PLEASANT TIME AT OPENING

Firemen's Dance in New Fire Station a Most Pleasant Affair—Many Attended.

The opening of the new fire station by a social dance by the firemen Tuesday evening was a most pleasant affair, and was largely attended. The ground floor, which has a very fine floor, was used for dancing, and a most pleasant time was enjoyed by all. The band orchestra furnished excellent music. His Worship the Mayor and many of the Council members were present. Lunch was served during intermission.

GUN PLAY AT NASH'S CREEK

Frederick, N. B., April 6.—Revolver shots were fired and a sub-inspector under the liquor act was badly beaten in a fracas Monday night at Nash's Creek, Westigoque County. The parish priest was giving an entertainment and, having learned that some hoodlums were planning trouble, he had applied to the chief inspector, R. W. D. Wilson, for assistance. James Dickson, of Chatham, and John Gammon, of Bathurst, were detailed for duty there and were on hand when the rioters arrived and, it is reported, made an attack on members of the priest's party.

When the inspectors attempted to arrest some of the men who appeared to be under the influence of liquor a free fight followed during which the marauders used revolvers—happily without effect. Dickson downed one man but was tripped and received severe treatment at the hands and feet of the visitors before Gammon could rescue him.

Finally they drove off the attack and took one prisoner, who was conducted to Dalhousie where he is charged with having liquor in his possession and also with interfering with the inspectors in the discharge of their duty. Other members of the gang may also have to face charges.

of a kind and affectionate mother, two daughters, Mrs. E. D. Ferris of New York and Mrs. Wellington Camp of Campbellton. She is also survived by three brothers, Chas. P. Baker of Fairville, Edgar Baker of Halifax and Frank Baker of St. John, and one sister Miss Emma Baker of St. John.

The bereaved family's sympathy of the community will be extended in the loss of their beloved and respected mother and sister.

The remains were forwarded to St. John on Wednesday morning and were accompanied by Mr. and Mrs. Wellington Camp.

Interment was made in Fern Hill Cemetery, St. John.

COUNCIL MEETING LAST EVENING

Fire Alarm Improvement Held Over Until Next Meeting—Other Matters.

A meeting of the Town Council was held in the clerk's office last evening. His Worship Mayor Murray presiding. There were present Couns. McKay, Ingram, Matthews and Bissett. The minutes of the previous meeting were read and confirmed.

A letter from Wm. Flannery re work at dumping ground asking for \$175 per month until May 31st, and \$15.00 per month for balance of season, was read and laid on the table.

A resolution was read from the Campbellton Board of Trade, asking the town to appoint a delegate or delegates to accompany the bridge delegation to Ottawa and press for the transfer of the L. N. E. lot east of Sugarloaf to the town.

Coun. McKay moved that the Council's representative on the Bridge delegation to go to Ottawa be also authorized to attend to this matter—Carried.

The reports of the several departments were read and accounts ordered paid.

Coun. Matthews said that the Fire Protection Committee were not prepared to report on the improvement for fire alarm system. He thought as these called for four thousand dollars, the whole Council should deal with the matter.

Coun. Bissett said that if the fire alarm system was to be worked efficiently a switchboard was an absolute necessity. He would advise the buying of a four circuit board as the difference was only \$215.00.

Coun. McKay moved that the matter of Fire Alarm equipment be held over until the next meeting when the manager of the Electric Light Department will be requested to attend to explain the matter—Carried.

Coun. Ingram reported that Mr. Chas. Alexander had agreed to hold the \$10,000 Water and Light bond if the interest was increased to 6 1/2 per cent. per annum.

Coun. Ingram moved a resolution covering the matter which was carried. The bond to run until maturity in 1934 at this rate.

Coun. McKay brought up the matter of the increase to the men at the Electric Light Station. He said that the managers' recommendations did not go far enough. He recommended that two men of the four be given increases. He (Coun. McKay) thought the manager should give an explanation why the other two men were discriminated against. He moved that Dolman and Nelson be given an increase of \$10.00 per month.

