We had a big business in May and are ready for a record for June.—SWIFT'S.

THE bowling green is the most popular place in town for the men these warm evenings, but the ladies prefer the ice cream parlors.

THE Leamington News has been absorbed by the Post of the town. One paper is sufficient for Leamington or any other town of its size.

At the regular meeting of the Public Library Board it was decided to close the Library and Reading Room on Tuesday and Thursday evenings, during the summer months.

SOFT SHIRTS, collars and ties to match, new goods, open Saturday.—SWIFT'S.

THE Daughters of the Empire will meet at the home of Miss Ross on June 6th. Quotations, "Ideal Summer Vacation." Bus will leave the Methodist Church at 2 o'clock.

THE Chicago express stopped at Watford Tuesday to take on part of the Guard of Honor to the Governor-General who were unable to go on the earlier train.

New shipment of go-carts at Taylor's, \$2.50 up.

THE district meeting of the Woman's Institute which was to be held in the town hall, has been postponed to Thursday afternoon, the fifteenth of June. There will be a number of delegates from other towns present.

ABOUT 20 members of F. Company, 27th Reg't, went to Sarnia from Watford on Tuesday as part of the guard of honor and military escort to the Governor-General, Earl Grey, on his visit to the county town.

MEN'S colored cotton socks, a special, 2 pair for 20c.; 2 pair for 30c.—SWIFT'S.

THE East Lambton Liberals will hold a convention in Watford on June 27th, when candidates for both the Legislature and the Commons will be named. Hon. A. G. McKay will be present to address the delegates.

THE regular meeting of the Women's Institute will be held at the home of Mrs. J. D. Brown on Wednesday evening, the 14th of June. Meeting to commence at 7.30 o'clock. All are cordially invited to be present.

BOYS' heavy ribbed stockings, 6½ to 9, marked 18 cents, 3 pair for 50 cents.—SWIFT'S.

It is said that the organist in a Toronto church played the wedding march from Lohengrin as a voluntary last Sunday, and thirteen prospective June brides could hardly be restrained from marching up the aisle.

THE provincial inspector of factories and buildings is visiting the different towns and villages in this district, and among the changes he is ordering is one prohibiting Chinamen from eating and sleeping in their laundries.

TAY Taylor's special talcum powder in rose, carnation or violet. 25c tin.

THE 27th Reg't, St. Clair Borderers furnished the Guard of Honor to His Excellency the Governor-General on his visit to Sarnia on Tuesday last. The guard was composed of 32 men, 19 of whom were selected from Watford company.

HIS GRACE BISHOP FALLON, of London, confirmed 60 candidates in All Saints' Roman Catholic church, Strathroy, on Tuesday morning. Eleven of the candidates were from Watford. A number of people from here attended the service.

SPECIALS in whitewash, fancy embroidered skirts, best dollar garment in Ontario.—SWIFT'S.

THE ladies of Salem church are giving a garden party at Sherman Hare's, 12th line, Brooke, on Friday evening next. Good program and choice refreshments. This will be a nice outing for those in town who enjoy a pleasant evening in the country.

S. J. SAUNDERS & SON wish to return thanks to the members of Defiance Fire Company for the prompt and efficient work done at the recent fire at their stove mill, and also wish to thank the public for the generous assistance rendered in helping to bring the fire under control.

A SPECIAL in ladies' linen collars, embroidered, 15 cents.—SWIFT'S.

NILSON'S ice cream bricks will be on sale at Taylor's this Saturday.

The Statorville Rural Free Delivery will be started to-day.

THE copious showers on Wednesday were very welcome.

THERE was quite a drop in the tomato plant market Wednesday.

THE question now is: "Why did we go into debt for that last ton of coal?"

RICH. RESTORICK shipped a car of fine heavy horses to Montreal on Thursday.

A SPECIAL sale of summer neckwear, collars, jabots, etc., Friday and Saturday.—MISS WILLIAMS.

MR. R. J. MCCORMICK, M.P.P., East Lambton, will give an address at Grace Church Garden Party, 4th line, Warwick, June 8th.

THE A. Y. P. A. intend holding a garden party on Dr. Kelly's lawn, Front street, on Friday evening, June 16th. Reserve the date.

DON'T miss hearing Messrs. Teddy Wright and Hugh E. Jay at the Grace Church Garden Party on Thursday evening, June 8th.

In the first draft of the stationing committee at the Methodist conference being held in Stratford this week, Rev. A. W. Barker has been assigned to the Watford church.

THE annual meeting of the East Lambton Farmers' and Women's Institute will be held in Watford on Thursday, June 15th at the usual hour. A good attendance requested.

THE Band will give an open air concert on the band stand on Friday evening. Turn out and hear the first concert of the season. The Band is now in good shape and open for engagements.

WORD was recently received from Edmonton, Alta., saying that D. J. Campbell, the well-known ex-Watford boy, is in a precarious condition, sufficient to alarm his relatives and friends.

FANCY new collar, the Dutch style.—SWIFT'S.

THERE will be morning as well as evening service in Trinity church on Sunday next, the sermon in the morning being especially for children. There will be a celebration of the Holy Communion at the 11 o'clock service.

JOSIEPH E. JUD, acting police magistrate at London, has been appointed police magistrate in condition being that he refrain from private practicing of his legal profession. He succeeds the late Magistrate Love.

MR. C. H. MERRIFIELD, Superintendent of organization of the I.O.F. for Western Ontario, and Dr. Henderson, of Sarnia, High Secretary for Western Ontario, will be present at the meeting of Court Watford on Friday evening.

THE blackest storm cloud seen for years hung over the town about ten o'clock Wednesday morning. For a time it was so dark that work was impossible indoors. The darkness lasted about ten or fifteen minutes when a heavy shower came and relieved the situation.

SARNIA merchants petitioned the council that no action be taken relative to proclaiming a public holiday in the King's birthday or Coronation Day, as both days were too near to the 24th of May and holidays were becoming too frequent. The petition was granted.

THE annual excursion of the E. and W. Lambton Farmers' Institute to Guelph will be held this year on Thursday, June 8th over the Sarnia, Forest, Petrolia and Watford divisions of the Grand Trunk. Tickets good for two days. For particulars see posters.

THE Grand Trunk Railway will issue tickets for the King's Birthday at single fare for round trip. Between all stations in Canada, also to Niagara Falls and Buffalo, N. Y., Detroit and Port Huron, Mich. Tickets good June 2 and 3. Return limit June 6th, 1911.

A VERY successful band concert and social evening was held on the lawn of Mr. Andrews, choir leader of the Methodist church, on Tuesday evening, May 30th. An enjoyable evening was spent by all, due largely to the energy and kindness of the Andrews family. Proceeds amounted to \$40, which will be used for choir purposes. The Band is to be complimented upon its splendid selections during the evening.

