submarine warfare without consideration for the lives of neutrals or the interests of humanity. The weakness in the grain market due to the favorable crop conditions. The report for the season's cotton crop published today gave a percentage of 80 for the crop compared with a ten year average of 79.5. Total sales, 222,400. Bonds, \$1,315,000.

Late Gossip of the Sporting World

BASEBALL IN THE BIG LEAGUES

AMERICAN LEAGUE

Boston 4, New York 3
New York, June 1.—Boston took a hard fought game from the New York Americans here today in the 13th inning by a score of 4 to 3. Wood and Keating met in a great pitchers' battle, the local pitcher meeting defeat in the 13th, when Speaker walked and stole second, took third on Lewis' infield out and scored on Hobbs' single. The score:
Boston..... 201000000001—4 10 3
New York... 300100000000—3 13 1

NATIONAL LEAGUE

St. Louis 2, Cleveland 1
Cleveland, June 1.—St. Louis defeated Cleveland today, 2 to 1, James being very effective with men on bases, holding Cleveland runners after the first inning. The score:
Cleveland..... 1000000001—1 5 1
St. Louis..... 100001000—2 7 1

INTERNATIONAL LEAGUE

Newark 3, Providence 2
Newark, June 1.—Newark took a hard fought eleven inning game from Providence today 3 to 2. Chabek pitched good ball, in spite of the poor support he received, his team mates making seven misplays. The score:
Providence..... 0010010000—2 8 1
Newark..... 0000110001—3 10 7

FEDERAL LEAGUE

Brooklyn 5, Philadelphia 4
Brooklyn, June 1.—Wheat was the hero of a five to four eleven inning victory by the Brooklyn over Philadelphia today. After the visitors had forged ahead by a fifth inning rally Wheat came up with two out and two strikes called and tied the score with a home run. He came up again in the eleventh with the bases full and one out and scored O'Mara with the winning run. The score:
Philadelphia... 00000101200—4 8 2
Brooklyn..... 02010000101—5 9 1

BASEBALL NOT A POPULAR GAME IN HONOLULU NOW

Honolulu, H. I., May 30.—Baseball interest in Honolulu is now at a low ebb and any of the mainland promoters or managers who have an idea this is a haven will do well to thoroughly investigate conditions before undertaking to bring a team here. Controversy between rival managers here has caused disgust among the fans and what amounts to a boycott has been declared on Athletic park, for the management of this concern is held responsible for the unsettled state of the game. Hardly a handful of fans take in the games now as against thousands last season. The preventing of Venice carrying out its contract with Promoter Bert Lowry through a midnight injunction secured by Thomas Treadway, of Athletic park, which was afterwards dissolved by the supreme court and Lowry awarded \$1,500 damages, disgusted the fans and as long as the present management runs the park the fans will not attend.

Another thing which has put the game in bad here was the poor article of baseball played by the All-Americans and the All-Nationals last winter. These two teams were brought here at an expense of \$4,000 by Lowry and A. L. Castle, but the big leaguers simply would not play ball and after the second game the fans declined to attend these contests.

Another thing which caused the fans to turn against mainland ball teams was the action of certain members of the All-Americans. Though these men feted here, several of them wrote articles of a knocking nature for eastern papers, the Detroit papers in particular making fun of the climate and baseball fans here.

Several mainland teams have written Lowry asking how conditions are here for an invasion next winter and have requested him to offer them terms. To all these he has written that he would not attempt to handle such a proposition, for it would be a loser.

Among the arrivals in the city yesterday morning was Ned Faulkner of Kokomo, Indiana, and while in conversation with The Standard at the Victoria Hotel last evening Mr. Faulkner stated that his visit to St. John was for the purpose of seeing what the chances were of promoting an automobile racing meet. If he can get owners or drivers of cars, or in fact any person interested in the scheme, he says that he will have no difficulty in bringing to St. John some of the most famous drivers, among whom are Harry Grant and John De Palma. These drivers will bring their racing cars with them, and if the proposition can be carried through, the meet can be held for two days, with different events, or else there could be had an endurance race.

Mr. Faulkner said that perhaps some of the car owners in the Maritime Provinces might be induced to enter in a local race for New Brunswick owned cars.

