THE CHURCH STANDARD

The Rev. JOHN FULTON, D.D., LL.D., Editor

....PLATFORM....

Following the judgment of the "Conference of Bishops of the Anglican Communion, holden at Lambeth Palace in July, 1888," THE CHURCH STANDARD accepts and maintains the following Articles:

- (a)—The Holy Scriptures of the Old and New Testaments, as "containing all things necessary to salvation," and as being the rule and ultimate standard of faith.
- (b)—The Apostle's Creed, as the Baptismal Symbol; and the Nicene Creed, as the sufficient statement of the Christian faith.
- (c)—The two Sacraments as ordained by CHRIST himself—Baptism and the Supper of the Lord—ministered with unflinching use of CHRIST's words of Institution, and of the elements ordained by Him.
- (d)—The Historic Episcopate, locally adapted in the methods of its administration to the varying needs of the nations and peoples called of God into the Unity of His Church.

THE CHURCH STANDARD is the oldest Journal of the Protestant Episcopal Church published in the United States. It is a sound, independent, non-partisan Journal, has the support of Bishops, is taken by a large majority of the Clergy, and is particularly commended as a Family Church paper. Among some of its valuable features are News Notes, Home News, Foreign News, Open Court, Clerical Personals, Diocesan and Missionary News, Official Notices, Book Reviews, Music, Home Reading, Woman's Department, and a weekly Story, and puzzles for the Young Folks.

A LAYMAN'S REVIEW OF WORSHIP

By EDWARD LOWE TEMPLE, M.A., with introduction by the Rev. Samuel Hart, D.D., Secretary of the House of Bishops, and Professor in Trinity College, Hartford, Conn.

The publishers present this book to the public as being in every way a *timely book*. The advent of the new Prayer Book has aroused study in Liturgies. While the book was in process of alteration, the study was confined largely to the clergy and other scholarly men specially interested in the subject. Now every Churchman, and all the older scholars of the Sunday School, should begin the study of the Prayer Book as it has come to us from the Church.

To do this properly one needs Mr. Temple's book. It covers every topic in the Prayer Book, not only Liturgical, but gives a general view of all Church usage and thought, with a complete vocabulary. It should be used as a Text Book in all schools of the Church. It is not catechetical in form, nor a book for the learned only, but is written in a style to attract all who are desirous to become educated in Prayer Book Knowledge. There is no other book to be had which so completely covers the ground. Mr. Temple was a member of the General Convention during all the years of Revision. His scholarly study of the subject has resulted in this book. About 450 pages. Cloth bound.

All of Dr. Shinn's manuals are popular in style and exceedingly useful in parish work. This new one will be found exceptionally useful. It is a veritable pocket cyclopedia respecting the history, doctrine and usages of the Church.

WHICH IS

The Best Magazine

FOR LOCALIZATION?

The editor of the *London Diocesan Magazine* recently conducted an enquiry into the present position of Parish Magazines in London Diocese. About two hundred replies were received in answer to his enquiries. The following extract is taken from a most interesting article on the subject:—

"It is not the object of this article to pass judgment upon the various publications issued with this purpose in view, but we are bound to say that where any opinion at all is expressed in the letters which have been sent in, it is almost always in favour of THE CHURCH MONTHLY, and that this preponderance of opinion is not confined to words alone is shown by the following particulars from the parishes which have sent replies:—

IN THE

1894

TORONTO:

JOSEPH P. CLOUGHER, PUBLISHER.

BX 5605

1894

Entered according to Act of Parliament of Canada, in the year one thousand and eight hundred and ninety-four, by JOSEPH P. CLOUGHER, in the office of the Minister of Agriculture, Ottawa.

P R E F A C E.

It was the intention of the Editor to have issued the Third Edition of the Year Book at the usual time, earlier in the year, but unexpected delays have occurred, attributable to several causes, chiefly the delay in obtaining a complete and accurate list of the Officers and Committees of the General Synod.

In the 1894 edition several new subjects have been introduced, viz., a brief sketch of the establishment and growth of the sister church in the U.S.A.; Degrees conferred by Canadian and British Universities and Colleges; many interesting and useful tables, including Table of Psalms for Sunday Afternoon Services, etc.

Thankfully do I acknowledge the assistance given by those who have been good enough to furnish information tending to assist the completeness and value of this volume, particularly the Convenor and members of the Year Book Committee.

Convinced that the publication of this book has already encouraged, and may yet more widely stimulate an interest in the work of the Church, I would earnestly commend it to the attention of those who desire to see the Church of England in Canada ever striving in the unity of the spirit and after the model of her Lord's life, to fulfill her mission and strengthen her hold upon the hearts of the people.

The Clergy, whose Names, Diocese or Post Office Addresses are not correctly or fully given, should not fail, on or before October 15, to send notice of any change that is desired. Unless this be done the Editor cannot be responsible for inaccuracies in the Clergy List.

All communications should be addressed to the Editor and Publisher.

JOSEPH P. CLOUGHER.

The Patent **Tubular Bells** consist of a series of metal tubes in suspension. These are harmoniously tuned, and, when struck, give forth notes of marvellous purity and sweetness of tone, comparable only to Church Bells of very high quality. The sound is penetrating, yet perfectly musical and effective. It is not quite equal in carrying power to that of *heavy* bells, but in quiet or rural districts is clearly and beautifully audible to a great distance. In towns the effect is exactly similar to the sound of Cathedral Bells a short distance away.

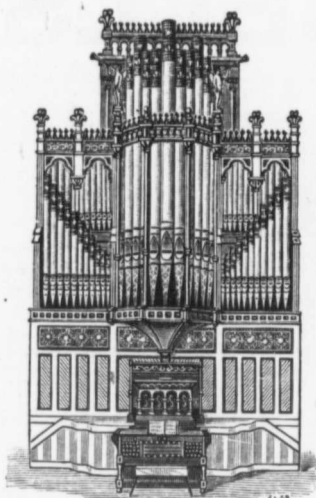

They do not require a specially constructed tower, there being no swinging motion with the consequent strain upon the building.

They can be placed in any bell tower without necessitating any structural alteration.

Table for Finding the Time of Sunrise and Sunset.

To use this Table, take the Sun's declination in the left-hand column, and under the required latitude on the horizontal line will be found the apparent time of Sunset. Subtract the quantity found as above from 12h., and the remainder will be the apparent time of Sunrise.

This Table is arranged for Northern latitudes, but will serve equally well for Southern by changing the declination from North to South, and vice versa.

The local mean time of the observed altitude, when reduced to the corresponding Greenwich mean time, may be converted into sideral time by means of the table on the next page. It will be observed that the sign on the left-hand side of the correction in Table I. is to be used when the argument is on the left, and vice versa; '+' means that the correction is to be added to the reduced altitude, and '-' that it is to be subtracted. The corrections derived from the double-entry Tables II. and III. are always added. In order to make the quantities taken out from Table III. additive they have been increased by 1'; this quantity must therefore be taken away from the final result.

COUGHS AND COLDS

are only the beginning. Lungs are weakened next, the body becomes emaciated, and then the dreaded Consumption Germ appears.

Scott's

Emulsion

the Cream of Cod-liver Oil Hypophosphites, overcomes Coughs and Colds, strengthens the Lungs, and supplies vital energy. *Physicians, the world over, indorse it.*

BABIES AND CHILDREN

and Weak Mothers respond readily to the nourishing powers of Scott's Emulsion. They like the taste of it, too.

To obtain the Sideral Time corresponding to any given Mean Time, by means of the above tables, all that is required is to take the Sideral Time at the preceding Mean Noon (which will be found on the second page of each month) and add to it the Sideral Equivalents opposite to the hours, minutes, and seconds of the given Mean Time. If the sum of these numbers comes out more than twenty-four hours, twenty-four hours must be subtracted from it. For example:—

Let it be required to find the Sideral Time corresponding to the Mean Time 21h. 15m. 30s. on November 2:—

Sideral Time at Noon on November 2	H. M. S.	14 45 59
Mean Time intervals and equivalents from table above	{	21h. =	21 3 26 89
		15m. =	15 2 45
		30s. =	30 0 8

Corresponding Sideral Time = 12 5 58 53

This table may also be used to show the acceleration of Sideral on Mean Solar intervals, by subtracting the Mean Time arguments from their Sideral Equivalents.

CLERGYMEN

AND

Life Insurance

IN all ordinary companies no regard is had to whether a man is a total abstainer or not in classifying his insurance and allotting him profits arising from saving in mortality and other sources—but mainly from saving in mortality—although it is well known that where observation has been made they have proved much the better risks, and should be entitled to much larger profits.

Clergymen should recognise this and place their insurance accordingly.

The Temperance and General Life Assurance Company

is the only Company in Canada that so classifies its risks, as to give total abstainers all the advantages that should be secured to their better lives.

The experience of this Company indicates most progressive and careful management, and the records show that due regard is had to economy, and the safe and profitable investment of its funds.

Careful selection and proper classification of risks, wise economy in the administration of its affairs, and judicious investment of its funds under progressive management, will make any company a success.

These features characterize the Temperance and General Life, and commend it to the confidence of all intending insurers.

Gowns and Hoods.

As the wearing of hoods is now very general, the following catalogue of the hoods, as well as of gowns, appropriate to the several degrees of the several colleges, may be found useful for reference.

The 58th (English) Canon provides that: "Such ministers as are graduates shall wear upon their Surplices such Hoods as by order of the Universities, are agreeable to their degrees, which no minister shall wear (being no graduate) under pain of suspension. Notwithstanding, it shall be lawful for such ministers as are not graduates to wear upon their Surplices, instead of Hoods, some decent Tippet of black, so it be not silk."

The custom of wearing hoods to indicate literary degrees obtained, is now prevalent in this country, and a knowledge of the meanings of the hoods in most common use, is certainly desirable. It need hardly be added that one is in honor bound never to wear a hood signifying a degree to which he is not entitled, nor of any College or University other than that which has conferred upon him the specific degree represented by the hood.

LAMBETH DEGREES.

