Soldiers Starting a Business To Be Aided by Government

Financial Assistance of Fifteen Hundred Dollars is Announced by the New Acting Minister of Militia.

Winnipeg, Jan. 6.—Financial assistance to the amount of \$1,500 will be granted disabled returned men who are desirous of establishing themselves in a legitimate business, according to a wire received by the district vocational officer here from Hon. J. A. Calder, Ottawa, today.

Prediction was made in official circles of the military and civilian relief that this grant would in time be extended to take in all deserving cases of this kind of returned men, equalizing the assistance given to city men with that given men desiring to go on the land.

MOVEMENT BY THE FARMERS KEPT ON PROVINCIAL BASIS

Big Convention, Held in Winnipeg, Unanimously Decides to Retain Political Plan of Action Which Has Already Developed Such Great Strength.

Winnipeg, Jan. 6.—As in the past, the farmers' political movement will be conducted on a provincial basis. This was unanimously decided upon at a convention here today of representatives of all farmers' associations, including the Canadian Council on Agriculture. It was contended by some of the speakers that the farmers' movement should be more centralized, but it was ultimately concluded that, at the present political strength of the movement had developed on the basis of organization within the province, it would be wise to continue as before, for the time being at any rate. The resolution was as follows:

"Whereas political action amongst the organized farmers of the provinces here represented has been taken in response to the demands formulated in resolutions which were adopted by the provincial conventions at their last annual conventions:

"And whereas whatever political strength that exists at present amongst the organized farmers has been developed on the basis of organization within the provinces:

"And whereas for future action it is necessary to preserve intact that machinery and organization which have already been devised within the province:

"Therefore, be it resolved that the political activities under the auspices of the organized farmers' movement continue as before, for the time being, on the provincial basis, according to any plans which the existing organizations may see fit to adopt."

Meeting of Grain Growers. Brandon, Man., Jan. 6.—With farmers gathered from all corners of the province and with the past year full of interest on the entry of agricultural men generally into all phases of political activity, the annual convention of the Manitoba Grain Growers' Association which opened here tonight promises to focus attention on a Dominion-wide character.

Oppose Tariff Commission. Among many important resolutions to be discussed will be one to strongly oppose the idea of appointing a tariff commission, another to inaugurate a grain growers' Sunday, a third to better rural telephone service, and a fourth motion will ask that military forces in Canada be reduced to a minimum. This is interesting, as it comes from Lieut.-Col. C. McPherson, M.L.A. for Portage la Prairie, who saw much service in France and Belgium.

Among the speakers at the convention will be Hon. T. Green, M.P.; H. W. Wood, president of the Canadian Council of Agriculture; J. B. Muselman, secretary of the Saskatchewan Grain Growers' Association; J. A. Maharg, M.P., Regina, and Mrs. Brodie, president of the United Farmers Women of Ontario.

PACT RATIFICATION MAY BE POSTPONED

Possibility That It Will Take Place on Monday Instead of Saturday.

GERMAN REQUEST REFUSED. Paris, Jan. 6.—It is reported in diplomatic quarters that while it will not be impossible for the number of troops to be exchanged on Saturday, the ceremony may be delayed until Monday, Jan. 12. This is due to the difficulties encountered by the commission of experts.

An allied note, handed to the German delegation late this evening, refused to decrease the number of troops destined for the territories in which plebiscites are to be held.

The note says that non-participation by the United States in the proposed occupation already has decreased the effectives by one-fourth, and Germany's request will be reduced accordingly, and that there is no possibility of a lessening in the number of troops is unwarranted.

DIRECT LINE OF SHIPS CANADA TO BRAZIL

Montreal, Que., Jan. 6.—Direct and regular service between Canadian ports and Brazil is the latest development in connection with the rapidly expanding system of the Canadian government merchant marine.

The intention is that the Canadian Pioneer, or the Canadian Spinner, shall sail for Buenos Aires about January 20, and if sufficient cargo offers call at Pernambuco, Rio de Janeiro and Santos.

BOLSHEVIK TAKE MARIPOL PORT; PRESS IN PANIC

Steady Advance of Red Army Causes General Exodus of Bourgeoisie.

London, Jan. 6.—The Bolsheviki have captured the seaport of Mariupol, in the government of Ekaterinoslav, sixty-three miles west of Taganrog.

The communication says: "We have captured Mariupol with large quantities of booty. The enemy fled, partly on steamers and partly along the coast in the direction of Voroshilovsk, province of the Don Cossacks, which have broken the enemy's resistance, and continue to advance successfully to the Taurin region. We have taken Serepta and a number of villages from 10 to 25 yards south thereof."

There exists among the bourgeoisie of Odessa owing to the approach of the Bolsheviki army, according to a wireless statement from the soviet government at Moscow today. Large numbers are leaving for Constantinople and enormous prices are being paid for passage on steamers.

General Denikine says that the successes by the Ukrainian national forces, under General Pavlenko, against General Denikine have been regained by the capture of Vinnytsa, Kaspatin and the important railway junction of Zherinka is recorded.

General Denikine, the advices say, is withdrawing toward Kherson on a line from Wepparka to Odessa. It is reported the Ukrainian government, after the evacuation of Kamensk-Podolsky, was installed at Kazatin.

The Bolsheviki army has evacuated the city of Dvinsk, on the Dvina, it is announced, received by the Bolsheviki from Moscow today. The place was abandoned under enemy pressure, the state news agency says.

The Lithuanian official communication describing the operations says: "On Saturday morning after fierce fighting in the Russian soviet republics, Terilla and Mityele; in the afternoon we crossed the Dvina and entered the Bolsheviki front at the station at Likitina and with our allies the Poles, entered Dvinsk. Near Likitina we captured an armored train."

Operations are continuing successfully. STREET FIGHTING AT IRUKTSK. Honolulu, Jan. 6.—Street fighting in Iruktsk in the anti-Kolchak revolution is reported in a Tokyo cable today to the Nippo Jiji, a Japanese newspaper.

The Bolsheviki front at the station at Likitina and with our allies the Poles, entered Dvinsk. Near Likitina we captured an armored train. Operations are continuing successfully.

STRIKE POSSIBLE ON BRITISH ROADS

All Reports Indicate That Railway Conference Will Reject Government Offer.

London, Jan. 6.—In some of the important railway centres the men have decided to accept the government's offer in settlement of the wage controversy, but according to The Herald, the Laborite organ, all reports indicate that the conference of railway men to be held will reject the offer.

The men are reported to be in quarters there is a strong demand for a national strike if the government refuses the original claims of the men. James Thomas, secretary of the national union of railwaymen, speaking at Kettering tonight, said the crisis was dark and very serious, and that the people were getting alarmed at the prospect of a rupture.

HYDRO PROBLEMS.

Everything is going ahead in hydro affairs; and Sir Adam Beck has been heartened by the news of the many municipal votes recorded in favor of the expansion of the radial and power policy. But the report apparently is a little too previous that the "big clean-up" at Hamilton has been completed. It has made good headway; perhaps the Toronto one, also. But Queen's Park authority thinks they will need the presence of Sir Adam Beck in Toronto, a week from next Saturday. The township council and the Hydro Association are arranging for a series of meetings next week in the eastern side of the township. Reeve Miller is calling a conference to fix these meetings and arrange for speakers.

BRANTFORD G.W.V.A. SCORES THE VOTERS

Because Soldier Bylaws Defeated, Veterans' Comment is Hot.

