NOW IS THE TIME TO ADVERTISE

ALD. POTTER TAKES ACTION TO SECURE NORMAL COLLEGE

Energetic Chairman of the Property Committee Has Taken up Splendid Enterprise—Submits Facts and Figures—Colleagues Heartily Endorse Him—Other Business

Ald. Wm. Potter submitted to the City Council last evening one of the largest and best enterprises which has ever come before its consideration, and one which every citizen will heartily endorse—the securing of the proposed Western Normal School for the Maple City. Ald. Potter has taken this matter up in an earnest, energetic and forceful manner; he has put himself in touch with the best authoritative information on the project, compiled an accurate statement of the advantages the institution will confer from the Provincial blue books, and has hearty "Up! And at them!" to his colleagues at Council night swung the aldermen enthusiastically into line and put them all in the road to win the prize. Ald. Potter is to be heartily congratulated on his diligence and enterprise on this matter and if his efforts prove successful—and there is no reason why they should not—the Maple City will owe him a deep debt of gratitude.

"There is a matter of great importance I desire to bring before the Council," said Ald. Potter in introducing the proposal. "Some days ago we doubtless all read in The Planet an interesting forecast of several of the important features likely to characterize the new Education Act, and I am sure that the Provincial Legislature, among other things, has decided to erect large Normal schools in each of the provinces. I took the liberty of at once instituting a personal investigation of the report and found it to be very authentic. The Government has under its consideration the erection of three large Normal schools in the Province at a cost of \$800,000, or \$100,000 each. These colleges will be adapted to accommodate 200 students each, and one of them will go to the Western Peninsula.

"It appeared to me that there was only one location for the Western Normal School—and that was our own Maple City. During the whole long regime of the late Provincial Government Chatham or Kent County was never honored with the location of a single Government institution, and our claims are very strong.

"I also took the opportunity of looking up the official figures at London Normal and other similar institutions, so that we could form some accurate estimate of what the establishment of this great institution would mean to Chatham and Kent County. Chatham is the most important centre in the west from a commercial, educational and social standpoint and there is no better place for a college for teachers-in-training.

"The enterprise would mean to Chatham the sale of a large tract of land without bonus and exemptions, and the erection of a magnificent building at a cost of \$100,000, with the consequent employing of scores of our mechanics and artisans. A comparative statement of the cost of salaries and maintenance shows that some \$25,000 will be spent annually for that purpose in the institution. Besides that, the residing of 200 students in the city means a considerable item. Even at the modest figure of \$200 each—supposing they could all live at that figure—it would total \$40,000 per year! This means a grand total of \$65,000 to be spent in our city annually. The benefit would be reaped by scores of boarding houses, of the best stamp, by butchers, bakers, grocers, dry goods merchants and all our tradesmen and citizens.

"I submit this very important matter," concluded Ald. Potter, "with the assurance that the Council will take it up at once and leave no stones unturned to secure a successful outcome of our efforts. I notice that the Legislature is likely to be called together very soon, so I bring this matter up in order that no delay may occur in bringing Chatham's claims before the Government."

The following resolution was then unanimously adopted:—

Moved by Ald. Potter, seconded by Ald. Scullard, that in view of the Ontario Government's intention to erect three new Normal Schools in this Province, one of which will be located in the west, that a committee be appointed, consisting of the Mayor, the chairman of the Industrial committee and the mover, to investigate the matter, and to report to the County Council representatives, chairman of the various School Boards, the President and Secretary of the Board of Trade, Inspector Park and Principal Ploves (who is a member of the Education Council of Ontario) to act as a committee to interview or visit, if necessary, Messrs. Philip H. Bowyer, M. P. T., and A. R. McGeig, M. P. P., and through them to at once convey to the Education Department the activity and earnestness of this city with its splendid advantages in its desire to secure the Western Normal School for the Maple City.

THIRD STREET BRIDGE. A communication was read from

the Chatham, Wallaceburg & Lake Erie Railroad in reference to the Aberdeen bridge. They stated that they will build a bridge in place of the present one, the width of the new erection to be 24 feet, the present one being 18 feet wide. The company do not ask for any advance on the initial outlay but will require, in order to be paid to the railway in credit.

The communication pointed out that the present bridge is 20 years old and, although strengthened lately, would have to be rebuilt in a bad shape. They could hardly expect the railway company to bear all expense in a public necessity which would give Chatham a fine bridge for forty or fifty years without cost. The company only use eight feet of the present bridge once an hour. The public use this eight feet during the whole day and have all the rest of the bridge as well.

By-law No. 815 had granted them use of the bridge in its present strengthened state, but they wished, providing the city could not see its way clear to agree on the new bridge, to still further strengthen it in order to ensure the safety of the public.

The matter was allowed to stand during investigation and further consideration. It was decided that the loan of \$10,000 be not given the railroad until this matter is settled.

FIRE CHIEF'S REPORT. Fire Chief Pritchard's report for half year ending Dec. 30, 1905, was read. In it the Chief stated that the brigade had done good work during the amount of damage done by fire in that period to be: Damage to buildings.....\$860 Damage to stock.....\$304

Total loss by fire.....\$894 The appliances were all in good shape with the exception of hose wagon No. 1, which skids when turning corners, making riding on it very hazardous. The hose, possessed by the brigade was 3,000 feet first class hose and 600 feet second class hose. In conclusion he asked for repair of the fire hall.

RE MARKET CANOPIES. The collapse of the market canopy came before the Council. Ald. Potter said he was disappointed in not having architect's report to hand. The architect had, however, communicated with him by telephone and stated that he had a scheme for strengthening the canopies by 30 two-inch iron pillars.

Ald. Austin said that brackets would be more convenient and less such as the pillars would be on of who was to blame in the question of opinions were expressed that the blame rested on the designer, but plans it was questionable whether they were not legally bound to defray some or all of the cost of repair or reconstruction.

Referred to Property committee, BRIDGES.

Ald. Potter brought up the matter of the Indian Creek, William street and Adelaide street bridges. City Engineer Jones stated that \$220 would be needed to permanently repair the William street bridge, \$65 would be needed for temporary repairs on the Indian Creek bridge and \$250 for temporary repairs to the Adelaide street bridge.

In regard to the latter bridge, the Engineer said that bridge should be repaired immediately or closed. The matter was referred to the Property committee.

RE BELL TELEPHONE. Ald. Scullard said that having received news that St. Catharines was enjoying greater privileges than this city in their dealings with the Bell Telephone Company, he had written the City Clerk of St. Catharines for information on this subject.

He then read the City Clerk's reply, in which it was stated that the extra privileges granted St. Catharines were on account of special franchise granted by the city to the Bell Telephone Company for five years and other reciprocal concessions. In the letter it was said that although the Bell Telephone Company had treated St. Catharines square and generously, they had not given them any more than they deserved.

Mr. Marshall said the company's agreement with this city was to the effect that should any concessions be made to any other town or towns that, as St. Catharines was evident, they would participate, and said by receiving greater concessions in regard to long distance phones, etc., he would ask Ald. Scullard to further investigate the matter.

After the passing of a couple of by-laws the Council adjourned.

GOOD WEATHER

Col. Sam Holmes Says the Farmer Are Hoping That Present Mild Weather Will Continue

Col. Sam. Holmes, who owns and works a fine farm up the river, Harwich, is rejoicing in the present spring-like weather. In conversation with The Planet this morning he said:

"The farmers could not wish for better weather than this for their fall wheat. The crop looks better now than it has since it was put in last fall. Everywhere in the country fall wheat is looking fresh and green and is growing at a great rate. There is no frost in the ground now, and as long as we do not get too much rain, this weather is all right. Why the farmers could have worked with a plough all day yesterday."

"Edward McKerrall, up the river, has some of the finest wheat I ever looked at. He must have about 75 acres of fall wheat and, judging from present appearances, he will have a fine bumper crop. In fact all of the farmers in that vicinity are perfectly satisfied with weather conditions."

BAD SIDEWALKS

Board of Work Should Take a Walk Around Town and Get a Few Pointers

The present wet and rainy weather is causing considerable inconvenience and annoyance to pedestrians who have to walk on sidewalks which are not in the best state of repair. One citizen complained very strongly of the sidewalk in front of Tillson's coal yards on Adelaide street between King street and the creek bridge. The plank sidewalk is submerged with mud and water fully two inches deep. This should receive immediate attention.

In front of Milner's carriage works on Wellington street there is no sidewalk at all and pedestrians have to wade ankle deep in mud. This has been mentioned before but nothing has as yet been done. It is up to the Board of Works to get busy.

Dramatization of BERTHA M. CLAY'S Famous Novel. The sweetest story ever told. Wholesome, clean, refreshing. An excellent production. Prices—25c, 35c and 50c.

