FORMER MONCTON PASTOR LET CHURCH FOR "MOVIES"

Rev. H. G. Dockrill's Scheme to Wipe Out Debt Arouses the Nottingham Congregation.

Nottingham, Eng., May 29.—An American pastor's proposal to let a Baptist chapel for use on week-days as a cinematograph theatre, has led to extraordinary scenes at Nottingham. The building is the Nottingham Baptist Tabernacle, one of the largest and best-known Baptist places of worship in the province.

The minister, Rev. Henry Grant Dockrill, came over to England last spring as a missionary, and soon afterwards accepted a call to the pastorate of the Tabernacle. Finding the place burdened with a debt of some thousands of pounds he set himself to discover methods of raising money, and some months ago the whole Baptist denomination was startled to learn that this famous chapel was to be leased on week-days to a cinematograph theatre.

Many prominent Baptists throughout the country protested, and one of the trustees refused to sign the lease. Mr. Dockrill and the majority of his supporters persisted, and the building has since been fitted up as a luxurious picture palace.

The removal of financial worries has not brought about peace, however. The doctor has been at loggerheads with a large section of his congregation, and now a number of the prominent officials of the church have resigned. At a meeting of the members it was decided by a majority of fourteen to give the minister a quarter's notice, but a two-thirds majority is necessary, the vote was therefore operative. So great was the uproar that the meeting had to be adjourned. When Mr. Dockrill was called in and informed of the decision he remarked that he hoped the church would be blessed.

The Rev. Charles Spurgeon, a son of the late Rev. Charles Haddon Spurgeon, was minister at the Nottingham Tabernacle until five years ago.

Rev. Mr. Dockrill was formerly pastor of a Moncton Baptist church and has preached in St. John churches.

THE DEADLY LEDGE OF GANNET ROCK

It is expected that the Gerald Turnbull's crew of about thirty men will reach Halifax safely in the morning. Captain Willison is said to be a large shareholder in the steamer. He was master of the steamer Emma, belonging to the same line, for several years, and when she took charge of the Gerald Turnbull, and one or two of the crew also shifted with him.

Editorially the Gannet Telegraph has the following concerning the deadly ledge of Gannet Rock: "We have called the attention of our readers on several occasions to the necessity of the establishment of a life-boat house or fog whistle on the dangerous Gannet Rock. This rock is surrounded by treacherous shoals, and several noble vessels have been wrecked here with the loss of many lives. Fortunately there was no loss of life attendant upon the wreck of two of the steamers that ended their careers here. The two steamers were new and valuable—the Castilian, a splendid new Allan liner, on her first voyage, and the Gerald Turnbull, a tramp steamer, on her second voyage. Both of these steamers were of the finest that could be built at the time of their launching, and the wreck of these steamers alone calls for some immediate action on the part of the authorities to avert warnings in the neighborhood.

Wrecks of vessels at this dangerous spot have been too numerous for us to mention, but we may recall a few of them during the past thirty years: Schr. C. B. Manning, Gannet Ledges, May, 1897. Schr. G. C. Kelley and steamer Lathmar, Soldiers' ledge, 1890. Ship Peter Stewart, Gannet Ledges, July, 1892, 15 lives lost. Bark Lovisa, Gannet Ledges, July, 1892, afterwards holed. Bark Leticia Stewart, July, 1898. Brig Daylight, Green Island, September, 1894. Schr. Saxton, December, 1898. Stmr. Planet Mercury, February, 1900. All hands perished. No one knows where the steamer was wrecked, but it may have been on these ledges.

Schr. Annie G. Quiner, Green Island, May, 1902. Stmr. Turbin (Nor.), with a cargo of coal, wrecked Black Ledge, November 2, 1905, all hands perished. She was three years old and had a crew of 19 men. These are a few of the "known" wrecks in this locality, and we believe that a safe and comfortable life-boat station at Sotheby's wharf, which was damaged yesterday and cards and sufficient literature were found there.

NEW I.C.R. FREIGHT RATES UP IN HOUSE

Increase An Outrage, Says Emerson

No Need of It as the Road Made a Million Last Year

Ex-Minister Declares the Change Will Affect the Farmers and Small Shippers and Big Fellow Will Escape—Is Unfair to Maritime Provinces—Discussion Promised by Hon. Mr. Cochrane.

(Special to The Telegraph.) Ottawa, June 2.—Maritime provinces and Quebec members are preparing to have a pretty thorough discussion of the increase which has recently been made in the freight rates on the Intercolonial Railway.

In the house today Hon. Mr. Emerson sought information as to the details of the changes which had been made and the reasons for them. He succeeded only in obtaining from Hon. Mr. Cochrane a statement that there would be opportunity for the discussion of this and other government railway matters before parliament prorogued.

"I think that the increase is an outrage," said Hon. Mr. Emerson. "In the first place it is not needed. This year the operating cost of the road under the old rates showed a surplus of over \$1,000,000. If the system was losing money, there might be some excuse for it, though a good case could be made out for the retention of the old rates. But with the road showing a heavy profit, there is none."

"Then I object to the increase because it is going to affect the small shipper rather than the big shipper. The increases are to local rates. Where a man has been able to have a barrel of flour shipped a few miles in the past for twenty-five cents, he will have to pay thirty-five in future. That is the way that it will work on milk, produce and all other articles. The small shipper and consumer will have to pay the increase."