Brantford, Ont., Jan. 6.—(Special) On Monday the voters defeated by a large majority proposals to grant the G.W.V.A. \$15,000, and the Army and Navy Veterans \$3,000, to secure headquarters for the returned men. Today, the G.W.V.A. inserted in The Expositor the following "card of thanks" displayed across three columns:

"The G.W.V.A. says thank you to the electors of Brantford who were willing to redeem their bond. "When war is rife and danger nigh, God and the soldier is a nation's cry. When war is over and wrongs are righted, God is forgotten and the soldiers 'sighted.'"

It was significant that the votes were preponderantly against the proposals in the labor strongholds of the city and the vote was not confined to ratepayers, but open to every voter.

LADY DOROTHY CAVENDISH TO MARRY A GUARDSMAN

Ottawa, Jan. 6.—The engagement is announced of Captain Harold MacMillan of the Grenadier Guards, A.D.C., youngest son of Mr. and Mrs. Maurice MacMillan, and the Lady Dorothy Cavendish, third daughter of Their Excellencies the Governor-General and the Duchess of Devonshire.

WILL OF GEN. SIR SAM STEELE.

Winnipeg, Jan. 6.—The will of the late Major-General Sir Sam Steele was probated in surrogate court today to the amount of \$3,000. This comprised the total amount left by the great Canadian general, and is in the form of life insurance.

MACKENZIE KING ATTACKS UNIONIST ADMINISTRATION CHARGING LACK OF POLICY

New Liberal Leader, at New Market, Arraigns Borden Government—Sounds Call for Re-establishment of Parties and Outlines Liberal Platform.

ACCEPTS NORTH YORK NOMINATION. Newmarket, Jan. 6.—Rousing cheers greeted the Liberal leader, W. Lyon Mackenzie King, when at Newmarket yesterday he fired the first gun for his party by accepting the nomination of the riding at the next election, saying that he would put all his faith in the electors of North York. The keynote of his speech was toleration, unity, return to party government, and the cementing of international relations.

Mr. King on his arrival at Newmarket was met by Mayor Eves, who welcomed him to the township, and by Mayor Eves' father, who told Mr. King that he had often shaken hands with his grandfather, W. Lyon Mackenzie King, who for so long in the old days represented North York. W. H. S. Cane took the chair at the meeting.

Mr. King said it was his purpose briefly to review outstanding features of the political situation in Canada today, and to suggest what, as respects government, is most required to enable our country to cope with the vast problems which confront it. He would endeavor to present the attitude of Liberalism toward the existing situation.

For many a year to come the war and its consequences will remain a mighty influence in world affairs. This is not a moment to theorize. It is not a moment to rush to extremes or to stand pat. It is time to be essentially practical, to look facts squarely in the face, to make an accounting of our national assets and liabilities, to seek a solution for material progress, for human freedom and for ever widening possibilities in social well-being and individual achievement.

It is a new attitude and a new spirit that is most needed to solve the problems of the present time; a spirit and an attitude and a new spirit that will never fail to breathe, a spirit hateful and devilish. That a spirit unfortunately values lurk in all sorts of places both prominent and obscure.

Liberalism, to Foster Good Will. It is in the creation of this new spirit, of this new attitude, that Liberalism as I read its obligations to present day problems, and find the most important task. The most immediate spirit which as individuals we can escape is respect for differences of opinion.

We have come through a period where differences of opinion on many subjects have not been permitted, and where evidenced in the measure have led too often to personal bitterness approaching at moments to public hatred. Sir Wilfrid Laurier in the political battles of 1912 and 1917 did not escape his share of the penalty of greatness. More than any other man he was misunderstood or misrepresented by many of those who in former days found their delight in sounding his praises.

Considering that he should be shown by others to those who thought and stood as he stood. The ill will which he had kindled, and which he engendered towards those who were unable to support the Union government must be replaced by an increase in the good will on the part of those who are now anxious to see the country controlled by a government with a mind not its own, and a policy that it can put into words.

Attitude Towards Unionist Liberals. But the Liberals who stood with Laurier in 1917 if they truly are true to the first principles of Liberalism must be as ready to accord sincerity of purpose to those who differed from them as they were ready to like attitude towards themselves. Here said Mr. King, let me speak of a very large class of Liberals, those namely, who gave their support to the Union government in the elections of 1917. Some of my best friends failed to give me their political support, but they lost none of their own. I am proud to believe that I lost none of theirs. May I say that the Liberalism I have assumed as an individual responsible to the voters, and I have nominated me as their candidate is the attitude I now assume in the light of the responsibilities which which my fellow Liberals in the Dominion have honored me. I am anxious that this attitude should be understood as the attitude of the party in whose name it is my privilege to speak.

It is not only those who have differed from us in the past who view us with respect. We must also respect those who, while sharing with us in large measure the principles and policies we advocate, have aims and aspirations of their own. And here I may refer to some who belong to three of the largest and most important elements in our national society: the farmers, labor and the war veterans.

The Ontario Elections. The results attending upon political organization of the farmers in different parts of Canada, and especially in the province of Ontario, the overwhelming defeat of the Hearst government, and the formation of a provincial administration under Mr. Drury were surprises which lend much interest and zest to politics. The explanation must be found in the exasperation of the people with a government that had usurped the sovereignty of the people to govern themselves and had become the chief ally of the federal administration in promulgating and maintaining arbitrary enactments. The Ontario government, Mr. Hearst and Mr. Proudfoot to perpetuate the government in office and members in their seats in the legislature may not have grounds of political expediency. If, however, we have not abandoned altogether what is fundamental in the right of the people to self-government it was wholly without justification on constitutional grounds.

Liberalism and the Farmers. Liberals should be the last to deprecate any constitutional act on the 1887-88. He was born at Paris in 1841.

ARMED MEN RAID MAGISTRATE'S HOME

Maid Hurt and Owner Wounds One of Attackers, Who is Later Arrested.

Dublin, Jan. 6.—At Scariff, County Clare, Magistrate Hibbert's house was raided by armed men last night. A maid was wounded. The magistrate carried on a duel with the raiders, wounding one, who later was arrested.

The police barracks at Roundstone, Galway, was attacked last night, but the raiders were repulsed with two wounded.

James Hoey, a prominent Sinn Feiner, was arrested this morning. Hoey superintended the newly-formed insurance society, the object of which was to prevent Irish money from going into English insurance companies. The office of the society were raided last Friday.

Bartley Kelley, brother of the proprietor of the half-way saloon at Ashdown, near the spot where Viscount French, Lord Lieutenant of Ireland, was recently ambushed, was arrested today. He was removed in a military lorry.

START A HUNGER STRIKE.

Cork, Jan. 6.—Forty Sinn Fein prisoners in the Cork jail began a hunger strike today as a protest against the discrimination shown by the authorities in the ameliorative treatment promised them. Some of these prisoners have already been tried, while others are awaiting trial.

SHOTS FIRED BY BENTRY.

London, Jan.

### AWAITING MESSAGE BY THE PRESIDENT

#### U. S. Senators Marking Time Before Taking Further Action on Treaty.

#### PROPOSED MODIFICATIONS

Washington, Jan. 6.—Disposition was evidenced by leaders of all senate groups today to await President Wilson's message to the Jackson Day dinner of Democratic leaders Thursday, before taking any further action in the German peace treaty situation.

While numerous individuals and informal conferences continued today between senators, spokesmen of the various groups said they did not expect any more in the senate until after President Wilson's letter is made public.

The only new development today in the treaty controversy was the insinuation of discussion between a few Democrats and "mild reservation" Republicans of modified reservations said to have been prepared by Senator Kendrick, Democrat, Wyoming. The draft of these reservations was said to have been presented to Senator McNary, Republican, Oregon, and others of the mild reservation Republican group. The proposed modifications, it was said, had not been submitted to Senator Hitchcock, of Nebraska, acting Democratic leader; Senator Underwood of Alabama; Senator Swanson, of Virginia, or other leaders.

