Bucharest Hears of Big Naval Battle in the Black Sea.

RUSSIAN TROOPS LAND

Large Force is Being Sent to the Bulgarian Coast.

Special Cable to The Toronto World. LONDON, Oct. 30.—A Copenhagen despatch says that a private message has been received in Berlin from Bucharest to the effect that the Turkish warships Goeben, Breslau and the Hamedieh, attacked the Russian squadron in the Black Sea consisting of three battleships and several cruisers and destroyers.

A violent battle took place, the result of which is not known. The Goeben and Breslau were formerly German cruisers. They have been several times reported sunk or damaged. The Hamedieh is a Turkish protected cruiser, built in 1902.

Early this afternoon a Berlin despatch said that The Tageblatt's correspondent at Bucharest reported that large contingents of Russian troops had set sail from the Black Sea ports of Odessa and Sebastopol for the Bulgarian coast, the transports being escorted by strong squadrons.

The Russian warships began the bombardment of Varna and Burgas, nearly a week ago, German accounts stated the belief that these attacks were preparatory to attempts at landing troops, one version being that they were designed to cover a landing on an undefended stretch of Bulgarian coast.

The Turkish squadron is believed to have been lying in wait for the Russian expedition.

Bucharest despatches make no secret of the fact that Rumania is leading a willing ear to the Entente offer to grant all her territorial demands, including Bessarabia. The definite acceptance of this offer is looked for before another week begins, for as things stand now, every hour counts.

Rumania is expected to send her own army over the frontier, falling on the rear of the German and Bulgarian forces advancing from the Danube toward the heart of Serbia.

Germany Take Precautions. Already the German general staff is figuring on this danger, part of the army of General von Lindenberg, fighting in south-western Russia, having been reported upon sent to the Rumanian border line.

From Athens come the news that the change in Rumania's attitude is drawing the attention of the Greek government and the Greek general staff.

Despatches from Athens declare that observers there expect a reversal of the Greek policy in favor of the Allies within a few days. The Patria announces that Zaimis is merely waiting for the final decision to pursue the Venezuelan policy, that is when the allied forces in Macedonia are sufficient.

Serbia's defense has aroused tremendous admiration, despite the minimizing of the achievements of the Serbian soldiers by the Germanophile press. Italy's participation has created intense indignation; it freshens immediate action.

The contact of the Greek government with the representatives of the Allies has been the last few days significantly close.

STRIKE NOW THREATENED BY DYERS IN ENGLAND

LONDON, Nov. 1.—More labor troubles in the textile trade are threatened by a strike vote now being taken by the Dyers' Union, who are in dispute with the employers over wages. The trouble affects 20,000 dyers. Employers of 40,000 other dyers already have made terms with the dyers.

NOVEMBER 1st STARTS FUR SALES

This first day of November finds the W. & D. Dineen Co., 140 Yonge street, in a splendid position to supply their customers with the finest furs procurable in the world's best markets. Never were stocks so large and complete with such quality. A timely warning against delay in making purchases is necessary, as our agent in London has advised that fisher, wolf and beaver skins have advanced 50 per cent in price and mink's has advanced 20 per cent. These facts are given to show the tendency of the fur market. Now is the time to buy when prices are low. Ask for catalogue or inspect the display at Dineen's.

TRUNK TRENCH TAKEN

Additional Gains Achieved on Carso Plateau—Austrians Mown Down.

Special Cable to The Toronto World. ROME, Oct. 31.—Italian troops have captured a pivot of the Austrian defence on the Saisana summit, garrisoned by the Imperial cruminals. This height of 2200 metres was fortified by a redoubt and several rows of trenches, which were destroyed by the Italian artillery. Infantry then rushed them with bayonets, taking 277 prisoners. Nine machine guns and a large quantity of war material were also captured by the victors.

Repeated blows struck by the Italian offensive are breaking down the enemy's resistance on the Coll Lano of the Cordova Heights.

Another trunk trench was captured in the Monte San Michele zone on the Carso Plateau. Several small trenches were also occupied in the centre.

An attempted offensive by the enemy in the Monte Nero zone broke down after the capture of part of the Italian line on the Vodina, and the Italians promptly drove back their foe.

Austrians making an attack in the Zagora section were mowed down by Italian artillery.

HOSTILE FORCES ARE CLOSING IN UPON SERBIANS

Loss of Pirot Termed "Key to Nish," is Serious Blow.

AUSTRIANS' LOSSES BIG

Montenegrins Are Continuing Desperate Resistance Against Invaders.

LONDON, Oct. 31.—The Serbian fortress of Pirot, described as the key to Nish, is in the hands of the Bulgarians, while the Austro-Germans advancing from the north are endeavoring to form a ring around Kragujevac, where the Serbian arsenal is situated. Thus, besides endangering both the Serbian capital and the town where the Serbian munitions are manufactured, the central powers, with Bulgaria, are narrowing the gap, through which the Serbian army in the northeast must escape.

