

COTTON IS DISCUSSED BY CABINET

Unionists Wish Government to Declare it as a Contraband.

Special Wire to the Courier.

London, July 16.—The parliamentary correspondent of The Daily News says this morning:

The cabinet, it is understood, have before them the question whether cotton should be added to the list of contraband articles, and it may be that in the next few days they will be called to come to a decision. Ministerial opinion is divided on the subject. Some Unionist ministers have such a declaration on the part of the government would have an effect on the direct imports of cotton into Germany, whereas there is a strong case on the Liberal side that no effect could be produced on Germany's cotton supply, while the delicate negotiations between this country and the United States would be prejudiced by such action. It is well to remember, in view of the difference of opinion that prevails in ministerial circles, that to put cotton on the contraband list would be merely a bit of show-window dressing. At present, under the order-in-council of March 11, we examine all ships with cotton cargoes and when suspected we take them into port. The matter is taken up with the consigner and the consigner.

LAST RESERVES ARE NOW BEING CALLED UPON

Germany is Sending Every Available Man to the Firing Line.

Zurich, July 15.—It is becoming more clear that Germany has called up her last reserves and that every available man is being sent to the fighting line. Germans of 45 years of age residing in Switzerland have now been called to the colors. The most typical case is that of a German of 42 years, residing in Basle, who, never having been a soldier, was called on a month ago. A few days ago the family received a letter from the Russian frontier, where the man had been sent after a fortnight's military training.

Hardly anyone is refused by the doctors. A German in Zurich, who had lost four toes on his left foot was declared fit for the service. Such men are utilized to guard the lines of communication, which liberates the more robust men for service at the front. Germany has every available man in uniform and can no longer make good the wastage. Everything now depends on a last effort to burst through the allies' lines, which is being prepared and expected to take place before the end of the month.

THE LANDING OF REINFORCEMENTS IN THE DARDANELLES

AUSTRALIAN TROOPS LEAVING ASHORE FROM THE WAR SHIPS' BOATS ON THE BEACH AT GABA TEPE

The above drawing, prepared especially for this newspaper, the New York Herald and the London Sphere, has been made from an officer's sketch. The landing took place at the dawn of day and the light was breaking over the lower hills to the right of the picture, where the ground, rising rapidly toward the left, culminates at a point 950 feet high. At the moment when the landing was taking place the edge of the high cliffs had already been secured by the first body of Australian troops, so that the landing, which was going on from the big war ships' boats, was taking place with few casualties. At the moment depicted five large boats were near the shore and the troops were rapidly pouring from them and lining up on the beach. Over the whole scene there was a spattering of shrapnel from the Turkish guns, which raised spurts of water upon the surface of the sea.

ENTHUSIASTIC RECEPTION GIVEN NOTE

From Austria to the U. S. by the Berlin Press.

By Special Wire to the Courier.

Berlin, via London, July 16.—The Austrian note to the United States has been unanimously greeted with enthusiasm by the Berlin press, which says it is the action of a true ally.

The opinion of the newspapers is general that the note sweeps away the side issues, such as the submarine war, and the sinking of the Lusitania, and goes straight at the heart of the problem—the huge export of war supplies to the enemies of Austria and Germany.

The United States which sees and has seen in the territories of the Danube monarchy, a profitable field for American enterprise, will, according to the newspapers, realize that Austria-Hungary feels as much as Germany "the injustice of the American munitions shipments," and will remember this attitude, if it is not changed, in her future business relations.

"President Wilson," says the Lokal Anzeiger, "learns from this note and the notes from Berlin that the statelets of the two empires have resolved to assume all further consequences from this standpoint. The accord between the pronouncements will show Washington that the governments of both imperial powers are bitterly in earnest for the good cause, and President Wilson therefore cannot refuse to examine again the entire question in the friendly spirit made evident in Count Von Burian's note."

The Tagliche Rundschau, in a rather abusive article, praises the clearness and frankness of the note, which it says brings the diplomatic dispute back to a discussion of the real grounds of the trouble, namely, Anglo-American relations as affecting the belligerents. It expresses hope of a growing realization in the United States of the justice of Germany's cause.

KEIR HARDIE'S HAND IS IN THIS MATTER OF HUGE COAL STRIKE

His Constituency Includes Part of the Abergare Valley.

London, July 16.—With the exception of two small collieries in the Rhondda district, employing about 800 men, all the coal mines in South Wales, from which come the coal for the navy, were idle to-day, and the miners, despite the action of the government in bringing the industry under the Munitions of War Act, and the entreaties of the responsible labor leaders and their own executive council, decided by a vote of 180 to 113 not to accept the recommendations to continue work day by day until an arrangement could be concluded.

The delegates voting for the strike represented 38,950 men, and those against the strike 41,500. Thus, although opinion is divided, the extremists are in the large majority.

The conference, however, agreed to meet the President of the Board of Trade, Walter Runciman, to-morrow to discuss the situation.

General business on the Cardiff Coal Exchange has ceased, owing to the Government requisition for the Admiralty of all available coal supplies, while shipping and the railways which depend on the mines also had little to do to-day. There is a general impression however, that the strike will not last long, but that the men, after a short holiday, perhaps over the week-end, will return to work.

LABOR LEADERS OPPOSED
All the responsible labor leaders of the country are opposed to the strike, and while it is hard to see how the Government can enforce the penalties of the Munitions Act, it is believed the men will be influenced by the fact that they are opposing an act which was passed for the safety of the country.

The strike has been forced by the men of the Abergare Valley, who are being represented by the Independent Labor Party, which is more extreme than the regular Labor party, and one of the leaders of which is J. Keir Hardie, whose Parliamentary constituency includes the Abergare Valley.

Asked in the House of Commons to-day what steps, if any, had been taken to suppress the organs of the Independent Labor Party, Premier Asquith replied that the question of increasing the power conferred by the Defence of the Realm Act was being considered.

An official announcement made last evening says: "The Minister of Munitions has appointed a general munitions tribunal for Wales and Glamorgan, as follows: Chairman, Robert Wallace, King's Counsel; Assessors, Sir Griffith Thomas, representative of the employers, and Councillor Griffiths, representative of the work people."

THAW GETS CHEERS FROM THE CROWD

Hero-Worship of States' Citizens Goes Pretty Far This Time.

By Special Wire to the Courier.

NEW YORK, JULY 16.—SUPREME COURT JUSTICE HENDRICK UPHOLD TO-DAY THE DECISION OF THE JURY, WHICH DECLARED HARRY K. THAW SANE. THAW WAS THEN GIVEN HIS FREEDOM ON \$50,000 BAIL.

New York, July 16.—Harry K. Thaw, adjudged sane last Wednesday by a jury, was given his freedom to-day by Supreme Court Justice Peter A. Hendrick, who announced that he had adopted the jury's verdict.

The state immediately served notice of appeal, and Justice Hendrick fixed Thaw's bail at \$35,000 to insure his presence at future proceedings. A surety company was prepared to give the bond, and Thaw was taken from the court house to the judge's chambers so that details might be arranged.

A crowd that numbered thousands lined the sidewalks and overflowed into the streets around the court house, cheered Thaw and applauded wildly when he appeared on the court house steps.

In announcing his decision, Justice Hendrick took occasion to comment unfavorably upon the action of alienists who had assisted the state in preparing the case, and then appeared as expert witnesses in court.

"I have reached a decision in this case," Justice Hendrick said, "and it is based on my own mind, fortified by the action of the jury."

Thaw, sitting comfortably in his chair, his counsel on each side, his mother and his sister a few feet behind him, showed his pleasure and anticipated the court's decision with a broad smile.

"I want to say a word about the alienists," Justice Hendrick continued. "We have been told by one alienist that it is impossible to determine the sanity or insanity of a person without taking the word of alienists. This court and jury cannot depend upon the word of an alienist who for years has devoted himself to a case of this kind and assisted in its preparation. That a doctor can help prepare a case and then go on the stand as an expert witness is wrong. I hope the legislature of the state will find some means to correct this. Some other method should be adopted."

"Gentlemen, I have adopted the verdict of the jury. I declare now that it is the decision of this court that Harry K. Thaw is sane."

Edgar Bromberger, of the group of lawyers appearing for the state, gave notice of appeal. At a previous conference of counsel in the case, it had been made clear that should the court decide in Thaw's favor the commitment of Justice Dowling, under which Thaw was sent to Matteawan in 1908, after he had been acquitted, on the grounds of insanity, of the murder of Stanford White, would not be formally vacated, but would simply cease to be observed.

Justice Hendrick decided that the state's notice of appeal automatically acted as a stay. The court fixed the amount of bail at \$35,000.