In this country all have to work for a living, and two holidays in ten days is not advisable. The King's Birthday may be an official holiday but it should not be a general one. Let us retain Victoria Day. It is a fixture and at the right time of the year for the first summer holiday. We can be just as loyal working on the King's Birthday as we can idling about, wishing it were over.

MODEL school sessions will open on September 5 and applications for admission must reach the deputy minister by August 15 on a form to be supplied by him. No one will be admitted to a model school who does not agree, if successful in obtaining a teacher's certificate, to teach thereon in Ontario for at least the first year of his or her teaching experience. A violation of this agreement will lead to the cancelling of the teacher's certificate.

THOSE special gingham and muslins advertised last week are to hand for Saturday's trade.—SWIFT'S.

THE tent caterpillar is going to be a dreadful pest this season unless very prompt and decisive measures are taken to combat it. The best way to rid an orchard of them is to burn them out with a torch, but unless this is done soon they will destroy every bit of foliage on the trees as the hot weather is bringing them out very fast.

COMMENCING next Sunday, June 4th, and continuing through the summer months, the Presbyterian Sunday School will be held on Sunday mornings, opening at 15 minutes before 10 o'clock and lasting one hour. A full attendance of pupils is desired, and a cordial invitation is extended to parents and friends of the school.—JOHN MCKERRICHER, Secretary.

MR. J. L. WILSON, superintendent of agriculture, societies, intends to stimulate the interest in fall fairs by having the farmers of the country enter their horses in jumping competitions, for which handsome prizes will be given. At present the only extra attraction at fall fairs are the trotting races, and Mr. Wilson thinks that if jumping competitions were held the farmers would enter their horses and some good sport would follow. It also would lead to more extensive breeding of high class jumpers.

BIG preparations are being made for the garden party in connection with Grace Church, 4th line, on Thursday next. Among the program talent will be Messrs. Teddy Wright and Hugh E. Jay, Strathroy; Mr. W. McLeish and Miss McLeish, Keyser; Miss Gladys Morgan and Mr. Ian Bateman, Kerwood; Messrs. Graham, Eason and Binks, Watford; Miss Mabel Williamson, Mr. Roy Hollingsworth, Mr. Lloyd Eastbrook, Mr. J. Caughlin, Rev. J. R. Diehl, R. J. McCormick, M.P.P., and Rev. S. P. Irwin. The Watford Band will also be present.

DR. KELLY received a letter on Monday from R. W. Bruce Smith, Inspector of Hospitals and Charities for the province, referring to the case of John McPherson, who was committed to Sarnia jail when he was refused admission to the House of Refuge. The inspector says that "McPherson must be removed from the jail. He is guilty of no crime. Jails are for criminals, not for the unfortunate sick." Efforts are being made by Dr. Kelly and the Reeve to have McPherson removed to an sanitarium at Home, probably the Home for Incurables at London.

THE meeting called by the Reeve for Friday evening last to discuss observing Coronation Day in Watford in a fit and becoming manner, was very slimly attended. The matter was talked over by the dozen or so present and a decision was reached that the Reeve should interview the business men of the town individually and ascertain their views on the matter and the amount they would be willing to subscribe towards the expenses necessary for the sole observance of the day.

DR. KELLY and the Reeve, in agreement he will call another meeting at a later date to decide on the nature of the celebration.

ONE of the nicest social gatherings ever held in Watford was the military ball given by the Watford officers of the 27th Reg't. in the Lyceum on Wednesday evening. About 50 couples were present, and all enjoyed the well-arranged program of dances. The hall was very artistically decorated with flags, arms and military emblems, and the music supplied by the Cortese orchestra of London was considered equal to, if not a little better, than any of their previous efforts here. The lunch was a dainty one and was deftly served by Boy Scouts. It is the opinion of those qualified to judge that the ball was one of the most up-to-date social functions ever given in town. In the matter of giving a ball the young people can give the old-timers pointers every time.

THE local paper should be found in every home. No children should grow up ignorant who can be taught to appreciate the home paper. It is said to be the stepping stone of intelligence in all those matters not to be found in books. Give your children a foreign paper which contains not a word about any person, place, or thing, which they saw, or perhaps ever heard of, and how could you expect them to be interested. But let them have the home paper and read of people whom they meet, and of places of which they are familiar, and an interest is awakened which increases with every arrival of the local paper. Thus a habit of reading is formed and those children will read the papers all their lives and become intelligent men and women, a credit to their ancestors strong in knowledge of the world as it is to-day.

EVERY once in a while some cheerful individual remarks to us, "Well, now that the paper is out, I suppose you can take it easy for three or four days." Yes how delightful it is that a country editor has nothing to do between press days. Business runs along automatically. When paper bills come the money drops off the trees with which to pay them. Subscribers vie with each other to see who can pay the farthest in advance. Advertisers beg for additional space. And the way the news hunts up the editor is also pleasant to contemplate. There is something strange about the way the news items act. When the paper is out the editor simply goes to his desk and leans back in his easy chair and looks wise and waits for next week's press day. The day before press day the people line up in front of the office and then they file past the desk and tell him all the news of the week. He writes

it up in ten or fifteen minutes, takes it back and hangs it on a hook. The compositors take the copy and shake it over the type cases, say a few mystic words, the type flies into place, and after a few passes by the form the forms are ready by the press again. And the editor goes down to the bank. It is the greatest snap in the catalogue. Now, if the editor could only do away with press day his job would be complete.

THE census enumerators have commenced their labors and you may expect a call from one of them at any time. Get ready. Count your money, your children and your wives so that you will have the information handy when he calls. If you have neither wife nor child he will want to know how many times you called on your best girl during the year, how many times you took her out driving, how much money you spent on dances and concerts, how many boxes of bon bons you bought her, how many dishes of ice cream she can eat in a week, when you expect to marry and how often. The young ladies will have to tell their age and weight, whether they wear their own hair and complexion or the commercial kind; if they expect to marry in June or December, and to explain their ideal of a husband, also a thousand-and-one other questions that no living man without the authority of the Government at his back dare ask. Get your nerve. Keep cool, tell the truth, and all will be well.

Newspaper Readers Benefit.

One of the very first advantages which the new early morning Toronto to London mail train will present is a delivery here of the Toronto morning papers hours earlier than ever before. The Daily Mail and Empire is out with an announcement this issue. Their subscription canvassers are already on the ground. Many will no doubt welcome the opportunity of at last being able to secure The Daily Mail and Empire at an early hour.

