

VOL. 24 NO. 4.

BRITAIN SHOWS HER SINCERITY

**BUILDING OF GREAT BATTLE
SHIPS DELAYED PENDING
COMING CONFERENCE.**

LONDON, March 5.—A statement of the naval estimates for 1907-8, presented to Parliament last night, introduced quite a novel feature, for it makes the construction of battleships during the coming year dependent in a measure upon the decisions reached at its next conference held at the Hague. The new construction, estimated at £20,500,000, against £46,175,000 for 1906-7, Lord Tweedmouth, First Lord of the Admiralty, says, will include two or, unless an understanding be reached between the naval powers is reached at the Hague conference, three large and one fast unarmored cruiser, five torpedo boat destroyers, 12 torpedo boats and 12 submarines also are provided for.

TOWN FLIGHT TAKES SEVERAL STEPS

**THE BEST IN THE
THE MOST IMPORTANT**

The most valuable part of the town is the one which is to be preserved. The town is to be preserved in its original form, and the most important part of the town is the one which is to be preserved. The town is to be preserved in its original form, and the most important part of the town is the one which is to be preserved.

HEWARD WANTS COURT.

Deputation Waits on Government to Ask That Town Be Made Judicial Centre.

HEWARD, March 5.—Prompted by a spirit of ambition the Board of Trade has sent a deputation to wait on the ministry of the Local Legislature to see if the court centre of the new judicial district cannot be brought to Heward.

WINS IN BUCKET SHOP FIGHT.

Minneapolis Chamber of Commerce Upheld in Grain Quotation Suit.

MINNEAPOLIS, March 5.—Property rights in grain quotations of the State Supreme court handed down today in the case of the Chamber of Commerce v. the State. The court decided that the chamber is not a member of the exchange but a dealer in grain.

Abuse of the Stars and Stripes.

WASHINGTON, March 5.—The Supreme Court of the United States decided today that States could pass laws prohibiting the use of the national flag for advertising purposes.

Russian Commandant Assassinated.

KRASNOYARSK, Siberia, March 4.—The town commandant was shot and killed on the streets. His assassin escaped.

EXPRESS CRASHES INTO FREIGHT

**BOTH ENGINES WRECKED BY
THE IMPACT AND SEVERAL
PASSENGERS INJURED.**

WINNIPEG, March 5.—The G.T.R. express for Montreal, leaving here at 9 o'clock this morning, crashed into a stalled freight train, resulting in a dozen passengers being injured. Both engines were completely wrecked by the force of the impact.

ARCHDEACON VINCENT DEAD

**SUCCESSOR TO EXTREME OLD
ON JAN. 26 AND WAS
BURIED JAN. 31.**

Special to The Leader. WINNIPEG, March 5.—Word was received this morning through the National Trust Company by a letter from the Rev. H. V. Broughton, assistant missionary of the Church of the Holy Spirit, that the Rev. Archdeacon Vincent, D.D., died on January 26 at his home in London.

A MONSTER NUGGET.

Rich Find in the Nipissing Mine at Cobalt.

COBALT, Ont., March 5.—The largest and most valuable nugget yet found in the history of the Cobalt camp has been taken from Shaft No. 26 of the Nipissing mine. It weighs 26 1/2 ounces and is estimated to be 60 per cent silver.

BRITISH NAVAL ESTIMATES

**TWO-POWER STANDARD WILL BE
MAINTAINED IN PROPOSED
PROGRAMME.**

LONDON, March 5.—In introducing the navy estimates in the House of Commons today, Mr. Robertson, Parliamentary Secretary of the Admiralty, said he believed that the two-power standard would be maintained by the proposed programme of construction.

Wrecked by Explosion of Powder.

POTTSVILLE, Pa., March 5.—By an explosion of powder at Richard's colliery at Mount Carmel today, the large powder magazine was blown up, and three persons were injured.

New Governor of Porto Rico.

WASHINGTON, March 5.—Regis Henry Post, of Bayport, La., a former Assemblyman from that district, has been selected by the President as Governor of the Island of Porto Rico, to succeed Governor Winthrop.

TWENTY-FIVE FEET OF SNOW AND ICE

**B.S. & H.R. RY. TRAIN HAS A
TERRIBLE JOURNEY FROM
NORTH DAKOTA.**

BRANDON, March 5.—The Brandon, Saskatchewan and Hudson's Bay Railway from St. John's to this city, as it is called, after being snowed under for several weeks. Two big engines and a rotary plow reached Brandon at 1:30 yesterday afternoon, being a little over a week since they left St. John's, N. B.

OUTWITTED FELLOW EMPLOYEE.

Dishonest Winnipeg Clerk's Clever Ruse to Rob His Employer.

WINNIPEG, March 5.—Denying that he stole a pair of boots from the department store where he was employed, John Green was this morning convicted of theft by Magistrate McKen at the police court and fined \$10 and costs.

CAPITALISTS AND WESTERN CANADA

**OLD COUNTRY MONIED MEN
HAVE THEIR EYES TURNED
THIS WAY.**

WINNIPEG, March 5.—Mr. L. Verhoeven, financial and real estate broker, of 283 Garry street, here, is the man to whom the eyes of many capitalists are turned.

IRENE COLE MURDER CASE.

Drummond, Who Committed Perjury, Re-Sentenced to Same Term.

BRANTFORD, Ont., March 5.—Joseph C. Drummond, who committed perjury in defense of Kennedy in his trial in 1905 for the murder of Irene Cole in this city, and who was granted a new trial on a technicality, was sentenced to the same term as before.

GENERAL BOOTH IN N. Y.

Reached the City Today on His Way to Japan.

NEW YORK, March 5.—Gen. Wm. Booth, leader of the Salvation Army, arrived in this city today on the steamer Minneapolis from London.

Speed Not to Exceed 45 Miles an Hour in Electric Zone.

NEW YORK, March 5.—The management of the New York Central Railway today issued an order to all trainmen that hereafter trains with electric power shall not exceed 45 miles an hour on straight track and not more than 35 miles on curves.

LIBERAL HOPES RISING HIGHER IN MANITOBA

**MEANS OVERTHROW OF ROBE
LIN GOVERNMENT.**

Both Parties Making Final Preparations for the Battle of Ballots.—Dirty Tactics—Prominent Liberal's Prediction.

Special to The Leader. WINNIPEG, March 5.—Although the general elections are only one week off, and a good deal of uncertainty naturally prevails, the Liberals are still confident of carrying the province on an even break in Winnipeg, they are almost sure to win, as the feeling in the country against the Government is much stronger than in Winnipeg.

LOOKING TO CANADA.

Writing from Minneapolis, Minn., to the Morning Leader, George Innes, president of the Central Investment Co., Ltd., says: "Notwithstanding the adverse advertising that has been done in many places during the winter through January, there are more people looking to the North-West for a place to make their home than there has been in any year of the six or seven years since the immigration business to Canada."

WATER FAMINE IN MONTREAL

ACCIDENT TO A 12,000,000 PUMP CAUSES A SCARCITY IN THE SUPPLY.

Special to The Leader. MONTREAL, March 5.—After having only partially recovered from the breakdown of a 12,000,000-gallon pump, the city is suffering from a water famine. The pump, which is used for the supply of water to the city, broke down yesterday.

WOMAN IN QUARANTINE.

Case of Smallpox on Board an Allan Liner.

HALIFAX, March 5.—When the Allan liner Pomeranian arrived from England yesterday a case of smallpox was found in the steerage and all the steerage passengers were landed at quarantine.

WOULD NOT NOTICE BABY.

American Woman Sees Her Canadian Husband for Divorce.

ST. LOUIS, March 5.—Mrs. Teresa E. Dwyer, in her petition for divorce filed in the Circuit Court alleges that her husband, who is a Canadian doctor, caused her much annoyance because he "ran down everything American."

Miner's Narrow Escape.

CORRAL, Ont., March 5.—J. A. Curry, a miner working in the Clear Lake property here, had a narrow escape yesterday. He had placed a shot in the bottom of a sixty-foot shaft and had given the signal to start.

TIME LIMIT FOR N.Y.C. TRAINS.

NEW YORK, March 5.—The management of the New York Central Railway today issued an order to all trainmen that hereafter trains with electric power shall not exceed 45 miles an hour on straight track and not more than 35 miles on curves.

JAPANESE IN THE UNITED STATES

**THE NICHU NICHU AROUSED OVER
PROPOSAL TO LIMIT ALIENS
OWNERSHIP OF LAND.**

TOKYO, March 5.—The Nichu Nichu in a leader this morning protests against the "persistent determination of the people of California to persecute and exclude Japanese from that state." In the proposed law limiting aliens to a five-year's ownership of land, the Nichu Nichu can discern but one intention—to deny land-owning rights to the Japanese.

BESIEGED WITH APPLICANTS.

Liverpool Paper Discusses Utterances of Prof. Leacock.

LONDON, March 5.—A Liverpool agency that had advertised for 10,000 able-bodied men to work on railways in Canada has been besieged with applicants.

MANY EMPTY BENCHES IN COURT ROOM AT THAW TRIAL YESTERDAY.

By Associated Press. NEW YORK, March 5.—Prospects that Mrs. William Thaw, mother of the defendant, might be a witness in the trial of Harry K. Thaw apparently had little effect in reviving interest of the curious, for the courtroom was nearly empty benches yesterday.

FREE ALCOHOL WINS IN U. S.

Claim That Scheme of Standard Interests is Defeated.

WASHINGTON, March 5.—Senator Aldrich of Rhode Island, the Republican leader of the Senate, today fought the free alcohol bill and was defeated. Senator Hansbrough was the man who led forty-seven Republicans and Democrats in opposition to the measure.

DELIBERATE CONSPIRACY.

Charged That Officials Plotted to Convict Western Miners.

WALLACE, Idaho, March 5.—That a deliberate conspiracy was formed among the officers of the penitentiary and the detectives to implicate the leaders of the Western Federation of Miners in the assassination of ex-Governor Steunenberg and that the conspiracy was to be backed by false evidence obtained by threats and bribes is in effect the charge made by Steve Adams in court today.

WHOLE FAMILY DESTROYED.

