SPEAKER IN MANITOBA HOUSE RE-ELECTED AT OPENING

CITY WATER SUPPLY IS ASSURED; PUBLIC UTILITIES STRIKE WELL, DAILY CAPACITY 500,000 GALS.

No Doubt as to Purity of Water, Declares General Manager E. V. Buchanan—Well Situated on Nelson Street Short Distance West of Wellington — Supply Can Be Maintained.

Half a million gallons will be added to the daily water supply of the city from a well which has just been drilled for the Public Utilities Commission a short distance west of Wellington street on Nelson street, if all expectations of the department are realized. Tests by the Institute of Public Health to determine if the new supply is pure will be made before water is turned into the mains. General Manager Buchanan declares he has not the slightest doubt that the tests will prove the water absolutely pure.

The drilling has been in progress at various intervals since last autumn on a small section of property purchased by the city. Water was struck at a depth of 90 feet. Tests revealed a flow of half a million gallons a day. Although the boring is located close to the river bank, Mr. Buchanan declares there is not the slightest possibility that the water is seepage from the south branch of the Thames. There is a heavy clay formation in this section, and it would be impossible for surface or river water to penetrate this to a depth of 90 feet, he claimed. Even if it were possible, the water which had filtered through a formation of that kind would be completely purified, he added.

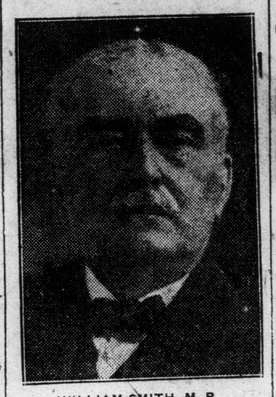

If the water is approved by the city health authorities, pipes will be installed immediately to carry the water to the Ridout street reservoir.

The daily supply of 500,000 gallons is as much as can be obtained from all the Kilworth springs, Mr. Buchanan said. He defined the furthest boundary of the Kilworth field as the Kilworth bridge. The supplies west of that belong to the Komoka field. All engineers who investigated the first area never exceeded an estimate of 500,000 gallons.

The general manager is confident that the supply from the well can be maintained. All the wells drilled by the city are producing more water today than when they were first opened. Some of them are producing twice as much.

Drilling is still in progress on Dundas street east, near the railway tracks. If equal success attends the operations there, the city's water problem for many years to come will be solved, unless there is an abnormal increase in the population.

WOULD ALLOW BRITISH CATTLE EMBARGO TO STAY

WILLIAM SMITH, M. P.

Ottawa, Feb. 10.—Canadian Press Dispatch.—A proposed resolution which will probably give rise to considerable debate has been given notice of by William Smith, member for Ontario South. Mr. Smith's resolution is to the effect that it is not in the interests of Canada that the authorities in Great Britain should remove the present embargo against Canadian cattle.

As strenuous efforts have been made in the past by Canadian cattle raising interests and others to have this embargo removed, the resolution in question will probably meet with much opposition when it is introduced in the Commons.

LIBERALS WILL DISCOURAGE "PAIRING SYSTEM" AND OPEN CAMPAIGN IN EARNEST TO DRIVE GOVT. FROM POWER

Opposition Plans "War to the Knife" When House Opens, and Each Side Must Look to Its Own Absentees — Government Party Will Suffer Most If the Advice of Whips Is Disregarded—Ontario and Quebec Members Resorted to Practice in Order to Get Every Week-End Home.

[Special to The Advertiser.]

Ottawa, Feb. 10.—Pairs will not be sanctioned by the Oppositions' leaders during the coming session. It is to be war to the knife, and each party must look after its own absentees.

As a rule, the "pair list" is a fairly extensive one. For example, in the division of June 25 last session there were no less than 43 pairs, involving 86 members. Some of them, as in the case of Hepburn paired with Lavigueur, Sir Thomas White paired with Jacobs, Sir Herbert Ames paired with Gauvreau, and this pairing system endured throughout the session. They were arranged, as a rule, by the whips for purposes of mutual protection, though the Government was the chief beneficiary, being on the defensive and having more chronic absentees than anybody else.

Refusal to grant pairs will be particularly irksome to Quebec and Ontario members, who are won't to leave the House after prayers of a Friday afternoon and to spend the week-end at home. Some of these may still persist in clandestinely pairing off, but, generally speaking, the system is to be discouraged.

If Oppositions' leaders are sincere in their expressed desire to turn the Government out and force dissolution, pairing cannot consistently be agreed to. If it is forbidden, the Government will be the sufferer, owing to the large number of absentees in its ranks.

WOMAN IN PLACE OF HONOR IN LEGISLATURE

MRS. ARTHUR RODGERS, only woman member of the Legislature of Manitoba, who today seconded the reply to the speech from the throne.

MANITOBA HOUSE OPENS WITH LIBERALS IN CONTROL; SPEAKER BAIRD IS RE-ELECTED TO POST

Hon. Charles Norris Has Majority Over Several Groups in Legislature—Mrs. Rodgers Takes Seat as First Woman Member in History of Province — Nothing Unusual in Form of Legislation Is Promised in Speech from Throne.

Winnipeg, Feb. 10.—The first session of the sixteenth legislature of Manitoba was opened here this afternoon. Sir James Aikins, lieutenant-governor, read the speech from the throne, which made no reference to the interesting political situation, and included no promise of unexpected legislation. There would be further need of housing funds to meet the demands of municipalities, it was forecast. Child welfare legislation would be sought. Consideration would be given the proposed construction of a railroad to the mine fields of Northern Manitoba.

J. B. Baird, member for Mountain, was re-elected speaker. Mrs. R. A. Rogers, member for Winnipeg, took her seat as the first woman elected to the Manitoba Legislature.

The Manitoba Legislature opens today under unique circumstances. The Liberal Government of Hon. Charles Norris controls only 21 votes in a Legislature of 55 seats, but is the largest of several groups in the House. Independent Farmers have 17 members. Of Conservatives there are 7 and Laborites 10—three of the latter being in prison serving sentences in connection with the memorable general strike in Winnipeg in 1919. It is expected, however, that the Independent Farmers will support the Government in critical divisions during the present session at all events.

GERMAN EXPERTS CONSIDERING COUNTER-PROPOSALS TO ALLIES

Dr. Carl Melchior Declares That Germany Will Make Reparations to Limit of Her Ability — Declares Allies Must Modify Demands or His Country Will Be Forced Into Bankruptcy.

Berlin, Feb. 10.—Dr. Walter Simons, foreign minister, presided today over a conference of some forty experts in finance, economics and industry. The meeting was held at the foreign office, and there was a discussion of the counter-proposals Germany is to make at the coming London conference. Those present included Franz Urbig, director of the Disconto Gesellschaft; Dr. Carl Melchior of the Warburg Bank; Wilhelm Cuno, general manager of the Hamburg-American Line; Dr. Walter Rathenau, president of the German General Electric Company and Hugo Vinnes, director of the Woermann Shipping Company and well-known capitalist.

The Vossische Zeitung says that Dr. Simons and Dr. Wirth, the finance minister, will constitute the delegation to the London conference, but will take with them a staff of political, financial and economic experts.

DECLARES GERMANY WILL MAKE GOOD TO UTMOST LIMIT

Hamburg, Feb. 10.—Dr. Carl Melchior, who was the German financial expert at Versailles and Brussels, and who is a partner in the Warburg Bank, told the Associated Press today that if the spirit of the Paris reparations decision reigns in the coming London conference, "havoc must follow which the entire world will feel.

Dr. Melchior said that Germany must give to her limit, but that the Allies must not demand beyond that limit. He added that the conference in London could become a blessing to the entire world if it accomplishes constructive work based on what is possible. Even the danger of havoc must not force the German Government to sign a pledge of several dollars for each dollar which with the utmost difficulty it perhaps might be able to pay.

"The re-birth of normal conditions in Europe and a corresponding beginning of an economic housecleaning for the world will depend upon a fair and final solution of the reparations problem," continued Dr. Melchior. The decisions of Paris show no progress but rather retrogression."

Dr. Melchior declared that he saw a black future for German American trade should the Paris demands be enforced. It was either ignorance or insincerity, he added, that prompted people to say that Germany had done little or nothing in the way of reparations and now was attempting to crawl out of her duties. He pointed out that the amount already paid and credited to reparations amounted to 20,000,000,000 gold marks.

"Here in Germany," said Dr. Melchior, "every intelligent person fully realizes that Germany must make reparations to the utmost limit of her ability."

BRIAND TO INSIST ON FULFILLMENT OF ALL TERMS

Paris, Feb. 10.—Premier Briand will face the delegates of Germany at the London conference on March 1 with a mandate from the French Republic supporting the reparations terms framed by the supreme allied council in this city two weeks ago. This significant fact became evident late last evening when the Chamber of Deputies began a vote of confidence and a ballot on the ratification of the allied terms.

The reparations agreement was approved by a vote of 395 to 83, while Premier Briand was given a vote of confidence that was almost as overwhelming, the count standing 387 to 125.

Acceptance of the terms framed by the Allies during the meeting of the supreme council in Paris was opposed by members of the Clemenceau Ministry, among them Andre Tardieu and Louis Klotz. Both insisted the reparations agreement amounted virtually to an amendment of the Versailles treaty, and that the Germans had received better terms than had been given her in the original document.

M. Briand made it clear that Germany would be compelled to meet the allied demands, and that France stood ready to enforce the decisions of the supreme council regarding reparations and disarmament.

LABOR GROUP TO VOTE SOLID FOR TOLMIE REPORT

Drury Cabinet Is Seriously Considering Prospects.

Toronto, Feb. 10.—The Drury cabinet is taking the Tolmie minority report, which provides for the right of defendants in O. T. A. cases to appeal to a county judge, who shall hear the evidence viva voce, very seriously. Premier Drury himself this morning had an earnest conversation with the leaders of the Labor group. The Government is inclined to the view that if the Tolmie report is indorsed it will be a vote of lack of confidence in the Government. Unless the unexpected happens, the Labor group will vote almost solid for the Tolmie report.

AVIATOR REPORTED DEAD; ALIVE AND WELL

Quebec, Feb. 10.—Lieut. George Vezina, who was reported to have been killed in an aeroplane accident near Ste. Anne De Chicoutimi, yesterday, is alive and well. Vezina reports that he has not attempted any flights since last fall and cannot account for the story that he had met with a fatal accident

MAN FATALLY INJURED WHEN CORNICE FALLS

Ira Burtch Crashes From Ladder Among Debris.

RUSHED TO HOSPITAL

But Dies on Way From Double Fracture of Skull.

Ira Burtch, 50 years old, 299 Simcoe street, this city, was fatally injured at 9:30 o'clock this morning, when the cornice of a building at 372 Dundas street, collapsed, throwing him heavily to the pavement, 30 feet below. Suffering from a double fracture of the skull Mr. Burtch died while being rushed to Victoria Hospital.

Mr. Burtch was an employee of the Signry Company. With I. Thompson, an employee of the same company, he was engaged in hanging a large sign in front of the Canadian Ladies' Wear Company's store, near Waterloo street, when the accident occurred.

According to the story told by Mr. Thompson, Mr. Burtch was on a ladder which was resting against the cornice of the two-story building, and engaged in fastening a heavy iron pole, which was to support the sign, into the bricks. His companion, standing below, sought to test the strength of the arm by tugging on some ropes suspended from the end.

With the first pull, and without the slightest warning, the tapestry brick cornice, which stood two feet higher than the roof, gave way, and hundreds of bricks crashed to the pavement below. Mr. Burtch was thrown from the ladder and fell amid the wreckage.

Dr. J. C. Wilson, who lives directly across the street, was called. He arrived almost immediately. On the arrival of the police ambulance the victim was rushed to the hospital, but he expired before it was reached.

Mr. Burtch is survived by his wife, six daughters, Mrs. G. Banghart of this city, and Annie, Gladys, Ethel, Alvin and Loraine, all at home, and one son, Russell, also at home.

He had been employed by Marley & Weekes, proprietors of the Signry Company, for two years. He was a Mason and was well known in this city. The funeral arrangements have not been completed.

Coroner Dr. Wilson decided that no inquest would be necessary.

CANDIDATE NOMINATED BY LIBERALS FOR YAMASKA

[Special to the Advertiser.]

Ottawa, Feb. 10.—In spite of recent defeats, the Government will issue writs for by-elections in Yamaska and York, N. B., at an early date. Vacancies there were created by the deaths of Oscar Gladu and Col. Harry McLeod. The first is a Liberal seat and the second Conservative.

In Yamaska, the Liberals have already nominated a candidate, and A. A. Mondou, former Nationalist member of the county, has intimated his intention to run. It has been rumored that the Government may indorse Mr. Mondou, though it will be recalled that he it was who, in an interview after the appointment of Mr. Meighen as premier, was credited with referring to the new leader as "le bourreau de Quebec." A "bourreau" is a hangman or executioner.

In York, the Progressives have nominated a candidate, but nobody else.

MUNICIPAL ELECTIONS BROUGHT OUT 48 PER CENT OF VOTERS

8,519 Men Cast Ballots, While 1,237 Women Exercised the Franchise—Three Deputies Unsatisfactory, According to Report of City Clerk Samuel Baker.

The city clerk has just completed his recount and examination of the work of the deputies at the recent municipal election. He finds that 8,519 men voted, making a percentage of 55; 1,237 women, with a percentage of 25 per cent, or 9,756 voters for the city, making a percentage of 48, and 6,516 owners, making a percentage of 53 on by-laws. Last year there were 7,475 men, 1,170 women, 8,645 general voters and 5,586 bylaw voters.

Of the 97 deputies acting at the recent election, three were unsatisfactory. One omitted to give the returns for half the subdivision; two made a number of miscounts in the number of ballots given to each candidate. In no case, however, would the election returns have been modified.

The only case in doubt was that of Mr. Cooper, for the board of education. He would have gained sixteen in the subdivision that was not counted, but would have lost eight by mistakes in counting, making a difference of eight only. Sixteen of the deputies made slight errors in the matter of the number of returns, giving in some cases one more vote to one, and one too few to the other. Mr. Smith seemed to have suffered the most, for there were more than three-quarters of the mistakes in the Smith ballot.

There was considerable difficulty in dealing with Part II, voters. Part II. contains the names of persons who are non-residents. As many of these people had a vote only in the subdivision in which they were placed in Part II., they were entitled to a full vote, but to prevent repetition of vote the deputies were in some cases too stringent in refusing to give these parties the full ballot. However, this will be remedied in another year, as the men will have had more experience.

There were a number of spoiled ballots in the aldermanic list, resulting from men marking for four candidates instead of three. It is noticeable, too, that quite a number of these were labor candidates. As far as can be ascertained, about 40 to 60 ballots were destroyed in this way all over the city. Wards 1 and 2 were particularly bad.

There were very few freak ballots. One man voted for a mayor, and then wrote on the ballot that the other one was too busy with other matters. This, of course, spoiled his ballot. One man put a dot and then a square around the ballot. This also was a bad ballot. One man wrote his name on every ballot. This was bad. There were, however, very few ballots spoiled and rejected for this reason this year. It is quite evident that the ratepayers are becoming more familiar with the ballots.

It seems strange that so many should fail to remember that only three are to be elected for aldermen in each ward, and six for the board of education. There were about ten ballots spoiled because they voted for more than six candidates for the board of education. Ratepayers should remember that they should only place a cross opposite the candidate they intend to vote for.

Notwithstanding that some criticism was raised against the action of some of the deputies in that they were too strict in refusing to allow ratepayers to vote the full ballot when they were named on Part II., the work this year was somewhat different from any other year, and the difficulty in knowing just what to do in these cases will be remedied. It is hoped that ratepayers will take more advantage of the notices sent out as to their place of voting. Some difference in the form of notice may be made next year, learning from the experience of this year.

Voting in schools seemed to meet with general satisfaction, although it is more than probable that next year some effort will be made to vote in church schoolrooms where ratepayers have to travel too far to record their vote.

ROWELL WILL REMAIN UNTIL LEAGUE ISSUE IS DISCUSSED

After Question Is Disposed of in House He Will Resign.

ANNOUNCES INTENTIONS

Declares He Will Take Seat Solely to Clear Up Geneva Assembly Questions.

Port Hope, Feb. 10.—(Canadian Press).—Hon. N. W. Rowell, K. C., M. P. for the county of Durham, will take his seat in the House of Commons as a Liberal Unionist, during the coming session of the House. Mr. Rowell will retain his seat for the time being, and be present in the Commons when matters affecting Canada's external relations are brought up, particularly when questions arise in respect of the assembly of the League of Nations at Geneva, to which Mr. Rowell was a Canadian delegate. When those matters are disposed of by the House the member for Durham will tender his resignation.

A statement of these intentions on the part of Mr. Rowell is given by him in letters received by Arthur Vance of Millbrook, secretary of the Conservative Association of Durham, and S. E. Senkler of Bowmanville, secretary of the Liberal Association of the same county and constituency.

The executives of these two associations brought about Mr. Rowell's nomination as a Liberal supporting the Unionist Government of Sir Robert Borden, and his election followed in the general elections of 1917. Mr. Rowell asserts, in his statement, that he will endeavor to keep faith with the men of both parties who nominated and elected him, and will remain a Liberal-Unionist.

Two points that Mr. Rowell makes clear are—that he is remaining in the House solely for the purpose of assisting in the disposition of such questions as may arise out of the League of Nation assembly and that he is placing political allegiance with neither the Government or the Opposition.

Blames "Dame" For Capture; Kept a Date

Toronto, Feb. 10. — Thomas Quinn, who was captured by Detective John McConnell yesterday after being wanted for some time by the Toronto and Hamilton police, blames his capture on a woman. He was "keeping a date" near Ryerson School with "Jasper," when spotted by the argus-eyed officer, who had not seen Quinn in three years.

"If I hadn't have been there to meet that dame," he told detectives, "you wouldn't have got me."

In police court today Quinn appeared for arraignment, and at the request of the crown was remanded for one day.

