riding on a proper site for the building of said Market House engaged their serious consideration. Several localities were named for that purpose, against all of which objections were offered. The propriety of calling a public meeting of the citizens was also suggested, with the view of arriving at the most desirable conclusion touching that very important point. During the desultory discussion on that subject, several plans formerly obtained were laid on the table. Among these, a model on a large scale, prepared some two or three years since by Mr. Silas Barnard. That model was a market house in miniature, 100 feet long, 45 feet wide, and two stories high, besides the collage—and was intended to be erected on Queen Square—one end fronting on Queen Street, and the other towards the Colonial Building. A building constructed of wood in accordance with that model, it was estimated, could be well finished at a cost of about £1,500. On motion of Councillor Theo. DesBrisay, the following gentlemen were then appointed to take the subject of selecting a proper site for a new market house into consideration, and report thereon at the next meeting of the Council, viz:—Councillors Theo. DesBrisay, W. E. Dawson, James Reddin, Alex. Brown, and John Morris. After the transaction of some routine business, his Worship the Mayor adjourned the meeting.

FOR FOREIGN SYMPATHY.—The following telegram from Mr. W. H. Pope, Government Secretary, at Charlottetown, Prince Edward Island, was received to-day by Mr. Peter Cooper:—
CHARLOTTETOWN, April 19, 1865.
TO PETER COOPER: The government and people of this Island are deeply shocked by intelligence of the murder of President Lincoln, and desire to express their detestation of the diabolical act which has taken away the life of the Chief Magistrate of a nation with which we have long had intimate commercial relations.
W. H. POPE.

THE musical and literary entertainment, with which the C. M. Literary Institute was to have closed on Wednesday night last—but which was postponed on account of the weather—came off on Monday night last, and was very well attended. The entertainment is highly spoken of, and appears to have given general satisfaction. The funds raised will be of material advantage to the poor, for whose benefit the entertainment was originated.

THERE was a rumor in Halifax on Saturday last, that Jeff. Davis had arrived in that city per steamer *Wasp*. The steamer "Heather Belle" made her first trip to Brule for the season yesterday morning, and returned again the same evening. She will continue her regular trips to that port for the remainder of the season.—
Accident to S. S. Commerce.—On Thursday night last the steamer *Commerce*, of the Boston and Colonial S. S. Line, was disabled off Cross Island—(some forty miles from Halifax)—blowing off her cylinder-cap, and in consequence the steam-tug *Nepenthe* was despatched to her assistance and towed her in to Halifax. The freight of the *Commerce* has been despatched to Charlottetown by the *Brig Cebu*. As will be seen by advertisement in another column, the steamer *City of Brule* has been chartered and placed on the route.—

FROM THE STATES.
NEW YORK, May 1
In view of the fact that the rebel ram *Stonewall* is adroit and supposed to be making her way to this coast, the Government has made preparations to receive her by placing ironclads in our harbor. The *Keokuk* and other ironclads, besides a torpedo boat, are in readiness in this harbor. The *Tribune's* Washington despatch says Harrold has made a voluminous confession. It has been ascertained that Jeff. Davis and party have not more than \$300,000 in specie with them. There is a rumor that Davis and others of the bogus Confederacy have been captured. \$200,000 reward is offered for the arrest of any accomplice of Booth. Gold 14 1/2.

NEW YORK, May 2
Advice from Raleigh, N. C., state that the army of the Potomac is an old and well-trained body. It will take up the line of march for Washington about the first of May. Two corps were moved to garrison the cities captured. The Army of the Potomac is also expected to proceed to Washington. It is expected that the Federal military force will shortly be reduced to 150,000 men. The military Commission is engaged in investigating the assassination of the President. A large number of arrests have been made. President Grant has issued a Proclamation. The ironclad rebel ram *Wabash*, proceeded down the Mississippi from Red River and passed New Orleans, where her machinery got out of order, and she was deserted and blown up. It is supposed she had a large amount of specie and plunder on board—intended to reach Cuba. Gold 14 1/2.