Coun. Ingram thought that his matter was settled and should be allowed to stand.

His Worship asked Coun. Bissett if he had anything to say.

Coun. Bissett said that the matter was thrashed out and settled, and he had nothing more to say.

Coun. Matthews agreed that the matter had been settled and should not again be brought up.

Coun. McKay's motion was not seconded.

Coun. McKay said that he had been spoken to by a great many of the people who had intended building under the Housing Scheme asking for an increase of \$500.00 as all kinds of building materials had increased greatly in price.

Coun. McKay moved that the Council endeavor to arrange with the local government for an income of \$500.00 for each class of building—Carried.

Coun. McKay said that he noticed that St. John had been granted an increase.

Mrs. Du Guay through Mr. Wallace stated that she was establishing a Commercial College and would like to have the encouragement and assistance of the Town Council.

Coun. McKay said that he was sure he could assure Mrs. du Guay of the Council's sympathy in the matter, and moved that Mrs. du Guay put before the Council her request and when she did so it would receive the consideration of the Council—Carried.

Mr. W. H. Wallace was present and asked a number of questions which the Clerk was authorized to answer.

SLEET STORM DOES DAMAGE

Electric Light, Telephone and Telegraph Wires Down—Trees Damaged.

A severe easterly sleet and rain storm accompanied by a heavy wind set in Monday evening and did considerable damage. Ice formed on all electric wires and many lines were down. The telegraph and telephone systems were severely hampered, while the town fire alarm system was out of business for a short time and the electric power station had to close down for an hour until things were straightened away.

Many of the trees about town had limbs broken from the weight of ice. Tuesday afternoon the weather moderated and the wires were relieved of their weight of ice.

RAILWAY COM. AT NEW CARLISLE

This is probably the first step towards having the government take over these railroads.

Pure Air is as Necessary as Pure Food

THE ENTERPRISE BLAZER FURNACE heats your home in Nature's way. It draws in the big outdoors, moistens it thoroughly, turns it into heat and comfort and passes it on to every corner of your home.

The best that base burners and radiators can do is to heat the air that is already in the house—that has been breathed again and again. Stoves choke the air with dust and in cold weather they fall short of their job. Another reason for the

ENTERPRISE BLAZER FURNACE

is economy. For thirty five years we have been learning how to take all the heat out of a piece of coal, and then how to make most use of it. The Enterprise Blazer is the result. And it costs a great deal less to install than a hot water boiler, pipes and radiators.

Health and Comfort

An Enterprise Blazer will wear for years and years. Every part is made a little better than it should be, and it carries the famous Enterprise guarantee of satisfaction. Get your dealer's advice and write us today for our free booklet "Wash and Comfort".

YOUNG WOMEN AVOID PAIN

This One Tells How She Was Benefited by Taking Lydia E. Pinkham's Vegetable Compound.

Regina, Sask.—"For two years I suffered from periodic pains and nausea so I was unable to get around. My mother had me take Lydia E. Pinkham's Vegetable Compound, and I am much better and able to go about all the time, which I could not do before. I recommend Vegetable Compound to my friends if I know they suffer the same way, and you may publish my letter if it will help any one I hear of it will."—Miss Z. G. ACKWELL, 2075 Oiler Place, Regina, Sask.

If every girl who suffers as Miss Blackwell did, from irregularities, painful periods, backache, dragging down pains, inflammation or ulceration would only give this famous root and herb remedy a trial they would soon find relief from such suffering.

It hardly seems possible that there is a woman in this country who will continue to suffer without giving Lydia E. Pinkham's Vegetable Compound a trial after all the evidence that is continually being published, proving beyond contradiction that this old and tried medicine has relieved more suffering among women than any other medicine in the world.

For special advice women are asked to write the Lydia E. Pinkham-Medicine Co., Lynn, Mass. The result of forty years experience is at your service.

MARITIME UNION IDEA ADVANCED

Conference to Discuss Matters of Mutual Interest Will be Held at Early Date.