The promoter intends paying a visit to Moospath track today to look over the ground, and says that there should be no trouble in holding a motor race on a half mile track, and some very fast racing could be seen there. Mr. Faulkner says that he has considerable to do with big races, and that any person who might be interested in a motor car meet, or who would like to offer suggestions will find him at the Victoria Hotel.

PROKOS WON THE MATCH

A very small crowd of fans were in attendance at the wrestling match in the Queen's Rink, Charlotte street, last night. The principals were Jim Prokos, of Lowell, Mass., and Strangle Lewis, of Montreal. Lewis put up such a wild exhibition of wrestling in the Opera House week before last that he was disqualified. He was not satisfied, and last night's match was the result. As a wrestler he does not really class with Prokos, the latter being more clever and lighter than the Montreal man.

George Laird was the referee and Doc McMillenny was the timer. The men wrestled for fifteen minutes when Lewis obtained the first fall with a body hold. After resting for about ten minutes the men went at it again and in thirteen minutes Prokos obtained a crotch hold and threw Lewis heavily to the mat and was awarded the fall. Lewis then refused to continue the match and Prokos was declared the winner.

MACK SPRINGS SURPRISE.
Philadelphia, Pa., June 1.—"Connie" Mack this afternoon sprung another surprise when he sold the release of Herbert J. Pennock, pitcher, to the Boston American League club. The terms of the sale were not announced. It is, however, for a cash consideration.

"Bill" Carrigan, of Boston, offered Mack the choice of several players for Pennock, one of which was "Ray" Collins, pitcher, but Mack declined the proposition. Boston wanted Pennock and Carrigan stuck until he had completed the deal.

A JUNIOR LEAGUE.
The Junior Hazen Avenue league opened last evening on Hazen Avenue when the Cubs defeated the Giants by a score of 13 to 8 in a seven inning game. The batteries were: For the Cubs, Green, Chestnut and DeForest, for the Giants Fraser and Balg.

The game scheduled for this evening is between the Cubs and Tigers. A feature of last evening's game was the smashing of a window in the Y.M.C.A. building, and another in the High School.

THE ACTORS WON.
In a game of ball on the Marathon grounds, yesterday afternoon, the Barons were defeated by the Mack's Reserve Company with a score of 13 to 6.

WILL EXTEND INQUIRY INTO WAR PURCHASE

Probe begun by Public Accounts Committee during session to be extended, as Premier promised.

Special to The Standard
Ottawa, Ont., June 1.—Steps are being taken it is learned to extend the inquiry now being made by the government into the purchase of war supplies which was begun by the public accounts committee of the commons at the last session of Parliament.

The official announcement has been made as to how the inquiry will be conducted. The continuation of the investigation, however, is in accordance with the statement of the prime minister at the close of the session, when he intimated that certain transactions which had been investigated would be referred to the justice department with instructions to take whatever action against offenders the evidence would warrant, and also that if any other matters requiring investigation came under the notice of the government such investigation would be at once taken up.

The matters which were referred to the justice department were those relating to the purchase of horses, binoculars and medical dressings. An announcement will be made by the department at an early date as to its intended action in these cases.

MAY PROMOTE AUTOMOBILE RACES HERE

Among the arrivals in the city yesterday morning was Ned Faulkner of Kokomo, Indiana, and while in conversation with The Standard at the Victoria Hotel last evening Mr. Faulkner stated that his visit to St. John was for the purpose of seeing what the chances were of promoting an automobile racing meet. If he can get owners or drivers of cars, or in fact any person interested in the scheme, he says that he will have no difficulty in bringing to St. John some of the most famous drivers, among whom are Harry Grant and John De Palma. These drivers will bring their racing cars with them, and if the proposition can be carried through, the meet can be held for two days, with different events, or else there could be had an endurance race.

Mr. Faulkner said that perhaps some of the car owners in the Maritime Provinces might be induced to enter in a local race for New Brunswick owned cars.

The promoter intends paying a visit to Moospath track today to look over the ground, and says that there should be no trouble in holding a motor race on a half mile track, and some very fast racing could be seen there. Mr. Faulkner says that he has considerable to do with big races, and that any person who might be interested in a motor car meet, or who would like to offer suggestions will find him at the Victoria Hotel.

