(FOUNDRY AT

GARDNER CHILSON'S
PATENT CONE FURNACES.

Patented in the United States, England and France.

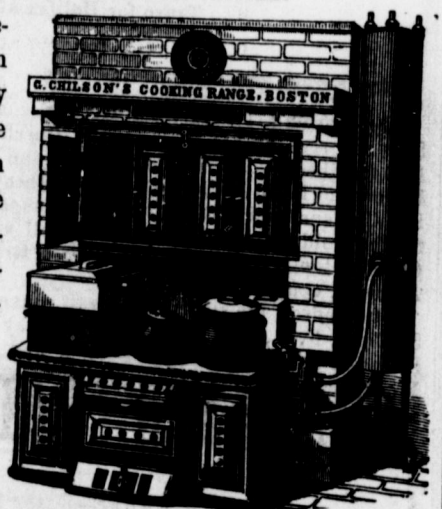

This Celebrated and Unrivalled FURNACE, now in so general use, for WARMING DWELLINGS, PUBLIC BUILDINGS, etc., stands pre-eminently ahead of all other known plans for thoroughly warming, with fresh healthful heat, and at much LESS EXPENSE FOR FUEL, than can be secured by any other means of warming.

There is a large variety of sizes, for setting in Brick Work, as well as those for setting in Double Sheet Iron Casings, as *Portables*.

PATENT DOUBLE OVEN COOKING RANGE.

The great improvements secured by five claims, patented in this superior Range, over any other Range known, makes it the most perfect Kitchen Range in the world. Its extensive use proves it to be the universal favorite of the kitchen. Housekeepers will appreciate it on examination.

Sizes in variety, with or without Water Backs, Hot Closets, and Hot Air Fixtures.

Several sizes of my NEW COOKING STOVES (for coal or wood) will be out this Spring, to which I invite the special attention of all who wish to see the greatest improvement yet made in Cooking Stoves.

Special attention given to putting up these Furnaces and Ranges, in any part of the country.

Parlor Grates, Stoves, Ventilators, Registers, etc., at

Warerooms, 99 and 101 Blackstone Street, BOSTON.

NOVA SCOTIA RAILWAY

AT PRESENT CONNECTS

TRURO & WINDSOR WITH HALIFAX, N. S.

AVARD LONGLEY, Chief Commissioner; T. FOOT, Secty. and Chief Acc't; S. FLEMING, Chief Engineer; C. SCHRIBER and W. H. TREMAIN, Div'n Engineers; GEO. TAYLOR, Traffic Supt.; W. JOHNSTON, Locomotive Supt.; W. MARSHALL, Road Inspector.

HEAD OFFICES, HALIFAX.

SUMMER ARRANGEMENT.

TRAINS.—Leave Halifax for Truro at 6.00 a.m. and 3.30 p.m.
" " for Windsor at 6.45 a.m. and 4.15 p.m.
" Truro for Halifax at 6.20 a.m. and 4.00 p.m.
" Windsor for " at 6.45 a.m. and 4.50 p.m.

The Morning Trains from Halifax connect at Truro with the Stages for Londonderry, Amherst, Sackville, Dorchester and Moncton, and thence by Rail for Shediac and St. John, N. B., and with the Stages of HIRAM HYDE, for Pictou and Point Brule, and steamer thence to P. E. Island, Shediac, Miramichi, Bay Chaleur, and Quebec, and with LINDSAY'S line of Stages from New Glasgow for the Gold Fields and Canso, as well as Sydney, Arichat, and all points in Cape Breton. At Pictou, the Stages for River John, Wallace, Pugwash, and Amherst, connect daily.

At Windsor, the steamer *Empress* connects on Wednesdays and Saturdays for St. John, N. B., and thence by Railway to Shediac, or by the International Steamers to Portland and Boston, and the River Steamers for Fredericton, Woodstock, and the Upper St. John. The Stages of KING BROS. also here connect for Annapolis, Digby, Yarmouth, and all places in the Acadian Valley.

PASSENGER FARES—FIRST CLASS, Three Cents per mile.
SECOND CLASS, Two Cents "
RETURN TICKETS—A fare and a half, First Class.
SEASON TICKETS Issued for Three and Six Months at a reduced rate.
Summer arrangement commences May 14th.—*See Time Table.*

N. B.—The City Horse Railway Cars connect with all Trains at Richmond.

THE undersigned has greatly enlarged and otherwise improved his premises, which he has adapted, in every respect, for carrying on an extensive Book and Job Printing and Blank Book Manufacturing Business. The Compositors' Rooms are well stocked with a large variety of Plain and Fancy Types, embracing the newest designs. The Establishment is furnished with twelve Steam Printing Presses, nine Steam Smashing, Sawing, Cutting, Stamping and Hoisting Machines, six Hydraulic and Hand Presses, together with Ruling, Backing and Paging Machines, all in thorough working order, which enables him to turn out large quantities of work at very short notice. Over 150 persons are employed in this Establishment.

A very large assortment of WOOD TYPE enables the undersigned to print the very largest description of

POSTING BILLS,

In various colors, at short notice, and at moderate charges.

Country Orders for PRINTING and BLANK BOOKS carefully attended to, and work dispatched by the safest and cheapest modes of conveyance.

JOHN LOVELL,

BOOK AND JOB PRINTER, AND BLANK BOOK MANUFACTURER.

Montreal, October, 1866.

R. R. R.

THE UNIVERSAL REMEDY!

RADWAY'S READY RELIEF!

CURES PAIN INSTANTLY!

And is a Positive Preventive of Asiatic Cholera, Yellow Fever, Small-Pox, and other Pestilences.

Its Properties as an Anti-Septic Disinfectant, Anti-Spasmodic, Counter-Irritant, Diffusive Stimulant, Rubefacient, Nervine, Anodyne, Sudorific, Febrifuge, it has no equal in the Materia Medica.

IN SUDDEN ATTACKS of Diarrhœa, Dysentry, Cholera Morbus, Inflammation of the Bowels, Cholic, Cramps, Spasms, Vomiting, Sick Headache, Cold Chills, Fever and Ague, Sore Throat, Coughs, Colds, Influenza, Neuralgia, &c., one teaspoonful in a glass of water will correct all derangements of the Stomach, Bowels, and Liver, and instantly stops the most Severe Pains.

If seized with Rheumatism, Gout, Lumbago, Sciatica, Pain in the Side or Back, Limbs o Joints, Spine or Muscles, Toothache, Strains, Sprains, &c., one application will afford im mediate ease and comfort, and a few times rubbing will complete the cure.

INSTANT HELP NEEDED.—In violent cases, instant relief is required. ASIATIC CHOLERA, INFAMMATION OF THE BOWELS, CHOLIC, FITS, SHIP FEVER, CROUP, DIPHTHERIA may prove fatal within an hour or two if not checked by a powerful antidote like RADWAY'S READY RELIEF; and all acute and inflammatory maladies, whether Rheumatism, Neuralgia, Inflammation of the Kidneys, Bladder, Urinal Difficulties, Inflammation of the Womb, and, in fact, all diseases, fraught with immediate danger, yield at once to this commanding curative.

The READY RELIEF is as sudden in its operation as the malady itself. It is more active than the virus of the most swift and deadly epidemic. With this Remedy at hand to use on the first symptom of pain and uneasiness, no person need suffer an hour's sickness.

SISTERS OF MERCY, DORCHESTER STREET, MONTREAL, C. E.,
HOSPITAL OF THE SISTERS OF MERCY.

DR. RADWAY—I certify that your READY RELIEF has cured OVER ONE HUNDRED of our sick from chills, vomiting, headaches, internal pains, &c., &c.

One of our sisters had the Rheumatism in her head for a great many years—having taken a few spoonfuls of Relief in water, and rubbing her head twice with the same medicine, she was perfectly cured, and never felt it since. I always use it for dyspepsia and for colds, and always with success. It is very useful for sore throats, coughs, influenza, diphtheria, &c., but has a good effect in flatulence or wind cholic. I use it for foul breath, and it produces a marvellous effect. In short, it procures relief altogether remarkable to our invalids.

SISTER MARY DE BONSECOURS.

THE GREAT PURGATIVE!

DR. RADWAY'S PILLS,

For the Cure of all Disorders of the Stomach, Liver, Bowels, Kidneys, Bladder, Nervous Diseases, Headache, Constipation, Costiveness, Indigestion, Dyspepsia, Biliousness, Bilious Fever, Inflammation of the Bowels, Piles, and all Derangements of the Internal Viscera.

One to six boxes are warranted to effect a positive cure. Purely Vegetable; containing no Mercury, Minerals, or Deleterious Drugs.

DOSE—As a brisk purge, four to six pills; as a laxative, one or two pills—to be taken at night on retiring.

☞ Observe the following symptoms resulting from Disorders of the Digestive organs: Constipation, Inward Piles, Fullness of the Blood to the Head, Acidity of the Stomach, Nausea, Heartburn, Disgust for Food, Fullness or Weight in the Stomach, Sour Eructations, Sinking or Fluttering at the Pit of the Stomach, Swimming of the Head, Hurried and Difficult Breathing, Fluttering at the Heart, Choking and Suffocating Sensations when in a Lying Posture, Dimness of Vision, Dots or webs before the Sight, Fever and Dull Pain in the Head, Deficiency in Perspiration, Yellowness of the Skin and Eyes, Pain in the Side, Chest, Limbs, and Sudden Flushes of Heat, Burning in the Flesh.

Dr. RADWAY'S PILLS, elegantly coated with sweet gums, free from taste or smell.

Price, 25 cents per box.

N. B.—Skin diseases that are eruptive with bran-like scales, itching, &c., are often benefitted by applications of Ready Relief. A physician that was attached to the Medical University of Va., cured himself by Radway's Resolvent and Pills of a skin disease that afflicted him from birth, when all suggestions and treatment of his medical brethren of the Faculty had failed. His letter of thanks, &c., may be seen at our office.

INCREASE AND DECREASE IN AMOUNT OF FIRE INSURANCE DUTY,

In the Year 1865, as compared with the Year 1864,

Shown by a Return made to Parliament, and ordered by the House of Commons to be Printed.

Extract from the DAILY NEWS, London, 11th July, 1866.

"THE PARLIAMENTARY RETURN of the INSURANCE DUTY paid in 1865 has just been published, and is the last return which will embody the differential rates, on Stock, (1s. 6d. per cent.), and on Buildings and Furniture (3s. per cent.)

