GENERAL STRIKE IF WAR IS DECLARED

**Rev. J. W. Pedley Says Work-
ingmen of Nations About to
Go to War Should Notify
Governments That General
Strike Will Be Declared as
Soon as Hostilities Start.**

"War never was made between the common people of nations; war is made by the wisecracks, the upper class, by their councils, their diplomats and their misunderstandings. Yet who pays for it? The workingmen, there is no body else to pay."
Thus spoke Rev. J. W. Pedley in a sermon last night at the Western Congregational Church, in a strong denunciation of war, with its subsequent misery and heartaches.
"Those who uphold war come under the denunciation of Jesus. It is by the workingmen of the nations that the final bill must be paid. There is no use in talking to the professional militarist, or to capitalists, who see it only from the stock market view point. I have never yet preached a military sermon, and I never will. I would be ashamed."
Two billion, two hundred and fifty million dollars was spent last year on armies and navies of the civilized world, to pay for which Canada's revenue for twenty years would be required.
Four million two hundred thousand men constituted the standing armies of Europe last year. Able-bodied men, creating nothing, doing nothing. Just standing there with uniforms on, and carrying weapons of war."
Just a Start.
"Great Britain spends yearly \$350,000,000 on armaments, and Canada is starting with a contribution that will not be less than \$50,000,000. That is just a start. It is only a commencement of what this contribution will grow to year by year. War grows by what it feeds on, it is like the hungry sea, that is never satisfied."
"The workingmen of the world is contributing to the colossal wealth which is being dissipated so freely. And so long as they listen to the bombastic rhetoric of military jingoes will the dissipation of wealth continue, and meanwhile the people suffer. When the martial music ceases, and when the roll of guns cease to thunder, then is heard a deeper undertone. It is the music of the masses who have contributed to all this gigantic outlay, and when the people cry out for bread, what do they get? Dreadoughts."
The Solution.
"And the solution, what is it? In my opinion that war will cease when reasonable men want it to cease, and the movement must be an international one. When war is eminent between two nations, the workingmen of those nations should serve notice on their governments that the moment war is declared a strike."
"To my mind there is no vision more pleasing than the workingmen of the nations of the world clasping hands in solemn covenant to stand together for peace and sanity."

Allies Victors in Clashes Fighting Not Yet Severe Official Denials Are Many

**Turks Have Not Apparently Offered Stubborn
Resistance Thus Far and Many Brilliant
Successes Are Merely Ingenious Imaginings
--Several Towns Have Fallen to Allies.**

LONDON, Oct. 20.—(Can. Press)—No serious fighting has yet been reported from the east of war. The Montenegrins have captured Piava and Gulinje, and the Greeks have occupied Ellassona; but these are regarded as minor affairs in which no real resistance was offered.
On the Serbian and Bulgarian frontiers the situation is little changed. An unconfirmed report says that the Bulgarians have captured Kirik-Kiliseeh, but like many similar reports, this is probably untrue.
From both Constantinople and Sofia are issued constant denials of successes claimed by the respective opponents. For instance, an official statement comes tonight from Sofia declaring that all the reported Turkish invasions of Bulgarian territory are pure inventions, while, on the previous day the Turkish Government took occasion to deny the capture of a large number of Turkish troops by the Montenegrins at Tushl.
Would Punish Romancers.
This campaign of misrepresentation has become so serious that the authorities at Sofia have issued a decree threatening summary punishment by martial law to those who circulate such inventions.
The Serbian advance in the direction of Uskup encounters little resistance. It is reported that the Serbian headquarters are being slowly transferred from Nish to Vranja. In this district heavy rains are impeding the operations.
Large numbers of war correspondents and many military attaches are starting for the front to-morrow. They will work under the greatest difficulties owing to the severe restrictions imposed.
According to a Belgrade despatch the Bulgarian Government declines to permit military attaches to join the general staff.

ROOSEVELT ABLE TO LEAVE FOR OYSTER BAY

**Altho Suffering From Nervous
Exhaustion, Due to Bleeding
of Wound, Physicians Con-
sent to His Removal Today
—Bullet Outside of Broken
Rib.**

