YOUNG McKIBBONS' BODY RECOVERED

Without a moment's notice, Guy McKibbon, aged 20 years, was plunged to a watery grave in the Miramichi River here about 8 o'clock on Wednesday morning. The young man had driven his father, John McKibbon of Little Southwest Miramichi to Newcastle and was proceeding to Nelson with his brother, Hubert and drove his car over the open draw span of the Morrissy bridge, where it fell in 60 ft. of water. Hubert McKibbon managed to get clear of the wreck and was rescued by the crew of the tug George M. Stearns but the driver of the car was not seen after it struck the water. Just how the accident happened will never be recorded. Hubert McKibbon said that they were en route to Fraser Company to collect some money for lumbering. When nearing the draw span he noticed it was open and told his brother to slow up and he answered "All right." Hubert was watching the tug Stearns, which was coming through the draw and the first thing he heard a crash and he was hurled through space into the river. It is presumed that the unfortunate young man, who was just learning to drive the car (a Ford) in endeavoring to apply the brakes put gear on low and it leaped over the end of the bridge. He was a son of Mr. and Mrs. John McKibbon and besides his parents eight brothers and sisters survive.

The auto in which young McKibbon went over the bridge was brought from the bottom of the river on Friday. The top had been completely torn off, the windshield broken and the front seat driven out of place. The body of the unfortunate young man was found floating in the river on Sunday afternoon.

2 BRIDGE CONTRACTS HAVE BEEN GIVEN OUT

One in Northumberland the Other in Kent.

Two bridge contracts have been awarded by the Provincial Dept. of Public Works. Adam Stewart and James P. Grattan of Tabusintac have secured the contract for the construction of the Gordon School house concrete arch culvert, and roadway embankment in the parish of Newcastle, Northumberland Co. The contract price of this project is in the vicinity of \$4,500. The contract for the Peters Mills bridge in the parish of Kichibucto Kent county has been awarded to Bruce Simmons of Fredericton at a price in the vicinity of \$8,900. Further contracts will probably be awarded sometime soon.

BEAVERBROOK ENTERTAINS CANADIAN PRESSMEN

Lord Beaverbrook formerly of Newcastle, who is now a newspaper publisher in London had five hundred guests at dinner Tuesday night, to meet the weekly paper editors from Canada who are now concluding a tour of Europe. The guests included Lloyd George, Lord Birkenhead and Winston Churchill.

"You are welcome as kinsmen to the old hearthstone" declared Lloyd George, addressing the gathering. "We have not forgotten what our partners in the Empire did with us in the name of honor and humanity when we accepted the most formidable challenge ever hurled. I have thought in fear and trembling of what might have happened if that million men from overseas had not come. Europe is not in a satisfactory state today but it is getting on; it will work through. It is a troubled old continent but it is a gallant old continent too and somehow finds its way in its own muddled fashion."

Continuing Mr. Lloyd George said: "Canada could maintain six hundred million people but we must study the limitations and dangers of empire as well as its possibilities. Its true mission is to consolidate and reconcile all the diversities into one great pattern setting aside prejudices and predilection. I speak as one who recently did the most unpleasant thing a politician can do. I voted against my party on an imperial question and I want to make an appeal to all sons of the Empire that unity should be sought along the lines which do not breed discord in any province of the empire."

In all the provinces including Britain, the oldest of all, there are internal issues which excite controversy. The Empire must not be made a party question. I am now detached and lead no party but I love the Empire and believe in it."

KEEP UP THE GOOD WORK

Much favorable comment is being made on the marked improvement in which the local police force is carrying out the traffic regulations on both sidewalks and the street. Street corner loafing has been greatly reduced and automobile drivers generally are paying some attention to the traffic regulations governing on both sidewalks and the streets. While an appreciable difference is noticeable—the present existing condition will yet bear a considerable amount of correction and the citizens expect the good work to be kept up until the town is free from corner loafing and careless irresponsible and reckless driving of automobiles on the town streets.

LOCALS DEFEATED CHATHAM TEAM

In one of the best fixtures in the Miramichi Baseball League for this year, Newcastle defeated Chatham on the latter's diamond last night by a score of 7 to 4. For the Newcastle team Graham pitched and had the Chatham players at his mercy throughout the entire game. He had nine strike-outs to his credit and received good support from Willis Murray who caught, as well as from the in and outfield players. Chatham was obliged to use two pitchers, Joe and Jim Mills but neither was able to hold down the shire-town boys who hit their offerings hard. This defeat of Chatham and win for Newcastle will materially change the present standing of the teams in the league.

CHATHAM PARISH LIBERAL MEETING

Delegates Selected For County Convention at Newcastle on July 24th.

The meeting of the Parish Liberal Association was held in the Chatham Town Hall, Thursday evening with a small number of electors present. Mr. James Nichol was elected chairman and Mr. W.F. Cassidy secretary. No particular action was taken with regard to sending accredited delegates to the St. John convention. The following were elected as delegates from Chatham parish to attend the county convention to be held at Newcastle on July 24th.