THE BEST REMEDY

For Women—Lydia E. Pinkham's Vegetable Compound

Belleville, Ont.—"I was so weak and worn out from a female weakness that I concluded to try Lydia E. Pinkham's Vegetable Compound. I took several bottles of it, and I gained strength so rapidly that it seemed to make a new woman of me. I can do as good a day's work as I ever did. I sincerely bless the day that I made up my mind to take your medicine for female weakness, and I am exceedingly grateful to you for your kind letters, as I certainly profited by them. I give you permission to publish this any time you wish."—Mrs. ALBERT WICKETT, Belleville, Ontario, Canada.

Women everywhere should remember that there is no other remedy known to medicine that will cure female weakness and so successfully carry women through the Change of Life as Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs.

For 30 years it has been curing women from the worst forms of female ills—Inflammation, ulceration, displacements, fibroid tumors, irregularities, periodic pains, backache, and nervous prostration.

If you want special advice write for it to Mrs. Pinkham, Lynn, Mass. It is free and always helpful.

Rural Telephones.

There are some things about which there can be no two opinions. One of these is the rural telephone. No sound argument can be adduced against it. It is cheap for the service rendered. Its benefit in any rural community cannot be over-estimated. It removes isolation, encourages sociability, and is of an advantage in many ways in economizing work and minimizing the difficulties under which many farmers labor. To advocate the rural phone, therefore, is to stand up for something that is of inestimable benefit to the whole country. A community without a rural phone service is not availing itself of the privileges of modern civilization, as it should. There should be such a service in every rural district. Once installed it will never be discarded. In cities people who once get a phone in their homes think life hardly worth living without one. If this be true of the city where one can fraternize with his neighbor over the back fence, how much more true is it of the country where broad acres separate the farmer from his nearest neighbor. The phone has become an integral part of the rural life of this country and the farmer or the community that is without its advantages does not realize what it misses. For a few dollars a year a farmer can buy more real benefit and comfort for himself and family in a rural phone than he can get by a similar investment in any other way.

To Clean Silver.

For washing silver put half a teaspoonful ammonia into suds; have the water hot; wash quickly, using a small brush; rinse in hot water and dry with a clean linen towel, then rub dry with a chamois skin. Washed in this manner silver becomes brilliant, requires no polishing with any of the powders or whiting usually employed, and does not wear out. Jewelry can be made to look like new by washing in ammonia water. Put half a teaspoonful into clear water to wash tumblers or glass of any description.

Every Woman is interested and should know about the wonderful **MARVEL Whirling Spray**. The new Vaginal Syringe. Best—Most convenient. It cleanses instantly. Ask your Druggist for it.

If he cannot supply the MARVEL, accept no other, but send stamp for illustrated book—sealed. It gives full particulars and directions invaluable to ladies.

DRUGS OF ANTIQUITY.

The Doses That Mankind Swallowed Thousands of Years Ago.

It is admitted that the oldest medical work known is the Ebers papyrus discovered by Georg Ebers in his journey to Egypt in 1872-3. It is a scroll twenty yards long and a foot wide and has been studied and translated by Von Oefele and reviewed by Von Lippmann. It was written about 1550 B.C., though some of the material of which it is a compilation dates back to about 3700 B.C.

The medical substances mentioned include copper—once more costly than gold and silver—lead, iron, antimony, carbon, sulphur, salt, soda, gypsum and other minerals; milk, fats from many animals, wax, and the horn, blood and other portions of domestic and wild animals; castor and other oils, honey, raisins, grapes, figs, dates, wine, beer, linen, flax, lanolin, papyrus, numerous resins, caraway, fennel, dill, melilot, watercress, peppermint, coriander, lettuce, endive, absinth, pomegranate, calamus, aloes, safflower, crocus, indigo, henbane, mandrake, opium and other plants and vegetable products.

In preparing drugs solids were graded or powdered in a stone mortar. There were many processes of treating them, such as roasting, baking, pressing, steeping, warming, boiling in various substances, macerating with lye, evaporating and fermenting with yeast. Liquids were filtered and clarified. Some recipes contain two or three ingredients, but others have as many as thirty-seven materials.

GIBRALTAR.

The "Key of the Mediterranean" Has Had a Stormy History.

England has been in possession of the rocky promontory of Gibraltar since 1704. From that time to this it has been a crown colony under the administration of a governor. By reason of its important strategical position it is called the "key of the Mediterranean."

Gibraltar has had a stormy history. In 711 the rock was taken by the Arab chief Tarik, who called it Jebel-al-Tarik (Hill of Tarik) and built a fortress on the promontory. Part of these ruins are still extant. In 1309 it was taken by the Castilians, only to be recaptured by the Moors in 1333. It was held by them until 1462. Following the taking and sacking of Gibraltar in 1540 by Barbarosso, extensive military works were built there by order of Charles V.

In 1704 the promontory was captured by a combined force under Sir George Rooke and the Prince of Hesse-Darmstadt, fighting for the Archduke Charles of Austria. The moment it fell into their hands the British admiral threw off the alliance with the Austrians and took complete possession of the works.

British possession since that time has been unbroken, although it was under a Spanish siege for nearly three years and eight months, beginning in 1779. Twice the garrison was on the point of falling because of the starvation of its defenders.

Right on the Job.

At the time Dewey captured the Philippine Islands there was only one lighthouse in operation in the Philippine waters—that on Cape Melville, Balabac Island, south of the island of Palawan and marking the entrance between the China sea and the Sulu sea. As is the custom in time of war, the Spanish authorities had ordered all lighthouses to have their lights extinguished when it was discovered that an attack on Manila was threatened by the American navy. It appears that this order was carried out at all other places except at the lighthouse mentioned above, where the order was never received. The keeper of this light kept his light burning up to June 30, 1899, without assistance, and was paid for his services from May 1, 1899, to that date by the Philippine government.—Philippines Monthly.

Fourierism.

Fourierism was a social system founded by Charles Fourier, born in France 1772, died 1837. Fourier advocated co-operative industrialism, coupled with the idea that society should be organized into "phalanges." The phalange was to number about 1,600 persons, who were to live in a common building, with a certain portion of soil for cultivation. The staple industry was to be agriculture, but the various groups might devote themselves to such as were best suited to their tastes. Several attempts were made to carry out Fourier's theories, but the result in each case was failure.—New York American.

His Motto.

"You go around borrowing money all the time and yet you seem to be prosperous."

"I am."

"How do you manage it?"

"My motto is, 'Always put off till tomorrow those you have done today.'"

The Local Newspaper.