Were Blown Up by an Explosion of Dynamite.

CARMI, Ill., March 5.—By an explosion of dynamite today Rev. J. B. Little, his father, his wife and baby were killed and two children of the family were fatally injured. Mr. Little was a Baptist minister, and had the dynamite in his house, expecting to use the explosive in blowing out stumps. The residence was totally destroyed.

Killed by a C.P.R. Express.

CHATHAM, Ont., March 5.—Samuel Goddard was instantly killed by a C.P.R. express at Thamesville yesterday morning. Goddard stepped out of the way of an approaching freight train and right in front of the rapidly advancing express.

MINERS MEET IN CONVENTION

**PRESIDENT SHERMAN PRESIDES
AT IMPORTANT GATHERING
IN CALGARY.**

CALGARY, March 5.—The miners' convention started off with a feast of brotherly love and good will this afternoon, but before half an hour was over the different parties got into a tangle, and the press was excluded. When the miners and operators got together, President Sherman, of the miners, took the chair and welcomed the operators to the meeting. He called upon the meeting to elect a chairman, stating that it was usual for the operator to fill such a position.

PUBLIC INTEREST ON THE WANE

**MANY EMPTY BENCHES IN
COURT ROOM AT THAW TRIAL
YESTERDAY.**

By Associated Press. NEW YORK, March 5.—Prospects that Mrs. William Thaw, mother of the defendant, might be a witness in the trial of Harry K. Thaw apparently had little effect in reviving interest of the curious, for the courtroom was nearly empty benches yesterday.

LIEUT. GOVERNOR OF NEW BRUNSWICK

HON. L. J. TWEEDIE SWORN IN
BY CHIEF JUSTICE
TUCK.

Special to The Leader. FREDERICTON, N. B., March 5.—The Hon. L. J. Tweedie was sworn in as Lieutenant Governor of New Brunswick today. The oath of allegiance was administered to the new Lieutenant Governor by Chief Justice Tuck.

SMALLPOX AT BRANTFORD.

Two Cases Contracted in the Imperial Hotel.

Special to The Leader. BRANTFORD, Ont., March 5.—Two cases of smallpox have been discovered here, and the patients have been removed to the smallpox hospital, on the outskirts of the city. The disease was contracted while boarding at the Imperial Hotel from a barber, who got out of the city before it was discovered. The authorities closed the hotel and quarantined the inmates.

McGee \$25,000 Short in His Accounts

Special to The Leader. MONTREAL, March 5.—On Thursday next Wm. J. McGee, former treasurer of the People's Mutual Building Society, will come up for sentence on three charges. He has already pleaded guilty to forgery in connection with the company's affairs, and there are several more charges likely to be brought against him sooner or later. It is estimated that his shortage with the Building Society will not exceed \$25,000.

Miner's Narrow Escape.

CORRAL, Ont., March 5.—J. A. Curry, a miner working in the Clear Lake property here, had a narrow escape yesterday. He had placed a shot in the bottom of a sixty-foot shaft and had given the signal to start.

Mr. Michael Elected by Acclamation.

Special to The Leader. GRAND FALLS, N. B., March 5.—Pierre Michael, Liberal, was today elected by acclamation for Victoria in the Madawaska, the seat made vacant by the elevation of the Hon. John Costigan to the Senate.

THE STATUS OF THE INDIANS

**QUESTION ONE OF DOMINION
CONCERN AND INVOLVES
PROVINCIAL RIGHTS.**

VICTORIA, B. C., March 5.—The representations going forward to Ottawa, raises the whole question of Indian reserves, and the status and tenure on behalf of the Indians by the Dominion Government. Although only directly affecting British Columbia, the question is one of Dominion concern, and is considered most important here, involving provincial rights, raised since Confederation. The despatch claims:

One—Neither the Dominion nor the Indians have any proprietary interest in reserves set apart for the latter.

Two—Any surrender of estateable alienations ipso facto vests the lands concerned in the province.

Three—Reversionary interest usually claimed can be taken advantage of at any time by the province in the event of the reserve being used otherwise than for the actual personal use or benefit of Indians of the nation for whose sustenance it was created.

The fourth division of the representations consists of a preemptory request for readjustment of reserves already constituted, on the grounds that while, since 1893, when the census was taken in Canada, until the year of the first taken of Indian population of the province had decreased, the land under reserve increased by 45,000 acres. Through the provincial government for at least two years, the immediate alienation of action is the reservation of 13,507 acres of reserve of Timpanean Indians by the Dominion Government acting under the consent of the tribe, to the Grand Trunk Pacific.

COUNTRESS IN AUTO WRECK.

Former Crown Princess of Saxony Wracks Car While on Curve.

FLORENCE, March 5.—The Countess Montignoso, formerly crown princess of Saxony, while driving her car while attempting to negotiate a curve going down hill at high speed, seriously injuring herself and the other occupants of the car. The fact that the automobile dashed into a tree alone prevented it from falling probably some of the occupants would have been killed. As it was the little Princess Montignoso, who is well known, it is stated under the settlement between Countess Montignoso and her husband to take the blame and her husband to take the blame. She was badly cut with broken glass. The Countess Montignoso was cut and bruised. Countess Montignoso and her husband were injured. The Countess Montignoso was injured. The Countess Montignoso was injured.

FREE ALCOHOL WINS IN U. S.

Claim That Scheme of Standard Interests is Defeated.

WASHINGTON, March 5.—Senator Aldrich of Rhode Island, the Republican leader of the Senate, today fought the free alcohol bill and was defeated. Senator Hansbrough was the man who led forty-seven Republicans and Democrats in opposition to the measure.

DELIBERATE CONSPIRACY.

Charged That Officials Plotted to Convict Western Miners.

WALLACE, Idaho, March 5.—That a deliberate conspiracy was formed among the officers of the penitentiary and the detectives to implicate the leaders of the Western Federation of Miners in the assassination of ex-Governor Steunenberg and that the conspiracy was to be backed by false evidence obtained by threats and bribes is in effect the charge made by Steve Adams in court today.

WHOLE FAMILY DESTROYED.

Were Blown Up by an Explosion of Dynamite.

CARMI, Ill., March 5.—By an explosion of dynamite today Rev. J. B. Little, his father, his wife and baby were killed and two children of the family were fatally injured. Mr. Little was a Baptist minister, and had the dynamite in his house, expecting to use the explosive in blowing out stumps. The residence was totally destroyed.

Killed by a C.P.R. Express.

CHATHAM, Ont., March 5.—Samuel Goddard was instantly killed by a C.P.R. express at Thamesville yesterday morning. Goddard stepped out of the way of an approaching freight train and right in front of the rapidly advancing express.

D.R.A. HOLDS ANNUAL MEETING

EARL GREY TO PRESENT \$5,000 TROPHY FOR COMPETITION BY CADETS.

Special to The Leader. OTTAWA, Feb. 27.—There was a rather slim attendance at the annual meeting of the Dominion Rifle Association in the Railway Committee rooms...

Col. Gibson, speaking to the motion for the adoption of the annual report said that it was whispered to him that away to another sphere of usefulness and if so the association would lose an excellent friend.

Sir Frederick Borden hoped millionaires would take notice of the suggestion thrown out by His Excellency. The minister also approved of President Roosevelt's remarks for a national board for rifle shooting in his message to Congress.

ROBIN IN CHARGES 30,000 MEN MAY FLATLY DENIED GO ON STRIKE OVER THE LINE

RIDICULOUS STORY BROUGHT UP IN THE HOUSE BY MR. BOLE.

Claimed Conspiracy Existed Between Liberal Leader of Manitoba, Hon. Walter Soot and Sir Wilfrid Laurier.

OTTAWA, Feb. 27.—In the House of Commons this afternoon Mr. Bole put the following questions to the Prime Minister: 1. Did this Government enter into an agreement with Mr. Edward Brown or any other party or parties in the Province of Manitoba to grant only a fraction of the area to which that province is laying claim?

2. Did Mr. Edward Brown, or any party or parties on his behalf agree to accept a fraction of said area in full settlement of Manitoba's claim?

3. Did this Government enter into an agreement with Mr. Edward Brown or any other party or parties in the Province of Saskatchewan to grant only a fraction of the area to which that province is laying claim?

4. Did this Government enter into an agreement with Mr. Edward Brown or any other party or parties in the Province of Saskatchewan to grant only a fraction of the area to which that province is laying claim?

5. Did this Government enter into an agreement with Mr. Edward Brown or any other party or parties in the Province of Saskatchewan to grant only a fraction of the area to which that province is laying claim?

6. Did this Government enter into an agreement with Mr. Edward Brown or any other party or parties in the Province of Saskatchewan to grant only a fraction of the area to which that province is laying claim?

7. Did this Government enter into an agreement with Mr. Edward Brown or any other party or parties in the Province of Saskatchewan to grant only a fraction of the area to which that province is laying claim?

8. Did this Government enter into an agreement with Mr. Edward Brown or any other party or parties in the Province of Saskatchewan to grant only a fraction of the area to which that province is laying claim?

9. Did this Government enter into an agreement with Mr. Edward Brown or any other party or parties in the Province of Saskatchewan to grant only a fraction of the area to which that province is laying claim?

READY NOW! "THE PATRIOT"

"For Bread! For Italy! For God!" This is the first of the famous trilogy of novels by Antonio Fogazzaro, a companion volume to "THE SAINT," the novel that is making history.

Vol. 24 No. 4 Regina, Wednesday, March 6, 1907

A TERRIBLE INDICTMENT

As a result of inquiries made by the Department of Agriculture with a view to ascertaining the amount of last year's crop actually shipped and the amount still in the farmers' hands...

The statistics gathered together are furnished by the Saskatchewan Grain Growers' Association...

It requires no wise-acre to see the inevitable consequences of such a state of affairs...

Altogether apart from the direct losses which will follow upon the deterioration of grain owing to exposure...

So far the only explanation given by the C.P.R. for their failure to carry out their obligations...

When he said in explanation of the grain blockade that the company was using its cars for the carrying of coal...

To the C.P.R. the failure to take out the crop may mean little. They figure, doubtless, on taking it out anyhow eventually...

