Turks Fire on The Helpless Refugees; Ignore British Plea

Lands Wounded as Greeks Leave on Ships—Dead in Smyrna Reported at 2,000—Field Marshal French to the Scene—Consulates Burned.

Constantinople, Sept. 16.—Reports were rampant here yesterday that the allied armships were bombarding Smyrna, and investigation proved that the cannonading was the work of the Kemalists' main batteries which were attacking the remainder of the Greek forces encamped on the Chese peninsula.

The British authorities appealed to the Turkish officers to cease firing, as the straggling troops were no longer combatants, but helpless refugees, and the Turkish army, they declared, was in violation of the dictates of humanity and international law.

URGES ALLIES TO ACTION.

The Kemalists, however, ignored the British plea for mercy, and the Greek vessels retired under heavy fire, with many wounded. Field Marshal French, an of Ypres, is expected to arrive here on Sunday.

Upwards of 4,000 persons perished in the great fire at Smyrna, and 2,500 buildings were destroyed.

A heavy rain continued to fall after the fire, making the plight of the inhabitants and refugees piteous. Thousands of the frantic populace fled to the waterfront and pleaded for shelter in the small boats of U. S. bluejackets there to give them shelter aboard the destroyers.

The city is without adequate food and water, and the deplorable lack of sanitary conditions is giving rise to pestilence.

Major-General Sir Frederick Maurice, noted war critic, who takes a gloomy view of the situation in the Near East, yesterday urged the Allies to take immediate action to strengthen their hold on Constantinople and to keep the Straits open.

London, Sept. 16.—Succeeding dispatches from Constantinople, Athens and other centres of information in the Near East only tend to magnify the tale of the tragedy in Smyrna.

The greater part of the city is in ruins, laid waste by a conflagration of incendiary origin, and the flames, according to the latest account, had reached the water front, where the quays were crowded with fear-crazed Christian refugees who fled to the city as the nearest port of escape from the Turks.

Many have thrown themselves into the water rather than run the risk of being burned alive or of facing the taphs of the Turkish soldiery, drunk with victory and fired with religious fanaticism.

Others have not had the chance to hoose, according to dispatches from the front, and are being massacred wholesale.

Estimates of the number killed vary greatly, and the latest dispatch quotes a relief worker as declaring that to Thursday morning there had been 120,000 victims. It is thought this figure may include the wounded, and the number of dead at 1,000 to 2,000.

Landward from the city it is reported that all the villages are burning, and that the whole countryside has been devastated.

British Fleet's Orders

Meanwhile the Turkish forces in the north have continued their advance, and almost simultaneously with the news of their capture of Panderna, on the Sea of Marmora, comes the announcement that the British fleet in the Dardanelles has been ordered to prevent any attempt to cross the straits, and that no ships shall be allowed to transfer troops in a movement towards Thrace.

The Turks are not without support in their European ambitions. The Russian government is understood to bind the Russians to co-operate with Kemal in the capture of the Dardanelles in return for the freedom of the Black Sea, and to hold the Black Sea fleet in readiness to assist the Russian navy in the event of a Russian attack on the Black Sea.

Greater Part of City Destroyed

London, Sept. 16.—The destruction of the great port of Smyrna by fire, accompanied by reports of horrible massacres perpetrated by the Turkish Nationalist forces, the victims numbering between 1,000 and 2,000 persons, has further complicated the already grave situation in Asia Minor. Up to the present reports of these massacres appear to depend largely on possibly exaggerated statements of terrified refugees, but it seems impossible to doubt, from information reaching London, that some lives have been sacrificed, women outraged and other atrocities committed.

HORNSBY HAS A DANGEROUS RIVAL

Tierney of Pittsburg Chases Him for Batting Honors

Only Seventeen Points Behind National Leader—Sisler's Absence Causes Gloom—Merry Finish by Home Run Artists.

Chicago, Sept. 16.—Rogers Hornsby, St. Louis star, who a few weeks ago appeared to have the batting championship of the National League tucked in his pocket, today has ceased to worry over the 1922 honors. Jimmy Tierney, Pittsburg's second baseman, is only seventeen points behind the St. Louis favorite and with the close of the season three weeks away may become a dangerous contender.

Just a month ago Tierney launched his drive for batting honors. The latest figures, which include games of Wednesday, show him hitting 380 compared with 345 four weeks ago. In his last six games Tierney has made eleven hits, and in stolen bases to forty-two and his record of runs scored to one hundred and twenty-seven.

Hornsby's batting average is .397, and he has increased his home run string to 37.

Other leading batters for 100 or more games—Grimes, Chicago, 363; Bigbee, Pittsburg, 360; Miller, Chicago, 349; Hollocher, Chicago, 345; Daubert, Cincinnati, 343; Harper, Cincinnati, 331; Carey, Pittsburg, 328; Williams, Detroit, 324; Duncan, Cincinnati, 323.

Gloom Because of Sisler

The injury to George Sisler has cast a gloom not only over St. Louis but in many other cities where the fans have been pulling for the Browns to win. Sisler is American League pennant. If Sisler is not able to get back in the game his batting average of .424 appears to be high enough to ensure his position as leading hitter for 1922. His closest rival, Ty Cobb, is thirty-one points behind with .390. Sisler has the edge for stolen bases with forty-seven, with Williams, a team mate, next, with thirty-three.

The race of Babe Ruth to overtake Williams and Walker for the home run and RBI record is becoming more exciting. Williams is leading with 103, Babe is second with 93, and Walker is third with 83.

Other leading batters for 100 or more games—Speaker, Cleveland, 374; Healy, Detroit, 367; Schang, New York, 357; John, St. Louis, 354; Galloway, Philadelphia, 351; Pipp, New York, 331; Bassler, Detroit, 328; Williams, St. Louis, 327; Veach, Detroit, 325; Miller, Philadelphia, 323.

First Gold for Canada Since the Armistice

Half Million from New York—A Significant Sign of the Times.

Montreal, Sept. 16.—The first gold to move to Canada since the signing of the armistice, has been shipped from New York. Formal announcement was made yesterday by the New York Trust Co., that it had shipped \$500,000 in gold coin to the Canadian Bank of Commerce at this city. This shipment follows the recent strength of Canadian exchange, and the fact that it had touched par after a long period wherein its depreciation, as expressed in the premium offered on dollars, amounted to as much as 18 per cent. at one time.

The movement of gold to Canada is considered particularly significant at this time.

London, Sept. 16.—Under a new scheme for the apportionment of the expenses of the League of Nations which takes into account factors like devastations and the difficulties of certain small states, Great Britain's share will be \$100,000,000; Australia's \$76,000,000; India's \$44,000,000; South Africa's \$32,000,000; New Zealand's \$21,000,000 and Canada's \$17,500,000.

The Earl of Balfour told the committee that Great Britain and the dominions agreed to the extra levy on them provided it was provisionally but reserved the right to divide their aggregate among them as they thought fit.

WOULD NOT GO HOME

One man, charged with drunkenness this morning, was fined \$200 or eight months in jail. Policeman Storey said the accused had been in Dorchester street at 2:55 this morning, and that he had been given a chance to go home. He started away and then returned and sat on a doorstep.

INCOME TAX

Summonses are being issued out of the police court for defaulters in income tax returns. A large number of these have been served, returnable on September 20.

GIRLS IN MAJORITY

There were five marriages reported this week and seventeen births, five boys and twelve girls.

Greek Journalist in Smyrna, has been murdered.

The British battleship Iron Duke, which arrived at the Dardanelles Friday, reports that an octogenarian Irish physician, Mr. Murphy, was among those killed. It was also reported that the Greek metropolitan, Chrysostom was court-martialed and shot. A dispatch from Athens to the Daily Express asserts that Archbishop Chrysostom was tortured before he was killed.

ONLY THREE OF CONSULATES SAVED

London, Sept. 16.—Official despatches received from Smyrna today state that all the foreign consulates were destroyed by the fire with the exception of those of Spain, Belgium and Norway.

HAIG'S PLEA FOR 120,000 DISABLED VETERANS OF WAR

London, Sept. 16.—Lord Haig, speaking at Manchester yesterday, pleaded the cause of 120,000 disabled ex-service men who are still unemployed and suggested that they should be distributed among employers who would pay them what they could earn, and still employers who would make up the deficiency in wages.

"I do in the government should make up the deficiency in wages. I do in the government should make up the deficiency in wages. I do in the government should make up the deficiency in wages."

London, Sept. 16.—Lord Haig, speaking at Manchester yesterday, pleaded the cause of 120,000 disabled ex-service men who are still unemployed and suggested that they should be distributed among employers who would pay them what they could earn, and still employers who would make up the deficiency in wages.

CRUCIAL SERIES TO START TODAY

Half Game Separates Yankees and Browns

Sisler Says He Will Play—Giants Nearer Pennant—Three Home Runs by Henline—Late Sport News of Day.

New York, Sept. 16.—Separated by only a half a game, the New York Yankees and St. Louis Browns today will open a "little world's series" that probably will have a decisive bearing on the outcome of the American League race.

The Browns tightened the contest on the eve of the all-important series by taking the last game from Boston, 7 to 1, while the Yanks were stopped by the effective pitching of a White Sox youngster, Blankenship, 2 to 1.

The westerners were expected to be strengthened for the big test by the return of their injured star, George Sisler, who declared his determination to play regardless of his physician's order.

Urbah Shocker was slated to do the hurling for the Browns while Bob Shawkey was Higgins' probable mound choice.

The Giants drew nearer to another championship by taking their seventh straight game and third in a row from Chicago, 7 to 6, while Pittsburg lost to Boston, 4 to 1. With a lead of six full games, the Giants need win only eleven of their seventeen games to clinch the pennant, even if the Pirates should capture all fifteen of their contests.

Three home runs by Catcher Henline of the Phillies and two homers by Rogers Hornsby of St. Louis marked a slugging affair in which Philadelphia downed St. Louis, 10 to 9. Henline duplicated a performance achieved by Williams of the Browns in an early season game when Hornsby's 80th and 87th homers placed him in a tie with Williams for the major league lead.

Detroit made a clean sweep of the series by taking the last game from the Philadelphia Athletics, 8 to 2, while Metevier, a Cleveland recruit, outpitched Walter Johnson, and defeated Washington, 6 to 5. Calore pitched Brooklyn to victory over Cincinnati, 7 to 3, giving the Dodgers the odd game of the series.

Other Sport News

Aurora, Ill., Sept. 16.—Mike Dundee, bantamweight, last night gained a popular decision over Midge Smith of New York in a ten round bout. Dundee was credited by newspapers with five rounds, Smith two and the remaining three even.

Philadelphia, Sept. 16.—Wm. T. Tilden of Philadelphia, U. S. champion, and William M. Johnston of San Francisco, former title holder, today faced each other for the third time in a final round of a tournament for the lawn tennis singles championship of the U. S. Each has won the title twice, and victory for day's event, to be called twice over a six mile triangular course. This result would give the Britons 26 points to 10 for U. S. and a total score of 10 to 10, for this opponents.

Oyster Bay, N. Y., Sept. 16.—U. S. six metre yachtmen, leading by a score of 97 to 82 in the international regatta of Great Britain, were confident of victory today in the sixth and final contest to decide possession of the British-American cup, now held by the Anglo-American.

That no notice of action was given, as is required by sec. 157 of the act.

That the plaintiff had no property rights in the liquor, and that the law will not lend its aid to persons of the retention of liquor held in defiance of the law.

That the liquor belonged to His Majesty the King.

That the liquor was illegally held, and was confiscated and delivered to the defendants.

That no judgment in the nature of a tort can be entered against the defendant because he is part of the executive government of New Brunswick.

That the action is barred by the statute which requires that an action must be brought, if at all, within three months after the case arises.

Mr. Hughes had concluded the fourth point in his argument when the court adjourned until Tuesday, the 19th, at 11 a. m.

The death of Mrs. Margaret Waugh occurred at her home in Russiagornish yesterday, aged seventy-three. She had been ill for some time. Mrs. Waugh was the widow of Samuel Waugh, and is survived by two sons, Fraser, at home, and Hedley of Boston; one daughter in Russiagornish; five brothers, Charles Noble of Boston and William, George, Marvin and Joseph, and three sisters, Mrs. Holstead of Portland, Maine; Mrs. Sullivan Phillips of Fredericton Junction, and Miss Jane Noble at home. The funeral will be held on Saturday afternoon with service in the Baptist church at Russiagornish, conducted by Rev. Mr. Kocchally. Interment will be made in the Baptist cemetery.

The death of Miss Agnes Duffy occurred on Thursday night at her home in Brunswick street, after a brief illness from paralysis. She is survived by four sisters. The funeral was held this morning with high mass in St. Dunstan's church at nine o'clock. Interment was at the Hermitage.

San Francisco, Sept. 16.—Three health officers and two stewards lost their lives yesterday aboard the Japanese liner Shinyo Maru. They went into the ocean to fumigate the ship and were overcome after igniting the sulphur. Of city firemen who attempted to rescue in gas masks, two are dying and six others are critically ill from the fumes.

