NO BLIZZARDS LIKE THE OLD TIMERS

The snow storm of Saturday was the first severe storm this winter and the worst for several years. While the fall did not set in until the forenoon was well advanced, and ended before night-fall, more than a foot of the beautiful came to this immediate vicinity.

Further north the fall was anywhere from 18 to 30 inches.

On Saturday evening the south-bound express made slow progress. Leaving Edmundston on time it lost four and a quarter hours by the time it reached Hartland, arriving here at 9.30. It was drawn by two big engines and yet so heavy was the rail schedule speed could not be maintained. Passengers were few; people hesitated to start out in the face of such apparent difficulties.

Sunday morning a plough-train cleared the line and thus made possible the moving of potatoes that had been loaded Saturday.

Monday the train service was practically normal.

Until this storm such a delightful winter has been seldom experienced in this clime. Two or three inches of snow at a time came just often enough to freshen the roads for hauling. For lumbering conditions were perfect, while the moderate temperature has been delightful.

Chronology shows that severe and mild winters run in groups or periods. The Observer has access to records covering 35 years and a glance over them is interesting. All through the "eighties" deep snows and severe storms were the rule. The winter of 1880-1 started in early and was severe, but spring opening early. The winter that followed was similarly severe. The ice broke up early but stayed in the river, jammed in various places, until May.

The winters of '84, '85 and '86 were noted for the great snow falls. Farmers did little else than break roads. Very warm weather came early in April, 1885, and one day about noon, the river ice, that looked solid, started with a sudden rush of water and by night fall the river was clear from Grand Falls to tidewater. The new Florenceville bridge, just completed, went with the ice, as did part of the railway bridge at Upper Woodstock. Islands and intervals were inundated and buildings along the banks were damaged.

Even more snow fell in 1886, "the winter of the deep snow."

Until late January the weather was mild and there was fine skating for weeks. The river was in such condition that to skate to Woodstock or Florenceville was great sport. But about the middle of February, one Saturday night, snow began to fall. By 10 o'clock Sunday morning there was a good foot, and by night two feet was measured. It was hoped the fall would cease when the sun went down, but it did not—not until sundown on Monday, when a total of three to six of snow had fallen. In Aroostook county woods, where our lumbermen operated chiefly in those days, six feet of snow is said to have fallen in the three days. The N. B. railway was tied up completely, so that from Saturday to Friday no train passed Hartland.

It was said the cost of opening up the road was \$20,000.

The result of that memorable snowfall was the biggest spring freshet on record.

For nearly two weeks "Matheson's island" was under water, and a barn on its highest point floated away. Need arose for a

physician at Somerville and a canoe was launched near the Little Presque Isle. Two well known west-siders plied the paddles and made a safe mooring just below "McMullin's point." They poled up the flat and tied their boat to the Boyer building just south of Clark's hotel.

There was deep snow and many blockades the following winter, but that of '88 was much less severe, while '89 brought such a winter as made it seem that the "climate was changing." All the winters following up to '97 were of very mild type.

In 1898 there were many fierce storms. In one of these the entire staff of The Hartland Advertiser had occasion to visit Woodstock on a Monday, intending to take the first train back. They arrived in Hartland assuredly by the first train, but it was late Thursday night. Many people who read this will recall this storm. It is deeply graven on the memory of S. S. Miller of this town, and others.

The winter of '99 was stormy and the worst of all was the blockade that followed the storm on St. Patrick's Day. So effectively was the railway tied up a rotary snowplough was brought from the west to bore a way through the drifts.

Thereafter, indeed, up to the present time, the winters have been remarkable only in that they have been less severe than during the 20 years preceding.

January, 1900, was the coldest month on record in this country. The thermometer did not register above zero at any time during the month while from readings at 11 p. m. the average at that hour during the month was more than 20 below.

During the past six winters there has been no storm to equal that of Saturday. The railway did not run a plow over this division at all last winter, and seldom in five years preceding.

And the late storm was but a feeble representation of old-time blizzards.

Harness Maker Enlists

F. K. McKenzie, harnessmaker, Centreville, has enlisted with the 3rd Battery as saddler and is now in Fredericton and expects very soon to go overseas. Previous to his departure a number of his friends met at his home and presented him with a wrist watch, briar case pipe, fountain pen, cigars, and tobacco. Dr. H. W. Peppers made the presentation in a neat speech. Mr. McKenzie replied in a pleasing manner, after which each man present gave a short speech and a very pleasant hour was spent.