The Archbishop of Canterbury is empowered to confer Degrees at his discretion. By long-established custom the Gowns and Hoods for Lambeth Degrees are the same as those worn for the same Degrees at the University to which the Archbishop belonged who conferred the Degree, in case the person on whom the Degree was conferred had no University Degree. When the recipient is a University man, he would wear the Gown and Hood of his own University. For instance, if the present Archbishop conferred the Degree of D.D. on a non-University man, he would wear the robes of a Cambridge D.D.; but if he conferred the Degree on an Oxford M.A., the recipient would wear the robes for the corresponding Degree of his own University.

His Grace Archbishop Robert Machray,

PRIMATE OF ALL CANADA.

THE Most Rev. Robert Machray, D.D., LL.D., D.C.L., Prelate of the most distinguished Order of St. Michael and St. George, and Primate of all Canada, was born in the city of Aberdeen, Scotland, in 1831.

He was educated at King's College, Aberdeen, from which he graduated M.A. in 1851, gaining the Simpson prize of £60 for mathematics, and the Hutton prize of £15 for general scholarship, and the same year he entered Sidney-Sussex College, Cambridge. He obtained a Foundation Scholarship after the Christmas examination, 1851, and in addition a Taylor Scholarship (£60 for seven years), after the midsummer examination, 1852.

In his college course he gained prizes in Classics, Mathematics and Divinity. He also won the Latin and English Theme prizes. In 1855, on his graduation as a wrangler, he was elected Fellow of his College, a position which he has retained to the present time. During his residence at Cambridge, he took an active part in religious work, and in the general life of the university, and was for a time vicar of Madingley.

In 1858 he was appointed Dean of his College: in 1860 he was one of the University examiners; in 1865, Ramsden University preacher, and in 1888, special preacher at Commencement.

On St. John the Baptist's Day, June 24, 1865, he was consecrated as the second Lord Bishop of Rupert's Land, the consecrators being Archbishop Longley, of Canterbury; Bishop Tait, of London; Bishop Harold Browne, of Ely; Bishop Suther, of Aberdeen, and Bishop Anderson, first Bishop of Rupert's Land.

The Diocese of Rupert's Land then contained some two millions of square miles. Beginning at the height of land near Port Arthur, it extended westward beyond the snow-capped summits of the Rocky mountains, southward to the boundary line which divides the United States from Canada, and northward without any defined limit. This wide field of labour fully occupied the time and thought of the active, energetic young Bishop, who had exchanged the pleasant duties of a college life to become a veritable missionary Bishop to these isolated and boundless wilds.

Of simple and unassuming habits, His Grace is proverbial for industry, and beloved by all who know him. His chief recreation is mathematics, and from it doubtless has come his

marvellous accuracy of detail. The native energy and vigor that carried him a score of years ago through long and fatiguing journeys by dog-sleigh and canoe to the remotest parts of his Diocese is now expended on his voluminous correspondence and his duties as prelate and professor.

He has been a grand pioneer Bishop, full of genuine enthusiasm in his work. His Grace has been privileged to see such growth and extension as seldom falls to the lot of one man, and of it all he, himself, has been the centre and organizer. He found *one* diocese with eighteen clergy; he has seen it develop into *eight* dioceses, the parent diocese, Rupert's Land, having now alone eighty clergy, extending from the boundary of the United States about 350 miles north, and nearly 600 miles in breadth. The population probably exceeds 170,000. Manitoba and a portion of Ontario is included in it. Area 200,000 square miles.

He has built up a Provincial Synod system, embracing these diocesan organizations, and controlling all.

He has powerfully influenced the whole *educational* work of the North-West, having been Chairman of the Provincial Board of Education almost from its formation, and Chancellor of the University of Manitoba from its erection.

But, in his own St. John's College, built up largely by his magnificent and unflagging efforts and self-denying zeal, he has a substantial and enduring monument of his wisdom and beneficent care for the Church he loves so well.

Last year his Grace was singled out from the whole colonial episcopate by Her Majesty, the Queen, for appointment as the Prelate of the most distinguished Order of St. Michael and St. George, and at the General Synod, held in Toronto, he was unanimously chosen as the first Primate of all Canada.

The unanimity and cordiality with which his Grace's elevation to the Primary has been welcomed on all sides, is an eloquent and unmistakable testimony to his admirable fitness for the high position.

His residence is Bishop's Court, on the west bank of the Red River, a modest mansion, built originally of logs, forty years ago. In front of it is a sloping lawn, and a broad, majestic expansion of the river. His Grace lives between the past and the present—old and new St. John's—while close at hand is the plain, unpretending Cathedral Church, the Westminster Abbey of the North-West.

PROVINCE OF CANADA,

MINISTRY DIOCESE OF ALGOMA.

GENERAL DESCRIPTION.—The diocese has a lake shore line, including the islands (Manitoulin, St. Joseph, Cockburn, etc.), of 1000 miles, an area of 48,173 square miles, a population of about 90,000 and upwards of 800 miles of railway, mainly the C.P.R. The natural resources are timber, fish, farm produce, and minerals, copper and nickel mainly. One gold mine, the Ophir, is in operation near Thessalon. Capital is much needed for the development of our mineral industries, and, still more, a wise and liberal policy on

the part of the Provincial Legislature.

FINANCES.—The most pressing financial needs are for the following funds: (a). The General Mission Fund provides for the stipends of the clergy, grants for outfit, (horse, etc.) special donations in case of prolonged sickness and general working and office expenses. Two grants are given by English Societies amounting to £1,035, but, at least, \$1,000 are needed over and above this to supplement the local offerings of the people, which are very limited, but, on the whole, fully up to the measure of their ability. The principle of self-support is rigorously enforced wherever possible, but only two parishes (Port Arthur and Sault Ste. Marie), have succeeded in struggling up to this dignity; and even these have been very hard pressed in maintaining it. Stipends range from \$500 to \$800. (b). The Endowment Fund is intended to provide the Episcopal stipend, which, at present, is secured through the Provincial Synod, by assessment on the eight older dioceses of this Ecclesiastical Province. Something over \$50,000 has been secured, and invested in three or four different sums, as they were gathered up at an average interest of $4\frac{1}{2}$ per cent. Special donations, annual contributions, and also *legacies*, will, it is hoped, yield \$30,000 more to complete the fund. (c). The Superannuation Fund. *Algoma is the only one of the nine dioceses of this Ecclesiastical Province that cannot make any provision for those of her clergy who by reason of advancing years and multiplying infirmities are unable any longer to continue in active service. What is to become of them? Their stipends are too small to permit of their saving a dollar. Are they to be cast out on the world's cold charity, after giving the best of their energies to the work of the ministry? The beast of burden that has served faithfully fares better than that. Does the*

Church owe her aged and infirm clergy nothing? (d). Churches and Parsonages are neither of them as numerous as our needs demand. One district, on the Algoma branch, 120 miles in length, has not a single church within its limits, so far as the Church of England is concerned, and only *one* clergyman to care for the souls of her children—other churches stand unfinished for want of means to complete them. Meantime the people worship in farmhouses, schoolhouses, etc., and cannot be consolidated or organized as congregations for want of a religious home, or centre round which to rally, and as the necessary consequence, either abandon church-going habits altogether, or drift into the ranks of other communions. We need *six* new parsonages urgently. A new church or parsonage can be built for \$750. Other funds needing assistance are that for the widows and orphans of deceased clergy, and for the maintenance of the "Evangeline," the small steamer which takes the Bishop to and fro along the lake shore, and among the islands, enabling him to make his church appointments for confirmations, consecrations, etc., and to keep them punctually. Our Indian Homes have upwards of ninety children under one roof at present, the Wawanosh Home having been closed temporarily for economy's sake, and until we have funds sufficient to erect a new building for the girls somewhat nearer the Shingwauk than the original structure. (e). The supply of clergy is far from adequate, and indeed smaller than some years ago. There are only twenty-one at present, where there ought to be at least twenty-seven or eight. Missions without clergy are occupied by Catechists, who combine actual missionary work with preparation for the examinations preceding ordination to the Diaconate. Of these there are eight. The causes operating against an influx of clergy are mainly: (1). The scantiness of the stipends paid. (2). The lack of any provision for the period of age and infirmity. (3). The absence of any openings for promotion, and, (4). the few and far between chances in the other dioceses.

E. ALGOMA.

DIocese OF FREDERICTON.

GENERAL DESCRIPTION.—This Diocese was founded in 1845, before which time it formed part of the Diocese of Nova Scotia. It comprises the whole of the civil Province of New Brunswick, and is bounded on the north by the Province of Quebec, and on the east by the Gulf of St. Lawrence, on the south by the Bay of Fundy, and on the west by the State of Maine (U.S.). A narrow isthmus, about 15 miles across, in its narrowest part, joins it on the south-east to the Province of Nova Scotia. The area is

27,174 square miles, and the population 321,223.

CHURCH WORK.—In the religious census of 1881, over 43,000 persons registered themselves as members of the Church; there are 6,790 communicants, and 688 persons were confirmed. There are seventy-nine Clergy engaged in parochial and mission work; four have retired from active work, and two occupy official posts, one as Chaplain to the Penitentiary and one as Warden of an Orphanage. There are 153 consecrated churches, and 98 mission stations.

FINANCE.—The amount raised for Church generally is about \$61,000, not including what is raised for church building and repair, and ordinary expenses. The laity contributes over \$15,000 towards the salaries of the Clergy, and the Diocesan Church Society \$16,650, in addition to which there are 19 self-supporting parishes. There is an invested sum of nearly \$113,500, consisting of various gifts and legacies; and annual subscriptions and collections produce about \$7,000 for the Diocesan Church Society. There is a capital of \$18,000 for the Widows' and Orphans' Fund, and of \$2,500 for the education of the children of the Clergy. An effort is being made to form an endowment for Divinity Scholarships, and for this purpose two funds have been started, one to increase the endowment provided by the Church Society, and another called the Medley Scholarship Fund, as a memorial to the Bishop. The superannuation fund has been largely increased lately, and now amounts to over \$19,000.