Simultaneously, the Austrians are attacking Montenegro to remove, if possible, the danger of having an enemy army on their flank. Little has been said about the fighting between the Austrians and Montenegrins along the Drina River, but apparently it is of a most sanguinary character, as it took the Austrians with far superior equipment more than a week to force a crossing of the river at one point alone, that south of Visegrad. The Anglo-French troops are firmly establishing themselves along the southern end of the Nish railway and crossing into Bulgaria, have occupied the hills surrounding Strumitza, although the capture of that town is not officially confirmed.

Pirot's Loss Admitted. Confirmation of the capture of Pirot by the Bulgarians is contained in an official statement by the Serbian war office, issued under date of Oct. 28, and received here today as follows: "Severe fighting is continuing on the Morava front, while the Timok army is taking up a new position in the rear."

LIEUT. MACKENDRICK RETURNS FROM FRONT

Galt Officer of R. A. M. C. Says Canadians Well Treated in England.

GALT, Oct. 30.—Owing to the illness of his wife, Lieut. H. P. Mackendrick of the Royal Army Medical Corps has returned from the firing line. He was chief surgeon of No. 21 Casualty Clearing Station, which was located eight miles behind the British lines in France. He had been four weeks at the station when he received the cable concerning the condition of his wife. He was greatly pleased with the work, and was sorry to have to return home. He said that Canadians could not be better treated than they are in Britain, and any favors are to be received, the Canadians seem to have the preference.

Heavy rains have fallen. In intervals of sunshine the enemy's artillery displayed considerable activity and our artillery replied by shelling the enemy's billets and trenches. With the exception of occasional outbursts of bombing, the enemy was unusually quiet. There was little hostile rifle or machine gun fire. Our bombers and patrols maintained their activity. Whenever possible our working parties were actively employed. Several enemy working parties were dispersed by our fire."

HYDRO EMPLOYEES AGREE TO STRIKE

Will Walk Out Tomorrow at Four o'Clock if Demands Not Met.

HELD A MASS MEETING

UNANIMOUS DECISION REACHED AFTER LENGTHY DISCUSSION IN TEMPLE.

One hundred and twenty-five line-men of the Toronto Hydro-Electric Commission will go on strike tomorrow at 4 o'clock unless the commission accept the decision of the arbitration board, which granted the men a 10 per cent. increase in wages, to take effect May 1, 1916. This action was unanimously decided upon at a mass meeting called by the union at the Labor Temple yesterday afternoon. There was a large attendance, and the session was private.

Leaders of the local union state "there has been too much monkeying around," and insist that some decisive action be taken. Last July the union appeared before a board of arbitrators in the city hall and was awarded a 10 per cent. increase, Judge Coatsworth presiding.

The hydro commission made a counter proposal of a 5 per cent. increase all around, to take effect one year after the termination of the war. "This the men refused to consider. At present, while some of the employees make as high as \$22 per week, as a rule \$17 is the average wage.

Should they go on strike eight different departments, sewer disposal, high level and general lighting.

Walk Out Sanctioned. The head of the organization at Springfield, Mass., has sanctioned the proposed walk out and business agent, J. E. Curran, of the local union, stated to the reporter for The World yesterday afternoon that a high official of the International Electrical Workers' Union was now on his way to Toronto from that city, and would take charge of local matters should a strike be called. Mr. Curran stated that he had been promised financial assistance by the international officers.

At the conclusion of yesterday's mass meeting President A. P. Dwyer, of the local union, instructed all members to assemble at the Labor Temple at 4 o'clock on Tuesday, when the decision will be announced.

NEW BOARD TO GIVE CONTRACTS FOR MUNITIONS

It Will Be Directly Under Control of Lloyd George.

BIG ORDERS COMING

D. A. Thomas Pays Tribute to General Bertram's Good Work.

By a Staff Reporter. OTTAWA, Oct. 31.—D. A. Thomas, representative in Canada of Lloyd George, British minister of munitions, before leaving for New York today, en route for England, after five months in this country, stated that about five hundred million dollars would be expended in the Dominion on munitions of war.

The Canadian munitions committee has been organized out of the Canadian shell committee, and it will be directly under the control of Lloyd George. The members of the old committee who were interested in the manufacture of munitions have been retired, and Lionel Hitchens, one of the British representatives will be at the head.

Before leaving, Mr. Thomas issued a statement in which he said he would always look back with the greatest pleasure on the visit, and hoped to return before very long to renew his acquaintances with the very many friends whom he had met here, and take a hand in the development of the resources of the Dominion which he foresaw would take place in the near future.

