BRITAIN'S DIRTY JEWS ATTACK ON JEWS

Troops, Mob and Militant Jews in Three-Cornered Conflict—Hospitals Filled With Dead and Wounded—Bodies of Slain Are Fearfully Disfigured.

St. Petersburg, June 18.—The embargo on news from Bialystok was lifted to-day, and the Associated Press staff correspondent was for the first time allowed to telegraph directly from the sacked city a picture of the scene of ruin and desolation left in the wake of the mob. According to bulletin order was restored and maintained throughout the day in spite of the incentive to disorder in funerals, which were in progress almost the whole day but the atmosphere is supercharged and a slight event may precipitate more street fighting. The authorities apparently hope to avert such a catastrophe by a strong show of force. On one occasion the whole garrison was called out, and the streets were literally packed with horse, foot and artillery until the danger passed.

The story told by the Associated Press correspondent is a sickening one, but there are indications that he has been prevented by the censorship from relating some more ghastly details about the condition of corpses, the utter bestiality of the mob and the inability of the troops to cope with the excesses during the first days of the rioting.

Three-Cornered Fight. It is evident from the despatches that the excesses assumed the character of a three-cornered fight between the military, the mob and armed members of the Jewish band, who, instead of submitting passively to slaughter, as their unarmed co-religionists heretofore have done, carried the war into the enemy's camp and fought bravely, without inflicting appreciable loss on the troops, among whom no serious casualties have been reported.

Horrible details have been sent out by the correspondents of The Bourse Gazette, who arrived at Bialystok in company with Deputy Stiechkin on Saturday. The correspondent says he was utterly unnerved by the sights he witnessed at the hospital.

"Merely" saying that he writes details to describe the awful facts. The faces of the dead have lost all human semblance, and the corpses simply are floating in blood. It is impossible to conceive of such bestiality. The bodies of Teacher Apeteln lay on the grass with the hands tied. In the face and eyes had been hammered three-inch nails.

Rioters entered his house and, after beating out the windows, killed him and then murdered the rest of his family of seven. When the corpse was carried to the hospital it was also marked with bayonet thrusts.

Beside the body of Apeteln lay the corpse of a child of ten years, whose leg had been chopped off by an axe. There also were the dead from the Schlichter home, where, according to the witnesses, soldiers came and plundered the house and killed the wife and son and a neighbor's daughter and seriously wounded Schlichter and his two daughters.

Separated and Shot. "I am told that soldiers entered the apartments of Lapidus Bros., which were crowded with persons who had fled from the streets for safety. They ordered the Christians to separate themselves from the Jews. A Christian student named Dikar protested and was killed on the spot. Then all of the Jews were shot. The bodies were marked with fire. These had been brought from a burned tannery and showed their feet and bayonet wounds in various places and in some cases were covered with bayonet thrusts.

From the wounded in the hospital, the correspondent heard many pitiable stories of all of the same general tenor. Here is the account of a badly-wounded merchant named Nevyzhsky:

"I live in the suburbs. Learning of the program I tried to reach the town through the fields, but was intercepted by roughs. My brother was killed, my arm and leg were broken, my skull was fractured and I was stabbed twice on the side. I fainted from loss of blood and revived to find a soldier standing over me, who asked: 'What, are you still alive, shall I bayonet you?' I begged him to spare my life. The roughs came again but spared me, saying: 'He will die; let him suffer longer.'"

Loot and Murder. The correspondent holds that the program undoubtedly was provoked, and attributes the responsibility to Police Lieut. Sbermatoff, and says the distinctive character of the outbreak in which it differs from the excesses at Odessa, Kishinev, Gomel and Kiev, is that it was a wholesale massacre of Jews. The participants seemingly were inspired by motives of murder and destruction. He also holds that the government of the Province of Grodno, who passed at the moment, ordered an investigation.

IN THE WRECKED CITY. The governor of the Province of Grodno, who passed at the moment, ordered an investigation.

Bialystok, June 18.—The correspondent of the Associated Press to-day found the story of the riot here written in large letters in the aspect of the

PENNSYLVANIA RY. BONDS ARE FLOATED IN FRANCE

\$50,000,000 in French Currency Will Be Brought to America—Notable Financing.

New York, June 18.—Kuhn, Loeb & Co., bankers, announced to-night that they have purchased from the Pennsylvania Railroad \$50,000,000 francs Pennsylvania 12 and 15 years 3-4 French franc loan of 1904, guaranteed as principal and interest by the Pennsylvania Railroad. The entire loan has been placed by Kuhn, Loeb & Co. with a French group under the management of the Banque de Paris et Des Pays-Bas and the Credit Lyonnais. The price will be in the neighborhood of par. The payment will be made in about equal instalments divided over the balance of the first year or earlier at the option of the French banks.

A member of the firm of Kuhn, Loeb & Co., in speaking about the matter said: "We consider that the closing up of this transaction is a most important event financially. It marks the placing of the first direct American loan in Paris, and it is further the first officially sanctioned American loan placed there."

It means that about \$50,000,000 in French currency will come to this country. This French money will arrive here at a most opportune time. The issue price will be between 99 and par. All the costs and expenses incidental to the placing of this loan will be borne by French banks interested, and the Pennsylvania Co. will have to pay no part of the expenses. Many legal technicalities had to be overcome in order to conform with the French laws before the affairs were entirely closed up.

Several conferences were held here to-day in regard to this matter before the representatives of the Pennsylvania Railroad Co., the French bankers, the representatives of the firm of Kuhn, Loeb & Co. These conferences were held in the offices of the law firm of Sullivan & Cromwell, No. 49 Wall-street, which firm represented the French banking interests in the negotiations. The Credit Lyonnais was represented by Mr. Buchanan and the Banque de Paris was represented by Mr. Finlay.

(Canadian Associated Press Cable.) London, June 18.—Lord Strathcona and the agents-general of the other colonies were entertained at dinner to-day at the Galtiers Company. Home Secretary Questioned as to Shuttle Episode. (Canadian Associated Press Cable.) London, June 18.—In the house of commons to-day Mr. O'Grady asked whether attention had been called to the fact that Mr. Shuttle, an ex-convict and a Watt case witness, had got into trouble in Winnipeg, and to the indignation expressed in the city over the British authorities sending Shuttle to Canada without notifying the Canadian police.

Home Secretary Gladstone had seen the newspaper report of the occurrence which had been referred to. Shuttle had never been sentenced to any term of imprisonment and was under the police supervision. Owing to the evidence given he was unable to get work here and it was thought right to assist him in making a fresh start. He went to Canada voluntarily, therefore it was not the duty of the police to send him to the Canadian police. Should representations be received from the Canadian government, full and satisfactory explanations would be given.

GOVERNOR PATTISON DEAD. Illness Resulted From Cold Caught on Day of His Inauguration.

Cincinnati, O., June 18.—John M. Pattison, Governor of Ohio, died at his home in Millford, a suburb of this city, this afternoon. He had passed a good night and there had been no report of any serious change during the day. During the early afternoon the news from his home was considered favorable, and a later announcement of death came as a great shock to the governor's friends.

His illness resulted from a cold, contracted while watching the parade on the day of his inauguration.

OLIVER ISN'T TELLING OF PRESTON IS TO GO

Intimates, Tho, That He Will Go to London to Straighten Things Out.

Ottawa, June 18.—(Special.)—In the house to-night the opposition pressed Mr. Oliver for some answer as to whether he intended to dismiss Mr. Preston. They were unable, however, to elicit any definite reply.

Mr. Wilson (Lennox and Addington) intimated that the government did not dare to dismiss Mr. Preston. His dismissal might provoke certain exposures that would blow the government out of the water. He criticized the minister for not itemizing his estimates.

Mr. Foster said that this criticism was well founded; \$210,000 was lumped in one estimate without specifications. Mr. Monk (Jacques Cartier) gave notice that upon the next motion to go into supply he would move an amendment declaring it to be the sense of the house that W. T. R. Preston should be dismissed from the public service. He also referred to Mr. Preston's connection with Leopold.

Mr. Oliver said that the department could not prevent Leopold sending a room in the same building with Preston. However, it had paid Leopold \$90 to leave the building. As to Preston, he would like the minister to be expected to judge of what was transpiring at London, 4000 miles away. He intimated that he might make a trip this summer to investigate at closer range. He was not satisfied with the criticism prevailing at our offices in England, but he was not prepared at present to say just what ought to be done.

JUBILEE OF G. O. P.

200 Veterans of the First Campaign Participating.

Philadelphia, Pa., June 18.—It was a notable gathering which to-day filled the Music Hall when the formal celebration of the fiftieth anniversary of the Republican party was inaugurated. Delegations from all sections of the country are here to participate in the golden jubilee, a feature of which is the presence of nearly 200 veterans of the Republican party's first battle, fifty years ago, when John C. Fremont was nominated for the presidency. The celebration is under the auspices of the National League of Republican Clubs, which is holding its annual convention in connection with the jubilee celebration. With the address of welcome by Mayor Weaver, the celebration was formally opened and it will continue until Wednesday.

BOYS, THOUGHT DROWNED, SAID NOW TO BE MURDERED

Two Indians, One of Whom is Now in Penitentiary, May Face Capital Charge.

Perth, June 18.—(Special.)—County Constable M. D. White, who has been working on the supposed Babcock-Martin murder case for the past 30 hours, will leave to-morrow for Rice Lake with a warrant to arrest Frank Beaver, the accomplice of Sandy Badore, the noted outlaw, who three weeks ago was sentenced to fourteen years in penitentiary for attempted murder of a peddler.

It now transpires that if the story of lives near here, is true, the mysterious disappearance of Norris Babcock and James Martin on the afternoon of April 24, 1902, will be solved.

The boys, who were both under 16 years of age, expert canoeists and swimmers, had left Sharbot Lake for the point on a shift to get logs for W. Connor. When they did not return a searching party after several hours discovered the overturned canoe on a northern island.

It was supposed that the boys were drowned, for nothing was heard of them since, until Mrs. Nedde confided to a friend that Badore, who used to live with her, had told her that he and another Indian named Beaver, had killed the boys, robbed them of \$150, and buried their bodies near a marked tree. Constable White visited the spot to-day for the third time and expressed the feeling that Mrs. Nedde's story is about right.

He would not disclose certain details of his investigation, but he stated that the result would probably end in the apprehension of Beaver and the trial of Beaver and Badore for murder.

"AMERICANIZING" THE WEST WHAT IS FUTURE TO BE?

C.P.R. Vice-President Predicts Loss of Trade and Perhaps Loss of Country.

Montreal, June 18.—(Special.)—If Mr. Hill, after completing his railway construction, can induce the wholesale dealers of St. Paul and Minneapolis to cut their prices for Canada, then the entire western trade of the Dominion will be lost to Eastern Canada, if the country itself is not lost to the British empire.

This rather startling statement was made here to-night by Wm. Whyte, second vice-president of the Canadian Pacific.

He states that 100 miles of the double track between Port Arthur and Winnipeg will be completed by the time the new crop is ready to be moved. He also says a good many American business men are settling down in Winnipeg, and a great 4th of July celebration is in contemplation.

He considers this step as most unfortunate. He knows men who have made money in Winnipeg, and some of these are the organizers of these 4th of July celebrations.

"Yes," he added, "the parade and regular 4th of July orations appear to be in order."

This he considers, the most unfortunate part of the movement.

