

WILL ROB RIVER TO EXTEND CITY

Plan Under Consideration to make Montreal Island a Mile Longer by Filling In Waterfront—Explosive Socks Civilization's Latest Danger

(From Our Own Correspondent.)
Montreal, May 3rd.—With the problem of accommodating a population of one million five years hence staring her in the face, Montreal is planning to rob Father Neptune of nearly a square mile of territory in an effort to provide additional room. As in the case of many smaller cities the plan in question simply proposes reclamation. In this case the reclamation will be from the river involving an amount of land which will be worth something like a million dollars. The idea originated with an engineer who has acted in a consulting capacity in the erection of some of the largest buildings in the city, and has made a specialty of foundation and caisson work. His idea, in brief, is to lengthen the island of Montreal by the erection of sea walls, behind which the space could be filled in by pumping sand from the channel. Chimerical as the scheme may sound at first hearing there appears to be no reason why it should not be carried out, since the value of the made land will far exceed the cost of its creation. Of course until bearings and surveys have been made it is impossible to more than roughly estimate the cost of such an undertaking, but it is believed that it would not only pay for itself but would leave a handsome profit besides.

LEAN LIQUOR STORE IN PRISON

It is well over a year now since Johnny Woods, an expert second storey man and false key burglar, stepped out to freedom and announced that all was not as it should be behind the walls of St. Vincent de Paul penitentiary where he had been confined for the five years previous for robbing the home of ex-Mayor Ekers whilst His Worship and family were abroad. Johnny is a smooth, well educated young Englishman and he tells a good story. The newspapers took him up and he became famous in a night. Briefly he charged that cocaine, rum, dope of any kind and pipes to smoke it with, dainties, tobacco, even knives and razors, were bartered and exchanged within the walls of the "pen" as freely as they would be outside. Coin of the realm was the standard of trade, although, if short, an ordinary plug of tobacco cut into ten slices, stood for fifty cents. From outside appearance Johnny's tales did not ruffle one whit the equanimity of the prison officials, the inspectors nor the Department of Justice, but it has been learned since that, almost as soon as he had spoken a searching investigation was ordered through the Dominion Police. Now it turns out, matters are even worse than Johnny pictured them. One guard had the audacity to enter into partnership with a convict to run a barroom. The guard smuggled in the fire water by the "underground route" and the prisoner peddled it, his place of business being a well concealed cave

in the huge coal pile standing in a corner of the walled yard. A hospital orderly sold cocaine and morphine from the hospital stores. A cook, when discharged after his time was up, walked out with seven hundred dollars in his pocket although he had not a cent when he was sentenced, all of it made by selling dainties and extra rations to the wealthier inmates. Several guards have already been suspended and a general snafu and reorganization is being brought about behind these high grey walls.

PAY'S LARGE INTEREST BILL

Cheques totalling \$913,397.51 have been sent out from the City Hall as a cheerful May Day present from the city to its various creditors. The whole sum comprises Montreal's half yearly payment of interest on the various civic loans, including interest on the loans of the several municipalities which were last year annexed to the city. Nearly to millions of dollars are expended each year in this way. The sum of \$94,500 1/2, goes to the bank of Montreal in London £19,200 2/3, 3d, goes to the National Bank of Scotland in London and £46 0/6, goes to the Bank of Scotland in Edinburgh.

The foregoing amounts are equivalent to \$533,632.25 in Canadian currency, and the balance of the interest is made up as follows: Coupons payable in New York \$86,495.50, coupons payable in Montreal \$118,163.48, registered stock dividends payable in Montreal \$94,116.28; Catholic Schools Commission coupons \$11,000.

EXPLOSIVE SOCKS.

That various citizens throughout the country may be the unsuspecting wearers of gun cotton neckties and explosive socks liable to blow up at any moment, is the startling possibility just brought to light here. Nor is the feminine sex immune from the danger since petticoats may likewise be articles of destruction. This unsuspected condition of affairs has been discovered through a local protest recently filed against the manufacture of artificial silk from cellulose, in which it appears that there is a possibility that almost any article of wearing apparel made to imitate real silk, may actually be explosive. There are several processes according to the protest by which artificial silk is produced from cellulose. One process employs nitro cellulose which is really nothing more than soluble gun cotton. From it threads to be used in manufacture are drawn in ether or alcohol. After the thread has been drawn and is ready for weaving it is supposed to be penetrated. If it is, it is entirely safe. If it is not it may be exceedingly dangerous for it then remains nothing less than gun cotton spun into a fabric. So in the future it may be worth while to refrain from stamping the "near silk" label on a yanking viciously at the cravat of the same material, even though no casualties from explosive garments have yet been reported.

JEALOUSY CAUSES MURDER

A Woodstock Man Shoots Another Who Visits His Wife in s Absence

At Woodstock Wednesday evening Wm. Bragdon, returning home sooner than expected, shot Woodman McCluskey who had just left Bragdon's house where he had visited Mrs. Bragdon. Bragdon gave himself up. He alleges that McCluskey had alienated his wife's affections. McCluskey has since died.

At the inquest Friday evening the jury brought in a verdict that he came to his death from the effects of a bullet wound received on the night of May 3rd at the hands of William Bragdon.

Mrs. Ina Bragdon, wife of the man who will now be charged with murder, was among the witnesses examined. She said: "I am the wife of William Bragdon. I live in Woodstock; I knew the late Woodman McCluskey. I saw him on the evening of May 3rd. I know that he was shot that night. I was there when the shooting took place; it took place in the yard; I know who fired the

shot; it was William Bragdon; he fired three times. Just one shot was aimed at McCluskey. I was in the house when the row started in the yard. Wm. Bragdon is my second husband."

To the juryman. I saw my husband when he fired the shot; McCluskey had hold of him before the shot was fired. McCluskey was in the house about fifteen minutes when Bragdon returned home; he fired one shot at me and the other shot into the air. He used bad language to me after McCluskey went away.

Others who gave evidence were Dr. Rankin and Dunwood McIntyre, who heard the shots fired and Miles Dramond, who swore that after the shooting the man kicked and drove the woman into the house.

Sheriff Tomkins testified that McCluskey in his ante-mortem statement said Bragdon shot him in his, Bragdon's, dooryard.

GREAT ADVANCE FOR BRITISH WORKMEN

5,000,000 Insured Against Sickness and 2,500,000 Against Unemployment.

On the fourth instant Chancellor David Lloyd George introduced in British Parliament a bill by the provisions of which every worker whose annual earnings fall below the income tax level of 160 pounds sterling (\$778.66) will be compulsorily insured against illness, so as to assure him the receipt of five shillings per week during his incapacity. Towards this the worker would contribute about one half, the same being deducted from his wages, while the balance would be paid jointly by his employers and the state.

Mr. Lloyd George estimated that his plan would affect 14,700,000 people. Women will receive thirty shillings in maternity cases on condition that they do no work for a month following child birth; and there will be free medical attendance for every contributor.

The state would also, in the crusade against consumption, provide £7,500,000 to aid local authorities in building sanitariums, and \$5,000,000 toward their maintenance.

Although in cases of permanent disability the sick allowance would be five shillings weekly, ten shillings would be allowed for the first three months in the case of men and seven shillings six pence in the case of women. Those who can be shown to have invited incapacity would receive no insurance, though any necessary medical treatment would be provided.

The unemployed insurance will at first apply only to the engineering, shipbuilding and house building trades, involving 2,500,000 workers. Both the workers and the employers would pay five cents weekly each, the state contributing \$3,750,000 a year, or about one fourth of the total cost. The contributors when unemployed would receive a maximum of fifteen shillings and a minimum of seven shillings weekly. No payments would be made in the case of strikes or lockouts.

The first reading of the bill was unopposed.

BOLD THIEVES AT WHITNEYVILLE

Rob a Lady's Kitchen in the Absence of the Men Folk

Whitneyville May 9 — Mr. Frazer of Nova Scotia is putting a gasoline engine into Mr. Adam Hill's boat.

What might be termed a bold robbery was committed at the home of Mrs. Frank McKenzies, Allison Settlement, last Wednesday night. The person or persons committing the theft broke a hole in the kitchen window and putting their arm in unfastened the window on the inside and raising it, entered the kitchen. They then locked the door between the hall and kitchen to keep Mrs. McKenzie, who with her baby was alone in the house, from entering where they were, while they were doing their mean work. Mrs. McKenzie was awakened by the noise and thinking the house might be on fire, started for the kitchen but finding the door locked she became alarmed and ran to the home of her father-in-law, which was but a little way from her own house; but by the time that Mr. McKenzie got there the thieves had departed taking with them half a barrel of flour, a small bag of oatmeal and a pound of tea. The tea and oatmeal was lost between the house and road in their haste and was picked up by Mr. McKenzie. Whoever the thieves were they undoubtedly understood their business.

Miss M. Lillias Forsythe is spending the week with Mrs. G. Gilmour Stothart, Newcastle.

Mrs. James Walsh's baby of Millstream is sick with pneumonia. Mr. Howard Whitney and family of this place have moved to their new home which they have recently purchased in Newcastle. It is reported that they intend keeping boarders.

Mr. Wm. Cain of Boom Road, who was taken to Hotel Dieu, Chatham, on Saturday with a very bad case of pneumonia, was reported some better Monday noon.

The roof of the Whitneyville Baptist church was covered with galvanized shingles last week. The work was done by John Curtis and Hiram Whitney, assisted by Clifford Parker.

THE TWO NEWCASTLES EXCHANGE GREETINGS

Newcastle-on-Tyne Sends Banner to Pupils of Harkins Academy.

A handsome banner, donated to the Harkins Academy here by the Girls' High School of old Newcastle-on-Tyne, England, will be presented to the Harkins trustees at special exercises in the Academy on the 19th inst. Governor Tweedie will make the presentation.