Canada was doing well, both in her contribution of men and munitions to the needs of the empire in this great crisis, and with the orders that had already been placed, and the further very large orders that were now being allocated, the capacity of the Dominion, the not fully utilized, would be heavily drawn upon.

Referring to the criticism that had been made on the work of the committee, Mr. Thomas said his relations with that body had been of a most friendly character, and while it would be idle to deny that they had not always seen eye to eye on questions of policy, their differences have not been in any sense of a personal nature. He considered that the committee had done excellent work under most difficult and trying circumstances, and that they, and more particularly General Bertram, by their chairman, had placed the country under a heavy debt of obligation. General Bertram had worked like a Trojan, night and day, and given his services freely to the state without fee or reward.

The shell committee was doing an enormous business, the size of which was hardly recognized by the public. It was probably the biggest business in the empire today. It had grown enormously, almost out of recognition, indeed, since its inception 12 months ago, and when the small orders first entrusted to it were issued. Under these circumstances the official announcement made by the prime minister of Friday last that he considered the time had arrived when the committee should be reorganized would cause no surprise.

Hitchens to Direct. The reconstitution of the committee would be arranged by Lionel Hitchens, whose wide business experience eminently fitted him for the work. (Continued on Page 2, Column 6).

GERMANS GIVEN SERIOUS CHECK IN CHAMPAGNE

Four Attacks on Five Mile Front Defeated With Heavy Losses.

TROOPS FROM RUSSIA

Beaten Enemy Left Over Three Hundred Prisoners in French Hands.

Special Cable to The Toronto World. PARIS, Oct. 31.—Heavy German attacks, delivered after a month, had passed, against some of the positions which the French had captured in the Champagne, resulted in a severe and serious check for the enemy. It is said that the Germans brought men from the Russian front in preparation for the big stroke which they had planned to deliver.

The first attack was preceded by an all-night bombardment of extreme violence on a front of about five miles, extending from the woods on the side of hill No. 195, Tahure hill and village and the trenches to the south as far as and extending to the woods of La Courteine. Then came forward dense masses of infantry, well organized for the assault. The assailants advanced with great vigor and fought with great ferocity, but they were met by a deadly sniping fire from the entire French front and received a serious check. Only at one place did they gain ground. This was on the Tahure hill, where they occupied the summit. At all other points, and notably before the village of Tahure, the Germans were thrown back upon their trenches. They left behind them a large number of dead bodies.

Four Distinct Attacks. In the afternoon the enemy violently attacked the region north of Les Meunil and made a number of distinct attacks, firstly at 8 a.m. against La Courteine, secondly at midday against Tahure, and thirdly at 2 p.m., south of Tahure, and fourthly, at 4 o'clock against the ridges to the northeast. Their progress was stopped everywhere by French infantry and artillery fire, and they were obliged to retreat in disorder to their own trenches, leaving 565 unrounded and in the hands of the French, and a large number of dead on the battlefield.

The Germans also made a surprise attack to the northeast of Neuville St. Vaast, where they recaptured several parts of the trenches recently captured by the French. These had been incorporated in the French advanced line to the east of the labyrinth the enemy exploded a mine close to a French position, but infantry which came out with their rifles back at its trenches. The French began attacks Sunday for the repositioning of the position, one partly occupied by the Germans on the preceding day and retook a section of them. The struggle is proceeding here.

Increased Artillery Activity Reported in Shelling Points on the Dardanelles.

CONSTANTINOPLE, Oct. 31, via London.—A shell from a Turkish gun struck one of the transports of the entente allies off the Gallipoli peninsula and apparently set the vessel on fire, according to the Turkish official statement issued by the war office tonight. The statement says: "There has been increased activity by the enemy artillery in shelling points on the Dardanelles front. Some enemy vessels participated in the firing. "Near Anafarta, our artillery hit the forepart of a transport, which withdrew enveloped in dense smoke. "There have been minor events near Ari Warika Sedouli Bahr."

HER NOBLE SACRIFICE

St. Paul's Anglican Church, East Bloor street, was thronged with worshippers of all denominations last night for the memorial service in memory of Edith Cavell, the English nurse, who was murdered by the Germans. Seats in the nave were allotted to the members of the Toronto Chapter of the Graduate Nurses' Association of Toronto, and those whose auspices the service was held, and 200 men of the regimental band, which was taken as great as the soldiers were returning in triumph from Berlin, Germany.

PROFITS TOO HIGH

The profits of the manufacturers have, in Mr. Thomas' judgment, been higher than they are entitled to. This was perhaps difficult to avoid under the circumstances. Anyway, it is past history as far as Mr. Thomas is concerned, and under the new system of competitive tendering, which has now been adopted by the War Office, the future of the "Canadian Munitions Committee" should in the future be no cause for complaint in this respect.

DONALD GUTHRIE CALLED BY DEATH

Former M. P. and Prominent Lawyer Dies of Heart Trouble.