Taken all in all, there is not in the world a cleaner and more excellent local newspaper press than we have in Canada, and I can say this frankly, not being connected with it. It can best cover affairs of a social or strictly local nature. If the church is wise in its generation, it will co-operate freely and systematically with town and country press, in order to enlist, as far as possible its mutual support in Christian enterprises and moral reform. The editors and publishers of newspapers are, as a rule, naturally responsive to the best interests of their respective communities, and that spirit will be quickened by a frank and friendly attitude towards them.—Countryman in Christian Guardian.

The Cockney Scored One.

(Canadian Collier's.)

Who says the Englishman is not a man of wit? The other day W. A. Fraser, the short-story man, in search of human interest and a morning chat, got into talk with a couple of laboring men on the back platform of a Toronto street car. Fraser rather prides himself on his knowledge of dialects, so he made some guesses. "You," he said to one, "are a Devon Man." The toiler with the dinner-pail admitted it. "And you," he said to the other, "are from London." Right again. "And now," said Mr. Fraser, spreading his chest, "where would you say I'm from?" It was the Cockney who replied: "I don't know sir. You see, I'm not so blowsted inquisitive as you are."

NATURE STOPS When the Kidneys Give Out.

Do you feel that you can't simply go any farther—that you must have rest for that lame and aching back—relief from that constant dead-tired feeling—freedom from those stabbing, darting pains? It is nature's warning that the kidneys are giving out and you need the help of Booth's Kidney Pills, the guaranteed kidney remedy. In every machine there is one part that works the hardest and gives out first. The kidneys work night and day, and naturally a life of unusual activity doubles the duties of the kidneys and in time the strain tells. The kidneys give out and nature cries "stop." Booth's Kidney Pills are sold by all dealers, 50c. post-paid from The R. T. Booth Co., Ltd., Fort Erie, Ont. There is no pill just as good. Send for a Free box. The test will prove the truth of our statement. Sold and guaranteed in Watford by T. B. Taylor & Sons.

If you trade in Watford you go home satisfied. Whatever you have to do, do it with your might. Many a lawyer has made his fortune by simply working with a will.

A freak lamb was born on the farm of Julius Marion, in Saline, Mich., a few days ago and died within a day after its birth. The lamb had two heads, four front legs and three hind ones and two tails. The two heads grew out of the body from the breast and above the shoulders. Each was perfectly formed. When born one head was dead, no breath coming from it, while the tongue of the other head lapped up milk. The four front legs and feet were perfectly formed, but the third hind leg grew out of the back, just over the tails. Each tail curved away from the other. An X-ray photograph showed that the ribs were naturally attached to the back bone, and that the skin was one whole hide. The freak will be made the subject of several sheep breeders magazine articles and will be mounted and placed in some museum.

Our own special New York wire enables us to publish the complete box scores of every baseball game in all the leagues. Same complete service with Racing and all other sporting events. You'll always find the best and most complete Sporting News in The Mail and Empire.

"THE FOURTH COLUMN," on the Editorial page—a magazine article every morning, non-political, bright, interesting, always instructive, and illuminating the news of the day. Considered by everyone the best special daily feature of any newspaper in Canada—alone worth more to any reader than the whole cost of the paper.

Deafness Cannot be Cured
By local applications, as they cannot reach the only way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or ringing in the ears. If you feel this sound or ringing in the ears, it is the result, and unless the inflammation can be taken out and this hearing will be destroyed. Nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous membrane of the Eustachian Tube. One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

PRIDE ON BOTH SIDES.
A story of the Duke of Somerset and the Artists Seymour.
We have all heard of the "proud" Duke of Somerset, but we do not all know of the occasion on which his pride had a fall. The story is told in "The Gloucester Journal."
It seems that the duchess had sent for Seymour, a celebrated painter of horses, to make the portrait of a race-horse at Petworth. Seymour, during his stay used to dine in the steward's room, but one day the duke was so pleased with the picture as it appeared that he desired that he would dine at his table.
At dinner Seymour, who probably had not been expected to mix in the conversation, took occasion to say that he believed he had the honor to be related to the duke. This gave such occasion to the duke that he was so pleased to put so much out of humor as to repeat the picture.
Afterward the duke's wife says she

to the duke he had of possessing a good portrait of his favorite horse, and he ordered his steward to write to Seymour and engage him to return to finish his work at Petworth.
Seymour directed his reply to the duke himself in these words: "Your pride would not allow that I am of your family. To convince you that I am, your picture shall remain as it is, for I won't come!"
THE GULF STREAM.
No Material Change in its Course in Modern Times.
Almost has been said in recent years in regard to the changing route of the Gulf Stream. Indeed, the character of this steady, consistent and unswerving body was getting so maligned that the government looked into the matter. With the result that this mysterious current of the ocean was entirely vindicated. Experts declare that there is no change in the course nor has there been for many years.

No other physical feature of the ocean is subject to more persistent misinterpretation than is the Gulf Stream. All varieties of climate are held to its charge. It is a pet theory of many that the temperature of Europe is held by high authorities to be erroneous. It is not as extensive as is commonly thought. Practically starting at the Florida strait, where its volume is made up by the union of currents, it ceases to be a true current by the time it reaches the southern limit of the Grand banks, where it becomes stratified drift, governed by the winds.
The government experts aver that there has been absolutely no material change in the Gulf Stream's course in modern times.—New York Press.

There can be a difference of opinion on most subjects, but there is only one opinion as to the reliability of Mother Graves' Warm Extremicator. It is safe, sure and effective.
When Roosevelt was President he said he used saccharine, a colic product 300 times as sweet as pure sugar, to prevent his growing too fat. Dr. Wiley, chief chemist of the United States Food Bureau, warned him that the product was not a good substitute for sugar and that it was dangerous to health. Dr. Wiley and Roosevelt said anyone who held such a view was a "fool." Subsequently he chose Dr. Remsen, discoverer of the drug, to be head of the "Remsen Board." Now Prof. Remsen has declared that saccharine is injurious to health and should not be used in any quantity. It is said that some United States manufacturers of soda fountain syrups use vast quantities of the chemical.

HARRIS & CO. PROPRIETORS

WATFORD, JUNE 2, 1911.

Kent-Eccles.

The home of Mrs. Eccles, 74 Chestnut St., Winnipeg, was the scene of a very pretty wedding on Tuesday afternoon, when her daughter, Annie, was united in marriage to Mr. Frederick Allan Kent, of Killarney, Man., Rev. G. B. Wilson, of Augustine church, officiating.

The bride, who was given away by her brother, Mr. Purzer Eccles, looked very demure and girlish in her bridal costume of white satin, veiled in mignon de soie, with Brussels lace bertha and pearl trimmings. Her veil was caught in front with the engagement ring, and she carried a sheaf of bridal roses and lilies of the valley. Miss Evelyn Cameron, niece of the bride, made a dainty little flower girl in a frock of pale blue tulle, and was the only attendant. The groom's gift to the bride was a handsome pink cameo pin, and to the flower girl a pearl crescent.