On the whole, perhaps, the modern spirit with its impelling tendency is to the good. Certain it is that the accomplishment of much that is good can be directly traced to it.

The world as regards the human race is a problem which is as in its physical aspects, full of extremes.

The Leader yesterday celebrated the twenty-fourth anniversary of the founding of the paper.

Rest, properly understood, is an appreciation of the power of contrast, the ability to change one's environment without necessarily leaving one's chair.

EXCELLENT LEGISLATION

It is evident from the mass of legislation already brought down to the Assembly by the Government...

Hardware Company, Limited." Dated at Regina this 28th day of January, 1907. MACKENZIE, BROWN & THOM, Advocates for Applicants. 51-54w.

WANTED—A teacher for Southey S. D. 1617; duties to commence April 1st. Apply stating salary and qualifications, to Sec'y H. B. Chandler, Southey, Sask. 2-4w.

CLARK'S PORK AND BEANS: Are fine in their plain or with Chili or Tomato Sauce. 1000.

Attached in Parliament regarding the western land applications as disclosed by the Insurance Commission. Mr. Fowler has retorted with a threat to expose the private morals of certain members of Parliament connecting them with "wine, women and graft." It is the best that Mr. Fowler can say in explanation of the charges made against himself, he must indeed be hard up for a defence. As for the courage of a man who would hide his own obliquity behind the hinted wrong-doing of another—well, it is hardly suggestive of that high moral tone which we would like to see in our legislators.

The United States has decided that inland postcards can no longer be sent through the mails, unless they are enclosed in envelopes. It is high time the abolitionists were stopped in Canada as well. It is said the postal clerks complain that the bronze powder used in insulating the souvenir works off and soots into the eyes, nose and mouth, causing them trouble. While souvenir and picture postcards may serve a useful purpose in many ways, there is no reason why these inland cards and the vulgar atrocious seen in the book stores should be permitted in the mails.

PROCEEDINGS OF THE LEGISLATURE

SASKATCHEWAN'S NEW JUDICIAL SYSTEM OUTLINED TO HOUSE

ATTORNEY GENERAL LAMONT GIVES A CONCISE EXPOSITION OF THE PROPOSED NEW LEGISLATION—PROVIDES FOR FIVE SUPREME COURT AND EIGHT DISTRICT COURT JUDGES—OPPOSITION CRITICISM VERY MILD.

By the second reading of the bill to establish a supreme court in and for the province of Saskatchewan was moved in the Legislature today by Attorney General Lamont and after a short debate, which was participated in by Messrs. Lamont and Langley on the Government side and Mr. Haultain and Mr. Brown for the Opposition, the principle of the bill was indorsed and it was committed to committee.

University of Saskatchewan. One of the most interesting items in the routine proceedings at the commencement of the sitting was a notice by Mr. Calder that on Friday next he would move for leave to introduce a bill respecting the establishment and incorporation of a university for the Province of Saskatchewan.

Mr. Brown gave notice that on the same day he would move for leave to introduce a bill to amend "The Public Libraries Act" also a bill respecting "The Methodist Church."

Opposition "Wants to Know." Mr. Haultain gave notice that he would move for a return showing all correspondence between the Government of the province and any member thereof, and the Government of Canada or any member thereof, concerning the memorial of the House adopted on May 22, 1906, respecting the establishment of the courts respecting the constitutionality of the Saskatchewan Act.

Mr. Wylie gave notice that he would move for a return showing: (1) The amount of money to be made district on January 1, 1906. (2) The amount of taxes collected in each district since that date. (3) The amount of money expended in each district since that date. (4) The amount of taxes now due and not collected in such districts. (5) The balances at credit of each district at this date.

Mr. Gillis gave notice that he would move for a return showing: (1) The number of applications for establishment of public and separate schools in the province since January 1, 1906. (2) The number of each class of such schools that have actually been established during that time or are in course of establishment. (3) The names of all persons appointed to appraise losses occasioned by hail in the Electoral District of Mooseomin during the year 1906. (4) The names of the applicants for compensation in respect of which claims the above appraisers were appointed.

The amount of money claimed by and paid to each of the appraisers for such appraisement was by him. Mr. Calder introduced his bill to make provision for supplementing the revenues of the Crown, which was read a first time.

Mr. Haultain moved for a return showing all documents of any kind in any way relating to the removal of Thomas J. Agnew from the Commission of Peace and Justice. Mr. Lamont—Agreed.

The Supreme Court. In moving the second reading of the bill to establish a supreme court, Mr. Lamont said there would be no necessity for him to do more than outline the general features of the system they were establishing. The system they were establishing was not all included in the Supreme Court Act before the House. He proposed also the District Courts Act. He proposed to deal with the two bills together.

Mr. Haultain—Hear, hear! Mr. Lamont—The judicial system now in force in the province is that established by the old North-West Territories and by the old District Courts. By the old territorial ordinance the territory of the present province was divided into three districts, with resident judges at Prince Albert, Regina and Mooseomin. Recently the Dominion had appointed a fourth judge to reside at Moose Jaw. These judges were all they had to administer justice in the province. They held court at their places of residence as well as at some other points. Their jurisdiction was both civil and criminal and ranged from a \$2 grocery account up to matters involving the largest and most important constitutional questions. These all came up before the one judge. Then there was an appeal court, consisting of all the supreme court judges of Saskatchewan and Alberta sitting en banc. This old system was defective to meet present-day conditions. It was not possible for the judges to hold court at more than the number of places they were holding them at now. But the country was settling up rapidly, population pouring in and villages, towns and cities, were springing into existence, and it was impossible that one judge could minister to the needs of one-quarter of the people spread over a wide area.

Mr. Lamont cited instances along the Canadian Northern Line to the Prince Albert and the C.N.R. main line, where such points as Melfort, Kamack, Humboldt, Vonda and Kenora seemed to be pretty generally entertained and in deference to that opinion the clause has been inserted. Mr. Lamont in conclusion drew attention to Section 61 which provides that the rules of court now in force shall be in force until altered or annulled, and that the judges of the Supreme Court shall have power to alter, amend and make the rules.

J. T. Brown Criticizes.

J. T. Brown (Souris) followed on behalf of the Opposition in criticism of the bill. The object of such bills as that under consideration was to have a simple, inexpensive, safe and convenient judicial system for the people as possible. The convenience of the members of the bar or even of the judges was secondary to the convenience of the people (hear, hear), and while the Government in preparing this legislation had no doubt kept that object in view he greatly feared that when the bill were looked into carefully it would be found that they were not perfect in that respect.

Mr. Brown went on to declare himself in favor of the system which had proved so successful in Quebec and believed instead of creating courts of appeal and superior jurisdiction, it would be the part of wisdom to increase the number of superior court judges throughout the province and provide for a special appellate court located at the capital. However, he was not prepared to say that the system proposed by the Government was wrong but he believed the other system would be better, less expensive and more convenient.

He must, however, criticize very strongly the policy of the Government from the point of view that it tended to centralise rather than decentralise the administration of justice. While the remarks of the Attorney General as to the necessity of the appeal judges residing at the capital might have force under existing conditions when there were only four judges and they were under the changed conditions brought about by the proposed Act. Under the proposed changes would be found that the cream of the legal practice in the province would be brought to Regina and as a result lawyers ambitious to rise in the world would be compelled to move here or else go elsewhere outside of the province. That was, however, on the consideration of the public, it would be found that it would lead to inconvenience and increased expense. It was alright to say that the district judges would be local masters but there was no guarantee in the bill that they would be the work. It might all come to Regina.

He took strong objection also to the legislature delegating to the judges the right to fix the rules of procedure. With all due respect to the bench he thought that this matter could be more safely left with the House itself.

He largely agreed with the Attorney General in regard to the trial of civil cases by jury but he objected to the proposed clause which reversed the law as it stood today. He thought the costs of trial which were under control of the Government should be reasonable.

Mr. Lamont—Hear, hear. Mr. Brown, however, would favor an increase in regard to certain matters. It was absolutely absurd that a man who had a claim for \$201 should be put to the same expense as the man with a claim of \$20,000. There was room for improvement here.

At some length he dwelt on the fact that the court of appeal would only consist of four judges, and against not sitting on the appeal, and there was the possibility of the court being divided 2-2. This system he believed would not only meet the requirements of the present time, but would be elastic enough to meet the rapidly changing conditions of the province in the future. Some of the districts as proposed at the present time were rather large, but as population increased these would be reduced in size by the alteration of districts and the addition of new ones as they were taking power in the act to divide the districts when necessary.

Thus under the new system they would have eight districts, and five supreme court judges to do the work which four judges were doing, or endeavoring to do at the present time. The district judges would go on circuit, and as they would have only their own districts they would be able to hold court at all necessary points every two or three months, and it had been suggested that in regard to the larger places in each district a court should be held every month.

Local Masters. There was another point to which he would refer. Members of the legal profession had been greatly hampered in the past in connection with work in chambers. That work had to be done before one of the four judges. Under the new system the district court judges would be ex-officio local masters of the supreme court and the great bulk of the business could be performed in each district by the district judges.

Mr. Lamont went on to explain that section 7, which provides the qualifications of judges, had been included in the district courts bill, in order to obtain an expression of opinion from the House on the matter. When these clauses were reached in committee he would ask that they be taken out and placed in a separate bill. The Dominion Government, which appointed all the judges, had on some occasions in the past contended that the provinces had no right to lay down any restrictions upon their appointments. He did not believe the present Minister of Justice at Ottawa took that position but for fear that they might take exception to the clauses and hold up the legislation in its entirety he would ask that they be taken out of section 59 of the bill. Mr. Lamont said it provided for trial with or without jury in certain cases. For his own part he was of the opinion that trial by jury in civil cases was not very desirable. Mr. Haultain—Hear, hear, but the speaker seemed to be pretty generally entertained and in deference to that opinion the clause has been inserted.

Mr. Lamont in conclusion drew attention to Section 61 which provides that the rules of court now in force shall be in force until altered or annulled, and that the judges of the Supreme Court shall have power to alter, amend and make the rules.

Mr. Stewart, for the Committee on Standing Orders, reported favorably on the petition of Geo. Lang and twenty others moving for the incorporation of the Agricultural Society of the Yorkton Club, and it was accordingly received.

