

COL. HOULISTON NOW IN CHARGE

Takes Over the Command of Military District No. 7—Colonel Ogilvie to Victoria, B. C.

Col. Alexander Thomas Ogilvie, D.S.O., officer commanding Military District No. 7, yesterday received official word from Ottawa that the matter of his retirement had been passed and he will go tomorrow on leave pending retirement. He said this morning that he would live in Victoria, B. C., and on his way there would visit Montreal, Toronto, Ottawa and other cities.

TRADE MATTERS

Commissioner at New York Addresses Canadian Club Here. Frederick Hogg, Canadian Government Trade Commissioner at New York, delivered an eloquent address before members of the Canadian Club at a luncheon served in Bond's at noon today.

It was announced yesterday that a Byco franchise in law would be established at Columbia university in memory of Lord Bryce. Prof. Maurice Smith has been selected as the lecturer.

A Business Operated Upon Economic Principles and lowest charges. M. N. POWERS & CO. 81 Princess Street J. R. CLAYTON, Manager

Notices of Births, Marriages and Deaths, 50 cents.

MARRIAGES HOYT-BENHAM—On June 20, in St. Mary's church, by the Rev. R. Taylor McKim, Laura May Benham, daughter of Amy and the late Charles Benham of Fredericton, to James Albert Hoyt, son of Silas Hoyt of this city.

DEATHS MITCHELL—In this city on June 19, 1922, David Mitchell, aged ninety-four years, leaving three sons and two daughters. (Montreal, Boston and Sydney, N. S., papers please copy.)

ITALIAN KING AND QUEEN LEAVE TO VISIT DENMARK. Rome, June 20—King Victor Emmanuel and Queen Elena, accompanied by Foreign Minister Schanzer, left yesterday for Copenhagen on a short visit to King Christian of Denmark.

RIVER IN FRESHET. Fredericton, N. B., June 20—A summer freshet is now on in the St. John river. Since Monday morning the river at this point rose four feet and at noon was more than nine feet above ordinary midsummer level.

PROLOGUE SOON. Ottawa, June 20—(Canadian Press)—Efforts being made to prorogue parliament by Saturday. But much remains to be done and the end of the session may not come till Wednesday or Thursday of next week.

MONTRÉAL STOCK MARKET. Montreal, June 20—(1029)—A bullish tendency was noticeable on the local stock exchange today, being most prominently reported in the season's preferred stock of British Empire Steel, which, after advancing 81-4 points to 83, rose a further two to 85.

IN MEMORIAM KELLY—In loving memory of Margaret, wife of Jas. H. Kelly, who departed this life June 20, 1921. Eternal rest grant her, Oh Lord, and may Thy divine blessing rest upon her. BURNHAM AND FAMILY.

Caravans for the ladies on Wednesday evening at the Palm Gardens. 6-22

FOR THE WHOLE FAMILY. Fresh Jersey milk, plain cookies, and homemade ice-cream for the little tots, luscious sundae for the boys and girls, piquant salads and sandwiches to tempt lady's dainty appetite, and also more substantial dishes which afford makings of a square meal with various delicious desserts such as strawberry shortcake, smothered in whipped cream, after which—with a tiny wafer and convenient ash tray—the "third business man" may settle back for a comfortable smoke at the end of a perfect meal. All these may be enjoyed where THE GOOSE HANGS HIGH.

ANNIVERSARY OF FIRE. Today is the 48th anniversary of the St. John conflagration, when the citizens of St. John met with a property loss of fifteen million dollars. The insurance loss was \$6,746,223, of which the Quebec Insurance Company had \$726,988.00. All of this company's losses were promptly paid and through the same general agents who have continuously represented the Queen since 1866.

To those who are prone to claim that the fire insurance business is a profitable one, the fact that the companies then doing business here only one-half are now in existence is illuminating.

The firm of C. E. L. Jarvis & Son, who have represented the Queen for the past thirty-six years, have an enviable record for prompt and satisfactory settlement of claims. Their office is located at 74 Prince William street in the Jarvis building, where it has been for nearly half a century.

PERSONAL Miss Emily A. Baynton, who has been training in Worcester, Mass., hospital as a nurse, arrived home on the S. E. Gosport on Monday morning. She was visited by her mother, Mrs. H. A. Baynton, 289 Union street, West End.

Dr. and Mrs. J. M. Barry arrived here by automobile this morning for Mrs. Barry, N. B., on a vacation visit.

Andrew Long of Montreal is visiting his mother, Mrs. Andrew Long, Lancaster avenue.

Mr. and Mrs. Roy C. Fraser have left for their summer home at Kennebec, N. S. Dr. J. Murray Baxter, M.D., left last evening for Baltimore after visiting his home, 108 Union street.

Mr. and Mrs. Wilson Dager, of Lynn, Mass., arrived in the city today on the Governor Dingley on their way to Acadia, on the St. John river where they will open that hospitality to the public.

E. Busby, chief inspector of customs and excise, of Ottawa, arrived in the city today on an inspection trip to the local customs house.

J. H. Boyle, superintendent of the Brownville division of the C. P. R., arrived in the city on the Montreal train this afternoon.

R. E. Armstrong, secretary of the Board of Trade, left this morning for St. Andrews to attend the annual meeting of the Canadian Manufacturers' Association.

ADMIRAL SIR LOUIS BEAUMONT DEAD. London, June 20—Admiral Sir Louis Beaumont died at his home in Hurst Pierpoint, Sussex, last night. He was seventy-five years of age.

In 1886 he married Miss Mary Eleanor Perkins, daughter of Chas. C. Perkins, of Boston. She died in 1907.

BURIED TODAY. The funeral of Charles J. Hagerty took place this morning from his late residence, 100 St. Paul street, Fredericton, by Very Rev. Dean Charles Collins. Interment was in the new Catholic cemetery. Floral tributes and spiritual bouquets marked the sorrow of friends in his death.

HOYT-BENHAM. A very pretty wedding was celebrated at three o'clock this afternoon in St. Mary's church, when Rev. R. Taylor McKim united in marriage Miss Laura May Benham, daughter of Mrs. Amy and the late Charles Benham, of Fredericton, to James Albert Hoyt, son of Silas Hoyt, of this city. The bride wore a navy tailored suit with hat to match, and carried a shower bouquet of Ophelia roses and lilies of the valley. The bride was given in marriage by J. R. Hopkins of this city. Following the ceremony, Mr. and Mrs. Hoyt left for a short trip on the St. John river, and on their return will reside at 54 Exmouth street. Many beautiful and useful gifts were received, among which was a beautiful china tea set from Geo. E. Day & Son, with whom the bride was employed, and a leather bag from the staff of the printing department of Barnes & Co, where the groom is employed.

TUG AND SCOW FROM HERE ARE ALL RIGHT. Yarmouth, N. S., June 20—The Montreal tug J. H. Hackett, which, with two scows, went ashore on Chebogue Ledges yesterday, was floated last night apparently undamaged, and proceeded to Lockport, N. S., with her tow.

The tug was towing the scow from St. John to Lockport to be used for dredging purposes.

INDUSTRIAL CHIEFS TODAY AT ST. ANDREWS

(Continued from page 1.) W. S. Fisher, St. John, president of the association, thus summarized Canada's "trying experiences of the last two years."

He said work was the panacea for most of our ills, physical or mental. Mr. Fisher devoted a large part of his address to the defense of a protective tariff.

He reported that development of Canada's natural resources, the farms, the forests, the fisheries and the development of the country's factories so that these could transform its raw materials into usable form, would

He urged the need of increased immigration. The report of the executive committee covered the work of the year in a comprehensive manner and contained a wealth of detail of interest not only to the members of the association but also to the general public.

In the last three years 1,500 new members had come in and the total membership now was in the vicinity of 4,800. The total revenue of the association for the year had been \$194,627.67, and the cost of operation \$179,637.37, leaving a surplus of \$14,990.30.

Great stress was laid on the "Produce-Canada" campaign, which was related so intimately to the prosperity of the country. Reference was made to the trip of the president and some of the members to the West Indies, British Guiana and Bermuda, also to a proposed trip to Mexico, which did not materialize owing to circumstances which arose.

Besides these, about 100 members of the committee had decided to recommend to the annual meeting that the association should not pronounce any official opinion on the ultimate disposal of the Great Lakes-St. Lawrence waterway project, but that, in view of the membership of the president and some of the members to the West Indies, British Guiana and Bermuda, also to a proposed trip to Mexico, which did not materialize owing to circumstances which arose.

N. B. WOMEN'S INSTITUTES Tenth Annual Convention was Opened This Morning in Fredericton.

(Special to The Times.) Fredericton, N. B., June 20.—The tenth annual convention of the N. B. Women's Institutes was opened this morning in the Normal School gymnasium.

The convention was opened by Mrs. L. E. O'Connell, president of the advisory board, presided. Some seventy delegates were at the opening session, and that number will be increased during the day.

Mrs. O'Connell said that all realized the portion of the responsibility of the forward movement of Canada which rested upon the shoulders of the women of the country. The soldier boys having placed the dominion in her hands before the eyes of the world, it was the duty of all to make the most of the country's opportunities.

"O Canada" was sung in union, and Mayor Reid welcomed the visiting delegates. He said that automobiles which were available in the evening to take the delegates on a sightseeing trip.

Mrs. Leo Kearney of Bath replied to His Worship. Miss Nutter, superintendent, presented her annual report. She said that two new institutes had been formed and there were numerous inquiries.

Sixty-four branch institutes showed annual receipts of \$4,472.02, and an expenditure of \$1,717.13. The advisory board had met three times and had proven its value. During the session of the legislature the women's institutes act had been enacted.

In demonstration work during the year Miss Landry, registered nurse, gave lectures and demonstrations on child welfare and first aid. Unfortunately her annual report was not available to the delegates as she had decided to make her home in Carleton Place.

Miss Benoit LeBlanc had addressed the convention on the subject of "The Nutter visiting English-speaking institutes."

The fair at St. John, Chatham and Fredericton exhibits of handicraft were shown and prizes to the amount of \$200 were given by the department. During the afternoon a social gathering was held at Woodstock, November 9 to 11, and had proved very successful.

