Haig Renews Drive to Cut Off German Sub Base on Belgian Coast

FRANCE PREPARED TO CONSTITUTE SOCIETY OF NATIONS FOR PEACE

War Aims are Known, Though She Has Not Yet Replied to Pope.

PAINLEVE SPEAKS New Premier Outlines Policy to be Followed by the Ministry.

ROOT OUT INTRIGUES Only One Dissenter To Vote of Confidence in the Cabinet.

Paris, Sept. 20.—Premier Painleve replying to-day in the Chamber of Deputies to interpellations by Deputy Frederic Brunet, who asked the Government to associate itself with President Wilson's refusal to treat with the German people so long as they were submissive to the military caste and advocating a substitution of society of nations, said he had made effort to preserve collaboration with the Socialists.

After paying a tribute to Albert Thomas, the premier said the absence of Socialist ministers would make no change in his policy. He declared his determination to proceed energetically against all intrigues and certain foreign agents, and added that he did not intend to allow these scandals much publicity in the press, because they were prejudicial to the war effort.

The Chamber applauded the premier's addition to the society of nations and President Wilson's message as principles to which France fully adhered, thereby showing her abnegation and moral grandeur. Alexander Ribot, Minister of Foreign Affairs, told the Chamber that all documents concerning France's agreements with the allies were ready and could be published tomorrow, but that the Entente Allies must be consulted, saying: "The nearer we reached the end of the war the closer must be our unity with them."

M. Ribot added that France could not reply to Pope Benedict's note without agreement with her allies, but our war aims are Entente. We are ready to constitute a society of nations when we have the necessary guarantees.

M. Ribot said that the Petrograd Government had asked him to defend the publication of the Franco-Russian agreement. He said that he considered that he ought to comply, owing to the difficult situation of their great ally. Pierre Renaudot said the Socialists would await Premier Painleve's acts before voting for him. He reproached the premier for forming his war committee of old men instead of young and ardent men. Confidence in the new ministry was then voted by the Chamber 374 to 1. The Socialists did not vote.

CRUSHED STONE UP The price of crushed stone has advanced from 90 cents to \$1.00 per ton, according to information received to-day at the City Hall, from the Hagersville Crushed Stone Company.

James A. McSloy, president of the Canada Haircloth Co., and W. J. Elliott, former well known jaccrose player, manager of Whiteman and Barnes factory, of St. Catharines were appointed to the draft exemption board by Judge Campbell.

WEATHER BULLETIN Toronto, Sept. 20.—A few scattered showers have occurred in Ontario and Quebec, otherwise very fine weather has prevailed in the Canadian Provinces.

Moderate winds, mostly northerly, with some brief showers, but partly fair to-day and on Friday, and turning a little cooler.

U. STROOPS WILL VOTE IN NOVEMBER Preparation Now Under Way for Sending of Ballots Overseas.

Waterproof and unsinkable ballot boxes will be provided for New York soldiers who are abroad when the vote is cast in the November election, it was announced to-day. The state soldiers' vote will be so large, it was said, that it will probably be necessary to ask the federal government for a warship to convey the ballots to this side. Through the co-operation of the war and navy departments, enrollment blanks have been forwarded to every part in the world where a land or sea soldier from this state is in the country's service. The state election authorities figure that in November there will be between 125,000 and 150,000 New York state voters serving with the fighting forces.

BATTLE OF MENIN ROAD NOW RAGING Haig's Offensive Proceeding on Ypres Front With Great Success.

British Headquarters in France and Belgium, Sept. 20.—(By the Associated Press)—Field Marshal Haig's offensive, which was begun at dawn this morning on the Belgian battle front is proceeding with marked success, especially in the crucial sector between the Ypres-Tourner railway and Hollebecq.

A bitter fight is in progress in the neighborhood of Inverness Copse, Nuns Wood and Glencourse Wood. If the gains are maintained, to which they have advanced in this section, they have accomplished one of the most remarkable and most important achievements in recent months. The German infantry is making a most determined resistance to retain this vital ground and the Tenthon artillery is retaliating heavily against the British big guns.

To-day's offensive will be known as the battle of the Menin Road. Fair weather had improved the ground, but the mud still was deep and the whole territory covered with water-filled holes, tangled barbed wire and shattered trees. The German defences were composed largely of concrete redoubts from which the enemy poured a wicked stream of bullets into the ranks of the advancing troops. Every little elevation and all the woods were choked with rapid fire guns.

TEUTON REPLY TO POPE'S NOTE DELAYED Germany Lied When Claiming Reply Had Been Sent To Rome; Entente Await Response of Central Powers Before Answering Pope.

Cardinal Gasparri, papal secretary of state, today declared the reply of the Central Powers to Pope Benedict's peace proposals had not yet been received at the Vatican. This is taken to prove that the statement recently published that the reply had left Berlin on Sunday is untrue.

Cardinal Gasparri believed that the reply of the Central Powers was held up when Emperor William went to Riga, and is not likely to reach the Vatican until next week. The reply of the Entente Allies to the Pope's peace proposals. The facts reassured the engineers and it was decided to go on with the lifting at 3 o'clock. The jacks were started and found to be working smoothly, so that two hoists were taken in 28 minutes. It was computed by the engineers that if this rate of speed could be maintained, the bridge should be completed this afternoon. The span was put on its last hoisting link at 4.30, sixty four two-foot lifts having been made.

BRITISH ON OFFENSIVE IN BELGIUM Valuable Positions Captured by Haig's Man in Thrust Near Ypres. DRIVE PROGRESSING Plan To Cut Off Enemy Sub and Plane Bases on Coast.

The British forces on the Belgian front attacked the German positions at 5.30 o'clock this morning east of Ypres. Field Marshal Haig reports that satisfactory progress was made and that the British already have captured some valuable positions. The text of the British official statement announcing that the offensive this morning, says: "We attacked at 5.40 o'clock this morning on a wide front east of Ypres. Satisfactory progress is reported. Our troops already have captured some valuable positions."

TO COMPLETE BRIDGE THIS AFTERNOON Raising of Central Span of Quebec Cantilever Still Successful. HIGH WIND BLOWING Span Has Only Thirty Feet More of Ascent to Travel To-day.

A twenty-five mile an hour wind held up the operations in connection with the raising of the central span of the Quebec bridge, which had only thirty more feet to travel, when the engineers took their places at the raising jacks this morning. For several hours a careful watch was kept on the span to see if the wind caused it to swing, which would make it dangerous to continue lifting. The jacks were started and found to be working smoothly, so that two hoists were taken in 28 minutes. It was computed by the engineers that if this rate of speed could be maintained, the bridge should be completed this afternoon. The span was put on its last hoisting link at 4.30, sixty four two-foot lifts having been made.

The new British offensive, for which recent reports of heavy artillery bombardments, aerial activity and raids into the German lines had prepared the public, commenced at daylight this morning. The attack was made on a wide front east of Ypres, and according to Field Marshal Haig's report, satisfactory progress was made and valuable positions were captured. This attack apparently is a continuation of the earlier offensive which was brought to a stop by bad weather, and the necessity of bringing up guns for the assault which was made this morning.

TURKS ARE FIGHTING ON CARSO

Rome, Wednesday, Sept. 19. (Delayed)—News taken by the Italians on the Carso, which include several Turks, which proves, Italian army officers say, that Austria-Hungary is getting reserves from every possible quarter, in making a last desperate effort to stem the Italian advance.

SOLDIERS WRECKED I. W. W. HEADQUARTERS Furniture and Windows Smashed and Other Damage Done in Los Angeles.

Los Angeles, Sept. 20.—A crowd of soldiers from 200 to 400, wrecked the headquarters of the Industrial Workers of the World here, furniture was broken, windows smashed and moveables demolished. They were no reported casualties. The soldiers marched to the headquarters of the I. W. W. here, entered and remained in line while three or four of their number stepped inside and told two or three inmates that they were going to "wreck the place." The soldiers then entered and methodically destroyed all the furniture, paper and equipment in the room and withdrew in an orderly manner.

TOTAL FORCE FROM U. S. OF TWO MILLION Newton Baker, Secretary of War, and Officials Plan Huge Army. ASK FOR \$480,000,000 Mobilization of First Major Increase of Army Proceeds Smoothly.

Washington, Sept. 20.—While mobilization of the first major increase of the national army was proceeding throughout the country, Secretary of War Baker and the chief of the War department, today before the Senate appropriation committee to present requests for an additional \$487,216,000 with which to provide equipment for a total force of 2,000,000 men. Despatches from all parts of the country, indicated that mobilization was being carried forward smoothly and amid scenes of popular enthusiasm.

MAXIMALIST FACTION THREATENS RUSSIA Gaining Control in Soldiers' and Workmen's Councils, and Undermining Authority and Influence of Premier Kerensky.

Petrograd, Sept. 20.—An extraordinary demonstration of revolutionary fervor was witnessed yesterday under the auspices of the local council of Workmen's and Soldiers' delegates. Soldiers and workmen marched in a monster parade, bearing banners inscribed "Long live the provisional government!" "Down with Korniloff!" "Long live the democratic Republic!"