Just A Word

—ABOUT—

Toilet Paper

There are as many qualities and grades of Toilet Paper as there are of cloth or any other large articles of merchandise.

There is paper put into rolls and called toilet paper that is nothing but common manilla paper. Beware of that kind, it will clog the sewers and make an expensive job for the man of the house some day.

There is ONE grade however superior to all others; made by the J. C. Wilson Co. of Montreal, and it comes in plain and perforated rolls and flat pads. This is the only kind we sell, as 25 years' experience has demonstrated beyond a doubt that this is the best and most superior quality on the market.

Happy Week

We Announce the Merriest, Jolliest, Most Enjoyable Occasion of the Year

If there is anyone within fifty miles of this store who feels blue—they should come here—to be made happy.

We're going to hold a "happy week"—a sale that is pleasantly unlike any sale event you have ever known. You smile at the name—and the idea—already.

You'll smile for a different reason within thirty seconds from the time you enter our doors. How will we do this? How do we expect to send hundreds of people away smiling?

Very simply—and efficiently—by selling to each visitor during Happy Week one or more needed articles for prices that will insure so much real and unusual saving that the merriest kind of a smile will be the natural and sure result.

All broken lines—all short lots—will be gathered together—every garment—every yard of goods, every bit of merchandise thus assembled will be worth every penny it was the day before "Happy Week" struck this store—but all the rough corners will be cut off the price tags—and the whole store will be turned into the

biggest kind of a bargain bazaar. This will continue for one week—as the bargain lines become still shorter, new "specials" will be added that the jollity of the sale may continue until the last moment of the sale has passed away, and Happy Week is only a memory—to be recalled, and talked about, and smiled at for a year to come.

Come and have a good time—we promise you that you will smile as broadly and enjoyably as will every friend you meet here—and every single member of our sales-force who will wait on you. "Happy Week" begins at 9 o'clock on morning of Wednesday the 24th, it will end at 6 o'clock Tuesday following. Come and have a good time.

TRIBUTE FROM KIND FRIENDS

Congregation of First Presbyterian Church Make Handsome Gift to Departing Planet Editor

Delightful Social and Musical Evening at the Home of Mr. and Mrs. S. M. Glenn.

A very delightful social was given by the Ladies of the First Presbyterian Church, at the residence of Mr. and Mrs. S. M. Glenn, Park St., last evening.

The affair was a most successful one in every way. The house was crowded with interested guests and Mrs. Glenn made an ideal hostess. She was assisted in entertaining the visitors by a number of the members of the Ladies' Aid.

One very interesting and pleasing feature of the evening was a presentation made to Mr. Harry W. An-

derson, editor of The Planet, who is leaving the city to assume a position on the staff of the Toronto News. During the time Mr. Anderson has resided in Chatham he has been actively associated with First Church, being a valued member of the choir. The managers of the church and the Ladies' Aid, therefore, took advantage of this occasion to show their appreciation of his services by presenting him with a valuable suit case.

The presentation was made by Mr. D. R. Farguharson, one of the managers. He spoke very kindly and thankfully of Mr. Anderson's services to the church, and referred to the loss which would be sustained by his removal to Toronto. He, however, joined with the congregation in wishing him every success in his new sphere of life and hoped that his memories of Chatham would ever be pleasant.

Mr. Anderson was taken completely by surprise and very feelingly expressed his thanks to the kind friends who had remembered him so handsomely.

The following was the program, presided over by Chairman Fred Stone:

Instrumental—Miss Phillimore.
Solo—Mrs. Bogart.
Solo—Miss McGeorge.
Solo—Miss Hollinrake.
Solo—Miss Rankin.
Solo—Mr. Smith.

Solo—Miss Ross.
Solo—Mr. Trotter.
Solo—Miss McKellar.
Duet—Misses Smith and Peate.
Selection—Male Quartet—Messrs. Smith, Angus, Smith and Wilson.
At the conclusion of the program light refreshments were served.

Don't wake baby
Did you know you could give medicine to your children while they were soundly sleeping? You certainly can. It is called Vapo-Cresolene. You put some Cresolene in the vaporizer, light the lamp, and place near the bed. The children quietly breathe-in the vapor. There is nothing equal to it for whooping-cough, croup, colds, cough, sore throat, and all other troubles of the throat and chest. It is economical, pleasant, safe.

Vapo-Cresolene is sold by druggists, or sent express prepaid on receipt of price. A Vapo-Cresolene outfit, including a bottle of Cresolene, complete, \$1.50. Send for free illustrated booklet. LANCET, 1100 Co. 1st, Agents, 200 St. James St., Montreal.

Rev. Mr. Thompson, pastor of the Methodist Church at Merlin, was in the city yesterday on his way home from Tupperville, where he conducted services on Sunday.

THE STAGE ANNOUNCEMENTS.

At The Grand—
Dora Thorne—Jan. 25.
(Supplied to The Planet by Press Agents.)

"DORA THORNE."
The story of "Dora Thorne" is too familiar a one to permit of much comment, but as a play it is provoking wide spread interest, and much surprise is manifest that so successful a novel in the day and time of book plays has not found its way before the footlights long ere this.

This play and book deals with a beautiful love story in a rural English home. An innocent young girl, daughter of a lodge keeper of an Englishman of high birth, is loved by the son of the latter. The match meets with the disfavor of the young man's father, but despite the fact that his father informs him either to give up the girl or his home and luxury, he chooses Dora Thorne and marries her.

The young girl, a pure and honest creature, loves the young man quite as well as he loves her, but through the efforts of a young sailor, who has loved the girl from early childhood and who also desires to make

her his wife, the young people are separated and made to believe later that each has been unfaithful to the other. This state comes about as a result of the efforts of Lady Charteris and the father of the Earl. The young sailor returns after a two years' voyage, to find that Dora's favor has been transferred from him to the young nobleman and several complications arise from this, which for a time take a serious aspect, both for Dora and her lover. The time arrives when honesty and faithfulness triumphs and the closing scenes find everything favorable for the young folks.

The company appearing in Dora Thorne are, Miss Marie Dale, who assumes the title role; Miss Isobel Sherman, Miss Edith Dombey, Mr. W. Sheffield, Mr. Geo. Denton, Mr. Jos. Schafer and others.

"Dora Thorne" will be seen at the Grand on Thursday, Jan. 25.

LOCAL BRIEFS.

Rev. J. W. Hoyt, M. A., will preach in Victoria avenue Methodist church to-night.

Miss Theresa Merry and brother, of Trail, B. C., have arrived in the city and will take up courses in the Canada Business College.

The design work turned out by the Victoria Ave. Green Houses always pleases, as particular attention is paid to that part of the business.

Try Again for Health Gin Pills Will Cure You OR MONEY REFUNDED

If you have wasted money on doctors, and taken medicine after medicine, without relief, of course you are discouraged. But don't give up. There is one cure—certain and sure—that will make your kidneys well and strong. Here is a letter from an old gentleman, 72 years of age, who had just your experience, but who was convinced that he owed it to himself to at least try GIN PILLS. Read what he says:

The Bole Drug Co., Bolesval, Man. Winnipeg, Man.

Dear Sirs,
I am now 72 years of age. I have been ill for about six or seven years, and have been attended by different doctors, but I could get no help. I started taking Gin Pills, and I have taken several other boxes, and I found they helped me a little. This spring I started to take Gin Pills, and believe they have cured me. I cannot say too much about them, and recommend them as a good kidney pill.

(Signed) WILLIAM CUMSTONE.
Note that Mr. Cumstone not only found quick relief, but "believe they have cured me."

Try just once more. Give GIN PILLS a fair trial. So sure are we that GIN PILLS are a positive cure for all kidney troubles that we will let you test them free.

Send name and address, and tell in what paper you saw this offer and we will send you a sample box of GIN PILLS free of charge. Gin Pills are sold by all druggists at 50c a box, or 6 boxes for \$2.50.

THE BOLE DRUG CO. - WINNIPEG, MAN.

Eggs of Sea Gulls

Near the small town of Lignitz, in Silesia, lies the village Knitz, which is the possessor of a small lake having a rush and reed covered island nestling in its centre. This island has been selected by a native dealer as a breeding ground for sea gulls, and thousands may now be seen there. The eggs of these birds are held in much esteem as dainties. The demand is so large and the quantity of eggs secured is so considerable that the owner is making money quickly. The birds do not seem to object to the removal of their eggs, but lay all the faster to make up for the loss.

Building a Henhouse.