COMMON COUNCIL Meeting This Morning Instead of This Afternoon—Question of Pay in Sickness Time.

The regular meeting of the common council, which was scheduled for this afternoon, was held this morning so as to allow members to attend the anniversary of No. 1 Salvage Corps.

The report of the committee of the whole was adopted unanimously, with the exception of a section which asked that three permanent employees of the ferry department be allowed half pay for time they were off duty on account of sickness.

It was pointed out by Mayor McLellan that this section had not been acted upon at a committee meeting, and therefore should not have been embodied in the report.

It was decided to take it up at the next meeting of the committee and for the commissioners to submit reports giving details as to how this matter is handled in their own departments. Included in the report of the committee of the whole was the casting for a bond issue for \$16,000 to pay for working time to the wharf on the south side of Market Square.

An application was received from F. W. Kelly relative to a gasoline pump in Lester street. The matter was referred to the commissioner of public safety.

A communication was read from J. Roy Campbell, K. C., regarding granting an easement to the city in connection with the placing of a concrete culvert in the DeBury estate near Newman Brook. After Mayor McLellan pointed out some points in connection with the proposed agreement which might prove detrimental to the city in event of the erection of buildings over the culvert, Commissioner Frink moved that the communication be received, together with the documents containing provision for the easement, and that the matter be referred to the mayor and the city solicitor.

A communication was received from the Health West Committee, of which R. H. Hon. the Lord Mayor of London is chairman, asking that the city officials do what they could to interest citizens, and by their co-operation assist in making the week of October 8 to 14 a success.

Commissioner Frink moved that in the matter of the claim of Simon Diago for alleged damage done to his house by blasting operations at Newman Brook be referred to the commissioner of public works with power to act. This carried. Commissioner Frink told about a visit he made to the North End yesterday, and while in Newman street seeing a house being erected and encroaching three feet on the street line. He said that steps should be taken to put a stop to this and see that a recently enacted by-law be rigidly enforced.

EXCHANGE TODAY. New York, June 20—Sterling exchange steady. Great Britain 141-1/4. Canadian dollars 31-32 of one per cent discount.

NOON REPORT. New York, June 20 (noon)—Highest prices for a year or more were established by speculative favorites during the morning. Mexican Petroleum increased its gain to 9 1/2 points and Studebaker rose 3 1/2 points. Most other foreign and domestic oils continued to strengthen. Independent steels were substantially better. Gulf States rising more than five points. Gains of one to two points were scored by Crucible, Laclewanna, Midvale, Vanadium, Nova Scotia, and Republic. American and Baldwin were strongest of the equipments. Corn Products, Coca Cola, Allied Chemicals, American Smelting and Sears Roebuck gained one to two points. Rails remaining sluggish on very light leadings. Call money opened at 3 per cent and foreign exchanges were firm.

JUSTICE TO MAYOR MCELLELAN. To the Editor of The Times: Sir—A rumor is going the rounds of the city, to the effect that our mayor was responsible for Hilton Belyea not getting away earlier to Philadelphia to train for his race. As one of the commissioners I take strong objection to any such statement. It is absolutely false as personally, in company with Commissioner Bullock, I waited on the mayor with our application and after the facts were laid before him, he granted our request, stating at the time, he believed it a good thing for the city to have Hilton represent us at Philadelphia.

As the mayor is taking a deep interest in all kinds of legitimate sport, I feel he has been grossly misrepresented by said rumor. Thanking you for your valuable space, I remain yours truly, FRANK WHITE. St. John, N. B., June 20.

Don't Rub—Just Soak Your Clothes Clean

RINSO is fine granules of soap essence, scientifically and completely different from ordinary soap, flakes or washing powder. It should be used differently too—for instance, to get the best results, do not pour the Rinso granules into the tub from the package.

Make the wonderful Rinso liquid first—take half a package of Rinso for each tub of clothes—stir it into a cream in a little cool water, add two quarts of boiling water, stir vigorously and put into the tub of cool or lukewarm water.

Put your clothes to soak for one hour, two hours, overnight, or as long as convenient in this rich Rinso suds, then just rinse thoroughly and the dirt runs away. Your clothes are ready for the line—snowy-white, clean and fresh.

If You Use a Washing Machine—Follow the regular directions on the Rinso package and soak the clothes. Then before operating the machine, add fresh Rinso solution and proceed. No other preparation is needed when Rinso is used.

At All Grocers Rinso Made by the makers of LUX

restaurant, when about forty members sat down to an excellent repast and later honored guests to the King, the college, the ladies and others. Speeches were made and in all the function proved very enjoyable. H. B. Schofield was toastmaster. The toast to the college was divided into three parts: First, to the headmaster, responded to by Rev. W. R. Hibbard, headmaster; second, the staff, responded to by R. Cooper; and third, the executive, responded to by Canon A. W. Daniel, of Rothsay. A. C. Skelton, who was elected an honorary member of the society, responded to a toast in his honor.

ORGANIZATION OF MEDICAL STAFF FOR INFIRMARY

New Departure to Comply With Regulations for Standardization of Hospitals.

Staff organization in connection with the St. John Infirmary was accomplished last evening at a meeting in the infirmary with practically every member of the local medical fraternity in attendance. The staff, which will be composed of every doctor in the city, has been organized to comply with the regulations of the American College of Surgeons in regard to standardized hospitals.

At last night's meeting a constitution was adopted and an executive appointed, to be known as the medical board. Monthly meetings will be held of the new organization to discuss cases during the month. The board elected last evening is as follows:—Dr. S. H. McDonald, chairman; Dr. W. E. Rowley, vice-chairman; Dr. C. M. Kelly, Dr. L. M. Carren, M.P.P., Dr. J. M. Barry, Dr. G. A. B. Addy, Dr. L. Dev. Chipman, Dr. Rowley, Dr. J. H. Allingham, Dr. E. J. Broderick. The secretary is Dr. John R. Nugent.

GREAT POWER PLAN IN SCOTLAND

London, June 20.—(Associated Press by Mail)—Scotland is waking up to the fact that its lakes and waterfalls may be made to serve other purposes than providing scenic attraction for tourists. As proof of this the "Grampian Electricity Bill" has been given a second reading in the House of Commons.

The company is empowered to collect and use the waters of 15 locks and 99

small lakes, rivers and streams, over an area of 417 square miles.

The waters proposed to be utilized are estimated to be capable of generating 65,000 horse-power to supply electricity in the counties of Perth, Kinross and Forfar and districts in four other counties. The capital is placed at £4,500,000. That any of the beautiful lakes and falls of "Caledonia, stern and wild" should be used to set the wheels of industry spinning many in Scotland regard almost as sacrilegious desecration.

BETTER THAN HARD COAL

Soft coal so free from soot that it does not make whiskers on stove covers or pipe and does not mat or cake when burning. It is far better than Hard Coal for general household use. Quicker to light, takes less to make a fire, cheaper in price and can also be used for open fires and small heating stoves. Such a coal is Broad Cove soft coal. The main thing is to insist on getting the genuine article. No other soft coal burns just like Broad Cove. You will know it by the above characteristics.

FOOT AND MOUTH DISEASE AMONG ENGLISH CATTLE

(Canadian Press Despatch.)

London, June 19.—Foot and mouth disease has again broken out among animals in this country, this being the worst outbreak yet reported to the board of agriculture. The peak has occurred in the Derbyshire area, where more than 100 animals have been certified affected by the disease. Slaughter- ing has begun with a view to preventing the spread of the infection, and stringent restrictions have been issued to the same end.

Hotel La Tour

On Monday, June 19th instant, I will reopen and assume charge of the dining room of the La Tour Hotel, King Square. The Hotel will be conducted on the European plan and the dining department will be a separate enterprise, although conducted continuously with the hotel. The apartments as well as the general public, three meals daily will be served after the method of the leading clubs and home-hotels in large cities. The summer price of noon-day dinner and supper will be 50c, and club breakfast will be served at reasonable rates.

During the summer months special inducements in prices will be offered on the ticket plan to suburbanites. Extensive changes are being completed with which patrons will doubtless be pleased. My long experience as a caterer warrants me in soliciting the patronage of the public.

NOVA SCOTIA'S EXAMPLE

Not only has Nova Scotia the advantage of a technical college in Halifax, and evening vocational classes every fall and winter in a number of towns, but in connection with the technical college the work of correspondence instruction is carried on. The superintendent of this branch, Mr. A. T. Jewitt, gives a very interesting account of the work in the May issue of Vocational Education, published by the department of labor in Ottawa. The first attempt to establish correspondence courses was made in 1916, but because of the necessity of training disabled soldiers it was discontinued until March of last year, when Mr. Jewitt was appointed superintendent. A year later, or in March of this year, 160 students, from every county in the province, were taking courses. The percentage of enrollment in each group is as follows:

Commercial Courses	86
Drawing	21
Industrial Courses	11
Mathematical Courses	16
General Courses	9
Home Making Courses	7

Since mathematics and drawing are a part of industrial training, the percentage in the industrial group is 48, which is regarded as very satisfactory, showing as it does that many working mechanics desire to get a good theoretical knowledge of their work.

But there was another excellent result. So many persons in Halifax had wanted to take correspondence courses when they found these were available that it was possible to open more evening classes in that city, and Mr. Jewitt says it is expected similar action will be taken in other parts of the province next fall. It is further expected that evening school students will take correspondence courses when their classes close for the season, and thus those who desire it will be able to continue their studies throughout the year. The technical college was not ready with correspondence courses at the outset, but was able to get them through the courtesy of the Provincial Institute of Technology and Art, Calgary; the University of Wisconsin, the state board of education for Massachusetts, and the Women's Institute of America. Eventually the college will issue its own courses, but in the meantime courses in less than fifty-five subjects are available.

The beginning New Brunswick has made in vocational education should lead to results similar to those already achieved in Nova Scotia. This province has begun in the right way with evening classes, but there is need of vocational day schools such as Woodstock already possesses, and St. John cannot afford to be the last to take action.

THE LUNCHEON HABIT.