STREET CAR SERVICE ON A LIMITED SCALE IN CITY OF ALBANY

Operation of Cars Is Resumed Following Strike Disorders.

Albany, N. Y., Feb. 10.—Limited operation of stret car service, halted yesterday after several hundred feet of trolley wire had been jerked down by strike sympathizers, was resumed early today in Albany without disorder.

Three cars emerged from the North Albany barns at short intervals and proceeded throughout the downtown section. Unlike Tuesday morning, when the United Traction Company resumed operation of cars at the order of the public service commission after one week's idleness, brought about by a strike of employees, the scene about the car sheds and along the tracks was peaceful. The only noise that followed the rumble of the wheels was the clacking of hoofs by the mounts of state troopers, who trailed each car. The night passed without incident. Only a few mounted troopers patrolled the streets in the vicinity of the car barns, relieving the police of this duty.

CITY COUNCIL WILL ASK FOR AN EXAMINATION OF ROLLING STOCK LONDON ST. RAILWAY

Accident On Dundas Street Bridge Tuesday Afternoon Is Viewed With Alarm—Spread Rail, Official Cause—Worn Out Wheels, Say Passengers.

Examination of the rolling stock and equipment of the street railway will be asked for at the next meeting of the city council. This is a result of the accident Tuesday, when a car jumped the tracks on the Dundas street bridge. Railway officials said the mishap was due to a spread rail. Passengers on the car contend that the condition of the carwheels was responsible. Aldermen are anxious to determine which is right.

If the rolling stock is in such condition as to endanger the lives of passengers, it is certain that strenuous efforts will be made to bring about an improvement, although it is admitted that there are many difficulties in the way.

"In view of the accident and the nature of it, it is time an investigation was made of the equipment, rolling stock and roadbed," Acting Mayor F. E. Harley declared today. "It should be determined whether the cause of the accident was the condition of the equipment, and if so some action in regard to it should be taken."

Ald. Watt declared that the accident could not have been due to a spread rail, as this type of mishap does not occur in cold weather. He thought the whole street railway question would be before the council at its next meeting. He has introduced a resolution dealing with the payment for pavements, and he thought the other phases of the matter might well be discussed at the same time.

Ald. George Wenige is also investigating the situation. Ald. G. B. Drake was reluctant about expressing an opinion, as street railway matters are under control of No. 1 committee. He believed an investigation necessary, in the interest of the passengers' safety.

The road is still under the control of the Ontario Railway and Municipal Board. They have power to meet all the legal debts of the company.

But they have not power to make expenditures on new equipment or to use the funds for other purposes. They must give up control of the road if their income falls below expenses.

What is worrying the council is just how strictly this interpretation can be applied. Maintenance accounts for the road show that only a comparatively small amount is being spent for this purpose, just enough to keep the cars in running condition. Whether the board has the right to expend enough money on repairs to place the rolling stock in an absolutely safe condition is what the aldermen want to know.

LORD HALDANE REGRETS LACK OF TRAINING

London, Feb. 10.—Educational training is unknown to at least nine out of every ten persons in Great Britain after they have attained the age of 14 years, Lord Haldane, former lord high chancellor, declared in an address here. Study of the inequalities of education among the people of the country, he declared, revealed a "terrible state of things."

"In our democracy today there is buried a mass of unknown talent," he continued. "Darwins, Stephensons and other geniuses lie buried there because there has been no means of stimulating their minds."

If there were more equality of education, he said, the relations between labor and capital would be very much simpler than they were at the present time.

GAVE CATCH AWAY.

Los Angeles, Cal., Feb. 10.—Eighty tons of barracuda brought by fishing boats from Lower California waters were offered free at Los Angeles harbor today to anyone who would carry them away. The fishermen found the market over-stocked when they arrived. They said they had paid $3,200 tax to the Mexican Government on the catch.

"IRISH REPUBLICAN" ARMY IS MARCHING ON TO SKIBBEREEN

Several Hundred Men Are Reported As Heading for County Cork Town.

London, Feb. 10.—An Irish Republican army, several hundred strong, is marching on Skibbereen, County Cork, according to reports from many sources, says a Central News dispatch from Skibbereen today.

GERMAN PEOPLE AND BELGIAN PATROL IN SERIOUS FIGHTING

London, Feb. 10.—Serious fighting between the German population and a Belgian patrol in Aix-le-Chapelle is reported in an Exchange Telegraph dispatch from Amsterdam today.

CONDEMNED MAN ASKS TO BE HANGED IN PARK, NOT IN JAIL

Chicago, Feb. 10.—If Edward Brislane must be hanged Friday for the murder of William Mills, motion picture theatre manager, he wants the execution to take place in Grant Park, instead of in the solitude of the jail, so that all the world may see," said the condemned man in a letter to Sheriff Charles W. Peters, made public today.

Brislane argued in his letter that Sheriff Peters was wrong in contending that the execution of criminals before the prisoners' gaze would act as a deterrent on crime.

"I don't think 5 per cent of the people who demand capital punishment will be able to stick it out Friday, but there will be less talk and more thinking afterwards," said the Brislane letter.

Some of the recent executions conducted by Sheriff Peters have been staged within view of the prisoners in the county jail, the sheriff declaring he believed executions acted as a deterrent to crime. Once they were kept in their cells beyond their usual breakfast hour until the condemned man had been dropped through the trap on the scaffold, and prisoners made so much noise with their cries of "When do we eat!" that the system was changed.

Lives Farthest From Capital, Arrives First

Ottawa, Feb. 10.—Canadian Press.—The first of the new members to arrive in Ottawa is, rather curiously, the one who has had to travel the longest distance. He is J. A. McKelvie, the new member for Yale, B. C. Mr. McKelvie was in conference with the prime minister this morning. He will second the address in reply to the speech from the throne.

SENTENCED TO 15 YEARS FOR ATTEMPTED MURDER OF 8-YEAR-OLD CHILD

Toronto, Feb. 10.—James J. Kenney was sentenced this morning to 15 years by Sir William Mulock in the assizes for the attempted murder of 8-year-old Agnes Connacher.

In passing sentence the judge said that drunkenness was no excuse for crime, and that he could not find any redeeming circumstances in the case. The prisoner's young English wife, who was in court, was overcome, and had to be led away by court attendants. The prisoner himself took the sentence quite coolly.

Law Prohibits Keeping Either Mouse or Rat

London, Feb. 10.—Anybody discovered harboring a rat or a mouse in his house is liable to a penalty of £5 under a law recently enacted by parliament. If the offence is continued he may be fined £20.

Lieut. Alfred E. Moore astonished a London audience by making these statements in a lecture on rats, which he delivered the other day. The reason why so few prosecutions had yet taken place under the "rats act," as it was termed, was because the board of agriculture was waiting until the public had become more familiar with it.

LITTLE GIRL'S CALMNESS DURING FIRE ON SHIP PREVENTS PANIC

Havana, Feb. 10.—Kitty Barrett, 8 years old, and golden haired, shared heroic honors with a pet parrot in a tale of fire at sea told by passengers landing from the steamship Cartago here yesterday. The little girl, who is a daughter of Edward Ware Barrett, a newspaper publisher of Birmingham, Ala., refused to enter a lifeboat until she had brought her parrot from her stateroom, and her insistent demand that the bird be rescued calmed something approaching a panic among the passengers and gave the ship's crew a chance to extinguish the flames and save the steamer.

While steaming along the coast of Panama one night, the Cartago was set on fire by an overheated motor. The blaze seemed to threaten the safety of those on board, and an alarm was sounded. The passengers gathered on deck and were ready to enter the boats, when Miss Kitty discovered she had left her parrot behind in her stateroom. She refused to enter the boat until Captain George A. McBride sent for the bird. Frightened men and women paused at the calmness of the child and her concern over the safety of her pet, and when the steward brought the parrot to the deck he also announced the fire had been brought under control by the chief engineer.

A FRIGHTFUL DEATH, SUFFOCATED BY ASTHMA

The Dread of Such an Unhappy End Oppresses Every Sufferer.

Every sufferer from Asthma knows the terror, the abject fear that overcomes them when struggling for breath. The old-fashioned remedies may relieve, but never cure. Best results come from Catarrhozone, which relieves Asthma after hope is abandoned. It's because Catarrhozone kills the asthma germ that it relieves. Choking spells and labored breathing are relieved suffocating sensations and loss of breath are relieved. Every trace of asthma is driven from the system, and even old chronics experience immediate relief and lasting relief. Equally good for Bronchitis, throat trouble and Catarrh. The large one dollar outfit includes the inhaler and lasts two months, sold by all dealers or from the Catarrhozone Company, Kingston, Canada.

SUDDEN DEATH OF YOUNG LONDONER

Leslie Turnbull Succumbs to Attack of Heart Failure.

The sudden death occurred this morning, with startling suddenness, of Leslie Turnbull, only son of William Turnbull of Edward Adams & Co., wholesale grocers, Dundas street, this city.

The young man, who was associated with his father in the business, arrived at the warehouse in the morning as usual, but about 9:30 he was suddenly taken ill. Medical assistance was at once summoned and the first to arrive, rendered what aid was possible. Another physician also came on the scene without delay, but shortly afterwards both doctors had the sorrowful duty of pronouncing life to be extinct the cause being certified as heart failure.

For more than a year Mr. Turnbull had been in indifferent health, his otherwise robust constitution having suffered during his prolonged period of war service, but his bright and cheerful disposition would not permit him to complain.

Mr. Turnbull went to France with the 1st Artillery Brigade and had a record of three years' service, being entitled to the king's medal for service in the field, as well as victory medal.

He returned to Canada with his unit about six months after the signing of the Armistice, in November, 1918, and, as already indicated, his health was to a large extent undermined by the part he played in the great war.

Leslie Turnbull, who was 34 years of age, was a most likeable young man, and his sudden call at the threshold of his career will be sorrowful tidings to his many friends.

Mr. Turnbull was a graduate of the London Collegiate Institute and gave promise of a brilliant future. He is survived by his father and mother, with whom he resided at 562 Waterloo street, and two married sisters, Mrs. E. V. Buchanan, Princess avenue, and Mrs. T. D. Patterson, Dufferin avenue.

BANK MANAGER SUES MOTOR SALES COMPANY

Judge J. C. Judd Presiding at Special County Court Sitting.

The first of the two cases set down for the special session of the county court, which opened at the courthouse this morning, and at which Judge J. C. Judd presided, is now in progress and will not be concluded until late today. A. D. McLean, manager of the Canadian Bank of Commerce, suing S. S. Edgworth and Charles Routledge of the Universal Motor Sales, for $250 damages. He claims that he asked the defendants to exchange a battery in his car. They did so, and without notifying him delivered the car to his garage. There was no heat in the garage, and water was left in the radiator and froze, causing the cylinder block to split. The repair of it cost him $188.16, he claims. He says that he was also forced to have his motor adjusted and lost the use of his car for two months.

The defendants deny any negligence and say that they returned the car to the garage, as was the custom on previous occasions when they repaired it.

Meredith & Meredith are acting for the plaintiff, and Meredith & Fisher for the defendants.

LONDON DISTRICT JUNIOR FARMERS ELECT OFFICERS

Waldron Keyes of Hyde Park Elected President—Ninian Sanderson First Vice-President.

At a largely-attended meeting of the London District Junior Farmers' Improvement Association, held in the office of the local agricultural representative on Wednesday night, the following officers were elected for the ensuing year:

President, Waldron Keys, Hyde Park; vice-president, Nivian Sanderson, London, R. R. 7; secretary (re-elected), Harold Park, Byron, R. R. 1.

R. A. Finn, agricultural representative, delivered an instructive address to the young men on topics of local farming interest, and it was arranged that at the next meeting, to be held in a few weeks, there would be a debate on the subject of tractor vs. horse power on a hundred-acre farm, six members being chosen to champion the respective sides.

FARMER LEAVES ESTATE VALUED AT $12,800

Late Wm. C. Poore Bequeaths $4,250 to His Wife—Balance to Children.

According to the will of the late William C. Poore, of McGillivray Township, which was entered for probate at the court house today, he left an estate valued at $12,800. One-third of the estate, amounting to $4,250, goes to his widow, Elizabeth Poore of Parkhill. The remainder is divided between ten children and one grand-child, each being bequeathed $775.

The children are: Thomas J. Poore, of Leamington; William C. Poore, of Parkhill; Annie Downs, of London; Harriet Peddler, Parkhill; Charlotte Elliott, Parkhill; George H. Poore, Thedford; Elizabeth M. McLachlan, Parkhill; Cyrus L. Poore, Sarnia; Mabel J. Elliott, Parkhill, and Joseph M. Poore, Parkhill. Eldean Smith of Thedford, is the granddaughter.

Two farms, one of 50 acres on Concession 5, McGillivray Township, valued at $5,000, and one of 100 acres on Concession 20, West Williams Township, valued at $5,000, compose the real estate. The rest of his possessions consist of personal property.

Mr. Poore died on January 8, 1921.

THREE FLIERS KILLED.

LACROSSE, Wis., Feb. 9.—Pilots W. L. Carroll and Hoe and Mechanic Hill were instantly killed in the collapse of their aerial mail plane here late today.

To Be Troubled With CONSTIPATION

THE CAUSE OF MANY ILLS.

If you do not feel well and go to your family physician, one of the first things he will do is ask you to hold out your tongue. The reason for this is that the condition of the tongue shows the condition of the stomach and bowels.

If you allow your bowels to become constipated you will have billous attacks, sick headaches, coated tongue, foul breath, heartburn, water brash, etc., and those troublesome piles, which cause so much annoyance and misery.

Keep your bowels moving regularly and you won't be sick.

In Milburn's Laxa-Liver Pills you will find just the remedy you require for this purpose. They are purely vegetable and do not gripe, weaken or sicken.

Mr. James S. Harris, Box 934, Halifax, N. S., writes: "For two years I suffered with constipation. I could not get any thing to cure me, and hardly anything would give me even temporary relief. One day my uncle induced me to try Milburn's Laxa-Liver Pills, and even brought me a vial. I tried them without much faith, but I soon found they were doing me good, and after using the second vial I was relieved of my trouble."

Milburn's Laxa-Liver Pills are 25c a vial at all dealers, or mailed direct on receipt of price of The T. Milburn Company, Limited Toronto, Ont.

GRATIFYING REPORT OF HURON AND ERIE

Past Year Marked by Large Increase in Assets.

NUMBER OF DEPOSITORS

Increased by 3,000 During 1920—P. E. McKenzie, K. C., Gives Address.

The fifty-seventh annual meeting of the shareholders of the Huron and Erie Mortgage Corporation was held at the head office of the institution in this city Wednesday afternoon.

A most gratifying report of the past year's operations was submitted to the shareholders and unanimously adopted.

The past year has been marked by another large increase in assets of over $2,000,000, the total assets of the corporation now being in excess of $22,600,000. Savings deposits have increased by almost $1,500,000, and it is an interesting fact that the number of depositors during 1920 increased by over 3,000. Debentures issued to Canadians and Americans also increased by considerably over $1,000,000. Another interesting feature was the addition of $150,000 from the profits of the corporation to the reserve fund. The combined paid-up capital and reserve fund now total $6,150,000.

Mr. W. T. E. Wrighton highly complimented the directors and management upon the absence for the thirteenth consecutive year of real estate on hand other than office premises. This satisfactory state of affairs is the outcome of a conservative loaning policy, and is the "acid test" of the character of the investments of a mortgage lending institution.

A most interesting address was given by Mr. P. E. McKenzie, K. C., of Saskatoon. Mr. McKenzie is a former Londoner, being a son of Mr. Philip McKenzie, who is the only surviving member of the original board of directors of the Huron & Erie at the time of its inception in 1864.

Feeling reference was made by the president, Mr. T. G. Meredith, K. C., to the death, during the past year, of Mr. Verschoyle Cronyn, K. C., one of the founders of the Huron & Erie. Much of the success of the corporation is due to the late Mr. Cronyn's ability, foresight and sound judgment.

The following directors were elected for the ensuing year: T. G. Meredith, K. C., president; Hume Cronyn, first vice-president; F. E. Leonard, second vice-president; George T. Brown, H. E. Gates, F. R. Eccles, M.D., LL.D., A. H. M. Graydon, Philip Pocock, and N. R. Howden, newly-elected member of the board.

The following are the officers of the corporation: Hume Cronyn, general manager; M. Aylsworth, assistant general manager; D. McEachern, secretary; C. J. Clarke, treasurer; H. W. Givins, superintendent of western branches; F. P. Betts, K. C., solicitor.

Windsor, Feb. 10.—(Canadian Press).—Never having lived more than a mile from the place where she was born, Mrs. Marion Renaud, aged 96, one of the oldest residents of Essex County, died in Sandwich East Township yesterday. She had lived in the house in which she died for 52 years.

SMUTS' ELECTION MEANS TIGHTENING TIES WITH EMPIRE

Premier Is Well Qualified to Guide South Africa's Destinies.

London, Feb. 10.—The Daily News, discussing the South African election, says that on the clear issue of the loosening of the ties that bind South Africa to the Empire, the people of the Union have made an emphatic declaration of their desire to maintain the imperial connection, but the future place of South Africa within the Empire will be made by no one for her. She will define her place for herself and no one of British citizenship is better qualified to guide her in the process than Gen. Smuts. The News adds that it is doubtful whether domestic affairs will permit Premier Smuts to attend the imperial conference in London in June.

DR. TOLMIE IN FAVOR OF TWO PARTY PLAN

Sees Lesson From West Peterboro Results.

Toronto, Feb. 10.—According to Hon. Dr. S. F. Tolmie, minister of agriculture in the Dominion Government, one plain and important lesson for Canadians in the West Peterboro election result is the necessity for the two-party plan as "about the only safe recipe for securing and retaining representative government."

Dr. Tolmie points out that the result of the contest, for which Peterboro had five nominees, the winner goes to Ottawa on the strength of 4,051 votes polled for him out of a qualified list of 15,000 voters.

