THREE CENTS

GERMANS READY TO MEET BELGIAN REPRESENTATIVE

Wish to Discuss Arrangements for the Transfer of Malmédy Awarded to Belgium by the Terms of the Peace Treaty.

POLES AND GERMANS BECOMING SETTLED

Members of the Various Peace Delegations Believe the Trouble Will be Adjusted in Upper Silesia.

Paris, July 16.—Baron Von Lersner, head of the German delegation, sent the inter-Allied Council today a note stating the German government wished to meet Belgian representatives to discuss arrangements for the transfer of Malmédy, a town of Rhenish Prussia, awarded to Belgium by the terms of the peace treaty.

Name Commissioner.

Paris, July 16.—Herr Von Starke, has been named by the German government as its commissioner in the administration of the occupied territory of the Rhenish provinces. Announcement of this appointment was made today in a note from Baron Von Lersner, head of the German delegation to the inter-Allied Council.

Herr Von Starke recently was appointed governor of the occupied territory of the Rhenish provinces, but there he sought to persuade the inter-Allied commission to deal with the Rhenishland organization through him. He spent four days in Coblenz, but it was said, he received little encouragement. The inter-Allied Commissioners held that there was no provision in the treaty for dealing with German government representatives.

Paris, July 16.—(By The Associated Press)—Members of the various peace delegations seem confident that difficulties between the Poles and Germans can be adjusted so as to hold the plebiscite in Upper Silesia without the necessity of using foreign military forces. Plans for the plebiscite are being perfected rapidly. All German and Polish soldiers will leave the district peacefully, according to present indications, and enable the Allies to organize a local police force sufficiently strong to insure proper conduct of the balloting.

CRISIS REACHED IN HUNGARIAN SOVIET

Commander of the Armies Imprisoned and Bela Kun Reported to be Trying to Get Out of the Country.

Vienna, July 16.—(By The A. P.)—There is a crisis in the Hungarian Soviet. General Boehm, commander of the armies, has been imprisoned. Reports have been circulated that his health required rest in a sanitarium. Strumfeld, second in command, is reported to have fled. Statements that he had escaped from Hungary without the intention of returning. It is denied, however, that he was left Hungary thus far, or even departed from the capital.

One despatch applied for protection at the police station last night and was given accommodation. Four Germans who were collected at different parts of the city will appear before the judge this morning.

General Strike and Riots Break Out At Stettin

Copenhagen, July 16.—(By The A. P.)—A general strike, accompanied by rioting, has started at Stettin, capital of the province of Pomerania, Prussia, according to advices received from German sources. The strike involves all trades, including harbor transport, gas, water and electric power workers. The object of the strike is to secure abolition of martial law in Pomerania and other political reforms.

French Cabinet Grapples With Plans Destined To Reduce Cost of Living

Paris, July 16, (French Wireless Press).—Four definite measures intended to reduce the cost of living were decided upon today at a meeting of the cabinet. Henri Roy, a deputy, was appointed a commissioner to execute the ideas agreed upon.

- The four plans were: 1.—"Clemenceau" or "Vilgrain" food-selling booths in Paris will be doubled in number and others will be established in other centres of population. 2.—Cheap restaurants to supply meals at fixed prices will be started in Paris and in the provinces, under the control of the Ministry of Supplies. 3.—All war stocks of foodstuffs will be sold to the public, chiefly through the co-operative societies. 4.—A special service, already organized in the Ministry of Supplies, will seek to curb illicit speculation in foodstuffs. A bill pending in parliament contains provisions supplementing existing laws against speculation and increases penalties.

Germans Penitent Over Acts

Express Regrets for the Killing of French Officer at Berlin and Promise Full Compensation for the Act.

Paris, July 15.—In addition to sending the note to the peace conference expressing regret for the killing of the French officer at Berlin and promising compensation, Kurt Von Lersner, head of the German peace mission, has sent an autographed letter to the French government expressing in the name of the German government regret for the murder and announcing the readiness of the government to make the necessary reparation.

Paris newspapers are virtually unanimous in declaring that the apology of the German government will not suffice for the murder of the sergeant-major and declare that Germany must act firmly to prevent a recurrence of such attacks. They quote the Tageblatt of Berlin as acknowledging that French officers and soldiers attached to the Allied mission in the German capital had been for some time the object of molestation by the population and German officers.

A full report of the incident has been received from General Dupont by the government. The newspapers add that Marshal Foch has been ordered to claim reparation of 1,000,000 francs and an indemnity of 100,000 francs for the family of the sergeant, in addition to severe punishment for those guilty of his death.

ANOTHER FROST FOR MR. FOSTER IN CHARLOTTE

Liberal Convention Called at St. Stephen by Premier Foster Very Slimly Attended—Scouts Went Out Hunting up an Audience.

Special to The Standard. St. Stephen, July 16.—The Liberal County convention, which met here this afternoon at the call of Premier Foster, was but slimly attended, and was notable mostly for the absence of the old time stalwarts. The attendance from out of town was so small that it was regarded as a frost until, when the meeting was about half finished, scouts had rounded up enough from around town to make the total attendance about forty. H. M. Balkam, Milton, presided, and the following were elected delegates to the National convention: H. M. Balkam, G. M. Byron, Daniel Gilmore, alternates, B. M. Hill, of the public works department at Fredericton; H. W. Mann, Dr. Dyas.

PRINCE OF WALES TO EMBARK AUG 5TH

Will Leave Portsmouth on H. M. S. Renown Going Direct to St. John's, Nfld.

London, July 16.—(By The Associated Press)—Right Hon. Walter Long announced in the House of Commons today that the Prince of Wales would embark for Canada on H. M. S. Renown, at Portsmouth, August 5th. The Prince will visit St. John's, Newfoundland, thence proceeding in a light cruiser to St. John, N. B., and Charlottetown, where he will re-embark on the Renown and proceed to Halifax.

NO GROUNDS FOR ACTION AGAINST SIR ED. CARSON

His Recent Speech Regarding Irish Conditions Came up in the House of Commons for Consideration by Members Yesterday.

HOUSE REJECTS MOVE TO PROSECUTE

All Speakers, Regardless of Party, Condemned Sir Edward's Speech, and Condemned the Language Used

London, July 16.—Sir Edward Carson's recent speech regarding Irish conditions came up in the House of Commons today. The Attorney-General, Sir Gordon Hewart, announced that there were no grounds for setting the law in motion against Sir Edward for his threat to call out the Ulster volunteers against Home Rule. By a vote 217 to 73 the House rejected a motion by J. R. Clynes, Labor member, urging the Government to prosecute Sir Edward Carson for his speech of incitement to violence and breach of the law.

The debate turned on the legal point, in which the Attorney-General said he had the concurrence of the Solicitor-General. But almost all the speakers, without distinction of party, condemned the Carson speech. Sir Donald MacLean, Liberal, appealed to the Government to try to regain the moral authority of Parliament by condemning the language the Irish Unionist leader used.

Mr. Bonar Law, the Government spokesman, contended that the Government was bound to be guided by its legal advisers, though nothing could be more painful to him. If the Government had been advised that the law was broken he would have insisted on action being taken, or would have resigned. The whole thing was a very unfortunate affair, said Mr. Bonar Law.

Coalition Permanent In England

Col. Churchill Springs Sensation in Political Circles in Acting as Mouthpiece for Lloyd George.

London, July 16, (Reuter despatch).—A sensation has been caused in political circles by the news that Colonel Winston Churchill, secretary for war, who has just returned from a visit to the United States, had delivered a speech at a dinner in the West End at which over a hundred members of the House of Commons were present, at which he urged the necessity of new and permanent coalition party, re-christened the centre party. The dinner was organized secretly and only became known when some of the diners returned to the House.

It appears that Colonel Churchill, speaking as a disciple of Lloyd George, spoke for an hour, reviewing old political differences and emphasized the necessity for continued combination of the moderates among the Unionists and Liberals in order to preserve what had been won in the war.

Colonel Churchill insisted that co-operation was necessary in order to fight Bolshevism. The supporting speakers included the chief coalition Liberal and Unionist whips.

CANADIAN TRADE TAKES BIG SLUMP IN THREE MONTHS

Statement from the Customs Department Shows a Decrease of Over Fifty Millions.

Ottawa, July 16.—The summary of Canadian trade, for the first three months of the fiscal year ending on June 30, issued today by the Customs Department, shows that the trade of Canada decreased \$59,108,602, as compared with the same period a year ago. The grand total of Canadian trade for the first three months of this year was \$456,846,465, while in 1918 it amounted to \$514,855,065. The decline is largely in imports, the total value of merchandise entered for consumption this year being \$200,815,514, while last year it amounted to \$250,827,808, or a decrease of \$49,912,294. Domestic exports, during the three

NEW YORK YOUTH ADMITS KILLING JULIA C. WILKINS

While Grand Jury Was Indicting Edward O'Brien for the Murder of a Manhattan Man, He Assumed Responsibility for Mrs. Wilkins' Murder.

HER HUSBAND WAS CONVICTED OF CRIME

Dr. Wilkins, Maintaining His Innocence to the Last, Committed Suicide in Jail—Youth's Story Mystifies Police.

Freshold, N. J., July 16.—While a grand jury in New York was indicting Edward O'Brien, twenty years old, for the murder of Gardner C. Hall, a Manhattan stationer, the youth boasted today about his crime to fellow prisoners in the county jail here. Not only did he tell the details of the brutal attack upon Mr. Hall, but he assumed responsibility for the killing of Mrs. Julia C. Wilkins, for whose murder her husband, Dr. Walter Koenig Wilkins, was convicted and afterwards committed suicide in the jail at Mineola.

The police profess to place little credence in his confession of the Wilkins murder, however. They declare their belief that young O'Brien is revelling in the notoriety he has gained and simply is seeking to make the prisoners here think he is a "bad man."

Although the authorities are skeptical about O'Brien's professed connection with the murder of Mrs. Wilkins they will sift his story carefully. A strange series of facts has connected the Wilkins case with the Hall murder. August Leppich, a former clergyman, and a partner of Mr. Hall, was a friend of Dr. Wilkins and called upon him in his cell the afternoon of the day he hanged himself. Dr. Wilkins and Mr. Hall also were acquaintances.

BRITISH PUBLIC SHOW APPARENT LACK OF INTEREST IN FEAT PERFORMED BY R-34

London, July 16.—Major J. H. Scott, captain of the British dirigible R-34, and Brigadier General E. M. Matfield, who represented the British Air Ministry on the airship's round trip flight to New York, went into Buckingham Palace to report to King George today, almost unlooked by the crowd. The people, assembled at the gates to watch the changing of the guard, did not know that the two officers were the heroes of the first trans-Atlantic dirigible flight.

Col. Churchill Springs Sensation in Political Circles in Acting as Mouthpiece for Lloyd George.

When the officers left, a group of photographers drew the crowd's attention to the two airman and they were cheered loudly. King George showed much interest in the report of the two officers on the R-34's flight, and conversed with them for an hour. He congratulated them heartily. The apparent lack of public interest in the feat of the R-34 had been in contrast with the enthusiastic reception given captain John Alcock, who made the first non-stop trans-Atlantic airplane flight, and that given Harry G. Hawker, who fell into the sea half way across.

COMMITTED FOR TRIAL ON CHARGE OF INTENT TO KILL

Sydney, N. S., July 16.—Before Magistrate J. L. McKinnon at New Waterford this morning Joseph Collins, who inflicted grave injuries upon his wife by attacking her with a hatchet at her home on Monday afternoon, was committed for trial on the charge of wounding with intent to murder.

THE HOLIDAY

On Saturday, Peace Day, July 19th, The Standard will not be issued.

COLONEL HENSLEY AND HIS WIFE. Mrs. William N. Hensley, wife of Colonel William N. Hensley, U. S. A., who is en route to Scotland aboard the dirigible R-34 as a guest of the British government, is the daughter of Professor Maynard, of Tennessee. As Miss Marie Maynard she was a noted Southern beauty. William Maynard Hensley, ten months' old son of Colonel and Mrs. Hensley, was born in California. Should the need arise, Colonel Hensley, who is qualified as both a lighter and heavier than air machine pilot, could guide the R-34 across the Atlantic. He was known at West Point where he was graduated in 1905, as "scrappy" Hensley. Leaving out of the door of the forward gondola of the R-34 just before she cast off, Colonel Hensley gave the following message to a reporter for the Herald: "I hope I may be the first commander to fly a United States rigid dirigible. We must keep to the forefront in aviation. We rightfully belong there."

British Public Show Apparent Lack of Interest in Feat Performed By R-34

London, July 16.—Major J. H. Scott, captain of the British dirigible R-34, and Brigadier General E. M. Matfield, who represented the British Air Ministry on the airship's round trip flight to New York, went into Buckingham Palace to report to King George today, almost unlooked by the crowd. The people, assembled at the gates to watch the changing of the guard, did not know that the two officers were the heroes of the first trans-Atlantic dirigible flight.

When the officers left, a group of photographers drew the crowd's attention to the two airman and they were cheered loudly. King George showed much interest in the report of the two officers on the R-34's flight, and conversed with them for an hour. He congratulated them heartily. The apparent lack of public interest in the feat of the R-34 had been in contrast with the enthusiastic reception given captain John Alcock, who made the first non-stop trans-Atlantic airplane flight, and that given Harry G. Hawker, who fell into the sea half way across.

Crop Statistics Show Lamentable Condition of Grains

Areas Estimated to be Larger Than Last Year Reveal Poor Development in Wheat and Other Cereals.

Ottawa, July 16.—The Dominion Bureau of Statistics issued today the revised estimate of the areas sown to spring grains, potatoes and hay, an estimate of the areas sown to late cereals, and a statement of the condition of grains, grass and potato crops. The estimates, both of area and of condition, are compiled from the returns of crop correspondents on June 30.

For all crops, excepting rye, the areas now estimated are larger to the extent of 1 or 2 per cent. than those reported a month ago in applying to the end of May. The total area under wheat is now estimated to be 17,282,570 acres, spring wheat occupying 16,484,820 acres, and fall wheat 797,790 acres, or 91 per cent. more than last year's harvested area. The area sown to oats is placed at 14,754,150 acres, or 0.3 per cent. less than last year.