For the purpose of comparing the business of each Company in 1865 with that in 1864, we have made up an account for the Two Years as though the duty had remained at 3s. per cent. We thus get a measure of the progress of each Company, and the result is as follows:—

INCREASE IN 1865 OVER 1864.

PREFACE.

In submitting the second edition of Hutchinson's Nova Scotia Directory to the public, the publishers feel confident that it will be found deserving of general patronage. Great exertions have been used to make it still more comprehensive and aecurate in detail than the first edition, and in this they believe that they have been largely successful. In some of the Counties the name of almost every property holder is given, while in all of them the lists of residents are larger than in the former edition—the whole number of names given exceeding by several thousands those contained in the former edition. The Appendix matter, containing the lists of the judiciary, barristers, magistrates, civic officials of Halifax, tarriff, post office lists and regulations, societies, and every kind of information appropriate to the pages of a general Directory, will also be found to be very copious, and carefully corrected down to the present; making altogether a work so comprehensive and useful in character, as to be entitled to receive the patronage and support of business men in the city of Halifax and throughout the Province.

THE INTERNATIONAL
PHOTOGRAPH ESTABLISHMENT

BY

PARISH & CO.,

124 HOLLIS STREET,

HALIFAX, N. S.

Still maintains its preëminence, and in all its arrangements, as well as its works, stands first in the Province.

No expense has been spared to render every department complete in itself, and for the better accommodation of its customers, at great cost, the lower floor of the building has been fitted as a reception room, thus enabling all arrangements for Pictures, as well as the delivery of them, to be effected without the ascent of any stairs.

Every style of Picture can be obtained here, from the tiny portrait for the locket or pin, to the enlarged life size Crayon or Oil Painting.

In another very important particular it has an advantage over all other establishments, in the possession of the only direct Solar Camera, by which the smallest likeness of any kind may be enlarged to any size.

And having a first class Artist always in the establishment to finish them in Ink, Water Colors or Oil.

And at much less prices than any other establishment.

This is the only establishment that has saved all negatives, they are numbered and registered in such a way as to be always accessible. Duplicates can be obtained at any time, free of Postage, by sending full name and address. Postage Stamps or orders taken in payment.

Pictures Framed to order, Photographic Stock for sale.

Photographs of all distinguished persons for sale, Views, Stereoscopic Slides, &c., &c.

124 HOLLIS STREET.

BROWN'S
CONTINENTAL EXPRESS
AND
GENERAL FORWARDING AGENCY.

Connecting with the principal Express Companies in Europe and America.

Heavy Goods, Parcels and Specie forwarded to all places with dispatch.

Notes, Drafts and Bills collected, and prompt returns made.

The proprietor of this Express gives personal attention to the paying of duties and passing goods through the Customs.

Expresses are made up at this Office.

Semi-daily for Truro and Windsor.

Daily for all parts of Nova Scotia and New Brunswick.

Tri-weekly for Canada, the United States, and Prince Edwards Island.

Fortnightly for Europe and Newfoundland, and Monthly for Bermuda and West Indies.

In order to avoid delays have all goods marked and consigned to "Brown's Continental Express."

PRINCIPAL OFFICES AND AGENTS.

HALIFAX.

THE city of Halifax, the capital of the province of Nova Scotia, was founded in the year 1749, by the Lords of Trade, and was named, in compliment to George Montague, Earl of Halifax, then at the head of the Board. The scheme for the establishment of the town is said to have originated with the people of Massachusetts, who, in calling the attention of government to the claims and encroachments of the French on the territory of Acadia, suggested the necessity, as well as the great commercial advantage to be derived from such an undertaking. A plan was accordingly submitted to government, in the autumn of 1748, and being warmly supported by Lord Halifax, advertisements soon appeared under the sanction of His Majesty's authority, holding out excellent inducements for immigration. The prospects appeared so inviting that in a short time 1176 settlers, with their families, were found to volunteer, and the sum of £40,000 being appropriated by parliament for the purpose, the expedition was placed under the command of colonel the honorable Edward Cornwallis, M.P., as captain general and governor of Nova Scotia, and set sail for Chebucto Bay, early in May, 1749.

The fleet consisted of thirteen transports, carrying 2376 passengers men, women, and children, and a sloop of war the "Sphinx" with the governor and his suite on board. The total males was 1545—of this number above 500 were man-of-war sailors.

On or about the 21st June, the Sphinx arrived in the harbour of Chebucto, and the Governor and suite soon after landed on George's Island.

On the 14th July, the civil government was organized on board the Beauport transport, and the following gentlemen sworn in councillors, viz.—Colonel Paul Mascarine, captain Edward Howe, captain John, Gorham, Benjamin Green, John Salisbury and Hugh Davidson. The formation of the council was announced by a general salute by the ships in the harbour, and the day was devoted to amusement and festivity.

In the month of July, Mr. Bruce, a civil engineer, and Mr. Morris, a surveyor, were ordered to lay out the town, which was surveyed and the plan completed by the 14th September. The town was laid out in squares or blocks, of 320 by 120 feet—the streets being from 55 to 60 feet wide. The width of Granville street is but 55 feet. Each block contained sixteen town lots, 40 feet front and 60 feet deep. The whole was

divided into five divisions or wards. Buckingham street was at first fixed as the north and Salter street as the south limit, but the north limit was subsequently extended to Jacob street. The settlers drew for the lots, and the names and number were entered on a register kept for that purpose, still in existence, and known as the allotment books. The north and south suburbs were surveyed about the same time, and the German lots in the north laid off in the following year.

On clearing the ground for settlement, a number of dead bodies were discovered among the trees, partly concealed beneath the underwood which were supposed to have been the remains of soldiers of the Duke D'Anvilles' expedition, which wintered in Chebucto in 1746.

On the 17th July, the French deputies waited upon the governor on board the Beaufort transport. They were again received by the governor and council on the 29th July, when they rendered their allegiance to the new government, which was accepted. The Indians also had an audience on the 14th August, and treaties of peace between them and the colonists were drawn up and signed on the following day. These treaties do not appear to have been much respected, however, as the Indians continued to give the settlers considerable trouble; and several new companies of volunteers were raised in the following October to prevent their incursions. About this time nearly one thousand persons are said to have fallen victims to a fearful epidemic which swept over the country. Laws, similar to those in force in the colony of Virginia, being found the most applicable to the circumstances of the new town, were constructed.

The town of Dartmouth was commenced in August, 1750, by 350 settlers, who arrived in the ship "Albany." In the December following the first ferry was established, and John Connor oppointed ferry man by order in Council.

Dartmouth and the vicinity of Halifax suffered considerably at this time from the depredations of the French and Indians, stimulated by French emissaries; and to prevent their incursions a militia force was formed consisting of all the male inhabitants between the ages of sixteen and sixty.

Between the years 1751 and 1752, 1958 German settlers arrived in the colony. In June, 1763, 1500 of them embarked for Malagash harbour in Mahone Bay, where they afterwards built the town of Lunenburg. The remainder continued in Halifax and were located in the north suburbs, called Dutchtown, Brunswick and Lockman streets, now known as the north end, and were the first settlers of that part of the peninsula.

Notwithstanding the advantages held out by the government, and the fact that up to the year 1757 the enormous sum of £560,000 sterling had been expended on the settlement, the people at that date were rapidly removing to the old colonies; the fisheries, one of the main inducements for immigration, being almost entirely neglected, and the population reduced to much less than half its original numbers, subsisted chiefly on the money expended by the army and navy, and were dependent on Boston for their provisions, and all other necessary supplies. Halifax was of incalculable importance, however, to Great Britain in a military point of view; and to its position as a military and naval station may be ascribed, in a great measure, the downfall of the French power in America.

The fleets and troops under Lords Howe and Loudon, sent out for an attack on Louisburg, in 1757, made Halifax their rendezvous. After the siege, which lasted two months, the fleet and army returned to Halifax, and remained some time to refit. The country was sacked for provisions, and many of the sailors, being enriched by the campaign in Louisburg, procured their discharge and became settlers; and all the ammunition and stores, with a quantity of private property being removed to Halifax the town once more began to assume a prosperous appearance.

Halifax was again the resort of the army and navy under Wolfe, during the following year, 1759; and in 1763, the town was enlivened by the presence of a large army and navy, and many gentlemen of standing made the place their home.

In December, 1760, King George III was proclaimed at Halifax with great ceremony.

Representative government was established in Nova Scotia in 1758.

A great gale of wind, in 1769, caused much destruction of property and loss of life. The winter was remarkably severe, the harbour being choked with ice for several days in the month of February, and the snow on the ground, in March following, was in many places five feet deep.

From 1770 to 1776 was a period of great public excitement; emissaries from the revolted Colonies were numerous, and all public meetings of a political nature were forbidden.

The Parliament, elected in 1770, sat for fourteen years without being dissolved.

After the close of the French war the town declined in prosperity for a few years; but eventually it again became the depot of the troops and shipping, and a more prosperous era began to dawn. After the evacuation of Boston ten thousand soldiers, sailors and loyalists who arrived with the fleet, were quartered in the town. Many of the transports, being in a leaky condition, landed their people. Every house was crowded to excess. From the commencement of hostilities to the termination of the war the town was thronged with troops and refugees from the revolted Provinces, and the scarcity of provisions increased to an alarming extent. Beef was two-and-six-pence per pound and butter five shillings.

The loyalists soon distributed themselves throughout the Province, and the population again rapidly decreased. In 1783, however, great numbers of loyalists came from New York, and the population thus augmented, was suddenly increased to double its former numbers; yet it is very remarkable that in September, 1791, within eight years after, the population had again so fallen off as scarcely to exceed five thousand.

In the year 1787, Nova Scotia was erected into a Bishop's See, and Halifax made the residence of the Bishop.

On December 27, 1798, a tremendous hurricane visited the town, and swept away all the wharves, and damaged most of the shipping in the harbour. The loss of property was estimated at £100,000.

From the year 1749, the defences of the town consisted of pallisades or pickets placed upright with block-houses, built of logs, at convenient distances. This fence extended from where St. Mary's Cathedral now stands to the Beach, south of Fairbanks' wharf, and on the north along the line of Jacob street to the harbour.