Among the chief features of the program of the Moscow council of Soldiers' and Workmen's delegates are the abolishment of private property in land without remuneration, workmen's control over production and distribution, nationalization of the chief branches of industry, avoiding all secret treaties, proposing to all belligerents a general democratic peace and the arming of workmen. Steps looking to similar usurpation of power by the Councils of Soldiers' and Workmen's delegates in other cities is cited by M. Tseretkoff, in a report prepared for the new cabinet and published today. He described the position along the front as satisfactory, and declares that the victory of the government over General Korniloff has strengthened the government abroad and throughout Russia, but added that anarchy was growing at Vladivostok, Tsaritsyn and Samara, where the soldiers and workmen's delegates had seized the power and ousted the government commissaries.

Petrograd, Sept. 20.—The growing supremacy of the Bolsheviks in the councils of the Soldiers' and Workmen's delegates here and at Moscow, their radical programs eliminating all property owning classes from a voice in the government, is a development which is causing great concern. The resignation of the executive committee of the council—Tseretkoff, Skobelev, Tseretkoff, and Tseretkoff—was a direct result of the adoption on September 13, by a large majority of a resolution committing the soldiers' and workmen's delegates to an ultra Socialistic line of conduct. To further verify the temper of the council, and in view of the fact that there were many absentees at the time of the adoption of the program in question, the retiring members of the executive committee will

**THE SITUATION**

It was generally believed that continuous artillery work on the Western front for some days presaged another offensive, and so the outcome has proved. Over the Courier leased wire to-day comes the announcement that in the early morning hours British troops attacked the German positions, east of Ypres. Field Marshal Haig already reports satisfactory progress, and it is announced that the main object of the present move is to cut off enemy submarine and airplane bases.

Judging from the comments of the London papers, there are many indications that the Huns have been trying to create the necessary "atmosphere" for another peace proposal. That they are likely to formulate anything which will be at all acceptable need not be expected. They manifestly have not yet realized the fact that they must drink the poison which they have invited to the bitter dregs, and that nothing less than this will suffice.

According to advices reaching the Russian embassy at Washington, there is an all round improvement in the position of affairs. On the Riga front the Muscovites have forced the Teutons to evacuate several villages and the Provisional Government expresses confidence that it can overcome all internal and external obstacles. In both instances however, there is still cause for apprehension, especially as far as internal affairs are concerned, over the marked growth of extreme Socialism.

The official record of the submarine toll of last week shows that eight British merchant ships of over 1,000 tons were sunk, and twenty under that figure. In the one case the total is the smallest since last February, in the other the largest, but one, since the month named.

The Italians are continuing to more than hold their own, and are just now especially active on the Trentino front.

The United States Government yesterday made loans of \$50,000,000 to England and \$20,000,000 to France, making a total thus far advanced to the Allies of \$2,331,400,000.

**GERMAN OFFICIAL**  
By Courier Leased Wire  
Berlin, Sept. 20.—A formidable offensive on the Flanders front early this morning, reports the German general headquarters staff, was followed at daybreak by strong British attacks on a broad front.

**ITALIAN OFFICIAL**  
Rome, Sept. 20.—Reporting military operations on the Austro-Italian front yesterday, the official statement given out to-day at the war office, says:  
"On the whole front there was moderate activity. There was no important events."

**SIX LOST**  
By Courier Leased Wire  
Oswego, N. Y., Sept. 20.—Six persons aboard the Hiram, a fishing steamer, including two women and a child, are missing and are believed to have been drowned when the barge foundered early to-day during a southwest storm on Lake Ontario.

Benjamin Smith, Supt. of the Carnation Milk Products Company at Ashtabula, dropped dead, Rev. Canon Murphy, Anglican rector at Innisfil parish and in Allandale for half a century, died at the age of 76.  
Rev. F. H. Brewin, former rector of New St. Paul's church, Woodstock, left for Ottawa where he has been appointed rector of Rockcliffe Episcopal Church. He was waded upon by the wardens and presented with \$100 in gold.  
Vancouver is to have the most up-to-date dock on the Pacific Coast when the construction of the new shed at the Government wharf is completed.

**DO YOUR PART FOR FOOD SAVING**

It is impressive to learn that enough good food is wasted in Canada every day to feed every Canadian soldier who has gone overseas to fight for us.

Through carelessness and inefficiency there is wasted in garbage every year throughout Canada, food to the value of \$56,000,000, or about \$7.00 per capita of the home population according to the recent estimates of the Canadian Food Controller. To this huge sum must be added a large, though indeterminate number of millions lost through poor storage, delay in transportation, and unhygienic surroundings. What the grand total would be there are no present means of discovering. The important points are that this waste is needless and preventable.

Wasting \$7.00 worth of food per year means a daily waste of only 1.92 cents per head. Without doubt, larger crops, better distribution, closer buying on the part of the housekeeper, more careful preparation and more thorough utilization of our foodstuffs, would not only correct this waste, but would appreciably reduce the actual cost of living very considerably. Let it be assumed that, by complete national organization and rigid economy, the cost of living could be reduced by 7 cents per day for each individual. Roughly, then, counting in the elimination of garbage waste, we would have a saving of 7 cents per day, or \$25.55 per capita annually. The national grand total saving would then amount to the astounding sum of \$204,400,000; enough to feed an army of one million men for a year. These figures are appalling, but they are not beyond the range of achievement.

For the sake of clearness let us summarize the estimates given above: Estimated annual cost of feeding Canada's overseas soldiers, \$50,000,000. Estimated annual preventable waste in Canadian garbage, \$56,000,000. Estimated annual saving possible by preventing garbage waste, and further reducing cost of living by 7 cents per head (total 7 cents per head, \$204,400,000).

But there are other equally cogent illustrations of what economy in little things can accomplish. Suppose, for example, that one million families in Canada waste one slice of white bread per week. For convenience we shall consider that one pound divides in 14 slices of 1.14 oz. each. The sum is simple. One slice of bread (1.14 of loaf) weighs 1.14 oz. If 1,000,000 families waste one slice per week, the weekly total waste of bread is 1,140,000 oz., or 71,250 one pound loaves, or enough for 3 1-2 divisions for one day, or one division (21,500 men) for three and one-third days, or ten meals to each man.

The annual national waste rising from the same source is impressive: Annual total result of 1,000,000 families wasting one slice of bread per week, 3,705,000 one pound loaves; or 2,593,500 lbs. flour, or 3,572,000 lbs. wheat, or \$9,244,000 worth.

The tremendous importance of waste prevention and of food economy is clear. It is appropriate to touch briefly on a subject that, in these times of war, is equally vital—the possibilities of substituting other staples for wheat flour.

If, once a week, one million Canadian families use one pound loaf of corn or rye bread, instead of a similar loaf of white, the weekly and yearly savings would be:

Substituting one pound loaf of corn or rye bread per week would save 1,000,000 lbs. of white bread, or 700,000 lbs. of flour, or 3,571,000 lbs. of flour, or 16,070 bushels of wheat.

The yearly saving on the same scale would amount to 52,000,000 lbs. bread; or, 36,400,000 lbs. flour; or, 185,712 bushels of wheat; or, 835,708 bushels of wheat.

What applies to the saving of wheat flour, is also, in greater or less degree, applicable to the saving of beef and bacon, the two other commodities that Canada must strive above all things to ship overseas. If it not doubted that habits of economy induced by watching carefully the consumption of flour, beef and bacon, will automatically bring about savings in all other foodstuffs. Thus the suggested saving of 7 cents per head seems not only attainable, but may lead to even greater economies.

**NOTES AND COMMENTS.**

Three hundred thousand Americans are now en route for various training camps. It will not be long now ere Canadians under the selective bill will be performing the same kind of stunt.

The St. Thomas Liberal Club has elected Sir Wilfrid Laurier as its Honorary President. This means that the members must be against conscription.

A consumer and his money are soon parted.

Argentina is on the eve of breaking with Germany. It is the people of that land who put the gun in shun.

The boastful cries of victory in the Fatherland have been succeeded by frantic appeals to hold on.

The placing of that span in the Quebec bridge is taking almost as long as the average woman occupies to adjust a new hat.

**PARIS RATEPAPERS PLANNING MARKET**

**One Day Bowling Tournament in Paris Yesterday—The Winners.**

Paris, Sept. 20.—(From our own correspondent)—There was a good attendance at the regular meeting of the Paris Ratepayers' Association held in the Council Chambers last evening, and considerable business was transacted. A free discussion took place as to the desirability of starting a building society here, the matter being laid over until the October meeting.

The Secretary was instructed to write the council, asking for free water for building working men's houses next year, and further to encourage building, that free taxes be granted for a period of one year after completion.

The matter of establishing a market in town, will be taken up at a later meeting.

The Council will be asked to keep the plates over drains crossing the sidewalks in proper condition, and also to have the tie rings removed from the sidewalks.

A quiet wedding took place yesterday morning when Mr. Thomas Cavan of Paris Station, was united in marriage to Miss Doyle.