Barley is 3,017,920 acres, 4 per cent. less; rye, 565,275 acres, 2 per cent. less; peas, 213,283 acres, 10 per cent. less; mixed grains 886,650 acres, 4 per cent. less; hay and clover, 10,662,870 acres, 1 per cent. more and alfalfa, 196,793 acres, 0.2 per cent. more.

The condition of the principal grain crops at the end of June indicates that for the fourth successive year the yields for Canada will be below those of the demerit average. In Saskatchewan, where more than half the wheat crop is grown, the situation at the end of June was very serious. In Alberta, the wheat prospects at

the end of June were very poor, all grains suffering from lack of moisture.

Article X of the League of Nations covenant, one of the most familiar and one of the most discussed of that document, provides that the members of the league shall undertake to "respect and preserve, as against external aggression, the territorial integrity and existing political independence of all the members of the league."

The article further provides that should there be any such aggression or "any threat or danger of it, the council of the league shall advise upon the means by which this obligation shall be fulfilled."

NEW YORK YOUTH ADMITS KILLING JULIA C. WILKINS

While Grand Jury Was Indicting Edward O'Brien for the Murder of a Manhattan Man, He Assumed Responsibility for Mrs. Wilkins' Murder.

HER HUSBAND WAS CONVICTED OF CRIME

Dr. Wilkins, Maintaining His Innocence to the Last, Committed Suicide in Jail—Youth's Story Mystifies Police.

Freshold, N. J., July 16.—While a grand jury in New York was indicting Edward O'Brien, twenty years old, for the murder of Gardner C. Hall, a Manhattan stationer, the youth boasted today about his crime to fellow prisoners in the county jail here. Wilkins, for whose murder her husband, Dr. Walter Koenig Wilkins, was convicted and afterwards committed suicide in the jail at Mineola.

The police profess to place little credence in his confession of the Wilkins murder, however. They declare their belief that young O'Brien is revelling in the notoriety he has gained and simply is seeking to make the prisoners here think he is a "bad man."

Although the authorities are skeptical about O'Brien's professed connection with the murder of Mrs. Wilkins they will sift his story carefully. A strange series of facts has connected the Wilkins case with the Hall murder. August Leppich, a former clergyman, and a partner of Mr. Hall, was a friend of Dr. Wilkins and called upon him in his cell the afternoon of the day he hanged himself. Dr. Wilkins and Mr. Hall also were acquaintances.

Automobile Goes Over Embankment

Five Sydney Men Pinned Under the Car But Escape With Only Slight Scratches

Sydney, N. S., July 16.—Although their automobile dropped down the side of a hill at Rockyside, near St. Annas, C. B., and turned over, completely pinning one of them underneath it, five Sydney men escaped with scarcely even scratches. The men saw their lives to the neck of the top was up. The place at which the accident occurred is a particularly dangerous one. The road being narrow, on an incline, and having several abrupt turns within a short distance of each other, accidents are frequent. Only last week a doctor's car went down. The men worked on the car for several hours, and after obtaining cables, the car was pulled on to the road.

WINNIPEG STRIKE RESPONDENTS TO BE TRIED MONDAY

Winnipeg, Man., July 16.—A. J. Andrews, K. C. prosecutor, announced today that the preliminary hearings in the case of strike leaders, charged with sedition, will not be proceeded with on Friday, to which they were remanded last week. He intimated that the Crown would be ready to proceed in city police court next Monday.

M. Clemenceau Replies To Kolchak's Congratulations

Paris, July 16.—(Havas)—Premier Clemenceau sent a message of thanks today to Admiral Kolchak, head of the all-Russian government at Omsk, in reply to a message of congratulations upon the signing of the German peace treaty. Premier Clemenceau, in his reply, said the Allies, and particularly France, did not forget the aid given by the Russian armies. He expressed the hope that Russia would soon resume her place among the great democracies of the world.

FIRST LIST OF CANDIDATES IN STANDARD'S \$10,000 PRIZE CONTEST TO APPEAR FRIDAY

If Your Application is Not Already in as a Candidate in The Standard's Great Automobile and Piano Contest, See That it is Sent in at Once and Have Your Name Appear With the Others at the Start of the Contest—Your friends Will be Looking for Your Name, Don't Disappoint Them by Not Having Your Name on the List.

EVERY SECTION SHOULD SEE THAT IT HAS ITS REPRESENTATIVE CANDIDATE.

The Standard's \$10,000.00 Automobile and Piano Prize Contest will start to get under way on Friday when the first list of candidates who have entered their applications will be published. This list will be composed of only those people who have sent in their applications, which is the proper way to become a candidate. Hundreds of names have been nominated as prospective candidates and as fast as these names come in, letters are sent out notifying the prospective candidates that they have been nominated. If you have received one of these letters and have not sent in your application as yet and intend to become a candidate, see that your application is sent in at once so that your name may be placed on the list. In this way your friends will know that you are a candidate for the valuable prizes and will give you their support before they promise it to someone else.

Thousands of people are waiting to see the first list of candidates' names so that they may select their favorite and support them. There are also those who hesitate in entering the contest before the first list is published in order that they may see just who they may have to compete against and how many there are in their district. In looking over the list as published on Friday it will be seen that there are comparatively few who have entered to date. This should be encouragement to those who have been waiting to see the list for there is not a district in the entire contest territory in which there is not room for many more candidates. There are some sections which will produce a big vote in which there is no candidate at all and in some districts it will be well for those candidates to enter and get the votes before some outside candidate comes in and secures them. As a rule the people of a certain section would take more pride in supporting a local candidate than in giving their votes to someone who might come in from the outside. However, it is so unfortunate as not to have a representative, then the people who are so anxious to support a candidate will give their subscriptions and votes to someone from the outside. Every section has its leader, you know the person we mean, the one you always look to when something needs organization, and hustle to make it a success. Well, this is the very person for each section to get behind and support in this contest. You now have a chance to show your appreciation of the work they have done in the past to make the community alive, this person is surely deserving of your appreciation and in what better way can you prove your appreciation than by seeing that their name is entered as a candidate in The Standard's Contest and adding them to your subscription. Surely an automobile would be most acceptable to this person and you could be helping to show your appreciation and at the same time subscribing to The Standard which you need in your home to get all the news all the time. Arrange to have a town meeting or a community meeting and select your representative and support them to the end of the contest, and you will experience the feeling of having done a good turn to a fellow citizen and done it well. Write to the contest manager for particulars regarding the contest and he will be pleased to supply you with all the information needed to make your representative a big winner. Remember that everyone who enters in The Standard's Contest, everybody is rewarded according to the amount of effort put forth. Get busy today while the contest is yet young and the territory is not yet canvassed by some other candidate.

or the physicians assisted, in the procuring of pure and well matured stimulants? Have we not to a great extent been forced to discontinue prescribing anything not in the original bottle? And even then has not a great proportion been of very inferior quality, and entirely unfit for the purpose for which it was intended? And how much of it has been tampered with? If it is an offence to sell impure food to people who are well, it is certainly a crime to supply adulterated stimulants for people who are ill. Is the Government aware that there has existed a process of abstracting liquor from the original standard bottles and rolling with an adulterated or diluted article? If so what steps have been taken to remedy so serious a violation of the act? Is the Government aware that excessive, in some cases almost prohibitive prices have prevailed? If so, what remedy has been provided? The man in the street today can purchase at a fair price a better quality of liquor than the average of what is sold on prescription. Within a week a man who has no apparent connection with the liquor business quoted me \$35 a case for a standard brand of whiskey, cash on delivery at my home, and it seemed just as easy for him to let me

Good For One Vote / Not Good After August 2, 1919 / VOTE COUPON / The St. John Standard \$10,000.00 Automobile and Piano Prize Contest / Candidate / District No. / Bring or send this Vote Ballot, neatly trimmed, to Contest Manager, St. John Standard, St. John, N. B., on or before the expiration date above. Ballots must be received flat, not rolled or folded.

have six cases as one. Section 31 has, I presume, been inserted to instill a little comedy into the act. It reads: "No liquor prescribed by a physician under this act shall be consumed or drunk by any person other than the sick person for whom it has been so prescribed." In other words, if you have a family of six suffering from influenza, and you consider the use of stimulants wise, you are required to have six prescriptions appropriately designated Mr. Brown, Mrs. Brown, Tom Brown, Mary Jane Brown and so forth, and you would be failing in your duty should you neglect to warn them one and all of the penalty provided by the law in the event of the right person taking his dose from the wrong bottle. I have it on the authority of the chief inspector that the intention of section 31 is to prohibit the writing of prescriptions for patients who may be observed in the office, and I have so observed it. But I am unable to see by what process of reasoning this contention can be upheld. Quite a fair proportion of the medical profession carries on the bulk of its work as office practice and must be entitled to issue prescriptions in this manner. As for the remainder, their office work it not a separate line of practice; it is merely a continuation

of the work outside. The act recognizes that stimulants may be necessary for office patients, for Section No. 47 provides that a duly registered dentist may keep in his office not more than one pint, and may administer it to his patients at his discretion. I am informed that the chief inspector holds that prescriptions written upon the ordinary personal or druggists' prescription blanks are not legal. Why not? They are written prescriptions and if they follow the wording as provided in Form XII, that is all the section required. Increasing Demand. The time has already arrived when many are without the liquor absolutely necessary for legitimate medical use, and more and more are being placed in that category each day. It becomes necessary from time to time for prescriptions to be written for these patients. I would look for an increased number of prescriptions for alcohol for some time to come. The question as to what should be the maximum number of prescriptions written by any doctor in any one month is a difficult one to decide, so many factors enter into the case. Other things being equal, a busy practitioner will write more than a junior in practice and a medical man more

than a surgeon. More in the towns and cities where there are vendors. More than those in the country districts where many carry their own supply directly to the patients. It was also stated that while several doctors had issued more than 1,000 prescriptions per month, one had reached the highwater mark of 1,500. Such action cannot by any possible argument be condoned, and should be no more tolerated in our own province than in Ontario. It brings those members of the profession down to low level and should invite the most severe punishment. If the law does not provide sufficient machinery for action, I would suggest that after fair warning such names should be reported to the Council of Physicians and Surgeons of New Brunswick, and a demand made that appropriate action be taken by that body. I do not see that indefinite statements before church conferences reflecting upon the profession as a whole will accomplish much. It may for a moment distract attention from the big problem in prohibition, compared with which the prescription business is but a drop in the bucket. It does not even touch the fringe of the matter. The fact remains that large quantities of liquor have been brought into this province and disposed of, realising small fortunes for those engaged in the business. That liquor is sold and delivered in so open a manner that if the officials are not aware of it they must be about the only ones who are not. Bootlegging flourishes and all kinds of alcoholic mixtures are in great demand. With what result? As I write, the evening paper states that there were sixteen men before the court this morning charged with drunkenness. The hospitals and practitioners are treating many men suffering not from drunkenness but from acute alcoholic poisoning. And drug addicts are, I fear, becoming more numerous. Never before have I seen human beings in such abject misery due to the fumbling of drunk poison! Never before have I seen a man suffer so much agony before death took place from drinking diluted alcohol! Never before have I seen men absolutely unconscious of their surroundings. And beyond possibility of arousing them. (Continued on page 5)

Men's Raincoats / Our new Raincoats met with instant approval yesterday from a number of customers. They not only afford perfect protection from rain and fog but are a smart looking garment besides—indispensable when running out of town. Tweed surface, paramatta and mohair, with and without belt. \$12 to \$30. Gilmour's, 68 King St. 10 per cent. off soldier's first outfit.

THE WEATHER / Toronto, July 14.—Light showers have occurred today near Lake Superior, and it has been raining in the Maritime Provinces, elsewhere in Canada the weather has been fine. The temperature is very high in the western provinces. Forecasts. Maritime—Southwest and west winds; fair and moderately warm. All people that on earth do dwell, Sing to the Lord with cheerful voice. —John Hopkins. The peace of God, which passeth all understanding, shall guard your hearts and your thoughts in Christ Jesus, Phil. iv. 7. Thought is deeper than all speech, Feeling deeper than all thought; Souls to souls can never touch. What unto themselves was taught. —Christopher Pearse Cranch.

MEDICAL SOCIETY CONVENTION HAD FINAL SESSION YESTERDAY

Adverse Criticism of Prohibition Law as it is Applied in This Province and Carried Out by Officers — Doctor Says Seventy-five Per Cent. Increase in Dope Fiends in Two Years—Moncton Place of Next Meeting.

Adverse criticism of the prohibition law, as it is applied in this province, and the officials who have been appointed to enforce the act, was a feature of the closing session of the annual convention of the New Brunswick Medical Society, held yesterday at the Y. M. C. I. building. The discussion arose late in the afternoon, after Dr. Farris had read the report of the committee on Dr. Bentley's address on prohibition, Dr. Ailly starting the ball rolling with the statement that nowadays doctors are considered guilty of selling liquor through prescriptions until they are proved innocent and that it was a common practice to accuse the medical fraternity of working against the prohibition law. The present method of enforcing the prohibition law he characterized as a criminal outrage on the public of the province. If a man wanted intoxicating liquor, he would get it somehow. Since the passing of the prohibition law, declared Dr. Ailly, there have been 75 per cent. more dope fiends at large than there were before. "You can cure an alcoholic," he declared, "but I never yet heard of a successful cure for a dope fiend." Dr. Barry was of the opinion that in view of the great use of lemon extract and other stimulants there should be something done to recognize the fact that prohibition was established primarily as a war measure. Under the law physicians are accused openly of violating the law by making out unnecessary prescriptions or selling intoxicants other than provided by law. And though practically every case so brought up in the courts has been proved without foundation, the physician has no redress whatever from the harmful accusation. The prohibition act, he declared, had been riddled through with no mandate from the people and he did not think such an act should be continued without the endorsement of the general public. Dr. Curran said there was no question but that the prohibition legislation had brought the stigma of disgrace to the medical profession. No doctor, he declared, felt flattered at receiving an order for a liquor prescription. No one, unless he had a personal desire for the ardent, or was an advocate of drunkenness, could view the situation in anything like a happy light. "The prohibition legislation," he declared, "has made physicians vendors of whiskey and bartenders by law, an appointment upon which no doctor would feel flattered. It also degrades us by putting us in the position of using alcoholic drink as a drug, a fact which has been borne out by the great increase in prescriptions since the passing of the act." The prohibition act, declared Dr. Curran, was really making more "dopes" and ruining the people, and he cited cases where intelligent and law-abiding citizens had openly stated that they did not consider it a degrading thing, nor feel a prick of conscience at violating the act as far as they were personally concerned.

