CAMPBELLTON SHIP LAUNCHED

Fine Four Master Takes Water From McLennan Shipyard Wednesday.

There she goes! Cheers. This was the cry which went up from the thousands of spectators which crowded the river bank and every point of vantage near the McLennan ship yard Wednesday evening, when the handsome four master, "Harry A. McLennan" slid gracefully into the water. The christening was done by Mrs. Alex. McLennan, who broke a bottle of champagne over the bows as the vessel began to move. The name was given in honor of the eldest son of Mr. and Mrs. Alex. McLennan, who gave his life in the great war.

There was not a hitch in the entire proceeding. At 6:35 the last block under the keel was cut out and those standing near saw a slight movement when the order was given to cut the ropes. Then the schooner glided down the ways with increasing momentum as the water was reached. A tug was at hand and tied up with the vessel and towed her to the government wharf where her sails are being bent on, and she will be ready to take a cargo in a day or two. It has not yet been decided where she will load.

The vessel has been built so as to provide a safe refuge in English Lloyds. Her dimensions are as follows: Keel 157½ feet, length over all 186 feet, beam 35 feet, depth of hold 14 feet, gross tonnage 719.00, net tonnage 643.

Mr. Alex. McLennan, and the master builder, Mr. George Henderson of Douglastown, N. B., were warmly congratulated by all upon the handsome appearance of the craft and the successful launching.

Mr. Henderson was seized by a number of the workmen and "bounced" in real college fashion.

The Campbellton band was present and played a choice programme much to the delight of all.

It is nearly sixty years since a vessel has been launched here. In the spring of 1860 the Anna Belle was launched.

WELCOME HOME TO SOLDIERS
Shiretown Honors Returned Men at Pleasant Function Tuesday Evening.

Dalhousie, N. B., Aug. 27.—Dalhousie citizens gave a tremendous "Welcome Home" to the returned soldiers of the town last evening. The convention hall, which has a seating capacity for six hundred persons, was crowded to the doors, and many were unable to secure seats. All the returned heroes, who were home, marched from the headquarters of the G. W. V. A. headed by Capt. John R. Diabrow, and occupied seats on the platform of the large hall, which was nicely decorated for the occasion. Prominent on the walls were inscriptions of "Victory," "Peace," "Welcome Home," and numerous flags of our allies. The main feature of the evening was the unveiling of an "Honor Roll" the gift of a lady of the town, to remain permanently in the hall. The Honor Roll is a grand piece of work. The flags of our allies, entwined in the Union Jack at the top gives the picture a very attractive appearance. The Roll contains the names of 152 young men from Dalhousie, who enlisted in the great war, and the names of four young ladies of the town, who served in France as nurses.

Hon. C. H. LaBille, who was chairman of the organization committee, presided. Excellent music was furnished during the evening by Sheehan's Orchestra.

Patrons arriving on the Suburban will be in ample time to see the Polymorphian Parade.

A prize is being offered for the best decorated home. Get busy.

REV. FR. BOUCHER'S 40th ANNIVERSARY

Presentation to Popular Dalhousie Priest Last Sunday—Faithful Services.

Dalhousie, N. B., Aug. 26.—On Sunday Rev. A. A. Boucher, who has been in charge of the catholic parish of Dalhousie, during the last twenty-two years, celebrated his 40th year of priesthood. His parishioners, desirous of expressing their gratitude to him, for the great interest he had taken in their spiritual and temporal welfare, profited of his anniversary, to present him with addresses, accompanied with a purse.

The ceremony was held in the convent hall. Previous to the presentation of the addresses, the large audience presented a programme of recitations, music and singing by the pupils of the convent. Sheehan's Orchestra was in attendance. Miss Yvonne Roy, the bright daughter of John Roy, a returned soldier, read a beautiful address in French and Miss Eva LeBlanc, presented Father Boucher, with a pretty bouquet of flowers, whereupon Mr. T. Harry McEvoy, son of P. McEvoy, manager of the Dalhousie Lumber Co., Dalhousie, presented the platform, and in a most eloquent manner delivered an English address. The address referred to not only Father Boucher's successful career as a priest, strong stress was laid on his great efforts made for the education of the young. The Sacred Heart Convent of Dalhousie, was a monument in proof of his real zeal for religion and education. His generosity went further and after the erection of the convent building, he had again at his own expense built the grand Hall, which would do credit to any larger town or city.

Rev. A. A. Boucher, taken by surprise, replied to the addresses in both languages and thanked his parishioners for their expression of gratitude and for the gift. He said without the generosity of his people he could not have achieved the splendid results he did. He also paid a very high compliment to the good sisters who sacrificed their lives for the uplifting and the education of the young and he asked all to continue the good work.