The mild reservation leaders it is said, were told that the Kendrick suggestions might, with modifications, form the basis of very solid Democratic support. The Kendrick reservations were reported to involve verbal changes and elimination of the preamble of the Lodge reservations and considerable changes in the Lodge reservations affecting Article X, and the voting power of the league of nations.

Democratic leaders said they were not informed of Mr. Kendrick's reported suggestions and Republican leaders said they believed the Kendrick suggestions offered no more tangible proposals for a compromise than the many suggestions which have been recently tossed back and forth in private discussions.

### DRURY DISLIKES SAW-OFF SCHEME

#### South Norfolk is Seat Now in View for Ontario Premier.

It is stated that Premier Drury is opposed to the political game of saw-off legs, because he believes that it is not morally sound. He is, therefore, reluctantly compelled to abandon all hope for the present of any rate of representing Centre Simcoe at an arranged prior to an election petition being filed by the Conservatives against the return of J. Murdoch. The U. R. G. ledgers are now protesting the seat of Hon. G. Howard Ferguson in Grenville, and at one time it was expected there would be a saw-off with Centre Simcoe. It is now understood, however, that the two cases will come before the courts in due course.

#### Canadian Pacific Liner Damaged by Fire at Hongkong

Hong Kong, Jan. 6.—Fire broke out in the engine-room of the Canadian Pacific liner Montague, in port here, on December 31, and it was with great difficulty that the flames were extinguished by the crew. It was announced today. Extensive damage is said to have been caused by the blaze and water. The Montague arrived here December 30 from Vancouver, B.C., via intermediate ports.

#### Exporting of Leather and Hides Made Easier by Federal Act

Ottawa, Jan. 6.—In view of the termination of several of the orders-in-council passed under the war measures act, the control by the Canadian trade commission over the exportation of leather, hides and skins will be no longer exercised. Controllers of customs will now permit of the exportation of these articles as in pre-war times.

#### Government Cables Britain Regarding European Famine

Ottawa, Jan. 6.—(Special.)—The government has cabled the British authorities requesting information regarding the famine conditions in central Europe, and asking for a statement as to what measures are being taken to cope with them. The government will be guided by the information received.

Calgary.—A convention of aviators from western Canada will be held here at a meeting of the local Air Club held here last night.

### PROMINENT MILITARIAN SHOT BY BURGLARS AT BEACH HOME

#### Otto W. Cooke Sustains Nasty Gash in Side — Although Wounded He Pluckily Notifies Police, and Both Desperadoes Are Captured.

Hamilton, Jan. 6.—Otto W. Cooke, formerly manager of the Canadian Cartridge Company, now connected with the Canadian Firearm Company, is at his home, Pasadena Apartments, Bold street, suffering from a bullet wound in his side, while Alfred Tennard and Alfred Angus, both of Sault Ste Marie, are locked up charged with shooting and wounding and with housebreaking respectively. The trouble of which this was the culmination occurred at three o'clock this afternoon at Hamilton beach, when Mr. Cooke paid one of his regular visits of inspection to his summer home at the 14. As he entered the house, he was met by the two men referred to, they having forced their way in from the back. Mr. Cooke, who was in his side, as it glanced off one of his ribs.

#### Get Police The Wounded

The men beat a retreat thru a rear window. The wounded man succeeded in getting to the street, where he was taken to the residence of Chief Taplin, who with his son, accompanied him to the scene. Before they arrived there, however, Mr. Cooke collapsed. He was brought to St. Joseph's hospital by a man who was passing in a motor car, where it was found that he had been wounded in the left side, but not seriously. His wound was dressed and he was able to proceed to his home.

Chief Taplin, noticing the man running along the lake shore, set out in pursuit, while his son, in an automobile, attempted to head them off. The fugitives finally were located by their footprints in the sand near the beach, at station 12. They surrendered and said that they threw the revolver they used into the lake.

By breaking thru a window they forced an entrance into Mr. Cooke's house, but they succeeded in getting nothing therefrom.

### LORCK COUNTY AND SUBURBS

#### FIRE IN TODMORDEN

Two Stores and Dwelling Burnt to Ground—Falling Wires Menace Firemen.

Shortly after 7 o'clock yesterday morning a fire broke out in a building in Todmorden when three buildings were burnt to the ground. Two stores and dwellings and a dwelling house at 1246, 1248 and 1250 Page avenue, nearly one mile north of the city limits. The total damage is estimated at \$6,000 and is stated to be covered by insurance.

The outbreak occurred at number 1246, occupied by Fred Stevenson, boot and shoe store, and quickly spread to the adjoining buildings. A white linens laundry, owned by Cheng Lee, and 1250, a dwelling house, occupied by Mrs. Robbins. The intense heat caused slight damage to St. Andrew's Church, which is situated across the street, during the height of the conflagration.

The fire receded from Rose avenue and Bolton streets under District Chief Tate, quickly responded, but owing to lack of water were unable to save the buildings, but succeeded with the aid of the fire department in saving the adjacent buildings, which are largely of frame and brick veneer. According to the statement of a local resident on Sunday evening it has been reported that there had been a wind storm. The firemen were much impeded by the falling electric wires, which were an added danger in saving the adjacent buildings, which are largely of frame and brick veneer.

### ARMENIAN TROOPS SCORE BIG VICTORY

#### In Four-Day Battle, Defeat Army of Tartars, Kurds and Turks.

New York, Jan. 6.—Armenian troops after four days of fighting ending on November 8, defeated forces of Tartars, Kurds and Turks and inflicted heavy casualties in the region of Zangazur, according to an official statement issued at Erivan, the Armenian capital, and made public here today by the American committee for the independence of Armenia.

"A regular Tartar force of 10,000 infantry and cavalry, assisted by bands of Tartar and Kurd irregulars attacked us on the morning of November 4, in the region of Zangazur on a front of 50 miles, while the Turkish colonel, Halli Bey, attacked us in the region of Nachichevan," the statement said. "After four days' continuous fighting, we defeated the enemy, who fled beyond his frontiers, leaving on the field of battle 800 killed, several hundred wounded, 14 machine guns, two pieces of light artillery, other munitions, horses and provisions."

#### MURDER WARRANT IN MICHIGAN CASE

#### Cousin of Victim's Wife is Accused of Shooting Stanley Brown.

Mt. Clemens, Mich., Jan. 6.—At the request of Attorney-General Alex. J. Groesbeck, who headed the special grand jury investigation into the slaying two weeks ago of Stanley Brown, a warrant was issued today for Lloyd Prevost, cousin of Brown's widow, charging first degree murder. Prevost has been in custody without a warrant since last week.

According to the authorities, their investigation has uncovered circumstantial evidence which completely overthrows Prevost's alibi. The evidence also promises, the officers stated, to involve a second man later.

Details of testimony taken at the secret inquiry made public today: relate to the pistol with which the officers declare they believe Brown was shot while in his automobile several miles from here. This testimony, it was said, was given by a woman who had overheard a conversation between Stanley Prevost, a nephew of the accused man, and two companions, and was to the effect, the officers stated, that young Prevost had returned a borrowed weapon to Lloyd Prevost, at the latter's request, on the night Brown was killed. This pistol, it was said, is now in the hands of the officers.

#### HYDRO-ELECTRIC POWER COMMISSION OF ONTARIO

The capacity of the generating plants at Niagara Falls, available to the Commission for supplying the power and lighting demands in the Niagara district, has reached its limit, which has necessitated the Commission limiting the amounts of power that can be supplied to the Municipalities in the Niagara district.