After a dainty repast Mr. and Mrs. Kent left for the Lake of the Woods, for a short trip, the bride travelling in a smart tailored costume of brown broadcloth, with hat of tuscany straw and blue corn flowers.

The guests included Dr. and Mrs. Allan Cameron and Miss Evelyn Cameron, of Herman, Neb., Mr. and Mrs. P. H. McMillan, Hamilton, Dakota; Rev. and Mrs. G. B. Wilson, Mr. and Mrs. D. Eccles and Miss Eccles, Mrs. L. C. Rogers, Mr. and Mrs. Chas. H. Fraser, Misses Jamieson, Miss Liddy and Miss Fraser, of Winnipeg.

Mr. and Mrs. Kent will reside in Killarney, where the groom is engaged in business.

WARWICK.

Chas. E. Smith has been appointed a census enumerator vice Jos. Crose resigned.

Mrs. (Dr.) J. C. Belcher, Pleasant Hill, Mo., is spending a couple of months with her mother, Mrs. Adam Baird, Birnam.

Walter A. Spalding, G.T.R. stenographer, Stratford, resumed his duties on Monday after attending the funeral of his little niece, Elsie Fuller.

GARDEN PARTY.—No one should miss the Mammoth Garden Party and Grand Open Air Concert under the auspices of Grace Church, 4th line, Warwick, at the home of Mr. Eastbrook, on Thursday evening, June 8th, 1911. A highly interesting program will be rendered by first-class foreign and local talent. A game of baseball between two neighboring teams will be played. The Watford Band will be in attendance.

The friends and neighbors of Mr. and Mrs. G. T. Fuller were grieved when on Thursday of last week, 24th, they learned that their eldest daughter, Elsie, had passed away, aged 6 years, 4 months and 14 days, after a brief illness of only a few days. Her sickness at first was considered not serious, yet the best medical treatment was summoned, without avail. Deceased was a bright, cheerful, intelligent child, a general favorite with all, and it is something hard to understand why so promising a young life as this should be called away. The funeral on Friday at 2 p.m. to the Watford cemetery was largely attended, about 45 rigs following the remains to their last resting place. Rev. Mr. Ford officiating. Four uncles, Robert, Wallace, John and Walter Spalding acted as pall bearers. The sorrowing friends have the heartfelt sympathy of the community in their sad bereavement.

OBITUARY.

On Saturday morning, the thirteenth of May, death came suddenly and without warning to the home of Robert Jones and claimed a dear wife and mother. Mrs. Jones was in perfect health when she retired, but at midnight she had a smothering sensation and went to the dining room, then called Mr. Jones who quickly gave her a restorative, but almost immediately she passed away as he held her in his arms. The husband and family have the greatest sympathy of the entire community. Mrs. Jones was the eldest daughter of the late Adam Baird and was in her forty-first year. Mrs. Jones was a mother entirely devoted to her family and home, and her family rise up and call her blessed because of her life of quiet fortitude and patience. Her faith was a living faith that gave her strength to always see the bright side of life and quickly forget the hard things. She leaves a family of seven sons and two daughters. The funeral took place from the family residence to Bethel cemetery, the Rev. E. B. Horne conducting the service. The bearers were Andrew Auld, James McElroy, George A. Baird, R. J. McCormick, M.P.F., Joseph McCormick and C. E. Smith.—Com.

INWOOD.

Mr. Robert Gardner was in Watford on business Tuesday.

Mr. and Mrs. Askew visited friends in Oil Springs Sunday.

Mr. and Mrs. E. D. Swift, Mr. and Mrs. Wm. McLeay, Mr. and Mrs. J. F. Elliott, Mrs. F. Kenward and Mrs. Eccles and daughter Nena, all of Watford, spent the 24th with Mr. and Mrs. Joshua Thomas of this place.

Quit a number from here attended the celebration in Alvinston May 24th and others followed the band boys to Oil Springs, while some remained quietly at home and worked in their gardens, and the women at their housecleaning, and felt better next day than those who went with the crowds.

Sacrament of the Lord's Supper was observed in the Presbyterian church here last Sunday when eleven new members were added to the church, five by

certificate, and six young people by profession of faith. Mr. U. A. Campbell, the pastor, felt quite encouraged, as fifteen members were added to St. Andrew's congregation on the twelfth between Brooke and Enniskillen (his other appointment) the week before.

STEADY GAINS MADE BY STERLING BANK.

Annual Statement Shows Bank in Strong Position. Number of Shareholders increased to 1709.

The Annual Statement of the Sterling Bank of Canada just issued, shows that this conservative, yet progressive, young institution did very well in its year's operations. While up to the present time not much has been heard about the Sterling, still it has gone along very quietly, building around itself a very strong chain of branches throughout the Province of Ontario, and has already rounded out its organization by branches in Montreal and Winnipeg. That its branches must be well located is indicated from the showing they were able to make during the past year when, as is generally known, banking conditions, more particularly in Ontario, were somewhat unsettled. The Sterling's net profits for the year amounted to \$96,825.00, equal to 10.25 per cent. on the capital, which compares with \$92,812.00 in the previous year and \$61,146.00 in 1909. Out of the net profits the sum of \$47,025.00 was applied to payment of dividends, while the balance with what was carried forward from the previous year, making a total of \$85,245.00, was applied to profit and loss account. The total surplus and undivided profits now amount to \$366,862.00 as compared with \$317,150.00 at the end of 1910.

The general statement shows the steady headway the Sterling has made during the past few years, the total assets now standing at \$7,202,341.00, which compares with \$4,304,268.70 at the end of 1908 and \$3,428,956.13 at the end of 1907. The total deposits are now \$4,950,047.00 as compared with \$2,583,691.45 at the end of 1908 and \$1,906,401.64 at the end of 1907.

The report of the Board of Directors showed that, owing to the somewhat unfavorable banking conditions which had prevailed more especially in Ontario during the past year, a great measure of conservatism had been maintained. This resulted in the bank having at all times very large reserves on hand. Notwithstanding the fact that the resources had been harbored in a most careful manner, the percentage of earnings to capital were the largest in the history of the bank, having amounted to 10.25 per cent. on the capital.

A feature of the statement which rather indicates the high esteem in which the bank is held throughout the country, is that during the course of the year as the last has been, the list of shareholders increased by some forty, now reaching a total of 1709 as compared with 1669 at the end of the previous year.

The entire Board of Directors was re-elected with Mr. G. T. Somers as President and Mr. W. K. George as Vice-President.