NEW ORLEANS FLEET

New Orleans, La., Sept. 16.—Every available fire fighting apparatus in the city was called out last night to fight a fire which started on the river docks when the government army supply warehouse

LOCAL NEWS

Hunting under a special license, Joseph Tebo, accompanied by his son Tommy, the skater, and his nephew, went into the woods near Pokokogan and came back last night with a moose weighing 750 pounds.

In the case of Willard Foster, charged with violation of the prohibition act, the magistrate yesterday gave his judgment in the matter of a jail sentence for offence and said that he would be forced to hold that the accused was guilty of a second offence and liable to twelve months in jail.

Dr. H. S. Bridges leaves tomorrow for Montreal to attend the meeting of the chairman of the boards of censors from all parts of the dominion. It is expected that the conference, which begins on Sept. 18, will continue for two days and its sessions are expected to be of considerable importance, and a special request was sent to Dr. Bridges urging his attendance.

Members of the girls' branch of the W. A. of St. Luke's church entertained on Thursday evening at the home of Mrs. Esther Miller in Alexandria street when a shower of china gifts was presented to Miss Marion McLaughlin in honor of her approaching marriage. On Wednesday afternoon a shower was tendered Miss McLaughlin at the home of Mrs. Willard Smith in Douglas avenue.

Two men were arrested last night by Policeman Coughlan, one on a charge of operating a car while under the influence of liquor and the other with being drunk. The arrests followed a rather wild six-zag ride down Charlotte street, past the imperial theatre, along Sydney and Waterloo streets where the policeman jumped on the running board. The car stopped at this time due to a collision with a pile of cement but little damage was done.

The finance committee of the Y. W. C. A. met yesterday afternoon at the recreational centre and dealt with some matters of routine. The meeting was the occasion of a presentation to Miss Ethel Milligan who has given most faithful service as financial secretary and who has resigned from her duties. Miss Milligan was made the recipient of a beautiful bunch of gladioli and expressed her pleasure and appreciation of the gift. Miss Julia Pirie succeeds Miss Milligan as financial secretary and took over her new duties yesterday.

More than a dozen passengers on the incoming C. P. R. express from McAdam last evening arrived in the station just in time to see the tail lights of the Halifax express of the C. N. R. disappearing beyond the train shed. These people had intended proceeding east last night but on account of the slight difference in train schedules were compelled to remain in St. John until this morning. Several of the passengers expressed their opinion of trains and management in rather strong terms.

A meeting of the playgrounds association was held last night with W. K. Haley, the president, in the chair. Gratifying reports of the season's work at the Rockwood and West St. John grounds were read by Miss Heffer. It was decided to re-open the East End Boys' Club and to make some changes and repairs in the buildings. Walter Evans will be engaged as assistant for the club. The matter of repairs to the playground apparatus was left in the hands of D. L. McRoberts with authority to proceed immediately.

Last evening about 10:20 George T. Corbett, teller in the Dominion Savings Bank was struck by an automobile at the corner of Market Square and Dock street and thrown to the ground. The car was owned and driven by M. A. Adair who made a full report of the matter to the police. He was not held. Mr. Corbett was rushed to the General Public Hospital where it was found necessary to take four stitches in a bad cut in his head. Later he regained consciousness and was able to converse with his wife. It was said at the hospital that his condition was not serious unless complications set in.

FOOD FOR THOUGHT.
Winnipeg Free Press—When we look over the border and see the paralyzing consequences of the shipmen's strike we should congratulate ourselves that we have on our statute books a measure which has saved this country, thus far at any rate, from a similar tie-up.

VIGOROUS ACTION URGED IN THE RED CROSS CAMPAIGN

Feeling that the whole future of the Red Cross Society in the province must depend on the success of this year's membership campaign, the meeting of the New Brunswick division of the society yesterday considered seriously the best means of pushing the campaign to greatest success. The problem of how to secure the public health nurses, urgently needed in several districts, was also discussed at some length. The meeting was the first held since June and there was much of interest in the reports submitted, showing that the society has been on a greatly beneficial work in nursing service, care for wounded soldiers, organizing Junior Red Cross for the education of the children, relief aid for fire sufferers and needy and in many other lines of helpful and humanitarian endeavor.

It was decided to make applications to the head office for a portion of the royalties on Rev. Canon Scott's latest book which he has given to the society for tubercular soldiers.

The treasurer, C. B. Allan, reported for the three months showing a present balance of \$10,180.70. Expenses in June totalled \$4,889.49 including nurses' salaries, \$275; depot expenses, \$125; Junior supervisors, \$100; hospital committee, \$500; local Red Cross for relief, \$500. For July expenses included, nurses salaries, \$700.50; depot, \$175.50; Junior Red Cross, \$248.02. For August expenses included nurses salaries, \$414.95; depot, \$164; Junior Red Cross, \$100; recreation hut, \$1,040; campaign expenses, \$265; hospital committee, \$500. The receipts in August included \$699 for the recreation hut and \$2,500 from head quar-

BID FOR DIPLOMAS TO DEAL IN RUM

Big Bribes Offered to Get Students Admitted to the Brooklyn College of Pharmacy.

New York, Sept. 16—The Board of Trustees of the Brooklyn College of Pharmacy is aroused over apparent attempts made by persons suspected of being connected with a rum and drug ring to obtain entrance for certain students in the college. On March 3 last the college stopped matriculating students for the first year class as there were no accommodations for more.

Since then attempts have been made to get students into the college and bribes have been offered to accomplish this, according to Thomas J. France, chairman of the college committee on supervision. Even political influence has been resorted to, he said.

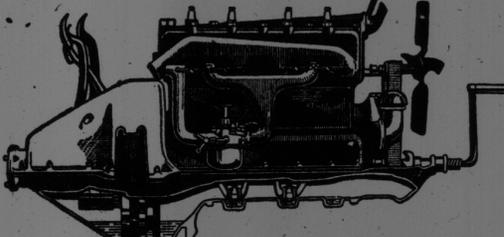

"Not only the drug interests but the rum interests are at work," Mr. France said. "They did not succeed because officials of the Brooklyn College of Pharmacy cannot be bought."

There was one instance where a student who had matriculated was offered \$700 to allow an applicant for admission to the college to take his place. Three other instances where bribes were offered were cited by Mr. France. A bribe of \$500 was made in two cases and between \$200 and \$300 was offered in the third case. Mr. France refused to give names in these cases. He explained that the plan worked by the bribers is to furnish the funds for a student to go through college and after he becomes a licensed state pharmacist to use him in an illicit rum and drug traffic.

At a meeting of the Kings County Pharmaceutical Society held at the college building, it was decided to investigate all cases where applicants for entrance to the college are suspected of being involved in the rum or drug ring activities to the society at its meeting and pointed out that the efforts made in behalf of certain college applicants since last spring were suspicious.

Why your Ford needs Imperial Polarine Oil
(Light Medium Body)

Imperial Polarine Oil (Light Medium Body) starts to circulate as soon as your engine starts. With the first dip of the connecting rods it distributes itself to every friction point and easily penetrates to the most closely fitted surfaces. It absorbs and carries off heat. Retains its fluidity in cold weather. Burns clean and deposits little, if any, carbon.

Heavier oil starts sluggishly. Many parts do not receive sufficient lubrication until after the engine warms up. Wear is inevitable. Then, too, friction and heat are generated within the oil itself because it is too heavy. Power is lost. Your engine runs hot. Carbon forms.

To-day—Have your crank case properly cleaned and refilled with Imperial Polarine Oil (Light Medium Body). We believe a test will convince you that this is the oil for your Ford.

IMPERIAL OIL LIMITED

Manufacturers and Marketers of Imperial Polarine Motor Oils and Marketers in Canada of Gargoyle Mobiloil.

3,000 RETAILERS FROM ALL OVER U.S. VIEW MEN'S STYLES

Everything in Modern Male Wear Exhibited in Madison Square Garden—Clothing Convention.

New York, Sept. 16.—The convention of the National Association of Retail Clothiers opened this week in Madison Square Garden and nearly 3,000 retailers from all over the country were there to look over the booths, in which were exhibited everything in hats, suits, coats, underclothes and ties, and all the other things which the modern man wears. Practically all the New York manufacturers were represented and many from out of town. The convention was looked upon by the retailers and the manufacturers as important in showing that the tide of business had definitely turned and that

prosperity was ahead. Retailers have the reputation of being the most pessimistic of mankind. But most of them at the convention spoke of larger sales and said that if their industry was, they believed, a barometer, then they had nothing to fear in the coming season.

The convention was the largest of its kind ever held, as well as the first to be held in New York. But most of them at the convention spoke of larger sales and said that if their industry was, they believed, a barometer, then they had nothing to fear in the coming season.

OLD AGE

Do you know a man or woman getting on in years, whose life is made a torment by swollen joints, gravel, stone, painful urination, backache or sciatica? If so, you can perform a charitable act by telling them that Gin Pills will surely bring relief and a healthy old age.

A prominent consulting engineer writes us: "Your remedy, I find at 60 years of age, to give me perfect relief from kidney and bladder troubles. I urgently recommend them to friends of my age as being the only thing that does me good." You don't have to buy Gin Pills to try them. Write for a free sample: National Drug & Chemical Co. of Canada, 86-88 Exchange St., Buffalo, N.Y.

I First Compounded This Newer Form of Iron For My Own Neighbors

Their Praise of This Remarkable Remedy Has Spread So Rapidly That Now Over 4,000,000 People Use It Annually

Years ago I began to wonder at the great number of my own friends and neighbors who were always complaining and doctoring, without ever seeming to get any better. Both working men and their wives were frequently all tired out in the evening, and a great many were weak, nervous and run-down. One had pains in the back and thought he had kidney trouble. Another had pain around heart, palpitations and dizziness, and was sure he was suffering from heart disease. Still others had severe headaches, floating spots before the eyes, tender spots along the spine and a great variety of alarming symptoms.

For years I made a special study of this condition, consulting a great number of physicians and chemists. An immense number of investigations by physicians all over the country showed that three people out of every four who meet lack 100% iron in their blood. Lack of iron in the blood is the greatest of all debilitating weaknesses. It is the iron in your blood that enables you to get the nourishment out of your food. Without iron, nothing you eat does you any good. Your heart, lungs and kidneys and all your vital organs get their nourishment from the blood stream, and when the blood lacks iron and is thin, pale and watery, you may suffer from the symptoms of a great number of diseases when the real and true cause of all your trouble is a lack of iron in the blood.

See how long you can work or how far you can walk without becoming tired. Next take two 5-grain tablets of Nuxated Iron three times a day after meals for two weeks, then test your strength again and see how much you have gained. An astonishing number of nervous, run-down people who were alling all the while, have greatly improved their health and increased energy by taking this newer form of iron. For sale by all druggists.

and on each post supporting it was a basket of artificial flowers, on which lights played. In the centre was a high fountain. The stage curtain was of soft grey silk, on which spotlights shone.

The fashion promenade was arranged by Alexander Leftwich, stage manager for Daniel Frohman, and showed the evolution of men's and women's dress from 1430 down to the present time. There were more than eighty of these models, men and women, some of them moving picture actors and actresses.

The show opened with an overture by Ford Dabney's orchestra from "Follies." Miss Gloria Dale, as Jolou, waved the wand of fashion and the promenade was on.

In the evolution of styles were satin and silver brocade, hoop skirts and tall hats, moleskin trousers, and the knee breeches which made the worthy gentlemen of Mr. Peep's time proud of a neatly-turned calf. Then there was the blue coat, white vest and white hat of the Continental, and the shapeless garments of the early women's costumes was a red brocade similar to that which Charles V. used to wear, but which looked much more fetching in Miss Gladys Arnold. Mme. Pompadour and the Empire had their day, and Peggy Fish showed what the American girl looked like at the time of the Civil War, in a white taffeta skirt, flowing sleeves, and red velvet jacket.

The women were, for once, however, more interested in those at the time of this fashion show, for the retailers wanted to see the latest in men's pyjamas and morning robes, flannel golf suits, business suits, overcoats, ties for the youngsters, and evening clothes. They all walked across.

No evidence for the defence was taken yesterday afternoon in the case against George Hicks, charged with shooting Thomas Marshall in Hickey road on August 23, and the defendant entered a plea of not guilty to the charge when the case was resumed before Magistrate Adams at East St. John. The magistrate decided that there was sufficient evidence adduced to send the

THE EVENING TIMES AND STAR, ST. JOHN, N. B., SATURDAY, SEPTEMBER 16, 1922

The Evening Times and Star

ST. JOHN, N. B., SEPTEMBER 16, 1922

The St. John Evening Times is printed at 27 and 29 Canterbury Street, every evening (Sunday excepted) by The St. John Times Printing and Publishing Co., Ltd., a company incorporated under the Joint Stock Companies Act.

THE ISSUE IS CLEAR.

The citizens of St. John have made no assault on the character of Mr. Bodel and Mr. Sanderson. Their supporters are busy telling the public what fine gentlemen they are and what great success they have attained in the business world, and how they would like to save St. John from plunging headlong into ruinous competition with the New Brunswick Power Company.