EXCEEDED HOPES OF GOVERNMENT

British People Took Up Loan Eagerly—Loyalty Expressed.

By Special Wire to the Courier.

London, July 16.—Sir George Paish, who has participated in various conferences at which war loans were considered, said yesterday that the way in which Great Britain took up the four and a half percent loan had even exceeded the hopes of the government.

"It reflects deeply the loyal sentiment among all Britons," said Sir George. "The British workman of large family and slender means has shown that he is anxious to respond to the call of the empire for financial aid. Heretofore there has been a feeling that on the call of the empire, its rich men were to do the buying of the bonds. This time all were asked to join in and the man of medium means has bought the war loan as well as the rich investor. It is all a good sign that the empire is united in the sentiment of a continuance of the war and the providing of sinews with which to carry it on."

Sir George was impressed, he said, with the tendency of the business man to the streets around the court house, cheered Thaw and applauded wildly when he appeared on the court house steps.

"That was the first real ray of sunshine that has come since the war began," he said. "It seems to indicate that the bankers of Germany realize the disastrous consequences that must fall on their country the longer the war continues. Already in human life that country has lost what cannot be replaced for a great many years and, if the war continues for another 12 months, it is evident that the loss of life among the young men of Germany will be so serious that the growth of Germany's population may be entirely checked for a long time to come."

"From Germany's financial point of view, as well as from the standpoint of humanity, the action of the bankers in waiting upon the kaiser and urging the necessity of peace, is a matter for general congratulation."

TWO IMPORTANT LINES OF TRENCHES TAKEN AT THE DARDANELLES

British Naval Brigade Does Brilliant Work—Gain of 400 Yards.

London, July 16.—Gen. Sir Ian Hamilton, in command of the land forces at the Dardanelles, reports that on Monday the British right wing and right centre captured two lines of Turkish trenches to a depth of 200 to 400 yards. In the right section of the enemy his first and second trenches were taken, together with 80 prisoners. That night two counter attacks were repulsed.

As anticipated, progress against the Turks is very slow owing to the nature and strongly fortified positions which they hold. But British military authorities express satisfaction with the gain of an occasional line of trenches, relying on breaking the haughtiness of their supply of ammunition. Germany's eagerness to have Roumania allow the passage of ammunition through that country to Turkey is taken to mean that the supply is running short.

The announcement is as follows: "Gen. Sir Ian Hamilton, commander of the allied forces at the Dardanelles, reports that on the 12th instant the forces under his command attacked at day break with their right and centre. After heavy and confused fighting, lasting all day, the troops engaged including a French corps, succeeded in carrying two strongly held and strongly fortified lines of Turkish trenches opposite to them, the ground covered by the advance varying in depth from 200 to 400 yards.

"The second phase of the operation was then undertaken, and the right section of the enemy's lines was attacked. As in the former phase, the first line of trenches was easily carried, a preliminary bombardment having been very successful. Following up this success our troops took the second line of trenches, capturing some 80 prisoners, and by nightfall the line was consolidated some 400 yards in advance of our original position.

"In this part of the field in the course of the night of July 12-13 two counter-attacks were successfully repulsed. During the hours of darkness, however, it was found that the British right has pressed too far, and the Turks made a successful bomb attack and captured a section of the trenches.

POSITION RETAKEN
"This position being vital to the safety of life a further attack was organized and a brigade of the Royal Naval division, supported by French artillery was sent forward, and with the support of 75's took the trenches. In the meantime the French had pushed their extreme right down to the mouth of the River Keveles Dere, where it runs into the sea. This position was maintained without difficulty.

"During the night of the 13th-14th as on the previous night, the enemy counter-attacked, but without success. "Thus in these successful operations the whole of the original objective of the attack was attained, except on one small portion of about 300 yards, which still remains in the hands of the Turks.

"Four hundred and twenty-two prisoners were captured of whom 200 were taken by the French in the first attack.

CARSON GOES AHEAD WITH CROWN'S CASE

London, July 16.—Sir Edward Carson, the attorney-general, continued on behalf of the crown, his statement, begun last Monday, on the Steamer Alfred Noble, King, Bjornstjerne-Bjornsen and Fridland, which he is endeavoring to have prize court condemned on the ground that their cargoes consisted of absolute and complete contraband from the United States, intended for German consumption.

Part of the day was devoted by Sir Edward to a continuation of his argument on the rubber consignments aboard two of the meat steamers, but he also reached items of meat in the vessels consigned by the Cudaby Packing Company. The meat cargoes will be considered as a whole by the court, although Alfred R. Urion, counsel for the packers, desired the cases tried separately.

Near the close of the proceedings Sir Samuel Thomas Evans, the judge of the prize court, asked if the packers were ready to admit that the consignments were destined for the civil population of Germany so that the case might be simplified, but Sir Edward declared that the affidavits stated the packers had no knowledge of such a destination.

HUN SUB. SUNK

By Special Wire to the Courier.

London, July 16.—The German submarine U-51 has been sunk in the Black Sea, by Russian warships, according to information received from Varna, a Bulgarian port on the Black Sea, by the Athens' correspondent of the Exchange Telegraph Company.

The submarine U-51 gained fame by eluding the British blockade and passing through Straits of Gibraltar from Wilhelmshaven, the great German base to operate against the allied fleet in the Dardanelles and was reported to have been successful in its mission. The U-51 has been credited with sinking several vessels belonging to the Allies, including the British battleship Majestic.

Women's Institute

The Tutela branch of the Women's Institute held their monthly meeting at the home of Mrs. C. R. Brooks on Thursday July 8th.

Mrs. Moyle, Mrs. O. Fawcett and Mrs. Rupert Greenwood gave very interesting papers on Red Cross work and patriotism. An instrumental solo by Mrs. W. Brooks was very much enjoyed, after which it was decided to hold a garden party on the lawn of Mr. John Houlding on Wednesday, July 21st in aid of the Red Cross Work.

A dainty lunch was then served by the hostess and the meeting was closed by all joining in the national anthem.

Golf Notes

About seventeen members of the Brantford Club motored to Simcoe yesterday to play on the sporting links of that very hospitable club. The game resulted in a victory for Simcoe, but many matches were very evenly contested, and were only won by small margins.

After the game, the Brantford men were delightfully entertained by the ladies and gentlemen of the Simcoe club at dinner, followed by an informal dance. Needless to say, the Brantford men returned, most enthusiastic with the day's program.

Citizen writes:

"Some years ago when the Grand Valley were operating the line to Paris and Galt, the city put through an arrangement by which the motormen of their radials dimmed the headlights when the car was in the city limits. That system ought to be followed again. The headlights on the Paris cars are simply terrific, dazzling light too mild a word. Considering how well lighted our city is, such a headlight is quite unnecessary within the limits."

Obituary

MRS. H. HICKMAN

The death occurred yesterday afternoon at the hospital of Alice, beloved wife of Mr. H. Hickman, 95 Ontario Street, Eagle Place. She had only been ill a very short time, and as late as Sunday last appeared to be in good health. She was a native of England and had resided in Brantford during the past seven years. Possessed of a very bright disposition, she had made a large circle of friends who will extend sincere sympathy to the sorrowing husband and two young sons, Harry, employed at Schultz Bros., and Albert at home.

POT POURI, BOY KNIGHTS AFFAIR BIG SUCCESS

The Pot-Pouri at the Boy Knights' armories last evening proved a big success, a large crowd being in attendance and hundreds promenade up and down outside during the evening enjoying the music rendered by the Brant C band under the leadership of Conductor Schofield.

The performance was commenced by a procession from the market headed by the band. In it were bands of Indians, clowns, Darkies, Cowboys, in addition to a gooiy number of Boy Knights and they created a most favorable impression as they marched through the streets.

The grounds were well decorated and brilliantly lit up with many colored lights in every way.

In addition to the line program rendered by the band the following numbers were contributed by the Boy Knights:

Burlesque and chorus, B. K., Japanese Drill, Sailors' chorus, Solos Cecil Workman, Solo Doll Pizzy, recitation, Miss Hill and Lloyd Henrich, all of which were well rendered, special being encored. Aid. Freeborn announced the items on the program and was of great assistance during the evening.

Many thanks are due to the mothers of the girls and boys for their efficient help during the evening. The management of the grounds and the behavior of the large crowd, both inside and outside the grounds were all that could be desired and the leaders in connection with the affair are well satisfied with the successful outcome of their hard work.