There were also block-houses at Point Pleasant, Fort Massey, and various other points near the town.

The lumber yard, ordnance yard, and King's wharf, were all commenced about the year 1784 or 1785; but the buildings now existing at these localities were not put up till a much later date.

Citadel Hill was cut down, and ramparts of earth constructed on the site by Prince Edward, when commander in chief of the garrison, a number of wooden fortifications by which the Hill had been occupied, having been removed for the purpose.

The towers on George's Island, Point Pleasant, Eastern Battery, Meagher's Beach and York Redoubt, were built about this time. He also established telegraph stations between Halifax and Annapolis—the first post being on the hill behind his own residence, on Bedford Basin. The Parade Ground was levelled and the wall built by him. Until the year 1780, the streets of the town were in a very rough condition, and from stumps of trees and rocks, impassable for carriages.

The first Government House was erected soon after the laying of the town. The frame and the material were brought from Boston. The building was completed early in October. It was a small low building of one story and stood in the centre of the square, now occupied by the Province Building. It was surrounded by hogsheads of gravel and sand on which small pieces of ordnance were mounted for its defence. This building was removed, and a more spacious and convenient residence put up about 1757 or '58, which in turn was pulled down shortly after the year 1798.

Saint Paul's Church, now probably the oldest building in the city, was built in 1750, at the expense of Government. The old German Church, in Brunswick street, bears the date of 1761. It was erected by private subscription, as a Lutheran Church, and is now one of the few relics of the old German settlement.

A printing office seems to have been established as early as March, 1756, by Isaac Curry. The first newspaper in Halifax appeared in January, 1769. It was published by Anthony Henry, edited by captain Bulkley, and called the Nova Scotia Chronicle, or Weekly Gazette. There was another printing office in 1776, in Grafton street, with a steeple and a hand holding a pen for a vane.

The first Court House stood where Northup's Country now stands, at the corner of Buckingham and Argyle streets. The building recently occupied by the Halifax Grammar School is also a very old one. The Legislature held its sessions there about 1765. It has also been used as a Court House and as a Guard House.

There were numerous and well kept houses of public entertainment at a very early period. A large three story building, called the Great Pontack, was erected, previous to 1757, at the corner of Duke and Water streets. It has been since known as Michael Bennett's corner. There was also the Crown Coffee House, kept by William Fury, in 1769, on the beach near the Dockyard, and the Jerusalem Coffee House, destroyed by fire in 1837. The latter building stood on the site now occupied by the warehouse of that name.

Between 1753 and 1780, public gardens and promenades were much in vogue, of which Adlam's Garden, south of the citadel, near the present Artillery Park, was the principal. The Artillery Park was then kept on the grand Parade. The Parade was not levelled at that time, and the descent at the North East corner was very abrupt. The Artillery Barracks stood in a line with the present Engine House. Spring Gardens was another place of resort. The old Governor's Gardens were south of Government House, now the residence of the Rev. George W. Grant. About the year 1768, there were lamp posts at all the principal corners, the town being then lit with oil, at the public expense.

The first jail was situated in Hollis street, at the foot of Salter street.

The Queen's Dockyard was first established in 1758. It was extended and improved in 1769. The present wall was built in 1770 ; this date is inscribed on the gate, and is situated in the north end of the city. It now contains workshops, warehouses, and stores of various descriptions, besides commodious residences for the officers and workmen. It contains several war trophies, and it was at this place His Royal Highness the Prince of Wales first landed in Nova Scotia in the year 1860.

After the return of His Royal Highness the duke of Kent, and between that period and 1840, the town of Halifax did not make such rapid progress as many other towns on this continent. During the American war of 1812, several valuable prizes were taken into port, which caused a considerable sum of money to circulate, but comparatively few buildings of any note were erected. The foundation stone of Mason Hall was laid by the Duke of Kent about 1800. The Provincial Building was erected between 1812 and 1820, and Dalhousie College about 1820. Saint Paul's Church was enlarged about 1812. A crusty old Admiral removed about this time, the principal Dockyard to Bermuda. The emancipation of the slaves in the West India Colonies, in 1854 caused a serious interruption to the important trade carried on between Halifax and those islands. This was followed by Asiatic Cholera, in 1855 ; this again by commercial regulations respecting the admission of Baltic timber into the British markets about 1857 ; and that was followed by the withdrawing of the troops during the trouble in Canada—all combined to cause a stagnation in trade, and to give a desolate appearance to the city. But within the last quarter of a century, Halifax has made rapid progress both in population and material wealth. A class of, what was then considered, commodious steamers was placed upon the ferry between Halifax and Dartmouth. About the year 1839 or 1840 the Cunard line of steamers was established, the Liverpool and Boston boats calling at Halifax, on the way to and from Boston. A West India line, plying between Halifax and the West India Islands, was also started in connection with it but did not succeed.

About the year 1840, an act of incorporation was obtained from the Legislature, since which time great improvements have been made in the general appearance and public institutions of the city. Under the act of incorporation the city is divided into six wards, each being represented in the city council by three Aldermen—who, with the Mayor and the Recorder, transact all the financial and civil business, and dispose, also

to some extent, criminal justice in the city. The Gas Company was incorporated about the same time.

The Water Company was subsequently organized, who introduced a supply of excellent water from the lakes, in the rear of the city; but these works have since been purchased by the corporation, and placed under the control of commissioners, appointed by the city government.

Halifax has suffered severely from fire on several occasions; at one time nearly three blocks were consumed, extending from Hollis to Barrington street, and covering, what was then and is now, the finest part of the city. The greater part of the space thus laid bare has since been covered with handsome freestone, granite, and brick structures, which are not surpassed by any on this continent. One of those fires consumed a large wooden erection near the Province Building, which originally was the Provincial Parliament Building; and besides gave accommodation to the Supreme Court, the Secretary and Treasurer's Office, with a commodious hotel. Latterly it was known as Hare's building, and was occupied as shops and offices by persons engaged in various lines of business. After the fire the Government purchased the site, and are now erecting a handsome edifice upon it, which will cost from twenty to thirty thousands pounds, and will contain the Custom House and Post Office together, with accommodations for various other public offices.

Of the other public buildings now standing, the old Provincial Building is the chief. It is built of grey freestone, is one hundred and forty feet in length, seventy in width and forty two in height. On the ground flat are the offices of the Attorney General, Provincial Secretary, Commissioners of Mines, and Commissioners of Crown Lands. On the second flat are the halls and Committee Rooms of the two houses of the Provincial Parliament, and the Legislative Library. It is a building of fine architectural proportions, but by being placed in an unfavorable locality, is less imposing in appearance than, under other circumstances, it would be.

Besides the Province Building, there are the Government House, the Admiralty House, Dalhousie College, the Asylum for the insane in Dartmouth (which is now being greatly enlarged), the Wellington Barracks, the Court House, the Hospital, the Penitentary, the City Prison, and the City Market, may be classed as public buildings, and some of them are very attractive and imposing in appearance.

The Halifax Club Building, the Temperance Hall, and the offices of several Banking and Insurance Companies are owned by the respective corporations bearing their names, and represent a very large accumulation of surplus capital. The Bank of Nova Scotia, in Hollis street, was built in 1856–57, of freestone, and cost upwards of six thousand pounds. The Banking House, belonging to the Union Bank, was built in 1863, at a cost of about ten thousand pounds. The Public School in Barrington street, built in 1864 by the Roman Catholics, and taught by the Christian Brothers, is a substantial brick and granite structure. Some of the private business establishments and warehouses also are such as will do credit to any city. Among these there may be named the wholesale warehouses of the Messrs. Kenny, Dowll & Miller, Duffus & Coy, Power & Co., and many others in Hollis and Granville streets, and the

still more durable and commodious wharf warehouses of Cunard & Co., Collins' (now Secton's) and many others, with which the wharves, are studded, from Pryor's wharf to the Dockyard, and which are annually filled with merchandize of various sorts, in which an extensive and lucrative trade is carried on with Great Britain, the United States, British and Foreign, West Indies, and the neighbouring provinces.

Manufactures, of almost every kind are yet comparatively in their infancy in Halifax. There are in the city and Dartmouth five or six iron foundries and machine shops, in some of which steam engines and other heavy machines are neatly constructed. The machine shops of the Provincial Railway, at Richmond, comprise a number of commodious structures, and give employment to from one hundred to one hundred and fifty men. Besides these there is an extensive tobacco factory, owned by McLean, Campbell & Coy., two pianoforte factories, several furniture factories, an extensive shoe factory, a powder mill, one or two nail factories, sawing and planing mills, sash factories, &c., all of which are doing an extensive business, and yielding a handsome return for capital invested. A large sugar refinery is in course of erection. A large flour mill has been completed this present year, in connection with a bakery occupying from Grafton to Argyle streets, owned and conducted by W. C. Moir & Co. The Bakery Establishment is capable of working off one hundred barrels of flour per day.

There are several colleges, and academies, and a great number of private academies, schools, &c., in the city. The free school system has lately been inaugurated in the Province, and ten free schools are now in operation in Halifax.

In the year 1828 there were six newspapers published in Halifax, there are now eighteen—one daily, seven tri-weekly, and four political journals; three are devoted to the interests of religious denominations, and one to temperance: besides these, a journal of agriculture, and a journal of education, both monthly, are published under the management of the Provincial Boards appointed to these two departments.

There are now twenty-three places of worship in the city, including two in the course of erection. Six of these belong to the Presbyterians, five to the Episcopalians, three to the Roman Catholics, two to the Wesleyans, three to the Baptists, one to the Congregationalists, two to the colored population, principally Baptists and Methodists, and they are all generaly well filled on each returning sabbath.

The Halifax Banking Company was organized in 1825, and is consequently the oldest Banking Company in the city. It was followed by the Bank of Nova Scotia and the Bank of British North America. There are now, in all, six Commercial Banks, and two or three Saving Banks in the city. There are also Building Societies, four Public Libraries, three Reading Rooms, and several Benevolent Societies of various descriptions and nationalities (of which the North British Society was the first established).