There is no better way than the King system. Build the walls eight inches thick in this way: On the outside of the 2 by 4, claphard or drop side, line the inside of the 2 by 4 with building paper. Spike a 2 by 2 on each 2 by 4 and over that another layer of building paper. Then spike on another 2 by 2; cell or lath and plaster over that. Then you have three dead air chambers. Put in four windows. Then you can control all air currents.

—Hoard's Dairyman.

MAKES MEN SOUND AND STRONG

Detroit Specialist Making Men's Diseases a Specialty for Years. Will Accept Your Case, Giving Individual Treatment. You may use it in the privacy of Your Own Home.

You May Pay When You are Cured.
A Detroit Specialist who has 14 diplomas and 1 certificate from medical colleges and state boards. Medical examiners, and who has a vast experience in doctoring diseases of men, is positive he can cure a great many so called incurable cases.

DR. S. GOLDBERG.
The possessor of 14 diplomas and certificates, who wants no money that he does not earn, order to convince patients that he has the ability to do as he says, Dr. Goldberg will accept your case for treatment, and you need not pay one penny until a complete cure has been made. He wants to hear from patients who have been unable to get cured, as he guarantees a positive cure for all chronic, nervous, blood and skin diseases, such as rheumatism, bladder or kidney troubles, heart disease, physical and nervous debility, lack of vitality, etc.

The doctor realizes that it is one thing to make claims and another thing to back them up; so he cures you, and when you are cured, he feels sure that you will willingly pay him a small fee. It seems, therefore, that it is to the best interests of everyone who suffers to write the doctor confidentially and lay your case before him, as you have everything to gain and nothing to lose, for you will remember, no one penny need be paid until you are cured. All medicines for patients are prepared in his own laboratory to meet the requirements of each individual case. He will send a booklet on the subject, which contains the 14 diplomas and certificates, entirely free. Address him simply Dr. S. Goldberg, 308 Woodward Ave., Room 111, Detroit, Michigan. Medicines for Canadian patients sent from Windsor, Ont., consequently there is no duty to be paid.

OURLING

Secretary J. W. Aitken of the Chatham Curling Club is in receipt of the program for the eighteenth annual bonspiel of the Manitoba Branch of the Royal Caledonian Club of Scotland, which begins February 6th, and lasts one week. This is regarded as the greatest event in the curling circles of Canada.

The following are the competitions:

1. Dingwall Trophy—First prize, silver cup, value \$250, and with it four gold locketts (14 karat) set with diamonds, value \$100, to be the property of the winning team; second prize, four silver hot water jugs, \$50; third prize, four gold charms, \$30; fourth prize, four German steins, \$25.

2. Empire Trophy—First prize, Messrs. McLaren Bros., proprietors of the Empire Hotel, offer for competition annually at the Winnipeg bonspiel a handsome silver cup, value \$250, to be held for a year. The same firm offer with the cup, this year, four gold locketts, 14 karats, value \$175, to members of the winning team; second prize, four gold locketts, value \$50; third prize, four pair gold links, \$30; fourth prize, four pair Ebony military brushes, \$25.

3. Telfey Tea Tankard—First prize, the Telfey Tea Tankard, value \$200, is presented by Messrs. Joseph Telfey & Co., London, Eng., through the Hon. Hudson's Bay Company, to be held for one year. Same firm offers prizes to individual members of winning rink: value \$100; second prize, four pair Lemaire opera glasses, \$50; third prize, four sets of carvers and steel, \$30; fourth prize, four sets of silver salts, \$25.

4. Alfred Dodge Trophy—First prize, a fine cup, value \$250, presented by Arthur Oongdon, the trophy to be held for one year by winners, and four gold watches also by donor, value \$100, will be awarded individual members of winning rink in final stage; second prize, four silver bon-bon sets, value \$80.

5. Tuckett Trophy—First prize, the Tuckett Trophy, value \$400, is presented by Geo. E. Tuckett & Sons, of Hamilton, Ont.; second prize, eight gold locketts, set with diamonds.

6. Royal Caledonian Tankard (Lord Strathcona's Cup)—First prize, the Royal Caledonian Tankard, value \$250, is offered by Lord Strathcona and Mount Royal, open to one rink from every district in affiliation with the Manitoba Branch R. C. C. C. and to be held for one year, and also four brass barometer and thermometer stands, value \$100, for members of winning rink; second prize, four fine bronze bottles, \$50; third prize, four silver mounted flasks, \$25.

7. Blue Ribbon Competition, city of Winnipeg vs. All-comers—Special prize, Messrs. G. F. & J. Galt, on behalf of the Blue Ribbon Mfg. Co., of Winnipeg, offer four gold watches, value \$150, for a special competition between the curlers of the city of Winnipeg and All-comers, tending the Winnipeg Bonspiel of 1906; second prize, four gold watches, value \$30, for rink taking second place in this competition.

8. McMillan Cup—First prize, Sir Daniel H. McMillan, K. C. M. G., Lieut. Gov. of Manitoba, offers as a consolation prize, a handsome silver cup, value \$100, for competition, the cup to be the property of the club winning it most frequently in five years. This is the last year for this cup. His Honor offers also four fine gold locketts, 14 karat, value \$50; second prize, four carriage travelling clocks, \$40; third prize, four handsome clocks, \$30; fourth prize, four gold pens, \$20.

9. The Whyte Cup—Special prize, Wm. Whyte, second vice-president of the C. P. R., and first patron of the branch, in order to reward veterans who have done so much to promote the association, offers an elegant silver cup, value \$50, as a special prize at the next bonspiel. This competition is open to men over 50 years of age only.

10. Grand Point Competition—First prize, F. L. Patton, patron of the association, in order to encourage the scientific game of points, offers as first prize a handsome gold watch, value \$40; second prize, a case of fruit knives and forks, value \$30; third prize, gentleman's gold watch, \$20; fourth prize, one Liqueur stand, value \$10; fifth prize, biscuit jar, value \$10.

GENERAL RULES.

Rinks entered for any competition must have four active players, and go through match as entered, no substitute being allowed.

MADE FROM NATIVE ROOTS. SAFE AND RELIABLE.

That the roots of many native plants, growing wild in our American forests, possess remarkable properties for the cure of human maladies is well proven. Even the untutored Indian had learned the curative value of some of these and taught the early settlers their uses. The Indian never liked work so he wanted his squaw to get well as soon as possible that she might do the work and let him hunt. Therefore, he dug "papoose root" for her, for that was their great remedy for female weaknesses. Dr. Pierce uses the same root—called Blue Cohosh—in his "Favorite Prescription," skillfully combined with other agents that make it more effective than any other medicine in curing all the various weaknesses and painful derangements peculiar to women. Many afflicted women have been saved from the operating table and the surgeon's knife by the timely use of Doctor Pierce's Favorite Prescription. Tenderness over the lower pelvic region, with backache, spells of dizziness, faintness, bearing down pains or distress should not go unheeded. A course of "Favorite Prescription" will work marvelous benefit in all such cases, and generally effect a permanent cure if persisted in for a reasonable length of time. The "Favorite Prescription" is a harmless agent, being wholly prepared from native medicinal roots, without a trace of alcohol in its make up, whereas all other medicines put up for sale through druggists for woman's peculiar ailments, contain large quantities of spirituous liquors, which are very harmful, especially to delicate women. "Favorite Prescription" contains neither alcohol nor harmful habit-forming drugs. All its ingredients are printed on each bottle wrapper. It is a powerful invigorating tonic, imparting health and strength in particular to the organs distinctly feminine, such as weak and sickly women, who are "worn-out," or debilitated, especially for women who work in store, school-room, with a sit at the typewriter or sewing machine, or bear heavy household burdens, and for nursing mothers. Dr. Pierce's Favorite Prescription is a course of "Favorite Prescription" will work marvelous benefit in all such cases, and generally effect a permanent cure if persisted in for a reasonable length of time. The "Favorite Prescription" is a harmless agent, being wholly prepared from native medicinal roots, without a trace of alcohol in its make up, whereas all other medicines put up for sale through druggists for woman's peculiar ailments, contain large quantities of spirituous liquors, which are very harmful, especially to delicate women. Elegant Cabinet Photos
Or His Excellency

The Right Honorable Sir. Albert
Henry George, Earl Grey,
GOVERNOR GENERAL OF CANADA

For all users of the Celebrated
"Diamond Dyes."

We have received so many letters
from ladies in Canada asking us to
continue the supplying of the beauti-
ful Cabinet Photos which we have
been sending out for the last two
months, that we have decided to con-
tinue the supply until the end of
February 1906. Please note the con-
ditions for securing a Photo.

One photo will be sent free of cost
to each lady who sends her full post
office address and four of the inner
envelopes which contained DIAMOND
DYE of any color.

Envelopes of other makes of pack-
age dyes will not be accepted.
This offer will be valid until the
end of February, 1906.