"I am looking at that result," he said, "not as a member of the Meighen Government, nor as a politician. I am not a politician, and never pretended to be one. My own view of a good government is a government that does its best to apply sound business principles to the conduct of public affairs in the most efficient and economical way, with recognition of all opportunities for expanding our national business along common-sense lines, and in fairness to all interests and all classes in the community."

CHICAGO ALDERMAN AND PUGILIST COME TO BLOWS

Chicago, Feb. 10.—The council hearing on the proposed state law to authorize boxing was interrupted yesterday by a fistic encounter between "Tommy" White, former featherweight champion, and Ald. Lyle.

The encounter resulted from White's advocacy of a clause permitting decision contests.

Neither was seriously hurt by the few blows.

STANDARD OIL DIVIDEND.

Chicago, Feb. 10.—Stockholders of the Standard Oil Company of Indiana today were notified by the declaration of $1 quarterly dividend on the new $25 par value stock. This is at the rate of 40 per cent on the old stock. Last fall the company declared a stock dividend of 150 per cent and reduced the par value to $25, thus giving each stockholder ten shares of new stock for each old share. The old stock had been receiving 12 per cent and 12 per cent extra dividends. Purchases of the original stock were donated to the European child relief fund.

Millions of Eggs From China and Puget Sound

Vancouver, B. C., Feb. 10.—More than 10,000,000 Puget Sound and Chinese eggs have been brought from Seattle, Wash., during the last two months for shipment by rail to eastern cities, including New York, Boston and Philadelphia. Puget Sound chickens are said to have supplied 2,160,000 eggs of the big movement, the remainder being the product of Chinese hens brought across the Pacific from the Orient. These latter are said to be used in the eastern cities for making cakes and confectionery.

TWENTY-YEAR SENTENCE.

Moose Jaw, Feb. 10.—Twenty years in the penitentiary was the sentence given Carl Cavanagh by Chief Justice Haultain here last night, when, after three hours' deliberations a jury in the court of king's bench found Cavanagh guilty of manslaughter. He was charged with murdering his wife by shooting her down in the street near his home. Medical experts testified he was sane.

MOTORISTS MUST PAY FEES BY FEBRUARY 14

Otherwise They Will Receive Valentine From Authorities.

February 14 is the last day of grace for the payment of motor licenses for 1920. Those who have not paid are advised to get busy, otherwise they are apt to receive a valentine in which Dan Cupid has no part.

The open winter has had its effect on motoring, and up to date there have been more licenses taken out than there were up to the end of March last year. The one thing necessary to render motorists happy, however, is good roads, for the wear and tear on plant and gear, owing to the primitive condition of some of the highways, is something appalling.

Last year no fewer than 3,200 citizens of London took out car licenses, while the number in the county of Middlesex, city included, was 9,000. It is expected that the figures will be much greater this year.

NEWSPAPER PLANT CLOSED.

Havana, Feb. 10.—Police authorities last night closed the plant of the Cuatro Poder, a Liberal daily, and seized copies of an edition containing a story that a military uprising had occurred at Matanzas. Officials deny there is any foundation for the story.

MEAT CAUSE OF KIDNEY TROUBLE

Take Salts To Flush Kidneys if Back Hurts or Bladder Bothers.

If you must have your meat every day, eat it, but flush your kidneys with salts occasionally, says a noted authority who tells us that meat forms uric acid which almost paralyzes the kidneys in their efforts to expel it from the blood. They become sluggish and weaken, then you suffer with a dull misery in the kidney region, sharp pains in the back or sick headaches, dizziness, your stomach sours, tongue is coated and when the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, the channels often get sore and irritated, obliging you to seek relief two or three times during the night.

To neutralize these irritating acids, to cleanse the kidneys and flush off the body's urinous waste get four ounces of Jad Salts from any pharmacy here; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate sluggish kidneys, also to neutralize the acids in urine, so it no longer irritates, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure, and makes a delightful effervescent lithia-water drink.

PASSENGERS SAY "BAD WHEELS" TO BLAME

Street Railway Company Attributes Accident on Bridge to "Spread Rails."

Which is right?

Passengers on street railway car No. 114, which left the tracks while crossing the bridge at the foot of the hill, Dundas street west, about 11:50, Tuesday morning with the result that those people traveling on it received a rather severe fright and free traffic was tied up for half-an-hour declared Wednesday that the accident was not due, as the company's officials assert, to a "spread rail" but to "bad wheels."

As proof of this claim they point to the fact that immediately car No. 114 had been replaced on the tracks and hauled away to the barns, traffic was resumed on the West London route, a thing which could not have been done had it been necessary to replace a "spread rail." It is also asserted that No. 114 was taken to the barns and a new rear truck inserted in place of the one which jumped the tracks. The unlucky car was in service again Wednesday on the same route.

ASSISTANT ARCHITECT WOULD SAVE $10,000

In Preparation of Collegiate Plans, Says Trustee Wright.

That a saving of $10,000 can be effected by employing an assistant for the board of education architect, instead of turning the preparation of high school plans over to an outside architect, was the statement made by Tyrustee J. B. Wright today.

"We could engage a very capable man to assist Mr. Carrothers for six months for $2,000," Trustee Wright said. "Architects charge 4 per cent of the cost of a building for the preparation of plans. The proposed expenditure for a high school is $300,000. Four per cent of that is $12,000. If we engage a man at $2,000 we will make a direct saving of $10,000.

"I do not think Mr. Carrothers is too busy to undertake the additional work with the help of an assistant. He has practically completed all the public school work, with the exception of Victoria school. He will soon be free to give most of his time to high school plans."

LONDON PRESBYTERY TO MEET ON FEBRUARY 15

Call of Rev. N. A. Campbell to Beaverton Will Be Considered.

The next meeting of the London Presbytery will be held in the First Presbyterian Church on February 15. A call to the Rev. N. A. Campbell of Vanneck and Ivan, to Beaverton, will be considered. The call has been signed by 348 members of the congregation, and $4 adherents of the church. A stipend of $2,000, with use of manse and four weeks' holidays, is offered. The Beaverton congregation is a large one, composed of Presbyterians and Methodists.

The resignation of Rev. J. A. H. McLean of Aylmer and Springfield, will be dealt with. Mr. McLean left three months ago for England, and will not be able to return for some time.

Reports of the benevolent fund, the assembly remittance and the settlement of ministers and calls will be considered. The commissioners to the general assembly will be appointed. These are elected in rotation. The following seven pastorates will elect the representatives this year: Bethel, Bryanston and Ilderton; New Glasgow and Rodney; King Street Presbyterian, Chalmers Church, St. George's, Dunwich and McBride, and the Hamilton Road Presbyterian Church.

Obituary

MRS. LYDIA OSBORNE.

Mrs. Lydia Osborne, a resident of London for some years, died at her home, 720 Talbot street, early this morning. Mrs. Osborne is survived by two daughters, Mrs. G. Baskerville and Mrs. Hubert Bayley; two sons, Herbert and Stanley of this city; one brother, W. C. Parker of Rochester, N.Y., and a sister, Mrs. Shayer, of Roslindale, Mass. Mrs. Osborne was a member of the Church of St. John the Evangelist. The funeral will be held on Saturday afternoon from her residence at 3 o'clock. Interment will be made in Mount Pleasant Cemetery.

PERSONAL MENTION

Next Monday afternoon is the occasion of the big valentine tea to be held in the armories under the auspices of the Seventh Regiment Chapter in aid of the Children's Hospital.

The Women's Press Club is arranging to entertain Mr. Bliss Carman, the loved Canadian poet, at a small supper party to be held at the Tecumseh House tomorrow afternoon.

GREENE-SWIFT EMPLOYEES ARE OUT ON STRIKE

Wages Had To Be Cut or Factory Closed, Says President of Firm.

To prevent what they claim is a 25 per cent cut in their wages, 150 garment workers, employees of the Greene-Swift Company of this city are out on strike.

The interests of the workers, who are affiliated with the International Organization of Amalgamated Clothing Workers of America, are being looked after by Isaac Bainbridge of Toronto, an organizer for the amalgamation. Mr. Bainbridge claims that for weeks before the walkout the employees had sought to reach an amicable settlement, but that their efforts had failed.

The trouble is the outcome of an announcement made by the firm several weeks ago that the wages were to be cut 25 per cent, Mr. Bainbridge claims. The employees voted unanimously to refuse the cut, and they appointed a committee to interview the employers. When interviewed, Mr. Green gave the assurance, Bainbridge said, that the cut would not take place, and the employees went back to work on that understanding.

Despite the promise, Mr. Bainbridge claims, that the cut was put into effect without further notice, and the employees, who are mostly girls, declared a strike. The employers have since refused to deal with the union.

When interviewed by The Advertiser, Robert Greene, president of the firm, said that the company had sought to benefit the employees when the cut was ordered. The factory, he claimed, had not been closed for a week in the fifteen years of its existence. Because of the business slump the firm has already filled its spring orders, and there is no more ordered work to be done.

In preference to closing down and aggravating the unemployment situation in this city, Mr. Green said that the company had told its employees that it was willing to manufacture stock clothing at a loss if the workers were willing to accept a 25 per cent cut in wages, and perhaps work half time. The offer was rejected. Then the organizer arrived on the scene.

In an interview given to some of the employees, at which Mr. Bainbridge was present, the employees had asked assurance that the old scale would be paid when business had increased. Mr. Greene said that such a promise was impossible, because no one was able to look into the future. When the employees still refused, Mr. Greene claims he said, "Well, then the cut won't go into effect, for we will have to close down."

Since that time Mr. Greene has refused to deal with the union. He declares that his firm has always been friendly with its employees, and that it resented outside interference. While he sympathized with his workers, he could not sympathize with the organization to which they belonged, for it was an outlawed organization. He did not believe that it had the sympathy of other organized labor in the city.

Mr. Greene said that the firm held nothing against the employees because of their actions, and that their positions were open when they decided to return. Meanwhile the firm welcomed an opportunity to close its doors.

DR. MICHAEL CLARK DECLINES TO GUESS WHAT END MAY BE

[Special to The Advertiser.]

Winnipeg, Feb. 10.—Dr. Michael Clark, federal member for Red Deer, passed through Winnipeg last night on his way to Ottawa. Asked what he thought of the position of the government in view of the way in which its majority in the house has been whittled down, Dr. Clark said the situation is such a delicate one that he preferred to make no statement at present.

"I am going to be in my place when the house opens, and will remain there until the end, though what or when that end will be I would not like to forecast," he added with a smile.

BUILDERS TO BANQUET

N. J. Kennedy of Detroit Will Be Special Speaker at Friday Gathering

In compliance with a decision of the recent building conference at Winnipeg, the London Building Exchange has changed its name to the London Building and Construction Industries. A banquet Friday night at the Tecumseh House will mark the end of the old title and the adoption of the new one, as well as concluding the business for the past year.

N. J. Kennedy, president of the Building Employers' Association of Detroit, will be the principal speaker. His topic will be "The Optional Plan of Employment." Mr. Kennedy is an advocate of open shop principles, but at the same time is reputed to have the friendliest relations with labor organizations he has come in contact with.

MR. JUSTICE NEWLAND EXPECTED TO SUCCEED AS LIEUT.-GOVERNOR

[Special to The Advertiser.]

Ottawa, Feb. 10.—It is believed here that Mr. Justice Newland of the supreme court of Saskatchewan, will shortly succeed Sir William Lake as lieutenant-governor of Saskatchewan.

A further rumor to the effect that Hon. Alphonse Turgeon, attorney-general of Saskatchewan, would go to the bench of his province, has been in circulation. The rumor is not generally credited here, the general impression being that Mr. Turgeon aspires to federal politics.

G. W. V. A. TO COMMEMORATE THE BATTLE OF YPRES

Memorial Service To Be Held in St. Paul's Cathedral.

The local members of the G. W. V. A. are already making preparations for the commemoration of the battle of Ypres, which takes place on April 22. It was on that day, in the year 1915, that the Germans surrendered the sadly battered city to the Canadians after one of the most stubborn engagements of the late war. Hundreds of Canadians laid down their lives in this famous fight, and the glory which crowned their efforts shall never be forgotten.

This year the anniversary falls on a Friday, and it has been arranged that a memorial service will be held in St. Paul's Cathedral, the band of the organization leading the procession to the sacred edifice, where a wreath will be deposited and the "Last Post" sounded.

Plans are being considered for the decoration of the graves of soldiers who died since their return from the war. It is probable that this will take place in June or July next, and it has been suggested that a civic holiday should be declared for the occasion. Representations on the matter are to be made to the Government.

He's smashed his head, his arm or knee
At any rate he's for repair.
It seems to take a lot of time,
To get him back to place,
But can he keep those cars in line,
Or must he be disgraced?
Now your watch, it serves you badly,
And you find it needs repair.
So take it to Johnston's Jewelry,
You'll find they're always square.

JAMES G. HUNEKER DIES.

New York, Feb. 10.—James Gibbons Huneker, musical critic and essayist, died at his home here last night after a short illness from pneumonia. He was 61 years of age. He was born in Philadelphia and educated in Paris and other European capitals, where he gained an international reputation as a musical and dart critic. He was the author if several volumes of essays and criticism. Mr. Huneker had been on the staff of the New York Herald for the past two years.

COMPLETE REPORT ON HOUSING COMMISSION

J. W. Cunliffe Will Cover the Activities of Past Year.

A complete report on the activities of the housing commission will be made at tonight's meeting of that body by the chairman, J. W. Cunliffe. This will be forwarded to the city council which recently asked for a statement of the commission's work in the past and plans for the future before indorsing further expenditures.

The council's request that the commission disperse with the services of the agent who was engaged to sell houses will also be considered. The council is suggesting that the work be done by the city clerk and the building inspector.

City Briefs

TWO GAMES TONIGHT.—There will be two games in the Manufacturers' League in the Westminster rink tonight.

BANK CLEARINGS. — The bank clearings for this week were $3,183,577. For the same week last year they were $3,195,688. This shows a decrease of $12,061 over the corresponding week in 1920.

MINSTREL SHOW.—The Adanac Club minstrel company of the Y. M. C. A., which is putting on a minstrel show on Friday and Saturday evenings, will give a rehearsal for the Westminster Hospital patients this evening.

GOES TO HAMILTON.—Frank R. Hughes, at one time assistant city clerk, and lately a paying teller with the Bank of Montreal, left for Hamilton today to become assistant accountant at the main branch of the institution there. He has received many congratulations on his promotion from his former associates in city work.

VISIT OF ST. THOMAS LODGE.—Elgin Lodge number 122, I. O. O. F. of St. Thomas with Brother Tonge presiding, conferred the Degree of Brotherly Love at a meeting on Wednesday night of Chorazin Lodge, number 190, I. O. O. F. of this city. After the degree and secret work a splendid program was given. Refreshments were served.

FATHER AND SON BANQUETS. — Five churches in the city will hold father and son banquets this evening. Splendid programs have been arranged by each one, and large crowds are expected. Following are the churches: Manor Park Anglican, Hamilton Road Presbyterian, King Street Presbyterian, Chalmers Presbyterian and the Robinson Memorial Methodist.

BACK TO WINDSOR.—Archie Hall, who was convicted of trespassing on the Grand Trunk Railway a few days ago, and remanded for a week, will be returned to his home in Windsor. This morning in police court Deputy Magistrate P. H. Bartlett discharged the prisoner as money for his return passage had been secured. He will be escorted to the first train by the police today.

ELECTED DIRECTOR—John Pringle, manager of the Bank of Toronto, was elected a director of the Canadian Jersey Cattle Club at the annual meeting held yesterday at the Carls-Rite Hotel, Toronto. Resolutions asking that the Government prevent any further increases in freight or express rates and that all so-called live stock "cure-alls" be investigated by proper veterinary authorities before being placed on the market, were passed unanimously at the meeting.

WORK ON WELLAND CANAL PROCEEDING; 1,400 EMPLOYED

St. Catharines, Feb. 10.—Work on the Welland Canal has been progressing steadily this winter. About 1,400 men all told are employed on the four sections under operation, and it is understood that more could be taken up. It is understood that next year the Government will proceed with the work under private contract, when it is expected contracts for more sections of the ship canal will be let.

MAY SELL SEIZED LIQUOR TO HOSPITALS

Washington, Feb. 10.—Sale to hospitals of more than 50,000 gallons of seized liquors held by the customs officers at the various ports of the United States is under consideration by the treasury department, Assistant Secretary McLean said today.

Protests have been received from collectors of customs, Mr. McLean said, because of the responsibility they declare is imposed upon them in keeping these liquors in safety. The collectors also assert that they have been more or less embarrassed in disposing of the liquor because of the recent ban against other than wholesale druggists.

U. F. O. MEMBERSHIP CAMPAIGN AT CRUMLIN

THORNDALE, Feb. 9.—The membership contest of the Crumlin branch United Farmers entered upon at the first of the year was concluded with tht February meeting, held on Monday night. William Quinn and his workers were the winners, having obtained some 114 members, the opposition, under the leadership of Frank Wilson, gaining 69. Members of the losing side will provide a banquet for the winners. This will be held during the last week in February, and it is hoped to have present as guest of honor R. E. Burnaby, president of the U. F. O.

An old-time spelling match, a feature of the program, under the captaincy of Miss Maud Campbell and Cecil Stamp, created considerable amusement, and resulted in victory for Miss Campbell's side. An excellent paper on "Our Duty as a Citizen," was given by Miss Anderson, who emphasized the individual's four-fold duty in life to oneself, to the community, the country, and to God. Songs by Cecil Stamp, and music by the Crumlin Orchestra completed the program.

RANCHERS' ASSOCIATION SEEKS LEGISLATION

TORONTO, Ont., Feb. 9.—It was decided at the second annual meeting of the Ontario Ranchers' Association here today to ask for legislation to give the lessee prior right to a renewal lease on the expiration of his present one; to give the lessee the privilege of buying an area of his leased but improved land equivalent to two ordinary farm lots, for the growing of winter feed and to compensate the rancher for improvements or buildings erected on the leasehold in connection with ranching. The suggested legislation is meant to stabilize the ranching in Northern Ontario, and improve conditions there.