CHICAGO, Oct. 20.—(Can. Press)—The advisability of permitting Col. Roosevelt to depart tomorrow for Oyster Bay was debated at length today, and not until after his physicians had held a consultation tonight did they decide definitely that he might do so. He will leave for New York at 8:08 a.m. Col. Roosevelt's condition was described as normal through the day. It was learned that his wound had bled considerably and that he was suffering from nervous exhaustion.
The ex-president's physicians insisted that both of these developments were to be expected, and there was in them no cause for alarm. The bleeding, it was explained by Dr. Alexander Lambert, necessarily accompanied the discharge of serum which is part of the healing process.
"I wish you would emphasize the fact," said Dr. Lambert, "that Colonel Roosevelt is getting on well, but that any patient who has been in bed as long as he will suffer from some degree of nervousness. If Col. Roosevelt is kept perfectly quiet, it will be safe for him to take the trip."
"There is no cause for serious misgivings," said Dr. Arthur D. Bevan. "If Col. Roosevelt is kept quiet."
Dr. Murphy and Dr. Terrell gave the same opinion.
Fear Effect of Journey.
In spite of the assurances of the physicians, it was apparent that some concern was felt as to the effect upon Col. Roosevelt of a day and night on the train. Mrs. Roosevelt accepted the judgment of Dr. J. H. B. Murphy and his associates, although for a time after her husband's setback last night, she was doubtful whether it would be safe to attempt the journey so soon. She said this afternoon, however, that if final arrangements for the trip had been made, she would not insist on a change of plans.
The physicians' evening bulletin, while reporting Col. Roosevelt's condition as good, emphasized the need of absolute quiet. The position of the bullet which so nearly cost Col. Roosevelt his life, was fixed with precision for the first time today. Another X-ray photograph, the third, was taken today, and from this it was learned that the bullet lay on the outside of the broken rib. Until the photograph was taken the physicians had been unable to state positively whether it was on the outside or the inside of the rib.
Bullet Easily Reached.
"We know definitely now that the bullet lies outside the rib, where it can do no harm," said Dr. Lambert. "It lies in such a position that I could reach the spot precisely at any time. It is a matter of his own preference."
Col. Roosevelt said he did not think he would ever have the bullet removed.
Once back at home there will be little relaxation in the strict regime of the physicians for a week or ten days. Col. Roosevelt believes, however, that he will be able to speak in Madison Square Garden, New York, on Oct. 20. He hopes to make one speech to support all of his reasons for seeking support for the Progressive party, and he can deliver in 20 minutes.
"But I am going to the meeting anyway," he said, "even if I can speak only three words."
G. T. R. REACHING OYSTER BAY?
Report Says Chicago Great Western Will Be Acquired.
CHICAGO, Oct. 20.—(Can. Press)—The Chicago Tribune today publishes a story to the effect that active negotiations are under way by the G. T. R. for the purchase of a controlling interest in the Chicago Great Western Railway. The story says:
"Active negotiations are under way for the acquisition of the Chicago Great Western Railroad by the G. T. R. system."
Local officials add directors decline to say how far negotiations have gone, or whether the big Canadian company intends to absorb or gain control of the stock of the middle west system. Official announcement is expected from New York.

POLICE OF LETHBRIDGE RESIGN IN BODY OVER SKELTON APPOINTMENT

**Bitterly Resenting Proposed Coming of Toronto
Man as Inspector, They Notify Mayor That
They Will Quit, But Latter Refuses
to Allow Course.**

LETHBRIDGE, Oct. 20.—(Can. Press)—The police force of this city has resigned on the eve of Congress Week. The members of the force protested against the appointment of Constable Skelton of Toronto as inspector in preference to a local man, and threatened resignation unless the appointment was rescinded.
The mayor refused to accept the resignations, declaring the council would not be dictated to. There are a number of mounted police on hand, three new constables have already been sworn in, and it is understood eight men of the Calgary force will be loaned temporarily.
It is not more than three weeks ago that ex-inspector William Davis accepted the position as chief of police of Lethbridge. Shortly after he recommended to the authorities there that a first-class constable from Toronto be appointed as inspector. Mr. Davis knew Constable Skelton to be an A1 man with five or six years' experience. The council consulted the new chief, with the result that Skelton got the job.
Many of the other men on the force had their eyes on the vacancy, and did not like it when another Toronto man was appointed over their heads. Hence the strike.
Skelton is to leave for Lethbridge today to take up his new duties.