NO BOUNTIES BEING FOR BOY BABIES

Special to The Standard.
Ottawa, June 1.—An impression seems to exist in the Dominion that because of the war and the casualties it has entailed the government has arranged to pay bounties on boy babies.

An Ontario woman writes to General Hughes saying she had heard this stated and expresses anxiety to know if such is the case. The General has written her to say that he regrets there are no bounties for boy babies.

MINE BLOWS UP RUSSIAN BARK IN NORTH SEA

London, June 1.—The Russian bark Montrea was blown up by a mine last night in the North Sea, 25 miles from Spurn. The vessel sank. Her crew was landed at Hull today by a Norwegian steamer.

BASEBALL NOT A POPULAR GAME IN HONOLULU NOW

Honolulu, H. I., May 30.—Baseball interest in Honolulu is now at a low ebb and any of the mainland promoters or managers who have an idea this is a haven will do well to thoroughly investigate conditions before undertaking to bring a team here. Controversy between rival managers here has caused disgust among the fans and what amounts to a boycott has been declared on Athletic park, for the management of this concern is held responsible for the unsettled state of the game. Hardly a handful of fans take in the games now as against thousands last season. The preventing of Venice carrying out its contract with Promoter Bert Lowry through a midnight injunction secured by Thomas Treadway, of Athletic park, which was afterwards dissolved by the supreme court and Lowry awarded \$1,500 damages, disgusted the fans and as long as the present management runs the park the fans will not attend.

Another thing which has put the game in bad here was the poor article of baseball played by the All-Americans and the All-Nationals last winter. These two teams were brought here at an expense of \$4,000 by Lowry and A. L. Castle, but the big leaguers simply would not play ball and after the second game the fans declined to attend these contests.

Another thing which caused the fans to turn against mainland ball teams was the action of certain members of the All-Americans. Though these men feted here, several of them wrote articles of a knocking nature for eastern papers, the Detroit papers in particular making fun of the climate and baseball fans here.

Several mainland teams have written Lowry asking how conditions are here for an invasion next winter and have requested him to offer them terms. To all these he has written that he would not attempt to handle such a proposition, for it would be a loser.

Better Hose Service

Smooth or Corrugated

Ask your dealer for Goodyear Garden Hose. Then you will never have any regrets.

Specify one of these two brands—Goodyear "Nero" that comes in any length up to 500 feet, or Goodyear "Reliable" in 50 foot lengths.

This means you will buy hose to last several seasons instead of the kind that has to be replaced each year. Some hose is cheaper because it is cheaply made. But Goodyear costs no more than ordinary hose of standard quality.

Any dealer can supply you with Goodyear if you insist.

DOLLARS

For Boys and Girls Who Can Draw

On Saturday we publish another picture. I want all boys and girls who are not over 14 years of age to color with either water colors or chalk.

To the young artist who does it the best I will give a first prize of a dollar.

It's a simple competition, no hard rules, no entrance fees, just cut the picture out, paint or color it the way you think best, save six coupons the same as the one shown on this page each morning from The Standard, fill them up, pin them to the painting and send them all addressed to

UNCLE DICK, THE STANDARD, ST. JOHN, N. B.

Closing Date for this Contest, June 3rd, 1915

You must save the coupons from six consecutive issues of the paper.

Coupon to be Used in Both Contests

STANDARD COMPETITION FOR BOYS AND GIRLS

Full Name _____

Address _____

Age Last Birthday _____
(Must not be over 14 years of age.)

June 2, 1915.

The Prize winner's name will appear in the Children's Corner of The Standard on June 5th.

Special Competition

I have decided to hold a competition among those who cannot or do not desire to paint. I am going to give a special prize to the girl not over fourteen years of age who sends me in the best pin cushion made by herself. You may use whatever materials you desire and make it the style you think best.

The only condition is that you enclose the six coupons as usual, cut from consecutive issues of The Standard, fill them up and send with the pin cushion to Uncle Dick, The Standard, St. John, N. B.