Send in your address at once with
the four empty envelopes, so that
you may get this photo without de-
lay.

BAD DOGS

A Citizen Offers a Suggestion to the
City Council in Reference to the
Dog Nuisance

"The present City Council should
not forget to pass some regulations
for the police to follow in dealing
with the present dog nuisance inside
the city limits," remarked a citizen
to the Planet this morning.

"Chatham is over-run with dogs,
and the most of them are a lot of
ugly curs that are of no practical
use to their owners (if they have
owners at all) and which are only a
nuisance to citizens generally. At
present there is almost no legisla-
tion to prevent dogs from running
on the streets and, as a result, dogs
are increasing in numbers every day.
"This morning I woke up to find
eight dogs ramping around in my
front yard, tearing up the lawn and
making themselves a general nuisance.
The other morning a neighbor
of mine found to his dismay that
a number of dogs had entered his
chicken coop during the night and
some of his most valuable birds were
missing. The owner of the dogs is
worthless, and the chicken fancier
had no redress.

This matter was talked about last
summer, but nothing was done. It
is now up to this year's Council to
show what they are willing to do
towards the betterment of affairs in
this respect."

Several of the lady residents of
Lorne avenue complain of a great
bark of a dog, absolutely worthless
and apparently belonging to nobody.
that is a decided nuisance. They
have probably just cleaned their
verandahs when this unsightly spec-
imen of the canine tribe, with his feet
—and they certainly are feet—beau-
tifully covered with mud, proceeds
to mar the results of their hard and
earnest labors, by walking all over
the recently washed woodwork. This
animal is worse than useless, is crippled
up with rheumatism, and it
would be a decided favor to the res-
idents of the vicinity and a kindness
to the dog if a policeman would put
him out of existence.

EARLY SPRING

"Yes, I have seen many signs of
early spring," said Detective A. H.
Skirving to the Planet this morn-
ing. "On Sunday morning I gathered
primroses in bloom in my garden.
Down in Rodney and West Lorne I
saw the farmers plowing, and at
Shedden the sun is running in the
buckets from the maple trees. It is
a phenomenal winter."

NERVOUS DEBILITY

OUR NEW METHOD TREATMENT will cure you, and make a man of you. Under its influence the brain becomes active, the blood purified so that all pimples, blotches and ulcers heal up; the nerves become strong as steel, so that nervousness, bashfulness and despondency disappear; the eyes become bright, the face full and clear, energy returns to the body, and the moral, physical and sexual systems are invigorated; all drains cease—no more vital waste from the system. The various organs become natural and manly. You feel yourself a man and know marriage cannot be a failure. We invite all the afflicted to consult us confidentially and free of charge. Don't let quacks and fakirs rob you of your hard-earned dollars. WE WILL CURE YOU OR NO PAY.

THREATENED WITH PARALYSIS.

Peter E. Summers, of Kalamazoo, Mich., relates his experience:

"I was troubled with Nervous Debility for many years. I lay it to indigestion, and excessive early youth. I became very despondent and didn't care whether I worked or not. I imagined everybody who looked at me, sneered my secret. Imaginative dreams at night weakened me; my back ached, had pains in the back of my head, hands and feet were cold, tired in the morning, poor appetite, fingers were shaky, eyes blurred, hair loose, memory poor, etc. Numbness in the fingers set in and the doctor told me I was threatened with paralysis. I took all kinds of medicines and tried many first-class physicians, wore an electric belt for three months, went to Dr. Clements for treatment, but received little benefit. While at Dr. Clements I was induced to consult Dr. Kennedy & Kergan, though I had lost all faith in doctors. Like a drowning man I commenced the New Method Treatment and it saved my life. The improvement was like magic—I could feel the vigor return through my nerves. I was cured mentally, physically and sexually. I have sent them many patients and will continue to do so."

WE TREAT AND CURE VARIOUS DEBILITY, NERVOUS DEBILITY, BLOOD DISEASES, URINARY COMPLAINTS, KIDNEY AND BLADDER DISEASES.

CONSULTATION FREE. BOOKS FREE. If unable to call write for a Question Blank for Home Treatment.

DRS. KENNEDY & KERGAN

148 SHELBY STREET, DETROIT, MICH.

The LUST of HATE

BY GUY BOOTHBY

Author of "A Beautiful White Devil," "A Bid For Fortune," "The Marriage of Esther," "Dr. Nikola," Etc

Continued from Yesterday.

To right and left of the points which sheltered the bay, the deep green of the sea was changed to creaming froth, where the surf caught the rocks; but in the little indentation which we had made our home the wavelets rippled on the sand with the softest rhythm possible. The sky was cloudless, the air warmer than it had been for days past. The glow of sunset imparted to the western cliffs a peculiar shade of pink, the beauty of which was accentuated by the deep shadows cast by the beetling crags. On the hillside, directly opposite where my boat was anchored, I could see the plateau, and on it my fire burning brightly. I thought of the brave woman nursing the sick child in the cave, and of the difference she had made in my lonely life.

"Oh, God!" I cried, "if only you had let me see the chance that was to be mine some day, how easy it would have been for me to have ordered Nikola and his temptation to stand behind me. Now I see my happiness too late, and am consequently undone for ever."

As I thought of that sinister man and the influence he had exercised upon my life, I felt a thrill of horror pass over me. It seemed dreadful to think that he was still at large, unsuspected, and in all probability working some sort of evil on another unfortunate individual.

In my mind's eye I could see again that cold, impassive face, with its snake-like eyes, and hear that insinuating voice uttering once more that terrible temptation. Surely, I thought, the dreamy memory of mankind must be just such another as Dr. Nikola.

When the sun had disappeared below the sea line, the color of the ocean had changed from all the dazzling tints of the king-of-the-seas to a somber blue, and myriads of stars were beginning to make their appearance in the sky. I turned my boat's head, and pulled towards the shore again. A great melancholy had settled upon me, a vague sense of some impending catastrophe, of which, try how I would, I found I could not rid myself.

On reaching the plateau, I made my way to the cave and looked in. I discovered Miss Maybourne kneeling beside the child on the grass. As soon as she saw me she rose and led me out into the open.

"Mr. Wrexford," she said, "the end is quite close now, I feel sure. The poor little thing is growing weaker every moment. Oh, it is too terrible to think that she must die because we have not the means to save her."

I did my best to comfort her, but it was some time before I achieved any sort of success. Wrexford had in measure recovered her composure. I accompanied her back to the cave and examined the little sufferer for myself. Alas! one glance showed me how very close the end was. Already the child's face and hands were cold and clammy, her respiration was gradually becoming more and more difficult. She was still unconscious, and once I almost thought she was dead.

All through that dreadful night she lingered on. Miss Maybourne remained with her under the starlight, when I relieved her. Shortly before sunrise I went to the mouth of the cave and looked out. The stars were almost gone from the sky, and the world was very still. When I returned, I thought the child had suddenly grown strangely quiet, and knelt down to examine her. The first grey shafts of dawn showed me that at last the end had come. Death had claimed his victim. Henceforth we need feel no more concern for poor little Esther—her suffering was over. She had gone to join her mother and the little ones who had lost their lives two days before. Having convinced myself that what I imagined was correct, I reverently closed the little eyes and crossed the frail hands upon her breast, and then went out into the fresh air. The sun was in the act of making his appearance above the peak, and all our little world was bathed in his glory. I looked across to the place between the rocks where I usually slept, and saw Miss Maybourne rising from her rest. My presence outside the cave must have told her my news, for she came swiftly across to where I stood.

"It is all over," she said, very quietly. "I can see by your face that the end has come."

I nodded. For the life of me, I could not have spoken just then. The sight of that agonized face before me and the thought of the dead child lying in the cave behind me deprived me of speech entirely. Miss Maybourne noticed my condition, and simply said, "Take me to her," did as she commanded, and together we went back to the chamber of death. When we reached it, my companion stood for a few moments looking at the peaceful little figure on the couch of grass, and then knelt down beside it. I followed her example. Then, holding my hand in hers, she prayed for the child from whose body the soul had just departed; then for ourselves still left upon the island. When she had finished, we rose, and, after a final glance at our dead companion, went out into the open air again.

By this time I had got so much into the habit of searching the sea for ships that I did it almost unconsciously. As I passed the cave I glanced out across the waste of water. Then I stood still, hardly able to believe the evidence of my eyes. There, fast rising above the horizon, were the sails of a full-rigged ship. Miss Maybourne saw them as soon as I did, and together we stood staring at the vessel

In office and factory, shop, store or kitchen girls are at work all over this land, and, alas! far beyond their strength.