"While the rates are being put up on the government road for the people to the east to pay, the tolls have been absolutely removed from the canals and the millions which are collected from the people of the maritime provinces through the rates on the Intercolonial will be applied to meet the cost of maintaining the canals for the benefit of Canada and to pay interest for the benefit of the west on advances from the Grand Trunk Pacific and the Canadian Northern."

"I do not think that the east is being fairly dealt with, and believe that this matter must be thoroughly threshed out in the house. It is expected that there will be a full debate in a day or so."

LIBERALS WIN ELECTIONS IN AUSTRALIA

Are Leading Laborites by Two with Three Seats Doubtful—Senate Still in Control of Labor Party.

Melbourne, June 2.—The returns from the federal election, held Saturday, indicate the probable defeat of the ministers. The returns up to date show that the house of representatives will be in the hands of the Labor party, and thirty-seven Laborites, three seats being doubtful. The Liberals scored heavily in the rural districts, while the metropolitan districts polled strongly in favor of the Labor party.

The senate will remain in control of the Labor party, leading to a deadlock in legislation, as four months will elapse before another election is held.

Gloucester Fishermen Wrecked. Halifax, June 2.—Captain Cody and crew seventeen men of the Gloucester (Mass.) fishing schooner, Acadia, arrived here tonight. Their vessel, which was on a mackerel voyage, was wrecked at Wolf Cove, near Tangier (N. S.). Both the vessel, and the cargo of mackerel are a total loss.

HIS MAJESTY 48 YEARS OLD TUESDAY WAITS RIGHT MEN IN POLITICAL LIFE

London, June 2.—King George's 48th birthday will be celebrated tomorrow, and the usual birthday honors were announced today. A birthday gift was conferred on James M. Barry, the novelist, and knighted upon Johnston Forbes-Robertson, the actor and theatrical manager, and Dr. J. Edward Albert Schaefer, professor of physiology in Edinburgh University.

BOSTON POLICEMAN, FORMERLY OF ST. JOHN, IS DEAD

Frederick Sullivan's Death Thought to Have Been Hastened by the Tragic End of His Brother.

Boston, June 2.—(Special)—Patrolman Frederick Sullivan, of East Boston, died today of Bright's disease. His death was probably hastened by the shocking death of his brother a few weeks ago.

The brothers were unmarried and lived together. They were devoted to each other and were inseparable companions. The other brother became ill, could not work, became dependent, and feared one way or the other, a few days ago President Wilson was consulted about the matter by Senator Simmons, chairman of the finance committee, and Senator Williams.

No Change in Sugar Schedule. Another development today was the approval without change of the sugar schedule as it passed the house. Other schedules advanced to varying stages of completion in the sub-committees. It also was announced by Senator Shively, of the finance committee, that in his opinion the tariff bill, as it goes to the senate committee, will be a lower bill in the aggregate than the Underwood bill.

A protest filed today by the American Live Stock Association said in part: "The result of the free admission of meats from other countries would be, first of all, to discourage the live stock business, and if the prices were forced down to the level of Argentine beef or Australian mutton, the business would be unprofitable that this country would soon cease to produce its own meat."

World Help Meat Trust. Armour, Swift and Morris have large plants in Argentina, the protest asserted, and handle 89 per cent of the export trade of South America. Two of these firms are building large plants in Uruguay. Swift & Co. are now building a plant in Brisbane, Queensland. There are three plants in Canada operated by American packers.

"That to place meat on the free list would result in curbing the so-called trust is preposterous," the petition continued. "Whatever control American packers have over prices in this country would be increased instead of lessened by free meats. The capacity of the United States for the production of live stock has not been reached. The present output could probably be doubled. Remunerative prices will bring this about. Unprofitable prices will result in a decreased production."

"We are in favor of an equal duty on all meats and live stock, and that duty should not be less than 15 per cent ad valorem in order to be in equilibrium with the live stock and farming interests of this country."

WILL NOT BUILD ANDOVER-GRAND FALLS SECTION?

Ottawa Report That Government Will Secure Running Rights Over C. P. R. for the Valley Road.

(Special to The Telegraph.) Ottawa, June 2.—It is understood the government has decided that the portion of the Valley Railroad between Grand Falls and Andover is not to be original construction.

The government has decided to lease running rights over this portion of the Canadian Pacific and will run that line, instead of building one.

LIBERAL WINS IN NICOLET BY BIG MAJORITY

Quebec, June 2.—Sir Lomer Gouin said tonight that the majority for Mr. Trahan, the Liberal candidate in Nicolet was between eight and nine hundred votes. Notary Rheault opposed him as Independent Liberal.

FOUR MEN DROWNED IN ATHABASKA RAPIDS

Edmonton, June 2.—Drowned in the Berter rapids of the Athabasca river, between Grand Rapids and Fort McMurray, their canoe found bottom up on the river bank, and three blankets with provisions strewn about, four men were left the landing a short time ago are probably drowned. Gordon Haight, one of the Hudson Bay Company men, brought the news. The names of three of the men are: A. Sharley, W. Campbell and John Papit, of St. Albert.