Mr. McKenzie has asked The Observer to publicly thank everyone for their kindness, and while he thinks he is simply doing his duty, it gives him very much pleasure to know that he is appreciated.

Horse Racing at Centreville

They have had some good racing at Centreville on Saturday afternoons. Chas Simonson of Bridgewater has beaten everything so far in the fast class with Kewadin. In the 2nd class Howard Hartly has been the winner with Roxie, a black pacing mare by Mars. It is hoped to have a match race in the near future between "Kewadin" and "Tony D", a gray gelding owned by W. Hare, Monticello. Mr. Hare is anxious for the race and it will be a good one and come off sure if Simonson is willing.

Belyea & Estabrooks sell Gro-Fast Calf Meal. Best on the market.

CENTREVILLE NOTES

The storm of the season struck Centreville Saturday and the roads are bad for the first time this winter. The Valley Train did not arrive until after 12 p.m.

Smith and McCain are shipping potatoes as fast as they can be loaded. Price Saturday was \$2.75 per barrel. Oats bring 45 cents. Hay also is coming into market quite fast. Price supposed to be \$15.

Theatricals at Centreville

One event of the past week was the presentation of the four act drama, "Valley Farm," by the scholars of the Centreville High School on Friday evening. It certainly was put on in great shape and is generally voted the best entertainment that Centreville people have had the pleasure of attending for a long time. The boys and girls all took their parts well and their make-ups were extremely good, some not recognized even by their friends.

Esther Wade as "Verbena" acted her part in a perfect manner and received well merited applause. Jack Reid as "Silas Holcomb" was a revelation. Jack is usually quiet but he was on to his job Friday evening. The specialties were recitation by Evelyn Peppers and Eva Belyea, song by John Fogg, and a ballet dance by Phyllis Clark. The last mentioned was splendidly done, really better than any professional we have ever seen here.

A large crowd was in attendance. Ten soldiers drove up from Woodstock. The proceeds nearly \$100 go to help fit up a school gymnasium.

If Hartland wants to see a good show get the club to repeat the performance there.

David Irvine is now at his home after an extended visit to Mars Hill Me.

Mrs. Amos White was buried at Tracey Mills Sunday morning.

ES OFF DANDRUFF, HAIR STOPS FALLING

Save your hair! Get a 25 cent bottle of Dandruff right now—Also stops itching scalp.

Thin, brittle, colorless and scraggy hair is mute evidence of a neglected scalp; of dandruff—that awful scourge. There is nothing so destructive to the hair as dandruff. It robs the hair of its lustre, its strength and its very life, eventually producing a feverishness and itching of the scalp, which if not remedied causes the hair roots to shrink, loosen and die—then the hair falls out fast. A little Dandruff tonight—now—any time—will surely save your hair.

Get a 25 cent bottle of Knowlton's Dandruff from any drug store. You surely can have beautiful hair and lots of it if you will just try a little Dandruff. Save your hair! Try it!

Local Masons turned out in force Thursday evening at Masonic Hall, East Florenceville, when 17 members of Woodstock lodge were present. After working the first degree and having a few speeches the whole crowd repaired to Dow's Hotel and enjoyed a banquet and toasts, breaking up at 1.30 a. m. so Woodstock Masons could catch a special freight to take them home.

END STOMACH TROUBLE, GASES OR DYSPEPSIA

"Pape's Diaphepsin" makes Sick, Sour, Gassy Stomachs surely feel fine in five minutes.

If what you just ate is scurrying on your stomach or lies like a lump of lead, refusing to digest, or you belch gas and eructate sour, indigestion, food, or have a feeling of dizziness, heartburn, fullness, nausea, bad taste in mouth and stomach-headache, you can get blessed relief in five minutes. Put an end to stomach trouble forever by getting a large fifty-cent case of Pape's Diaphepsin from any drug store. You realize in five minutes how needless it is to suffer from indigestion, dyspepsia or any stomach disorder. It's the quickest, surest stomach doctor in the world. It's wonderful.

WHY YOU ARE NERVOUS

The nervous system is the alarm system of the human body. In perfect health we hardly realize that we have a network of nerves, but when health is ebbing, when strength is declining, the same nervous system gives the alarm in headaches, tiredness, dreamful sleep, irritability and unless corrected, leads straight to a breakdown.