EDUCATION.—A Society was incorporated by Royal Charter, 1819, for maintaining elementary Church Schools on the "Madras system," introduced by Dr. Bell. Its funds are not large though they have been somewhat increased by legacies and donations; but there are three good schools in connection with the corporation, and one or two more maintain a precarious existence. This is the only attempt at Church day schools. There are 125 Sunday-schools, with about 5,587 children on the registers. The Missionaries have to travel such great distances on Sundays, and the Church people are so scattered, that Sunday schools are a great difficulty in the country districts.

NEEDS.—There is need of a Church school for girls; if such a school were founded it would meet a great want, and eventually would succeed. There is also a pressing need of one or two travelling Missionaries to visit outlying districts.

DIOCESE OF HURON.

GENERAL DESCRIPTION.—The counties now comprising this Diocese constituted originally the extreme western portion of the Diocese of Toronto. In 1857 they were separated from the parent See, and erected into a new Diocese, bearing the present title. The Diocese territorially contains thirteen counties, covering an area of 12,000 square miles, having to the North the waters of Lake Huron; to the South those of Lake Erie; to the West, the River and Lake of St. Clair, and to the East the Diocese of Niagara. The population is estimated at over 800,000. The lands comprising this area are, as a general rule, extremely rich in cereals, vegetables and fruits of every kind pertaining to a temperate climate; the result of which fertility is, that not only is there enough for all local wants, but that every year a large amount both of grain and fruit is free for exportation. Agriculture, stock raising and the culture of fruit abound everywhere, and though many are now seeking the still more extensive fields of the West, yet it still remains true that agriculture constitutes the general industry of the district. The cities and towns in the Diocese are numerous, though none of them are large; London, in which is the Cathedral and the residence of the Bishop, has a population of 32,000, St. Thomas, 10,000, Windsor, 10,000, etc. That more enterprise and capital are needed for the development of the country is everywhere manifest, but these, we doubt not, will come in time; suffice it to say that God has dowered the land with so many blessings that it is exceptionally favorable for all those who seek homes where patient industry and care may expect a reasonable return.

CHURCH WORK.—Clergy in active service, 137. Total number on the roll, 148. Number of church edifices, 246; value of

same, \$821,465. Seating accommodation, 58,824. Number of Parsonages, 77. Church population, 57,525. Communicants, 13,713. Sunday Schools in the Diocese, 211. Pupils, 17,906. Total number of those engaged in Sunday School work—Officers, Teachers and Pupils, 20,348.

INSTITUTIONS.—The following Educational Institutions are under Church auspices, and are all situated in the city of London: Huron Theological College, incorporated 1863; Huron College School, opened October, 1893; and Hellmuth Ladies' College, a strong and vigorous academy.

The following Collegiate Institutes are under Church auspices: Huron Theological College, established in 1864, and Hellmuth Ladies' College, a strong and vigorous academy. Both these Colleges are situated in London.

FINANCE.—Total capital of the Diocese, including Trust Funds, April 30th, 1892, \$716,570.10. Total amount of Free-will Offerings for the year ending April 30th, 1892, \$21,019.23. Voluntary contributions for religious objects, including Stipends, Parochial, Diocesan and Missionary work, \$174,795.71.

The amount raised by the Sunday Schools for the year ending April 30, 1891, was as follows: For carrying on the work in our midst, \$5,980.60. For Parochial purposes, \$798.33. For purposes outside of the Parish, including Missions, \$1,635.20. Total, \$8,414.13.

PRESSING NEEDS.—Earnest, strong, and devoted men to reap the fields that are white already to harvest. The people are able to supply all the ordinary wants of the Diocese.

DIOCESE OF MONTREAL.

GENERAL DESCRIPTION.—This Diocese was divided from that of Quebec in 1850, by Royal Letters Patent. The Diocese is bounded on the south and west by the United States and the Province of Ontario, and on the east by the eastern boundaries of the counties of Berthier, Richelieu, Bagot, Shefford and Brome. Population 739,248, according to the census of 1891.

CHURCH WORK.—The proportion of the Church of England to the entire population is less than seven per cent. The number of Church members is about 49,200, of communicants about 10,200. There are eighty-seven parishes and missions, with 134 churches, and eighty other stations where services are occasionally held. The Clergy number 106, the Lay Readers thirty-one, and students of the Dio. Theol. College work in vacant missions during the summer.

NEEDS.—Owing to the Church population being scattered, and generally not well off, there is great difficulty in keeping up a supply of religious ordinances. It is chiefly from the Dio. Theol. College, Montreal, that supplies of clergymen are obtained to fill parishes as they become vacant, and to work in new missions and parishes. The College is in admirable working order, and the students are coming forward for ordination as quickly as is consistent with thorough training. There is an increasing demand for services in French, and there is ample employment for the talents of men who can officiate in both languages. The Theol. College pays attention to this requirement, as does also the Sabrevois College.

DIOCESE OF NIAGARA.

GENERAL DESCRIPTION.—The See was founded in 1875, and is the smallest of the Canadian Dioceses in point of area, although in the number of Clergy it exceeds several. It comprises six counties. The people are industrious, but very few are wealthy.

DIOCESE OF TORONTO.

GENERAL DESCRIPTION.—The See was founded in 1839. By successive subdivisions the original area now comprises five Dioceses. It is bounded on the north by the Georgian Bay and Muskoka Territory; and on the south by Lake Ontario; on the east by the Diocese of Ontario; and on the west by the Dioceses of Niagara and Huron. Its area is 9,261 square miles, with a population of 549,644 (the city of Toronto having a population of 200,000).

EDUCATION.—Trinity College School, for Boys, has 150 pupils; and Bishop Strachan's School, for Girls, about eighty. There are two additional Church Schools—Toronto Church School for Boys, and Bishop Bethune's School for Girls, at Oshawa. There are 179 Sunday schools, with 2,315 teachers and officers, and 19,936 scholars. There are two training colleges—the University of Trinity, with a Divinity Faculty and a Royal Charter. The original endowment was about £40,000, and a supplemental fund is now being raised, towards which about £12,000 has been contributed in Canada, and £9,000 in England. There are two Divinity chairs and two of classics; one of mathematics, and one of moral science; lectureships in Divinity, natural science, etc., and fellowships are being founded. Wycliffe College is supported by private subscriptions.

FINANCE.—The voluntary contributions were, For Clergy stipends, \$72,599.12; for Parochial objects, \$106,131.53; for extra Parochial, \$34,532.98.

DOMESTIC AND FOREIGN MISSIONS.—There is every reason to rejoice in the hearty and liberal spirit in which the Diocese of Toronto has responded to the call made upon the Church on behalf of outside Mission work, far outstripping in its ready

forwardness all other Dioceses in the Dominion. The total contributions for the year have been : For Domestic Missions, \$12,066.89, an increase of \$3,521.84 over last year ; and for Foreign Missions, \$5,313.44, an increase of \$1,745.32.

Forty-six Missions have received aid from the Board during the past year, the sum of \$9,809.78 having been disbursed on this account.

The Board have observed the greatest care in the administration of the fund, that every dollar entrusted to them for distribution should be laid out in such a way as to advance as far as possible the work of the Church. A committee has been appointed to fully revise all the grants made to the several Missions, and to report what changes are desirable in the amounts received by each, and whether there is any which can be made self-supporting.

Now that our Church in Canada has fairly embarked on Foreign Mission work of her own, it is to be expected that the spirit of missionary enterprise will rapidly grow, and that she will take her honorable place among the Christian Churches which have been foremost in carrying the Standard of the Cross into the dark lands that are under the power of the evil one. We have reason, too, to hope that she will experience the reflex blessing of expanded and outgoing love for the ignorant and lost, in a quickening of her own spiritual life.

The Woman's Auxiliary of the Board of Domestic and Foreign Missions have prosecuted their work during the year with undiminished energy, and extended their membership and influence with rapidly accelerated strides. The success which has attended their efforts to evoke missionary enthusiasm and elicit gifts and work for the cause must be a great encouragement to the self-devoting ladies who manage the business of the Auxiliary with such conspicuous ability.

They will speak for themselves in the report which they will disseminate. I will only here record my grateful acknowledgment of the desire they have expressed and manifested to give their services in aid of our own Diocesan needs, and announce the generous resolution they have passed, to contribute at least \$1,000 a year direct to the Mission Fund.

A great deal of missionary work is being done which does not appear on our printed returns, chiefly through the agency of lay helpers and the members of St. Andrew's Brotherhood. Comparatively few missions are vacant, and in them the services are, for the most part, maintained, and with great efficiency, by Divinity students of Trinity University and Wycliffe College.

On the general condition of the Church in the Diocese, I may say that although I have to report for the first time, a retrogression as regards figures, I have been greatly cheered

CHURCH OF ENGLAND IN CANADA.

in my visits to ninety-three different congregations in the course of the year, to observe a marked increase in Church life and feeling. For the most part the Confirmation services have been not only crowded, but characterized by manifest earnestness, reverence and a deep attention. Many of our Clergy are evidently doing a great spiritual work. I could name several parishes where the conditions of things is as life from the dead. Another hopeful sign, for which I thank God, is the general tendency to relinquish the party differences which have been the cause of so much unhappiness and weakness in the past, and to return to a loyal and united co-operation for the advancement of the cause of Christ and His Church.

It rests very much with our Clergy by their laying aside of small prejudices, and the cultivation of brotherly agreement on the broad essentials of Christian truth and the basis of the Church's great work in combatting sin, unbelief and worldliness, to foster the spirit of confidence and unanimity among the Laity.

PROVINCE OF RUPERT'S LAND.

Comprises the Diocese of Rupert's Land, Moosonee, Saskatchewan, Athabasca, McKenzie River, Qu'Appelle, Calgary and Selkirk. *Primate*: The Archbishop of Rupert's Land. *Metropolitan*: The most Rev. the Lord Archbishop of Rupert's Land. *Secretary of Upper House*.—T. Canon O'Meara, M.A., St. John's College, Winnipeg. *Secretaries of Lower House*—Rev. Canon Mathe-son, Winnipeg, A. F. Eden, Esq., Winnipeg.