MRS. PANKHURST RECOVERING FROM HUNGER STRIKE

Suffragette Leader's License Expires June 9—Still Defies the Government.

London, June 2.—Mrs. Emmeline Pankhurst, the militant suffragette leader, whose "license" expires on June 8, is recovering from her illness arising from her "hunger strike" which brought about her release on Friday last from Holloway jail. She was, however, too weak today to attend the usual Monday meeting of the Women's Social & Political Union, the militant suffragette organization.

In a letter from Mrs. Pankhurst read at the meeting she expressed the hope that she would be able to be present tonight at a loyal tea which the suffragettes are organizing at Kennington. The letter breathed continued defiance of the government. Mrs. Pankhurst declared that if she were arrested again she would resume her protests as before.

LIBERALS RETAIN SEAT IN QUEBEC BYE-ELECTION

Quebec, June 2.—After one of the hardest political contests that has taken place in the country for years, Dorchester remains in the Liberal column of the provincial legislature. For over a week both parties made most strenuous efforts to carry the seat. They sent some of their best speakers into the constituency, while canvassers were used in every direction, visiting people who did not attend meetings.

POPE CELEBRATES 78TH BIRTHDAY

Rome, June 2.—Pope Pius, beside innumerable congratulations, received many presents in commemoration of his seventy-eighth birthday, which he celebrated today. The pontiff kept his appointments, his sisters and his niece as his guests at lunch and during the progress of the meal the band of the Papal Guard played in the courtyard below.

JAPAN WILLING FOR PEACE PLAN

Willing to Look Into Secretary Bryan's Scheme to Abolish War

TEN NATIONS AGREE Mikado's Ambassador Makes it Plain That His Government is Still Firm in Its Stand Against the California Legislation Aimed at Orientals.

(Canadian Press.) Washington, June 2.—Viscount Chinda, the ambassador from Japan, late today called upon Secretary Bryan with formal notification that Japan had accepted the proposed plan advanced by the United States for universal peace.

Signatories of the treaty proposed in Mr. Bryan's plan would agree to refrain from hostilities for a period of at least nine months, while any conflicting claims were under consideration by an international joint commission.

In the case of Japan, as with the ten other nations that have received the proposal favorably, the response applies solely to the general principle involved, and none has committed itself to approval of any of the details of the project. Therefore it may be many months before the tentative draft of the convention which Mr. Bryan submitted to the various embassies and legations can be reduced to a form which will receive their unequalled approval.

The statement by the ambassador that his government was prepared to give careful and favorable consideration to the peace proposal has no bearing whatever upon the opposition now in progress between the town countries regarding the California alien land legislation. During his call upon Mr. Bryan this afternoon the ambassador discussed this subject from various angles for half an hour, but without any definite result.

The Japanese foreign office, has not yet advised the ambassador of the instructions regarding the submission of its rejoinder to the last American note, and it is known that it is conducting an original investigation as a basis for its rejoinder.

BRITISH HANG FORTY CANNIBALS

Swift Justice Breaks Up "Leopard Society" in Sierra Leone

London, June 2.—Convicted of the practice of cannibalism and human sacrifices forty members of the "Leopard Society," a secret organization, have been hanged in Sierra Leone, a British colony.

Sir William Bradford Griffiths, chief justice of the gold coast, who presided at the trials, arrived at Plymouth today. He declined to discuss the case, but fellow travellers said that 100 members of the dread society had been arrested and that forty of them had been hanged. Many more were sentenced to deportation.

The "Leopard Society" has existed among the Mendee tribe and has long troubled the government. All natives failing to conform to its rites or submit to its demands are subject to death or slavery.

Home and Foreign Missions. Home and foreign missions was the subject at tonight's meeting. The speakers were Rev. C. W. Gordon (Ralph Connor), Winnipeg; Rev. C. M. Wright, Fort George (B. C.); and Rev. Dr. Murdoch MacKenzie, North Havan, China.

The Canadian Presbyterian was the subject taken by Dr. Gordon. Of 2,800,000 professing Protestants in Canada, 1,311,827 did not go to church. There were 1,150,000 professing Presbyterians in Canada, but only 295,000 were church members. Last year 49,000 Presbyterians came to Canada.

"The future of Canada depended on the church. They were the custodians of the country's morals. The task before the church was a tremendous one, but they must meet it with unflinching courage and undaunted faith. Mr. Wright's address was received with a wonderful outburst of enthusiasm. He is a young missionary, who has traveled 4,000 miles, the first 850 being a long weary trek on foot, to attend the conference.

Ringed Address by Rev. Dr. Taylor

Lack of Interest in Public Affairs Condemned

Presbyterian Congress Hears Montreal Divine's Views About the Child and the Church—"Take Care of the Children" Says Edmonton Speaker.

(Canadian Press.) Toronto, June 2.—The same feeling of interest and enthusiasm pervaded the meetings of the Presbyterian presbytery conference, held at the completely filled Massey Hall and tonight an overflow meeting had to be held in Cook's church.

The chief speaker this afternoon was Rev. Dr. Bruce Taylor, of Montreal, who spoke on the training of children. "One of the immediate problems of Canada," he said, "is how to get the right kind of people into municipal and political life. The problem of the supply of men for the ministry is not the only problem of public service in this land. The thing that keeps men out of the ministry is essentially the same cause that operates in allowing so many of the important officers in municipalities and elsewhere to be filled by the wrong kind of men."