We all know whose interests Messrs. Bodel and Sanderson place first. It is not to be expected that they are worrying about St. John. It is their monopoly here which they are chiefly concerned.

ENFORCING THE LAW.

The law of Canada requires that certain information relating to the affairs of the banks of the country shall be made available to the proper government authorities in order that the task of safeguarding the interests of the public may be simplified.

NIJINI, RUSSIA, TO GET LESSONS IN CLEANLINESS

Nijini, Russia, Aug. 23.—(Associated Press, by Mail)—A sanitary school where pupils will be instructed in cleanliness and the purposes of disinfection as a precautionary measure against conditions which may develop this coming winter has been organized here by Dr. Mark D. Godfrey, of Columbus, Ohio, in charge of medical work for the American Relief Administration in this district.

A FLYING WORK SHOP WILL ACCOMPANY PLANES IN AIR

London, Aug. 30.—(Associated Press, by Mail)—There is now being built for the Air Ministry the first flying store and workshop ever constructed in this country. The machine has a large fuselage and is to be used to carry spare parts with operating air fleets.

EUROPE'S MELTING POT.

Just about the time when Europe begins to see the light of day after the war which rocked the world to its very foundations, along comes Turkey and starts a fire under the melting-pot, a fire which may result in serious complications for several of the Balkan states, and possibly affect Great Britain and Russia.

AMERICANS SEND WRATHS TO "UNKNOWN BRITISH SOLDIER"

London, Aug. 30.—(Associated Press, by Mail)—An interesting ceremony occurred in Westminster Abbey recently when two wreaths were presented by Doctor and Mrs. L. Webster of Philadelphia to Canon Storr, who accepted them on behalf of the dean and laid them on the tomb of the unknown British warrior.

MAY FIGHT DUEL OVER JEWS.

Budapest, Sept. 16.—The moot question of how many Jews shall be allowed to matriculate in Hungarian universities has brought about a challenge for a duel between two prominent Hungarian educators.

conflict between the Allies and the Turks is a possibility, but with skillful diplomacy the world should be spared another serious disturbance.

How would the consumers of electricity in St. John like to have rates comparable to those enjoyed in Ontario? Power at cost is available, and the citizens have only to proceed with vigor and courage to secure it.

Those who have been circulating the petitions for the recall of Mayor McLellan have made splendid progress. They have done their work carefully and accurately so that little time will be lost in checking up after the names are presented at City Hall.

"Because of the Turkish victory the throne of Greece is said to be tottering," says the Toronto Globe, "a matter of much less importance than the fate of the Armenians."

RUSSIAN ARTISTS OVERRUN THE THEATRES OF EUROPE

Berlin, Aug. 27.—(Associated Press, by Mail)—Russian dramatic art is revolutionizing the theatres of Central Europe. Actors, singers and dancers who were forced to leave Russia because of political troubles and the food shortage first found their way into music halls and cabarets, and recently the regularly organized Russian companies have obtained permission from the Soviet government to leave Russia for short engagements in European capitals.

Berlin now has a Russian population of nearly 200,000, and it consequently affords large audiences for productions in the Russian language. The company's work is notable for the natural methods of the players, the lack of stars, and the marvelous ability of all actors to contribute to the perfection of the stage picture.

MY WINDOWS.

Three windows in my House of Life Look out three different ways. One turns with wistful longing To the Road of Yesterday, And greets me with the shadows of a low, Of the poplars, silt and tall, Point mutely at remembered days, And silence over all.

BLISS CARMEN'S WILD RIDE

Bliss Carmen, a Canadian poet, has completed an adventurous trip down the rapids of the Kootenay river between the crossing of the Hanford and the Columbia river, and Lake Plats, eighty miles lower down. He had as guides Peter Berghem of Golden, one of the most experienced canoe men on the Columbia river, and Walter Nixon of Lake Windemere, who was for seven years game warden in the Kootenay valley.

FIFTEEN MINUTES OF RADIO EACH DAY

By Edward N. Davis

Formerly Technical Electrical Expert For U. S. Government

Lesson No. 106.

CHARACTERISTICS OF THE THREE-ELECTRODE TUBE

In a vacuum tube each of the three elements, namely the filament, grid and plate, have important functions to perform and these functions are so closely related that any change in the operation of one of the elements invariably produces changes in the condition of the other two.

Several different groups of characteristic curves may be constructed which demonstrate the various relations existing between the three elements of the tube. For example, a group of curves may be developed which show the resultant plate current due to changes in the plate voltage, these curves being dependent upon the temperature of the filament as is also the grid-voltage to grid-current group of curves.

The ability of small amounts of energy on the grid to control comparatively large amounts of energy in the plate circuit is an important property of the tube and the following diagram shows the action of the grid in controlling the plate current. In this diagram values of grid potential are laid off horizontally with the corresponding amounts of plate current plotted vertically.

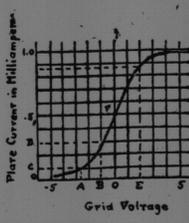

From this curve it will be seen that if the grid has a comparatively high negative potential, a small decrease of this potential causes a large increase of the plate current. For example, when the grid voltage decreases from (A) to (B) the plate current increases from (C) to (D). If the grid voltage is increased negatively, however, by the same amount, the relative decrease of the plate current is much smaller. Therefore, if the grid voltage is adjusted to the value (A) it is apparent from the curve that any increase of the grid potential due to the incoming oscillations causes an increase in the plate current much larger in value than the decrease produced by an equal reduction of the grid voltage.

On the upper bend of the curve the reverse condition takes place, that is, if the potential of the grid is adjusted to a value (E) an increase in the grid voltage produces only a small increase in the plate current, while an equal decrease of the grid voltage produces a decrease in the plate current of a much larger value. If the grid potential, therefore, is adjusted to a value on either the upper or lower bends of the curve, the action of incoming oscillations upon the grid results in what amounts to a rectified current in the plate circuit, this current producing audible sounds in the receiving telephones.

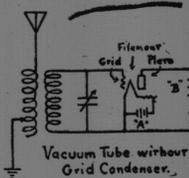

Along the straight line portion of the curve, for example, at (F) an equal increase or decrease of the grid voltage produces an equal increase and decrease of the plate current, which renders the tube in proper adjustment for amplification by impressing equal changes of plate current upon a second tube.

It is important to note therefore that when no grid condenser is employed in connection with the vacuum tube that rectification is occasioned either by an increase or decrease of the plate current depending on whether this rectification takes place at the upper or lower bend of the grid-voltage-plate current curve.

GIRL FINDS ROBBER WHO ATTACKED HER

Causes Arrest of Youth Police Say Admits Theft to Help Little Brother.

New York, Sept. 16.—Helen Doherty, fourteen, of Brooklyn, identified John Hunt, seventeen, of 89 Talman street, as the person who entered her home early Sunday morning, tried to choke her and took clothes belonging to her and her brother, Edward.

The parents and older sister, Margaret, went for an automobile ride Saturday night. Her brother, Edward, retired early, but she decided to stay up and wait for her parents. She fell asleep on a lounge in the dining room and was awakened by a man who was choking her. In her fright she struggled with the intruder and hit and scratched his face. She managed to call her brother, and the intruder escaped by the fire-escape.

There was a fire at 8 Liberty street early Monday morning and Helen was one of many rescued. In the crowd which gathered she saw Hunt, and he got away while the girl went for a policeman. Her sister and brother had reported the robbery to the police of the Poplar street station. Yesterday Helen continued to search for her assailant and saw him at the foot of Dock street with his brother, Albert, fifteen years old. She told Policeman Timothy Murphy, who arrested both boys.

According to the police, John Hunt admitted he went into the Doherty apartment and said that he stole the clothes to sell them to get money for his young brother to go to school. The police learned that Albert Hunt accompanied his brother to the Doherty home.

On the complaint of the girl, John Hunt was held for the Grand Jury in the Adams street court, and Albert was taken to the Children's Court on account of his age. John Hunt bore traces of the scratches inflicted on his face by the girl.

GIRLS! LEMONS
WHITEN SKIN AND
BLEACH FRECKLES

Squeeze the juice of two lemons into a bottle containing three ounces of Orchard White, which any drug store will supply for a few cents, shake well, and you have a quarter pint of harmless and delightful lemon bleach. Massage this sweetly fragrant lotion into the face, neck, arms and hands each day, then shortly note the beauty and whiteness of your skin.

Famous stage beauties use this lemon lotion to bleach and bring out the soft, clear, rosy-white complexion, also as a freckle, sunburn, and tan bleach because it doesn't irritate.

RECENT WEDDINGS

Dunlop-Gupthill.
A member of The Daily Telegraph's reportorial staff, John J. Dunlop, B.C.L., left the city yesterday on an important mission. He was a passenger on the steamer Grand Manan for Grand Harbor, where he was united in marriage last evening to Miss Mildred Gupthill, a popular young woman of that place, who is well known in St. John. The ceremony and friends in the presence of Grand Manan, Rev. D. Jenkins. Today Mr. and Mrs. Dunlop are to leave on an extended trip which will include Toronto and other cities in Ontario, of which province Mr. Dunlop is a native. Mr. and Mrs. Dunlop were the recipients of numerous gifts, including a substantial testimonial from the staff of The Telegraph and The Evening Times.

Mr. Dunlop is a capable writer. He is a graduate of the King's College Law School, class of 1922. To him and his bride his friends extend hearty congratulations and best wishes for a long and happy wedded life.

On Monday evening Mrs. Jenkins, wife of the rector of Grand Manan, gave a very enjoyable party and variety shower in honor of the bride-elect. Numerous guests were present and a very jolly time was spent. Many useful gifts were bestowed on Miss Gupthill. The hostess of the evening was assisted in serving luncheon by Miss Maud Gupthill.

White-Edwards.
On Thursday evening at St. Mary's church a quiet wedding was solemnized when Rev. R. Taylor McKim united in marriage Miss Winnifred E. Edwards, second daughter of Mr. and Mrs. George Edwards and Stanley D. White, son of Mr. and Mrs. Charles E. White.

The bride, who was given away by her father, looked charming in a navy blue tulle suit, with hat to match with silver trimming. She carried a bouquet of roses. Following the ceremony, which was performed in the presence of friends and relatives, the wedding party returned to the home of Mr. and Mrs. White, Newman street, where a dainty luncheon was served.

The happy couple will reside at The Narrows, where the groom, who is a returned soldier, is a prosperous farmer.

Morrison-Earle.
At the residence of the officiating clergyman, Rev. Isaac Brindley, on Monday, August 21, Miss Frances Hazelwood, daughter of Mr. and Mrs. George A. Earle, was united in marriage to Donald Robert A. Morrison, son of Mr. Alexander Morrison. The groom is a popular member of the general office staff of the C. P. R. They will reside at 327 Princess street.

RECENT DEATHS

Francis Frauley.
Francis Frauley, for twenty-five years engineer of the fog alarm station at Point Lepreau and formerly engineer on the C. P. R., passed away on Friday morning at 11 o'clock at his home at Point Lepreau. There will be general regret at the death of one who had very many friends in the province and who was one of the early railroad engineers in New Brunswick. Mr. Frauley had been ailing since last winter.

He was a member of the C. M. B. A., of the A. O. H. and the Brotherhood of Locomotive Firemen and Engineers, and

Do You Like to Embroider?

If so you'll find among the NEW STAMPED GOODS recently received here, many pieces that will be especially suitable for Gifts at the Christmas season.

You may choose from a host of simple or elaborate designs, and will find here too, all the threads, needles and other materials needed to develop the patterns in the most effective way.

Nothing in the line of a gift is more appreciated by the majority of folks than a piece of hand work. Wouldn't it be as well to get an early start?

Among the New Pieces You Will Find:

- Stamped Rompers and Children's Dresses in white voiles and piques; also colored materials and factory cotton with fancy applique patterns.
- Factory Cotton Bedspreads, Bolster Cases and Bureau Scarfs with applique patterns.
- Dressing Sacques in white and colors.
- Night Gowns and Combinations to match. These are all made and ready to embroider.
- Tea and Bungalow Aprons in factory cotton, colored linene or black sateen with applique pattern.
- Bureau Scarfs and Pin Cushions to match. Made from white Indian head or Muslin. Some have applique patterns.
- Five-Piece Luncheon Sets and Buffet Sets to match. White and natural linen.
- Card Table Covers in white and colors.
- Cushion Tops, Centre and Runners in white and natural.
- All White Tea Cozy Covers.
- Children's Aprons, Feeders and Tray Cloths with applique pattern.
- Homespun Bags made up ready to embroider.
- Calcutta Cord for bags, rugs, etc.
- Artysl Yarn and Cable Silk for Sweaters, Scarfs, etc. All colors.

(Art Needlework Dept., Ground Floor.)

ON MONDAY WE ARE OFFERING A Genuine Bargain in Hemmed Linen Damask Table Cloths

This is a special lot of cloths we were able to buy at a very decided bargain price. They are brand new goods, just arrived.

retained a keen interest in the activities of these organizations.