The power shortage during the winter months is greatly increased by the overlapping of lighting and power loads, by the extensive use of electric heaters, and also at times on account of the blocking by ice of the water supply to the generating plants.

The Commission are asking the co-operation of every Hydro user, whether domestic or industrial, to assist them in conserving power and light in every possible way in order that an uninterrupted service may be maintained, until a further supply of power is obtained for this system.

# LIBERALIZING ATTACKS UNIONIST ADMINISTRATION

(Continued From Page 1)

of the people to maintain their political rights. Disgraced with what seemed to them a frame-up by political leaders whereby those in the legislature might be retained in power, the people in the rural districts who had been doing a lot of thinking on their own account decided to have candidates of their own. They were assisted in this by the Liberals of the province, who either withdrew their candidates or decided not to nominate in 37 ridings. The Liberal leader of the province, Mr. Stanley Dewart, who never was a party to the compact of which I have spoken, but who fought it from the outset, tackled some of the more difficult "Tory" candidates like the Tories, not with Farmer candidates, but with Liberals, who, like himself, were in sympathy with the policy which was friendly to the farmers and to work in a number of those constituencies. It must never be forgotten that while the Farmers' candidates returned in largest numbers, the overthrow of the Hearst government was essentially a victory for the Liberal cause of the farmers, and a victory for a government, a victory accomplished by Farmers and Liberals combined, and working in most constituencies in which the Farmers' candidates were elected.

Also the Conservatives polled more votes in the last election than either the Liberals or U. F. O., the Conservative electors fewer than either of the other organizations named. On the other hand United Farmers polled fewer votes per candidate elected than either the Liberals or U. F. O. In the field, the Conservatives polled over 15,000 more votes than the Liberals, the U. F. O. less than 5,000. In these calculations the Liberals withdrew their candidates in 34 ridings, the U. F. O. in 37 ridings, four of which went by acclamation to the Conservatives, so that the opposition vote was not divided, and it is likely that the Liberal vote was polled for either the Farmer candidate or the Liberal candidate or the Independent candidate. It is a safe estimate to say that at the very least one-third of the votes noted as having been cast for the Farmers, Labor and Independent was Liberal, the total to these three bodies is 429,956, and one-third of this is 143,318. This added to 236,715 makes a total Liberal vote of 480,033, and reduces the combined Farmer, Labor and Independent vote to 286,626 out of a total of 1,153,567, or less than one-fourth of the total vote. This is not without its significance to Farmers and Liberals alike. The 111 Conservative government candidates, polled 283,732. This is but less than one-third of the grand total vote, so there is no doubt of their defeat. It was a collapse.

**Liberals and Labor.**  
And the same is true of the Labor movement. Here again is another large class of our nation's society, which has become conscious not only of economic injustices in the past, but of the need for united action to gain fuller citizenship, personal and economic freedom which is the very essence of all true Liberalism. Liberalism is to me the expression of a wider human freedom, whether it be for those who work in the country, on the farms, or in the cities and towns in the shops and factories; whether it be the well being of women and children that is at stake, in the home or elsewhere, or the lot of men in the struggle with their several environments. What the workers in the country and other are seeking is what we as Liberals have all along been speaking of as more in the way of equality of opportunity. If that is not Liberalism, then Liberalism has ceased to exist.

Declaring again that the supreme task of Liberalism is to reconcile differences, Mr. King continued:  
"War has shown what can be accomplished by co-operation and sacrifice. If we can carry the spirit of co-operation and sacrifice into this period of reconstruction, we have nothing to fear. If, on the other hand, each element in our community goes its own way, seeking to get its own gain, unwilling to join hands with other groups that share like aims and aspirations to its own, if each selfishly intends gain at domination in national affairs, then we may look for a prolongation of the period of confusion and in the end retrogression, rather than the present time."

**Class Government Objectionable.**  
"Just here let me say quite frankly that when it comes to matters of government I am unshakably opposed to monopoly in any form, or by any class. I am relentlessly opposed to government being controlled visibly or invisibly by a railway, manufacturing, or financial interest. I am not less opposed to a monopoly of control, on the part of any other of the essential elements of our national economy, be they farmers, labor, war veterans or the newly-enfranchised female voters. I know no finer maximum of government than that of the illustrious statesman F. W. Howland, who in the reign of Charles I. which is as applicable to our politics today as it was to England in that unsettled period. That for that government best which doth actuate and disperse every part and member of the state to the common good."

**Race and Religion.**  
A still larger consideration than class is the difference between race and race and religion and religion. No one who participated in the last general elections in this riding or any other riding in this province, will say that the spirit which speaks ill of its neighbors, was not abroad in the land at that time. Every article in every newspaper, the moulding of opinion was employed to create a prejudice in the minds of English-speaking Protestants of the province against the French-speaking Roman Catholics of the neighboring province of Quebec.

The spirit of goodwill must be carried also into the relations of the individual and international relations. It is in goodwill in international relations that the hope of the future lies. We in Canada have a special opportunity in this regard, for it is to North America that the world looks for the supreme realization of that hope.

**Canadian Unity Established by the War.**  
The war, we believe, has put an end forever to geographical divisions, even in thought, so that the unity of our Dominion is concerned. Not only in the eyes of the world, but in our own eyes, that single word, "Canada," is the shoulder-straps of our soldiers in

# GREAT PULP MILL FOR SHREBROOKE

City Council is Requested to Exempt Firm From Taxation.

Sherebrooke, Que., Jan. 6.—A great new mill, to grind wood pulp, to use 3000 to 3500 horsepower, and to employ some 100 men as a start was the subject of principal discussion last night at the first regular meeting of the city council this year, when Mr. B. C. Howard appeared before the council with a request for exemption from taxation and a special rate for surplus power, which he would purchase from the city from their present surplus supply.

The company, which is to be known as the Howard Pulp & Paper Co., is capitalized at \$1,500,000. The piece of land on which the plant is to be erected is from nine to ten and one-half acres in area, and is situated on the bank of the St. Francis river, with accessibility for trucks on every one of the four principal highways which pass through the city. The company plans to use from 3000 to 3500 horsepower, and it was in this regard that Mr. Howard addressed the council.

# BERLIN IS FACING A FOOD SHORTAGE

Flour and Potato Supplies Curtailed, But City Safe Till Mid-February.

Berlin, Jan. 6.—The municipal heads of Greater Berlin called on President Ebert today for the purpose of informing him of the threatened collapse of the flour and potato supplies of the capital, which during the past week were severely curtailed, owing to the difficulties of transportation.

The ministers of economics and agriculture, and an official of the food bureau, who were present at the conference, gave assurance to the city authorities that the government was cognizant of the situation, and was fully prepared to forestall the danger of a compulsory shortening of bread and potato rations. They declared that sufficient deliveries had been vouchsafed to protect the population until the middle of February. They also expressed the hope that the payment of an added premium for wheat deliveries would prevent in the future the necessity to alter the established ration.

# AERIAL CO. PLANS WESTERN BOOKINGS

Winnipeg, Jan. 6.—Bookings for air trips over the western prairies are already being arranged for dates after April by a local aerial company.

Twelve trips have been booked, one contract to convey a party of six persons to Minneapolis.

Contracts have also been made with a number of local real estate firms to carry men representing United States financial interests on a tour of inspection over the Canadian prairie country, the American visitors making the trip with a view to investing in Canadian lands.

Arrangements are now being made with municipalities along the southern route by which landing fields will be provided at various towns.