Since the opening up of railway communication with the interior of the Province, the city has increased rapidly in wealth. Since 1858, railways have been in operation from Halifax to Windsor, on the Bay of Fundy, and from Halifax to Truro, at the head of Cobequid Bay. The

latter line is now being extended to Pictou Harbour, in the sttraits of Northumberland, where it will probably attract a large trade from the Gulf of St. Lawrence, besides bringing the coal mines of Pictou County withiu easy reach of the city. The discovery of gold in the Province, and the extensive investment of capital and employment of labor in the the gold mines, has also, to some extent, aided the commerce of the city, by providing a new and valuable export with which to pay for goods purchased in Great Britain. For the last few years the pulation of the city has been rapidly increasing; and when the projected lines of communication, by rail and steamships with the neighboring Provinces and the United States are completed, Halifax must come to be one of the foremost cities in population and wealth, as she is already one of the most important in geographical position on the continent of Ameriea.

REV. N. H DOWN'S
VEGETABLE BALSAMIC ELIXIR,

Cures Coughs, Colds, Whooping-Cough, and all Diseases of the Throat, Chest and Lungs, Price 25 and 50 Cents.

THE most reliable, tried, true and infallible cough medicine extant. It has been the standard medicine of the people for over thirty-two years. It is the FAMILY PHYSICIAN of many thousand households. Keep it on hand as its seasonable use may save you many a pain and many a dollar.

A Case of Thirty Years' standing Cured at Last.

I hereby certify that my wife has been afflicted with an obstinate cough for over THIRTY YEARS, so troublesome at times as to produce fever and prostration. After trying almost everything, I was at last induced by a friend to make a trial of DOWNS' BALSAMIC ELIXIR, and I assure you its use has been attended with the happiest results. She is now able to go about the house and attend to household duties as she has not before for years. I can sincerely recommend it as the best cough medicine without exception that was ever put before the public.

Duxbury, Vt., March 21, 1859. JONATHAN SPRAGUE.

HENRY'S
VERMONT LINIMENT,

For the Cure of Neuralgia, Rheumatism, Headache, Toothache, Cholic, Cholera Morbus, Diarrhœa, and all External and Internal Pains, Price only 25 Cents.

We wish to disabuse the public of the popular but erroneous idea that the LINIMENT is only a Lotion. It is for internal as well as external use, and the hundreds of cases of colic, cholera morbus, diarrhœa, and other stomachic disorders that have been cured by its use, attest its great value in all such cases. It is prepared with great care, and is, without doubt, compounded of more expensive ingredients than any other similar medicine.

"I have used HENRY'S LINIMENT with the most beneficial results.
JUDGE SMITH."

"Your VERMONT LINIMENT has cured me of Rheumatism, which had settled in my limbs, and for which blessing you may well suppose I feel grateful.
T. QUESNAL."

"The pain was most intense, but by using the LINIMENT, it was gone in a few minutes.
W. GIBSON."

"I have frequently used it for bowel complaints, and have never known it to fail in effecting a cure.
W. BALDWIN."

HOLMES BROS.,

PRODUCE, EXCHANGE,

STOCK & GENERAL BROKERS,

AND

Commission Merchants,

ST. SACRAMENT STREET,

MONTREAL.

Our Senior, Mr. F. M. H., from his long connection of 23 years with the Bank of Montreal, and 12 years Manager of one of its Branches, may not be altogether unknown to the public generally.

We are prepared to make Cash Advances on Warehouse Receipts, and on all kinds of Produce consigned to our care.

Any Commission entrusted to us will receive our prompt attention.

F. M. HOLMES. F. E. HOLMES.

DORAN'S

Royal Hotel and Country Market,

COACH, GENERAL FREIGHT, EXPRESS,

AND

ACCOMMODATION STABLES,

Nos. 13 & 15 SACKVILLE STREET,

HALIFAX, N. S.

The Subscriber having erected spacious BRICK BUILDINGS upon the site of his OLD STAND, begs to inform the public that he has now opened them for their accommodation.

DORAN'S ROYAL HOTEL,

Newly furnished throughout, offers entertainment to TRAVELLERS and PERMANENT BOARDERS.

DORAN'S COUNTRY MARKET.

The Accommodations of this Market are superior to those of any similar Establishment in the City. Farmers and others will find their best interests faithfully attended to by a competent clerk.

DORAN'S ACCOMMODATION AND SALE STABLES, (fire proof), are spacious and airy. Good Grooms in attendance.

DORAN'S EXPRESS runs in connection with all the Trains arriving at, or departing from, Richmond.

DORAN'S FREIGHT TEAMS.—Contracts entered into for carrying heavy Freight. Consignments of Produce promptly and carefully attended to, and general orders solicited.

The Proprietor thanks the public for the many years patronage he has received from them, and with his increased accommodation, offers his services to them with confidence.

MICHAEL DORAN.

KIRKWOOD, LIVINGSTONE & CO.,

PRODUCE, LEATHER,

AND

GENERAL COMMISSION MERCHANTS,

No. 503 St. Paul Street,

MONTREAL.

Personal attention given to the execution of orders for Flour, Grain, Seeds, Provisions, Leather, Hides, Coal Oil, &c., &c. Terms liberal and satisfaction guaranteed.

Consignments of Fish, Oils, &c., &c., promptly realised to best advantage, and returns made with the utmost promptitude. Charges as low as possible, and consistent with the interesus of our friends, and never, in any case, exceeding that of other responsibe houses in the line here.

Cash advances and Drafts authorized to the extent of seventy-five per cent of the net value of goods consigned for sale in this market.

A Special Edition of the "Trade Review" containing a report of the markets for the week, compiled by ourselves, and quite reliable, is issued every Friday, free of cost to all our friends.

Place of business central, and ample facilities for the Storage of Goods.

Our study is to know the most for the interests of our friends, and work as if their interests were our own.

KIRKWOOD, LIVINGSTONE & CO.,

Commission Merchants.

Montreal Transcript.

THE "DAILY TRANSCRIPT,"

The cheapest and most largely circulated Morning Paper published in Montreal,—second to no Journal in the Province either in character or appearance.

ANNUAL SUBSCRIPTION, $5.00.

THE "WEEKLY TRANSCRIPT,"

Which has a circulation throughout almost every City and Town in Lower and Upper Canada, issued in quarto form, contains a large amount of matter in a readable and convenient shape, comprising a complete Summary of the week's news, as well as interesting selections for the Home Circle.

SUBSCRIPTION, $1.00 PER ANNUM.

No pains or expense is spared to make the TRANSCRIPT a thoroughly reliable exponent of Political and Commercial affairs, and a channel for all intelligence that can interest or benefit the community.

Address: HENRY A. TAYLOR,

No. 26 SACKVILLE STREET,

HALIFAX, N. S.

THE SINGER'S SEWING MACHINES,

FOR FAMILY SEWING AND FOR MANUFACTURING PURPOSES.

Our Letter A Family Sewing Machine is fast gaining a world-wide reputation. It is beyond doubt the BEST and CHEAPEST, and most beautiful of all Family Machines yet offered to the public.

No other Family Sewing Machine has so many useful appliances for **Hemming, Binding, Felling, Tucking, Gathering, Guaging, Braiding, Embroidering, Cording, &c., &c.**

No other Family Sewing Machine has so much capacity for a variety of work. It will sew all kinds of Cloth, and with all kinds of Thread. Recent improvements make it the most reliable, most durable, and most certain in action at all rates of speed.

It makes the interlocked stitch, acknowledged to be the best stitch known. Any one, even a child of the most ordinary capacity, can see at a glance how to use the Letter A Family Sewing Machine.

The Manufacturing Machines Nos. 1, 2, and 3, are intended for the use of Tailors, Boot and Shoe Makers, Upholsterers, Saddle and Harness Makers, &c., &c.

All the above require to be seen to be appreciated. Call and examine.

Silk Twist, Thread, Needles for Leather and Cloth, Machine Oil, &c., &c.

FOR SALE AT THE AGENCY:

HENRY A. TAYLOR,

26 SACKVILLE STREET,

Agent for the Singer Manufacturing Company.

Northern Assurance Comp'y,

FOR FIRE AND LIFE ASSURANCE

AT HOME AND ABROAD.

ESTABLISHED IN 1836.

OFFICE IN LONDON, 1 MOORGATE STREET,

SUBSCRIBED CAPITAL, £2,000,000.

LIFE DEPARTMENT.

NETT ANNUAL PREMIUMS EXCEED - -	£80,000
ASSURANCE FUND EXCEEDS - - - - -	£520,000

IN THE PARTICIPATING BRANCH,

The whole of the Profits, less a fixed percentage of one-tenth of the Premiums, for Management and Guarantee of the sums assured, belong to the Policy-holders; and, in reckoning these profits, the Company is, under its new Act of Parliament (1865), precluded from deducting anything beyond what is actually paid away as commission to agents. The necessity felt by all purely Mutual Societies of setting aside a portion of their profits to form a Guarantee Fund is in this way avoided, and at the same time that economy which is the boast of the Mutual System is ensured.

All orders promptly attended to.

Montreal Transcript.

THE "DAILY TRANSCRIPT,"

The cheapest and most largely circulated Morning Paper published in Montreal,—second to no Journal in the Province either in character or appearance.

ANNUAL SUBSCRIPTION, $5.00.

THE "WEEKLY TRANSCRIPT,"

Which has a circulation throughout almost every City and Town in Lower and Upper Canada, issued in quarto form, contains a large amount of matter in a readable and convenient shape, comprising a complete Summary of the week's news, as well as interesting selections for the Home Circle.

SUBSCRIPTION, $1.00 PER ANNUM.

No pains or expense is spared to make the TRANSCRIPT a thoroughly reliable exponent of Political and Commercial affairs, and a channel for all intelligence that can interest or benefit the community.

W. FRASER & SONS,

PIANOFORTE MANUFACTORY,

No. 70 & 72 Barrington Street, Halifax,

Have on hand and are now making very superior Pianofortes, with a new and greatly improved action recently invented by one of the firm. The Cases are also made in a new style, which gives great strength to them, and makes them stand much better in tune than the ordinary Pianoforte. Persons wishing a first class Piano would do well to give them a call before ordering elsewhere.

SCALE OF PRICES.

No. 1—Walnut	Semi-Cottage Piano, full Iron string plate, sound 6 7-8 octave,	£45	0	0

Capital of Fire Company, - £1,000,000 Stg.
Capital of Life Company, - - 100,000 "

The two Companies are established under different Deeds, and with separate Capital: the advantages, therefore, of keeping the Capital of each Company distinct is secured, whilst mutual benefit will be obtained by a unity of interest, and by the great saving of expense, in consequence of the business of the two Companies being conducted in the same office, and, as far as practicable, by the same Management, and by the same machinery of Agents.