Sincere sympathy has gone out to the bereaved relatives. Besides his wife, he is survived by eight children, three sons, John Francis Frauley, lawyer of St. John; J. Harry and Joseph, at home, and five daughters, Mrs. Frank Crawford, of Moncton; the Misses Mary and Edith Frauley, of St. John, and the Misses Olive and Georgia Frauley at home.

The funeral will be held on Tuesday morning at 9 o'clock from Fitzpatrick's undertaking rooms to the Cathedral.

Samuel G. McAllister.
Samuel G. McAllister, aged twenty-three, son of Mr. and Mrs. Thomas McAllister of Chipman, died on Thursday following an illness he contracted while in Havana. He leaves one brother and two sisters, one of them Mrs. Fred Faris, St. John.

The funeral of Leslie Bentley was held yesterday afternoon from Clayton's undertaking rooms where service was conducted by Rev. R. A. Armstrong. Interment was at Fernhill. Among those present were representatives from the Red Cross, G. W. V. A., and D. S. C. R.

A HONEYMOON TRIP
1,500 MILES CANOE

Sarnia, Ont., Sept. 16.—Mr. and Mrs. Clifford Storey, who on June 8 left this city on a 1,500 mile honeymoon trip in an eighteen-foot canoe, have arrived home, having paddled the thousand and a half miles in exactly 101 days.

"Gee but I am glad to be back," stated Mr. Storey when interviewed this afternoon. Mr. Storey said his wife felt as fit as he did himself after the unusual trip.

The route followed was the St. Clair River, Lake St. Clair, Detroit River into Lake Erie, then via Lake Ontario to Trenton, along the Trent Valley Canal and the Georgian Bay to Owen Sound and Goderich thence paddling Lake Huron to Sarnia.

Modart Corsets Have Always Been Comfortable

The recent potest against uncomfortable corsets, expressed as it was in the so called "corsetless" fad, has borne fruit.

The stiff, uncomfortable corset of yesteryear is rapidly disappearing and its place is being taken by more scientifically designed and extremely comfortable corsets.

Modart Corsets Front Laced

Leading in this respect is the fashionable Modart Corset, the product of a leading make who for years has designed corsets with the comfort element foremost in mind.

A fitting by our expert corsetiere will prove to you that the Modart Corset is as stylish as it is comfortable.

VOTE IN METHODIST CHURCH AFFAIRS

Some Who will be up for Re-election

Matters in Advance of the General Conference to Meet in Toronto on September 27—Some Figures of Membership and Finance.

(Canadian Press)
Toronto, Sept. 16—Besides the general superintendent of the Methodist Church in Canada, Rev. S. D. Chown of this city, who will face an election at the opening of the Methodist General Conference at its quadrennial meeting here on September 27, the ten secretaries of the department of the church will also be up for re-election—or defeat, as the case may be. Five of these secretaries will make their report for the first time at the coming conference, they having been elected four years ago at the General Conference held in Hamilton.

The five new officials are: Rev. Dr. S. W. Falls, Book Room Steward, who succeeded Rev. William Briggs as Administrator of the Methodist Book Room here when the latter retired after forty years service; Rev. R. J. D. Simpson, Secretary of the Superannuation Fund Department; Rev. Frank Langford, secretary of the Department of Sunday Schools and Young People's Societies; Rev. Dr. C. E. Manning, Secretary of the Home Missions Department, and Rev. S. Wesley Dean, Secretary of the Finance Department and Statistician of the General Conference.

Of these five heads of departments probably the new book room steward doubtless has had the most difficult task in the last four years. Lifted up by the roots, as it were, from the active ministry in Calgary, Alberta, and planted in what is probably the most important position in the gift of the Methodist Church in Canada, having supervision of one of the largest of publishing businesses in the country—with little previous business experience, but with an abiding hope and confidence in the outcome—Rev. Dr. Falls set himself to the difficult task before him in such a determined manner that he rapidly forged to the front in his new sphere.

His first general conference report will be watched for with more than ordinary interest by the delegates and the members of the church generally.

Rev. Mr. Simpson succeeded the late Rev. Dr. Griffin as head of the superannuation fund—Dr. Griffin, the jovial veteran, who carried on the work of his

department up to an old age, and who was one of the most beloved of all the Canadian Methodist ministers. New methods of finance have been instituted by Mr. Simpson.

Rev. Mr. Langford, who is barely forty years of age, as head of the department of Sunday schools and young people's societies, is one of the youngest Methodists ever appointed to high office

"A Housewives' dream" —realized

HONESTLY—haven't you always wanted a vacuum cleaner that "cleaned deep" and yet required no "connections," "plugs" or other time-consuming annoyances?

It's here now—

Vacuette Suction Cleaner
NOT AN ELECTRIC CLEANER

is not an electric yet it gives you a strong suction to lift up the dust, grit, and ravellings which are loosened and swept up by the revolving bristle brush. Like most good things, it is amazingly simple and so free from complication and bulky "machinery" that a child can operate it.

Vacuette is sold only by direct factory representatives who will agreeably surprise you with their knowledge of the ease to clean a house properly!

One demonstration completely convinces
McGOWAN & COMPANY
57 Prince Edward Street
MANCHESTER ROBERTSON ALLISON

let's shoes as head of that branch of the Methodist Church work.

Rev. Mr. Dean's office of secretary of finance and conference statistician was new when he was appointed, it having just been created. In his last four years he has instituted a church insurance commission and has put the records of property owned by the Methodist commission on a better basis than it was before. Mr. Dean was well-known for years as Supervisor of the Methodist Social Union Work in Toronto.

The other five of the ten heads of departments in the Methodist Church, who will report to the general conference, and who will come up for re-election, have been in office for some years and are veterans in the service. They are: Rev. J. W. Graham, secretary of education; Rev. Dr. James Endicott, secretary of the department of foreign missions; Rev. Dr. P. Albert Moore, secretary of the department of evangelism and social service; Rev. Dr. W. B. Creighton, editor of the Christian Guardian, and Rev. A. C. Crews, editor of the Sunday school publications.

Church Figures.

It is said that progress in every department of the church will be reported at the general conference. The church membership has grown from 388,210 to 406,893 in the last four years, an increase of almost 19,000. In 1918 the contributions of the Canadian Methodists to home and foreign missions were \$762,249, and for the year ended May 31, 1922, the contributions reached the total \$1,016,118. The total funds raised for all purposes have increased from \$6,633,299 in 1918 to \$9,303,929 in the year just ended.

The salaries paid the ministers in the Methodist Church have increased from \$1,782,880 in 1917-18 to \$2,576,901 in 1921-22. This is partly due to the minimum salary having been increased as a result of the efforts of the ministerial salaries commission.

The present value of the churches, parsonages and other buildings and cemetery properties owned by the Methodist Church in Canada and Newfoundland is close to \$50,000,000.

In the national campaign of 1920-21 to raise funds for the Methodist Church

the sum of \$4,837,518 was subscribed. Of this amount \$4,006,164 has been paid, the Christian Guardian states. This special fund has been expended chiefly on the church's missionary enterprises and in putting the superannuation fund on a more satisfactory basis, about \$1,410,000 on each, and the sum of \$706,000 has been given to needy educational institutions in the Methodist denomination.

FREEMASONRY IN INDIA REPORTS PROSPERITY
Bombay, Aug. 16—(Associated Press, by Mail)—Freemasonry in India is in a highly prosperous condition, according to the Indian Masonic Year Book which has just been issued.

All three constitutions of the United

Kingdom are represented, England by five district grand lodges; Scotland by a separate grand lodge, and Ireland by several detached lodges not under a separate jurisdiction.

At Bombay fifty-seven units meet in the Freemasons Hall—thirty-two being English. There are twenty-three English lodges in Calcutta, in addition to eight Royal Arch chapters in India divided among five subordinate jurisdictions, while English Mark Masonry is represented by seventy-six lodges.

DEPLORES OUTBREAK OF CHICKEN PIE SOCIALS
Montreal, Sept. 16—Chicken pie socials, which have ousted the old fashioned church re-union as a harvest Thanksgiving service, are deplored by the Bis-

hop of Montreal, in his monthly message, published in the current Montreal Churchman. The bishop pleads for the reinstatement of a week day Thanksgiving service instead of the present Sunday ceremony.

Burglars have been busy in Sussex recently. The places entered were the Imperial Theatre, the Maple Avenue Manufacturing Company's plant, Dimoch Berry's ten and N. W. Eveleigh's store. Cash was obtained at the theatre, tools from the Maple Avenue Manufacturing Co. and flour, tea, sugar, boots and other articles from the store.

Buy a can of RED ROSE COFFEE—its flavour will surely please you.

Their Future

Your Boy, For Instance

Your boy can be interested in his own future.

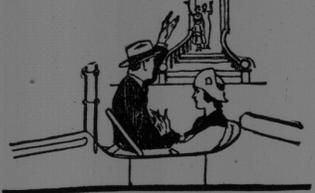

His ideas will be "steadied" by the knowledge of your plans for him.

His "preparation" expenses are provided for "no matter what happens."

Later on his training helps to win confidence.

Leading to his ultimate success, and your deep satisfaction.

If your boy or girl could speak now with the wisdom of later years, they would ask, above all else, for education, training for business,—a real start in life.

Every parent knows that the boy who has training is selected for a good position; and the girl who has the right start can make a place for herself in the world, and always be sure of independence and happiness.

You want your children to be equipped for the battle of life, as others are.

Make Your Plans Secure

Why not provide, as many parents are now doing, that "no matter what may happen" your boy or girl will have the advantage of a good start in life?

In these times they need training and the help you can give as never before.

See what the Canada Life can do with the new.

Educational Policy

It will provide immediately, if you should die, an educational fund, to be held in trust at interest for your child's training.

This fund cannot be touched by the child until the date set by you has been reached.

It will then be paid in eight separate payments, six months apart, to cover the four vital years of training.

If you should live, the cash value of the contract, with dividends, will be available at any time to carry out any of your plans.

Nothing could be more simple—the funds provided—your plans made definite and secure—whether you live or die.

You have probably thought this matter over many times. Here is a chance to do something—tangible, immediate, yet quite easy.

Why not find out now what the educational policy will do for your child? This will not put you under any obligation.

ASKS HERESY TRIAL FOR BISHOP BROWN
Episcopal Committee Proposes Action as Alternative to a Repudiation of His Views—Divorce Canon Discussed.
"DR. FOWLER'S" Saved the Lives of Four Children
Diarrhoea, dysentery, cholera infantum and summer complaint are responsible for more deaths, especially among children, during the summer months than any other form of disease. According to statistics, in the City of Toronto alone, in the past five years out of 1008 deaths of children, from diarrhoea, 707 died during the four summer months. It therefore behooves every mother to look after her children on the first sign of any looseness of the bowels by using Dr. Fowler's Extract of Wild Strawberry, a remedy that has been on the market for the past 77 years, and has been proven to be the best there is.

ASK MAYOR TO ALLOW THEM ONE EXCITING NIGHT
New York Italians Petition Hylan to Name Evening for Gayety and Abandon.
New York, Sept. 16.—A plan to have "one exciting night" in which the people of the city may enjoy themselves "in an old-fashioned way" has been suggested to Mayor Hylan in the form of a petition by George Sirico, chief of the Italian Branch of the Associated Committee, formed to carry the petition effect. Each borough has its own committee, and one general committee will be formed to direct the activities of the lesser committees.
"We believe it would add materially to the pleasure, the joy and the happiness of the people of New York City if Your Honor would set aside a night in the more serene season of the fall when all our citizens could give themselves up to gaiety," wrote Mr. Sirico in his petition. "When we could lose the burdens of our everyday worries, forget for one night the most recent and least popular of our national reforms, release the spirit of holiday-making that is in all of us, dance, parade, sing, cheer and play with that radiant abandon which renews life, which dispels drabness and which speaks the vitality of this greatest city in the young nation."
Mr. Sirico explained that the present holidays do not carry out his idea of real holiday-making and added:
"We do not seek the ponderous formality of fete, carnival, festival or Mardi Gras. We ask simply for a night when we can all play, a night such as the life-loving Italians have, and called plainly by them 'One Exciting Night'; a night to enjoy life. This thought has been discussed by many important interests of which you will be informally informed within a few days. We shall later present to Your Honor a petition signed by many tens of thousands of names."

RAZ-MAH means relief to many, many sufferers from Hay-Fever and Summer Asthma. You need not dread the coming of warm weather, with its often extreme changes of temperature. Don't wait until those sneezing fits come on, with swollen eyes, difficult breathing and loss of sleep. NOVELTY SHOWER.

On Thursday evening about forty ladies gathered at the home of Miss Annie Travers, Smythe street, and tendered a novelty shower to Miss Ellen O'Brien. A very happy evening was spent in games and music.