Dr. McDonald stated that the present state of the prohibition situation was a disgrace to the medical profession. It brought to the physician's mind and house a class of men that he did not want his family to see. Dr. Barry said it was notable that only one physician had been fined in St. John for issuing a prescription contrary to the provision of the law. He did not think that the act was being properly enforced, not that he was bringing blame to the profession, but that the inefficiency and neglect, if nothing worse, of the prohibition officials, should be properly censured. The question was discussed also by Doctors Crockett, Nugent, Farris and White. A resolution moved by Dr. Ailly and seconded by Dr. Crockett, deploring the conditions brought about by the prohibition act, was later withdrawn and a new motion, by the same members, to have the chair appoint a committee to consider the prohibition question, was later carried unanimously. Dr. J. S. Bentley's paper, which was read the first day and which was provocative of the discussion, brought out the following points: Except for scientific and sacramental purposes, the only alcohol that can come legally into the possession of the general public must pass under the direction of the medical profession. Consider the external use alone, which plays so great a part in the cure of bad cases. In the past such alcohol was simply purchased from the dealer and no one heard anything about it. Now it is necessary to have a prescription for the smallest quantity, and a new prescription for each replenishing. We all knew that many of our patients had to keep on hand whiskey or brandy for various conditions of syncope, heart failure, shock, collapse, etc., but this, too, was obtained from a licensed dealer and never came to our notice. And we have, I think, surprised to find that the number for whom such stimulant is necessary is very large. Regarding the recent epidemic of influenza, I am of the opinion that the low death rate in the city (St. John) was in some measure due to the fairly free exhibition of alcohol. From personal experience I can state that there is nothing its equal in convalescence. Before an organization of this sort it is not necessary to more than summarize the various therapeutic uses of alcohol. None will dispute its action in acute bronchitis and many cases of pneumonia; its usefulness in the early treatment of diabetes; its place in shock, collapse, heart failure; its power of bridging over the summer diarrhoea, and other exhausting effects in debilitating diseases of the other extreme of life; its happy result in some forms of insomnia; its efficacy during convulsions from the acute infectious diseases. These are but every day experiences of us all. I ask you, members of the New Brunswick Medical Society, have the people of this province been protected

Did Your Boy Go "Over the Top" at VIMY RIDGE? \$3.00 Will Secure this Book for You. Hurry and Get Your Copy At Once. THE STANDARD

You can read in this great book the full story of how Canada stepped into the world arena—and made history. Premier Borden has written an introduction praising in 'flattering terms J. Castel Hopkins' work. In addition to this complete narrative there is included a magnificent epic of those last hundred days—from Amiens to Mons—written by Chaplain R. J. Renison (of Hamilton) who marched with the boys and penned from battlefield notes a wonderful HUMAN message. This volume may not be obtained through agents. Its appeal to Canadians is too wide to be entrusted to ordinary trade channels. As a service to our readers we have therefore arranged with the publishers to distribute this volume. We urge every reader to lose no time in owning this wonderful book. Clip the coupon and bring or send it to this office at once before it is too late. The price is \$3.00 at this office or \$3.20 by mail. IT CONTAINS OVER 450 PAGES —64 full page photographs reproduced on plate paper. —a colored frontispiece of General Currie.

TO THE STANDARD, ST. JOHN, N. B. Please Mail to me a copy of "Canada at War." Enclosed is \$3.20 in prepayment. (20c. extra for out-of-town postage). Name Address

THE WEATHER

July 16.—Light showers poured today near Lake Superior... the weather has been fine, temperature is very high in the provinces.

Forecast. Fine—Southwest and west fair and moderately warm.

People that on earth do dwell, the Lord with cheerful voice.

Peace of God, which passeth understanding, shall guard your and your thoughts in Christ Phil. iv. 7.

Light is deeper than all speech, and deeper than all thought; so souls can never touch until themselves was taught.

Christopher Pease Cranch.

More Glory at Santiago. The Oregon already famous throughout the world for her glorious and successful voyage to her American fleet in time for the impending battle, gained greater glory in the action of Santiago de Cuba on Sunday, July 3, 1898, when Spanish sea power was forever humbled and the liberation of the Philippines and Cuba assured. In that now historic sea fight the Oregon ran the Vixenya, pride of

THE UNITED STATES HOT OFF THE WIRES

OLD NAVY WILL DISAPPEAR WITH DESTRUCTION OF TWELVE OBSOLETE BUT HISTORIC SHIPS

Battle Ships Which Have Carried Stars and Stripes Into Two Wars Will be Broken up for Junk or Used as Targets.

Washington, D. C., July 16.—Decision of the Navy Department to break up and sell for junk or use for targets twelve obsolete battle ships marks the passing of a fleet of vessels long identified with many of the most glorious achievements of the new American Navy.

The doomed ships, including the famous old Spanish-American war frigates, consisting of the Oregon, the Iowa, the Indiana and the Massachusetts, and the more modern but hardly less famous Kentucky, Keokuk, Alabama, Illinois, Wisconsin, Ohio, Missouri and Maine, composed one of the most powerful battle ship fleets in the world more than fifteen years ago.

Precursor among the achievements of these famous old fighting craft is the part they played in the Spanish-American War. The Oregon, which has been commissioned at San Francisco in July, 1895, was at the Mare Island Navy Yard in 1898, when the message was flashed to her commander that the United States was at war with Spain.

After the Spanish-American War the Oregon returned to the west coast, where the glorious old ship, then in the height of her fame, was received with tremendous demonstrations. She remained there on duty with the Pacific fleet until a decade ago, when, her usefulness gone, she was placed in reserve commission.

The Iowa, the Massachusetts and the Indiana participated in the home coming of the victorious Atlantic fleet after the Spanish-American War and remained on duty in home waters for many years. After the Oregon had been placed in reserve three sister ships were for several years used as training vessels and conveyed the midshipmen from the Naval Academy aboard each summer for a practice cruise.

In the meantime a later class of ships had been launched to add to the might of American naval power. The Kentucky, the Maine, the Illinois, the Wisconsin, the Ohio, the Missouri and the Ohio, launched between 1895 and 1901, formed the nucleus of the new "steel" navy that was winning the United States an assured place among the great naval powers.

These ships, then unsurpassed in the world, carried the American flag into the ports of the world for many years, and in 1907, when the mighty United States fleet left New York for the historic cruise around the world to demonstrate in all lands the might and power of the American Navy, they held their places with their more modern sisters throughout the memorable voyage.

RESCUES SEAMAN.

Rear Admiral Harry McClure Huse, commander of the Train Force, United States Atlantic Fleet, rescued a seaman from drowning in the Hudson River off West Sixty-ninth street.

Plenty of Work For Returned Soldiers

\$3,000,000,000 Worth of Public Work in U. S. to Start Immediately.

New York, July 15.—Immediate starting of \$3,000,000,000 worth of public works now pending in the United States, so that every returned soldier may have employment, is the objective to which the American Legion, the national organization of veterans of the war, has set out to achieve at the request of Senator Arthur Woods.

LUSITANIA DAMAGE SUITS DISMISSED

New York, July 15.—A final decree dismissing all damage suits against the Cunard Steamship company as the result of the torpedoing of the Lusitania and barring any similar suits, which might be brought in the future, was signed Monday in the United States district court by Judge Julius M. Mayer.

CARRIER PIGEON LOST FROM R-34 TURNS UP SAFELY

Alights on Deck of the Steamer West Kysa and is Taken to New York.

New York, July 16.—Carrier Pigeon N. U. R. P-150, believed to be the bird which escaped from the British dirigible R-34 on its return trip from Mineola, N. Y. to England, was brought into port today by Captain John Chapman, of the steamer West Kysa, from London.

ZEPPELIN FREIGHT SERVICE ANNOUNCED

N. Y. Newspapers Report Trans-Atlantic Project to be Attempted in October.

New York, July 16.—A Zeppelin freight and passenger trans-Atlantic service, "to start about October 18" between New York and Hamburg, with Boston, Chicago, Berlin and Dusseldorf as ports of call, was announced in advertisements in German language newspapers and one American trade paper published here Monday.

DOING DAMAGE.

Some of the larger boys in the South End have been doing more or less damage at the Allison playground and the police are on their trail with the intention, if any more damage is done, of taking the offenders to court.

THE HOUSING SCHEME.

In connection with the proposal of the municipal council to borrow \$300,000 for a housing scheme, Mayor Hayes pointed out yesterday that no commission had been appointed and unless this was done the money would not be available.

COURT MAKES HENRY FORD LOOK LIKE A PIKER

Admits He is An Ignorant Idealist and Described Benedict—Arnold as a Writer.

Mount Clemens, Mich., July 16.—In a moment of petulance, while on the witness stand today, Henry Ford, plaintiff in a \$1,000,000 libel suit against the Chicago Daily Tribune, admitted that he was an "ignorant idealist." Subsequently he reversed his statement.

This was one of the alleged libelous charges made against him in the Tribune editorial, Attorney Stevenson for the Tribune, had been asking questions to establish, if possible, that Mr. Ford, as a matter of fact, was ignorant.

In the course of the examination, Mr. Ford defined a traitor as "one who works against the government," an idealist as one "who helps others to make a profit," and evidently with Arnold Bennett, vaguely in mind described Benedict Arnold as "a writer."

BIG FOREST FIRE RAGING IN IDAHO

Has Wiped Out Six Square Miles of Timber and 125,000 Feet of Lumber.

Boise, Idaho, July 17.—The forest fire, which has been raging for three weeks in the yellow pine district at the Thunder Mountain section, in central Idaho, threatens to equal in destruction the fire which swept western Montana and northern Idaho in 1910 when great loss of life resulted, according to members of the local forestry bureau.

BRITISH GOVT HONORS COMMANDER OF THE U. S. FORCES

Gave Dinner to Gen'l Pershing and His Staff Last Night—Purely Military Function.

London, July 16.—The government gave a dinner in honor of General John J. Pershing and his staff last night. It was essentially a military function, the guests including Field Marshal Sir Douglas Haig, who presided; General Sir Henry Seymour Rawlinson, commander of the fifth British army; General Henry S. Horne, commander of the British army in France; Lieut-General Wm. Riddell Birdwood, commander of the Australian and New Zealand troops in France, and other prominent British officers.

Author of "Dere Mable" Writes Another Book

ED STREETER first introduced "Bill" to the world at large through the medium of "The Gas Attack," a weekly paper published by the 27th Division at Camp Wadsworth, Spartanburg, S. C.

While ED STREETER as a lieutenant, was in France, these books were making the folks at home laugh and selling by the hundreds of thousands. It was impossible for the publishers to produce the books fast enough to keep up with the demand.

Watch for the first instalment in Monday's Standard.

CHAIRMAN HAYS ISSUES STATEMENT ON LEAGUE

New York, July 15.—Will H. Hayes, chairman of the Republican National Committee, issued the following statement on the League of Nations covenant here tonight:

"The situation respecting the League covenant is simply this: There must be effective reservations. These reservations must safeguard the sovereignty of the United States in every particular, must guarantee the Monroe Doctrine beyond a shadow of a doubt, and Article 10, entirely, or so modify it that our Congress shall be morally as well as legally free after a specified period to decide when and where and to what extent our soldiers shall be employed; must retain our full control of immigration; tariff and all other purely domestic policies; and must provide for provisions to withdraw the League at any time without hindrance or conditions of any kind, upon giving suitable notice. It is up to the Administration to decide whether it will accept these essential guarantees of American independence, which would unquestionably be promptly accepted by the other nations."

PHYSICIANS RECOMMEND CASTORIA

YOU know the real human doctors right around in your neighborhood: the doctors made of flesh and blood just like you: the doctors with souls and hearts: those men who are responding to your call in the dead of night as readily as in the broad daylight; they are ready to tell you the good that Fletcher's Castoria has done, is doing and will do, from their experience and their love for children.

Your physician knows that Castoria is purely a child's remedy. It was sought for and discovered as a substitute for Castor Oil in the ailments of Infants and Children. Your physician will tell you this for he knows that preparations put on the market for adults are not adaptable for the very young and he is particularly interested in your baby.

Children Cry For FLETCHER'S CASTORIA

Do the People Know? Do you know why you are asked to call for Fletcher's Castoria when you want a child's remedy: why you must insist on Fletcher's? For years we have been explaining how the popularity of Fletcher's Castoria has brought out innumerable imitations, substitutes and counterfeits.

To protect the babies: to shield the homes and in defense of generations to come we appeal to the better judgment of parents to insist on having Fletcher's Castoria when in need of a child's medicine. And remember above all things that a child's medicine is made for children—a medicine prepared for grown-ups is not interchangeable. A baby's food for a baby. And a baby's medicine is just as essential for the baby.

The Castoria Recipe (it's on every wrapper) has been prepared by the same hands in the same manner for so many years that the signature of Chas. H. Fletcher and perfection in the product are synonymous.

MOTHERS SHOULD READ THE BOOKLET THAT IS AROUND EVERY BOTTLE OF FLETCHER'S CASTORIA

GENUINE CASTORIA ALWAYS Bears the Signature of

Chas. H. Fletcher

THE CENTRAL COMPANY, NEW YORK CITY.

The Blizzard of Klim A Modern Miracle

THE process of making Klim is simple. Anyone can understand from the above diagram how the water is evaporated from liquid separated milk by the "spray process" leaving the solids in a fine dry powder.