Officers were elected as follows: President, F. C. Patterson, Powassan; vice-president, James Fennessey, Renfrew; secretary-treasurer, C. M. Laidlaw, Monteith.

DEATH OF JOHN WAY.

STRATFORD, Feb. 9.—John Way, one of Stratford's pioneer businessmen, died today, aged 75 years. He was born in Stratford, and spent his entire life in the city. For over fifty years he carried on a boot and shoe business. His wife, three daughters and one son survive.

Dr. H. W. Baker has been appointed chairman of the library board for the coming year and A. W. Deacon secretary.

Samuel and James Schub wanted here for alleged fraud have been arrested at Timmins.

UNFILLED STEEL ORDERS.

New York, N. Y., Feb. 10.—The monthly report of the United States Steel Corporation made public today, showed 7,573,164 tons of unfilled orders on hand January 31. This is a decrease from unfilled orders on December 31, which were 8,148,139 tons.

HARD BATTLE IN CAPTURING NEGRO WHO KILLED WOMAN

Philadelphia, Pa., Feb. 10.—A six-hour battle early today between a negro, who had shot and killed a woman in the house where he was living, and nearly a hundred policemen and firemen, resulted in the capture of the man, mortally wounded, and the injuring of four policemen. Pistols, axes, high pressure fire hose, sulphur candles and other chemicals were used against the negro who had barricaded himself in the house.

NO COURT ACTIONS YET TO RECOVER GAS COMPANY CHARGES

Many Citizens, However, Have Been Seeking Legal Advice.

No writs to recover money paid in "readiness to serve" charges to the gas company during the past several months have been entered at either of the local division courts. Many citizens are reported to be seeking legal advice along this line, but none of them have taken decisive action yet.

A few fortunate people are chuckling over the decision of the Ontario railway and municipal board. These are persons who have gas installed in their houses merely as a standby in case the electricity failed. They had only the meter rent and "ready to serve" charge to pay. There were no bills for gas consumed. As there is no discount on either the meter rent or readiness to serve charge some of these people allowed their bills to run for several months, intending to pay it up in one large check. Now they will only have to pay the meter rent and will save themselves the "readiness to serve" charge.

COLLEGIATE QUESTION

Members of Board Will Meet Minister of Education in Toronto Friday.

All members of the board of education are preparing to leave for Toronto early Friday to meet R. H. Grant, minister of education, in regard to the collegiate question. The decisions of the last meeting of the board will be laid before him, and the educational department's approval of the plans will be asked. There will be a general discussion of the situation here.

SEEK TO COLLECT MANUFACTURERS' TAX

OTTAWA, Feb. 9.—The Dominion Government will attempt to recover from all manufacturers selling direct to the retail trade the amount of the two per cent manufacturers' tax which under the war revenue act of 1915, and amendments thereto, they are supposed to collect from their customers at time of sale.

Many manufacturers have refused to pay this impost since May 19 last, and the Government proposes to make a test case of the matter.

ZONE RATEPAYERS ARE OPPOSED TO LITIGATION

Thamesville, Feb. 9.—There was a lively time in Zone Township hall Monday at a special sitting of the council. The regular date for the meeting was next Monday, but news of a petition among ratepayers against the council carrying an appeal to the supreme court of Canada in the case of McDowell vs. Zone township re the base line fence, apparently caused the reeve to call the special meeting yesterday.

The petition was nevertheless presented, the hall being packed with ratepayers to back it up. It declared that public opinion in the township is strongly opposed to the council carrying the lawsuit any further, since to date five judges have decided against the township. At times the meeting became very warm, several ratepayers calling for the resignation of the council in a body. The council adjourned without making any definite statement, to meet again on the first Monday in March, or at the call of the reeve.

STRATFORD

Stratford, Feb. 9.—Miss J. Arnoldi, national president of the I. O. D. E., was the guest of the local chapters today, and addressed the chamber of commerce at 3 p.m.

Death yesterday removed a well-known resident in the person of Edna Blum, wife of City Clerk W. H. Dorland and sister of Ald. George Blum.

Rev. Dr. L. S. Hughson, who has been for ten years pastor of Ontario Street Baptist Church, has resigned, his resignation taking effect March 31. Dr. Hughson came here from Windsor.

MAY SEND DELEGATE TO OTTAWA.

BURGESSVILLE, Feb. 9. — At a meeting of the local depositors in the defunct Farmers' Bank, which is to be held in the I. O. O. F. hall on Friday, February 11, at 2 p.m., the advisability of sending a delegate to Ottawa will be discussed.

GRANT VETERANS $500.

BLENHEIM, Feb. 9. — A deputation from the local G. W. V. A. attended the meeting of the town council last night and asked for a grant of $500 to equip and furnish their clubrooms. The council granted the request without hesitation.

WHEN APPETITE FAILS AND HEALTH DECLINES FOLLOW THIS SUGGESTION

Requires Only a Couple of Small Tablets After Meals To Fix You Up Again.

A New Blood-Food Called Ferrozone Sure To Restore You Quickly.

Every day comes the good news of wonderful success with Ferrozone.

In Peterboro it worked marvels for Louis Meehan—put him right on his feet—made him entirely well.

"About three years ago," says Mr. Meehan, "I had the grippe which left me in a very rundown condition that finally developed into Dyspepsia. I was unable to eat but a few things and had a craving for acid. I gave up treating with the doctors because they did not help me and on the advice of a friend used Ferrozone. It not only relieved me but built up my strength to what it was before I had the Grippe. I can recommend Ferrozone as an ideal restorative."

Ferrozone gives you force, energy, vim.

It strengthens the stomach, relieves indigestion, prevents headaches—guarantees good health.

Thousands use Ferrozone—they all feel better; try it yourself—sold in 50c boxes, six for $2.50, at all dealers, or direct from The Catarrhozone Company, Kingston, Ont.

HAMILTON ALLEGED REDS TO GET TRIAL

Magistrate Commits Four After Hearing Evidence.

Hamilton, Feb. 10.—Edgar Haslam, Oliver Fry, Evan Siminoff and Stanley Marinoff, under arrest in connection with the alleged "red" movement in Hamilton, were all committed for trial by Police Magistrate Jelfs today. Officers testified to the seizure of soviet literature at Haslam's home, and of some of the fiery statements made by him at public meetings.

Harry Whitehouse, who resigned as a member of the organization, told about the formation of a local branch with over 200 members, and what took place at the meetings. There was talk, he declared, of organizing the workmen of Canada. The objects were to have everything in the hands of the workers. The factories were to be taken over by force, if necessary, and the Government was to be finally overturned. Asked if there was any talk of confiscation of arms, he said that when use of the armories for a mass meeting of the unemployed was refused there was talk of taking the armories by force, and what was inside them.

POLICE CLAIM 1921 AUTO MAKERS ARE HARD TO DECIPHER

Very Similar To Those Issued by State of Michigan.

MUST NOT CARRY GUNS

St. Thomas Lady, Wife of Son of General Smuts.

ST. THOMAS, Feb. 9.—The urban and rural constables are complaining of the deceptive and confusing appearance, especially at night, of the motor license markers for 1921. The officers say that black figures with the yellow background are hard to detect at distance and some of the constables cannot get the numbers after dark. The result will be, they claim, increased speeding. The new markers cannot be distinguished from those issued by the State of Michigan and the plates handed out to Canadian motorists. The blue and black marker used last year is preferred by the highway watchmen.

Carrying Guns Prohibited.

Chief Armstrong has been instructed by the superintendent director of criminal investigation, Ottawa, to strictly enforce the law dealing with the carrying of firearms, and to arrest any person carrying a gun or a contraption for the muzzling of sound of gun unless he produces the prescribed permit. Boys will be prosecuted too if found shooting with air or other rifles within the city limits.

Read by Thousands.

The number of books circulated at the public library during the year reached 84,000, about 32,000 in excess of that for 1919.

Miss Hattie Allworth, Centre street, is seriously ill at the Amasa Wood Hospital and is not expected to recover.

St. Thomas People Interested.

Besides being gratified with the safe return of General Smuts and his party to power in the South African elections, many St. Thomas people are interested as well in the family circle of the general. Miss Fane Travers, the daughter of the late H. B. Travers, barrister, St. Thomas, and granddaughter of the late John Farley, K.C., is married to a son of Premier Smuts, and resides in South Africa.

H. C. L. Dropping.

Beefsteaks and beef broils took a downward trip today, the local butchers offering their cuts at a drop of three cents in some, five in others. Eggs, too took a tumble to 55 cents.

Miss Nellie McTaggart of Trafalgar master Cassidy's office, G.T.R. Wabash has resumed her duties after some weeks' illness.

Ahead of the Fire Truck.

A coal oil stove with a dangerous looking blaze brought the fire department to the home of Mrs. Shepherd, 82 Wellington street today, but it was removed to the yard by a lady of the house before the motor truck got there.

Mrs. C. Fletcher Passes.

The death of Eliza J. Fletcher, wife of Charles Fletcher, Pere Marquette engineer, took place this afternoon at her residence, 142 Ross street, after an illness of three days. She is survived by her husband and five children, as well as her parents, Mr. and Mrs. Charles Rock, corner of Ross and McIntyre streets, Henry Rock, David Rock and Clarence Rock, St. Thomas, are brothers, and Mrs. Charles Connor, city, and Mrs. James Oatman, Des Moines, Iowa, are sisters. Mrs. Fletcher was an esteemed member of the G. I. A. The funeral will be to St. Thomas Mausoleum on Friday.

Why Castoria?

YEARS ago Castor Oil, Paregoric, Drops and Soothing Syrups were the remedies in common use for Infants and Children; Castor Oil so nauseating as to be almost impossible and the others all containing Opium in one form or another, but so disguised as to make them pleasant to the taste, yet really to stupify the child and give the appearance of relief from pain.

It required years of research to find a purely vegetable combination that would take the place of these disagreeable, unpleasant and vicious remedies that from habit had become almost universal. This was the inception of, and the reason for, the introduction of Fletcher's Castoria, and for over 30 years it has proven its worth, received the praise of Physicians everywhere and become a household word among mothers.

A remedy ESPECIALLY prepared for Infants and Children and no mother would think of giving to her baby a remedy that she would use for herself without consulting a physician.

Children Cry For Fletcher's CASTORIA

Have You Tried It?

Everybody has read the above headline; how many believe it? Have you a little-one in the home, and has that dear little mite when its stomach was not just right felt the comforts that come with the use of Fletcher's Castoria? You have heard the cry of pain. Have you heard them cry for Fletcher's Castoria? Try it.

Just help baby out of its trouble tomorrow with a taste of Castoria. Watch the difference in the tone of the cry, the look in the eye, the wiggle in the tiny fingers. The transformation is complete—from pain to pleasure. Try it.

You'll find a wonderful lot of information about Baby in the booklet that is wrapped around every bottle of Fletcher's Castoria.

CONSISTENCY VS. CONCUSSION.

Our local contemporary, somewhat stunned by the bolt from Peterboro, declares that Mr. King has done "some fine gyrations" on the tariff. "He started off as a militant advocate of the platform drafted by the Liberal convention in 1919," but "by the time the Peterboro by-election was reached he had abandoned his tariff policy entirely."

How does our local contemporary proceed to make this out? It quotes Mr. King as saying:

"If there should be a change at Ottawa and I were asked to form a government, I would not touch the tariff until after an election. We would put our platform before the people, and if returned we could go ahead with our tariff."

From this, however, anyone would naturally conclude two things, that Mr. King stands by (1) "our platform," and (2) his faith in constitutional procedure as against autocracy, usurpation and government without the people's explicit verdict. But our Conservative contemporaries have not quite come to yet after the blow. It did look as though the Government candidate could not help wriggling through in Peterboro with the opposition so divided, and all the "workers" working. Our Conservative friends have "met with many a breeze before, but never such a blow," since the last Ontario provincial election.

MR. BURNHAM'S LEAD.

Though personally defeated in the election, Mr. Burnham has won a victory of principle. The election is a triumph for him. He resigned his seat in order to meet "Premier" Meighen in trial by combat, after the ancient and honorable law of chivalry when knighthood was in flower. Under every disadvantage he has won his point and proved his opponent in the wrong in a way that the mediaeval ordeal could not do. The whole country will congratulate Mr. Burnham on showing up the Meighen usurpation.

Such independence and disinterestedness as the former member for West Peterboro has shown are rather rare among our politicians. Not only should Mr. Meighen himself be now asked to dissolve, or even to resign a position that he never earned, but his ministers and followers in the House should be called upon or challenged to follow Mr. Burnham's example. If the people in the various constituencies represented by members of the Meighen clique do not memorialize their representatives to resign their seats, Mr. Burnham may think that Canada is not worth fighting for. Which will be the first constituency to push "Premier" Meighen's foot off its neck?

INDIA AND IRELAND.

The entirely successful installation of the new governmental machinery in India, as a step in the direction of self-government, is an indication of what may happen in Ireland. Malcontents went about trying to stir up the Hindoos to have nothing to do with the scheme as not advanced enough. Will Sinn Fein also fail in preventing the operation of Irish Home Rule when the act comes to be implemented?

If plenty of Irish volunteers can be found to fill the ranks of the Royal Irish Constabulary and maintain its splendid efficiency, it is easy to believe that there will be men and women to carry out the Home Rule Act, setting up the legislatures, councils and courts. Once the act comes into operation, the mass of moderate sentiment will probably stand behind it, even though not altogether satisfied. The thing for Irishmen to do will be to note its deficiencies, agitate for modification, gradual or rapid, stop the everlasting anti-British agitation that does nothing but harm both in the British Isles and in the United States, and steadily work towards complete Dominion Home Rule.

WINTER BIRDS.

For the winter's lack of colorful things,
He gave us the bird of crimson wings.

The open winter has made the gatherings of birds about the city feeding stations small and select. Chickadees, nuthatches and woodpeckers are quite independent of their human friends this season, and the bountiful provision for days of severe weather and snow-covered spaces have been so far untouched. The chickadees, in particular, with their gay audacity and friendly curiosity, are very much missed, and their absence makes the winning of other birds a trifle more difficult, but perhaps more interesting.

A day of cold and snowfall is ideal for concealed watching of the coming and going of the cardinals to the window-ledge. A tiny curate, laden with a variety of tempting food, stands close to the pane, and just out of reach of the falling flakes of snow large pieces of suet are spiked temptingly to parts of tree-boughs. From a wire stretched from window to tree is a jumper, cleverly built, with long, sloping, sheltering roof, and allowed to swing rhythmically in the wind. A small length of tree-bough pierced irregularly with suet-filled holes also sways invitingly near the jumper. All is in waiting for the shy guests.

First to come is the female cardinal. She lights on a snow-sprinkled dish of an outer feeding-post, and searches eagerly with her bright orange beak for the concealed seeds. Her appetite appears satisfied before she seeks the window-ledge, but finally, encouraged by a junco, she comes closer, and there is the wonderful privilege of seeing her at close range, and marveling over her crimson-tinged crest and wings, and the delicate shadings of her breast. She finally flies to the cunningly-arranged underbrush about the big maple trunk just outside the window, and then a beautiful miracle takes place. A bright flash of scarlet, and there beside her is the lovely male! A daring glow of flame he is, with contrasting markings of deep black, his proud bright crest and brilliant plumage dazzlingly displayed by the background of ermine-edged spruce needles. He retreats further into the sheltering green and spends a moment in unconscious poise of utter beauty, and then another flash of scarlet marks his flight. Another time he will visit the window-ledge.

It is an almost unbelievable miracle to watch the pretty play of tiny feet and delicate wings through curtained pane, just within touch of one's windowsill. The winter birds know their friends and stay with those who are constant in their feeding. It is a hobby that makes for forgetting where worry is concerned, and gives consciousness of working hand in hand with the Creator in a small way.

EDITORIAL NOTES.

Peterboro by-election may prove a "by-by" election for Meighen.

The defeat of Smuts would have meant a black mark for South Africa.

LOSSES IN MAILING.

[Quebec Telegraph.]

The astounding statement is made by the postal authorities at Washington that more than 20,000,000 letters in the United States reach the dead letter office each year because they are so incorrectly and improperly addressed that they cannot be delivered to the addressee or returned to the sender, and the first assistant postmaster-general well says: "If your letters are important enough to write, is it not important enough to see that they are correctly addressed? Mail is usually dictated and signed by the highest salaried officers and employees of a business, then intrusted to the lowest-paid employee for mailing."

Every businessman will acknowledge the truth of this last remark, yet what a pity 'tis, 'tis true. In view of this fact the chief surprise is not that 20,000,000 letters every year are lost or cannot be delivered, but that the number is not very much larger.

OTHERS' VIEWS

AN INTERNATIONAL SENSE OF HONOR.

[Christian Science Monitor.]

Commenting on an incident in a British court of law, the Christian Monitor says:

"That is the way English people get rid of abuses; they laugh them out of court. Charles Dickens got rid of Bumble by making him ridiculous, and when little jokes appear on the subject of bureaucracy, one may depend that it will wilt."

The genius of Anglo-Saxon peoples is a sense of humor. It has been the salvation of the Anglo-Saxon race on more than one occasion, and has done more to correct constitutional and political faults than all the theorizing and learned discussion in the world.

The man of British blood has the heaven-given faculty of laughing at himself when he becomes too serious, and laughter is the great leveler. No man is dangerous when he laughs—particularly at himself.

Each statesman and near-statesman has his own little plan for the salvation of the world and the elimination of international strife. There is only one essential to the success and realization of these ideals—an international sense of humor. Before such a faculty, national pettiness and touchiness would vanish.

THE MEN ON GUARD.

[Winnipeg Tribune.]

Americans, like Admiral Sims and Mr. L. Wiley, business manager of the New York Times, are doing their best to combat viciousness of characters of the Hearst type, whose degraded natures revel in trouble and strife.

Mr. Sims, born in Canada, and having served long in the public service of the United States, knows the people of the two Anglo-Saxon nations on this side of the water, as well as the people of Britain, and he points to the spiritual or sentiment basis as the only sure guarantee of peace and harmony.