W.F. Cassidy, Anthony Adams, E.J. Gallivan, E. Burks, W.B. Snowball, Joseph Richard, Robert Murray, James Mear, Harris Flaherty, J.D.B.F. MacKenzie, John Skidd, Charles Cassidy, Ernest Harper, James Dower, Wm. Baldwin Harry Eagle, Charles Richard, Arthur Spray, Robert Campbell, H.B. McDonald.

RAIN SAVES THE STRAWBERRY CROP

The southern section of the province where large quantities of strawberries are grown, had a heavy rain last Sunday, which the growers say, saved their crops and if the showers continue the prospects for an average crop are good. The three largest growers in the Sackville district—Tantramar Fruits Ltd.; A.C. Fawcett & Son, and Frank C. Fawcett have between 400 and 500 pickers at work and expect to load 5 or 6 cars for the American markets within the next couple of days.

The smaller growers are equally busy. Several carloads of strawberries were shipped to the American markets last week, in addition to supplying the provincial markets. The strawberry crops from the Upper Provinces, being late this year clashed with the Maritime crops with the result that prices were low but there is now a tendency for prices to improve a little. Had it not been for the recent showers one half of this year's crop would have been lost.

RAIN BADLY NEEDED

The hay crop has suffered irreparable damage, and grain and root crops have been greatly retarded because of want of rain.

Mrs. Peter A. Palmer, Saltburn, Sask., writes:
 "Dr. Chase's Ointment has completely relieved me of eczema and piles. I also used this Ointment for my baby, who broke out in eczema. A few applications were all that was necessary in her case. Dr. Chase's Ointment has been worth a hundred dollars to me,—before using it I had spent a great deal more than that in unsuccessful treatment from doctors. We have also used Dr. Chase's other medicines, the Nerve Food having restored my health after suffering from severe nerve trouble when a girl."

A Timely Warning to Housewives

When baking Bread, Rolls or Buns remember that Robin Hood Flour is a thirsty flour. Being rich in the highest quality GLUTEN, it absorbs more water than other flours.

You can bake better bread by using less Robin Hood Flour to the baking; or, by adding more water, bake a greater number of loaves.

Heed this advice and your reward will be light, flaky, wholesome loaves, perfect in color, flavor and texture.

Report of Training School

The number of Students in the Training School is as follows:

Seniors	3
Intermediates	4
Juniors	3
Probationers	2
Total	12

During the year five of our Nurses finished the Affiliated Course at the Montreal General Hospital, three of whom have now graduated. At the present time one Senior Nurse is in Montreal taking the course.

On July 30th, 1923, Graduation Exercises were held in the Assembly Hall of Harkins Academy, when Miss Zena Walls, Miss Blanche Cameron, Miss Sadie Walls, and Miss Annie MacNaughton received their pins and diplomas.

Miss Mary Calder and Miss Blanche Cameron successfully passed their R. N. examinations, and shared the award of \$50. given by the Ladies Aid.

During the year two nurses in training gave up the work. There have been six applicants on probation; three have been accepted, and two are still on probation.

As Superintendent of the Training School, I wish to extend my personal appreciation, and the gratitude of the Nurses to the Doctors on the Staff for their support and medical care; to Col. J. D. B. F. MacKenzie for the course of lectures given throughout the year; to the Members of the Hospital Aid for their many kindnesses, especially at Christmas time; and to all friends for benefits and courtesies received.

Respectfully submitted,

The Circus Will Be Here July 17th.

There'll be noise and hurry and rustling out at the Mitchell Field Circus Grounds on Thursday July 17th. There'll be the unpacking of trunks in the dressing room. There'll be a wild waving of other trunks in the "menagerie top" where the elephants are quartered. There'll be hurrying "razor backs;" canvas and seat men and gaudy wagons with gilt and glitter sprinkled all over them. There'll be horses and camels and polar bears and leopards and flags and cook-houses and excitement; and lions with deep voices and— But why not come to the point famous Flying Walters group of dexterious aerialists to pretty Naida Miller the world's greatest exponent of high wire evolution whose act is so wonderful that she rivals the flying Walters as an attraction. And of course there'll be plenty of clowns; and the Sparks dancing and high jumping horses; two herds of elephants; acrobatic seals; pigs who shoot the shutes; trained lions; tigers; leopards; polar and grizzly bears; trained ostriches and all that sort of thing. And besides there'll be a genuine English Fox-hunt with real fox hounds and the champion

Florence Madrid—"A Really Funny Woman"
 and the only female clown under the white tops

Coming to Newcastle with Sparks Circus Thursday July 17th.

For next Thursday there bobs into Newcastle for a single day's stay the Sparks Circus. That's the reason that Thursday morning there will wind thru the downtown streets the long twisting lines of red and gold wagons; the troops of horses; the strung-out file of elephants—the inevitable parade. Thursday afternoon at 2 o'clock there will begin the first of the two performances in which the announcee will call forth the acts that range all the way from the high jumping horses of the world—and—the parade. More than that the parade will be of wondrous length and all wild animal cages open for public inspection. 1235 4 23564 Seats can be secured Circus day at Dickisons drug store same price as at show grounds. Sparks Circus prices: Children under 9 yrs. of age 30 cts. Adults 75 cts. Exhibition grounds Mitchell Field.