The banner is sent that it may be a means of establishing a bond of common sympathy between the two Newcastle. The design (by Muriel Wilson) under the superintendence of Mr. Halton of the Armstrong college is of rose, shamrock and thistle, with the maple for Canada, rowanberry and leaf for Wales and parts of the Newcastle-on-Tyne arms.

Dr. Nicholson, Chairman of the local Board of School Trustees, has forwarded the Board's thanks to Earl Grey and at the presentation the thanks of the Newcastle board and scholars will be extended to the pupils of the old country school.

LOST TWO SONS IN ONE WEEK

One Boy Drowned and Another Died Suddenly in the Woods.

Claude Williston, son of Mr. and Mrs. Seymour Williston of Bay du Vin died suddenly in one of D. and J. Ritchie's camps on the Little South West Miramichi, on the evening of May 2nd. He was ill only one day and was 24 years old. Mr. and Mrs. Seymour lost a son Reginald in his third year on April 29th by drowning.

J. M. Howell, a popular druggist of Greensburg, Ky., says, "We use Chamberlain's Cough Remedy in our own household and know it is excellent." For sale by all dealers.

A call tendered the Rev. E. E. Mowatt, of Redbank, by the Loggieville Presbyterian church, was read to the congregation of the Whitneyville Presbyterian church on Sunday by Elder P. A. Forsyth. Mr. Allen Whitney lost a valuable cow a short time ago.

MITE-BOX OPENING

The children of the Methodist Mission Band gave a very successful concert and sale of goods they had manufactured Monday night. Rev. W. J. Dean was chairman. The mite boxes full of missionary money were brought in. A good collection was taken, cashy was sold, etc., all the receipts for missionary purposes. The program consisted mainly of choruses, solos and recitations by the little ones. It was as follows:

- 1 Chant and prayer—Band.
- 2 Address by Mrs. W. J. Dean.
- 3 Chorus—We're a Little Mission Band.
- 4 Scripture exercise.
- 5 Song—Little Missionaries.
- 6 Recitation—Christie Ashford.
- 7 Solo and Chorus—Little Sunbeams—Jessie Black.
- 8 Recitation—Missionary Work—Muriel Atkinson.
- 9 Recitation—A Busy Bee—Evelyn Price.
- 10 Solo and Chorus—Happy Little Children—Jessie Black.
- 11 Recitation—Help Somebody—Enlah Stuart.
- 12 Recitation—I am a Little Girl—Gertrude Hare.
- 13 Collection Speech—Amy Stewart.
- 14 Recitation—The Little Missionary—Edwin A. Stuart.
- 15 Receiving of Mite Boxes, with repetition of scripture in unison.
- 16 Chorus—That Sweet Story.
- 17 Benediction.

Master Charlie Hare was too ill to say his recitation, which was greatly missed. The children did remarkably well in all the parts of the program, reflecting much credit upon their superintendent, Mrs. Dean.

Keep this night open, May 17th, Firemen's Dance.

SLUMP IN BUILDING LAST YEAR

In the Labor Gazette for last month, the Newcastle correspondent sums up the building operations of 1910 in this district as follows:

Locality.	New Buildings.	Repairs.
Newcastle,	\$13 000	\$8 000
Nelson,	14 000	2 000
Millerton,	3 800	1 600
North Esk,	4 000	2 000
Blackville,	4 500	2 000
Doaktown,	3 000	1 600

Total \$42 300 \$20 300
Making a total expenditure of \$62,600 as against \$195,800, in 1909.

13 WEEKS IN HOSPITAL

Came Away No Better and then Two Boxes of Zam-Buk Worked Complete Cure.

Mr. Fred Mason, the well-known upholsterer and mattress manufacturer of St. Andrews, N. B., says— "I had eczema on my knee, which caused me terrible pain and inconvenience. The sore parts would itch and burn and tingle, and then when rubbed or scratched, would come very painful. I tried various remedies but got no better, so I decided to go to Montreal and take special treatment. I received treatment at the Montreal General Hospital for thirteen weeks, but at the end of that time I was not cured, and almost gave in. A friend advised me to give Zam-Buk a trial and although I had little hope at first, I took the advice, and as soon as applied Zam-Buk stopped the itching and the irritation. I persevered with the balm, and it was soon evident that it would do me good. Each day the pain was reduced, the sore spots began to heal, and by the time I had used a few boxes of Zam-Buk I was cured."

For eczema, blood-poisoning, piles, ulcers, sores, abscesses, varicose ulcers, bad leg sore feet, blisters, insect stings, poisoned wounds, cuts, burns, bruises and all skin injuries and diseases, Zam-Buk is without equal. Zam-Buk soap should also be used for washing all wounds, eczematous patches and sores. All druggists and stores sell Zam-Buk at 50c. a box and Buk Soap at 25c. per tablet, or from Buk Co., Toronto.

FOUND
The place to buy your spring suits at Russell & Marriss

NARROW ESCAPE

A boy named Galley, while playing on raft near Hickson's Boom yesterday, fell into the river and but for timely assistance of James McDonald would have drowned.

WHERE SHALL I BUY IT?

What? My New Spring Suit Why, at Russell & Morrison.

TEACHERS BEING DRILLED

Since Wednesday last Sgt. Lavoie of the Militia Dept. has been giving the Swedish drill to Newcastle teachers on Wednesdays and Fridays and to Chatham teachers on Mondays, Tuesdays and Thursdays. The way the boats run there is no provision made for the Douglstown teachers to take the drill at either place.

ANOTHER MILL STARTS

Ritchie's mill began work on Monday. There are no logs yet at Hisn's.

THOSE WHO WILL COUNT US

List of Census Commissioners and Officers for This County.

- COMMISSIONERS
P. C. Johnson, Chatham.
Henry Arseneault, Rogersville.
- ENUMERATORS
Newcastle — Jas. Falconer, Hugh Morris, Alex Wood, Robert Stothart, Alfred Davidson.
North Esk — John H. Sherard, Herbert Estey.
Rogersville — Edgar Legere, Paul B. Pe.ry, Fidel Richard.
South Esk — James Johnston.
Alnwick — Wm. J. Bowie, David Allain, Wm. Simpson, Andrew McLean, Justus Russell.
Blackville — George Hayes, C. F. McKendrick, Bartlett Washburn.
Blissfield — M. H. Attridge.
Derby — Patrick Holt.
Glengel — Donald McNaughton, James Hackett, Mr. Searle.
Chatham, Town — Peter Moar, John Boudreau, George Stothart, Harris Fallon; Parish — Michael Searle, Mel Russell.
Hardwicke — Fred Savoy, Thomas Kingston, Fred McDougall.

A GREAT MEDICINE

From a long article in "The Des Moines (Iowa) Capital" of April 24th ult., the following is gleaned: Medicines and products of the Chamberlain Medicine company of Des Moines are sold and used throughout the entire world. The foreign trade of this company today includes Canada, Cape Colony, Dutch Guiana, Straits Settlements, Philippine Islands, New Zealand, Ceylon, India, China, Natal, Panama, Australia, East Africa, Cape Colony, Rhodesia and Jamaica.

The foreign business of this concern has reached such proportions that it is now compelled to operate three branch factories in three foreign countries to care for its exclusive foreign trade. These factories are located at Sydney, Australia; Wellington, New Zealand and Toronto, Canada. Approximately one hundred people are employed in these three factories which manufacture the same products, according to the same formulae, that are manufactured in the home factory in Des Moines at Sixth Avenue and Park streets, where two hundred people are employed and a car load of bottles used each week.

Ludlow — Fred A. Duffy, Howard Amos.
Nelson — Peter Gorman, Patrick Bogle.

Strong Healthy Women

If a woman is strong and healthy in a womanly way, motherhood means to her but little suffering. The trouble lies in the fact that the many women suffer from weakness and disease of the distinctly feminine organism and are unfitted for motherhood. This can be remedied.

Dr. Pierce's Favorite Prescription

Cures the weaknesses and disorders of women. It acts directly on the delicate and important organs concerned in motherhood, making them healthy, strong, vigorous, virile and elastic.

"Favorite Prescription" banishes the indispositions of the period of expectancy and makes baby's advent easy and almost painless. It quickens and vitalizes the feminine organs, and insures a healthy and robust baby. Thousands of women have testified to its marvelous merits.

It makes Weak Women Strong. It makes Sick Women Well. Honest druggists do not offer substitutes, and urge them upon you as "just as good." Accept no secret nostrum in place of this *no-secret* remedy. It contains not a drop of alcohol and not a grain of habit-forming or injurious drugs. Is a pure glyceric extract of healing, native American roots.

NOTICE

Be sure to have your Pianos and Organs attended to before the

15TH OF MAY

as I will be starting, about that time, on a trip through Gloucester, Restigouche and Bonaventure counties, and will be absent two or three months.

GENERAL NEWS

A four storey building under construction at Vancouver was damaged by explosion last week. The police declare it was a deliberate dynamite plot.

The foundation of the bank of England has weakened; but this is architectural, not financial.

The military profession the world over has the greatest percentage of suicides.

The Institution of Civil Engineers of Great Britain has awarded the Telford gold medal to William John Wilgus, civil engineer, of New York, for the paper read by him before the recent session of the institution.

The late Mrs. Emily Tatchell, a wealthy London woman, has left £225 to her faithful coachman, Wm. May, "as a token of my appreciation of an absolutely honest man."

Prof. Harry Horsfall, who for the past four years has been the efficient and successful head of Mount Allison Conservatory of Music, has resigned his position to accept a similar one in Columbia, South Carolina.

Quebec has made a decisive move in adopting compulsory vaccination. Physicians should make a serious effort to gather from this experiment more truth on the disputed points regarding this operation.

It is King George's wish that only the effective ships be paraded at the Navy Review at Spithead on June 24th.

TECHNICAL EDUCATION

At the last meeting of the Board of Trade the members took part in an interesting discussion on Technical Education, and although no definite finding was arrived at, a small committee was appointed to go further into the matter and report back to the Board.