The Toronto Star prints a humorous article about the "speech-eaters," who have got the habit of attending lunches and manifesting a hunger for speeches. We quote:

"As one looks about him at a noon-day speech-feast and sees all the familiar faces which for a quarter of a century or even longer have seldom been missing from a gathering of that sort, as one sees the strained expectancy on the faces of these speech-eaters as they take in the spoken words, one is forced to marvel within himself and ask how do they get that way? Is a man born an avid listener or through habit does he become so addicted to noon-hour speech-eating that he can't leave off? One does not know, but surely in no city would a scientific investigator have a better chance of finding out than here."

Of course there cannot be any valid objection to luncheon speeches. They are usually full of information and of some inspirational value. The Toronto Star appears to fear, however, that the general tendency is to develop a faith in words which takes the place of works.

MORE EFFICIENCY INDUSTRY'S NEED

Glaring Instances of Waste Should Serve as Examples to All.

At the present time there is every indication that the general trend of business in this country is upward and that we are moving into a period of increased commercial activity, says S. W. Strass, president of the American Society for Thrift. The revival of business should emphasize the need of individual efficiency in industry. Although American business is conducted with extreme aggressiveness and intelligence, and the American manufacturer is a dominant force in the affairs of mankind, there are glaring instances of waste in industry which should be inculcated to each of us to make every effort to increase the efficiency of our own work.

In order to gain an idea of how small forms of waste and carelessness run into staggering terms when considered from the standpoint of the nation, a few authentic statistics which have been made public at various times during the last few years may be quoted. In the shipment of eggs there is a waste of \$200,000,000 annually. No more than six out of ten eggs laid reach the consumer. There is an estimated waste in mining of more than \$1,000,000 daily, and \$80,000,000 worth of waste paper is burned instead of being bound up and sold. Fires of avoidable causes cost an annual destruction of \$100,000,000. It is said that considerably less than one-half of the trees cut from the forests reach the consumer. These are just a few of the many instances of loss to industry through individual negligence, and the list could be multiplied with equally startling figures.

Each individual should bear in mind that certain rules of efficiency can be laid down by business concerns, but that these are to a great extent made ineffective if there is no desire to cooperate. It should be borne in mind that in the long run the individual who indulges in slothful methods will be the greatest loser.

Remember thrift in your daily life. No matter what may be your vocation, it is a duty you owe to your employer, to your associates, to the nation and to yourself.

Rev. J. F. Denny, for fourteen years a missionary in British Guiana, gave an interesting talk last evening in the Queen Square Methodist church on Demerara. His address was listened to with close attention.

FIFTEEN MINUTES OF RADIO EACH DAY

By Edward N. Davis
Formerly Technical Electrical Expert For U. S. Government

Lesson No. 31
THE VARIOMETER

The variometer consists briefly of two coils of wire connected in series, one of the coils being stationary and the other so mounted that it may be rotated within the stationary coil. If current flows through both coils in the same direction, the magnetic fields assist each other and the self-induction of the variometer is at a maximum. If the inner coil is rotated so that the current flows through the coils in opposite directions, the magnetic fields oppose one another and the self-induction is at a minimum. The self-induction of the variometer, therefore, depends upon the relative positions of the coils.

By rotating the inner coil within the stationary coil, a continuous variation of inductance may be obtained. For the purpose of close tuning within a small range of wave-length variation, the variometer may be connected in the aerial circuit of a receiver as shown in Diagram 1.

THEY ALL ENVIED THE COMMODORE

As Usual the Sly Old Romeo was With a Lovely Woman.

(J. L. Stewart in Chatham World)

I made my first visit to the House on the most agreeable auspices. Mrs. Copp, wife of the secretary of state, recognized me in the Chateau Laurier, though we had not met for many years, and took me to the House and gave me a seat beside her in the Speaker's gallery. Mrs. Copp is a beautiful woman, and, of course, the eyes of members were attracted to the gallery. And old friends of mine, recognizing me, came up for a chat.

Finance Minister Fielding led the procession, and we had a pleasant chat over old times. The premier taking notice, smiled on me very fetchingly next day when he visited the Press Association, taking me evidently for a good Liberal or a possible convert to Liberalism. Mrs. Copp left the House after a half hour, attended two or three functions for ladies, returned for me, and took me for a drive through Ottawa's beautiful suburbs. I think she had two or three engagements for tea, receptions, and at home later in the evening. She is indefatigable in attending to the social side of political life at the capital, and if Mr. Copp does not in her ladyship's doll, "Miss Bonnellie," But I think what at present the most takes up.

The thought of her heart is her last new cup. For the object thereof he it understood. It is the "Robin that buried the 'Babe in the Wood'". It is not in the least like a robin, declares he. "Little Blue-Ribbons" declares it so.

LITTLE BLUE RIBBONS.

(Austin Dobson)

"Little Blue-Ribbons" We call her that From the ribbons she wears in her favorite hat. For may not a person be only five. And yet have the neatest of taste altered. As a matter of fact, this one has views Of the strictest sort as to frocks and abridgements. And we never objected to a saah or two, When "Little Blue-Ribbons" prefers it so.

"Little Blue-Ribbons" has eyes of blue, And an arch little mouth, when she teeth peep through; And her primitive look is wise and grave. With a sense of the weight of the word "behave!" Though now and again she may concede To a radiant smile for a private friend. But to smile forever is weak, you know, And "Little Blue-Ribbons" regards it so. She's a staid little woman! And so as well. Is her ladyship's doll, "Miss Bonnellie," But I think what at present the most takes up.

The thought of her heart is her last new cup. For the object thereof he it understood. It is the "Robin that buried the 'Babe in the Wood'". It is not in the least like a robin, declares he. "Little Blue-Ribbons" declares it so.

SUNBURY MAN HAS UP-TO-DATE FARM HOME

Coun. David Wood of Woodside Has Modern Improvements—Electricity and a Water System.

(Frederick Mall)

There is no particular reason why people living in the rural districts who can afford to pay the price should not have many of the comforts and conveniences enjoyed by those living in urban communities. Coun. David Wood of Woodside, Sunbury county, got his idea into his head some time ago, and was not long in putting it into practice. To him changes in the modern world cost him some coin of the realm, but he boasts one of the finest and best equipped farm homes in the Province of New Brunswick. His dwelling house, barns and outbuildings are now lighted by electricity generated on the premises and he has a water system which he claims cannot be discounted in the county.

Mr. Wood's fine farm fronts on the Oromocto River and the Rustigornish station is situated at the intersection of the main road and the Rustigornish river, with Sunspoke Lake intervening less than half a mile distant. Woodside is part of the Parish of Burnt, which has the appearance of a very prosperous community. The farms are apparently well cultivated, the buildings are neat and in a good state of repair, the roads are good and the people are neighborly and hospitable. Woodside might well be termed a model settlement, but it is only one of many to be found in the good old county of Sunbury.

Mr. Wood has long been of the opinion that there is only one way to keep the young people on the farm and that is to make farm life attractive for them, and he seems to have solved the problem so far as his own family is concerned. He has five sons and one daughter, all at home, and if they are wise in their day and generation they will likely remain there. Besides electric light and power and a modern water system, Mr. Wood has in his home a fine player piano and he is also the owner of a five-passenger automobile. He has a veranda with a concrete floor on three sides of his house; the stable floor of concrete with iron stanchions for the cattle, and the pigsty and hen house are also floored with concrete. To put the case in a nutshell, Mr. Wood has the goods, so far as modern farm facilities are concerned, and it is a source of pardonable pride to him.

The Water System.

The water has been piped from a large boiling spring situated on the meadow about a quarter of a mile from the house. A gasoline engine in the cellar and a force pump installed in a small building specially constructed for the purpose in the backyard do their work thoroughly. The pump works automatically and the pressure is quite the equal of that of a modern city water system. The only difference is that the quality of the water is much superior to that in use in the majority of the cities. Those who live on farms which do not boast a modern water supply can appreciate the great saving of labor which an outfit such as that which Mr. Wood has installed means to the farm woman. A large tank attached to the kitchen range supplies hot and cold water at all times and then there is the bath room which in Mr. Wood's case is quite the equal of any to be found in the best appointed urban home. When he installed a water system he made up his mind to go the limit and have all the trimmings that went with it. He engaged a plumbing concern from the city to put the water into the house and install a modern bathroom, and although it must have cost a good penny to take plumbers down to that out of the way place, Mr. Wood saw to it that they did him a thorough job.

The Lighting Plant.

When he installed a water system he made up his mind that an electric lighting plant was also needed and he lost no time in purchasing one of the best

LIGHTER VEIN.

The Newest Rich.

"He began business on a mere shoe-string."

"And developed rapidly, I suppose?"

"Very—into a successful bootlegger."

Just One More.

Mother—"Don't ask so many questions. Willie killed the cat."

Willie—"O-o-o!" What became of the kittens, mother?"

Evidently.

North—"What the judge said took my breath away."

South—"What did he do? Tell you to quit making hooch?"

"What time is it?" asked his wife suspiciously, as he came in.

"About 11."

"Then the clock struck 3."

"Gracious! When did that clock begin to stutter?" he said, with what proved to be a little attempt at justification.

In these days, when England is overrun by the proletariat, anything may happen. The London water, always professional snob, has lost some of his old-time fustian. A professor was lurching at Claridge's the other day and preparatory to the ordered knicker his napkin about his neck. The waiter hurried forward with a wink to the more knowing patrons and inquired in a carrying voice: "Haircut or shave, sir?"

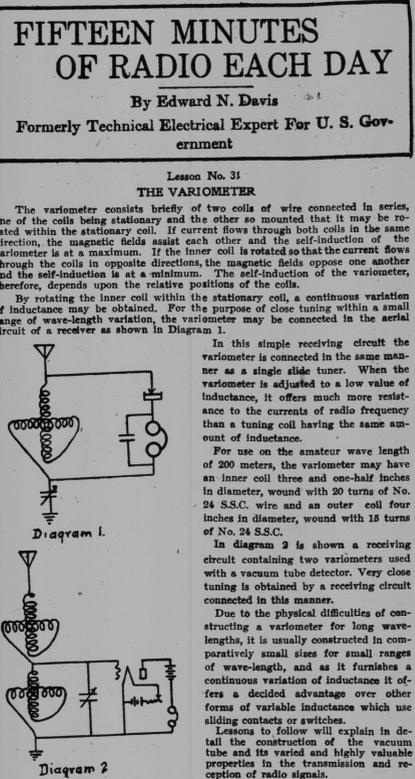

Two men, one of whom was in the habit of counting his blessings, the other his ribbons, were staying at the same small hotel in the same small town. One day they came down very late and saw the unappetizing remains of breakfast on the solitary table which the room contained.