BECKER INSISTS ON DEFENDING HIMSELF

**Will Swear in Witness Box
That He Was Innocent of
Murder Conspiracy, and
That Rose Acted Merely as
Stool - Pigeon in Getting
Evidence.**

NEW YORK, Oct. 20.—(Can. Press)—Police Lieut. Charles Becker will take the witness stand in his own defence in his trial on the charge of instigating the murder of Herman Rosenthal, according to John F. McIntyre, his chief counsel. He stated tonight that he had yielded to his client's desire in the matter, and that Becker's story would be heard within the next two or three days.
"We have finally decided to allow Becker to testify," said his attorney. "He has been anxious all along, but we have not thought it necessary. He wants to clear himself, however, by his own testimony. He will tell the whole story. He will swear to his innocence of any participation in the crime and will explain his associations with Jack Rose and other gamblers. He will show that Rose was his stool pigeon in gathering evidence against gambling places, and that his association with other gamblers was also in connection with his duties as head of the strong arm squad."
Mr. McIntyre added that he was "hopeful of acquittal," but said he did not care to make a prediction as to the outcome of the case, because "it is hard to tell what a jury will do."
District Attorney Whitman, on the other hand, was confident tonight of a conviction and expressed the opinion that the state's case had been helped by the character of the witnesses who have testified for the defence.

Bourassa at Ottawa To Confer With Monk

**Capital Assumes That Naval Policy Was Dis-
cussed at Long Conference—Nantel Report-
ed to Be Undecided—Rumors Are Busy Con-
cerning Readjustment of Cabinet.**

OTTAWA, Oct. 20.—(Special)—Henri Bourassa arrived in the capital this morning and this afternoon held a lengthy conference with Hon. F. D. Monk. It is assumed that this was relative to Mr. Monk's attitude on the government's naval proposal.
Hon. Bruno Nantel, who, it is said, is yet undecided as to just what attitude he will take, left yesterday for his home at St. Jerome to attend the marriage of his daughter.
The sea of politics since the upheaval of Thursday last is running as calmly as the waters of the Rideau Canal. The atmosphere is thick, however, with every conceivable kind of rumor, which if they add nothing to the sum of knowledge, of the actual facts of the situation, certainly testify to the great interest which is being attached to the coming resignation of the minister of public works.
The very latest story, which, of course, lacks confirmation, is that when Mr. Monk steps out from the cabinet, there will follow a shuffle, in which Hon. L. P. Pelletier will go to the department of marine and fisheries, while Hon. J. D. Hazen will be sent to administer public works, and L. T. Marchal, K.C., of Montreal, to succeed Mr. Pelletier.
Loss to Parliament.
Through the confusion of voices that are raised there is a strong sympathetic note of regret at the new seemingly inevitable resignation of Mr. Monk, who is looked upon even by those who are disposed to criticize him most freely, as one of the scholarly ornaments of Canadian public life.
In the meantime Premier Borden seems to be adhering most closely to the good old constitutional practice of saying nothing until he has something of a definite nature to say, and nobody outside of the cabinet knows just what the next few days will bring forth. The nearest approach to the true situation seems to be that if Mr. Monk does resign, during the course of the next few days his successor will be named immediately, and no shuffle of any kind will take place.

JAIL MENAGES TWO LAWYERS

**Macdonald By-Election Still
Sizzling Fiercely in Winnipeg
Courts — McMicken
the Storm Centre.**

WINNIPEG, Oct. 20.—(Can. Press)—Provincial Justice Magistrate McMicken yesterday sentenced two Winnipeg lawyers, W. H. Trueman and E. J. Murray, to ten days in jail on the charge of stealing a court document, but later released them on their own recognizance and bound them over to appear next Friday morning. This was the outcome of a general mix-up in which the magistrate, the two lawyers and the police were engaged.
The trouble started over the J. J. Sullivan case in connection with the Macdonald by-election. Mr. Trueman rose to address the court, and, after securing possession of the information paper, said he wished to make a copy of it. The magistrate then called on the provincial police to arrest the two lawyers and handed out the above sentence.
Hugh McKenzie, another lawyer engaged by Trueman on the spot, declares the magistrate threatened to hit him over the head with a chair if he did not get out of the court room.
Feeling is running high on both sides.
ARMSTRONG MAY RETIRE.
PORTAGE LA PRAIRIE, Man., Oct. 20.—(Can. Press)—It is rumored here that Hon. Hugh Armstrong, provincial treasurer, will retire from public life at the end of the parliamentary term. In this connection it is also said that J. J. Garland, mayor of the city, will contest the riding on behalf of the Conservatives at the next election in the event of Mr. Armstrong adhering to his determination to devote his time exclusively to his private business affairs after the expiration of this term.

LEASIDE SHOPS WILL BE LARGER

**Sir William Mackenzie Says the
Bigger and More Important
C.N.R. Works Will Be
at Toronto.**

While it has not been definitely decided which city is to obtain the main shops of the Canadian Northern Railway, they are not to be located at Rideau Junction, Ottawa. This was the assurance given The World last night by Sir William Mackenzie, president of the C. N. R., in reference to a despatch from Ottawa stating that Rideau Junction had been decided upon as the proper location for the main shops of the C. N. R. system.
Sir William pointed out that only time would show the final location of the main shops, but that it was altogether probable that Leaside, Toronto, would be the site chosen. C. N. R. shops are to be located both at Leaside Junction and Rideau Junction, but those at Leaside are to be bigger and more important. For the present, at least, and probably until the completion of the C. N. R. transcontinental, at the close of next year, it was the intention of the Canadian Northern to have their main shops located at Winnipeg. C. N. R. shops, however, are to be located wherever necessary, at various places right across the system.