Laid at Rest

The funeral of the late Mrs. Emily J. Flanders took place yesterday afternoon from her late residence in Mount Pleasant to St. John's church. Impressive services were conducted at the church and the graveside by Rev. Rural Dean Saunders of Brantford, after which interment was made in the Church of England cemetery. The pall bearers were James C. Biggar, George Marquis, Alf. Woodard, Wm. Guest, John McLaren and W. Rowe.

The funeral of the late George McMillan took place from his late residence, 44 Burford street yesterday morning. A touching and impressive service was conducted by the Rev. A. E. Marshall, of Oxford street Methodist Church. Then the body was borne to the G. T. R. station when it was borne on the 10:29 train to Port Perry in which place interment will take place on Saturday. The pall bearers were: C. H. Elliott, J. H. Dawson, R. L. Lundy, G. E. Grummett, Wm. Wallace and James Wallace.

The floral tributes included the following: Wreaths, from family, from cousin, Oxford St. Methodist church official board; sprays, Miss B. Steel, Mrs. J. Wallace, Mr. and Mrs. W. Wallace, Miss P. Malcolm, Mr. T. Aird, Mr. Tom and E. L. Martin, Mr. and Mrs. A. Goodwin, M. Pursel, Mr. and Mrs. Garland, Eva and Guy Grummett, Ladies' Aid Oxford St. Methodist Church.

Four at Bothwell Critically Ill by Strychnine

Bothwell, July 15.—George Winters, a well known resident of this place, and three of his children, girls aged seven, five and two, are lying in a serious condition from strychnine poisoning, alleged to have been administered by Winters himself. The father's condition is critical, the children have a chance for recovery.

Winters, who is a man of about 55 and conducts a grist mill here, was found in the woods near Bothwell, about 2 o'clock yesterday afternoon. He is believed to have been poisoned immediately after giving the poison to two little girls and baby. The children are the youngest of a family of 10. Mrs. Winters is dead.

All four poisoning victims are under the care of Doctors Graham and Glenn. Winters is also in charge of Chief of Police McRae, and will appear before the magistrate if he recovers. The only explanation suggested as to the cause of the affair is that Winters had been troubled over money matters.

It is related that when Winters saw the poison was taking effect he told the eldest child he was going for the doctor, but stuck out for the woods, where he took out for the two physicians worked over the children for hours. They were in great agony, but will probably recover. People in town searched some hours for Winters. He had apparently been terribly, as the ground where he lay was all torn up.

On recovering somewhat in the afternoon he was removed to Chatham jail.

Winters' first words when he was found were, "How are the children?" He then admitted that he had given the children poison in chocolate candy and ate some himself, but he would not tell the nature of the poison or where he got it. He said he was tired of life and thought himself and the children better dead. Winters has been suffering from severe pains in the head all summer, and it is thought his mind is affected.

Canada and States

There is no doubt that the overwhelming sentiment of the United States is in favor of the Allies. This is demonstrated by the utterances of many of the chief American newspapers. But a Canadian who visits the United States is impressed by the reticence and repression which Canadians and Englishmen who live in the Republic must exercise. He passes in to a very different atmosphere when he crosses the border. The contrast is strange and even depressing. In Canada all thought is of the war, its woe and havoc and sacrifice, and the tremendous consequences to free institutions which depend upon the re-ignition of the war in the streets and in the clubs. Uniforms give color to the services of the churches, women are absorbed in patriotic activities. There is tense and painful interest in the returns of casualties. The war, successes, reverses and chances are the staple of all conversation and discussion. But when a Canadian crosses the border he enters into a new world. The interest in the war is passive. There is more indifference and unconcern than he was led to expect. He feels that the American people are not anxious over the ultimate issue of the tremendous struggle. They are not greatly concerned that "under God" the world "shall have a new birth of freedom and that government of the people, by the people, for the people, shall not perish from the earth." Perhaps it is unreasonable to expect that more intense interest should be manifested, but the contrast with the feeling in Canada is disturbing.

Willison Expresses Views

(By W. A. Willison
London, July 15.)

As Liberalism in Canada scoffed at an emergency and defeated the Naval Bill, so Liberalism here looked for the Brotherhood of Man—slept while Germany armed, British Liberalism, as Canadian, forgot the humanness of humanity. It left the worldly paths of common men and sought in the stars for peace and goodwill for all mankind. The Pacificists of Britain, the extremists of Liberalism, saw the grave, that vision which he told to Gadias:—

I hear a whispering of some new king,
A child that is to sit where I am sitting;
And he shall charm and soothe and breathe and bless,
The roaring of war shall cease upon the air,
Falling of tears and all the voices of sorrow,
And he shall take the terror from the grave,
And he shall still that old sob of the sea,
And heal the unhappy fancies of the wind,
And turn the moon from all that hopeless quest;
Trees without care shall blossom,
and all the fields
Shall without labor unto harvest come.

There is a greatness in the vision, a greatness more than touched with the Divine. But the Millennium is not yet. Extremists and Pacificists forgot the reply of the old Councillor, Gadias:—
The malady is too old and too long rooted.
The earth ailed from the first, war, pestilence,
Madness and death are not as ills that she
Contracted but are in her bones and blood.

They forgot that
Before the beginning of years,
There came to the making of man,
Time with a gift of tears,
Grief with a glass that ran,
Pleasure with pain for leaven,
Summer with flowers that fell,
And madness risen from Hell,
And so Liberalism wandered and was lost in the clouds. It turned to Germany and offered naval holidays—forgetting that Britain's was the place in the sun, that to her belonged the coveted position of world empire.

Ever the menace of Germany grew. She batted frantically on the sea as she trained men frantically on land. Canada, under Sir Robert Borden, saw the peril. We will do whatever you desire, he told the British Admiralty. Britain desired Draconian measures. The Canadian naval bill was introduced. Liberalism under Sir Wilfrid Laurier defeated that measure.

War was declared. Britain asked for guidance from its Government. Liberalism, brought to earth, blundered, bewildered Liberalism, the "friend of the people," distrusted the people. It feared to tell them the truth. It feared criticism. It feared comment. It feared explanation. It blundered over recruiting. It blundered over alien enemies. It failed to organize labor. It refused National registration. It was timid and fearful. But its end came when the truth about high explosive shells was manifested. Its power gave way to coalition.

Under coalition Mr. Lloyd George is organizing industry and does not fear to talk compulsion. Under coalition, alien enemies are being interned or deported. Under coalition, national registration is promised. Under a Liberal Government, the British people stumbled in darkness. Conservatism has brought to coalition, men worthy of the nation. Now, at last, the will of the people finds expression in Parliament. Under coalition, labor for the first time is receiving fair treatment.

I have heard said that the glory of England is that her Government was not prepared for war. What do you think of it, you whose sons have died in Flanders? What do you think of the minds that could not comprehend emergencies—the British minds and the Canadian minds that failed the Empire? In Canada, we know, the declaration of war brought as patriotic response from those of Liberal beliefs as from those of Conservative. There was no party anywhere, Empire and honor were at stake. But there would have been no war in Europe had Britain been prepared. Canada would not have been humiliated in the

Music and Drama

The show at the Brant for the last half of the week is up to the standard of the first half, if not better. Two roaring farces are flashed on the screen, and also a long three reel drama depicting the struggles of a widow and her family against poverty. It was excellently portrayed, and held the breathless attention of the audience throughout. The return engagement of the Bonny sextette was hailed with delight by the audience, which applauded repeatedly the fine musical turns of this number. The Magpies, who call themselves "The human sala-

A Domestic Problem

Notwithstanding the destruction of the Lusitania, there is no expectation that the United States will declare war against Germany. There is keen speculation as to how President Wilson will deal with a difficult situation. There are vagrant attacks upon the President and suggestions that the honor of the American people requires energetic and decisive action. But there is doubt if any protest from Washington would be greatly effective or if the United States could bring much strength to the Allies. The moral power of the Republic is admitted. For the spirit and efficiency of the American people there is respect. It is believed that the American navy is one of the best sea agriculturist is dead.

GERMANY AND HER FORCES.

"Where do they all come from," has been quite a common query in connection with Germany's ability to replenish her troops on all fronts, and to pour them into new territory, for instance on behalf of Turkey and latterly against Italy.

A French military authority in discussing the matter in a recent magazine article pointed out that at the beginning of the war Germany put sixty-one army corps in the field; in October seven more, followed soon afterwards by an additional division of men.

German losses number more than 2,000,000. Probably, however, 400,000 have been cured of their wounds and rejoined their regiment.

Taking 500,000 as representing the number of men wanted for civilian work, and 4,000,000 as the strength of the armies on the two fronts, Germany's 9,000,000 are reduced to 4,500,000, from which must be deducted 1,600,000 definitely out of action.