Young women who work are especially liable to female ills. Too often the girl is the bread winner of the family and she must toil unremittingly, no matter if her back does ache, her limbs and abdomen throb with dull pain and dragging sensations, and dizzy spells make her utterly unfit for work. These are the sure signs of female irregularities which kill beauty and youth.

Lydia E. Pinkham's Vegetable Compound

builds health and strength for all women who work and are weary. It creates the vitality that makes work easy. From the thousands of grateful letters written by working girls to Mrs. Pinkham we quote the following:

Dear Mrs. Pinkham:—Overwork and long hours at the office, together with a neglected cold, brought on a female trouble until finally I was unable to go to work. I tried change of scene and climate, but found that I did not regain my health. I then thought of a friend who had taken Lydia E. Pinkham's Vegetable Compound when her health was in the same condition that mine was, and straightway sent out for a bottle. I finished that and took two more before I really began to improve, but after that my recovery was very rapid, and when I had finished the sixth bottle I was well and able to go back to work again. I certainly think your medicine worthy of praise, and am indeed glad to endorse it.

MILLIE ALMA ROBITAILLE, 78 rue St. Francois, Quebec, Que.

Oh, if Canadian girls who work would only realize that they have but one life to live, and make the most of their precious health and strength!

Mrs. Pinkham extends to every working girl who is in ill health a cordial invitation to write her for advice. Such letters are always kept strictly confidential, and from her vast experience Mrs. Pinkham probably has the very knowledge that will help you—and may save your life.

Lydia E. Pinkham's Vegetable Compound Cures Where Others Fail

with all our eyes. My companion was the first to speak.

"Do you think she will come near enough to see us?" she cried, in a voice I hardly recognized, so agitated was it.

"She must be made to see us," I answered, fiercely. "Come what may, she must not pass us."

"What are you going to do? How are you going to prevent it? Tell me, and let me help you if I can."

A notion had seized me, and I determined to put it into practice without an instant's delay.

"Let us collect all the wood we can find and then make a large bonfire. When that has been done, we must launch the boat and pull out to intercept her. If she sees the flare she will make her way here, and if she does not, we may be able to catch her before she gets out of our reach. Thus in either case we shall be saved."

Without another word we set to work collecting wood. By the time the hull of the vessel was above the horizon we had accumulated a sufficient quantity to make a large beacon. We did not set fire to it at once, however, for the reason that I had no desire to waste my smoke before those on board the ship would be able to distinguish it from the light clouds hovering about the peaks above. But before we could dream of leaving the island there were two other matters to be attended to. The first was to fill up the mouth of the cave with stones, for there was no time to dig a grave, and so convert it into a rough sepulchre; the second was to cook and eat our breakfast. It was certain we should require all our strength for the undertaking, and to attempt such a long run on an empty stomach would, I knew, be worse than madness. These things I explained to Miss Maybourne, who willingly volunteered to officiate as cook while I set about the work first mentioned. In something less than a quarter of an hour I had rolled several

large rocks into the mouth of the cave, and upon these had placed others until the entrance was effectually barricaded. By the time this work was completed it was necessary to light the bonfire. This I did, setting fire to the dry grass at the bottom with a log from the blaze at which Miss Maybourne had just been cooking. In a few minutes we had a flare the flames of which could not have been less than twenty feet in height.

We ate our breakfast with our eyes fixed continually upon the advancing ship. So far she seemed to be heading directly for the island, but my fear was that she might change her course without discovering our beacon, and in that case be out of range before we could attract her attention. Our meal finished therefore, I led Miss Maybourne down the hill to the beach, and then between us we pushed the lifeboat into the water. My intention was to row out a few miles and endeavor to get into such a position that whatever course the vessel steered she could not help but see us.

10 To Be Continued.

There is always room for a trifle more affection on a wife than is usually bestowed by even the best of husbands.

Coughs, Colds, Hoarseness, and other throat ailments are quickly relieved by Cresoline tablets, ten cents per box. All druggists.

When a fellow falls in love with an heiress he is apt to regard marriage as both a luxury and a necessity.

Advice is like snow—the softer it falls the more it dwells upon and the deeper it sinks into the mind.

HE IS EMPHATIC
IN WHAT HE SAYS

**Dodd's Kidney Pills Cured
Robt. Bond of Brights
Disease**

His Doctor Who Said There Was No Hope For Him, Now Pronounces Him Well—He Tells His Own Story.

Mr. Brydges, Ont., Jan. 22.—(Special.)—Among the many people in this neighborhood who tell of the great work Dodd's Kidney Pills are doing, none is more emphatic than that old and respected citizen, Mr. Robert Bond.

"I believe I owe my life to Dodd's Kidney Pills," Mr. Bond says. "My attending physician said I was in the last stages of Bright's Disease and that there was no hope for me. Then I commenced to take Dodd's Kidney Pills and used in all twenty boxes. Now I eat well, sleep well, and my doctor says I am well. Dodd's Kidney Pills and nothing else cured me. Do you wonder I am at this age ready to say a good word for Dodd's Kidney Pills?"

What will cure Bright's Disease will easily cure any other form of Kidney Disease. Dodd's Kidney Pills will always cure Bright's Disease. They are the only remedy that will cure Bright's Disease. Be sure you get Dodd's.

Youth Drowns at Millbrook.

Millbrook, Jan. 22.—About 1 o'clock last night during the high water caused by the heavy rain, while Fred and Charles Melvor were in a boat trying to reach some flume logs, the boat capsized in the heavy current below the mill, and Charles, a lad of 18, was drowned, despite the efforts of his brother, father and a large crowd to save him. Fred was with difficulty rescued. The body was recovered in about two hours at the flume of a mill about a quarter of a mile below. The deceased was a son of William Melvor of this place, and was in the employ of Needer's flour mills.

ARE YOU COSTIVE?

If you knew how bad for health constipation is you would be more careful. Irregular bowels cause appendicitis, jaundice, anaemia and a thousand other diseases. Too. Sooner or later it will bring you to a sick bed. The use of Dr. Hamilton's Pills changes all this quickly. They are made to cure constipation in one night, and always do so. By taking Dr. Hamilton's Pills you are sure of a keen appetite, splendid color, jovial spirits and sound, restful sleep. It is in fact, good for men, women or children. 25c. per box, or five for \$1.00. At all dealers in medicine.

Both Legs Cut Off.

Brantford, Jan. 22.—James Leonard, a farmer from near Bright, was killed here Saturday evening. He slipped from the platform at the Market street depot beneath a yard engine and both legs were cut off. He died on the way to the hospital. He was sixty years of age and was in the city all day.

NERVOUSNESS A CALAMITY.

Many who don't realize what lies beyond, treat an attack of the "nerves" with indifference. Others consider it will soon pass away. But in every case nervousness is a calamity. Only one remedy will cure it, that acts through the blood. First it gives you appetite—you eat plenty. This fills the blood with nourishment for the inner nerve cells. Energy and strength is instilled into every part of the system. You get well—nervousness forever done with, because you've used Purgolone. Price 50c. per box of fifty tablets at all dealers.

Wyoming Baby Weighs a Pound.

Omaha, Jan. 22.—The smallest baby on record in the west was born Saturday to Mrs. Charles Bybee of Lander, Wyo. The child weighs only a little more than a pound. Its head is only two inches in diameter.

SPRAINED HER ANKLE.

"I slipped on an icy step and sprained my right ankle very badly," writes Miss Minnie Burgoine, of Glenwood. "It swelled to a tremendous size and caused intense pain. I applied Polson's Nerviline and got prompt relief. The swelling was reduced, and before long I was able to use my foot." For sprains, swellings and muscular pains Nerviline is the one sure remedy. Strong, penetrating, swift to destroy pain—that's Polson's Nerviline. Fifty years in use.

\$1,000,000 In Valuable Burn.

Brussels, Jan. 22.—The patriot says that the mail car on the Ostend-Herbethal train was burned Saturday in an accident. The car contained the Indian mail and \$1,000,000 worth of valuables which were destroyed. The valuables were insured.

BE DONE WITH CATARRH!

Why allow this filthy disease to poison your system? It drains your strength, ruins digestion, pollutes the breath, makes you repulsive. The one certain cure is "Catarhoxone," it cures because it destroys the cause of the disease, cures thoroughly because it goes wherever the catarrh is, cures every case because its vapor destroys the catarrh germs instantly. To get well and stay free from catarrh get Catarhoxone and use it; satisfaction guaranteed.

It is always easy to trump up an excuse for finding fault.

Sunlight Soap is better than other soaps, but is best when used in the Sunlight way. Buy Sunlight Soap and follow directions.

HEROES AND COWARDS.

Fear Prevents Some Who Believe From Confessing Christ Before Men, Says Dr. Torrey.