"There is everywhere a certain lack of interest in public affairs. The result of business industry and capability is to great that the best and ablest men might have the greatest weight with them, and they are refusing to give themselves to work that means relatively little reward and involves liability to criticism and embarrassment."

"When we get religious we shall get the sense of public duty, also the same influence that will turn men's thoughts to the ministry will turn them also to public life. It is in the home primarily that this interest must be aroused."

The Child and the Church. In speaking of the child and church, Dr. Taylor laid stress on the importance of the Sunday morning service. "The morning service is the family festival," he said, "and at the risk of being accused of encouraging half-day holiday, I utter a doubt as to whether the evening service has worked well for family life."

"He uttered an idea that he would not mind the family pew being empty at night if the family are worshipping at home, the only room for the 'roomers' in the church who, perhaps, do not worship in their rooms. Save the Children.

"The church that is God's agency for the maintenance and extension of Christ's kingdom on earth will find her highest service in the family festival," declared Dr. Alex. McGillivray, of Toronto. "The tomorrow of the church, its bound up with the child of today. We must help the children to become living illustrations of the principle that 'environment is more than heredity.'"

"It will not be for us to take care of the children," said Rev. C. V. Myers, of Edmonton. "If we let them go from us as soon as they reach the adolescence period, that period fraught with so much power for good or evil, that period of reconstruction and evolution and the church must turn its attention to the big boy and big girl problem."

Home and Foreign Missions. Home and foreign missions was the subject at tonight's meeting. The speakers were Rev. C. W. Gordon (Ralph Connor), Winnipeg; Rev. C. M. Wright, Fort George (B. C.); and Rev. Dr. Murdoch MacKenzie, North Havan, China.

AGRICULTURE

The Cutworm a Persistent and Destructive Insect—Effective Means of Combatting It—Easily Distinguished.

There is no insect attacking farm or garden more destructive in its habits, more persistent in its attacks, and more difficult to control than the cutworm. Insects attacking above ground are troublesome enough, but in dealing with cutworms the farmer is obliged to fight an unseen enemy, for damage to crops occurs at night or below the surface of ground.

The feeling of disgust and helplessness accompanying the discovery of the destruction wrought in a day or two after transplanting cabbage or tomatoes to the open is difficult to describe. He has not seen the enemy, but the work he has done is apparent. The plants are fallen over, or weakening or collapse of stem due to the cutting of the "worm."

Not only transplanted plants suffer, but during seasons of serious attack beans, peas, corn and the cereals are destroyed. There are a few cases on record where the country has been swept bare, with absolutely nothing left growing, owing to the destruction of the cutworms.

When plants are set in the field, if an attack of cutworms is expected, it is a wise preventive measure to take strips of building paper, say six inches long and two inches high, and use these as collars around the newly set plants. If there are no cutworms a faster the collars when paper is placed, and no leaves touch the ground the plants are quite safe for cutworms seldom or never climb over the paper. Protecting plants in this way would be practical on small areas.

WESTFIELD BEACH

Westfield Beach, May 30—The most remarkable function which has taken place so far this summer was the dance given by Miss Helen Church on Wednesday evening at her home at Hillandale, in honor of Miss Mylan Barnes, who early next month becomes the bride of Mr. L. Barker and Mrs. Dyerman, of St. John, spent Sunday with Mrs. Olinstead's parents, Rev. I. B. Colwell and Mrs. Colwell.

ABE MARTIN

Mr. and Mrs. Harold Rising are settled in Mr. Finley's house at Hillandale for the summer.

LITTLE VICTIMS OF 'ST. VITUS DANCE'

If your child—whether boy or girl—is feckless, emotional and awkward, you should watch it carefully as it may develop St. Vitus dance. Frequently children cannot keep still, they move with strange actions, their limbs jerk and their features twitch nervously. Speech is confused and the whole muscular system is under control. These are among the symptoms of St. Vitus dance, a trouble that affects growing girls and boys, most frequently during the school age. Dr. Williams' Pink Pills are a splendid nerve tonic that they have cured the worst cases of St. Vitus dance. They do this because the new, rich blood they make feeds and strengthens the starved nerves, thus throwing off the disease. Here is an example: Mrs. L. Gifford, Westover, Ont., says: "For over two years my little girl, Constance, was a sufferer from St. Vitus dance. She was frightened badly by a dog, which seemed to bring on the trouble, and notwithstanding all we did for her it seemed to grow worse. She grew so bad that she could not feed herself and her speech was so badly affected that we could scarcely understand her. The twitching and jerking of her limbs was pitiable. At this juncture we began to read Dr. Williams' Pink Pills, and to our great joy they have completely cured her, and she is now as healthy a child as you can find."

HOPEWELL HILL

Hopewell Hill, May 28—The fourth quarterly meeting of the official board of the Methodist church met this afternoon in the church at Albert with Rev. Albert W. T. Wright, of Barbours, A. B., as moderator. The following stewards were re-elected: Geo. W. Barbour, W. T. Wright, Geo. W. Barbour, A. B., S. Stevens, Hopewell Hill, Norman Smith, Harvey. Financial matters were reported by Mr. W. T. Wright, who has been representative to the district meeting at Petitcodiac, with J. M. Keiver alternate. The treasurer was also elected.