In the writer's opinion, it must be taken that 800,000 of these are above thirty-nine years of age, and of indifferent military value, while according to German military statistics, the proportion of military units among the men not called up in peace time is about 25 per cent.

This brings the German reserves at present available to 1,800,000, including the 1915, 1916 and 1917 classes.

Bearing in mind the average monthly losses of 260,000 men, the writer concludes that Germany's reserves cannot last more than eight months.

THE SITUATION. There has been a notable advance in the Gallipoli Peninsula, where it is officially reported that the French and British have captured important trenches.

In the eastern theatre the Germans have commenced another big drive in Poland and have occupied Przasnys, an important point some fifty miles north of Warsaw.

In the United States the clamors for reprisals upon Germany have very largely modified. The truth has been borne home to our neighbors that with regard to both arms of the national service—navy and army—they are not in shape to do very much.

NOTES AND COMMENT.

The Kaiserites ought to feel quite at home in moving towards the Bug. Their actions have partaken of that nature for quite a while.

On top of the Kaiserites grabbing his tail feathers, the American eagle now has Austria threatening to fondle him with a club.

Sir Robert is the first man, not a member, to attend a meeting of the British Cabinet. The incident is significant of the times.

The Conservatives of Manitoba have adopted a new leader in the person of Sir James Aikins. He is the type of man which the Prairie Province most needs at this time in all directions.

Austria has sent a warning to Uncle Sam that he must stop sending munitions to the Allies. Most people have an idea that the country just now has all she can attend to on her own account without seeking to dictate to others.

The neighboring city of Berlin has just opened an abattoir. Brantford has in the past been most sadly lacking in this essential, and the defect should be remedied.

"In the Dardanelles, July 12-15—The expeditionary corps of the Orient and the right wing of the British troops attacked the Turkish positions and carried several lines of works.

A first line was occupied along the whole of that front on the morning of July 12, and a second towards the close of day through a magnificent charge of the Zouaves and the Foreign Legion.

signed and if bona fide is not proved, we purchase the suspected cotton cargo. We could not prevent bona fide cotton cargoes going into neutral countries, but we endeavor, so far as we can influence action, to get the bona fide cotton cargoes going to neutral countries consigned to a trust which undertakes that it shall not go to Germany, or get a similar undertaking from firms of proved respectability.

UNIONISTS PRESS HARD "None the less, some Unionist ministers are pressing for cotton to be added to the list of contraband. Although that having been done, we should stop no more cotton traffic, it would look dramatic and to those who have not studied the situation, would appear to be drastic action.

"In reality, it is pointed out in influential circles, it would be far from anything that could be considered an effective war measure. On the contrary, it would be injurious to us in this way:

"We have established a blockade and we are still in negotiations with the United States for the full and free acceptance of that blockade, which is designed to prevent supplies from entering Germany.

"If we in the midst of these negotiations, suddenly declare cotton contraband, it might be construed as an admission that we considered the blockade a failure in respect to cotton.

"We are stopping cotton going to Germany, and to take this step, so prejudicial to our international interests would be felt by the Liberals to serve none except malcontents who clamor for words instead of deeds.

HINDENBURG SCORES COUP

By Special Wire to the Courier. London, July 16.—Field Marshal Hindenberg has again come into the limelight as the result of his brilliant coup to the north of Warsaw, which brings the Germans within the zone which they reached last winter when the Polish capital was saved by a Russian counter attack.

Petrograd appears not to be greatly disturbed over the latest German drive, claiming that much severe frontal fighting must be done before Warsaw can be surrounded by the forces of Field Marshals Von Hindenberg and Von Mackensen.

In southeastern Galicia, the Austro-German armies are making their way across the Dniester River under a heavy Russian artillery fire which has prevented the troops' crossing in several places.

Fighting again is becoming lively in the most distant portion of the Russian front—in the Caucasus—where both the Turks and the Russians claim successes.

The battle in the Argonne, which had proceeded for several days with violent irregularity culminated to-day in the recapture by the French of Hill No. 285, which the troops of Crown Prince Frederick William had captured by storm on July 13.

The men of the Welsh collieries are still out on strike, and there is no indication that an early settlement will be reached.

THE SHORTEST ROAD

London News and Leader—Face to face with a prolonged campaign in the Dardanelles and with the need of a good base, we are compelled to see the necessity of diplomatic strategy in the fighting in France, indicating that the lines are closely gripped in the fiercest struggle which so often has led to a virtual draw along the western front.

"BACCY" FOR SOLDIERS

The Courier Soldiers' Box acknowledges the following contributions for its kindly purpose: 2 (25c packets) of cigarettes; 4 plugs tobacco, 6 packets Old Chum, an amount more is anticipated in the "Day to Come."

RANGE IS OPEN

The Home Guards Rifle Range in the old Workman brick yard has been well patronized throughout the week and it is expected that Saturday will be a big day as many members have announced their intention of being present to try off the new Winchester Rifles.

BE SOMETHING DOING.

The little incident of the Turk v. Armenian fracas in the factory will be followed in the near future by a tree for all in the Victoria Park some night unless the Turk-Canadian (naturalized) element is warned to restrain its jubilation over German successes. ENJOYABLE OUTING.

The members of the Echo Place Tennis Club held a most enjoyable outing at Mohawk Park on Wednesday evening. After a supper, which was quite sufficient for even the hungriest of the boys, a soft-ball game was staged, which would make the Club's of the City League green with envy. Especially the pitching of Miss E. A. Smith, who certainly showed class as a twirler, while Miss Taylor resorted to Cobb on the bases. Kirk was a regular Shaughnessy as an umpire baiter, while Norman Welsh as the Umps, had Rube Deneau faded to a frazzle. For a score-keeper, C. W. Copy of Resolution submitted to and passed by The National Council of The Canadian Credit Men's Association at Winnipeg, 22nd of June, 1915: "That we, the National Council of The Canadian Credit Men's Association in annual convention assembled, believe that it is desirable and in the interests of the trade and commerce of the country, from the standpoint of the manufacturer, the wholesaler and the retailer, that the various branches of trade should seriously consider a general shortening of credit terms."

MIGHT HAVE BEEN SERIOUS

What might have been a serious blaze was extinguished just in time last evening in the Tea Pot Inn, through the presence of mind of Miss Margaret Farmer. Two young men at one of the tables lit cigarettes preparatory to leaving and one threw his match out of window. It was still lighted and touching window curtains set them ablaze. Miss Farmer noticed the blaze and smothered it before it had been allowed to make any headway. Through Miss Farmer's thoughtfulness, considerable damage was saved and the Fire Department were saved from any trouble.

FORD PICNIC

The annual Ford picnic given to owners of Ford cars in this district was held in the picnic grounds at Port Dover yesterday. The outing exceeded all previous events of this kind held by the Ford owners. Despite the fact that clouds looked as if any moment they would open up and let out a downpour of rain, over 400 cars were driven into Port Dover. A good program of sports was run off in the afternoon. A fine moving picture show was held in the town hall. The Villa Nova band was on hand and furnished first class music. Mr. C. J. Mitchell, the local Ford dealer, was on hand and made his business to see that the picnickers were enjoying themselves to their heart's content.

BEEKEEPERS' ASSOCIATION

The annual report of the Ontario Beekeepers' Association for 1914 has been issued. It is packed with useful information regarding the working of the apiary. The "Question Drawer" covers a large variety of topics, the replies being given by practical, expert beekeepers. Among the subjects dealt with at greater length are: foul brood, the advantages or otherwise of specializing in beekeeping, putting up a honey exhibit, growing sweet clover for honey production, and methods of introducing queens. The report of the Secretary on apiary inspection and demonstrations in the Province is most complete, and the discussions upon it, and also upon the other topics, show that the beekeepers of Ontario are live men who are well able to think and speak for themselves.

HAS BEEN FREED

Pte. Albert Hazelwood of the Royal Army Medical Corps who left the city with the first contingent in August, was captured by the Germans some time ago. He has been freed and has returned to England.

WILL ATTEND TO WEEDS.

The Township Pathmaster, having seen the item concerning the weeds on Ava Road in yesterday's edition of the Courier, visited the place this morning and stated that he would attend to the matter. He also stated that the local Municipal Railway Commission should attend to their part of the road.

POLICE COURT

The Police Court was a long one this morning but there were few cases of interest. Alderman Coulbeck again presided. An Indian, John Henhawk, appeared for shooting with intent in a recent scrap on the Reserve but as there were very few witnesses present the case was adjourned until next Wednesday. F. Howie for supplying a billed man was fined \$25.