GUILTY OF MANSLAUGHTER.

Verdict Reached in Trial of the Man Hackett.

Montreal, June 18.—(Special.)—Manslaughter was the jury's verdict this evening in the case against Jas. Hackett for the murder of the little Ahearn girl some weeks ago.

The fact that the medical experts were hazy over the allegation that the victim had been outraged probably influenced the jurors towards clemency.

MIGHT RUFFLE DIGNITY. (Canadian Associated Press Cable.) London, June 18.—In the parliament a committee considering the Merchants' Shipping Act, Lloyd George postponed the clause which provided that British ships not wholly engaged in the coasting trade of the British possessions should be exempt from the special provision enacted by the legislature of such British possessions, saying that to pass such a clause before some kind of a conference he thought would cause friction and raise questions of dignity.

SENATORS AND PROTECTION M'CONNEL'S CLEAN PAST

Goes Back to His First Campaign Circular to Show He Was Never Free Trader.

Ottawa, June 18.—(Special.)—The senate to-night took up the act to amend the Customs Tariff Act as proposed in the budget by continuing beet sugar and alluvial gold mining machinery on the free list and providing that rails could be sent to the United States for re-rolling and returned to Canada on payment of duty on labor only, until a mill was established in Canada to do the work.

Senator Ellis said that as an old Liberal who had endeavored to teach the party the principles of free trade he could not endorse the provision that as soon as a mill capable of handling worn rails was erected in Canada a duty should be imposed. There were great needs in Canada at the present time for railroad buildings, and he thought this provision for re-rolling should be given freely. The provision was a clear case of protection and he resented it.

Sir Mackenzie Bowell expressed surprise that Senator Ellis had just discovered that the Liberal government had committed itself to protection. Senator McMillen said he was in favor of a revenue tariff with an incidental measure of protection. He had first circular he had ever issued to his electors and found that was the fiscal principle he had declared for them. He had been re-elected by a majority of 1000 votes.

Senator Lougheed interrupted with a remark that Senator McMillen had for a long time had been respecting himself as a champion of free trade. Senator McMillen denied that he had ever stood for complete free trade, and had changed a calculation from his speeches in Hansard. He had always stood for revenue tariff with incidental protection. He had never been a free trader.

Senator McMillen continued the debate on senate reform. He cited in support of the second chamber, the countries of the world had dual legislative houses. The consent of all the provinces would have to be obtained by the abolition of the senate. He doubted if it could be done.

The abolition of the senate could hardly be demanded on the ground of expense, which had been a calculation and had found last year the expense of running the senate with increased indemnity was \$309,614. That was about five cents a head for each Canadian. He favored the electing by provincial legislatures of a portion of the senate as proposed by Sir Richard Dobbie. That would relieve the federal government of some responsibility in appointments. Now there were dozens of applicants for each senate vacancy. Most of the men were bound to be disappointed, and some of them driven into opposition. He favored a 12 year term, but was opposed to the election of senators. One chamber was all that could be elected with safety.

HIS FOURTH MURDER.

Sheriff's Pose Should See That It is Jackum's Last.

Victoria, B.C., June 18.—(Special.)—Johnnie Jackum, the notorious Indian murderer who was pardoned from the British Columbia Penitentiary at New Westminster a couple of months ago, shot and killed Asael Smalle, a half-breed, over a game of cards to-day.

The shooting took place in a saloon on a lonely road near Island, Jackum became incensed at Smalle's winnings, and the game ended in a drunken brawl, in which several shots were fired. The Indian jumped on Smalle and was far up the island before a posse could be organized. Sheriff George Allen, with four mounted men, started after the murderer, who is armed and will fight before he is captured. Jackum has now four murders hanging over his head.

He was arrested yesterday on a warrant, but it is thought that his pursuers will surround him before day-break.

FIRST CIRCUS IN NEW ONTARIO

It Attracted Thousands, Including Indians From Temagami.

Hallebury, June 18.—(Special.)—Cole's circus, the first that ever appeared in the Temiskaming country, attracted hundreds of visitors to-day. Many came down Montreal River to Latchford, and then to Hallebury, including Indians from Temagami.

There were two performances, and thousands attended the show, brought about by excursion trains from Temagami, Cobalt, New Liskeard and Englehart. It was a most orderly crowd, too.

PLANS OF THE COMMISSION SMALLER COMPANIES FIRST

Then a Continuation of Enquiry Outside Toronto—Chief Counsel Leaving.

With the leading Dominion counsel and the leading Ontario counsel absent, the royal commission on insurance will take on a new color when it resumes its sessions to-morrow. Geo. F. Shepley, K.C., and J. K. Hellmuth sail for England this week to be absent for some time.

Many rumors were afloat last night. One hinted that the commission would adjourn until September. Another story said that the commission would adjourn to meet in Waterloo this week, going from there to London and then to Winnipeg, where the Great West Life Insurance Co. of Manitoba would be put under the searchlight.

W. N. Tiley, who will conduct the investigation in Mr. Shepley's absence, could not be reached last night. Commissioner J. W. Langmuir assured The World that the rumors were entirely erroneous.

It was, he said, the intention of the Dominion counsel to finish up the smaller Toronto companies before leaving the city. Several minor companies will be examined this week. The Sovereign Life Insurance Co. will probably be called to-morrow. Home Life would not be called until September. This was corroborated by the statements of the counsel of the Home Life.

It is altogether likely that the Toronto session will not last much longer. A. G. E. Geary will examine for the Ontario government in the absence of Mr. Hellmuth.

MACKAY TO CONTEST RENFEW

Nominated by Thom. Murray (Lib.) Who Scores Government Policy.

Pembroke, June 18.—(Special.)—Albert Mackie, Liberal, son of the late Thomas Mackie, ex-M.P., was nominated for the house of commons by election here to-day for the vacancy caused by the death of Hon. P. White, Conservative, recently deceased. Mr. Mackie stated that if there were any other names to be placed before the convention he would resign.

Thomas Murray, former Liberal member for Pontiac, then nominated in his stead Dr. Mackay, the defeated Liberal candidate in the last provincial election in Renfrew, without nomination. He was then announced as the government candidate, but Mr. Murray forcibly denounced the government on the increased indemnity and other issues.

Counsel Argues That Parliament Has Not Power to Regulate, But Committee Proceeds.

Ottawa, June 18.—(Special.)—The special committee to consider the proposed amendments to the Railway Act so as to include express and telephone companies under the jurisdiction of the railway commission met this morning and considered the bill introduced by Mr. Oliver (Prince Edward) to regulate express companies. F. H. Chrysler appeared for the C.P.R. and M. K. Cowan for the G.T.R.

Mr. Chrysler disputed the power of parliament to regulate the bills to be charged by express companies. "Because a parliament had the right to incorporate companies it did not necessarily follow that it had the right to regulate them, too. The British North America Act left the control of property and civil rights to the provinces, and, in his judgment, a transaction between an express company and its customer was a civil contract. Therefore, the regulation of express rates and business belonged to the provinces. Doubtless when the Dominion parliament was incorporating a company it could impose whatever conditions it desired, but when parliament as a party to a contract had given a charter to an express company, it had no right to subsequently impose new conditions.

Mr. Chrysler argued was a point the committee had not previously considered. Finally, he did not object to the membership of the committee.

Mr. Chrysler held that an express company was not an undertaking under the meaning of the B.N.A. Act. W. F. Maclean (South York) insisted that parliament had such power under the provisions of the B.N.A. Act granting jurisdiction to the Dominion government over trade and commerce. The United States congress had regulated the express companies under a constitutional grant to regulate commerce between the states.

Mr. Monk held that parliament's full authority to regulate trade and commerce gave it the right to regulate express companies.

Sir Frederick Borden did not think that the principle of Mr. Alcorn's bill this special committee had authority to deal with the question of jurisdiction. The Chief Justice's opinion of Mr. Fitzpatrick and

HAPPENINGS IN HAMILTON ATTACK ON NEWSPAPERS

May Be Called on to Defend Alleged Libel Suits in Grocers' Guild Case.

Hamilton, June 18.—(Special).—E. F. B. Johnston, K.C., who is defending the Grocers' Guild against the charge of conspiracy, took a fling at the newspapers this afternoon. The newspapers, he said, will have the pleasure of paying counsel fees to defend a charge of libel if they continue their present conduct.

MILLIONS EARNED BY 'PHONE TRUST' Growth of the Business in the United States as Shown in the Reports of the Subsidiary Companies.

Growth of the telephone business throughout the United States is brought out forcibly in the annual reports of the subsidiary companies of the American (Bell) Telephone & Telegraph Co. for 1905, which are now being issued.

In the list of annual reports the earnings of this company are not given, although the Merchants' Association of New York completed its examination in September a year ago the statistics showed that it earned net 14.64 per cent. on the money invested.

The following is a table showing the gross earnings of the companies owned by a majority of stock or operated through a large stock interest or lease, together with the percentage of stock owned by the American Bell:

DELEGATES ARE SELECTED FOR MONTREAL CONFERENCE

Five Ballots Necessary — Busy Day's Session at the Methodist Conference.

Yesterday's sessions of the Methodist conference at Euclid-avenue Church have been, from a business standpoint, the most prolific of the whole.

At the morning's session the question was brought up as to whether hotels should be permitted to carry on the sale of cigars and cigarettes under hotel license.

The subject formed a part of the report on "Temperance and Moral Reform" and, after some discussion, was referred to the committee with an amendment that the tobacco privilege clause be eliminated.

It was pointed out by Mr. W. J. MacIntyre that bars have a special privilege in being permitted to sell tobacco, cigars and cigarettes without a license, and are not subject to the municipal bylaws.

If the government should compel them to take out a license the bylaws would apply to them, and the cigarette evil could then be considered.

There was a proposal to strike the word tobacco out of the report, but it was lost, and Rev. Mr. Campbell's motion to refer the report back upon that point was carried, and a further amendment to strike out the word "tobacco."

A report from the stationing committee presented the subject of missions, and it was recommended the conference form four missions.

Rev. J. Allen, superintendent of missions, gave an encouraging report of the work, stating that ten missions were now self-supporting.

The salaries paid to married missionaries, \$600, and that given to single ones, \$500, was mentioned by Miss Scott, the superintendent of the deaconess' home, who gave an account of the work done by that organization.

Wants Younger Men. Rev. Mr. Webber thought the committee of the board of the Dominion Alliance should contain the names of younger and more progressive men, who would do some work. It was carried that the committee remain as it is at present.

The names of Rev. Alex. Mills and Rev. H. S. Matthews were added to the board of the Dominion Alliance. A report was submitted by Rev. J. J. Chubb, on McCaul-street, detailing the financial arrangements which had been made by the purchase of the property of the congregation.

The accounts had been audited and leaves a balance of \$12 in the hands of the conference officers. There is a recommendation that it be referred to the property committee, and the money be invested in the Methodist Social Union, for extension purposes.

Rev. A. B. Chambers urged that as the trustees of the late congregation are still liable on the mortgage, the money should be held until they are free. The president stated that he had a letter of protest from Mr. Dane, one of the trustees on this subject, from which was read the property committee along with the report.

Part of the Christian. In the afternoon the election of ministerial and lay delegates to the general conference was held, but balloting being very slow adjournment was taken until 8 o'clock in the evening. When the evening session opened it was found that very slow progress was being made in the election of delegates, so the president suggested relief from the wait by live discussion.