Said the pessimist: "I wonder if there is any milk left in that pitcher?"

The optimist's request was "Pass the cream!"

A NICE PUBLICATION

A very attractive supplement to the Halifax Morning Chronicle has been received at the Times office. It is entitled "The Summer Land" and gives a comprehensive survey of the various cities and towns of Nova Scotia. The edition contains a copy of the game laws, a list of motor routes, directions as to where to hunt and fish and many other items of interest to native as well as the tourist and is profusely illustrated throughout, reflecting credit on the publishers. It contains sixty-four pages each one with interesting and valuable information.

outfits specially adapted for use on the farm. It consisted of dynamo and storage battery, both of which have been installed in the basement. A gasoline engine which not only pumps the water but also supplies the power necessary for the generation of electricity. The dwelling house, barns and outbuildings have all been wired and the fixtures are of the most modern type. The only thing which appears to be lacking is the metre, but it is not greatly missed. An electric flat-iron is part of the equipment, and Mrs. Wood is hopeful that some day she will get a birthday present in the form of an electric washer. The lighting plant has now been in use for more than a year and there has never been the slightest hitch in supplying the necessary current.

In conversation with a representative of The Daily Mail, Mr. Wood stated that the modern improvements which he had installed had cost some money, but he was thoroughly satisfied with the investment. "We are only going through the world once," said Mr. Wood, "and why should we not take all the enjoyment we can out of life. The improvements I made to my home cost me several thousand dollars, but neither I or the members of my family begrudge the expenditure. I had the cash to spare and I thought I might as well get some benefit from it as have it lying in a bank drawing three per cent. interest."

"You will need a radio equipment next," suggested the Mail man.

"Yes, I will," was reply of the genial David, "but I think I will be content to wait a while yet, until it gets beyond the experimental stage."

WOMAN FRIES EGGS TO TRAIL MARINO

Mrs. Nicoletto, Police Aid, Says He Promised Return of Boy Afterward Slain.

New York, June 20.—How a policeman fried eggs in the Varotta home to throw an atmosphere of domesticity about her was told by Mrs. Rae Nicoletto in describing her man hunt for the slayers of five-year-old Giuseppe Varotta, when she took the stand at the trial of Antonio Marino of 842 East Thirtieth street for the murder on June 8, 1921, of the kidnaped boy.

Mrs. Nicoletto told of seeing Marino watch the Varotta house from her apartment across the street. At other times, she said, she saw him joined by Sesto Cusano, who is awaiting trial as one of the boy's murderers. She said they watched all comers to the Varotta home, standing the while in front of a shoe repair shop.

She was assigned to the case on May 29, 1921, Mrs. Nicoletto said, and passed May 29 and May 30 at the Varotta home. She told of discussing the amount of the ransom with Marino and of his promise to persuade "the gang" to bring little Giuseppe back. The policeman testified after Mrs. Varotta finished her testimony.

Roberto Rafafello, already convicted in the case was not brought down from the Sing Sing death house to testify for the prosecution. Judge Alfred J. Talley adjourned court early to the speaking engagement in Elizabeth, N. J.

"Mrs. Marino and Marino and two of their children came to the Varotta home on Decoration Day to ask who I was," said Mrs. Nicoletto. "I was frying eggs at the time and they were told I was a relative. Then the wife and children let Marino go into the front room, where I joined him later, and we began to talk about the kidnaping.

"Marino said it was awful, and I asked him to help me, but he said that he would, but he wanted to know particularly what had been done with the Black Hand letters," said Mr. Vautta, who said they had been destroyed. Marino said:—"Well that's one good thing, anyway."

"I told him the \$2,000 ransom demanded was a lot of money, but he said that \$50 or \$600 which I was suggesting as a ransom was not much money in a kidnaping case. He said a mistake had been made in reporting the matter to the police. In reply to my entreaties he said:—"I'll go out and speak to the gang and try to get the boy back."

"Then he told us not to worry. He said he was being taken care of, and was playing with other children. "One when I went to telephone to report to headquarters I was trailed by Cusano from the time I left the house until I got back again."

O cross-examination Mrs. Nicoletto was unable to answer many questions of Robert L. Levison, counsel for defense. He asked her if her memory was bad. She replied that she had lost a memorandum book about three months ago in which she had jotted down many of the details of her experience while trying to capture the Varotta boy's kidnapers.

SHOWER OF BRICKS ROUTS BRIDE PARTY

Bridegroom, Who May Lose Eye, Accuses Brothers and Cousin of His First Wife.

New York, June 20.—Details of the reception which isolate Tinberg of 87 Rutgers street, Manhattan, and his wife, formerly Miss Frances Harris of Jamaica, received when they went to the Plaza Hotel restaurant at 42 Ocean place, Coney Island, for a wedding dinner were revealed in Coney Island court when Moe, Nathan and Henry Harris, brothers, and Abraham Mark, a cousin of theirs, were arraigned on charges of felonious assault.

Moe, Nathan and Abraham live at 45 Hugh Place, Coney Island, formerly the home of Tinberg, who was married to a sister of the Mark brothers. Two died about two months ago. Finberg went to Manhattan to live, and the Mark boys' heart he was engaged to be married to Miss Harris. Henry Mark, who lives in 111 Eldridge street, Manhattan, is said to have been first of the family to receive word of approaching nuptials.

The wedding was performed and the bride party set out in automobile to the Mark restaurant. The Mark brothers were standing on the curb in front of the restaurant when the first automobile drove up and Finberg stepped out and asked his bride to alight. Finberg's friends arrived in other autos a few minutes later.

The Mark brothers, it is alleged, halted the progress of the bride party into the restaurant, and began upbraiding Finberg for getting married so soon after the death of their sister. Then a shower of bricks descended. The bride was struck down and Finberg fell as a brick hit him in the left eye. Finberg's friends rescued the bride and bridegroom and fled back to Manhattan in an automobile before the police arrived.

Finberg, who is in the Eye and Ear Hospital, Manhattan, finally made a complaint and detectives were assigned to the case.

It is said that Finberg has lost the sight of his left eye. The defendants admitted upbraiding Finberg but denied knowing who threw the bricks. They were held in \$1,500 bail each for examination on June 29. The bride is now said to be with friends in Jamaica.

CANADIAN WOMEN HAVE CLUB IN NEW-YORK

The second annual meeting of the Canadian Business and Professional Women's Club of New York City was held last week following a dinner at the Roof Inn, at which were appointed for the coming year were appointed. This club, membership in which is open to all Canadian business women and students living in and around New York, was formed in 1921 for the purpose of bringing together all Canadian women engaged in business in the city and its environs. A picnic is to be held on July 1 at which all Canadians are invited to be present. Information may be secured by writing Miss Francesca Jones, St. Luke's Hospital, New York city.

WOMEN OPPOSE HIGH CAR STEPS

New York, June 20.—Lowering of the running boards of the open cars of the Brooklyn City Railway Company was urged at a hearing before the Transit Commission by a delegation of the League of Women Voters of the Fourth Assembly District, Brooklyn, headed by Mrs. Elizabeth Alexander. Mrs. Alexander described the present running boards as altogether too high and as "indecent, hazardous and annoying." A resolution adopted by the League of Women Voters of that district and presented to the commission described the high running boards as "injurious to the life, health and limb of women and children."

Secretary James B. Walker, presiding, said the commission and its predecessors had made repeated efforts to get rid of that type of car. "But, unfortunately," he added, "many of the companies owned a large number of these running board cars in fairly serviceable condition and it was not felt that it was worth the expense to scrap them and buy a lot of new cars."

S. Olney, counsel of the company, said it would be impossible to lower the running boards and that an attempt to mix in cars of the "hobble-skirt" type would cut down seating, as the open cars have more seats than the closed cars. "It is a question of whether you want seats or low running boards," he added.

"We want both," said Mrs. Alexander.

WIFE SUES ELOPING PASTOR.

Wants Husband Arrested for Fleeting With Eighteen-Year-Old Girl.

Xenia, Ohio, June 20.—A warrant for arrest on a desertion charge was filed against the Rev. W. W. Culp, thirty-five, pastor of the Methodist Episcopal church at Spring Valley, near here, who eloped with Miss Esther Hughes, an eighteen-year-old music teacher who was boarding at his home. Mrs. Culp, with their nine children, the youngest being six-months old twins, signed the warrant.

A Dayton automobile company, which sold Culp a machine on which a mortgage is outstanding, is reported ready to file a warrant for his arrest on the charge of moving mortgaged property without consent. Culp's congregation subscribed much of the money to buy the automobile.

WEDDING ANNIVERSARY.

Mr. and Mrs. David H. Waterbury yesterday celebrated the fiftieth anniversary of their wedding at their home in Fair Vale. About thirty-five relatives and intimate friends gathered to congratulate them and make them the recipients of many gifts. An illuminated address was presented to them and read by Miss Alice Rising. A group photograph was taken. Mr. and Mrs. Waterbury's son, David, his wife and daughter came from New York to be present at the celebration.

WIFE TO GET DIVORCE SOON UNDER "ENOCH ARDEN" LAW

White Plains, N. Y., June 20.—Nester F. Bonardel of 12 Garden street, New Rochelle must make known his whereabouts within the next six weeks or Justice A. H. F. Seeger, in the supreme court, here, will grant an "Enoch Arden" divorce to his wife, who says she has not seen or heard from her husband for more than five years.

Man Found Dead on Top of Train.