RAY-COLWELL

A very pretty wedding took place at four o'clock on Saturday, September 2 in Tremont Temple Baptist church, Boston, when Miss Annetta Persis Colwell, daughter of Mr. and Mrs. Archibald P. Colwell of Bloomfield, Kings Co., N. B., was united in marriage to Edward Roosevelt Ray of Boston, by Rev. A. E. Allen. Mr. Ray is head artist at Big-Loan and Kenard. The bride wore a brown traveling suit with hat to match and carried a beautiful bouquet of roses. Following the wedding, Mr. and Mrs. Ray left on the New York train to visit various cities in the U. S., including Chicago, Philadelphia, Washington, Baltimore and Norfolk, Va., on their honeymoon. Miss Colwell was head stenographer at Gilmore and Rosty's, insurance company in Boston, for several years. Later they will make their home at 1116 Union Park, Boston, Mass. Beautiful presents were received from their large circle of friends. The bride's father is a prominent farmer at Bloomfield. Friends there will extend best wishes to Mr. and Mrs. Ray.

BASEBALL GAME

FANS CALLED OFF

Fans Would Like to See the Popular St. Stephen Team Here on Next Saturday—St. Peter's Home Last Night

The baseball game scheduled for this afternoon on St. Peter's Park between St. Stephen's, champions of the border town league, and St. Peter's, champions of this city, was called off early this morning as a result of the heavy rain fall and the condition of the field.

The cancellation of this game came as a great disappointment to local fans, who have eagerly awaited another meeting of these teams. In fact, for this season they have played two games, each winning one, and the third and deciding game was awaited with keen anticipation not only by fans in general, but by the players themselves. It is hoped that the management can arrange to have the teams play here next Saturday. The St. Stephen team was one of the most, if not the most, popular baseball clubs that visited this city during the season. The members showed not only exceptional playing ability, but also a spirit of good sportsmanship, which won for them the esteem of all. If the game can be arranged it is practically assured that a record crowd of fans will be on hand to witness the contest.

The St. Stephen team had decided to come to the city this morning in automobiles and to return home on Sunday afternoon. Weather conditions were so unfavorable and the rain fall during the night had been so heavy that word was sent to Manager Grant cancelling the game. Fans will eagerly await an announcement regarding the prospects of seeing the locals and the fast border town team in action here on next Saturday.

The members of St. Peter's team arrived home last night from St. Stephen, where they met and defeated Milltown on Thursday afternoon by a score of 5 to 2. They were to have played St. Stephen yesterday, but owing to inclement weather the game was called off. The members of the team spoke in glowing terms of the treatment accorded them.

Prior to the game on Thursday between St. Peter's and Milltown the latter's management announced that if they defeated the Saints they would claim the championship of New Brunswick. They maintained that they had played a series of thirteen games with St. Stephen and won seven in a series. This stimulated the St. John boys and they went into the contest determined to win. They were cheered on by a score of St. John fans who were present, as well as a large number of friends in St. Stephen. Judging from the comments heard in St. Stephen they were very popular in Milltown was a popular one.

MOVIE NAPOLEON COMES TO DIRECT ST. JOHN PICTURE

President of American Film Directors' Assoc.

David Hartford, Famed Dramatist-Producer, and Specialist Now in Canadian Films, the Man Chosen—Assistant Welcomes Local Extras—Taking the Picture

If there's a budding Mary Pickford or future Fairbanks round about New Brunswick, all they have to do is call on Gavin Young at the Dufferin Hotel. For Mr. Young is here to start the ball rolling for the production of "Blue Water," the masterpiece of Frederick William Wallace that is about to be screened here, and apart from the principals, who are being brought on from New York, there will be the usual call for "extras" in the very minor parts. It does not pay to tote them round the country, as they can be picked up anywhere and trained to suit the purpose. And so here lies the chance for local Mr. Young is the right hand man for the Napoleon of the piece, David M. Hartford, the director, who has been picking out his players this week and will be here any day now. While Mr. Young has a lot to do as chief of staff, he takes off his hat to Mr. Hartford and says he is the whole show. In fact, he avers his opinion of Mr. Hartford is so high it would sound like publicity boosting if published in full.

"All you have to do is see the man," says Mr. Young. "Not only is he a commanding personage—he is magnetic, and everybody sways by him. They never dare to pull against him, either, for he is boss of the business from top to bottom. Thirty odd years' experience, too, that many years ago he was a leading actor in the big cities of Canada and the states. Then his experience ripened into stage directing and he is one of the two or three legitimate directors who have made a name in the movies. Too many of them failed to learn, but Mr. Hartford is adaptable and never knows too much."

A Man of Rare Parts.

It augurs well for the success of the first production of The New Brunswick Film, Ltd., to have the technical end under the direction of the president of the American Film Directors' Association of America, for that is just who Mr. Hartford really is. He is more, for two years he was director-general for Theatrical Trust, a multi-million dollar organization, whose pictures appear here any week of the year. Then he has a number put out by his own company, so the local fortunate in his picture that he was engaged for the first from the marines. He has just finished "The Golden Rule," a picture which has a board of trade telegram speaks very flatteringly. Previously he put over three best sellers by James Oliver Curwood—"The Golden Rule," "The God of the Country," and "Nomads of the North"—all of which have come to St. John and made tremendous hits everywhere putting Theatrical Trust on the motion picture map in a sensational manner.

This week both Mr. Young and Mr. Hartford went over "Blue Water" with the author in New York, and Mr. Young declares he heard Wallace tell Hartford that his written adaptation of "Blue Water" had grasped Wallace's very idea and conveyed exactly what he (Wallace) had tried to put over in the story, which is a very unusual compliment from an author, adds Mr. Young.

All Now Planned Out.

Gavin Young has been with David Hartford of Montreal for ten years and so he says he has had good reason to appreciate the dramatic generalship of the man from Los Angeles. Mr. Young's advance trip here is to lay out the ground so the picture will get away to a quick start. As assistant director he is responsible for the total time taken. He must prepare every thing ahead, leaving only the directing of the day for Hartford. That means all details of studio and scenic equipment. Today he is chartering a real banker complete with crew, and over the week-end he must scout around for a suitable studio or the erection of one. The lighting paraphernalia is being rented from the Ottawa company, saving duty, but the laboratory will have to be brought on from New York. It will be set up here. Thus the pieces acted today will be filmed on into the developing room, fixed up overnight and flashed into a screen next morning. Every inch of progress will be checked up in the picture result without the slightest wait. By the way, only one section of the film just done at The Soo had to be retaken—a train had been caught moving at the correct speed—but even at this it was a record.

Indeed the camera workmanship of the staff, says Mr. Young, is of exceptional quality. Walter Griffith, the chief, is three men in one and a decided saving in overhead. He can "shoot," cut the picture and is an expert in the laboratory. He is a charter member of The Cinematographers' Association of America, and that stands for something. "Walter is a sure-fire man," says Mr. Young. "When he says 'ready,' you may depend he'll get the action."

It is an interesting thing to know about moving pictures that the first part acted may be two-thirds through the piece. This is done for one reason to get that is possible off the same location without jumping around. And, for another, to release actors from the payroll as early as possible. It is up to the directors to save time and money.

GERMAN POTATOES CHEAP IN ENGLAND

London, Aug. 30—(Associated Press, by Mail)—Potato dumping is the latest accusation made against Germany by tariff reformers who for some time have been clamoring for the imposition of higher duties against imports from Germany. Not long ago British farmers were getting from £10 to £18 a ton for their potatoes. Now they find them a drug in the market at prices as low as £2.

"The explanation of this fall," says one authority, "is wholesale dumping by German and Dutch growers. The German government, before and during the war, stimulated the growth of potatoes in order to provide a reserve of food and also for the distillation of alcohol. This surplus has been thrown on the British market, the only one which will admit it without heavy duties, and it has been sold for what it will bring. As a result the unfortunate British farmer, is being reduced to something very near despair, and in some cases is refusing to market his crop."

DECLARES BAD TEACHING IN UKRAINIAN SCHOOLS

Saskatoon, Sask., Sept. 16—That all the evils of Bolshevism are being described as including hatred of society, disbelief in good, opposition to government and scorn at the ties of marriages, are being taught to Ukrainian school children in Saskatoon is the statement of J. W. Stechshin, principal of Peter Moyplia institute here.

THE VICTORY BONDS.

Ottawa, Sept. 16—(Canadian Press)—Communications have been sent by the finance department to 100 registered holders of 1922 Victory Bonds drawing their attention to the conversion privileges announced by the minister of finance. Replies were not called for, but holders of the 1922 bonds are asked to surrender them to any branch of any chartered bank signifying the maturity of the new bonds desired and obtaining receipts on the official form provided.

STORM SEVERE IN NEW ENGLAND

Boston, Sept. 16—A severe electrical storm, in many localities the most violent of the season, raised havoc throughout the greater part of New England last night, causing heavy property loss. Cities and towns in Maine and New Hampshire were in darkness for hours and in some instances traffic on street railways and railroads was interrupted. Fires started by lightning were reported from points as far distant as Norway, Maine and Springfield, Mass.

QUALITY DOMINATES

Our Woman's Wear

In these uncertain times it is advisable to go to the store that has long maintained its reputation for quality apparel. We have built up an enviable reputation that has given a healthy increase to our business.

TEXAS RANCHER ROBBED OF \$3,000

Detective Kennedy of Halifax Recovered the Money, and Taxi Driver is in Trouble.

(Halifax Chronicle). As a result of the prompt action of Chief Detective Kennedy, in the small hours of Wednesday morning, a wealthy Texas rancher left for his far-off home yesterday, after a brief stay in the city, with his "roll" intact, and carrying with him no doubt a high opinion of the efficiency of the Halifax Police Department.

As an aftermath of the affair, John Andrews, a taxi driver, was requested to appear before the Cabs Commission on a serious charge, and the matter will be thoroughly threshed out.

It appears that on Tuesday night the Texan became tired of the monotony of the business districts, hired a taxi and started in the direction of the Bedford Road. Feeling secure in the belief that such a small town would not be likely to harbor any bold, bad crooks, the stranger continuously flashed a roll during the drive, bringing into sight on more than one occasion three one thousand dollar bills.

Near the Service Station, Kempt Road, the taxi driver stopped for some oil, and when his needs were attended to, he requested a third party, who was in the car, to drive, saying he would be in the back seat with his fare until their arrival at the Rockway Inn, their destination.

Upon reaching the hotel the Texan made the alarming discovery that he had been "frisked." A thorough search of his clothes failed to reveal any trace of the three thousand dollars, but the stranger's lamentations were long and loud.

Being informed of his guest's loss, the manager of the hotel telephoned Chief Detective Kennedy at the latter's house, requesting a detective to be sent to the back seat with his fare until their arrival at the Rockway Inn, their destination.

The matter came to the attention of Deputy Chief Palmer, who determined to bring it to the notice of the Civil Commission in order, he said, that "the traveling public might be given every possible protection."

Detective Kennedy said that he became suspicious of the taxi driver when, upon arrival at the hotel, he was informed that the man had been extremely anxious to get away.

It is understood that Andrews will be requested to appear before the Cabs Commission immediately, and it is expected that his license will be revoked.

Use the Want Ad. Way

CLAIM MUCH IN CRIME SOLUTION

French Police Say That They Have New Scientific Methods from Which They Say Marvelous Results Follow.

Paris, Sept. 16.—Analysis of the air breathed by a criminal is the newest aid to the French police in identifying malefactors. They scientifically examine the air in the room in which he operated, then examine the man, and reach a definite answer to the question whether he breathed in that room at a particular time. If by chance the man expected while at work, he can be traced as surely as if he had left his calling card.

of a crime detector system which was shown to Police Commissioner Enright, of New York City, on his recent visit to Paris. It is based on science applied to the detection and identification of criminals. If the Paris police wish to show that a man was at a given place at a given hour, they do not spend days trying to find witnesses. They prove it by the air he breathed; by the clothes he wore, and by several other scientific records which they say cannot be denied. There is no room for doubt, they say, such is their confidence in the accuracy of their deductions. When a crime has been committed the scientists, in their well-equipped laboratory, are notified. They crowd into a big automobile, filled with scientific instruments, and proceed to the scene. There are the expert photographer, the artist to make sketches, the chemist, and the man to operate the spectroscope. The last mentioned takes a section of the air for future careful analysis; each of the others does his assigned part, and no possible bit of material analysis is overlooked. The floor and the walls, the furniture, threads of clothing, bloody rags, broken lights, fingerprints, anything that offers a suggestion is packed up in air-tight receptacles and taken back to the laboratory. Here everything is analyzed, and finally, the laboratory is

The Snowwhite Kitchen. THE house-wife's delight—a snow-white kitchen—can easily be achieved by the use of LUXEBERRY WHITE ENAMEL on sink, woodwork, kitchen cabinet, tables and chairs. DR. F. W. PATTERSON NEW ACADIA HEAD

Wolfville, N. S., Sept. 15.—Dr. F. W. Patterson, general secretary of the Baptist Union of Western Canada and editor of the Baptist Outlook, with headquarters at Winnipeg, has accepted the presidency of Acadia University here, made vacant by the removal of Dr. George B. Cullen to the presidency of Colgate University, Hamilton (N. Y.). Dr. Patterson will not take over his duties until the opening of the second term, Feb. 1, 1923. In the meantime a committee made up of the deans of the various faculties headed by Prof. F. E. Wheelock, will administer the affairs of the university. Dr. Patterson's first pastorate was the Baptist church in Sackville (N. B.), the oldest church of that denomination in Canada. Going to western Canada in 1900, he held pastorates in Minnesota, Man. and Alberta, Calgary and later the First Baptist church in Winnipeg until about four years ago when he was appointed secretary of the union.