Mr. Wiley, in his contribution on the question of proper relationship between Canada and the United States, pays magnificent tribute to Canada's part in the great war, remarking that "every man in Gen. Currie's command was as sound as a red apple and game for any adventure," not only "as brave as the bravest," but with the pioneering instinct of being able to take care of himself under new conditions. He then goes on to plead for a kinship in peace, as in war, which shall not be short of genuine brotherhood.

Characterizing many of the difficulties between the United States and Great Britain as "pin-pricks," Admiral Sims has said that although pin-pricks usually were of little consequence, sometimes they caused "blood poisoning—the poison being supplied skillfully by propaganda."

Against this propaganda it is Canada's duty, equally with that of the United States, to be on guard.

REAL ALLIED UNITY.

[New York Times.]

Mr. Lloyd George, in the past year or two, has been subjected to some very severe criticism in France—criticism for which a ready opening was offered by the contrast between his recent attitude on reparations and the high-flown oratory of the old electioneering days when "shilling for shilling and ton for ton" was a useful war cry. But when the discussion of reparations comes to a critical point he stands valiantly beside his ally. In his speech at Birmingham on Saturday there is no comfort for the Germans. To Dr. Simons he gives the credit which that worthy may or may not deserve for honesty of intention, but behind him, says Mr. Lloyd George, one seems to feel the men of 1914. Somebody must rebuild devastated France. Is it to be the French or the Germans?

In other words, when M. Millerand emphasizes the value to France of accord with her allies he is talking about a fact. British views of reparation have differed from the French opinions in the past, but at the decisive moment the British nation seems to be giving loyal and whole-hearted support to the Government, and to France. This does not necessarily mean that the present reparation scheme will remain absolutely unaltered, but it does mean that the German outcries of ruin and inability to pay are not being taken at their face value, but as the political propaganda that they are. Any estimate of reparations that would have at all approached the needs of France would have produced exactly the same chorus of wails in Germany.

QUESTION OF TITLE.

[Westminster Gazette.]

"Premier" or "prime minister"? Which is it to be in the Irish parliaments? I notice that Sir James Craig is already mentioned, in anticipation, both as "prime minister" of the north, and as "premier" of the north. The point should have been settled in the home rule act, but as this was not done, it would be well to follow the example of Canada and of Australia. In the Australian Commonwealth Mr. Hughes is "prime minister," and the chief ministers of Victoria, New South Wales, South Australia, West Australia and Queensland are "premiers." The same rule prevails in Canada. Why should we not have it here also — a "prime minister" for the United Kingdom, and an Irish, Scottish or Welsh "premier" whenever the occasion demands?

WOLFE HISTORICAL DOCUMENTS.

[Manchester Guardian.]

The 104th anniversary of Gen. Wolfe's birthday gives special interest to the sale at Sotheby's of the correspondence of Gen. Monckton during his services in North America, 1752-63, the property of his descendant, George Edward Monckton of Fineshade Abbey, Stamford. The collection includes Benjamin West's much-engraved picture, "The Death of Gen. Wolfe."

A good many of the documents are addresses of congratulation from the city of New York upon his appointment as governor, and upon his return from military operations. Others are instructions from the governor of Nova Scotia to Monckton about operations against the French, and one letter gives news of Gen. Braddock's defeat, advising him to be on guard against a similar surprise. Another document is a journal kept by Gen. Amherst of the siege of the Louisburg, another a record of the casualties in the action near Ticonderoga. The Wolfe documents include the secret instructions handed to Wolfe, with the seal and signature of King George III., which took him to the heights of Abraham and to his death. This is a relic which surely ought to become one of the most precious possessions of the Dominion of Canada. Wolfe's letters to Monckton are many and interesting. Monckton was his second in command in the October expedition. Many of the documents are detailed instructions about the landing, and one is the articles of capitulation contemplated by Wolfe in the event of his success in the attack on Quebec. A considerable section of the sale deals with documents about the taking of Quebec, including a journal of the siege of an unknown contemporary French official kept to within three days of the fall of Quebec.

COMMISSIONER MANAGEMENT.

[Calgary Herald.]

Edmonton has become a convert to the one-man commission in civic management. The capital city having secured the services of Commissioner Yorath of Saskatoon, it may regard itself as fortunate, even if it pays him $9,000 a year or more. Mr. Yorath is a recognized expert in city administration. He has put the financial affairs of Saskatoon in such good shape that his strongest supporters have been the city's bondholders. He has provided the best illustration in Canada of the possible success of the city manager plan of administration.

FRAGMENTS.

[S. C. C. in Toronto Star.]

Love not! But in your blind derision
Let yourself scoff at its great tenderness;
Thus blind to you shall come no vision
Of Love's great happiness.

Strive not! Though you are Christ's attorney,
To work on earth, and not a useless clod,
Will there be aught to mark life's little journey
That you can show to God.

Love well! Though all the world may thunder,
Heed not its rumbling noise, oh, never fear;
Loud through its voice, there is a song of wonder
Which you shall hear.

Strive well! though weary and heart-broken,
There comes no praise, no matter what you do,
Remember well the words once softly spoken,
"Thou faithful servant," these were meant for you.

LATEST IN SCIENCE.

[New York Herald.]

After experimenting for many years, a French scientist has succeeded, by using glass shells filled with fluid, in producing optical lenses said to be as good as the best massive glass lenses in present use, and of much greater size.

The importance of such an invention in the field of astronomy is obviously great. The average large lens manufactured out of massive glass for astronomical purposes has a diameter of about 1½ metres, and it requires a period of several years to make it, while the price is in excess of $100,000. Such a lens, it is said, may be manufactured by the French process mentioned in a few weeks at a cost of from $500 to $750. Lens of smaller diameter for photographic purposes, for opera glasses, reading glasses, etc., can be produced, it is said, at correspondingly smaller cost.

The lens consists of a fluid substance inclosed between two unusually hard glass surfaces, similar to watch crystals, in which the refractive power and other characteristic properties are so chosen that the glass surfaces not only serve to hold the fluid, but also combine with the fluid to overcome such defects as are scarcely to be avoided in ordinary lenses.

THE EVERLASTING.

[F. Park Lewis.]

A ray from a star remote
Flashed into infinite space;
It sped with the speed of a thought,
A measureless, limitless race.

Seasons had crept their rounds,
Years in eternity run,
Ere the ray with the speed of a thought,
Had flashed by an outermost sun.

Yet on rushed the hurrying ray,
Remote from the place of its birth—
Aeons bent weary with years,
Nor lingered an instant on earth—

But dashed in the blackness of space,
The ray with the speed of a thought;
In a race through space for the end of space—
Sought, but found it not.

For over the outermost bounds,
Beyond the farthermost zone,
Glimmered the uttermost star of all—
And, lo it was its own.

Time has o'ertaken Time,
Space is of space as before—
For the race through space is an endless race,
Beyond limit of plummet or shore.

Light all pervading is,
Itself its only goal;
The gleam in the beam is but a dream,
The ray is the light of the soul.

COMMUNITY CATERING IS BEING CARRIED ON IN CITY OF TORONTO

Miss Beatrice Symons is the Pioneer of This Work in Ontario.

Community catering has recently been started in Toronto by Miss Beatrice Symons. She will send out menus to patrons, equal to those of a high-class hotel, then fill their orders in special containers that keep the dishes hot till they are served on the table. This will meet the cases of those who cannot get enough domestic help, yet do not wish to take their meals out at restaurants.

The community kitchen has not arrived yet, though it is hoped for. The idea was pioneered by England, and is also being used in Scotland and France. In Britain they are usually known as national kitchens, as they are run by the municipalities etc.

Started in the first place in London, in the days of the war pressure, there are now 161 national kitchens throughout England, of which 126 have restaurants attached. In the kitchens plain, wholesome food is cooked, and sold to any who bring containers. The government provides supplies at wholesale prices and all expenses are covered, but no profit is made. Thus the food is sold for far less than it would be possible for the average workingman's family to buy the material and cook it. The restaurants are run on the same lines.

Now, as malnutrition is given as the root cause of much of our sickness, would it not be economical as well as kind, for Canadian municipalities to start these national kitchens? It is estimated that $30,000 would be needed to start the first one, and the returns from this could be used to open others.

Akin the national kitchens in England are 117 kitchens and restaurants run on the same lines under private ownership; and the 118 canteens managed by the public schools, where many thousand children get a hot, nourishing meal each day at a very small cost. When there is more than one child in the family, the weekly ticket, good for five dinners, costs only 10 pence (20 cents).

Cynthia Grey's Mail-Box

Every man is convinced that he could always find his pipe, his paper, his eyeglasses, if only his wife wouldn't insist on puting them away for him.

A Carnival.

Dear Cynthia and Readers,—I saw in the paper where some one was asking for a story on a skating party.

There was a carnival held here a short time ago, so I thought maybe I could write a few lines on that.

Of all the funny dresses you ever saw, some were dressed to represent Canada, U. S. or some flower. Others were dressed just as comical as you can imagine.

It was held in the rink, so when they all got there it was pretty full.

There was a prize for the fastest skaters. One boy and one girl. The prize was a brooch and a pair of cuff inks.

There was another prize for the most comical costume.

The winner of this prize was a man who was padded with cotton batting and a false face and about three or four pairs of pants.

Then we went home and dreamed the story all over again.

I see some are getting tired, so I'll not keep you in your uncomfortable position any longer.

Miss Grey, what do you think of my writing?

I would like to correspond with some one my own age, fourteen.

I am aunt to a little niece and say she is cute. I have been reading "The Marriage of Anne," and like it fine.

I am sending in recitations for Mail-Box use.

Miss Grey, may I come again, if I don't stay so long?

Now I'll soar away,

A SINGING LARK.

Ans.—Thank you, Singing Lark, for recitations.

What's in a Name?

Dear Miss Grey,—I come once more to your cosy corner. In my last letter I inclosed a mite for the C. H. F., and you overlooked mentioning whether you received it or not. I trust you did, and am inclosing another "very slight mite." I received such a deluge of letters in answer to mine that I will be unable to answer them all, but wish to thank those who so kindly answered, and regret my inability to answer them. However, such action would necessitate a private secretary or public stenographer. I see Ura Kidd has returned with her breezy epistles. And hasn't "Heart of the Night Wind" chosen a lovely nom-de-plume. Quite a contrast to my own prosaic one, and yet I am a lover of poetry and beautifully expressed sentiments. I think I'll have to apply to the Senate and have mine changed to Whispering Pines or Sprite of the Golden Moonbeam, or some other such frivolous name. Well, I'd better close off my desultory remarks or the W. P. B. will get me. Will close with two interrogatives: 1. Do you like the "Illiad"? 2. Isn't this atrocious scribbling?

BLONDE STENOG.

Ans.—I am sorry I overlooked your mite, but will thank you now for it, also for the one inclosed this time. But we are "square" now, as you wrote on both sides of paper. Please, Boxites, can't you remember to write on one side only. 1. Yes, I found the "Illiad" very interesting to translate. 2. I think your writing anything but "atrocious scribbling."

For St. Valentine's.

Dear Miss Grey,—I am a little girl, 11 years old. Our Mission Band is having a Valentine social, and I am asked to recite. Would some of the readers kindly send some recitations suitable for the occasion. Hoping to hear from you soon, and thanking you in advance, I will sign my initials. E. M. S.

Ans.—Can anyone supply recitations for E. M. S.?

For a Masquerade.

Dear Miss Grey,—I am coming again for advice. What would you suggest for a girl 16 to wear to a St. Valentine maquerade dance, with little expense? I may be too young, but I am going with my parents. Hoping I am not taking up too much of your Page.

TWIN SISTERS.

Ans.—You could dress as "The Queen of Hearts," with very little trouble and expense.

A Bride's Troubles.

Dear Miss Grey,—Am just a bride of a few months, and am coming to you for help.

Would you mind mailing me the stocking-foot pattern you used to often print during the war? I had it up to the time of moving, and among the many other small articles and clippings it got lost. I knit a good many pairs of socks at that time, and got so that I didn't need directions, but the other day I started, and for the life of me I couldn't turn the heel.

Could you tell me what would take the oil of smoke out of marquisette curtains? It ran down the pipe and splattered all along the bottom of my living-room curtains. Thanking you in advance, I am A HAPPY BRIDE.

Ans.—Am mailing directions for knitting socks, as I do not think it is the stocking-foot pattern you want. Can any Boxite tell this happy bride how to remove oil of smoke?

Liked Cookie Recipe.

Dear Miss Grey,—I simply had to come to you for help. Our Sunday school class organized, and we can't find a suitable name for it. We wanted one that would sound as if we were awake. We are all between the ages of 14 and 15. Could you help us out, Miss Grey?

I saw where Miss Peppery wrote. I don't think we will forget her, for I made some cookies off the recipe she sent in. We had them for lunch, and they were delicious. Many thanks.

BROWN MIDGET.

Ans.—How would "The Sky Larks" or "The Blue Birds" do? You know it is the early bird that gets the worm, Midget.

Wants Songs.

Dear Miss Grey,—Just a few lines, hoping you are enjoying the best of health, and how do these few bright days suit you? Believe me, this weather seems great from what I have been used to. When I was a child I lived in Owen Sound and the weather up there was dreadfully cold. I believe the cold weather is the healthiest, though. I must thank you for the stocking-foot pattern, which is very useful. I wonder if I could get a few flower seeds of any kind you have on hand, as I am very fond of flowers? I would also like to get the two songs, "It's Not the House That Makes the Home," and "Hard-Hearted Barbara Ellen." My mother used to sing these songs, and she is dead sixteen years now, so I sure would be thankful to any one who could send them in. Will inclose a shinplaster for the dear children, and hope to be of more help next time.

HAPPY MARY.

Ans.—Can any one supply these songs? If they are sent in I shall forward them along with the seeds. Thank you very much for "plaster."

GLENDALE S. S. CLASS.

The Inasmuch Sunday School Class of Glendale Church held its mid-week meeting on January 29 at the home of Mr. John Rhamer. The program consisted of talks on the lives of famous women, by the girls who are members of the class.

DORCHESTER W. I.

The February meeting of the Dorchester Women's Institute was held recently at the home of Miss Elsie Myrick with an attendance of twenty-five. The president, Mrs. George, was in the chair. Two very instructive papers were given, Mrs. (Rev.) McKay choosing as her subject, "Things Worth While," while "Janey Canuck" was the subject of a paper by Mrs. J. Dundas. A solo by Mrs. Sandy was much appreciated. Fifteen dollars was donated to the public library, and $10 to the Armenian relief fund.

MRS. E. B. SMITH IS AGAIN REGENT OF MUNICIPAL CHAPTER

"Would Voters' Association Be Political Body?" Asks Chapter At Regular Meeting.

Mrs. E. B. Smith is again regent of the Municipal Chapter, I. O. D. E., no name being put up against hers at the nomination meeting, which was held yesterday afternoon in Cronyn Hall. The rest of the offices will be voted on at the annual meeting of the chapter next month.

A very lively discussion arose at this meeting as to what should be the attitude of the order in regard to the forming of a women voters' association in the city. The proposition was made to them by the Local Council of Women in a recent communication, the chapters being asked to send representatives to such an association. Many of the members felt that, as their constitution prevented them from taking part in any political organization, they could not give their support to a voters' association. Others maintained firmly that such an association would not be political. The result of the discussion was the tabling of the Local Council's communication.

Presentations.

An interesting feature of the chapter's business was the presentation of a very handsome silk flag to the Municipal Chapter by Mrs. Emerson Nichols on behalf of Mrs. J. S. Niven and the Hugh Niven Chapter. Another presentation was that of a life membership to Miss Harriet Priddis, who has for very many years been president of the Abigail Becker Chapter, and has worked energetically for the Municipal Chapter. The presentation of the membership pin was made by Mrs. E. B. Smith.

Attractive shields, which are the work of returned men, were shown at the meeting with the purpose of getting a market for them.

The nominating committee, which was appointed yesterday, included Mrs. Forristal, Mrs. Howard Higgins, Mrs. A. A. Campbell, Mrs. Ross Thomas and Mrs. F. J. Greenaway.

Advertiser Patterns

Owing to the pattern manufacturers increasing the price of patterns to us, all patterns advertised from this date will be 15 CENTS EACH.

A Popular Coat Suit.

Ladies' Skirt Pattern 3315, and Coat Pattern 3318 are combined in this model. The Skirt is cut in 7 sizes: 24, 26, 28, 30, 32, 34 and 36 inches waist measure. The Coat is cut in 8 sizes for Misses and Ladies, 32, 34, 36, 38, 40, 42, 44 and 46 inches, bust measure.

Wool velours was used in this instance with braiding for decoration. Serge, heather mixtures, taffeta, velveteen and satin could be used. The width of the skirt at the foot is about 1¾ yards. To make this suit for a medium size will require 7 yards of 40-inch material.

This illustration calls for TWO separate patterns which will be mailed to any address on receipt of 15 cents FOR EACH pattern in silver or stamps.

FOR LOVE OF BETTY

[BY MAY CHRISTIE.]

(Copyright, 1920, by the McClure Newspaper Syndicate.)

IX.—Plans for Happiness.

There was no sign of Mrs. Carton anywhere on the platform when Betty stepped out of the train, suitcase in hand and with a heavy weight at her heart.

What an intolerable journey it had been! April's chatter—those chance remarks—how they had wounded her! Were they really chance remarks? Although she had not raised her head from the pages of her magazine, instinct told Betty that the other girl had often been watching her.

What was it she had said? "Jack and I understand each other thoroughly he's the most affectionate boy in the world!" April had flung a sharp glance in Betty's direction when she uttered the words, as though anxious to see the effect they created.

But no! April could have no possible suspicion as to what had really happened in regard to Trevor. So ran Betty's reflections. Besides, it was only a passing whim of his, an idle infatuation sprung from an act of chivalry. With such a sweetly pretty fiancee as April, how could any man want to even look at another girl? Conceit had certainly never ranked among Betty Gordon's failings.