MISSIONARY TO INDIA

D. M. Rose Ordained Deacon at Guelph—To Raise Wellington Battalion.

GUELPH, Oct. 31.—After an illness of only a few days' duration, Donald Guthrie, K.C., ex-M.P., 75, died of heart trouble at his home in this city Sunday evening.

Donald Guthrie was born in Scotland in 1840, and came to Canada when 14. In 1859 he came to Guelph, where after completing his academic course, he was admitted to the bar in 1866. He was created a Q.C. by the Lieutenant-governor of Ontario in 1878, and also by the Governor-General the Marquis of Lansdowne, in 1885. He was made a bencher of the Law Society of Ontario in 1891. Guthrie was for over half a century solicitor for the City of Guelph and County of Wellington. He was considered one of the best authorities in the province in municipal matters. He was one of the organizers of the Guelph Gas Co., and was its president until it was acquired by the city in 1903. When David Straton resigned his seat in the commons in 1876, Mr. Guthrie succeeded him.

He was re-elected in 1878, but in 1882 declined to run again for business reasons. Four years later he was elected to the legislature, and in 1884 retired. In 1896 he was appointed inspector of registry offices for the Province of Ontario, which office he held at the time of his death.

Mr. Guthrie was a Presbyterian and was for several years chairman of the board of managers of Chalmers Church. He was married in 1863 to Miss Margaret Macvicar, daughter of the late Dr. H. Macvicar, principal of the Presbyterian College of Montreal. Hugh Guthrie, M.P. for South Wellington, is a son.

TO RAISE WELLINGTON UNIT

A motion was made to start the raising of a battalion of infantry for overseas in Guelph and Wellington. Mr. A. J. E. Carter, has taken up the matter and will get in touch with Warden Boyd in order to secure the co-operation of the county council. The Wellington Unit was organized at Monday night's meeting of the council.

NEWS OF SPECIAL INTEREST TO WOMEN

THIS WEEK AT THE THEATRES

The White Feather

All roads will lead to the Alameda Theatre tonight, when the much-heralded "The White Feather" returns to town with all the favorites of last year's brilliant cast, including the popular Albert Brown, who will be seen in his inimitable characterization of the role of Brent, the

Geradine Beckwith, the leading woman, at the Royal.

English secret service officer. "The White Feather" should be witnessed by every true Britisher, every loyal Canadian in Toronto who believes in wholesomeness and truth in stage entertainment, and by anyone who is a reflection of our lives of today, of the things we are talking about, and the thoughts that are in our minds.

Al Johnson, in "Dancing Around" at the Alexandra, week of Nov. 8.

Bringing Up Father

The advent of "Bringing Up Father," the popular musical comedy, in three acts, at the Grand Opera House this week will have a double significance. Besides providing local theatregoers with a most enjoyable entertainment, a production sure to find immediate acclaim, it will mark the introduction of George McManus as a full fledged playwright. To those who might not be able to recall Mr. McManus without diving in the archives of one's memory, let it be chronicled in bold black type that he is the noted artist whose cartoons

At the Hippodrome

For this week the Hippodrome management offers the headline attraction of a bright Bill Lida McMillan and her clever company in the amusing comedy playlet, "The Star Boarder." Stirring adventures on a cannibal island in the South Seas will feature this week's episode of the thrilling "movie" serial, "Sea of the Navy." Eddie Girard and Jessie Gardner, two clever entertainers, will present their amusing sketch, "Dooley and the Diamond." Lesser and Mourie, in song, dance and comedy, are said to be very good, while Fitch Cooper, "The Musical Hub," has a unique instrumental offering. The Billy Johnson Trio have an amusing musical melange, while Collier and De Walle are premier roller skaters. Ruth Howell and company, in a daring aerial offering, and feature film attractions, complete the bill.

NEW CONVENIENT DAY SERVICE BETWEEN TORONTO AND OTTAWA VIA CANADIAN PACIFIC LAKE ONTARIO SHORE LINE.

The travelling public are particularly directed to the excellent new train service between Toronto and Ottawa, now in effect.

"The Rideau" leaves Toronto 1:45 p.m. daily except Sunday, arriving Ottawa (Central Station) 10 p.m. "The York" leaves Ottawa (Central Station) 1:15 p.m., arriving Toronto 9:30 p.m.

Modern equipment will be carried including buffet-library-observation parlor car, with broiler service, enabling passengers to enjoy a tasty dinner. All the latest periodicals are carried for free use of patrons. Car is also equipped with wide observation platform.

This service saves much time for the business man, as half a day may be spent in either Ottawa or Toronto with only one night on the train and one business day's absence from office. Particulars from Canadian Pacific ticket agents, or write M. G. Murphy, district passenger agent, Toronto.