If you were to see the drying process in one of our plants, you would immediately think of whirling, fine, clean snow piling up in drifts. You would look through a little window and see the liquid change to dry powder—Klim—before your eyes.

Liquid separated milk is forced by cylinders through tiny pinholes by great pressure, coming out in the form of a cloud or mist, just as from a huge atomizer. This fine spray enters a large square room through which are blowing strong currents of filtered warm air. The spray of liquid is whirled about the room just as you have seen the wind blow snow or fog.

The warm air immediately absorbs the moisture from the spray and the solids settle to the floor in white drifts of Klim. The moisture-laden air passes out through screens which prevent any of the Klim from escaping.

The drying rooms are opened to remove the Klim, which is then packed into the handy blue and white striped tins which you find in Canadian grocery stores.

Klim is just what you need for your camps, or for your trips. For your home, include a one pound tin in your next grocery order.

### CIVIC TAXES.

With a record breaking rate of \$2.92 in civil assessment, announced for this year, it is unpleasant to think that what might have been the assessors failed to discover 2,888 new people among whom the assessment is to be shared. In 1911 under the old government the rate was \$1.94. In 1918 it was \$2.27, to which was added thirty cents per hundred dollars of unimproved land. This year's rate is thirty-one per cent. greater than the rate of 1911, which was \$637.816. That is, the assessment has increased more than one hundred per cent, while the rate has gone up only thirty-one per cent, the difference being due to the increase in valuation and additions to the number of rate payers. The levy this year is made on a total valuation of \$46,019,500, of which \$22,780,899 is real estate and \$14,987,850 is income, as compared with a total valuation of \$29,842,300 in 1911, of which \$16,516,000 was real estate and \$4,147,100 was income. The additional seven and a quarter million dollars appearing in real estate assessment this year is accounted for by new construction. Ninety per cent. of it is a matter of bookkeeping and represents the higher valuation placed on existing properties by our board of assessors. Incomes which in eight years have jumped from four millions to almost fifteen millions may be accounted for partly by the high earnings which so many are now enjoying, but chiefly through the discovery of the real incomes earned for years by hundreds who had previously escaped their fair share of the burden, as well as by the listing of many others who formerly did not appear in the tax lists. The new assessment has been of value in revealing correct information along this line. Personal property shows a drop of approximately two million dollars from the assessed value in 1911, which, however, is due to the fact that taxes are now levied only on one-half the value, therefore the assessed value of personal property for 1919 is in reality \$14,483,700, as against \$9,179,200 in 1911. In these days of high costs when the ordinary requirements for labor and materials are excessive, increased taxation may be reasonably expected. In St. John we are getting it in both directions, in high valuations and in high rates, and even with one hundred per cent. of additional revenue in eight years we do not seem to be as well off as under the old government. There is nothing more to show for \$12,000,000 today than there was for \$9,000,000 yesterday in the position which many private individuals find themselves in—increased salaries being more than taken up by added expenses—and it is scarcely reasonable to expect from the city any better showing than is made.

### BRITAIN'S ARMY OVERSEAS.

Announcement is made that only thirty thousand Canadian soldiers now remain overseas and that they will be brought back during the next month or six weeks. Canada is in a much more fortunate position in this respect than is Britain, for the British army still away from home numbers fully seven hundred thousand men. Of this tremendous force—many more than double the old regular army—two hundred and six thousand form the army of occupation in Germany. Behind this force is the army in France and Flanders forming lines of communication, reclaiming stores and supplies, clearing up old battle fields, caring for graves and generally endeavoring to restore the country to its pre-war condition. This vast force is held in reserve also in the event of further trouble with Germany. In Italy there are still eleven thousand British soldiers, one battalion being attached to the international garrison at Fiume. In the Black Sea district there are forty-four thousand British troops in addition to the East Indian soldiers of which number twenty-four thousand are in the Caucasus and are to be demobilized before long. Palestine and Egypt still require attention and in these two countries there are ninety-three thousand men, of whom ten thousand come from Australia and New Zealand, the remainder being British. Continuous disturbances in these countries prevent the demobilization of the forces there, and this is true as well with respect to Mesopotamia, where there remain more than twenty-one thousand British troops, maintaining order by doing general police work. In view of the recent Afghan trouble and the widespread unrest following war conditions in India, and also remembering that one million natives of India were trained for war service during the years of the war and are now a more serious menace in the event of trouble than they were previously, it is believed that the sixty-two thousand British soldiers remaining in India is the smallest possible garrison compatible with the peace of that country.

### IN PROHIBITION DAYS.

A very interesting story has reached the Standard which, if it is any indication of a general practice, may possibly account for the shortage of water about which we occasionally hear. It is said that the consumption of water in a two and one-half story house on Brussels street for the year ending June 30, 1918 was one million, seven hundred and forty-eight thousand and gallons. The house is reported to be occupied by four families and was equipped some years ago with a meter. Meter rates are not, however, charged, but the ordinary dwelling rate. If the owner or tenants were asked to pay on the water consumed, the bill to the city might amount to more than the annual rental from all tenants combined. The amount of water said to have been drawn is equal to, roughly, forty-eight hundred gallons per day, or two hundred gallons per hour, which means that one or more faucets must be flowing at full force day and night. Accepting this report as reasonably correct—and the Standard's authority is good—if such wastage is going on in many homes, it will account for the exceptionally high consumption with which this city is credited. The volume of water drawn through the supply pipes into that one house is one hundred times more than could reasonably have been used.

### WHAT THEY SAY

Strikes Come High. Hamilton Herald: Economists agree that what is needed to combat the high cost of living is increased production. There cannot be increased production without the application of more labor to materials. Every worker withdrawn from production tends to keep up the cost of living. If this be so, see what folly a general strike is from the point of view

of the consumer—and we are all consumers. It has been estimated that the direct loss in wages and profit from the Winnipeg strike was over four million dollars. This applies to the industrial loss only. The losses of the merchants in Winnipeg and the farmers of Manitoba are not included in the estimate.

The Chief Thing Left. Brooklyn Eagle: German Government has agreed to abide by the Treaty. Now all there is to do is make them do it.

Something Coming to Them. New York World: It is well that the Kaiser and his junker crew remember Edith Cavell and Captain Fryatt before they assure themselves that they cannot be found guilty of atrocities.

One War Object Attained. Philadelphia Press: Constantinople, late King of Greece, is busted, according to the language of the street. This shows how successful the war has been, since one of its objects was to bust kings and such like personages.

Every Little Helps. Halifax Chronicle: John D. Rockefeller says he expects to live to be 100 years. He is now eighty, and he attributes his good health to golf and a tablespoonful of olive oil daily. But Standard Oil, we fancy, is still his main prop.

As it Should Be. Calgary Herald: Winnipeg strike leaders are now said to be planning to carry their fight into the political arena, municipal, provincial and Dominion. To this there can be no objection whatever. It is what should have been done in the first place. If the radicals in the labor element are able to elect a majority in councils, Legislatures or Parliament, they will get what they are after in the way of government. By no other process would they be legitimately entitled to it.

Bread Instead of Bombs. World Outlook: Over the same air World Outlook: Over the same air world to battle with the Germans, seaplanes are now carrying food and clothing to the devastated villages of Northern France. No other means of transportation is open for the railroad routes destroyed, but for miles the roads have been so cut to pieces that motors cannot pass over them.

A Man of DeWart's Stamp. Fiesherton Advance: Wm. Proudfoot, who was denied the leadership of the Liberal party in convention at Toronto, has been elected as secretary of the party.

Father's Hope. Mother (at telephone): "Mersey" John, our daughter has married the chauffeur." "Father: "So? Well, maybe now he'll have some object in keeping down the repair bills."—Boston Transcript.

### THE EDITOR'S MAIL

GOOD ROADS. To Editor of Standard, Sir—As we read and hear about the good roads and good work done in other places, I wish to call the attention of our member at Cady's Queens Co., to the so-called "Knight Road," (Parish (Cambridge) as the mail has to go over it three trips per week, and no work done on it for several years.

### A BIT OF VERSE

THE TIGER OF FRANCE. The smile on the face of the Tiger, as he handled the pen of peace, Was a smile for his country's future, when all wars of the world should cease.

### A BIT OF FUN

Danger. "Who are the plain people, anyhow?" "Well, I wouldn't apply the term to the lady voters."

Diplomacy. Olive—"She is always grumbling about her servant, and yet she still keeps her. I can't understand her at all."

### WHAT THEY SAY

Strikes Come High. Hamilton Herald: Economists agree that what is needed to combat the high cost of living is increased production. There cannot be increased production without the application of more labor to materials. Every worker withdrawn from production tends to keep up the cost of living.

## Little Benny's Note Book

BY LEE PAPE. I had 3 cents yesterday afternoon and I was going past Mommy Simmes's store and there was a box of long hat pins in the window with different color glass heads on the end of them, saying on the side, 3 cents apiece, worth double. O, 3 cents apiece, I sawed 'em, I buy one and give it to Mary Watkins to pin her hats on.

Which I went in and did, taking me about 10 minutes on account of changing my mind so awfully with color I wanted, and I pinned it on the inside of my coat, being a red one, and went around to Mary Watkins's house and she was sitting on the front steps on a pillow looking up and down, saying, "Hello, Benny, went you sit down—do you want me to go in and get a pillow for you, I'll have to go all the way up in the setting room to get it."

Meeting shed rather not, and I said, No thanks, this is all right. And I sat down on the steps and we started to talk about different things such as the best of the weather and nobody having any parties lately, and after a while I said, "What do you think I jest found? Thinking it would sound too conceited if I said I saw it, and I took the hat pin from the inside of my coat, saying, It looks jest like a new one, don't it?"

O, Izzent that perfectly bewittill, wass did you find it? said Mary Watkins. Outside Mommy Simmes's, do you want to see it? I said, and I handed it to her and she looked at it saying, O, well I declare, Ms the very one I lost, and that's the very place I lost it.

No it Izzent, neither, I said, Thinking, Gosh, G, and Mary Watkins said, It is so, too, and I said, No it ain't, and she said, "My aint it? Because it ain't, I said."

Well, of all things, I'm insulted, said Mary Watkins looking haughty. And she handed me back the hat pin, saying, Heer, take the old thing if you dont believe in giving things back wun you find them.

Which I wouzent take it, saying, O, all rite, maybe you did lose it for all I know. And I gave it to her without getting any credit for it being a present.

Proving if you dont start in by giving yourself credit yours libel not to get out.

that cart pushes it in front of him. Can you guess the reason why? Probably not. I will ask him. Note his answer, my son." (To the Coster)—"My good man, why do you push that cart instead of pulling it?" Coster—"Cause I ain't a hoss, you old thiekhead."

Nerve. "I really can not see you," said the very busy man with some irritation. "Then it's lucky I called," returned the intruder calmly. "I represent a firm of opticians."

Milliner—"I know that hat would please your husband, and you." Customer—"Not unless you took thirty shillings off the price."

Wife (during the quarrel)—"You looked so sheepish when you proposed." He—"Perhaps because you looked so woolfish when you accepted me."

"You haven't explained how you happened to have Mr. Wacker's chickens in your possession," said the magistrate sternly. "I'm trying to think, your worship give me time," replied the prisoner. "I will fourteen days!"

Know the Sound. In a village cricket match the local butcher was batting when a ball bumped up and hit him on the head, from which the wicket-keeper made a catch. "How's that?" yelled the wicket-keeper. "I don't know where it hit you," responded the umpire. "But I know the sound of wood, so hout you go!"

Father's Hope. Mother (at telephone)—"Mersey" John, our daughter has married the chauffeur." "Father: "So? Well, maybe now he'll have some object in keeping down the repair bills."—Boston Transcript.

### THE EDITOR'S MAIL

GOOD ROADS. To Editor of Standard, Sir—As we read and hear about the good roads and good work done in other places, I wish to call the attention of our member at Cady's Queens Co., to the so-called "Knight Road," (Parish (Cambridge) as the mail has to go over it three trips per week, and no work done on it for several years.

### A BIT OF VERSE

THE TIGER OF FRANCE. The smile on the face of the Tiger, as he handled the pen of peace, Was a smile for his country's future, when all wars of the world should cease.

### A BIT OF FUN

Danger. "Who are the plain people, anyhow?" "Well, I wouldn't apply the term to the lady voters."

Diplomacy. Olive—"She is always grumbling about her servant, and yet she still keeps her. I can't understand her at all."

Strikes Come High. Hamilton Herald: Economists agree that what is needed to combat the high cost of living is increased production. There cannot be increased production without the application of more labor to materials. Every worker withdrawn from production tends to keep up the cost of living.

Dr. J. D. MAHER, PH.D. Open 9 a.m. Until 9 p.m.

Mrs. Gordon Stables writes Daily Mail as follows: "I have no doubt that of the catch phrase, 'What her do in the great war' my mind that the wives who stayed at home got a sorry tale to tell their careworn faces from the standpoint of the woman's share of the war, the greatest band may when occasion or an uncommonly good himself during those trying times. It was not for him deeds of daring on the at least he acquitted himself in the basement, a few exploits were not studded trenches, the kitchen it endowed with speech, heart toll a touching tale of endurance and courage. The husbands of the great addition to their profession and tribulations, share the burden that lay so on their shoulders of their wives not, when servants cease ing and much to claim their hands to the usual of jobs, arise from the the labor to prepare "the and return belittling from the assist with the 'kitchen'.

A Tribute To Husband

Did they not learn in of stern and stress to assing friends home to did they not show their able of bearing with ex titude the spectacle of ing of a disheveled and pick wife? Did they not their wives all the brunt of the battle, and did the challenge ridicule in the of tasks that usually fell of "women's work"?

In these days when medals and memorials body's mouth, and the mortalize the worthy in body's heart, I would not the mute, heroic MILITARY garrison. I would see many wives who have oppo nobility of father, like a sort of tribute offered, as men who washed up, and sure of thanks extended to blocked their own boots were deeds that were the sound of drum or life, at thought of glory to st through any of their Not as heroes, but as hon they show the grace that and though their prowess fated to be mentioned in believe it must often have in prayers.

