AT CARR'S

FINE PROGRAM. AT BARACA MEETING

It Was "A New Brunswick Night" and Literary and Musical Works Predominated

On Tuesday evening of last week the Baraca Class of the United Baptist church met at the residence of Mr. and Mrs. S. S. Miller for their annual reunion. The business meeting had been held previously when the following officers were elected: Pres. A. F. Campbell; vice, pres. Bert Waters; treasurer, H. B. Adams; sec., V. W. Simms.

Look-out committee—Arthur Dickinson, Rawleigh Britton, Ward Jensen, Jarvis Cooke, Arden Novera.

Social Committee—Fred Allen, Gage Montgomery, M. L. Hayward, E. A. Alton, Lorne Britton.

Sick Committee—E. A. Britton, Doll Boone, Barry Moore, Alex. Miller, George Oser.

The delightful entertainment at the Miller residence was a New Brunswick evening and the opening number was "Marjorie Watts," played by Mrs. W. P. Jones (Woodstock), and Mrs. Fred Allen. Following was the "Ideal Church" written by the late Rev. Dr. Phillips and read by Bert Waters.

Other number of the program were: "Remember the Loyalist" by H. A. Cody, read by R. B. Hagerman; "Commemorate the Loyalists" by the late G. U. Hay, read by Sterling King; "Old Irish Mother of Mine" sung by Muriel Miller; Patriotic Song, written and read by Dr. G. Fred Clarke; "Camp Story" by Charles G. D. Roberts, read by F. A. Alton; Medecine Waltz, composed by Mrs. W. P. Jones and played by Mrs. Miller; Business and Finance, by Lord Beaverbrook, read by Rev. G. F. Bolster; Speech of Bonar Law, read by Vernon Simms; "Anchored," sung by Lorne Britton; Life and Works of H. A. Cody and others, by Gage Montgomery; "When the Sunset Turns the Crimson into Gold," sung by Fred Allen; Works of Billie Gorman and Patience Songs, E. W. Lasky; Double Male Quartette by Messrs. Allen, Adams, Simms, Britton, Adams, Campbell, Dickinson, White, Story written and read by M. L. Hayward; Oh Wondrous Cross, trio sung by Muriel Miller, Vernon Simms, M. W. White; "Politics" written by Rev. Dr. Phillips, read by Rex L. York; "Politics and Science," Prof. W. Frank Watson, read by Alex. Miller; "Annie Laurie," trio by G. Birmingham, Rev. W. P. Halsey, Dr. B. R. Coyne; "The Lost Chord," by the same trio.

After this most magnificent program was carried out there was a general singing for hours and the evening was one of the most delightful that the guests ever spent together. Of course one of the chief features was a very delightful repast served by the hostess.

PRODUCE PRICES
The potato market is weaker and dealers are today paying \$1.75, whereas for a time they had been paying \$2 for table stock. Farmers will be well advised if they do not plant too great an acreage of cobbles the coming season. While the demand for this grade has been good this year, the evidence shows that there will be an overproduction and consequently falling of the market another year unless the farmers are forewarned. Today hay is bringing \$19; oats 40c; eggs 35c; butter 30c.

THE HARTLAND UNITED BAPTIST CHURCH
When Peter asked the question "What shall we have?" he raised an exceedingly important question. There has not been an age in which the question of Life's Compensation has not been of vital interest to mankind, and today this question is exceedingly acute. Much of the unrest in the social and industrial world may be traced directly or indirectly to the matter of compensations. Peter's question, however, has to do with the compensations of a distinct type, and this question and its significance will constitute the subject of the sermon at the Hartland Baptist church next Sunday morning.

In the evening the pastor will take for his subject "Vain Tears." Is it possible for a soul to so treat God's offer of mercy that it may become hopelessly lost. What saith the Scripture? A cordial welcome to all at the Hartland Baptist church.

TOWN MEETING; AID FOR INDUSTRY

Want to Encourage Woodworking Factory—Routine Matters—Marshall Resigns

At the regular monthly meeting of the town council on March 3 the mayor presided and all the aldermen were present with the exception of Ald. Harnfield, who was absent from town. Collections for the month were \$450.15 and the expenditures \$2309.81. The financial committee report that legal steps had been taken for the collection of past due taxes. The street committee had nothing to report except some winter road-breaking. The water committee reported having repaired a few frozen water pipes.

Notice was given of a by-law dealing with new water charges to all water takers. The policy committee reported one arrest but no fine imposed. The poor committee reported that the bill from the Victoria Hospital had been paid. Some changes were made in the 1924 budget, the county assessment being reduced to \$2000 and the amount for miscellaneous being increased from \$200 to \$200.

On motion of Ald. W. B. Nixon, the town council voted to give Mr. Briggs encouragement to establish a woodworking factory in the town and they invited him to meet the next council session to discuss the matter. It was moved by Ald. White and seconded by Ald. McQuarrie that the special committee of the county council be invited to meet this council at an early date to discuss the county assessment of the town. It was also decided to appoint a special committee of the whole council to prepare the case to bring before the committee of the county council. The resignation of J. F. Murdoch as a town employee was held over for next meeting for discussion.

The request of the Women's Institute for the use of the town hall was granted.

BROTHERS DIE WITHIN A DAY

Doubly Bereaved Family at Pembroke—Pneumonia the Cause

The home of Mr. and Mrs. Charles Robinson of Pembroke is a saddened household by reason of the death on Saturday of their son Leighton, aged 19, and their son George early Sunday morning, aged 13. Both deaths were the result of pneumonia. Besides older boy following measles. The parents there survive five brothers and the family have the unbounded sympathy of all who have learned of the sad circumstance. Another son is just recovering from the disease. The funeral was held from the home on Monday afternoon and was very largely attended. A former pastor, Rev. E. A. Trites of Carleton Place, preached the funeral sermon and was assisted in the service by Rev. I. W. Williamson, Rev. R. W. Lester, and Rev. P. J. Quigg. The double funeral service was under the direction of the undertaker firm of J. W. Adams & Son.

WIFE OF VICTORIA M. L. A. IS DEAD

Mrs. G. W. Warnock and Mrs. Osborn Rainford of Grand Falls Pass Away—Other Grand Falls News

The community was shocked and saddened by the news of the death on Sunday evening of Mrs. George W. Warnock at her home. Mrs. Warnock has been not well all winter but her friends had hope of her recovery. She leaves her husband, G. W. Warnock, M. L. A., two sons, Forbes at home, Walter attending Mr. Allison University, and one daughter, Mary at Ladies College, Sackville, also her mother, Mrs. W. Forbes; one brother, William Forbes, and two sisters, Miss Laura Forbes and Mrs. Geo. Palmer, all living here. The sympathy of all go out to the bereaved ones.

The funeral sermon of Mrs. Osborn Rainford took place in All Saints church Friday afternoon. Rev. N. Franchetti of Edmundston officiated.