At this point Dr. Wallace arose and preferred the reading of a preparatory address—the pastor's address—when the pastor gave full attention to and after its reading was complimented from all districts.

A motion was immediately made and adopted, that 50 copies of the address be printed and read by each minister to his congregation at his earliest opportunity. The address was consistently brief and to the point.

What we are in for is nothing to what we should be," was the keynote to the address. "Remember it is the part of the Christian to purify business, politics and social life by unwavering honesty and truthfulness and devotion to principle; to abjure and despise all dishonorable means of acquiring wealth and position; to depend tenaciously on the sanctity of the Lord's Day and of the marriage tie, to honor the Lord in His substance, to seek first the kingdom of God, and to be diligent to give." Prayer was then offered by the president, who believed and hoped that the address would prove a special blessing to all.

A vote of thanks was passed for Dr. Pitts' ordination sermon Sunday. Dr. German addressed the ministers briefly and took the occasion to introduce to a few nights ago and set her by the foot, but her screams brought aid and he was arrested. The grand jury was in session and quick punishment followed.

Two Girls Lost. Moosejaw, June 18.—On May 7 two little daughters of E. Hoffman, Wood Mountain, went to bring home some horses.

The country is broken and rough, and they lost their way and have never been heard of since. Search parties so far have failed to find trace of them or their bodies. American packers have secured a site for meat canning plant at this point.

Trained for It. (Canadian Associated Press Cable.) London, June 18.—Two men who have been experimenting on living on canned food, have emigrated to Canada.

Barrister Suspended. Victoria, B. C., June 18.—(Special.)—S. S. Taylor, K.C., of Nelson, a former prominent Manitoba, has been suspended from practice.

Girl Coughs Up Needle. Urbana, O., June 18.—The parents of Miss Sarah Rhodes, who was thought to be ill from overwork at the University of Pennsylvania, today received word that she coughed up a needle. The parents remember that when she was a small child she had a needle broken off in her arm, and the piece has been in her body all these years.

SPECIAL NOTICES

Receipts for the year were \$595.80. Expenditures aggregated \$497.50. The committee recommended that a slight increase, plus 20 per cent, to each minister, be charged to those visiting the convention. Reappointment of present committee was also recommended, and a further recommendation of reimbursement to the district meeting delegates was unanimously adopted, which would leave a net balance in the treasury of approximately over \$12.

The balloting for delegates to the general conference to be held in Montreal in September was slow and occupied the entire evening. The result was as follows: First ballot, ministerial—R. N. Burns, J. A. Rankin, J. J. Redditt, E. B. Lister, John Potts, J. W. Stewart, E. J. Hart, J. J. Auckley, James Allen, S. D. Chown. Second ballot—Prof. Wallace, Dr. Sutherland, John Locke, Dr. German. Third ballot—W. K. Hagen, Fourth ballot—J. J. Ferguson (Alliston), W. J. Hincks (Toronto), H. Harper (Argus Bridge), Dr. Cleaver (Toronto). Fifth ballot—C. Crews (Toronto), C. W. Watch (Huntsville), T. E. Bartley (Toronto). First reserve (special)—Dr. Tovell (Toronto). Second reserve—Dr. J. A. Smith, Dr. J. J. H. Bradford.

The late candidates successful were—Justice MacLaren, Newton W. Rowell, K. C., H. O. Lovell, J. C. Vaugeois, Dr. A. D. Watson (Toronto), David Graham, A. W. Briggs, J. W. Flavelle, H. H. Fudger, Alex. Mills, John N. Lake, Joseph East, James Mackenzie, H. H. Shaver, Dr. A. E. Willmott, Ambrose Kent, Frank Winter, E. Padgett, E. W. Gurney, Wm. Fryer, Marshall Green, Thos. Fearley, Dr. Simpson, Dr. Howe (Berlin), Reserve—L. G. Jackson. First alternate—J. W. L. Forster. Second alternate—L. C. Peake.

The stationing committee will meet this morning and report their appointments. Other committee reports will be presented and an active business session is anticipated in the morning. At 4 o'clock in the afternoon memorial services will be held, at which obituary notices, farewells and resolutions will be read, also a reading of the Scriptures. The general public are invited to the meeting.

The annual banquet and promenade was enjoyed last evening. The banquet to the graduating class was held in the dining-hall, which was decorated for the occasion. Miss N. Shonstone, president of the class of 1906, presided. Those who responded to toasts were: Miss Nora Burke, Miss Helen Drummond, Mrs. Wm. McMaster, founder of the institution, and Rev. Chancellor McKay of McMaster University.

As the guests arrived they were received in the main corridor by Miss N. Shonstone and Miss J. E. McKelvey, principal of the college. The promenade was enjoyed by about 500 persons. Among the guests were: Mrs. Wm. McMaster, Mrs. Chas. McKelvey, Mrs. J. E. McKelvey, Rev. Dr. Neil (pastor of Westminster Church) and Mrs. Neil, Rev. J. J. McNeil (pastor of Walmer-road Church) and Mrs. McNeil, Rev. T. B. Hyde and Mrs. Hyde, J. Short McMaster, Mr. and Mrs. Jas. Ryrie, Mr. and Mrs. R. H. Shonstone, Mrs. T. M. Harris, Dr. and Mrs. Geo. Porter.

Winnipeg, June 18.—A leading live stock dealer of the west, J. T. Gordon of Gordon, Ironside & Farn, has just returned from Europe, where he studied the outlook for Canadian cattle. He is convinced that better prospects are assured for this year's exports. Indeed, he believes that high prices prevailing four years ago may be almost attained.

He is quite positive that no agitation, however great, will result in the raising of this embargo.

Another Firm Signs. The Fred Armstrong Electric Company signed an agreement with the Electrical Workers yesterday. This makes seven firms. A compromise has been effected between the employers named and the strikers, which means that the men are at work at \$2 1/2 cents per hour, instead of 25 cents, as was first demanded.

THE CIVIC ENQUIRY. Judge Winchester will reopen the civic enquiry early next week.

Sentence of 900 Years. Fort Worth, Texas, June 18.—Nine hundred and ninety-nine years in the penitentiary for the penalty imposed upon Snow Williams, a negro, for catching a young white woman by the foot. The negro entered the girl's room at a late hour and seized her by the foot, but her screams brought aid and he was arrested. The grand jury was in session and quick punishment followed.

Two Girls Lost. Moosejaw, June 18.—On May 7 two little daughters of E. Hoffman, Wood Mountain, went to bring home some horses.

POLICY ON BRANCH LINES BUSY WHEREVER DESIRED

Hon. Mr. Emmerson's Statement in a Discussion on G.T.P. Subsidiary Company Incorporation.

Ottawa, June 18.—(Special.)—Before the orders of the day, Mr. Boyce (West Algoma) called attention to the defalcation of a certain Mr. McLean, who had embezzled some four thousand dollars of the pension funds for widows and orphans of pilots at North Sydney, Nova Scotia.

Mr. Emmerson promised attention. Col. Sam Hughes enquired if there was any foundation for the newspaper statement that Mr. Aylesworth was weeping women-hunters.

Sir Wilfrid Laurier smilingly said that his hon. friend was "too previous." Mr. Foster (North Toronto) called attention to the statement of Cinqmars respecting his alleged anti-Catholic utterances in the recent London by-election and entered a sweeping denial of the same.

The bill to incorporate the Grand Trunk Pacific Branch Lines Company occupies the attention of the house this afternoon. It was objected that the Grand Trunk Pacific should build its own branches instead of incorporating a separate company.

Mr. Emmerson said that there was no new principle involved in the bill. Subsidiary companies had been repeatedly chartered for similar purposes.

Mr. Pringle (Cornwall and Stormont) pointed out that the G.T.P., when incorporated, was to open up a new country, the branch provided for by this bill were really branches of branches and would closely parallel existing lines. For a distance of 415 miles the branch could run side by side with the C.P.R.

In committing the country to the Grand Trunk Pacific enterprise it was not to be a "colonization line." Mr. Emmerson replied that the policy of the government had always been to permit the construction of branch lines when and where they pleased. The fact that such branches paralleled other roads was, in his opinion, immaterial.

A railroad only benefited the country for about six miles on either side. The western people were strongly in favour of the bill, and would do nothing to prevent that demand being satisfied if any companies were prepared to meet it.

Amendments to Bill. Dr. Sprule has given notice of amendments requiring that the obligations of the G.T.P. should be to build new company and requiring the G.T.P. to acquire all the common stock of the Branch Lines Company. Section 32 of the bill as amended subjects the Branch Lines Company to all restrictions upon the G.T.P. as to transporting Canadian goods to Canadian ports.

Mr. Emmerson has given notice of amendments requiring that the obligations of the G.T.P. should be to build new company and requiring the G.T.P. to acquire all the common stock of the Branch Lines Company. Section 32 of the bill as amended subjects the Branch Lines Company to all restrictions upon the G.T.P. as to transporting Canadian goods to Canadian ports.

Mr. Borden thought the amendment was too indefinite. To some extent it was meaningless. He thought, however, that he would endeavor to express the idea in more definite language.

Excessive Stock. When the bill to incorporate the Sterling Life Assurance Company was sent to committee, W. F. Maclean, (sixth), stated that he had a large amount of the capital stock, viz., \$2,500,000.

Sir Wilfrid Laurier offered to post-poned the bill until the minister of finance had been absent.

Mr. Miller (South Grey) said that there were no profit-sharing policyholders in the company, and that the capital stock was therefore unimportant.

Mr. Maclean could not agree to this. Excessive capitalization meant larger dividends for the shareholders and less return to policyholders. But little capital stock was required for an insurance company managed with honesty and intelligence.

Mr. Henderson (Halton) said it was useless to appeal to Mr. Fielding. He had passed this point in committee. The bill passed.

Buildings for Toronto. In reply to Mr. Macdonell (South Toronto) the government stated that the new barracks at the Humber were to be erected as soon as possible.

At adjournment Mr. Peterson, who was leading the house, announced that the Sunday bill would be taken up on Wednesday.

THOUSANDS EMBRACE A CHANCE TO BE KIST. New York, June 18.—Thousands of prominent men and women have promised in writing to abstain from alcoholic beverages as recommended by Andrew Carnegie's simplified spelling board.

Here are some of the new ways of spelling: Blush for flushed. Kist for kissed. Sipt for sipped. Mist for missed. Tail is still to be spelled in the good old way, also odor and bun.

PERSONAL. Dr. A. McPhedran, 151 West Bloor-street, has returned from a month's tour of Europe. He came over in the Empress of Britain and had a refreshing voyage.

streets, which were one continuous picture of arson and pillage. The windows and doors of the Jewish houses were wide open, giving a view of their wrecked interiors, or were boarded up with the rude wooden shutters.

Everywhere were seen traces of killed or wounded relatives. The principal stores either were devastated wrecks or mere mounds of ashes, and the streets were strewn with the debris of the week's riot.

Before practically every house left intact hung an ikon with a burning lamp and the street doors were marked with crosses, to show that the inmates were Christians. The streets were patrolled by cavalry and infantry. The military strict martial law prevailed.

Another attack was made yesterday evening on the police station by armed revolutionists. They opened fire from a building on the police, but Cossacks stormed the house and the revolutionists were dispersed.

The interments to-day passed off without incident. The Grenadiers and Highlanders were equipped with white helmets, and the Q.O.R. contingent, with Rough Rider felts, just arrived from Ottawa for use during camp.