# HOOVER DENIES EUROPE NEEDS LOANS

hysteria on either side of the Atlantic. Will Be Doing Fair Share.

Speaking of Europe as a whole and asserting that "the 70,000,000 people of European nations who have not suffered in the war should also all in European relief," Mr. Hoover added: "If we contribute bread supply on government credit to those starving cities, plus business credits, we will be doing our share of world responsibility. If we do undertake the solution of the bread question by our government our action would be a protection for other nations of Europe from infection of anarchy and chaos," he continued. "Poland is the sole shield of Europe from Bolshevik invasion. If we do this help it should be upon consideration that the airer nations of Europe will do their full part in many directions."

Taking up the countries of Europe individually, Mr. Hoover says: "The neutral countries have made money from the war and have asked no favors and have given none." Outside of interest to the allies, Great Britain admits that she needs nothing but commercial credits adds Mr. Hoover, who asserts that she has ample unpledged foreign assets to cover her needs, as has France.

Mr. Hoover admits that the position of Italy is difficult, and that some of her larger cities may need breadstuffs assistance beyond the ability of commercial credits. Germany, he says, could obtain commercial credits if the reparations commission would allow the pledged foreign assets until she gets further on her feet.

**Have Surplus of Food.**  
After asserting that the east Baltic states have enough food except milk for their children, Mr. Hoover says Bulgaria, Greater Serbia, Rumania, South Russia and Turkey, except Armenia, have a surplus of food this year, while Hungary could feed herself if Rumania would return cattle and grain shipped last summer.

"We are, therefore, left with Finland, Belgium, Poland, Czechoslovakia and Austria to consider," says Mr. Hoover. "Austria is the sorest point in Europe. In the food snafu the five last countries mentioned will take care of their agricultural and small town populations out of their crops of last year, leaving the crowded centres to be provided for. These dozen or so large cities, including Italy's deficiency, affect a population aggregating say, fifteen or twenty million people."

# COULD WHIP OWNERS NOT GOVERNMENT

International Secretary of Miners Says They Had to Accept Wilson's Offer.

Columbus, Ohio, Jan. 6.—Defending the action of himself and Acting President John L. Lewis in agreeing to accept the terms of the proposed settlement of the soft coal miners' strike, William Green, international secretary of the United Mine Workers, declared today that the alternative was "disaster and defeat for the miners' organization."

Mr. Green's speech followed the coal operators, but we could not if we had wanted to have whipped the government."

Mr. Green's speech followed an attempt on the part of some of the delegates, led by Robert H. Harlin, president of the Washington miners, to defeat the unionists' commission to be submitted to a referendum vote or a referendum convention of the United Mine Workers. Harlin's amendment was carried by a vote of 100 to 50.

Lewis will address the convention tomorrow and then the convention will be on the part of the miners' organization of the officers, the debate over the Harlin amendment and the speech of Secretary Green clarified the content of the miners' proposal. The real purpose of the convention, which was to accept or reject the president's proposal, to arbitrate.

**PRICE OF BREAD HIGH IN AUSTRIA**  
Vienna, Jan. 6.—The price of bread officially increased today by 10 percent, the government employees today are taking a secret strike ballot. They have made a common cause with the striking postal workers, and other remote recently were promised a liberal increase in pay and allowances. The promise has not yet been made effectively. The government claims that the delay in increasing salaries has been due to difficulties in working out an involved percentage plan.

# BOY WHO CAUSED C.P.R. WRECK IS SENT TO REFORMATORY

Kingston, Jan. 6.—Frederick Scobles, aged 16 years, of Verona, who pleaded guilty to opening a switch at Verona, Dec. 20, which resulted in a C.P.R. passenger train running into some freight cars, but which, fortunately, resulted in only slight injuries to some of the passengers, was this morning sentenced by Magistrate Farrell to a term in the Ontario Reformatory not to exceed two years less a day. A petition was presented to the magistrate urging clemency.

# EXPECT GEN. S. C. MEWBURN TO CARRY ON FOR SOME TIME

Ottawa, Jan. 6.—Major-General S. C. Mewburn, minister of militia, whose resignation will, it is expected, go into effect shortly, arrived in the capital this morning from his home in Hamilton, where he spent New Year's. He was accompanied by Col. Osborne, military secretary. Although no statement was forthcoming as to how long Gen. Mewburn would remain in charge of the department, it seems likely that it will be some little time before he leaves. Whether or not the resignation will be accepted, changes in the staff at militia headquarters is not known yet.

# TO BLOW UP SUNK SHIPS

London, Jan. 6.—German warships sunk by their officers in Scapa Flow will be blown up shortly, it was stated here today. The decision to dispose of the vessels in this way followed the completion of investigations by a special commission representing all of the allies.

# SIMCOE SMALLPOX CASE

Brantford, Jan. 6.—(Special)—Simcoe has a case of smallpox, and an appeal has been issued to the local authorities to provide accommodation. The case had been refused because of the need for provision being kept for local cases. Paris had already been refused.

# PROVINCIAL MOUNTED POLICE FOR REMOTE SECTIONS AND MINES

Winnipeg, Jan. 6.—A provincial mounted police force is to be organized in Manitoba for the purpose of enforcing law in the new Rice Lake and The Pas mining camps and other remote sections. Col. J. G. Ratray, D.S.O., recently appointed chief of the provincial law enforcement department, announced today.

# LIBERAL PLATFORM

Confiding in this portion of his speech he said: "It will be my privilege, in the course of a few public meetings I propose to address in the immediate future, to outline the main features of the platform which will be the Liberal convention. I gave my word to the convention, in the presence of all assembled, that the platform laid down by that assembly would be the chart to which I would adhere in expounding the policy of the Liberal party to the people of Canada. I would say: 'You will find in the platform of the Liberal party, as unanimously approved by the great assembly of August of last year, that spirit of goodwill and that note of certainty which are so much needed to bring stability and unity into the life of the Liberal party. You will find a platform broad and tolerant enough to include the legitimate aims and aspirations of all

Beniah Must Put in the Probe!

The disposition to regard questionable transactions in timber limits as legacies of the former government to the present administrator of lands and forests shows an altitudo too complacent attitude.

The Liberal leader puts the matter bluntly to Hon. Beniah Bowman in the communication which we published on Monday.

During the last couple of sessions of the legislature, returns were demanded on the floor of the assembly that would form the basis of those investigations of a number of sales sanctioned, and so far as the government was concerned, completed.

Farewell to Old City Council

Yesterday afternoon the last meeting of the 1919 council took place, and there were not exactly tears and lamentations spilled over the lot, yet the thing had its sad side, too.

When we arrived on the scene, which was almost at the opening, his worship the mayor was reading the motion which had drawn them together or some other document equally as impressive.

COURT DISMISSES MANDAMUS APPEAL

Considered Inadvisable That Local Board of Health Should Join in.

In a judgment handed down at Osgoode Hall yesterday the court of appeal which sat on the action brought by the provincial board of health for a mandamus to compel the city council of Toronto to issue an order prescribing compulsory vaccination, dismissed the appeal.

LABOR'S BID FOR BRAINS

The slump of the so-called middle classes in England to the Labor party is said to be because they recognize that their interests are with labor and not with capital.

PAY.E. OR PAY.L.

There is no doubt that the remarkable increase in the street railway receipts just announced is very largely attributable to the pay-as-you-enter cars placed on the Yonge street and College routes.

BACK AGAIN. CHAPTER 81. The well-dressed girl who alighted from a taxi and ran up the steps of the Driscoll home late one July afternoon was a very different person from the one that had dragged herself and a suitcase up those same steps many months before.