On Friday evening Mrs. L. Chapman entertained the Girl Guides and Boy Scouts in celebration of the birthday of their founder, Sir Robert Baden-Powell. After an evening spent in games and music, Mrs. Chapman served a dainty lunch, assisted by Mrs. A. J. Patstone and Mrs. R. Caldwell. Arnold Burgess in behalf of the scouts, then read an address to Mrs. Chapman, as their official examiner, thanking her for the help and encouragement given the scouts since their organization two years ago. Patrol Leader, Herbert Carroll then presented the thanks badge, a silver pin consisting of a swastika with a fleur-de-lis, the scout emblem. Patrol Leader Billings Chapman then presented a letter from headquarters containing a card of thanks and appreciation from Baden-Powell. Mrs. Chapman, although completely taken by surprise, said a few words of thanks to the boys for their gift and then asked Mrs. Patstone as the captain of the newly organized Guides, to speak to the girls and boys. Mrs. Patstone spoke a few words in regard to the birthday of Baden-Powell and promised the scouts that, given two years, the Guides would show such efficiency as would make them hostile to keep their two years start. She then proposed three cheers for Sir Robert Baden-Powell and three cheers for Mrs. Chapman for the pleasant evening, both of which were heartily given. The party then broke up, each thanking Mrs. Chapman for the good time. George Bradley made a business trip to St. John last week.

Mrs. James Foster was in Woodstock Tuesday and Wednesday. Mrs. Thos. Hoyt of Edmundston was a guest at the "Manse" Tuesday. Rev. R. J. Miller was unable to hold service Sunday evening on account of illness.

HERE'S WHAT PEOPLE SAY ABOUT TANLAC

"If it had not been for Tanlac I would still be a sick, discouraged woman, for nothing else seemed to do me any good," says Mrs. Edward Gibbs.

All the advertising in the world and all the sales efforts combined could not have made the great success for TANLAC that has been attained, unless this reconstructive tonic possessed merit of the greatest degree. Over 40 Million Bottles of Tanlac have been sold and the demand today is greater than ever before.

That TANLAC possesses merit and has brought relief to hundreds of thousands of persons is attested by the great number of testimonials that have been received by the company from people in every state of the Union and every province of Canada. There are over 100,000 such statements on file with the company, all ringing with sincere praise for TANLAC and what it has accomplished.

Here are excerpts from a few of the 100,000 statements on file:

Mrs. Edward Gibbs, Lancaster, Pa.: "For 2 years indigestion deprived me of nearly all the pleasure of living. If it had not been for TANLAC I would still be a sick and discouraged woman, for nothing else seemed to do me any good."

Mrs. Mary A. Benson, Seattle, Wash.: "Following an operation my stomach and nerves seemed to give way and I became almost helpless. As a last resort I tried TANLAC. I began to improve from the very first, gained 25 lbs., and today am feeling fine."

O. E. Moore, Kansas City, Mo.: "My stomach seemed to pain me constantly, food seemed to do me no good, I would bloat up with gas, lost my strength, and could not sleep or rest. I was on the downgrade all the time. Tanlac corrected my troubles and put me in excellent shape."

Thomas Lucas, Petersburg, Ontario: "Well, sir, buying TANLAC was the best investment I ever made, for it built up my health and strength to where I haven't a complaint in the world."

Mr. and Mrs. Joseph E. Kaake, Detroit, Mich.: "For more than a year our three children, age 2, 4 and 6, had been so peaked and lifeless that we were worried about them. Their stomachs were upset, appetites poor, the color had left their cheeks, their nights were restless and during the day they would just moan around, taking no interest in play or anything else. They began to improve with the first dose of TANLAC, and today there are no more healthy children in Detroit."

Tanlac is for sale by all good druggists. Over 40 million bottles sold. Accept no substitutes.

Take Tanlac Vegetable Pills.

JOHN MCINTOSH

Glassville, March 1.—Glassville and the Parish of Aberdeen mourns the death of one of its most highly respected residents, John McIntosh, who passed peacefully away Monday morning, Feb. 25, after a lengthy illness.

Mr. McIntosh was born at Rosshire, Scotland in the year 1855 and came to this province with his parents and other members of the family, settling in Glassville in 1860. The colony was founded by the Rev. Mr. Glass, a Scotch Presbyterian minister, hence the name Glassville, and Mr. McIntosh's father, Donald, was one of the first settlers who came and carved a home for himself and family out of the forests.

John McIntosh early engaged in mercantile life and for the past forty-five years conducted a large general store and lumbering business at which he was highly successful. His business activities brought him in touch and close relations with a great many prominent men and firms, not only in New Brunswick but throughout Upper Canada and the States.

In religion Mr. McIntosh was a staunch Presbyterian, being an elder of the Glassville church and his every endeavor was to help promote the welfare of the church to which he belonged. A Conservative in politics he was a tower of strength to his party and served as councillor and warden for his parish an account respectively. He was recognized by all who knew

LOCAL AND PERSONAL ITEMS

"The Strangers Banquet," a Goldwyn special from Donna Byrne's cosmopolitan story was shown on Wednesday night at the local theatre. A galaxy of stars made this picture a most fascinating one. The play hinged on the difficulties encountered by a young business woman in her endeavors to carry on the big labor enterprise entrusted to her by her father, with specific instructions as to its management. The socialistic peril cropped up throughout the play. On Saturday evening a comedy-drama "The Town Scandal" starring Gladys Walton was shown. This skit portrayed plainly the hypocrisy of times extant among the social uplift elite in many of our towns, and introduced a great many laughs in the ludicrous situations an exposé of their tactics placed them.

The ball given by several of the town's fair sex on Friday evening proved to be a most successful affair. Nearly all the invitations sent out were responded to. The music was furnished by the Florenceville orchestra, Mrs. L. A. White, pianist, Geo. Smith, violin, and Arthur Semple, traps. At intermission delicious refreshments were served by the hostesses.

Miss Dora Lee gave a party to several of the younger set, on Friday evening at her home here. This proved a most pleasant function for all the guests present.

A Lemieux of Montreal spent Sunday at the Kennedy House.

George Crosby of St. John and H. S. Hayfield of Fredericton were here on Wednesday and Thursday.

Mrs. McLean of Woodstock is visiting her daughter, Mrs. Robert Riley.

Mrs. Theodore Jameson is spending a week with her daughter, Mrs. Graham, at Grand Falls.

S. H. Cormier, who has been working in Hartland, spent the week-end at home here.

Numerous relatives and Centreville friends of the late J. E. Long and Mrs. Herbert Boone attended the funeral ceremonies at Tracey Mills last week.

Mr. and Mrs. LeB. Hopkins of Andover and Mr. and Mrs. Lee Owens of Skowhegan, Me., were here last week to attend the funeral of J. E. Long.

Cecil Long of the U. N. B., Fredericton, was home last week.

T. R. Smith of the Excelsior Life, St. John, was here on business last week.

Mr. and Mrs. A. B. Annis of Blaine visited Mr. and Mrs. G. A. West on Friday.

Frank MacKenzie of Grand Falls visited his parents, Mr. and Mrs. J. K. P. MacKenzie over the week-end.

Miss Annie McKay is visiting her friends in Mars Hill.

On Sunday Rev. H. R. Bell will preach in the U. B. church at 11 a. m. Rev. Henry R. Boyer, S. T. M. Executive Secretary of Denominational work for the U. B. Maritime convention, will hold service at Carvell at 3 p. m. and will preach in the Centreville church at 7.30 p. m. Mr. Boyer is a most forceful speaker and all are cordially invited to the service. Following the sermon a round table conference will be held.