Rev. Theo. Van de Moortel, the eloquent preacher of Belledune, N. B., spoke for himself, and for all the priests present, from Restigouche Co. and elsewhere. His remarks were frequently applauded as he described the career of a priest, who had devoted forty years of his life for the good of humanity. Education and more education was needed in order to prepare the world against Bolshevism and Socialism.

Hon. C. H. LaBille, spoke on behalf of the parishioners. When a small boy he went with his late father to Upper Charlo, to attend service on Sundays, because there was no R. C. Church in Dalhousie. A. A. at change had taken place in a little over fifty years.

Rev. A. A. Boucher had laid the foundation of a grand work for religion and education, when at his own expense he had erected the new convent. The sisters who came from France, Ireland, Acadia, to comfort the institution, had also done a noble work. The people appreciated all that had been done, and would answer any call that would be made in the future, to meet the increasing demands that were being made. As there was insufficient space in the convent, it was decided to accommodate our growing population, it was probable that an effort would be made at an early date, to build a wing to the present convent, as a memorial to the twenty-four soldiers, of Dalhousie who gave their lives in the great war for justice, in all parts of the country protected by the British flag, talented clergymen were devoting their best efforts, for the good of religion, education, civilization, harmony etc.

The singing of the National Anthem brought to a close a two hours ceremony which was enjoyed by over 500 people.

The clergymen who honored Rev. A. A. Boucher, with their presence at his anniversary were Rev. Theo. Van de Moortel, Belledune, Gloucester Co.; Rev. A. McLennan, Campbellton; Rev. R. Robichaud, Upper Charlo; Rev. J. H. Allard, Val d'Amour; Rev. Father Lantagne, Athol; Rev. Father Cyr, Belledune; and Rev. Father Martin, Chatham.

Patrons arriving on the Suburban will be in ample time to see the Polymorphian Parade.

TWO FATALITIES IN THIS DISTRICT

Man Killed on Track Near Athol And Another Near Dalhousie.

Wednesday morning the crew of the way freight discovered the body of Jas. Gallant of Shives Athol lying near the main line near Athol. It is presumed that he had been struck by the Maritime Express. Deceased was hired to go to the woods with a local lumber firm and was likely walking across various streets erected, dancing and refreshment booths and a permanent band stand are being erected on Riverside park. This latter has been made possible by the generosity of our citizens who contributed liberally towards the band stand fund.

Dalhousie, Aug. 27.—Bryan Miller an Ex-Alderman of Dalhousie and a faithful employee of the Government Railway met his death this A. M. about 7 o'clock in a most tragic manner. He was replacing one of the Dalhousie Railway staff, who got leave of absence for a few days, and on the return trip from the Junction, and when the train was moving slowly, approaching the place where water is taken, just opposite the P. Q. Lumber Co. property, in walking on the cars, in some way he fell in front of the tender and was crushed to pieces. His body was so mutilated that burial of the remains had to take place immediately.

There is deep sympathy extended to the widow and child in their sad bereavement. Mrs. Miller is a sister of Robert Neilson, who is the owner of the property here formerly owned by the late Hon. Wm. Hamilton.

The late Bryan Miller, was a good man and a good citizen.

MEETING OF THE TOWN COUNCIL

Contract for Sewer Awarded Last Evening—Other Business.

A meeting of the town council was held last evening, His Worship Mayor Murray in the chair, with Councillors Jamieson, Dickie, Ingram, Devereaux and Campbell present.

Minutes of previous meeting were read and confirmed, also those of the special meeting held on Aug. 19th.

Mr. Leslie Dewar on behalf of the G. W. V. A. which had the 'Labor Day Celebration in hand asked to be heard. On motion he was granted the privilege. In addressing the council he brought to the attention of that body that a number of people were building booths or raucous for the sale of refreshments, etc., on Labor Day. He wanted to know if these parties would not be required to pay a license fee. His Worship in reply stated that if the parties were not resident of the town they would, but if they were a license fee could not be exacted. The G. W. V. A. and the Labor organizations however had been granted the right of the streets and public property for Labor Day and no other erect booth upon them without the consent of the G. W. V. A. or the Labor Organization. This being quite satisfactory Mr. Dewar thanked the council and retired.

Two communications were read from Mr. M. D. Dickson, Secretary of the N. B. Executive, with reference to the Housing Act, which has considerably advanced matters here, as some \$50,000 will be available within a short time for those taking advantage of the government's housing scheme. These communications were ordered placed on file.

A communication was read from James Parker setting forth that he had purchased from H. P. Doyle his motor bus and asking that Mr. Doyle's motor bus license be transferred to him. On motion the transfer was granted.

Several communications were read from Mr. Chas. A. Alexander protesting against his assessment as well as various assessments in connection with the A. E. Alexander Estate. Mr. Alexander pointed out that he had complied with the Act in first appealing to the assessors, and asked to be notified of the time when the council would take up the protests. On motion these communications were referred to the Assessment Committee in order that a suitable date could be arranged for between Mr. Alexander and the council.