She must learn at once to put all thoughts of Trevor from her mind. Ah, if only she had never met him!

She stood there on the platform of the draughty station, with a far-away look in her lovely eyes. For the moment she had forgotten the busy scene about her.

"Why, if this isn't little Betty Gordon, grown tall and dignified!" A bright-faced, smartly-dressed little woman had bustled up to Betty, kissing her first on one cheek and then on the other. "My dear, I'm more than delighted to see you. I never should have recognized you if I hadn't taken a good long look! Let's get away at once—I've got a taxicab waiting. Is this all your luggage? Here, porter, carry this suitcase—over here!"

Mrs. Carton laid an affectionate hand on Betty's arm. She was genuinely fond of the young girl. Betty was so sweet, so lovable, so sensible—so different from the girls of Mrs. Carton's "set." There was something just a little old-fashioned in Betty's gentle, quiet ways—and yet the girl had plenty of character and grit.

"Just her mother over again!" the voluble little lady was wont to aver. 'And Betty's mother was my dearest friend."

Over and over again she had invited Betty to New York. But it was now nearly four years since the last visit had been paid during school holidays.

"You were in the 'flapper' stage the last time you stayed with me in town, Betty." Mrs. Carton was looking admiringly at her young friend. "And even then, if I remember aright, you were a breaker of hearts. It will be worse than ever now that you've grown into a beauty."

"A beauty?" Betty laughed aloud. Mrs. Carton was quick to notice a trace of bitterness in the laugh and a look of sadness in the girl's lovely eyes. "People have never called me beautiful—and never will."

"Upon the contrary, my dear. Just wait till I've finished with you—"

Mrs. Carton swung open the taxi door.

"Get inside, Betty," She gave a quick direction to the driver. When they were seated side by side she added:

"Now, I hope you've come up to New York prepared to have a thoroughly good time. You've been shut up in the country far too long, in my opinion. No, don't argue, dear. I know Aunt Marion's an angel, and all the rest of it. I'm very fond of her myself. But what I've always said is, that you need more young society, more gaiety. You weren't born to blush unseen, nor waste your sweetness on the cows and chickens."

"But the country isn't altogether a desert!" Betty was smiling at the little lady's garrulity.

"Well, as far as men are concerned, I think it is." Mrs. Carton's bright little eyes twinkled. She had decided that the bracing process was what Betty needed. She fervently hoped there was no country lover in the offing. A girl with Betty's looks and brains and breeding could surely make an excellent marriage. Several eligible "parties" jumped to her mind. Mrs. Carton was a born match-maker.

She paused for a moment, then added: "Don't tell me you've fallen in love with the village minister—there were three who used to adore you as a flapper, I remember! I can't encourage any rustic amours, Betty, my child—not for a girl like you!"

Betty laughed again, though the pain at her heart stirred anew. Why must Mrs. Carton speak of love? The very mention of the word hurt Betty like the thrust of a knife. She wanted to forget the very existence of such a thing, wanted to drive it from her along with memories that only spelled unhappiness.

"I—I don't want any love affairs," said Betty quickly. Her throat felt suddenly parched and dry, and it was with difficulty that she steadied her voice as she spoke. Mrs. Carton, looking at her, realized with marvelous intuition that Betty's love affair had been a real and painful business, and that any mention of love was going to touch a sore spot in the girl's heart.

But aloud she merely said:

"New York's the place to have a good time—and you're going to enjoy yourself and be very happy."

London Puts Ingersoll Out 3-1 In Rough Clash

London Lays Ingersoll Away On Two Overtime Tallies

Score 1--1 When Game Went Overtime — Strenuous Battle Brings Forth Donnybrook Fair and Spectators Flood Ice.

WOODSTOCK, Feb. 9.—The London Alerts tonight defeated Ingersoll by 3 to 1, in which ten minutes overtime was necessary to decide a winner. The game was played to break the tie existing in the O. H. A. intermediate series, in which London had already eliminated Tillsonburg. The game was undecided when the full time was ended, each team having a goal to its credit. In the overtime period London scored twice. McKay and Arthurs combined, and following a shot which glanced off Holland's skate, notched the first counter five minutes after play resumed. To make victory certain for the Londoners Gillies slammed one by Holland following a scrimmage in front of the goal four minutes later.

It was one of the most strenuous battles witnessed in the local arena. The first period was interspersed with several mix-ups between the players, and twice the spectators started on the ice and participated in the fisticuffs. Three times the police had to make an appearance to clear the ice. Mason and Arthurs, old-time rivals, first took a trip for mixing it. About the middle of the period the "big doings" took place. Arthurs made a nice rush and was within a few feet of the Ingersoll goal and when about to shoot he was tripped. The Londoner, while still on the ice, swung his stick and landed on Richardson, the Ingersoll man who had made the trip.

Donnybrook Fair.

Both men were on their feet and a general fight was on, and for five minutes Donnybrook Fair had nothing on the engagement staged. When order was restored Arthurs was banished for four minutes for his part, and Richardson given two minutes for the trip. The next set-to took place just as the bell rang, when following a mix-up as the players were leaving the ice, the crowd again surged on and the police again had their hands full. In this period a dozen penalties were handed out. Before the second period started Referee Jacobi called the players to the centre of the ice and warned them what the penalty would mean for continued rough play. This had the desired effect and the balance of the game was fairly clean. The ice was in anything but good shape for fast hockey, and barring the first few minutes of each period very little combination was attempted. Individual rushes followed close after one another and the 3,000 fans had plenty to cheer for. Holland in goal for Ingersoll was the great noise of the night, turning them away when the London marksmen bored the rubber right to him. The entire first period was marked by end to end rushing with first Holland saving then Hynd. Burgess on one occasion went right through and was on top of Holland, but the Ingersoll guardian turned him aside. The bell rang with the score board a blank. London opened fast in the second period, and for the first ten minutes had the better of the play.

Ingersoll Scored First.

However, Ingersoll scored the first goal of the game, when Petrie slammed the puck behind Hynd following a face-off in the corner. McKay and Lougheed had beautiful chances to score, but wild shooting turned fine rushes to naught. However, Gillies, who had been playing a fine rushing game all night, evened the count five minutes following the Ingersoll goal. It was a shot from centre ice and Holland had no chance with it. The period ended one all. The third period was a see-saw affair from start to finish with no scoring. Loughead, Gillies and Kelly looked the best for London, although in fairness it must be said, there was very little to choose. Holland once more proved the big noise for Ingersoll, and to him goes the credit for holding off the defeat of his team until the overtime period. The lineup:

London—Goal, Hynd; defence, Gillies and Lougheed; centre, McKay; right wing, Burgess; left wing, Arthurs; subs, Kelly, Mays.

Ingersoll—Goal, Holland; defence, Mason and Cline; centre, Henderson; right wing, Petrie; felt wing, Richardson; subs, Waite and Daniels.

Referee—Jacobi, Toronto.

Off the Boards

A Tillsonburg writer who declared London was the weakest town in the group, kind of proved himself weak on predictions last night.

Art Gillies, "Bud" Kelly and Alf Lougheed formed a trio of fast skaters, and each one was always "Johnny on the spot" when the rubber was passed to him.

MacKay played a good game, considering that a small bone in the instep of his left foot was broken. Considerable amount of doctoring was done to it on Wednesday afternoon in order that he might play. Roy was "game," but when an Ingersoll played decided that he would like to rest himself on Roy's foot, the pain became so bad that Mac was forced to retire.

Had Dempsey and Carpentier attended the game they would undoubtedly have been able to secure some good sparring partners. The first period was all that was necessary to show that supporters of both teams had come down to win in the game. When only three Ingersoll players were left on the ice, and the locals had five, Arthurs on a lone rush was tripped in front of Ingersoll's goal. Immediately both players locked horns and a crowd from each side of the arena poured forth. The leader of the Ingersoll gang led the way by sliding along the wet ice surface. In one minute a free-for-all was in progress. Police were on hand and the crowd was soon dispersed. After this both sides kept their seats.

Lougheed played hard to win. At the commencement of the second period he brought forth some loud cheers by his wicked shooting. Holland was kept busy turning what looked like sure counters into gloom.

Whenever Art Gillies wants to score a goal he goes to his club bag and procures No. "13." Art is not superstitious, but just wants to show the fans that No. "13" is no hoodoo. He had not worn this any more than thirteen minutes when he succeeded in getting London's first counter.

Kelly's ribs still bothered him, but he went down to win the game. He showed the onlookers some clever stick-handling and fast skating in the overtime period.

Cline, left defence for Ingersoll, was responsible for the second London goal to a certain extent. Arthurs took a fast shot at Holland, but Cline, in an effort to stop it, skated in front of the goal and the puck glanced off him into the net.

The Blue and White nearly tied the score after this goal. Cline and Robertson carried the rubber to within ten feet of the local net. Cline shot, but the puck hit the iron post and lodged there. A rush was made by both teams, but when the players were cleared away Arthurs had planted his foot on it and had drawn it about four inches from the goal.

Holland proved that he was a real heart-breaker last night. The general opinion is that he is due for higher company before very long.

Three hundred of the rooters were from London. The Alerts certainly have received good support from the citizens, and will get more from now on.

Harry Mays was not given an opportunity to get into the game, but in the workout before it commenced he appeared to be in splendid form.

May Be Upsets in Mfrs. League

Perrins Meet Tail Enders and Bell Meet Electricians.

Terrys Garage team have a real obstacle in breaking out of the winless class tonight in the Manufacturers' League in Standard Drug, now occupying the second rung in the standing. Bell Telephone team, which jumped into fifth place, have to meet Taylor-Campbell six, which gave the champion Perrins such a hard battle Tuesday, and they may slip back as a result, as the Electricians gave every evidence that evening of being one of the contestants in the league right up to the last minute.

The Manufacturers' will play still faster hockey than they have been doing with the new rules going into effect allowing more outside players. The race has been pretty even throughout, with any team having more than an even chance of winning when they appear, no matter what they stacked up against.

SHOE TRADES HOCKEYISTS WIN.

Boston, Feb. 10.—The Boston shoe trades hockey team defeated the Boston Athletic Association 4—3 here last night in the second game of the Winsor cup series.

FOREST WINS.

FOREST, Feb. 9.—In an exhibition game here tonight the local Blue and Whites beat the Petrolea Hard Oils, 6 to 1.

92 DAYS OF RACING ON FOR MARYLAND TRACKS

BALTIMORE, Md., Feb. 9. — There will be ninety-two days of racing in Maryland this year, or eight below the maximum permitted by the law. The state racing commission, in making this announcement, also allotted the dates as follows:

Bowie—April 2 to 15 and November 15 to 26.

Havre de Grace—April 16 to 30 and September 21 to October 1.

Pimlico—May 3 to 16 and November 1 to 12.

Laurel—October 4 to 29.

Garrison Five Double Score 68--34 On West End Y Team

London Has Growing Pains Symptoms As Basketball City—Hussars Beat R. C. R.'s.

The Garrison team looked better than ever in their exhibition against Toronto West End Y. five at the armories last night, a score of 68 to 34 in cold figures testifying to the fact.

London as a basketball city showed symptoms of growing pains, and some attendance records for basketball games in this city are sure to be smashed in the next two appearances of the local basketeers, which will be with a fast Detroit team and Toronto Central Y.

The Garrison crew were away early on their first-half lead, though halfway through the first period the Queen City team got working better and speeded up the pastime. The individual work of the locals was better right from the opening whistle, and they came through with passing that had the visitors groggy. Halden for Toronto scored several nice long sots during this period, the score ending 30 to 10.

Toronto Better

Toronto evened it up a little for the first ten minutes of the last half, but after that it was all Garrison. Gillies, McLean and Brock pulled off the nearly impossible in the way of shooting this session, and the whole team worked like clockwork. Williamson and Halden were best for the visitors at all stages.

The line-up:

Toronto—Williamson, Halden, Campbell, Leigh, McClary, Cook and Greenburg.

Garrison—Gillies, McLean, Douglass, Brock, Reid and McGeogh.

Referee—A. T. Taylor.

The Preliminaries.

Machine Gunners failed to put in an appearance, and R. C. R's and 1st Hussars furnished the only preliminary game of the evening, the former taking a 50 to 15 beating. R. C. R's were taking a lesson in basketball last night, but showed promise, and with some more games should be contenders in the Military League.

The line-up:

R. C. R.—Southenson, Holmes, Haggerty, Strudwick, Wright, Booth, Turner and Walker.

1st Hussars—Tanton, Clinger, Lightfoot, J. Lightfoot and Crouch.

Referee—Mace.

20 Schools Now Entered in Western U's Indoor Meet

12 Races Will Be Necessary To Run Off Three Events—Two Basketball Games Fills Up Evening.

The Western University Athletic Association will certainly have their hands full Friday night, when they stage their combined intercollegiate and interscholastic competitions at the armories, for, in addition to the two championship basketball games, there will be no less than twelve races, in order that the team which represents Western Ontario at Baltimore may be the best procurable. The Athletic Association is more than pleased with the reception that their efforts to encourage athletics in the various secondary schools are receiving.

Twenty Schools.

No fewer than 20 schools from Western Ontario have sent in entries for the trials, and when one considers that this interest is shown in three events it is not only very gratifying, but it shows in a small measure, not only what can be done, but what is essentially needed in order that the students of the various secondary schools should receive a thorough, all-round education. A complete program, showing the number of heats and time they will be run off, will be published later. The reserve seat sale opened this morning at Brisco's, and judging from the demand already made a bumper house will greet these athletes when they take the floor Friday night.

SARNIA HAS GOOD ONES.

SARNIA, Feb. 9.—Ed. Hanna, reckoned one of the best middle-distance runners in the Sarnia Collegiate, and at the same time the most unfortunate, will be one of the team to represent the local school at the indoor athletic meet at London Friday. Fred Simpson, the lightweight-end wing on the rugby team, will be the other representative of the blue and white in the mile event. Johnny Lebel and W. Miller, the pick of the sprint talent in the school will enter the shorter events, one of the teachers and a trainer or two will go along with the team.

OTTAWAS TWIST TIGER TAILS AGAIN

St. Pats Tire Out Frenchmen Before Habitant Crowd.

N. H. A. STANDING.

	W.	L.	For.	Agst.
Ottawa	4	1	23	16
St. Pats	3	2	30	19
Canadiens	2	3	23	25
Hamilton	1	4	16	31

OTTAWA, Feb. 9.—The champion Ottawas completely outclassed "Goldie" Prodger and his Hamilton Tigers here tonight in a National Hockey League fixture, when they defeated the visitors by a score of 7 to 4. From the outset the Senators assumed the offensive, and save in the second period, when Manager Green threw all his available substitutes into the fray were masters of the situation at all times. Again in the final period the breaks were in favor of the visitors, when Boucher was given a five-minute major for slashing. They seemed unable to take advantage of their best opportunities, however, and Ottawa were again at full strength before the Bengals could score.

The game, although fast, was draggy at times, and found the visitors on the defensive for the greater part of the time. Interest was kept alive by the dazzling rushes of the Ottawa forwards and defence men, and the excellent work of Malone and Prodger on the Hamilton line. Frank Nighbor, star centre of the champions, was the outstanding figure of the game. He was a dangerous man with the puck, and his poke-check and wonderful speed and stamina proved effective in stemming many of the Tigers' most dangerous rushes.

ST. PATS' COME-BACK.

MONTREAL, Feb. 9.—Outplayed in the opening period of the game here tonight, St. Patricks came back strong in the second period. They outplayed the Canadiens by scoring the only goal, and won the game in the final session by completely outskating the local team. Canadiens shot their bolt early in the third stanza, and were beaten by 5 to 2. Sprague Cleghorn was the outstanding player on the ice. His rushes were the backbone of the visitors' attack. Just as the gong sounded Wilson scored for Canadiens.

VARSITY PUT TIGERS OUT OF SENIOR RACE

Hamilton, Feb. 9.—Varsity put Tigers out of the running tonight, winning 5—2.

Only in the first period did Tigers look to have a chance with the students, but they were badly outlucked, and Carson and company scored three times. In the second and third periods there was no argument as to which was the better team. The students combined well and beat the Tiger defence repeatedly, but appeared to be miles off in their shooting. Time after time, Carson got inside with only Reaume to beat, but his shots were off or right on Reaume's pads.

Tigers appeared to be away below form, Cooper and Reise being the only members of the squad who lived up to expectations. Reid, at centre ice, was away off in his checking. The diminutive centre man was cut down in the early stages of the game, receiving a bad gash on the chin and this slowed him up. Reaume, in the nets, was also off color. He was slow in clearing, and three of the five shots that beat him were from rebounds. Reaume went about his work in careless style, especially in the last two periods, while Tigers found Langtry a stonewall. Varsity scored twice in the second period, while Tigers tallied but once, and in the final period the score made by Reise after 18 minutes' of play, was the only one in the final frame.

The lineup:

Varsity—Goal, Langtry; defence, Ramsay and Brown; centre, Sullivan; wings, Carson and Westman; subs., Olson and Wright.

Tigrs—Goal, Reaume; defence, Reise and A. Smith; centre, Reid; wings, Cooper and Max Smith; subs., Rivard and Morgan.

Referee—Percy Lesueur.

EXETER BEATEN 3--0 BY KITCHENER

Goldie Cochrane, Exeter Manager, Given Bouquet by Mayor.

KITCHENER, Feb. 9.—Kitchener intermediates got a three-goal lead over Exeter in the first of the two home and home games in the O. H. A. series here this morning. It was a shut-out for the visitors, the score being 3 to 0.

The game this evening was of particular interest, owing to the Exeter six being led by one of Kitchener's greatest players in his day. Manager Goldie Cochrane, a native of the city, rover and kingpin of the famous local senior O. H. A. champions, 1905-1906, since which this city has been in the limelight. The city this evening paid tribute to Cochrane, when Mayor Greb presented him with a bouquet of flowers before his worship faced the puck. In the box with Cochrane was Billy Knell, also a member of the famous local team of Cochrane's days in his native city, the equal of which many claim has not been seen in amateur hockey at any time.