Mrs. Geo. Scovmand and daughter have returned to Alberta after a couple of months spent at her old home here with her parents, Mr. and Mrs. W. R. Harold.

The Anglican church on Sunday. Mrs. Elmer Miller of River de Chute has been visiting relatives in this vicinity recently.

Dr. C. H. Holmes of Hartland passed through Greenfield during the week.

DIVIDE

(Intended for last week)

Rev. W. P. Haigh held service in the Argyle church last Sunday morning at 11 o'clock and will again hold service two weeks from Sunday in the evening.

George Anderson who has been home with an injured leg is now working at Crawford's mill again.

Mrs. William Fisher and family of Caribou, who has been visiting her parents, has now gone to Woodstock to visit her sister, Mrs. Alex White.

Many of the men of this place are working at Crawford's mill while some are busy hauling hay and pulp wood to Juniper.

George Buchanan is still laboring at his pulpwood.

Mrs. Herbert Condon and little son Frank are spending the winter with her parents, Mr. and Mrs. Fred Anderson.

Mrs. E. W. Wiley and little daughter Jean went to Foreston Tuesday to spend the afternoon with Mrs. N. H. Bradley.

Miss Nellie Anderson of this place, who has been nursing at Bristol, is now at Woodstock.

CALLED TO REMAIN AT CENTREVILLE BUT WILL GO TO SILVER RIVER

At the third quarterly meeting of the Methodist congregation on the Centreville Circuit held at Lakeville a unanimous invitation was extended to the pastor, Rev. Hugh Miller, to remain for the fifth year. Mr. Miller while appreciating the invitation, had already accepted it as he had already received and accepted a call to Silver Falls. Those present expressed themselves as satisfied with the able and faithful manner in which Mr. Miller carried on the work of the circuit for the four years he had been in charge, during which time he has endeared himself in the hearts of his people as well as made for himself many warm friends among the people of other denominations.

The Quarterly Band feels the Circuit will sustain a loss in the removal of Mr. Miller who will be followed to his new field by the best wishes of all his friends on the Centreville Circuit.

Mr. Leslie spent the week-end with Mr. and Mrs. Henry Curtis.

A BLENDED TEA IS BETTER

Tea from one garden, no matter how fine it is, possesses certain desirable qualities but may lack others, because all characteristics are not developed under the same conditions. If the tea has a perfect flavor it may lack richness; if it has body it is, perhaps, without the same perfection of flavor. To combine all the desirable qualities in one blend has been the work of the "SALADA" Experts for over a quarter century and the brand "SALADA" is the fruit of their labours.

GREENFIELD

A large number of the people from this place attended the funeral of Eugene McCain on Sunday. Miss Lottie Kilpatrick is managing our school very efficiently. Friends of Mrs. Howard Kilpatrick

are glad to hear that she is very much improved in health.

Mr. and Mrs. Basil Kilpatrick spent the week-end in Hartland, guests of their daughter, Mrs. Herbert Smalley.

Mrs. Chas. Caldwell gave a tea party on Saturday evening in honor of her mother's birthday. Those present were Mr. and Mrs. Herbert Kilpatrick, Mr. and Mrs. Harry Kilpatrick and little daughter and Mr. and Mrs. Joe Ritchie.

Rev. Mr. Miller of Centreville delivered a very fine address in the Presbyterian church on Sunday.

Mrs. T. W. Caldwell is spending the winter in Ottawa, with Mr. Caldwell.

A number from this place attended the funeral of Mr. Edner Long on Wednesday.

Rev. Mr. Chowan and Mrs. Chowan, also Mr. and Mrs. Roy McCain were guests of Mr. and Mrs. Charles Caldwell on Tuesday.

Steve Banks, our very obliging salesman passed through Greenfield on Tuesday.

The little daughter of Archie Ritchie is quite ill with pneumonia. All hope to a speedy recovery.

Mrs. Herbert Kilpatrick and Mrs. Harry Kilpatrick took tea with Mrs. Samuel Ritchie on Thursday.

Many friends of Mrs. Howard Kilpatrick are glad to know that she is much improved in health.

Mrs. Ernest Smalley is still at the home of her parents, Mr. and Mrs. Greene.

Potatoes Mean Money—Protect Them!

Deloro "Arsoda," as its name implies, is a highly soluble arsenate of soda, put up specially for the farmers of Carleton and Victoria Counties, for use with Bordeaux mixture. Frees plants from pests at less cost and with less trouble than any other poison made. Highly adhesive. Try it this season and watch the result in increased crops.

Deloro produces one-tenth of the world's supply of arsenic and can make immediate deliveries at all times.

THE INFLUENCE OF ADVERTISING

The man who claims that he never pays any attention to your advertising is probably sincere in his belief. That is because he doesn't notice its influence; he is not directly conscious of its force. Nevertheless, all the publicity of the retailer has its indirect effect, for as a matter of fact there isn't a normal customer in any civilized community who in purchasing goods is not guided by advertising that has reached him somewhere, some time. As a rule, though, your prospect is seldom conscious of being influenced. The people in your community who have eyes to see and ears to hear cannot help but be affected by publicity. Therefore, the advertising you do is working all the time, and makes it easier for you to sell the customer. Most successful retail merchants today realize and work on the principle that advertising does the preliminary work and the sales clerks do the rest.

MRS. WATSON AT FLORIDA WRITES

Dear Observer: I have never read a good book, heard a fine lecture, seen a sight of interest, that I did not think of my friends and wish them to participate.
We, my son, W. F. Watson, his wife and myself, decided to come further south. We left Athens, Ga., on Feb. 12 at 4 p.m. and took train there for Macon, a city of 50,000 arriving there at 9 o'clock p.m., changed cars for Florida. Took sleeper and breakfasted next morning and dinner on train. This brought us to Jacksonville, Florida, an immense city of 100,000 inhabitants. We stayed there one hour. Took train and came into St. Augustine. Toured that wonderful city, the oldest, people say, in the U. S. A. (This might be questioned.) This certainly too lovely for description. The country is level as a checker-board. Its magnolias, tall palmettos and the many families but all unlike, bamboo, rubber, camphor, turpentine and almost a countless lot (nameless to me). Flowers in variety and beauty blooming everywhere. The poinsettias—the accepted Christmas flower, instead of the English holly, 10 to 12 feet high, blooming bright and beautiful.
The architecture in most cases is of Spanish design, beautiful beyond all description. The hotels are ten dollars per day for individuals. Gold headed canes displaying, watch chains

and many diamonds in evidence. We were there about four hours. Next came to a little town called Polokha, about 4000, spent the night at a hotel. Took a motor boat next morning for Silver Springs, celebrated wonder, 18 or 20 passengers in all. The distance, 100 miles. Name of the river the Ocklawaha. The river so narrow in most places I could throw a ball across. Winding beyond expression, but bearing north, the trees forming a beautiful fringe on either side, the tall palmetto, sago, date, royal and many unnamed to me, together with the venerable old oaks, aged far beyond recognition, all veiled in grey moss, seemingly away from the very heavens. All along the banks (if there are banks for most of the trees there are banks for most of the trees) the alligator stretched revealed in his own domain stretched on logs sizes according to age, 5, 12 to 15 feet long. Innumerable mud turtles. These all live peaceably together. The engine of our little boat refused to work for about an hour. This gave us a magic moonlight sail. Long before we came into the head waters of the spring, where the river takes its size, the water becomes so clear and lucid by moonlight, we could see the bottom, fishes, white and grey sands, marvelous reflections. The man at the wheel told us that all along the banks of this river a little farther back the soil rises quite high and dry, that there are rattlers, wild boars and wild turkeys. The rattlers and boars put up a tough fight, the boars usually

victorious. We got in too late to see the springs. Took a taxi and went about 6 miles to a little town called Ocala. Taxi came for us next morning and took us back to the springs, a wonder of wonders. The half has never been told. This river has tributaries aside from gushing water which is rushing up in many places in the bottom. We went out in glass bottomed boats which by some mysterious, unaccountable conditions brought the bottom apparently to the surface—30, 40, 50 or 80 feet below; while the grey sands, cement floors. A man dropped a coin. We saw it going down the 40 feet. It struck on the bottom, turned round and round, laid flat on the bottom; looked as large, seen as plainly as it in his hand. The waters are not only transparent, but seem to possess a magnifying power all its own.
ISABELLE C. WATSON.