SHIP WRECKED AT YARMOUTH

Dashed to Pieces On Rocks... The Freia Torn From Moorings But Crew Land Safely... The Steamer Gerald Turnbull with Twenty Wreckers Aboard in Great Danger of Destruction—Tugs Unable to Go to the Scene.

Yarmouth, N. S., May 30.—In the height of the worst May gale on record on this coast for years, the ship Freia at anchor in Yarmouth sound, broke from her moorings and went to pieces on the shore just above Sunday Point about 7 o'clock this morning.

The Freia was lying in what was considered safe anchorage awaiting a part of her crew from Boston, having cleared from here on Monday, the 26th, for Bahia Blanca, with the largest cargo of lumber ever shipped from this port.

Just what the ship is valued at and whether she carries full insurance was not ascertainable. At any rate, she is a total loss, but it will be possible to save a considerable portion of the cargo, or at least that part which is thrown ashore.

Considerable fears are expressed for the officers and men who are aboard the steamer Gerald Turnbull, ashore at Gannet Rock. The wrecking outfit arrived here yesterday.

It will be remembered that the Turnbull went ashore at Gannet Rock about a week ago. While the gale continues it is impossible for any of the tugs to get to sea.

DISASTROUS FIRE RAGING IN AMHERST

Early Morning Blaze Destroyed Electric Light Plant and Other Buildings Are in Flames.

Amherst, N. S., June 2.—At 1:30 this morning one of the most spectacular and disastrous fires that has occurred in Amherst for some time broke out in an unoccupied building formerly owned by the Maritime Coal, Railway & Power Company on Electric street.

At one time it looked as if the whole business section between Havelock and Church streets of the town was in danger but the almost miraculous efforts of the firemen and the splendid supply of water kept it confined to this section.

Better Use for \$35,000,000 Than Navy Building... Rev. J. L. Dawson Says Money Should Not Go to England Unless Used for Disarmament.

Col. Sam Sees No Need of Election... Leg Broken When He Fell Into Water... Monday, June 3.—Walter McGuire, of Lunenburg, aged 35 years, suffered a compound fracture of the left leg on Saturday at 2:30 p. m., while at work on the wharf being constructed there by the Charleston Construction Company.

GOVERNMENT WILL ABANDON MUCH LEGISLATION

The Parcels Post Bill to Be Shelved—Postmaster General Awards Twenty-Year Contract for Stamp-Vending Machines in Streets of Cities—Election Likely Late This Year.

Ottawa, May 30.—The government is hastening preparation by jettisoning a considerable part of its legislative programme. The parcels post bill, which was announced with a flourish of trumpets some time ago, is dropped.

The government will not go on this session with its resolution which has been standing on the order paper since the opening of the session.

Rev. J. L. Dawson Says Money Should Not Go to England Unless Used for Disarmament... "Our Lord was clearly opposed to the policy of both great political parties in Canada in regard to the arms question."

5,000 PRESBYTERIAN DELEGATES ATTEND TORONTO MEETINGS... Rev. Dr. McQueen, Moderator of Assembly, Lauds the Church for the Work It is Doing—Declares It is Leading the Intellectual Life of the Dominion—Rousing Address of a Layman for More Self-sacrifice.

Toronto, June 1.—Fully 5,000 delegates are in the city attending the Presbyterian pre-assembly conference. The opening meeting in Cook's church, and both meetings today in Mass, were attended by large audiences and were marked with a remarkable intensity of interest.

The amount of consideration and discussion which has been made possible by the eleventh-hour methods of the government on these large expenditures is indicated by the fact that on Saturday money was voted for public works, estimated at the rate of \$8,000,000.

REAL ESTATE

Friday, May 30. Another purchase of Lancaster property was made known yesterday when the sale of a portion of H. E. Beyer's property in Sand Cove road took place.

An interesting property deal was concluded when W. C. Sharkey, who arrived in the city from Boston on Tuesday, purchased from Mrs. Creary, his portion of the High Morris estate in Military road.

The following transfers of freehold properties have been recorded: W. W. Betts to C. J. Coster, property at Lancaster.

Grude L. wife of James Creary to Elizabeth, wife of W. C. Sharkey, property in Military road.

The new residence of A. W. Macfackin, secretary-treasurer of the New Brunswick Telephone Company, is being built on the site of the old parsonage which was burned a few years ago.

In hanging up a washing, be sure to catch it in a basket. Shirts should be hung from the bottom and skirts from the top.

WARMS REPLY TO CONN. McLELLAN

Had Best Interests of City in View He Says in Trans-fer Charter

Lack of Courtesy Efforts to Provide a Larger Dry Dock Met Hearty Approval of Everyone Besides City Commissioner, is His Statement—Position Fully Set Forth.

St. John (N. B.), Canada, May 31, 1913. To the Editor of The Telegraph: Sir,—In your edition of the 26th ult. a long letter appeared addressed to the Taxpayers of the City and County of St. John, by H. R. McLellan, a member of our city council.

He attempts to explain, apparently with at least satisfaction to himself, the position taken by him in connection with the sale of the municipal home.