TO BEGIN WORK ON PAPER-MILL

Bathurst, N.B., Sept. 15.—Mr. Angus McLean, general manager of the Bathurst Paper Company, Ltd., who with Messrs. A. E. Compagny, John S. Ball and Smith Morse attended a meeting of the directors of the company at Montreal this week, has arrived home. Mr. McLean says that the final details in connection with the paper mill project have all been attended to and that the actual work of excavating for the new building is expected to start next week or just as soon as the necessary equipment can be got together. The new building will be about ninety feet wide and more than 450 feet long. It will be built of concrete and steel and will be a strictly modern building in every respect. The work of construction and installation of machinery will occupy several months and will require the services of a large number of men, under the day's work system. In this way the company will give employment to their old employees who in other years would likely be in their lumber camps at this time, but who, on account of the almost entire suspension of logging operations this season, would otherwise be out of employment.

TRIPLE-SERVICE (ECONOMIC-HYGIENIC-STYLE) Makes Nemo Corsets indispensable. The Meaning of Nemo Corset Service MILLIONS OF WOMEN DEPEND ON IT. Nemo Corsets comprise many hygienic features of great scientific value and are divided into three distinct services: Hygienic Service—Style Service—Economic Service. Their Hygienic Service has become invaluable and indispensable from a humanitarian and health point of view. Their Style Service is necessarily different from that furnished by other corsets. Their Economic Service, on which the first two depend represents the long-wearing qualities of Nemo Corsets. No amount of ingenuity in conceiving these valuable inventions would avail if the corsets themselves were not extremely durable. Their intrinsic value is based exclusively on themselves. Their Hygienic features, although worth much given entirely free. The Circlet does for the figure above the waist what the corset does below. "It Beautifies" The Circlet has neither hooks nor eyes yet it molds the figure perfectly. "As It Encircles"

CARLETON CORNET BAND FAIR SOON

The Carleton Cornet band are to hold a fair in the near future in the Curling Rink on the west side and plans were formulated last evening for the grand opening. This fair will include all the usual attractions and preparations are being made to make this fair one of the best ever held. The rink will be especially decorated for the occasion and committees were appointed last night to look after the various amusements. The officials chosen to run the fair last night were: Manager, A. C. Smith, Jr.; treasurer and assistant-manager, W. Duff; judges, John S. Ball and Smith Morse; and H. Newton; in charge of games, J. W. Fillmore; purchase committee, C. G. Price (chairman), H. Stackhouse and W. T. Lanyon; beer committee, E. C. Clark and George White; in charge of stock, R. J. Anderson; hall committee, W. L. Belyea (chairman), W. Fillmore, Charles Ellis, George Burnett, F. Wilson, J. Maxwell, P. Lodge, H. Moffatt and George Crabbe; special decorating and designing committee, A. V. D. Duff (chairman), F. Belyea, Roy Seeley, E. White, G. F. McNicol and C. Gallop; in charge of door tickets, W. M. Campbell; soliciting committee, B. Craft (chairman), W. Chittick, James Craigie, C. Maxwell, J. Fitzpatrick and F. Robinson. The ladies' auxiliary of the band is also assisting in the fair and they are looking after several of the booths. The ladies are in the following booths: Country store, W. M. Campbell, Misses Eva Campbell, Gertrude Belyea, Pearl Howard, Dorothy Lanyon, Stella Nice and Evelyn Brown; fish pond, Misses Gertrude Thompson, Maude Keeble, Reta Carleton, Annie Long and Mrs. Bert Keeble; fancy table, Mrs. Earl White, Misses Frances Lanyon, Nina Hayward and Gladys McKee; ice cream and candy table, Misses Gladys Urquhart, Mildred Lanyon, Mildred Hayward, Ethel Urquhart, Ailie Kirkpatrick and Arlene Miller.

WOMEN'S INSTITUTE.

Members of the St. John branch of the Women's Institute met yesterday afternoon at the home of Mrs. T. N. Vincent. The report of the treasurer showed the finances of the institute to be in a satisfactory condition. A house committee was formed, the members of which are to arrange for securing suitable rooms in which to hold the meetings. Mrs. Armstrong, the nurse who assisted at the exhibition and is to go to Toronto for a course through a scholarship awarded by the institute, was present and gave an interesting address.

TESTATRIX REWARDS FAITHFUL SERVICE

Widow of Hon. W. C. Edwards Left Estate of Over \$250,000.

Ottawa, Sept. 16—Faithful and devoted service on the part of an employe and two nurses have been rewarded by the late Catherine Margaret Edwards, widow of the late Hon. W. C. Edwards, who died August 9 last, and whose will, showing an estate of over \$250,000, was filed at the Court House for probate.

The total of the estate, both in and outside of Ontario, amounts to \$278,803, of which \$106,085 is situated in the Province of Ontario. The personal estate in Ontario amounts to \$32,283, and this is eventually to go to Gordon C. Edwards, a nephew. The estate outside of Ontario is chiefly comprised of 2,500 shares of stock in the Canada Cement Company, Ltd., valued at \$171,250. The will directs that the clothing and articles of personal adornment are to be equally divided between her two sisters, Helena F. Petrie and Edith V. Wilson. After providing for a bequest to Francis Mary Victory Tucker of \$250, the will reads: "I give to John R. Binks the sum of \$4,000 as an expression of my appreciation of the faithful services which he has rendered my late husband, Hon. Wm. Cameron Edwards, and myself, for many years past."

All the remainder of the estate is given to trustees subject to trust conditions. One trust imposed on the trustees is to pay an annuity of \$1,000 to Mabel MacCallum in appreciation of her services as nurse to Mrs. Edwards during the years of her illness. Still another trust is to set aside the sum of \$20,000 and pay the revenue from it to Charles W. Wilson, a brother. This amount, by a codicil, is cut down to \$15,000. Grace MacCallum, another nurse, is

REVOLVER'S TEN YEAR RECORD

(Detroit Free Press)

An impressive argument for better control of the trade in revolvers was made by the Law Enforcement Committee of the American Bar Association in its report at the San Francisco meeting.

The committee finds that criminal homicides in the United States have not fallen below 8,500 in the last ten years in this country and have risen higher than 9,500. Taking the minimum figure as a basis for computation, this gives 88,000 people slain by criminals in the last decade. The committee also finds that more than ninety per cent. of all homicides are committed with revolvers. It follows that revolvers in the hands

Horlick's Malted Milk
Safe Milk
For Infants & Invalids

A Nutritious Diet for All Ages.
Keep Horlick's Always on Hand
Quick Lunch; Home or Office.

of criminals have resulted in more than 75,000 deaths in the United States in the last ten years.

To meet this evil, the committee recommends that the manufacture of revolvers and ammunition for them be prohibited, except for the use of the government.

It may be argued that this is a murderous country and that if revolvers are not available some other weapon will be used or the same purpose, so that the proposed prohibition would be of no avail.

The committee replies to this view by pointing out that in European countries where revolvers are not carried the incidence of such crimes as murders, burglary and highway robbery is low, while in the same countries larceny, forgery, extortion, counterfeiting and other crimes not requiring the use of deadly weapons are commoner than in the United States. This act points strongly to the conclusion that the criminal who has no revolver contents himself with the less violent forms of wrong-doing. Common sense also supports the view that there would be fewer bank robberies and burglaries in the United States if the principal tool used in the trade were unobtainable.

Just what form should be given to a law designed to meet the revolver evil is still under discussion. There is a bill pending in Congress which attempts to deal with it by prohibiting the manufacture of firearms smaller than the regulation army revolver, a weapon which is much too large to be concealed in any pocket. The enactment of that measure might be a good first step toward suppressing the revolver peril.

The Finest Grapes That Have Been Grown In Years

Grapes from the Niagara Peninsula have always been prized for their quality and flavor. But the Blue Wordens now at your dealers surpass any grapes that have come from this famous district for several seasons.

Grapes bring health; eat plenty of them. Grape jams and jellies are delicious; preserve now. Be sure the grapes you buy have the stamp of the Niagara Grape Growers on the baskets. It stands for better quality, careful grading and careful packing.

NIAGARA DISTRICT GRAPE GROWERS LIMITED

Grapes can be used in many interesting ways. Write for our free booklet. It tells all about grapes and gives many new and delightful recipes.

FOUR INJURED IN TRAIN DERAILMENT

Belleville, Ont., Sept. 15—When Grand Trunk passenger train No. 28, due here at 8:15 p. m. left the rails at Sidney Crossing, about eight miles west of here, four men were hurt, two of them seriously. They are Express Messenger Bert Moorman, of Belleville, who is suffering from shock and injury to the back and head, and Conductor William Johnson, of Toronto, who is cut about the head. V. Squires, of Coburg, brakeman on the train, suffered minor injuries. The escape of the passengers was miraculous, only one suffering minor cuts and not requiring hospital attention. The cause of the accident is not definitely known.

Use the Want Ad. Way

Poverty..

Look about you. Count the number of old men you know who are dependent upon others for their living. Will you be in their shoes if you live to be old? Are you one of countless thousands who live from week to week on your pay envelope, without any thought of to-morrow?

Wishing, alone, will not create a competence. The setting aside of a part of your income year by year while you have health and earning power will provide for the uncertain future.

Start to-day to ward off poverty with a Manufacturers Life Double Maturity Endowment Policy. **THE E. R. MACHUM CO., LIMITED**, St. John, N. B., Managers for the Maritime Provinces.

Will the Injunction Break the Strike?

A conservative New York daily observes that if the Daugherty injunction against strike propaganda were literally enforced, every striker would be "doomed to a life of silent meditation and prayer." Since the popular reaction to the injunction obtained against striking railway men is likely to determine whether future officials will have recourse to it, it is of immense importance to show just where the press stand on it.

The leading article in THE LITERARY DIGEST this week (September 16) presents all shades of public opinion. Labor leaders feel that the injunction "denies them free speech and peaceful assembly," and puts the Government in the role of a strike-breaker, while railway executives feel that the government has "gummed the works" just as they had the strike beaten.

The St. Louis Star and the Scranton Times agree that this injunction is a strike-breaking weapon, pure and simple, and the Indianapolis Union calls it "a highly dangerous precedent" which "can but in the end lead to deep resentment in the hearts of millions and to eventual Bolshevism, that is, hatred for the class favoring the injunction."

While many editors decry the injunction there are scores of others who feel that Attorney-General Daugherty was compelled to take just the action he did take.

The places of striking shopmen can be filled, but, we read in the Chicago Daily News, "burned bridges, wrecked trains, locomotives subjected to sabotage, peaceful workers beaten or killed—these prove the existence of active and widespread criminality." This leading feature-article in the "Digest" is illustrated by appropriate pictures.

Alterations—Canadian Pacific Suburban Service, St. John-Welsford, Effective After September 9, 1922

Daylight saving time will be abolished midnight, September 9th, and after that date Atlantic Time will be restored in the city.

Suburban train schedules will be adjusted accordingly and in addition preliminary curtailments in this service will be made, particulars as given below.

Effective after September 9th, trains leaving the city at 11:20 a.m. and 8:10 p.m. will be cancelled; trains arriving from Welsford at 2:25 p.m. and 7:00 p.m. cancelled.

Train No. 128 now leaving at 7:15 a.m. and train No. 127 now leaving at 8:50 a.m. will continue in service until September 16th, after which date they will be cancelled. Between September 9th and 16th, account of abolition of daylight, train will leave at 8:15 a.m. and arrive at 10:50 a.m.

Train No. 130, now arriving at 8:45 a.m., and train No. 127 now leaving at 8:10 p.m. will be continued in service until September 30th and then cancelled. After September 9th, train No. 127 will leave at 6:10 p.m. and train No. 129 will arrive at 6:45 a.m.

On Saturdays from September 16th to October 28th, there will be a noon suburban train service between St. John and Welsford which will be open in month of September on Saturday evenings.

After September 30th entire suburban train service between St. John and Welsford will be withdrawn with the exception of the 12:20 p.m. and the 8:00 o'clock arrival from Welsford on Saturdays.

After September 16th and until further notice the McAdam express train No. 101 and 102 will be made flag stop at Ketepepe and Onondaga.

After September 9th, train 106 will leave Fredericton at 5:10 a.m., arrive St. John at 7:30 a.m.

Eastern standard time, covers all above figures, which is one hour slower than Atlantic. a. s. r.

BOND ISSUES

Figures Argue Well for Financial Status of the United Kingdom.