Toledo, Ohio, June 20.—The body of a man believed by the police to be that of Francis Bowman of Canton, N. J., was found face downward on top of the Twentieth Century Limited of the New York Central lines when the train arrived here. Coroner Charles Henler expressed the opinion the man had been dead four or five hours and that death was caused by being struck by an over-

RECENT WEDDINGS

Graves-Hamlin. William Elwood Graves of North Benning, Vermont, and Miss Emma Rebecca Hamlin of this city were united in marriage yesterday afternoon by Rev. F. H. Bone. The bride was given in marriage by her cousin, R. D. Woodrow. After spending their honeymoon in various parts of New Brunswick, Mr. and Mrs. Graves will take up their residence in North Benning.

RECENT DEATHS

Richard Hughes. The death of Richard Hughes of Oromocto, Sunbury county, occurred on Sunday at the home of his niece, Mrs. H. Tomlinson, 48 Carmichael street, after a short illness. The body was taken to Oromocto yesterday and the funeral held from there today.

GIRLS

Before that auto ride protect your skin from sunburn or wind-burn with a liberal supply of that ever-popular beauty-cream, Derwillo. Immediately on returning cleanse the skin with Liska cold cream, and it will feel as comfortable as if you had remained at home. Just try them and you will be astonished at the wonderful results they give. Your skin will be as soft as velvet, and your complexion as beautiful as a rose. Remember it's Derwillo and Liska cold cream. There are some counterfeiters, but no real substitutes. Get what you ask for or take nothing, then you won't be disappointed. Your money back if you don't like them. At toilet counters everywhere.

IN PASTURES GREEN

Embarrassing Hairs Can Be Quickly Removed

(Beauty Culture.) Hairs can be easily banished from the under-arms, neck and face by this quick, painless method: Mix into a stiff paste some powdered delectate and water, spread on hairy surface and in two or three minutes rub off, wash the skin and it will be free from hair or bluish. Excepting in very stubborn grows, one application is sufficient. To avoid disarrangement, rub the delectate in an original package and mix fresh.

MAN AND GIRL LIVING ON FISH AND BERRIES

Canadian Detectives Arrest Couple — Embarrassment Charge. Buffalo, N. Y., June 20.—Marion Paul McQuade, 21, and Gladys Warren, 20, of Nashville, Tenn., were turned over to local police by Canadian detectives who arrested the couple on a lonely island 200 miles north of Toronto.

McQuade is charged with embezzlement of \$2,500 from the First and Fourth National Bank of Nashville, by which he was employed as teller. The girl said that she and McQuade left Nashville on May 18. They tried to get married at Louisville, Chicago, New Albany, Ind.; Detroit and Toronto, but the girl's extremely youthful appearance caused officials to refuse to perform the ceremony, she said.

Finally, their money gone, they set up a tent on the uninhabited island, and were living on fish and berries when the detectives arrived. They were trailed through a telegram which the girl sent from Toronto to a friend in Nashville asking for money.

Walter Gibson, the youth charged with a serious offence against two little girls at Sagwa, will probably not be tried before Judge Jones in the Kings County Court, as previously announced. The Attorney General is of the opinion that

Cocoon Oil Makes A Splendid Shampoo

If you want to keep your hair in good condition, be careful what you wash it with. Don't use prepared shampoos or anything else that contains too much alkali. This dries the scalp, makes the hair brittle, and is very harmful. Just plain Mulisified cocoon oil shampoo (which is pure and entirely grassless) is much better than anything else you can use for shampooing, as this can't possibly injure the hair. Simply put two or three teaspoonfuls of Mulisified in a cup or glass with a little warm water, then moisten your hair with water and rub it in. It will make an abundance of rich, creamy lather, and cleanse the hair and scalp thoroughly. The lather rinses out easily, and removes every particle of dust, dirt, dandruff and excess oil. The hair dries quickly and evenly, and it leaves it fine and silky, bright, fluffy and easy to manage. You can get Mulisified cocoon oil shampoo at all drug stores. It is very cheap, and a few ounces is enough to last everyone in the family for months. Be sure you get Mulisified. Beware of imitations. Look for the name Watkins on the package.

'THREE LIVE GHOSTS' AT THE IMPERIAL

British War Comedy Made in England a Charming Innovation—House Crowded.

One of the most delightful photoplays shown here in many a day is "Three Live Ghosts," a Paramount picture produced by George Fitzmaurice, which was presented with no inconsiderable success at the Imperial Theatre last night, in spite of band concert, baseball and other counter attractions.

It was like making a night-seeing tour of London to see "Three Live Ghosts." The story takes one through the Limehouse district, Whitechapel, and Clerkenwell, and gives one a glimpse of Trafalgar Square, Piccadilly Circus, the Abbey, Whitehall and Downing street.

Furthermore much of the setting and accessories for this well-known play-story of Frederic Itham's were especially requisitioned. An exceedingly beautiful hallway was designed, the walls entirely of ivory, rough cast, with a deep moulding after a design from the Pantheon frieze. The floor was paved with black and white tiles and the classic idea is carried out in every item of the decoration, such as the low stone seats, the bronze doorway and the candelabra.

Dr. Scholl's Zino-pads FOR CORNS, CALLOUSES AND BUNIONS

Put one on-- the pain is gone!

and flowerstand of delicate wrought iron. Again for the Cockney home in Whitechapel, a typical background was requisitioned. A house-to-house search in one of the lowest districts of the city was made and at last an old woman was induced to part with her household goods for a few days in return for the usual "consideration."

It is doubtful if any picture brought to the Imperial for months pleased more thoroughly than "Three Live Ghosts" yesterday. It was a pure and simple treat, all fulsome praise to one side, British through and through, intelligently portrayed by a wonderfully cast company and a new line-up of faces and locations the story, which was wonderfully absorbing, was new to the point of delicious novelty. To make the big feature all the more enjoyable it was prefaced with a Century comedy introducing that precocious youngster Baby Peggy and her amusing bull terrier in a two-reel pantomime entitled "Chum."

As usual, the Imperial orchestra played a charmingly English and appropriate programme, not forgetting the remnant bits of wartime that added to the zest of it all.

The vocational survey circulars are now being distributed to the various industrial concerns in the city, and the director of the survey, F. S. Rutherford, of Toronto, and his staff are busily engaged in calling on the industrial heads to obtain the required information. The letter sets out the purpose of the survey and appeals for sympathetic support. It is signed by all the members of the vocational committee, of which Chief Justice McKeown is chairman.

YOU OUTA ZEE MORE OF JACKIE COOGAN HE TAKE A BATH IN 'MY BOY' IF HE EVER TAKE ANOTHER HE'Z GOIN TO USE 'LIFEBUOY' JACKIE COOGAN

AT THE UNIQUE GREAT PICTURE IS FOUR HORSEMEN

"Shattered Dreams" Proves an Excellent Picture, With Strong Plot.

There are two excellent characterizations presented in "Shattered Dreams," the Universal special attraction at the Unique Theatre. One is that of the star, Miss de Font. The other is given by Herbert Hayes, the leading man—one whom you've seen no doubt a dozen times at least in virtuous screen performances.

"Shattered Dreams" is the story of a woman who loves her art a great deal and men not so much—until a man came along who is bad enough and hopeless enough to interest her. She is a sculptress. Her art is her life. But she wants to do a statue of an Apache and for that she must have found of appearing in daylight. They're not simply bashful; they have a few murders apiece to their credit and can't afford daylight.

THE CIVIL SERVICE. The Canada Gazette reports the following promotions, transfers and appointments in the Civil Service List. Frederick O. Chapman, from industrial guard steward to prison steward, Dorchester penitentiary.

Those who intend seeing the four Horsemen should see the picture early. It had better come early. The shows start promptly at 2:15, 7 and 9, and the prices are the popular figures. This is the first time that this picture has been shown at such low prices anywhere. The box office will open Wednesday for the reserved section for Van, Arman's White Minstrels. Low prices will also prevail.

FREDERICTON TO TAKE UP ROWING

"Shit" Walker, well-known Fredericton athlete, was in the city yesterday and purchased one of Hilton Belyea's single shells. Walker intends taking up rowing and will have a splendid opportunity for practice at the capital. Hilton expects to go to Fredericton soon to assist Walker. It is understood that Fredericton also intends buying a four-oared shell. With independent baseball and sculling, Fredericton is making a bid for athletic honors.

OUTDOOR SHOWS ATTRACTED CROWD

Variety of Attractions Tempt the Curiosity of Amusement Seekers—Under Auspices of 'Longshoremen's Union.

The whirl of the merry-go-round, the hum of the Ferris wheel, and the shout of the barker on the Shamrock grounds last evening, marked the opening of the outdoor show here of the World's Standard Shows, an amusement enterprise on the lines of the circus sidings, under the auspices of the Longshoremen's Union.

The scene from Lansdowne Avenue, above the grounds, was a striking one, and many persons on their way to take in the various attractions paused there to admire the tenting and vari-colored lights. Besides the shows there are many of the usual booths where dolls, blankets and other commodities were displayed, tempting the passer-by to risk his or her coins.

The side shows range from a minstrel show to a scenic display, and include minstrel dancers, cigarette feed, fat Alice, sword dancer, dog and pony circus, northern lights, and many other freaks and curiosities.

Perhaps the show that was most patronized was the mystery tent, where simple feats of magic were performed, the programme ending with the sawing of a woman in half. The darkly lit minstrel show also was well attended and was very good. The dog and pony circus came in for a good share of the patronage. The Ferris wheel and merry-go-round did a good business, and a new attraction was the aerial way, something along the lines of a combination ferris wheel and a merry-go-round. The vendors of peanuts and pink lemonade were in a prominent position and their stalls were crowded all the evening.

The tent displaying a large sign, Northern Lights, tempted a good many by the peculiar title, and those who went in, received good value for their money. Pictures of famous places in various parts of the world were thrown on the screen and by means of novel mechanical effects, the still photographs took on some of the attributes of motion pictures.

There were several thousand persons on the grounds last evening, and the Union and the Standard Shows, which resembled both the circus field and the exhibition midway. Certainly those who patronized the show last night were a happy crowd. Perhaps the best thing that could be said for the management was that each show was clean, and there was not one objectionable feature.