Mr. Haultain gave notice that on Monday he would move for a return showing: (1) The bank or banks with which the public revenue is kept. (2) The terms and conditions upon which the Government account is kept with the said bank or banks. (3) The terms and conditions upon which the Government account was kept with the Bank of Montreal.

Mr. Brown gave notice that on Monday he would move that it be

30 Days Longer! 30 Days Longer!!

GREAT CLOSING OUT SALE

Continues at

MICKLEBOROUGH'S

The arrival of new spring goods necessitates the continuance of this sale. The weight of the present stock has made it impossible to close our sale within the specified time. We still hold our premises for another 30 days for the purpose of clearing out all lines of dry goods, clothing, boots and shoes, carpets and house furnishings, fur garments, etc., at prices that will leave no margin of profit to us.

WE DROP BELOW THE COST IN MANY LINES

This gives you all the benefits of up-to-date stocks at less than cost. This is the biggest bargain event that has ever happened for years in Regina. Don't delay as our stock consists of a big range of goods for spring wear that has come to hand during the past month, this is included in the sale. Remember your chance is passing—don't miss it.

Come at Once and Have Best Choice Terms Strictly Cash

Geo. Mickleborough

was not in the general interests nor in the interests of existing agricultural societies to establish a new one at a point where the work would be largely an overlapping of similar work already undertaken by a recently organized society.

Referring to the quantity of land available for taxation, Mr. Calder said he had gone into it very carefully. He estimated that after deducting all Government and C.P.R. lands there were 33,000,000 acres of lands assessable for all purposes. Of this amount there was somewhere in the neighborhood of 10,000,000 acres now within organized school districts. This left something like 23,000,000 acres which were not contributing one dollar toward education. The main purpose of the resolution was to tax this land which was not now taxed in school districts.

Mr. Calder stated that when the municipal commission was appointed in this year it was suggested to them that among other questions which they should take up at their sittings and discuss with the delegates appearing before them was this question of a general tax for education. The commission held something like twenty meetings throughout the province, and at every meeting there was a unanimous feeling that something should be done in this direction. So far as he could ascertain there was not a single objection taken to the principle involved in the resolution.

Looking at the resolution itself, it provides for a tax of one cent per acre upon all lands, with the exception of the lands within town and village school districts. The resolution might be made that the resolution did not go far enough. It might be contended that the principle involved would go so far as to tax all property within the state. He did not oppose this larger principle, but he thought it would be better to tax the town and village school districts. He thought that a double system of assessment prevailed in the province. In town and village districts the assessment was based on valuation, while in rural districts it was based on acreage. While he was quite willing to agree that if it were possible and he thought it could be worked out, he believed the house would agree to provide as far as possible that all property should pay the cost of education. It was not the case at the present time. At present there was an immense

area of land not paying one dollar towards education. If it was their duty to provide educational facilities for the youth of the country, then it was their duty to make all property pay its fair share towards education.

Referring to the quantity of land available for taxation, Mr. Calder said he had gone into it very carefully. He estimated that after deducting all Government and C.P.R. lands there were 33,000,000 acres of lands assessable for all purposes. Referring to the quantity of land available for taxation, Mr. Calder said he had gone into it very carefully. He estimated that after deducting all Government and C.P.R. lands there were 33,000,000 acres of lands assessable for all purposes. Of this amount there was somewhere in the neighborhood of 10,000,000 acres now within organized school districts. This left something like 23,000,000 acres which were not contributing one dollar toward education. The main purpose of the resolution was to tax this land which was not now taxed in school districts.

Mr. Calder stated that when the municipal commission was appointed in this year it was suggested to them that among other questions which they should take up at their sittings and discuss with the delegates appearing before them was this question of a general tax for education. The commission held something like twenty meetings throughout the province, and at every meeting there was a unanimous feeling that something should be done in this direction. So far as he could ascertain there was not a single objection taken to the principle involved in the resolution.

Looking at the resolution itself, it provides for a tax of one cent per acre upon all lands, with the exception of the lands within town and village school districts. The resolution might be made that the resolution did not go far enough. It might be contended that the principle involved would go so far as to tax all property within the state. He did not oppose this larger principle, but he thought it would be better to tax the town and village school districts. He thought that a double system of assessment prevailed in the province. In town and village districts the assessment was based on valuation, while in rural districts it was based on acreage. While he was quite willing to agree that if it were possible and he thought it could be worked out, he believed the house would agree to provide as far as possible that all property should pay the cost of education. It was not the case at the present time. At present there was an immense

area of land not paying one dollar towards education. If it was their duty to provide educational facilities for the youth of the country, then it was their duty to make all property pay its fair share towards education.

Referring to the quantity of land available for taxation, Mr. Calder said he had gone into it very carefully. He estimated that after deducting all Government and C.P.R. lands there were 33,000,000 acres of lands assessable for all purposes. Of this amount there was somewhere in the neighborhood of 10,000,000 acres now within organized school districts. This left something like 23,000,000 acres which were not contributing one dollar toward education. The main purpose of the resolution was to tax this land which was not now taxed in school districts.

SPORT

HOCKEY AT SASKATOON.

Prince Albert Team Defeated by Southern Neighbors.

SASKATOON, Feb. 28.—Prince Albert hockey team were beaten here last night in another Saskatchewan Hockey League game. The score was 7 to 3 in favor of Saskatoon. The northerners were outplayed at every point. They were late in arriving, and the game did not start till near 10 o'clock. The whole of the Saskatoon team showed improvement from the North Battleford game of last Saturday. Caldwell and Clark were the pick of the visitors. The teams lined up as follows:

Prince Albert. Saskatoon.
Cran. Goal. Gonnell.
Zeller. Cover. Powers.
Pickerson. Cover. Fleming.
Paterson. Rover. Melnes.
Caldwell. Centre. Taggart.
Clark. Left Wing. Bruce.
Agnew. Right Wing. Ashley.
Percy McNaughton, of Saskatoon, refereed the first half and E. Road, of Prince Albert, was judge of play. At half time the positions were reversed.

HOCKEY SLUGGER FINED FOR ASSAULT

OTTAWA PLAYER WHO SLASHED BLATCHFORD FINED TWENTY DOLLARS.

MONTREAL, Feb. 28.—C. Spittal, of the Ottawa Hockey Club, was today fined \$20 or one month and bound over to keep the peace for a year in bonds of \$400 for assault during the Wanderers-Ottawa game in Montreal. Jules Choquette said that a man who could not keep his temper or get excited should not play hockey.

Three or four witnesses positively swore that he hit Blatchford and knocked him down. Jack Savage, the well known Rugby player, being particularly positive, and saying that although Blatchford rather provoked the blow it was probably deftly intentional.

In Alf Smith's case in which judgment will be given tomorrow, Alf was his own best witness and said that he collided with Stuart before he knew it, and although he intended to check him he did not intend to check him that way. There was, however, abundant evidence that he hit Stuart and knocked him down.

THE BONSPIEL AT INDIAN HEAD

MAJOR OF REGINA, IN SEMI-FINALS FOR MERCHANTS' COMPETITION.

Special to The Leader.

INDIAN HEAD, Feb. 28.—The bonspiel here is nearing a close and will be completed tomorrow. The winners in today's games were Partridge of Stata-lata, who dined Jim McKenzie in a most exciting contest, winning the Citizens' Trophy after a 13th end. In the Merchants' competition Hyde, of Balconie, put out Donnelly of Indian Head, and MacIvor, of Regina, defeated Griffith of Milestone. Hyde and MacIvor will play the final tomorrow morning.

The Hotel Keepers' competition, semi-final, placed Hunter of Indian Head, who defeated Smith, in the contest with the winner of the MacIvor and Partridge match. The Consolation Trophy final will be played in the morning between MacIvor and Donnelly, who were winners today, defeating Steep and Stokes respectively.

OLD COUNTRY SHARPSHOOTERS

ALL BRITISH TEAM TO PARTICIPATE IN D.R.A. MATCHES AT OTTAWA THIS FALL.

Special to The Leader.

OTTAWA, March 1.—The annual matches of the D. R. A. this fall will be enlivened by the appearance in competition of an all-British team. The old country team will include all the very best shots in the Kingdom, and their appearance in the Canadian matches will be a source of much interest. Some time ago an invitation was extended from Australia for an all-British team to take part in the Imperial shooting competitions being held there in October of this year. The invitation was accepted and the team will go to Australia by way of Canada. That will bring them through here just in time for the D. R. A. annual events.

At a meeting of the D. R. A. yesterday a resolution was passed extending the full rights and privileges of entering the matches to the British crack shots, the same as though they were Canadian. Notification will be sent at once and it is confidently expected that the invitation will be accepted.

WANDERERS CHAMPIONS IN THE EAST

TROUNDED OTTAWAS FOR SECOND TIME THIS SEASON ON SATURDAY.

Game Was a Battle of Giants Until Fifteen Minutes Before Time Was Up When Senators Faded Gradually Away—Score 10 to 6.

Special to The Leader.

OTTAWA, March 3.—The championship of the Eastern Canada Hockey League was unexpectedly decided Saturday night when the Wanderers, of Montreal, administered a most decisive defeat to Ottawa by a score of 10 to 6. The match was the last home date of the schedule and had the Ottawa team won they and the Wanderers would have been tied for championship honors, the latter having also won the game against Ottawa played in Montreal earlier in the season. Wanderers will at once challenge for the Stanley Cup and go after it to Kenora or Brandon as soon as the championship of the Western Canada league has been decided.

Saturday's game was noticeable in many respects. The hockey going public simply went crazy over it and probably two-thirds of the crowd of five thousand spectators present paid speculators prices for seats. These were sold to the original holders in lots of four at fifty cents each and were passed over to those who wanted to see the game at any cost at prices ranging anywhere up to \$10 and in isolated instances as much as \$15 was paid.