The Grenadiers will be in command of Major Myers, with Capt. C. O. Beardmore, and Lieut. G. S. Ryerson. The Q.O.R. will be under Capt. Kirkpatrick, with Lieut. Brush, Fletcher, Murray and Scott, and the 48th, under Capt. Campbell, with Lieut. Wright and Perry.

Leut.-Col. Logie of the 51st, Hamilton will be in command of the battalion of 7 companies, made up, besides those from Toronto, of one each from the 51st and 13th Battalion, 38th Dufferin Rifles, Brantford and 19th St. Catharines. An advance guard will be sent from each unit to Niagara to make preparations for erecting the tents and general camp arrangements.

TO HOLD REVIVAL MEETINGS IN OTTAWA CITY HALL. Ottawa, June 18.—Dr. Torrey will hold his biweekly meetings for business men in the city hall, the council tonight deciding to allow him the privilege.

Riverside Gun Club. The results in the weekly shoot of the Riverside Gun Club on Saturday afternoon were as follows: 10 birds—Jennings 10, Hiron 8, Walton 8, G. Logan 6, Brennan 6, Lander 4, Logan 4, Wooley 3, Davidson 3, Van 2, Hiron 2, Logan 2, Brennan 2, Logan 2, Wooley 2, Davidson 2, Van 2, Wooley 2.

Football Teams Played Tie. Seaford, June 18.—The Midway and Seaford football teams met here to-night. The game resulted in a tie, as each side kicked heavily during the progress of the game, but it was a good contest throughout.

Lawn Tennis in England. Wimbledon, Eng., June 18.—In the singles for the Davis Cup, H. S. Smith (Great Britain) beat H. Holmes (America) in straight sets. The scores were 6-1, 6-0, 6-4. H. Doherty (Great Britain), in a splendid game, beat Raymond D. Little by a score of 3-6, 6-3, 6-8, 6-1, 6-3.

Kew Beach Experts Won. Kew Beach defeated Toronto in the Intermediate Lawn Tennis League on Saturday afternoon. Toronto won the consolation doubles. It was unnecessary to play the doubles, Kew Beach having a majority in the singles. Following are the scores: Ward (Tor.) beat Wryford (K.B.), 6-3, 6-2. Langstaff (Tor.) beat Smith (K.B.), 6-4, 6-5, 6-7. Cliff Dineen (K.B.) beat Rowland (Tor.), 4-6, 6-1, 6-4. MacEaren (K.B.) beat Schoedel (Tor.), 6-3, 6-2. Chas. Dineen (K.B.) won by default. Spanner (K.B.) won by default.

Yale Man's Tennis Championship. Hartford, Conn., June 18.—Karl H. Barr of Yale defeated Theodore R. Pell of New York in the tennis match to decide the championship of New England here to-day. The scores were 7-5, 4-6, 6-6, 7-5, 6-5.

WATCH FOR PASTOR.

Rev. T. R. Robinson of St. Mark's is Honored by Congregation.

Rev. T. R. Robinson, pastor of St. Mark's Presbyterian Church, was presented last night with an address and gold watch, by the members of the congregation, in honor of his receiving the degree of Doctor of Philosophy from the Toronto University.

P. B. Mitchell, clerk of the session, read the address and the presentation was made by Tom Whitford, chairman of the managing board, on behalf of the congregation.

A bouquet of roses was presented to Mr. Robinson. Among those who spoke and gave congratulatory addresses were: Rev. D. C. Hosack, moderator of the presbytery; J. McR. Scott, G. R. Pasker, Dr. McTavish, Dr. A. H. Abbott of the Toronto University and Dr. Annand, a Presbyterian missionary from the New Hebrides.

Thomas Findlay spoke on behalf of the congregation.

SHOULD VISIT OFTEN. Colant Nugget: We think it is a great shame that we do not have more opportunities of seeing our representatives in the provincial house, and that they should make more frequent visits to their constituents. We are quite alive to the fact that the members of the cabinet are not a position to leave their duties very often, and greatly appreciate any time they can spend among us, and we only hope that they will be able to do so more frequently in the future, and in that way get to understand each other better.

A Feathered Quadrangle. Prof. W. S. Campbell, the superintendent of the Indian School at Pipestone, Minn., was talking about the examinations which, at this season, rank as the greatest of the young American.

The stolon young Indian, no less than the emotional young paleface, is a student. Prof. Campbell, in June examinations, and in examination, he, like the rest of the juveniles world, makes a great many old mistakes.

"At Pipestone, in a recent examination in etymology, a teacher said to a lad: "Black Eagle, what is a quadrangle?" "A thing with four legs," the boy answered promptly.

"Good," said the teacher. "And are there any other quadrangles?" "Yes," was the reply. "Oh, there are are they?" laughed the teacher. "Well, name one?" "A feather bed," said the boy.

Smoking a Cigar Under Water. The early bather, as he floated on a chilly bather, had a cigar in his mouth. The cigar, as it floated in the water, was watched by a crowd of on-lookers.

All of a sudden he gave a loud cry—"Hi! smokin' under water!" And with the cigar between his lips he disappeared. He was gone a couple of seconds. Then he came up, and lo, the cigar was still lit, still burning freely. It smoked almost as well before.

"Ain't I a wonder?" the man called to the girls. Afterwards he explained the trick to them.

"Yes," was the reply. "I shifted the cigar unbeknownst to you; I put the lit end in my mouth. Then, as I came up, I shifted it again. Thus the cigar kept lit. I did it by myself, because I was careful. This is a showy bathing trick. I learned it from a professional life-saver."

There's Nothing New. The Chinese had the printing press. When Moses was a boy, and printed all the news, I guess. About the fall of Troy. The things that ours we proudly call—Machines to reap and sow—The Chinese knew about them all—Six thousand years ago.

Theoretically speaking the rings excepting the one which drives the bridegroom and best man to the church and which takes the bride and bridegroom away after the ceremony, but it is often considered allowable for the bridegroom to send a carriage for the ushers and also for the clergyman if he so desires.

Dainty Underskirts. Underskirts are always an important feature at this season of the year, and the craze for striped materials—which is on the decline as far as millinery is concerned—may be said to be at the apex of its popularity as regards petticoats. These are carried out in white silk, with a black satin stripe, or in white and colors, and are invariably trimmed with black Chantilly lace caught up with bows of ribbon.

White taffeta petticoats adorned with black and white net flounces are considered the correct wear nowadays for all smart occasions, and Carrick-macross applique lace, the foundation consisting of black net, is a charming fancy reserved, however, for those who have ample means at their disposal.

Lingerie underskirts are of course, very much under consideration just now, and those who can afford it are having them mounted over silk, on the contention that an ordinary lingerie petticoat becomes crumpled and chafed after the first period of wearing it. Detachable lingerie flounces are, besides, applied to underskirts of washing silk, the flounce being frequently threaded at the top with colored ribbon thru straps of embroidery.

Some simple lingerie petticoats for morning wear are made of the favorite broderie Anglaise, and are innocent of any supplementary trills. These are very economical from the laundry point of view, as they are not nearly so difficult to "get up" as the many frilled ones.

A Delicious Dessert. Take one-half a package each of raspberry and pineapple jelly powder. Dissolve each separately in half a pint of boiling water. Put in separate dishes and set aside to cool. When ready to use, alternate layers in a glass dish, putting sliced bananas between each layer. Set on ice until ready to use. Serve with whipped cream. This dessert is simple to make, and can be prepared hours before serving, if necessary. It is delicious on a hot day.

Opportunities of the West. An interesting article on "The Opulent Opportunities of the West" by Miss Nanno C. Colonization by Women. London, June 18.—(C.A.P.)—At the conference this afternoon on colonization by educated women, Mrs. Fitzgibbon said the policy of the National Council of Women of Canada on the subject was in accord with the policy of the Dominion government. They were willing to co-operate in a needed Imperial scheme to equalize the sexes. Mrs. Joyce cited many instances of women emigrants happily married in Canada. Others spoke of other colonies. A resolution favoring a co-operative plan was adopted.

CAN KEEP PARK, SAYS NOBLE CITY WON'T SELL LEASEHOLD

Meanwhile Mr. Eckardt is Waiting for Board of Control to Make an Offer.

There are no further developments in the matter of Victoria Park's purchase, but on the return of the mayor, it is stated that no time will be lost in getting down to business with Mr. Eckardt.

"I have sent the mayor a letter confirming my offer of last Monday, but have had no reply beyond an acknowledgment of its receipt," said Mr. Eckardt last night. He admitted that the offer had to do with concessions on Scott-street property, but would make nothing further, as he considered it was for the mayor or board of control to hand out information.

Whether he would be satisfied to retain the property, Mr. Eckardt's cheerful rejoinder was that he would give the city a chance to show whether it thought the property cheap at the price he had paid for it.

Ald. Noble says he understands that what Mr. Eckardt wants is the right to purchase from the city the land on which the warehouse stands. Two years only of the 21 years' lease granted to him has expired. Ald. Noble, while of opinion that the city should sell rather than lease its property, remarked that he thought Mr. Eckardt would be allowed to keep his park land.

CHLOROFORM FOR KITTEN THAT FELL INTO LIVING TOMB

New York, June 18.—Entombed alive for three days a small black and white kitten appealed for succor. It had fallen from the 25-foot wall at the rear of Public School No. 4, at 409 Third-avenue, in an attempt to escape several small boys, and went to the bottom of an area that is less than six inches wide.

In vain did scores of persons invent means by which the little animal might be brought from its tomb, and yesterday afternoon an agent of the Society for the Prevention of Cruelty to Animals lowered a sponge soaked with chloroform, and by rubbing it against the nose of the kitten snuffed out its life.

The board of health is now interested in devising a method for getting the body of Tim from between the walls, and this the neighborhood insists upon, even if a part of the stone wall has to be removed.