Bringing Home A

We have all heard of about the man "who w friend than a husband," of us realized before th pricelessness of the m both. Personally, I b there are bound to be social developments res the insight which men g that sad season of serv from their own exhausi mearity. Never again a sour lightly the woman their common life; neve they underestimate the action which those taska ber energies and endurance who comes home in the exultation upon the trying had in town, implying the wife's lot is, in compar own, one long round of of galety, will be an est dole in the next generati of codier camp, dish-clo ing will rise up before stood of being tempted to let he will silently offer that he was born a

THE HIGH SCHOOL ENTRANCE EXAMINATION RESULTS GIVEN

Walter Hughes of St. Peter's School With 899 Wbn the Gold Medal—Alice M. Fulton of Albert School Second With 893—380 Candidates Entered for Examination and 348 Passed—Fourth Year in Succession for St. Peter's to Win Medal.

The results of the examinations for entrance to the High School were announced yesterday. The highest marks were made by Walter Hughes, of St. Peter's School, with a total of 899. This gives him the gold medal offered by the Chairman of the St. John School Board for the person making the highest marks in the High School entrance. Alice M. Fulton, of Albert School, was second with a total of 893. There were 380 candidates entered for the examination. One hundred and sixty-six passed in the first division; one hundred and twenty-five were placed in the second division, and fifty-seven in the third division. Twenty-six candidates failed and six did not take the examinations.

- In order to enter High School the candidates were required to make a total of 800 marks. For first division it was necessary to make 666 and no paper under 40 per cent. To qualify in the second division one must make 500 marks and no paper could go under 30. To pass in the third division the candidate could have one paper below thirty.
- The following are the successful candidates: Adams, Mary, 608; Anderson, Wesley, 733; Aird, Marion, 615; Akroyd, Arthur, 723; Armstrong, John, 743; Adams, Gordon, 631; Acker, Murray, 533; Brundage, Hilja, 709; Britain, Mary, 605; Brooks, Mary, 618; Brayley, Maude, 533; Budyloch, Rose, 780; Bromfield, Doris, 688; Bishop, Helen, 732; Brennan, Doris, 604; Branscombe, Ellen, 857; Barker, Margaret, 610; Brown, Athene, 615; Brennan, Bergina, 615; Bottinson, Hazel, 575; Beale, Dorothy, 800; Beattie, Silvanus, 514; Belding, Stanley, 602; Baxter, Frank, 671; Bayles, Mollie, 728; Bick, Ronald, 639; Bowman, Lorne, 613; Beattie, Ralph, 724; Brittain, George, 728; Bonnell, George, 728; Beattie, Colby, 570; Bedford, Leonard, 766; Brown, Evelyn, 655; Burns, Joseph, 610; Boyce, Ernest, 612; Christie, Dorothy, 798; Curry, Eva, 684; Clark, Myrtle, 610; Calhoun, Ruth, 610; Clayton, Gladys, 641; Cosman, Muriel, 748; Galkin, Jean, 638; Currie, Mabel, 625; Cunningham, Dorothy, 617; Carvell, Nellie, 682; Carle, Jennie, 691; Clarke, Lillian, 691; Cole, Nora, 746; Oullinan, Frances, 804; Crowley, Dorothy, 836; Corkery, Wm., 829; Cavanaugh, Matthew, 588; Conaghan, James, 807; Conroy, Fred, 788; Comeau, Ernest, 768; Case, Scamwell, 771; Cowan, Walter, 628; Chown, Harold, 689; Cohen, Saul, 661; Coolan, Gurney, 761; Corber, Morris, 840; Campbell, Robert, 642; Creighton, Percy, 652; Cameron, Jasper, 652; Christopher, Royden, 739; Cross, Roy, 671; Crickhank, Lillian, 618; DeVenne, Clara, 628; Dwyer, Constance, 674; Douglas, Irene, 692; Davis, Adrienne, 523; Dwar, Elsie, 606; DeCourcy, Elsie, 716; Driscoll, Edna, 822; Dever, Josephine, 628; Dever, Marion, 647; Donohoe, Wm., 795; Dole, Harold, 684; Dickson, Harry, 630; Dykeman, Merville, 628; Emary, Gladys, 624; Estabrook, Olive, 727; Ellis, Leonard, 583; Ellis, Allen, 626; Erb, Gordon, 669; Ellman, Morris, 647; Francis, Ada, 682; Priars, Lois, 591; Flood, Annie, 791; Farren, Kathleen, 724; Foley, Adrian, 685; Field, Horace, 822; Fritz, Francis, 652; Foley, Roland, 652; Fanloy, Frank, 667; Finamore, Edith, 828; Fulton, Alice M., 893; Fraser, Margaret, 717; Fullerton, Roy, 661; Gallagher, Theresa, 698; Gale, George, 608; Gibbs, Vida, 682; Gibson, Mildred, 645; Gilbert, Gretta, 856; Gibson, Bertha, 827; Gormley, Leo, 815; Godill, Leslie, 661; Green, George, 619; Green, Eric, 619; Goldman, Sanford, 782; Gray, Eldon, 686; Gilbert, Raleigh, 655; Gard, Allan, 674; Grayson, Cecil, 561; Gus, Benjamin, 701; Hart, Estelle, 696; Hawker, Marjorie, 832; Hughson, Agnes, 747; Hayter, Greta, 634; Holder, Mabel, 642; Henderson, Marion, 825; Hoyt, Freda, 768; Hoyt, Evelyn, 728; Henderson, Marion, 692; Hammond, Helen, 760;

MEDICAL SOCIETY CONVENTION HAD FINAL SESSION YESTERDAY

(Continued from page 2) ing for days a time due to recently acquired drug addiction? And I presume that I have seen no more than my share. What is to be the result? If the present state of affairs is allowed to exist, what can we say. May it not substitute one form of intemperance for another? And wherein lies the solution? I confess I do not know.

But after all is not education still the most important factor in promoting temperance? The training of the young, the encouragement of healthful sports and athletics, the providing of better living conditions, and amusement centres for the working man and his family will do more to supercede intemperance than the legislation that can ever be passed. And what about prohibition? It is of trial no more. The question is "Is prohibition workable in this province?" Either it is, or it is not. If it is not, then the late Provincial Government, which has been put into effect, provided a legislative, and it should be amended. If it is, then those called upon to administer the act either have not yet struck their stride or are incapable of enforcing it.

Until the existing abuses are rectified, and a much better showing is in carrying out the law, prohibition will go to the wall. There are only three alternatives to the present state of affairs: 1. Licensed selling with open bars (as existing previous to 1917). New Brunswick has surely gone too far abroad to consider returning to those days with happily are past. 2. The use of beer and light wines. Which has much to recommend it in preference to the adulterated and poisonous liquors which are obtainable at present. 3. Prohibition. The ideal solution—provided that it prohibits.

Dr. A. Harris, chairman of the committee appointed to report on Dr. Bentley's paper, brought out in his report that alcohol is a necessary drug and should be under no more unnecessary restrictions than any other drug, as far as a physician's prescription was concerned. The prices now charged for alcohol are deemed excessive and the Government is asked to control the price, also to improve the sections of the law relating to the quality, as the alcohol now obtainable is impure, adulterated and not up to drug standards. The Government is also asked to annul that section of the law limiting the sale of alcohol to one person to be taken on a day, as it has been often found that persons prescribe more than one form of alcohol to a patient at one time.

The fact that the provisions of the act are sometimes violated by physicians is deprecated, and the authorities are requested to report violators to the Medical Council for its action. The same quarter of a century has taught physicians are responsible for only a small part of the drunkenness which exists, and the Government is asked to take steps to control the sale.

- Robson, Mary, 823; Selick, Rose, 742; Scott, Evelyn, 674; Scott, Edna, 665; Selick, Rose, 742; Sharp, Roscoe, 648; Stockford, Clarence, 566; Strong, Fred, 635; Stirling, Harold, 617; Stirling, Herbert, 617; Spinks, Arthur, 643; Smith, Hazel, 660; Trafton, Marion, 640; Turner, Ruth, 695; Turner, Dorothy, 625; Thompson, Ethel, 625; Thompson, Frank, 607; Thompson, George, 676; Thompson, Bruce, 628; Thompson, Harold, 617; Tippet, Walter, 655; Traylor, Joseph, 663; Triff, Arthur, 643; McQuinn, Myrtle, 616; Sullivan, Josephine, 839; Sullivan, Alice, 720; Sullivan, Madeline, 877; Sillars, Hugh, 645; Sharkey, Arthur, 740; Sheehan, John, 707; Uggarrath, Daniel, 826; Williams, E. Out of the above two medals awarded since 1895, there were none in 1896-97-98) girls have won fifteen. Nine of the winners were pupils of the Sisters of Charity. These were Marie Hansen, Alice R. Kelly, Grace O'Neill, Josephine Walsh, Alice Joyce, Cecilia McQuinn, Katherine MacKenzie, Mary Chaiswick and Lillian Peterson. Of the boy winners of the medal five were from St. Peter's School, viz. William Watson, Fred McGoey, Arthur Ryan, Fred McCormick, and the present winner.

Others who have won this medal were: Charles Montgomery, Marion Byles, Via McGeorge, Lyle V. Kennedy, Dora Jones, May E. Linley, D. Gordon Willet and Marjorie Pittsford. This is the fourth year in succession that a St. Peter's boy has come out ahead in the High School entrance examinations.

of alcoholic extracts and patent medicines. The special prescription blanks ordered for alcohol are considered inconvenient and unnecessary and their use is protested against. This finding has been ordered to be sent to the Provincial and Federal Governments. Morning Session. The morning session which started at ten o'clock was taken up with departmental meetings. Medical Section. Major Dr. G. B. Peat, St. John, read an interesting paper on "Reconstruction as Applied to Provincial Conditions from a Medical Standpoint." He described the following branches of the department of Soldiers' Civil Re-Establishment, dealing with men who were below "par" and the treatment and payment they receive while under the care of the department. This paper was discussed by Doctors Loggie, Fleming, Bentley and Ross. A symposium on influenza followed. Dr. P. E. Kenney taking the subject of physical signs, symptoms and diagnosis; Dr. H. L. Abramson, treating the disease from a bacteriological and pathological viewpoint, and Dr. P. H. Wetmore, spoke of the prevention and treatment of the disease. The first steps to take, he considered, were complete rest, plenty of fresh air, good nursing and isolation. The paper was discussed by the chairman, Dr. Murray and others. Dr. Heiden, of the G. P. H., read a well prepared paper on "Hemiparesis" drawing a comparison from those which he characterize as boarding houses for the sick, and lesser-equipped institutions where real benefit is obtained. He spoke of the standardization of hospitals, the keeping of case records, maintenance of laboratorical training of nurses, administration and other phases. Dr. C. J. Veniot, Bathurst, spoke on "Duodenal Anomalies in Pernicious Vomiting," illustrating his talk with an anatomical drawing which was introduced into the duodenum in cases when the stomach was not in condition to assimilate food. The closing general session of the department was held by Dr. W. B. Rowley, on dysentery, and was followed by a discussion in which Doctors Moore, Stanley and Melvin took part. Surgical Section. A feature of the closing session of the surgical department meetings was an address by Dr. H. H. McNally of Fredericton, on "Abdominal Surgery Diagnosis Abnormalities." Said the doctor: "Although it is satisfactory to see on glass the shadow in the kidney—a stone—and be able to say that gall bladder is full of stones, yet I fear the coming generation of the department profession will not be so scientific in diagnosis as those of the previous generation. A century has put us in the position to claim perfect safety for the life of the patient who submits to abdominal surgery early. The same quarter of a century has taught us, also, of many abdominal conditions within this cavity which X-ray cannot diagnose for us, and which still must be diagnosed by scientific excision, based on our knowledge of anatomy and physiology. "Not only on the appendical side but frequently I find an adhered mesentery or peritoneum (due to a coil of filum). Not always in a case does one find a pus tube. Vagant examination in case of acute pain in lower abdomen without rigidity over appendix, and not finding anything marked in right pelvis will lead one by exclusion to his diagnosis. "It is as one would reason that this young girl with an enlarged condition, regular menstruation, without much acute pain, but complaining of distress, running a temperature at night, with all abdominal conditions excluded, even though she should have her work, has Tubercular Peritonitis; so it is by exclusion as easy to make a diagnosis of any case within the abdomen, if we are cautious to get our history. "The day of exploratory incision," and "I will tell you better when I see inside," is past for the most part. It might be quite easy, to close an abdomen without finding the cause which has led the life to be miserable. "Although X-ray and advancement in our science has led us a long way I have endeavored to show that much to be done in the same old way—knowledge of the human system with common sense reasoning. "The word 'normalities' is mentioned in the title of this paper. May I refer to a case I reported in 1912, in the 'Canadian Medical Association Journal' that of finding a female fetus within the abdominal cavity of an eight year old child. The patient is living and enjoying good health. "Through the talk Dr. McNally minutely described various cases in point which he had personally attended, and which bore on the subject discussed. "Other papers read before the surgical session was one on 'The Therapeutic Value of Roentgen Rays,' by Dr. F. A. Richard, 'Tubercle in Surgery,' by Dr. E. Simard, and 'Carcinoma,' by Dr. W. D. Rankin. Afternoon Session. The medical and surgical sections were combined for the closing afternoon session, when an address by Dr. Andrew B. MacIsaac, Boston, on "Deformity as a Factor in Disability," was read and much appreciated. Dr. MacIsaac, who is a practicing orthopedic surgeon in Boston, showed that deformities, greater or lesser, of the wrist, shoulder, knee and other bony structures had a decided bearing upon the continued general health of the person affected. He considered the position of the limbs at rest in the hand and foot, and the direction of the pressure had always been for plantar rather than plantar in treatment. The paper was discussed by Drs. Barkine, MacAulay, White, and others. A symposium on gottre followed. Dr. G. A. B. Addy reading an exhaustive report on the subject from the

# STANDARD'S SPORTING SECTION

## First Round For Championships

### Maritime Golfers Getting Along to Last Stages of Play - Professionals on Hand to Give Exhibitions.

Special to The Standard. Truro, July 16.—The second day of the Maritime Provinces Golf championships saw good weather all morning, but a light drizzle of rain in the afternoon.