CARELESS PARENTS

On several occasions we have drawn attention to the fact that the public streets are unsafe places for children to play. That many of these street-playing children escape injury is miraculous and it is indeed fortunate that so few accidents occur. Notwithstanding the fact still remains that it is dangerous for them to play on the streets and sooner or later the fact will be demonstrated to the deep regret of some parents, who allow their children to indulge in this habit. It is difficult for us to understand how some parents expect to have their children go home with a whole skin; considering that they permit them to run the streets of the town almost from daylight until long after dark. Frequently the police warn these children and at times run them home, but where disobedience is permitted in the home, these same children have very little regard for the orders of the authorities. These children spend the greater portion of their time begging nickels and dimes; chasing the spare tires of automobiles and corner-dodging the police. If the parents of these children continue their present thoughtless attitude it will become necessary for the authorities to take a hand in the matter and in some way prevent them from allowing their children the freedom of the streets at all hours. If the present state of affairs continues, a fatal accident will surely result and the fact that such has not already been recorded, up to the present time, is the best piece of luck that these parents have ever had thrust upon them.

ROOM FOR COURTESY

With the great increase in the number of cars on our roads, and the corresponding increase in the necessity for careful driving, old fashioned motor courtesy has pretty well disappeared. Some men do things as motorists they dare not to as pedestrians; we do not rub people as we pass them on the sidewalks; neither do we cut them off as they cross the street, yet we see these things done quite frequently by car drivers. The capacity of our streets has not been reached; they will accommodate many more automobiles without any trouble if we are a little more considerate of the other fellow and he is a little more considerate of us. Courtesy makes safety with car drivers as well as with every one else.

PRESENT DAY SUNDAYS

The endeavor to restore the old fashioned Sundays is one of the most hopeless tasks ever undertaken by man. For that kind of Sunday will never come back, unless the mass of people is in favor of it—and there is every sign that it isn't. The Sunday of today begins at the edge of dawn with a race to the country and the fishing places. It develops through the morning into a stream of automobiles. Quiet, rest, meditation; worship—these have almost departed from our Sunday. Laws will not bring them back.

HARKINS ACADEMY CADETS

The Harkins Academy Cadets will conduct several booths in town on Circus Day, the proceeds to be utilized for their camp, which is to be held this summer. Help the boys, by your patronage, to make this year's outing a success.

Provincial Election In September

A general provincial election in September is the rumor heard in connection with the activity being displayed by the Government and its supporters. That preparations are being made by the Provincial government for an early appeal to the people seems to be generally accepted and the opinion is quite general that the date chosen will be some time in September.

SUMMER HEAT HARD ON BABY

No season of the year is so dangerous to the life of little ones as is the summer. The excessive heat throws the little stomach out of order so quickly that unless prompt aid is at hand the baby may be beyond all human help before the mother realizes he is ill. Summer is the season when diarrhoea, cholera infantum, dysentery and colic are most prevalent. Any one of these troubles may prove deadly if not promptly treated. During the summer the mother's best friend is Baby's Own Tablets. They regulate the bowels, sweeten the stomach and keep baby healthy. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Miramichi Presbyterial Report For 1924

The 28th annual meeting of the Miramichi Presbyterial convened in Bethel Church, Jacques River on July 3rd and 4th with 71 delegates and six visiting clergymen present, which was considered a very representative gathering.

The public meetings on Thursday and Friday evenings were both attended by large and interested congregations. On Thursday evening the Rev. C.F. McLennan pastor of the church presided and very forceful addresses were given by the President Mrs. L.H. MacLean her subject being "A Vital Prospect" and by Rev. J.E. Forbes, a missionary home on furlough from Central America his subject being "Foreign Missions." Special music was rendered by the choir which added much to the enjoyment of the evening. On Friday evening Rev. L.H. MacLean presided, while the Rev. A.D. Archibald of Bathurst gave a stirring address on "Home Missions" followed by the Rev. W.M. Greenwood of Redbank whose subject was "Foreign Missions." All the addresses were deeply interesting and gave one a far-reaching vision of the work, the needs and possibilities, as well as the results if we measure up to what is expected of us.

The business sessions opened at 9:30 a.m. on Friday morning, the President Mrs. MacLean presiding. During routine business special mention was made of the death of Miss M.E. Gerrard of Campbellton and the great loss the Presbyterial had sustained in her death. Those present expressed a wish that a wreath be sent, in appreciation of one who gave so much of herself to further all good works. Mrs. W.R. MacMillan presented an address of welcome, full of kindly greetings and reminiscent of the early days of this work and those noble women, who in many instances have gone to their reward and from whom so many valuable lessons were derived. Mrs. Archibald of Bathurst responded most graciously to this address. Reports from the various secretaries were received and adopted; these reports showing an increased interest in mission work. The report of the Treasurer followed and speaks for itself of the splendid work of the Miramichi Presbyterial for the year just ended.

A total of \$6683.70 being raised in this Presbyterial for the year ending June 30th, 1924. During the sessions three splendid papers were read; one on "The place, purpose and work of an Auxiliary" by Mrs. J.N. MacNeil; one on the "Home Missions" by Mrs. Thomas Harrison and one on the "Foreign Mission Situation" by Mrs. D.J. Bruce.