Dragoons Recruiting Services

All the clergy of the city and county will preach recruiting services both morning and evening. On Sunday morning the Brant Dragoons Overseas Contingent will parade at 10:30 and march to St. Jude's church where Capt. the Rev. H. F. D. Woodcock, M. A., will preach to the soldiers. On Sunday afternoon the Brant Dragoons Overseas Contingent will parade at 2 o'clock and via the Brantford Municipal Railway proceed to Paris where they will be met by the local officers of the regiment and the Paris band and take part in the special service there.

The 25th Brant Dragoons will hold mass meetings for recruiting services on Sunday, July 18th, at the following places: Paris, Central Park, at 3:30 p.m., His Worship Mayor J. M. Patterson will preside. The speakers will be Honorary Lieut. Col. J. H. Fisher, P. P., and Regimental Chaplains, Capt. the Rev. H. F. D. Woodcock, M. A., and Capt. the Rev. J. L. Gilmour, M. A., D. D., and the local clergy. The music will be under the charge of Capt. J. H. Pearce, Mus. Doc.

Burford at 7:30 in the Methodist church. All other churches in Burford will be closed. The speakers will be the local clergy of Burford and the Regimental Chaplains, Capt. the Rev. H. F. D. Woodcock, M. A., and Capt. the Rev. J. L. Gilmour, M. A., D. D. Brantford, Jubilee Terrace (armories) at 8:30 p.m. His Worship Mayor Spence will preside. The principal speakers will be His Honor Judge A. D. Hardy, Colonel Harry Cockshutt and the Regimental Chaplains, Capt. the Rev. H. F. D. Woodcock, M. A., and Capt. the Rev. J. L. Gilmour, M. A., D. D. The music will be furnished by combined choirs under the direction of Mr. W. Norman Andrews.

Two Days Campaign Gives Results

Wallaceburg, July 16.—Wallaceburg ended her first campaign on behalf of the patriotic fund last night, when the captains of the canvassing teams reported to the general headquarters the result of their two days' canvass. The amount aimed at was \$20,000, but when the campaign was ended the total amount raised by this town of 4,500 inhabitants was \$28,000. There was general rejoicing throughout the town when the result was made known by the mayor at a public gathering. Great credit is due these energetic work of the team captains, who, through the 48 hours of the canvass scarcely took time to eat or sleep, as well as to the liberality of the citizens, there being hardly a baker's dozen in the town who refused to do their bit. The response from the workmen was splendid. The employees of the Dominion Glass factory subscribed \$2,500 and those of the Dominion Sugar Company \$4,100. Wallaceburg and Tilbury are the first municipalities to join with the Kent County branch of the patriotic fund. It is expected that campaigns will be held in Dresden, Thamesville and Ridgetown in a short time.

Shooting Largely Attended

The second of the monthly prize shoots of the 38th over the indoor range was held on Monday evening, with a large attendance of competitors. Both the individual and company competitions were keenly contested. "H" Company winning the company cup for the third night in succession, and it is now their property. The result of the individual competition was as follows: Ptes. J. Hiscocks, H. Co., 25; A. Hiscocks, H., 24; J. Pardew, A., 24; Sgt. W. H. Mowat, C., 23; Ptes. J. A. Hill, F., 23. 1st Year Men—Pte A. Howling, Co., 22; Sgt. G. Bennett, H., 22; Lt. Andrews, D., 22; Ptes. E. Baker, H., 20; H. Leitch, H., 20. Prizes will be distributed at the weekly shoot on Monday evening or may be had on application to the secretary.

COMPELS OWNERS TO ATTEND AT STATE ORDERS

By Special Wire to the Courier. London, July 16.—German newspapers reaching here publish details of the government's scheme to control the coal industry in Germany. A proclamation empowers the state authorities to bring the owners of coalfields together by compulsion in associations, which will control the whole production and sale of coal. It is expressly stated that these associations are to be formed without the consent of the coal owners. They are compelled to place their output at the disposal of the association from the moment it begins operations and for the protection of public interests the state is given various controlling rights, particularly with regard to fixing prices. The state will appoint commissioners, who will participate with voting powers, in all the meetings of the coal owners, and may veto their decisions in accordance with the existing laws or new regulations, or simply in the public interests. It is service. All the other applicants were turned down by the medical man. The Duffs are setting a high standard, and every man who passes their medical test must be a perfect specimen, physically. MALTESE ENLIST The short tent service on the market for the Dragoons was held by Rev. Llewellyn Brown of the First Baptist Church, and he gave a very fine address. These services attract quite considerable attention and after they are over several candidates present themselves. Yesterday and this morning four more men were accepted and the total is now 49. Half a dozen more are in the doctor's hands and all of them expected to get through. One of the men recruited yesterday hails from the Isle of Malta in the Mediterranean Sea. The names: JOHN KORKKIAN—13 Sheridan street, 25 years old, single. Maltese. HAROLD LITTLE—221 West Mill street, Canadian, 18 years old; single. WILLIAM FARRINGTON, Oakwood Farm, 39 years old, married; English. ALEX. BROWN—108 Chestnut St., Canadian; 18 years old; single. 2ND DRAGOONS. The "Second to None" in their efforts last night were rewarded by a catch of two men, both hail from England, and are good material. Lieut. Hall states his entire satisfaction and hopes for more like them.

MALTESE HAS ENLISTED FOR ACTIVE SERVICE

One man, Archibald Peebles, of Paris, single, passed the doctor last night and was accepted for overseas service. All the other applicants were turned down by the medical man. The Duffs are setting a high standard, and every man who passes their medical test must be a perfect specimen, physically.

THE NEW FACTORY INSPECTION REGULATIONS

The twenty-seventh annual report of the Factories Inspection Branch of the Ontario Department of Agriculture shows that 10,059 inspections of factories and shops were made during the year in 410 cities, towns and villages. The number of accidents reported are 1270 of which 23 were fatal. Regulations regarding specifications for fire escapes are given, well illustrated, together with a most practical article on how to lessen fire dangers. There are also helpful suggestions regarding ventilation and general sanitation, guarding of machinery, child labor, seats for females in shops, and wearing of girls' hair in mills and factories. Results are also given of the inspection of bake shops, canning factories and evaporators. Special emphasis is placed upon eye protection in certain occupations. In fact "safety first" is urged upon every possible occasion. A most suggestive feature of the report is a series of danger signs in which warnings are given in nearly every foreign language.

SHORT KNIFE FOR TRENCH FIGHTING.

French Are Arming Their Troops With This Substitute for Bayonet. London, July 16.—The Daily Mail's correspondent at British headquarters in France says: "The French are arming their troops with a short knife for use in trench warfare, thus replacing the bayonet, which, when fixed in the rifle, is too long a weapon to be used in man free play in the narrow trenches."

Woodstock, Ont., July 16.—Word reached here this morning that H. J. Davis, a wealthy farmer and stock raiser and one of the most prominent men in the county, was found hanging by the neck in his barn yesterday. He was promptly cut down and medical aid summoned and he was still alive this morning, but little hope is held out for his recovery. It is supposed to have been an attempt at suicide and it is stated that Mr. Davis attempted to end his life previously by taking poison. THE PROBS

Toronto, July 16.—The western low area is now passing northeastward across the great lakes. Heavy rains has again occurred over a large part of the western provinces. The weather is unsettled and warm from Ontario to the Maritime provinces with showers occurring in many districts and a strong fog prevails along the Atlantic coast.

Forecasts Moderate winds, unsettled with local thunderstorms. Saturday—Westerly winds, fine and warm.

Brantford Soldier is Wounded

Another Brantfordite name came over the wires to-day in the official list of the wounded and missing of the Fourth Battalion. The name is that of Pte. George McCoy, of 197 William street. The friends received official confirmation this morning from Ottawa which stated that he had been missing since April 23rd.

Pte. McCoy is only 26 years of age, single and an Englishman. He has served for five years in the Lancaster Territorials, and came to Canada four years ago.

When war was declared last August, he was one of the first to join and left with the First Contingent.

Pte. McCoy comes from an old military family. Most of his male relatives have been, and are, experienced soldiers. John McCoy now living in the city and father of the missing lad, served during the Indian Mutiny and received two medals for his services. He took an active part in the defence of Lucknow. Another of his sons is a drum-major of the 3rd Battalion, Grenadier Guards, and has a service record of 12 1/2 years. He has three medals—an Egyptian medal, and the Khedive's bronze star. He fought in the Sudan in 1885. Sergt. Tyson, a brother-in-law, now in active service, has five medals, while Pte. Charles Millar is another brother-in-law.

Pte. McCoy is the possessor of a Distinguished Service Medal. Pte. Charles McCoy joined the Cameron Highlanders some time ago and he also has seen active service. He recently was invalided home from the thick of the fighting in France.