This subject is one which requires careful handling and we are afraid some of the views expressed by members would not help but rather destroy the very thing they were desirous of benefiting. The public school curriculum and technical instruction are two distinct branches of education, and while kept separate with prudent care would tend to a high standard of erudition, whereas if merged into one prescribed form would tend to hinder the benefit derived from both courses of instruction. To some people it may seem out of place to give the children of our hard-working classes Latin or Greek and the attending classics when they have to leave school early and go out into the world to earn their own living on the farm or at the drive, but does it follow that because some young people have a smattering of the Arts course they make any worse farmers or lumbermen? Surely not! Even a shoe-black with an education would make a better shoe-black than one without learning, and just think what an addition to a lumber camp it would be to have a young man who could read Horace and Virgil or declaim the rounded periods of the ancient philosophers.

Technical Education must come but do not let us have it by the destruction of the present day-school system. There is a right and a wrong way to have it established. Let us give an example of the right way: Many years ago the manufacturers and business men of the city of Glasgow in Scotland, feeling the pressing need of a technical instruction school held a meeting and, enlisting the sympathies of a few public-spirited citizens formed themselves into an executive to undertake the establishment of a technical school. Subscriptions were invited and came pouring in and in a few months the old Andersonian building was rented and the classes started. Most of the lectures for the first year or two were given in the evening so that young men at work could go to classes after their business hours. From the first it made for success because

An Ottawa investor, who left his money with C. D. Sheldon, the Montreal "wizard" of finance, who is shortly to be tried for juggling with other people's cash, will probably be one of the most prominent figures in the former broker's prosecution.

The entire American Federation of Labor with a membership of three million and vast funds will rally to the support of MacNamara, Labor Leader, accused of being implicated in Los Angeles Times dynamiting plot.

It is reported that Ethei Leneve has given birth to a baby in Montreal. Since Crippen's execution Leneve's whereabouts has been a mystery, but it was generally understood she was sent to Canada by the Colonization Society.

A man named Ferguson has been arrested in Woodstock, N. B. He confessed to acting as an agent for White Slave traffickers of Boston.

The trustees of Queens University by a vote of 17 to 4 resolved to ask the General Assembly of the Presbyterian Church to take action to separate the University from the Church.

Rumors are current that Captain Bremont, in command of the relief column, marching to Fez, has been killed. No confirmation of this report has been received.

Trapped in the centre of a forest fire in Boxford, Mass, Frank Simmons, aged 15 and Albert Morgan, were burned to death. Their bodies were recovered later, burned beyond recognition.

the directors knew that they were not interfering with the public schools, but rather adding to the knowledge there given. Later on classes were given in the morning as well as evening and once getting a firm footing the institution was recognised by the Board of Education and is now known as the Glasgow Technical School. It is still a private institution the directors owning the buildings and having all to do with the appointment of professors and the founding of the various chairs. The school has always enjoyed the privilege of having many of the great men of learning in the ranks of its professors and the degree of the college carries with it equal weight to that of the university. This is a sample of how it was done in one place. Could we not do it also in Campbellton?

POLITICAL SITUATION

AT ATTAWA

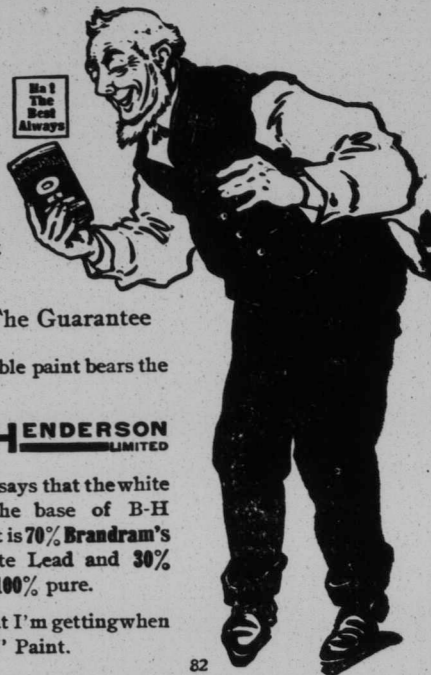

Premier McBride Advises Mr. Borden Against Forcing an Election.

Ottawa, May 4.—The question as to what will be done in regard to the unfinished business of parliament, now that Sir Wilfrid Laurier has decided that it is necessary for him to attend the Imperial Conference and the Coronation, is still a matter of speculation at the Capital. While twenty-four hours ago the indication pointed to an adjournment of the House for a time, the chief indication at present indicates that parliament will remain in session, and the regular business of the session be proceeded with. A thorough canvass of the situation indicates that the majority of the Liberal members are of the opinion that it would be wise to adjourn. Although on the floor of the House and elsewhere the Conservative members still loudly proclaim that they will never allow the reciprocity agreement to pass at this session of parliament, it is known that complete unanimity does not exist within the ranks of the party as to the wisdom of the decision to maintain a position of uncompromising hostility to the measure. It is learned that Premier McBride has advised Mr. Borden that in his opinion it would not be wise to force a general election.

OBITUARY.

MRS. JOHN T. REID

The death of Jary Wells Doherty beloved wife of Town Clerk John T. Reid, took place at her home on Wednesday morning after an illness extending over three years. Deceased who was only 39 years of age was the daughter of Mr. and Mrs. Joseph Doherty of Esquimaux, and leaves one daughter, Dorothy, aged 8 years.

The funeral was held today (Friday) at 2:30 p. m. Rev. Geo. Morris conducting the services, and a large body of sympathizers and friends followed the body to Campbellton Rural Cemetery.

The sympathy of all is extended to Mr. Reid in his loss and the community at large condole with him in this his bitter hour.

Mrs. Reid before her illness was an active member of the church and no one had the good of the Methodist Church here more at heart than she had, but in these latter days she had no opportunities of going about and doing the good she fain would do.

AT DEATH'S DOOR FROM KIDNEY DISEASE

SAVED ONLY BY "FRUIT-A-TIVES"

CLANFRASSIE, ONT.

"Two years ago, the doctor made forty-four calls on me, and then said he had done all he could for me. I was suffering with intense Kidney Trouble and Inflammation had set in. Two other doctors were consulted and agreed that nothing could be done to help me.

On the recommendation of a neighbor, I took "Fruit-a-tives" and they cured me. To-day, I take "Fruit-a-tives" as my only medicine. I am in excellent health, and "Fruit-a-tives" is the medicine that cured me after I had been at Death's Door for months.

I am glad to be able to give you this testimonial. It may benefit some other woman suffering as I suffered, as I believe that I would not be alive to-day had I not used "Fruit-a-tives".

Mrs. P. E. WEBBER.

"Fruit-a-tives"—by its marvellous action on the kidneys—completely restores these vital organs to their normal strength and vigor—and cures every trace of Kidney Trouble. "Fruit-a-tives" is the only medicine in the world made of fruit.

50c. a box, 6 for \$2.50, trial size, 25c. At dealers, or from Fruit-a-tives Limited, Ottawa.

WASHOUT ON I. N. R.

The mild weather of the past week was responsible for a small washout on the I. N. R. track a few miles up the line. The passengers on the train held up, however, suffered no inconvenience as the officials soon had the relief train at hand, got the passengers transferred and had the track fixed up with little delay and the trains running as usual.

The officials of the city are to be commended for the way they kept the road in such a good condition for there are quite a number of stretches which tax the capabilities of the powers that be, but the spirit of good-fellowship which animates all the staff make the running of the road a pleasant matter.

State of Ohio, City of Toledo, Lucas County, ss.

Frank J. Cheney makes oath that he is senior partner of the firm of F. J. Cheney & Co., doing business in the City of Toledo, County and State aforesaid, and that said firm will pay the sum of ONE HUNDRED DOLLARS for each and every case of Catarrh that cannot be cured by the use of Hall's Catarrh Cure.

FRANK J. CHENEY Sworn to before me and subscribed in my presence this 6th day of December, A. D. 1886.

(SEAL) A. W. GLEASON, NOTARY PUBLIC

Hall's Catarrh Cure is taken internally, and acts directly on the blood and mucous surfaces of the system. Send for testimonial free.

F. J. CHENEY & CO. Toledo, O. Sold by all Druggists, 75c. Take Hall's Family Pills for constipation.

A few weeks ago the Advocate contained a sketch of the growth of the business of W. R. McMillan, now the McMillan Co., Ltd., of Durham Centre. In that article we neglected to state that Mr. Irvine McNair is the outside manager; that is, looks after the mills, crimps, etc., and to him also is due much of the rapid growth of the company. Mr. McNair is a young man, a hustler and is always on the job. The McMillan Co.'s sale to inaugurate the opening of their new store was a great success and this company has earned a reputation for square dealings and close prices all through out the district it serves.

GENERAL NEWS

An invitation to the Grand Trunk Railway to build its lines to Boston, was extended by the lower branch of the Massachusetts Legislature yesterday, in the adoption of an order to that effect, which was introduced yesterday. A similar order was placed on the Senate calendar for action later in the day.

Is there anything in all this world that is of more importance to you than good digestion? Food must be eaten to sustain life and must be digested and converted into blood. When the digestion fails the whole body suffers. Chamberlain's Tablets are a rational and reliable cure for indigestion. They increase the flow of bile, purify the blood, strengthen the stomach, and tone up the whole digestive apparatus to a natural and healthy action. For sale by all dealers.

Canadian Pacific Railway Officials state that during the next few weeks 45,000 United States farmers will leave the United States to settle in Western Canada. It is estimated that they will bring with them in cash and personal effects at least \$20,000,000.

Two monster eagles swooped down over the fancy stock farm of Ex-Senate Representative Robb Tytus at Tyrington, Mass., and seizing two Egyptian sheep, carried them aloft and out of sight. The sheep were valued at \$100 a piece, having been sent over from Egypt.

Loaded to capacity with a 5,000-barrel cargo of naval stores, the river steamer, Belle, from Vernon, Fla., to Pensacola, sank in a severe fifty-mile gale in the Choctawhatchee river, and four lives were lost.