The first half of the battle was a pretty even break, the score being 2 to 3 for the Wanderers, who were never able to climb into the lead but after that Ottawa gradually faded away until fifteen minutes before the end and the result was a foregone conclusion and the rest of the match was a painful spectacle for Ottawa supporters. The better teams before that in the whole story is a nut shell. Following are the teams and positions:

Ottawa 2nd.	Position.	Wanderers
Blatchford.	Goal.	Hern
Baird.	Point.	Patrick
Purford.	C. Point.	Stuart
Westwood.	Rover.	Russell
H. Smith.	Centre.	Glass
A. Smith.	Right.	Johnstone
Shore.	Left.	Blatchford

CHALLENGE FOR THE STANLEY CUP

WANDERERS WANT TO MEET PRESENT HOLDERS AT AN EARLY DATE.

Special to The Leader.

OTTAWA, March 4.—Acting Stanley Cup Trustee Foran received a communication from the Wanderers Hockey Club, champions of the Eastern Hockey League, asking that Kenora, the present holders of the trophy, be called upon to defend it against the Eastern champions at once. This is on the ground that if the series is deferred until the Western League championship has been decided it may be then too late for the Wanderers to go West this winter.

Mr. Foran, while not prepared to take the stand of ordering an immediate defense of the Stanley cup, evidently wants to insure the playing of the series before the ice disappears, and will notify the Western people that the schedule must be completed by the middle of next week at the latest, so that the champions, whoever they may be, will be prepared to meet the Wanderers for the cup.

REGINA LOSES TO CALGARY

ALBERTANS WIN FIRST GAME BY SCORE OF SIX GAMES TO FOUR.

CALGARY, Alta., Feb. 28.—By a score of 6 to 4 Calgary won a hard earned victory over the Regina hockey team tonight after a game which the visitors excelled any played here this year. The Regina boys arrived on the Edmonton train about 10 o'clock and were on the ice some what tired after the ten hour journey, to say nothing of having played six games and travelled about 800 miles in a week. It is a treat and rather hackneyed sporting phrase to say the best team either won or did not win but in tonight's victory Calgary could not claim superiority in team work or scientific hockey. Individually they played man for man as well as Regina but in action the visitors showed to better advantage. Up to the last ten minutes the preponderance of play was on the Calgary side but Regina did some poor shooting, missing several excellent opportunities to score. Strenuous play was the rule throughout and hard as it was the game was very rough work. There were only four penalties, two on each side, and these for minor offences.

For Regina Smith played a fast game showing Calgarians some neat tricks in dodging and passing. Carmichael also started it but missed a few of what appeared to be excellent chances to score. For pluck he deserved a laurel and he kept up the pace to the last ring of the referee's dinner bell. They don't use whistles in Calgary. Reid's work was also worthy of special mention and the team as a whole reflected credit on Saskatchewan's capital.

For Calgary McKenzie did splendid work and had a pretty good hopper beaten to a standstill when it comes to jumping. McLeod was continually in evidence but he seemed to take naturally to rough work. Anderson in goal was kept busy and stopped many a dangerous shot. With a two days' rest, Regina ground hopper Saturday's match if tonight's team play is repeated.

Scott of Calgary made an ideal of goal. He was impartial and squares. Calgary's last goal was disputed, the rubber passing through a hole in the net, but it is not so.

BOLD WINNIPEG SHOP-BREAKERS

Front Windows of Winnipeg Jeweler's Store Smashed Last Night.

Special to The Leader.

WINNIPEG, March 1.—One of the front windows of the store of D. R. Day and Co., jewelers and diamond importers, was smashed last evening while the store was full of people, and the display of watches, which was accidentally left on exhibit, was disturbed to such an extent that the proprietors of the store could not say last evening as to whether anything was missing or not. A large pane of about five inches in length was left in the window by the persons who broke in, and to all appearances this was used to break the glass. The daring attempt at burglary was committed at about 8:45 last evening, and was first noticed by Mr. W. J. Bulman, who happened to be passing. He went into Boyd's store and notified the police. Men were told off on the chase, when they arrived at the store Patrol Sergeant McGreger and Police Constable Reilly were in charge and had started investigations.

DON'T OVERLOOK THE FACT

That the Most Delicious tea in the World

COLOMBIA

Is Packed in Sealed Lead Packets MOST PEOPLE USE IT. DO YOU? 40C, 50C AND 60C PER LB. AT ALL GROCERS

OTTAWA ROOTERS GO HOCKEY MAD

WILD RUSH FOR TICKETS FOR TONIGHT'S GAME BEGAN LAST MIDNIGHT.

OTTAWA, Feb. 28.—The people of Ottawa went clean hockey crazy last night. Men and boys commenced to gather on Sparks street, in front of the store where tickets for the Ottawa-Wanderers game were on sale at midnight. By 5 o'clock this morning over 3,000 were present. The police were utterly unable to control the crowd and the plate glass windows of the store were smashed and one man had his arm broken. Another was badly cut, being shoved through the window. The sale of tickets was transferred to De's rink this afternoon. Hundreds are now waiting there.

CHALLENGE FOR THE STANLEY CUP

WANDERERS WANT TO MEET PRESENT HOLDERS AT AN EARLY DATE.

Special to The Leader.

OTTAWA, March 4.—Acting Stanley Cup Trustee Foran received a communication from the Wanderers Hockey Club, champions of the Eastern Hockey League, asking that Kenora, the present holders of the trophy, be called upon to defend it against the Eastern champions at once. This is on the ground that if the series is deferred until the Western League championship has been decided it may be then too late for the Wanderers to go West this winter.

Mr. Foran, while not prepared to take the stand of ordering an immediate defense of the Stanley cup, evidently wants to insure the playing of the series before the ice disappears, and will notify the Western people that the schedule must be completed by the middle of next week at the latest, so that the champions, whoever they may be, will be prepared to meet the Wanderers for the cup.

ORIENTAL LABOR FOR G.T.P.

Significant Remarks of Vice President and General Manager.

TORONTO, March 4.—"I do not know of one transcontinental railway built without the assistance of Oriental labor," was the significant remark of Mr. Frank Morse, vice-president of the G.T.P., in this city last night, saving an entire volume of Oriental workers to be used, though he did not say so. He spoke of labor contracts for 20,000 men in England, Scotland and Russia. Mr. Morse also stated that labor procuring was the greatest problem the railroads had to face. At any rate, the new road, even if the proposed improvements on the older portions of the road were laid.

"Some time ago," he continued, "we surveyed a line from North Bay to the coast of the Gulf of St. Lawrence, and the route was completed and filed, but nothing definite is announced re construction at present. In this connection it may be added the new northern road, as at present proposed, will penetrate the wilderness a little west of the Montreal River district, from which so much in silver mining is expected this year."

BOLD WINNIPEG SHOP-BREAKERS

ROOSEVELT TO HAVE ARMY BUILD CANAL

SAYS HE IS TIRED OF FOOLING ABOUT WITH THE CON-TRACTORS.

WASHINGTON, March 3.—President Roosevelt's determination to have the Panama Canal constructed by army engineers, with labor employed by the Government, has aroused unusual interest in the big project.

No secret is made of the fact that the President has not so thoroughly tired of the continual bickering that he decided to dismiss the whole lot of high-priced and start in anew with men under military discipline. He is not willing to run any risks with private contractors, and will have to do what they are told. They can't stir their grievances in the newspapers without subjecting themselves to court-martial, and they have been in the habit of going to pleasant places to live in the line of their life-work.

Calculus and friction between men who have been prominently identified with the canal have disturbed the country and the Congress at every stage of the work on the isthmus. Officials who are on the job have been jealous of those who have been in the line of their life-work. They have been unwilling that anybody else should get the credit.

The President has had a conference at the White House with Secretaries Taft and Root regarding the working out of the details of the re-organization scheme of the Panama Canal work.

It is understood that in addition to the changes in the commission already reported, it has been decided that Col. Haines, U.S.A., retired, and Benjamin Harrot, civil engineer, both members of the present commission, shall retire. Admiral Endicott, who is the only remaining member of the old commission, will be retained on the new commission, as the law requires that one civil engineer of the navy shall be included in its membership.

In view of the increased cost of living in their transfer to the isthmus the fact that they are to be called upon to undertake professional work of high grade, for which their predecessors have been liberally recompensed, the three engineers, officers of the army, Majors Goethals, Galliard and Sibert, who were named as members of the new commission, are engineers to conduct the canal construction, will be the recipients of salaries considerably in excess of those they now receive, namely, \$4,000 per annum.

LAND OF MILK AND HONEY IS H.B. ROUTE

TORONTO MINING ENGINEER ENTHUSIASTIC OVER THAT PART OF THE COUNTRY.

Special to The Leader.

OTTAWA, March 3.—Prof. Jos. Burr Tyrrell, mining engineer of Toronto, appeared before the Senate Committee Saturday and made a statement in reference to the northwestern country. He said that from the north end of Lake Winnipeg west of the Nelson River, there was a track of magnificent agricultural land 200 miles wide running the whole way to the Athabasca River, some 75 miles; that this country was not to be had for anything in the West and that the climate could not be beaten; that there were large possibilities of petroleum and coal being discovered.

Describing the proposed route of the Hudson Bay Railway, he said that for more than half the distance to Bay St. Louis, a fine road would be built, the road running through a good agricultural country as far as the Fishing Lakes. From there the country was not so good, being flat and marshy for a hundred miles, but was an easy country to build railways on following the bank of the Nelson River. Taken as a whole it would be an expensive road to build. He said the country was full of large lakes teeming with fish. He had surveyed the north side of one particular lake, and had found it to be 100 miles long and 100 miles wide. He had not visited the other side of the lake, but looking from a hill on the north side he could see the other side of the lake.

Mr. Tyrrell gave a very interesting account of his travels through the Dominion Government.

KOSLEVSKY HAD RECEIVED WARNING

TOLD IN A LETTER THAT HE WOULD BE KILLED THE SAME AFTERNOON HE WAS SHOT

By Associated Press.

ST. PETERSBURG, March 1.—The following details of the murder on Wednesday at Karoyansk, Siberia, of General Koslevsky, the commander of the town, have been received here:

The General was walking on the street at 5 o'clock and he referred jokingly to a threatening letter he had received that day saying he would be killed at 5 o'clock that afternoon. Drawing a watch from his pocket, the General remarked laughingly to his friends: "You see, I am still alive." It was about 6 o'clock when he was returning home alone, a man suddenly called upon him to halt, and was ordered to raise his arms at him. The General dropped dead.