"Why, Mrs. Louise, Mrs. Morton, beg pardon, I wouldn't know you now, you're looking so fine," was Anne's enthusiastic greeting at the door.

"Feeling fine, thanks," Louise answered. "Father home?"

"Yes, he's home and he's in the library," Anne told her. "I'll send John out for your trunk."

Louise wanted to look her best when she saw her father and make as good a possible the difference between her appearance when she left for the country three weeks ago and now.

"Why, my dear, this is a pleasant surprise," her father exclaimed when she entered the library a few minutes later. "I did not expect you back until August."

"I'm only a few days ahead of time," Louise answered as she kissed him affectionately. The visitor had risen as she entered and Mr. Driscoll turned to him.

"My dear, let me present one of my oldest friends, Murray Butler," Mrs. Driscoll said. "Murray Butler, Murray Butler, this is my daughter, Louise."

"I'm going to South America for that matter, you know, and I've an idea I want to take you along," he said. "I've been trying to persuade Murray, but he won't come."

"Louise smiled with pleasure. South America! What a delightful adventure it would be to go there."

## AURA LEE BEATEN BY THE PADDLERS

### Canoe Club All Over Avenue Road Team in Junior Fixture.

It was predicted that if Toronto Canoe Club juniors could forget the big idea of every man trying to score, and remember that there were other men on the team they would run up a score on any local scuffle period last night and then took to combination. The result was that they hung up a big score on Bill Marsden's game Aura Lee team. The final was 10 to 3 and would have been bigger if anybody but Roach had been between the Avenue road goal post.

Aura Lee were not disgraced. They fought every inch of the way, but were simply outclassed. The star player was front outfit had everything last night. Led by Billy Burch the T. C. C. front line had it on Aura Lee from skating to shooting. The winners, after the first period, strook the goal post and scored a game that carried them in right to Roach's feet. The Aura Lee defense was simply swept aside under the hammer all night and every fan in the rink was pulling for the Aura Lee goal for his game and clever effort. Roach turned aside dozens of shots when goals looked sure.

Billy Burch was the best man on the ice. He made only one mistake. That was when he used language to the referee when the officials richly deserved a goal for offside. Burch got a sharp lesson by spending five minutes on the sorrow bench. Except for this one blemish Burch's performance was perfect. He was dead on with the shot, the leader in the attack and fitted into the passing game like a well-oiled cog.

White showed a great burst of speed, carried the puck well, but was very selfish and tossed away many efforts to score. McCurry was the star under the hammer all night and went in after the rebounds nicely.

Mollenhauer showed a nice turn while on the ice. The T. C. C. defense was strong all evening. They blocked nicely and both performers were strong on the offensive. Worters played a steady game in the net, but was shaded by Roach.

Dismore was the best for Aura Lee. He was a regular hornet at back-checking. Halliwell, the former Beaulieu player and the crack goalie of the Ulster soccer team, was signed up by the Avenue road team in time to take part in the game. He is a useful addition. Halliwell played a steady game through, was the best at getting in and packed a good shot. Marshall played a nice game and Young was also bright. The defense was weak. T. C. C. tore in at will, but Roach packed a nice shot when on the offensive.

T. C. C. played the one-man stuff for the first period and Aura Lee had just as much of the play as the winners despite the fact that the paddlers scored two and Marsden's kids one.

In the second T. C. C. got the combination working and from there they always had a big margin. At the end of the second period it stood 8 to 3, and the final was 10 to 3. The teams are looking forward to the city championship in the T.A.H.A. Schedule:

## AYR ARE DEFEATED.

New Hamburg, Jan. 6.—The opening game in the O.H.A. intermediate series Ayr, 11 to 1, was played at the home of the Ayr team. The home team, Berger, Miller and W. Bowman played well for the locals, and Oler and Dennis for Ayr.

New Hamburg (11): Goal, Lederman; defence, Berger, Kaufmann; centre, Bowman; wingers, Bowman, Miller; subs, Roth and Weiler.

Ayr (1): Goal, Oler; defence, Dennis, Oler; centre, Hillier; wingers, Lillio and Oler; subs, Page and Nickerson. Referee—Chas. Lightfoot, Stratford.

## SEAFORTH VICTORS.

Seaford, Jan. 6.—In an intermediate game in the O.H.A. played here tonight Seaforth defeated Goderich by a score of 14-4. The game was fast and the score did not indicate the play. The lineup:

Seaforth (14): Goal, McGeogh; right defence, Mills; left defence, Hoffman; right wing, Hoffman; subs, Dot Reid, Dick Reid.

Goderich (4): Goal, McDonald; right defence, Berger, McDonald; left wing, J. Irwin; right wing, V. Auld; subs, S. Trenouth, J. Lamb. Referee: C. Waghorne, Toronto.

## LONDON BEAT WATFORD.

Watford, Jan. 6.—The first O.H.A. intermediate hockey game was played here tonight between London and Watford, resulting in a score of 12 to 3 in favor of London. The lineup:

London (12): Goal, Biggs; defence, Kelly, Pigeon; centre, Arthur; left wing, Elliott; right wing, Gillies; subs, McLintyre, Lockhead.

Watford (3): Goal, Rogers; defence, N. Trenouth; centre, S. Bruce; subs, S. Trenouth, J. Lamb. Referee: C. Waghorne, Toronto.

## IN NORTH COUNTRY.

Haleybury, Jan. 6.—In a one-sided game Haleybury easily defeated Cobalt in a senior N. O. H. A. game here last night. The score was 9 to 2, and in the second period only was play on anything like even terms.

Toronto Street Railway Football Club will hold an important meeting in Labor Temple at 8 o'clock Thursday. All members are asked to be on hand.

## NEW SCHEDULE FOR INTERMEDIATE GROUP

Referee H. Krueger of Drumbo has reported Chas. A. Bain, defence player of the Ayr Club, for striking a Drumbo player, N. Clark, over the head with the hockey stick while the latter was on the ice during the second period of the game at Ayr, on Jan. 2. President G. J. Burgess of the Drumbo Club has also complained of Bain's action, and states that Bain left the ice after committing the alleged assault and did not play any more during the game. Bain has been suspended by the O.H.A. pending investigation of the occurrence.

The Alliston Hockey Club has replaced Meaford in Junior O.H.A. Group No. 9, and will play its first game at Collingwood tonight. Stayner is also in this group and has already played home-and-home games with Collingwood, each team winning at home. The balance of the schedule follows:

Jan. 7—Alliston at Collingwood.  
Jan. 14—Stayner at Alliston.  
Jan. 21—Alliston at Stayner.  
Jan. 28—Alliston at Collingwood.  
Jan. 35—Stayner at Alliston.

## SENIORS TONIGHT.

Local hockey fans will have an opportunity this evening to witness the first senior O. H. A. game of the season at the rink, when the red and white cannot out-top by 7 to 4, in one of the fastest and hardest games seen here in many a day. The checking and hitting is not much combination was displayed by either team, and shooting. The Greens, however, never let up, and kept right at the home team, who were not able to get a goal. Hagerman and Rodden looked particularly good for Woodstock, but Russell Sanderson, who has been out of the team for some time, was the star of the night. Parker and Trump gave their checks a hard night of it. Walters, Peebles and Fred Gill were the victors.

Woodstock—Goal, Dunlop; left defence, Sanderson; right defence, Hagerman; centre, Rodden; right wing, Parker; left wing, King; left wing, Cohen; right wing, F. Gill; right defence, C. Wooden; centre, F. Gill; right defence, C. Wooden; centre, F. Peebles; subs, Tanner, Payne. Referee—Tackberry.