**Paris Bowling Tournament**  
An occasion which might be termed a Red Letter Day in the history of the Paris Bowling Club, in the form of a One Day Tournament was held on Wednesday when 38 players met together to try conclusions for prizes donated by the club. Refreshments were served all through the day by the Red Cross Society, the day it was carried out. At the conclusion, Mr. Scott Davidson, M.P.P. presented the prizes to the winners and in a neat speech, complimented the management on the success of the tournament. The first prize which consisted of a blue bag, was carried off by club member, Mr. W. Biggar of Mount Pleasant who, in an exciting finish vanquished Mr. K. Harvey's rink of Woodstock who were the victors in the preliminary. Mr. L. McGill's rink of Galt secured a victory over the rink skippered by Mr. A. Gardner, Paris, who secured the cut glass and gold mounted umbrellas respectively. Suitable replies were made by the winners.

Mr. W. Thompson very kindly furnished music throughout the day on his very fine gramophone. Great credit reflects on Mr. J. L. Thompson and the management for the way in which the proceedings were carried out.

**MAXIMALIST**

Continued from page one  
... declare that they cannot accept responsibility for the action of the council. The resignations of Avskentel, Skobell and Zardony, other members of a committee, are said by government sources to be the result of the determination of the council of soldiers' and workmen's delegates to withdraw its representatives from any cabinet in which constitutional Democrats are represented. Avskentel, a Social revolutionist, and Skobell, a Social Democrat, according to reports, may withdraw their resignations later, Premier Kerensky is still at Mohilev, but is keeping in close touch with the situation. The government is optimistic over the results of the conference between Premier Kerensky and army leaders, and consider the Kaledines incident closed.

Henry von Jammé, a Belgian, who keeps a boarding house in Chatham, was fined \$300 and costs for having circulating liquors on his premises. The Belgian did not have the money and he was sent to jail for four months.

In regard to assertions made in Winnipeg that there is a serious car shortage on the prairies, railway men deny it.

**These Men Will Help You Decide**

Are you liable to be selected for service under the Military Service Act? The answer to this question is being made readily available for you. Remember that the first class to be called includes only men between the ages of 20 and 34, both inclusive, who are unmarried or widowers without children, those married after July 6, 1917, being deemed single for the purposes of the Act.

Medical Boards are now being established throughout Canada. These Boards will examine, free of charge and obligation, all men who wish to be examined as to their physical fitness for military service. They will tell you in a very short time whether your physical condition absolves you from the call or makes you liable for selection.

It is important that you obtain this information as soon as possible. A certificate of unfitness from a Medical Board will secure for you freedom from responsibility under the Military Service Act from any Exemption Tribunal. A certificate of fitness will not preclude an appeal for exemption on any ground.

In order that you may be able to plan your future with certainty, visit a Medical Board as soon as possible and find out if you are liable to be selected. Your family and your employer are interested as well as yourself.

WOUNDED, GASED. This morning's official casualty list gave the name of Acting Sergeant T. P. Martin of Paris, as wounded and gassed.

PARIS G.W.V.A. The Paris branch of the G.W.V.A. are holding a concert in the hall on Friday evening, September 28th, and local officers of the organization are assisting in the arrangements. The Harmony quartette, of London, who sang in Brantford, at the Labor Day celebration, will contribute several selections on the program.

FLOUR PRICES. Announcement is made from Winnipeg that all the big milling companies have agreed on a price for flour which will be in accord with the United States prices because the price of wheat both here and across the line, has been fixed by regulation at about the same. As the government has not fixed the price of flour, the Canadian millers are figuring on about the same basis as the United States millers, who are limited by the new federal law to a profit of 25 cents per barrel. Although the price of wheat has been set, there is nothing definite settled upon yet regarding the price of flour," stated T. J. Carlin, manager of the Dominion Flour Mills of this city when questioned in this connection this afternoon.

CHURCHES AID G. W. V. A. The churches of the city are rallying around the G.W.V.A. and are contributing generously toward the furnishings of the clubhouse. The First Baptist Church young people have promised a cabinet, Colborne St. Church has agreed to furnish a bookcase and the Wellington Street young people are to hold a kitchen shower, and thus supply the utensils needed in the kitchen. The members of the Association are grateful for the interest that is being taken in the building and for the admirable manner in which the churches as well as the other elements of the city's population are getting behind the furnishings committee who are in charge of preparing the headquarters for occupation. The Terrace Hill Club and Kin, and the Girls' Military Club of Burford, have each agreed to furnish one bedroom. With the exception of two bedrooms, every room in the building has now been spoken for, and within the next two weeks the building will be ready for occupation.

TOWNSHIP COUNCIL. A special meeting of the Township Council will be held in the Township House this evening when the township engineer's report on the location of the Parkdale drain will be considered and authorization given for the work to be proceeded with immediately.

SIGN PLEDGE CARDS. Commencing on Tuesday of next week, workers from the various women's patriotic organizations of the city will visit every home in the city and distribute pledge cards to the householders, requesting them to sign the pledge, to observe the regulations of the food controller, two meatless days a week, and endeavor to use substitutes for wheat flour, as much as possible. One card will be retained by the housekeeper and the other will be forwarded to the government.

THIRTY MONTHS. A despatch from Hamilton says: "John Burns of Brantford, who pleaded guilty to forging A. C. Cooper's name to a check for \$5, was sentenced to two and a half years in prison to-day. Minister J. E. Keefe said Burns had been convicted before of forgery, that he was married to two women, both of whom are still living, in addition, was a deserter from the United States navy."

XMAS STOCKINGS. The Women's Patriotic League of the city are planning to send 1500 Christmas stockings overseas to wounded Canadian soldiers. Sixty thousand stockings will be required for the wounded Canadian troops in England and France, and Brantford ladies are anxious to contribute 1,500 of this number. The stockings will be made in the rooms in the Y. M. C. A., distributed to the women of the city to be filled, and then collected and forwarded.

TO PLAY HERE. The 20th Century Club of Hamilton, who played the D. S. P. team here on Saturday for thirteen innings of the best baseball that has been seen by local fans, may play again on Saturday afternoon another game with the D.S.P. Definite word will be received from Hamilton to-night by Harold Kellest, Manager of the local aggregation, who expects a favorable answer.

CIVIL SERVICE EXAMS. The Civil Service Commission of Canada has announced that the general competitive examinations for permanent positions in the inside civil service will be held at various centres throughout Canada during the week beginning November 12th. Twenty clerkships for men and thirty-five positions for women will be available in Subdivision B, of the Third Division. The nearest centre to Brantford, at which the examinations will be held is Hamilton. Other Ontario cities in which examinations are to be held are London, Toronto, Kingston and Ottawa. Further particulars and information may be secured upon application in writing to the secretary of the Civil Service Commission, Ottawa.

LEADERS' CORPS. An enthusiastic organization meeting of the Leaders' Corps of the Y.M.C.A., including members between the ages of fourteen and eighteen, was held last evening. G. Whittaker was elected president and Bruce Kitcher, secretary for the coming year. Four new members of the corps: Douglas Hutton, Gordon Lambert, Russell Bamford and Gordon White were initiated. The initiation method would rival those of the fraternal societies who give their new members a strenuous introduction to their orders. The four boys, however, came through the ordeal in grand style.

The uniforms for the coming season will be white jerseys, with red crests, blue pants, with white stripes down the seams, and white stockings with black stripes.

CITY'S OBJECTIVE FOR CROSS FUND HIGH

Only Toronto and Hamilton Have Given in Excess of \$6,000.00.

CAMPAIGN TO-MORROW Arrangements Completed For Thorough Canvass of Business Section.

Brantford's two-day campaign for the Italian Red Cross, aside from earlier campaigns at Toronto and Hamilton, whose combined total exceeded \$25,000.00 will be waged for a larger objective than any other of the many through Southern and Western Ontario. \$5,000 being the goal set. One of the business men's teams representing the Board of Trade and co-operating organizations, started their canvass of the business section to-day, but the campaign officially opens to-morrow. The business section of the city has been divided into districts, so that the teams will not conflict in their work and to the end that a thorough canvass will be made. The campaign treasurer, Frank W. Bain, at the Royal Bank of Canada, has received several contributions through the mail. First announcement of results of the business men's canvass will be made Saturday, according to President L. Waterson. The Rotary Club is providing automobiles for the use of teams to-day and to-morrow.

Headquarters for the business men's teams is at the Board of Trade Chambers in the Temple Building. "If any supplies—literature, window cards of cloth automobile banners—are needed, these can be obtained at the Board of Trade Chambers," according to Secretary George Hatvel. Merchants are asked to conspicuously display the various advertising window and counter cards which are being distributed to-day. Posters are also being placed on street poles throughout the business section of the city. Literature describing the hardships of General Cadorna's men in their fighting, on the difficult Austrian front, and the pressing needs of the Italian Red Cross is being distributed throughout the residential section, prior to the house to house canvass and "Italian Flag Day" sale of the women workers.