The first round in the championship play opened at 10 a.m. at the Captains Fraser, Irithwood, won from W. M. McDonald, Amherst, one up. C. A. Evans, Halifax, won from W. M. McDonald, Amherst, one up.

The second round in the championship play resulted as follows: C. A. Evans, Halifax, from Captain Fraser, Irithwood, 5 up and 4 to go. W. M. McDonald, Amherst, from J. A. McAshill, Lincolnton, 1 up. W. A. Henry, Halifax, from W. T. Allen, Brightwood, 6 up and 4 to go.

The order of play for the championship semifinals to be played tomorrow morning is as follows: C. A. Evans, Halifax, vs. J. M. Murphy, Halifax. W. A. Henry, Halifax, vs. B. S. McFarlane, Truro.

Results of play in the first round of first consolation were: Douglas S. Riggs, Amherst, from P. M. Keator, St. John, 4 up and 3 to go. W. H. Semple, Truro, from F. McNeill, Amherst, 1 up and 2 to go.

Second round consolation: Wallace Sutherland, Lincolnton, from A. J. Tomlin, Lincolnton, by default. H. S. Durrant, Halifax, from Alexander Dunn, Lincolnton, 1 up and 2 to go.

Second round, third consolation: Dr. M. K. Langille, Truro, from Ronald M. Ross, Amherst, 4 up and 3 to go. J. C. Grant, Lincolnton, from George M. Kent, Truro, 1 up and 2 to go.

Tomorrow is Queen's of the Brightwood club, a professional play, formerly of the Quebec City Club and H. S. Foley, professional of the Halifax club, will practice shots on the Truro links, and on Friday they will play a match game, which is being locked forward to the Ontario Links.

The Truro club will entertain the visiting golfers at a smoker and light lunch at the club house tomorrow night.

The semifinals will be played for the championship first, second and third consolation tomorrow morning. In the afternoon there will be an approaching and shot competition and a driving competition.

"When will the inventor stop making it difficult for the great mass of golfers by inventing new kinds of putters? asked a golfer who admits having six now and not being able to use any one of them effectively.

There is no department of the game where one is apt to become discouraged so much as in the putting green. If you are putting badly the first thought is to get a different kind of a putter. This is the answer to why there are so many various makes on the market and the club that will satisfy everyone is yet to be invented.

Golfers are gradually working around to the club with the curved head, shaped something like a driver. The old straight blade is disappearing from the links, although quite a few golfers still stick to the idea for no other reason than it was this club that they started with and a change might throw them off.

The aluminum putter is the best for the great majority of players and it is my humble opinion that anyone who cannot putt with the so-called Broad-Blade type or the Schoenaday type putter cannot putt at all.

Don't get one of these thin blades that is likely to get under the ball and put a sort of a back spin on it or enough of a spin to cause a drag. You will find that your ball is often short of the hole with this putter. A straight blade made like the old brass putter is dangerous on the modern green because one is so likely to cut across it.

There are putters with the weight on bottom and others with the weight at the top. Each inventor claims his kind is the best. A rule of thumb years ago is the putter built like a croquet mallet. Another rule is the putter that looks like one of the rockers on a rocking chair. The inventor claims that any sort of a line can be laid with this club. Putters in the old days, made long and narrow, were never looking affairs.

## LITTLE BITS OF SPORT CHATTER

There are rumors of another big baseball deal. The latest dope is that Claude Hendrix, one of the Chicago club's star pitchers, will soon be wearing a Giant uniform. The reported deal involves the transfer of Buck Herzog, of the Braves, and outfielder Dave Robertson, of the Giants, to Chicago in exchange for outfielders Puskert and Mann, who will go to the Braves, and Pitcher Hendrix, who will go to the Giants.

There is a revolt in lacrosse circles. Players have defied the ruling of the N. L. U. and have taken part in Sunday games. Recently an order was issued by the governing body that all players who took part in Sunday games were to be suspended. Practically the entire Shamrock club turned out for a game last Sunday.

Many Canadians who were in England took a keen interest in golf. Some of the boys, who would not be their friends if they were frequenters of the Golf Grounds whenever there was opportunity. Although the majority did not shine at the game, still they got a lot of healthy exercise. It was noticeable on the boats bringing back the Canadians that bags of clubs were parts of nearly every officer's kit.

Cricket was another game which the Canadians took up to a limited extent. However, the game was usually a trifle slow for the Overseas men. At some of the military clubs was the custom for a Canadian team to play one made up of Englishmen both in baseball and cricket. It was not uncommon for the Englishmen to win at both games.

Here in St. John there is no chance for cricket, even if there were players. At the present time there are no grounds fit for the English game.

Up in Toronto and in other Canadian cities athletic grounds and amusement parks are run in combination and appear to be paying propositions. Such a scheme might be a profitable venture for someone in St. John.

## World's Record At Kalamazoo

### Peter Billiken Established New Mark - Other Good Events Were Staged—The Summaries.

Kalamazoo, July 16.—Pop Geers, driving their Repper, won the \$2,000 Paper Mills purse for 2.05 trotters at the Grand Circuit meeting at Kalamazoo this afternoon. It was a brilliant contest, alive with thrilling finishes and hard fought from the wire.

Royal Mac won the first heat in a sharp brush with the Toddlers and Prince Loree. But after that Geers swept to the front and fought every inch of the road for victory. In the third heat Geers' horse and Royal Mac, the Toddlers and Prince Loree were so evenly matched that the result was in doubt until the judges announced the winner.

Only two horses started in the Free-for-All pace in which Single G won each heat by a short head. Murphy drove Directum J. against Jim.

Murphy won the three year old trot with Brushfoot, while the 2:11 trot with 13 in the field was won by Echo Direct.

Starter Merrill announced today that the four miles trot in the 2:12 Heat was won by Peter the Great, trot Tuesday afternoon in the 2:12 record for a win from a race over a half-mile track. The time was 2:09 1/4, 2:09 1/2, 2:09 1/4 and 2:09 1/4.

2:11 Trot—Purse \$1,000.  
Echo Direct, br. g. by Echo Todd (Bruck) . . . 1 12 1  
Marion Dale, br. g. by Archdale (Murphy) . . . 10 1 2  
Luana, bm. by Kinney Lou (Cowan) . . . 10 1 2  
Brittan Forbes, br. g. by J. Malcolm Forbes (McMahon) . . . 2 6 11  
Milk Mark, Peter Pogue, Tommy Direct, The Substance, Kerrigan, Bigon Pointer, The Triumph, Jess Y. Anna Maloney, also started.  
Time—2:05 1/4, 2:08 1/4, 2:07 1/4.

Three-Year-Old Trot - Celery City Sweepstakes.  
Brushfoot, br. n. by Peter The Great (Murphy) . . . 1 1 1  
King Stout, ch. c. by El Canto (Stur) . . . 10 2 2  
Peter J., hb. by Peter The Great (Edman) . . . 10 2 2  
Grace Drake, br. by Robert C. (White) . . . 10 2 2  
Time—2:11 3/4, 2:10 3/4.

In China every member of a family responsible for order in that family is a young man, who at the moment of the older son is likely to be taken into custody and may pay the penalty for the offence.

Witted berries, too witted for table use, can be stewed and served over cereals.

Cool colors, such as gray, green, blue, should prevail in summer furnishings.

Stout milk that has thickened or lobbied is no longer fit for use in cooking or as a beverage.

## Workmen's Compensation Act, 1918

### NOTICE TO EMPLOYERS OF LABOR

WHEREAS on the 17th day of April, A. D. 1918 His Honour the Lieutenant Governor and Council did by Order-in-Council bring within the scope of Part 1 of the 'WORKMEN'S COMPENSATION ACT, 1918,' from and after August 1st, 1919, the following industries, viz:

"Persons employed in the woods in logging, cutting of timber, pulpwood, firewood, railroad ties or sleepers, river driving, rafting, booming or the transportation of logs, timber, pulpwood, firewood, or railroad ties or sleepers."

NOTICE IS HEREBY GIVEN that all persons engaged in any of the above mentioned industries are required to file a statement of their estimated payroll from August 1st, 1919, to December 31st, 1919, inclusive with the said Board, on or before the 1st day of August, 1919.

## LEADING BATTERS IN CITY LEAGUE

The leading batters in the St. John City Baseball League are given below. The records of all players who have participated in eight games or more are shown. Stealing of the Carleton team has the greatest number of stolen bases to his credit, having pilfered twenty so far this season.

Player	Team	G.	A.B.	R.	H.	Averages
Clark, 3rd B.	Carleton	11	40	15	19	.475
Stafford, P.	Carleton	11	33	6	15	.455
Riley, cf.	Y.M.C.I.	11	38	11	16	.421
Mooney, 2nd B.	Y.M.C.I.	8	30	12	12	.400
Loeffman, ss.	St. Peter's	11	35	8	14	.400
McGovern, 1st B.	St. Peter's	12	39	15	15	.385
Callaghan, ss.	Y.M.C.I.	11	34	12	13	.382
Garnett, cf.	Carleton	12	40	10	15	.375
Gill, 1st B.	Carleton	10	40	9	14	.350
Steehling, cf.	Carleton	15	49	33	18	.348
Hansen, P.	St. Peter's	8	25	4	8	.320
Lawson, c.	Carleton	8	22	8	7	.318

Steering (Carleton), leads in stolen bases with 20; Dever, 2nd. St. Peter's, with 18; Clarke, 3rd. Carleton, with 14; Gibbons, 4th. St. Peter's. Mac, the Toddlers and Prince Loree were so evenly matched that the result was in doubt until the judges announced the winner.

the message says and R. A. Thomas and P. Lynch will form a second Australian combination. All four players are now passengers on the steamer Aquitania bound for New York.

The team which wins the sectional championship will qualify for the national doubles title tournament to be held at Newport, R. I., in August.

## Australians Will Play In America

Tennis Players Now Bound for New York—Will Compete in New England.

Brooklyn, July 15.—Entry of the Australian tennis team headed by Norman F. Brookes for the New England sectional doubles championship tournament to be played at Longwood Cricket Club, beginning July 21, was made today in a rushgram received by Richard H. Bishop, secretary of the Massachusetts Tennis Association.

Brookes will play with Gerald A. Patterson, the youth who gained notoriety by defeating him in England recently.

the message says and R. A. Thomas and P. Lynch will form a second Australian combination. All four players are now passengers on the steamer Aquitania bound for New York.

the team which wins the sectional championship will qualify for the national doubles title tournament to be held at Newport, R. I., in August.

## Sport Revival Hits England

### Tennis Appears to be Most Popular Summer Game—Athletic Goods Scarce.

London, June 16.—With the advent of the summer season and the banishing of the cares of war, London is witnessing a revival of sport and of a scale never before known. Participants, both young and old, seem to enter into the games with more zeal and earnestness than ever.

The parks have their cricket pitches and their bowling greens, the commons their open-air swimming baths, dancing arenas and occasionally their baseball diamond, while the private residences have their tennis and croquet lawns. Each afternoon and evening, when the weather is favorable, these rendezvous, with the addition of the golf links are filled with young and old.

Hardly a week passes without a sporting event on one of the large tracks near the metropolis. The attendance and the entries pass all pre-war records.

Perhaps the most popular of all games this summer is tennis. This great boom in sport has taken the sporting outdoors by surprise. There is hardly a tennis racket, tennis net, or set of tennis balls, to be had in London.

BRITISH WITHDRAWALS FROM...  
Withdrawals cause of utility to War.

London, July 16.—The British Government is now in possession of a list of names of British subjects who have been taken into custody by the enemy in the course of their work in the war.

Mr. Harnsworth's confirmation by Robert J. Lytle, who had questioned that owing to the fact that the continued presence of the war was causing many to be in the war.

The death of the great place of the residence of the Hon. Sir Charles D'Oyly, who was formerly John, was for the first time since the death of his father, Lord D'Oyly, who was a member of the House of Commons.

Dr. Chase's Ointment used as a remedy for rheumatism, neuralgia, sciatica, and other forms of rheumatic pain. It is a powerful anti-inflammatory and analgesic.

# SPORT REVIVAL

## HITS ENGLAND

### Appears to be Most Popular Summer Game—Athletic Goods Scarce.

London, June 16.—With the advent of the summer season and the banishment of the cares of war, London is witnessing a revival of sport and games never before known. Particulars, both young and old, seem to be entering into the games with more zeal and earnestness than ever.

The parks have their cricket pitches, their bowling greens, the common lawns and their tennis and croquet lawns. Each afternoon and evening, when the weather is favorable, these rendezvous, with the eddies of the golf links are filled with a throng of people.

Hardly a week passes without a tennis event on one of the large lawns near the metropolis. The attendance and the entries pass all former records.

Perhaps the most popular of all sports this summer is tennis.

The great boom in sport have taken the sporting outfitters by surprise. It is hardly a tennis racket, tennis, or set of tennis balls, to be in London.

## BRITISH MAY WITHDRAW ENVOY FROM THE VATICAN

### Withdrawal Being Urged Because of the Vatican's Hostility to Allies During the War.

London, July 16.—The British government is considering the question of withdrawing its Envoy from the Vatican, Cecil R. Harmsworth, Under Secretary of State for Foreign Affairs, declared in the House of Commons today.

Mr. Harmsworth added that he had no confirmation of the statement made by Robert J. Lyon, Unionist member, who had questioned the government, that owing to the hostility of the Vatican to the Allies during the war the continued presence of the envoy was causing considerable resentment amongst many who had lost relatives in the war.

Mr. Lyon represented the Woodvale Division of Belfast.