Metropolitan.—The Most Reverend ROBERT MACHRAY, D.D., LL.D., D.C.L., Primate of all Canada.

DIOCESE OF RUPERT'S LAND.

GENERAL DESCRIPTION.—The Diocese extends from the boundary of the United States, about 350 miles north, and is nearly 600 miles in breadth. The population probably 170,000. Manitoba and a portion of Ontario is included in it. Area 200,000 square miles.

CHURCH WORK.—The Church members form nearly one-fourth of the population, except in districts which are almost entirely settled by French Roman Catholics or German Mennonites. There are 80 licensed clergy.

There are about 80 churches, chiefly built of wood, and services are more or less regularly held in about 100 other places. There are about 60 licensed readers, of whom 20 are paid. 1,356 persons were confirmed last year.

The Church has one of the Colleges in the University of Manitoba, St. John's College. It has a Theological Faculty and tutors and lecturers for students in arts in the University.

NEEDS.—The Church has many needs. It needs money for supporting missionaries. It even still more needs effective men. But the want that for the present as regards *additional and special* outside help exceeds every other, is for the means of placing St. John's College in a stable and independent position. College and school buildings and residences for professors and masters have been erected on the grounds. There is a debt of \$45,000 and \$12,500 on the Ladies' College, that in the present critical state of education threaten to affect seriously the usefulness of our Church institutions. Any donations in aid of them would strengthen the Church and the cause of religious education. The increasing population calls for the sub-division of existing missions and the establishment of new missions to bring the Church's ministrations within reach of the settlers, so that the financial needs of this diocese are more pressing than ever. Grants have been voted to over forty missions, involving an expenditure of \$16,600. Several missions are vacant. To maintain existing missions in full efficiency, and supply vacant districts with resident missionaries, at least \$4,000 is needed

DIOCESE OF ATHABASCA.

The Diocese of Athabasca is the southern portion of the original Diocese. The division was effected by resolution of the Provincial Synod of Rupert's Land, which met in 1883. It retains the title as it contains the Hudson Bay Company's fur-trading district of Athabasca as also the Provincial district of that name, the latter being marked out by the Dominion Government as a future Province.

The Diocese has an area of over 200,000 square miles, lying between Parallels 55 and 60 N. Lat. and 100 to 120 W. Long. It offers an important field for missionary labour. Scattered over its wide area there are Indians of the Beaver, Cree, Chipewyan and Slave tribes.

The condition of these Indians at the present time calls strongly for Christian interest, prayer and effort. The Beavers are the aborigines of the central and western portions of the Diocese, the Chipewyans of the eastern, the Slave Indians of the northern and north-easterly. The Wood Crees are gradually filling up the country vacated through the decrease in the Beavers. These are diminishing possibly because of too close intermarriage, want of cleanliness and too frequent scarcity of food.

The Peace and Athabasca rivers are the two main arteries for travel and communication. Both are noble streams, and may figure prominently in the not remote development of a valuable and important portion of the Dominion.

The mission at present established is St. Paul's Mission, Chipewyan. This is an important point, being the headquarters of the H. B. Co.'s northern fur trade and on the main channel of communication with the yet further north. The Chipewyans and Crees trade at this post and hunt through the surrounding country. St. Paul's Church is a wooden structure with tower and spire. The building consists of nave and chancel. Though rather rough in outward appearance it is tastefully fitted up and furnished internally. The mission house and school are log buildings.

The elevation of Archdeacon Reeve to the Bishopric of MacKenzie River, deprives this mission of his long and varied experience. For the present he has kindly consented to retain the Archdeaconry.

The Rev. J. R. Lucas in charge of this Mission was ordained deacon in Nov. of 1892, and priest in May of 1893. Mr. A. J. Warwick, has been transferred to the charge of the Irene Training School, Vermilion.

Nearly 300 miles west of Chipewyan is St. Luke's Mission, on the Peace River. It is in charge of the Rev. M. Scott, a student of St. John's College, Winnipeg, ordained deacon by the Bishop of Rupert's Land, at St. John's Cathedral, May, 1886, and priest at St. Luke's April, 1887.

The church, a log building consisting of chancel and nave with bell-turret, was erected by the Rev. A. C. Garrioch, during 1883-5.

The Irene Training School for Indian and half-breed children, is here, Principal Mr. A. J. Warwick. Beaver and Cree Indians trade at this post and hunt over a wide area, also Slave Indians from Hay River, a river considerably to the north of this and emptying into Great Slave Lake.

About 280 miles south and west is Christ's Church Mission, Smoky River, in charge of the Rev. J. G. Brick, ordained deacon by the Bishop of Athabasca, Dr. Bompas at Dunvegan, October, 1882, and priest by the present Bishop, August, 1886. In connection with this mission a farm was commenced in 1889.

The Dominion Government made a grant of \$2,000 toward establishing the farm and toward the erection of a flour mill. The liberal response to Rev. J. G. Brick's appeal in Canada has enabled him to make a substantial commencement. Beside the mission house, the large room of which is for the present used for service on Sunday, the necessary farm buildings have been erected, and a temporary school-room fitted up.

The samples of wheat, barley, and oats sent from time to time to Manitoba and Eastern Canada are a striking evidence of the grain-producing qualities of this part of the Dominion, and tend to promote emigration.

The Indians and half-breeds evince a desire for the instruction of their children. They are also ready to avail themselves of instruction

and any assistance Mr. Brick can render them in farming for themselves.

Some sixty miles west of this point is St. Saviour's Mission, Dunvegan. I regret that, on account of ill-health, the diocese is losing the nearly eighteen years' service of the Rev. A. C. Garrioch. After two years at Chipewyan, he was appointed to the charge of St. Luke's Mission from 1876 to 1885. He was then transferred to Dunvegan, where he has laboured with much acceptance among the Beavers. His knowledge both of Beaver and Cree will make it difficult to fill his place. This mission is not yet filled by a resident missionary.

At Lesser Slave Lake, some ninety miles south of the Peace River, is St. Peter's Mission. The Rev. G. Holmes is in charge. Put in charge of this mission in October, 1885, he was ordained deacon in June, 1887, and priest in July, 1888. He is labouring among a mixed population of Cree Indians and half-breeds. The church, erected in 1890, consists of nave and chancel with bell turret. There is a good mission house and school.

St. Andrew's Mission, White Fish Lake, is in charge of the Rev. Hy. Robinson, assistant to Rev. G. Holmes, from June, 1888. He was ordained deacon September, 1891. He labours among Cree Indians. The buildings occupied at present, I trust, will ere long be replaced by a better structure, for which Mr. Robinson is gathering material.

A Clergy Endowment Fund was commenced in 1886. In response to an application the S. P. C. K. Society of England have kindly set apart £500 to meet £3,500 from other sources. Toward this there has been raised £700, entitling us to the first £100 of the grant. It is hoped that partly through diocesan collections and subscriptions and partly, I may say mainly, by help from friends in Canada and England, to raise the £3,500, and thus securing an endowment of £4,000.

The missions, with the exception of Christ Church Mission, Smoky River (for which we look to Canada for maintenance), are mainly supported by the Church Missionary Society of England; but like other western, and in their beginnings missionary, dioceses, we must expect before many years the gradual withdrawal of their assistance. This renders an early formation of such a fund of vital importance.

There is good ground for believing that the growing missionary spirit of our Church in Canada will not be slow to embrace within her interest, and to hold out a generous helping hand to this "Ultima Thule" of her missionary labours. The Indians have a strong claim on her ministry, as also those who in the near future will be seeking new homes in the fertile belt of the North-West.

Comprises the Provincial District of Athabasca and adjacent parts of the North-West Territories lying between parallels N. latitude 56-60 and from 128 to 100, W. longitude. Population, 6,000. Square miles 200,000. *First Bishop*.—The Rt. Rev. William Carpener Bompos. *Consecrated*, 1874. See divided in 1884, and Bishop Bompas elected to take Mackenzie River.

Present Bishop.—The Rt. Rev. Richard Young, D.D. (1884.) Landing, Athabasca, North-West Territory.

DIOCESE OF CALGARY.

GENERAL DESCRIPTION.—The Diocese embraces the greater part of the district of Alberta in the North-West Territories of Canada. Its area is about 100,000 square miles.

At the time of the consecration of the present Bishop, the Provincial Synod, at his instance, decided to constitute Alberta, which, up to that time, had been included in the Diocese of Saskatchewan, a separate See, giving it, in accordance with ancient usage, the name of the cathedral town, Calgary. The Synod also decided that the Bishop of Saskatchewan should be Bishop of Calgary until an endowment should be raised or other adequate provision should be made for the Bishop of Calgary, when it would be his duty to resign either Calgary or Saskatchewan as he saw fit. Towards the endowment of the See, about \$25,000 has been secured; but \$50,000 is the minimum sum for such an object; and \$100,000 would not be much, as there is no house for the Bishop and rent is high. The congregations at Calgary, Lethbridge and Edmonton are self-supporting, and others are moving as fast as possible in the same direction, settlements are forming rapidly, and there can be no doubt that our resources will be taxed to their uttermost to keep pace with increasing requirements.

INDIAN WORK.—There are four Indian Missions of the Church in the diocese, viz.: St. John's Mission, among the Blackfoot; St. Paul's, among the Bloods; St. Peter's, among the Piegans; and St. Barnabas, among the Sarcee. The Indians on these four reserves aggregate nearly 4,500. The work of Christian education is going forward rapidly, and the prospect of winning all to Christ is now brighter than it has ever been.

PRESSING NEEDS.—1. The completion of the Bishopric Endowment Fund, or the necessary provision for the Bishop's support. 2. Increased assistance for the Stipends of Clergymen, the number of whom should be increased every year; and for the erection of inexpensive churches, parsonages, etc. 3. Funds for the erection of suitable buildings for a Diocesan Girls' High School, an institution greatly needed in the North-west.