President Mrs. W. C. Livingston announces that through the courtesy of Frank Cook, the store at No. 122 1-2 Dalhousie street, opposite the Market Square, will be the temporary headquarters of the various advertising teams. Here the coin boxes, flags, tags, literature and other supplies can be obtained. The city has been divided into districts with the following convenors appointed by Mrs. W. C. Livingston: North Ward—Mrs. M. Cutcliffe, Mrs. A. T. Jones, Mrs. J. J. Hurley, Central District—Mrs. W. H. Whittaker, Holmedale—Mrs. Davis, Mrs. Pollock, Terrace Hill—Mrs. Oxtoby, East Ward—Mrs. J. T. Fair, Mrs. Raymond, Mrs. Taber, East Ward, north—Mrs. Dodds, South Ward—Mrs. Spence, Mrs. Waterous, East Ward, west—Mrs. Colquhoun, Market and Colborne District—Miss Mitchell, Mrs. Brooke, Eagle Club—Mrs. Gibbs, Mrs. Morrison.

Transportation Committee—Miss Jones, Brant and Dufferin Rifle Clubs of the Daughters of the Empire are co-operating. The "A.R." Club will meet to-morrow night at the Y.M.C.A., its members planning to form teams for the canvassing in the city's shops and manufacturing plants, according to President Charles A. Jarvis. L. Shumway, of the Italian Red Cross Society, will address the meeting.

In Paris. Paris committees for the Italian Red Cross fund, through the treasurer, Mayor C. B. Robinson, announces that already the goal set at the organization meeting Monday last, has been passed in the grants and voluntary subscriptions received. The objective was \$500,000 and has been received up to last night, when Mayor Robinson left for a several days' trip to Montreal.

To-morrow and Saturday are the days scheduled for the Italian Red Cross effort at Paris. Mrs. James Harold, President of the Paris Branch, Canadian Red Cross Society, heads the committee. No campaign will be conducted, but individual subscriptions are urged and various patriotic societies are voting grants to the fund.

It is expected that the goal of \$500,000 will be reached by several hundreds of dollars before Saturday night. Coin boxes where silver offerings can be made have been placed in stores, banks and the post office. No results of the coin boxes sent through the various manufacturing plants have been received thus far.

TESTING WATER. The water pressure this morning varied considerably, due to tests that were made at the waterworks to ascertain the exact amount of water that the different galleries are producing. The tests were made under instructions from Lee and Lee, consulting engineers of Montreal, who wish some information regarding what the different sections are producing.

GRANT TO VETERANS. City Clerk T. J. Moore of Guelph, has written clerk E. F. Leonard, wanting to know if the Brantford City Council has made any grant toward a clubhouse for returned soldiers, and if so, what amount.

Nuptial Notes

McGaw-Wilmet. A quite wedding was solemnized at 1.30 yesterday afternoon, when Dorothy Ellen, the youngest daughter of Mr. and Mrs. Charles H. Wilmet, became the bride of Murray E. McGaw, only son of Mr. and Mrs. James McGaw of this city. The wedding took place at the First Baptist church and the ceremony was performed by Rev. Llewellyn Brown. The bride was becomingly attired in a travelling suit of burgundy broadcloth with hat to match and corsage bouquets of sweet peas and roses. The happy couple left for points East, and upon their return will take up their residence in the city.

McLellan-Taws. Trinity Church, Onondaga, was the scene of a very pretty wedding Wednesday, Sept. 19th, when the Rev. C. L. Mills, B.A., L.T.H., married Isa Pearl Taws, Onondaga, to Mr. John Hamilton McLellan, also of Onondaga. The church was beautifully decorated for the occasion, and filled with guests and friends of the contracting parties. The bride, who was given away by her father, looked charming in a gown of white crepe de chine with hair trimming and tulle veil caught with orange blossoms. Miss Nettie McLellan, sister of the groom, attended the bride while Mr. Clarence Taws supported the groom. Miss Ada D. Edwards, cousin of the bride, played the wedding march "Lohengrin," also during the signing of the register. Messrs. Oscar Matthews and George Ridley, cousins of the contracting parties, acted as best men. After the ceremony, a reception was held at the bride's home, which was tastefully decorated in pink and white asters, and a dejeuner given. The toast to the bride brought felicitous and happy speeches from Messrs. George Simpson, Alfred Taylor, George McLellan, Chas. Atkinson, Ed. Taws, Chas. Edwards, William Wood, Rev. Charles Mills, Wm. Harrison, Mr. George C. White. The happy couple left on the evening train for Montreal, Boston and New York and after their return to this city early next week, they will leave to take up their residence in Vancouver.

Smith-Iles. A very quiet but pretty wedding was solemnized Wednesday evening, Sept. 19, at the home of Mr. and Mrs. F. R. Isles, 22 Park Ave., when their daughter, Alice E., became the wife of H. Adelbert Smith, of Hamilton. The ceremony was performed under the auspices of autumn leaves and asters in the presence of immediate friends and relatives, by the Rev. C. F. Logan, pastor of Colborne St. Methodist church, of which the bride was a member. The bride was given away by her father, and entered the drawing room to the strains of Lohengrin's wedding march, played by Edith Burrill, A.T.C.M. The bride

was attired in white satin, draped with Brussels net, and carried pink and white roses. Immediately after the ceremony, the guests adjourned to the dining-room, which was prettily decorated with autumn leaves and roses, and where a dainty repast was served. Mr. and Mrs. Smith, amidst showers of confetti and good wishes, left on the 7.30 train for Detroit, thence to their home on Barton St., Hamilton. The bride travelled in a royal purple French broadcloth, with hat to match. The young couple were the recipients of many handsome gifts and checks, amongst which was a brass jardiner from Colborne St. choir, of which the bride was an active member, and a silver fruit spoon from the H. H. Bible class. The groom received a cabinet of silver from Armour & Co., Hamilton, where Mr. Smith is assistant superintendent.

LOGAN-MESSECAR. A quiet but very pretty wedding took place, at the residence of Mr. and Mrs. C. L. Messecar, 141 Sherbrooke street, on Tuesday evening, Sept. 18th at 6 o'clock, when their daughter Eva Alice, was united in marriage to Mr. Percy R. Logan of Vancouver, B.C., the son of Mr. and Mrs. Thos. Logan of this city. The ceremony was performed by Rev. W. S. Wright of London, uncle of the bride, assisted by Rev. W. H. Wrixton of Park Baptist church. The wedding march was played by Mr. George C. White. The happy couple left on the evening train for Montreal, Boston and New York and after their return to this city early next week, they will leave to take up their residence in Vancouver.

BOWLING CLOSURE. After a most successful season, the Spedham St. bowling greens will be formally closed this evening. Work will be immediately commenced on the improvement of the grounds and alterations will be made for the accommodation of an extra rink.

PATRIOTIC TOURNEY. A number of rinks from local bowling clubs have been entered in the 10th patriotic bowling tourney, to be held in Hamilton on Saturday. A large list of entries has already been secured from points all over Western Ontario, and a successful tournament is assured.

RECRUIT FOR C.M.R. Another recruit for the C.M.R., Harry B. Smith, a single man, aged eighteen years, was sent down to Hamilton this morning. Several other recruits are expected to be lined up but have not definitely decided to make the trip to on before the medical board of Hamilton.

STOLEN GOODS. Detective Schuyler yesterday afternoon arrested Thomas Aird, Wellington St., on a charge of receiving stolen goods. Aird was bailed out until Friday when he will appear in the police court.

A WARNING. "Among a certain class of people in the city who through carelessness, are neglecting to send their children to school, I am having a lot of trouble," stated Triant Officer Boylan this afternoon. Yesterday six families were involved in truancy cases in the juvenile court, and in each case stiff penalties were imposed. This is the only method by which the evil can be cured, declares Officer Boylan and in the future all cases will be severely prosecuted.

POLICE COURT. Two cases, both involving thefts, were heard in the police court this morning. Jack Ouse, a Colborne St. resident, was charged with the theft of a gold piece, valued at two dollars and a half. The case was laid over until Friday. Taking a fancy to a post and rail fence, fifty yards in length, Paul Opychany, a foreigner calmly adopted it from the farm of D. J. Orr, a resident of local country, and then charged the wood for firewood. This ardent exponent of the thrift movement was fined \$15, the value of the fence, and costs of \$8.75.

LECTURES FOR GIRLS OF B.C.I.

Series of Addresses on Vocations for Young Women Is Planned.