To correct nervousness, Scott's Emulsion is exactly what you should take; its rich nutrient gets into the blood and rich blood feeds the tiny nerve-cells while the whole system responds to its refreshing tonic force. Free from harmful drugs. Scott & Bowne, Toronto, Ont.

FARMERS, MERCHANTS, ADVERTISING

A local merchant informs The Observer that farmers are a great deal slower paying their bills this year than they were last year when prices were relatively low. With potatoes bringing seven times as much as last season, having brought \$15 a ton, and everything else so high that the farmer is getting more money than he ever got before, it is mystifying why he should not pay his bills.

The reason may be attributable to "war scare"—or it may be the farmer was scared blue by the loss on potatoes last year, did not like the worry of debt hanging over him, and paid his bills with what he could scrape together. Possibly this year he feels affluent and independent, deferring payment in the secure knowledge that he could settle at any time he chose.

The Observer notices that the farmers are not the only "slow-pays" these days. The merchants are drawing their purse strings tight, curtailing their advertising, and thereby closing the door slap-bang in the face of Opportunity—for that is the local newspaper's middle name.

The Observer of today and of a year ago are two different looking papers. A year ago there was a cheery optimism in the generous advertisements on all of the eight pages. A stranger, looking over today's paper might well remark: "Have you no general, dry goods or grocery stores in Hartland; no jeweler, furniture store, blacksmiths, shoe dealers, confectioners? All I can see at a glance over the local paper is that they have a drug store (a good one), an automobile agent, one hardware store and an undertaker. Would judge the undertaker had been pretty busy. "Bet you," the stranger might go on, "the people are sending lots of cash to Toronto stores, for they spend more for advertising in Carleton county than all the merchants put together—and they get the trade!"

THE HARTLAND BILLET

In another column will be found a letter voicing the general complaint of Hartland recruits in Woodstock. Of this letter The Observer withholds criticism, and assumes no responsibility.

It is true that absurd red-tape methods prevail, and it is true that a word from a political boss would hasten matters to a head. There came to Hartland on Monday, however, Lieut. E. C. Brown and Sergt. Roach of the Army Service Corps at Woodstock and it is understood lease of the quarters was executed. They thought it possible the soldiers might be here by Saturday, but knew of nothing definite. One of the officers stated that in rooms in the Woodstock armory that had been prepared to accommodate 20 men there were 40 sleeping.

If Woodstock covets the name of Hogtown it is in a fair way to have that name bestowed upon it. My first car of Fertilizer is now here. As there may be a shortage later on it would be well to secure some now. J. T. G. Carr.

Waterville Red Cross

The Waterville Red Cross Society is still in existence and steadily working away. We have received our charter, and membership cards have been issued to 23 members.

We organized on July 15, 1915, and when the year closed in October we had raised \$14.35 which was expended in materials for sewing and knitting. In October we sent a box and in January, we sent a box containing the following: 1 pair socks, 7 pajamasuits, 4 doz. handkerchiefs, 1 hospital shirt and 15 day shirts. We have on hand now enough garments to make up a box which will be sent soon. On January 28 a supper was held at the home of Mrs. E. C. Brooks at which the sum of \$12.75 was taken in.

Albina C. Brooks, Sec'y.

Fort Fairfield Facts

Mrs. George Burr and her young daughter returned home Saturday from her old home in Centerville, after a few days' visit, joining her husband, Dr. George J. Burr, the popular veterinarian.

Miss Sarah MacMullen of Hartland, arrived in town Saturday to nurse her cousin Miss Ruth Boyer who has been seriously ill but is now gaining.

Mrs. A. W. Phillips of Bristol, and her daughter Miss Mona Phillips were guests of Mrs. Wm. Jardine early this week.