DIOCESE OF SASKATCHEWAN.

GENERAL DESCRIPTION.—The Diocese of Saskatchewan was formed out of Rupert's Land, in 1872. It embraces the district of Saskatchewan, together with a large extent of territory lying to the north. Its area is about 200,000 square miles. It has a large Indian population, the great majority of whom are members of the Church. Settlements exist at several places, *e.g.*, Prince Albert, Duck Lake, Saskatoon, Carrot River, Birch Hills, Stoney Creek, etc. Prince Albert was the headquarters of the first Bishop of Saskatchewan, Dr. John McLean.

Emmanuel College, founded by him in 1879, and of which, at the time of his death, he was Warden and Professor of Divinity, is situated at Prince Albert. It is now doing an excellent work, especially in the training of natives to be Catechist teachers, and so on, under its present Warden, Archdeacon J. A. McKay, D.D., who is ably assisted in the work of training pupils by Mr. W. H. Hogbin, lately from England.

NEEDS.—1. Increased assistance for the Stipends of Clergymen, the number of whom ought to be increased every year ; and for the erection of inexpensive churches, parsonages, etc. 2. The completion of the Clergy Endowment Fund, begun in Bishop McLean's lifetime. 3. The formation of a General Endowment Fund, for carrying on and widening the influence of Emmanuel College. 4. Funds for the support of Indian Missions to supply the place of the reducing grants of C.M.S.

DIOCESE OF MACKENZIE RIVER.

GENERAL DESCRIPTION.—The Diocese of Mackenzie River was separated from the Diocese of Rupert's Land in 1865, and from Athabasca in 1874, and divided in 1891, the portion west of the Rockies forming the new Diocese of Selkirk, but it still remains one of the largest of the Colonial Dioceses. Comprises the north-western section of British America, bounded by the Diocese of Moosonee and Athabasca on the east and south, and by the Rocky Mountains and the Arctic Ocean on the west and north; extending from Parallels of North Latitude 60 to 70

degrees, and from West Longitude 100 degrees to the Rocky Mountains. Population, 5,000. Square miles, 600,000. The Indians in Mackenzie River are few in number, and are scattered over a vast country. In spring and fall they bring their furs to the Hudson's Bay forts. At such times the missionaries find opportunities of teaching, baptising, administering the Lord's Supper, and keeping up their knowledge of the people and their condition. After these gatherings the people disperse to the four winds, and some are not seen again for months.

CHURCH WORK.—Twenty years ago there were only three missionaries and two stations; one at Fort Simpson, the other at Fort Youcon. Athabasca and Mackenzie River formed part of Rupert's Land. Now both have a bishop, clergy, churches and schools, and the latter diocese has again been sub-divided by the promotion of the new Diocese of Selkirk, west of the Rocky Mountains. The difficulties of the work may be summed up as follows:

(1) *Language.* Each tribe speaks a different dialect, which must be reduced to writing before books can be printed.

(2) *The immense size of the country* to be traversed. Whether in summer by boat, or in winter by dog-sleighs, or on snowshoes, progress is very slow. Lately steamers have been placed on the Mackenzie and Lake Athabaska by the H.B.C., which will do something to mitigate this evil.

(3) *Scarcity of food.* It often makes it impossible to go to visit the Indians in the woods, or to stay with them even where

they can be reached. For the same reason, it is hard for the Indians to stay long at H.B.C. post, where the missions are. The struggle for daily food soon drives them to the hunting grounds.

(4) *The migratory habit of the people.* They cannot go in large bands, or live together in any one spot, and in any case must move camp every two or three days.

(5) *Lastly*, there is the scarcity of labourers. Here, as elsewhere in the mission field, our stations are undermanned. Too often our substitutes in those distant fields have to labour alone amid privations for months at a time.

NEEDED.—The needs of the missions are: First, more sympathy and practical help, which true sympathy will always prompt; second, prayer, frequent, fervent, and persevering for the workers and the people; third, more workers. The special objects now in view are: (1) To open up fresh work where for years past the Indians have been begging for our help. (2) To provide a missionary for the Esquimaux. (3) To found and carry on a Diocesan school. (4) To establish a mission farm in the southern part of the country, at the one spot where grain can be grown, and thus make some provision against times of scarcity. (5) To add to the fund of \$5,000 now in hand for the support of Tukudh native pastors. (6) A fund for church and other buildings. (7) An Endowment Fund for the Bishopric.

DIOCESAN NOTES.

First Bishop.—The Rt. Rev. William Carpenter Bompas, D. D., Consecrated of Athabaska, 1874. Diocese divided, and Bishop translated to Mackenzie River, 1884. Again divided and translated to Selkirk, 1891.

Present Bishop.—The Rt. Rev. William Day Reeves (1891)
Address—Fort Simpson, Mackenzie River, N. W. T.

Archdeacon of the Yukon.—The Ven. Robert Macdonald, D. D.
Peel River, N. W. T.

DIOCESE OF MOOSONEE.

GENERAL DESCRIPTION.—Moosonee formed part of the original Diocese of Rupert's Land, out of which it was taken in 1872, when the present Bishop was consecrated. The Diocese is the whole of the basin of Hudson's Bay, bounded on the south by the Diocese of Algoma and Ontario, and extends northward as far as human beings exist. The population may be estimated at 10,000, and consists of a small number of whites in the service of the Hudson's Bay Company, half-breeds, Eskimo, Ojibbeways, Crees and Chipewyans. Area 600,000 square miles.

CHURCH WORK.—The Church members are about 4,000, the communicants 800, and there are nine Clergy. There is a fine cathedral at Moose, and churches at eleven other places. The whole of the Crees in the Diocese have been baptized, as well as at least three-fourths of the Ojibbeways, while very great progress has been made with the Eskimo on both sides of the bay, where two experienced Missionaries are located. The Diocese is divided into large districts over which a Clergyman is placed; he has to travel throughout his district once a year; in summer by canoe, and in winter either on snow shoes or dog-sledges. A new station, Martin's Falls, has been lately occupied.

EDUCATION.—There is a school at every mission, at which English is taught, while all Indians are instructed in their own language. Sunday Schools exist at all stations; and at some posts, where there is not a Missionary, the Hudson Bay trader conducts both service and Sunday School. Parts of the Bible, the Prayer Book, Hymn Book, and Pilgrim's Progress, have been translated into the Cree, Eskimo, and books in the Chipewyan.

NEEDS.—1. The enlargement and endowment of the college for native students. 2. The large increase of the fund for the payment of the native Clergy, catechists and schoolmasters. 3. The increase of the building fund, for the erection of churches and mission houses. 4. The increase of the fund for the education of the native Clergy's children, a matter which gives considerable anxiety.

DIOCESE OF QU'APPELLE.

GENERAL DESCRIPTION.—This Diocese was founded in 1884, and contains an area of 96,000 square miles, with a population of about 30,000. It was formed out of the Dioceses of Rupert's Land and Saskatchewan, and is bounded on east by Manitoba (the present Diocese of Rupert's Land), on the north and west by the Diocese of Saskatchewan, and on the south by the United States.

CHURCH WORK.—In June, 1885, there were three Priests and one Deacon; there are now eighteen Clergy and eleven Lay Readers. Of buildings, there were at the same time two school-rooms used as Churches and two parsonages. There are now, in addition to these, twenty-six consecrated churches and four in building. The number of Church people, 6,883. Last year there were eighty-one persons confirmed, and 267 baptized; 1,174 communicants; Sunday school scholars, 416.

DIOCESAN NOTES.

Diocese of Qu'Appelle, Organized 1884. Qu'Appelle was set apart from the Dioceses of Rupert's Land and Saskatchewan in 1882, and is coterminous with the District of Assiniboia. In response to a strong appeal from the Bishops of the North-West Territories to the Church in England on behalf of the thousands of people pouring into the country, while little or no provision had been made for their spiritual welfare, the Rev. and Hon. J. R. Anson, son of the Earl of Lichfield, offered himself for three years' work in this new country. Two years later, however, the Bishop's plans were all changed, for on June 24th, 1884, he was consecrated. The Bishop's staff consisted of sixteen priests, two deacons and eleven lay readers; but the field, like others, is sadly undermanned. The number of baptisms, confirmations, Sunday-school children and communicants steadily increases, but a still larger harvest could be gathered were the ground more adequately tilled. Local resources are being developed as rapidly as circumstances will admit, the contributions for the maintenance of the Clergy being

34 per cent. in advance of any previous maximum, while those for other purposes have almost doubled. Funds are administered with most rigorous economy, the clergy exhibiting a most praiseworthy spirit of self-sacrifice, but much more liberal assistance is needed from Eastern Canada.

First Bishop.—The Rt. Rev. Adelbert J. Robert Anson, M.A., D.C.L. Consecrated, 1884. Retired, 1892.

Present Bishop.—Rt. Rev. William John Burn, B.A., M.A., D.C.L. (1893). Qu'Appelle.

Secretary.—Rev. J. P. Sargent, B.A., Fort Qu'Appelle.

Treasurer.—Mr. Henry Fisher.

Institution.—St. John's College, Qu'Appelle Station; *Principal*, Rev. H. A. Holmes.

Statistics.—Clergy, 18; Lay Readers, 11; Church People, 6,883; Baptisms, 264; Confirmed, 81; Communicants, 1,174; Marriages, 41; Sunday-school scholars, 416.

DIOCESE OF SELKIRK.

ORGANIZED 1891.

Comprises the extreme North-west of British America, or the whole of the North-West Territory of Canada west of the Rocky Mountains. Bounded on the east by the Rocky Mountains separating it from the Diocese of Mackenzie River, on the north by the Arctic Ocean, on the west by Alaska, and on the south by British Columbia (latitude sixty degrees). Population about 5,000; square miles,

200,000.

Evangelizing efforts were begun in this district about thirty years ago, by the Rev. (now Archdeacon) Kirkby, and the natives received the Word with all readiness of mind. The Rev. (now Archdeacon) MacDonal afterward laboured among the same natives for about ten years, and he evangelized also a large part of the natives of Alaska.