Owing to the enterprise and energy of Miss McNally, teacher of Household Science at the Collegiate Institute, who has recently completed a summer course at Columbia University, New York, last week the girls of her classes had the opportunity of hearing two very interesting addresses. On Wednesday afternoon Miss Georgia Nelles, head of the Bryson Library, Columbia Institute, New York City, spoke to the girls on the subject of "Opportunities for Girls and Women in Library Work." On Friday afternoon Miss Marian Long, head of the department of Interior Decoration and Commercial Advertising, Maryland Institute, Baltimore, Maryland, spoke on "Opportunities in the Field of Art." Miss Long referred to designing, illustrating, costume design, interior decoration, as vocations for women. Both addresses proved most interesting and instructive. At the close of each lecture, the girls of the Household Science Department served a very simple war-time afternoon tea. This social half hour gave the girls an opportunity to meet Misses Nelles and Long personally, and to ask questions. This was the beginning of a series of addresses on vocations for women which is proposed in connection with the Household Science work from time to time during the year; professional women of wide experience in the different vocations open to women will be invited to speak to the girls along the line of their special work.

was attired in white satin, draped with Brussels net, and carried pink and white roses. Immediately after the ceremony, the guests adjourned to the dining-room, which was prettily decorated with autumn leaves and roses, and where a dainty repast was served. Providing U. S. Army With Pocket Bibles

BRITISH EXPERTS HELPING IN BIG TASK OF PUTTING TESTAMENTS IN POCKET OF EVERY AMERICAN SOLDIER AND SAILOR—GOVERNMENT GIVES AID—STORIES FROM BATTLE-FIELDS.

Two British envoys have recently been sent to America on an unusual mission in connection with the preparation of the soldiers' Bibles. They are to tell how the land accomplished the stupendous task of supplying millions of Testaments to the soldiers and sailors of the nations at war.

They also came to aid in the organization of similar movements in America which will place a copy of the New Testament in the hands of every uniformed man in the nation's service. The distribution has already reached hundreds of thousands, with more Bibles going into camps, cantonments and training stations as rapidly as the printing presses can supply them.

With the expert advice of these men to aid them, the American branches of the organizations which they represent are going ahead rapidly with the task of distributing copies of the Scriptures through the army and navy. Officials in Washington, by lending their aid to the movement, have shown significant that they recognize the service that these organizations are performing, just as official England did when her big army was formed.

Organized in 1888, its work has spread to every corner of the globe. Last year 279,341 Bibles, Testaments and tracts were distributed by the mission in the United States alone. The first issue of the Testaments to the army and navy containing the President Wilson's expression of approval was distributed in Philadelphia, Pa., in 1916.

When Mr. Davis began his tour of the army camps in Europe for the Pocket Testament League, a British nobleman supplied all the necessary funds for his salary and expenses. Now Mr. Davis comes to America for similar work, and a Philadelphia business man is providing the money.

This league owes its origin to the inspiration of Mrs. Charles M. Alexander, wife of the evangelist, during the Chapman-Alexander revival in Philadelphia in 1898. Its object was to distribute Testaments to each soldier, sailor and airman, and to carry it and read it. Hundreds of thousands throughout the world have signed this pledge and are keeping it.

The league's work in the armies of England began when the recruits were mobilized for training on Salisbury Plain. In less than a month more than 7000 Testaments had been distributed among the soldiers there. At one of the league's tent headquarters, 300 soldiers were enrolled as Bible readers in ten minutes.

Within the last six months, the league has distributed nearly a half million Testaments for enlisted men in the United States army and navy. Churches are buying them to place in the hands of their members as they enlist. The National Service Commission of the Presbyterians in March has ordered 100,000 for its work among the fighting forces of the nation.

Individuals are buying them by the hundreds and passing them out to men in uniform when they meet on the street, on train, anywhere. Thousands of Testaments are being forwarded to the cantonments where the national army is being prepared.

WORSHIPPERS OF GOD BAAL

British Troops on Tigris Discover "Red Heads", A Strange Race.

Worshippers Take One... The other day there was the report that some of our soldiers on the Tigris had come across a village of Red Heads, writer J. C. Bristow-Noble in the London Globe. They are the last of the Baal worshippers. The men wear red caps, hence their name Red Heads. They also wear red knotted cords around their necks.

The women, who do not veil themselves, and who dress simply in loose fitting garments, are thin and spare, but wonderfully strong. In their homes they wear breaches as well as skirts. There is no wife beating among the Red Heads, but plenty of husband beating. The husbands take their frequent chastisements meekly and patiently. They employ themselves, both the women and the men, in agriculture and beef. They produce a couple of crops—tobacco and durra, the rest of their time is given up to looting the Turks' crops and cattle. Their little whitewashed, low roofed dwellings with small, unglazed, but shuttered windows are divided into three apartments—a kitchen, a guest room, a sleeping room. A few earthenware pots, about five feet in height, and filled with grain and dried fruits, are kept in the guest room, and the guests help themselves.

These as Sanctuary In the centre of every village there is a small circle railed off, and in this space there is planted the special religious emblem, an evergreen oak. In the center of the oak is a cross, the top of which is a Phyladelpia, is executive secretary of the American branch.

When Mr. Davis began his tour of the army camps in Europe for the Pocket Testament League, a British nobleman supplied all the necessary funds for his salary and expenses. Now Mr. Davis comes to America for similar work, and a Philadelphia business man is providing the money.

This league owes its origin to the inspiration of Mrs. Charles M. Alexander, wife of the evangelist, during the Chapman-Alexander revival in Philadelphia in 1898. Its object was to distribute Testaments to each soldier, sailor and airman, and to carry it and read it. Hundreds of thousands throughout the world have signed this pledge and are keeping it.

The league's work in the armies of England began when the recruits were mobilized for training on Salisbury Plain. In less than a month more than 7000 Testaments had been distributed among the soldiers there. At one of the league's tent headquarters, 300 soldiers were enrolled as Bible readers in ten minutes.

Within the last six months, the league has distributed nearly a half million Testaments for enlisted men in the United States army and navy. Churches are buying them to place in the hands of their members as they enlist. The National Service Commission of the Presbyterians in March has ordered 100,000 for its work among the fighting forces of the nation.

Individuals are buying them by the hundreds and passing them out to men in uniform when they meet on the street, on train, anywhere. Thousands of Testaments are being forwarded to the cantonments where the national army is being prepared.

When a baby is born is warmly clothed, placed on a large wooden platter and taken to the priest who, in front of the sacred tree, strips it and says it probably this second for the few Red Heads that now survive, it being said that their numbers have dwindled to a mere 7,000 or 8,000. For the services the priest is given a shoveler from the sheep which it is usual to kill on such occasions and which forms the principal item in the birth feast.

CHARLIE HERZOG Of New Nock Giants Who Has Been Suspended.

At the termination of this preliminary test the jury is taught certain passwords and grips by which they may recognize his brethren, and a red circle is tattooed on his breast. The strange people live on terms of friendship with the whole of their neighbors with the exception of the Turks, whom they hate and treat accordingly.

By Charles Herzog, writer Chicago, Sept. 19.—In the opinion of Dr. George R. Parkin, secretary of the Rhodes scholarship fund, and president of the Royal Colonial Institute of London, the present war is destined to bring about so close an understanding and friendship between Great Britain and the United States that in 10 years the Fourth of July will be an anachronism.

Canadian Pacific Railway. Effective Sunday, Sept. 30th. General change of time will take place. Consular Agents of W. B. Howard, District Passenger Agent, Toronto, Ont., for particulars.

T. D. Andrews of 212 West Mill St., has returned from a meeting of the John Andrews heirs and dependents at Buffalo.

A Look at the New Fall Shoe Models. Is all we ask. We feel sure that you will voice the sentiments of hundreds of others, that Coles Shoe Co. has the shoes. Yes, we have. We believe in being first with "better" footwear as well as first with the new styles.

A more stylish or better lot of footwear can not be seen outside of New York than our new fall lines. Come in and have a try on. COLES SHOE CO. BOTH PHONES, 474. 123 COLBORNE ST.

From Forest to Fireside GOOD furniture doesn't just happen. It is the result of a well-devised and well-executed plan. The reliable manufacturers from whom we buy our stocks plan their furniture from the time the original wood leaves the forest, and from then on the process is one of careful inspection, thorough seasoning, proper fashioning and fitting, and appropriate finishing.

It is a delight to be able to choose the needed pieces from a collection of furniture that is built on a real plan and which has one's unquestioning confidence. It is doubly agreeable to have the feeling that no excess is being paid for the faith itself. People enjoy paying full value for superior things, and those who come here buy with the certain knowledge that they are getting furniture built to a definite ideal, and the best that can be bought for the money.

LEAFS BEAT PICKED TEAM BEFORE BIG CROWD OF FANS

Champion Torontos Had Little Difficulty in Annexing Game Here Yesterday—Boquet For Lajoie

Twelve hundred yearning baseball fans had the time of their lives yesterday afternoon, watching the finished game, in which the French gentleman named Lajoie and his smooth aggregation of diamond bastions hand out a nicely modulated trimming to a composite team from this city and Hamilton, reinforced by Warhop and Justin of the enemy's camp. The champion Leafs of the International League gave the innings of ample proof of their right to that title, putting up throughout the game, a steady, consistent brand of flawless baseball, which never once faltered. A glance at the hit-column might indicate that the locals had hammered the visiting twirlers to good effect, but except for the second inning, Lajoie and Hersche held the bingles, well scattered. What Hersche handed out in a charitable spirit in the eighth of course, excluded.