L. S. Kinney went to Avondale Monday, called there by the sudden death of his aunt, Mrs. Martha Shaw.

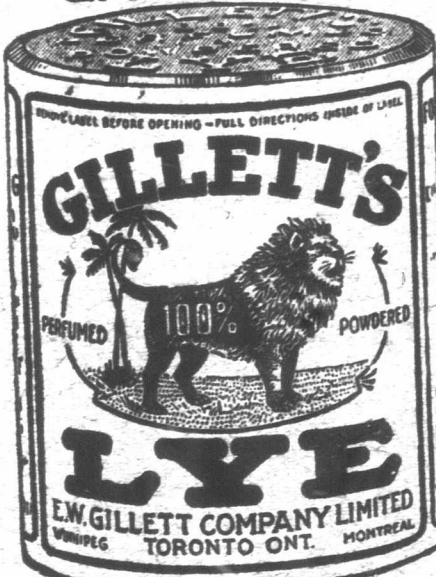

Result of Voting Contest

Following is the result of the merchant's voting contest, the prize of \$5 going to the first named:

Rilla Nixon	1326

Eva Craig	95
Mabel Hayward	55

A Canadian soldier boy in khaki is once in a while seen upon our streets. He inspires the respect due to a self-sacrificing and courageous youth who has devoted himself to the noblest of purposes—that of trying to save individual human liberty against the attacks of military despotism.

GILLETT'S LYE EATS DIRT

WOODSTOCK BOY KILLED IN ACTION

Those who have relatives at the front must steel themselves for any news while hoping for the best. A blow fell on many in this community when it was learned that Jas. Allison Bull, of Woodstock, had been killed in action. Mr. Bull was the second son of F. Byron Bull. He had been engaged in civil engineering before the war. He married Miss Fannie Raymond who with a little daughter survives. Mr. Bull had won promotion since enlisting and bore the rank of sergeant. He was about 28 years of age, and a young man of sterling character. Such are many of the young men whom this country is giving to the cause of freedom, liberty and justice.

Jas. Allison Bull has left an imperishable name which will never be forgotten while right is right and heroism remains a virtue.

A Woodstock member of the 55th battalion, England wrote home late last week that Frank Buck of Woodstock, attached to the 26th battalion, was seriously wounded in recent engagement. It is thought that both legs will have to be amputated above the knees. Mr. Buck had served through the Boer war under Major Good and had a splendid military record.

Knowlesville Knews

Miss Grace Manuel has returned home after an absence of six weeks in Hartland where she has been attending to household duties for James Faulkner.

The home of Mr. and Mrs. Emery Manuel was the scene of a very pleasant social gathering on Wednesday afternoon and evening when some of their friends paid them a visit and after spending some time in social intercourse brought the Edison phonograph into action and were entertained to some fine songs, etc., which were thoroughly enjoyed by all present. Those present were: Mrs. Wm. Phillips and daughters, Lillian and Mrs. Clarence LePage Verna and Jennie Avery, Ray Johnson, Clinton Brown, C. A. McBride, Alton Avery and Geo. McAfee.

Mrs. Elmer Glenn of Bristol has been visiting at George Whitehouse's.

Rev. Henry Hart of Jackson-town will occupy the pulpit of the Baptist church on Sunday evening Feb. 27.

J. W. Doucette has secured the agency for the St. John Standard in Victoria and Carleton counties and has been energetically engaged in pushing the canvass for several days. We wish him success in his new line of work.

R. H. Kenney has installed a fine new organ in his home.

Miss Ruby Phillips after very acceptably filling the position of clerk in Mr. Smith's store for

four weeks, has returned to her former position as clerk for Mrs. T. G. Simms, Hartland. Her large circle of friends in this vicinity will miss her very much in the social life of the community but what is Knowlesville's loss will be Hartland's gain.

Mrs. Walter Wasson of Windsor and husband spent Sunday at her old home here.

A large number of our men are in the woods and hauling to Currie's mill and other places and are having a very favorable winter for their work, with good roads, pleasant weather and snow sufficient but not causing any inconvenience.

The home of Mrs. Wm. Phillips was the meeting of young people on Thursday evening and after a fine program of music rendered by Edison artists. They all sat down to partake of a very appetizing oyster stew, tea and cake which was very gratifying to the "inner man." The following ladies and gentlemen were in attendance: Miles Kimball, Alma Kimball, Miss Cunningham, of Armond, Hazen and Grace Manuel, C. A. McBride, Ray Johnson.

Bath News

Hayes & VanDersteyn are running their mill here day and night to clear up the large amount of logs that are being landed for manufacture. This last named firm intend to install an electric dynamo in their mill the coming summer and will supply the town with light. Already a number of people are planning to build houses here also, during the coming summer.

A much larger quantity of lumber was cut on the Monquast stream this winter than has been cut for a number of years. McLaughlin Bros. of Tobique River have two million feet of lumber to drive from this stream this coming spring.