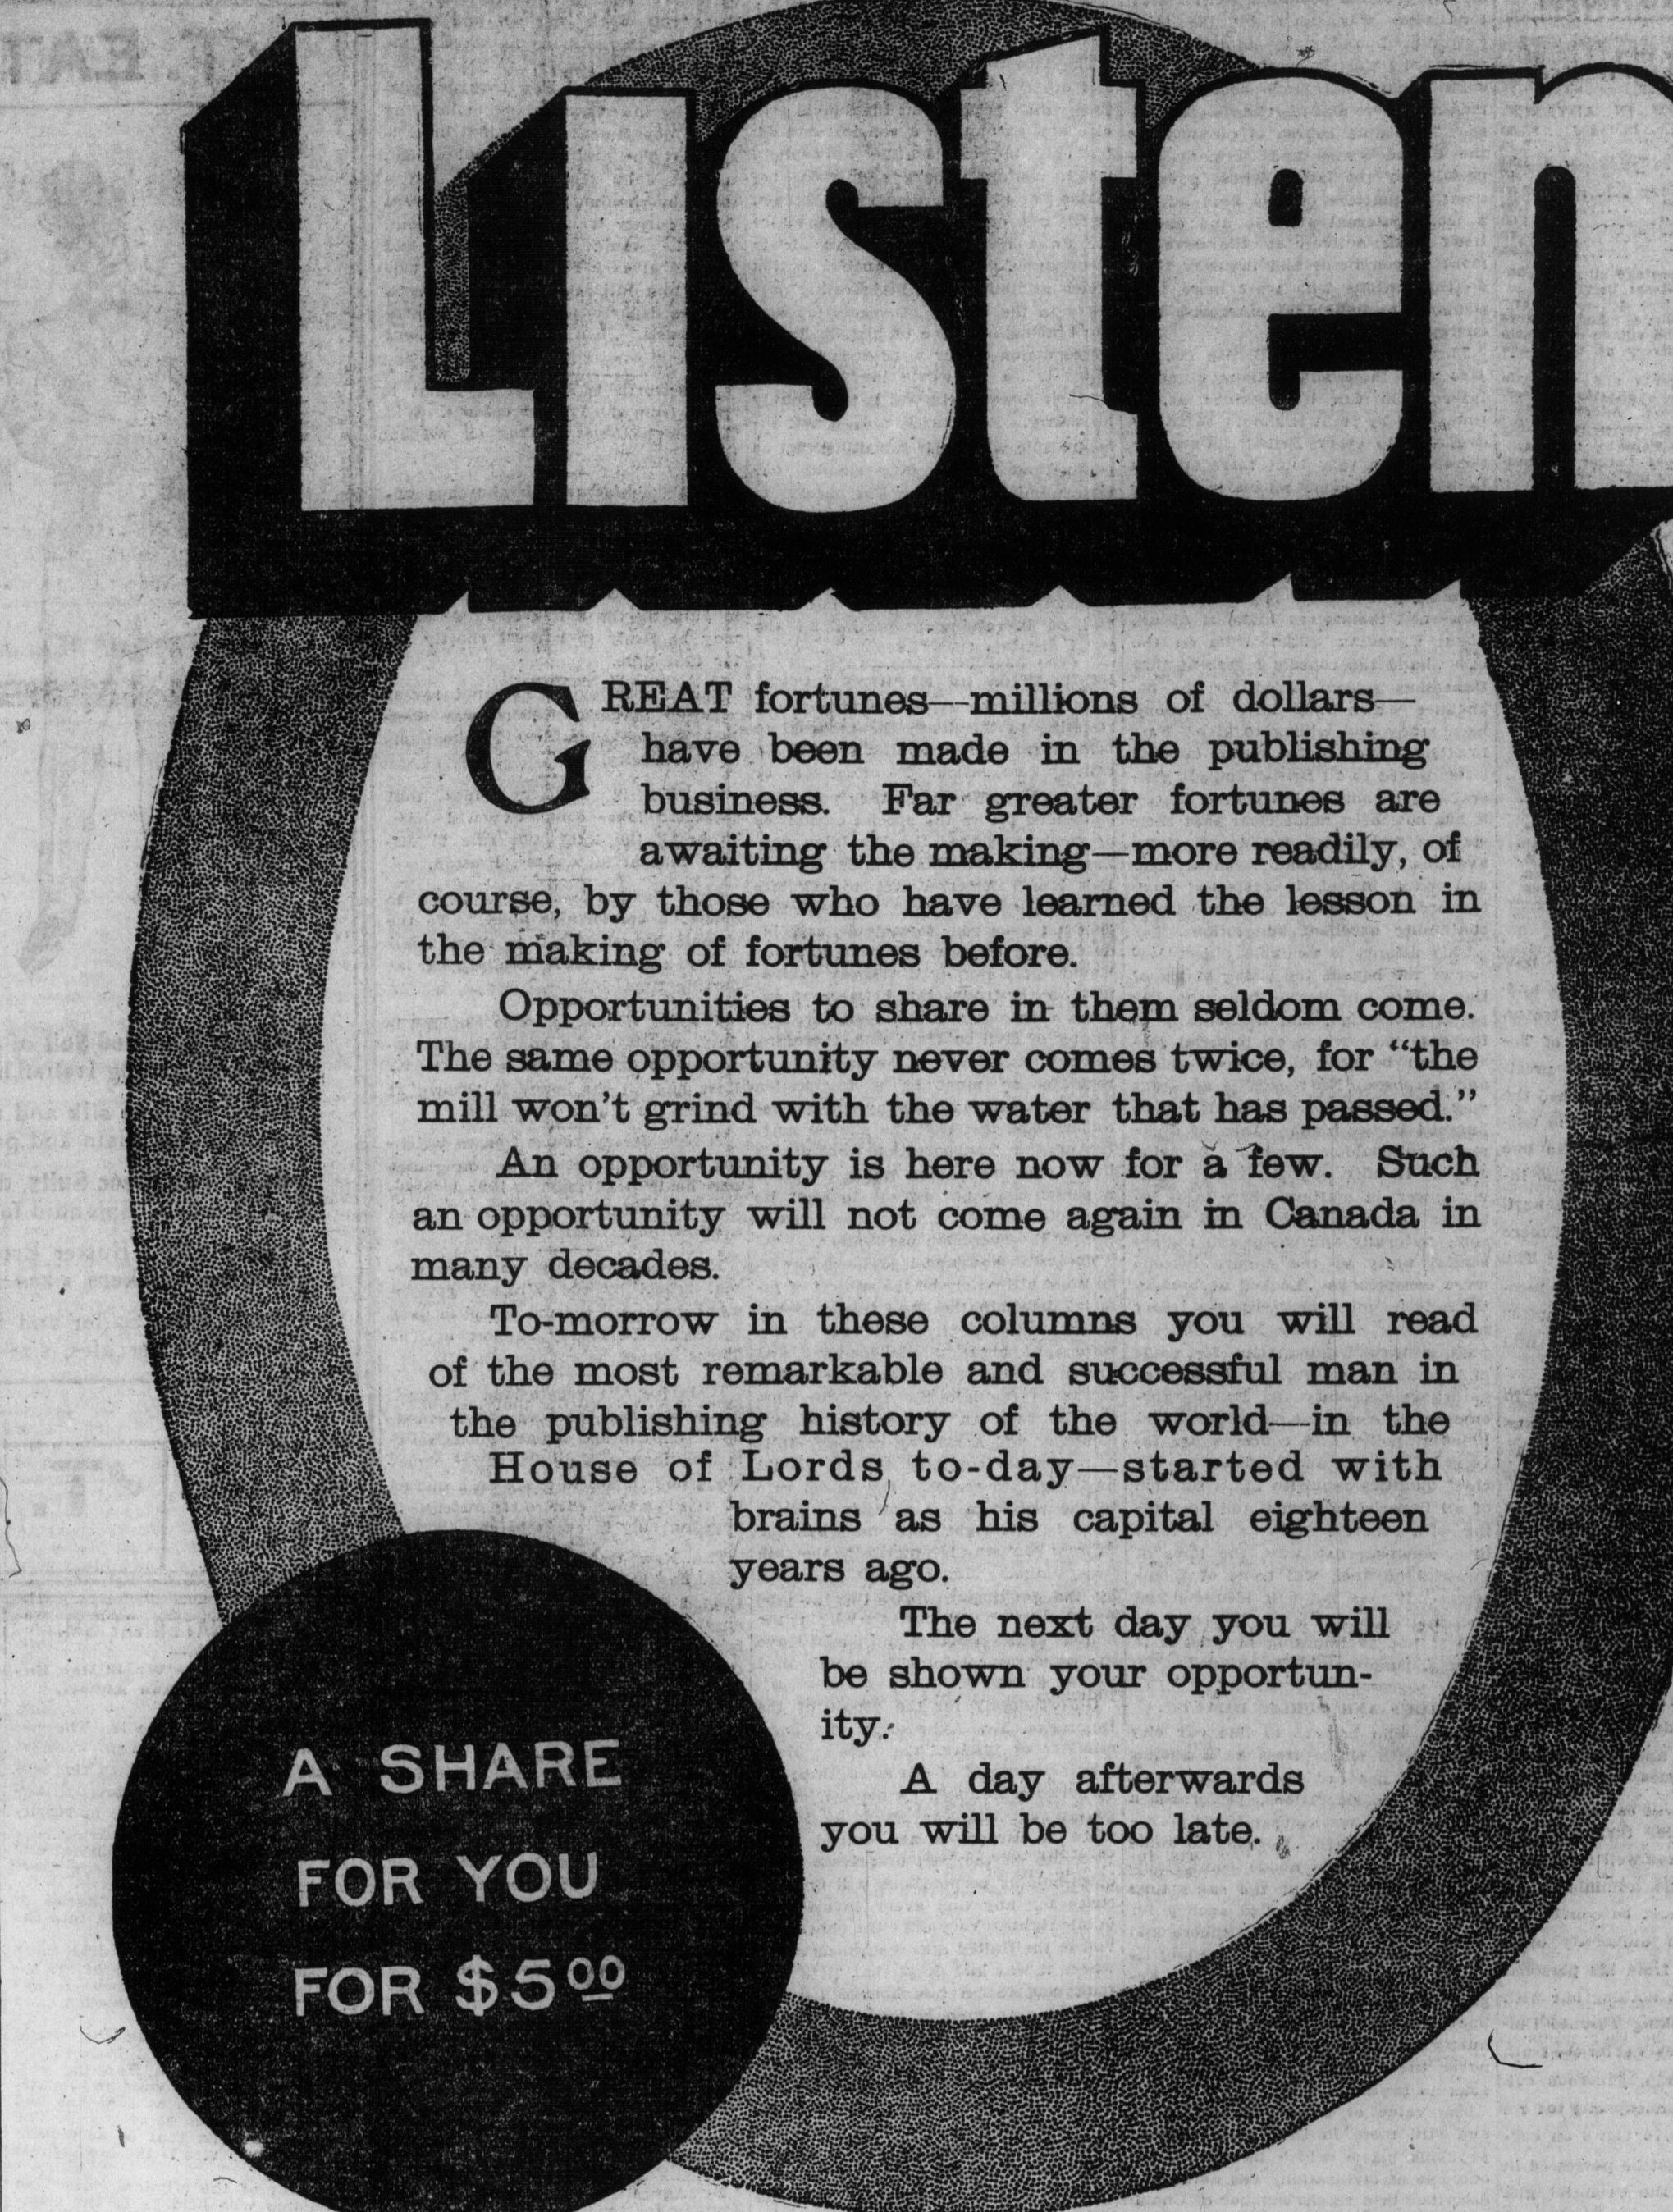

Enormous Waste Of Human Life

As a people we are appalled by the terrible loss of life in such catastrophes as the outpouring of Vesuvius or the destruction of San Francisco. But we scarcely give a thought to the enormous waste of life that goes on all about us every day.

Everywhere, among rich and poor, young life, full of capability, full of an eager desire for fulfillment, is being starved into death, stunted into moral and physical deformity by the lack of nutritious, digestible food. These deaths, these deformities could be avoided. Clean living and good food are the secret of health, happiness and a full development of physical and mental strength.

We know of no other food that so richly endows the human body with health and vitality as does Malta-Vita, the perfect malted whole-wheat food. This is because Malta-Vita is not only so nutritious, but so easily digested that every one of its life-giving elements is taken up by the blood, it builds muscles, refreshes the brain, makes rich red blood and charges the whole body with energy.

Malta-Vita is the best white wheat, cooked and steamed, freely mixed with pure barley malt extract, then rolled into wafer flakes and baked crisp and brown. The malt extract, a powerful digestive agent, converts the starch of the wheat into maltose or malt sugar, a most valuable food, so easily digested that it does not distress even the weakest stomach.

GREAT fortunes—millions of dollars—have been made in the publishing business. Far greater fortunes are awaiting the making—more readily, of course, by those who have learned the lesson in the making of fortunes before.