The line-up of the local team was a cosmopolitan one. In addition to McKelvey, Orcutt and Allen of the Dominion Steel, Jimmy Bradley represented Brantford, while Lammond, McLeod, Gordon and Muir from Hamilton lent their services. The team was strengthened by the addition of Warhop at second, and Justin in right field, from the Leafs. Wagner, of ex-Canadian league fame also made an appearance when he hit—pardon us, he batted—for Bradley in the ninth.

The locals netted away to an early start, bunting four singles in the second, and succeeding in pushing a run across the pan. Business of Leafs laughing in their sleeves. They should worry themselves bald and use Herpicde. They simply went on with their consistent brand of play, not so spectacular as that staged in places by the home performers, throughout 110 per cent. reliable and certain.

Came the fifth. "Sicem, boys," said Larry, and it was done. Tuesday first at bat, singled. Allen, rattled, walked Jacobson, his first in the game. Whitman drove out the clean drive, and Lajoie and Schultz stung the pill each in turn for a twy ply clout. Four runs crossed the pan, and the game was as good as settled. "Bugs" Hersche took the first renewal as the clown of the international circuit, replaced Al Leake in the box in the seventh, while Hatter, Muir likewise succeeded Smoky Joe Allen. In the eighth inning, Hersche proceeded to amuse the eminent Rube Waddell, teasing the locals into hopes of tying the score. After disposing of the two first men to face him, Lajoie and Lammond each hit safely. Hersche then proceeded to shove two runs across the plate, handing free transportation to Warhop, Justin and Gordon in turn. He dashed the hopes of the team by holding them safe in the ninth. McLeod hit safely, but expired on first. The score: Leafs Take Two.

Scoreboard table showing runs, hits, errors, and fielding percentages for both teams.

While the oil refining capacity of the country, Mr. Bedford stated, is greater than the present demand, the United States is consuming crude oil at the rate of over 400,000,000 barrels a year, while the annual production in this country amounts to 321,900,000 barrels. There was in storage in the United States on July 1, however, 164,590,942 barrels of petroleum.

POST-SERIES GAMES WITH INDIANAPOLIS

Six Games Have Been Arranged, Last Three in Toronto.

TO OPEN ON TUESDAY

Murray and Bedford Have Been Appointed the Umpires.

Toronto, Sept. 20.—Manager Larry Lajoie of the Leafs last night completed arrangements whereby the Leafs and the champion Indianapolis Club will meet in a series of home-and-home games for the championship of the Class AA League, both clubs having won their respective leagues.

The first three games of the series will be played in Toronto, on next Tuesday, Wednesday and Thursday. The teams will then go to Indianapolis, where they play Saturday, Sunday and Monday. Should a seventh game be necessary to decide the championship the teams will play it at Indianapolis. The series has been arranged by the players, the Toronto club turning the proposition over to the local players some time ago.

Manager Jack Hendricks of the Indianapolis Club hired Manager Lajoie that he was sending on his pitcher last night to Toronto, while the other members of the team will leave on Sunday. "Cosy" Dolan, who used to play third base for Rochester, is a member of Indianapolis team, as is Derrick, the former Orioles shortstop, second basemen Steve Yerkes, who played for Jersey City a number of seasons ago, and then became a member of the Federals, as with the Hoosiers, as is catcher Schanz, a brother of Wally Schang, former Bison catcher. Big Cy Palkenberg, a former Leaf, is one of their pitchers, while some of the others are: Dawson, Northrop, Williams, Kanteher and Dale, who was secured from Cincinnati.

The umpires for the series will be Umpire Jim Murray, the former international umpire, who worked this year in the American Association, and Umpire Bedford, who is now with the Leafs on their tour.

This will be second time the champions of the two leagues have met in a post series, the last occasion being in 1907, when the Leafs beat Columbus in the play-off.

In addition to the interest which always goes with such games, there is no doubt, but a little missionary work is being done by the powers that be, as both Indianapolis and Toronto have been mentioned as members of the proposed third major league. The coming series will therefore be watched with more than ordinary interest by the baseball moguls.

The Leafs will play in Guelph today, in St. Thomas Friday and in London on Saturday. They will play five home games Saturday night. Shortstop Murray will not be brought back for the series, which means Thompson will play right field.

Sporting Comment

"The Iron Man Club"

Back in the days of 1904 and 1905 when McGinley was winning his first pennants in New York, Joe McGinley, who with Christy Mathewson bore the brunt of the Giants' pitching burden, was the man who first attracted attention by pitching double headers. In the older days of the sport, double-headers was as common as it is to-day. There were, of course, pitchers who twirled double-headers before the honorable Joseph did, but Joe was the first pitcher who made a business of pitching in both halves of bargain bills.

A big, husky fellow, strong as an ox, McGinley would just get on top of the end of the first game, and it was no trouble for him to boom through the second. He enjoyed the notoriety that went with his title of "the Iron Man," and to the end of his career he lived up to it. As late as last season Joe was turning in double-headers for his team in the Northwestern League. It would be of interest to the fans should anyone be able to make a table of all the double-headers McGinley has pitched, both in the majors and minors.

Though there were pitchers in the past who got in more games a season than did McGinley in 1904 and 1905, to all intents and purposes he is the original "Iron Man." Ever since McGinley has disappeared from the big league trail, pitching a double-header has been known as "doing a McGinley" or "the Iron Man" act.

Following the disappearance of Joseph, so-called "Iron Man" stunts were rare in the big leagues until the custom was revived with considerable frequency during the last two seasons. There were desultory Iron Man stunts enacted in the period between the McGinley era and 1915, the most notable one being a double-header pitched by Ed Reulbach while a member of the Cubs in Brooklyn on Sept. 24th, 1908.

It took place just three days after the famous Merkle failure to touch second, and the Cubs were steadily every point to get down what remained of New York's lead. Reulbach turned in the first game, 6 to 0, and went so well that Chance asked him to try it again. Reulbach still had his left leg hopping over the plate to the complete mystification of the Brooklyn batters, and he won another shut out, 9 to 0. This is the only double victory in the records of the big leagues where a pitcher has pitched in two games in a day in the major leagues.

The double-header habit was revived in St. Louis last season by big Dave Davenport of the Browns. On July 25, he pitched in two games, the scores of 13 to 3 and 3 to 2. This was the first double victory of the big Yankee smash. The Yankee left fielder second baseman tried three games over the week-end in 1916, and all three were shut-outs. The Yankees' first game straight in the series were "tumbled" from the top, while Caldwell progressed again, and was suspended for ten days, and then in the rest of the season. It will take the Yanks a long time to forget that series which started with Davenport's double victory.

Davenport's Great Stunt. Big Dave permitted only 9 hits in the 18 innings, four in the first game and 5 in the second. Davenport delivered a two-bagger in the second game which drove in two runs, winning the game for St. Louis. How, on each of his other five times up big Dave fanned.

Davenport having started the ball rolling, other pitchers were anxious to try it. Dick Rudolph, the Bronx boy who pitched for the Braves, was the first to imitate Joe McGinley. On Sept. 19, when the Braves were half a step behind the Dodgers, Rudolph shut out the Cubs in Boston by a score of 1 to 0, defeating young Carter. He also pitched nine innings of the second game, when he retired in the ninth inning in favor of a pinch hitter. The game resulted in a 14-inning 3-3 tie.

On the next day, Sept. 18, Ed Reulbach pitched 12 innings of an other double-header. He started the first game but was relieved by Tyler in the fifth inning. In the second game Jess Barnes was knocked out in the first inning and Reulbach went to his rescue with only one out, and then pitched practically the complete game. Boston won both ends of the

double-header by scores of 7 to 3 and 11 to 5. Epidemic of Doubles. After that there was an epidemic of double-header pitching on the Polo Grounds. On Sept. 6, Rube Benton took two whacks at the Dodgers. He was the first Giant pitcher to fry the Iron Man since Joe McGinley left the club. Rube won the decision over Larry Cheney, 6 to 1, and then Marquard took his measure by a score of 2 to 1.

It was the last defeat the Giants met before they embarked on their famous 26 straight drive. By holding Brooklyn to an even break this day, the Giants enabled Philadelphia to get back in the end. Benton permitted only four hits in the first game, but Brooklyn found him a little easier in the second, when he was fanned for ten.

Phil Peritt was a jealous cuss, he didn't want any left-hander to have anything on him, so the next Saturday Polly became an iron man. On Sept. 9, he subdued the Phillies in two games by scores of 3 to 1 and 4 to 0. Demaree was his opponent in the first game and Bender in the second. This double defeat knocked the Phillies from the top of the roost, and with the exception of a few hours on Sept. 20, when they over the morning game in Brooklyn, they never recovered that lead. Peritt's two victories were the third and fourth links of the 26 straight winning streak.

Record Crowd. Peritt's double victory was a great day for the National Exhibition company. The crowd which saw it exceeded 28,000, and according to a statement by President Hemstead, more money was taken in that one day than in any other league game in the history of the club, had the grounds been so completely sold-out.

MONTREAL MAIL SUSPENDS ISSUE

Financial Difficulties Cause Discontinuance of Independent Journal.