The congregation of the Baptist church are still without a regular pastor and Rev. G. A. Ross pastor of the Methodist church was unable to attend his appointment yesterday on account of the heavy storm which was one of the severest in years. The train service was very much hindered the down express being four hours late.

Miss Ada F. Giberson is spending a few days in Woodstock. She is accompanied by her brother Vince Giberson.

Fred C. Squires, B. A., principal of the Grammar School at Woodstock, was a caller here recently.

The advance department of the school re-opened this week, the teacher, Thos. Pickard, having recovered from his illness.

Mrs. C. E. Harris left for Lowell Mass., the first of the week to visit her niece, Mrs. Lang nee Miss Clara Wheeler who is in poor health.

The Red Cross Society met recently at the home of Mrs. John K. McIntosh.

Miss Maud Stanlake teacher of the primary school, was a caller on her sister at Listerville over Sunday.

Miss Ethel Simms, teacher of the advanced department of the Bristol school spent Sunday at her home.

Miss Dora M. Barker will take charge of the school in Demerchant Settlement the first of next month the trustees having allowed her two months leave of absence.

Considerable quantities of farm produce are still to be marketed, but the most of the potatoes have already found sale and have been shipped.

GREAT INTEREST IN BABY CONTEST

During the winter the merchants have been carrying on a voting contest with indifferent success. The month from Feb. 15 to Mar. 15 the boosting of the scheme falls to J. T. G. Carr who holds the ballot box. Mr. Carr understands advertising and fully appreciates the value of printer's ink, so the contest is entering a stage where people will sit up and take notice. This month and until Mar. 15, votes will be cast for the most popular baby in town and Mr. Carr gives a voting ballot with every 10 cent purchase of him. Here is the standing the first week with Henry Sharp's boy ahead. Will he win?

HARTLAND RECRUITS ARE KICKING

Considerable uneasiness is being felt by the Hartland recruits who prior to their enlistment were promised that if 25 or more recruits, enlisted from Hartland and vicinity they could be billeted in Hartland for the winter.

On the strength of this promise recruiting was made more vigorous because of some recruits having homes and families. I believe it need not be explained more fully for the average person to know what it must mean to the man in khaki to have a little time, perhaps the last, to spend in his own family before going overseas.

The winter is fast wearing away and nothing definite regarding the Hartland billet has as yet come to pass.

When officers in Woodstock are asked when the soldiers are going to Hartland the reply is always "next week."

We are getting tired of this story and we are driven to believe that the promise made is only a "recruit-getting-scheme" much the same as the "Old Flag" was a "vote-getting-scheme."

No doubt there will be some reader who will make this remark: "Oh, the soldiers are asking too much, they are having a good time and have no reason to complain." Just here I want to say that you don't understand what the man who dons the khaki is up against. Just put the uniform on and wear it with all it implies and perhaps you will understand what I mean now that promise made to you in civilian cloth do not hold good in khaki. I am sorry to admit this and the revelation to us has its deepening.

It is strikingly evident that the town of Woodstock is doing all in its power to keep the soldiers from being distributed in other towns farther north on the St. John river, as the khaki boys are a big asset to the town, for they leave the greater part of their money in Woodstock.

It is considered a disgrace or even a crime for a person to sell "bad whiskey" to a soldier for good money, but how about selling skim-milk to the boys for 10 cents per quart for good money, too? It is true the latter is not intoxicating but I believe it lacks the principle almost as much as as the former, and the practice of peddling milk in the Armory at Woodstock, that has been run through a separator is done three times daily by boys employed by a large concern. This is a fact that cannot be disputed.

The health conditions are not the best in the barracks at Woodstock as it is much overcrowded and a certain bunk-room that has been furnished with 42 bunks should only furnish sleeping quarters for 31 men. What is true of this particular room is also true in other parts of the Woodstock barracks and yet it is quite evident that the townsfolk are endeavoring to billet all the soldiers they possibly can in Woodstock.

Overcrowded quarters and other disadvantages to the soldier boy is nothing to them, who are "on the outside looking in" and not as we are "on the inside looking out."

A number of us are unanimous in believing that the coughs, colds and general drowsiness is due to poorly ventilated bunk-rooms which as yet are much overcrowded.

We feel that there should be someone interested enough in us to see that we get a fair deal and that the promise made to Hartland as a billet for the boys of this vicinity be looked into.