EAST JUNIPER

We were all glad to hear the mill whistle on Wednesday.
Mrs. C. V. Green spent a few days last week at her home in Fredericton visiting her mother, Mrs. Henry Currie.

We all extend to Mr. and Mrs. Jas. Kelly, of Bristol, formerly of this place, congratulations on the arrival of a baby girl.

Mr. B. Price returned on Monday after spending a few days at his home.

Mr. Raymond Sweet of Glassville is employed here at the mill, also Mr. Samuel Allen.

Mr. Edward Jewett, formerly of this place but employed at present with Fleming & Gibson, spent Sunday renewing old acquaintances.

Mr. and Mrs. Ray Dickinson spent a few days recently at Mrs. Dickinson's home in Beaufort. They were accompanied by Miss Stoddard.

Messrs Howard and Henry McDonald spent Tuesday evening in Biggar Ridge.

Mr. and Mrs. A. W. Kyle spent a few days last week up at the camps.

If weather conditions present the lumberman will soon have their winter operations landed at the various streams.

We all appreciate very much having the lights turned on.
Henry Saunders returned on Monday after spending a few days with friends and relatives in Perth.

Mrs. Guy McLaughlin who has been visiting her sister, Mrs. John Swin, has returned to her home in Hartland.

Fred Smith's mill is running, giving work to a number of men in this place.

ASK YOUR DRUG-GIST FOR VICKS

Is Best for Grippe and All Cold Troubles

Mrs. Willie Hobert, of Gulgater St., Shediac, New Brunswick, says: "I have used Vicks VapoRub for a cold and obtained great results. My children were taken sick with the grippe so I went to my drugist and purchased a full-size jar and rubbed their chests good and they are all well now. I cannot recommend Vicks too highly and will never go without it in my home."

Vicks VapoRub comes in salve form, and for chest colds, you just apply it over throat and chest and cover with a warm flannel cloth. The body heat releases vapors that are inhaled all night long into the throat and lungs—Menthol, Camphor, Thyme, Eucalyptus and Turpentine. Vicks is also absorbed through and stimulates the skin, aiding the vapors to relieve congestion. Usually colds go on one night and croup is commonly relieved in 15 minutes.

At all drug stores, 50c a jar. For a free test size package, write Vicks Chemical Co., 344 St. Paul St., W. Montreal, P. Q.

Though Vicks is new in Canada, it has a remarkable sale in the States. Over 17 million jars used yearly.

FAMOUS FARM BUILDINGS BURNT

The famous Howard Nichols barn and residence at Limestone, N.S., was razed to the ground by fire on Saturday night. The fire started in the barn from causes yet unknown. Everything was completely destroyed, including a great number of horses, cattle and other stock which perished in the blaze.

The reflection of the flames lighted up the surrounding country for several hours. The buildings, which were only partly covered by insurance, were erected last summer at enormous expense. The barn cost \$150,000 and the residence \$40,000 and were among the finest in the eastern United States. Tourists from all parts visited the buildings in the summer season.

Cards of Thanks

We wish to take this opportunity of expressing our thanks and appreciation to all our friends and neighbors who so kindly assisted us at the time of our recent sad bereavement in the loss of Dear Wife and Mother.

Cook Dickinson of Carleton was a caller at the Observer office a few days ago and brought the first sprig of pussy willows for this spring; although the last pussy willows to be left at the office came on Christmas day.

C. M. Sherwood, Bath, is landing the heaviest stock of seeds he ever bought. No. 1 Timothy \$2.30 and lower grades in proportion. All kinds of Clover, cheapest, since the "world war." White Flax, Red Flax and Marquis Seed Wheat, clean and fresh from the west, \$2.35.

A very enjoyable evening was spent at the home of Rev. P. J. Quigg, Woodstock, when a number of his friends from Jacksonville gathered on March 7 and spent the evening in singing. After refreshments were served Wesley Marston presented him with a purse of money. On leaving they all joined in singing that old favorite hymn "God be with you till we meet again."

Mrs. M. L. Hayward was hostess to a party of ladies at her home last evening and a very pleasant time was spent. Among other forms of entertainment a very interesting contest was put on, the one making the highest points to capture a prize. Miss Marion Stevens was the lucky victor while to Mrs. J. F. Murdoch a consolation prize was awarded. A very nice luncheon was served. Those invited were: Mrs. H. E. Adams, Mrs. Roy Bell, Mrs. J. W. Montgomery, Mrs. C. E. Allen, Mrs. E. C. Morgan, Mrs. Wm. McLeod, Mrs. Rex York, Mrs. Cora Belyea, Mrs. J. P. Cook, Mrs. J. F. Murdoch, Mrs. T. G. Simms, Mrs. H. Bradley, Mrs. Pearl Thornton, Mrs. Percy Barker, Mrs. G. N. Milk and Cream—rich and pure—can serve a few more customers. Also have a new milk cow for sale. E. A. Britton, Hartland. Phone 57-14.

Two farms were sold at auction in front of the post-office on Saturday. E. W. Laskey bid in the John M. Newers farm, Coldstream, and also bid in the Billings farm at Cloverdale for the mortgage.

All winter long the town road machine, a piece of property costing the people around \$500, was left unsheltered and uncared for in the bleak region of Hillcrest Avenue. The Observer has found many words of commendation for the present council, but here is one occasion when a sharp reprimand must be administered.

A week ago Sunday Rev. G. F. Bolster, who a year ago came from Winnipeg to take the pastorate of Hartland United Baptist church, tendered his formal resignation. At a meeting of the church officers on Wednesday it was decided to ask him to remain and yesterday he gave an affirmative answer and will hold the pastorate for an indefinite time.

Mrs. A. L. Baird entertained very pleasantly Friday evening at a thimble party given to a number of her friends. Those invited were Mrs. S. S. Miller, Mrs. G. F. Bolster, Mrs. Cora Belyea, Mrs. Wm. Albright, Mrs. H. N. Boyer, Mrs. H. R. Nixon, Mrs. J. F. Murdoch, Mrs. Pearl Thornton, Mrs. I. A. J. Ward, Mrs. Ray Teddie, Mrs. Wm. McPherson, Mrs. Frank Plummer and Miss Marion Stevens.