Closing Date for this Contest, June 3rd, 1915

AMERICAN LEAGUE
Boston 4, New York 3
New York, June 1.—Boston took a hard fought game from the New York Americans here today in the 13th inning by a score of 4 to 3. Wood and Keating met in a great pitchers' battle, the local pitcher meeting defeat in the 13th, when Speaker walked and stole second, took third on Lewis' infield out and scored on Hobbs' single. The score:
Boston..... 201000000001—4 10 3
New York... 300100000000—3 13 1

NATIONAL LEAGUE
St. Louis 2, Cleveland 1
Cleveland, June 1.—St. Louis defeated Cleveland today, 2 to 1, James being very effective with men on bases, holding Cleveland runners after the first inning. The score:
Cleveland..... 1000000001—1 5 1
St. Louis..... 100001000—2 7 1

INTERNATIONAL LEAGUE
Newark 3, Providence 2
Newark, June 1.—Newark took a hard fought eleven inning game from Providence today 3 to 2. Chabek pitched good ball, in spite of the poor support he received, his team mates making seven misplays. The score:
Providence..... 0010010000—2 8 1
Newark..... 0000110001—3 10 7

FEDERAL LEAGUE
Brooklyn 5, Philadelphia 4
Brooklyn, June 1.—Wheat was the hero of a five to four eleven inning victory by the Brooklyn over Philadelphia today. After the visitors had forged ahead by a fifth inning rally Wheat came up with two out and two strikes called and tied the score with a home run. He came up again in the eleventh with the bases full and one out and scored O'Mara with the winning run. The score:
Philadelphia... 00000101200—4 8 2
Brooklyn..... 02010000101—5 9 1

AMERICAN LEAGUE
Chicago 4, Detroit 1
Chicago, June 1.—Faber won his eighth straight game today when Chicago defeated Detroit, 4 to 1. The score:
Detroit..... 000000001—1 6 2
Chicago..... 001101010—4 9 1

THE WEATHER.

Forecast - Maritime - Easterly winds, local showers, but partly fair and cooler. Toronto, June 1 - A disturbance which promises to give a considerable rain fall in the western provinces is moving eastward from Alberta, while another of about equal importance is moving northward towards the Great Lakes. Showers have occurred today in Alberta, while in other parts of Canada the weather has been fine and moderately warm.

Temperatures.

Table with 3 columns: Location, Min., Max. Rows include Dawson, Calgary, Edmonton, Medicine Hat, Battleford, Prince Albert, Moose Jaw, Regina, Winnipeg, Port Arthur, Toronto, Kingston, Ottawa, Quebec, St. John, Halifax.

Around the City

Bank Holiday Thursday, June 3rd, will be a bank holiday.

Close at Five O'clock Wholesale grocers during the months of June, July and August will close their establishments at five p.m.

For The Belgian Fund The amount of a collection by Miss Ann Sands and Eleonore Oit, of the Musical Revue Company, \$5.37, taken up at the ball game on Friday afternoon, May 25th, has been turned over to His Worship, Mayor Frink, to be given to the fund for Belgian relief.

Fire in West End. The West End firemen were called out early yesterday morning for a fire which started in an unoccupied house at the corner of Ludlow and Water streets. The house was owned by William Smith. The fire started in the rear of the house and before it was quenched about \$1,000 damage was done to the structure, covered by insurance in the London Assurance Company.

Self Denial Day. Ladies interested in self denial day, to be observed tomorrow, were busy yesterday, distributing boxes wherein contributions may be placed by those willing to help the Belgians. As at several places it was found that there was none present to receive the boxes it is asked that those who were not on hand when the ladies called will apply at the patriotic rooms, Prince William street when boxes will be gladly supplied.

UNITED BAPTIST CHURCH HOLDS ANNUAL MEETING

The annual business meeting of the Charlotte St. United Baptist Church, Rev. A. J. Archibald pastor, was held last evening in the Sunday school. The past year has been the most successful in the history of the church. Very encouraging reports were received from all the organizations which showed that the church was in a better financial condition than ever before. The Women's Aid Society reported that they had raised \$210 during the year, which the Mission Band reported \$55.

For the success of the Sunday school, great credit is due the superintendent, D. C. Clark. By the result of his splendid work and untiring efforts the enrolment in the school has reached the four hundred mark, with an average attendance of two hundred and twenty-two, and the money raised amounted to \$331.

The total amount of money raised by the church and auxiliary societies was \$2,700.78, of which \$800 was contributed to missions. This is a record breaking budget for the church.