FIRE COMPANY.

Insurances against Loss or Damage by Fire effected at the lowest rates. Losses from Fire caused by explosion of Gas, and Lightning, made good. Commission allowed to Solicitors and others introducing business. Claims adjusted and paid immediately on satisfactory proof being received, without deduction or discount, and without reference to England.

LIFE COMPANY.

The Directors have made it their study to adopt the various improvements and afford all the increased facilities in connection with Life Assurance Policies. They would particularly direct attention to the new and important advantages offered by the Company, full particulars of which will be found in the book prospectuses, which can be had on application to the Agents of the Companies.

DARTMOUTH IRON FOUNDRY.

Having purchased the above premises, we are manufacturing many new and improved patterns of

COOKING, SHIP, HALL, SHOP, AND PARLOR

STOVES,

All of which are HEAVIER and STRONGER than any imported, samples of which may be seen at our WAREROOMS. We also continue to import all the new Designs and Patterns from the United States, as well as

COOKING RANGES, FURNACES,

PENRHYN MARBLE MANTLES,

Frame Grates, &c., &c.

We are also putting up in Public and Private Buildings

STEAM HEATING APPARATUS,

On the most approved plans, many of which are in successful operation in this city.

Montreal Transcript.

THE "DAILY TRANSCRIPT,"

The cheapest and most largely circulated Morning Paper published in Montreal,—second to no Journal in the Province either in character or appearance.

ANNUAL SUBSCRIPTION, $5.00.

THE "WEEKLY TRANSCRIPT,"

Which has a circulation throughout almost every City and Town in Lower and Upper Canada, issued in quarto form, contains a large amount of matter in a readable and convenient shape, comprising a complete Summary of the week's news, as well as interesting selections for the Home Circle.

SUBSCRIPTION, $1.00 PER ANNUM.

No pains or expense is spared to make the TRANSCRIPT a thoroughly reliable exponent of Political and Commercial affairs, and a channel for all intelligence that can interest or benefit the community.

ANNAPOLIS COUNTY DIRECTORY.

ANNAPOLIS.

The County of Annapolis was settled at a very early date in the history of America by the French, who were attracted to the locality by the extraordinary fertility of the soil and the magnificent harbor or basin into which the river that waters the valley empties, offering a combination of circumstances peculiarly favorable for the success of a colony. It was a thriving settlement, when Nova Scotia was finally ceded to England; and after the Acadians were driven out in 1755, their lands were occupied by settlers from the New England Colonies, whose descendants now comprise the largest proportion of its inhabitants. Some of the finest apples produced on the continent of America are grown in the Annapolis valley which is justly celebrated for its orchards and farms. There are rich deposits of iron ore in the South Mountain; and operations in mining and smelting it have been carried on to some extent at Nictaux and Clementsport. The shiretown is Annapolis, but it is rivalled in business activity by Bridgetown, which is situated nearer the centre of the county, and has two newspapers. Nearly the whole population of this county are engaged in agricultural pursuits. The population has not increased much since 1861, when it was 16,953.

ANTIGONISH COUNTY DIRECTORY.

ANTIGONISH,

Formerly Sidney County, is, like Annapolis, almost exclusively agricultural; but its people follow grazing and the raising of stock, more than the cultivation of cereals, or fruit. The district of Tracadie is peopled chiefly by the Acadians, but the inhabitants of the rest of the county are almost exclusively of Scottish Highland descent. The college of St. Francis Xavier is located in Antigonish, the shire town, where also is the residence of the Roman Catholic Bishop for the diocese of Arichat. Antigonish has one newspaper. The population of the county in 1861, was 14,871, since which time there has been a moderate increase.

CAPE BRETON COUNTY DIRECTORY.

CAPE BRETON.

This county, one of the four into which the Island of Cape Breton divided, has a population of various origins, but chiefly of Scotch descen A large part of its area is well adapted for agricultural purposes; and has besides immense deposits of coal which are now being extensive worked The fisheries are also prosecuted with success by a portion the inhabitants. The shire town is Sidney, formerly the seat of gover ment when Cape Breton island was a separate colony, but it is bei outstripped by North Sidney or the North Bay, where vessels are load with coal from the Sydney Mines, and where the Newfoundland m boats call on their way to and from Halifax. A newspaper is publish in the town of Sidney. The population of the county in 1861 was 20,8 but it has largely increased since that date in consequence of the ra extension of the coal mining operations.

COLCHESTER COUNTY DIRECTORY.

COLCHESTER.

Long before Nova Scotia finally came under the dominion of Britain, the French had flourishing settlements in this county, on the rich alluvial lands around the head of Cobequid Bay, but at present it contains no inhabitants of French origin, its people being descended from emigrants from the north of Ireland, the highlands of Scotland, and the New England States. Its soil, throughout nearly its whole extent, is very fertile. It contains rich deposits of iron which is being extensively worked by the Acadia charcoal iron company. Some deposits of coal have also been discovered, but not of sufficient extent to induce capitalists to invest in them. A profitable fishing and ship building business is carried on by the inhabitants along the shore of Cobequid Bay from Onslow to Five Islands. Population in 1861, 20,045. Truro, the shire town, has been connected with Halifax by railway since 1858.

CUMBERLAND COUNTY DIRECTORY.

CUMBERLAND.

This county is rich in varied resources. The alluvial lands around the head of the Bay of Fundy, and along the courses of the various rivers, are of great extent and extraordinary fertility. The interior of the county is well wooded, and numerous sawmills yearly manufacture a large amount of lumber for market. Coal mines are in operation at the Joggins and at River Hebert, and besides these, extensive deposits of coal exist at Spring Hill and elsewhere. Valuable quarries of grindstones are worked at Minudie, and of freestone for building purposes at Wallace River. Shipbuilding is carried on extensively at Parrsborough, Pugwash, Wallace, and other places. A newspaper has recently been established at Amherst, the shire town. The population of the county amounted to nearly 20,000 in 1861.

DIGBY COUNTY DIRECTORY.

DIGBY.

It is only thirty years since Digby County was set apart from Annapolis, with which it was formerly connected. The southern portion of the County, known as the district of Clare, is settled almost exclusively by the descendants of the old French colonists, or Acadians, and is the largest settlement of people of that origin now in Nova Scotia. A newspaper is published in the shire town. Shipbuilding is carried on to some extent at Bear River, St. Mary's Bay, Weymouth, and other places. Agriculture is the chief occupation of the inhabitants, who numbered nearly 15,000 in 1861.

BELLEVEAUX COVE.

Belleveaux Urban, way office keeper.

GUYSBORO' COUNTY DIRECTORY.

GUYSBOROUGH.

This county is situated in the north-eastern section of the Province, and extends from the Strait of Canso westward to Halifax County. The land along the Atlantic coast is exceedingly rocky and sterile, but there is some fine tillage land in the interior, where farming is successfully carried on. The people of the coast are chiefly engaged in fishing. The gold mines of this County, situated at Goldenville, Wine Harbour, and Isaac's harbour, have of late years been a source of considerable wealth to those engaged in them; and under the influence of the business thus created thriving villages have sprung up where six years ago there was a barren desert, or only a few fishermen's cottages. In 1861, the population was 12,713, but it has considerably increased since that date.

HALIFAX COUNTY DIRECTORY.

HALIFAX.

The Metropolitan County is one of the largest in the Province. Like Guysborough, that portion of it lying along the coast is very rocky, vast tracts of it being entirely unfit for cultivation, but it is indented with numerous fine harbors, the shores of which are settled by an industrious population, chiefly fishermen, but some in the eastern section are also engaged in lumbering. In the interior, however, there is a great deal of excellent land, and farming is extensively carried on, particularly along the Musquodoboit and Gay's Rivers. The gold mines of Tangier, Lawrencetown, Lake Loon, Waverley and Oldham have for several years yielded rich returns, and give promise of great future wealth to those engaged in them. The population of the County, exclusive of the city of Halifax, in 1861, was 23,959, but it is now probably several thousands more

HANTS COUNTY DIRECTORY.

HANTS.

The people of this County are chiefly engaged in agricultural pursuits, for which the soil throughout the greater part of its extent is well adapted, but they are also extensively engaged in shipbuilding, which is constantly carried on at Windsor, Hantsport, Avondale, Maitland and elsewhere. It contains extensive and valuable gypsum quarries, and large quantities of that article are yearly exported to the United States. Windsor, the shire town, is connected with Halifax by railway; and during the summer a steamer plies twice a week between that port and St. John, N. B. King's College, situated at Windsor, is the oldest institution of the kind in Nova Scotia. The population in 1861 was 17,460. The Renfrew gold mines, situated in the Nine Mile River district of this County are very valuable, and have yielded a large amount of the precious metal.

INVERNESS COUNTY DIRECTORY.

INVERNESS

Is the second County in the island of Cape Breton, in point of extent and population. The population, with the exception of a district in its northern part, whose inhabitants are of French origin, are wholly descended from Scotch Highlanders. Fishing is carried on extensively by some of the people on the shore, but farming is the principal employment of the whole population. Large and valuable deposits of coal exist at Port Hood, Malow, and Broad Cove, but they have not been worked, although capable of yielding a profitable return for capital invested. The population of Inverness was near 20,000 in 1861.

KING'S COUNTY DIRECTORY.

KING'S COUNTY.

A large, and the most valuable portion of this County is formed by a continuation of the Annapolis valley, and possesses the same general characteristics of extreme fertility, and successful farming and fruit culture. The most valuable dyked land in the Province is in this County, some of it being worth from £60 to £80 per acre. In 1861 the population numbered 18,731. The inhabitants of Canning, Scot's Bay, and other places, are largely interested in shipping. Acadia College, an excellent educational institution, in connection with the Baptist denomination, is situated at Wolfville.

LUNENBURG COUNTY DIRECTORY.

LUNENBURG.

The inhabitants of this County are chiefly the descendants of a body of Germans and Swiss, who settled there about the middle of the last century. In 1861 they numbered nearly 20,000. The soil in the interior of the County is excellent, and farming is extensively and profitably carried on; but along the shore, where, except in two or three localities, there is very little soil suitable for cultivation, the inhabitants are chiefly engaged in fishing. The fishing fleet of Lunenburg County comprises a large number of schooners, many of them of beautiful model and celebrated for their fast sailing. Gold has been discovered at several localities within this County, but it has not attracted much attention at any point except at "The Ovens," at the entrance of Lenenburg harbour, where it is obtained in paying quantities, both by quartz mining, and by washing the sand on the seashore.