London, Sept. 16 — (By Canadian Press)—Up to the beginning of August, this year, foreign and colonial government and municipal capital issues have totalled 11,650,000 pounds sterling, taking only issues publicly offered.

Foreign countries accounted for 48,201,800 pounds sterling, while colonial issues were created to the extent of 63,443,000 pounds.

Considering that the grand total of capital subscribed for in Great Britain both home and abroad to the end of July

was 183,744,922 pounds sterling, at least sixty per cent. of this amount has gone abroad. These figures argue well for the financial status and recuperative powers of the United Kingdom.

Australia has been the heaviest borrower, the commonwealth and her provinces raising 32,000,000 pounds sterling, at an average interest rate of 6 1/2 per cent. India borrowed about 28,000,000 pounds sterling, while New Zealand and the Straits Settlements account for nearly 10,000,000 pounds sterling.

India also placed an internal rupee loan in July for an unlimited amount carrying six per cent at par. Several conversion offers were also included, and as the securities rating for conversion were largely held in this country, another large unknown amount found its way overseas.

New Zealand was a fairly private borrower, three municipalities placing moderate loans during the summer.

France, the biggest foreign applicant, raised 20,000,000 pounds sterling, of which 2,500,000 was for her shipping industry and 15,000,000 for railways. Denmark took away 2,500,000 pounds sterling and Brazil 7,000,000. Siam and Czecho-Slovakia borrowed for the first time in British markets.

CONVERSION PROPOSALS

THE MINISTER OF FINANCE offers to holders of these bonds who desire to continue their investment in Dominion of Canada securities the privilege of exchanging the maturing bonds for new bonds bearing 5 1/2 per cent interest, payable half yearly, of either of the following classes:—

(a) Five year bonds, dated 1st November, 1922, to mature 1st November, 1927.

(b) Ten year bonds, dated 1st November, 1922, to mature 1st November, 1932.

While the maturing bonds will carry interest to 1st December, 1922, the new bonds will commence to earn interest from 1st November, 1922, GIVING A BONUS OF A FULL MONTH'S INTEREST TO THOSE AVAILING THEMSELVES OF THE CONVERSION PRIVILEGE.

This offer is made to holders of the maturing bonds and is not open to other investors. The bonds to be issued under this proposal will be substantially of the same character as those which are maturing, except that the exemption from taxation does not apply to the new issue.

Holders of the maturing bonds who wish to avail themselves of this conversion privilege should take their bonds AS EARLY AS POSSIBLE, BUT NOT LATER THAN SEPTEMBER 30th, to a Branch of any Chartered Bank in Canada and receive in exchange an official receipt for the bonds surrendered, containing an undertaking to deliver the corresponding bonds of the new issue.

Holders of maturing fully registered bonds, interest payable by cheque from Ottawa, will receive their December 1 interest cheque as usual. Holders of coupon bonds will detach and retain the last unexpired coupon before surrendering the bond itself for conversion purposes.

The surrendered bonds will be forwarded by banks to the Minister of Finance at Ottawa, where they will be exchanged for bonds of the new issue, in fully registered or coupon registered or coupon bearer form carrying interest payable 1st May and 1st November of each year of the duration of the loan, the first interest payment accruing and payable 1st May, 1923. Bonds of the new issue will be sent to the banks for delivery immediately after the receipt of the surrendered bonds.

The bonds of the maturing issue which are not converted under this proposal will be paid off in cash on the 1st December, 1922.

W. S. FIELDING, Minister of Finance.

Dated at Ottawa, 8th August, 1922.

HE GIVES UP A LARGE PENSION

Lord Strathclyde Relinquishes £3,750 a Year Granted When He Retired.

London, Aug. 30.—(Associated Press, by Mail)—Lord Strathclyde has astonished the official world by voluntarily relinquishing a pension of £3,750 a year that was granted him seven years ago when he retired from the office of Lord Advocate for Scotland, where he was getting £20,000 a year.

He is sixty years old and declares his reason for giving up the pension is that he is unable, owing to weak health, to take part in the judicial work of the House of Lords. That has only increased the surprise his action has occasioned. Such an exhibit of public spirit is rare indeed.

The British government makes generous provision for the future welfare of its best-paid office holders when they join the ranks of those who have retired. The speaker of the House of Commons has a salary of £5,000 a year; he may retire whenever he wants to and enjoy a life pension of £4,000 a year. The Lord Chancellor, who fills a role in the House of Lords analogous to the speaker of the House of Commons, receives a salary of £10,000 a year and retired pay of £5,000.

DEATH THREATENED UNLESS \$25,000 PAID BY HEAD OF MOIRS

Halifax, Sept. 15.—On September 11 James W. Moir, president of Moirs, Ltd., this city, received a clumsily worded letter warning him that unless he left \$25,000 in cash in a certain spot in Pleasant Park by September 15, he would be assassinated on that date. The letter was signed "Member."

This afternoon, after consulting the police, Mr. Moir deposited a "dummy" roll in the tin can which was found hidden, according to instructions in the letter, just inside the park gates. Later

LIKE money in the bank, Prest-O-Lite's Reserve Power is something to draw upon in emergencies. Prest-O-Lite Batteries are still going strong when other batteries have given up the struggle of producing quick starts and bright lights.

PREST-O-LITE CO. OF CANADA LIMITED Montreal Toronto Winnipeg Distributors for St. John, H. E. BROWN & SON, 377 Haymarket Square.

KEEP EXPOSITION OPEN TILL MARCH

Brazilian Display a Big Affair in Which Nations Take Interest.

Rio De Janeiro, Aug. 25.—(Associated Press by Mail)—Although the Brazilian officials are not disposed to postpone any part of the Centennial Celebration programme which will open according to schedule September 7, it is now generally conceded that a considerable part of the big exposition will not get into its stride before six weeks or two months after that date.

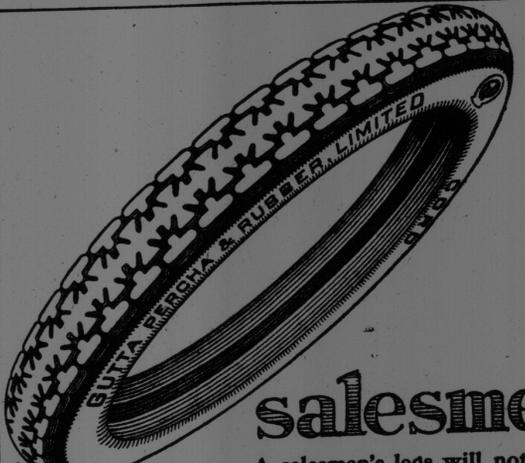

Work has proceeded, however, to the point where it is obvious that the exposition will be well worth seeing. Organized, arranged and constructed with the art characteristic of the Brazilians, the groups of buildings will do credit to the far famed beauty of Rio de Janeiro. The various edifices which will house and portray the principal industries and scientific and artistic developments of the country reflect to a remarkable extent the spirit and character of the Brazilian people.

All of the great nations will be represented, and their buildings, most of which are of permanent construction will form what will be one of the most charming sections of this capital. Each of these buildings will contain exhibits of its country's arts and industries. The centennial programme includes the largest military review ever held in South America. Chosen troops of the reserve from every Brazilian state will march. There will be open-air operas and symphony concerts; national and international conventions; free motion picture shows; a naval review; civic parades; Olympic games; official and unofficial entertainments and receptions; a carnival, and fireworks displays. Fortunes are being spent for special and spectacular illumination effects.

The conventions and congresses range from the International Railway Convention to the Canary Birds Fanciers' annual meeting. Extraordinary interest centres around the livestock show which is expected to draw exhibits from every cattle-raising country in the world. The Good Roads Convention, Agricultural Congress, and Engineering Conference are among the important events on the programme.

The importance which foreign countries give to the Brazilian celebration is indicated by the men they have chosen to head their delegates to the official ceremonies. Secretary of State Charles E. Hughes heads the American mission; Admiral Thon de Revel that from Italy and Marshal Joffre from France.

It is anticipated that there will be a constant attendance of from 75,000 to 100,000 people during the entire exposition, which will not close until March 31, 1923.

salesmen

A salesman's legs will not carry him fast enough to keep up with competition. Business is labelled RUSH, now-a-days, and a salesman needs an automobile to hurry him from customer to customer. The object is to save time, but, if his car runs on poor tires, he will waste as much time "taking off" and "putting on" as it would take to "foot it." Where motors are used to save time, how inconsistent to equip them with tires that waste time. Time is the essence of the automobile in business—ergo—put your salesman's cars on "Gutta Percha" Tires.

U. S. TARIFF BILL PASSES THE HOUSE

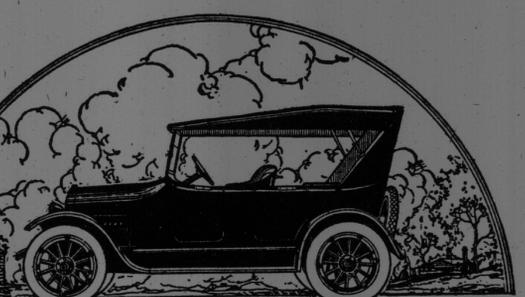

(Canadian Press Despatch) Washington, Sept. 15.—The conference report on the administration tariff bill was adopted late today by the house. It now goes to the senate, where final action next week is hoped for by Republican leaders.

HOLLAND READY TO FEED HUNGRY RUSSIAN CHILDREN

Moscow, Aug. 23.—(Associated Press, by Mail)—Holland, which cared for thousands of under-nourished German children during and since the war, volunteered recently to nurse back to normal several thousand Russian children if the Soviet government would bear the burden of transporting the youngsters to The Hague.

The Bolsheviki have agreed to the proposition. This is the first time that the Soviets have accepted help of this kind from foreign countries.

TURF.

At Woodstock Fair.
The Woodstock fair was brought to a successful close yesterday. The races attracted a large gathering and the results were:

The following is the summary:
Named Trot; Purse \$200.
The Trigger, b g (Shuman).....1 1 1
Col Axworthy (Dewitt).....2 2 2
Brussels Dillon (Willard).....3 3 3
Miss Peter Splan (McManus).....4 4 4
Radiant, blk m (Boutiller).....5 5 5
Native Worthy and Orco also started. Time—2:19 3-4, 2:19 1-2, 2:19 1-4.

2:14 Trot and Pace; Purse \$400.
Zom Q. (Gunnings).....1 1 1
Northern Mac, b g (Willard).....2 2 2
Moy the Great, b g (Johnson).....3 3 3
Money Man, blk g (McRae).....4 4 4
Royal McKinnon, g g (Brickley).....5 5 5
Sally Ashbourne, ch m (Seely).....6 6 6
Time—2:14 1/4, 2:14 1/4, 2:15 1/4.

Named Race; Purse \$200.
Togo M. b g (Dewitt).....1 1 1
Arlene (Bull).....2 2 2
Lady Ashbrook (Gann).....3 3 3
Lucky Strike (Hamilton).....4 4 4
Teddy Marshall (Shuman).....5 5 5
Time—2:22 1/4, 2:22 1/4, 2:27 1/4.

In the running race, Allan Bull won two straight heats, going only half mile. The time was 1:07 and 1:06.

Three Big Ones Matched.
Bangor, Me., Sept. 15.—Arrangements were completed today for a race between three club owned Aroostook free-for-all pacers on the Bass Park track here long known as Maplewood Park on Thursday afternoon, September 21, for a \$8,000 stake, winner take all. It will be a three heat race, the horse topping the summary at the end of the third heat to be declared the winner.

The American Handicap, for three-year-olds and upward, a six furlong dash for \$5,000 in added money, has six nominations. Harry Payne Whitney has nominated four, the best of which are Tryster, Calandry Jane and Broomster. Benjamin Block's Morvich, also is eligible, but it is doubtful if he will run. G. L. Blackford's Centimeter, F. M. Bette's Jack Hare, Jr., E. B. Bradley's Bit of White, C. E. Rowe's mare, Miss Jimma and Montfort Jones' Surr Rider and Miss Joy are among the other leading eligibles.

Seventy-two thoroughbreds have been nominated for the Latonia Handicap, for three-year-olds and upward at a mile and a sixteenth. Bradley's Bit of White also has his Bit of Black and Bet Mosey; John Finn, Jack Hare, Jr., Block's Morvich, C. W. Clark's Whiskaway and Whitney's Prudling, his Bunting, the Bronx, Barney Stone, Firebrand, Rockminster, Lady Madcap, Bit of White, Bet Mosey, Dr. Clarkland Cherry Tree may be among those to go to the post.

The Covington Handicap, at a mile and three-sixteenths is the other handicap event for three-year-olds and upward. There are half a hundred nominations. Though Morvich is not among the nominees, Thibodeaux, Prudery, Bunting, Rockminster, Firebrand and the Bradley cracks may make up a good field.

The juveniles event, the Fort Thomas Handicap, at six furlongs has 101 nominations. It is a difficult task at any time to select the most likely youngsters from a list of more than a hundred. Some of these will take their first start in the field, and all the others have shown some sort of good form.