As regards the affairs of the Imperial Dry Dock Company, I wish to make a few remarks, as I assume the "prominent citizen and politician" to whom he refers is myself.

Most of our citizens believed that the most desirable to have a dry dock and ship repairing plant, the proposition was generally supported by the taxpayers as a necessity, considering our development as a shipping port.

When the question of a greater and larger dock (1,150 feet) was talked about, it is a citizen, believed that it would be possible to get it enlarged for the following reasons: That at present there was no dock on the Atlantic coast that could accommodate the larger ships now afloat and being constructed; that in 25 years or less owing to the great development of the size of the steamships a 600 ft. dock would be obsolete, or at least inadequate, and that in a few years a dock 1,150 feet long would be a necessity.

With this in view, I saw Burton Stewart, and he expressed his willingness to build a larger dock provided he got sufficient support for it. It would involve a very large amount of money, and I placed the matter before the members of the board of trade and they unanimously supported it.

I got into communication with the Hon. Mr. Hazen and he promised to bring the matter before the governor-in-council and thought it would be supported.

city and government should stand by their former pledges and grant the subsidies. Many, however, thought it was a good opportunity to get clear of the obligation. The transaction, I think, obtained through the work and efforts of the Imperial Dry Dock Co., and that no advantage should be taken of the change of location to get clear of the obligation.

When the question of a greater and larger dock (1,150 feet) was talked about, it is a citizen, believed that it would be possible to get it enlarged for the following reasons: That at present there was no dock on the Atlantic coast that could accommodate the larger ships now afloat and being constructed; that in 25 years or less owing to the great development of the size of the steamships a 600 ft. dock would be obsolete, or at least inadequate, and that in a few years a dock 1,150 feet long would be a necessity.

My own opinion was that morally the company was entitled to the dock. I took an active interest in the matter negotiating the transfer, and recognized that one of the chief objects of the company was the subsidies and believed that they would be available, although the location of the proposed dry dock was to be outside of the city limits; still, the benefit would be quite as great to the city and provincial government as if constructed on the Old Mill Pond as it was intended, and besides the city would have returned to them a valuable tract of land on the west side granted as a free site.

MAY BOOST LUMBER AND COAL RATES ON I. C. R.

Sweeping Revision in Effect May 28 Does Not Represent Full Intentions of New Management—Increase in Minimum Charge Will Be Keenly Felt.

Monday, June 2. That the increase in the local freight tariffs of the I. C. R. will bear heavily on the Island merchant is the opinion of those few merchants who have examined the new list of tariff rates. In conversation with The Telegraph yesterday only one or two said that they had examined the new list, which came into effect on May 28, and they were of the opinion that the changes might have very serious effects. They were agreed that for the most part the greater part of the increase, which on an average amounts to about ten per cent, will fall upon the consignee. The heaviest increases are in classes one to six, general merchandise, under which the most of the goods sent out of the city are classified.

Further addition, they say, cannot but be regarded as very serious. The raising of the minimum charge from twenty-five to thirty-five cents for any item of freight will probably be felt most keenly as this will cut very heavily in the shipment of small lots. In view of the immense surplus of the government railway the news that there was such a general increase in the rates was received with surprise in many quarters, the increase bringing the rate well up to those in effect on the Grand Trunk Railway. Another aspect of the change in rates, which is regarded not less seriously, is that as the Intercolonial is to operate the Valley line business men are asking if it is to be inferred that these new rates will prevail on the Valley line also.

COMMISSIONER ON MARKET REVENUES

Mr. McLellan Says Administration Has Improved Under New Form of Government with More Than \$100 a Month Increase in Tolls—Replies to Criticism.

To the Editor of The Daily Telegraph. I noticed in the Standard of today an interview with one John E. McAuley, of Millstream, in regard to the city market, and while I do not ordinarily notice such interviews, I believe in this case that some notice should be taken, as it is so misleading to the public interest demands an explanation. I herewith enclose a copy of my letter to the Standard which I trust you will be kind enough to publish, so that your readers as well as the Standard's will have the correct information.

He says the market revenues are going behind. If such be the case, some public person must be paying up the difference, as the revenue for the commission form of government has been in force, and just ended, is greater than for any year since the market was built. The increase for the months of January, February, March and April, 1913 as against the same months in 1912 was \$450, and the month of May, 1913, will be over \$100, and I cite the latter months to show just how much the public is losing, as per McAuley's statement. These increases are altogether in connection with the tolls, and show to what extent the farmers or the produce are being carried away from the market as an avenue of sale.

Only Change in Law. The statement that he and others had a meeting with the commissioners in which he stated that four boys could make a better set of regulations for governing the market than we were trying to enforce may be true; if so, I never heard of any such meeting, but when he states that the commissioners repealed the existing laws governing the market, as the only change which has been made in this law is that whole carcasses of veal, mutton, lamb and pork may be sold as a whole any time after reaching the market, so as to avoid any loss to the farmer through the effect of hot weather, etc., and it does not affect the householder who does not want to purchase a whole carcass of either.