Sick headache results from a disordered condition of the stomach, and can be cured by the use of Chamberlain's Stomach and Liver Tablets. Try it. For sale by all dealers.

As a result of an explosion in the drying house of the Dominion Explosives Co., Sault Point, Ont., a calamity occurred which almost exactly duplicated that of a year ago, in the same powder mills. Four men were instantly hurled into eternity and about \$7,000 damage was done to the property.

Alfred V. Carpenter, the proprietor and manager of the Charging Cross Bank, London, a private institution which closed its doors on October 17, was arrested a week, charged with obtaining money through fraud and false pretences. He was remanded under bail of \$50,000.

The village of Waterville, N. B., was the scene of a disastrous fire. The fire broke out in the Methodist Church and spread across the road to the Reformed Baptist Church. Both edifices were burned to the ground.

It is reported that Earl Spencer, lord chamberlain, has decreed that women attired in hobble skirts will not be allowed at any one of the court functions at the coronation of King George. Fashionable dressmakers have been notified to tell their customers of the prohibition.

WOMEN SUFFER
 More than Men

Women have more than their share of the aches and pains that afflict humanity. They must "keep up" in spite of constantly aching backs, or headaches, dizzy spells, etc. rs. Edward Calwood of 123 S. Harold Street, Fort William, Ont., says:
 "I suffered with dull, miserable pains, soreness across my back and in my sides for months. They would catch me so badly at times that I could scarcely move around. I would have dizzy spells and altogether, felt generally run down. After using a number of remedies without finding relief, I learned of Booth's Kidney Pills and found them an excellent remedy. They not only relieved me of the miserable pains and soreness in my back but cured me of my kidney trouble."

Booth's Kidney Pills cure Backache, Dull Stomach, Thick and Cloudy Urine, Rheumatism and all diseases

of the kidneys and bladder. All druggists and dealers 50c. box or post paid from The R. T. Booth Co. Fort Erie Ont. If you derive no benefit your money will be refunded. Could we say? Sold and guaranteed by T. J. Durick.

THE BEST CROP

Clover, Alfalfa, Peas, Beans, Vetches, Etc., Feed the Soil.

There are crops that take from the soil the strength and vitality, and crops that put fertility back into depleted acres, says Rex Crossdell, writing on Money-Made in Farming in Canada Monthly (formerly Canada-West) for April. Legumes are the answer, legumes that put back into the soil the nitrogen that wheat sucks from the soil.

"Let's get back to the legumes," advises Mr. Crossdell. "The methods of Egypt are not practicable here. We're in the promised land now. Why legumes? Because nitrogen must go back to the soil. It is of no use looking to artificial fertilizers to make up the loss; you have already learned that there will be no commercial nitrogen in a very few years. Nature has provided an illimitable store of nitrogen in the air and nature has also provided a ridiculously simple process which the free atmospheric nitrogen may be fixed in the soil and made available for the sustenance of growing grain crops. Wheat is the most gluttonous consumer of nitrogen; hence, wheat must be fed nitrogen in the largest possible rations. It was the Romans, two thousands years ago, who discovered that a leguminous crop—clovers, alfalfa, field peas and such like—would put back into the soil the substance which wheat demanded for its fullest growth. They did not ask the reason why; they just rotated clovers with wheat. It was left for that eminent soil scientist, Hellriegel, to discover the underlying cause which produced the magical effect. In 1886 he convinced the scientific world that the little root nodules which are discernible on leguminous plants are caused by families of many millions of a peculiar bacteria. His experiments proved that the action of these bacteria enabled the plants of legumes to draw the nitrogen from the air and fix a very generous surplus in the soil. The scientific gentleman got busy immediately. By scientific computation, based on the results of experiments in the field extending over several years, they have established this fact—one crop of

legumes, such as red clover and alfalfa, vetches and field peas, will collect from the air and fix in the soil sufficient nitrogen to give three bumper yields of wheat the three following years. Not a stony twelve-bushel-to-the-acre yield, but a great big purse-busting bumper crop three times and running. And the fertility of the soil continues to multiply."

REPARIAN ASSOCIATION LEGISLATION

An act to incorporate the Restigouche Riparian Association has been passed by the Senate with amendments. According to a telegram received from speaker Marcell the Bill was passed by the Commons on April 24th as amended by Senate Committee satisfactory to all parties. It may be mentioned that a protest signed by 340 names was presented against the passage of the bill from the electors of Restigouche and Bonaventure counties.

The preamble of the bill as presented to the senate was as follows:

(a) Whereas an unincorporated association consisting of corporations, private associations and individuals in the provinces of Quebec and New Brunswick, owning, leasing or interested in riparian rights and fishing privileges upon and appertaining to the Restigouche and Matapedia rivers and their tributaries in the provinces of Quebec and New Brunswick, has been in existence for some time for purposes similar to those hereinafter set forth; and whereas the said association desires to become incorporated with

power to secure in the provinces of New Brunswick and Quebec the perpetuation of the Restigouche and Matapedia rivers and their tributaries as salmon streams; and to encourage and promote the propagation, both natural and artificial, of the Atlantic salmon; and upon their invitation to support the public authorities of the Dominion and Provincial Governments in the proper development of salmon fishing as an industry; and to secure in the provinces of New Brunswick and Quebec a strict and impartial enforcement of the fish and game laws; and to provide a medium of mutual co-operation throughout the Dominion of Canada between owners and lessees of riparian rights and fishing privileges, and any others interested therein, whereby such action or proceedings may be taken as may be necessary to protect fish and game and otherwise to induce or to secure obedience to and respect for such laws and their enforcement; and for such other objects and purposes within the jurisdiction of the parliament of Canada as may be necessary and useful for any of the above purposes; and whereas the following persons, who are individual members of the said association or represent private associations and corporations who are members thereof, namely: Harry Stukeman, banker; William Molson Macpherson, banker; Sir Hugh Montagu Allan, C. V. O., steamship owner; Charles Meredith, broker; Isaac Henry Stearns, treasurer of the Chamberlain Shoals Fish and Game Club; Henry Vincent Meredith, banker; Richard Bladworth Angus, gentleman; James Ross, gentleman; all of the city of Montreal in the province of Quebec, Canada; and George G. de Witt, secretary of the Restigouche Salmon Club; John Howard Wainwright, secretary of the Matamajaw Salmon Club; Dean Sage, lawyer; William P. Clyde, steamship owner; Frank S. Hall, lawyer; Charles G. Peters, retired banker; Samuel Bettie, engineer; Howard Willets, merchant; Jules S. Ehrlich, merchant; all of New York in the state of New York, one of the United States of America; have by their petition prayed that it may be enacted as hereinafter set forth; and whereas it is expedient to grant the prayer of the said petition: therefore His Majesty, by and with the advice and consent of the Senate and House of Commons of Canada, enacts as follows:

The amended Bill as passed by the Senate reads as follows:
 (b) Whereas an unincorporated Association consisting of corporations, private associations and individuals in the provinces of Quebec and New Brunswick, owning, leasing or interested in riparian rights and fishing privileges upon and appertaining to the Restigouche and Matapedia rivers and their tributaries in the provinces of Quebec and New Brunswick, has been in existence for some time; and whereas the said association desires to become incorporated for the purpose hereinafter set forth; and whereas the following persons, who are individual members of the said Association or represent private associations and corporations which are members thereof, namely: Harry Stukeman, banker; William Molson Macpherson, banker; Sir Hugh Montagu Allan, C. V. O., steamship owner; Charles Meredith, broker; Isaac Henry Stearns, treasurer of the Chamberlain Shoals Fish and Game Club; Henry Vincent Meredith, banker; Richard Bladworth Angus, gentleman; James Ross, gentleman; all of the city of Montreal in the province of Quebec, Canada; and George G. de Witt, secretary of the Restigouche Salmon Club; John Howard Wainwright, secretary of the Matamajaw Salmon Club; Dean Sage, lawyer; William P. Clyde, Steamship owner; Frank S. Hall, lawyer; Charles G. Peters, retired banker; Samuel Bettie, engineer; Howard Willets, merchant; Jules S. Ehrlich, merchant, all of New York in the state of New York, one of the United States of America; have by their petition prayed that it may be enacted as hereinafter set forth; and whereas it is expedient to grant the prayer of the said petition: therefore His Majesty, by and with the advice and consent of the Senate and House of Commons of Canada, enacts as follows:

The persons mentioned by name

OBITUARY.

ANNIE R. CALL

The death of Annie R. Call, (nee Niven) widow of the late Lieutenant-Colonel Robert R. Call, who organized Newcastle Field Battery in 1865 and died here in December 1908, took place on Sunday evening at the residence of her son, Byron N. Call. Deceased died of paralysis, the third and last stroke of which came last Friday morning, death coming at 11:25 Sunday night. Mrs. Call had been a great sufferer. The first intimation of paralysis was in Dec. 1905 and the first stroke in Feb. 1907. From December 1906 till June 1910, Mrs. Call, lived in Denver with her daughter Mrs. Edwin T. Jones, and returned to her old home here, at the latter date, where she had since resided. Deceased was a very amiable lady, widely known and much respected. She was an earnest and valuable member of the Presbyterian church. She was born near Stonehaven, Scotland, seventy-five years ago, and was married here in 1822, spending most of her life in Newcastle. She leaves two children, B. N. Call and Mrs. Edwin T. Jones. Colin Niven of Dalhousie is a brother and Mrs. Duncan Davidson of Seattle, Wash., a sister. Much sympathy is felt for the bereaved relatives. The funeral takes place at 2:30 today.