By Courier Lensed Wire. Montreal, Sept. 20.—The Daily Mail has ceased publication after an uphill fight against financial difficulties. There was no issue of the Daily Mail yesterday morning, and Mr. M. E. Nichols, president and managing director of the Daily Mail Company, refused to say whether publication would be resumed or not. He would not make any statement on the financial troubles, one of them being that a syndicate of local Liberals have been negotiating for its purchase. However, it is said this deal has been halted.

Children Cry FOR FLETCHER'S CASTORIA

EIGHT GROUNDS FOR EXEMPTION

Application For Ready Soon—How New Soldiers Will Report for Duty.

Ottawa, Sept. 20.—Exemptions from service under the military service act may be claimed on eight separate grounds. The forms of application which will be available at postoffices throughout the Dominion in the course of a few days, make this clear. The grounds are:

- (1)—The importance of continuing employment in habitual occupation. (2)—Importance of continuing employment as one for which he is specially qualified. (3)—Importance of continuing education or training. (4)—Serious hardship owing to exceptional financial obligations. (5)—Serious hardship owing to exceptional business obligations. (6)—Serious hardship owing to exceptional domestic position. (7)—Ill health or infirmity. (8)—Adherence to religious denomination, of which the articles of faith forbid combatant service.

The form is drafted much after the style of ballot paper. The applicant for exemption is required to place a cross opposite the ground on which the claim is made. His case will then go to the local tribunal, to which proof in support will be submitted.

Application for exemption may be made not only by the man himself but by his employer or a near relative. In Great Britain claims for exemption on the ground of a man being indispensable in his civil occupation are generally made by the employer, who appeals to the tribunal on behalf of his men. It is felt that such a claim can best be made by the employer. In any event, a man claiming essential occupation would need to have the support of his employer to his claim.

The forms of military report are equally simple. These will be used by men who do not wish to claim exemption. They avoid the necessity of reporting in person until such time as a recruit is called up for service. The declaration reads: "I hereby report myself for military service. I will report myself for duty when called upon by notice mailed to me at—"

Blanks follow for the name and address of the recruit, his status whether a bachelor or a widower, his present occupation, and the name and address of his employer. Both classes of forms are now in the hands of the printer, and will be distributed as soon as they are available.

QUARTER MILLION DAMAGE BY FIRE

By Courier Lensed Wire. Brantford, Sept. 20.—Two firemen were injured and two others are believed to have lost their lives in a fire which destroyed five large buildings in the downtown district here last night, causing a loss estimated at \$150,000. The two missing men are thought to have been trapped by the collapse of the roof of a chemical laboratory.

Towards The Goal

By Mrs. Humphrey Ward. with a preface by the Hon. Theodore Roosevelt. "England has in this war reached a height of achievement loftier than that which she attained in the struggle with Napoleon, and she has reached that height in a far shorter period. Her giant effort, crowned with a success as wonderful as the effort itself, is worthily described by the author of this book. Mrs. Ward writes nobly on a noble theme." Theodore Roosevelt.

Deplore Delay in City Council's Action To Fight H. C. of L.

OTHER DISCUSSION  
 Appointment To Military Service Tribunal Is Opposed.

"That this council respectively object to the Minister of Justice and Judge Hardy, on behalf of organized labor to the appointment of Magistrate Livingston as a member of any exemption board under the Military Service Act, before whom working men will have to appear for exemption from military service."  
 Without a dissenting vote (this resolution, expressing the attitude of the Trades and Labor Council toward the appointment of Magistrate Livingston to one of the exemption tribunals, was passed at a meeting of that body, held in the Labor Temple last night.

Delegate Kyte, in support of the resolution which he moved, said that the workmen of the city thought that Magistrate Livingston was not fair in his treatment of them, and organized labor. The latest instance was the fine that His Worship had imposed on Mike Koenig, one of the strikers involved in the recent Mal-leable Iron Works' strike. This striker, a foreigner, had been fined \$100 and upon appeal this penalty had been reduced to \$25 by His Honor Judge Hardy. During the Buck strike, the strikers had also received unfair treatment.

"It seems manifest that there is a strong objection from a part of the laboring class of the city to the appointment of Magistrate Livingston. Whether this objection is well founded or not, it is of sufficient importance to influence those responsible for the appointment," declared delegate Keen.  
 He thought that the more lenient judgment of Judge Hardy, in the Koenig case would indicate that Magistrate Livingston was not qualified to act on a board where sound judgment was requisite. He thought that the appointment should be rescinded.

A reply to the resolution calling for labor representation on the exemption tribunals that had been forwarded to Premier Borden, was reported by Delegate Keen. The resolution had been referred to W. A. Boys, of the committee appointed by the House of Commons, to deal with the appointment of appeal tribunals.  
 Mr. Boys requested the name of a well qualified man to act. The executive of the Trades and Labor now have this matter in hand.

**Stander Case**  
 A meeting of the special committee appointed to investigate the recent police court case in which an interpreter was the defendant, reported by Chairman Geo. Keen, of the committee. Some evidence had been gone through, but more meetings would be held before the investigation was concluded.

**The Fuel and Food Meeting**  
 Was the Trades and Labor Council invited to send delegates to the fuel and food meeting held on Monday night? And if not, why not? These were the questions asked by Delegate Kyte, who stated that from appearances, the appointment of the fuel and food committee, had been appointed to overshadow the high cost of living committee and make its services useless.  
 Delegate Keen thought that possibly there was some truth in the suggested allegations of the previous speaker. The method of the meeting adopted in calling the meeting on Monday night and the significant fact that the T. and L. council had been ignored, gave the movement a suspiciously political aspect.  
 "The whole business is involved in a great deal of talk, but will probably end in smoke; it is apparently being done more for effect than to accomplish anything," continued Delegate Keen.

He cited instances in other cities where the city council had established municipal coal yards. Winter was approaching, and the need for immediate action was imperative. The action of the local city council was seemingly to serve two purposes, political ends and to sidetrack the entire business.  
 The proper procedure, advised Delegate Keen, was to ignore the fuel and food committee. The proper authority was the city council. If Ald. MacEbride wanted a meeting of workmen to pay homage to him and if they were willing to do so, there could be no objection, but he personally advocated exerting pressure on the city council.  
 It would lower the dignity of the T. and L. to ask for representation on the committee, said Delegate Kyte.

President Stinchcombe suggested that the delegates could attend the fuel and food meeting as private citizens, but this suggestion was not adopted.  
 There was some further discussion when the following resolution was passed, on the principal of "hair a leaf is better than none":  
 "Resolved that while this council regards the action proposed to be taken as inadequate to meet the situation and deplores the long delay on the part of the city council in dealing with the question, this council is of the opinion that the proposed fuel by-law is a step in the right direction and strongly urges its enactment."

J. T. Whitaker  
 President Stinchcombe brought to the attention of the council a com-

plaint that had been mentioned to him against J. T. Whitaker, of the waterworks department, accepting the appointment as poll tax collector. Nothing was done.  
**F. L. Party**  
 On behalf of the Independent Labor party, Delegate Keen asked for a final declaration of the attitude of the T. and L. towards this political body. The party expected to put forward a candidate, and it was expected that he would be returned.  
 The council passed a resolution endorsing the F. L. party, and urging the various local unions to give the party its moral and financial support.

**GERMANY LOSING 1250 MEN DAILY**  
 Heavy Losses Cited by Dr. Mathias Erzberger in Peace Argument.  
 By Courier Special Wire  
 New York, Sept. 19.—The Evening Sun publishes the following: Geneva, Sept. 19.—Germany is losing 1,250 daily in killed, according to a dispatch from Germany, quoting Dr. Mathias Erzberger, leader of the Clerical party.  
 Dr. Erzberger, who is leader of the majority peace block in the Reichstag, is using heavy German losses as one of his most potent peace arguments.

**For All We Have and Are—**

To-night—under the wide canopy of Heaven, trenched in a line from the North Sea to Switzerland, pacing decks of ships, peering into darkness, that holds perils such as God's omnipotence never formed, millions of men are braving death for us.

Not one among whom but holds some woman dear (even though she be only the Dream Woman of his finer moments).

And with thoughts of "her" comes that other thought of the German Michael loosed upon the earth.

Do you wonder why our men fight hard?

Women's Auxiliary, Organization of Resources Committee, in Co-operation with The Hon. W. J. Hanna, Food Controller.

Think, then, of what a privilege it is for us women to help send sufficient of the right kinds of food for the bodies of such great souls.

Think of this and then ask yourself whether you will forbear to substitute other foods for the white bread, beef and bacon you and your family now consume; and, in addition, prevent the waste of a single ounce of food in your home.

Your service of sacrifice is so small. The result will be so great—you surely cannot refuse.