The line-up of the teams follows:

Kitchener.		Exeter.
Schmaltz	Goal	Gouch
Master	R. D.	L. Hindmarsh
Gildner	L. D.	Clay Huffman
Shirk	C.	Clarence Huffman
Schell	R. W.	Robinson
Erb	L. W.	Siebert
Sengbush	Sub	Lee Huffman
Schnarr	Sub	Colfax

Referee—Tom Munro.

Team Banquetted.

Mayor Greb of Kitchener played host to the Exeter squad here tonight. Mayor Greb was a former Exeter resident, and he could not pass up a chance to show hospitality to his old home town team. The boys were dined at the mayor's residence, following the game at the auditorium. A number of the aldermen were present to meet the Exeter defenders.

HAD AN ANNOYING HACKING COUGH

GOT NO REST AT NIGHT.

Hacking coughs are very wearing on the system. The constant coughing disturbs the rest, and keeps the lungs and bronchial tubes in such an irritated and inflamed condition, that unless you get immediate relief the cough may become settled and serious lung trouble ensue.

There is no better remedy than Dr. Wood's Norway Pine Syrup for relieving all kinds of coughs or colds, combining as it does the lung healing virtues of the pine tree with which is combined wild cherry bark, and the soothing and healing expectorant properties of other excellent herbs and barks.

Mrs. E. J. Ross, Penhold, Alta., writes: "About three years ago I caught a very bad cold, accompanied with a sore throat and hoarseness. I was so hoarse you could not hear me speak. I could get no rest at night with the terrible annoying, hacking cough. I tried several remedies, but they did me no good. I finally saw Dr. Wood's Norway Pine Syrup advertised, so I got a bottle, it at once gave me relief, and after using four of them my cough had all gone. Now I always keep it in the house."

"Dr. Wood's" is put up in a yellow wrapper; three pine trees the trade mark, price 35c and 60c a bottle. Manufactured only by The T. Milburn Company, Toronto, Ont.

Cocoanut Oil Makes A Splendid Shampoo

If you want to keep your hair in good condition, be careful what you wash it with.

Don't use prepared shampoos or anything else, that contains too much alkali. This dries the scalp, makes the hair brittle, and is very harmful. Just plain mulsified cocoanut oil (which is pure and entirely greaseless), is much better than anything else you can use for shampooing, as this can't possibly injure the hair.

Simply moisten your hair with water and rub it in. One or two teaspoonfuls will make an abundance of rich, creamy lather, and cleanses the hair and scalp thoroughly. The lather rinses out easily, and removes every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves it fine and silky, bright, fluffy and easy to manage.

You can get mulsified cocoanut oil at most any drug store. It is very cheap, and a few ounces is enough to last everyone in the family for months. —Advt.

TURN HAIR DARK WITH SAGE TEA

If Mixed With Sulphur It Darkens So Naturally Nobody Can Tell.

The old-time mixture of Sage Tea and Sulphur for darkening grey, streaked and faded hair is grandmother's recipe, and folks are again using it to keep their hair a good, even color, which is quite sensible, as we are living in an age when a youthful appearance is of the greatest advantage.

Nowadays, though, we don't have the troublesome task of gathering the sage and the mussy mixing at home. All drug stores sell the ready-to-use product, improved by the addition of other ingredients, called "Wyeth's Sage and Sulphur Compound." It is very popular because nobody can discover it has been applied. Simply moisten your comb or a soft brush with it and draw this through your hair, taking one small strand at a time; by morning the grey hair disappears, but what delights the ladies with Wyeth's Sage and Sulphur Compound, is that, besides beautifully darkening the hair after a few applications, it also produces that soft lustre and appearance of abundance which is so ttractive.

WOULD EXTEND FIELD OF ELIGIBLES FOR K.C.

Bar Association Would Widen Lists—Londoner Would Pay Witnesses.

TORONTO, Feb. 9.—Appointment of K. C.s should not be restricted to lawyers who become skilled as counsel before the courts, but "should also include those members of the bar who have obtained distinction as general legal advisers, or have become eminent for their legal learning either as writers or teachers," according to the view of the Ontario Bar Association, which, at its fifteenth annual meeting here today, passed a resolution to this effect. The association suggested in connection with the appointment of K. C.'s that the benchers or the Bar Association, or both might be asked to make nominations for the guidance of the committee of judges appointed by the attorney-general recently to name members of the bar eligible to receive the distinction of K. C.

Among other resolutions passed by the association was one recommending that the statutes relating to corporation law should be amended so as to give protection to minority shareholders. Another suggested that the land titles system should be made more workable and should be extended.

Local registrars at Ottawa and London should have jurisdiction over the weekly lists, so that a judge should not be required to go from Toronto to these cities unless there are matters of importance to come before him, according to a resolution passed by the association. More frequent election of benchers was recommended; also that more benchers be elected for life, and that in the elections of benchers proportional voting be used.

The association went on record as in favor of raising the status of the Ontario Law School to equality with the law course provided by McGill University.

A recomendation made by the committee on criminal law, submitted by J. B. McKillop of London, Ontario, that witnesses attending coroners' inquests and preliminary hearings, be given reasonable compensation for their time, was referred to the executive committee for action.

GUELPH PRIEST DIES.

Guelph, Feb. 10.—Rev. Father Gagne, S. J., assistant priest of the Church of Our Lady, died this morning. Deceased who had been sick for some time, came of a French family which settled in Guelph a number of years ago. He spent some years of his priesthood in Toronto.

STANDARD STOCK EXCHANGE.

Toronto, Feb. 10.—The market for mining shares continued dull this morning, with only fractional changes. A fair volume of business was done, mostly in the low-price issues. Teck-Hughes had a ½-point advance to 11¼c, Keora closed unchanged at 22c, while Dome Mines sold off 10c on an odd lot transaction. Silver stocks were almost totally neglected, only two sales being made. Total sales, 48,500 shares.

[Special to The Advertiser.]

Toronto, Feb. 10.—Morning sales: Atlas, 1500 at 22; Dome, 10 at 16.00, 15 at 15.90, 10 at 15.60; Gold Reef, 6500 at 3¾, 5500 at 3½; Holly, 60 at 665; Keora, 3500 at 21½, 4000 at 22; Lake Shore, 500 at 121; McIntyre, 300 at 187; Monita, 200 at 11; Porcupine Crown, 1000 at 21; Teck-Hughes, 1000 at 11, 500 at 11¼; Krist, 500 at 7¼; West Dome, 1000 at 9¼; West Tree, 5000 at 5½; Eureka, 500 at 515; Peterson Lake, 500 at 8½; Temiskaming, 500 at 24; La Palm, 10,000 at 3½. TROOPERS FIRE DURING ALBANY TROLLEY RIOT

Street Railway Strike Brings Disorders—Scores Are Injured.

ALBANY, Feb. 9.—Rioting, more serious than any previously reported, occurred here late today in connection with the street railway strike of the United Traction Company's 1,200 employees in Albany, Troy and surrounding municipalities.

State troopers twice found it necessary to make use of their firearms to quell disturbances, in which non-union workers of the company were showered with stones and bricks from house-tops in the vicinity of the North Albany barns of the company, where the men were at work repairing broken trolley wires.

Orders by the chief of police of Troy to his men to "shoot to kill" and the stoning of a car were reported in Troy, where there was some improvement over yesterday in the rioting conditions.

In Albany for a time late this afternoon it seemed that the disorders would get out of control of the state and city police. Use of clubs and firearms was resorted to before order was finally established. Scores of persons in the crowds, which attempted to force their way inside the police lines, were slightly injured as the police brought their batons into play, and half a dozen strike-breakers were hurt by flying stones, one of them being taken to a hospital. His condition is reported as serious.

No attempt was made to operate cars in this city today, because wires for many blocks north and south of the company's barns had been torn down by strike sympathizers yesterday and last night.

ENGLISH STRIKE MAY FOLLOW IRISH SHOOTING

Railwaymen's Union Demands Inquiry Into Fatal Firing by Police.

LONDON, Feb. 9.—A railway strike as a protest against the shooting by the police of railwaymen at Mallow, County Cork, Ireland, on January 31, seems a possibility as a result of a meeting of the Locomotive Engineers and Firemen's Union executive at Leeds today. A resolution was adopted that unless the Government granted an inquiry into the Mallow affair by Feb. 15, and gave guarantees for the safety of the members of the union, a general strike would be called. An intimation to this effect has been sent to Mr. Lloyd George.

Was No Bluff.

J. Bromley, secretary of the union, in an interview, declared that there was no bluff about the ultimatum; they meant to see the thing through.

"We are not going to have our members murdered in cold blood without a proper inquiry," he said, "and will insist that when our men are on duty in the curfew hours they shall have safety and shall not be dragged off and shot like dogs, without charge or trial."

Shooting At Station.

The shooting of the railwaymen occurred about 10:30 o'clock at night, it is reported, considerably after the curfew hour. Captain King, district inspector, was wounded and his wife was shot dead by some unknown persons. The police, hearing the shooting, rushed to the Mallow Railway station and opened fire, after, it is alleged, they were fired upon. Several railway employees ran up to the tracks, and a fusillade rang out behind them. One of these men fell dead and several were wounded, one of them dying from his injuries later.

TWO FOUND DEAD.

BELFAST, Feb. 9.—Thomas Halpin, a member of the Drogheda Corporation, and John Moran, a printer, were found dead this morning in Drogheda. They had been shot. After midnight a party of armed men called at the home of the victims and escorted them, half-dressed, to the place where they were killed. The bodies were found, one lying across the other, at daylight near the River Boyne. Shots were heard coming from that direction at 2 o'clock this morning.

WOULD REFORM RULES.

Toronto, Feb. 10.—Reform in surrogate rules and procedure, and demands of division court bailiffs and clerks for increases in salaries or fees, are being considered today by the provincial board of county judges sitting here.

HAY.

MONTREAL, Feb. 9.—The trading in baled hay continued slow with the market quiet.

Hay—No. 2, per ton, carlots, $26@27.

TORONTO, Feb. 9.—Hay—Baled, on track, carlots, $25@26 per ton.

Straw—Carlots, $12 per ton.

NEW YORK, Feb. 9.—Hay—Easy; No. 1, $1.55@1.65; No. 2, $1.45@1.55; No. 3, $1.30@1.40; shipping, $1.10@1.25.

LIVE STOCK.

Chicago, Feb. 10.—Cattle—Receipts, 9,000; better grades of beef steers and she stock opened steady, others slow, top sters $10; bulf of beef sters, $7 50@9; bulk of butcher cows and heifers, $5@6 25; canners and cutters mostly $3@4; bulls steady; bulk of bologna and beef grades, $4 75@5 50; calves steady; bulk of vealers, $10 50@11 50; stockers and feeders steady.

MERGER OF LOEW'S THEATRES IS DELAYED

A circular letter issued to the shareholders of Marcus Loew's Theatres, Limited, reads as follows:

"On December 22, 1920, the shareholders approved a bylaw passed by the directors authorizing the sale of the property and assets of the company to a new company to be incorporated under the name of Loew's (Canada), Limited, or some similar name.

"It was expected that such new company would also acquire the property and assets of Loew's Montreal Theatres, Limited, Loew's Ottawa Theatres, Limited, Loew's Metropolitan (Montreal), Limited, and Loew's Windsor Theatres, Limited.

"In regard to some of these companies preliminary statements of their liabilities had been obtained, but as in some cases the theatre building had not been completed or fully paid for, accurate statements could not be secured by the directors.

"It now appears that the liabilities of some of these companies are in excess of the amounts given in the preliminary statements, and the directors have resolved not to take any further steps to carry out the sale until the exact position of the other companies is definitely ascertained and certified to by chartered accountants.

"In any event the directors will not complete the sale without again calling a special general meeting of the shareholders.

"The directors of Loew's Windsor Theatres, Limited, are sending a notice similar to this to their shareholders. S. D. Fowler, secretary."

FINANCIAL AND COMMERCIAL

ANOTHER SLUMP IN EGG PRICES

Wholesale Quotation Thursday 45c Dozen—Potatoes Also Cheaper.

The general slump in egg prices hit the local market Thursday morning. In some places throughout Western Ontario prices on Wednesday reached the lowest level since the war. The wholesale quotation for fresh eggs today was 45 cents per dozen, and the retail 55 cents per dozen. There are indications that prices will continue on the downward grade for the remainder of the month.

Potatoes also struck a low price. Wholesale they retailed for $1.15 per bag and retailed at $1.25 per bag. These prices are lower than any that have been recorded since last fall. The drop is due to the large supplies in the country.

Poultry was offered in rather large quantities today. Dressed chickens were the most plentiful, and prices were slightly decreased. Wholesale they brought 35 cents per pound, and retail 37 and 38 cents per pound. Live chickens sell for 28 cents per pound.

Front and hind quarters of pork were plentiful. Hinds were easier at 24 and 25 cents per pound, as were fronts at 22 and 23 cents per pound.

Several loads of hay were sold today, but prices were unchanged. There is still a good demand.

GRAIN.

Winnipeg, Feb. 10.—May wheat opened 1⅛c to ⅝c lower at $1 76½@1 77, and July unchanged at $1 68.

May oats opened ⅛c lower to unchanged at 50¼@50⅝c.

May flax unchanged at $1 90.

May rye ½c higher at $1 64.

Chicago, Feb. 10.—Opening: Wheat—March, $1 61½; May, $1 51½.

Corn—May, 66⅝c; July, 68⅜c.

Oats—May, 43⅝c; July, 44¼c.

Chicago, Feb. 10.—Quickness with which offerings were taken brought about an advance in wheat prices today after a hesitating start. Bulls contended that from this time forward the course of values would be governed largely by the attitude of the producer, and that domestic instead of export conditions would be the chief factor. Talk was current that country roads were generally in too bad shape to allow of a free movement of any grain at present. Opening prices, which varied from unchanged figures to ¾c lower, were followed by material gains all around.

Corn rose with wheat. After opening unchanged to ⅛c higher, the market scored a moderate general upturn.

Oats were governed by the action of other cereals, starting unchanged to ⅛c off, and later advancing to well above yesterday's finish.

TORONTO STOCK EXCHANGE.

Toronto, Feb. 10.—There was considerable expansion in Trading on the exchange this morning, strength in the majority of issues resulting from the increased inquiry for stocks. Atlantic Sugar, Canada Steamships and Winnipeg Railway were the outstanding features of the morning's business. Requests for Atlantic Sugar came along toward the close of the session, and sales were made at 32, an advance of 3 points since the stock was last traded in on the exchange. Winnipeg Railway moved up 2¼ points at 43¼, and Canada Steamships, after opening slightly stronger, increased the gain to 2 points, the noon close coming with the stock selling at 40.

"HOW MY POOR BACK DOES ACHE!"

Many a woman keeps Sloan's handy for this, but it's great for other pains, too.

THAT dragging, wearying backache, that so many women regularly suffer from, is quickly eased by a little Sloan's Liniment.

But it is good for all the family. Apply it, without rubbing, for all kinds of aches and pains, from the sharp neuralgic twinge to the dull, tearing ache of rheumatism.

Then there's sciatica, lumbago, sore muscles, stiff joints. Keep a bottle handy, for you never'll know when you will need it.

Largest size is most economical. At all druggists—35c, 70c, $1.40. Made in Canada.

Sloan's Liniment Pain's enemy

NEW YORK STOCK EXCHANGE.

New York, Feb. 10—Wall Street, 10:30 a.m.—An uncertain tone attended the dull opening of today's stock market, although gains exceeded losses. Coppers were firm on the completion of the banking syndicate for financing large exports of the metal. Domestic and Mexican Oil strengthened, but European issues of that class sagged. Pressure against shippings was resumed, Atlantic-Gulf falling 1¼ points at the outset. Very liht dealings in rails were mostly at fractional recessions. The changes among specialties were confusing.

1:30 p.m.—Rails eased from fractions to a point during the noon hour, presumably on announcement that the railroad labor board had denied the petition to cancel wage agreements. United States Steel was unresponsive to another adverse tonnage statement, and oils showed further mixed gains and losses.

Cured His Rupture

I was badly ruptured while lifting a trunk several years ago. Doctors said my only hope of cure was an operation. Trusses did me no good. Finally I got hold of something that quickly and completely cured me. Years have passed and the rupture has never returned, although I am doing hard work as a carpenter. There was no operation, no lost time, no trouble. I have nothing to sell, but will give full information about how you may find a complete cure without operation, if you write to me, Eugene M. Pullen, Carpenter, 1046g Marcellus avenue, Manasquan, N. J. Better cut out this notice and show it to any others who are ruptured—you may save a life or at least stop the misery of rupture and the worry and danger of an operation.

TELLS DYSPEPTICS WHAT TO EAT

Avoid Indigestion, Sour Acid Stomach, Heartburn, Gas on Stomach, Etc.

Indigestion and practically all forms of stomach trouble, say medical authorities, are due nine times out of ten to an excess of hydrochloric acid in the stomach. Chronic "acid stomach" is exceedingly dangerous and sufferers should do either one of two things.

Either they can go on a limited and often disagreeable diet, avoiding foods that disagree with them, that irritate the stomach and lead to excess acid secretion, or they can eat as they please in reason, and make it a practice to counteract the effect of the harmful acid and prevent the formation of gas, sourness or premature fermentation by the use of a little Bisurated Magnesia at their meals.

There is probably no better, safer or more reliable stomach antiacid than Bisurated Magnesia, and it is widely used for this purpose. It has no direct action on the stomach, and is not a digestant. But a teaspoonful of the powder or a couple of five grain tablets taken in a little water with the food, will neutralize the excess acidity which may be present and prevent its further formation. This removes the whole cause of the trouble, and the meal digests naturally and healthfully without need of pepsin pills or artificial digestants.

Get a few ounces of Bisurated Magnesia from any reliable druggist. Ask for either powder or tablets. It never comes as a liquid, milk or citrate, and in the bisurated form is not a laxative. Try this plan and eat what you want at your next meal and see if this isn't the best advice you ever had on "what to eat."—Advt.