TORONTO YOUTH DROWNED

**Alfred J. Thomas Met Death at Dane
on Saturday.**
Word was received in Toronto last night of the drowning of Alfred James Thomas at Dane, Ont., on Saturday afternoon. The body has been shipped to his home, 18 Ottawa street, for burial. The young man was the son of C. J. Thomas, a clerk in Eaton's. No particulars of the accident have been received.

RUSH OF GREEKS TO JOIN COLORS

**Three Thousand Full of Ardent
Patriotism Sail From New
York in Glittering
Panoply.**

NEW YORK, Oct. 19.—(Can. Press)—Nearly 3000 Greeks, all apparently wildly enthusiastic about going to war, sailed on steamers from this port today for their homeland to enlist against the Turks.
A small riot broke out on the Fabre pier on the Brooklyn waterfront as several hundred Greeks were boarding the steamer Venezia. A number of Italians who had booked passage on the same vessel taunted the Greeks over their soldiery, with the result that numerous fist fights followed. The police reserves had to be called to quell the disturbance. The steamer sailed late in the afternoon for Providence, R.I., where more Greeks will board her and thence she sails for Naples.
The largest number to sail by a single steamer was 1500 on the French liner Chicago, which was held up for three hours by the rush of the Greeks to get passage. Many of the men were in khaki uniform and there were some more brilliant in blue and gold. There were bands and martial music and banners were carried bearing the inscription:
"Either return with your shield, or upon it."
The soldiers said they expected to be paid "three cents a day" by the Greek Government for their services.

CAUGHT AT SOO ON OLD CHARGE

**James B. Crawford Brought
Back to Toronto to Stand
Trial on Charge of
Shopbreaking.**

After evading the Sault Ste. Marie officers once and giving a sheriff a lively hunt, James B. Crawford was brought back to Toronto yesterday by Detective Murray on a charge of shopbreaking.
Last August the store of Wm. Fournier, 170 York street, was broken into. Since that time the police have been looking for Crawford. Learning that he was in Sault Ste. Marie they ordered his arrest, but he slipped away. Later a sheriff caught him at the Sault Junction.
Crawford is the man who shot the negro on York street two years ago, following a row over a woman. The negro was climbing thru the window when Crawford opened fire with a revolver and wounded him twice.
HON. CLIFFORD SIFTON ILL.
OTTAWA, Oct. 20.—(Special)—Hon. Clifford Sifton is confined to his rooms here at the Chateau Laurier with pneumonia.
His condition, however, is not at all serious, and his physicians expect that he will be around again in a few days.

POINT-TO-POINT AT HUNT CLUB

Heavy Going for Steeplechase Races — Some Close Finishes — Results.

Heavy going and threatening weather marked the Toronto Hunt Club point-to-point races on Saturday afternoon. A high wind was also in evidence in spite of this, however, one of the largest turnout of people since the inauguration of the point-to-point races by the club came out Saturday afternoon to Bell's farm, where the races took place. Bell's farm, which is situated several miles to the east of the Hunt Club grounds, is laid out nice and flat and was very suitable for such an event.

Motor cars outnumbered horses, fifty or more fine cars being lined up to the side of the course. In fact most of those present drove out in their motor cars. A large refreshment tent, erected on a field, supplied the wants of those who gained appetite by the healthful surroundings.

The early morning rain made the going quite slippery and caused a fall in the first race. This was the Minto Cup handicap for a challenge cup presented by the staff of Earl Minto. It was for qualified hunters, 4 years old and upwards, owned and ridden by members of a recognized hunt. The distance was 2 1/2 miles. The riders rode in red jacket and blue uniform.

Frank Proctor's Bilberry, with 150 lbs. up and ridden by the owner, proved the winner in this event, winning in a close finish from Onaparis, owned by J. M. Gooderman and ridden by R. K. Hodgson. A. E. Jarvis' Red Ensign, ridden by Lieut. W. T. Rawlinson, while leading at the start, could not navigate the heavy going and as a result finished third.

Nonemen, the only other starter in this event, owned by Hume Blake, Jr., and ridden by J. C. Hall, was leading at the first turn around the field, but slipped on the wet grass in making the bend in the field and threw his rider, Cy Hall, to the ground. Hall got right up again, none the worse for the spill.