Mr. F. D. Shaver, who has been assistant representative in Petrolia, of the Ontario Agricultural Dept., has been transferred to Guelph to become associated with the drainage staff of the department of physics and left Monday to assume the duties of his new position. His successor will be W. H. Porter, B. S. A., of Guelph.

A small quantity of oil and driftwood caught fire on Bear Creek just opposite the plant of the Lambton Creamery Co. on Monday afternoon. The driftwood catching on a low foot bridge crossing the creek acted as a dam and held the oil back. The fire was caused by spontaneous combustion. No damage was done with the exception of the destruction of the small bridge.

BABY'S TEARS TURNED TO SMILES.

The well baby is a happy baby—always cooing, gurgling and smiling. It is only the sickly baby who is cross, fretful and cries. The smile or the tears indicates baby's state of health. Mothers if you want your baby to smile—the smile of good health and freedom from pain—give him Baby's Own Tablets. They never fail to turn the tear into a smile. Concerning them Mrs. Jas. Hutcheson, Marysville, B. C. writes:—"Your Baby's Own Tablets have been a great comfort to me while baby was teething. He was cross and fretful but as soon as I began giving him the Tablets the effect was wonderful. He became a good natured baby right away and is now big, fat and healthy." The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

BROOKE COUNCIL.

Alvinston, 27th May, 1911.

Council met pursuant to adjournment. Members all present. Minutes of previous meeting read, and on motion of Mr. Munro, seconded by Mr. Tait, were approved.

James Coke presented a numerous signed petition, offering to draw gratis 287 yards of gravel on to 6-7 sidewalk in the 11th and 12th concessions, on condition that Council supplement this work 2 to 1.

Darvill—Tait, that Council agree to pay 65 cents per yard for all gravel delivered on this road, the amount to be paid for not to exceed \$400. Mr. Coke to superintend the work and keep an account of loads drawn.—Carried.

Second report read on the proposed new drain on the 9-10 blind line, empty into the Bourne Drain on the Townline, the Bourne Drain to be enlarged and repaired from there downwards. Estimated cost \$707. Eleven of the parties who petitioned for the drain, being dissatisfied, withdrew their names.

Fisher—Sutton, that as the withdrawal of so many names from the petition prevents Council proceeding further with this work, that the expense incurred in connection with same be levied pro rata on the petitioners for drain, in accordance with Sec. 20 of Drainage Act, and placed on Collectors' roll for 1911.—Carried.

John Downing applied for remuneration for one sheep killed by dogs, valued by Inspector at \$12.

Sutton—Monro, that Mr. Downing be paid the sum of \$8.00, being two thirds of loss.—Carried.

Fisher—Sutton, that Council open as a Court of Revision on the Assessment Roll for 1911, the Reeve in the chair.—Carried.

Appeals were received from George Westcott, Robert Watt, Canada Southern Railway Co., George A. Johnston, Miss Minnie Saunders, Grand Trunk Railway Co., Benjamin Doan, James Griffith, William Kelly and Dougald Campbell.

Lot Ept 7, con. 5, assessment reduced \$150; Nhf Shf 10, con. 10, reduced \$100. Assessment on buildings on Wht 28, Con. 10, reduced \$100. Assessment on Spt Nhf 16, con. 5, reduced \$100 as it was shown that the acreage was only 87, instead of 90 as on roll.

Dogs assessed to Wm. Benstead, John Brown, Neil Mourro, Edward Totter, Ed. Mills, John McLean and Alex. Letch were struck off.

The following changes in names of parties assessed were applied for and granted, viz:—Duncan Campbell for Shf 18, con. 14, in place of James King; lot Wht 12, con. 2, to Thomas Coristine and mother; Lot Spt Nhf 16, con. 5, to Dougald Campbell in place of Wesley Temple; Allan McNeill for Wht 21, con. 9, in place of Alex. McLeitch; Stanley and John McLachlan for Wpt 7, con. 6; Arch. McLachlan for Nhf 9, con. 6.

Foster W. Smith and Gordon Smith to be entered as Joint Owners instead of Farmers Sons.

Robert Poole as Householder and M. F. Sqr 16, con. 11.

James McLachlan as F.S. and M.F., lot Wpt 9, con. 12.

James Frayne as joint owner and M.F., lot Shf Nhf 18, con. 3.

Charles Gray as Farmers Son, lot 20, con. 3.

George Stanley, M.F., lot 20, con. 2.

Sutton—Monro, that the foregoing reductions, changes and additions be confirmed, Clerk instructed to insert them in Roll, and that Court of Revision be adjourned till 2 o'clock p.m. of Saturday the 24th day of June next, to open in the Orange Hall, Inwood.—Carried.

Sutton—Monro, that the adjourned Court of Appeal on the Edgar Drain No. 7 be reopened, the Reeve in the chair.—Carried.

Fisher—Sutton, that Court on this Drain be again adjourned till next meeting of Council, to open at 4 p.m.—Carried.

Darvill—Fisher, that as the Council of the Township of Euphemia have persistently refused to pay their share of costs of drains on Townline, Brooke and Euphemia, that the Clerk place the case with our Solicitors, asking them to demand payment with interest, and failing to do so that action be entered to compel payment.—Carried.

Monro—Sutton, that action on the report relative to the repairs asked for to the 4-5 con. Road Drain be laid over till next meeting.—Carried.

Bylaw submitted to authorize repairs to the Lucas Brothers Drain. Estimated cost \$260.

Monro—Tait, that by-law be provisionally adopted, printed in pamphlet form, and copies served on each party assessed, with notice that a Court of Revision would open on same in Orange Hall, Inwood, on Saturday, the 24th day of June, 1911. Mr. Sutton to be Commissioner and to serve by-law.—Carried.

Award of arbitrators read re dissolution of union between S.S. No. 22, Brooke, and the Village of Alvinston. The most of the territory was taken away, part being added to S.S. No. 18, and the rest to No. 6.

Darvill—Tait, that the award be approved of and order issued for the sum of \$7.25, to pay this Township's share of cost of arbitration.—Carried.

Awards of Assessors read, in connection with the equalization of assessments between Union School Sections Nos. 23, Brooke and Moss, and between the three Union Sections on townline Brooke and Warwick.

Fisher—Monro, that Awards be approved and orders issued in payment of Brooke's share of the costs.—Carried.

Monro—Tait, that the salary of the Reeve be fixed at \$100 per annum, and that in advance of one half of salary be now paid to Reeve and members of Council.—Carried.

Bylaw appointing Pathmasters, Poundkeepers, Fenceviewers, Sheep and Noxious Weeds Inspectors, introduced and read.

Monro—Tait, that by-law be read and finally passed.—Carried.