Opportunities to share in them seldom come. The same opportunity never comes twice, for "the mill won't grind with the water that has passed." An opportunity is here now for a few. Such an opportunity will not come again in Canada in many decades.

To-morrow in these columns you will read of the most remarkable and successful man in the publishing history of the world—in the House of Lords to-day—started with brains as his capital eighteen years ago.

The next day you will be shown your opportunity. A day afterwards you will be too late.

smart set, and some of us who do our own washing, began rolling up our shirt sleeves. Early this spring someone with one eye to comfort and another eye to business, conceived the idea of cutting off the sleeves at the elbow.

This had struck hard. And here is where the tale of the black glove begins. No one dared to appear upon the street early in the spring with arms bare to the elbow. White gloves were conspicuous. There was nothing left but the elbow-length black glove.

There isn't a city of fashion in the country that hasn't had a black glove famine. Black kid and black silk were alike gobbled up. Shop counters were emptied. Wholesale houses were sold out. The glove factories could not produce enough to supply the demand.

Some women, rather than be behind the style, bought short gloves and manufactured tops out of stocking legs. The manufacturers, taking the cue immediately began sending out a lot of silk uppers, evidently held in stock for some defect in the fingers of the glove once attached.

The black glove has us in its clutches. You're not in fashion unless you wear them. Take care of those elbows. Rub them with olive oil. Bleach them with lemon juice. Soak them in warm soda. It makes the flesh dark to lean upon.

them: keep off the tables. Swath them in cotton and nurse them to pink tenderness.

For as sure as fate as the weather grows hotter and the black glove famine continues, we women will have to go with bare arms dangling from lace-bedecked shirt sleeves chopped off just above the elbow.

Chief Justice Meredith was engaged yesterday morning in defining what, in legal parlance, is to be called "a comfortable home." In the will of the late Mr. Manshard, a farmer living near the Town of Brookville, was inserted a provision that his farm property, valued at \$4000, with buildings worth \$2000, together with a personalty of \$7800, should be divided equally between Mrs. Janhard, the widow, and her stepdaughter, Elva May Sturgeon. Embodied in the will was the provision that the widow should have a "comfortable home" with the daughter. For some time family disagreements have been much in evidence, culminating in open rupture, and with a view to arriving at a solution of the difficulty, Mrs. Manshard locked the whole matter to the local master at Brookville, with the understanding that the widow be given a home as far as possible on a par with her former station.

GARDEN PARTY FOR VOTERS CAUSES VOIDED ELECTION

London, June 18.—As a result of a petition, Thomas Charles Agar-Robartes, eldest son of Viscount Clifden, member of parliament (Liberal) for Cornwall, has been unseated by the election courts owing to illegal practices.

The entertainment of voters at a garden party was the principal item in the complaint.

MUSICIANS OF THE BACKWOOD

Artist Kubelik Prefers Them to Town Dwellers. Herr Kubelik arrived at Liverpool recently by the Canadian Pacific liner Empress of Britain from Montreal, having completed what he described as his most successful tour. It began at New York on Nov. 20, and realized \$250,000, excluding \$16000 raised at Seattle on behalf of San Francisco victims, and another charitable concert given at Chicago.

"I put the greatest faith in diet," he said. "My meals are plain and light, and I scarcely touch any butcher's meat, rarely ever wine, but I like good cigars after a performance. Before a performance I do not touch food or stimulants for three hours."

"The tour involved a strenuous existence, but from New York right thru we had a special Pullman car, containing a delightful suite of rooms, and in this we lived for four months, never staying at an hotel. The only trouble was the cooking. I had to discharge four cooks before I got the right one. They were negroes, and all had the same objectionable traits."

"The pleasantest single experience I had was with President Roosevelt," he continued. "I had the honor of giving the audience in the White House an audience of about 20 persons, of whom the president was one."

many of the fashionable audiences in the cities, where art is largely a slave to fashion, and where there were many—oh, so very many people—trained in technical music, but with no soul and no instinct for its beauties, and its meaning. I loved those far western audiences, because, with their rugged surroundings, they were natural. Herr Kubelik gave 146 concerts during the tour, of which 110 were in the United States. He says he is going to take a short rest, and then go to Australia.

**KIDNAPPED BOY UNHARMED  
POLICE ROUND UP CAPTOR**

For Nearly a Week Eluded Efforts of 400 Men to Discover Retreat.

Philadelphia, Pa., June 18.—Little Freddie Muth, who was kidnaped from school on Tuesday last, was recovered from his captor in a sensational manner this afternoon. For several days the identity of the kidnapper has been known to the police, but despite the efforts of 400 men who have been working on the case he was not located until today.

Accompanied by one of his men, Chief of Detectives Donaghy went to 428 North 62nd-street in West Philadelphia, and there found John Joseph Keen with his captive, Keen attempted to escape and was shot at by the detectives. The bullets missed their aim, but Keen surrendered and was taken to police headquarters.

The kidnapper, who is 42 years old, is described as a former stock broker, who had recently been a real estate agent. He has a wife and three children, and it is believed that his desperate financial situation drove him to the crime.

In communications to the father of the child, he demanded \$5000 for its return, and in a letter, written on Friday, declared he would kill the child and himself if the money was not forthcoming. The kidnapper was not forthcoming in a "personal" inserted in all of the Saturday papers. In a subsequent letter Keen proposed new terms, and these were likewise accepted and another "personal" was inserted in yesterday's newspapers.

The boy, who is only seven years old, was apparently unharmed, except that he bore evidence of suffering from hunger and exposure.

When the kidnapper and his victim were brought before Superintendent of Police Taylor, the little one still had in his hand the school-book which he carried when he was enticed from school by a decoy note purporting to be from his mother.

The house in which they were found is an unoccupied dwelling on the outskirts of the city.

When the boy was found in the house he said he had been kept constantly in the house, had been given bread and milk to eat and had not been mistreated.

After making a statement Keen was locked up and the boy was taken to the home of his parents.

**CROWD THREATENED FATHER**  
Embarrassed Son on Street, Aroused Suspicion of Kidnapping.

Philadelphia, June 18.—Being mistaken for a kidnapper because he snatched up his young son, whom he had not seen for over a week, to embrace him, gave Patrick McGrath, 35 years old, of Fourth and Ontario streets, an unpleasant surprise last night. Their minds inflamed by reading of the Muth case, a big crowd of residents gathered about him at Second and Venango streets, and he had no need to his explanations and was threatening him with bodily harm, several of the more violent ones going so far as to call for his arrest.

McGrath had a streak of trouble. It began nearly two weeks ago when his wife had him arrested on a charge of non-support. He was held in \$500 bail for court. When this came up yesterday he was discharged and was allowed to go free after having spent nine days in jail.

He made a dash for his home and, as he was reaching the humble abode on Ontario-street, near Fourth, to find it vacant. Neighbors informed him that his life had moved the furniture away. Where she went they were unable to say.

Shortly before 6 o'clock he was walking down Second-street, near Venango, when he saw his wife returning home, playing with several other little fellows. McGrath called to him and the wife came and jumped into his arms. Both were overjoyed at the meeting. In the meantime Mrs. McGrath, who had been visiting a neighbor, saw the reunion thru the window and coming out hastily, began berating her husband. This, of course, drew a crowd in a few moments and thinking the wife was angry he was caused by his trying to steal the child, they soon closed around McGrath.

**WHAT WILL THE ISSUE BE?**

City Council in a Few Days Will Again Tackle Bridge Question.

With the return of Mayor Coatsworth the board of control will fix a date for the holding of a special meeting of the city council to discuss the Yonge-street bridge situation.

The offer of the railways has placed the city face to face with a three-prolonged problem, and there promises to be a good deal of conflict of opinion as to the proper course for the city to follow.

To begin with, the controllers themselves are at present uncompromisingly opposed to the idea of the city's building the bridge and trusting to kindly fates to be done in the name of the law, and that on that account alone I think I should grant an injunction. I should be lacking my duty if I did not.

The date of trial was fixed at July 12, at Kenora.

There are over 20 cases in Seneca Township, Haldimand. There are 8 cases in Dunville Township, Elgin, and in the City of St. Thomas and the same number in the Village of Wardsville, Middlesex.

**DIES FROM BROKEN NECK.**

Young Woman Weighing 250 Lbs. Falls on Victim's Head.

New York, June 18.—James Condem, 25 years of age, of Summit, N. Y., died yesterday from broken neck, after three weeks' treatment, in which every recourse of modern surgery was exhausted.

Condem called on a young woman in Summit three weeks ago yesterday. The young woman, who weighed 250 lbs., was dressing and she sat down on the stairs in the hallway to wait.

The young woman tripped near the top and fell squarely on Condem, who was picked up unconscious and taken to his home, where physicians found his neck had been broken.

**WILL GO INTO POLITICS.**

Central Federated Union to Put Candidates in Their Field.

New York, June 18.—The Central Federated Union intends to go into politics in the coming campaign. In so doing its members are carrying out the instructions given by Samuel Gompers, president of the American Federation of Labor. It is the intention of organized labor to have a political organization of its own and to nominate candidates for the eleven supreme court justices who are to be elected next November.

**UNION SAILOR SHOT.**

With Others Approached Non-Union Crew to Desert Ship.

San Francisco, June 18.—As the result of the lockout and the trouble existing between the shipowners and union sailors in this port, one union sailor was shot and killed and three were wounded last night. The dead man is Andrew Kellner.

**'T WAS TOO EASY FOR KENORA  
INJUNCTION WILL RESTRAIN**

Chief Justice Meredith Grants Application of Companies With Claim on Riverbed.

The Keewatin Power Co. were yesterday successful in securing an injunction to restrain the municipality of Kenora from proceeding with the building of a municipal power plant on the east branch of the Winnipeg River.

Chief Justice Meredith granted the order and made some rather severe comments. The Keewatin Power Co. and the Hudson Bay Co. each claim one-half the river bed upon which the Town of Kenora is erecting a dam.

In granting the injunction Sir Wm. Meredith said: "It was an extraordinary thing that the local authorities should have possession of the property on the defendants paying into court a trifling sum of \$200—it is almost a scandal that a thing of that kind can be done in the name of the law, and that on that account alone I think I should grant an injunction. I should be lacking my duty if I did not."

The date of trial was fixed at July 12, at Kenora.

**APPEALS TO BRITAIN.**

Father of Children Kidnapped by Aunt, Gets Regulation Papers.

Boston, June 18.—An international phase in the case of the Sully children of Malden, who were taken to Denver by their aunt, Mrs. Bella Fenwick.

Thru the efforts of Sir Mortimer Durand, British ambassador at Washington, and Capt. W. W. Wyndham, British consul here, papers have been obtained from the British government calling for the arrest of Mrs. Fenwick on the charge of having kidnapped the children. Sully from Malden on Feb. 14, and Mabel Sully from Montreal, Que., last year.

McDonald of Colorado refused to honor Massachusetts papers. The only remaining course for the father was to appeal to the British government, of which he and the children are subjects.

**AUTO PLUNGES INTO RAVINE**

Momentum Carries Machine Past Occupants in Their Fall.

Chicago, June 18.—A runaway automobile containing J. B. Lovvorn of Racine, Wis., and his three daughters, yesterday dashed backward down one of the hills north of Glenview, crashed thru the guard rails of a rustic bridge and fell twenty feet to the bottom of a ravine. At the moment the car was on the bridge it turned over, throwing the terrified occupants to the ground, while the momentum of its great weight caused it to shoot over and past them. This undoubtedly saved their lives, but their escape with only slight bruises and cuts was remarkable.