The competition for farmers' horses furnished about a dozen excellent competitors. This event was for geldings and mares, three years old and up to Wm. Beach's, owned by J. M. Gooderman, horse of Robert Craig, Danforth P.O. was second, and that of H. Doherty of Walford was a winner, with a margin of a few inches.

The Tomlin Challenge Cup furnished an excellent race between Beverley Crowther's Hampton Prince, ridden by J. C. Hall; G. W. Beardmore's Nora, ridden by Frank Proctor; and Major Sanford Smith's Silver Breeze, ridden by the owner. These horses finished in the order named. The race was a handicap half-mile steeplechase for novice qualified hunters that have never won public money or have never won a gymkhana or cross-country race, to be ridden in pink by members of a recognized hunt.

The last event of the afternoon, the Alfred Rogers' Challenge Cup, brought out a very close New Canadian race. Cole got the start and took no chances. Constant tried hard, but he could not catch the local boy who had won in record time. The crowd went wild over Cole's exhibition and he was roundly cheered all thru the race.

Sorenson in a Ford automobile gave a exhibition against time, flying start. Time 1:15.

In the ten miles Dunlop Trophy race (distance 10 miles), six times thru each lap, the Dunlop Trophy, Team Suleid and four medals, time prize and 25 individual medals, were won by A. G. Sorenson, champion, started at scratch, but dropped out on account of a broken pedal.

1. H. H. Martin, Salem. 2. L. Sanderson, Salem. 3. W. J. Hall, Q.C.B.C. Time 1:15.

Scotty Wilson (Eaton) won the time prize.

Large Crowd Sees Pros. and Amateurs Compete in Bicycle Events at Exhibition Track.

EXHIBITION GROUNDS, Oct. 19.—(Staff Correspondence)—It was "Dunlop" Day here this afternoon, and the program included a good assortment of "bike, motor cycle and automobile races."

The officials took the precaution of spreading sawdust on the track on Friday night, and when this was removed the track was dry and fast. The event drew a large crowd of enthusiasts in spite of the raw weather and they were well repaid in the class of excitement served up by the different speed contests. The presence of the professional bike and motor riders who came from all parts of the world, created considerable interest and they certainly showed class in their events.

In the big bicycle event of the day, the Dunlop 10 mile race, H. H. Martin of the Salem Club was first, and L. Sanderson of the same club was second. W. J. Hall, Q. C. B. C., finished third. Scotty Wilson of Eaton won the time prize.

PITTSBURG, Oct. 19.—Articles were signed today for a Rugby game between the famous Carlisle Indians, the 1911 champions of the United States, and Toronto University All-Star graduates in Toronto on Thanksgiving Day, Oct. 28.

MONDAY MORNING, OCT. 21, 1912.

HYDRO FOR BRANTFORD.

Nothing but the despatch of the electric corporations in the face of the advance of hydro-electric power could explain the wholesale misrepresentations and falsifications resorted to by them and their newspaper organs and their political allies in the campaign in Brantford where a hydro-electric bylaw is to be voted on next Friday.

Even The Globe, which professes to be a hydro-electric sympathizer, publishes despatches from Brantford in which the anti-arguments are set forth without rebuttal. Mr. Lloyd Harris and Mr. C. B. Boyd, prominent Liberals, are foremost in fighting the hydro system, not because they are Liberals, we are assured, because they are directly interested in the Cataract Power Company, whose subsidiary company, the Western Counties Company, is hoping to shut out hydro from Brantford.

The old false assertions are being made, as they were made in Toronto some years ago, that the estimates of cost are quite inadequate and that instead of the \$115,000 required for the bylaw, \$300,000 will be necessary. "Mr. Harris," says The Globe, "also gave figures showing that the debenture debt of hydro-electric municipalities had been increased to a startling extent, and there was doubt as to the safety of the venture as a paying proposition."

Today is the one hundred and seventh anniversary of the battle of Trafalgar when Britain's greatest sea captain destroyed Napoleon's ambition to bring the British Isles within the compass of his then all conquering arms. Sea power saved them then as it can alone preserve our imperial heritage today, when maritime supremacy is again the great issue.