How to Smooth Out Lines That Tell of Advancing Age

By LUCREZIA BORI

Have you ever experienced the unpleasant sensation that accompanies the discovery of the first wrinkle?

Take a strip of thin, pliable rubber—a piece from a worn-out ice bag and will do.

Another fleshy sign of age is the accumulating of fat at the base of the neck at the top of the spinal column.

At the first sign of a double chin wring towels from a basin of hot water—so hot as you can bear your hands in—and wrap them closely about the throat.

FEMININE FOIBLES By Annette Bradshaw

WHEN THERE ISN'T A MAN It is so comfortable to have a nice little game all by ourselves.

"The Profession of Wife and Mother" By WINIFRED BLACK

Copyright, 1915, by Newspaper Feature Service, Inc.

How would you go to work to train a woman to be a wife and mother, Madam President of the Mother's Congress?

Did you have to go to school to learn the profession of friendship, pray tell?

Do you know any method by which such love can be learned by rote? The profession of wife and mother—how about the profession of daughter and sister?

Who are the inspired beings who are supposed to be able to carry out such laws as this? How do you know who is desirable and who is undesirable, Mr. Rockefeller? What do you mean by desirable—anyhow?

Are we better? The simple things, the plain virtues, the characteristics that make the most humble character blossom like a rose in the simplest home—these are the things that make a woman a successful wife and a good mother.

Unselfishness—for one thing. You never saw a vain girl turn into a good mother in your life—you never knew a selfish woman who was anything but a selfish wife.

Look around you in your own circle of acquaintances and see. We have more clothes and more silk stockings and more different hats than our mothers—we go to the moving pictures and they stayed at home by the fire with a plate of doughnuts and a pan of apples.

Odd and interesting facts: Fruit should commence a meal, not end it. St. Sebastian is the patron saint of soldiers.

Kind man—Why is it that you always fly your kite alone. Haven't you any friends? BOY—No, sir, nuthin' but relatives.

ADVICE TO GIRLS By ANNIE LAURIE

Dear Annie Laurie: I am a girl of 16 and have been going with a boy friend for a few weeks. He is very handsome and has all good habits.

Dear Annie Laurie: I am a young man of 22, and am keeping company with a young girl of 18. I love her very much, but we had a little quarrel a few months ago.

Dear Annie Laurie: I am a girl, 20 years of age, and have my love affairs as the rest of the girls of my age.

Why Instinct Actually Is Greater Than Reason

By DR. LEONARD KEENE HIRSHBERG

A. B. M. A., M. D. (Johns Hopkins University)

The arrogance, imprudence and vanity of "some people" is often the topic of much adverse criticism by the rest of the world.

The proof that we are less superior than we think and boast is traceable to the vicious circle of the intellect.

Therefore, man is superior to brutes—because he has reason. Man here interjects the necessary assumption that reason is superior to instinct.

What do the angels say about this, or some other creature that is not biased in the matter—the animals themselves?

The New Call

At the estimate of 10 per cent. of the population, which is taken as the basis available for service in other nations, Canada is beginning to approach her responsibility in the war with the new call bringing the overseas force up to 250,000.

Half a million men from Canada would be 10 per cent. of the population, but some allowance must be made for the heterogeneous character of our people.

This heritage is in danger. The danger of all the centuries has been the ocean-sweeping force to which all other powers have so far yielded homage.

A silly person observed last week that Germany was fighting for peace, she knows absolutely nothing of German philosophy or German ethics or she could not have made such a foolish remark.

It is not Germany that is fighting for peace, but the allies, and there must be no mistake about the finality of the peace when it is made.

We have enough faith in human nature, even in German human nature, to have confidence that, though beaten and taught that the gospel of force and hate and frightfulness cannot gain its ends when the voice of God speaks in the hearts of the people.

We have no sympathy with those who would declare a national Vendetta against a misguided people, but until they are willing to open their eyes and see we must relax no effort to bring them to their senses.

It is all a gaily and sickening business, and our silly peace prattlers have no such robust horror of its ghastliness as the men who, knowing the only remedy, do not hesitate to apply it.

The Trent Valley Canal Dams

The Kingston Whig accuses us of not having given all the facts with regard to the power situation in Kingston. If it had read our article intelligently, it would have appreciated the fact that we dealt with the situation as it is related to the province generally.

We gave all the facts about the causes why power is not present in Kingston under Hydro-Electric auspices at the present time. Had the franchisees promised the Ontario Commission been leased to the commission there would have been no dispute about rates and no situation to be disturbed about.

We are not concerned, however, with Kingston's local commission, which evidently had not the backbone or the knowledge to warrant it taking its own way in the matter of rates as the Toronto Commission did.

Putting the Dunces' Cap on Canada

Our old friend and good neighbor, The Montreal Gazette, has recently published a long editorial on the subject of government ownership and operation of railways.