Monro—Darvill, that Edward Orange, Sr., be appointed Drain Inspector in the room and stead of John W. Maddock, deceased.—Carried.

Trustees of Union S.S. No. 7 and 11, Brooke and Euphemia, applied for a loan of \$100, by issue of debentures.

Tait—Fisher, that application for loan be entertained, and Clerk instructed to prepare bylaw authorizing loan and issue of debentures, and advertise sale of same at next meeting of Council.—Carried.

Monro—Sutton, that the 7-8 Blind Line Drain bylaw be read a third time and finally passed, Commissioner over drain to advertise for tenders for the work.—Carried.

Requests were received for repairs to the Bourne Drain, and the Bryan-Johnston drain.

Monro—Sutton, that the Engineer be instructed to examine and report on the cleaning out of the Bourne Drain.—Carried.

Monro—Fisher, that the Engineer be instructed to examine the Bryan-Johnston Drain and if found out of repair to report with a view to enable Council to proceed with the work.—Carried.

Fisher—Tait, that Council do now adjourn to meet in the Village of Inwood on Saturday the 24th day of June, 1911.—Carried.

W. G. WILLOUGHBY, Clerk.

THE INDUSTRIAL MORTGAGE & SAVINGS CO.

These are the days when SECURITY should weigh heavily with intending investors. All kind of inducements are now offered to draw your savings into speculative investments. Promises of higher rates of interest often result in the loss of all or part of the principal, with worry consequent on the thought that THE SAVINGS OF A LIFETIME HAVE BEEN WASTED IN A FEW MONTHS.

ADVANTAGES OF HOLDING AN INDUSTRIAL MORTGAGE & SAVINGS CO. 4% DEBENTURE.

1. There is no better security offered to you to-day in Canada.
2. Your money is invested in our own Province on farm lands and municipal debentures, with which you are thoroughly familiar.
3. You are saved all worry and unpleasantness consequent on loaning your money either on notes or mortgages.
4. Not a dollar is invested outside the Province of Ontario.

Debentures and deposits are the first claim on the entire assets of the Company which now amount to nearly two million dollars.

Intensive Farming and Conservation.

Conservation has become one of the watchwords of the day. In the youth of a country like the United States or Canada, natural resources seem to be illimitable, and the only problem is to kill the game, to cut down the trees, to make the rich soil yield its increase, and to discover and extract mineral wealth. As population is augmented, the demand grows, and it is perceived that there is a limit to the supply. Thus arises the question of conserving and of renewing the store.

In the case of mineral wealth there is at present no known means of restoration or renewal. In the case of forest wealth, there is a process of restoration, which is extremely slow as compared with consumption and destruction. In the case of field crops and farm animals, there is something like an equal race between demand and supply; and hence the problem of conservation as applied to agriculture is intricate and interesting. It is dealt with by Mr. C. C. James, the Deputy Minister of Agriculture for this Province, in an address on agricultural work for Ontario. Mr. James says that the aim of science is intensive agriculture and the production of high-grade food. In Europe there is intensive farming, because land is dear and labor is cheap. In Ontario land is cheap and labor is dear. In Europe farming is intensive because of necessity and the hard teaching of experience. In Ontario intensive farming must be the result of foresight, and of recognition that all the young countries will become old, and that Ontario must eventually face the problems of France and Germany.

Having this purpose in view the Ontario Department of Agriculture carries on a campaign for drainage, for the care and improvement of orchards, for the raising of the standard of farm animals. Mr. James says that it is "not so much a question of conserving our labor. What we are aiming at is to make the labor now being expended more effective." It is recognized that the resources of the soil, if not infinite, are capable of enormous expansion by scientific methods. It is the policy of agricultural scientists to co-operate with farmers in increasing the supply of food. "If we are to get all, or a majority, of our farmers to drain their land, to sow the best seeds, to care for their orchards, to test their cows, to raise only profitable stock, and, in brief, to get the best results for the expenditure of labor, we must get into close personal touch with them and give sympathetic direction to their work." The population of the earth steadily increases, the area of land is stationary, and, consequently, the greatest problem of the future, so far as our material interests are concerned, is that of making the soil yield the maximum quantity of food.

ECZEMA CURE A BEAUTY WASH

Although D. D. Prescription has been recognized for years as the one remedy for Eczema, Psoriasis, and all other forms of skin diseases, it is now known that there is no other wash, even those used by the beauty specialists, that can compare with this mild liquid for cleansing the skin of pimples, blackheads, rash, and all similar skin affections. For this reason alone, a bottle of D. D. should be kept on hand in every household. A free trial bottle will show you the merits of this great remedy as a complexion wash.

D. D. D. seems to remove the cause, whatever the trouble may be, cleansing the skin, and leaving it as soft, as smooth

Some of those to whom we are sending statements are getting mad about it. This we can't help. We can't sit here for forty years and wait for our pay. We have to buy chairs to sit on, pants to wear out upon them, and enough corn pone and material for soup to keep the stomach in operation and those who owe us must foot the bill. Publish My Letter The World Over

The Words of Harold P. Bushy, Who Was Permanently Cured of Chronic Lumbago by "Nerviline."

"Three years ago I discovered that a man subject to lumbago might just as well be dead as alive." These words open the sincere, straightforward letter of H. P. Bushy, a well-known man in the plumbing and tin-smithing business in Portland.

"One attack came after another, and lumbago got to be a chronic thing with me. I could scarcely get in a day's work before that knitting, cruel pain would attack my back. I used a gallon of liniments; not one of them seemed penetrating enough to get at the core of the pain. I read in the Montreal Witness about Nerviline, and got five bottles. It is a wonderful medicine—I could feel its soothing pain-relieving action every time it was applied. When I got the disease under control with Nerviline, I built up my strength and fortified my blood by taking Ferruzone at meals. This treatment cured me permanently, and I urge everyone to give up the thick, white, oily liniments they are using, and try an up-to-date, penetrating, pain-destroyer like Nerviline."
 "Please publish my letter the world over. I want all to hear of Nerviline."
 Don't be cajoled into receiving anything from your dealer but "Nerviline." Large bottles 50c, trial size, 25c. Sold everywhere or The Catarrhose Co., Kingston, Ont.

"PILLS LIKE A FYLE"

So Harsh and Drastic are Many Pills as to Seriously Injure Health.