## OBITUARY

**Edward Craig.**  
The death of Edward Craig, aged 64, took place yesterday morning at the residence of his son-in-law, Charles Heenan, 85 Paradise Row. Deceased, who was formerly a resident of St. John, has for the past few years resided with his son, G. Alfred Craig, Bangor, Maine, and has been accustomed to spend about two months of the summer with his daughter here. About two weeks ago while at West St. John he was severely injured by a fall from the effects of which he did not recover. He leaves to mourn three sons and three daughters, William E. O'Rourke, Mr. George Alfred, Bangor, Me., Charles S. Portland, Me., Mrs. C. T. Angell, Bangor, Me., Mrs. C. T. Angell, Bangor, Me., Mrs. Charles Heenan, of this city. The funeral will take place on Friday afternoon at Cedar Hill cemetery.

**Miss Ella Johnston.**  
The death of Miss Ella Johnston occurred yesterday morning in the general public hospital after an illness of some six weeks. She was about thirty-seven years of age and had resided in West St. John, where she was very well known. Her mother, Mrs. Abbie Johnston, and one sister, Mrs. A. B. Thorne, survive. The funeral will be held on Friday afternoon from the residence of Mrs. Thorne, 271 Prince street, West.

**Mrs. Emaline Jones.**  
Friends in St. John will regret to learn of the death of Mrs. Emaline Jones, wife of G. Benjamin Jones, which occurred at her home in Shannon Settlement, N. B., yesterday morning, after an illness of about two years. Besides her husband, she is survived by four sons, Arthur, George and Dr. Frank Jones, of Boston, Mass., and five daughters, Miss Ada Jones of New York, Mrs. Galvin Mott of Somerville, Mass.; Mrs. George Smith and Mrs. W. P. Robertson, St. John, and Miss Jessie Jones at home. Two sisters, Mrs. J. O. Porter of Westwood, Mass., and Mrs. Shaw of Philadelphia, also survive, with two brothers, Isaac and Robert Worden of Boston.

**John T. McBean.**  
Fredericton, July 16.—John T. McBean, well known local contractor, died suddenly this afternoon at Victoria Hospital of heart trouble. Deceased, who was 59 years of age, had lived until recently at Nashwaak Bridge, and was one of the best known residents of the Nashwaak Valley. In the firm of McLagan and McBean he had been engaged on railway and various other kinds of construction contracts, and as he had been out and about until today, his death comes as a shock to his friends.

Besides his widow, he is survived by one brother, August McBean, also a resident of the Nashwaak. The remains will be taken tomorrow morning to Pleasant Valley on the Nashwaak where interment will be made in the afternoon.

## PILES

Do not suffer from Piles, Hemorrhoids, Itching, Bleeding, or any other ailment of the rectum. Use Dr. Chase's Ointment which will relieve you at once, and as a certain cure you see a box at all drug stores, or write to Dr. Chase, 1021 St. George Street, Toronto. Sample box free if you mention this paper and enclose a stamp to pay postage.

## TELLS DYSPEPTICS WHAT TO EAT

Avoid Indigestion, Sour Acid Stomach, Heartburn, Gas, On Stomach, Etc.

Indigestion and practically all forms of stomach trouble, say medical authorities, are due nine times out of ten to an excess of hydrochloric acid in the stomach. Chronic "acid stomach" is exceedingly dangerous and sufferers should do either one of two things.

Either they can go on a limited and often disagreeable diet, avoiding foods that disagree with them, that irritate the stomach and lead to excess acid secretion or they can eat as they please in reason and make it a practice to counteract the effect of the harmful acid and prevent its further formation by the use of a little Bismarated Magnesia at their meals.

There is probably no better, safer or more reliable stomach antacid than Bismarated Magnesia and it is widely used for this purpose. It has no direct action on the stomach and is not a digestant. But a teaspoonful of the powder or a couple of five grain tablets taken in a little water with the food will neutralize the excess acidity which may be present and prevent its further formation. This removes the whole cause of the trouble and the meal is eaten naturally and healthfully without need of purgative pills or artificial digestants.

Get a few ounces of Bismarated Magnesia from any reliable druggist. Ask for either powder or tablets. It never comes as a liquid, milk or citrate and in the Bismarated form is not a laxative. Try this plan and eat what you want at your next meal and see if this isn't the best advice you ever had on "what to eat."

## WEEPING ECZEMA SOON RELIEVED

### A Perfect Treatment for This Distressing Complaint.

Washington, Ont.  
"I had an attack of Weeping Eczema; so bad that my clothes would be wet through at times."  
"For four months, I suffered terribly. I could get no relief until I tried 'Fruit-a-Lives' and 'Sooda Saliva.' The first treatment gave me relief. Altogether, I have used three boxes of 'Sooda Saliva' and two of 'Fruit-a-Lives,' and am entirely well."  
G. W. HALL.

Both these sterling remedies are sold by dealers at 50c. a box, 6 for \$2.50, or sent on receipt of price by Fruit-a-Lives Limited, Ottawa.

"Fruit-a-Lives" is also put up in a trial size which sells for 25c.

## WEDDINGS

**Sypher-Davis.**  
A very pretty wedding took place yesterday afternoon at the home of Mr. and Mrs. J. I. Davis, 370 Queen street, when their daughter, Miss Clara, was united in marriage to C. Roy Sypher of Digby, N. S. The bride was given away by her father. She was unattended. The ceremony was performed by Rev. D. J. MacPherson. Following the ceremony a wedding supper was served. Mr. and Mrs. Sypher will spend a honeymoon in Nova Scotia after which they will go to their home in Digby.

**Emberley-Evans.**  
The wedding of Miss May Evans, daughter of Mr. and Mrs. George Evans, and Mr. G. Evertson Emberley, of Montreal, took place yesterday morning at 10.30, in Knox church, Rev. H. C. Fraser performing the ceremony. The bride received many lovely presents. The happy couple left on the Halifax for Prince Edward Island, where they are to spend their honeymoon, later taking up their residence at St. Anne de Bellevue, Que. where the groom is a professor at MacDonald College.

**Brooks-Scott.**  
A wedding of more than usual interest took place on June 24th at 11 a. m. at the residence of the bride's parents, at Beaufort, N. B., when Claribel Fern, eldest daughter of Mr. and Mrs. Gilbert Scott, was united in marriage with Claude Oswald Brooks, of Forestton. The ceremony was performed by the Rev. N. Franchette, the double ring service being used, in the presence of nearly one hundred guests.

The bride, who was given away by her father, was very charming in a beautiful gown of white beaded georgette over white silk, with bridal veil, and carried a bouquet of cream roses and maiden-hair fern. She was attended by the groom's sister, Miss Gustie Brooks, who wore blue crepe de chine with hat to match, and carried pink roses. The groom was supported by G. P. Nichols, of St. John.

The bridal party made a pretty picture as they stood on the lawn under a large arch of green leaves, ferns and wild flowers. Directly following congratulations, dinner was served, and the happy pair left for a short honeymoon trip, and upon their return will reside in Forestton. The bride's going-away costume was Copenhagen blue serge, with hat to match, and gray marabou neckpiece.

The wedding gifts were many and beautiful, consisting of furniture, cut glass, silver, linen, and a number of substantial cheques. The groom's gift to the bride was a Morris chair; to the groomsmen gold cuff links, and to the bridesmaid a signet ring.

The bride is a graduate from the Woodstock Memorial Hospital, and has been for more than two years very popular in her profession. The groom is a returned soldier. He went overseas in 1915 with the 55th Battalion, and saw service in France with the 21st, and invalided home in 1918.

Among the guests who came a long distance to witness the ceremony were: Mr. and Mrs. Grant, Houlton, Me.; Mrs. Owen, Portland, Me.; Miss Mack, Rochester, N. Y.; Miss Brooks, Fort Fairfield, Me.; Mr. Landers, Isl. and Falls, Me.; G. P. Nichols, St. John.

The many friends of Mr. and Mrs. Brooks unite in wishing them every prosperity in a long life of wedded bliss.

**Forestall-Desmond.**  
A wedding of much interest to a large circle of friends was solemnized yesterday morning in the St. Alphonsus Church, when Father Allan, St. John, united in marriage Miss Helen Desmond, daughter of the late Mr. Jeremiah Desmond and Mrs. Desmond, and Mr. Charles Forestall, of St. John. The church was prettily decorated with an abundance of cut flowers. Mrs. M. S. Conway presided at the organ and a solo from Ave Maria was beautifully rendered by Mrs. Florence Taylor.

The bride, who was given away by her uncle, Mr. F. A. MacPherson, looked charming in a handsome georgette gown with chertle trimming, with veil and orange blossoms, and carried white roses. She was attended by Miss Marguerite McDade, who wore lavender silk, with black picture hat, and carried lavender sweet peas. The groom was attended by his brother, Mr. Luke Forestall, St. John. Mr. Gordon Kenney and Mr. Alphonsus Coleman acted as ushers.

At the conclusion of the ceremony, luncheon was served at the Tourist Hotel to about fifty guests, who were served by Miss Regina McDade, Miss Agnes Keohan, Miss Grace Keohan, and Miss Alice McNaught.

The happy couple left on the C. P. R. for a trip through the Annapolis Valley, and on their return will reside for the remainder of the summer at Westfield.

Among the out-of-town guests were Mr. and Mrs. Kelly, Mrs. Downes, Mr. Madden, Boston; Mr. and Mrs. W. J. Nagle, Mrs. Florence Taylor, Mrs. Flaherty, Miss Burns, Miss Donnelly, Miss Hogan, Miss McSherry, St. John; Mrs. Ryan, Sussex; Mrs. Cogger, Mrs. Byrne, Miss Byrne, Mr. W. Byrnes, Norton, and Mr. Burke, Sydney.

## HALIFAX OBJECTS TO SATURDAY AS A HOLIDAY

### Retail Grocers and Victuallers Register a Kick and Probably Will Not Observe the 19th.

Special to The Standard.  
Halifax, July 16.—There is general dissatisfaction among the retail grocers and victuallers regarding the observance of Saturday, July 19, as a holiday. The grocers and butchers say that the dry goods and hardware merchants favor Saturday because they close on Saturday afternoon in any case, and thus they lose half a day's business, but that for their trade the Saturday holiday is not workable. Their customers find it objectionable, and they will not, in all probability, observe it. The proclamation of the Mayor, with respect to the day, was published today.

## CANADIAN TRADE AND COMMERCE

### Department Reports Good Demand for Box Shooks from Mexico Where Oil Companies Want Millions.

The Canadian Trade and Commerce Department reports that there is a good demand for box shooks from Mexico, where the big oil companies are ready to place orders for millions. The timber most generally used in pine, but latterly there has been a preference for cottonwood and gum woods from the States. The Mexico oil companies require about 350,000 barrel staves a year. It is said that vessels carry box shooks to Mexico could easily get a return cargo of asphalt.

## THIN PEOPLE SHOULD TAKE PHOSPHATE

### Nothing Like Plain Bitro-Phosphate to Put on Firm, Healthy Flesh and to Increase Strength, Vigor and Nerve Force.

Judging from the countless preparations and treatments which are continually being advertised for the purpose of making thin people fleshy, developing arms, neck and bust, and replacing ugly hollows and angles by the soft curved lines of health and beauty, there are evidently thousands of men and women who keenly feel their excessive thinness.

Thinness and weakness are usually due to starved nerves. Our bodies need more phosphate than is contained in modern foods. Physicians claim there is nothing that will supply this deficiency so well as the organic phosphate known among druggists as bitro-phosphate, which is inexpensive and is sold by the Ross Drug Co. in St. John and most all druggists under a guarantee of satisfaction or money back. By feeding the nerves directly and by supplying the body cells with the necessary phosphoric food elements, bitro-phosphate quickly produces a welcome transformation in the appearance; an increase in weight frequently being astonishing.

This increase in weight also carries with it a general improvement in the health. Nervousness, sleeplessness and lack of energy, which nearly always accompany excessive thinness, soon disappear, dull eyes become bright, and pale cheeks glow with the bloom of perfect health.

**CAUTION:**—Although bitro-phosphate is unsurpassed for relieving nervousness, sleeplessness and general weakness, it should not be used in its remarkable flesh-growing properties be used by anyone who does not desire to put on flesh.

**Removes Wrinkles and Refreshes Tired Faces**

As the skin tends to expand in warm weather, causing wrinkles to form, a good astringent-rose lotion should be used these days. Dissolve an ounce of pure powdered saxolite in a half pint of rose water. Bathe the face in this and see how quickly the wrinkles and furrows will disappear! There's nothing better for sagging cheeks or double chin, or for enlarged pores.

Use the simple lotion during the heat of the day and you will find it wonderfully refreshing. You will lose that wilty, tired look. The ingredients, of course, are perfectly harmless. Be sure to ask the druggist for powdered saxolite.

**Rich Red Blood**

means health—means mental vigor and physical strength.

What women in particular need to purify and enrich the blood—build up and invigorate the system, and clear the complexion—

**Dr. Wilson's HERBINE BITTERS**

It is a true blood purifier—a blood food—made from natural healing herbs—and has given new health and happiness to thousands of women during the 50 years and more it has been before the public.

FOREIGN EXCHANGE MARKET IN STATE OF DEMORALIZATION

Its Status Caused a Hesitant and Irregular Trade in the Early Stages of Wednesday's Stock Business.

New York, July 16.—Stocks were hesitant and irregular during the early and intermediate stages of today's session, but strengthened all round in the furiously active final hour, when more than half a million shares changed hands.

Early uncertainty was traceable, in part, to apprehension regarding the money market in its bearing upon the more speculative issues, but this proved unfounded, rates for the two classes of collateral varying only a point until towards the close, when loans on mixed collateral, were made at six per cent., while 8 was demanded for all industrial.

Another development, which prompted caution in conservative quarters, but seemed to make no impression among speculative interests, was the absolute demoralization of the foreign exchange market.

Remittances to London and Paris fell to the lowest quotations in the history of the local market. Italian exchange approximated its low point of the war period, and extreme unsettlement was reflected in the rates to neutral countries.

One of the most encouraging features of the Stock Market was the strength shown by rails, secondary as well as investment transportations making the best showing in many weeks.

Liberty bonds were firm and others easier on lighter dealings. Total sales, par value, were \$11,400,000. Old United States bonds were unchanged on call.