PICTOU COUNTY DIRECTORY.

PICTOU.

The County of Pictou, next to that of Halifax, is the most populous in the Province. It is one of the most recently settled parts of Nova Scotia proper, and has made rapid progress, both in population and wealth. Its resources are varied and valuable. Its soil is generally of good quality, and watered by numerous rivers and streams. It contains valuable quarries of freestone and grindstones, and large deposits of iron exist in one section of it. But its chief source of wealth is its immense beds of coal, which are now being extensively worked—the mines giving employment to a population of several thousands. Pictou harbour, a safe and commodious port, is, for several months in the year, crowded with shipping. The town of Pictou was, at an early period in its history, the seat of an excellent institution of learning, which, after being closed for several years, has again been opened, but on a less efficient basis than formerly. An Academy has also been established in the town of New Glasgow. A newspaper is published in each of these towns. The railway from Truro, now in course of construction to connect Halifax harbour with the water of the Gulf of St. Lawrence, for near 40 miles of its length, lies within this County, passes near the Albion Mines and through New Glasgow, terminating at Fisher's Grant, opposite the town of Pictou. During the summer, steamers ply regularly between Pictou and Charlottetown, Prince Edward Island, and between Pictou and Quebec. The population of the County, in 1861, was 28,785; but it has been considerably increased since that date by the impetus giving to business in consequence of the opening of new collieries, and the building of the railway.

QUEEN'S COUNTY DIRECTORY.

QUEEN'S COUNTY.

This County, like all those lying along the Atlantic coast, is rocky and unsuited for cultivation near the seashore, but possesses some good land in the interior. Lumbering and farming are the principal occupations of the people; but fishing and trading are also successfully carried on. The population, in 1861, was 9365. A newspaper is published in Liverpool, the shire town; and a steamer plies twice a week between that place and Halifax, calling at Lunenburg on the trip each way.

RICHMOND COUNTY DIRECTORY.

RICHMOND.

This, the third County of Cape Breton, in point of population, is almost exclusively a fishing and trading County, but there are a few farming settlements in that portion of it bordering on the Bras d'Or lake. The population is principally of French descent. A great deal of shipping is owned in the County—a considerable part of which finds employment, during the summer season, in the coal trade. Valuable coal mines exist at River Inhabitants and Cariboo Cove. The population, in 1861, was 12,607, of whom three-fourths are of French origin, the remainder being chiefly of Scotch descent.

SHELBURNE COUNTY DIRECTORY.

SHELBURNE.

The population of this County is descended chiefly from the loyalists, by whom it was settled at the time of the American revolution. In consequence of the sterile and rocky character of the soil, the settlement did not at first succeed, and the population diminished in numbers; but latterly it has increased, and in 1861, numbered 10,668 souls. The inhabitants are enterprising and industrious, and do a thriving business in fishing, shipbuilding, and the carrying trade, in which numbers have amassed considerable wealth.

VICTORIA COUNTY DIRECTORY.

VICTORIA.

This, the fourth County of Cape Breton, is the most recently organized County in the Province, and, with one exception, the smallest in population, numbering, in 1861, only 9643 persons. With the exception of St. Ann's, where the French had a settlement and fort, in the seventeenth century, it is of comparatively recent settlement; but it is valuable in its resources, and its population is rapidly increasing. From some of its harbours the fisheries are successfully prosecuted. There is a great deal of excellent farming land in the interior, on which a good deal of stock for exportation is raised; it has valuable plaster quarries and coal mines; and recently, gold mining has been added to its other industrial pursuits.

YARMOUTH COUNTY DIRECTORY.

YARMOUTH.

The people of Yarmouth, numbering 15,446, in the year 1861, are among the most enterprising of any in the Province. In the interior farming is the chief occupation; on the shore they are engaged in fishing, shipbuilding and the carrying trade. Yarmouth owns a large amount of shipping, most of which is in vessels of large tonnage, and engaged in distant voyages. The town of Yarmouth is increasing both in population and wealth. It supports two good newspapers, and an Academy which is said to be the best conducted institution of the kind in the Province. A line of steamers now connects Yarmouth with Boston.

HOWE'S
PREMIUM STANDARD SCALES

Are warranted to give satisfaction in every case. Their platforms rest on chilled iron balls, which take nearly all the wear from the knife edges, thus making them the most durably accurate scales ever made. These balls, together with the adjustable bearings, entirely remove the necessity of check rods, which often seriously obstruct the movement of other scales.

They have always taken the first premium wherever exhibited, among which are a Gold Medal awarded by the Massachusetts Charitable Mechanics' Association in 1860. and a Slver Medal from the same association at its recent fair, for improvements made since that date, and seven first class premiums at the Vermont State Fairs since 1857, notwithstanding the most vigorous competition.

CANAL WEIGHLOCK, & R. R. TRACK SCALES,

of capacity weighing from 20 to 200 tons, which, with the Hay, Coal and Cattle Scales, are so constructed as to secure the greatest strength at every point where strength is needed, having all their bearings so protected from snow and ice as to make them very easily kept in order during the wiuter.

PORTABTE, WAREHOUSE AND COUNTER SCALES,

of a larger variety than ever before offered to the public of New England, adapted to every purpose for which Scales are used, together with a large assortment of Druggists', Jewellers', Brokers', and Bankers' Scales, Beams, Frames, Spring Balances, Weights and Measures.

ALSO,

Marvin's Dry Plaster and Alum Safes,

which never mould their contents, Burglar Proof Vaults, and Patent Alarm Money Drawers.

APPENDIX.

THE ROYAL FAMILY.

THE QUEEN.—VICTORIA, of the United Kingdom of Great Britain and Ireland, &c., Queen, Defender of the Faith. Her Majesty was born at Kensington Palace, May 24, 1819; succeeded to the throne June 20, 1837, on the death of her uncle, King William IV; was crowned June 28, 1838; and married, Feb. 10, 1840, to his Royal Highness, Prince Albert. Her Majesty is the only child of his late Royal Highness Edward Duke of Kent, son of King George III. The Children of her Majesty are:—

Her Royal Highness Victoria-Adelaide-Mary-Louisa, PRINCESS ROYAL OF ENGLAND AND PRUSSIA, born Nov. 21, 1840, and married to his Royal Highness William of Prussia, Jan. 25, 1858, and has issue two sons and a daughter.

His Royal Highness Albert-Edward, PRINCE OF WALES, born Nov. 9, 1841; married, March 10, 1863, Alexandra of Denmark (Princess of Wales), born Dec. 1, 1844, and has issue two sons, Prince Albert Victor, born Jan. 8, 1864, and George Frederick Ernest Albert, born June 3, 1865.

Her Royal Highness Alice-Maud-Mary, born April 25, 1843; married to H. R. H. Prince Frederick Louis of Hesse, July 1, 1862, and has issue a daughter and a son.

His Royal Highness Alfred-Ernest-Albert, born August 6, 1844.
Her Royal Highness Helena-Augusta-Victoria, born May 25, 1846.
Her Royal Highness Louisa-Carolina-Alberta, born March 18, 1848.
His Royal Highness Arthur-William-Patrick-Albert, born May 1, 1850.
His Royal Highness Leopold-George-Duncan-Albert, born April 7, 1853.
Her Royal Highness Beatrice-Mary-Victoria-Feodore, born April 14, 1857.

George-Frederick-William-Charles, K.G., DUKE OF CAMBRIDGE, cousin to her Majesty, born March 26, 1819.

Augusta-Wilhelmina-Louisa, DUCHESS OF CAMBRIDGE, niece of the Landgrave of Hesse, and aunt to her Majesty, born July 25, 1795; married, in 1819, the late Duke of Cambridge.

George-Frederick-Alexander-Charles-Ernest-Augustus, K.G., KING OF HANOVER, cousin to her Majesty, born May 27, 1819, married Princess Frederica of Mecklenberg-Strelitz, and has issue a son and two daughters.

Augusta-Caroline-Charlotte-Elizabeth-Mary-Sophia-Louisa, daughter of the late Duke of Cambridge, and cousin to her Majesty, born July 19, 1822, married, June 28, 1843, to Frederick, Grand Duke of Mecklenburg-Strelitz, and has a son.

TARIFF OF NOVA SCOTIA.

From 1st April 1866.

AN ACT TO REGULATE CUSTOMS DUTIES.

Passed the 31st day of March 1866.

Be it enacted by the Governor, Council, and Assembly, as follows:

1. This Act shall come into operation on the 1st day of April, in the year one thousand eight hundred and sixty-six, and shall continue in force until the first day of April next thereafter.

2. There shall be collected and paid to Her Majesty, for the use of the Province, upon all goods brought into this Province, by sea or land carriage, the several duties in currency set forth in figures on the table hereinafter contained, denominated "Table of Duties," opposite the respective articles in such table mentioned, according to the value, number, or quantity of every such article.

3. The goods mentioned in the table hereinafter contained, denominated "Table of Exemptions," shall be free of duty.

4. The duties shall be collected, paid, and received, and the proceeds thereof applied under the provisions of the Provincial Statutes from time to time in force concerning the same.

5. The duties shall be collected, paid, and received, according to the weights and measures in use in this Province; and where, in the table of duties such duties are imposed according to any specific value, quantity or number, the same shall apply in the like proportion to any greater or less value, quantity or number.

JACOBS & BOYLE, Agents Marvin's Safes, Hollis Street, Halifax and Boston.

E. H. ASHCROFT, Monitor Ratchet Drills, 82 Sudbury St., Boston, Mass.

HON. W. A. HENRY, Agent, Imperial Fire Ins. Co., Hollis St., Halifax. See p. 177.

6. The duties shall be paid to the Collectors of the Colonial Revenue, and received at the office of the Receiver General, either in treasury notes, or in current coin at the legal rate of tender.

7. Duties paid into the Receiver General's office shall be carried to account of the Provincial Revenue, and become part of the public funds, and shall be paid and applied only to such purposes as may be expressed from time to time in the Provincial Statutes concerning the same, and shall in all cases be drawn only by warrant under the hand and seal of the Governor.