There will be service in Holy Trinity on Sunday morning at 11 o'clock and in evening at 7.30. At the evening service the subject will be "Did our Lord Found the Church?" There will be also service at Windsor at 3 p.m. On Friday at 11.30 a.m. the Litsay will be said, while the young people's service will be held at 4.30 p.m. At 7.30 p.m. there will be evening song and sermon, the subject of which will be "The Mastery over Self."

In its issue of last week the Edmundston Observer produced a symposium of opinions of Grand Falls development from towns all over the province and from many prominent men. Without exception the demand was for immediate development of the power. Editor Hardwick is to be congratulated upon his enterprise in producing so good a boom edition and the Carleton Observer this week has pleasure in reproducing most of the excellent matter that he so ably prepared for his Edmundston Journal.

Mr. and Mrs. Franklin Clark spent Sunday in Fredericton.

We have our new wall papers in 24 different patterns, ranging from 10c to 60c a roll. Keith & Plummer Ltd.

H. H. Hatfield, C. F. Gallagher, G. G. Porter and Hon. W. F. Jones, K. C., returned yesterday from Boston where they went on Saturday in connection with a suit for a damaged shipment of potatoes.

A quarterly meeting of the Reformed Baptist church convened at Fredericton over the weekend. Representatives from the Hartland R. B. church were Rev. E. W. Lester, Mr. and Mrs. Franklin Clark, A. L. Baird and Wm. Rideout.

George M. Thorne, of Sussex, representative of the Renfrow Machinery Co., Ltd., is here assisting District Agent G. W. McQuarrie. Mr. Thorne is confident of a great improvement in business conditions during the coming year, which he states now shows every indication of exceeding last year's volume by over fifty per cent. This estimate, he said, was based on the amount of orders received by the Renfrow Co. for spring delivery and which Mr. Thorne believed applied equally to other lines of business.

At times during the past two or three years the Carleton Observer has urged upon the C. P. R. the operation of a cafe parlor car on Trains 151 and 152. The chief necessity for this was through the fact that especially on Train 152 passengers left Edmundston early in the forenoon and had no opportunity for a bite to eat until late in the afternoon at Woodstock. Later, to be set to the credit of the C. P. R. management, arrangements have been made for refreshments at Aroostook Junction and a splendid meal is served there at the C. P. R. hotel, the train stopping directly in front of the building. Many travellers are taking advantage of this innovation.

MRS. MARSHALL DONNELLY

The community of Lansdowne was saddened when the news reached them of the death of Mrs. Marshall Donnelly, one of Lansdowne's aged and most respected citizens. Mrs. Donnelly, having gone to Lowell, Mass., with her husband to spend the winter with her daughters, was seized with arterio-sclerosis, and after about eight weeks suffering passed peacefully away on March 5. The remains were brought to her old home in Lansdowne for burial accompanied by her husband and near relatives.

Deceased was 67 years of age and leaves to mourn a sorrowing husband, one son, C. Perry, at home, four daughters, Mrs. B. W. Dixon, Mrs. G. A. Fisher and Mrs. Iva Shaw at whose home deceased passed away, all of Lowell, and Mrs. John Perry of Newport, Maine. Three brothers, Charles and Alonzo Gibson of Bath, and Rainsford in the West also survive, besides twenty grand children, a large circle of relatives and a host of friends.

Mrs. Donnelly was a woman of strong Christian character, a member of Lansdowne Primitive Baptist church. She professed religion in early life, and was counted among the "faithful." The church as well as the community has sustained a great loss in the death of our esteemed sister, but what is our loss we trust is her gain.

Funeral services were held at Lansdowne church, conducted by Rev. H. V. Bragdon, assisted by Revs. G. A. Gibson and J. M. Mallory. Very appropriate music was furnished by Lansdowne choir, Mrs. Edwin Melville presiding at the organ. Floral offerings were beautiful and abundant, and the large concourse of people in attendance bore testimony of the high esteem in which deceased was held. Interment was made in Lansdowne cemetery. Much sympathy is extended to the bereaved husband and sorrowing family.—H. V. B.

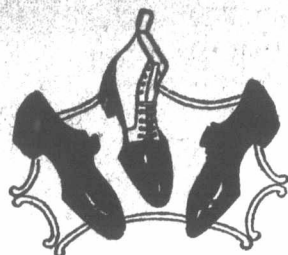

Card of Thanks

We wish through the columns of The Observer to thank the many friends for their great kindness in our recent sad bereavement, also those who sent beautiful flowers and we wish also to thank the choir at the church, all of which was to us a comfort in the loss we have sustained. Mrs. John McIntosh, Arthur E. McIntosh, Mrs. Harold Cross.

STAR CARS

A few weeks ago I announced the agency for this

Low Price, Sturdy Built Car

Let us point out a few strong features:

- We are prepared to back what we say
- It has the Red Seal Continental Motor
- The Tilleston Carburetor
- The M. Spicier Universal Joint
- The Timplin Front and Rear Axle
- Gear-set is the Warner Type
- The A. & L. Generator and Starter
- The A. & L. Ignition

We wish to point out that all these parts are used in a number of high priced cars, such as the Willys-Knight, Chalmers, Durant, Packard, Studebaker Light and Heavy Six, Paige, etc. If you are thinking of buying a really nice car here is the lowest priced car in the world with exception of the Ford. It is the lowest priced 4-shift car. It classes with automobiles costing several hundred dollars more and looks its class. One on exhibition now.

Fertilizer? Farmers Attention

We are offering our high grade complete fertilizers for cash at prices that are comparatively lower than any combination of raw materials you may purchase.

It is worth something to you to have a fertilizer carrying a substantial proportion of Tankage, well mixed, well bagged and ready to use, a fertilizer that carries the guaranteed analysis on every bag and manufactured by a company whose brands were up to guarantee and in most cases, exceeded the guarantee by substantial margins according to the last Government report.

You can buy "Made at Windsor, N. S." fertilizers now on this basis if you act quickly.

GRAND FALLS DEVELOPMENT

Opinions from Far and Near Gathered by the
Edmundston Observer

(Edmundston Observer)

"We produce below opinions gathered by wire from different points in New Brunswick regarding the development of Grand Falls Hydro. Our readers will notice that these opinions are from widely different places, and that they are invariably in favor of the IMMEDIATE development of the Falls. At second and most noteworthy thing, is that the answer received show that there is practically a unanimity of opinion that the power SHOULD BE DEVELOPED BY THE GOVERNMENT OF NEW BRUNSWICK.

During the past generation Grand Falls has been in the hands of private corporations. Last year the Government backed by public sentiment, cancelled the leases which private corporations had over Grand Falls. The experience of the past should surely be sufficient for any thinking man, and never again should these God given resources be taken away from the people of the Province.

Grand Falls belongs to the people, not of this generation alone, but of future generations. The Power inherent in those Falls should be developed for the people by the Government. Any Government which puts the Grand Falls hydro into the hands of corporations or private individuals will be unworthy of the trust which the people have given it.