IRON, STEEL, METAL AND MACHINERY

IRON, STEEL, METAL AND MACHINERY

In its summary of the iron, steel, metal and machinery markets, Canadian Machinery and Manufacturing News, Toronto, makes the following comment in its June 15 issue:

The Canadian iron and steel market shows good strength. Several advances in prices have taken place in the Toronto market this week. Bars now range between 2.90 to 3.15 in place of 2.75, and sheets, including blue annealed, black and galvanized, have all gone up a little. Black sheets were \$4.40 and are now \$5; blue annealed were \$5.75 and are now \$6; galvanized were \$6.60 and are now \$6.85. Added strength, recent advances in the States, and steady demand are factors in these increases.

The demand for small tools and supplies is slightly improved over last week. Enquiries are being made for more interest in the market, especially in Toronto locality.

Scrap metals are holding their own, showing a little added strength in some lines. Cast iron is strong.

The demand for small tools and supplies is slightly improved over last week. Enquiries are being made for more interest in the market, especially in Toronto locality.

Machine tools are selling at about the same rate. Competition is still keen and dealers follow up everything that looks like an order very thoroughly. Enquiries are encouraging and while the amount of sales closed has not been very large, dealers are by no means discouraged. They feel an improvement is under way.

Oils and waste are in good demand, while steel pipe is very firm. Prices in the latter mentioned line are strong and deliveries extended. Boiler tubes are rather quiet and prices remain unchanged.

The official report of steel production in the United States in 1921, has now been issued and follows are some of the interesting points of interest. Steel production was less than half the figure existing in 1918, 1917, 1916 or 1915. In 1918 the production of steel was the lowest rate since 1904.

Structural shapes showed a sharp decline in the present year being the smallest since 1908. Black sheets, thirteen gauge and lighter did fairly well, the production being greater this year prior to 1910. Steel castings showed quite a decline, viz., 559,718 tons against 1,251,642 tons in 1920.

Production of steel ingots was about 87 per cent. of capacity or 44 per cent. of record figures. However, large additions to capacity have been made since 1917 for in 1917-18 about 80,000,000 tons was capacity against approximately 55,000,000 tons at present time.

Steel ingot production in May, 1922, showed an increase over the April, 1922 figure. The mills seem well fortified for a continuance of present rate, with exception of July and August, which are being regarded as the summer months. Lighter, the steel market is very strong.

First sales of Lake Superior iron ore season of 1922 has occurred. The price advanced fifty cents below 1921 schedule. The pig iron market remains stagnant.

Moncton's Building Boom.

(Moncton Times.)

Building permits to the value of more than \$200,000 have been issued at City Hall by Building Inspector F. D. Hope, indicating that building operations continue to increase. From June 1st to 19th inclusive, 55 permits amounting to \$207,440.00 have been issued. Included in this total are two large amounts—St. Bernard's Hall for \$80,000 and George W. Stevens' building on Main street, valued at \$40,000. For the corresponding period of last year, although only one less permit was issued, the value was \$77,975.00, making an increase this year of \$129,465.00 or 166 per cent.

To date this year, 308 permits have been issued, totalling \$378,632.00, compared with 221 permits valued at \$288,840.00 for the corresponding period of last year, making an increase in this year's figures of \$84,832.00 or 147 per cent.

A Slump in Butter.

Fredrickton Mail—Butter, which has been selling all along for thirty-five and forty cents a pound, this morning took a slump to twenty-five cents. There was a glut of it in the market and some farmers had difficulty in getting rid of even at the low figure of twenty-five cents. The recent rains have put the pasture in splendid condition and the indications point to a bumper hay crop this season. A slump in the price of butter is a natural outcome of these conditions.

Condition Board.

Ottawa, June 20.—A board of conciliation to investigate the dispute between Montreal shipping companies and ship-owners has been established by the minister of labor.

MUNRO BROS.

MARINE NOTES.

S. S. Tyrhenia was reported yesterday to be due at Quebec at seven o'clock tomorrow morning and at Montreal on Thursday morning. Her maiden voyage will thus be made in seven and one-half days. She is the largest vessel to enter the port of Montreal, and is the only one of her class, being built especially for the Canadian service.

The Bradland docked at the refinery wharf this morning to discharge raw sugar from San Domingo.

The Chicago is lying at Pettigill wharf. She will dock at the refinery wharf tomorrow morning to discharge raw sugar. In addition to the cargo of 1,600 tons which she brought, and which consisted mostly of sugar, the vessel carried forty-two cabin and twenty-four third-class passengers.

The Tradar cleared from Campbellton on Friday for New York with spruce lumber.

The schooner Cutty Sark arrived at New York on Sunday morning with lumber from St. John.

The schooner General George C. Hogg has been chartered to load coeprage here for Barbadoes at private terms, and to return here. She is now at New York.

The West Celina is due Saturday from Boston to load refined sugar for the United Kingdom.

MORNING NEWS

OVER THE WIRES

Hon. James Murdock, minister of labor said in the house of commons yesterday that it had cost the country \$1,400 to send "Riley's army" from Ottawa to Toronto on June 6. They had demanded a special train, but had compromised by accepting extra cars on a regular train.

It was expected that the Newfoundland legislature would be adjourned today to resume sittings in October when the matter of an agreement between the colony and the Reid-Newfoundland Company will be considered.

According to estimates compiled by statisticians of the Pullman Company their cars carried 30,000,000 people and traveled a grand total of 709,572,465 miles in 1921.

The thirty-ninth annual conference of the Methodist people was brought to a close at Sackville yesterday. Committee reports were the last matters to be dealt with. The next conference will be held at Sackville starting on Wednesday, June 3, 1922.

THE EVENING TIMES AND STAR, ST. JOHN, N. B., TUESDAY, JUNE 20, 1922

TWENTY WOMEN SHOPLIFTERS

Sentences Ranging from \$25 Fine to Sixty Days in the Workhouse — Three Relatives in Plot.

New York, June 20.—Yesterday was sentence day in Special Session for women shoplifters. Twenty of them, the greatest number ever arraigned before Justice Salmon, Healy and Hermon in one day, received sentences ranging from a fine of \$25 to sixty days in the workhouse. In several instances probation officers revealed that offenders combined

to rob department stores in this city, and in one case three of the women when arrested were found to be related. Most of the women were first offenders, the probation officers told the court, and in such cases fines of from \$25 to \$50 were imposed. The severest penalty was imposed on Josephine Winkler, 22 years old, of 148 East Forty-eighth street, who was accused by detectives of having conspired with her sister, Hannah Lashay, 20 years old, of 121 East 121st street, and their sister-in-law, Rose Karp, 25 years old, of 184 East 125th street, to rob several department stores. The Winkler woman received a sentence of sixty days in the workhouse and the other two women were sent to the same institution for thirty days each. They pleaded guilty to the specific theft of \$38.50 worth of goods from Gim-

bel Brothers department store on April 19 last. Miss May Mangan, a probation officer, told the court that the Winkler woman had been convicted before on a shoplifting charge, and that after the arrest of the three women articles that had been stolen from other stores were found in their homes by detectives.

Miss Mangan also recommended that severe punishment be inflicted on Mary Bytosh, 21 years old, of 28 Washington street, when she pleaded guilty to stealing a dress valued at \$15.50 on May 31 last from the store of S. Klein in Union Square. Miss Mangan said that the young woman's parents had told her that they had no control over her. The court committed her to the House of the Good Shepherd.

Mary Stuart, 17 years old, of 428 West Forty-seventh street, was fined \$25, and Elizabeth Defrie, 19 years old, of 108 West 118th street, was sent to the workhouse for thirty days for the theft of three blouses, valued at \$40, from Gimbel's store on May 25.

TIPSY PRISONERS INCREASED IN 1921

More Arrests for Drunkenness Than in 1920 or 1919, Magistrate's Report Shows — Gain in Other Offences.

New York, June 20.—More arrests for intoxication were made in New York City last year than in 1920 or 1919, according to the magistrates' report for 1921, issued by Magistrate William McAdoo. The totals were 6,726 in 1921, 6,840 in 1920 and 5,607 in 1919. It was also shown that the number of persons arraigned in the Magistrates' Courts had increased nearly 131,000 over the number arraigned in 1917. Fines collected in 1921 exceeded by nearly \$800,000 the amount collected in 1917.

"The tables for felonies," the report says, giving the figures for the last four years, "are very interesting and instructive and singular to say, without regard to the increase in the population, the number of persons arraigned on these charges does not show any marked increase until 1921, when it jumped from 15,163 cases in 1917 to 27,709 in 1921. "In this table are included indictable misdemeanors and the increase is apparently accounted for by arrests under the Mullen-Gage law. Felonious assault runs true even since 1911 and the same is true of burglary."

"The number of persons arraigned before magistrates in the last five years is shown as follows: 1917, 241,138; 1918, 201,469; 1919, 288,264; 1920, 360,539; 1921, 572,100.

"Fines collected in these courts," the report continues, "show even a greater increase in the annual amounts: 1917, \$446,221.74; 1919, \$408,550; 1919, \$724,288.20; 1920, \$1,213,738.30; 1921, \$1,259,805.50.

"The largest figures for imposed and collected fines are in the traffic courts, Manhattan and Brooklyn, and in the Municipal Term Courts in the same boroughs.

"Persons were brought into these courts as follows: 122,807 by police summonses, 7,430 on warrants, 18,079 on court summonses, 10, 826 on departmental summonses.

"The number of persons arrested for public intoxication during the last ten years is as follows:

1912	21,807
1913	21,287
1914	19,776
1915	19,287
1916	19,077
1917	13,182
1918	7,284
1919	5,607
1920	6,840
1921	6,726

"The arrests for gambling, as for a felony, rose from fifty-one in 1920, to 146 in 1921. These figures include charge of common gambler, but do not include bookmaking or crap-shooting.

"The larceny and robbery cases show no marked increases during the last ten years.

"The great decrease in the total number of cases is apparently in disorderly conduct tending to a breach of the peace; violation of the speed and other laws and ordinances regulating street vehicular traffic; the number of deserted wives and mothers and other relatives asking relief in the family court; violations of the sanitary code, especially in congested quarters of the city; in the infractions of the Mullen-Gage law, and misdemeanors sent to the Court of Special Sessions after a hearing in these courts.