Wilson Heckled By Suffragette. Miss Malone so insistent in interrupting Candidate That She Was Arrested. NEW YORK, Oct. 19.—(Can. Press.)—Miss Maud Malone, a suffragette, tried to break up the speech of Gov. Wilson at the Academy of Music, Brooklyn, tonight, and after a scene of confusion, in which the Democratic candidate tried to pacify an angry crowd, the police interfered and arrested her on a charge of disturbing the peace.

part of the hydro system in Ontario the cheaper will be the rates in every other part of the system. That is why the electric corporations are making such a united fight against hydro in Brantford. If the people's plan can be maintained against the corporations the principle and the practice of public ownership will prove too much for the old, rapacious, exclusive, costly corporation methods and they will have to be reformed or go in.

IN THE BRITISH PARLIAMENT.

Notwithstanding the regrettable illness of the British premier the course of events in parliament has been distinctly favorable to the government. The home rule bill has run its pre-arranged course with majorities approaching the normal. Only over the proposal to transfer the control of the postoffice to the Irish government did the majority fall to 73, certain of the Liberal members being apparently influenced by the arguments that the step could be construed as involving the grant of sovereignty power. Similar objection will be found to the proposal to authorize the Irish legislature to increase imperial customs duties by not more than ten per cent, as a means for raising the revenue yield.

Another witness, Louis Pitt, brother of Becker's so-called press agent, swore that Rose had gone down on his knees in the Tombs and said: "On the grave and in the memory of my dead mother, I say that Becker had nothing to do with this affair."

Joseph E. Shephard, one-time member of Becker's strong-arm squad, testified that he had obtained the evidence upon which Rosenthal's place was raided. He was taken to the establishment two days before the raid, he said, by a "steerer" who met him and two other policemen at the Hotel Cadillac. The policemen wore citizen's clothes and the "steerer" did not know their identity. They were met at the basement door by a man to whom the Becker "youchers" had been introduced, went upstairs and lost \$50 playing roulette. Shephard kept his eyes open during the whole of the raid, he said, and saw the two wheelmen, the cashier and the fare dealer.

Today is the one hundred and seventh anniversary of the battle of Trafalgar when Britain's greatest sea captain destroyed Napoleon's ambition to bring the British Isles within the compass of his then all conquering arms. Sea power saved them then as it can alone preserve our imperial heritage today, when maritime supremacy is again the great issue.

Wilson Heckled By Suffragette

Miss Malone so insistent in interrupting Candidate That She Was Arrested.

NEW YORK, Oct. 19.—(Can. Press.)—Miss Maud Malone, a suffragette, tried to break up the speech of Gov. Wilson at the Academy of Music, Brooklyn, tonight, and after a scene of confusion, in which the Democratic candidate tried to pacify an angry crowd, the police interfered and arrested her on a charge of disturbing the peace.

The governor was talking about monopoly when Miss Malone, who had been conspicuous in interrupting an address by Gov. Johnson at a luncheon here recently, rose from the balcony and shouted: "How about woman suffrage, Gov. Wilson? Man has a monopoly of suffrage."

RAID BY BECKER NOT "FAKE" ONE

Officer Swooped Down on Rosenthal's Resort Apparently in Earnest.

NEW YORK, Oct. 19.—(Can. Press.)—Witnesses in the trial of Police Lieut. Becker testified today to two points which the defence considered vital to its case. These were:

First, that the raid on Herman Rosenthal's gambling house on April 17 was made after evidence against it had been obtained by the police. The state charges that the raid was a "fake" one.

Second, that "Bald Jack" Rose and "Bridgie" Webber, two of the self-confessed accomplices to Rosenthal's raid, who had turned state's evidence, threatened to kill Rosenthal unless he paid them \$50,000.

Joseph E. Shephard, one-time member of Becker's strong-arm squad, testified that he had obtained the evidence upon which Rosenthal's place was raided. He was taken to the establishment two days before the raid, he said, by a "steerer" who met him and two other policemen at the Hotel Cadillac.

One of the men who had been arrested at the wheel was arrested, Rosenthal said, and was identified by Mrs. Rosenthal as her nephew. She asked Becker not to take the young man away; but Becker said he had a warrant for him and then, Shephard testified, Mrs. Rosenthal tried to draw Becker aside, saying that she had something to tell him.

EARLY AUTUMN

Great artists have depicted autumn scenes: They splash their canvases with russet-greens, with orange, yellow, and umbrageous browns. And dash chromatic discord on the gowns. Which Autumn wears, with all the dits and reds, and scarlet flames, impaled thick with lead; They fall to hang a screen of mellow haze like fairy lacework over their sun-dyed days; They do their best, and much we should admire Their gifts of lighting coats at Nature's fire.

So, too, with words, they fall to ease the soul of dumb delight when Autumn pictures roll in panoramic, mystic, and procession. Towards that door where Winter holds possession. This season typifies a quick receding. Her flagged robes and crown resigning To Winter's chambermaid, who sing to sleep Their royal mistress, whom they vainly keep Upon a couch, which Snowflake drapes with feather. More soft than down, against old Zero's weather.