NEW YORK, May 3
Advice from the Southwest report the surrender of Gens. Kirby Smith and Dick Taylor. This leaves no important rebel force in the field. Government is said to have information that 800 conspirators are banded together for the purpose of burning Philadelphia, and other Northern cities. Several arrests have been made. The rebel ironclad *Wabash* received 170 pound solid shot through her bows while running past Federal war vessels. She was commanded by Reed, formerly commander of the pirate *Teassey*, who was captured, with 64 of his men. Hon. B. Burton, of Albany, was killed by an assassin at residence this evening. The remains of President Lincoln reached Springfield, Ill., to-day. Gold 14 1/2.

NEW YORK, May 4, p. m.
Steamship *Seefe*, with Liverpool dates to 23rd April, arrived. Political news unimportant. The belief ground in England, that the Rebellion was crushed. Resolutions and Provisions quiet. Consols 90 and 91 for money.
NEW YORK, May 4
WASHINGTON 4.—The President has issued a Proclamation setting forth the fact that the evidence in the bureau of military justice shows the murder of the late President, and the attempted assassination of Mr. Seward, to have been incited, concerted and procured by Jefferson Davis, late of Richmond, Va., Jacob Thompson, of Chestnut C. City, Beverly Tucker, Gen. N. Saunders and W. C. Clegg, late clerk of C. C. Clay, and offering a reward of \$100,000 for the arrest of Davis, \$25,000 each for Thompson, Clegg, Tucker and Saunders, and \$10,000 for the arrest of Clegg. The trial of the conspirators who are already in custody, will be commenced in Washington next week. The orders forbidding the shipment of arms, ammunition, horses, mules and live stock from the United States, is retained by order of Secretary Stanton, they being no longer required by the public necessities. Gold 14 1/2.
NEW YORK, May 4, p. m.
The capture of Macon, Ga., by Gen. Wilson is confirmed. The place is under the protection of Union soldiers.—Gov. Brown last August according to get up a State Convention to bring back Georgia to her allegiance to the Union.—The Florida Georgia, including cotton, promise well.—The *Harold's* Florida Correspondence says fifteen hundred Union prisoners who had been at Andersonville, were released near Jacksonville, on the 28th, and had reached our lines nearly starved and sick. Gold 14 1/2.
NEW YORK, May 5
Small bodies of the Confederates in the West and South West, are surrendering or disbanding. Gen. Sherman and staff are on their way to Washington. A mass meeting of the citizens of Washington has been called to protest against the return of active Confederates to their homes in that city and vicinity.

The final funeral rites of President Lincoln, took place yesterday at Springfield, Ill. There was an immense attendance, and the remains were deposited in Oak Ridge Cemetery. Gold 14 1/2.
NEW YORK, May 5, p. m.
Jeff. Thompson surrendered his whole army yesterday to Captain Mitchell, U. S. Navy. Formal demands, has been made upon the Canadian authorities for the surrender of the assassins within their jurisdiction. The Government has information of half a million barrels of cotton being in the State of Alabama, which will soon be brought to Mobile by the owners. The body of Stoumen potomac Peru is in a state of revolution against the Government. There is little hope that the President will be able to maintain his position. The *Tribune's* Washington special despatch says Washington has been in a state of confusion since the assassination of Davis and his commissioners in Canada. Gold 14 1/2.
NEW YORK, May 6
An order issued by Gen. Halleck allows persons who have been in the civil or military service of the late rebel government to take the amnesty oath. Persons excluded from this benefit can make application for pardon and restoration to civil rights. They voluntarily taking the oath of allegiance will be evidence of their intentions to resume the status of loyal citizens and will constitute a claim for the exercise of the Executive clemency. It is said the confession of Harrold, and documents found on the body of Booth, fix the responsibility for the assassination on Davis and his commissioners in Canada. The trial of the assassins will probably commence on Monday. Gold 11 1/2.
NEW YORK, May 6
Richmond despatches represent as existing in Virginia a terrible state of improvement among the people owing to the draft of the rebel military establishment upon their resources of all kinds. Thousands of people are kept from starvation by supplies from the United States Commissioners, Farmers and others without implements and seed to do their planting, and unless they are speedily relieved there will be no forthcoming crops. The principal citizens and loyal officials of Richmond are coming forward and taking the oath of Allegiance. Secretaries of Charleston were wild with joy at the assassination of President Lincoln, and the God are said to have fallen on their knees and thanked God for their crime. Gold 14 1/2.