"There has been a substantial increase in the number of arraignments for misdemeanors, from 49,027 in 1918 to 72,095 in 1920 and to 88,302 in 1921.

"Assaults, as misdemeanors, sent to the Court of Special Sessions increased from 2,282 in 1920 to 2,882 in 1921.

"That the volume of business in these courts should have so largely increased is made notable by the fact that while the Excise law was in force it furnished several thousand cases each year and that the courts have several thousand

less cases of arraignment for public intoxication. "The figures for small larcenies run very evenly for the last ten years, but there has been a steady rise in the summary offenses where the magistrate has final jurisdiction. They have gone up from 192,290 in 1921 to 270,446 in 1921. "Vagrancy, probably caused by unemployment, went up from 967 in 1920 to 2,211 in 1921. There has been a steady drop in the number of these cases otherwise since 1917."

PHILADELPHIA, June 20.—Two recent inventions, one surgical and the other electrical, enabled a girl at Samaritan Hospital to undergo two dangerous operations and remain smiling throughout. One was a spinal anaesthesia, which numbed the girl's body from her shoulders downward, making her oblivious to physical agony. The other was the radionium, through which she heard McCormack, Paderecki and other artists execute their masterpieces.

Spinal Anaesthesia is Used While Gall Stones and Appendix are Removed.

PHILADELPHIA, June 20.—Two recent inventions, one surgical and the other electrical, enabled a girl at Samaritan Hospital to undergo two dangerous operations and remain smiling throughout.

One was a spinal anaesthesia, which numbed the girl's body from her shoulders downward, making her oblivious to physical agony. The other was the radionium, through which she heard McCormack, Paderecki and other artists execute their masterpieces.

During the first operation, for appendicitis, the girl remained oblivious of the surgeons. With the radio receiver strapped over her ears her only complaint was that she could hear perfectly the strains of music coming through space.

The second operation was for the removal of gall stones. Through it the patient entertained the nurses with laughing comment on the good execution of the artist who was transmitting Chopin for her. She even offered occasional criticisms, when, she said, the pedaling was at fault.

She was on the operating table forty-five minutes. Her pulse remained constant throughout, Dr. Frick asserted at the end of the experiment.

BOGUS \$100 NOTE FOUND Made from Bleached \$1 Notes and Can Be Thus Detected.

New York, June 20.—The New York Federal Reserve Bank has sent notice to "banks and trust companies in the Second Federal Reserve District, that a new \$100 counterfeit Federal Reserve note is in circulation. The description of the note as given to the bank by the United States Treasury Department follows:

"Check letter C; plate No. 8; W. G. McAdoo, Secretary of the Treasury; John Burke, Treasurer. With the exception of the changes noted, the bills are identical and undoubtedly from the same plate. While these counterfeits are very deceptive, they should be easily detected by persons accustomed to handling bills of this denomination. The portrait of Franklin is faulty and does not stand out in relief from the background as in the genuine. These counterfeits are printed on genuine paper obtained by bleaching \$1 bills, and by close examination portions of the portrait and other parts of the design of the original bill can be found on the counterfeits."

NEGRO PASTOR NOMINATED IN JERSEY FOR U. S. SENATOR

Asbury Park, N. J., June 20.—The Rev. William S. Smith, negro pastor of the Monumental Baptist church of Jersey City, was unanimously nominated for United States senator from New Jersey by 200 delegates of the recently organized Lincoln Independent Republican Party convening here. A committee was appointed to select a candidate for governor.

The platform adopted condemns the Republican Party for its alleged failure to halt lynching atrocities, and arraigns Secretary of the Navy Denby for "insisting upon the Haitian government remaining in the hands of the lawless elements."

The investigation of the Ku Klux Klan, the platform continues, "was suddenly suppressed and the diabolical Klan still permitted to murder and terrorize men, women and children, while the great Republican Party supinely maintains a passive attitude as to the conduct of these villains."

MUTT AND JEFF—MUTT DESTROYS SOME DAMAGING EVIDENCE

"A Face of Porcelain"

IT is poor judgment to serve good food in pure, clean, taintless china or porcelain if it has been cooked in metal, or left standing in metal. Metal corrodes.

For the same reasons that food should be served in china or in porcelain, food should be cooked in

SMP

Diamond or Pearl WARE

"A Face of Porcelain and A Heart of Steel"

Diamond and Pearl Ware are like unbreakable china.

Food cooked in Diamond or Pearl utensils does not come into contact with metal. The surface is heavily coated with porcelain. Porcelain does not tarnish, rust or corrode. Porcelain is acid-proof and alkali-proof. It collects no taint or stain. It gives off no foreign flavor. It is absolutely sanitary.

And to keep it clean, bright and new, simply wash Diamond and Pearl Ware utensils as you wash your dishes. Diamond or Pearl Ware mean less pot washing, and easier kitchen work.

Lower Prices
Notice the prices marked on Diamond and Pearl Ware utensils in the stores. The saucepan or the pot that sold for \$1.50 last summer can now be bought for 90 cents.

Diamond Ware
is light blue and white with all-white lining and three coats of SMP enamel. Made into household utensils of every size and for every purpose.

Pearl Ware
is grey and white with two coats of SMP enamel. In every household size and for every household purpose.

SPORT NEWS OF A DAY; HOME AND ABROAD

BASEBALL

St. Peter's Win.

St. Peter's won a hard-earned victory over the St. John's last night, 5 to 4. A clean single by Dever, batting for Lowrey in the eighth, scored Mooney and gave the Saints the winning run.

The box score and summary follow: St. Peter's—A. B. R. H. P. O. A. E. McGowan, 3b... 4 2 3 2 5 2

St. Peter's—A. B. R. H. P. O. A. E. Gibbons, ss... 4 1 1 3 0 0

Score by innings: St. Peter's... 1 3 0 0 0 0 0—4 St. John's... 3 0 1 0 0 0 1—4

Summary—Two-base hits, McGowan 2, Marshall, Gibbons, Tansman, Sacrifices hits, Clarke, Gibbons, McGowan, Lowrey.

St. Peter's House League. St. Peter's shut out St. John's, 11-0, in the St. Peter's House League, on the Nashua Park diamond last night.

May Play in Two Leagues. A meeting of the executive of the Royals baseball team was held last night to consider the advisability of entering the City Senior Amateur League.

These City Teams Are Suspended. The failure of the members of the baseball teams in the St. Peter's House League to take the necessary affidavit concerning their amateur status and to register has brought about an official bulletin from the M. P. B. A. U. of C. suspending them indefinitely.

English Girl to Race. New York, June 20—An international atmosphere is assured the Joseph P. Day Cup Race, a long distance swimming event for women, which will be held in New York Bay on the afternoon of Aug. 1.

Record Number of Races. Annapolis, June 20—Careful consideration of the annuals of college rowing indicates that Alden R. Sanborn, of Wisconsin, who rows No. 5 in the Naval Academy crew, has participated in more than any other oarsman.

Record Number of Races. Annapolis, June 20—Careful consideration of the annuals of college rowing indicates that Alden R. Sanborn, of Wisconsin, who rows No. 5 in the Naval Academy crew, has participated in more than any other oarsman.

I.O.G.T. BOWLERS IN HAPPY GATHERING

Company of Seventy at Banquet Marked by Presentation of Trophy—Sport Matters Discussed.

About seventy sat down to a banquet arranged by the District Lodge, I. O. G. T., for the Bowling League champions in Thorne Lodge Hall last evening, and one of the best events in the history of the lodge was thoroughly enjoyed.

The honorary president, E. N. Stockford, N. C. T., was toastmaster, and the following programme was carried out: Toast, The King, National Anthem.

Reading of original poem relative to the league by Captain T. D. Owens. Toast, The Bowling League, responded to by the president, R. A. Brown.

The toasts were interspersed with singing of choruses. The toastmaster referred to the history of the order, the purposes and mission of its founders, and the success of the liquor traffic it had proven a helpful educator of its members in the conduct of public affairs.

The high score man of the league, Garfield Lemmon, was toasted, and in reply referred to the high standard of sportsmanship prevailing the league, and made some humorous references also to the rivalry shown.

David A. Ramsay, president of the East End Improvement League, in his response reviewed the work of the league, its success in carrying out the ideals of its members, and the hearty support of the faithful few. Its work has been of a voluntary character solely, they not having taken the assistance of grants or public subscription lists.

The hall was very prettily decorated with hunting by the room committee, in charge of which was John J. Fitzgerald, while the table decorations were taken care of by Mrs. William McEachern. The banquet was given by the committee of ladies, with Mrs. Chas. McEachern as convener.

SPORTS BEGIN AT ROTHSAY C. S. The first day's events of the Rothsay Collegiate school annual sports yesterday were keenly contested and were witnessed by a large crowd. The intermediate, junior and preliminary events

chiefly were put on yesterday, and the senior and final events take place this afternoon. The results were as follows: Cricket ball throwing, senior—1st, Ketchum; 2nd, Armstrong; 3rd, Hart.

Running broad jump, midgets—1st, Dunham; 2nd, Mason; 3rd, Moran. Distance, 19 feet, 11 inches. Intermediate—1st, Gordon; 2nd, Nae; 3rd, Parke.

LOCAL NEWS

ENGAGEMENT
 Mr. and Mrs. M. G. Gordon have announced the engagement of their daughter, Sarah, to Leon Schechter of Montreal.

POLICE COURT
 One man, charged with drunkenness, was fined \$8 or two months in jail. He was arrested at 1:40 this morning in the Marsh road.

SPOON MATCH
 The Permanent Force Rifle Association is holding a spoon shoot this afternoon at ranges of 100, 200 and 300 yards. As usual, three spoons will be given as prizes, one to the winner in each of the three classes.

INSPECTION ON THURSDAY
 The 6th Siege Battery will be inspected on Thursday night at 8 o'clock by the new colonel commandant of the district, Col. John Houlston, D. S. O. The 4th Siege Battery inspection will follow at 9 o'clock, also by Colonel Houlston.