Another communication was read from Mr. Alexander notifying the council that six months from date the A. E. Alexander Estate would expect the town bond for \$10,000, now being held by the Estate. These were referred to the Finance Committee.

A communication was read from Mr. Geo. A. Wallace setting forth that

he had been assessed on \$350 income since returning from overseas and not doing anything. He asked that he be relieved of this part of his assessment. Referred to Assessment Committee.

A communication was read from the Mother Superior of the Hotel Dieu making application for a three inch water service for the new hospital. Referred to Water and Sewerage Committee.

A communication from Mr. Gordon Connell making application for the position of fireman in the Power Plant was referred to the Electric Light Committee.

A communication was read from Dr. Sprout in which he asked permission to erect a boat house on town land along the shore. He was prepared to accept the same terms and conditions as M. M. Mowat who now had one at the foot of Prince Wm. Street.

The lease, drawn up by the town solicitor, for the rental of the Town's Isolation Hospital to the County Board of Health, was read. This called for a monthly rent of \$10. On motion the Mayor and Town Clerk were authorized to have the lease executed.

The usual monthly departmental accounts were passed and ordered paid.

During the war and influenza epidemic the town engineer's residence for the use of the town.

Councillor Dickie of the Water and Sewerage Committee brought up the matter of the necessity of making an early start in putting down the sewer on King Street if it was to be completed this fall. Tenders had been called for. There was but one received. This was from Joseph Capogreco who proposed to do the work at \$2.50 per linear foot and \$40 for manholes, the town to supply all materials. The length of the sewer was about 1100 feet. The cost including all material would be \$4,700.50. There was considerable discussion over this matter, but it was finally decided to award the contract to Mr. Capogreco, as his figures were as low if not lower than the town could itself do the work for.

Councillor Dickie also brought up the matter of extending the water and sewerage pipes on Duncan Street West to Mr. Chamberlain's West line. The distance would be 250 feet and the cost \$895.50. This work was also ordered done.

His Worship the Mayor then read a copy of the Address of Welcome which he had presented to His Royal Highness, the Prince of Wales, from the Citizens of Campbellton, also His Royal Highness' reply, which will be found in another column. The councillors highly complimented His Worship upon the excellent address and upon motion the copy of the address and the reply thereto was placed on file and ordered printed in both the local papers.

There being nothing further before the meeting council adjourned.

NATIONALIZATION VITAL INDUSTRIES

London, Aug. 23.—A general strike or a general election, but probably the latter, will be the result of the Government's declaration against the nationalization of mines, according to a statement made today by Fred Bramley, parliamentary committee man of the trades union congress.

Dr. Bramley added that the Government's decision was in direct opposition to the policy of the trades union congress, which supported the principle of nationalization of vital industries and of general resources where monopoly exists.

According to Dr. Bramley, it was a virtual certainty that the issue would be brought to a head at the meeting of the trades union congress in Glasgow on September 8.

BRITISH PROMISE COAL TO ITALIANS

Rome, Aug. 23.—Promise of relief in Italy's coal famine was given to the cabinet today by Signor Schanor, Minister of the Treasury, who has returned from London. Great Britain, Schanor said, promised him she would send half a million tons of coal to Italy as soon as possible.

H. M. S. "Renown"
Halifax,
August 18th, 1919.

Dear Sir,—

I am desired by The Prince of Wales to express through you His sincere thanks to the Citizens of Campbellton for their kind and loyal address of welcome on the occasion of His Royal Highness' first visit to the Dominion of Canada.

His Royal Highness much regrets that the time at His disposal will not permit Him to visit the town which has been represented on the battlefields of Europe by so many of its sons, and where His Royal Highness would be certain to meet a large number of those whose acquaintance He has already made on the Western Front.

While wishing all prosperity to the Citizens of Campbellton, His Royal Highness hopes that He may, at some later date, be able to visit the town.

I am, Mr. Mayor, Your obedient servant,
GODFREY THOMAS, Private Secretary.

The Worshipful
The Mayor of Campbellton.

Dalhousie, Aug. 30th, 1919.
"Birds Of A Feather Flock Together"
Editor of Graphic,
Campbellton.

Dear Sir:—

The further degradation of Dalhousie happened on Tuesday last, when the public school opened, under the slacking and disloyal element.

At the last annual school meeting Allan J. LeBlanc, Registrar, S.F.N.R. and disloyalist, was elected to fill a vacancy on the School Board. The other Trustees resigned at once, as if a blank had been placed beside them.

This was followed in a few days by the resignation of the secretary who had held the position for many years.

Considering the fact of feeling throughout Canada among decent and loyal people, it would seem impossible that two men could be found to sit on a School Board with the man or that he could be elected to a School Board.