This order was given by myself and the commissioners were not consulted about the matter, as the public safety department has the power to make rules and regulations from time to time, and I considered this purely a departmental matter. He further says "that some of the farmers who have been accustomed to gather up the produce of their neighbors and bring it into the market to sell, cannot afford to pay this extra rental in addition to their tolls and are cutting out their occasional trade to the market. My answer to this is that he thinks we do not know the difference between the market and the farmer, and should permit the market to be run for the benefit

OBITUARY

Mr. John McCracken. Friday, May 30. The death of Margaret, wife of John McCracken, took place at her home, Chesley street, yesterday afternoon. She was 80 years of age and had been ill for eight days with pneumonia. She was born in the North of Ireland and came to St. John when young. Her late husband is survived by six sons, John, in Medicine Hat, Alexander, George, Thomas, David and Clifford, at home; and three daughters, Mrs. Harry Strayhorn and Mrs. Samuel Hillson, both of St. John, and Mrs. Ernest Miller, Providence, (R. I.). The funeral will take place Sunday afternoon at 2:30 o'clock from her late residence, 171 Colwell street.

William Gaskin. Friday, May 30. The sincere sympathy of a host of friends will be extended to William Gaskin, of the staff of Vassie & Company, and his wife in the loss of their three-year-old son, Willie, whose death occurred yesterday morning in the epidemic hospital. The lad, who was a bright little boy, broke his leg while playing about their home in Kennedy street about seven weeks ago, and was taken to the General Public Hospital, where he steadily improved. About three weeks ago it was thought that he would soon be able to leave that institution, but he developed a case of measles. His condition was not serious, and it was thought that he would be discharged last Saturday, but then it was found that he had diphtheria and the boy became worse. He passed away yesterday morning.

Mrs. Andrew Ritchie. Aldover, N. B., May 28.—On Tuesday the funeral of Mrs. Ritchie, widow of Andrew Ritchie, took place from their residence, interment being made in the Church Cemetery at Burdville. Mrs. Ritchie had been a great sufferer from rheumatism for several years, but the medical aid and good nursing which was done to relieve her suffering. Rev. Mr. Hopkins officiated at the funeral. She leaves three children, Mrs. Le Bell, of Andersons, George, of Presburg, and Hubert, of Perth, and her mother and five brothers to mourn their loss.

Mrs. Robert Gabbie. Saturday, May 31. At the residence of her mother, W. H. Banks, 122 Pitt street, Mrs. Robert Gabbie died early yesterday morning in the 84th year of her age. She had been ill some months. Her surviving children were Mrs. J. Young, Mrs. Thomas Jenkins and Mrs. W. H. Banks, of St. John and Mrs. George A. Currie, of Grand Junction, Colorado.

Miss Lena Dalry. Saturday, May 31. The death of Lena, daughter of Sarah and the late Michael Daly, took place yesterday afternoon. She had been suffering from heart trouble during the last three months. She was very popular and had been a member of St. Peter's church choir for many years. She is survived by her mother, two brothers, William and Daniel, and one sister, Miss Katie, at home. She had resided with her aunt and uncle, Mr. and Mrs. William McVeay, of Douglas avenue. The funeral will take place Monday morning.

John E. Martin. Saturday, May 31. News reached the city yesterday morning telling of the sudden death of John E. Martin, at Chapel Grove on Tuesday afternoon. He had been in good health up to the time of his death and it was a great shock to his friends. He had been about his house this morning, and had not been complaining of ill health, but it is thought that he never awoke from the slumber into which he fell on Wednesday night. A neighbor missing him about the house Thursday morning called at about noon, and found him lifeless on a lounge.

Miss Elsie Belding. Saturday, May 31. The death of Elsie, second daughter of Wallace E. and Annie T. Belding, of Chances Harbor, took place on Thursday evening at 6:45 o'clock. Much sympathy will be expressed for the bereaved parents. Miss Belding was fourteen years of age. Two brothers and two sisters are left. The funeral will take place this morning at 10:30 o'clock. Interment will be in Cedar Hill.

Elias H. Robinson. Monday, June 2. After nearly a year's illness, Elias Hamilton Robinson, a widely known and much respected citizen, died on Saturday at his home, 247 Douglas avenue. Mr. Robinson was in the sixty-seventh year of his age. He was born in Albert county for nearly forty years he had been engaged in the lumbering business, during which time he had gathered around him a large host of friends. He was of a retiring disposition, but of sterling character. He is survived by his wife, one daughter, Harriet, in Massachusetts, and one son, Edward Walker, at home. L. H. Robinson, president of the Atlantic Bond Co., is a nephew. The funeral will take place this afternoon.

Mrs. Ann Fuller. Monday, June 2. The death of Mrs. Ann Fuller occurred at the residence of her son in Fairville yesterday. She had been ill for several months. She is survived by her son, John Fuller, and her daughter, Mrs. Reginald J. Plint, of Chipman. Joseph Biddicombe, jr., met with a serious accident this afternoon at Chipman Station. He was seated in the farm wagon and some of the harness on his team became unfastened. He sprang from the wagon to retasten it when his foot slipped, and he fell, dislocating his shoulder. He was hurried to Dr. Hay's office and had his shoulder put into place.

Mrs. Mary Curry, who has been confined to her bed suffering from a cancer for five months, died yesterday afternoon. The funeral will be tomorrow. Interment in Briggs Corner cemetery.