The text of the sermon is the laying of the cornerstone of the new ocean terminals of the Intercolonial at Halifax by Sir Robert Borden. True, Robert is not personally criticized for participating in the ceremonies, but a savage judgment is launched against the Intercolonial Railway, and we read:

It must be allowed that for many years the Intercolonial, now about 1600 miles long, was badly managed. The existing service was known to railroading took root and flourished, such as under-billing, the granting of excessive rebates, the maintenance of an excessive number of stations and the building of lines in order to show political influence of the road at election times.

These offences, long ago committed, would not be tolerated now, but at the time the same or similar practices prevailed all over the continent, but then and now privately owned railway companies committed more heinous offences, none of which we are glad to say, can be charged against the Canadian Government railway system.

The Intercolonial has never issued a stock or defrauded the public by issuing a stock or distributing stock in order to load up with no watered stock or fraudulent bond issues. It could be sold at any time for what it cost the government or oriented at any time on terms which would bring the government a fair return.

From the Intercolonial The Gazette pounces upon the National Transcontinental. We are told that the politicians running the government of Canada were so stupid or corrupt that the railway cost \$200,000,000 instead of the \$70,000,000 they estimated.

The committee on voluntary aid, in the care of returned invalided soldiers, which was appointed by the department of militia, and of which W. K. George, 110 Lowther avenue, is chairman, and Archdeacon Cody, 608 Jarvis street, is vice-chairman, met on Friday for formal reorganization purposes.

The committee on voluntary aid will work in conjunction with the hospitals commission (appointed by the government), of which the Hon. Senator Loughheed is chairman, and Sir Henry Pellatt and W. K. George, Toronto, members, and with the military authorities in looking after the returned invalided soldiers during their stay in the convalescent homes to which they may be assigned.

The hospital commission has been fortunate in securing the premises on College street, formerly occupied by the Bishop Strachan School. These buildings and the ground adjoining are admirably adapted for the reception of the soldiers and their families until they are sent to one or other of the convalescent homes which have been offered by private citizens, or to their own homes if suitable and preferred by them.

The board of control has undertaken to pay the rental and to do the work required to prepare the buildings for present purposes. This work will be under way next week, and it is expected that in a fortnight the buildings will be ready.

At the organization meeting it was decided to constitute committees to carry on the various branches of the main committee's work, and the following were constituted:

- 1.—The executive committee, Sir Edmund Walker, chairman, 99 St. George street.
2.—Finance committee, Z. A. Lash, chairman, 59 Admiral road.
3.—The reception and transportation committee, Dr. Doellite, chairman, 619 Sherbourne street.
4.—Nurses and assistants' committee, Dr. Chas. J. Copp, chairman, 125 Wellesley street.
5.—House furnishings committee, Mrs. Crawford Brown, chairman, 225 St. George street.
6.—Committee on comforts, Mrs. H. D. Warren, chairman, 95 Wellesley street.
7.—Library and reading committee, Mrs. H. S. Strath, chairman, 71 Queen's park.
8.—Entertainment committee, G. A. Warburton, chairman, Y. M. C. A., College street.

It is not intended to make any formal appeal to the public for financial or other assistance, as the committee feel sure that in their voluntary work they will be assisted by other volunteers, both in money and personal services.

ARGOS CONTENT TO SHUT OUT MONTREAL

Toronto Oarsmen Earned One Try and Kicked Over Regularly for Single Points.

MONTREAL, Oct. 30.—Toronto Argos showed class in the Westmount ground today, when they beat the Montreal team in the first game of the season in the Big Four, with the effort of 12 to 0. Joe (Lalor) and (Lalor) were absentees, but the Argos' main efforts were to score a shut-out. The line-up was: Montreal (4)—Flying wing, Cain; half-backs, Fullerton, Wallace, O'Brien; quarter, Fawcett; scrum, Achison, Herwick; inside wings, Adams, Ashdown; outside wings, Smith, Heath, Greenwood; outside wings, Barclay, McGinnis.

Argos (12)—Flying wing, Brophy; half-backs, O'Flaherty, O'Connor, Garrett; quarter, Heintzman; scrum, Munn; scrum, Horner; inside wings, Bryans, Sullivan; middle wings, Smith, O'Brien; outside wings, Sheehy, Burns.

It looked as if Argos would score right off the bat. Garrett's long punt went over the local line, but Fullerton got the ball and passed to Wallace, who ran it out in brilliant form. Argos lost the ball for interference on the 30-yard line, and the local forward play by effective backing to the Oarsmen's 20-yard line. Argos got the ball here, and with Garrett's aid, runs cutting a big figure worked the ball up to the 20-yard line again. Argos were forced to play close to the local line, but headed by Fullerton, the winged wheelers put up a classy defence. Finally Argos got the ball on the 30-yard line and Garrett's long punt went to the dead line for a point. The game was over at the quarter ended. Argos 1, Montreal 0.