Suppose we sketch an autumn leaf upon Our Nature Student's Pictorial Lesson! The groundwork is of green—for heaven's blue Was mixed in May with yellow Sunbeam's hue To blend this universal, grateful shade, Which from the sugar-sap the Artist made. It signifies that the Indian woods our nation sprung. These crimson veins and blazes tell the tale Of fiery light with thunder, heard and hail. Such as our fathers fought to guard the tree Which bears Canadian Caps of Liberty. These colors represent the rich, red blood Transused to spread the Franco-British blood. This dying leaf has left upon an emerald gem When Spring returns; so should we plant a tree For every leaf that lowly falls. We laid with gold this leaf from our fat soil Gives promise to the horny hand of toil. The loaded boughs and swayed with people leaves, And Acres shall be thronged on wheaten sheaves.

Come, children, come, and we'll a nutting go. Gay thru the woods we'll ring a wild Halo! These dry pen pictures we will lead to these Who love the house. Come, we will lead our clothes Among the thorns and briars, and we'll shake The loaded boughs, and swayed with people leaves; The walnut chestnut, hickory and beech. With oaks and hazels, merry nutters teach The joys of nutting. In Nature's Object-School of Forestry. The fairy artists of the woods, the plants, The trees, the shrubs, and the flowers, all play At, even when hunger bids us homeward troop, We'll rouse the neighbors with our Indian whoop!

YOU'LL BE SORRY IF YOU MISS IT. WORLD CONGRESS OF SOIL TILLERS

Coming Reunion and Banquet of Royal Grenadiers Will Be Most Elaborate in Every Way.

"You'll be sorry to miss it." This is a familiar statement heard in discussion over the coming banquet and celebration of the fiftieth anniversary of the Royal Grenadiers on Nov. 2 and 3, at the armories.

Over 1000 names of the old members have been enrolled and as it is necessary to close the registration-books as soon as possible, arrangements have been made for doing so at midnight tonight. The orderly room will be open all day, and Col. Gooderham, who has been to very late exercises in connection with the affair, requests all who have not registered to do so at once.

The Canadian immigration officials have been appealed to to effect his immediate departure from the country and to time to take part in the formal opening exercises. Indications point to several thousand delegates and visitors arriving on the 20th inst.

Transportation North Toronto Discussed by Ratepayers

Motor Bus Service in North Toronto Would Not Be Feasible Just Now, it is Claimed, on Account of the Poor Condition of the Most of the Roads.

A motor bus service for North Toronto is impracticable at the present time. That was the conclusion of those who attended the meeting of the North Toronto Ratepayers' Association in the town hall Saturday night. The question of improving transportation was dealt with in addresses by A. E. James, town engineer, who spoke on "Interurban Transportation," and Chas. A. Nash, a motor expert, who dealt with the merits of motor bus systems.

Mr. Nash said the trip up Yonge street in his automobile had convinced him that a motor bus service could not be inaugurated in the town until it possessed better roads. He spoke of the advantages and disadvantages of motor buses. The cost of operating such a service in North Toronto would be comparatively high at the present time. He figured it out at 21 cents a mile, which is about five cents higher than local advocates had estimated. At this operating cost fares could not be put any lower than about four cents, which would be a disadvantage of the scheme would be the snow. While a means of overcoming this difficulty might be found it was admitted that a snow-storm worked havoc with a motor bus service.

CELLARS FLOODED.

Mr. Bracken appeared before the council to ask relief for himself and neighbors on Merton street, where, on account of a depression, the cellars are continually flooded with water. It was decided to provide the aggrieved ratepayers with siphons, in their cellars this winter, and permanent relief by a drain was promised next year.

BRUISED PEOPLE—Try This for Relief and Cure

Remember that we ask you to take no chances—

"We'll make a truss especially for your case and send it to you and allow you 60 days' trial to prove it. If it will hold your rupture—that it will not—then we'll refund your money. If it had and improved your condition, if the trial fails to prove this, we'll be the losers, not you."

Get World's Greatest Rupture Book.

So that you can judge for yourself, we want to send you a free book we have written—a cloth-bound book of advice. Even physicians who have said it's the best book ever written on ruptures.

It sums up all we have learned about rupture in forty years of day-after-day experience—in the successful treatment of over 250,000 cases. It deals with rupture in all its forms and stages—the equally worthless makeshifts, masquerading under such names as "springs," "method," "system," "plasters," etc.—puts you on guard against "hollowness" money away on things that can't stand a fair test.