FREDERICTON, March 27.—Advocates of Maritime union declare the first important step towards bringing about a union of the three Maritime Provinces was achieved yesterday when the delegation from the Maritime Board of Trade, headed by President Hance T. Logan, ex-M. R. Amherst, N. S., were promised by Premier Foster that the New Brunswick Government would take steps towards having a conference of representatives of the three provinces to discuss matters of mutual interest.

So far none of the details of the action to be taken by the local government in the matter have been announced, but it is presumed that there will be an inter-provincial conference, probably some time early in the coming summer, when representatives of the governments of the three provinces as well as of the opposition parties will be asked to confer at some central point. At this conference it is likely that joint action in demanding better terms and more adequate representation for the Maritime Provinces by the Ottawa Government will be considered, and joint action in the conduct of certain institutions will probably also be considered. Already, there are some institutions which are used jointly by the three provinces and the extension of that policy is being advocated.

"FROM THE FIRING LINE."
Electric Lights on Farms as Reported by Chas. Churchill.

Mr. John Doyle: "It would be pretty dark without the electric lights now. We are highly pleased."

Mr. Doyle is a real booster for home service. He has his Ford car that connects him with town, an electric Delaval cream separator, a Meadows safety Electric washing machine and wringer, that takes the drudgery out of Mondays. With the aid of his electric lights in the barn and about the yard he is able to give his Holstein herd the best of care. All this electric power is the saved by-product of a 2-horse power engine that he had on the farm to pump water. And still the engine pumps enough water for two dairy farms while lighting the place.—Harbor Journal, Wash. U.S.A.

Mr. Doyle referred to above is a native of Jacques River.

The Tale of Perfect Hair is a Watch From Mainpring to Hairspring between them lies the secret. The Mainpring is the power which transmits to the active parts of the watch. The Hairspring has the control and regulates the motion. The fitting is most delicate; imagine a 1900th part of a hair. (Unsuspected isn't it?) Yet it is enough to interfere in its performance so wonderful is the adjustment. The friction from accumulating dirt; lack of oil, etc., destroy these perfect fittings. Do not let your watch run to ruin from neglect. Remember my business is the care of watches, and my opinion costs nothing.

THE BALANCE.
The two greatest forces in this country are the farmers and the home town merchants. It is THEY who preserve the BALANCE. And the balancing poles are HOME TRADE and CO-OPERATION. Their PERFORMANCES determine our prosperity. If outside influences are allowed to creep in, the balance is destroyed. Home Trade and Co-operation are the deciding factors. With these we can "deliver the goods."

THE GRAPHIC'S STAND.
The Graphic again wishes to state that it is not supporting Mr. W. H. Wallace's candidature for the Mayoralty, much as the Tribune would wish to have it appear that we are the "man behind."

Mr. Wallace as a citizen of this town has a perfect right to be a candidate if his friends wish him. If he wishes to use space in the Graphic to set his views before the ratepayers it is at his disposal, just as it is at the disposal of any other candidate or candidates, who may wish to use it.

As we stated before we are entirely independent in this election and are only interested in seeing that the best men are selected in the best interests and for the advancement of Campbellton.

FOR TOWN MANAGER.
The Tribune would wish to intimate that W. H. Wallace is the only one in the coming contest who favors the employment of a town manager. We have this to say that we have had frequent conversation with His Worship Mayor Murray and he has publicly stated that he is in favor of the employment of a town manager, and went so far as to bring the matter of special legislation up, by way of information by the town solicitor that the town had all the necessary power to employ such a manager if it was considered the proper course to pursue. Many of the present councillors also are in favor of the employment of a competent man to manage the affairs of the town under the direction of the Town Council.

STICK TO THE TRUTH.
The Tribune in its issue of yesterday states:—
"When the bonds amounting to \$20,000 which were authorized by the ratepayers have been issued to assist in the payment of this building (Fire Station) are sold then the town's overdraft will have been entirely wiped out."