The convenor of the nominating Committee presented the following report:—
Honorary Pres.—Mrs. R.H. Mont-

somery.
Honorary Pres.—Miss Archibald.
President—Mrs. J.H.A. Anderson.
1st Vice Pres.—Mrs. S. McLaughlin.
2nd Vice Pres.—Mrs. T. H. Harrison.
3rd Vice Pres.—Mrs. W. R. MacMillan.
4th Vice Pres.—Mrs. A.B. Carson Secy.—Mrs. O. Nicholson.

Home Missions Secy.—Mrs. Harry Fair.
Let & Reports—Mrs. D. Sadler.
Official Reporter—Mrs. W.F. Copp
Expense Fund—Mrs. Wm. Edge.
This report was received and adopted en bloc. Mrs. Bruce, convenor of Resolutions and Courtesies presented her report, expressing deep appreciation for the kind hospitality extended to the delegates; to the pastor, session and church management for the use of their beautiful church; to the organist and choir for the music which added so much to the services; to the speakers for their fine addresses and to the retiring Pres. Mrs. L.H. MacLean for her untiring efforts in the discharge of her onerous duties; and to the friends who so kindly provided autos to convey delegates to and from their homes. Bathurst Auxiliary extended a cordial invitation to meet with them in 1925 which was gratefully accepted.

Beautiful words of farewell were given by the President, followed by benediction by the Rev. L.H. MacLean thus bringing to most successful Presbyterial to a close.

NEGUAC PICNIC TO BE HELD JULY 20 AND 21

The annual big Neguac picnic will be held this year on July 20th and 21st. The first day will start with religious ceremonies in the morning.

Meals and refreshments will be served on the ground and everything will be done to make the visitor welcome. There will be games and sports and a fine time is being looked forward to by all.

12-Year Old Writes Normal School Exam.

Guy Doyle, the 12-year-old son of Mr. and Mrs. Paul Doyle of Jacques River, probably holds the distinction of being the youngest person writing the Normal School Entrance papers this year at least, if not for any other year. He is not, of course, expecting to enter the Normal School yet, even should he pass the examination successfully but he has completed the regular work of the 9th grade in the public school he thought he would see how he could do in a standard examination such as the second class Normal School entrance.

OBITUARY

MISS MARY GEIKIE

The death of Miss Mary Geikie occurred at the home of her niece, Mrs. Howard Wood, Douglstown, on Sunday evening the 10th inst. Deceased had been an invalid for the past seven years but was able to be about up to two months ago. Miss Geikie was a valued resident of Newcastle until a few years ago and many will regret to hear of her death. She is survived by one brother, David Geikie of Douglas town. The funeral was held Wednesday afternoon with interment in the family lot in St. James Cemetery. Services were conducted by Rev. L.H. MacLean.

BIG ORANGE CELEBRATION IN ST. JOHN SATURDAY

A celebration of the 100th anniversary of the foundation of their order in New Brunswick was held by the Orangemen of the province in St. John on Saturday and was one of the most successful ever staged there. It was the biggest Orange parade since 1909 when there were 4000 Orangemen in the parade. Saturday's parade numbered in all about 2000. The morning broke clear and as the day advanced the mercury rose until during the parade it hovered around the 86 mark. Although the route of procession extended over a distance of four miles no one faltered and the ranks at the conclusion of the long walk were just as complete as when they started.

Grand Master H.T. Brewer of Fredericton rode the white horse symbolizing King William of Orange. After the parade returned to Barrack Green the Grand Master and County Master R.G. Magee addressed the assembled Orangemen and His Worship Mayor Potts bade them welcome to the city. The speeches of the day were delivered by Grand Master H.T. Brewer, Rev. A.L. Tedford and Rev. A.D. McLeod.

In the evening supper was served on the grounds and band concerts and numerous games constituted the amusements. Thousands of people were on the ground during the afternoon and evening. The proceeds of the fair were for the Protestant Orphans' Home. The special trains from Woodstock and Moncton did not bring the crowds anticipated and the number of visitors fell far short of the promised 5000. Many came in automobiles returning late in the evening to their homes.

CHURCH UNION QUESTION

Rev. R. Moorhead Legate, pastor of Knox Church, St. John left Friday for Toronto as the New Brunswick representative to attend the conference of representatives of those of the Presbyterial Church of Canada, who do not intend to join the United Church. The conference opened yesterday in St. Andrew's Church, Toronto. Before leaving for Toronto Mr. Legate said "the church union bill had passed but those opposed had elected representatives from every province in Canada to meet to make arrangements for the carrying on of the Presbyterial Church."

THE AUTO IS A MENACE

A North Carolina judge has, in his charge to the jury in an accident case recently, declared that he was "one of those persons old fashioned enough to think that the invention of the automobile was the greatest calamity that ever befell his country." The automobile he declared "has brought more misery, it has thrown more people into debt, it has caused more extravagance than any other single agency. It is killing more persons today than are the railways."