## PARIS DEFEATED.

Woodstock, Jan. 6.—Paris intermediates suffered their first defeat of the season when the red and white came out on top by 7 to 4, in one of the fastest and hardest games seen here in many a day. The checking and hitting is not much combination was displayed by either team, and shooting. The Greens, however, never let up, and kept right at the home team, who were not able to get a goal. ## CYCLONE TAYLOR GETS TWO GOALS ON RETURN.

Vancouver, B.C., Jan. 6.—Vancouver kicked the props under the ceiling of the Seattle hockey players' last night and by individual brilliancy and teamwork won 3 to 2. The game was featured by spills and thrills. Vancouver upset the "dope" from the first round of the playoffs by a score of 3 to 2. The game was a combination that grew harder to solve as the game progressed and both teams fought hard and pressed the play in a manner that kept the 7,000 spectators in continuous suspense. Cyclone Taylor signalled his return to the team by scoring two goals and assisting Skinner in the other.

## NEXT MONDAY'S BOXING.

Another champion has been added to the Grand Army card for the show at Massey Hall next Monday night, in Bobbie Ebor, who will meet Kid Gold, in an eight-round bout at 122 lbs. All arrangements are now completed for the other three ten-round bouts on the card. Fleming and Shears halling from Montreal and Ebor from Hamilton. The others are Toronto lads.

## TORONTO INDOOR RIFLE LEAGUE.

The Irish opened the season in the armories, when their A and B teams met for the first time. The A team, as usual, held up great, the first seven men putting on possibilities, and only dropping to a strong aggregation of the rest. The B team promise to be a strong aggregation of the rest. ## BABE RUTH SIGNS YANKEE CONTRACT

### Manager Huggins Announces Satisfactory Terms With the Home-Run Slugger.

Los Angeles, Calif., Jan. 6.—Miller Huggins, manager of the New York Yankees, left for home today, announcing before his departure that he had signed Babe Ruth to play with New York this year.

Huggins said that he and Ruth had come to satisfactory terms and every body concerned was satisfied. He declined to state just what sum was paid to the Boston Club for Ruth, but said it was about \$125,000.

Ruth, according to Huggins, had expressed his satisfaction with the change, and he would try to better his batting record this season for New York.

The deal by which Babe Ruth was obtained by the New York Yankees is the forerunner of a number of transactions contemplated by the Yankees Club owners to bring other star players to the team, President Jacob Ruppert announced in New York yesterday. It is hoped to put the deal thru before the winter is over, he added.

Ruppert announced he had received a telegram from Manager Huggins in Los Angeles saying that Ruth had signed an agreement to play in New York.

Ruth's baseball career has been an interesting one. He began his career at a Baltimore charitable school, he played on his line and his pitching attracted the notice of Manager James E. Eastman of the Eastern League Club. The latter adopted him thru courtesy in order to obtain his services from school. He was sent to the front of International pitchers. The Boston Americans purchased Ruth and his pitching made him a star when Eastman, in 1914. While Ruth's wildness caused him to be sent to the Providence Reds for development. But in 1915 the big fellow's pitching skill was controlled and he won 17 games, losing seven. In subsequent seasons, Ruth's ability to crack the defensible line-up was called upon frequently in the pitcher's box. He was frequently in the pitcher's box and first base, in an exhibition game. His wildness seldom equaled in the big leagues.

Last year he played the outfield most of the time, but was called to pitch in four-team games, of which he won eight and lost five.

The signing of Babe Ruth to the Boston Red Sox to the New York Yankees for the largest sum ever paid for a baseball player was due, Huggins explained, to the fact that Ruth was the best pitcher of the Boston Club. He explained, "The Babe was not an infielder, but he was a pitcher. He thought only of himself, whether the question was one of breaking contracts or of making his bid. The Red Sox president said he felt the team as a whole would be better off with Ruth and with certain players. Two deals are pending, he added, both having as their object the signing of Babe Ruth to the Yankees. He said he had been told that Ruth had been offered a large part of the money on sale of Ruth to obtain the players wanted.

## RED SOX DROP H. WAGNER.

Boston, Jan. 6.—President Harry H. Leland of the Boston American League Baseball Club, announced tonight that he had dropped H. Wagner from the team during the coming season. Wagner was assistant to Manager Barrow during the 1935 season. No statement was made as to his plans.

## PITCHER DUBUC GOES TO TOLEDO.

Toledo, O., Jan. 6.—The outright purchase from the New York Nationals of the local pitcher, Dubuc, was announced by Roger Bresnahan, president of the Toledo club of the American Association, tonight. Dubuc was a Toledo native. This gives Bresnahan four pitchers to date, Markie, Nelson and Carter for goals or for relief. Dubuc was led by the New York American League Club. Bresnahan is in the market for a capable outfit, he said today.

## Definition of Amateur And Pro Trapshooters

The date of the tournament will not be selected until after the announcement of the dates for the grand circuit races at Cleveland, to avoid a conflict.

The local trapshooters association, defined an amateur as "any shooter not dependent upon his skill as a trap shooter for his living, either directly or indirectly," and a professional as "any shooter who receives his salary or other remuneration from the association for his services as a trap shooter."

To stimulate greater efficiency the association adopted a "long timer" plan by which shooters will receive gold, silver and bronze medals for points received in the time, and pressed the play in a manner that kept the 7,000 spectators in continuous suspense. Cyclone Taylor signalled his return to the team by scoring two goals and assisting Skinner in the other.

## This George Carpentier Has Champion Golf Hound

These G. Carpentiers are some patooties. There's another one out in Oregon, U.S.A., George B. Carpentier by name, who is not possessed of a champion waltz, but he has a golf hound that makes him the envy of the players on the Del Monte links.

The dog's name is Tammie and he is a little Scotch terrier. When George prepares to make a stroke Tammie is up on his haunches with his eye on the ball. The ball may go into a rough or down the fairway 200 yards, but the dog never fails to locate it and stand by until his master comes.

During the year Tammie has been on the course he has never barked nor violated the rules of the game, according to his admirers.

## THE FIGHT PICTURES.

Negotiations have been completed by the Grand Army of Councils and Beckett-Carpentier fight pictures for release in Toronto at an early date. The association has secured the permission of both the provincial government and police commissioners to show the pictures in Toronto. The exclusive rights in that respect, the Beckett-Carpentier fight pictures have not been shown in Canada before.

is 609,000 bushels greater than it was last year and materially more than a few weeks ago. There were some reports of cash corn inquiry by seaboard exporters, but the basis was not given out, and it is not expected that much, if any, business will develop. It seems logical to expect larger receipts from a materially larger crop, with the assurance that the producer is a willing seller at current levels.

Our combined ORDER BUYING and COMMISSION BUSINESS shows that we are the LARGEST DEALERS and EXPORTERS of LIVE STOCK in the DOMINION of CANADA for the Year 1919

Cattle and Sheep sold in Canada... 2,845 car loads Live Hogs sold in Canada... 1,210 car loads Cattle exported from Canada to United States and Europe... 1,307 car loads Total number of cars handled during 1919... 5,362

NOTE—Of the cattle handled approximately 1,800 cars, or 50,000 head, were sold to farmers for feeding purposes. With Canadian offices in Toronto, Winnipeg, Edmonton, Peterboro', and our own buyers and salesmen in Chicago, Ill., Buffalo, N.Y., and Lancaster, Pa., we are prepared to fill orders for all classes of live stock promptly and efficiently, for Canadian, European or United States trade.

HEAD OFFICE: THE H. P. KENNEY, Limited UNION STOCK YARDS TORONTO, CANADA Cable Address: Kenbee, Toronto.