If the editor of that paper had called up the Town Treasurer or even any one conversant with town finances he could have received information which would have enabled him to truthfully set this matter before the electors, but he had no inclination to do this.

What are the facts.
On Jan. 1st, the town started in with an overdraft of \$19,548.32. From the first of the year to March 31st, the revenue amounted to \$14,000 while the expenditure was approximately \$35,000 or a further deficit of \$21,000 which makes the overdraft at the present time over \$40,000.

Of this amount the new Fire Station represents an expenditure of between twenty and twenty-five thousand dollars, and when the bonds authorized (\$20,000) are sold the amount of overdraft will be reduced by the amount they sell for, so the overdraft will not be entirely wiped out as the Tribune states, but will amount to at least \$20,000 or nearly double that of a year ago.

There are doubtless reasons for the heavy increases in the expenditures in various departments, and such increases should not be hidden but placed squarely before the ratepayers so that they will have no false conceptions of the town's financial standing at the present date.

The present year will be an exceedingly hard one for our ratepayers. Besides this heavy overdraft the town faces an additional appropriation for schools \$15,000 in excess of last year, and there are needed large additions to our electric light, fire alarm, water and other plants which will represent thousands of dollars.

It is better that our ratepayers should honestly face these matters and prepare for a heavy increase in our tax rates.

Buy at home and build up Campbellton.

The Whist Party and Basket Social held this week at Upper Curio brought in the sum of \$100.

The Basket Social held in Balmoral gave the sum of \$200 to go towards the building of a new hall.

The four act drama put on by the St. John Baptist Dramatic Club of Dalhousie, the "Isle O'Dreams" on Monday afternoon evening, drew large houses, and the proceeds amounting to the splendid sum of \$240 will go towards renovating the interior of the R. C. church.

As the short play intended to give the audience a chance to see justice to the actors who certainly surprised everybody. The play is a good one and the principal actor, Mr. George Dwyer, deserves great credit for his acting and singing, and the great interest he took in getting up the entertainment. These who took part in the play with great credit to themselves are: Harry McIvor, Frank Troy, Wilfred Godin, Lucie LeCoute, Armand LeCoute, Benoit LeBlanc, and the Misses Ellen Troy, Antoinette Blanchard and Bernice LeBlanc.

Splendid music was furnished between the acts by the orchestra as follows, Miss Elva Howatson, piano; Miss Geraldine Sheehan, violin; Mr. Comens Campbellton, cornet; Mr. Wallace Sheehan, drum. God save the King.

Among those who came to Dalhousie on Monday evening to enjoy the play the "Isle O'Dreams" were: Rev. A. Melanson, Campbellton; Rev. A. Allard, Val D'Amour; Rev. F. M. Lantegue, Athol; Rev. Claude L. Cyr, Balmoral; Mr. Arthur Cyr, B. A. L. D., Edmunston, N. B.

Miss Audrey Doyle of the Bank of N. S. Staff, Jacques River, and Miss Frenette, were the guests of Miss Antoinette Blanchard on Monday evening, and took in the play in the convent hall.

Mr. George MacNeil, spent the Easter vacation at his home here, the guest of his parents, Mr. and Mrs. H. McNeil. He was congratulated by his many Dalhousie friends, on his promotion to become manager of a branch of the Royal Bank of Canada, at Blackville, N. B.

The many friends of Mr. Thos. G. Scott, who spent the winter months with Mrs. Scott, the guests of their son Charles Scott at Amherst, N. S., were glad to welcome him back to Dalhousie, where he will spend the summer. Mrs. Scott will join him in a few days.

Mr. and Mrs. E. R. Gaudet, spent the week end with their friends in Moncton.

Mrs. A. H. Troy and two children of Campbellton spent the week end in Dalhousie, guests of Mrs. P. B. Troy. Miss Anna Peiter, Ed River Crossing, spent the Easter holidays with her sister, Mrs. Frank Synott.

Mrs. McDonald, Ed River Crossing, spent the week end in town, the guest of her sister, Mrs. Art. McMillan.