The election of officers for 1915-16 resulted in the following appointments: Deacons - J. D. Clark, J. D. Coes, J. R. Webb, R. J. Freese, A. C. Gregory, S. S. Supt. - D. C. Clark.

Trustees - J. R. Webb, Wm. Findlay, Geo. Mott, R. J. Freese. Treasurer - J. S. Clark, Ass. Treasurers - Murray Clark, P. I. Webb, Church Clerk - W. P. Hoyt, Asst. Church Clerk - Mrs. W. P. Hoyt, Finance Committee - A. C. Gregory, H. C. Smith, D. Maxwell, W. J. Beley, John Nise, E. G. Howard, E. O. Jones, H. Weisner, J. W. Campbell, H. J. Smith.

Ushers - J. D. Coes, B. Grant, G. White, V. Warnock, C. Melsner, Roy Melsner, H. Flagler, W. Manning, P. Manning, A. Fullerton, W. Ring, J. Batty, G. Sealy, B. Fullerton, C. Adams.

Commencing May 30 No. 16 train will leave for Halifax and intermediate points at 12.55.

MOTOR ENGINE RUNS INTO CHEMICAL, ONE FIREMAN IS HURT

Pedestrians Have Narrow Escape When Fire Apparatus Come Together.

HIT TELEGRAPH POLE

Both Vehicles Were at Top Speed When Crash Came.

A thrilling accident occurred on the corner of Charlotte and Duke streets last night, about 9:20 o'clock, when the new motor fire engine crashed into No. 1 chemical. Both pieces of apparatus were badly damaged, while M. J. Burns, a member of No. 1 hook and ladder company, had one of his ankles badly injured and was conveyed to his home in Walter Golding's automobile.

The fire apparatus was responding to an alarm from box 41 for a fire in the Eastern Steamship Corporation warehouse at Reid's Point. On this occasion there was quite a gathering of men and women on the southwest corner of Charlotte and Duke streets. No. 1 hose team had responded and was well down the street on the way to the fire, when No. 1 chemical with a pair of horses driven by Lawrence Mahoney, was seen running down Charlotte street at a fast rate. Immediately after the chemical came the new motor fire engine. The motor was quickly gaining on the horses, and a crowd of interested spectators assembled on the curbstone to admire the machine as she swept by.

Swings to Right. Driver McKenney was at the steering wheel. Driver Mahoney was in the chemical was keeping on the left side of the street, and when nearing Duke the motor engine swung to the right hand side of the road, and it looked as if Driver McKenney was pulling out for the purpose of going past the chemical. When Driver Mahoney reached a point near Dick's drug store he pulled to the right, intending to go down Duke street. The motor engine was right on top of her, as Driver McKenney expected that the team ahead of him would proceed straight down Charlotte. Being on the right hand side of the street at the time there was not room enough for the motor engine to turn into Duke street in the same direction as the chemical, and having such a headway, there was no time to bring her to a stop, the result being that the big five ton motor crashed into the rear of the chemical, driving the horses and chemical apparatus up against a telegraph pole. The horses escaped injury. The centre section of the chemical was crushed against the pole, and there it remained, locked and damaged. Driver Mahoney was not injured. The pipe man, M. J. Burns, of the ladder company, and the engineer, Thomas, were on the rear step. They escaped injury, with the exception of Burns, whose ankle was injured. That the three men were not crushed to death is considered fortunate.

Motor Damaged. The motor engine was considerably damaged. Both fore springs were broken, the radiator was smashed, as were the headlights and fenders. The motor engine was only locked together with the chemical for a few minutes when she was backed clear a few feet, but with the radiator broken the water leaked clear, and Driver McKenney said it was not safe to try and run her.

Pedestrians Escape. When the two vehicles crashed together there was about a dozen or more people standing on the corner. They rushed into the street and it is fortunate that some of them were not killed. A couple of women became hysterical and had to be assisted away. In a few moments about four hundred people gathered about. Commissioner McLellan was not long in reaching the scene of the accident and an automobile being procured the damaged motor was towed to one side of the street so it could be temporarily repaired. Some time later the chemical was sent to the station for repairs. It was been customary for the driver of the chemical to go down Duke street from Charlotte when responding to a fire on Reid's Point, while on the other hand it is stated that there has been a rule in the fire department that one team must not race past another on their way to a fire. In this case Driver McKenney had not passed the chemical and the collision is looked on by those who witnessed it as accidental, the driver of the motor being unaware that the driver of the chemical was going to pull across in front of him.