LETTERS TO THE EDITOR

The opinions of correspondents are not necessarily those of The Telegraph. This newspaper does not undertake to publish all or any of the letters received. Unsigned communications will not be published. Only one side of paper should be used. Letters should be plainly written; otherwise they will be rejected. Stamps should be enclosed if return of manuscript is desired in case it is not used. The name and address of the writer should be given in every letter as evidence of good faith.—Ed. Telegraph.

Kings County Health Matters. To the Editor of The Telegraph. Sir.—Will you be so kind as to allow me sufficient space in your valuable paper to call the attention of the provincial government and the public to the manner in which the Public Health act is being carried out in this place.

Let me explain in common with all law-abiding citizens I recognize that the act was put upon the statute book for good and wise purposes, and that if prudence and common sense are used in its execution the greatest good may result. The chairman of the local board of health is Dr. F. H. Wetmore, and his high-handed and arbitrary methods have done much to make the act unpopular and have, also, inflicted serious damage upon me as well as others. The county council asked the local government to remove him from the chairmanship, but received no satisfaction. The alleged grievances then was his expensive methods. Since that time I have had a personal experience with this gentleman which certainly was of the reverse of pleasant. He came to my house in Hampton Village and took four children off the street where they were amusing themselves innocently and caused them to be confined in a room with their mother, declaring they should be so confined for six weeks. I secured the written certificate of three general doctors to the effect that the children were not suffering from any disease and that they presented no indications of having had any disease, but it was all to no effect. The decree had to be obeyed and my family had to suffer. Then again this same official arbitrarily deprived me of the knowledge of his power, declaring that inmates were suffering from scarlet fever. In his report to the county council he tells of 15 cases of scarlet fever at Passages and yet I find that two houses were quarantined. The first had two occupants, an old lady of about eighty years and one child; the other had the parents and seven children, making eleven in all. In this connection I would ask a careful perusal of the accompanying copy of a letter from Mrs. John Kennedy, which explains how the chairman of the local board of health treated him and his family.

Weddings. Friday, May 30. The marriage of Miss Edna May Kelly, of Montreal, and Edgar Sealey, of Fort William, was solemnized last evening at 8:15 o'clock at the residence of the bride's sister, Mrs. Robeisy McLaughlin, 66 Elliot row, by the Rev. R. A. Armstrong. Only the relatives and friends of the bride and groom were present. The bride was gowned in white silk, and the groom in a dark suit. The bridesmaids wore a veil and orange blossoms and carried a bouquet of roses. The bridegroom wore a pale blue chamois silk tie, and an old hat. The groom wore a blue suit with a white shirt and a blue tie. Mr. and Mrs. Sealey leave tonight for Montreal, Toronto, Niagara and Detroit, and will make their home at Fort William.

Munro-Bradshaw. A pretty wedding took place at the home of Mr. and Mrs. Robert B. C. Wedmore, 94 Prudhomme avenue, Montreal, on Tuesday evening, May 27, when Mr. Munro's sister, Miss Cora M. Bradshaw, was married to William A. Munro, jr., by Rev. S. J. Jones. The bride was dressed in a suit of velvet with satin and lace trimmings and carried a bouquet of white roses and lilies of the valley. After the ceremony luncheon was served. The happy pair will spend their honeymoon in Montreal and other Canadian cities.

Considerable extensions to the residences at Rothsey Collegiate School are being planned for the near future. The north residence, which now accommodates thirty students, will be enlarged so as to take in fifty-five, making three flats in this building with bath rooms on each floor. The reading room and library will be twice as large as at present. In the basement there will be a well equipped gymnasium. The south house will also be changed and improved. The old kitchen, which the kitchen, will be torn down and a new kitchen built. An extra story will be added to provide more room for the servants.

CONDENSED NEWS: LOCAL AND GENERAL. Dumber's foundry at Woodstock, which was damaged by fire on Friday, was insured for \$1,000 in the Property Insurance Company, \$1,000 in the Anglo-American and \$1,000 in the Montreal Canadian. The machinery was insured for \$8,000 divided equally between the London and Equity companies, for which J. M. Jones is agent.

WIRELESS AND THE FISHERMEN. To the Editor of The Telegraph. Sir.—In your issue of May 28 I read with interest "the idea of wireless" to further the interests of the fishermen. Concerning such an undertaking I have little to say, but what appeals to my mind is the idea of the fishermen belonging to the Eastern Steamship Company leading their aid to a scheme for the benefit of the fishermen when the company's boats during the salmon season open to students of the high school to the fishermen's nets as is possible. The direct boat very rarely tries to clean nets, and seldom ever alters the hauler's nets, but I believe that if the officers of these boats would try the monthly of June and July they would help the Bay of Fundy fishermen more than by the use of wireless.

(Special to The Telegraph.) Ottawa, June 2.—The killing of the bill by the construction of highways beyond peradventure.

It is a rigorous speaker, Dr. Michael Clark, Graham, Wm. German, pointed out that the senate merely made the intention of the government the money grants according to the ton.

What possible reason government's opposition is behind it since the grants, now being exploitation of elector asked Sir Wilfrid Laurier's Borden submitted defence. He made a speech with motives, and declared that he would retire. In this event there will be two positions on the supreme court bench to fill, and there will be some very interesting speculation as to the personal of the new judges.