Second Quarter.

Montreal put up a stubborn fight in the early stages of the second period, but the season opened with play on the local five-yard line. Garrett and O'Connor kicked effectively. Fullerton and O'Brien being fouled for points in the early minutes. The local line-up was: Fullerton, O'Connor, Brophy, and Brophy. Garrett's kick resulted in Fullerton being pulled down for a rouse. From midfield, O'Connor made good forty-yard run before being pulled down, and Brophy followed up this with a dash to the goal across for a touchdown, which O'Connor converted. Half-time: Argos 10, Montreal 0.

Much kicking marked the early part of the second period, and play was even. The Argos line, where O'Connor was downed after fumbling Paisley's boot. Garrett kicked clear and made a dash to the goal, but was pulled down. Fawcett was injured and was replaced by Brown. Play was kicked up to Montreal's 10-yard line. Paisley fumbled and was pulled down. Paisley's knee was injured and he was carried off the field, being replaced by Cullin. The Argos line was downed and O'Connor replaced him. Third quarter ended: Argos 10, Montreal 0.

O'Brien was pulled down for a rouse, the first point Argos scored in the half. O'Flaherty missed a kick and was pulled down for another point. The Argos line was downed for a rouse in the late stages of the half. There were many changes on both teams. Gilhooley made a brilliant 30-yard run that resulted in Argos' 20-yard line. Montreal kicked, however, missing to Montreal's 30-yard line, where O'Brien was downed without a gain. Play was at midfield when the bell rang. Game over: Argos 12, Montreal 0.

RUGBY GOSSIP

There can be no trip to the Big Four this year, as the Argos are unable to leave their very first attempt after our departure. Argos might go ahead in their credit, while the Argos have already two defeats to their credit, while the Argos have already two defeats to their credit, while the Argos have already two defeats to their credit.

University schools worked for three days together on Saturday, the 81-inch line, the visitors had one mishap that was no joke. Paddy McNelly suffered a broken collar bone and of course will be out for the season.

The Toronto team came through without mishap. They expect Zimmerman in uniform tonight and Bickle later in the week. The play-off may be a sudden-death game next Saturday at Rosedale.

That there will be a big boom in football after the war is the belief of Louis Montgomery, quarter-back on the champion McGill intercollegiate rugby team, now in France with No. 3 (McNeill) man on the team, and he showed this by writing two notes by his "rugging kick."

U. T. S. (83)—Flying wing, Douglas; half-backs, Carruth, E. Doug, quarter, Fox; scrum, Masson, Keith; inside wings, Taylor, Spragg, Steacie; inside, three; middle Sturgeon; left outside, Cassels.

St. Thomas (82)—Flying wing, N. Telford; half-backs, MacDonald, Webb (capt.); quarter, Quinn; scrum, Quinn; inside wings, Laidlaw, Harbison and Davy; outside wings, Miller, middles, Penwarden and Gair; inside, Ingram and Poirson.

The Tigers' Victory at Ottawa Settles Interprovincial Title

Ridley Has Best Chance in Little Big Four—Hamilton and Toronto Must Play Off in Ontario Union Senior—University Schools Run Up Record Score—O.R.F.U. Senior Semi-Final.

The Tigers' victory at Ottawa on Saturday settles the Big Four championship. Their only possible chance to lose is to drop both return games to Montreal and Ottawa, and that would tie up Hamilton with the Senators or Argos, whichever of these two wins next Saturday at Ottawa. So it's hats off to Liz Marriot, Sammy Manson and the McKelveys, who got the drop on our oarsmen, and the new champions, with all their games finished abroad, are pretty certain to go thru the season unbeaten.

The Hamilton Rowing Club tallied three tries in the first quarter Saturday at Varsity Stadium on fumbles, and instead of three points for rouses, the oarsmen notched up 15, and beat the T. R. & A. A. by 20 to 13. They are now tied with two wins each, and will play off a sudden-death game, tossing for grounds, or a third pair of home-and-home, total goals to count.

Ridley look like pulling out champions of the Little Big Four, when their prospects were none too bright at the start. Harry Griffiths' boys are even up with St. Andrews, each with a win and a tie. U. C. C., with two losses, go to St. Catharines next Saturday, which should count as a pretty sure win for Ridley, while St. Andrews visit Port Hope, and here T. C. S., the big scoring team of the league, should pretty nearly turn the honors over to Ridley.

The University Schools rounded up a record on Saturday at Victoria College grounds, when they beat St. Thomas Collegiate Institute in the return game of the O.R.F.U. semi-finals by 81 to 2, the total for the two being 135 to 2. U.T.S., who have an exhibition win over St. Andrews to their credit, are a well-balanced team of juniors, with three thoroughly capable halves, a fine quarter-back, and a husky and well-trained line and scrimmage.