He was succeeded by the Rev. V. C. Sim, who fell a martyr to his zeal and devotion in the cause of the Gospel, and his successor, the Rev. J. W. Ellington, has also sacrificed his health in strenuous and untiring efforts for the conversion and instruction of the natives.

At present the Rev. T. H. and Mrs. Canham and the Rev. C. G. Wallis are occupied in zealous and devoted labours to the west of the mountains, and not without good fruit.

Meanwhile the American Church has been roused to put forth efforts for the conversion of the natives on the Yukon River, in Alaska. A Bishop of Alaska has been designated, and a small working staff of Clergy sent out. The Americans

wisely put education in the forefront of their effort, because where the natives are wholly untutored, in order that they may *know* and believe the love that God has to them, instruction must come before faith, and their minds need expansion to grasp spiritual truth.

Contributions are asked towards enlarging the Mission on the British side of the border. These natives are, in some senses, as remote and isolated as any in the British dominions, and, when they are reached, the last link may be forged in the missionary chain that girdles the world.

Donations will be received at the Church Missionary House, Salisbury Square, Fleet Street, London; and by Messrs. Lloyd & Co., bankers, Fleet Street; or by Mrs. Walter Drake, the Bishop's Commissary, 14 Lorne Avenue, Montreal; or by the Bank of British North America, Canada and San Francisco.

Present Bishop.—The Rt. Rev. Wm. Carpenter Bompas, D.D. (1874-1884-1891). Residence, Buxton Mission, Upper Yukon River, care of the Alaska Commercial Co., San Francisco, Cal., U.S.

Statistics.—Clergy, three; Catechists, ten; Mission Stations, four; Churches, one; Mission Houses, three; Schools, three; Scholars, fifty; Communicants, 150; Church Population, 3,000.

INDEPENDENT DIOCESES.

DIOCESE OF COLUMBIA.

GENERAL DESCRIPTION.—This Diocese was founded in 1859; the Diocese of Caledonia was separated from it in 1879, and in the same year the Diocese of New Westminster also was formed out of it. It now comprises Vancouver Island and the adjacent islands, and has an area of 17,000 square miles, being about 350 miles in length by from fifty to 120 in breadth. The population, including all races, is about 46,000.

CHURCH WORK.—In this Diocese is situated Victoria, the capital of British Columbia, three Parishes of which are self-supporting, as is also Nanaimo, the chief seat of coal mining. How encouraging it is to know that where in 1858 one clergyman alone witnessed for Christ, now there are three Bishops and over forty clergymen ambassadors for Him. Clergy, twenty-two; Parishes and Mission Stations, thirty-one; Communicants, 996; Baptisms, 191; Persons Confirmed, seventy-four; amount raised in the Diocese for Church purposes, \$21,531. Two of the Gospels have been translated into the native language.

EDUCATION.—Angela College for Girls is in connection with the Church of England. There are native schools at Alert Bay for girls and boys.

NEEDS.—Aid is needed for the support of thirteen missionary clergy. In consequence of all assistance from the S. P. G. having been withdrawn, a lay committee of leading churchmen reported the necessity of retiring from several important Missions. To avoid so painful a calamity, the Bishop has for the present personally guaranteed the payment of a certain sum to enable the Mission Board to meet the reduced stipends, hoping for generous help of friends in England. Eleven churches are needed.

DIOCESAN NOTES.

The three Dioceses in British Columbia have not been as yet organized into an ecclesiastical Province, although a conference having that object in view was held in Victoria in April, in 1888, when the Bishops and delegates from the two Dioceses of Columbia and New Westminster were present. It was then suggested that the proposed Province bear the name of "Columbia," and that the Diocese of Columbia be forever the Metropolitan See. A committee was appointed to draw up a constitution to be submitted to a future conference.

First Bishop.—The Rt. Rev. George Hills, D.D. Consecrated, 1859. Retired, 1892.

Present Bishop.—Rt. Rev. William Wilcox Perrin, B.A., M.A., D.C.L. (1893).

Clerical Secretary.—Ven. Archdeacon Scriven, M.A., Victoria.

Lay Secretary.—E. Baynes Reed, Esq.

Treasurer.—Sir Joseph W. Trutch, K.M.G.

Auditors.—Messrs. W. C. Ward, R. Harvey.

DIOCESE OF CALEDONIA.

GENERAL DESCRIPTION.—This Diocese was founded in 1879, and comprises the whole of British Columbia north of the Salmon and Nechaco rivers, and Fort George on the Frazer. The country is mountainous and covered with timber. Excellent coal has also been discovered. The climate on the coast is remarkably mild and equable, but moist. There is a large and intelligent Indian population, which, under prudent direction, will be helpful in developing the resources of the country.

CHURCH WORK.—The work in this Diocese is entirely missionary. Three clergymen are provided

by the Society for the Propagation of the Gospel in Foreign Parts, to minister to the white population, and the Church Missionary Society provides eight clergy for the Indians, and also the Bishop's income. There is no endowment. The latter Society also provides a medical missionary, three lady missionaries and seven native catechists.

NEEDS.—Another missionary is much needed for the whites; also funds for endowing the See, for erecting a training school and building several churches.

DIOCESE OF NEW WESTMINSTER.

GENERAL DESCRIPTION.—This Diocese was founded in 1879, and consists of a district lying between the forty-ninth and fifty-fourth parallels of north latitude, and bounded on the east by the Rocky Mountains, and on the west by the Strait of Georgia. The population, including Indians and Chinese, is about 80,000. Area, 160,000 square miles.

The size of the Diocese is so great, and the geographical obstacles—mountains and rapid rivers—so numerous, that missionary work is no easy task. The present staff consists of twenty Clergy and a few Lay Readers.

The Diocese is divided into eleven Parishes, and seven huge Missionary Districts. New Districts have rapidly opened, such as the Kootenay country, which, with Nelson as its centre, is attracting a large mining population.

Besides the white population, there are about 40,000 Indians and Chinese. The latter are almost wholly heathen, but of the Indians 1,400 are Christians, and the percentage of communicants among them—nearly fifty per cent.—speaks well for their sincerity.

The Bishop has begun a Mission among the Chinese, and has secured the services of a native Catechist for the work. The importance of such a Mission can best be realized when it is known that the Chinese coming to this country do not do so with the intention of remaining here. Could these people, then, be Christianized while they are here, they would go back to their own people as so many missionaries.

That the Church people in this Diocese are willing to help themselves financially, is seen from the fact that, counting every man, woman and child, Indian and white, the percentage of their offerings is over \$2 per head! All outside assistance has come from English friends, and from the Society for the Propagation of the Gospel, and the Woman's Auxiliary of Canada.

The work of the Diocese is still almost wholly missionary. There are self-supporting Parishes in the cities of New Westminster and Vancouver, but, outside of these, every Mission needs support, especially in regard to building of churches and parsonages. Moreover, nearly two-thirds of the Diocese are without any ministrations whatever, owing to want of funds to establish Missions. In this spiritually destitute region there are no settlements or communities, and no work can be done otherwise than by itinerant Priests, ministering from house to house. The cost of such work must be defrayed, almost wholly, from outside sources.

The objects for which the Auxiliary is organized are briefly : Prayer for missions ; the spread of missionary information ; the increase of missionary interest ; raising money for missionary objects, and sending clothing, etc., to needy missions.

The members' prayer is to be said daily, and there are monthly subjects (covering each month a Diocese in our own country, and part of the Foreign field) for reading and prayer. The *Monthly Letter Leaflet* is edited and published by the Auxiliary in the Dioceses of Toronto, Niagara, Ontario, Huron, Quebec, and Montreal—each Diocese editing and financially managing its own pages. The *Leaflet* has a circulation of about 6,000 copies per month.

The Winchester Cross in silver (or gold for Life Members) has been adopted as the permanent badge of the Society. It bears the motto of the whole Auxiliary, "The love of Christ constraineth us," and the letters "W.A."

The following missionaries are supported by the Auxiliary: A medical missionary in Japan by all the Dioceses ; Miss Wilson, Miss Busby at the Blood Reserve, by Huron ; Miss Garlick at the Blackfoot Reserve, by Toronto ; Miss Brown at the Piegan Reserve, by Ontario ; A Catechist at Lake Temiscamingue, Algoma, by Toronto ; a Missionary at Lion's Head, by Huron ; Miss Mitcheson in India (partly) by St. Peter's Branch, Toronto. And also several catechists and Bible-women in India, Japan and Africa. Toronto W. A. also pledges \$1,000 annually to the support of the Diocesan Mission Fund.

The central Board will in future meet annually, and a Triennial meeting will also be held at the same time and place as the Provincial Synod. During the three years ending Sept., 1892, the Auxiliary has contributed to missions in money \$44,481, and has sent out 940 bales of clothing, etc.

The Women's Auxiliary is also organized in the Dioceses of Algoma, Rupert's Land, Calgary, and New Westminster, but the lists of Diocesan officers have not been received to date. Good reports of work done in all these Dioceses have been presented. The work of the junior branches throughout all the Auxiliary is most encouraging, and promises well for the missionary interests of the next generation.

DAILY PRAYERS.—1st. For the Board of Domestic and Foreign Missions. 2nd. For increased liberality of the Members of the Church. 3rd. For our Lady Missionaries.

PRAYER.—O, Lord Jesus Christ, who in the days of Thy flesh didst vouchsafe to accept the services of faithful women, we beseech Thee to grant Thy Blessing upon our endeavours to aid and encourage Missionaries. Put into our hearts the things that we should do and say to promote Thy glory, and further the object we have in hand. Grant that we may never be discouraged under difficulties, but go forth in faith and hope,—looking unto Thee. Have pity on those who know Thee not, on those who are far from the Church of their fathers in

a strange land. Visit them with Thy Salvation. Hasten, we pray Thee, Thy Kingdom that all may come to the knowledge of the truth. Hear and answer us, O Lord, our strength and our Redeemer. Amen.

LAY HELP.

DIOCESE OF HURON.