The damage to the chemical will not amount to a great deal and she will be ready for duty within a short time. A couple of days will no doubt be required before the repairs can be made to the motor engine.

SALE AT M. R. A.'S OF CHILDREN'S COLORED WASH DRESSES.

This will be a clearance of accumulated manufacturers' samples and oddments from regular stock of attractive little summer garments in Prints, Gingham and Ducks, ages from one to fourteen years. (There will also be Children's Busters in Linen Crash and heavy Gingham. Everything will be attractive bargains as prices have been greatly reduced for this sale to commence this morning at 8.30 in the whitewear department, second floor.

DRIVER IS INJURED WHEN HORSE STARTS WITH HEAVY LOAD

Edward Riley Suffers Injuries And Is at General Hospital.

BREAKS HIS LEG

Falls From Seat And Is Run Over by Big Wagon.

A serious accident occurred yesterday morning about ten o'clock on Smythe street near the warehouse of J. H. Poole with the result that Edward Riley was very badly shaken up. Mr. Riley is a teamster in the employ of Jones & Schofield on North wharf and while hauling freight from the I. C. R. freight shed his horse started. He fell from his seat and the heavy wheels of his sloven passed over his body, at same time breaking one leg above the ankle and bruising the other. A hurried call was sent for the ambulance and Dr. Malcolm. The injured man was conveyed to the public hospital where an X-ray examination was taken of the mangled limb. Mr. Riley has won a large number of friends with his pleasing disposition, who will all be sorry to learn that probably two months will elapse before his recovery. At the present time he is resting as easily as his condition will permit.

EASTERN S. S. CO.'S WAREHOUSE DAMAGED BY FIRE LAST NIGHT

Cargo From Steamship Governor Cobb Causes Lively Blaze.

LOSS EXCEEDS \$1,000

The warehouse of the Eastern Steamship Corporation, and the contents of the same at Reid's Point, was last night damaged by fire to the extent of about \$1,000. The steamer Governor Cobb arrived in port yesterday afternoon about four o'clock and among her cargo was about a carload of cotton, along with some vegetables, fruit, furniture, nets, etc. This freight was placed in the import warehouse. Shortly after nine o'clock last night, it was discovered that the section of the warehouse on the harbor front was on fire and an alarm was sent in from box 41. The fire is supposed to have caught in the cotton and had quite a start before it was discovered, for when the alarm was sent in and the firemen arrived on the scene, the flames had burst through the roof of the warehouse. The whole harbor was brilliantly illuminated by the flames and a large crowd of people were attracted to the spot. In a few minutes after the fire apparatus had arrived, Chief Blake had four good streams of water playing on the fire. The powerful searchlight from the steamer Governor Cobb was thrown on the building and greatly assisted the firemen in their work. It was a hard fight but in about three-quarters of an hour the firemen had the fire completely under control and kept the fire from eating its way into the other sections of the large warehouse which was piled full of export freight.

The building was badly damaged by fire as was the contents, but it is said that all is covered by insurance. It is not known by the warehouse officials what started the fire but it is thought that perhaps it is a case of spontaneous combustion in the bales of cotton.

A. C. Currie, the local agent of the company, left for Boston on the express last evening and a telegram was sent along the line notifying him of the fire, and it is expected that he will return to the city this morning.

PERSONAL

His Lordship the Bishop of Fredericton was in the city yesterday. Rev. David Jenkins of Albert Co. Rev. Craig Nichols of Westfield, and Rev. W. R. Hibbard of Rothesay, were in the city yesterday, attending a meeting of the St. John Deanery. Lieut. F. Corr came to St. John last evening on the C. P. R. Rev. W. Malcolm of East St. John was in the city yesterday.

Mr. and Mrs. A. C. Skelton, Mr. and Mrs. R. Sturdee, Mr. and Mrs. Hugh Mackay, Mr. J. G. Harrison and Lieut. Basil Winter returned to the city last evening. John Malcolm came to St. John last evening on the Boston express. Lieut. Rogers and Lieut. Creighton both of the 55th have both returned to Sussex from P. E. I. and Bathurst respectively.