Toronto, Jan. 22.—Despite the May day weather, which lent decided attractions to being outdoors, Dr. Torrey has not drawn a larger Toronto audience than the one that crowded Massey Hall yesterday afternoon. It was an occasion, specially dedicated to the university students.

Dr. Torrey's address was general in its trend. He referred at times to university life, but made no attempt to enter into the special problems that confronted students there.

His subject was "Heroes and Cowards." One of the discouraging signs of the times, he said, was the proportion of men and women who were lacking in courage to stand up for themselves in all times and places. "The great need of Canada is heroic men and women with brains," said the speaker.

There were many college men and women who believed in their hearts but didn't make public confession through fear of social ostracism, or being cast out of their set of society.

"You know He died for you on the cross, but Jesus is not popular in your set," said Dr. Torrey.

It had been pointed out to him that the way in which one's life is lived "but," objected the preacher, "who knows the source of your life, if you don't confess it with your lips?"

"If you were to tell what is in your hearts, it would shake the university and would shake Toronto," he declared a little later on.

The speaker said that in preparing to visit Edinburgh University, he had been warned that the students were a little peculiar, and that it wouldn't do to ask those converted to stand up.

"I came to the conclusion in they were no more cowards than other people," said Dr. Torrey amid applause. At first they made a noise, but this "colapsed," and he had never had better response to his call. At Cambridge, like preliminary denials had been made to his practice, but he had induced 35 fine young men to respond and they were a power for good in the university.

One hundred and twenty men came forward at the evening meeting. Dr. Torrey gave the same address as in the afternoon.

"Come on men," said Dr. Torrey. "This is a great night for Toronto. Thank God for so many men."

WEATHER WENT WRONG.

Sunday Was a Veritable May Day—Some Interesting Reports.

Toronto, Jan. 22.—Something went wrong at the weather works yesterday. Instead of the snow and ice which it had been intended to bring along to the end of the continued January thaw, there came forth a day that the merry month of May need not have been ashamed of. "It wasn't in Ontario alone, either, as reports show. In the middle Western and Eastern States the spring feeling was everywhere, and the mercury ran up in the 70's. It was, however, very cold in the Northwest provinces and in the Yukon. The development of a depression over the Gulf of Mexico, which is moving towards the lake region, kept the weather very mild from the lake region to the Maritime Provinces, accompanied by a few showers. Minimum and maximum temperatures recorded at the observatory are: Dawson, 94 below—10 below; Adla, 18 below—33 below; Victoria, 23—44; Calgary, 32 below—10 below; Battleford, 25 below—24 below; Qu'Appelle, 25 below—14 below; Winnipeg, 10 below—4 below; Port Arthur, 10—20; Toronto, 40—56; Ottawa, 24—48; Montreal, 35—47; Quebec, 18—36; Halifax, 19—44.

THE GREATEST WOMAN.

A question, a Prize Answer and a Few Words of Comment.

"Some time ago 250 clubwomen in one of the central states were asked the question, 'Who is the greatest woman in history?'"

"The question certainly is not a new one—our wonder sometimes how many centuries old it really is—and the answers included names of women whose commanding intellect, personal charm or self-sacrificing labors for humanity have made them famous the world over. Yet the prize answer held the name of none of these. This is the way it read:

"The wife of a man of moderate means who does her own cooking, washing and ironing, brings up a large family of girls and boys to be useful members of society and finds time for her own intellectual and moral improvement is the greatest woman in all our history."

Probably many a tired housewife, reading the answer, has thought grudgingly that the woman who does her own housework, brings up a large family and "finds time for her own intellectual and moral improvement" deserves to be called the greatest woman in history. Possibly she is even guilty of a passing wish that the writer of the paragraph in question might try for herself and see how much time she would find for intellectual and moral improvement. Yet, although provocative of possible irritation, the prize answer has comfort too.

In the natural course of things to be the "greatest" woman in history must be a solitary glory, but one may fall short of such distinction and yet make the world the richer for a life of toil not forgotten of itself. The comfort lies in the fact that more and more the work of the house mother—rich or poor, provided only that heart and hands give glad service—is taking the first place in the world's honor list—YOUTH'S COMPANION.

Aeronaut Falls 2,000 Feet.

Fort Worth, Tex., Jan. 22.—Lindsay Cooper, an aeronaut of Caledon, fell 2,000 feet from his balloon at Wolfe City Saturday afternoon and was instantly killed. Cooper was ascending when he lost his hold on the trapeze, about 4,000 persons witnessed the accident.

**ARMOUR'S
Extract of Beef**
goes further than other kinds. It is the very essence of the beef—pure and undiluted—with the natural beef flavor. If you drink beef tea, you can't afford to use any other. A Savory and appetizing.
ARMOUR LIMITED - TORONTO.

Roth Jumped His Bail.

Montreal, Que., Jan. 22.—Max A. Roth, manager of the Canadian Finance Co., who was arrested some weeks ago on a charge of conspiracy in connection with alleged seizures on defaulting creditors, was to have come up on the second charge Saturday, but he has fled and is now beyond the jurisdiction of the Canadian courts. The amount of bail forfeited by Roth is \$300.

CURED HIS MOTHER OF RHEUMATISM.

"My mother has been suffering for many years from rheumatism," says W. H. Howard, of Husband, Pennsylvania. "At times she was unable to move at all, while at all times walking was painful. I presented her with a bottle of Chamberlain's Pain Balm and after a few applications, she decided it was the most wonderful pain reliever she had ever tried, in fact, she is never without it now and is at all times able to walk. An occasional application of Pain Balm keeps away the pain that she was formerly troubled with." For sale by all druggists.

Gallery By Acclamation.

Montreal, Jan. 22.—Ald. Ekers and W. E. Doran were nominated yesterday for the mayoralty, the election to take place Feb. 1. There were 22 aldermen elected by acclamation making a total of 40 members. Among those returned unopposed was Ald. Dan Gallery, who was recently politically disqualified.

CHAMBERLAIN'S COUGH REMEDY THE BEST MADE.

"In my opinion Chamberlain's Cough Remedy is the best made for colds," says Mrs. Cora Walker, of Porterville, California. There is no doubt about its being the best. No other will cure a cold so quickly. No other is so sure a preventive of pneumonia. No other is so pleasant and safe to take. These are good reasons why it should be preferred to any other. The fact is that few people are satisfied with any other after having once used this remedy. For sale by all druggists.

The First Cow Test.

Brookville, Jan. 22.—The first cow-testing association in the Province of Ontario was organized here Saturday afternoon, the members of which are composed of leading dairy farmers of the Brookville section. The matter of recording the performance of individual cows has been pushed for the past two seasons by the dairy branch of the Department of Agriculture in eight different centres, and is now being taken up in earnest by the farmers themselves.

USED MEN AT THE OFFICE
UP
AND
TIED
OUT

Every day in the week and every week in the year men, women and children feel all used up and tired out.

The strain of business, the cares of home and social life and the task of study cause terrible suffering from heart and nerve troubles. The efforts put forth to keep up to the modern "high pressure" mode of life in this age soon wears out the strongest system, shatters the nerves and weakens the heart.

Thousands find life a burden and others an early grave. The strain on the system causes nervousness, palpitation of the heart, nervous prostration, sleeplessness, faint and dizzy spells, skip beats, weak and irregular pulse, smothering and sinking spells, etc. The blood becomes watery and watery and eventually causes decline.

Milburn's
Heart and Nerve
Pills

are indicated for all diseases arising from a weak and debilitated condition of the heart or of the nerve centres. Mrs. Thos. Hall, Kildon, Ont., writes: "For the past two or three years I have been troubled with nervousness and heart failure, and the doctors failed to give me any relief. I decided at last to give Milburn's Heart and Nerve Pills a trial, and I would not now be without them if they cost twice as much. I have recommended them to my neighbors and friends."

Milburn's Heart and Nerve Pills 50 cts. per box or 3 for \$1.25, all dealers, or The T. Milburn Co., Limited, Toronto, Ont.

If you can't have your own way, pretend that the other way is yours.

Excelcior Paint will give you what you desire—a nice, glossy finish. Try it. Drew & McCallum.

DISTRICT DOINGS
TILBURY

Jan. 22.—Miss Smith, of Morpeth, is the guest of Mrs. W. Moffat. Chas. Clifford has returned from a trip to New Zealand.

Miss Gertrude Clark leaves this week to visit her sister, Mrs. Latimer, in Calgary.

W. Wilson, of St. Thomas, spent Sunday at his home here.

There was no service in the Methodist Church last evening, there being a union service in the Presbyterian Church.

Miss Anna Sharp leaves this week on an extended visit with relatives in London and vicinity.

Mr. Hamil, of Windsor, was the guest of Mr. and Mrs. E. Dusty yesterday.