THE RAVENOUS WOLF

Storing up food has no part in his savage nature. All summer long he gorges himself on his prey, always wasting more than he eats. In the cold of winter he howls through the northern woods, gaunt and half starved.

A good enough life for a savage wolf, but you cannot afford to take chances with the future. Are you making any provision for the winter of your life when you will be unable to earn?

Your savings deposited with this company will earn 3½ PER CENT interest, or invested in Ontario Loan debentures, 5½ PER CENT.

INVESTIGATION NOT COMPLETE.

Tokio, Feb. 10.—The official investigation of the recent killing by a Japanese sentry at Vladivostok of Lieut. W. H. Langdon of the American cruiser Albany, has not been concluded. Gen. Tanaka, minister of war, today made this statement in reply to questions in the Diet as to what the result of the court-martial was, and what effect it would have on the relations with the United States. M. Tanaka added that there was no fear of the relations between the United States and Japanese becoming strained as a result of the shootieng.

Beautiful Actress Attributes Her Wonderful Success to Her Famous Complexion

Tells How You Also May Have One

MISS DOROTHY DALTON

New York.—When Miss Dorothy Dalton, the beautiful actress, who was selected for the leading role in that mammoth New York production, "Aphrodite," was questioned as to the secret of her phenomenal success, she unhesitatingly said, "My complexion." When asked further details she explained: "Everyone of my friends always raved about the texture and coloring of my skin, and I have no doubt but that my first engagement was made possible through the reputation I had acquired for a beautiful complexion. Managers are like ordinary mortals, they admire a beautiful skin as much as anyone, and in selecting their casts they naturally prefer those whose complexions are attractive. I think the best asset any girl or woman can have is a beautiful skin and complexion. It is easy to have this if one will spend only a little time in taking care of the skin. A girl may have irregular features, but if she possesses a beautiful complexion she will attract attention anywhere. I am always glad to tell any girl or woman just how she may possess a skin like mine. Here is the recipe: Night and morning cleanse the skin first with warm water, then apply a good cold cream (Liska cold cream I have found to be the best) after massaging it into the skin take off the superfluous cream with a soft cloth. Then before going out during the day or evening I apply Derwillo, a simple toilet preparation which can be purchased at the toilet counter of any up-to-date drug or department store. The first application of this wonderful Derwillo will astonish you. It imparts instant beauty to the skin and makes a rosy-white complexion—every one will talk about it. I find it excellent for my complexion as it protects my skin in all kinds of weather. That's why I prefer it to all other toilet preparations and am never without it. Now that short sleeves are in vogue you will want beautiful hands and arms. There is nothing like Derwillo for this purpose. Many of my professional friends to whom I have recommended Derwillo use it in preference to all other face powders or beautifiers." Just try it once before going to the theatre, dances, parties or an afternoon call, and note the favorable comments of your friends. Derwillo instantly puts a life-like tint on your cheeks which defies detection. It takes the place of face powder and stays on until you wash it off. Perspiration does not affect it nor will it rub off on clothing; it also prevents the nose and face from shining. It's wonderful for a dark, sallow, rough skin, blackheads, coarse pores, oily skin, freckles, tan and for the instant beauty it imparts. Over 500,000 girls and women are using it. It's absolutely harmless to the most sensitive skin. Just try it once and you will need no further argument to convince you that there is nothing "just as good," "better," or "just like it." Insist on Derwillo, then you will not be disappointed.

NOTE.—Druggists and department stores everywhere sell Derwillo with the guarantee that if you don't like it you get your money back. It is the one beautifier that gives satisfaction at all seasons of the year. You can secure it at all toilet counter in this city, including the Standard and the Strong Drug Stores.

DRURY REFUSES TO INCREASE FAIR GRANTS

Deputation Expects That the Weather Insurance Will Be Raised.

TORONTO, Feb. 9.—A request made by a deputation representing the Ontario Association of Fairs and Exhibitions, in annual session here today, to Premier E. C. Drury that the Government grant of $85,000 be increased to $110,000 was not acceded to. The premier stated that the Ontario fairs were receiving larger grants than were given by any other province in the Dominion. A request that the wet weather insurance for fall fairs be increased was sympathetically received, and the deputation reported to the convention this afternoon that it probably would be acceded to.

Officers were elected as follows: President, W. J. Connelly, Caledon; first vice-president, J. Farrell, Forest; second vice-president, W. J. Ault, Winchester; secretary, J. Lockie Wilson, Toronto; treasurer, J. E. Peart, Hamilton; auditor, G. Green, Toronto; representative to Central Canada Exhibition W. Hickson, Bobcaygeon; to Western Fair, Monteith, Stratford; to Royal Agricultural Winter Fair, W. J. Connolly, J. McLean and J. C. Bull.

Directors were elected as follows: Dr. A. T. Morrow, Mexville; W. E. Smallfield, Renfrew; C. Ketcheson, Frankford; M. Calder, Beaverton; W. N. Scott, Milton; G. C. Johnston, Anaster; Col. J. J. Craig, Fergus; Chas. W Molland, Thorndale; W. A. Brock, Petrolea; Dr. W. H. Huck, Mildmay; R. William; A. E. Stephenson, New Liskeard, and A. R. Woods, Sault Ste. Marie, Ont.

LABOR MEMBERS AGAINST EMBARGO

Toronto, Feb. 9.—The Labor members of the Legislature have passed a resolution strongly urging the immediate removal of the embargo obtaining in Great Britain against the admission of Canadian cattle and copies will be sent to Premier Lloyd George, Sir Robert Home, minister of labor, the minister of agriculture, the secretary for the colonies and others. The resolution invites the co-operation of the Labor party in the British House of Commons.

ADVERTISER PUZZLE CONTEST OFFERS FIFTY BIG AWARDS

Over $2,500 in Prizes for the Solvers of Interesting Problem.

How many times have you given in about something and consoled yourself by saying, "What's the difference?"

It's an exclamation that has fit many a problem, but never a one so aptly as that which The Advertiser is presenting to its readers in the popular figure Puzzle Contest. Its answer promises much to those who are busily engaged in delving into the mysteries of the fascinating problem. Are you among those enjoying the sport?

Or five weeks afford you ample opportunity to join company with those who are desirous of sharing in the liberal cash awards offered by The Advertiser for the best solutions of this entertaining puzzle. Decide today that you will be one of the fifty to win a prize. This decision within five weeks may make you the possessor of $700, $450, $400, $300, $200, or a smaller sum, with no further outlay than a subscription to The Advertiser.

For the information of present subscribers it is stated that no change whatsoever will be made in the channel through which you now receive the paper. Entry into the contest means that you will merely advance your subscription in whatever amount you pay, and there is a whole lot of satisfaction in knowing that your paper is paid for up to a certain date. Your friends who are not subscribers will appreciate being told of the opportunity to join in the competition. It will take their minds from the perplexities of the moment and afford them a few hours of real diversion, coupled with the chance of winning along with yourself.

The time of registering solutions in this contest has no bearing upon winning the prizes. This is determined solely by contestants up to the hour of closing the contest. The road to success lies open till then. This road leads not through rough, hard passages, but along pleasant paths that point to a very profitable goal. There is every reason why you should try to reach that goal with its outlet of fifty big awards. Additional charts and any information desired will be furnished on request to the Contest Department of The Advertiser at 110 Dundas street.

WEDDING BELLS

THOMPSON—WRIGHT.

A wedding of interest took place on Friday evening, February 4, in Hamilton, when Margaret Dougal, only daughter of Mr. and Mrs. W. Menzies Wright of Owen Sound, was united in marriage to Herbert J. Thompson of Thornton and formerly of Owen Sound. The ceremony was performed at the home of Mr. and Mrs. Binkley by the Rev. Mr. Russell. The bride wore a traveling suit of burgundy, with shell pink georgette blouse and hat to match. Mr. and Mrs. Thompson left on a short trip, and afterwards will live in Thornton.

VICTIM OF STABBING DIES IN HOSPITAL

Affray Took Place Over Four Months Ago—Assailant in Prison.

KITCHENER, Feb. 9. — Dominic Tambourine, the Italian who was stabbed here about four months ago in an altercation, died at the local hospital today. It is said his death was not caused by the stabbing, but that he was suffering from a motor accident of over a year ago, which had kept him in ill-health since. It is understood the crown will take no action against his assailant, who is now in prison serving six months for assault.

BRAINS OF GANG OF CRIMINALS TORONTO MAN

Young Burglar Tells Guelph Police Remarkable Story of Underworld.

WOMAN IS PARTNER

Protects Boss, But Assists Police To Round Up Tools.

GUELPH, Feb. 9.—Gordon Simpson, the Toronto man who was sentenced here yesterday to four years in Kingston for breaking into Ryan's clothing store here some weeks ago, when goods to the value of several thousand dollars were stolen, and who was later arrested in Toronto, and sentenced by Magistrate Denison to a six year term, has made a complete confession of the operations of the gang of burglars who have been operating in Toronto and other Ontario points in the last few months.

Toronto Man Heads Gang.

In his confession Simpson names a Toronto man (whose name the police refuse to divulge) as the head of the gang, whom he declares is living in that city with the wife of another man who is now doing time in Kingston. He claims this woman protected the brains of the organization, but assisted the police in effecting his own arrest.

Had Clean Record.

Simpson states this is the first time he has been in trouble, and claims to have good references from the William Davies Company, where he was employed until last August as a driver, and was in the habit of handling from $500 to $600 of the firm's money every day. He blames the man and woman for his downfall and states that they and some others are allowed to roam about Toronto getting a living by any means but honestly, and laughing at those they sent to prison.

GARY PLANS NO CUTS IN STEEL WAGES, PRICES

Chairman of U. S. Steel Corporation Says Existing Figures Continue.

NEW YORK, Feb. 9.—Existing prices and wage scales of the United States Steel Corporation are to continue, declared Elbert H. Gary, chairman of the board, at a conference with newspapermen today. Some of the independent companies he understood, had made offers to sell their products below current quotations, but he flatly asserted that the United States Steel Corporation has no intention at this time of changing its selling prices. The subject of reducing wage rates among its 265,000 employees has not been even up for consideration, he added.

MORRISON FOLLOWS DRURY'S BROADENING POLICY AT BLYTH

Submits That U. F. O. Platform Is Big Enough For Professional Man.

BLYTH, Feb. 9.—A packed hall greeted J. J. Morrison, secretary of the U. F. O., when he addressed a meeting of farmers here today. R. C. McGowan presided, and the first speaker was Mr. McKee of Oxford, who dealt in an interesting manner with co-operative work in connection with live stock, cold storage and dairy produce.

Mr. Morrison, who was given a rousing welcome, declared that the political factor of the U. F. O. was the thin edge of the wedge between the two old parties and an expression of the masses crystallized into universal political democracy. He laid special stress on the education of the rising generation in the evolution of the great democratic principles.

Such education, asserted Mr. Morrison, will revolutionize future governments and eliminate the old party machines which have hitherto dominated all governments.

He submitted that the platform of the U. F. O. was quite wide enough to take in the professional man, providing he is willing to subscribe to the principles of the U. F. O.

LONDON IS LOGICAL PLACE FOR OFFICES

WINDSOR, Feb. 9.—Orders for the transfer of the local offices of the department of public works to London have not yet been received here, according to H. B. R. Craig, engineer in charge of this district.

"The move," said Mr. Craig, "is being made following the decision of the minister of public works, Hon. F. B. McCurdy, to thoroughly reorganize the department from coast to coast. Economy in administering the various districts has been considered, and London from its situation is the logical place for the new offices. The area of this district will probably be increased under the reorganization." Mr. Craig would venture no opinion regarding the possible time of the removal.

CHURCH RECEIPTS FOR YEAR $14,028

First Presbyterian Congregation Hears Favorable Report at Annual Meeting.

Total receipts of the First Presbyterian Church from all sources during the past year amounted to $14,028.16, according to reports presented at the annual meeting held in the schoolroom Wednesday night. Substantial increases over the previous year's revenue were noted.

Rev. Dr. D. L. McCrae was appointed moderator until a new minister is called by the committee appointed for the purpose. The following were re-elected to the board of managers: C. G. Jarvis, W. C. Allen, M. W. Bruce, G. H. Heighway, A. H. Morgan and C. B. McLean.

Condolence Extended.

A board resolution was passed expressing profound regret at the sudden death of Rev. W. J. Knox, the late pastor, and extending deep sympathy to Mrs. Knox and children in their great loss and sorrow.

ANGLICANS JOIN SERVICE.

HAMILTON, Feb. 9.—For the first time in the history of Hamilton an Anglican Church, St. George's, is joining with the Methodist, Presbyterian and Baptist Churches in the west end of this city in evangelical services.

Maltreats His Wife To Drive Out Devil

Kingston Milk Dealer in Religious Mania Believes Wife "Possessed."

KINGSTON, Feb. 9.—A local milk vendor named Valentine, while in a religious mania today, conceived the idea that his wife was possessed of a devil and in exorcising the evil spirit he maltreated his wife so badly that she prematurely gave birth to a child in the general hospital here. She is in a critical condition. Valentine was adjudged insane and taken to the Rockwood Hospital. It is said that Valentine recently joined a religious organization in this town and has since shown excessive zeal.

FATHER SLIGHTED IN MODERN HOME

Woodstock College Principal in Favor of More Dignity For Dads.

Several father and son banquets are being held in London this week, but to take care of those who would not attend them a special one was held in the Y. M. C. A. last night. The dining hall was filled to capacity, and each guest enjoyed himself thoroughly.

Dr. Thomas Wearing, principal of Woodstock College, the speaker of the evening, interested with an address on "Home Building." "I would sound the call to establish permanent homes. On these depends the future of Canada and the service Canada will give to the rest of the world."

"God pity the homes that are childless by choice," he added.

He was of the opinion that the father should direct the affairs of the home and not be content to take second, third or fourth place in the family circle. Fathers need to have more dignity today. It was mentioned that in the days of the Roman Empire, the father had the power of life and death in the David Allan, physical instructor.

"Boys, if you don't believe that your father is the best man in the world, you better think over it again," he said to the sons at the banquet.

Make Most of Home.

He said that there would be only one home that would have a father and another in it, for the boy, and advised him to make the best of it.

Dr. Wearing was of the opinion that the girl of today should realize the importance of some-building, instead of striving to be a social butterfly.

Presentations of shields and pennants were made during the affair. Dundas Centre Methodist Trail-Rangers received a pennant for attaining the greatest number of points, which are awarded for Sunday school attendance and other matters, during the past month. The Talbot Street Baptist Junior Tuxis group also received a pennant for being the winners in their class.

Shields for baseball competitions held last summer were awarded to the following winning teams: Senior, Askin Street Methodist Elks; Intermediate, Knox Presbyterian Ahnecks; Junior, Askin Street Methodist Meteors.

Toasts to King and "Dads."

The toast to "The King" was ably responded to by Milton Walker, and that to "Our Dads" was proposed by Douglas McTavish, and responded to by Jared Vining and William Christiansen. A piano solo by Pem Carry, and a violin solo by Billy Duncan were roundly applauded and necessitated encores.

W. D. Beamer, chairman and secretary of the boys' work department, thanked the ladies, especially Mrs. Mullatt and Mrs. Wigmore, for preparing the meal and catering, and also thanked the orchestra for its work.

L. M. Houlding was master of ceremonies, leading the boys and their fathers in the community singing.

After the banquet fathers and sons were opponents in group games in the gymnasium, under the direction of David Allan, physical instructor.

United States Committee For Navy At Least Equal To Any Other.

OPPOSE "HOLIDAY"

Report Expresses Desire For Agreement To Limit Naval Armament.

WASHINGTON, D.C., Feb. 9.—A United States navy "at least equal to that of any other power," is advocated in a report of the Senate naval committee filed today in the Senate.

The committee, replying to the Borah resolution, said "it is not practical and is not a sound policy to suspend naval construction for a period of six months, or at all."

It urged completion of the great 1916 naval program, except that two huge naval aircraft carriers be built in place of twelve destroyers and six submarines, which have been authorized but not yet contracter for.

Capital ships remain the principal units of sea power, the committee said, adding that submarine and aircraft were as yet only auxiliary forces.

The committee report, to which Senator King, Democrat (Utah), plans to file a minority report tomorrow, expressed a desire that an agreement for limitation of naval armament might be reached among the nations, but says that until some such arrangements were made the United States should continue its building program.

RESIGNS MANAGERSHIP TO GO INTO BUSINESS

R. R. Smith, for 18 years with McColl Bros., Limited, of Toronto, has resigned as manager of the firm's London branch, and will go into business for himself here under the name of the Star Oil Company.

Ross Smith has had long experience in the oil business. Years ago his father put down many wells in the Petrolea field which pumped 15 to 20 barrels a day. Later R. R. Smith started selling oil in Western Ontario for the Detroit Refining Company, and subsequently accepted an offer from McColl Bros., with whom he has been ever since. Six months ago he established a London branch, but has now decided to cover Western Ontario in his own interests.

AUTO DEALERS GIVE $300 TO CHILDREN'S MEMORIAL HOSPITAL

Club Bag Is Presented To Show Manager, T. C. Kirby.

Three hundred dollars was donated to the War Memorial Children's Hospital by the Automotive Retail Dealers' Association of London and Middlesex at its annual meeting Wednesday afternoon. The gathering was also marked by the presentation of a handsome club bag to T. C. Kirby, who managed the recent automobile show. The address, which accompanied the gift, expressed the appreciation of the association for the capable manner in which Mr. Kirby had carried out his work, and tendered him the most sincere thanks.

Reports on the receipts and expenditures in connection with the show were made. Several letters from manufacturers of Canadian cars were received complimenting the association on the results of the show. They had noted a decided improvement in business and prospects, they said.

The 1920 officers were unanimously re-elected, as follows: President, Wilfred Hodgins; first vice-president, Bert Kaine; second vice-president, W. W. Ferguson; treasurer, Thomas Terry; secretary, F. D. McLachlin; executive committee, Arthur Wilkes, A. H. Clinger, and R. T. Wright of Thorndale.