HAMILTON TIGERS OUTPLAYED OTTAWA

Secured the Breaks at Start, Then Showed Good Rugby and Won Easily.

OTTAWA, Oct. 30.—Tigers beat the Senators here today by 19 to 5. They had the breaks early in the game, played good football towards the middle, and wound up by putting it all over the locals. Ottawa led at the end of the first quarter, 3 to 1, and then faded. Downward and McKelvey, who were laid up all week from blood poisoning, were in their usual positions. Munroe moved back from outside wing to inside wing, and the line, as usual, was a fine one. The Tigers (19)—Quarter, Scrimmage, Wren; scrum, Scrimmage; inside wings, McFarlane, Soper; middle wings, Shurt, Tsubman; outside wings, Clements, Reberer, Billy Foulds; umpire, T. Ridley.

Ottawa won the toss and took the advantage of having the sun at their backs. The wind was blowing across the field, but slightly favored Ottawa. Immediately after the kick-off Ottawa brought the ball down into Tiger territory. McKelvey's long punt, which was caught by the Tigers, was a point by a long sight.

University schools worked for three days together on Saturday, the 81-inch line, the visitors had one mishap that was no joke. Paddy McNelly suffered a broken collar bone and of course will be out for the season.

HAMILTON R. C. GOT THE JUMP AND BREAKS

Defeating Torontos in Ontario Union and Thus Tied Up the League Standing.

Hamilton Rowing Club won at Varsity Stadium on Toronto R.C. on Saturday by 20 to 13, and thus tied up the Ontario Union. The visitors had a host of even money wagers on the result, and Hamilton's known horseman landing a nice \$100 bet. The line-up:—Ham. R.C. (20)—Quarter, Scrimmage, Wren; scrum, Scrimmage; inside wings, McFarlane, Soper; middle wings, Shurt, Tsubman; outside wings, Clements, Reberer, Billy Foulds; umpire, T. Ridley.

Two mistakes and one fumble by the quarter back T.R. & A.A. the game. The first quarter, the Tigers went on as one of the greatest burlesque Hamilton & victory which they should not have had if the playing for the rest of the game was in criterion.

The game was in progress for only a couple of minutes when Toronto started to kick. They were not to be deterred by the descending rapidly, finishing with the initial lap. McNelly punted the ball over the Toronto goal line. Singer caught it and foolishly tried to dodge his way out.

In so doing the piskin was jarred out of his arm, giving Hamilton first blood and a five-point lead. Shortly after the ball was kicked to the dead-line for another point. The Scullers continued kicking game because the line was again moved over the line. Singer caught the ball and tried the stunt that had won. Again the line was a few moments behind, giving Hamilton another touch. The team defence was excellent. The score was then 11 to 0. For the Scullers, the line was just like taking money from a blind beggar. They were not to be deterred by the descending rapidly, finishing with the initial lap. McNelly punted the ball over the Toronto goal line. Singer caught it and foolishly tried to dodge his way out.

HAMILTON R. C. GOT THE JUMP AND BREAKS

Defeating Torontos in Ontario Union and Thus Tied Up the League Standing.

Hamilton Rowing Club won at Varsity Stadium on Toronto R.C. on Saturday by 20 to 13, and thus tied up the Ontario Union. The visitors had a host of even money wagers on the result, and Hamilton's known horseman landing a nice \$100 bet. The line-up:—Ham. R.C. (20)—Quarter, Scrimmage, Wren; scrum, Scrimmage; inside wings, McFarlane, Soper; middle wings, Shurt, Tsubman; outside wings, Clements, Reberer, Billy Foulds; umpire, T. Ridley.

Two mistakes and one fumble by the quarter back T.R. & A.A. the game. The first quarter, the Tigers went on as one of the greatest burlesque Hamilton & victory which they should not have had if the playing for the rest of the game was in criterion.

The game was in progress for only a couple of minutes when Toronto started to kick. They were not to be deterred by the descending rapidly, finishing with the initial lap. McNelly punted the ball over the Toronto goal line. Singer caught it and foolishly tried to dodge his way out.

In so doing the piskin was jarred out of his arm, giving Hamilton first blood and a five-point lead. Shortly after the ball was kicked to the dead-line for another point. The Scullers continued kicking game because the line was again moved over the line. Singer caught the ball and tried the stunt that had won. Again the line was a few moments behind, giving Hamilton another touch. The team defence was excellent. The score was then 11 to 0. For the Scullers, the line was just like taking money from a blind beggar. They were not to be deterred by the descending rapidly, finishing with the initial lap. McNelly punted the ball over the Toronto goal line. Singer caught it and foolishly tried to dodge his way out.

St. Andrews and Baby Scott Too Much for U. C. C. Team