What is probably the strongest yet presented under canvas is the opening number on the program of the Sparks Circus. It is called an "Egyptian Fantasy" taking part in it and raising their well-trained voices in a swelling chorus are several hundred pretty girls and sprightly young men; in gorgeous costumes that were designed and made especially for the Sparks Circus. With the young men and women are elephants, camels, llamas; zebras; and stately thorough bred horses all in trappings and accoutrements of dazzling brilliancy. The harmonious blending of the colors and the appropriateness of the music in number together with the fighting effect show true artistry in conception and execution.

Stellar arenic displays in rapid succession immediately follow the "An Egyptian Fantasy" making up a program of skill and daring and comedy that it takes two solid hours to present. Among the feature acts with the Sparks Circus this year are the Balletina troupe of bareback riders from the Argentine Republic presenting Flora Bedini the world famous equestrienne; the Adele Nelson troupe of acrobats; Frances Wild-

ner; Stasia Carry and Babe Pope with their masterly trained elephants Prince Sakato with his daring and difficult backward slide while standing upright on a rope that is stretched the full length of the big tent; Nalda Muller young dainty and pretty in a series of feature dances on a wire high above the ground; Ernest Kloske—with his sixteen beautiful thoroughbred horses which without a word of command from their trainer execute a series of drills and formations in a way that is more than marvelous; the Margot troupe of comedy acrobats; the Totou Brothers; the Three Walters on the aerial bars; the high school horses and Florence Harf's on Lady Pasion in a fandango; the sea Woska and the fighting lions of Steve Batty; the mixed troupe of trained polar bears and Great Dane dogs; more top-line numbers and a troupe of clowns that keep the audience in a spasm of mirth. There is a fine rich flavor to the performance of the Sparks Circus. Then there is the menagerie with its splendid collection of wild beasts from foreign lands.

Children under nine years of age are admitted for thirty cents.

DISTRIBUTION OF CANTEEN FUND

Distribution of the canteen fund of the Canadian Expeditionary Force will be provided for in Government legislation to be brought down this session. This was indicated in the House of Commons is probably the only important piece of legislation which the Government has not already announced.

Mr. Dr. H.S. Bland Minister of Soldiers' Civil Re-establishment announced that special report of the commission had been received and that a Government resolution based on it would be introduced. In the meantime he preferred not to discuss the matter further than to say that the bill would provide for distribution of the moneys remaining in the fund amongst the different provinces. Trustees for each province would be appointed and the distribution worked out on an equitable basis.

M. G. TEED, K. C., PASSED AWAY

Word was received from St. John Wednesday of the death of Mr. Mariner G. Teed K.C. one of the best known lawyers in the province. He had been in failing health for some months and recently was compelled to abandon a trip to the Old Country which he had planned to take with members of his family. Mr. Teed was a native of Dorchester and practised law at that place for many years in partnership with his father-in-law the late Hon. D. L. Hannington, who afterward became a supreme court judge. Of late years Mr. Teed has been practising his profession at St. John and was in the enjoyment of a large practice.

Salmon And Shad Are Disappearing

Sturgeon, salmon and shad which in the last several years have been caught in abundance off the Atlantic coast are now beginning to disappear from the waters and unless drastic and immediate steps are taken to conserve these fisheries the depletion will be completed in a few years is the warning sent out by the Dept. of Commerce.

Herbert Hoover, secretary of the department in an official statement declares that 80 per cent of the sturgeon; 95 per cent of the salmon and nearly 75 per cent of the shad have disappeared and joint action by the Federal Government and the Atlantic Coast States is essential if they are to be restored.

The Department of Commerce has on its immediate programme definite plans for protection; through legislation and other arrangements which; it is hoped will halt the depletion.

ISOLATED ISLAND FOR HONEYMOONS

Burlington, Vt.—July 6—Dreams of honeymooners for an isolated island are on the way to reality.

Mrs. Frederick Welles a wealthy Burlington woman and owner of an 85-acre island in Lake Champlain has received bids from 6 different men who propose to buy the island for the novel scheme of letting it out for honeymooners as a commercial investment. As she is still open for bids she has as yet refused to announce the name of the purchaser.

The island is equipped with a house of 16 rooms and is luxuriously furnished. It has 4 baths; a deer park and a yacht. Extensive servants quarters are discreetly removed from the house. It was erected at a cost of \$100,000 and will be sold approximately for \$60,000 to a company which proposes to rent the entire establishment out by the day, week or month to honeymooners only.

The men who are bidding for the island plan to let it at the rate of \$100 a day with an additional charge for servants and for food. A week's honeymoon would cost accordingly about \$1000.

Striking Fish Trophies

Above, Replicas of Small mouth bass for competition at French River. Left, The Nipigon trophy. Right, Musky for Lake of the Woods.

These three handsome trophies of unusual and striking design have been offered by the Canadian Pacific Railway for annual competition between guests at each of its three Ontario Bungalow Camps and will be awarded to angler catching largest fish of specified variety in each case.

The trophies have been prepared from exact moulds made of exceptional specimens of fish and, with white metal as a base underneath a dull silver finish, faithful and lifelike facsimiles have resulted. They are displayed to advantage on a black oak panel.

For French River Bungalow Camp a 6 1/2 pound small mouth bass has been reproduced; while the trophy for the Camp at Nipigon is a replica of a 6 1/2 pound speckled trout. A feature of the Devil's Gap Camp (Lake of the Woods) trophy is the realistic and fierce expression of the head of a large muscalunge, with its bristling array of teeth.