Lieut. Col. Kirkpatrick, officer commanding 55th, was in the city yesterday and returned to Sussex in the evening. Mrs. Leonard Bridgeo, and daughter Rita, arrived from Boston to spend the summer with Mr. Bridgeo's parents, Mr. and Mrs. Harry Bridgeo, Prince Wm. street.

COMMISSIONERS TILT OVER ADJOURNMENT OF COUNCIL MEETING

Potts Ignores Request of Wigmore To Remain In The Room.

MAYOR FRINK ABSENT

Finally Decide to Hold Session This Afternoon At 3 O'clock.

The meeting of the city commissioners yesterday afternoon was of short duration. As soon as the minutes of the last meeting had been read, Commissioner Russell moved that an adjournment be made until Wednesday at three o'clock. This was seconded by Commissioner McLellan. Commissioner Potts objected to the council adjourning without doing business. There was a short discussion between the commissioners and Commissioner Potts left the room before the question was put. Mayor Frink was absent from the city and Commissioner Wigmore was in the chair. The minutes of the last meeting were read and approved. Commissioner Russell then said: "In view of the fact that the Mayor is out of the city and important matters are to come before us, I move we adjourn till tomorrow afternoon at three o'clock."

Commissioner McLellan seconded the motion. Commissioner Potts—"What important matter is to come up tomorrow?" Commissioner Russell—"The street railway matter and the police business."

Commissioner Potts—"If we have any business we should transact it now."

Commissioner McLellan—"I understood the meeting was to be adjourned and I did not bring in several reports I had. I understood the railway company is asking a hearing and I think the Mayor should be home for that."

Commissioner Potts—"There is a lot of newspaper talk, but I have heard of no hearing. The matter is pretty nearly adjusted."

Commissioner Russell—"There is a request from the railway for a hearing."

Commissioner Potts—"I did not receive it. It must have been written several days ago. It is in my department and these letters should be addressed to me."

Commissioner McLellan—"The Mayor or has a certain supervision over all departments and I certainly want him here when anything of importance comes up. I will certainly not submit my reports concerning the fire engine and the police unless he is here."

Commissioner Potts—"I was not consulted in reference to this adjournment and I will not stand for any frame up."

Commissioner Russell—"You have nothing important to come up."

Commissioner Potts—"You do not know whether I have or not."

Commissioner McLellan was called from the room and Commissioner Potts started to leave. Commissioner Wigmore asked that he remain till the motion to adjourn was put, but Mr. Potts pointed out that there was no meeting in progress with only three commissioners in the room and he walked out.

ST. JOHN SENDS THREE MORE MEN TO JOIN 55TH BATT.

Three more St. John men went forward to Sussex yesterday to help swell the ranks of the 55th New Brunswick Battalion. Other parts of the province did remarkably well in all nearly one hundred men being secured yesterday. Fourteen men went to Camp Sussex from Prince Edward Island, seven from Bathurst, thirty from Sackville and thirty-eight from Edmundston. Sergeant Stringer, William James Hyatt were kept busy at the up-town recruiting office here yesterday. Many enquiries were received from young men and several signified their intention of enlisting later. The three sent forward to Sussex yesterday were William R. Tardy, aged 21; Patrick Paterson, aged 21, and Jacob Cormey.

Among other recruits received here was James W. Hunt, secretary of the International Dredge Workers' Union, whose wife gave willing consent as follows: "I do hereby consent for my husband, James W. Hunt, to join the 55th New Brunswick Battalion of the Canadian overseas force, to fight for freedom and justice against Germany."

The following have passed the medical examination: Patrick Joseph Shelley, Fleur de Lis, Nfld.; Robert Orr, Fredericton; William James Connell, St. John; Andrew H. Bennett, Havelock, Albert County.

Shik Poplins. This popular material is meeting with great success in the manufacture of ladies waists and dresses for summer wear. It can be had at F. A. Dykeman & Co.'s store at 89 cents per yard. It is 37 inches wide; comes in a large variety of colors. This material will wear well; it looks well and is very stylish. It is sold at a much higher price in other stores.