Besides other military relatives, Pte. George McCoy has an uncle, who is a captain, but who has been retired. The missing lad's friends and relatives in the city are very anxious about him. He is probably a captive some place behind the German lines and most likely safe and sound.

MINER'S FEAR LOSS FROM AGREEMENT

By Special Wire to the Courier.

London, July 16.—Representatives of the South Wales coal miners, who are now on strike, have prepared the following statement of the position assumed by the men who have quit work:

"The miners are no longer working under an agreement, and have lost their minimum rate of wages. The owners have offered them a new agreement for the duration of the war, but the miners know the admiralty will keep on hand ample stocks of coal as long as the war lasts, and they fear that when the war is ended the admiralty will sell the surplus, thus bringing down the market price. The miners' wages vary with the selling price of coal, and the price shows a tendency to fall they may be bereft of the benefit of an agreement. The suggestion has been made that this fear on the part of the miners may be overcome by offering an agreement whose terms would extend to a period of six months after the end of hostilities, with the provision that three months' notice be given by either side if a change is desired. This is one of the proposals which probably will be made to-day to Walter Runciman, president of the Board of Trade."

NOT A PICK MOVING.

London, July 16.—1.22 p.m.—The South Wales miners to-day are showing an unbroken front in conformity with the resolution passed at the meeting of delegates at Cardiff yesterday when it was decided to reject the recommendation of the executive committee that the men return to work. Even the proposals which probably will be made to-day to Walter Runciman, the president of the Board of Trade, and representatives of the miners and the pit owners.

The men's leaders, who throughout have opposed the strike, are inclined to the view that a resumption of work may be expected Monday, and the government's prompt action in setting up a general munitions tribunal for Wales and Monmouthshire is likely to bring about a settlement.

Should the Runciman conferences to-day not turn out favorably, David Lloyd George, the minister of munitions, will possibly visit the perturbed district. His influence with the men in previous disputes has been very effective. In the meantime perfect peace reigns in the coal fields.

A GOOD SHOW

Rarely does the public have such a treat as it will have next Monday for 6 days and nights when the H.T. Piersons Canadian Shows play in Brantford for the Moose Lodge No. 1475. The dip of teeth, the 20-in. sideshow, "Thelmas Cabaret show, the smallest midget in the world and others too numerous to mention. Then Indian cowboys and cowgirls in the days of 49 Wild West show the public the public. Band concerts every afternoon and night by the combined bands and Johnstone in the Sing Sing Mystery which is the free act will amaze you. See the dogs and ponies, ride the monster merry-go-round. Take the Eagle Place car to Aberdeen avenue.

Wallaceburg, with 4,000 inhabitants raised \$300 for the Patriotic Fund in two days canvassing; it aimed at \$20,000.

GERMAN SPY EXECUTED

Rosenthal Was Sent to England to Get Naval Information

London, July 16.—The press bureau last night announced that the spy, Rosenthal, who was sentenced to death by a court-martial, was executed yesterday morning.

Rosenthal had an American passport issued in Berlin when he was arrested by the German secret service to go to London and pass himself off as an American and obtain information regarding the movements of the British fleet.

Thousands of people are reported to have been drowned in the floods in China.

ITALIANS BOMBARD POSITIONS WITH HEAVY LOSSES

Several Bridges Are Destroyed and Enemy Battery Dis-mounted.

By Special Wire to the Courier.

Rome, July 15, via Paris, July 16.—The official statement issued at the headquarters of the Italian general staff to-night as follows:

"In the Upper Cadore region our troops continued to bombard the bridges of the Platzwiese and Landro which were partly demolished, while an enemy battery installed on the plateau of Rauchkofel was partly dis-mounted. Encounters favorable to the Italians occurred on Mount Zeillonkofel and upon the Burgstall crest (3460 feet high). A detachment of infantry succeeded in escalating the slopes of a ravine heretofore considered inaccessible and occupied by a surprise attack the summit of Falzarego Pass—6945 feet high. On the night of Tuesday and Wednesday this detachment was counter-attacked, but the enemy was repulsed sustaining serious losses. There has been no change on the remainder of the front."

STRONGLY FORTIFYING.

Verona, via Paris, July 16.—The Italians are strongly fortifying all positions captured by the Austrians. Trenches are being excavated and platforms erected on which to mount heavy guns.

Many places along the frontier have been transformed into entrenched camps, strongly garrisoned and with immense supplies of munitions.

Terrific storms continue in the high mountain region. Violent winds, hail and even snow are delaying military operations but the troops are engaged in fortifying dominant points.

VIGOROUS FIGHT IS RESUMED IN KOVNO PROVINCE

German Army Reinforced, Is Forcing Pace in Fighting.

By Special Wire to the Courier.

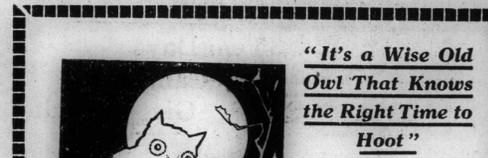

London, July 16.—Reinforcements have been sent to the German troops in the Russian provinces of Courland and Kovno with the result that vigorous military operations have been resumed in that section. The Russians are offering a stubborn resistance and are holding strategic positions, according to an official statement issued yesterday at the headquarters of the general staff in Petrograd, and telegraphed to the Central News and Exchange Telegraph Company here. The text of the communication follows:

"The enemy having received reinforcements in the region of Riga and Shavli, began on the 14th an advance from Hazenpol on Goldinar and sector Shrudnen-Popeliary. Our cavalry and advance guards are holding the enemy at the passages of the Windau and Venta Rivers and at other favorable positions. In the region across the Niemen Wednesday night there was artillery and rifle fire on a broad front, but the offensive undertaken by small infantry sections was easily repulsed. A partial enemy attack the same night in the direction of Lomza also was repulsed. On the right bank of the Pissa and on both banks of the Skwa the situation is unchanged. The enemy captured several trenches but did not repeat his attacks because of heavy losses suffered in the fighting Wednesday. Between the Orzye and the Wkra fronts, south of Przasnysz, several enemy attacks were repulsed on Wednesday. On the Bug and on the Zlota Lipa there was no fighting of any significance. On the left bank of the Vistula there has been no change. Between the Vistula and the Bug on the 14th the enemy made numerous separate attacks, all of which were repulsed by our fire. On the evening of the 13th Austrian troops took the offensive in the sector Nesviska-Olka. The enemy attacked our bridge heads on the right bank of the river in the region of Ivanija, Koseiniki and Sinkow. Our artillery on the 14th bombarded the enemy successfully at many points during the crossing of the river and compelled him at some places to abandon the attempt to cross. The fighting continues."

NEW PITCHER HELD COCKNEYS TO THREE HITS—HAMMOND WAS NICKED FOR SEVEN HITS—BRANTS PITCHING STAFF CERTAINLY LOOKS GOOD NOW—BARRY PLAYED IN OUTFIELD AND GOT A SINGLE.

London, July 16.—When Brantford defeated the London Canadian League Club at Tecumseh Park yesterday by 3 to 0, it was no exception to the usual happenings at the local resort, as it is very difficult to convince baseball fans of anything contrary to the fact that the Tecumsehs are merely a stepping stone for the other five clubs in the circuit. Mr. Rynerison, a former South Michigan League hurler, was steaming along in fine shape and everybody expected that he would turn in a no-hit no-run game, judging with what effectiveness the local sluggers used their bats. The Tecumsehs, however, did not get to the big right-hander in the ninth inning, and had McEvoy displayed any sort of regular pastime ability at bat with three men on bases and two on him a shut-out might have been recorded. McEVoy AS PITCH HITTER. Lamy occupied third base on this particular occasion, and when Rynerison wound up to pitch to McEvoy with three balls and two strikes on him, Lamy tore for the plate. Rynerison hustled the throw, the ball cutting the center of the plate, and McEvoy looked at it for the third out,

however did not develop into a belated rally, as the next batter was out on a grounder and the next two breezed. THROWN AWAY CHANCES. London's only real opportunity presented itself in the ninth, when Lamy hit for two bases after one man had retired. Reidy was hit by a pitched ball, and O'Brien was safe on a slow grounder to Dunlop, filling the bases with two out. McEvoy was, as related, struck out watching the third strike go over the plate with nothing on the ball but the cover. LONDON'S INFIELD WOBBLY. Rynerison was superb with the exception of the final inning, and even then he looked too good for the Tecumsehs. The Brants, on the other hand, played the sort of ball for which the locals fell for, their first run was the result of a double steal, executed by Cooper and Burrill, when Lacroix threw badly to Whitcraft. It appears that every time such a play arises the Tecumsehs fall for it. Instead of pegging the ball to third or even to the pitcher, Lacroix throws to second, helping their opponents to score on one of the game's worst sort of misplays. DOUBLE STEAL EARNS RUN. In the first inning, Dunlop singled after Dunn struck out. Cooper was safe when Whitcraft threw poorly to McEvoy, which put Cooper on second and Dunlop on third. Burrill grounded to Whitcraft, who threw Dunlop out at the plate on a fine play. Cooper, having gone to third, did not stay long there, as Lacroix threw to Whitcraft when Burrill and Cooper started a steal. Cooper scored and Burrill was safe at second on Lacroix's poor throw. In the second, Barry opened with a single behind second. Fried sent him to second on a bunt and Rynerison advanced him another base on a grounder, from