**Practical Housekeeping Hints**

**HOW TO USE LEFT-OVERS**  
 European housewives are noted for knowing how to combine left-overs in such a way as to make most savory and nourishing dishes; indeed, it is a common saying that a European family can live on what the average family in this country throws away.  
 Every scrap of food left over from a meal can be used in some way. Learn to save money by avoiding waste.  
 If possible, buy for more than just one meal at a time; in other words, when buying plan to have something left over for another meal, particularly where the cooking takes a long time or where the food can be reheated to advantage. This will save you time, labour, fuel and money.  
**LEFT-OVER MEAT**—Left-over beef, lamb, mutton and veal are excellent for hash, scalloped dishes, croquettes, a loaf, and salads. Left-over beef, lamb or mutton makes excellent stews, with the addition

of any left-over vegetables. Any left-over meat, vegetables and gravy can be used to make a meat pie. A left-over ham bone will greatly improve the flavour of pea or bean soup. Any kind of cold meat can be chopped and used in an omelet, or combined with rice and tomatoes, used for scalloped dishes.  
**LEFT-OVER VEGETABLES**—Vegetables are not hurt by reheating. Left-over vegetables can be used for flavouring in soups, for making cream soups, scalloped dishes, vegetable hash, filling for an omelet, and for salads. The leaves of celery and any left-over parsley are valuable in the soup pot for flavouring. They can be dried out in a lukewarm oven and kept in a covered jar until needed. The celery roots can be saved for soup stock, and the water in which stewed celery has been cooked can be saved and used for cream of celery soup. The tops of summer beets and turnips, and the outer leaves of lettuce can each be cooked as spinach. They make excellent greens.

**STALE BREAD**—Small bits of stale bread can be slowly dried in the oven until crisp and brittle, then ground in a meat chopper and rolled. These bread crumbs should be kept in a covered jar, and can be used for frying croquettes, etc. Larger pieces of stale bread may be eaten with soup in place of crackers, or used to make croutons for soup. (Croutons are little squares of bread fried in fat. They are usually served with pea, bean and cream soups.) Small pieces and broken slices of stale bread may be used for stuffing, for griddle cakes, bread omelet and puddings.

**SOUP MILK OR CREAM**—No sour milk or cream should be wasted. Put it into an earthen or glass jar, little by little, until you have half a cup or a cupful. As soon as it thickens, use it for cottage cheese, griddle cakes, or biscuits, cornbread or gingerbread.

**Serve Our Heroes—Sign and Live Up to Your Food Service Pledge**

**POLICEMAN LOST HIS LIFE IN RIOT**  
 Oposing Factions in Primary Election Clashed in Philadelphia.  
 By Courier Special Wire  
 Philadelphia, Sept. 20.—A riot today in the Fifth Ward of this city, where two factions of the republican party are bitterly fighting for control, resulted in the killing of a policeman and the wounding of several other political workers.  
 George Eppley, a policeman, was shot dead and James A. Garay, a city official and a leader of one of the factions, was injured and sent to a hospital. Elections are being held throughout Pennsylvania for local offices.

**Daily Courier Recipe Column**  
**RUSSIAN CREAM**  
 Four eggs, 1 cup sugar, 1 quart milk, 1-2 box of gelatine dissolved in 1-2 pint of water.  
 Beat the yolks of the eggs and sugar together and cook with the milk like custard; take this from the stove and add the well-beaten whites of the eggs, stirring rapidly for a few minutes, then add the gelatine extract, pour into a pretty shaped dish to harden, when ready to serve, turn out on small platter; make this the day before you use it. Half the quantity is enough for two or three persons.  
**CARAMEL PIE**  
 Two eggs, 1 cup sugar, 1-2 cup butter, 1-2 cup milk, 1 teaspoonful cream tartar, 1-2 teaspoonful soda, 1 cup boiling water.  
 Stir a part of the flour in with the eggs, sift cream of tartar in flour, dissolve soda in water. This when properly made is fine and makes nice chilly roll or layer cake.

**Rippling Rhymes**  
 W. J. B. Hyatt, chief clerk in the Winnipeg License Department, was arrested on three warrants charging him with theft of money from his employers.  
 The C.P.R. is hauling this year's wheat crop out of Saskatchewan at the rate of about 200 cars a day, according to officials of the company.

**SELF PRAISE**  
 I may be loaded down with merit, but I am foolish to declare it. If I go forth my worth expounding, and boast it in tones resonating, my friends will mutter, soon or later, "He is a fourth rate selling plaster."  
 His doubt or thought is stuffed with sawdust; the worth while man is always modest. I often catch myself beginning to boast myself in language winning; I tell of big things I'm achieving, of how competitors I'm leaving away back yonder in the distance; I tell how I, without assistance, climb upward from the slum and gutter to heights too wonderful to utter. I throw myself all kinds of lilies, then find my hearers have the wiles. They look as though they'd like to stake me to some secluded spot and shake me. Then mortified, humiliated, by self-disgust and anguish weighted, I fade away, and while I'm going I wonder why I do such boasting. The most of us are self-boasting; the most of us are off forgetting that it is foolish to unfold them, and flout them where all men behold them.

# COURIER "Classified" Advertising Pays

## Reputation of Canadians at Front is High One

**From All Sides Is Heard Praise For Resourcefulness and Bravery of Lads From the Dominion—Specific Examples.**

London, Sept. 20.—From all sides, both in England and France, one hears the resourcefulness, moral determination and general fighting qualities of the Canadian spoken of in the highest terms. Two years ago Canadians earned the reputation of being the keenest and best all round troops fighting in Europe.

At that time our force was directed almost entirely by Imperial officers, and much of the credit for the splendid work was due to the staff. As recently as a year ago, nearly all the superior staff were Imperial officers. There were 31 such officers on the staff of the Canadian corps, which was commanded by an eminent British officer, who to-day commands an Imperial division.

The Canadian generals thoroughly appreciated the work of the British staff officers, and could not have succeeded as they did without them. There was a feeling among our leaders, however, that Canadian officers had the ability and needed only training. This they have now received. Intelligence is not more remarkable than the instruction of the staff officers, and the success of the Canadian staff officers in making war has been a fact that after less than three years of credit has been abundantly demonstrated, and army corps led and staffed by Canadians, which is held by the highest authorities in France to be second to none. We have not only produced the best men, we have not only produced leaders; our leaders measure up with the best. There are only eight Imperial staff officers with the Canadian army corps to-day.

The aptitude of Canadians for army operations has been such as to single out many officers for special attention by the British authorities. The case of Col. C. H. Mitchell, C.M.G., D.S.O., Legion of Honour and Order of Leopold, a Toronto University graduate, now staff officer of the highest grade with an army, is particularly interesting. Colonel Mitchell's specialty is "Intelligence." This is to say that he deals with the intentions, movements, condition, etc., of the enemy. The success of our operations depend largely upon the efficiency of our intelligence work. Intelligence is gained by every possible and many apparently impossible means. The exception of a few crowded scenes; the only one who appears in the picture was eight months in the making and more than 1,000 people were used in its scene—the burning of a town. For this modern town with more than 200 buildings was built just to have the torch applied to it.

The cast includes Brandon Tynan, Regina Wallace, Ernest Anderson, Harry D. Southard, Eddie, Heron, Louie, Edna, Helen, Edna, Isabelle Winlock, Edwin Caldwell, Joseph Lawrence, Thomas Wall and Edward Broadly.

## FAMILY DOCTOR'S GOOD ADVICE

**To Go On Taking "Fruit-a-lives" Because They Did Her Good**

Rochester, P. Q., Jan. 14th, 1915.

I suffered for many years with terrible indigestion and constipation. I had frequent dizzy spells and became greatly run down. A neighbor advised me to try "Fruit-a-lives". I did so and to the surprise of my doctor, I began to improve, and he advised me to go on with "Fruit-a-lives".

I consider that I owe my life to "Fruit-a-lives" and I want to say to those who suffer from indigestion, constipation or headaches—try Fruit-a-lives and you will get well". CORINE GAUDREAU.

Box a box, 6 for \$2.50, trial size, 25c. At all dealers or sent postpaid by Fruit-a-lives Limited, Ottawa.

By Courier Leased Wire British headquarter Associated Press) includes one of the mainstays in this bitter fighting of their drive, which has wooded elevations and such dominating position nearly impregnable and them witness to the bear witness to the crucial section as Anzac, which lies in the Nuns Wood area as Polygon Wood. forward to Polygon they were forced to great difficulties to conditions. Nuns Wood and a little further Inverness Cope, of Inverness is an open here on the Flix and concrete redoubt part of Glencorse W.

Below Inverness at Shrewbury Forest in which lies near Holles many other little fort through this section, in marshy ground, which is a heavy burden wrought by the Between Hollebeke Lys, the country is most and is dominated by North of Ypres-Roubaix country presents the of from marshy ground, are a few wooded trees, a few British began tillery preparation work calibre about a week continued with unbroken to-day. Counting better ed in a large number, be silent, and re-vauntion drums near blown to by shell fire front over which the be made was searched explosives, and as an caution the British fighting down a heavy in one place and then sweeping the whole them.

The German grand had been silent but comparatively weak, lery preparation by vital. If there was success, for this from knew that their infantry that would try their fullest. In previous hole warfare position men in this zone grave embarrassment by a bombardment conducted, that concealed notions, that the Germans known that an offensive prepared, but it amounts by prisoners much doubt as to where the British were the past fortnight. German has been although they use every effort to imitations since the off