Public Notice

Notice is hereby given that Arlington A. Rideout of the Parish of Brighton in the County of Carleton and Province of New Brunswick, Produce Merchant, on the first day of February, 1916, and pursuant to the provisions of Chapter 141 of the Consolidated Statutes of New Brunswick, 1905, and Amending Acts, did make a general assignment for the benefit of his creditors to the undersigned John R. Tompkins, High Sheriff of the County of Carleton, and that a meeting of the creditors of the said Arlington A. Rideout will be held at my office in the Town of Woodstock in said County of Carleton on Tuesday, the fifteenth day of February, A. D. 1916, at the hour of two in the afternoon for the purpose of appointing inspectors and the giving of directions with reference to the disposal of said estate and the transaction of such other business as may properly come before the meeting.

And notice is further given that the creditors of the said Arlington A. Rideout are required to file their claims, properly proven, with the undersigned assignee within three months of the date of this notice, unless further time be granted by a Judge of the Supreme or County Court, and all such claims not so filed within the time limited, or such further time (if any) as may be allowed by such Judge, shall be as wholly barred from any right to share in the proceeds of such estate as if no such claim existed, but without prejudice to the liability of the debtor thereof. Dated this fifth day of February, 1916.

PERSONAL AUTOMOBILE TALKS

Number 6—Patriotism

To give all things Canadian the preference is always commendable, but during the stress and strain of a world war it becomes our solemn duty to patronize those who, with us, are bearing the burden of the nation.

The Ford Automobile is the ONLY car which built in Canada. Only \$16.88 worth of material per car is imported.

Under the proposed war tax on companies the Ford Motor Co. of Canada will pay MANY TIMES the tax ALL other automobile manufacturers will pay. This because the car is manufactured here. All profits remain here, and are not sent over the line to pay United States labor to manufacture pretty much all parts of the car except, PERHAPS, the bodies and tires.

When you purchase a FORD you help to lighten your own burden of war tax.

COUNTY COUNCIL

(Continued from last week)

Carvell moved that usual grant of \$1000 be made Carleton County Hospital. See Coun Perry.

Smith moved \$40 be paid T. G. Simms for election expenses and charged to Parish of Brighton. Carried.

Morgan—\$13.00 be assessed and charged to Brighton and paid to R. W. Cameron. Carried.

Melville—\$500 be assessed Parish of Peel and paid Wm. A. Campbell for road expenses. Carried.

Perry—\$3. be assessed and charged to Parish of Simonds for election expenses.

Phillips—\$12. to A. Stone and charged to Parish Northampton for election purposes.

Morgan—\$12. to Geo. Tedlie road damages.

Carvell moved Deputy Sheriff be paid same as councillors for his services.

The list of officers for different parishes were confirmed.

Bell moved that Revisors fees for whole County be same as last year and that collectors fees be same as last year. Carried.

Melville moved, seconded by Coun Stevens, that By-law No 22 be amended by adding the following:

"8. For each and every violation of the provisions of this law a penalty not exceeding \$20 shall be exacted against all violations thereof on summary conviction. Carried.

Lamont—There is a feeling that the Scott Act Inspector should have a little more salary. I would move he be paid \$100 additional as a bonus for 1916.

Seconded by Coun Morgan, Secty-Treas—The salary has already been fixed.

Carvell—Surprised to hear this motion. The committee spent considerable time with Inspector and this never was mentioned. If he thought he was entitled to an increase he might of asked us. I will oppose it—it is not fair to the committee.

The pay is good enough.

Inspector McLean was heard. Because I did not make a demand to committee was because of ignorance. You gave me this office without solicitation. When I accepted \$400 it looked small, but as a new man I thought I had to learn. I think now I am worth it. Any man that does this work will know it can't be done for the salary paid. When I could show the work I thought you would take notice of it. The council can pay whatever they regard as right. There is one thing—there was always a charge of \$1 a case paid Inspector for attending court. It amounted sometimes to \$70 but I did not want to do this. I simply ask for more pay because I think I am worth more. This takes twelve months of the year of my time.

Morgan—I feel now like voting more money than was first suggested after listening to Mr. McLean.

W. J. Gallagher—I think it only right that we give the Inspector

or the increase. He has done good work.

Melville—I think the Inspector is entitled to it.

Motion to give additional \$100. was carried.

Morgan—The public accounts committee would recommend a change in manner of submitting bills.

Moved Coun Morgan—That in future all persons having bills before the County shall have them typewritten in order that time may be saved. Carried.