BLAMES SCHOOL BOARD.

Lack of Fire Escapes Caused Death of Montreal School Children.

MONTREAL, March 4.—Chief Benoit, of the Montreal Fire Brigade, in a statement today, insists that the School Commissioners are criminally responsible for the death of the 11 children who died in the fire at the school at the corner of St. James and St. Louis streets, which occurred on the night of the 28th.

The arguments of Rev. Dr. Shaw, the chairman of the board, in stating that fire escapes would not have been of any use to the children, are ridiculed by the fire and municipal officials, who insist that they would have enabled the firemen to get to the third story of the building and to have carried the little children out.

The fire underwriters after an investigation state that the fire was due to an explosion of the boiler of the furnace, which was caused either by lack of sufficient water pressure or weak tubing.

Furlong Pays Death Penalty.

By Associated Press.

OSHING, N. Y., March 4.—Frank Furlong, who killed his aunt, Mrs. Margaret Foster, in New York City in 1904, was put to death in the electric chair in Sing Sing today. Furlong was 21 years of age. His crime was charged in November, 1904, when he murdered his aunt at her home in New York City. Furlong was out of work and in need of money. He called on his aunt while she was alone, obtained a breakfast from her and then struck her down as she was going to the kitchen. He robbed the body of jewelry, the pawning of which led to his arrest.

THE SALVATION ARMY'S PLANS

PROPOSES TO BRING MEN WHO ARE USED TO HARD WORK TO WESTERN CANADA.

(Victoria Colonist)

"We propose bringing to British Columbia unskilled laborers; men who have been used to rough, hard work, and who would be able to adapt themselves to the prevailing conditions and help materially in the development of the country. So remarks Adjutant W. G. Wakefield, of the Salvation Army, last evening. He has been making a tour of the province for the purpose of investigating the situation with regard to labor; in order that the direction of immigration toward the Canadian West may be properly regulated during the spring and summer months. While every endeavor will be made to solve the problem confronting the employers of labor here, it is not the intention, Adjutant Wakefield says, to bring men with families to support to the different farming districts and cities and then place them upon their own resources. The demand will first be ascertained as early as possible, and then the immigration will be governed accordingly. It is for the purpose of finding out what assistance is required by the employers of Victoria that Adjutant Wakefield is now in the city.

There will be from 25,000 to 30,000 people brought from the congested parts of the Old Country to British Columbia this year, Adjutant Wakefield states, but how many will come west of the Rockies he cannot say. That was the point which depended entirely upon the demand. In the course of his travels through the interior he had found that laborers were required in large numbers. There was not the slightest doubt that a pressing need existed for the proper kind of settlers, and that was what the Army intended attempting to supply. He had sent many applications for men for employment in labor in British Columbia to headquarters in Toronto and they would be selected from the parties which would reach Canada from time to time during the next few months.

There were two points upon which the official agencies in the West and the Army had decided not to send any skilled labor, in any line of trade, to the West, and that it would be impossible to introduce sufficient domestic help to meet the needs of the households of this portion, or as a matter of fact of any other portion of Canada.

GIPIES BATTLE FOR KIDNAPPED GIRL

LOST CHILD OF RICH GREEK STOLEN OVER A YEAR AGO RECOVERED.

CHICAGO, March 3.—After a search of nearly a year, in which almost every alley camp in the south and northwest had been visited, Cecilia Demetro, 12 years old, the daughter of a wealthy Greek in Little Rock, Ark., who had been kidnaped on March 1, 1906, was found yesterday in a camp near Thornton, Ill. The little girl was given shelter at a police station here last night. Trace of the girl was obtained by Leo Demetro, her father, who had searched in vain. Then he met a gypsy in Salt Lake City, who learned of his sorrow. He man promised to inform him should he ever hear of a camp in which the child was held.

Accompanied by four deputy sheriffs, Demetro went to Thornton yesterday. Just beyond the outskirts of the town, a camp consisting of more than 100 tents, Cecilia was held prisoner. Her rescue was accomplished only after a struggle with the gypsies.

It is felt that Canada's position at the conference would be greatly strengthened if she came into line with these other colonial utterances, by reaffirming by resolution of the Dominion Parliament her desire as was formally expressed by the Canadian Ministers at the 1902 conference that the colonies of the Empire should be treated as a unit, and that the whole Empire, the Imperial Government would accept the principle of preferential trade generally and grant to the food products of Canada exemption in the United Kingdom from the duties now levied or hereafter imposed.

Other colonial governments feel it necessary, without in any way interfering with British politics and speaking solely in the interests of their own colonies, to reaffirm their attitude of 1902. A reaffirmation by Canada on the part of the Empire, before the conference the attitude of the Dominion Government as explained by Mr. Neiberg's budget speech last November.

PIONEER NEWSPAPER MAN DEAD.

William Goldwell, a Pioneer Newspaper Man of Red River, Port Huron, and Winnipeg, where he resided from 1859 until several years ago, is dead here.

VICTORIA, B. C., March 3.—William Goldwell, a pioneer newspaper man of Red River, Port Huron, and Winnipeg, where he resided from 1859 until several years ago, is dead here. Mr. Goldwell was born in London, England, in 1834. After completing his education in Dublin University, he emigrated to Canada and settled in Toronto, where he was connected with the staff of the Leader, resigning from that paper to come west in company with W. Buckingham, now of the Stratford Herald, to establish the Nor-Western, the first issue of which appeared on December 28, 1859. The late Mr. Goldwell was one of the picturesque characters of the pioneer days. He was a vigorous writer and was possessed of a strong personality. He personally reported nearly all the important occurrences connected with the history of the Red River settlement for over a quarter of a century. He witnessed the rise and fall of several administrations. From the provisional Government of Louis Riel to that of Mr. Clark and Davies and the subsequent ones to the time of Grayson.

SUPREME COURT CASES.

Manitoba Appeal Set Down for Hearing This Term.

Special to The Leader.

OTTAWA, March 4.—In Supreme Court, on a motion by Mr. Curie, a Manitoba appeal, Black vs. Hibert, was set down for hearing this term on the Ontario list. On motion by Mr. Alex. Hill, on discontinuance of the two appeals by the Great Northern Railway Company and the Royal Trust Co. were dismissed with costs.

The Food That Builds

Maybe you think of Mooney's Sodas only as a toothsome tidbit. Don't overlook their food value.

Mooney's Perfection Cream Sodas

are made of finest Canadian wheat flour, pure buttermilk and rich cream. There's nothing else of equal size and cost that contains so much wholesome nourishment.

An ideal food.

All grocers have them fresh and crisp in air-tight packages.

MOONEY'S PERFECTION CREAM SODAS

THE COLONIAL CONFERENCE

CANADA'S ATTITUDE STILL UNCERTAIN—RESOLUTION OF 1902.

(Special Cable to the Montreal Star)

LONDON, March 4.—The publication of the official agenda for the Colonial Conference gives special importance to the proposal in Montreal, recently, at the banquet of the insurance institute, that the time had come for Canada to make some offer to the British Empire, shows how decisive is the attitude in all other self-governing colonies. In the Australian Commonwealth the Government which has just returned to power after the general election reaffirms the resolutions of the 1902 conference in favor of preferential trade and adds: "It is desirable that the United Kingdom grant preferential treatment to products and manufactures of the colonies."

The Cape Colony Government, while reaffirming the resolutions of 1902 and adhering to the principle of preference for British manufactures, "desires to impress upon His Majesty's Government the opinion that the continuation of such preferential treatment to producers and manufacturers of Britain is largely dependent upon the reciprocal privileges to the British Colonies." The Government of New Zealand, while also endorsing preference for British goods, considers it essential that Britain concede a preference to Colonial products, which are now taxed under the existing British revenue tariff.

Canada alone makes no suggestions, though, as the Times says in an editorial, "whatever form they took, the ideas of the great community, which is foremost among the colonies of the Empire, would be received with interest and attention second to none."

Mr. Perry JP.

Facts About Zam-Buk

Zam-Buk is different from other ointments and is in being restorative. It contains a large amount of animal oil. Zam-Buk applied to the skin immediately relieves itching, dandruff, eczema, and other skin diseases. It is a powerful blood purifier. Zam-Buk has been used for years by the military and naval forces, and is a powerful as well as a pleasant remedy for all skin diseases. It is a powerful blood purifier. Zam-Buk has been used for years by the military and naval forces, and is a powerful as well as a pleasant remedy for all skin diseases. It is a powerful blood purifier.

GERMANY AND THE NEAR EAST

KAISER AIMING TO SUPPLANT BRITISH INFLUENCE THERE.

A Berlin correspondent to The Chronicle says: It is, perhaps, a suitable time for drawing attention to the development of a certain line of German policy which has its object the strengthening of the position of the German Empire in the near east, and the substitution there of German for British influence.

For more than ten years, but especially since the appointment of Baron Marshall von Hildebrand as Ambassador to the Porte, German policy has sought to open a way to the east through the dominions of the friendly-disposed Sultan. Seven years ago the project for building the Baghdad Railway became a question for practical politicians to deal with. Although the project has been combated, its realization with every year draws nearer, and there is every reason to believe that the first, and structurally the most difficult, half of the line, which will end at Aleppo, will be ready by 1909.

But concurrently with the plan has been another, namely, the linking-up of Germany's railway and telegraph systems with those of the near east. It has been found that the most interesting interest the Rumanian Government in the project, which is distinctly to its advantage.

On the one side the German Government has agreed to run a special service of fast trains to Bucharest and Kustendji, the Rumanian port on the Black Sea; on the other, the Rumanian Government has agreed to put on a fast line of steamers from Kustendji to Constantinople, with connections to the Bosphorus and Alexandria, and to give Germans control of the new cable which lands at a point near the Turkish capital.

It is the intention of the German Government to make Kustendji a serious rival to Brindisi, the well-known port of Italy, on the eastern British lines, including the P. and O. boats. At the present time travellers to Egypt from Germany can reach Alexandria, via Kustendji, in twenty-four hours' less time than via Brindisi.