Lady Dilham Dead.
Newport, R. I., Sept. 15.—Lady Dilham, widely known show horse owned by Reginald C. Vanderbilt, died of pneumonia recently at the Vanderbilt stables at Sandy Point farm. The mare, nineteen years old, was regarded as one of the best in her class and had won many championships and ribbons throughout the country. She was by Elegant sd, out of Dilham Prime Minister.

Halifax Bout.
Halifax, N. S., Sept. 15.—Jack McKenna of North Sydney, amateur welterweight champion of Nova Scotia, successfully defended his title in a three round match at the Arena last night with Arthur O'Grady of Halifax. McKenna scored two knockdowns in the third round.

British Win Again.
Oyster Bay, Sept. 15.—Two British boats, Reg and Colla 8rd, finished first and second in today's international six-metre race, the fifth of a series of six for the British-American Cup and the British team also won the day's event, 19 points to 17. British craft finished one-two twice around the six mile leeward and windward course. Norman Clark Nell's Reg leading the fleet in elapsed time of 2 hours, 4 minutes with A. J. Stephen's Colla 8rd, winner of yesterday's race, ten seconds behind. The American yachts Crebe, L'Esprit and Len took the next three places followed by the British Cary, the American Celtic and the British Jean.

Sues For \$25,000.
St. Louis, Sept. 15.—A suit for \$25,000 damages has been filed in Circuit Court here by Mrs. Anna Newman, a stenographer, for the loss of her right eye. She charges the loss was struck in the eye by a golf ball while she was hosting on a lagoon, and that four golfers were negligent in not warning her. It happened on a municipal course.

Ladies' Championship.
In the final play-off for the Canadian ladies' open golf championship tournament at Toronto yesterday, Miss Alexa Stirling of North Hempstead eliminated Miss Helen Pepler of Toronto one up. This means that the title is lost to Canada.

JOE FORSYTHE IS
HERE EN ROUTE TO
HIS HOME IN LYNN
Joe Forsythe, a baseball player well known to the local fans as he played here all one season with the Alerts two years ago, arrived in the city this week from Grand Falls where he has been playing with the team in that town. He came here early in the season with the Dorchester (Mass.) team and at the conclusion of that tour he signed on with the Grand Falls team and played with them all summer. He batted .340 all season and finished with the fine average of .310 for twenty-three games. He also handled the hot corner of the diamond in fine style and only had five errors and his deadly throwing arm cut off many a scratch hit along the third base line.

Forsythe speaks very highly of the treatment accorded him by the fans at Grand Falls and says that "it is a pleasure to play for Grand Falls and if they care to have me back again next season I'll be there with bells on." He expects to return to his home in Lynn (Mass.), next Saturday.

The first of the fall and winter meetings of the Fortland Methodist church missionary society was held last evening with Miss Jennie Henderson presiding. Refreshments were served and the following took part in the programme: Mrs. Cunningham, Mrs. James Ferguson, Miss V. McLaughlin and Mrs. W. M. Trons.

THE MOVIES TO
INVADe THIBET

Promoters Hope, in Return, to Get Views of Mystery Land and People.

London, Aug. 30.—(Associated Press, by Mail)—Thibet, it is hoped, will not much longer be the land of mystery. Nor will the great outside world, it is expected, continue to be the great land of the unknown to the Thibetans. They are to be offered an opportunity of seeing, in the movies, something of the wonders to be found in the vast world beyond Thibet. In exchange it is hoped they will allow cinematograph pictures to be taken of the wonders of Thibet for people of other lands to see. A cable just received in London announced the arrival in Calcutta of the members of a British Buddhist Mission to Thibet. They have begun the long and difficult journey on foot through the Himalayas. On their way to Darjeeling the mission visited the Bodhidruma (or "Tree of Intelligence"), the sacred fig tree under which, according to Buddhist tradition, Buddha was sitting in contemplation when he attained the perfect wisdom. A film is to be taken of the tree and of the pilgrims visiting it, and it is hoped to show these pictures to the Dalai Lama in Lhasa itself. Films of wild animals and the various aspects of the outside world are also being carried in order to offer to the highest Thibetan authorities the first cinematograph exhibition ever given in their famous city. One of the objects is displaying the wonders and possibilities of moving pictures to secure permission for making film records of the country and its people.

A better smoke and a cheaper smoke

GEERS IS CALLED TO STAND—BUT TO RECEIVE CUP
Lonsville, Ky., Sept. 15.—E. F. "Pop" Geers today had added another trophy to his collection but in acquiring it the seventy-one-year-old reinman broke a record of forty-seven years' standing on the turf by being called into the judges' stand. Axworthy "Pop" easily won the governor's cup event yesterday, a three-year-old trotting stake with a value of \$1,000. Governor E. P. Morrow, then called Geers into the stand to present the silver loving cup donated by the fair association.

URGES GRAPE JUICE FOR COMMUNION

Los Angeles Diocese Presents Petition Through Bishop at Episcopal Convention—Is Called Prohibition Move.

A petition was presented to the House of Bishops at the convention of the Protestant Episcopal Church in Portland, Oregon, asking that grape juice be substituted for wine in the holy communion or that clergy with whom the matter had become "a question of conscience" be permitted to use grape juice.

The petition came from the diocese of Los Angeles and was presented by Bishop Johnson of Los Angeles. It was referred to the Committee on Constitutional Amendments. The petition is considered a move to aid prohibition.

especially since it originated in a grape-growing state.

Bishop Winchester of Arkansas was ready to report on the case of the Right Rev. William Montgomery Brown, retired Bishop of Arkansas, who wrote a book since the last general convention in which he practically denied all the cardinal doctrines of his church, especially that of the divinity of Christ. The report was postponed indefinitely. The rumor is that the committee will recommend asking Bishop Brown voluntarily to relinquish Episcopal orders.

The Bishop showed announcement this morning at a report in a local paper that they might elect Bishop Paul Jones as Bishop of Eastern Oregon to succeed the Right Rev. Robert L. Paddock. No Bishop could be found who thought there was much possibility of such action. It is stated here that Eastern Oregon does not want a Socialist Bishop. The House of Bishops during the war asked Bishop Jones to resign as Bishop of Utah because of his socialist utterances. Posters have appeared here on trees and doors about the auditorium which read:

"An appeal to the Christian conscience of the Bishops rather than their statesmanship. The Right Rev. Paul Jones, Socialist Bishop, resigned under pressure during war excitement. Is it not time that the Bishops do justice to this godly young man?"

This circular showed a picture of Bishop Jones. It is said that they were sent to the auditorium from the Labor Temple where the Church Socialist League has headquarters under the direction of the Rev. A. D. Byron Curtis of Willard, New York.

At the request of Bishop Matthews of New Jersey, the Bishops appointed a special committee on relations with the Reformed Church of Hungary, congregations of which in this country are already by a temporary concordat, being cared for by Episcopal Bishops in the jurisdiction where these congregations are located.

At the request of Bishop Colmore of Porto Rico a special committee was appointed to consider closer relations between the Episcopal Church in that island and other Christian congregations.

Bishop Nichols of California presented the report of the Joint Commission on Women's Work, of which he is chairman. If it is adopted women can become members of the vestry in every diocese and sit as members of the House of Deputies. Where the word "layman" now occurs "lay communicant of this Church" will be substituted, making the provision read—"The Church in each diocese which has been admitted to union with the general convention shall be entitled to representation in the House of Deputies by not more than four presbyters canonically resident in the diocese and not more than four lay communicants of this church having domicile in the church."

The report was referred to the Committee on Constitutional Amendments. Bishop Nichols is reported to have stated that only ten bishops had stated they were in favor of a national house of church women. Sixty were opposed and eighteen were indefinite. The report further stated that only twenty-five bishops had stated that they favored the removal of any bar to the eligibility of women in the House of Deputies, forty

were opposed and twenty-three were indefinite.

"The commission believes that in the near future the sentiment will be strong throughout the church that women should be admitted to membership in the House of Deputies."

On motion of Bishop Manning of New York, who led the devotions today, the bishop this afternoon rescinded the action of yesterday in asking for a reopening of the question of giving to Suffragan Bishops a vote in the House of Bishops. The motion also asked that the House of Deputies review their official message of yesterday, which was that a committee on conference from the two houses be appointed. It is believed this will be the death knell in this convention of the move to get the vote for Suffragans. Bishop Anderson of Chicago and Bishop Guerry of South Carolina spoke against the recall.

Bishop Manning asserted that the House of Bishops, in asking for a committee on conference, had done a most unparliamentary thing in the view of the best known legal authorities at the convention.

There are two Suffragans in New York. One is the Right Rev. Arthur

S. Lloyd and the other is the Right Rev. Herbert Shipman. The diocese of Arkansas is the only other with two Suffragans. One is white and one a negro.

In the House of Deputies another attempt was made to sidetrack any revision of the prayer book. Judge George F. Henry of Des Moines presented a resolution to appoint a "sifting committee," but it was lost by a large majority.

The House of Deputies this afternoon passed a resolution to create, the House of Bishops concurring, a special committee of one bishop, one clergyman and one layman to wait on Secretary Hughes and ask him to take such action as is possible against the growing use of opium in this country. The Rev. W. H. Bliss of Olympia, Wash., said there were about 2,000,000 opium addicts in the United States and that many girls and boys were being led to immorality through its use.

After a session behind closed doors which lasted two hours the House of Bishops late this afternoon accepted the resignation of the Right Rev. Robert L. Paddock as Bishop of Eastern Oregon. Bishop Paddock is in New York, where some months ago he suffered a nervous breakdown. The report of the Special Committee on Bishop Paddock's case was presented by Bishop Winchester of Arkansas, and was as follows:

"Your committee respectively reports:

For the living room—**CFM Guaranteed Upholstered Furniture**

Made by **CANADA FURNITURE MANUFACTURERS**

WOODSTOCK, ONTARIO, CAN. 15

Manufacturers of all classes of household and office furniture

Write for free booklet on Period Furniture

That as Bishop Paddock's medical specialists have agreed that an invalid's chair or something worse will be ahead of him if he continues his work in Eastern Oregon, there is no course open to this house but to accept his resignation. Moreover, we believe that in kindness to him, it is desirable that his resignation be accepted at once, in order that his condition be not further aggravated by any suspense in this matter.

Your committee knows, however, that Bishop Paddock's resignation will be received with profound regret. We shall lose from the missionary field a leader whose work has been of a peculiarly apostolic character. His life in the episcopate has been conspicuous for its self-denial and saintliness. The whole church has been waiting with the deepest interest an experiment in self-support unique in the missionary history of the American Church. It is a cause of sorrow to us all that Bishop Paddock is not able to go on with his attempt which has produced results beneficial to this

London, Sept. 16—Lord Decles, speaking at Oxford to the Federation of Merchant Tailors, said a writer had been bewailing the lack of smartness in men's clothes nowadays. He would not venture to express an opinion on matters sartorial in the present company, but he would venture to point to the reason why the English were becoming a shabby nation. It was economic and not aesthetic.

"The new suit contemplated for autumn was never ordered; old clothes were cleaned and pressed for another season; and the reproach fell upon the nation's manhood that they were losing their smartness. Was it any wonder?"

"There was an ancient and libellous saying that it took nine tailors to make a man. He would suggest that a revised version should read 'Every tailor pays the income tax of nine men,' for men saved on clothes to pay their income tax."

It's Easier for Dealers To Sell Hasslers

IT'S easier for a dealer to sell a set of Hasslers than it is to sell a substitute

—because Hasslers are known everywhere as a high-grade product built on scientific principles. Over one and a half million sets in use have made their name a by-word for comfort, economy, and dependability.

It is not always the dealer who is looking for the greatest margin of profit that makes the biggest success in the end. It is the dealer who has always in mind the welfare of his customer which, ultimately, means repeat orders and free publicity.

All Hassler dealers know Hassler value. They recognize Hassler ability to create an ever-increasing chain of satisfied customers. They're making easier sales and bigger profits in the long run with Hasslers.

Hasslers can be produced at all dealers—**PHILLIPS & PRINGLE**, Distributors, City Hall Square, Fredericton.

DODGE BROTHERS SEDAN

The first thing you will notice about the car is the new and distinctive beauty which Dodge Brothers have brought to it.

The cowl is higher and more graceful. The radiator is more dashingly shaped. A new smartness and distinction of line is obvious from end to end.

The upholstery is done in genuine mohair velvet of the finest quality. Rear arm rests and deep, wide seats contribute to the comfort of riding.

The fittings and trimmings are in excellent taste, and include nicked window regulators, etched dome light, horsehair carpets, body heater, windshield cleaner, Yale door locks and weather-stripped doors and windows.

Eighteen coats of paint and varnish, hand-applied over an equal number of days, account for the exquisite finish of the exterior.

Steel disc wheels (with cord tires) harmonize with the lines of the body and screen the under parts of the chassis.

Yet in spite of its ample and inviting luxury, owners will tell you that the cost of running the car is exceptionally low.