And it tells about the Clutte Truss—how little it costs—how it ends constant expense on account of your rupture—how thousands have found this truss as comfortable as their clothing (no springs or web or elastic band or belt around your waist—no leg-strap)—how you can try one 60 days at our risk—thus giving you plenty of time to make sure of its wonderful holding power and wearing qualities.

It tells—in their own words—the experience of many former sufferers—gives their names and addresses—perhaps you know some of them.

Book sent in plain sealed envelope. Write for it today—cut out it off this book may be the means of adding many years to your life and of restoring you to full strength and usefulness.

Mining Market Reflects Incoming of Public Interest

WHEAT MARKET SAGS IN WEEK-END SESSION

Domestic Developments Failed to Provide Any Inspiration for Bull Coterie—War News Was More Favorable—Corn and Oats Easier.

CHICAGO, Oct. 19.—Hedging sales from the northwest had a depressing effect today on wheat. The market closed easy, 1-4c to 3-8c under last night. Corn showed a net loss of 1-8c to 1-4c, oats finished unchanged to 1-16c down, and provisions varying from 17 1-2c decline to an advance of 7 1-2c.

Northwestern pressure on the selling side of wheat resulted from the fact that the week's terminal receipts were double those of a year ago. There was apparently no hedging by Chicago houses. Bullish sentiment here, however, had become dominant by the time bids for export business and by weakness at Winnipeg, where foreign activity develops first.

Russian official estimates of a greatly enlarged winter crop counted also in favor of the bears. About the only opposing influence came from week-end evening up, few traders caring to stand out over Sunday with a large open interest.

Better weather and scant demand tended to cheapen corn. Oats suffered neglect, but held relatively steady. Covering by shorts made provisions for the most part firm. The only important exception was October pork.

Stock Markets Dull. C. P. Down Again---Bank Clearings

STOCKS SAGGED EARLY IN DAY

But Initial Decline in Wall St. Was Made Up Before Close

NEW YORK, Oct. 19.—In a smaller way today's stock market was little more than a repetition of the days immediately preceding. Trading was again comparatively light, and the movement continued to converge around the industrials and specialties.

Substantial gains were scored in the early dealings by such issues as the fertilizers, American Locomotive and Peoples Gas, almost the only representative or standard stock to display moderate strength was Union Pacific, which recorded its best price of the week.

LOMBARD ST. ON FINANCIAL CONDITIONS

MARKET FALLS INTO BUSINESS

NEW YORK, Oct. 19.—The London correspondent of The New York Evening Post cables the following summary of financial conditions: The general recovery of our stock exchange after the beginning of the week, was regarded as justified by the exceptional violence of last week's decline.

What is Wrong With Paris? Moreover, the French financial position is still unsatisfactory. In particular, it is noticeable that whereas the rise in our bank rate on Thursday was not followed by the open market rate, there is a possibility that the higher official minimum fixed by the Bank of France.

Bank Clearings Show Good Gains Thruout Canada

But Decreases Were Reported in Some Centres—Largest Gain Shown by Moose Jaw.

Increases in bank clearings were very general during the past week in Canada. There are three decreases, however, in the last two metropolitan centres, as compared with last year.

But Undertone is Decidedly Firm—Brazilian Scores a Small Gain—Specialties Are Higher.

The Toronto Stock Exchange at the week-end bore all the earmarks of a market waiting for something to turn up to establish speculative sentiment on one plane or another.

The general list was generally quiet, and a shade firmer. Twin City was the action of the day, and closed bid there. General Electric gained a half point to 118 1/2, and held the improvement throughout.

LONDON Market Was Uninteresting At the Week-End

MONEY STRINGENCY WORST SINCE 1907

As to the money situation, we think it can be stated with truth that a few weeks ago money was actually harder to get on call in Toronto than at any time since the stringency of 1907-08. It is shown that for a short time the banks were unnecessarily careful in this matter, as the situation specifically stated, when a part of the list eased off, we do not look for any real ease in money for some time to come—Edward Cronyn & Co.

Wall St. Comment

Erickson Perkins & Co. wired: Today's movements in stocks had little meaning. The shorts offered down Steel, Reading, Copper and some of the specialties, but obtained few long stocks and hid them up again before the close to cover contracts. Some large lots of Steel changed hands on the recovery as well as on the setback. Specialties were less prominent. Some of them, like Mexican Petroleum, were weak. All of the so-called hold specialties rested and were a bit reactionary in some cases. Reading was heavy all day, because of doubts about the proceedings of the supreme court. Monday. The bank statement was not quite so good as some predicted.