Constantinople and Alexandria are not, however, the final objects of German ambition. From the Bosphorus another telegraph line is planned which will follow the course of the Baghdad Railway to Fao and there join with the Indian systems touching the Persian Gulf. This it is expected will be the most important factor in the development of German relations with India and the far east, and will be a dangerous rival to the cable and Indo-European telegraph lines. The German line has an overland stretch of 1,500 miles, and will be in a position to accept cables at a cheaper tariff.

Germany's policy, in a word, is directed towards the control of the business between Europe and the east, not with India alone, but with the Sunda Archipelago, China and Japan. Germany's pioneers, according to the Magedburg Zeitung, are looking forward to the not very distant date when British influence and Government, in those latitudes will be obliged to give way before the march of conquering Germany.

BELIEVED WORLD FLAT, NOT ROUND

PLAINVILLE, Mich., Feb. 23.—His dem belief that the world is flat was only one of the eccentricities that made Leban Emery, a character. If he had lived until March 27 he would have been 100 years old. He died tonight.

His bent figure, wrapped in several layers of coats even in the hottest weather, was a familiar sight on the streets. Only on the most stormy days could he be persuaded of late years to go without wraps.

It was Emery's custom to inspect the whips in the various rigs as he passed along the street. If he found a broken one he would wait until the owner came. If he failed to make a driver, with him Emery would present the whip rather than allow him to use a broken one. He had been a whipmaker all his life, being apprenticed at the age of 17, and continuing in his vocation until recently. He had resided here since 1855.

DOMINION PARLIAMENT

MR. AYLESWORTH CONSIDERING ADOPTION OF INDEFINITE SENTENCES IN CANADA.

OTTAWA, Feb. 27.—In reply to R. L. Borden in the House of Commons today, Mr. Aylesworth said that the whole subject of the advisability of adopting a system of indeterminate sentences and the establishment in Canada of a probationary system had been under his careful attention for some time.

The House then went into committee on Mr. Lemieux's bill. The Minister of Labor read the opinion from the Deputy Minister of Justice that the legislation was within the jurisdiction of the Canadian Parliament. The Minister of Justice confirmed this opinion.

In answer to a question, Mr. Emerson said that automobile cars were under construction for the I.C.R. They would be in use next summer.

The motion to provide salaries for eleven judges and the county court was dropped for the present.

U.S. RAILROADS ARE RETRENCHING

ACTION OF STATE LEGISLATURES FORCE THEM TO CUT DOWN PLANS FOR IMPROVING.

By Associated Press.

CHICAGO, Feb. 28.—As a toll to the railroad legislation in the state legislatures throughout the Western and Middle States, the railroads have begun a campaign of retrenchment and will cut their plans for improvement to the smallest possible figure. One which the Chicago, Milwaukee and St. Paul railroad will make is estimated at from \$5,000,000 to \$10,000,000, while other roads will cut out from \$10,000,000 to \$15,000,000.

So uncertain have conditions regarding operations of railroads become, say officials, and so active have legislatures been in altering the rates in passenger and freight traffic there is difficulty in getting the investing public to put money into roads as compared with the same period a year or so ago.

BRITISH NAVAL PROGRAMME

ESTIMATES SHOW REDUCTION OF OVER SIX MILLION DOLLARS FOR 1906-07.

LONDON, Feb. 28.—The naval estimates were brought down today. The construction is estimated at \$40,000,000, as against \$46,175,000 for 1906-7. Lord Tweedmouth, said unless an agreement is reached at the Hague to limit armaments, three new dreadnoughts, one fast cruiser, five torpedo boats and twelve submarines are provided for. On April 1 there will be under construction five battleships, seven armored cruisers, eight torpedo boat destroyers, fifteen torpedo boats and two submarines. The reduction is 1,000 men and \$6,175,000. Lord Tweedmouth commented on the gunnery improvement.

How's This?

We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Dr. J. C. CHESTNUT & CO., Toledo, O. We have cured many cases of Catarrh in the last 15 years, and believe we can perfectly cure yours. Send us your name and address and we will send you a free trial bottle. Sold by all druggists.

Take Hall's Family Pills for constipation.

FORMER CANADIAN DEAD.

Mr. Thomas Foley, a Native of Ontario, Dies in St. Paul, Minn.

By Associated Press.

ST. PAUL, Minn., March 1.—Thomas Foley, member of the firm of Foley Bros. & Kelly, wholesale grocers, and of Foley Bros., a large contracting firm, died today at St. Joseph's Hospital, following an operation. Mr. Foley had been ailing for about a year and was taken to St. Joseph's Hospital three weeks ago. His condition continued to grow steadily worse.

Mr. Foley was born 66 years ago in St. Catharines, Ontario, where he lived in Canada until 1881, when, with his brother, Timothy, John and N. H., he moved to St. Cloud, Minn., where the four engaged in business as railroad contractors, and also as lumber dealers. Foley Bros. executed some of the largest railroad contracts in Canada that were ever let in that country.

TWO TRAIN LOADS OF IMMIGRANTS REACH WINNIPEG THIS AFTERNOON.

Special to The Leader.

WINNIPEG, Feb. 28.—Two immigrant trains, one bearing 100 British settlers, and another following 28 "British" or Scandinavian Germans and 10 Finns, arrived here this afternoon at 4:30. The immigrants are coming out to work on the farms. They are reported to be a very desirable contingent. The demand for farm laborers is still increasing and although there are a great many more coming than there are jobs, the number is not nearly enough to meet the demand.

FATAL EXPLOSION AT PILLSBURY

One Man Killed and Several Others Badly Injured.

By Associated Press.

PITTSBURG, Pa., March 1.—An explosion causing a terrific report occurred at the Laughlin Steel Company's works, Second Avenue, near Hazelwood, at 9:45 this morning. The entire top of one of the furnaces was said to have been blown out, and one man was killed and several others badly injured. The explosion was caused by what is known as a "slip."

THREE MONTHS HARD LABOR.

Circular Advertising Agency Manager Gets Into Trouble.

NIAGARA FALLS, Ont., Feb. 27.—Magistrate Grafton, and sentenced to three months hard labor in the central prison for fraud and obtaining money under false pretenses from persons whom he victimized through a circular advertising agency.

Two Brooklyn Women Burned.

By Associated Press.

NEW YORK, March 1.—Nellie Rogan, aged 33, and her mother, Mrs. Regan, aged 63, were burned to death in their apartments on Taylor street, Brooklyn, today, and Peter Regan, aged 72, was severely burned while trying to assist the two women.

WANT YOU A FEW DOLLARS

You would like to double within the next few months? If so we would like to interest you in the

CELEBRATED LULUMAC MINE AT BULLFROG, NEVADA

500 PER CENT DIVIDENDS have been declared by the mines adjoining this. Fortunes are being made daily in Nevada Gold Mining Stock. WHY NOT take advantage of the present low price and get benefit of every advance? WHY NOT invest a few dollars this way and watch them grow from ten cent pieces to one dollar bills? WHY NOT send in an order TODAY and secure a block of this stock before it goes higher. These shares may be had NOW at the low price of 15 CENTS. They will be worth DOUBLE this in SIX WEEKS. No order for less than 10 shares. Stock certificates will be sent direct or through any bank or banker purchaser may designate.

CLARK & COMPANY, Sole Agents, Colorado Bldg., Denver, Co.
Representatives: Capital National Bank, First National Bank.
N. B.—The prospectus for a rapid advance in this stock are such we cannot hold this offer open for longer than one week. An attractive booklet, entitled "How My Investment will pay for itself," sent free on application.

A PRETTY SIGN BOARD

in front of your store or office is attractive and quite necessary for a successful business.

THE SHORTAGE OF RAILROAD LABORERS

DEPARTMENT OF INTERIOR OFFERS SPECIAL INCENTIVES TO SUITABLE MEN.

Special to The Leader.

OTTAWA, Feb. 28.—The Department of the Interior has instructed immigration agents in Europe to take special efforts to induce the immigration this year of men suitable for railroad construction laborers. Circulars, prepared by the immigration department advertising a free farm, via the railway route, and calling attention to a great field offered in Canada for employment in railway building, are now being distributed in Scandinavia, Belgium, Denmark and other European countries. It is expected that the result of efforts now being made will be to greatly stimulate immigration of a class urgently needed in Canada for the next few years.

CONTRACT FOR WAREHOUSE

Smith Bros. & Wilson to Erect Large Building for Aid.

Wilkinson.

Although not yet formally signed, a contract has been practically let by Aid. Thos. Wilkinson to Messrs. Smith Bros. & Wilson for a large wholesale warehouse directly adjoining and east of the warehouse now occupied by Haultain, Moneymay & Co., on Dewdney street.

The new warehouse will be a substantial brick structure, costing in the neighborhood of \$12,000, and equal, if not superior to, the Haultain & Moneymay warehouse. The building will be specially adapted for a wholesale grocery firm, and at the present time Mr. Wilkinson is in communication with one or two large Eastern houses who are anxious to locate in Regina.

A FOOD AND A TONIC

What the leading Medical Journal of the world has to say about FERROL.

After making a thorough test of FERROL in its own laboratory the London (England) Lancet published an article from which the following is taken:

FERROL

"This is a successful combination of the well-known valuable remedies, Cod Liver Oil, Iron and Phosphorus. The formula is no secret, and our analysis showed the presence and amount of constituents as described. The preparation is a good one and of distinct therapeutic value. The association of an easily assimilable oil, in a fine state of division, with a phosphoric salt of iron which does not disturb the digestive functions and which is easily tolerated, determines its success as a food and tonic in wasting diseases."

What the London Lancet recommends as a food and a tonic in all wasting diseases must have very special qualities.

No higher endorsement is possible. The results following the use of FERROL for the past ten years have proved that this endorsement is well deserved.

FERROL is not a patent remedy. The formula is freely published. It is prescribed by the best Physicians. It is endorsed by the most eminent Medical Journals. It is used in the most eminent Hospitals, Sanatoriums, etc.