St. Thomas blanked Without a Hit Until the Eighth.
GUELPH DROPS BACK INTO SECOND PLACE
Ottawa, July 16.—Ottawa defeated Guelph yesterday afternoon 3 to 2 in the first game of the crucial series in the Canadian League, putting Hamilton ahead. Tension was high throughout the game. Fuller knocked a home run in the first inning, and claimed that Murphy tried to trip him at short. Later Murphy was put out at second, he claiming that Fuller tried to spike him, and the two came to blows. Smykal and Umpire Cockman then separated them. Lee and Bullock had a clash, and Cockman threatened to put Shaughnessy out of the game for disputing a decision. Brown, who was arrested at St. Thomas for showing disrespect to the Canadian flag, rejoined the Guelphs and got a noisy reception here. The score: R.H.E. Ottawa110001000—3 7 3 Guelph000020000—2 5 3

Jersey City, July 16.—Jersey City and Montreal played sixteen innings to a two to two tie here yesterday. Both teams hit the ball well, but with the exception of three innings the hits were well scattered. After the Skeeters had taken the lead in the second inning by bunting hits for one run the Royals came back in the fifth sending across two runs. Jersey City tied it up in the eighth and from then until darkness stopped the contest not a runner was able to get around. The score: R.H.E. Toronto, July 16.—Bill Kelly, the Leafs' catcher, arrived here yesterday afternoon on crutches, the result of having his foot fractured at Providence. It develops that Irving Trout, the Leafs' outfielder, is at home suffering from an attack of fever. He left the team three days ago. Old hard luck even overtook the Leafs' trainer, who slipped on the sidewalk at Providence, and sprained his ankle. CHILDREN'S WHITE CANVAS OXFORDS

Bowling

Burlington, July 15.—The final game of The Spectator Trophy this afternoon between Wray of Parkdale and Wiley of Brantford was one of the finest exhibitions of bowling ever seen in the country.
 Special mention may be made of the excellent lead game put up by Baines for Parkdale, while Wray never bowled better in his life. End after end he saved his rink by perfect drawing to the jack. The Brantford rink gave a great exhibition of how to fight an uphill game, but the lead given by Wray was too much for them.

Beavers Win in Close Call

The Beavers kept up their winning streak last night, defeating the Brants by 3 to 2, in a close game. Simmons allowed the Brant's two hits. Fleming connected twice, Simmons walked the first two men and both scored on Fleming's hit. He struck out the lead off for the Beavers, getting on next three batters. Lizzie McQuinn base every time, twice on errors, and two good hits. Fleming pitched good ball but was given poor support by his team mates five errors being chalked up against them. The game was called in the eighth because of darkness.

Greatest Flag Pole in the British Empire

THE flagpole reproduced here is the greatest in the British Empire. The stick is being shipped over the Canadian Pacific for the famous Kew Botanical Gardens, London, England. It was cut on Lot 917 adjoining the Gordon Pasha Lakes, 65 miles from Vancouver on the mainland coast, and is a fair sample of the delightful forests of fir of British Columbia. The tree was originally 228 feet long, with a diameter of 65 inches at the butt and 18 inches at the top, but owing to a knot near the top it was reduced to 216 feet. After cutting, the pole was hauled out of the woods and loaded on a C. P. R. logging train and towed to False Creek, Vancouver, where it is now being dressed. This pole was cut and delivered to the British Columbia Government by Messrs. Brooks, Scanlon & O'Brien Co., Ltd., Vancouver, at actual cost. To-day the second longest flag pole stands in the square at Vancouver opposite the C. P. R. Hotel Vancouver, and is 208 feet long, and was presented to the British Columbia Government.

"A German Killed My Son," She Said

She was very old, with as kindly a face as I have ever seen. She hobbled up to the gateway of the munitions works and inquired if there was any chance of a job.

"Sorry, mother," said the door-keeper. "We turned a hundred women and girls away this morning. Wait till the new wing is finished. That'll be your time."

"A German killed my son," she exclaimed in a shaky voice. "I want to make a bullet to kill a German. . . . Appen I'm wrong . . . appen its wicked to ever wish that, but a German killed my son."

Hope lit up her eye as she hobbled away with the renewed intimation that an opportunity for work would come with the addition of the new wing, says James Sherlecker in the London Daily Express.

By the courtesy of the management I was permitted to see the women and girls of Leeds making the war material for the men at the front. They work day and night in turns, and they work on Sundays as well.

The winners hold a challenge shield decorated with the flags of the Allies and hung in a prominent position over the machines at which sit the successive girls. If a girl is taken ill or feels faint she is at once helped to a cosy rest room, where a charming nurse and a trained nurse wait upon her.

All sorts and conditions of women come here. It is difficult to-day in Leeds and the surrounding districts to get a servant because domestic servants are giving up their work to go and make bullets. Girls of good middle-class families are here.

Terrace Hill

Patriotic services will be held on Sunday next, July 18th in St. James Church, morning and evening. The Rev. E. Soltley, rector, will preach in the morning and the Rev. S. E. McKeggy, recently appointed to Trinity Church, Eagle Place, in the evening.

Mr. Tattersall, one of the old veterans, was taken to the hospital last Monday. We are glad to learn he is doing as well as could be expected.

Mr. C. Simmonds of Terrace Hill St. left this week for Oshawa, where he has secured a position in the printing establishment of "The Reformer."

Mr. Bondiller of Grand St. will be confined to the house with acute rheumatism.

A SUNDAY SERMON BY PASTOR RUSSELL

THE NEW BIRTH OF THE CHURCH AND WORLD Regeneration of Church and World Distinct

Adams and His Race Legally Dead—The Dying Processes Thorough—Redemption Secures Another Opportunity For Life—Faith, the Only Door, is Limited by Knowledge to Few—"Few There Be That Find It"—Hope For the Unregenerate in Messiah's Kingdom.

July 11.—Pastor Toledo, Ohio, Russell, who is here to-day, took for his text the words, "Ye which have followed Me, in the regeneration when the Son of Man shall sit in the Throne of His glory, ye also shall sit upon twelve thrones."—Matthew 19:28.

The speaker's opening sentence, "Ye which have followed Me, in the regeneration when the Son of Man shall sit in the Throne of His glory, ye also shall sit upon twelve thrones," was a shock to many of his hearers.

The difficulty met with in considering this question is the same which we so often meet with in other questions; namely, we are firmly held to our own ideas, and make Bible truths seem impossible.

Thus, while many of the great American newspapers give open and powerful support to the cause of the allies, in bitter opposition to the elements that sympathize with Great Britain which the German communities do not practice.

Another item to be noticed is that the regenerating processes of the present time are with a view to bringing the Church class, the Elect, of God, to a new nature.

Mr. and Mrs. Wm. Edmonds and daughter Hazel H. spent Sunday at Mr. S. Radford's. Mr. and Mrs. W. F. Robinson, of Hatchley, spent one day last week at Mr. C. Radford's.

face who died in Adam and who were redeemed to this opportunity for everlasting life.

But the Scriptures everywhere remind us that the New Creation is merely an embryo and will not be perfected until the resurrection. They inform us also that some, by repudiating their covenant with the Lord and turning willfully to sin, may become subjects of the Second Death.

We perceive, therefore, that the steps of consecration and spirit-begotten are not trifling propositions, but serious ones; and that with this opportunity so great an exaltation goes also conditions, limitations, trials, testing of faith and loyalty.

This is doubly interesting to us; first, because it is the reward of those who are now regenerated, and who prove faithful to the spirit-begotten which they now receive—to those who eventually will be born of the Spirit in the First Resurrection.

But this is not all. The time when the Church will be reigning with Christ in His Kingdom glory will be the time of the world's regeneration—the Millennium.

Selfishness and every desire to exclude others from blessings which God has promised them signify so much of sin in control of the mind. Love not only thinketh no evil, but it keepeth all things, and is gentle, kind, it beareth all things, and is patient.