Mr. and Mrs. Harry Ferrate, Jacques River, are in town visiting Mrs. Ferrate's parents, Mr. and Mrs. John Clowater.

Miss Bernadette Hayes of the Royal Bank staff, Bathurst, spent Easter Sunday in Dalhousie the guest of Mrs. P. B. Troy.

To The Electors and Citizens:

I publicly stated in my card that I would not make any personal canvass or solicit votes during this Town Election, but I find that there are many false and malicious canvasses used, and put in circulation that can be refuted in no other way, as they differ in every part of the Town to suit their intended purposes.

I may say further there is a report in circulation that I will retire at the last moment. I wish to say to this that I am in this contest to a finish, irrespective of any influence that may be brought to bear.

HAD NOT A WELL DAY IN 17 YEARS.

Halifax Woman Gave up Hope and is Restored to Health By Tanlac.

"Honestly, I don't remember a single day during the past seventeen years that I could say that I was well, but since I have taken Tanlac I feel twenty years younger" was the statement made the other day by Mrs. Mary Brune, who lives at 865 Barrington St., Halifax, N. S.

"For seventeen years I had been troubled with indigestion," continued Mrs. Brune, "and had fallen off until I weighed only ninety-three pounds and had given up all hopes of ever being rid of my troubles. Often I would give way and faint purely from weakness, and I was so bad off that I would be in bed two and three weeks at a time. I had almost no appetite at all and it seemed that no matter what or how little I ate I couldn't retain it. In just a few minutes after I had eaten anything I would feel sick at my stomach, and at times I went for months hardly able to keep a bite of food down and was continually belching up a sour liquid. Most of the time all I ate was a small piece of dry toast and a cup of tea, but even this would come up again, in fact I couldn't retain even a dose of medicine. I was troubled with terrible headaches and my nerves were in a dreadful condition, and night after night I would hardly close my eyes at all. I tried every medicine and treatment I knew of and to say I was discouraged wouldn't begin to express it. Not long ago I spent six weeks in a hospital, and although I felt better while I was there, as soon as I came out it was the same old story again. I even took a trip down to Boston and through the New England States, hoping the rest and change would help me but all the time I just kept getting worse and worse.

"A neighbor of mine had taken Tanlac and it had done her so much good that she persuaded me to try it, but I will admit I took it more to please her than anything else, for I had about lost all confidence in medicine. I am certainly glad now that I took it, for before I had finished my first bottle I began to improve and by the time I had taken my fourth bottle I was feeling so fine I could hardly wait to feel any better. I have a splendid appetite and for the first time in seventeen years I am able to eat a good meal and enjoy it and already I have gained seven pounds. I can retain everything I eat, for it digests perfectly with no bad effects at all, and I feel better than I have in twenty years. The headaches are gone and my nerves are so steady that I can sleep all night long like a child. I am perfectly delighted with the way Tanlac has given me back my health, and as long as I live I will never be able to praise it too highly."

TANLAC is sold in Campbellton, by THOMAS WRAN, Druggist; in Jacques River by, S. McALLISTER; in Archibald Settlement by, M. SM-EARE.

A CLERGYMAN'S RECOMMENDATION

The Zam-Buk Co.
Dear Sirs:

Appreciating what your balm has done for me, I should like an opportunity of recommending it to others who may be similarly afflicted. For the last forty years I have had a patch of eczema on my right hand. I tried in every possible way to get rid of it, had treatment from several doctors and tried innumerable remedies, but received no lasting benefit. If a remedy eased it or cured it for a time, it always returned as bad as ever. One of my friends is a great believer in Zam-Buk, so I decided to give it a trial and sent first for a sample. You can imagine my amazement when even this small quantity brought me more relief than anything I had ever before used. I continued the use of Zam-Buk for two weeks, by which time the eczema, although of forty years standing, had entirely disappeared. That was one year ago, and there has been no return of it.

Yours sincerely,
[Name of clergymen, from whom the above letter was received, will be given upon request.]