MILLIONS OF DOLLARS WILL BE LOST UNLESS FARMERS GET CARS

Reports Received by the Department of Agriculture from Points Throughout the Province Show 50 per cent. of the Wheat Crop Still in the Farmers' Hands--Grain Piled Under Straw on the Prairie Must be Ruined Unless Shipped Before Spring--New Settlers Who Have Been Unable to Market Their Grain Financially Embarrassed --"Cars, Cars, Give us Cars" is the General Cry of the Farmers of Saskatchewan

The Bureau of Information and Statistics of the Department of Agriculture has compiled some interesting information with regard to the 1906 crop gathered throughout the province. The report shows the estimated quantity of wheat grown in the districts named, the quantity shipped and the quantity stored in elevators, granaries or temporary bins. It is hoped that the information thus gathered will be of use in guiding the railways, so that relief may be afforded as soon as possible at those points where grain stored in temporary bins is likely to sustain damage upon the opening of spring.

The report shows that the transportation facilities of the C.P.R. broke down when the time came to take out last year's crop, falling more miserably and disastrously than they did the previous year. At many points more than 75 per cent. of the grain is still in the farmers' hands, while, striking an average, it is estimated that the farmers of the C.P.R. main line, with an estimated crop of 6,420,000 bushels and 1,937,000 bushels in the elevators, 2,274,000 bushels have been shipped, while 1,404,000 bushels are in the elevators; sixteen per cent. of the C.P.R. main line, with an estimated crop of 7,505,000 bushels, show a total of 1,813,000 bushels shipped and 1,937,000 bushels in the elevators, and other branches tell a similar tale of millions and millions of bushels of wheat still in the farmers' hands.

But perhaps the gravity of the situation can be best appreciated by a perusal of the reports received from various points, of which the following are typical examples:

YELLOW GRASS—Owing to lack of any facilities for shipping since December 15, 1906, the money situation is very close and many are behind in payments. A large expense will be entailed on some farmers to safely store during the spring thaw.

OXBOW—The present conditions are worse than I have ever seen them. Last year by this time there were plenty of cars, but this year, unless there is a great change in the supply of cars, a great deal of wheat will be spoiled in the open bins.

GLEN EWE—We have, to date, received 193 cars, while over 200 cars are still on order book. Men ordered cars on September 25 and have 200,000 bushels here all huddled in at a standstill on account of the car shortage.

DRINKWATER—Farmers will have a large amount of grain destroyed when the spring thaw comes, if it is not previously marketed.

CARLEVALE—At this date last year 200,000 bushels were marketed at Carlevalle alone, as compared with 225,000 bushels this year. There are

Nervous Women

Their Sufferings Are Usually Due to Female Disorders Perhaps Unsuspected.

A MEDICINE THAT CURES

Can we dispute the well-known fact that Canadian women are nervous? How often do we hear the expression, "I am so nervous, it seems as if I should fly." "Don't speak to me." "Little things annoy you and make you irritable; you can't sleep, you are unable to quietly and calmly perform your daily tasks or care for your children."

The relation of the nerves and generative organs in women is so close that nervousness, the blues, sleeplessness and nervous irritability arise from some management of the system, which makes her a woman. Fits of depression or restlessness and irritability. Spirits easily affected, so that one minute she laughs, the next minute weeps. Pain in the abdominal region and between the shoulders; loss of voice; nervous dyspepsia; a tendency to cry at the least provocation—all this points to nervous prostration.

Nothing will relieve this distressing condition and prevent months of prostration and suffering so surely as Lydia E. Pinkham's Vegetable Compound, which makes her a woman. Fits of depression or restlessness and irritability. Spirits easily affected, so that one minute she laughs, the next minute weeps. Pain in the abdominal region and between the shoulders; loss of voice; nervous dyspepsia; a tendency to cry at the least provocation—all this points to nervous prostration.

HEAD OF COLUMBIA UNIVERSITY TO WED

BETROTHAL OF DR. NICHOLAS MURRAY BUTLER AND MISS KATE LA MONTAGNE.

NEW YORK, Feb. 28.—Announcement is made of the betrothal of Miss Kate La Montagne and Dr. Nicholas Murray Butler, president of Columbia University. Mrs. Auguste La Montagne, mother of the bride-to-be, is authority for the statement of the coming marriage, which will in all probability be celebrated soon after Easter.

Miss La Montagne is a daughter of the late August La Montagne, of this city and Paris. She and her mother and sister, Mrs. Francis Key Pendleton, have been living in New York for the last fifteen years, and have been identified with the leadership of society. She is a woman of brilliant attainments and a linguist, having command of several languages.

Dr. Butler succeeded Seth Low as president of Columbia University. He was born in 1852. He afterwards studied in universities of France and Germany, and is widely known in the world of letters, having written several works of note. He is a widower with two daughters, and a warm personal friend of President Roosevelt.

B & O FAST EXPRESS LEAVES THE TRACKS

ENGINEER WAS KILLED AND SIX PASSENGERS WERE INJURED.

PITTSBURG, Pa., Feb. 28.—Train No. 49 on the Baltimore and Ohio Railroad, running 40 miles an hour, was wrecked tonight at Indian Creek, six miles east of Conowingo, Pa. The engine, Irwin, was killed and six passengers injured. Fortunately, the train left the rails to the left and was derailed at the foot of a 60-foot embankment and water. The wreckage took fire, and the entire train, including the private car of Robert J. Finney, superintendent of the Pittsburgh division, was burned. Telegraph wires are down, and the route is closed. A long-distance telephone message to the Associated Press says it was one of the most remarkable wrecks on record.

FRICITION WITH TURKEY.

United States Ambassador Becoming Impatient.

CONSTANTINOPLE, Feb. 28.—For some time the American Embassy has been trying to obtain the fulfillment of promises of the Ottoman Government with regard to the rights and privileges of American missionaries' establishments in Turkey. The Ambassador has hitherto exercised the greatest patience, but now says he is unable to tolerate any longer the way in which the work of American schools and hospitals is being obstructed. In spite of the assurances given him, he is the more determined to take a strong line because convinced that the difficulties are due not to the Sultan or the Sultan's responsible advisers, but to the members of the Yildiz Camarilla, whose interference he resents.

SPINSTERS MUST PAY.

Will Be Liable for Celibacy if Anti-Race Suicide Bill Passes.

JEFFERSON CITY, Mo., Feb. 28.—Not only bachelors, but spinsters, are to be taxed in this state, if the bill introduced in the Legislature by Senator Thomas E. Kinney today becomes law. The measure is a move toward more marriages and the doing away with the tendency toward race suicide.

JILTED BY GIRL WEDS ANOTHER.

Miner Whose Passion Buoyed Him Up in Disaster Finds Solace.

PARIS, March 1.—A romantic marriage or at least a recalling a romance and also a tragedy, took place here when Louis Castel, one of the thirteen survivors of the Courrières mine disaster, married Angele Molaret. It may be recalled that when Castel was in the depths of the mine fighting desperately for his life he called for his fiancée, Marguerite Monismou. Analysts of the Courrières disaster found the greatest power of love that gave Castel strength to fight for his life, yet yesterday he married another woman. Castel gave a simple explanation. He found a place as an office attendant in the Ministry of Public Works. He writes to Marguerite to come to Paris. Not liking the city, she would not come. After a period of distressing sorrow Castel found in time a consoling balm, and Angele's eyes did the rest. These, he said, made him forget.

Fall and Winter Ready-to-wear Clothing

There is one point of Excellence in our Piccadilly Clothing which we wish to draw special attention to—that is, there's nothing haphazard about them, every garment has that Style and Swing which catches the eye and brings trade to our store.

TICKET WON BY ADMINISTRATION

RESULT OF THE MUTUAL LIFE INSURANCE COMPANY'S ELECTIONS.

CINCINNATI, Ohio, Feb. 28.—Charges of misappropriations and squandering of funds contributed by followers all over the world are made against the managers of God's Bible School in a suit for a receiver filed in the Common Pleas Court by James Story, a former bookkeeper for the school.

BRIGG BY-ELECTION

Sir Berkeley Shonfield Returned by a Majority of 116.

LONDON, Feb. 27.—By-elections in the division of Lincolnshire yesterday, necessitated by the resignation of Mr. J. Breckett, because of ill health, resulted in notable defeat for Sir Berkeley Shonfield, being returned by a majority of 116 over Captain Guest, the Liberal candidate. This will be the first time since 1894 that a Unionist has held the seat. The Liberal majority at the last general election was 1,726.

BERNHARDT NOW A TEACHER

BEGINS HER COURSE OF INSTRUCTION TO PUPILS AT PARIS

PARIS, Feb. 28.—Mme. Sarah Bernhardt has become an official teacher of the dramatic art in a Government schoolroom. Recently appointed to a chair at the Conservatoire, she made her first visit to that institution on Monday and was there introduced to her class, or rather the class was introduced to her.

CONVICT LABOR COMES UP

Product of Michigan Prisons Not to Be Sold in Open Market.

LANSING, Mich., Feb. 25.—Looking to the employment of convict labor under various lines which will not interfere with free labor of the state, Representative Turner introduced a bill in the House this afternoon. It provides for a board of prison industries to be made up of members of boards of control of the Jackson, Marquette and Pontiac prisons.

GRANT'S REMARKS CAUSE COMMENT

GENERAL'S CRITICISM OF PRESIDENT IN VIOLATION OF PRESIDENTIAL ORDERS.

WASHINGTON, Feb. 28.—Unless General Fred D. Grant explains the remarks made by him at a banquet in Philadelphia he is likely to find himself in serious trouble with the President and the War Department. Grant's reference to negotiations between the President and Mayor Schmitz, of San Francisco, relative to the settlement of the Japanese question, and his declaration that they would have been impossible while his father was President, are not only regarded here as in exceedingly bad taste, but they are in violation of the President's order directing officers of the army and navy from discussing international affairs in public.

FARMER FIGHTS FIFTY RATS.

Jump for His Neck and Face When He Enters Barn.

PATERSON, N. J., Feb. 27.—William Flesher, a farmer living on the outskirts of Paterson, was attacked by rats in his barn yesterday when he went to feed his horse. The farmer's face, neck, legs and arms were badly bitten. The clothing was torn and when he finally escaped fifty rats lay dead on the barn floor.

Warranted to Give Satisfaction. **Gombault's Caustic Balsam** Has Imitators But No Competitors.