THAMESVILLE.

Jan. 22.—Dr. and Mrs. Fraser entertained the members of the Men's Debating Society, with their lady friends, on Friday evening. A most interesting guessing contest was held until twelve o'clock, when a dainty supper was served. After supper the girls contested who could drive the most tacks in a basswood board in a limited time; the men to see who could sew the most buttons on a piece of print. Dr. Currie won the prize in the guessing contest. Mrs. Duncan for the most tacks. The decorations were blood red carnations and ferns.

The regular meeting of the Art and Literary Club was held Friday at the home of Mrs. Duncan. Miss McCulloch, having charge of the meeting, spoke on Confederation. She was assisted by Mrs. Duncan and Mrs. Courts. The Tecumseh Monument scheme was then discussed. On a vote as to the desired location, the result was found to be in favor of the scene of the battle. A pleasing number was rendered by the Glee Club. The drawing room was most appropriately decorated in Union Jacks and emblems of the Fathers of Confederation. The club flower is the carnation, of which a beautiful bouquet, with smilax, adorned the table.

Dr. Currie is spending Sunday at his home in Glencoe.

John Gaults spent Saturday in the Maple City.

Miss Jennie Laurie, who has accepted a position with the George Stephens firm in Chatham, came home on Sunday.

Kenneth Duncan is spending the day in Detroit.

Miss Anna Lyle Mayhew is spending a few days in Chatham the guest of Miss Edith Davidson.

Will Hubbell is spending the day in town.

James Mowbray is spending a few days at his home in Boston.

Miss Florence McDonald, from Zone, is visiting Miss Winifred Edwards.

Miss L. Evelyn McCulloch spent the day in Chatham the guest of Misses McNaughton.

Miss S. McFarlane, from Moosejaw, is visiting friends in town and vicinity.

Miss Kathryn Stewart goes to the Maple City to-day.

Frank Lee, from Bothwell, visited here yesterday.

Rev. Mr. Ayerast announced yesterday that the Misses Hall, the famous evangelists, were expected here soon to conduct meetings.

A few from our village attended the fancy dress ball in Chatham on Friday night and are delighted with the way they were entertained.

Kenneth Duncan has been spending a few days in Detroit.

James Mowbray, from Comber, will spend a few days in this neighborhood.

Mrs. Mercer, from England, is spending the winter at the home of her mother, Mrs. John Ferguson.

Dr. Currie returned this morning from Glencoe.

Morley Wilkinson returned to his duties at Selton this morning.

MESSRS. C. C. RICHARDS & CO.

Gentlemen—Last winter I received great benefit from the use of MINA'S LINIMENT in a severe attack of La Grippe, and I have frequently proved it to be very effective in cases of inflammation.

Yours,
W. A. HUTCHINSON.

JEANNETTE'S CREEK.

Mr. Kendal spent part of last week at his old home on Lake Erie shore.

Mr. George Forbes, of Sombra, was a guest of his brother here for a few days this week.

Mr. Venning is building an oil

Chairman Charteris Starts Board of Health on Right Policy For New Year

The first meeting of the new Board of Health for 1906 was held yesterday in the City Clerk's office, Harrison Hall.

The members present were Mayor Marshall, Mrs. Charteris, Hall and Bray, W. R. Baxter, W. S. Richards and J. C. Wainwright.

A motion was moved by Dr. Bray and seconded by Mayor Marshall, that Dr. Charteris be re-elected chairman. This was unanimously passed. The minutes of the special meeting held last week were read by the City Clerk.

Dr. Charteris then addressed the Board asking for better and more regular attendance in the future. He hoped for even better work this year than had ever been done in the past and pointed out that these good results could only be obtained by regular attendance and attention.

He then suggested that in view of his valuable services to the city, the salary of Dr. H. H. McNeil, Medical Officer, be raised from \$300 to \$500 per annum, the former sum being wholly inadequate as remuneration for such unceasing devotion to duty.

A resolution was accordingly passed, that the Board recommend the Council to raise the salary of the Medical Officer from \$300 to \$500 a year.

The report of the Medical Health Officer was then read and adopted. City Clerk Merritt drew attention to the following accounts:

J. M. Massey, \$8.26.
Mr. Sheffield, \$10.00.
W. Turner, \$2.90.
Fleming & Tilton, \$2.25.
K. T. Munroe, \$1.00.
W. D. McPherson, \$8.00.

Dr. Hall brought forward some details of a new scheme for an isolation hospital for contagious diseases and plans were submitted to the members present. The doctor explained the technical details of the proposed building and his ideas met with the approval of the Board.

It was then moved that the Council be asked to appoint a committee to confer with the Board of Health to take up the matter of an isolation hospital for this city and that the two committees be asked to make reports at their respective meetings two weeks hence.

The proceedings terminated at 3.45 p. m.

KISSED MR. M'MASTER

Ladies' Candidate, However,
Was Downed by Labor Vote.

Former Montreal King's Counsel Defeated in the Leigh Division of Lancaster by 2,006—Chamberlain Admits Surprise—Realizes Now That a Political Revolution Is in Progress—Only Two of Monday's Returns In.

London, Jan. 23.—(C. A. P.)—Donald McMaster, K. C., lately of Montreal, has failed in his effort to wrest the Leigh division of Lancaster from the Liberal column and was defeated yesterday by J. J. Brunner, the Liberal candidate, by 2,006, the vote being 7,175 to 5,169. The constituency has been Liberal for over 20 years by majorities ranging in the neighborhood of a thousand. At last election the majority was reduced to 120. The riding includes large mining interests and the Labor vote is considerable.

Appealing for the Labor vote the Liberal candidate pointed out in a recent speech that Mr. McMaster had spoken against Labor candidates in previous elections, while he had shown friendship for Labor by loaning his motor car to three Labor candidates, and each of them won.

But the campaign has not been entirely in vain for the Conservative candidate, as a report from the riding says after his meetings several ladies insisted on kissing Mr. McMaster.

Only Two Returns of Monday's Polling. Only two other returns were received last night out of 22 pollings yesterday. Sir J. P. Leese retains the Association division of Lancashire for the Liberals by 2,557 over a Unionist and Independent Socialist. The Gorton division of Lancashire goes to the Labor candidate, John Hodge, defeating S. W. Royce, Conservative, by 4,225. The seat was won for the Conservatives by Ernest Hatch, whose majority was 320, in 1900, but Mr. Hatch went over to the Liberals last year and did not seek re-election.

In the short race for the biggest majority Rutherford bids fair to be second. Sir Edward Clarke, Conservative, with 16,706, in the City of London, is still at the top, but Rutherford yesterday disclosed a Liberal majority of 8,858, a change from a Conservative majority of 3,062 last time.

John Sinclair, who was elected for Perthshire, Scotland, is the Secretary for Scotland, and son-in-law of Lord Aberdeen.

The score to date is: Liberals, 274; Labor, 37; Conservatives, 115; Nationalists, 80.

Party gains: Liberals, 150; Labor, 30; Conservatives, 9; Nationalists, 2.

Worse Than Expected.

In a campaign speech last night Mr. Chamberlain admitted the majority against him was much larger than he expected, and recognized that a political revolution had been in progress. "But," he affirmed, "I want, once more, now at the end of the election, to put on record my determination to pursue to the end the policy which I believe to be demanded in the interest of the population."

"Tariff reform not dead. When the columns which have for the moment overwhelmed it have come home to roost; when all the side issues are forgotten, tariff reform will remain as the only practical remedy for the distress with which our English trade and workmen are confronted. It will come back, and meanwhile our duty is to keep the lamp alive."

LATE MR. PREFONTAINE.

Remains of Dead Minister Arrive At Halifax and Are Received With Honor—The Funeral Procession.

Halifax, N. S., Jan. 23.—The body of the late Hon. Mr. Prefontaine was landed at 11.30 yesterday from H.M.S. Dominion, and the funeral procession passed from the dockyard to the station between lines of soldiers.

The funeral was a striking one. About 400 bluejackets and marines from H. M. S. Dominion were in line, as well as the Canadian soldiers and marines. It was one of the most spectacular funerals ever seen here.

The order of the funeral procession was as follows: Band; guard 100 men; gun carriage drawn by Canadian marine detachment; member of family of deceased Minister; Marine Department; A. D. C.'s to Governor-General; Lieut-Governor and staff; Archbishop of Halifax, Roman Catholic; Bishop of Nova Scotia, Episcopal; representatives of other denominations; members of Federal Cabinet; Chief Justice of Nova Scotia; members of Privy Council not in Cabinet; senior naval officer and staff; members of Senate; judges Supreme Court Canada; judges Supreme Court Nova Scotia; Federal members of Parliament; members of Provincial Government; Mayor of Halifax; members Legislative Council; members House of Assembly; Mayor of Town of Dartmouth; Halifax City Council; Dartmouth Town Council; Mayors, Wardens and Councilors of other municipalities; naval and military officers; citizens.