It is expected that these trophies will create wide-spread interest and keen rivalry among anglers from all over the continent.

How Backache and Periodic
Pains Yield to Lydia E. Pink-
ham's Vegetable Compound

Leslie, Sask.—"For about a year I
was troubled with a distressing down-
bearing pain before and during the pe-
riods, and from terrible headaches and
backache. I hated to go to a doctor,
and as I knew several women who had
taken Lydia E. Pinkham's Vegetable
Compound with good results, I finally
bought some and took four bottles of it.
I certainly do recommend it to every
woman with troubles like mine. I feel
fine now and hope to be able to keep
your medicine on hand at all times, as
no woman ought to be without it in the
house."—Mrs. OSCAR A. ANDERSON,

COURT REFUSED
WORKER DAMAGES

Man Injured in Liquor Com-
mission Warehouse Lost
Compensation Suit.

Judgment holding that an employe
of the Quebec Liquor Commission
who was engaged in the handling
and distribution of cases and boxes
of liquor in a warehouse of the
Commission was not entitled to
the benefits of the Workmen's Com-
pensation Act has been handed down
by Mr. Justice Gibson at Quebec.

The point arose in the case of
Bedard vs. the Quebec Liquor Com-
mission where the plaintiff sued to
recover a sum of \$161.25. The plain-
tiff alleged that he was entitled
to this sum as compensation for
suffering and loss of time resulting
from an accident which occurred on
October 20, 1921 in a warehouse of
the company where he was em-
ployed. He declared that one of
his fellow workers allowed a box of
liquor to fall on him causing an
injury which necessitated hospital
treatment for some time.

Mr. Justice Gibson declared that
although the plaintiff did not com-
plain of the injury on the day that
it occurred or on the day following
this fact was not sufficient for the
court to refuse to believe his
statement to the effect that he was
injured in the course of his work.
It been proved however said the
judge that the plaintiff had been
engaged simply to help in the work
of handling boxes and cases
in the warehouse. This work was
done in a part of the warehouse where
no other motive force than that of
men or animals was used and accord-
ingly the plaintiff's work did not
bring him within the scope of the
Workmen's Act.

relied upon is Dr. Williams' Pink Pills.
With every dose they improve and invig-
orate the blood, and this new blood means
health and strength. Mrs. A. Griffiths,
Pierson, Man., is one of the many thou-
sands who have proved the value of these
pills. She says:—"I was so badly run
down in health that I was almost bed
fast. The least exertion would have
me breathless. I suffered from headaches
and backaches, and had no appetite. I
could only drag about the house and
found even light housework almost im-
possible. I tried several remedies but they
did not do me a particle of good. Then a
friend came for a visit and she urged me
to try Dr. Williams' Pink Pills. When I
had finished the second box I could feel
that they were helping me. By the time
I had taken four boxes more I was a well
woman and every symptom of my trouble
had disappeared. It would not be possible
for me to say too much in favor of this
medicine, and I always recommend it to
rundown people, and have seen it prove
just as satisfactory in other cases."
If you are weak and run down you can
begin getting new strength to day by
taking Dr. Williams' Pink Pills. Sold by
all druggists or sent by mail at 50 cents a
box by writing to The Dr. Williams'
Medicine Co., Brockville, Ont.

This way clever
women resist the years

The simplest beauty secret known—
but the most effective

The simple, correct way

You cannot find a more effec-
tive beauty treatment. Because
Palmolive Soap is blended of
rare palm and olive oils—famous
for mild but thorough cleansing
qualities since the days of Cleo-
patra. And it is inexpensive.
Be sure you get Palmolive Soap
—which is never sold unwrapped.
All dealers have it. Then try this
method. Watch the improve-
ment in your skin.
It is very economical. So let
Palmolive do for your whole
body what it does for the face.

Every day you see women well
along in years, who still retain
the charm of youthful, lovely
skin. They are not unusually for-
tunate—just clever enough to
resist the years!
They know and follow a simple
method, which you may employ
as successfully as they do. This
tells you how.

Authorities advise this
Cleanse the skin regularly, au-

Made in Canada

thorities say, to keep your com-
plexion lovely, radiant, youthful.
But beware of harsh cleansing
methods. They injure skin.

Wash thoroughly with
Palmolive Soap—each night be-
fore retiring. Rub the creamy,
foamy lather well into the tiny
pores. Rinse— and repeat the
washing. Then rinse again.

Then—if skin is dry—apply a
little cold cream. That is
all. Skin so cared for is not
injured by cosmetics, by
wind and sun, or by dirt.

EULOGY OF THE DOG

One of the most famous speeches
ever made by the late Senator Vest
of Missouri was made in the course
of the trial of a man who had wan-
tonly shot a dog belonging to a
neighbor. Vest represented the
plaintiff who demanded \$200 dam-
ages. When Vest finished speaking
the jury after two minutes deliber-
ation awarded the plaintiff \$500.
The full text of the speech is
printed below.