HURON ANGLICAN LAY WORKERS' ASSOCIATION.

The Huron Anglican Lay Workers' Association was established in 1891, under the auspices of the Bishop and Synod of the Diocese. At a conference of Lay Workers, held in London, Ont., April 23rd, 1891, the following resolution was agreed to:

That the Synod be respectfully requested formally to recognize by resolution the Huron Anglican Lay Workers' Association as an important agency for promoting the spiritual and temporal work of the Church in the Diocese, and to sanction the payment, from time to time, of such necessary expenses connected therewith as the Executive Committee may, on the recommendation of the Bishop, approve.

This resolution was formally adopted by the Synod in June, 1891. The Association includes in its membership all laymen acting as Lay Readers or assisting regularly or occasionally in the services of the Church, all laymen acting as Bible Class or Sunday School teachers, lay delegates to Synod, churchwardens, sidesmen and ushers, members of St. Andrew's Brotherhood, Church Guilds, or parochial associations of young men, and, generally, any laymen actively participating in Church work. The Clergy of the Diocese are (*ex officio*) members.

The Executive of the Association consists of a president (the Bishop), a first vice-president (the Dean), a second vice-

president, who is a layman, a chairman of committee, a secretary-treasurer, and a committee of management, thirteen in number, one from each Rural Deanery. The elective officers—that is, all but the Bishop and Dean—hold office for one year, and are appointed at the annual meeting, which is held in the month of October, at such place as the Executive may appoint. The first annual meeting was held in St. Thomas, in 1891; the second, in Stratford, in 1892, and the third, at Woodstock, in 1893. In connection with all these meetings, conventions have assembled of the Church workers and Sunday School teachers of the Diocese. These gatherings are likely to become an important feature in connection with Church work in Huron. They have been largely attended by Clergy and laity, and both men and women workers. The objects to which the attention of the committee of management is more particularly directed are :

To keep a register of members of the Association specifying the particular branch of Church work in which they are severally engaged, and indicating who of the Lay Readers are licensed by the Bishop; to encourage, by correspondence or otherwise, the more general participation of the laity in the spiritual and temporal work of the Church, and the formation of local societies having that end in view; to make a report annually to the Association; to arrange work for the Association at its annual meeting, and to present a concise report of the work of the Association to the Synod.

The officers of the Association for 1893-4 are as follows :

President (*ex officio*).—The Lord Bishop of Huron.

First Vice-President (*ex officio*).—The Very Reverend the Dean.

Second Vice-President.—Charles Jenkins, Petrolia.

Chairman of Committee.—A. H. Dymond, Brantford.

Secretary-Treasurer.—J. M. McWhinney, B.A., London.

The report read at the Annual Meeting, 1893, gave the following statistics: Parishes making returns, 112; Congregations represented, 229; Licensed Lay Readers, fifty-two; Lay Readers not yet licensed, eighty-seven; Total Lay Readership, 139; Male Lay Sunday School Superintendents, 140; Male Bible Class Teachers, ninety-eight; Male Sunday School Teachers, 287; Parishes in which Lay Readers are employed, sixty-eight; Chapters of St. Andrew's Brotherhood, nineteen; hood, Parochial Associations (various) with both men and women members, thirty-nine; Parochial Associations, men only, three; Parishes in which no organization for Church work is reported, forty-seven.

The licensed Lay Readers have increased since the first meeting in 1891 from thirty-eight to fifty-two, and unlicensed Lay Readers from sixty-five to eighty-seven, a total increase in the Lay Readership of thirty-six. There has been little or no increase in Sunday School Superintendents or Bible Class teachers. The Chapters of the Brotherhood of St. Andrew have increased from thirteen in 1891, to nineteen in 1893. The Association numbers altogether about 2,000 members.

BROTHERHOOD OF ST. ANDREW.

1.—ITS HISTORY.—On St. Andrew's Day, 1883, a dozen young men of St. James' Church, Chicago, agreed to pray daily for the spread of Christ's Kingdom among young men, and to try in each week to bring at least one young man within hearing of the gospel of Jesus Christ. Thus had the Brotherhood of St. Andrew its beginning.

In 1884 a neighboring parish took up the work, and in the following year three more parishes had joined the two first named, and five chapters were now in existence. By October, 1886, a number of chapters had been formed, and in that month delegates from twenty of these, scattered across the United States, from New Haven, Conn., to Omaha, Neb., met at Chicago, and adopted a constitution and elected a council. From that time forward the growth of the Order has been steady and at the same time phenomenal. There are now over 1,000 Chapters in the United States, and at the convention of 1893, held in Detroit in September last, over 500 delegates were present, representing thirty-four States and the District of Columbia.

The Brotherhood in Canada was formed in June, 1890, and is therefore now in the fourth year of its existence. The number of Chapters is 142, and these extend from Halifax, Nova Scotia, in the east, to Victoria, British Columbia, in the west. The membership is upward of 1,300. The fourth annual convention was held in Kingston, Ontario, in February, 1893, when three Bishops of the Church in Canada, many of the clergy, and a large number of lay delegates

took part in some or all of the proceedings. At the meeting of the Provincial Synod of the ecclesiastical Province of Canada, held at Montreal, in September, 1802, and again at the First General Synod of the Church in all Canada, assembled at Toronto in September, 1803, resolutions endorsing the Brotherhood and its work were adopted.

Between the organizations in the United States and in Canada there exists the same cordial and brotherly communion as between the Church in the two countries, and seventeen delegates from Canada were present at the Detroit convention above referred to.

2.—THE OBJECT AND BASIS OF UNION AND THE WORK.

(a)—The object and the basis of union.

The sole object of the Brotherhood of St. Andrew in Canada is the spread of Christ's Kingdom among young men, and to this end every man desiring to become a member thereof must pledge himself to obey the rules of the Brotherhood so long as he shall be a member. These rules are two: The Rule of Prayer and the Rule of Service. The Rule of Prayer is to pray daily for the spread of Christ's Kingdom among young men and for God's blessing upon the labors of the Brotherhood. The Rule of Service is to make an earnest effort each week to bring at least one young man within hearing of the Gospel of Jesus Christ, as set forth in the services of the Church and in young men's Bible classes.

Any organization of young men, in any parish or union of the Church of England in Canada, effected under this name, and with the approval of the rector or minister in charge, for this object, and whose members so pledge themselves, is entitled to become a Chapter of the Brotherhood, and, as such, to representation in its Conventions unless such approval be withdrawn.

No man shall be an active member of a Chapter who is not baptized, and no member shall be elected presiding officer or delegate to the Convention who is not also a communicant of the Church of England in Canada.

(b)—The work.—When St. Andrew had been found by the Lord Jesus, "He first findeth his own brother Simon, and saith unto him, we have found the Messiah, which is, being interpreted, the Christ, and he brought him to Jesus." Every member of the Brotherhood of St. Andrew is virtually pledged to work for the Lord Christ among young men, and to do what he may to bring individual young men to Him and to His Church. Each worker shall keep in view the object of the Brotherhood, shall observe the two rules, and shall work under the direction and subject to the control of his clergyman.

3.—**HOW TO ORGANIZE A CHAPTER.**—No chapter can be formed in any parish or mission without the written approval of the rector or minister in charge, nor can it continue to exist if his approval be withdrawn. When two or more men in any parish or mission of the Church of England in Canada wish to organize a chapter they shall signify their desire to the rector, or other minister in charge, and obtain his consent and approval. This having been done they shall be entitled to become a chapter for the object and subject to the basis of union above set forth.

4.—**WORK AMONG BOYS.**—The question of work among boys has for some time occupied the attention of the Council in the United States. Experiments have been tried, and now a plan of work has been formulated which has been published in leaflet form. It is earnestly to be hoped that the work of training young lads for membership in the Brotherhood will engage the attention of the Brotherhood in Canada in an increasing degree.

5.—**THE BADGES.**—The Brotherhood has adopted two badges to be worn by members in token of their membership and obligations, and as means of fraternal recognition. One is a St. Andrew's cross of gold and red enamel, the other a black silk button, with a red St. Andrew's cross woven on its face.

Every Brotherhood man should, when at all possible, wear his button, and wear it where it may easily be seen. Thus may men who meet at hotels, on railway trains, or elsewhere, recognize each other as members of the Brotherhood.

6.—Sample literature and all information as how to form chapters will be sent on application to the General Secretary, Spencer Waugh, 34 Adelaide Street East, Toronto.

THE PROTESTANT EPISCOPAL CHURCH OF THE UNITED STATES OF AMERICA.

THE beginnings of the Church of England in this country reach back into the sixteenth century, although the Protestant Episcopal Church was not formally organized as an independent branch until 1785. Clergymen of the Church of England accompanied the early colonists of North Carolina across the sea, one of whom baptized an Indian chief in 1587, in a colony unsuccessfully begun by Sir Walter Raleigh, and also, about the same time, the first white Christian born in that colony. It is probable that the Rev. Francis Fletcher, who accompanied, as chaplain, the expedition of Sir Francis Drake to the Pacific Coast, held services on California soil as early as 1579. He officiated for six weeks in the neighborhood of Drake's Bay. In 1607, worship according to the Anglican ritual was established in the new colonies at Jamestown, Va., and Kennebec, Me. It was soon discontinued in Maine, but in Virginia it was not interrupted. An Episcopal congregation was gathered in New Hampshire in 1631, and parishes were formed in other parts of New England and the Middle States in the early colonial days, Trinity parish, New York City, being constituted in 1693, and Christ Church parish, in Philadelphia, in 1695. The Church became the established Church in New York, New Jersey, Maryland, Virginia, South Carolina and Georgia. In Virginia, for a considerable period, no other form of worship was tolerated. In Massachusetts, on the other hand, the Anglican service was not allowed until liberty for it was secured by

royal proclamation in 1662. The Episcopal Church received considerable assistance from England, particularly from the Society for the Propagation of the Gospel, organized in 1701, which sent over many missionaries. It is said, that at the beginning of the Revolutionary War, the Society was maintaining about eighty missionaries in the colonies.