The special train which the mortuary car is attached left Halifax at 1 p. m. for Montreal.

Dies Aged 104 Years.

Toronto, Jan. 23.—One of the oldest pioneers of Toronto, Mrs. Rebecca Wagner, passed away at the home of her granddaughter, Mrs. L. E. Price, 894 Dovercourt road, Sunday. Mrs. Wagner was 104 years old. She was the only granddaughter of James Madison, the fourth president of the United States. Mrs. Wagner was born at Cobourg, Ont., on Feb. 14, 1802.

G. T. P. Tenders.

Montreal, Jan. 23.—Tenders have been asked for the construction of 450 miles of Grand Trunk Pacific from Portage La Prairie, 225 miles west of Portage La Prairie, to Edmonton. Tenders will be received up to Feb. 20.

Kicked By a Horse.

Galt, Jan. 23.—Charles Buchanan had both jaws shattered and his face smashed, and is in the hospital in a critical condition. He was kicked by a horse. He struck it with halter strap.

TWO CHILDREN BURNED.

Elder Sister Caught Fire While Cleaning Ruff With Gasoline.

Ottawa, Jan. 23.—Two children, aged 1 and 3 years, a boy and girl, of Fablen Sayer, of Hintonburg, were burned to death in a fire which destroyed the home last evening.

An older daughter, aged 23 years, was cleaning a neck ruff with gasoline. She was near the stove when the gasoline ignited, the flames leaping up into her face and arms. In agony Miss Sayer ran to the door to throw herself into the snow, and in doing so scattered the fire through the house. The two little girls who perished were sleeping in a corner of the room, one in a cradle and the other in a swinging bed.

Left \$1,000,000.

St. Catharines, Jan. 23.—The late Thomas R. Merritt left an estate valued at about \$1,000,000, principally in stocks in the Imperial Bank, of which he was president, the Suspension Bridge Co., Security Loan & Savings Co. of St. Catharines, and the St. Catharines and Welland Canal Gas Co. Beyond a few of the small legacies the estate will not be divided until the death of Mrs. Merritt.

Distilled Sunshine

Did you ever have a headache that made Sunday feel like wash-day?

Q Perhaps you have been drinking inferior teas.

Q No, you don't need medicine—all you need is a package of Grand Mogul Tea.

Q This tea combs the kinks out of the nerves. Why? Because it is rich in theine (the flavoring essence) which is just concentrated sunbeams. Grown on the high table lands of Ceylon, this tea contains the elements of a pure nerve-food.

Grand Mogul Tea

Q There are no other teas "just as good" as Grand Mogul. 25c, 30c, 40c and 50c per pound.

Q Sold only in packages lined with air-tight paper. Premium coupons in each package. The cost of these coupons is not taken out of the tea—but is simply a part of the advertising appropriation.

Falls Down Shaft.

Winnipeg, Jan. 23.—An Icelandic laborer fell down the elevator shaft at the new C. P. R. hotel yesterday while attempting to descend on a rope from the fourth storey. His back was broken, and he succumbed shortly afterwards.

A STORY OF HARDSHIPS

One of Party of Three G.T.P. Surveyors Reaches Civilization.

Two Companions From Expedition, Who Started With Him Dec. 13, Ill and Maimed, Are Lying in the Woods of New Ontario Without Food—Little Hope of Rescue—A Tramp to Civilization.

Port Arthur, Ont., Jan. 23.—Isolated from the world, ill and without food, Charles Hawkins, an Englishman, lies alone in a fragile little shack in the Lake Nepigon district, awaiting food, medicine and a rescue party which are being hurried to him from the Nepigon headquarters of the Transcontinental Survey. A hundred or more miles to the northwest, in a lonely trapper's shanty, separated by many days' travel from friends and medical aid, J. Beemer lies battling with what must prove a fatal attack of typhoid fever.

Left Camp Dec. 13. Both men until three weeks ago were members of the Grand Trunk Pacific Railroad survey, and owing to a quarrel with the engineer in charge decided to walk down to civilization, so left the camp on December 13th in company with a man named Wilson. For the first day everything went as it should, but on the afternoon of the second day the ice gave way as they were crossing a creek which empties into Lake Wawona.

After struggling about in the icy water for some minutes they managed to reach the shore and there collected a quantity of dry sticks with which to build a fire. Then they discovered that their matches had been spoiled by the water, so they were obliged to wring the water from their clothes and continue their journey as rapidly as possible to prevent freezing.

Ten Hours of Agony. After ten hours of agony they reached a trapper's shanty, and the exile inhabitant of that lone hut received them with open arms. The following morning they were too stiff to move, but on the next day Hawkins and Wilson were able to continue their journey, leaving Beemer in the trapper's care raving in delirium. For three night Hawkins and Wilson wandered about in the bush trying to find their way, each night taking turns to sit up to keep the fire burning.

On the tenth day from camp Hawkins slipped, going down a steep bank, and injured himself so badly that he could not move. For several miles Wilson carried the injured man and at last came to a deserted shanty, where he made Hawkins comfortable as possible, and again set out for assistance, and in two days met a survey party, whom he directed to the two lone stanties. Small hopes are entertained of finding either of the men alive.

CHRISTIAN SCIENTISTS WIN.

Verdict of the Court Below Quashed In the Court of Appeal.

Toronto, Jan. 23.—The conviction of the four Christian Scientists for conspiracy in connection with the death of Wallace Goodfellow was quashed by the Court of Appeal yesterday. The court held that the charge was wrongly worded and did not come under the head of any indictable offence known by law.

Justice Ooster's written judgment reads in part: "It seems to be a mere experiment not to charge the defendants with a conspiracy to commit any indictable offence as described therein, known to the law. It would have been just as sensible to have indicted them for conspiracy 'to deprive him' of a loaf of bread, whereby, etc. The wide field over which the evidence wandered will illustrate the vagueness and uncertainty of the charge. It is very probable, I should say from reading it, that some of the defendants had laid themselves open to prosecution under section 209 or section 212 of the criminal code."

Justice Meredith rebuked the prosecution, saying that the charge was a "cover all," made with an evident desire to obtain a conviction. "Fairness to the accused should characterize all prosecutions in the name of the sovereign," he stated.

Carl Dodds Drowned.

Mitchell, Jan. 23.—A sad drowning accident happened at Mitchell about 5 o'clock last evening, when Carl, the 7-year-old son of Thomas Dodds, fell into the mill-dam above the flood gates. The little fellow was last seen going over with the tremendous flow of water and carried into the Thames River, where his sight was lost of him. The water where he fell in is 22 feet deep.

Nabbed at North Bay.

North Bay, Jan. 23.—The police authorities of Stokoe, Trent, England, issued a circular on the 8th inst., offering \$50 for the arrest of Albert Bassett for embezzlement of a large sum of money. On Jan. 17 Chief Mitchell received one of the circulars, and a few hours afterwards spotted the man and made the arrest yesterday and lodged the absconder behind the bars.

Suspect Foul Play.

Brantford, Jan. 23.—Foul play is now suspected in the death of James Leonard, the farmer from Bright, who was killed by a locomotive here on Saturday night. It is said that Leonard had over \$50 on him during the afternoon, while only \$10 was found on the body. The police are investigating, and a coroner's jury viewed the remains yesterday morning and adjourned.

Burned Herself to Death.

Ithaca, N. Y., Jan. 23.—Dependent over the recent death of her mother Miss Katie Van Valkenburg, aged 25, of Van Etten, burned herself to death yesterday. She saturated her clothing with kerosene oil, and set fire to herself with a match.

Russell House Fined \$100.

Ottawa, Jan. 23.—Mulligan Bros. of the Russell House has pleaded guilty to the charge of serving ruffed grouse at the forestry convention dinner, and paid a fine of one hundred dollars. The charge was laid by the game warden, acting on instructions from Toronto.

WHY THE AUDIT?

Wallaceburg, Jan. 23.—Though there is no appearance of there being anything particularly out of place in the decision of the Council, some here are wondering why it is that, at their meeting on Friday night, they determined to have a Government audit.

So far as can be learned, there is no reason to suspect that the books are in anything but good shape, and it appears that they only so decided in order to prepare the way for a year's hard work, with a full knowledge of them they are at.

Cash or Cure

If Shiloh's Consumption Cure fails to cure you Cold or Cough, you get back all you paid for it. You are sure of a Cure or the Cash.

If it wasn't a sure cure, this offer would not be made.