MRS. MISENER'S
ACHES AND PAINSVanished After Using Lydia
E. Pinkham's Vegetable
Compound

"Branchton, Ont.—'When I wrote to you for help my action was mostly prompted by curiosity. I wondered if I, too, would benefit by your medicine. It was the most profitable action I have ever taken, I heartily assure you, for through its results I am relieved of most of my sufferings. I have taken six boxes of Lydia E. Pinkham's Vegetable Compound Tablets and a bottle of Lydia E. Pinkham's Blood Medicine, and I can honestly say I have never been so well before. I had suffered from pains and other troubles since I was fifteen years old, and during the 'Great War' period I worked on munitions for two years, and, in the heavy lifting which my work called for, I strained myself, causing pelvic inflammation from which I have suffered untold agony, and I often had to give up and go to bed. I had doctored for several years without getting permanent relief, when I started to take your medicines."—Mrs. GOLDWIN MISENER, Branchton, Ont.

BRIDGE NOTICE

NOTE—No tenders will be considered unless the persons tendering distinctly state that they have made or caused to be made an inspection of the site of the proposed work.

SEALED TENDERS, marked "Tenders for Stickney Brook Mouth Bridge" will be received at the Department of Public Works, Fredericton, until Wednesday, 19th day of March, 1934, at 5 o'clock, p.m., for building Stickney Brook Mouth Bridge, main road east side St. John river, Parish of Pepl, Carleton Co., N. B., according to plans and specifications to be seen at the Public Works Department, Fredericton, N. B., at the office of the Provincial Tax Inspector, Bank of Montreal building, St. John, N. B., at the office of A. D. McCallum, Esq., Florenceville, and at the store of Allen Curtis, Esq., Stickney, N. B. Each tender must be accompanied by a CERTIFIED BANK CHEQUE made payable to the PROVINCIAL SECRETARY TREASURER or Cash for an amount equal to five per cent of the total amount of the tender, which will be forfeited if the party tendering declines to enter into contract when called upon. Such Certified Bank Cheque or Cash will be returned to the parties whose tenders are not accepted, but with the party to whom the contract is awarded, it shall be retained until the final completion of the contract and its acceptance by the Department. Not obliged to accept lowest on any tender.

R. J. VENIOT,
Minister of Public Works,
Department of Public Works, Fredericton, N. B., February 27th, 1934.

And events will have to be watched with the greatest care to see to it that the people are not deceived, that the people are not cheated. For efforts will be used, efforts are even now being made, to get New Brunswick to place the heritage which has come down through the ages, into the hands of men who will at every chance exploit the Province and the people of the Province thereof.

From J. King Kelley the County Secretary of St. John, and Secretary of the union of New Brunswick Municipalities, the following telegram was received. Mr. Kelley is expressing not his own views alone, but the views of the Association of New Brunswick Municipalities:

"The Union of New Brunswick Municipalities has solemnly declared as its policy that the water powers of this province should remain part of the public domain, to be developed and managed by this province. If the government is satisfied from best information and advice obtainable that Grand Falls can be made commercially profitable, the logical conclusion is to proceed with all possible speed to construction."—J. KING KELLEY, K. C.

From the village of Bath we got this: "Believing that development of Grand Falls Power absolutely necessary future prosperity this Province, strongly recommend immediate development said power."—BATH VILLAGE COMMISSIONER.

From His Worship the Mayor of Grand Falls the following was received: "I strongly endorse the immediate development of power at Grand Falls. It should be developed by Provincial Government; if that is not possible then the Government should assist to the extent of fifty-two per cent in order to protect peoples interests. Unless our powers are developed for manufacturing purposes our population will continue to decrease."—D. J. COLLINS, Mayor.

From Ottawa comes this wire from Pius Michaud, M. P., member for Restigouche-Madawaska: "The Grand Falls Water Power should be developed immediately. New Industries will be established in New Brunswick; more people will be employed, our raw materials will be manufactured at home, our population will increase, if we have more hydro energy. Every interested citizen should urge this development."—PIUS MICHAUD.

Right to the point is the following: "My own opinion is that the neglect to develop Grand Falls power in the past has been a serious loss to development of the Counties adjacent, and the sooner it is done the better. Development of our own natural resources is the right policy."—A. F. CAMPBELL, Manager for F. E. Sayre, Hartland.

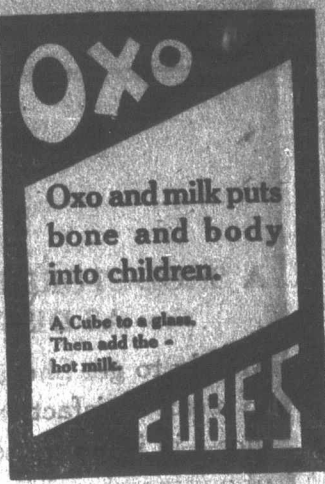

"I heartily endorse the immediate development of Grand Falls Power for hydro. Have it done by a commission under control of Government of the Province. That every inducement be given capitalists to establish industrial, especially pulp wood, and other wood into finished products, on the upper St. John and elsewhere."—L. E. McFARLAND, Mayor of Hartland.

The Mayor of Sackville, aptly uses a quotation from the Bard of the Avon: "This section would heartily endorse development of Grand Falls power. The whole Province is calling for this power. In Grand Falls nature comes to our aid bidding us harness up; and there is a tide in the affairs of men which taken at the flood leads on to fortune. It would mean a building up of the whole Province, and be a mighty stimulus to the industrial and commercial prosperity of New Brunswick."—A. CAMERON, Mayor of Sackville.

From across the border of New Brunswick at Van Buren, comes this wire: "Develop the power at Grand Falls. Here is power that nature furnishes free, going to waste for thousands of years, when it should furnish cheap electricity. Industries here-tofore unthought of for this section will spring up, labor will receive better returns than ever, and capital its due recompense. Its benefits and advantages will flow to all without exception."—THE HAMMOND LUMBER CO.

From the Progressive member for Victoria-Carleton at Ottawa, T. W. Caldwell, we get this: "I notice engineers report on Grand Falls power development is ready for consideration by Provincial Government. The future prosperity of New Brunswick depends largely on manufacture of our raw materials, such as pulpwood, hardwoods, etc., into the finished article before being exported. This is only possible by the development of cheap power. It is therefore imperative that Grand Falls, the best water power in the Province, should be developed as speedily as possible."—T. W. CALDWELL.

From Campbellton, and from the lumber firm of Richards & Son Ltd., comes this: "If commission and experts report Grand Falls power can be developed at reasonable cost, we

think Government should develop and control as more and cheaper power is badly needed along North Shore. We are in favor providing costs of development are within reason."—W. S. RICHARDS.

From Grand Falls, and another lumber concern: "We favor immediate development Grand Falls power by Government."—JAS. BURGESS & SONS.

And from Grand Falls again: "We favor Government developing Grand Falls Power, and operating for the people of the province."—GREEN RIVER LUMBER CO., O. B. Davis.

And from the Mayor of Bathurst: "Most heartily approve of proposed hydro electric development at Grand Falls whether by Government or private enterprise. The great benefits derived by our town from Nepequin water power must satisfy everyone

that Grand Falls power would greatly assist industrial development. If transmitted Bathurst could use a lot of this power."—W. J. KENT, Mayor. That Telegram tells of what has been done and shows what can be done.

And from another public man. This time from Campbellton: "If the Government of New Brunswick can reasonably be assured to sell sufficient electrical energy to look after the sinking fund and the interest on the bonds, they should lose no time in proceeding with the immediate development of Grand Falls. It would relieve certain sections of New Brunswick especially small towns, of serious problems now confronting them."—ARTHUR T. LEBLANC.