RUN WAS LIGHT AT UNION STOCK YARDS Prices Barely Held Steady on All Lines—Sheep Strong. With receipts of over 800 cattle on the Union Stock Yards yesterday, and, to say the best, only a moderate demand, the market was barely held steady by comparison with Monday's prices. Heavyweight butcher cattle were wanted rather than lack of offerings than any other cause. There is a nice little demand, but not enough of this class to make a market. It looks as though we would have a fairly heavy run today.

McDonald & Halligan's quotations yesterday: Cows—1, 1200 lbs., at \$21; 1, 920 lbs., at \$19.50; 1, 800 lbs., at \$18; 1, 700 lbs., at \$16.50; 1, 600 lbs., at \$15. Hogs—1, 200 lbs., at \$12; 1, 150 lbs., at \$11; 1, 100 lbs., at \$10. Sheep—1, 100 lbs., at \$10; 1, 80 lbs., at \$9; 1, 60 lbs., at \$8.

With their Canadian offices in Toronto, Winnipeg, Edmonton, Peterboro', Chicago, Buffalo, N.Y., and Leinster street, Toronto, the growth and development of the business is not to be wondered at. The happy relationship between the branches of the firm can best be gathered from a brief resume of the informal banquet tendered the staff by Mr. Kennedy, at the King Edward last night, to which reference will be found in another column.

GENERAL SALES. Rice & Whaley report these sales on the exchange yesterday: Butcher—17, 15,750 lbs., at \$13; 16,000 lbs., at \$12.75; 6, 6300 lbs., at \$12.75; 4, 2900 lbs., at \$13.10; 2, 2740 lbs., at \$12.50; 4, 4920 lbs., at \$11.50; 1, 900 lbs., at \$6.50; 1, 900 lbs., at \$12.75; 1, 1000 lbs., at \$5.50; 2, 2070 lbs., at \$5.50; 2, 1700 lbs., at \$5.50; 3, 2380 lbs., at \$11; 1, 1070 lbs., at \$5.50; 1, 1170 lbs., at \$11; 1, 1050 lbs., at \$5.50; 1, 1090 lbs., at \$5.50.

GREAT PROGRESS AT LARDER LAKE

Associated Goldfields Shows Gratifying Results—Big Sum in Treasury. Associated Goldfields open the year with \$25,000 in the treasury and a force of 150 men employed at the company's Larder Lake property. At the annual meeting on April 10 last the company had \$47,000 in the treasury, and something much less the beginning of the year, when barely a score of men were employed.

The improvement in the physical condition of the company's mines has kept in step with the company's financial growth. Underdevelopment at Block "B" saw the 300 feet wide ore body of the 500-foot level crosscut at four places, and exploration begun on the 400-foot level. This work includes a very high footage of drifting. On Block "C" work has been done on the 100-foot level in two places, and 10,000 feet of diamond drilling has been done on it. This work has shown the ore body of which 500 feet level almost nothing has been done to be a mile long at least and 400 to 500 feet wide. Sampling in the crosscuts of the ore body has shown that the ore is of a profitable commercial ore wherever exposed up. The mine manager's contentment is very early in the work will have reached the stage where he can definitely estimate the value of the large part of this block, and he expects his figures will create a sensation in the mining world.

Great Ore Bodies. Block "B" development has opened up two main ore shoots well defined, broad, and high grade, smaller high grade ore shoots, all enclosed in a 300-foot wide body which carries values of 1000 feet toward termination of the length of the main shaft. These are both fixed and permanent erections, including two bank-houses, which the men say is the most comfortable power capacity at Larder Lake has been doubled, and several miles of transmission lines were added. The coming year promises to bring on its workings of 2000 acres either into or very close to the stage of production. Transportation of the ore from the mine to the mill, which is the chief problem of the company, is being solved by a developing company, which is largely a matter of skilled technical direction. The company's possession of its own hydro power plant.

VACUUM GAS SHARES ARE ENJOYING BOOM With Adjoining Property a Producer, Market Views Are Strongly Bullish. Vacuum Gas continued strong and active on the Standard Stock Exchange yesterday. Brokers report an exorbitant advance in the price of the stock, that part of this was due to the news that the Petro-Canada had just made its initial public offering of shares. The Petro-Canada shares are being sold at a price of \$10 per share, and the Petro-Canada shares are being sold at a price of \$10 per share.

PRICE OF SILVER. London, Jan. 6.—Bar silver, 76 1/2 pence, an advance of 1/4 d. New York, Jan. 6.—Bar silver, \$1.00 1/2, a decline of 3/8 c. Mexican dollars, \$1.00 1/2. GENERAL MOTORS FINANCING. Wilmington, Del., Jan. 6.—The stockholders of the General Motors Corporation, at a special meeting held here today, authorized \$1,000,000 of shares of capital stock, preferred stock, of the par value of \$100,000,000 of common stock of seven per cent. debenture stock of \$100 per share, and of such other securities as the board of directors may deem proper.

WALL STREET VIEWS. J. S. Bache & Co. say: "The foreign situation is bad and must continue to exert an influence upon our own affairs. The final statement of the year shows the federal reserve banks in an unfavorable position with notes outstanding beyond the three billion mark and reserve ratio at the lowest point in the history of the system. The money situation may clear up temporarily under January disbursements, allowing some advance in prices of securities; but for the long outlook, the restoration of railroad credit is a vital necessity in domestic stability and condition of the world as a whole must be taken into consideration."

SHARP UPWARD LED BY KIRKLAND LAKE

Beaver Prominent Among Silver Stocks—Brisk Demand for Vacuum Gas.

Bullish enthusiasm was strongly in evidence in the mining market yesterday, particularly when the silver stocks were concerned, altho the most spectacular individual performer, Kirkland Lake, is a member of the gold section.

Confidence is growing that the present year will prove a notable one in the history of auriferous Ontario mining, and the public is reaching for stocks in the belief that present prices have not begun to discount the big developments in prospect. The high price of silver, the practical certainty of a great improvement in the labor situation in coming months, the speeding up in the production of the big mines of Porcupine, recent finds in Cobalt, which greatly strengthen the theory that the veteran silver camp has many prosperous days ahead, and while the full realization of rich discoveries in the Kirkland Lake mine, are giving a broad foundation to the mining market.

Kirkland Lake had an extremely rapid advance yesterday, and while the full gain was not retained at the close, this was hardly to be wondered at. Opening at 5 1/2, called for a 10 point advance, forced an advance at the morning session to 7 1/2. In the afternoon the price was scaled down to 6 1/2, but at that time it was stated that on the fourth level at the property the strike is 20 feet wide in 250 feet, and that the fifth level has 15 feet of 65 ore, while lower levels are reported to be even higher in gold values.

President Cutler declines to deny or confirm the report that \$1 a share has been offered for a big block of the stock, but those close touch with the mine's affairs insist that such a proposal was definitely made, but was rejected by the shareholders who have brought the property from the status of a prospect to that of a large gold producer, the turnover in Kirkland Lake yesterday approached 27,000 shares. In Beaver, the advance was not retained at the close, an opening at 8 1/2 being followed by an uptick to 9, and a recession to 8 1/2. The spread of seven or eight points between Kirkland Lake stock and that of Beaver Company, which owns about seven-eighths of the stock of the subsidiary, is not readily explained. It is believed that Beaver Company has received an offer of \$1 a share for half a million shares of its Kirkland Lake stock. This means that would-be purchasers are ready to pay a sum equal to one-fourth the capitalization of Beaver, \$20 on each share.