MRS. ALFRED BATEMAN

The death of Jessie, beloved wife of Alfred Bateman of Nelson, occurred, after a lingering illness, which she bore with wonderful patience and fortitude, at her home on April 30th ult. Deceased was the daughter of the late Daniel Ferguson of Redbank. She leaves besides her sorrowing husband, two children, Muriel, aged 15 years, and George, aged 10; her aged mother, and the following brothers and sisters: George Ferguson, Menominee, Mich.; Joseph Ferguson, Redbank; Mrs. John Menzies, Cassilis; and Mrs. John Vye, Lower Derby. A very large circle of friends join with the bereaved relatives in mourning her loss. Deceased was a member of St. James Church, Nelson, and will be much missed in church and social circles, where she was an efficient and liberal helper. Her bright and cheerful disposition makes her loss all the more keenly felt.

The funeral was held from her home on Tuesday, May 2nd and was very largely attended. The services at the house and grave were conducted by the pastor, Rev. F. C. Simpson, assisted by Rev. D. Henderson. Among the floral tributes was a handsome wreath from the Ladies' Aid, of which deceased was vice president. The pall-bearers, all relatives of the deceased were: Messrs. Geo. David and J. D. Blackuo, Wm. Appleby, Benj. Vye and Perley Hubbard.

MISS SADIE HARRIMAN

As we go to press we hear of the death in Montreal Hospital Monday, of Miss Sadie Harriman, daughter of Mr. and Mrs. James Harriman. Besides her parents, Miss Harriman leaves the following brothers and sisters: Parker, Chatham; Phineas, Maine; William, at home; and Miss Annie in New York. Miss Harriman's many friends regret to hear of the early death, and much sympathy is felt for the bereaved relations.

To have a lame back or painful stiffness, means disordered Kidneys and the sooner you have the Kidneys and Bladder in a perfectly healthy condition, the sooner you will enjoy life. As far as we know there is only one remedy that is guaranteed to cure you, and that is SCOBELL'S GIN PILLS. If they don't make you a strong, healthy person in two weeks your money will be refunded. 50c a box or three for \$1.00 at all leading drugstores, or by mail from the Gin Pill Co., St. Catherine St. Th. White Drug Co., Sole Agents.

CASTORIA

For Infants and Children. The Kind You Have Always Bought. Bears the Signature of *Wm. D. Little*

In the preamble to this Act, and all persons, other than corporations, who are at the date of the passing of this Act members of the unincorporated Association referred to in the preamble to this Act, and all such persons as thereafter, under the provisions of this Act, become members of the corporation hereby constituted, are hereby constituted a corporation under the name of "The Restigouche Riparian Association", hereinafter called "the Association".

The purposes of the Association shall be to promote and assist—
 (a) the perpetuation of the Restigouche and Matapedia Rivers as salmon streams;
 (b) the propagation by both natural and artificial means, of Atlantic Salmon in those waters; and, if so deemed expedient by the Association, in any other waters in Canada.

TENDERS FOR DREDGING

Sealed Tenders addressed to the undersigned and endorsed "Tender for Dredging, Maritime Provinces" will be received until Monday, May 15, 1911, at 4 p. m., for dredging required at the following places:
 Prince Edward Island, Summerside and Vercher River, Nova Scotia, Cheticamp, Digby, LaHave, L'Anse-au-Loup, St. Mary's River, West Bay, New Brunswick, Buctouche Beach, Cape Tormentine, Loggieville, Maguapit Lake, Ox Island, East Channel, Richibucto, Scotchtown, Shediac, Shippigan Gully, St. George, St. Stephen.

Tenders will not be considered unless made on the forms supplied and signed with the actual signatures of tenderers. Combined specifications and form of tender can be obtained on application to the Secretary, Department of Public Works, Ottawa. Tenders must include the towing of the plant and from the work. Only dredges can be employed which are registered in Canada at the time of the filing of tenders. Contractors must be ready to begin work within thirty days after the date they have been notified of the acceptance of their tender.

A separate cheque for each place for which a tender is submitted must accompany the tender. This cheque must be equal to five per cent (5 per cent) of the amount of tender. Based on the approximate quantities set opposite the name of the place, but in no case must the cheque be for a less sum than \$1,500. The cheque must be accepted on a chartered bank, and payable to the order of the Honourable the minister of Public Works. The cheque will be forfeited if the person tendering decline to enter into a contract when called upon to do so or fail to complete contract, but will be returned in case of non-acceptance of tender.

The Department does not bind itself to accept the lowest or a tender. By order (Sgd.) R. S. Desrochers, Secretary, Department of Public Works, Ottawa, April 21, 1911. Newspapers will not be paid for this advertisement if they insert it without authority from the Department.

The Talk of the Town

Keep the night open, May 17th, for C. B. R. E. WANT INCREASE the Firemen's Dance.

BOY SCOUTS

A meeting for the purpose of organizing Boy scouts for Newcastle, will be held in the Town hall next Tuesday evening, May 16th.

Sick headache results from a disordered condition of the stomach, and can be cured by the use of Chamberlain's stomach and Liver Tablets. Try it. For sale by all dealers.

STRICKEN WITH PARALYSIS

Cornelius Mahoney, an aged gentleman of Douglstown, was stricken with paralysis, Sunday. He is quite ill.

For soreness of the muscles whether induced by violent exercise or injury, Chamberlain's Liniment is excellent. This liniment is also highly esteemed for the relief it affords in cases of rheumatism. Sold by all dealers.

T. S. ROY TAKES PASTORATE

T. S. Roy is pastor-elect of the Baptist church in Digby. Mr. Roy is a strong preacher and has made a good impression on his congregations. Mr. Roy is a Newcastle boy and a son of Mr. Jerome Roy.

DANCE AT DOUGLSTOWN

One of the most enjoyable social dances ever held in the Millar Hall took place Wednesday evening. H. Wood was floor manager and W. A. Geikie secretary. A large number was present and all enjoyed a fine evening.

DOCTORED NINE YEARS FOR TETTER

Mr. James Gaston, merchant, of Wilkesbarre, Pa., writes: "For nine years I have been disfigured with Tetter on my hands and face. At last I have found a cure in Dr. Agnew's Ointment. It helped me from the first application, and now I am permanently cured." Sold by A. E. SHAW'S Pharmacy.—135.

LOST FINGERS IN MILL

Friday afternoon in Hutchison's mill, Douglstown, Hugh Kirkpatrick, a filer, who at the time was sawing, ran his right hand against a moving saw, losing his middle finger and half of the fore finger. He is doing nicely at Hotel Dieu.

HOUSEKEEPERS PRAISE CLARK'S SOUPS

Many women began using Clark's Chateau Brand Concentrated Soups because they wanted "something in a hurry"—After using them a few times they found them so good, that they now use them whether in a hurry or not. Get a 10 cent tin from your grocer. Wm. Clark, Mfr., Montreal.

NEW BRIDGE AT INDIANTOWN

Chief Commissioner Morrissy is calling for tenders for the erection of a bridge across the river at Indiantown. The sub-structure will be of concrete or stone, while the superstructure will be of steel. A bridge at the projected site will not require a draw. The bridge will be located directly in line with the Indiantown station.

DENIES REPORT

Charles Vye brother of Miss Catherine E. Vye denies the report that his sister will enter a breach of promise suit against Mr. English of Nelson and he says the persons who made such a statement were not rightly informed. Miss Vye he says, does not live at Nelson, nor was she keeping company with the gentleman named.—Gazette.

KEANE-DeWOLFE

In St. Mary's Church here Monday, Rev. P. W. Dixon united in marriage Michael J. Keane and Katharine DeWolfe, both of Nordin. Francis Dolan of Newcastle acted as groomsmen while Miss May DeWolfe, the bride's sister was bridesmaid. A reception was held in the evening. The bride received many nice gifts. Mr. and Mrs. Keane will reside in Nordin.

The Canadian Brotherhood of Railway Employees is demanding a general increase of pay from the I. R. C.

UNLOADING TO DAY

The Stothard Mercantile Co., are unloading today one car of tar, felt, and dry sheathing paper. Prices low wholesale and retail.

A TEACHER PENSIONED

At the last meeting of the Provincial Board of Education, Mr. John Flanagan of Chatham was placed on the teacher's pension list. Mr. Flanagan has been teaching for about thirty-five years. There are now sixteen teachers on the pension list.

UNITED BAPTIST CHURCH

On Sunday next, May 14th, the 2nd Baptismal service will (D. V.) be held in the above church, when five candidates will be baptized. The Rev. Dr. Cousins, Pastor, will preach the sermon. Service will commence at 7 o'clock. All are cordially welcome.

CURE THE NERVES

and you will control almost every disease that flesh is heir to. The foundation of health is a perfect stomach and good digestion—these right and you are insured plenty of nerve force, perfect circulation and pure blood. South American Nervine is a wonder worker—gives nerve force—makes rich blood. It's a veritable "Elixir of Life." Sold by A. E. SHAW'S Pharmacy.—132

NEW EXTRACT CO.

WILL LOCATE HERE

John C. Miller, of Millerton; Ernest Hutebinson, of Douglstown; John T. Rundle and Walter Stevens, of Chatham; John D. Creaghau and John W. Miller, of Newcastle, are applying for incorporation as The J. W. Miller Extract Co. Ltd., with a capital of \$300,000 for the purpose of carrying on a general tanning and extract business. The head office will be in Newcastle.

JUST WHAT IS WANTED HERE

J. Hedley Secord, Edward R. Hart, Silas W. Copp, Herbert M. Wood and C. C. Avar, of Sackville, are applying for letters of incorporation as Sackville Concrete Ltd., with a capital stock of \$9,900 and principal place of business at Sackville, to carry on the manufacture of concrete blocks, etc.

DOROTHY N. ON THE ROUTE

The Newcastle Steamboat Co. placed the steamer Dorothy N., on the route on May 2nd. This steamer will make daily trips to Redbank. The Saturday excursions from Millerton to Newcastle, so popular last year, will be continued this season. The Dorothy N. will make her first trip this season Saturday May 6th, leaving Millerton at 7 p. m. Returning will leave Newcastle at 10 o'clock.