And from a newspaper in Bathurst: "Bathurst looks to the Government to undertake the development of Grand Falls Power just as quickly as it can make the necessary arrangements. Development of such an important public resource should not be left in private hands nor control ever allowed to pass from the people."—NORTHERN LIGHT.

(Our sentiments exactly.—Editor Observer.)

From H. B. Anslow, editor and proprietor of the Campbellton Graphic: "Grand Falls development will mean the beginning of an industrial development in the counties of Restigouche and Madawaska such as has never been witnessed. Hydro power will mean more to us than the wealth of our forests, it will make possible the establishment of many plants for the manufacture of all things dependent upon forests for raw material."—H. B. ANSLOW.

From our neighboring town of St. Leonard's comes a message from the

Mayor: "I have always been a booster for Grand Falls power, there is no doubt that the immediate development of this power will be a great asset to our Province. May the Government do its utmost to give cheap power to the Northern Counties. The people will approve of the project."—FRED. E. RIVARD, Mayor.

And from the local member, Dr. Violette, there comes the second message from St. Leonard's: "In my address at Fredericton last year I strongly urged the development of Grand Falls power. Ever since then I have done my utmost to help bring on such development. I hope that before long cheap power will be available for all the northern counties of New Brunswick, including Madawaska."—L. J. VIOLETTE, M. P.

From the St. John Globe, ever the Champion of Government Ownership, we received this heartening message: "With business to carry construction and operating cost, immediate Grand Falls development means tremendous impetus to industry, and abolition of oil lamp all over Province. Musquash cut St. John Light and Power cost in two, and has given energy to farms and homes and factories throughout southern New Brunswick. Insist that control of development and sale of power be kept public, no matter what private interests may promise."—ST. JOHN GLOBE.

From Woodstock the Mayor wires as follows: "Believe immediate development of Grand Falls would fill a long felt want in furnishing necessary power for industries that are fighting for their existence at the price they have to pay for power and fuel. Would endorse development at once by private

"What Is The Meaning Of
Neuralgic Pains?"

PERSISTENT attacks of Neuralgic or Sciatic pains point to an impoverished nervous system and a weak, watery condition of the blood.

Darting, stabbing pains with intervals of pain or aching are common to neuralgia, sciatica and lumbago.

The pain follows the nerve trunks or spreads to other nerves and there are tender spots.

In the head—neuralgia. In the back—lumbago. In the hip—sciatica.

Temporary relief is not sufficient for the attacks become frequent and more severe as age advances and it is more and more difficult to obtain relief.

Sleep, relaxation, nutrition are necessary to restore the nervous force exhausted by the activities and worries of life.

And in this connection Dr. Chase's Nerve Food is the most satisfactory treatment available as a means of enriching the blood, strengthening the nerves and building up the system, so that it is able to throw off ailments of this nature.

Why suffer these repeated attacks of pain and torture when by a few weeks' patient treatment with this well-known and

proven restorative you can bring your system up to a condition that throws off such ailments.

With vitality running low you are an easy prey to colds and all sorts of dangerous diseases.

Neuralgia and sciatic pains are a warning to you to fortify the system by the use of such reconstructive and invigorating treatment as Dr. Chase's Nerve Food.

Miss Margaret Conolly, Brantford, Ontario, writes: "For three or four years my health had not been very good, and especially in the Spring I used to become quite run down. For some months before I started using Dr. Chase's Nerve Food, I had a tired feeling continually, with pains up the back of my neck and head, and at times felt I would have to give up work. I could not think clearly and often had neuralgia, followed by dizziness. I was nearly 'all in' when I began using Dr. Chase's Nerve Food, but after I had completed a treatment of six boxes, I felt better than I had ever felt before."

You will notice that while the price of Dr. Chase's Nerve Food has been increased to 60c, the box now contains 60 pills instead of 50 as formerly.

Likewise Dr. Chase's Kidney-Liver Pills are 35c. for 35 pills, instead of 25c. for 25 pills. Edmondson, Bates & Co., Ltd., Toronto.

SATISFACTION

A seemingly low price for an article is always attractive, but unfortunately frequently misleading. How often is heard the remark—"I would rather have paid a little more and got the quality I wanted."

As a matter of fact that "little more" was necessary to obtain the better quality. Good goods require a higher price to be good.

There are cheaper teas than "KING COLE"—but would you be satisfied with their quality?

company with Government assistance."—J. R. BROWN, Mayor. (Continued next week)

NEW PAIGE

BATH BREEZES

The season of lent has arrived. Social activities such as dances, card parties, etc., have ceased almost entirely.

The Premier open air rink which was such a grand success, is now on account of the mild weather merely a mass of shell ice. The skating season for 1924 has ended.

The rink, an entirely new adventure, so far as this town was concerned, has proved to be such a success that in future years, both old and young, shall deem it to be a necessity.

John Kearney, Minto, N. B., was in town during the past week.

C. F. Gallagher left on Saturday last for Boston, being accompanied by Guy Porter, Andover and H. H. Hatfield, Hartland.

Miss Rose Leuehan spent Sunday at her home in Woodstock.

The little six year old son of Harry Keenan, Johnville, was removed to the Fisher Memorial Hospital, Woodstock, where he was forced to undergo an operation for appendicitis. Latest reports are that though his condition is serious, he is doing as well as can be expected.

Mrs. M. E. Commis was called to Chatham, N. B., on Tuesday last on account of the illness of her daughter, Miss Kathleen, nurse-in-training, at the Hotel Dieu Hospital, who is ill with typhoid fever. Miss Commis has many friends who wish her a speedy recovery.

G. S. Larlee arrived home on Monday of last week from Montreal, where he was called on committee business in connection with the O. R. T.

John T. Commis was a business caller in Hartland last Saturday.

A. B. DeMerchant and Herbert Hart arrived home from Island Falls on Saturday.

The many friends of Daniel Higgins, Moose Mountain, will regret to hear that he is confined to his home with

heart trouble.

Sheriff A. R. Foster and Deputy Sheriff Moore were callers in town on Tuesday of last week.

Robert Ryan spent a few days of the past week in St. John. He returned on Tuesday.

A. A. Nevers, Hartland, was in town Monday and registered at Day's Hotel.

Miss Lillian Sullivan, Moncton, who has been on a visit to her mother, Mrs. Agnes Sullivan, Mechanic St., returned home on Monday.

The Women's Hospital Aid intend holding a St. Patrick's Tea on Tuesday March 17, at the home of Miss M. Lister, R. N.

On the same evening in Johnville, a concert will be held in Tara Hall.

Miss K. E. Bohan, accompanied by her niece, Miss Ursula Bohan, left on Monday of last week for St. John. Miss Bohan to attend the millinery openings and Miss Ursula to resume her studies at Mount Carmel Academy.

A large number who were employed in the lumber woods have returned home. A large contingent arrived home on Saturday from Island Falls, Me., and more are arriving from different camps throughout the different sections of the province and the State of Maine daily.

The roads on account of the mild weather are in a very bad state, and the past week has been marked by an unprecedented movement of produce and lumber. The amount of pulp this year, purchased by local pulp dealers for shipment is the greatest ever known in the history of this place. The amount of logs, long lumber, timber and lath which has been shipped from this place is a record it is stated.