Stevens for Fin. Com., submitted the following estimates:

ESTIMATES FOR 1916.

Interest on Debentures and at Bank	\$1700
To, by Debentures	2000
Upkeep of Public Buildings	1500
Salaries	850
Public Health	300
Hospital Grant	1000
Pay of Councillors	450
Pay of Revisors	220
Miscellaneous Expenses	300
Administration of Justice	4680
Grant to Patriotic Fund	6000
	\$1900.00

H. D. Stevens,

E. C. Morgan,

J. W. Gallagher.

On motion report was carried, including one new indebtedness of each parish.

Morgan moved, seconded by Melville, that Secty-Treas be authorized to overdraw amount of \$5000 at the bank. Carried.

Perry moved Scott Act Inspector be authorized to draw \$200. needed to carry on work. Carried.

Melville—A young man in jail for a year for theft says he will enlist if liberated. I would move that we ask Minister of Justice to relieve him that he may enlist.

Carvell—The man is a foreigner and I don't think is eligible.

Smith moved following resolution:

Whereas some years ago sleds were built at a width of 4 ft. 4 ins. and in good consequence the roads were a good width.

And whereas at that time there were few, if any, heavy horses.

And whereas the tendency in the last few years has been to narrow the winter roads down to 3 ft. 6 ins. by using sleds of that width and at the same time using heavier horses.

Now, therefore, be it resolved that this Council memorialize the Local Government to pass Legislation firing a standard width for double team winter roads in the Province so that sleds would have to be built of a standard width of 4 ft. 4 ins. in order to prevent the difficulties which now prevail by reason of the roads being broken too narrow to accommodate the double teams and the heavy horses.

The resolution carried.

Flemming—In reference to grant on Houlton road Mr. Smith, M. L. A., advised that this council pass a resolution that the government may have something to work on.

I would move the following resolution:

Whereas the improvement of Highways is ever a vital question in this county.

And whereas the last June session of this Council a resolution was unanimously adopted, calling for improved methods of road construction and maintenance, and whereas we now learn that it is the intention of the Provincial Legislature to amend the present Highway Act, with a view to the establishment of permanent roads in this Province.

Therefore Resolved, That this Council recommend the Provincial Legislature to appoint a competent engineer, or staff of engineers, to classify the various districts in the Province, in order to determine the best system of road building, having regard (a) to the best material available, (b) to the lessening or reducing the grades and curves where practical to do so and the width of highway required.

And Further Resolved, that all contracts let or labor performed on the highways shall conform to the rules and regulations in the system approved by the Provincial engineers.

And Further Resolved, That the present system of statute labor is not in the best interests of road making is so far as Carleton County is concerned, and recommend in regard to the maintenance of our highways a system of section work be adopted.

We further recommend that a rock crusher be purchased by the Provincial Government to be placed in this County, and hereby pledge ourselves to assist in the purchase of such machine to the extent of a sum not to exceed six hundred dollars.

Jas Gallagher—The resolution is a good one. A rock crusher is a good asset—I will second resolution. Carried.

Gibson—Moved \$350. be assessed Parish of Northampton for road damages. Carried.

Perry presented a petition from Ziba Grey and G. W. Shaw.

Phillips—I am acquainted with whole transaction. I wasn't willing to pay damages as first made. The second award was different from first. We voted today the finding of the last jury.

Gibson—I never heard of a first award. I don't know whether finding was filed or not.

Perry—It seems to be a question for the councillors of Northampton, the petitioners and Minister of Public Works.

Estey—In Victoria County they have free ferries run by the government and I can't see why we don't have equal rights. Move that a committee of three be appointed to interview members of the local legislature and see if equal rights cannot be granted this county.

Flemming, Estey and Tompkins appointed committee.

The question of poor farm was laid over until after the war.

Melville—We have not yet decided where the bed agreed upon shall be established. We will have sick and wounded soldiers and I move it be established in Carleton County Hospital. Carried.

J. W. Gallagher, Alex Bell and Morgan appointed to name the new bed recommended that it be "Bed" donated by Warden Tracy, members and Officials of County Council January 1915.

Council adjourned.

"FRUIT-A-LIVES" IS THE STAND-BY TO CONSTIPATED CHILD

Delicious "Fruit-a-lives" don't harm tender little stomachs, liver and bowels.