**Insurance Paper Suspended.**

New York, June 18.—The New York Life Insurance Company's "New York News Letters," the bi-monthly periodical of the company, suspends publication with the May-June issue, just out today. This paper, which has been published by the company for between 30 and 40 years, had a large circulation, the editions amounting sometimes to 100,000 copies. It was sent out to the 10,000 agents of the company, who saw that it was distributed in their districts.

**Crushed to Death on Bridge.**

Chicago, June 18.—Fearing to jump from a trestle on which a train was passing, a man, who was 15 years old, lay between the rails on the bridge over the Calumet River at Riverside yesterday and was crushed to death. His father and a companion, confronted by the same alternative, jumped from the bridge and swam to shore.

**OBITUARY.**

Lieut.-Col. J. H. Beattie, Windsor, June 18.—Lieut.-Col. Joseph H. Beattie, aged 75, is dead of blood-poisoning. Col Beattie was one of the pioneer residents of the city and was three times its mayor. His illness was due to a wound in the foot caused by a shoe nail.

**Sergt. R. H. Skinner.**

Regina, N.W.T., June 18.—Sergt. R. H. Skinner, R.N.M.F., died suddenly from convulsion and was crushed to death Saturday morning. He joined the police about seven years ago, coming from Hamilton, Ont.

**John Erskine.**

The death occurred yesterday morning of John Erskine, 14 St. Vincent-street, a veteran of the Fenian Raid, when he commanded No. 5 Co., Q.O.R. He was 62 years old.

**Thomas Wiggins.**

Thos. Wiggins, caretaker of Leslie-street School for two years, and for eighteen years caretaker of Dufferin-street School, is dead. His wife will succeed him.

**Kansas Needs Harvesters.**

Topeka, Kan., June 18.—Kansas is sending the strongest appeal for help history for men to work in the harvest fields. At least 25,000 more men than are in sight now will be needed.

**Pioneer of California.**

San Francisco, June 18.—George K. Fitch, 30 years old, one of the most prominent citizens of California, died suddenly last night at San Rafael, where he had made his home since the fire destroyed his residence in this city. He was a pioneer of California.

**ATKINS' CANNED BEEF SUPPLY**

War Secretary Unable to Say How Many Deaths It Caused.

London, June 18.—Chicago meat again formed the subject of several questions in the house of commons today. Mr. Hicks-Beach, Conservative, asked the former chancellor of the exchequer, asked War Secretary Haldane what quantity of Chicago canned meat was supplied to the troops in South Africa during the late war, and what proportion of enteric deaths ought more properly to have been ascribed as due to poisonous poisoning.

The secretary replied that rather more than half the canned meat had come from the United States. The war office knew nothing of any cases of enteric fever which would be classed as poisonous poisoning.

Mr. Lea, Liberal, wanted to know if the war office would not issue an order requiring every can of meat supplied to the army to be plainly stamped with the date of manufacture.

The secretary said that such had long been the requirement of the ordinary war office contracts.

To another question the war secretary said he was aware of only one case in the last twelve months in which troops had refused to eat rations of canned meat, a sample of which was now under the examination of an analyst.

**BATTLESHIPS IN COLLISION.**

Resolution Rams Ramilles During War Manoeuvres.

London, June 18.—The British battleship Ramilles was assisted back to Sheerness to-day, having been in collision in the channel with the battleship Resolution. The latter was not damaged, but the former must be docked for necessary repairs, principally to her propellers.

So far as known, the Ramilles is the only big ship crippled by collision during the week's manoeuvres. Two of three torpedo craft have been in collision or aground, and some machinery defects have developed, but very few compared with former manoeuvres.

**A Presentation.**  
At the warehouse of John Macdonald & Co., Limited, R. L. Davidson, who lately resigned his position to enter into the commission business on his own account, was presented with a handsome gold watch by his late fellow-employees. John Macdonald made the presentation. Mr. Davidson has been with the company for thirteen of which he was one of their foreign buyers.

**Toronto Day at St. Kitts.**  
Thursday has been set apart as Toronto Day in the Made-in-Canada Exhibition in St. Catharines this week. Some of the Toronto exhibitors have decorated their booths in artistic fashion and the show is said to be well worth going to the Garden City to see. The Niagara, St. Catharines & Toronto Navigation Co. will give special rates on Thursday.

**Judge Hodgins, at Osgoode Hall this morning received from the master of the supreme court of the Transvaal a list of moneys standing to the credit of unknown heirs in the books of the courts of that colony. There are several thousand pounds.**

**THREE TRYING TIMES IN A WOMAN'S LIFE**

There are three periods of a woman's life when she needs the heart strengthening, nerve toning, blood enriching action of MILBURN'S HEART AND NERVE PILLS

The first of these is when the young girl is entering the portals of womanhood. At this time she is very often pale, weak and nervous, and unless her health is built up and her system strengthened she may fall a prey to consumption or be a weak woman for life.

The second period is motherhood. The drain on the system is great and the exhausted nerve-force and depleted blood require replenishing. Milburn's Heart and Nerve Pills supply the elements needed to do this.

**TOURIST SERVICE BEGUN.**

Grand Trunk Puts on Elegant Cars for Muskoka Lakes.

The Grand Trunk Railway on Monday inaugurated its summer service for the season of 1906 to the Muskoka Lakes, running a special train out of the Union Station at 11 o'clock and a thru Buffalo train out of the Union Station at 11:30. The Toronto train was made up of two buffet cars, two parlor coaches and a baggage car. The cars were just out of the G.T.R. shops at Montreal, and are among the finest that the Grand Trunk owns. The buffet cars have wide windows, luxurious seats and all the appointments are up-to-date in every respect. The parlor coaches are also excellently appointed, and the train through has the combination electric light and gas. J. D. McDonald, district passenger agent, was on the platform and took a party of newspaper men thru the train, the verdict being that the company is fully alive to the demands of the service for a strictly first-class train to "the highlands." The trip is made in about three hours and a half, and every convenience for the comfort of the passengers is studied by the management. The Buffalo train service was inaugurated on Saturday last, and every day thru the season the special service will be continued.

**MORE MONEY FOR PARKS.**

Commissioner Chambers Compares Toronto With Baltimore.

That Toronto doesn't spend enough money on its parks is a conviction that Park Commissioner Chambers has brought back with him from the convention of park superintendents of America that he attended at Washington. Mr. Chambers visited Baltimore, where, he says, \$1,000,000 is to be spent this year, and a like amount next year. The annual outlay on parks, he points out, is \$500,000, while Toronto only spends \$54,000.

Mr. Chambers was received by President Roosevelt with friendly warmth. The commissioner spoke at a banquet in defence of Canada's reputation, horticulturally, drawing attention to the winning streak of Canadian exhibitors at the latest New York flower show.

**RAILWAY BOARD AT BELLEVILLE**

First Case of Commission Concerns Extension of Gas Mains.

The provincial railway and municipal board go to Belleville to-day to hear their first case. It concerns the extension of the gas mains, and the company and the city want to have the authority of the board before going ahead. Andrew Ingram and H. N. Klitson, who were in Toronto yesterday, will meet the chairman, James Leitch, K.C., at Belleville, and the argument will be heard this afternoon.

**LOCAL FREIGHT AGENTS HERE.**

Welcome to Toronto was extended in the city council chamber by Aid. Graham, chairman of the civic reception committee, to 20 delegates of the American Association of Local Freight Agents en route to Montreal to attend the annual convention, which opens to-day.

W. S. Martin, Minneapolis, vice-president of the Northern Pacific, and formerly of Toronto, replied for the delegates. He was entertained by local freight men to trips in and about the city.

**Lake Shore Railway's Elks' Tour to Colorado.** leaving Buffalo July 13. In Denver July 15 to 19, during Elks' convention, afterwards visiting Colorado Springs, Garden of the Gods, Pike's Peak, Pueblo, and through the heart of the Rockies, including the Grand Canon of Arkansas, Royal Gorge and Marshall Pass. Two-week all-expense trip, \$88. Many Elks' lodges in the States of New York and Pennsylvania have already joined this excursion, which is open to Elks, their friends and the public. The tour is offered at absolutely net cost and at the same rate to everybody. No charge is made by the Lake Shore Railway for furniture and conducting its tours and nobody is carried free at the expense of others. Write for itinerary, J. W. Talv. Chief Asst. G. P. A., Buffalo, N. Y.

**Shipment of Carp Seized.**  
Fishery Overseer Shelley of Niagara Falls has reported to the department of agriculture a party of herring and striped bass consigned to Buffalo. The striped bass was out of season until Sunday and the seizure was made Saturday. The herring and herring have no season, but were part of the shipment.

**Commercial Traveler Hurt.**  
Petersboro, June 18.—Yesterday a commercial traveler from Halifax was brought to the city in an unconscious condition. He was found wandering in a swamp near Indian River Station, where it was learned that he jumped from the train at noon Saturday. He is now in the Nichols Hospital here.

Local Fruit Market.

Today the wholesale fruit commission

men of the city will take possession of

their old quarters at the foot of Scott-

street and the season of 1906 will be for-

mally opened. During the first ten days

odd lots of strawberries have been offered

at the Toronto market at prices ranging

from 15c to 25c, and latterly as low as

10c per box. Yesterday the general range

of prices for Ontario strawberries was

from 11c to 13c per box, and in some cases

as high as 15c per box for extra choice

lots. A fair number of lots were on sale

yesterday consigned among others from C. H.

Gilbert of Bronte, and John Ambrose of

Port Dalhousie to Harry Ash. The berries

were large, and of splendid flavor. Ber-

ries gleaned from all parts of the Provin-

ce, with the exception of Nova Scotia,

from which berries are somewhat meagre,

give evidence of an abundant crop. Locally

and over the Niagara Peninsula, much de-

veloped. Prices for all fruits are quoted as fol-

lows: Apples, per bush, \$1.00 to \$1.10

Bananas, per bunch, \$1.85 to 2.00

Junos, per bush, \$1.25 to 1.50

Oranges, per bush, \$1.00 to 1.25

Do, eighth, \$1.25 to 1.35

Lemons, extra fancy, \$3.00 to 4.50

Lemons, fancy, \$2.50 to 3.50

Lemons, common, \$2.00 to 3.00

Oranges, summer, \$1.00 to 1.50

### YORK COUNTY AND SUBURBS BRACONDALE ANNEXATION

#### Vote at Ratepayers' Meeting Shows Strong Sentiment—City Willing to Embrace District.

A meeting to discuss annexation—second one—was at Hillcrest School, Woodwood, last night, and was largely attended. Chairman Ross called on J. Henderson to report the result of the interview with the city board of control. He said that the proposal was that if Bracondale wished to join with Toronto it would have to enter unconditionally. The controllers looked favorably on annexation, and if the district wished, would accept.