Is there anything in all this world that is of more importance to you than good digestion? Food must be eaten to sustain life and must be digested and converted into blood. When the digestion fails the whole body suffers. Chamberlain's Tablets are a rational and reliable cure for indigestion. They increase the flow of bile, purify the blood, strengthen the stomach, and tone up the whole digestive apparatus to a natural and healthy action. For sale by all dealers.

SALE AND TEA

The Ladies' Aid of St. James' Presbyterian church have conducted most enjoyable sales and teas in the past and those who attend the affair tomorrow night will be assured of an enjoyable time. Various articles will be on sale and an excellent tea will be served. Mrs. Robert Nicholson is convener of the committee, which includes Mrs. C. C. Hubbard, Mrs. Hamilton, Mrs. E. A. McCurdy, Mrs. James Rundle, Mrs. J. M. Troy, Mrs. John Robinson, Jr., Mrs. John Rae and Mrs. McQuarrie. Mrs. A. E. Shaw, secretary of the Aid is rendering very valuable assistance. Everybody should attend and have a good time.

THAT BALD SPOT

Don't let that bald spot grow!

Go to your druggist at once and get a bottle of Parisian Sage and if that don't check the falling hair, and cause new hair to grow, nothing will.

Dandruff is the cause of baldness; dandruff germs cause dandruff. Parisian Sage kills the germs; eradicates dandruff, stops falling hair and itching scalp. We will refund your money if it fails to do this in two weeks. Parisian Sage will cause the hair to grow if the hair be not dead. It causes the hair to grow thicker, more luxuriant, and puts new life into it.

The girl with the Auburn hair is on every package of Parisian Sage. It is sold for 50c. by all druggists or sent postpaid by The Givoux Mfg. Co., Fort Erie, Ont., on receipt of price. Sold and guaranteed by T. J. Durick.

BORN

At Newcastle, May 7th, to Mr. and Mrs. John Lawrence, a son.

DINNA FORGET

Do not forget the supper and sale in St. James Hall, tomorrow, (Thursday) evening, from 5.30 to 7.00. Admission: Adults 25c; children, 25c. Everybody invited.

MISSION SOCIAL

There was a very successful missionary social held Friday evening at the residence of Mrs. E. A. MacLean. A good and very instructive program was carried out. The Easter offering was \$10.35.

CARD OF THANKS

The members of the Auxiliary of the W. M. S. wish to thank the friends, who assisted by their presence and contributions in helping along the mission cause.

THE PASTOR'S PITY.

A prominent pastor of Durham, Ont., church writes: "I suffered intensely from inflammatory Rheumatism. Just one bottle of South American Rheumatic Cure healed me. I pity those who suffer so much and do not know how near they are to a cure. I feel like proclaiming it from the house-tops." Sold by A. E. SHAW'S PHARMACY. 138.

OFF FOR THE WEST

William Masson, son of Mr. and Mrs. Frank Masson, and late I. R. C. baggage master here, left Monday night for Moosejaw, N. W. T., to enter the C. P. R. service. Many friends were at the station to see him off, as he was a very popular and obliging officer. He is succeeded by Leslie R. Miller.

DR. AGNEW'S CATARRHAL POWDER

has proved a blessing to many a "man before the public" in cases of hoarseness, bad throat, tonsillitis and catarrh. Some of the most recent evidence of its efficacy comes from a well known actor, whose home is in New York City. He says: "I have never found anything to equal this remedy for quick relief." 50c. Sold by A. E. SHAW'S PHARMACY. 137.

WEDDING BELLS

A great mistake, we are sorry to discover, was made in our column last week, in reporting the alleged marriage of Miss Mabel M. Cluston and James Sherard, and Miss Rosie E. Morrison and John Mullin. It appears that although the information was given us personally by a pair who called themselves the latter couple, there was no truth in either statement. THE UNION ADVOCATE published both in good faith, and exceedingly regrets the annoyance caused the innocent parties.

COULDN'T ESTIMATE ITS VALUE

Dr. Agnew's Cure for the Heart never fails. It relieves in 30 m. notes. It cures. It is a beacon light to lead you back to health. W. H. Musselman, of G. A. R., Weissport, Pa., says: "Two bottles of Dr. Agnew's Cure for the Heart entirely cured me of palpitation and smothering spells. Its value cannot be estimated." Sold by A. E. SHAW'S PHARMACY.—139.

A BEAR STORY

The following is vouched for by one of our correspondents. About a year ago Mr. Martin Fox, who is a well-known hunter, set some traps for bears. When he went to look at them one morning, he found a she bear and three cubs up a tree. He cut down the tree and killed the old bear and took the cubs home with him. He sold two cubs at the St. John exhibition last fall and kept the other one. Late in the fall young Bruin dug a hole and buried himself. A few days ago, after a five months' sleep, he came out of his winter bed as fat and sleek as ever.

PERSONAL

Arthur Campbell of Chatham spent Sunday in town.

W. A. Lindsay of Fredericton is a visitor in town this week.

James W. Day of Halifax, N. S., was in town for a few days last week.

Rev. W. J. Bate, Mayor Pedolin and T. W. Crocker visited Chatham last week.

W. J. Gard of Amherst, N. S., was registered at the Miramichi, last week.

Miss Effie Morrison has returned home after spending the winter in Portland, Me.

Mr. J. Alex Morrison has returned home from his trip to the Western cities.

Miss Pearl Wright has returned from Augusta, Me., where she spent the winter.

Frank Lawlor went to Bartibogue on Monday, where he has accepted a position.

Mrs. C. C. Hamilton has returned from a visit with friends in Moncton and Shediac.

Fred Carrigan of Nelson has accepted the position of clerk with the Hotel Touraine, Chatham.

Mrs. A. E. G. McKenzie has returned to Campbellton after spending the winter in Newcastle.

Mr. L. McCoy of Kentville, N. S., spent Sunday in town the guest of Mr. and Mrs. W. Touchie.

Mr. James Huntley, one of the most popular Knights of the Grip was in town the first of the week.

George Masson, late of Newcastle, is having good success in his new home at North Battleford, Sach.

Mrs. Hall who has been spending the winter here, left Monday for Pawtucket, R. I., where she will visit her daughter, Mrs. Dr. Esty.

Mr. and Mrs. Gillespie of Parrsboro, N. S., who have been spending the winter in New York spent last week visiting their daughter, Mrs. Jos. M. Kingston.

Mrs. W. J. Bate, Mrs. R. H. Armstrong, Mrs. C. Sargeant, Mrs. Orr and Mrs. J. W. Davidson attended the annual meeting of the Women's Auxiliary in Fredericton last week.

Mr. and Mrs. Wm. Corbett of Newcastle spent the week end with Mr. and Mrs. H. B. Anslow. Mr. Corbett returned to Newcastle on Tuesday morning but Mrs. Corbett is still visiting here.—Graphic

Mrs. Geo. Bayle and little daughters, Geraldine and Mona, have returned to their home in Grand Marais, Minn. Mrs. Bayle had been visiting her mother, Mrs. Edward Holohan, C. I. Road, since last October.

SOCIAL DANCE
The N. F. D. intend holding a social dance on Wednesday May 17th. (Cancel all dates and keep this one for the Firemen. By Order of Committee.

WILL SAIL ON THE 25TH
Principal and Mrs. L. R. Hetherington leaves on the 25th instant for New York whence the 25th they will sail for Hamburg, Germany, where from June 6 to 14, they will attend the World's Convention of the I. O. G. T. They will sail for home about July 14th. For the rest of the season, Mr. Hetherington's place in the school will be supplied by J. F. Alexander of the U. N. B.

W. MEN'S MISSIONARY AUXILIARY.

The annual meeting of the Women's Auxiliary of the Missionary Society of the church of England in Canada was held on Wednesday, Thursday and Friday last week.

The membership in the province is now 1509, eighteen new branches having been initiated during the year.

The Treasurer's report showed \$3311.00 on hand; besides the 1911 thank offering of \$590.00.

The meetings closed on Friday. The officers elected for the ensuing year were: The Honorary president, Mrs. Richardson, president; Mrs. Thomas Walker, 1st vice president; Mrs. G. F. Smith, 2nd vice president; Mrs. L. R. Harrison, 3rd vice president, Mrs. Chas. D. Schofield, corresponding secretary; Mrs. W. D. Foster, recording secretary; Mrs. W. B. Howard, treasurer; Miss Louise M. Symonds, treasurer of extra cent a day fund, Mrs. J. M. Robertson, Doreas Secretary; Mrs. J. M. Hay, juniors' secretary; Mrs. G. F. Scovil, "babies" branch secretary; Mrs. Evans, convener of literature, Mrs. J. F. Robertson, secretary treasurer of literature; Miss J. McMillan, leaflet editor, Miss J. Sadler.

The office of literature secretary was abolished and offices of convener and secretary treasurer of literature substituted.

Delegates to the Triennial Conference, which will meet at Winnipeg in September are: Miss E. R. Scovil, Mrs. Wilkinson, Mrs. Bate and Mrs. Morris. Substitute delegates, Mrs. J. K. Schofield, Mrs. L. P. D. Tilley, Mrs. Margaret Jaffrey, Mrs. R. E. McKinn.

A missionary will be sent shortly to work among the laborers on the Grand Trunk Pacific in New Brunswick.

The delegates from Newcastle were Mesdames Bate, Armstrong, Sargeant, Orr, and Davidson.

MOTHER'S DAY

Next Sunday being "Mother's Day" white flowers will be worn in the buttonhole, and all the church services will relate especially to mothers.

The Ladies' Aid Society of the Presbyterian Church will hold a

SALE AND TEA

CURIOUS CELEBRATIONS

How Do You Propose to Celebrate on June 22nd?

A Lancashire lady has already announced her intention of presenting a bright new sovereign to every child born in her parish on Coronation Day.

This is going one better than the clerk of the parish council of Moulton, near Northwich, on the occasion of the Coronation of King Edward. His present to every infant ushered into the world in his parish on that day was a beautiful cashmere frock.