Look at the tongue, mother! If coated, your little one's stomach, liver and bowels need cleaning at once. When peevish, cross, listless, doesn't sleep, eat or act naturally, or is feverish, stomach sour, breath bad, has sore throat, diarrhoea, or constipation, a teaspoonful of "Fruit-a-lives" will give a teaspoonful of "California Syrup of Figs" and in a few hours all the foul, constipated waste, indigestible food and sour little gently mirrors out of the little bowels without griping, and you have a well, playful child again. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which contains full directions for babies, children of all ages and for grown-ups.

Red Cross Work

The White Glen Red Cross Society was organized Sept. 4 with a membership of 8. Since that time we have made and shipped to St. John Headquarters 7 hospital shirts, 23 men's handkerchiefs, 1 doz. bath towels, 1 doz. linen towels, 36 pairs of socks, 3 doz. tooth brushes, 1 doz. can talcum powder. Ladies who who donated socks were Mrs. Mary Ross and Mrs. Wellington Nelson, each one pair. Also sent \$20.00 to Lady Tilley for disabled soldiers—Mrs. Frank Upton, sec.

10 CENT "CASCARETS" IF BILIOUS OR CONSTIVE

For Sick Headache, Sour Stomach, Sluggish Liver and Bowels—They work while you sleep.

Furred Tongue, Bad Taste, Indigestion, Sallow Skin and Miserable Headaches come from a torpid liver and clogged bowels, which cause your stomach to become filled with undigested food, which sours and ferments like garbage in a swill barrel. That's the first step to untold misery—indigestion, foul gases, bad breath, yellow skin, mental fears, everything that is horrible and nauseating. A Cascaret to-night will give your constipated bowels a thorough cleansing and also when you get up in the morning they work while you sleep—a 10-cent box from your druggist will keep you feeling good for months.

The annual Seed Fair of Carleton County will be held at Florenceville on Tuesday, March 14. Prize lists and entry blanks may be obtained from F. S. Taylor, Florenceville.

Good for the Whole Family

"Croup" Chamberlain. "A good cough remedy is one that can be depended upon to cure coughs. Not one that cures some particular cough, but coughs in general. It must be a cough remedy that can be relied upon for all the different coughs that are so prevalent. While the causes of all coughs are primarily the same, yet the condition of the patient is what makes the difference in the nature of the cough itself. Coughs of healthy persons are easier to cure than the coughs of invalids. The powerful convulsive cough of a large man is harder to cure than the cough of a baby. If you get a remedy that will cure a large man's cough and yet not be too powerful for the baby, you have a good cough remedy."

Chamberlain's Cough Remedy

is just this kind of remedy. It is good for any member of the family. It relieves coughs of all kinds. It is the product of much thought and study to produce an ideal cough remedy. It is composed of things which cure easily and soothingly without harming the most delicate tissues of the throat. It acts as easily and safely on the young as on the old, and is the ideal remedy for coughs, colds, croup, influenza, whooping cough and bronchitis.

Constipation, Indigestion and Horrible Backaches

Searched for a Cure for Years—Advised to Try Dr. Chase's Kidney-Liver Pills and Was Cured.

Where there is poison there is pain. This is a provision of Nature to warn you against conditions that are likely to prove serious.

Constipation of the bowels is undoubtedly the greatest source of disease and suffering. By using one of Dr. Chase's Kidney-Liver Pills at bed-time as often as is necessary to keep the bowels regular, you can cure constipation and the consequent indigestion, and remove the cause of backache, rheumatism and other painful diseases.

"Fuller movement of the bowels" is the greatest law of health. Dr. Chase's

Kidney-Liver Pills will help you to form this habit, add to your years, and bring comfort in old age.

Professor A. T. Smith, 1 Mt. Charles street, Montreal, and formerly of Boston, Mass., writes:—"I suffered for many years from bad digestion, constipation and horrible backaches. I have been treated by many doctors without any results. One day a friend in Boston advised the use of Dr. Chase's Kidney-Liver Pills. After using two boxes I noticed great improvement, and after the fourth box I was completely cured. My digestion is good. I never feel any pain in the back. My head is clear, and I feel like a young man. I think Dr. Chase's Kidney-Liver Pills are one of the best medicines on earth."

Dr. Chase's Kidney-Liver Pills, one pill a dose, 25 cents a box, at all dealers or Edmanston, Bates & Co., Limited, Toronto.