THANKS FOR PATRONAGE

We hereby wish to notify our many customers that we have sold our General Store business at Bristol to A.

W. Phillips and R. R. Marich and wish to thank our customers for their generous patronage which helped make our business a success, also would like to announce that I expect to stock a line of building materials such as Cement, Brick, Lime, Shingles, etc.

NOTICE OF APPLICATION FOR LEGISLATION

NOTICE IS HEREBY GIVEN that application will be made to the Legislative Assembly of the Province of New Brunswick at the next Session thereof, for an Act to change and define the limits of the water and fire protection system within the Town of Hartland, referred to in Section 2 of the Act 3 George V, Chapter 105, such limits to be as follows:

Commencing at the junction of the Becaguinic River with the St. John River on the south side of the said Becaguinic River, thence running southerly along the eastern bank or shore of the St. John River to the southern line of lands owned by W. W. McMillin line, crossing the main highway road leading from Hartland to Lower Brighton, the Canadian Pacific Railway track and the old highway road (now called High Street) or its prolongation southerly, to a point distant two hundred feet east from the easterly side line of said High Street, or its said prolongation, thence in a northerly direction and parallel to the said side line of said High Street to the said Becaguinic River and thence following the various courses of the last mentioned river down stream to the place of beginning.

And also for authority to the said Town of Hartland to assess each year the real and personal property situate within the said limits and the income of the persons residing within the said limits in such amount as the Town Council of the said Town may deem sufficient to provide for a fire protection service within the said limits; to provide by-law or resolution of the said Town Council a schedule of charges to be collected the same for the use of water to be supplied by said Town to persons within the said Town, residing either within, or outside of, the said water and fire protection system limits; to make a further assessment each year on the real and personal property of persons using said water within the said Town and upon the income of such persons, to provide for all further moneys which may be required to operate and maintain the water system within the said Town and to pay interest and provide for a sinking fund or sinking funds with respect to any bonds, debentures or other indebtedness now or at any time hereafter outstanding against the said Town for and in respect to the said water system of the said Town; and for the purpose of authorizing the Town Council of the said Town, or such agent as the said Town Council may appoint, to lay out a public winter road over lands contiguous to the Rockland Road, so called, within said Town, or over lands contiguous to any other highway in said Town with power to the said Town Council to make such regulations with respect to land damages and the assessment payment thereof to the owners of the said lands and with respect to the laying out of said winter road or roads, the width thereof, and all other matters necessary to provide passage over said winter roads between the first day of December in any year to the first day of April in the following year and also in regard to filing the description of the said road or roads, and to authorize the said Town Council, or any agent appointed by it to take down at the commencement of, or at any time during the winter, the fences along those portions of any highway within the said Town liable in the judgment of the said Town Council, or of such agent, to snowdrifts during the winter, provided such fences are what are ordinarily known as worm or rail fences of like movable description and to replace the same at the commencement of the spring.

PERTH NOTES

(Intended for last week)
Mr. and Mrs. Albert Moore left last
week for New York to visit friends.
The Round Table Literary Club met

Thursday evening with Mrs. C. Arm-
strong, and Miss Margaret Lane.
Quite a number from this place at-
tended the Baptist "at home" in the
Baptist parsonage, Andover, on Fri-
day evening. A very enjoyable time
was passed.

Mr. and Mrs. Haden Inman are re-
ceiving congratulations on the arrival
of a little son at their home on Tues-
day.

Much sympathy is extended to Mr.
and Mrs. Tom Johnston in the death
of their infant son, Franklin, on Wed-
nesday.

Mrs. G. G. Graham and Mrs. S. Win-
chester entertained at a shower party,
at the former's home on Saturday af-
ternoon in honor of Miss May Mal-
lory, one of our popular young ladies,
who is to be one of the principals in a
happy event this week. She received
some very nice gifts of silver, etc.

Mrs. Fannie Craig of Arrostook Jet.
was in town during the week.

Mrs. Alice Dionne left on Saturday
for Toronto, where she will visit her
daughters, Mrs. Kertson, and Mrs. F.
Merritt.

Mr. and Mrs. Herbert Dionne of
Gladwyn were in town on Saturday.

Mrs. C. E. Raymond entertained a
number of friends very pleasantly on
Friday evening.

"That I am alive and in good health
today I can attribute to nothing but
Tanalac," is the remarkable statement
recently made by Mrs. Eva Varalo,
233 Cumberland St., Ottawa, Ontario,
Canada.

"For two long years I suffered ter-
ribly from indigestion, constipation,
extreme nervousness, sleeplessness,
palpitation of the heart, almost con-
tinuous sick headaches and shortness

of breath, until life seemed a burden
to me and I had given up hopes of
ever regaining my health.

"But Tanlac helped me the very
first day I took it, and now after using
seven bottles my health and strength
are as fine as can be, and everyone
remarks how well I look. I eat heart-
ily, my food digests just perfectly, my
nerves are steady, I sleep sound, my
heart never troubles me and work is
like play. Really the way the treat-
ment restored me to perfect health
seems almost miraculous. Tanlac is
simply grand."

Tanalac is for sale by all good drug-
gists. Accept no substitute. Over

ROCKWELL-ROXBOROUGH

The home of Mr. and Mrs. Bert
Rockwell, Upper Waterville, was the
scene of a pleasing event on Wednes-

day afternoon, March 12, when their

son Clarence E. was united in wed-
lock with Miss Lena Roxborough of
Good Corner. The bridal pair entered
the parlor at 3 p.m. to the strains of
the wedding march played by Miss
Beatrice Prosser, where the ceremony
was performed in the presence of the
immediate relatives of the contract-

ing parties by Rev. J. M. Mallory. The
room was prettily decorated and the
young couple presented a pleasing ap-
pearance. After the ceremony the
guests repaired to the dining room
where a sumptuous repast was served.

The presents were numerous and ex-
pensive, showing the high esteem in
which the young couple are held by
their many friends.

In the evening, despite the inclem-
ency of the weather, a large crowd gath-
ered to fittingly serenade the happy
pair.

After a bounteous treat was
served the play youths a pleasant
evening was passed with music, sing-
ing, recitations, stories and pleasant
conversation. The party broke up at an
ample and prosperous and happy jour-
ney through life.

Why Ford Predominates

**Endorsed By
Fleet Owners**

In almost every business where fast
and economical delivery service is a
factor, Ford trucks have established an
enviable reputation.

The experience of Robert Simpson
Company Limited, is a typical example.
The Robert Simpson Company
operates one of the largest truck fleets
in Toronto, 55 Fords.

This fleet has proved so satisfactory
that it is being constantly enlarged;
so practical and economical in oper-
ation that during the past five years not
a single car or truck has been traded in.

The prompt and efficient delivery
system which is an inseparable part of
this store's service to the public is large-
ly due to the flexibility and staunch
endurance of this Ford delivery fleet.

The Ford has the confidence of its
users. That's why there are so many
Ford users.

SIXTEEN!

Maybe we can't make you look like sixteen, but we can make you see like sixteen when you look.

Our scientifically fitted KYPTON GLASSES enable you to see objects near or far away and they have the same appearance as glasses a person sixteen wears.

It is always a pleasure to show and explain about these wonderful glasses.