A telegram was received here on Thursday last, from Boston, inquiring if the American War Steamer *Kearage* was at Charlottetown. It is supposed the *Kearage* has been despatched in pursuit of conspirators who are said to have fled to Canada. SHIPPING INTELLIGENCE.

Medical Notices.
To Mother's.—MRS. WINSLOW'S SOOTHING SYRUP for children is an old and well-tried remedy. It has stood the test for many years, and never known to fail. It not only relieves the child from pain, cures wind colic, regulates the stomach and bowels, and gives rest to the child and comfort to the mother.
HOLLOWAY'S OINTMENT.—Bad Legs, Wounds, Ulcers, and all descriptions of Sores are cured by the proper and diligent use of this inestimable preparation. To attempt to cure bad legs by plastering the edges of the wound together is a folly for, should the skin unite, a boggy, decayed condition remains underneath to break out with tendril flow in a few days. The only rational and successful treatment, as indicated by nature, is to reduce the inflammation and about the wound—to soothe the neighbouring nerves—to cool the heated blood as it courses along its vessels—and to rob the inflamed watery, laborous discharge consistent and healthy. Holloway Pills should be taken at the same time, to purify the blood, and expel the obnoxious humor from the system.

DIED.
At 11 o'clock, on Monday, the 1st inst., after a long and painful illness which he bore with Christian fortitude to the divine will of his Heavenly Father, Mr. James Bulger, in the 64th year of his age. He was a native of Queen's County, Ireland, and emigrated to this Island in 1843, with a wife and three small children. The deceased settled in this locality, where he was ever ready to fulfil the duties of a neighbor and a Christian; and by the many good qualities which he possessed, he gained for himself the good will of all who had the pleasure of his acquaintance. He was a kind father and a loving husband; he left a wife and ten children to lament his loss. May he rest in peace.

The New York *Tribune* says, "the reason why Drake's Plantation Bitters are so universally used and have such an immense sale, is that they are always made up to the original standard, of highly invigorating material and of pure quality, although the prices have so largely advanced." &c. The *Tribune* just hits the nail on the head. The Plantation Bitters are not only made of pure material, but the people are told what it is. The Recipe is published around each Bottle, and the bottles are not reduced in size. At least twenty imitations and counterfeits have sprung up. They impose upon the people one and that's the last of them. The Plantation Bitters are now used in all the Government Hospitals, are recommended by the best physicians, and are warranted to produce an immediate beneficial effect. Facts are stubborn things. I owe much to you, for I verily believe the Plantation Bitters have saved my life. REV. W. H. WAGGONER, Madrid, N. Y. * * * * * You will send me two bottles more of the Plantation Bitters. MOORE, 254 Broadway.