At the close of the struggle, resulting in American independence, many of the parishes were without ministerial oversight. In Virginia, where at the outbreak of the war there had been 164 churches and chapels, and ninety-one clergymen, it was found, in 1784, that ninety-five parishes were either extinct or forsaken, and only twenty-eight clergymen remained. At a conference of clergymen and laymen from New York, New Jersey and Pennsylvania, held in New Brunswick, N.J., in May, 1784, steps were taken to form "a continental representation of the Episcopal Church." In October, a convention, representing Delaware and Maryland, in addition to the three States above named, assembled in New York City, and resolved that "there be a general convention of the Episcopal Church;" that the first meeting be held in Philadelphia, in September, 1785; and that clerical and lay deputies be appointed by the Episcopal Churches in the several States, "duly instructed and authorized" to take part in its deliberations. At the convention of 1785, a committee was appointed to draft a constitution, to prepare such alterations in the liturgy as were necessary, and to report a plan for securing the consecration of Bishops. The first Episcopal consecration was that of Bishop Seabury, of Connecticut, which took place in Aberdeen, Scotland, in 1784, the Scottish Bishops officiating. In 1787, Drs. William White and Samuel Provoost were consecrated Bishops, in London, by the Archbishop of Canterbury. The consecration of Bishop Seabury was recognized by the general convention of 1789, and the Church was thus fully organized and fully equipped, with Bishops of the Scottish and English succession, a constitution, a general convention, and a prayer-book. When the convention of 1792 was held, there were about 200 clergymen. The list reported in 1832, contained nearly 600 names; three years later it had swelled to 763, and in 1838, it reached 951. In the next thirty years this number was considerably more than doubled. It now has fifty-two Dioceses and thirteen missionary jurisdictions, besides five missionary jurisdictions in foreign lands. The number of its Bishops is seventy-five.

The number of organizations as given in the following table is 5,019; of church edifices, 5,019, which have an aggregate value of \$81,220,317. Worship is also held in 312 halls, etc., with an aggregate seating capacity of 28,007. There are in all 532,054 communicants. Of these, New York reports the largest number (127,218) among the States.

The average seating capacity of the church edifices is 266, and the average value, \$16,182.

It is desired that the attention of the Editor be called to any names which are improperly retained in the List of Clergy, as, *e.g.*, the names of Clergymen deceased, removed from Canada or deposed.

The publisher would venture to ask very earnestly for the co-operation of the Clergy and Laity in securing a wider circulation of this publication, feeling convinced that by an honest and intelligent study of the facts it records, many will be led to form a more correct estimate of the power and influence the Church of England exerts upon the national life of the Dominion.

Brain-Workers.

Dr. C. H. Goodman, St.
LOUIS, says of

Horsford's Acid Phosphate.

“Have used it for several years, with especially good results in nervous prostration, the result of mental efforts ; also in sleepless conditions of brain-workers.”

It is recommended by physicians of all schools, for restoring brain force or nervous energy, in all cases where the nervous system has been reduced below the normal standard by over-work, as found in lawyers, teachers, students and brain-workers generally.

Every Woman is an Unbeliever.

She can't believe, to begin with, that Pearlline can do so much. She hears that everybody is using it; finally she tries it. It does all she's heard of; it saves all that she's been told.

She can't believe that so much can be done safely. She takes comfort in using it. But

She consults those who have used it for years. She finds that Pearlline has been tested and proved in a hundred ways: that it's harmless to hands or fabric; that it's as safe as good soap. Then

She can't believe

that she ever did without it.

She has less to do, she gets more done—and it's all done better. Her clothes last longer—they're not rubbed to pieces. Her housework is easy; her time is her own. She believes in Pearlline, and tells her friends about it—(that's the most effective kind of advertising).

Beware

Peddlers and some unscrupulous grocers will tell you, "this is as good as" or "the same as Pearlline." IT'S FALSE—Pearline is never peddled, if your grocer sends you an imitation, be honest—send it back 316 JAMES PYLE, N. Y.

Dominion Line Royal Mail Steamships

SAILING BETWEEN

Montreal, Quebec and Liverpool in Summer, calling at Rimouski and Londonderry to embark and land mails and passengers; and Portland, Me., Halifax and Liverpool in Winter.

TRY THE ST. LAWRENCE ROUTE; THE SHORTEST TO EUROPE.

Embark on a Dominion Liner the evening previous to date of sailing, and spend the first day of your trip to the Old World sailing down a river along whose shores is scenery the most picturesque, and abounding in points of historical interest, yet to be increased on arrival at Quebec. Leaving this harbor, the Steamer's course for the next two days brings the tourist through the abrupt and rugged scenery of the Gulf, and the invigorating salt breeze perceptible now prepares him for the Atlantic, which is crossed in the following four or five days.

The Saloons are large, airy, and amidships; Ladies' Rooms and Smoking Rooms have been placed in the most convenient positions; Promenade Decks are very spacious, and every attention is paid to the comfort of passengers; and that the Dominion Line continues to be a favorite with the public, is shown in the many testimonials presented by passengers.

RATES OF PASSAGE.—First Cabin, \$45 to \$80 according to steamer and accommodation, Second Cabin, \$30 and \$35. Steerage at low rates. Liberal Discount allowed Clergymen and their families.

St. Lawrence Hall

MONTREAL.

FEW hotels in the Dominion or on the continent have won such wide-spread popularity as the ST. LAWRENCE HALL. For over thirty-five years the travelling public have found the "Hall" the best and most completely equipped house in all its departments. Every want that human foresight can supply for the comfort and convenience of guests the management has ever provided for, and it is this attention that has given to the "Hall" its fame as the leading hotel of Canada both in the United States, Great Britain and the European continent. For over a quarter of a century the "Hall" has held this proud position, and has held as its guests the most illustrious representatives of royalty and the peerage who have in that period visited the metropolis of the Dominion. The location of the "Hall" on St. James Street, the principal thoroughfare of the city, cannot be surpassed in a sanitary point of view, and is the most centrally situated for all travellers. It is in the midst of the banks, courts and principal public offices, wholesale and retail houses; and in its immediate vicinity are many of the chief historic attractions of the city.

The growth of Montreal in the past few years, and the ever-increasing demand for first-class accommodation, has called for large additions to the "Hall" which have just been completed. These additions have largely added to the comfort and beauty of the house. The massive and elegant exterior—five storeys high, with mansard roof, and a clear frontage of 125 feet on the most fashionable street of the city—at once attracts the attention of the tourist; and a visit inside soon leads to the conclusion that for polite attention and satisfactory management the "Hall" has no superior. The new improvements have increased the accommodation to over 300 well-lighted and airy rooms, furnished tastefully, and with every modern convenience. Passenger elevators are provided; and the corridors, reading rooms, parlors, etc., are furnished and decorated in the most artistic manner.

The "Hall" is now provided with two of the handsomest drawing-rooms in the city. The new room is one of the recent improvements, and is a marvel of beauty and elegance in its decorations, frescoes and furnishings. The whole of the wood work is of red cherry, with Lincrusta Walter panellings in gold; rich mirrors adorn the walls, and massive gas candle chandeliers are suspended from the ceiling. The upholstery is of the richest and most luxurious description—the carpets, chairs, sofas, ottomans, etc., being especially made to suit the adornments of the room. When lit up at night, the room, with all its appointments, cannot be surpassed for beauty and comfort.

The dining-room has been enlarged, making it 100 feet long by 50 feet broad, and capable of seating 400 guests. The room is tastefully decorated by the best Italian artists, and is lighted by electric light. Every attention has been paid to ensure guests the best and most appetizing meal with prompt and diligent waiting.

THE CUISINE.

The "Hall" has heretofore been ever in advance in this department. Having improved facilities, with an accomplished *chef* at the head, the wants and tastes of guests are carefully attended to.

Billiard, hair-dressing, saddle and bath rooms connected with the hotels.

All trains and steamboats are met by the "Hall" busses, and attentive porters are in attendance to look after guests, baggage, etc.

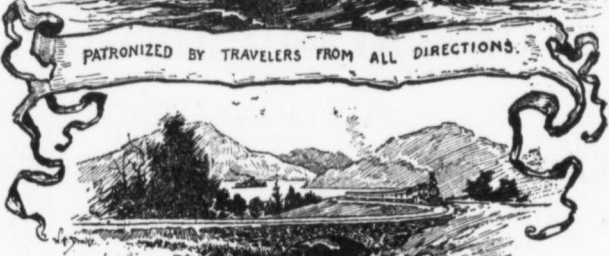

Rates from \$2.50 to \$4 per day, according to location.

Mr. Hogan, the genial proprietor, is still to the fore, and gives his personal supervision to all departments of the house, thus securing for his guests every attention required.

COMMUNION WINE.

The question of being able to procure a suitable wine for Communion purposes has been, in years past, found a serious one, by both Clergymen and Church Wardens. Most of the so-called Port-Wine is adulterated and unfit for use at the Holy Communion; having their attention called to this some

years ago, the well-known Canadian Wine firm, Messrs. J. S. Hamilton & Co., of Brantford and Pelee Island, gave the matter their attention and produced a very choice sweet red wine known as "St. Augustine." To prevent deception they registered this brand at Ottawa, and for the last few years it has been used with satisfaction in a great many parishes in the different Provinces of Canada. Two years ago a Special Committee was appointed by the Diocese of Ontario, to examine samples of wine made in Canada. All the samples being got together and quality and purity compared, the Committee, aided by the Analysts of Inland Revenue at Ottawa, unanimously chose the "St. Augustine," as the most suitable and recommended it for use in all the parishes of the Diocese. Communion wine, "St. Augustine" is now being used for Communion purposes throughout England, Ireland, Scotland and the West Indies. The prices are reasonable at \$4.50 per case of one dozen bottles and can be procured directly from Messrs. J. S. H. & Co.

Ask for our registered brand of Communion Wine "St. Augustine," in cases of one doz. qts., \$4.50. J. S. Hamilton & Co., Brantford, Sole, General and Export Agents.