8. The Governor in Council may, whenever it shall be advisable so to do, declare by proclamation, what other articles, the growth and production of the British North American Provinces of Canada, New Brunswick, Prince Edward Island, and Newfoundland, or any of them, may be imported into the Province free of duty, and may declare in what manner, and under what restrictions, the same may be imported.

9. Books, drawings, paintings or prints of an immoral or indecent character are prohibited to be imported into this Province under a penalty of fifty dollars for each offence, and the forfeiture of the parcel or package of goods in which such prohibited articles may be found.

	India	23	23	46	46	92
	Spain	23	36	46	46	92
	S. or W. Australia	23	23	46	46	92

Mails for the United Kingdom *via* the United States are made up to meet the Steamers leaving New York for Liverpool. Letters to be especially addressed "*via New York*," Letters 20 cents; Newspapers 2 cents. *Must be prepaid.*

Mails for NEWFOUNDLAND are made up *once a month* in December, January, February, and March; and *fortnightly* in the other months, (including Cape Breton,) closing *finally* on the *Thursday evening* of the week the Steamer is due from Boston. Letters 10 cents; if posted in the interior, 13½ cents. Newspapers 2 cents. *Must be prepaid.* Mails for ST. PIERRE and MIQUELON are forwarded *via* Newfoundland. Letters 8½ cents; if posted in the interior, 13½ cents. Newspapers 2 cents. *Must be prepaid.*

Mails for BERMUDA and the BRITISH WEST INDIA ISLANDS are closed every alternate *Thursday evening* (commencing Jan. 3, 1867) at 6 p.m., once a Month. Letters 10 cents; if posted in the interior 13½ cents; Newspapers 2 cents—*Must be prepaid.* Mails are made up at the same time for Cuba, South America, and the Foreign West India Islands, Chagres, and Panama, and to places on the Western Coast of America.

Mails for the UNITED STATES by Steamers are made up every alternate *Tuesday evening* (commencing Jan. 4, 1867.) *Supplementary Mails* made up until the Steamer arrives from England. Should the Steamer arrive *previous* to Tuesday evening the Mails will then close *immediately*. Letters 10 cents; if posted in the interior, 13½ cents. Letters weighing more than 1 oz., but under 1½ oz., will be charged *three* rates of postage instead of 4 as formerly—if exceeding 2 oz., but under 2½ oz., five rates instead of six, and so on adding one rate for every additional ½ oz. Newspapers 2 cents. *Must be prepaid.*

A Mail for CANADA is also made up and forwarded at the same time. Letters to be specially addressed, "*Closed Mail for Canada.*" Letters 12½ cents—*prepayment optional.*

British reprints of copyright works from the United States, *by Steamer*, are charged letter postage.

LAND MAILS.

Letters posted in NOVA SCOTIA, addressed to any place within the Province, *if prepaid*, 5 cents; *if not prepaid*, 7 cents. Letters mailed for delivery within the County 2 cents; *if not prepaid*, 7 cents. Letters pre-paid may be sent from one Way office to another without passing through a Post Office. If unpaid

S. S. WHITE, Publisher of the Dental Cosmos, 528 Arch Street, Philadelphia, 16 Tremont Row, Boston.

CHAMBERLAIN'S Chemical Apparatus, 300 Washington Street, Boston.

BROWN'S Continental Express, 196 Hollis Street, Halifax.

will be sent to the nearest Post Office, taxed 7 cents, and forwarded to destination.

Letters to CANADA and NEW BRUNSWICK, 5 cents—*prepayment optional.* Letters to PRINCE EDWARD ISLAND, 5 cents, *must be prepaid:* if posted wholly or in part unpaid, they will be forwarded and charged 5 cents in addition to the postage. Letters for the UNITED STATES (except to Oregon and California) 10 cents; to Oregon and California, 15 cents—*must be prepaid.*

Official letters addressed to the Provincial and Military Departments, are exempt from prepayment.

Registered letters for the Provincial Public Departments and the Military Departments, addressed to Halifax, can be sent without prepayment of postage or registry fee.

REGISTRATION.—Letters for registry must be posted *half an hour* previous to the closing of the Mail by which they are to be sent. The postage as well as the Registration fee *must be prepaid.* The registration of a letter addressed to any place in Nova Scotia, British North America, or the United States is 10 cents; to the United Kingdom, 8½ cents; to Australia and all other places, when passing through the United Kingdom, 25 cents. No registered letters forwarded between two Way offices.

Registration is applicable to all descriptions of letters and parcels, whether they contain articles of value or not. Registration is not an absolute guarantee against the miscarriage or loss of a letter; but a registered letter can be traced when one unregistered cannot; and the posting and delivery or non-delivery can be proven. A registered letter is thus secured against many of the casualties which, from incorrect address, forgetfulness of the receiver, or other error, may affect an unregistered letter. "Moreover, the safety of an unregistered letter is dependent on the integrity of a post office clerk during the whole time it remains in his custody, frequently for hours, and even days, whilst a registered letter will almost invariably have to be acknowledged at the moment of its passing into an officer's hands, and cannot therefore be suppressed without leaving him individually accountable for its disposal." "If the consequences were limited to the mere risk of the loss of the money so sent, the senders of money in unregistered letters might reasonably urge, that if they choose to encounter the risk, they should be free to do so; but higher considerations are involved in the question, and the chance of loss to the careless remitter is really but the smallest part of the evil associated with the practice." The attentive perusal of the above remarks by those who are in the habit of sending money by mail in unregistered letters is strongly recommended, and it is further suggested that letters containing money should invariably be secured with *wax*, and not by the usual method, by mucilage, or self sealing envelope.

Letters posted in any city or town in the Province for delivery in the same city or town, are charged 2 cents; if unpaid they are taxed 4 cents.

Letters *prepaid* by stamp dropped into the box during the night and up to 4.30 a.m., will be forwarded by the mails despatched the same morning.

Semi-daily Mail to and from Dartmouth, postage 2 cents. If unpaid 4 cents.

All letters are charged by weight irrespective of distance, and a uniform rate of postage of 5 cents per ½ oz, has been established throughout British North America. The rates of postage mentioned all refer to a *single letter.* If it exceeds the ½ oz. it is charged double and so on according to weight. Ship letters 5 cents. Letters for Consignees, *free.*

PRINTED BOOKS transmitted through the Province are charged *one cent per* oz. up to 48 ozs. PRINTED BOOKS, Magazines, Reviews or Pamphlets, binding rollers

Mails for all places named in the foregoing table are made up at 8 p.m., except the second semi-daily mails for Windsor and Truro, which are made up at 2 p.m. Mails from all those places are due at Halifax by the eastern and western morning and evening trains from Truro and Windsor. The shore mails from Lunenburg, Liverpool, &c., are due at 7 p.m.

No printed paper, whether newspaper, book, pamphlet, or other paper, shall be transmitted either free or at a reduced rate of postage, unless it is sent, 1, without a cover, or in a cover open at the ends. 2. There shall be no words or communication printed on the paper after its publication, or upon the cover, nor any writing or marks upon it, or upon the cover, except the name and address of the sender and of the person to whom sent. 3. There shall be no paper or thing enclosed with it. Where these conditions are not fulfilled the whole will be charged letter postage.

☞The word "Newspaper" means any publication issued not less frequently than once a week, and containing notices of passing events—and the word "Periodical" means any publication issued at regular intervals, but less frequently than once a week.

Masters of vessels are entitled to receive for each letter they may deliver when inwards bound, 2½ cents.

CHAMBERLAIN'S Chemical Apparatus, 300 Washington St., Boston.

S. S. WHITE, Dealer in Platina Plate and Wire, 16 Tremont Row, Boston.

BROWN'S Continental Express, 196 Hollis Street, Halifax.

PARCEL POST.—The charge on Parcels, limited to places within the Province is, if under 8 ounces, 12½ cents; above 8 ozs. but less than a pound, 25 cents; above 1 and not exceeding 2 pounds, 50 cents; above 2 but not exceeding 3 pounds, 75 cents; beyond this weight no parcel can be sent, and must not exceed 1 foot in length or breath, and six inches in thickness. *Must be prepaid.* The charge on parcels to New Brunswick, or Canada is for a parcel under 8 oz. 25 cents; if more than 1 and not exceeding 2 lbs., 50 cents; more than 2 and not exceeding 3 lbs., 75 cents; beyond which weight no parcel can be sent.—Size same as above.—*Must also be prepaid.*

PATTERN POST.—Patterns of merchandize can be sent by post between Nova Scotia and Great Britain at the following rates:—for a packet not exceeding 4 oz. 7 cents; under ½ lb., 12½ cents; not exceeding 1 lb., 25 cents; above 1 and not 1½ lbs., 37½ cents; above 1½ and not 2 lbs., 50 cents; every additional ½ lb. 12½ cents; no parcel to exceed 2 feet in length, breadth or depth. *Must be prepaid.*

DR. POLAND'S WHITE PINE COMPOUND!

THE GREAT AND POPULAR REMEDY

For Colds, Coughs, Hoarseness, Sore Throat, Croup, and Whooping Cough.

CURES GRAVEL AND ALL KIDNEY DISEASES.

[Hundreds of cases of Kidney complaints cured entirely by taking the White Pine Compound, have been reported by Druggists.]

This medicinal preparation did not originate in an effort to get up an article to sell. Undoubtedly very many of the popular nostrums of the day were started for that purpose, and some of them have given their proprietors vast wealth. Not so with the White Pine Compound.

In the winter of 1854-5, Dr. J. W. POLAND, then of Goffstown Centre, N. H., composed a small quantity of medicine for a member of his family, who was afflicted with a disagreeable irritation of the throat. Knowing that the White Pine Bark was useful in cases of inflammation, he made that the BASIS of his article. It was necessary to combine the Bark with other ingredients, to modify its action as an astringent. Of course, it was an experiment It would not injure—it might do good. The result was most surprising. A permanent cure was effected within a week, and there has been no return of the difficulty for nine years, though it was of long standing.

A second small quantity was prepared for a lady who had a bad cough, and had raised some blood, and she was cured of it. Two or three other individuals made a trial of it, and experienced a wonderful relief in throat difficulties. But with all these flattering results, not a thought was entertained of ever putting it on sale, till several months had elapsed.

TESTIMONIALS.