Gentlemen of the jury—The
best friend a man has in this
world may turn against him and be
come his enemy. His son or daugh-
ter that he has reared with loving
care may prove ungrateful. Those
who are nearest and dearest to us
those whom we trust with our happi-
ness and our good name may become
traitors to their faith. The money
that a man has he may lose. It
flies away from him; perhaps when
he needs it most. A man's reputa-
tion may be sacrificed in a moment
of ill-considered action. The peo-
ple who are prone to fall on their
knees to do us honor when success
is with us may be the first to throw
the stone of malice when failure
settles its cloud upon our heads.
The one absolutely unselfish friend
that man can have in this selfish
world; the one that never deserts

grateful or treacherous is the dog.
Gentlemen of the Jury—a man's
dog stands by him in prosperity
and in poverty; in health and in
sickness. He will sleep on the cold
ground where the wintry winds
blow and the snow drives fiercely,
if only he may be near his masters
side. He will kiss the hand that
has no food to offer; he will lick the
wounds and sores that come in
encounter with the roughness of
the world. He guards the sleep of
his pauper master as if he were a
prince. When all other friends
desert he remains. When riches
take wings and reputation falls to
pieces he is as constant in his love
as the sun in its journey through
the heavens. If fortune drives the
master forth an outcast in the

world friendless and homeless the
faithful dog asks no higher privilege
than that of accompanying him to
guard against danger; to fight
against his enemies and when his
body is laid away in the cold
ground no matter if all other
friends pursue their way there by
his graveside will the noble dog be
found; his head between his paws;
his eyes sad but open in alert
watchfulness, faithful and true
even to death. . . m...

PARLIAMENT TO PROROGUE

It is expected that Parliament will prorogue on Thursday of this week.

A CAUTION

To avoid accidents, drivers of automobiles are cautioned against violations of the traffic regulations calling for signals as to turns and stops; also the dimming of lights when passing teams and cars.

TO THE SEASHORE

Many Newcastle families have taken up their residence at the various seashore points, Burnt Church, Oak Point and Bay du Vin are the principal resorts for summer outing on the Miramichi.

ELECTRICAL STORM

The most severe electrical storm so far this summer occurred last Wednesday evening about 7 o'clock. After intense heat throughout the day the rain and wind, which accompanied it was welcomed and did much to allay the drought and dust.

DRIVE FOR FUNDS NOW ON

The drive for funds for the Halifax Blind School opened yesterday by members of the local Red Cross Society and the collectors are meeting with a cordial reception and a generous response towards this worthy object.

SELECTED CIRCUS PARADE

N. T. Shelton, press agent for Sparks Circus, accompanied by Chief of Police Hopkins, selected the route for the circus parade while here on Thursday. The route will be seen elsewhere in this issue.

TENNIS TOURNAMENT

Members of the local Tennis Club went to Bathurst on Saturday to play a friendly tournament with members of the Bathurst Club in which the local club was victorious by the score of 7-4. It is likely a return tournament will be played here in about two weeks time.

SAILED FOR EUROPE

Rev. Fr. Wallace, Nelson and Rev. Fr. Murdock, Renous have gone to Montreal where they will sail for Europe for a 2 month's visit. During their absence Rev. Fr. Daigle of St. Thomas college will take Rev. Fr. Wallace's place and Rev. Fr. Pitman will have charge of Renous.

HOT WEATHER

The high mark in the warm weather was reached last Wednesday, which was the hottest day of the year. The temperature recorded was 88 in the shade.

STOCK DESTROYED

During the heavy rain shower, which occurred on Wednesday evening, the cellar of Mitchell's Meat Market was flooded, the sewer pipes being unable to carry the water off and caused considerable loss to the stock of this firm. Part of the heavy stock was totally destroyed while some was only slightly damaged.

THE FIREMEN'S DANCE

Among the worth-while things we hear these days are the remarks heard on all sides, that it is the intention of the citizens to boost in every possible way the Firemen in their dance and booths on Circus Day. The money made will go to the Town for the purpose of fire-fighting apparatus and it is the duty of all to assist in this public spirited work.

THE CROPS

The government's crop report says All crops in New Brunswick are in need of rain. Hot and dry weather during the past week has had an unfavorable influence upon hay and grass pastures and grain. Hay is thin on the uplands and promises to be only an average crop. Clover is showing up quite plentifully even predominating in some extensive areas. Pasturage has been good the milk supply abundant. Prices for dairy products have been good.

Too much cannot be said about the necessity in brewing tea, for even the best tea in the world, MOKSE'S SELECTED ORANGE PEKOE, will not give fullest satisfaction if improperly made. In brewing a pot of tea be sure that the water is fresh, and be sure that you pour it on the tea just when it comes to the boil. If you do this and steep your tea for 5 1/2 minutes you will be assured of a beverage that is fit for the gods.

ORDINATION

In the Catholic church at Tracadie on Sunday Rev. Albert Bricdeau of Tracadie was ordained priest by His Lordship Bishop Chaisson. Assisting him were Rev. Fr. Bernier deacon; Rev. Fr. Rochaud sub-deacon Rt. Rev. Mgr. Doucet assistant priest and Rev. Fr. Levasseur sponsor. Quite a large number of clergy were present in the sanctuary. Rev. Fr. Babin delivered a sermon. Rev. Father Bricdeau celebrated his first Mass at Tracadie on Monday.