Yet Wm. S. Montgomery, mayor and Jas. E. Stewart, former High Sheriff of Restigouche County and former member of the Executive of the National sit with this draft exoner and this in war time.

Men from Dalhousie have gone to France and died for their Country, their orphans attend this school, the children of decent loyal men and women are there and have to submit to this outrage, of having their education directed by men of this kind and their men held up as an example for them to imitate.

Fancy a shikier being permitted to debauch our public school children, our future men and women, by his example, association and by possible speeches he may make to them. The Board of Education should summarily remove this man as a public danger to this town and country.

It has been said by his friends that he is no worse than certain other young men who are pointed out as having evaded the draft. This man is much worse on account of his impudent attitude in public affairs.

I desire to make myself quite clear. I have no private or personal differences with any of these men, I criticize them only for their conduct in war time and the fact that, as a citizen of Dalhousie, they are a grave danger to this country. Why have the authorities not arrested and prosecuted this LeBlanc? Is the question asked by decent people. The evident answer is that they are prevented from doing so by political and other influences.

The other day in Truro, a barber was sentenced to two years in the Pen for slacking, why should the son of an ex-barber in Dalhousie, not get the same sentence?

Men holding office who encourage, condone, endorse and overlook or sympathize with conduct of this kind in war time, cannot object to truthful criticism.

The jails everywhere are full to overflowing with shirkers like J. Allan LeBlanc. Now, Campbell, Quebec, there are twenty-six of them.

Yet our so-called "Leading Citizens" merchants, officials of the Union Government, Mayor, Ex-sheriff, etc., put him on our Town Council and School Board and make their Town an object of contempt from coast to coast.

A strong, young, robust and cowardly shirker should not be permitted to have any public position in this country. Since J. Allan LeBlanc would not fight, he should not govern.

Yours truly,
A. G. FERGUSON

SEVEN DAYS' LEAVE.

The keenest public interest awaits the presentation here at the Opera House next Saturday, August 30th of "Seven Days' Leave," the sensational, spectacular military melodrama. No production since the inception of the war has succeeded in attracting any degree of favor comparable to this play by Walter Howard. Now current at the Lyceum Theatre, London, England, and only recently having completed a months' run at the Park Theatre, New York, "Seven Days' Leave" played two years at the former theatre with box office receipts that transcend even the heyday of the period before the war. It is the thrill and grip of the big conflict that forms the background of this comedy-drama and, of course, the play has to do with people of the war—those in it, those left behind and those on furlough.

SERIOUS FIRE FRIDAY MORNING

Empress Theatre Completely Destroyed By Fire—Also W. T. Cook's Store.

About two o'clock on Friday morning a fire was discovered at the rear of the Empress Theatre building having apparently started directly under the stage, which was a wooden addition to the building, and under which there was no foundation. An alarm was immediately sent in from box 23 and the fire department responded very promptly, but not before the blaze had reached the side walls of the main building, thus giving to the blaze a vent which in a remarkably short time encircled the whole building shooting skyward to the roof. In less than an hour's time the Empress Theatre was a total loss, only a little of the concrete walls being left standing and the roof owing to their dangerous position were required to be knocked down early in the morning.

The rear of the building occupied by Mr. W. T. Cook as a hardware store caught fire from the wooden addition to the Empress Theatre, and in this building the fire also made rapid headway owing largely to the oil soaked floor and the oils stored in the back shop. This building which was a two story wooden structure became a total loss in as quick, if not quicker time than that of the Empress building. So rapid did the flames spread here that very little of the stock could be removed.

The Commercial block, a large brick building, on the West side of the Empress building, was considerably damaged, all glass windows in the rear of this building being melted by the intense heat, the woodwork about the windows burned as well as the cornice about the building. Holes were cut in the roof of this building, to permit of water being played upon fire under the roof. The damage to the Commercial block through fire and water will be considerable. The firemen worked hard and succeeded in confining the fire to the three buildings above mentioned.

The Empress Theatre building was owned by Mr. L. T. Joudry and was insured for some \$6,000. The Theatre was leased by Messrs. Harold C. Crockett and James P. Murray who some three months ago installed a moving picture outfit and were conducting a very successful business. These young men unfortunately had no insurance and their loss will be heavy.

Mr. W. T. Cook who owned the building in which he conducted his hardware store had some \$8,500 insured upon the building, and \$5,000 upon the stock, but will be a heavy loser, his property being valued at some \$20,000.

All the tenants in the Commercial Block which building was owned by Mr. L. T. Joudry will meet with heavy losses, although all carrying some insurance. The tenants are Dr. Gillis, dental parlors; H. R. Humphrey, jewelry store; Geo. G. McKenzie & Co., groceries and dry goods; Irving, Floyd, meat market.

While it is hard to estimate the total property loss, it can hardly be under \$50,000.