At Marshfield, in Gloucestershire, the babies had a field day, the great feature of which was a procession in perambulators. At Walworth a Coronation baby show was arranged, with a London hospital doctor as judge and prizes for the best fed and best clothed.

There was no doubt a rush of Coronation weddings at Rye, Sussex, where the vicar issued a notice that during the Coronation month the marriage ceremony would be performed without payment of the usual fees.

A queer-minded individual at Elmham, Norfolk, had the temerity to suggest that a portion of the Coronation celebration fund should be used for the purchase of a public house for the parish! The proposition met with unanimous rejection.

Two Tons of Pic. In accordance with long-established custom, the loyal inhabitants of Den by Dale will doubtless prepare a monster pie in celebration of King George's Coronation. That made on the occasion of Queen Victoria's jubilee was 8 ft. in diameter, 2 ft. in depth, and upwards of two tons in weight. It was baked in a dish weighing 15 cwt., was drawn by ten horses, and cost £250.

The little town of Wye, near Ashford, in Kent, decided to commemorate our late King's Coronation in an original and permanent way. In the chalk on Wye Downs it was resolved to dig a huge design of a crown, on lines similar to the famous "white horse" of Berkshire and the North Riding of Yorkshire, which would be visible for many miles.

On the same occasion from 15,000 to 20,000 bonfires were arranged for, one of the highest being on the Richmond Beacon, in Yorkshire. At each bonfire fifty rockets were to be sent off simultaneously, or 750,000 to 1,000,000 in all.

St. Paul's Rope-Walker. St. Paul's Cathedral has been the scene of some wonderful performances at various Coronations. When King Edward VI was crowned a marvellous exhibition was given from its battlements, according to Holinshed, by an agile Arragossan.

He descended upon a rope, which was secured to an anchor at the gate of the Dean's house. Then he walked up the rope again and performed "certain mysteries" on the said rope, to the great wonder of the assembled multitude and the no less delight of the youthful Sovereign.

AFTER 7 YEARS SUFFERING

I Was Cured by Lydia E. Pinkham's Vegetable Compound

Waurika, Okla. "I had female troubles for seven years, was all run down and so nervous I could not do any thing. The doctors treated me for different things but did me no good. I got so bad that I could not sleep day or night. While in this condition I read of Lydia E. Pinkham's Vegetable Compound, and began its use and wrote to Mrs. Pinkham for advice. In a short time I had gained my average weight and am now strong and well."
—Mrs. SALLIE STRIVENS, R. F. D. No. 2, Box 21, Waurika, Okla.

Another Grateful Woman
London, Ont.—I feel as if I could not tell you how grateful I am for the good Lydia E. Pinkham's Vegetable Compound has done for me. I was so weak and thin that I could not rest at night. A friend recommended your Compound and I soon gained health and strength. I would like to wish to all the women who are suffering from the same purpose and to let them know that it is Mrs. Wm. A. BERRY, 905 Dame St., London, Ont.

Lydia E. Pinkham's Vegetable Compound has surely cured many cases of female ills, such as inflammation, ulceration, displacements, fibroid tumors, irregularities, periodic pains, backache, that bearing-down feeling, and nervous prostration.

CONCRETE THE SALVATION OF THE FARM

It is only a few years since concrete was generally accepted as a reliable building material, yet the difference which this convenient and economical form of construction has made in the outlook of the farmer in these few years, has done much to revolutionize things on the farm.

The growing scarcity of lumber and its consequent rise in price, has gradually caused that commodity to assume the general aspect of a luxury. So much lumber is used on the farm for buildings and fences that its extremely high price has made it almost prohibitive to the average farmer unless he has an extra large sum of money to spend on outlay. Wire fencing partially solved the problem, but real relief did not come until concrete was proven by actual tests to be not only practicable, but to possess many advantages over wood as a building material.

The uses to which concrete can be put are practically without limit, more particularly on the farm. Already the list includes forms of construction ranging from the large hip-roofed barn down to a nest-egg that deceives the wisest old layer in the brood. These uses have been extended largely by a series of extensive experiments conducted under the auspices of the Canada Cement Company, on farms throughout the country. This large concern, which has fathered the concrete building process in Canada, has been a large factor in the spreading of knowledge of concrete and its uses. Recently it has distributed 65,000 copies of a book entitled "What the Farmer Can Do With Concrete." This work contains information which makes it possible for any farmer to do almost any kind of construction work around a farm with concrete, and is given free of charge. This generous distribution of literature and the efforts of this firm to show the farmer how practical concrete really is, have earned for them the highest of commendations.

The most recent plan to introduce concrete to the farmer is a contest arranged by the Canada Cement Company. The lines along which the contest is planned are broad enough to

SHOWING CONCRETE WELL CURB AND PLATFORM.

enable every farmer to compete with equal chance of success with the most experienced user of concrete. In each Province there are four cash prizes of equal value offered, each prize \$100. The first is to be given to the farmer in each Province who will use the greatest number of barrels of "Canada" cement in a given time on his farm; another prize will be given to the farmer in each Province who uses "Canada" Cement on his farm in 1911 for the greatest number of purposes; the third is to be given to the farmer in each Province who furnishes a photograph showing the best of any particular kind of work

Statistics were presented in the British House of Commons to show that 65 per cent. of the adult workers in Great Britain received less than \$5.50 a week. The average rate thus stated is probably reduced by the low wages of agricultural laborers, whose pay in money in some places is as little as 18 shillings a week. The situation accounts for the large increase in the number receiving poor law relief whenever there is a trade depression. It also shows why the old age pension system had so many friends in a country where individualism is strong. Also it creates respect for the people, who on such small incomes, have the self-denial that enables them to save money to take them to other lands

done on his farm during 1911 with "Canada" Cement. The fourth will be for the farmer in each Province furnishing the most complete description of how any particular piece of work, shown by this photograph sent in, was done. This contest will be open until November 15th, 1911.

Already much has been accomplished on the farm by the use of concrete. Perhaps the greatest argument in its favor, and one which has developed only since concrete has actually been put into general use, is its health-promoting properties.

If sickness occurs in a city to any great extent, a searching investigation usually follows, conducted by a medical health officer, with the result that it is traced back to its cause and this cause removed.

The farmer must be his own med-

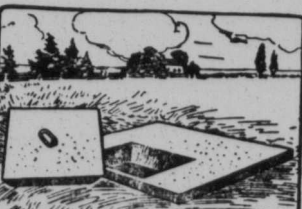

ical health officer. He must look to the causes to be found on his own farm. A great deal is now being done along these lines, and in many places, particularly in the West, it has been found that a number of the causes of sickness can be avoided by the use of concrete.

A common sense view of the situation shows that this simply-handled material is peculiarly well adapted to measures of sanitation and in preventing germs from spreading.

Possibly the place visited more often than any other by the farmer is his well. If it is so situated that unhealthful ground streams can leak into the drinking water, there is every possibility of this unhealthfulness being communicated to the farmer and his family by the most direct route. Concrete has done much to remedy this. If a well is built of concrete—a solid cylinder set into the ground—it is impossible for such leakage to occur. In the same way a concrete dairy provides but slim accommodation for disease germs. These two simple precautions are a long stride in the direction of good health, as water and milk, the latter even more than the former, are the commonest of the germ-distributing agencies and both are used frequently by the farmer and his family.

Not only has the modern farmer studied out a method of guarding against sickness from sources which he termed, internal. He has gone a step further and has decided that the barnyard must also be subjected to some changes if doctors' pills and doctors' bills are to be dodged.

The average barnyard—there are many worse, some better—consists of a stack of hay or straw, a manure pile, a watering trough, and a spongy, oozy mass of mud, dirt, and filth, in between and all around. Most farmers will recognize this type as being familiar, even those whose farms are models in other respects. Until recently it has seemed almost impos-

SOLID CONCRETE CISTERN.

sible to avoid this objectionable condition in a barnyard. Owing to the stamping of cattle and the rooting and scratching of the smaller stock, the ground seems to be kept constantly worked up into its oozy state. Into this, and through it, the farmer is compelled to make his way several times a day while doing his chores. Despite his best efforts, a certain amount remains upon his shoes and clothing. If he escapes the germs that are sure to exist in the stagnant wallow, and does not catch a cold from wetting his feet in it, he always runs the risk of carrying some small particles into the house on his shoes, where they dry into fine dust and are stirred up by the next sweeping, filling the atmosphere that has to be breathed.

To avoid this altogether would be impossible, but the farmer has found a way in which much can be done to alleviate the barnyard troubles.

Instead of wading through mud, the farmer and his family walk dry-shod to the barns and amongst the buildings on concrete walks and drive-ways. Instead of standing in a muddy hole, while he waters the stock, he stands on a concrete platform on which is set a concrete drinking pool. This serves a double purpose of not only providing cleaner water for the horses and cattle, but also does not harbor the germs of contagious diseases which so often lurk in old wooden drinking troughs.

His small stock and poultry, instead of rooting in the mud and filth for their food, take it from a concrete feeding floor laid in a convenient spot in the barnyard. This may be swept down or washed off and prevents a waste of feed.

The use of concrete as drainage material and in forming gutters under eaves makes it possible for farmers' wives and daughters to visit the barns without danger of contracting colds and without many other unpleasantnesses.

With water pressure secured from a concrete cistern built above ground, and the use of concrete in the building of closets, many of the objectionable

PEOPLES' PASTIMES

What about a game here on the 24th?

If Newcastle is to have a Ball Team this summer, it is near time they were organizing.

Millerton has gone in for Soccer Football, and according to The News has a couple of fast teams.

A score of 22 to 13 rounds like a school-boys game, but such was the result of the Baltimore-Montreal game in the Eastern League on Tuesday last.

York County is to have a league with teams from Fredericton, Gibson, St. Mary's and Maryville. Why not a Northumberland League to include Chatham, Douglastown, Millerton and Newcastle?