STR. "MAX. AITKEN"

On Thursday, Circus Day, the Str. Max Aitken, will not leave Newcastle for Chatham until after the Circus parade in the morning. She will leave Chatham for Newcastle at one o'clock to give the people of Chatham an opportunity to attend the big show in the afternoon, and will not leave Newcastle for Redbank until after the circus thus also giving the people of the up-river districts a chance to remain in town for the circus.

SHIPPING PEELLED POPLAR

Mr. A. R. Voyer is loading a cargo of peeled poplar wood for shipment to the Ontario Pulp & Paper Co. whose plant is situated on Lake Superior. The wood is being sawed into four-foot lengths at the Nordin mill property by Mr. Thos. McEwen. Mr. Voyer expects to ship three cargoes this season, his contract calling for 15,000 cords to be shipped before September. The wood is all out, peeled and most of it is rafted on the North-west Miramichi.

TEACHER RE-ENGAGED

H. H. Stuart has been re-engaged as Principal of Petitcodiac Superior School for the coming school year; and his son Edwin A. Stuart, who has been Principal of the graded school at Upper Sackville, the last year has received the Principalship of Havelock Superior School for the coming year.

WANTS SPEEDY TRIAL

Daniel O'Brien who is charged with having committed a dozen or so robberies in various parts of the province and who was finally arrested at St. John after robbing the Wattleton Pharmacy at St. Stephen has elected trial under the Speedy Trials Act at St. Andrews.

SUNDAY SCHOOL PICNICS

The St. James Presbyterian Sunday School held their annual picnic on Wednesday at Wilsons Point. The picnickers went to and from the point in automobiles. The usual games, sports and refreshments were features of the day. The St. Mary's church picnic was held at Bushville on Wednesday and the Baptist church picnic was held on Thursday.

COME AND ENJOY YOURSELF

"A little nonsense, now and then, is relished by the best of men" A great, big good time or a hearty laugh, one that fetches the tears to your eyes. There is more good in one such than in many pills and potions. You need one, so come along and enjoy the Firemen's Dance on Circus night. Thursday in the Town Hall.

THE WATERING CART

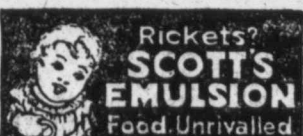

There is a persistent demand by the citizens for the watering cart to lay the dust on the streets during these hot, sunny dusty days. They say that if the work performed by the cart is too expensive or does not meet with the requirements, then the sponser it is scrapped and some other more effective method employed the better. They are about "fed up" with the dust nuisance and expect the Public Works Committee or the Council to remedy it at once.

BROTHERHOOD PICNIC

The Brotherhoods of Chatham and Newcastle Methodist Churches held the first of a series of united picnics at beautiful Bushville Friday evening. Upwards of 80 people gathered on the beach and enjoyed a camp fire sing song, and an impromptu programme. Delicious refreshments in abundance were served by the Chatham Brotherhood. After a thoroughly enjoyable outing the friends dispersed in the hope of meeting there again for a similar gathering on the evening of Aug. 12.

NO MORE ROSSING HERE

The Miramichi Lumber Co., after considerable expense changing the Morrison mill into a rossing mill, has decided not to ross any more lumber for their American plants and have taken out all the barkers. The wood will in future be shipped in four foot lengths with the bark on. The rossing will be done by drum barkers at the points of destination. This has been proven to be the cheaper method. The Philip T. Dodge, now at Gaspe, will be here about the 20th for a cargo of this wood.

It abounds in body and bone-building factors that every young child needs.

MANY TOURISTS

Tourists are coming into the province in large numbers and will continue to do so for the greater part of the next two months. It may be hoped the people everywhere will consider the welfare of the visitors so that they may carry away with them a favorable impression regarding the hospitality of our people as well as of the quality of our climate and scenery.

EXPERIMENTING WITH OIL

The Public Works Committee of the Town Council has had a portion of the King's Highway oiled. This has been done as an experiment and the result will be watched with considerable interest. This street is probably the best in town at the present time, but on hot, dry days it is extremely dusty. The oil has

been used on it for a two-fold purpose—to keep down the dust and to protect the street from wearing and blowing away. It is imperative to protect the streets after they have been built and if the oiling proves a success, it is likely that all streets will be treated with it, after they are first put into shape.

KEEP THE STREETS CLEAN

Several sawed off barrels, painted white and distributed on the town streets, would keep the square and streets in a more respectable condition than they are at present. When full, they could easily be disposed of, and the streets would present a cleaner and much nicer appearance during the tourist season.

The Doctor Knows
Doctors who know Minard's by the word it does are unanimous in their praise of its healing and soothing qualities.
Dr. J. M. S. H. of St. John's, N.S., writes:—
"I have frequently used Minard's Liniment and also prescribe it for my patients always with the most gratifying results and I consider it the best all-round Liniment."
G. A. King, M.D. also recommends Minard's in the following words:—
"I have used Minard's Liniment myself as well as prescribed it in my practice when a liniment was required, and have never failed to get the desired effect."