N. Y. COTTON MARKET (McDougall and Cowans.) Jan. High. Low. Close. Mar. 34 34 34 34.

CANADIAN TRADE TAKES BIG SLUMP IN THREE MONTHS

Statement from the Customs Department Shows a Decrease of Over Fifty Millions.

Ottawa, July 16.—The summary of Canadian trade, for the first three months of the fiscal year ending on June 30, issued today by the Customs Department, shows that the trade of Canada decreased \$59,108,602, as compared with the same period a year ago.

The mere suggestion of such a thing coming from a stranger appeared to be enough to put most bartenders on guard. "What do you mean by a polished white-headed wine clerk in one famous bar 'something with a kick in it'?"

Chicago, July 16.—Corn—No. 2 mixed, \$1.10 to \$1.15; No. 2 yellow, \$1.15 to \$1.20. Oats—No. 2 white, 79 1/2 to 82 1/2; No. 3 white, 78 to 81 3/4.

BATH Bath, July 16.—The holiday season has not been forgotten. Picnics are the order of the day.

Chicago Grain Market Chicago, July 16.—Corn—No. 2 mixed, \$1.10 to \$1.15; No. 2 yellow, \$1.15 to \$1.20.

Chicago Grain Market Chicago, July 16.—Corn—No. 2 mixed, \$1.10 to \$1.15; No. 2 yellow, \$1.15 to \$1.20.

NO KICK IN NEW YORK DRINKS

Bartenders Refuse to Take Chances With Variety of Spotters.

New York, July 16.—An honest investigator who knows where you can get it in Bath, Me., if you are willing to pay \$6 a quart for it covered two miles of Broadway and Sixth avenue recently trying to find a white-headed server who would serve him "something with a kick in it."

The mere suggestion of such a thing coming from a stranger appeared to be enough to put most bartenders on guard. "What do you mean by a polished white-headed wine clerk in one famous bar 'something with a kick in it'?"

Operations—This company owns and operates all the Street Railway, Electric Light, Power, and Gas properties in Halifax, an enterprise which has been in continuous and successful operation for over 24 years.

AROUND THE CITY  
FAIR AND WARMER

THE HOLIDAY  
On Saturday, Peace Day, July 19th, The Standard will not be issued.

AWARDED THE O. B. E.  
St. John friends of Major (Rev.) John Knox, Roman Catholic chaplain with the Canadian troops, will be glad to learn that he has been awarded the O. B. E. for his services overseas.

RESUMES HIS POSITION.  
Peter Cosman who has returned from overseas is being warmly welcomed by his many friends. Mr. Cosman will resume his position as accountant in the local office of the Canadian Life.

WATER AND SEWERAGE.  
Commissioner Jones stated yesterday that he was perfectly satisfied with the water and sewerage work. He would authorize a bond issue for the work.

PICNIC YESTERDAY.  
Despite the showers which fell at intervals throughout the day at Crystal Beach, the picnic of the Douglas Avenue Christian Church Sunday School, held yesterday, was enjoyed by those who attended. The usual games and sports were on the programme for the benefit of the kiddies.

SEAMEN AND PASSENGERS.  
The department at Washington has issued instructions that all seamen and passengers on vessels entering the United States from the Maritime Provinces must be vaccinated. It is said that some cases of smallpox have developed on ships from ports in the Maritime Provinces to the States.

MASS CELEBRATED.  
A mass in honor of the thirty-fourth anniversary of the consecration of the Cathedral of the Immaculate Conception was celebrated yesterday morning in that church by Rev. William M. Duke. Bishop LeBlanc presided at the throne and Revs. W. L. Moore, F. P. Walker, R. B. Fraser, and A. McDougall, C. S. C., of St. Joseph's University, were also present.

AN EXPLANATION.  
It was pointed out yesterday that the young men and girls arrested Tuesday night for not giving a satisfactory account of themselves, had been out for a row in a boat and had alongside a pilot boat which is undergoing repairs, that they reached the dock when the officers put in an appearance and as there were no pilots on board they were hiding in the boat where they were found by the police.

FOUR GIRLS SENTENCED.  
The four girls, who were arrested during Tuesday night, were before the police magistrate again yesterday afternoon. Evidence was given by the police and three of the girls were sentenced to the Home of the Good Shepherd for two years, while the fourth will be sent to the Girls' Home in Truro. The men in the case put in a deposit and did not appear in court. The members of the quartette were under police observation for some time.

SIMMS CONVENTION.  
The Simms convention held sessions yesterday morning and afternoon at which policies and plans for the coming year were thoroughly discussed. In the evening the directors and their wives entertained the out of town salesmen and their wives at dinner at the Royal and after dinner to a theatre party at the Imperial. An auto trip to Sussex, which was on the programme for yesterday, had on account of the weather conditions to be called off until a more favorable opportunity.

THE POLICE COURT.  
William M. Crowley was in the police court yesterday, charged by his wife with assaulting her. The case was postponed until Thursday morning. E. S. Ritchie appeared for the complainant and W. M. Ryan for the accused.  
Fred Bell, charged with wandering about, was further remanded as it is expected other charges will be made against him. Edward McLean was charged with being drunk and resisting arrest. He was remanded.  
Three men charged with being drunk were fined \$5 each.

BAND CONCERT TONIGHT.  
The Temple Band will play on King Square this evening under the leadership of F. W. McNeichel. The following programme will be rendered:  
O Canada.  
March—Dallas, Hall.  
Serenade—In Twilight's Witching Hour, Philp.  
Overture—Golden Crescent, Miller.  
Fantasia of American Airs, Mackie-Beyer.  
March—Sons of the Brave, Bidgood.  
Waltz—Nights of Gladness, Wallace.  
Operatic selection—Maritana, Wallace.  
Hawaiian Farewell Song, "Aloha Oe," Ak by Lake.  
March—Excelsior, Setz.  
God Save the King.

PERSONALS  
Mrs. Annie Woodbury, of Pensacola, Fla., is visiting her niece, Mrs. E. C. Cowan, 212 Main street.  
Miss Alice Lane.  
The many friends of Miss Alice Lane will learn with regret of her death which occurred last night at the residence of her mother, Mrs. Annie J. Lane, No. 6 Charlotte street. Deceased had been ill for several months and leaves besides her mother, one sister, Grace, at home. She was beloved by a wide circle of friends who will greatly miss her.

Campaign For Funds Successful

David Hipwell, Who is on Organizing Tour for Protestant Orphanage Funds, Reports Satisfactory Results—Large Amount Raised on the Twelfth.

Interest in the movement to raise a fund for the Provincial Protestant Home for Orphans is growing and reports from various parts of the province are of a very satisfactory character. In honor of the 12th anniversary was held at Holmsville, about five miles from Bath in Carleton County, at which over 800 people were present from all parts of North Carolina. Dinner and supper and refreshments were served on the picnic grounds, and the proceeds will go to the fund for the home. At 2.30 in the afternoon a parade of Orangemen was organized which marched for a mile or so from the hall and on returning there was a programme of speeches commemorating the day. The speakers were Hon. B. Frank Smith, Rev. G. A. Giberson, and David Hipwell of St. John, who was on an organizing tour in the interests of the home.

Being the first occasion the Orangemen ever held a celebration in Holmsville the affair was a great success, and a considerable sum of money was realized. Organization meetings have been held at Florenceville and Hartland and McAdam Junction, at which addresses were made by Mr. Hipwell on the campaign to raise money for the home. McAdam has already started in the canvass for funds, and plans were completed at Hartland and Florenceville for active work. Crown Lodge No. 9 at Holmsville and British Lion Lodge No. 31 at Glassville have up to the present given over \$340 for the home, and when the proceeds of the picnic on the 12th is in the amount will be between \$400 and \$500.

So far the total collections for the home is over \$10,000.

TO ADOPT THE UNIT SYSTEM REPORTED

If Probable Changes Are Made it Will do Much to Alleviate Feeling of Dissatisfaction in Railway Matters in Provinces.

It is reported that the Government proposes to adopt the unit system in the administration of the national railways, which will be an important change in line with recommendations made by various Boards of Trade in the Maritime Provinces who fear that the plan of having the head offices at Toronto would lead to a neglect of the interests of the Eastern Provinces. It is not officially confirmed, but it is stated that in the event of the unit system being adopted, the following are among the changes probable: General Superintendent L. S. Brown would become General Manager of the Atlantic or Eastern District; W. A. Kingsland, at present Assistant General Manager Eastern lines, would be made general manager Central District, and F. P. Brady, at present General Manager Eastern lines, would become General Manager Western District. Mr. Brown would thus have his headquarters at Moncton and have absolute jurisdiction over all lines and question arising within his territory which would likely extend from Montreal eastward.

If these views are carried out with a co-ordinating central head, there is little doubt the changes would do much to alleviate the feeling of dissatisfaction in railway matters at present existing in the Maritime Provinces.

STREET CAR AND AUTO COLLIDE

Head-on Collision on Dock Street Last Evening Threw Car off the Track and Damaged an Automobile.

As the result of a collision near the corner of Dock and Union streets between an Overland automobile and street car No. 128, last evening about 8.15, the street car was partially broken up and the auto was thrown into the air and the car which was coming up the latter street until too late to avoid the collision which was a head on and the car threw the hind wheels of the street car off the track. The front wheel of the auto was shattered and the mud guard badly bent.

Bliss Hayward, motorman on the street car, stopped as soon as he saw a collision was likely to take place and this will probably account for the fact that no persons were hurt. Traffic was held up for about fifteen minutes while the auto was towed into Union street and later it was taken to the Pugsley factory at Glen Falls.

Opportunity of Making Money Lost

Failure to Complete Drydock Here Means Great Loss—Over 600,000 Tons of Shipping in American Ports Waiting for Repairs.

"Failure to complete the dry dock at St. John means that this city has lost an opportunity of making a good deal of money," said a local shipping man yesterday. "Do you know what at the present time over 600,000 tons of shipping are lying in American ports waiting for repairs. The United States went ahead, but ships whole sale, but made practically no provision for dry docks. Hence the great American fleet is in a quandary. If the dry docks are kept working day and night the number of ships waiting for repairs and dry docking will continue to increase for a long time.

"If the dry dock at St. John which would take two ordinary ships at once was in operation it could get more work than it could handle, and make any kind of charges. A small army of ship repairers would be working night and day, and the local foundry and machine shops would have more work than they could handle. If American ships could get dry dock accommodation here they would pay any price. Now they are lying idle while freight rates are high.

"If the dry dock was in operation at this time it would add probably ten thousand to the population of the city. Many new men would be here setting big wages and they would bring their families. The extra customers would give a big boom to the business of the city.

"If the city council and Board of Trade were well advised they would take strong measures to have the dry dock completed as soon as possible. America cannot build dry docks to accommodate its multitude of new ships for some years, and all the dry docks of England and European countries have a big job of ships waiting their turn. It would not take long to complete the dry dock at St. John if the work was rushed, and there will be plenty of business for it for years to come. Because of the dry dock 85 ships tied up in New York, Boston and Norfolk alone are costing the United States \$300,000 per day, and an indirect loss to business which is enormous for transport.

Reports of Railway Statistical Dept.

Shows That at First of Year There Were 38,878 Miles of Railway in Canada—New Brunswick Had 1,959 Miles.

The railway statistical department reports that there were 38,878 miles of railway in Canada at the first of the year, 274 miles have been built in 1918, chiefly in the western provinces. New Brunswick has made land grants to railways amounting first and last to 1,647,772 acres.

In regard to guarantees of bonds the position in New Brunswick is as follows:

Table with 3 columns: Railway, Amount Guaranteed, Amount Paid.

Nurses Closed Annual Meeting

Decided Yesterday to Erect Memorial to Late Nursing Sister Stammers—Officers Elected, Miss Margaret Murdock President.

The New Brunswick Association of Registered Nurses closed their annual session here yesterday. The meetings were held in the rooms of the Natural History Society and there was a large attendance.

It was decided to erect a memorial to the late Nursing Sister Anna Stammers of St. John, who was drowned in the sinking of the Llandovery Castle. A resolution was passed for an increase in fees from \$18 to \$21 per week. A resolution of condolence was ordered to be sent to the family of Nursing Sister Jenner, who died in England.

CANADIAN VETERANS AT EASTPORT, ME.

Returned Men from Charlotte County With Temple Band from St. John Were the Principal Attractions on the Fourth.

That the neighboring province of New Brunswick furnished two of the stellar attractions at the big celebration of the 4th at Eastport is the opinion expressed by the Eastport Sentinel of July 9th, in dealing with the celebration. These were a detachment of about fifty Canadian veterans from Charlotte county and the Temple band of this city.

Speaking of the music provided by the local organization, the Sentinel has this to say: "In the evening there was a concert by the Temple Band of St. John, at Liberty Park, which was attended by a great number of people, and it is safe to say that no band that has appeared here in recent years has played so well or given such musical satisfaction as the Temple Band. The concert was a delightful one, and the music was first class. So far as the people of Eastport are concerned, the Temple Band will be welcome here at any time."

CAN LIVE ON POTATO FLOUR

St. John Man States There is no Great Occasion to Worry Over a Failure of Wheat Crop in West—Plenty of Potatoes in Province.

"We have no great occasion to worry over the failure of the wheat crop in the west as yet. If the worst comes to the worst we can live on potato flour," said a St. John man who has returned from a trip to Carleton County. "Carleton County is a beautiful place just now," he added. "One travels for miles with magnificent fields of golden wheat. There is a very large acreage in potatoes, and the fine appearance of the fields from Grand Falls to Woodstock fulfills an epidemic of the potato bug."

A COMMUNICATION FROM VANCOUVER

Secretary Armstrong of the Board of Trade has received a communication from Vancouver saying that the coastwise shipping trade is making a move to abolish the regulation requiring coasting vessels to enter and clear at the customs house every time they arrive or depart from a coastwise port.

CITY LEAGUE TONIGHT

In the St. John Baseball League this evening the Y. M. C. I. and Carleton will meet.

DIED.

LANE—In this city on July 16, after a lengthy illness, Alice, eldest daughter of Mrs. Annie J. Lane, leaving mother and one sister to mourn. Notice of funeral later.