Dr Nichols, Northfield, Vt., says :—"I find the White Pine Compound to be very efficacious, not only in coughs and other pulmonic affections, also in affections of the kidneys, debility of the stomach, and other kindred organs."

Rev. J. K. Chase, of Rumney, N. H., writes :—"I have for years regarded your White Pine Compound as an invaluable remedy. I can truly say that I regard it as even more efficacious and invaluable than ever. I have just taken the Compound for a cold, and it works charmingly."

Rev. H Hodge, of West Randolph, Vt., who is also a physician, says :—"I find it (the Compound) an excellent medicine in kidney diseases."

FROM HON. P. H. SWEETSER.

SOUTH READING, May, 1864.

DR. J. W. POLAND—Dear Sir :—Having long known something of the valuable medicinal properties of the White Pine, I was prepared, on seeing an advertisement of your White Pine Compound, to give the medicine a trial. It has been used by members of my family for several years, for colds and coughs, and, in some cases, of serious kidney difficulties, with excellent results. Several of our friends have also received much benefit from the Compound. We intend to keep it always on hand.

The Editor of the Manchester Daily and Weekly Mirror, in a leader of the Daily, thus writes of the Compound :

"The White Pine Compound is advertised at much length in our columns, and we are happy to learn that the demand for it is increasing beyond all previous expectations. It is the very best medicine for coughs and colds we know of, and no family that has once used it will ever be without it. We speak from our own knowledge ; it is sure to kill a cold, and pleasant as it is sure. The greatest inventions come by accident, and it is singular that the White Pine Compound, made for coughs and colds, should prove to be the greatest remedy for kidney difficulties known. But so it is. We cannot doubt it, so many testimonials come to us from well-known men. Besides, the character of Dr. Poland is such that we know that he will not countenance what is wrong. For years, a Baptist clergyman, studying medicine, to find remedies for his ailments, with a delicate, consumptive look, standing with one foot upon the grave, he made the discovery which has saved himself and called out from hundreds of others the strongest testimonials possible. We have known Dr. Poland for years, and never knew a more conscientious, honest, upright man, and are glad to state that we believe whatever he says about his White Pine Compound."

Give it a trial if you would learn the value of a good and tried Medicine. It is pleasant, safe and sure.

Sold by Druggists and Dealers in Medicine generally.

GEO. W. SWETT, M. D., Proprietor,

BOSTON, MASS.

Beg to invite the attention of Jobbers and Country Merchants to their EXTENSIVE AND WELL ASSORTED STOCK OF BOOTS AND SHOES, comprising all the various and newest styles in the trade. The whole of their Goods are manufactured under the immediate inspection of the principals, and all the materials used therein are carefully selected and of the best quality.

Having introduced into their Manufactory the latest and most improved machinery used in the business, their facilities for production are greatly increased and unsurpassed in Canada.

In respectfully soliciting the patronage of the public, they guarantee to supply goods of the best quality in style, make and material, at the lowest possible prices.

Orders by letter filled with promptitude and attention; and any Goods not approved of may be returned at their expense.

MIDDLETON & DAWSON,

STATIONERS & PRINTERS,

Bookbinders & Booksellers,

NEWSPAPER & PERIODICAL AGENTS,

AND

PUBLISHERS OF "QUEBEC GAZETTE,"

Shaw's Buildings, Foot of Mountain Hill, Quebec.

The Quebec Gazette,

A Tri-Weekly Literary, Political and Advertising Journal.

The "Gazette" is the oldest newspaper in Canada, its publication having commenced in June, 1764, five years after the capture of Quebec, and uninterruptedly continued up to the present date,—a period of ONE HUNDRED AND TWO YEARS. Looking to the number of journals that have lived and died during that period, the lengthened existence of the "Gazette" speaks volumes in its favor, and recommends it to the consideration of the reading public.

AS A LITERARY AND FAMILY NEWSPAPER,

The "Gazette" enjoys a great degree of popularity, from the amount of miscellaneous matter contained in its columns.

IN POLITICS,

Thoroughly independent of party, it can praise or censure, without fear or favor; it is also profoundly British in its antecedents and present sentiments.

AS A COMMERCIAL PAPER,

It contains the latest and most authentic commercial news; prices current of every description of marketable money securities, as well as those of household commodities and necessaries.

AS AN ADVERTISING MEDIUM,

Its large family circulation renders it one of the most eligible for articles of family consumption, wear or interest.

CODMAN & SHURTLEFF,

13 & 15 TREMONT STREET,

BOSTON,

MANUFACTURERS AND IMPORTERS OF

SURGICAL AND DENTAL INSTRUMENTS,

Besides a complete assortment of articles intended for the exclusive use of the Medical and Dental Professions, have always in store, at the lowest prices, a great variety of the following articles, suited to the wants of the general public :—

TRUSSES.

A large assortment of best patterns from which to select to meet the requirements of each case. If possible persons requiring Trusses should call at our Establishment, where they can have a suitable Truss carefully fitted by a competent and experienced person familiar with the anatomy of hernea. When a call in person is impracticable, a careful description should be sent, stating whether the rupture is on the right or left side; also the measure around the person two inches below the top of the hip bone. If the rupture is at the navel, the measure should be around the body at the navel.

ELASTIC HOSE.

For Varicose Veins, Swollen Limbs, and Weak Joints.

Of these Goods we have several classes of Silk and Cotton, possessing different degrees of elasticity; the "Stout Silk" being usually the most satisfactory. The sizes are full length of leg, three quarters, half, or knee hose, knee-caps and anklets.

Also, Elastic and Spring abdominal Supporters, Shoulder Braces, Suspensory Bandages, Apparatus for Weak Ankles, Bow Legs, Club Feet &c.

Also, Crutches, of various and most improved kinds, Syringes, Rubber Urinals, to wear on the person day or night, for males and females, Galvanic Batteries, Hearing Trumpets, Auricles and Conversation Tubes for the Deaf, Respirators to prevent coughing or entering cold or warm air, together with many other articles for the use of the sick and invalids.

N.B—A liberal discount to the trade.

Dr. Spear's Indian Liverwort Pills.

A trial of one single box of these pills will, in every instance, satisfy the patient that they are the best purgative known. As a purifier of the blood, they have a remarkable and singular effect in cleansing the bowels and stomach; they also act like a charm in removing the various affections of the liver, costiveness, headache, giddiness of the head, pain in the side and back. They are also an infallible remedy in all diseases of the head, such as a slight degree or appearance of mental derangement, confusion of the mind, dimness of the sight; and as a common family pill, their wonderful effects cannot be described. They are a perfect preventive against disease.

☞ Try one box for your own satisfaction, and you must acknowledge their superiority over every other pill.

☞ BEWARE LEST YOU BE DECEIVED. Be sure to call for DR. SPEAR'S Indian Liverwort Pills.

DR. E. D. SPEAR, Boston, Mass., may be consulted upon all diseases, by letter with a stamp included, or at his Office, free of charge. Dr. Spear's pamphlet, fine type 72 pages, containing Symptoms of diseases, manner of treatment, and more than one hundred certificates of remarkable cure, sent free.

Price 25 cts. per box, $2 per dozen. A liberal discount by the gross to the trade in the Provinces.

Address, DR. E. D. SPEAR,

Boston, Mass.

LAKE SHORE & MICHIGAN SOUTHERN
RAILROAD LINE,

In direct connection with all the principal Lines

EAST, WEST, NORTH AND SOUTH.

The Cars are of modern construction, well warmed and ventilated. Every convenience and comfort is provided, and all the annoyances incident to traveling with families, are prevented. Eating houses are located at convenient places throughout the line. The most luxurious Sleeping Cars in the world, accompany Night Trains, with but one change of Cars between Buffalo and Chicago. All connections made in Union Depots. Baggage checked through. Second Class Cars with cushioned seats, accompany all Express Trains, giving passengers the advantage of high speed with low fare. Ask for Tickets via Lake Shore and Michigan Southern Railroad Line.

DR. F. MORRILL'S MEDICAL OFFICE.

LISTEN TO THE VOICE OF EXPERIENCE! ONE WORD TO THE DYING should arrest the attention and awake the alarm of Young Men in our community, where so many are sinking under the long array of evils that arise from that dreadful scourge, solitary vice, and other indiscretions and youthful indulgences. Listen, young men, ere it is too late! and suffering in enervated youth a premature old age, arising from the secret habit which undermines the bodily health and the mental powers. Remember and seek the true physician DR. FREDERIC MORRILL, of No. 48 Howard st., Boston, Mass. Do not procrastinate, but go early—go when unerring symptoms tell you your condition, when you are sensible of Weakness in the back and limbs, Loss and Prostration of the animal functions and Muscular Power, Derangement of the Digestive Organs, Dyspeptic Ailments, General Debility and the common symptoms of Lung Diseases, as well as the most terrible mental effects, such as Weakness of Mind, Alienation and Loss of Memory, Restlessness in Sleep, Confusion of Ideas, Depression of Spirits, Habitual Sadness and Disquietude, a Longing for Change, Evil Foreboding, Avoidance of Society and Love of Solitude and Retirement, Timidity, Mental Uneasiness, Headache, and indeed a degree of insanity almost terminating in absolute madness. Go, young man, when nature thus bends beneath the abuse heaped upon her, and let no false delicacy deter you from the wise course. Go to Dr. Morrill and he will give you restored health when the body is overthrown and the mind wretched; he can and has cured innumerable cases of Nocturnal Emission and other terrible inflictions from this fruitful cause of disease.

In cases, too, of Gonorrhœa, Syphilis, Venereal Complaints, and others of a similar nature, have no fears of the result if you place yourself under his charge; his is the voice of experience, and he has cured more cases than any living physician—he has administered to every form of Private Disease, and his remedies are sure, safe, speedy and infallible. A perfect cure is guaranteed, and a radical cure is always effected.

The Dr.'s Female Monthly Drops are the only sure cure for all suppressions and irregularities, that were ever offered for sale in this city. These drops are acknowledged to be the best in the world for producing regularity in all cases of Female irregularity, suppressions, &c., &c., whether originating from cold or any other causes. They are remarkably mild, safe and sure, and the most convincing proofs of their virtues are the benefits which have been realized by the afflicted in their use. The Drops can by obtained at my office, No. 48 Howard street, with directions for use. All letters attended to, and medicines, directions, &c., forwarded immediately.