New-Brunswick, Mass. Nov. 24, 1863. DEAR SIR:—I have been afflicted many years with severe prostrating cramps in my limbs, cold feet and hands, and a general disordered system. Physicians and medicine failed to relieve me. Some friends in New York, who were using Plantation Bitters, prevailed upon me to try them. I commenced with a small wine-glassful after dinner. Feeling better by degrees, in a few days I was astonished the coldness of my limbs had entirely left me, and I could sleep the night through, which I had not done for years. I feel like another being. My appetite and strength have also greatly improved by the use of the Plantation Bitters. Respectfully, JUDITH RUSSELL. If the ladies had known what thousands of them are constantly relating to us, we candidly believe one-half of the weariness, prostration and distress experienced by them would vanish. James Marsh, Esq., 109 West 14th St. N. Y. says, "he has three children, the first two are weak and puny, his wife having been unable to nurse or attend them, but that she has taken Plantation Bitters for the last two years, and has a child now eighteen months old which she has nursed and reared herself, and both are hearty, active and well. The article is invaluable to mothers." &c. Such evidence might be continued for a volume. The best evidence is to try them. They speak for themselves. Persons of sedentary habits troubled with weakness, lassitude, palpitation of the heart, lack of appetite, distress after eating, torpid liver, constipation, diabetes, &c., will find speedy relief through these Bitters. Every bottle for exportation and sale out of the United States bears a metal cap and green label around the neck. Beware of refilled bottles. See that the cap has not been removed. Any person pretending to sell Plantation Bitters in bulk or by the gallon, is an impostor. We sell only in bottles. Sold by principal dealers throughout the habitable globe. P. H. DRAKE & CO. New York. March 22, 1865.

Final Notice! THOSE persons who are yet indebted to CHARLES BELL, are requested to come forward and pay their respective Accounts, without delay. All Accounts and Notes of Hand, remaining unpaid on the 10th day of MAY next, will be sued for without any distinction of persons whatsoever. JOHN BELL, Attorney for CHARLES BELL. BRITISH PERIODICALS, - - - - - THE London Quarterly Review, (Conservative.) THE Edinburgh Review, (Whig.) THE Westminster Review, (Medical.) THE North British Review, (Free Church.) AND Blackwood's Edinburgh Magazine, (Tory.) THESE American Publishers continue to reprint the above named periodicals, but as the cost of printing has increased, the price of paper nearly trebled, and taxes, duties, licenses, &c., largely increased, they are compelled to advance their terms as follows:—

TERMS FOR 1865:— per annum. For any one of the Reviews, \$4.00 For any two of the Reviews, 7.00 For any three of the Reviews, 10.00 For all four of the Reviews, 13.00 For Blackwood's Magazine, 4.00 For Blackwood and one Review, 7.00 For Blackwood and two of the Reviews, 10.00 For Blackwood and three of the Reviews, 13.00 For Blackwood and the four Reviews, 16.00 Subscribers in the British Provinces will remit in addition to these prices, TWENTY-FIVE CENTS A YEAR for Blackwood, and EIGHT CENTS A YEAR for each Review, to cover the United States Postage. The works will be printed on a greatly improved quality of paper, and while nearly all American Periodicals are either advanced in price, or reduced in size—and very generally both—we shall continue to give faithful copies of all the matter contained in the original editions. Hence, our present prices will be found as cheap, for the amount of matter furnished, as those of any of the competing periodicals in this country. Compared with the cost of the original editions, which at the present premium on gold would be about \$100 a year, our prices (25c) are exceedingly low. Add to this the fact that we make our annual payments to the British Publishers for early sheets and copyright in GOLD—\$1 counting up to this time (Jan. 1865) \$50 in current money—most certainly at the scale we have adopted we shall be amply justified by our subscribers and the reading public. The interest of these Periodicals to American readers is rather increased than diminished by the articles they contain on our Civil War, and, though sometimes tinged with prejudice, they may still, considering their great ability and the different stand-points from which they are written, be read and studied with advantage by the people of this country, of every creed and country.

THE FOUR REVIEWS FOR 1865. A few copies of the above remain on hand, and will be sold at \$5 for the whole four, or \$2 for any one. We also publish the FARMER'S GUIDE, By HENRY STEPHENS, of Edinburgh, and the late J. P. Norton, of Yale College, 3 vols. Royal Octavo, 1864, and numerous Engravings. Price \$7 for the two volumes—by mail, post-paid, \$8. LEONARD SCOTT & CO., PUBLISHERS, No. 38 Walker Street, New York.