CITY PAY DAY
 Today was pay day at City Hall and the total amount paid out in wages aggregated \$11,388.42, as follows—Fire and Salvage Corps, \$2,640.88; ferry, \$1,402.80; market, \$209.25; police, \$8,460.29; sundries, \$1,388.40; official, \$2,227.02.

HAS DONE WELL
 S. Leslie Mitchell, son of Mr. and Mrs. J. Cecil Mitchell, has successfully passed his fourth year in medicine at McGill, securing honors in pathology, obstetrics, clinical medicine and mental disease. He is now spending his summer vacation with his parents at Ononette.

WATER PIPE REPAIRS
 Commissioner Wigmore said this morning that while the water supply was shut off from Lake Latimer 200 houses in the city were repaired. It took 800 bags of cement to complete the work.

ST. JOHNS TO ST. STEPHEN
 The St. Johns baseball team left this afternoon by automobile for St. Stephen, where they will meet the fast team that appeared here a couple of weeks ago in a return match. The locals were weakened through the inactivity of Ramsay, Clarke and McGowan to take the trip.

TO CAMP SUSSEX
 Officers commanding units for the Sussex camp will go to Sussex tomorrow accompanied by Capt. L. E. Donovan, of the Canadian Army Veterinary Service, and will inspect and choose from a shipment of horses due to arrive there tomorrow.

CITY PUBLIC WORKS
 The city public works department today started placing a sidewalk in Duke street between Charlotte and Sydney. Tomorrow excavations will be started in preparation for the new pavement. The work of placing a new iron railing on the concrete steps from Main to Murray streets is expected to be completed tomorrow.

FOR BRIDE TO BE
 A very pleasant shower was held last evening at the home of Mrs. H. V. McGillivray, 92 Dorchester street, in honor of Miss Josephine MacNeil. The numerous presents were brought into the room by a young bride and groom, serenaded by Little Eunice McGillivray and Doreen Harper. About thirty friends were present and a very enjoyable evening spent.

BIRTHDAY EVENTS
 Friends of Mrs. R. MacKenzie gathered at her home, 138 St. James street at the tea hour yesterday in honor of her birthday. Mrs. L. E. Donovan, assisted by Mrs. E. A. Farren. Numerous presents of cut glass, china and silver were received and a very happy time enjoyed.

Miss Mary McQuade of 63 Erin street entertained her little friends on Monday afternoon of this week on her ninth birthday. Games and music were enjoyed. A dainty party was given by Gladys Donaldson and Edith Hunt. She received many pretty gifts.

MRS. WILLIAM R. MARKS
 Mrs. William R. Marks passed peacefully away during the night at the home of her son, William J. Marks, 164 Paradise row. She had been in her usual health upon retiring for the night, but when her son went to her room in the early morning hours it was to find that death had come. Mrs. Marks was in her eighty-fourth year. Born at West Scott Settlement, she had spent the greater number of her years in St. John where many friends will be sorry to hear of her death. She is survived by one son and eight grandchildren. The funeral will take place at 2:30 on Wednesday afternoon from 164 Paradise row.

KINGS COUNTY CASE
 A case that has aroused interest in Hampton was taken up yesterday before Magistrate Parke in the Hampton court. The case is one against Ernest Ryan, charged with assault upon Mrs. Rose Gamett. The case for the prosecution was closed yesterday and the affair postponed until Friday morning, when the defence will commence its evidence. Ryan was allowed out on sureties of \$500 on his own recognizance and two others of \$250 each, to appear on Friday. E. J. Hensberry of St. John appeared for the complainant, and F. Sproul for the defendant.

RENFORTH SIDEWALK
 The work of building a sidewalk at Renforth, from the station to the church, where the road is narrow, was commenced yesterday with the clearing away of the brush which had grown up at the edge and the filling in of parts of the distance to be covered to give a foundation for the sidewalk. The sidewalk, which is being built as a protection both to pedestrians and to the motoring public, will cover the place where most of the traveling accidents along this stretch of the road for some time have occurred. It will be raised three inches above the level of the road and will thus be sharply defined from the road itself.

CIRCUIT COURT
 The deferred sitting of the May session of the circuit court was commenced this morning before Judge Barry. A case of James McAulay, John McAulay and Maria Godfrey against Whitman Brewer, W. H. Mansberry and Alfred Brewer in a suit for \$1,600 in connection with the taking of gravel from the McAulay place at Prince Edward, near Musquash, some time last summer was taken up. F. R. Taylor, K. C., and G. Earle Logan appeared for the plaintiffs and W. M. Ryan and P. J. Hughes, K. C., for the defendants. The evidence of Mrs. Godfrey and G. G. Murdoch, C. E., was taken.

SIX YEARS FOR EX-POLICEMAN

Lewis Sentenced by Judge Armstrong—Gullus Gets Four Year Term.

Charles R. Lewis, a former city policeman, was this morning sentenced to serve six years at hard labor in Dorchester penitentiary by Judge Armstrong under the Speedy Trials Act for theft from Estey & Co.

Aaron Kullik, charged with breaking into a C. P. R. car in Fairville received a sentence of four years. A man named Brownell was previously sentenced for complicity in the same offense and is now serving his term. Both sentences were imposed in the jail.

GATHER HERE TO BEGIN NOVITIATE

Young Men in Preparatory Stage of Work for the Redemptorist Priesthood.

Fifteen young men, graduates from the Redemptorist preparatory college in Brockville, Ont., are assembling in the city today and tomorrow to begin their first novitiate at St. Peter's rectory. On August 1 they will be clothed with the habit of the Redemptorist Order and will begin their year's probation.

Those entering the novitiate are: Henry Donley, Toronto; Edward Doyle, Montreal; Daniel Eham, Regina; Henry Fleming, Hamilton, Ont.; Lucien Howard, St. John; Frederick Lane, Regina; Cornelius McElligot, Eganville, Ontario; Gordon McGuiness, Toronto; Michael McIsaac, Halifax; Robert McKeane, Fonthill, Ont.; William McMullin, Montreal; Gerald Murphy, St. Johns, Nfld.; Thomas Murray, Quebec; Louis Scallon, Toronto; Gerard Thomas, Quebec.

In addition to these fifteen young men being clothed with the habit, the present class of novices now at the rectory will take their solemn vows and will become members of the order and will then proceed to Mount St. Alphonse Seminary at Esopus on the Hudson, where they will pursue a course of higher studies for five years, prior to their ordination to the priesthood. It will be the first time that this impressive ceremony was ever held in Canada by the English speaking section of the order.

BY-LAW CASES

Traffic cases occupied the attention of the police court this morning. W. W. Jacobson, charged with speeding and not sounding his auto horn at the corner of City Street and Sydney street, was fined \$10. The report was made by Policeman Bettle.

Michael McNelly pleaded guilty to speeding and not sounding his horn. He said his battery was getting weak and he was trying to get home before it gave out. He was fined \$10.

Percy Knox, charged by Policeman McNamee with falling to stop when signalled to do so, he misunderstood the signal and thought he was intended to go on. A fine of \$10 was imposed.

Dr. C. M. Kelly, reported by Policeman Young for speeding in Prince Edward street on Sunday morning, said he was going to the cemetery and was late for his appointment, and may have been going faster than allowed. The sitting magistrate said he would consider the case.

Arthur Walsh, reported by Policeman Young for speeding in Prince Edward street, said he was on his way to East St. John with a concert party and did not know that he was exceeding the speed limit. A fine of \$10 was imposed.

E. Roy Robertson pleaded guilty to speeding at the corner of King and German streets and paid \$10.

M. Marcus was charged with obstructing the sidewalk with two tubs of ice on June 17. Mr. Marcus said the Purdy Ice Cream Company owned the tubs and had placed them there. He was fined \$2 and advised to remove the tubs from the sidewalk as soon as they were placed there.

MRS. REBECCA TOOL

Friends of Mrs. Rebecca Tool, 90 St. James street west end, will regret to learn of her death which occurred at about eleven o'clock this morning at her home following an illness of about a week. Mrs. Tool was the widow of John H. Tool. She was fifty-seven years of age and had been a resident of about a year in St. John. She leaves two sons, Ernest H. and W. Harold, both of the west side; two daughters, Mrs. George W. Cummings and Mrs. Edward Ramsay, also of the west side; three brothers, William Marshall of Toronto, David Marshall of Little River, and James C. Marshall of McAdam; and two sisters, Mrs. Harry Gilles of McAdam and Mrs. George Mitchell of Old Loch Lomond Road. They will have the deep sympathy of many in their great loss.

ROAD WORK

Councillor O'Brien of Fairville said this morning that the stretch of road from the Reversing Falls to Manchester's hill has been taken over by the Public Works department and that work of grading it will be started in a few days. He explained that this stretch would be embodied in the roads named to the Dominion government for permanent pavement in connection with the trunk line scheme in 1922 and permanent pavement would be laid. The grading work will be preparatory to laying permanent pavement.

TRAGIC DEATH OF BOY, KILLED BY AUTOMOBILE

Hamilton, Ont., June 20—Run down by a large car, which passed over his stomach, last night, John Cochrane, a fifteen year old boy, jumped to his feet and exclaimed: "I am alright. I am not hurt." He then pitched forward, fell unconscious to the ground, and succumbed to his injuries one hour later in the General Hospital.

The car which struck him was driven by Saul Walter, a shoe merchant.

Among These Very Attractive Styles

 \$1.70
 Fine tweeds in brown and grey. They're really worth a lot more than we are asking.

Buster Brown Stockings - 48c
 Everything a boy needs for school closing, you'll find in the Boys' Shop.

SID SAYS—
 Flowered Crepe Bloomer at 79c. are being snapped up fast by women shoppers in the Bargain Basement.

'Midst all this talk of better homes, why not buy Everett furniture and have better homes? Formerly fine furniture was a luxury—only the wealthy thought of buying it. The rough pine table and the crude bench of unfinished plank were the typical furniture—not of the poor, but of the average commoner—only three hundred years ago.

What a change!
 Today even the average home is not considered livable without its period furniture; its mahogany, walnut and fine oak—its tapestry.

Modern equipment for the kitchen is considered a necessity, and the Knechtel Kitchen Cabinet which we handle is the last word in convenience.