Some speakers thought that the district should receive the same consideration as North Rosedale did. The chairman said the controllers wanted to know if the ratepayers were prepared to pay 18 or 19 mill rate. Mr. Joy said the ratepayers had all to gain and nothing to lose. He knew of property being higher assessed in the township than in the city. The property on Avenue-road, recently annexed to the city, had quadrupled in value. Mr. Cameron said annexation would benefit him. In a few years the district might have a debt or have tax exemptions that would make it more difficult to arrange terms. Constable Fort of Dovercourt said his district needed annexation more than did Woodwood, and the move might as well be made now. Chairman Ross said the controllers promised to provide city water and sewers at once after annexation. Mr. Dinwoody favored annexation. A petition was then circulated for signature, placing the present boundaries of the district as: On the east, present city limits; on the west, northern railway tracks; on the north, 200 feet north of St. Clair-avenue. A vote was taken showing 54 in favor and 13 opposed. Quite a number did not vote. The committee was reappointed to act further.

#### Magistrate Ellis' Court.

Before Magistrate Ellis yesterday, William Prestry was fined \$1 and cost, or not but he had to go to the house of correction to conceal the odor.

#### York Township Council.

An unusually quiet meeting of East York Township was held yesterday afternoon. The township solicitor submitted agreements for signature from the city re the Poplar Plains road and the Toronto Railway Company's indemnifying the township for any possible damage re the laying conduits on Davenport-road and Huron-streets. The township council decided to accept the township's damage claim for \$500, which hangs fire for some time, was left in the hands of Councillor Watson. Mrs. Gray offered to take \$250 for the land to be expropriated by the township for opening up Bee-street, Todmorden. She also wants the lane closed up. Council offers \$300. Robert Hazzleton objected to closing up the lane. Dr. Bond asked that an outstanding account be paid. A letter from the secretary of the board of railway commissioners was received, asking what safeguards the township requires from the James Bay Railway when it crosses Pottery-road in the Don Valley. The crossing project plan in Deer Park should be done. Council thought so. Mr. Butler invited the council to the next annexation meeting in Deer Park. Ratepayers on Kenilworth-avenue want a right of way and relief was promised. W. Leeson and other ratepayers again applied for a sidewalk on Gormey-avenue, Deer Park. A resolution was passed that if the ratepayers raised \$100 towards a sidewalk the township will supplement it with \$200 for a three-foot plank walk. Jacob Hoover again addressed the council with a view of having the road in Prospect Park district taken over. He said on the 40-acre property he pays annually \$60 toward ship taxes and \$50 statute tax and in the past two or three years he spent \$600 improving the roads. He thinks it is time that the township should do something for the district. Councillor Watson will report. The tender of Jesse Winger for the construction of a concrete arch in the 4th conception of West York for \$700, was accepted. Court of revision will meet on Friday, July 13. Council will meet next on Tuesday, July 3.

#### Stouffville.

The 88th annual meeting of the Whilby and Lindsay Association, the regular Baptist churches opens its conference in Stouffville this morning and will continue its session on Wednesday and Thursday. The conference will include representatives from some 24 churches as far north as Bobcaygeon and east to Manilla and Lindsay.

#### Unionville.

The Queen's Hotel, managed for the past two years by John Rogers, has been taken over by John Hemingway and will hereafter be conducted as a temperance house.

Methodist Church will hold an at home at the residence of Mrs. P. P. Crosby, Church-street, on Friday evening, June 22, proceeds to be devoted to the organ fund.

A. C. Carter, ledgerkeeper in the Standard Bank, has been transferred to Bowmanville. He will be succeeded by Mr. Ross of Forest.

The resignation of H. B. Reesor, manager of the Standard Mutual Fire Insurance Co., the head office of which will shortly be removed from Markham to Toronto, is announced.

York Lodge, A.F. & M.M., spent a fraternal evening with Acacia Lodge, East Toronto, last night.

The members of York Lodge, A.F. & M.M., are considering the advisability of building a Masonic temple in town.

The Mason estate has disposed of a lot of 89 feet frontage on Yonge-street, Davisville, to H. J. Child. The price paid is given out as \$22.50 per foot. Mr. Child will erect residence on the property without delay.

Within the next week or two there will be a shuffle of store locations at Spadina. Some time ago Postmaster Whaley purchased the Banks property, and it leaked out that Mr. Smith, who conducted a drygoods business in that building, purchased the property, in which the postoffice is located for \$3200.

People were surprised on waking up yesterday morning to look out of the window and see that loads upon loads of cinders had been dumped on Yonge-street during the night, to be used in the construction of the sidewalk.

A lawn party will be held in aid of St. Jude's Church to-morrow (Wednesday), at the residence of G. & H. Armstrong on the east side of the city.

A splendid program is provided, which will include Christ Church's noted choir and Fred Perrinone of Toronto's great comic singers, Miss Kilburn and many other well-known artists. Tea will be served from 5 to 8. The grounds will be grandly illuminated, weather permitting. Admission 25 cents, children 15 cents.

In Magistrate Ellis' Court. Before Magistrate Ellis yesterday, William Prestry was fined \$1 and cost, or not but he had to go to the house of correction to conceal the odor.

William Thompson, for theft of \$30 from Isaac Harrison of Downsview, pleaded guilty, but will go to the house of correction as he has a previous record. Winchester as there is another charge of stealing a watch.

### THE QUEEN SAID AT ST. KITTS IS "MADE-IN-CANADA" SHOW

#### His Honor the Lieut.-Governor Opened It Yesterday—It is for St. Catharines Hospital.

St. Catharines, June 18.—(Special.)—The Made-in-Canada Exhibition for the benefit of the St. Catharines General and Marine Hospital was formally opened at 4 o'clock by Lieut.-Governor Clark of Toronto.

His honor, accompanied by Miss Clark and his aide, Capt. Macdonald, arrived in the city about 11 o'clock. They were met by J. B. McIntyre, chairman of the made-in-Canada committee, and Mayor Riddell, and with a few guests were driven to "The Welland," where they boarded the "Fonthill," the private car of the N. St. C. & T. Railway Company, and were shown the surrounding country.

A luncheon was later held at the Welland, where his honor took occasion in replying to a toast, "Our Guest," to wish thanks to the mayor and citizens for the invitation to visit, and the hospitable manner in which he had been treated.

Lieut.-Governor Welcomed. His Honor the Lieut.-Governor arrived at 4 o'clock accompanied by Miss Clark and Capt. Macdonald, A.D.C. The orchestra of the 18th Regiment played the National Anthem as the party entered. Youthful Miss Marshall presented Miss Clark with a bouquet of roses. Mayor Riddell sat at the left of his honor and a number of prominent St. Catharines people were on the platform.

President J. B. McIntyre, on behalf of the exhibition, bestowed a privilege to pronounce the words of welcome to such an honored guest, and hoped that his honor would be so fully occupied that his honor could not become acquainted with many citizens of a modest city of homes and of historical associations of the early pioneers of the West.

His honor, on behalf of his daughter and himself, was very hearty in his thanks. It was his first visit to St. Catharines and he was glad to see the revelation to him, as he had heretofore had an erroneous idea of the beauties and possibilities of the place. His position as a city was simply vastness.

It has been decided to hold a pageant next month at Buttle's Court, Glastonbury, England. Scenes in the history of Glastonbury and the district, from the coming of the Phoenician traders down to the times which immediately followed the battle of Hagen, will be presented on an elaborate scale.

#### Stranded Italian Steamer is Still in Bad Position.

New York, June 18.—All to-day the Italian steamer Vincenzo Bonanno, which stranded three miles east of Fog Island Lighthouse during a dense fog last night, remained immovable on the sand bar, where she struck.

The wind and heavy sea this afternoon rolled the vessel considerably, and the captain of the steamer tried to leave the ship with his crew. The breeches buoy was put in use by the Point of Woods life-saving station. The steamer's captain and some of his men will go aboard the vessel again to-morrow.

#### TWO ACCIDENTS AT GALT.

Workmen Are Badly Injured—Fatal, But Not Fatal.

Galt, June 18.—(Special.)—An accident which might easily have been attended with fatal results occurred at the Goldie-McCulloch Co.'s works this morning.

Arthur Rumanec was soaping the belt on a lathe when a revolving stone, when his left arm became caught and was ground about the pulley with terrific force. His injuries consist of a fracture of the left arm, below the elbow. The muscles of the left arm were also terribly torn and mangled.

Another serious accident occurred a few minutes before noon in the James Warnock Co., Limited, works, when George Tarlin was struck by a piece of machinery which burst while revolving at a rapid rate. The broken stone broke his left leg below the knee, besides severing his hand and arm, and fracturing his shoulder. He will probably recover.

#### LIGHTNING DOES HIT TWICE IN SAME PLACE.

Auburn, N. Y., June 18.—Thomas Sullivan of Monticello, merchant and politician, was struck by lightning in a peculiar manner this afternoon while driving across the marshes. He raised the top of his automobile and the electric current took it for a lightning rod.

The greater part of his clothing was ripped from his body and he was rendered unconscious for two hours. His horse was also badly disabled. Mr. Sullivan was struck by lightning near the marshes 15 years ago.

#### Farmer's Bad Accident.

Aylmer, June 18.—Samuel Pound, father of Mrs. Alva Sinclair, of this town, met with what may prove a fatal accident at the residence of his son, Gus Pound, east of Aylmer. Mr. Pound was coming out of the door-way and did not notice that the steps had been removed, the result being that he fell from the doorstep. His left leg was fractured and his skull was fractured and it is feared he is injured internally. Owing to his advanced age the doctors fear he will not recover.

#### Killed by Train.

Ottawa, June 18.—A man, whose remains were found on the C.P.R. tracks near Stittsville this morning, is believed to have been George Thompson, aged 27, formerly of Glasgow, Scotland, who immigrated here a short time ago. He was last seen late Sunday night at a hotel in the village. He was slightly under the influence of liquor and supposedly walked along the track towards Ottawa.

#### Floral Lake.

### INTERESTING SPOTS, AND THE HOSPITAL SHOULD BE A GREAT GAIN FROM IT.

Like the Fancy Work. Of the commercial exhibits the local agents for the piano of Gerhard Hejzinger and Nordheimer have a neat show in the Lewis Townsend plays the violin to their accompaniment and is highly appreciated. The McLaren Company has a fine furniture exhibit occupying several booths. In fact, the call has been liberally responded to by all the merchants, a fact which was commented upon by the lieutenant-governor.

One of the exhibits his honor admired was some wonderful embroidery work, the designs being of the prettiest, and some of a patriotic nature. For instance, a cushion was faced with a picture of Brock's Monument embroidered in its natural color on a white satin base and surrounded by maple leaves. Another beautiful bit was a cushion of amber and black embroidered with the greenest of shamrocks and inscribed: "The dear little shamrock of Ireland."

This exhibit, which included many more equally nice designs, is managed by Alfred Townsend, who is manager here for the Singer Sewing Machine Company. This exhibit has all been done on the Family Singer Sewing Machine in St. Catharines. The naturalness in color of the work and the intricacy of the lace fabric were commented upon by many of the ladies, and a doll dress as a June bride in an embroidered dress was a pet. The ladies in the booth also wore richly embroidered dresses.

There was an electrical fan which posted an enormous American flag at the end of the hall, but it was not considered to have been made in Canada, and it was removed at the instance of the Red Cross booth. The June Garden, the home-made eatables, the ice cream booth, the paper work, the departmental handkerchiefs and fancy work, the flowers, the high tea, the art loan, the Canadian handicraft, the ribbon booth, the Italian, the apron, the fancy work, Mrs. Jarley's wax works, pelmistry, fish pond, Woman's Art Association, the check-room and the administration office.

The show will run all week and will net a handsome sum for the hospital.