Note that favorite text, "God so loved the world that He gave His Only Begotten Son, that whosoever believeth in Him should not perish, but have everlasting life." (John 3:16.)

The world's regeneration, therefore, will be to perfect human nature, lost in Adam, redeemed by the sacrifice of Christ's human life. Moreover, God's provision of Times of Regeneration—Years of Regeneration—is ample—a thousand years.

NERVOUS CHILDREN

Hard Study and Too Little Exercise Leads to St. Vitus Dance

There is much criticism of modern educational methods that require too much work of school children, allowing them too little time for play and preventing sufficient out-of-door exercise. When the study of music or any other accomplishment with the necessary practice, is added, the strain is increased. Under these conditions the blood becomes impoverished and fails to nourish the nerves. The child becomes restless, and twitching of the muscles follows. Sometimes the child stumbles in walking and drops what it tries to hold. Pallor, listlessness and irritability are symptoms that early show that the blood and nerves are failing to meet the demands made upon them and that St. Vitus dance has fastened its hold upon the child.

In this condition there is no tonic can equal Dr. Williams' Pink Pills, which build up the blood and meet the demands of the growing child. Out-of-door exercise, nourishing food, plenty of sleep with these tonic pills will cure even the most severe cases of St. Vitus dance. I offer the following proof: "Up to the age of ten years," says Mrs. Johnson of Hemford, N.S., "my son Calvin was as healthy and rugged as any child could be. Then he began to complain that his nerves hurt him, and of pains in the head, and began to fall back in his studies at school. Then I noticed a twitching of the muscles of his face and arms, and later his whole body seemed to be in constant motion. Our family physician was called in and pronounced the trouble a severe attack of St. Vitus dance. He was under the doctor's treatment for some three months but did not seem to improve. We had taken him from school and were careful that nothing should excite him, but notwithstanding he grew worse, and the least start would bring on attacks of hysteria. This went on for some months until Dr. Williams' Pink Pills were brought to my attention, and we decided to give him this medicine. After using a few boxes there was noticeable improvement, and by the time he had taken nine or ten boxes he had recovered his former good health. There has been no sign of a return of the trouble, and I can scarcely say how thankful we feel for the complete restoration of our son's health."

Parents who find their growing boys or girls becoming nervous should lose no time in giving them Dr. Williams' Pink Pills. You may ward off an attack of St. Vitus dance, or if the trouble will effect a cure. Sold by all medicine dealers or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

War and Thrift

There are resources enough in this country to bear any burden that is likely to be laid on us on our own account or that of our allies, if we know how to organize them and face the situation bravely. We need not worry ourselves with the nightmare of national bankruptcy, or even regard as inevitable the reaction of poverty and distress which followed the Napoleonic wars. But we have to live in war with the constant memory that we are at war; we have our own burden and we should not pass the consequences to those that come after and we have to divide the burden that there shall be no sense of bitterness or injustice between different classes of the population.

The key to the problem is, as Mr. McKenna said to the House of Commons a day or two ago, the practice of thrift—that unlovely virtue, as it has been called, which may be transferred into something more excellent by the spirit which is put into it. If we could imagine the money spent on luxuries and superfluities suddenly diverted, along with the labor that goes with it, to the maintenance and equipment of army and navy, we should get at once a large part of what we need. All, or the chief part, of what now goes on drink and tobacco, expensive motor cars, costly diseases and amusements would pass to the Chancellor of the Exchequer and be used by him for defeating the Germans. But we have only to say this to know that, human nature being what it is, it could only happen by a miracle which is not to be expected, or under a sharp compulsion brought home to each individual. The atmosphere of war does not in itself make for economy; the sound of revs by night is not quenched by the noise of the guns; it is the universal habit to make the coming and going of soldiers the excuse for festivities which spread to a wide circle of non-combatants.

At the present moment the necessity of thrift is brought home to a large number of the business and professional classes. Barristers, solicitors, architects, engineers, literary people of all sorts, large groups of business people who cannot face about and provide munitions of war or food and clothing for the armies, are all feeling the pinch of the war, and with shrinking incomes and increasing income tax are under a positive necessity of retrenching their expenditure. Here, as in other respects, we are bound to bear in mind that, if voluntary effort failed, the state would be obliged to use its power to get control of the surplus which is now at the disposal of individuals, to what ever class they belonged. We believe that in the last resort the country would be willing to accept any necessary measure for this purpose, provided it were convinced that justice was being done between different classes according to their means.

Famous Men in the News

Mr. H. L. Plummer, of the firm of Lyon and Plummer, stock brokers, Toronto, has transferred his seat on the Toronto Exchange to his partner and has gone to the front. Lieutenant Plummer retains his interest in the firm. He is a relative of Mr. J. H. Plummer, president of the Dominion Steel Corporation.

Lord Harlech, who has been given command of the newly-formed regiment of Welsh Guards, is an eminently fitting choice as the "March of the Men of Harlech" may be considered the national anthem of Wales. Lord Harlech is an old military man, who is the only son, who is a member of Parliament, is serving at the front with his regiment. The "March of the Men of Harlech" dates back to the time of Henry VI, when the Castle of Harlech was besieged.

Captain A. Taylor, of the Royal Dublin Fusiliers, who has just been killed at the Dardanelles, although not a Montreuil was connected with a family who formerly lived in that city. His father, Mr. Reid Taylor, resided in London for a time but is now living in Switzerland and educated in England. He served through the South African Campaign with distinction, after serving under Kitchener in the Sudan. He was thirty-seven years of age.

Mr. C. W. Clinch, for many years manager of the chief Toronto office of the Molson's Bank, died in that city yesterday, aged sixty-eight years. The late Mr. Clinch was born in England and educated in that country, coming to Canada as a young man of twenty-three and immediately entered the Molson's Bank. He was manager of branches at Hamilton, St. Thomas, Ingersoll and Toronto, retiring from active work a few years ago. He was regarded as a most competent official.

Lord Cresham, a lieutenant of the Tenth Hussars, has been wounded in France, attained his majority and has become engaged all at the same time—surely enough troubles for a man. Lord Cresham's family has been considerably in the limelight during the past few years. His father broke his neck while following the hounds, a sister met the same fate, his only brother was killed in the South African War, while domestic troubles also added to the grief taken in this family. Cresham owns a large amount of London real estate and is connected with some of the most important families in the old country.

Lieutenant F. S. Meighen, who has just returned to Canada from fighting in France, is the only son of the late Robert Meighen, and is a nephew of Lord Mount Stephen. He was born in the city of Montreal in 1889, educated at McGill University and then entered business under his father. He succeeded the latter as president of the Lake of the Woods Milling Company, is a director of the Bank of Toronto and of a number of other corporations. Lieutenant Meighen commenced his military career with the Highlanders, attaining to command of the regiment in 1906. He later transferred to the Grenadier Guards as second in command and when war broke out went overseas in command of the Fourteenth Battalion.

Captain E. R. Street, of Toronto, who has been awarded the D. S. O., is the son of the late Mr. Justice Street, Captain Street was educated at Upper Canada College and the University of Toronto, which he left to enter the army. He joined the Hampshire Regiment in 1899 as lieutenant and served during the South African War. Seven years later he was forced to resign his commission as captain because of ill-health, but at the outbreak of the present war he again offered his services and was given a captaincy in the Sherwood Foresters. He has been at the front since January. Captain Street is another Canadian who has made good at the front.

Mr. Hugh J. O'Beirne, who has been promoted to the rank of Counsel at the British Embassy at Petrograd to the post of British Ambassador at the Court of Bulgaria, is a distinct step in the efforts being made to win over Bulgaria to the side of the Allies. He succeeded Sir Henry Bax-Insirade, who has been a failure at Sofia. O'Beirne was educated at Oxford and commenced his diplomatic career at Petrograd, where he acquired a wonderful knowledge of the Russian language. This stood him in good stead in the negotiations which were carried on in Paris when an effort was being made to settle the Russian-British dispute over the sinking of the vessels of the Dogger Bank. O'Beirne has no liking for the Germans and while in Petrograd some years ago made such complimentary references to Germany that the German Embassy endeavored to have him removed. O'Beirne was recalled to England, but his explanation made to late King Edward and Sir Edward Grey were so satisfactory that he was honored by the King and then sent back to Petrograd, where the Russians made things so unpleasant for Count von Moltke, the German who had quarrelled with O'Beirne that he was forced to leave Petrograd. O'Beirne is a tactful, clever, persuasive Irishman and is expected to accomplish wonders in winning over Bulgaria.