Moncton, N. B.—May 8—Dan McDonald, wrestler who was recently very ill with typhoid at St. John's, Newfoundland, has had a relapse, and is now reported in a serious condition. He was expected to return to Moncton about this time.

Boston, May 6—Alfred Shrubbs, Great Britain's champion middle distance runner, defeated Fred Cameron, of Amherst (N. S.), winner of the Boston Athletic Association Marathon, in a twelve mile match race at the Boston Arena last night. Shrubbs' time was 1,06.23 and Cameron's 1,07.13. Shrubbs finished two and three quarter laps ahead.

London May 8—Ernest Barry, England's champion sculler, retained his title in a match with Wm. Albany of River Lea, defeating the latter in well-rowed race over a 4 1/2 mile course from Putney to Mortlake. Barry owed his victory to superior condition. He won the toss and chose the Surrey side of the river, which gave him a big advantage.

New York, May 6—Over the quarter mile cinder track at Celtic Park tonight, Wm. Queal, of Alex. Bay, ran away from a field of six competitors and won the professional fifteen mile sweepstakes in 1,22.52, 3.5 Tom Longboat the Indian runner from Toronto, was second, 300 yards behind the winner and 500 ahead of

William Kohlmainen, of Finland, who finished third. The other four starters who failed to test the route were Hans Holmer, formerly of Halifax; Gus Ljungstrom, Sweden; James J. Lee, Boston, and Ted Crooks, of Fall River.

Sam Langford has decided to return to England, as he has received word that he can secure a battle with the English heavy-weight champion, Bombardier Wells, either in London or Paris. The fact that Jack Johnson will soon sail for the other side is another inducement for Langford to cross the Atlantic once more. Langford says he intends to make Johnson fight or crawl on the other side and intimates that Hugh McIntosh will aid him by offering Johnson a \$30,000 guarantee.

The Gazette says. The committee appointed to deal with the baseball situation met last evening and decided to have a local league for the summer, or until such time as a professional league is formed. The members of the committee are G. T. O'Brien, chairman, J. C. Godfrey, H. McLean, Thomas May, W. Watling and G. H. Leunbury. Three teams entered the league, Stars, Victors and Y. M. C. A. and the first round of the league will be May 15—Stars vs. Victors, May 18—Victors vs. Y. M. C. A., May 22—Y. M. C. A. vs. Stars. Two games a week, Monday and Thursday evenings. The committee strongly favored the proposed league between Halifax, Amherst, Moncton, and Chatham.

Jack Johnson is making arrangements to visit England to see the coronation of King George. He says he will remain in London about three months, but doesn't expect to do any real work. Johnson is in disfavor in England because of the fact that he ran out of a match with Sam Langford at the National Sporting Club of London two years ago. He has steered clear of Great Britain ever since, in spite of several enticing offers from fight promoters and vaudeville managers. That Johnson intends to set the world on fire with new reinvention is indicated by this order placed with a Chicago tailor. Three dress suits, ten fancy vests, three overcoats, five extra pairs of trousers, three Tuxedo suits and two Prince Albert coats. If Johnson will consent to wear a brown derby hat and tan shoes with this finery his triumph will be complete.

SUFFERED GREATLY FROM COLIC

Mrs. Aime Guenette, L'Immaculee Conception, Que., writes: My little boy suffered greatly from colic. I gave him castor oil and other medicines without helping him in the least. One day I saw Baby's Own Tablets advertised, so I wrote for a box. I found them so good that I always keep them in the house and would use no other medicine for baby. The experience of Mrs. Guenette has been that of thousands of other mothers. Not only do the Tablets cure colic, but they cure constipation, vomiting, indigestion, make teething easy, banish worms and make baby bright, active and happy. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

BLACK CAPE

Black Cape, May 1—Mr. Ralston McLom left last week for Bathurst where he has accepted a position as engineer on one of the Cascapedia Lumber Co. tugs.

Mr. Hastie Henderson has purchased a handsome boat from Dr. Enright of Port Daniel. The boat is 22 feet in length and is a very fast sailor.

Dr. Sprual, Hugh Johnston and Ernest arrived from Port Daniel on Saturday evening with Mr. Henderson's boat and report a fine trip.

Mr. William Burton and his son George, Colin Campbell and William Steele left last week for Ontario where they will be engaged in railway works.

Mr. J. D. Morrison has left for Grand Pabos where he has accepted a position with the Pabos Lumber Co.

Mr. Weston Howattson paid Hope Town a flying trip last week.

Mr. and Mrs. Ernest Blanger are receiving the congratulations of their many friends on the arrival of a daughter in their home on Friday morning.

Mr. Whitehead of the Massey Harris Co., was in our midst last week on business for the Company.

Paints for all Purposes

Ready Mixed Paints for outside and inside work, for roofs, floors, Ceilings, carriages, wagons, screens, iron work, Stove pipes, etc., also white lead, white zinc, colors in oil, dry colors, shellacs, varnishes, varnish stains, driers, etc., in fact almost everything in the line of paint.

Stothart Mercantile Company, Ltd.,

NEWCASTLE, N. B.

CANADIAN LUMBERMEN

Responsible for but One-Eighth of Forest Destruction.

For every foot of timber that has been cut in Canada by lumbermen, at least seven feet have been destroyed by fire.

This startling statement made in a bulletin of the Forestry Branch of the Department of the Interior, lately issued (Bulletin No. 9, 'Forest Fires of 1909').

The author, Mr. H. R. MacMillan, one of the assistant Inspectors of Forest Reserves, is a technically trained forester, who has given much attention to this subject. His figures have been based on the latest obtainable data, including careful estimate of the amount of timber originally standing in the forests of Canada and that still remaining; the difference between these two, less the amount estimated to have been cut by lumbermen, represents the amount destroyed by fire.

Even this estimate of the ratio of timber burned to timber cut is not as large as some given elsewhere. Senator W. C. Edwards, the present president of the Canadian Forestry Association, and one of the best-known and most successful lumbermen of the Ottawa valley, is on record as saying that in that valley ten times as much has been destroyed by fire as has been cut by the lumbermen.

The past summer has brought very prominently to public notice the forest fire problem, especially in regard to the fires in the states of Montana and Idaho and, more recently, in northern Minnesota, where so many towns were destroyed.

The Canadian Forestry Association has for years been endeavoring to arouse public attention in regard to these fires, and of late the work of the Commission of Conservation has been largely directed in the same direction.

In the bulletin above mentioned, there are also discussed at some length the topics of the destruction of Canadian forests by fire, the effects of these fires (in the destruction of timber and of soil, the effect on subsequent tree growth and on the conserving of the water supply) the chief causes of forest fires and the means of preventing such fires.

The bulletin concludes with a summary of Canadian forest fires during the year 1909 (in which, however, figures for Quebec are not included). This year was not a bad year for fires in the forest, the value of the timber and improvements destroyed being \$210,400 (timber being valued at \$1 per thousand). The expense of fire fighting (government and private) amounted to \$331,821.42; except for this fire protection the loss would undoubtedly have been much greater.

Copies of this bulletin may be obtained, free of charge, on application to R. H. Campbell, Superintendent of Forestry, Ottawa.

KEEP YOUR STOMACH IN GOOD WORKING ORDER and your general health will take care of itself. This is the advice of an eminent specialist on stomach troubles, and he "clinched" the advice by prescribing Dr. Von Stan's Pineapple Tablets as a wonder worker in all phases of stomach disorders from the little "ferment" after eating to the chronic dyspepsia, 35c. Sold by A. E. SHAW'S PHARMACY, 133.

THE BRIGHTEST DAY FOR EVE WOMAN

Comes With Good Health Through the Use of Dr. Williams' Pink Pills.

Her brightest day for every girl and every woman is the day when she looks well, feels well and is well; but with most of the fair sex such days are rare. Instead they suffer from a painful languor, have a terrible weakness in the back, headaches that make everything seem blurred, and a ceaseless aching in the limbs. These and other trials afflict girls and women through the lack of rich, red blood nature is calling for. Dr. Williams' Pink Pills have given the joy of real robust health to thousands of women who are happy to-day because these Pills actually make the rich, red blood that makes weak ones well and strong. This statement has been proven over and over again. Here is further proof from Mrs. C. J. Brook, Manitowish, Man., who says: "After a busy term on second class work, followed only by a short time of relaxation, and a strenuous two and a half months normal course in March, 1906, I began teaching school. I had a heavy rural school, with a large attendance and consequently a large number of grades, thus I found the work of great nervous strain. This added to the overwork of study previous to teaching soon resulted in a run down condition. When vacation time came I did not pay much attention to my condition as I thought the holidays would fully restore me but as I resumed work again I soon found this was not the case. One morning when I came to breakfast everything reeled before me and I almost fainted away. The lady with whom I was boarding advised me to take Dr. Williams' Pink Pills. She always spoke very highly of them, her daughter having used them with the most beneficial results following a severe attack of inflammatory rheumatism. I decided to take her advice and had only taken a few boxes when I began to improve in health—and such an appetite as I had. I rapidly gained health, my face had a healthy glow, and I gained in weight. I have since often recommended Dr. Williams' Pink Pills to others who have used them with equally beneficial results, and I believe the Pills to be a standard remedy for the ills for

No experience needed. The largest advertised goods in Canada. Write at once for particulars.
W. A. JEPPI'S MFG. CO. - LONDON, ONT.

ANOTHER BREAK

IN WATER PIPE
Monday morning the water main burst at Mailer's corner, homecoming the ground so that one of L. McDonald's horses crossing over the place fell through into the hole filled with water. There was some trouble getting the animal out, but fortunately the break was alongside the sewer which carried the water off and prevented flooding of the street. A long piece of new pipe had to be put in.

BARN BURNED

Fire late yesterday afternoon destroyed a barn belonging to J. H. Ashford and used as a slaughter house.

FURNITURE AND HOUSE