In a letter written from his home in Valencia, Mr. Marsh Selwyn does service to thousands by drawing attention to the injuries inflicted upon delicate people by drastic purgative pills. "For a long time I suffered from constipation. This condition compelled the use of pills. Like many another, I made the unwise choice of using pills that were like lightning in their activity. I began to be filled with intestinal disturbances, constant rumblings, gas in the bowels and diarrhoea. I grew pale and emaciated. Then the doctor told me drastic irritating pills had caused catarrh of the bowels, an almost incurable disease. Explaining my situation to a friend, he advised a trial of Dr. Hamilton's Pills. I speedily experienced the healing and curative effect they exert on the stomach, liver and bowels. The infestines, freed from irritating drugs, rapidly regained natural tone, the bowels acted as if nature and not Dr. Hamilton's Pills were at work. I know it will be of value to thousands to know that a pill as mild and curative as Dr. Hamilton's is available to the ailing."
For bowel disorders, sick headache, constipation, liver and stomach derangement, there is no pill so invariably sure to cure as Dr. Hamilton's Pills. Refuse a substitute. Sold in 25c boxes, all dealers, or The Catarrh-ozone Co., Kingston, Ont.

Dr. Hamilton's Pills Are Mild--Never Gripes

Accustom yourself with plenty of fresh air and you will in time become impervious to drafts and sudden changes of atmosphere. Never sleep in an unventilated room. Fresh air is life.

WOMEN READ THIS

Parisian Sage Puts Luster into Dull, Faded Hair.

Every woman reader of the Guide-Advocate who desires radiant hair that everyone admires, should go to T. B. Taylor & Sons to get a large 50 cent bottle of Parisian Sage. It is not only a delightful and refreshing hair dressing and beautifier, but it is sold under a rigid guarantee to banish dandruff, stop falling hair and itching scalp, or money back.
Parisian Sage is the best hair tonic known. It is the only one that will cure dandruff, cleanse the scalp and make the hair grow long and beautiful.
Not long ago there was held in a New England town an exhibition under the auspices of an "ancestral loan society," and among the proud exhibitors was a spinster who showed several fine portraits of her great-grandfather, an officer in the Revolutionary War. A friend was remarking to the spinster that she seemed marking, indeed, of her valiant ancestor. "A brave man!" exclaimed the friend. "Brave!" repeated the spinster. "Why, he took part in over fifteen engagements, and there was hardly one in which he didn't lose an arm or a leg or something."

LUNG TROUBLE

Mrs. Biny Brown, of Tenecape, N.S., Was Cured by Catarrh-ozone of Lung Trouble and Catarrh, After Hundreds of Other Remedies Failed.

If your lungs are weak; if there is consumption in your family; if Colds, Catarrh, and Bronchitis bother you, is especially adapted for these diseases and cures every time.
Mrs. Brown took cough mixtures, but they made her sick. Then she used an atomizer, but, after resorting without benefit to poultices, she tried Catarrh-ozone.
"I used Catarrh-ozone Inhaler," writes Mrs. Brown, "five minutes every hour, and soon recognized that it was going to cure me. I could feel the soothing medicated air spreading through the air passages of the throat, and it touched the sore spots in the lungs that other remedies failed to reach. Catarrh-ozone seemed to go just where it was needed most, and soon put a stop to my cough. It restored me to perfect health, and I am convinced that no cough, cold, or catarrh can exist if Catarrh-ozone is used."
No treatment is so clean, so pleasant, so certain to cure as Catarrh-ozone. By means of the Inhaler, the local symptoms, such as coughing, inflammation and congestion are speedily corrected. Perrozone tablets, which are taken after each meal, purify and cleanse the blood of all poisons, and build up and strengthen the system.
This local and constitutional treatment is always effective, and cures cases that have been given up as hopeless. Money can't buy or produce anything better, and to get cured it is absolutely necessary to use Catarrh-ozone.

COWED THE THIEVES.

Odd but Effective Way of Attaching a Man's Property.

Attaching a man's property for debt is supposed to be a legal process, but an incident which occurred years ago in the city of Natchez, as related by Davy Crockett in his "Life and Adventures," shows that there are other "attachments" which sometimes accomplish a beneficent purpose.

An odd affair occurred when I was just at Natchez, declared Mr. Crockett. A steamboat stopped at the landing, and one of the crew went ashore to purchase provisions. He went into a saloon on the way, and the adroit in his mazes contrived to rob him of all his money. The captain of the boat, a determined fellow, went ashore in the hope of persuading them to refund, but they declined.

Without further ceremony the captain, assisted by his crew and passengers, some 300 or 400 in number, made fast an immense cable to the frame building where the theft had been committed. Then he allowed fifteen minutes for the money to be forthcoming, vowing that if it were not produced within that time he would put steam to his boat and drag the house into the river.

The thieves knew that he would keep his word, and the money was promptly produced.

PRESENCE OF MIND.

The Earl Kept His Head, and the Highwayman Lost His.

In "Sporting Days and Sporting Ways" Ralph Nevill relates two incidents of the early nineteenth century in which English highwaymen figure: "In August, 1819, Lady Stanley, travelling from York accompanied by her servant, was stopped by a highwayman, when the maid in her alarm took up a bottle of ginger beer, and the cork flying out made such a report that the highwayman instantly galloped off in great alarm."

Lord Berkeley's encounter with one of the famous "gentlemen of the road" had more serious consequences: "Being driven over Hounslow Heath he was awakened from sleep by his coach being brought to a standstill and a threatening face looking in at the window."

"I have you at last, my lord," said a gruff voice, "though you said you would never yield to a robber. Deliver!" "Certainly," was the earl's reply, "but tell me first who is that looking over your shoulder?" "The highwayman turned his head to look and at the same moment Lord Berkeley shot him through the head dead."

The Lion of St. Mark.

The symbol of the Venetian republic—the famous lion of St. Mark—is made of bronze. There is a tradition among the Venetian people that its eyes are diamonds. They are really white, agates, faceted. Its mane is most elaborately wrought, and its retracted, gaping mouth and its fierce mustaches give it an oriental aspect. The creature as it now stands belongs to many different epochs, varying from some date previous to our era down to this century. It is conjectured that it may have originally formed a part of the decoration of some Assyrian palace. St. Mark's lion it certainly was not originally, for it was made to stand level upon the ground and had to be raised up in front to allow the evangel to be slipped under its fore paws.

The Very Oldest Inn.

Which is the oldest inn in England? The title deeds of the Saracens' Head at Newark date back to 1341, and local antiquaries cite documentary evidence to prove that the Seven Stars at Manchester existed before the year 1356. There is even a legend that the wife of Earl Godwin stayed at the Fountain at Canterbury in 1029. "But what are all these compared with the Fighting Cock at St. Albans, mentioned in 'Old Country Inn,' and said to be the oldest inhabited house in England? A few years ago its signboard modestly chronicled the fact that it had been 'rebuilt after the flood.'"

The Tree Frog of Paraguay.

In the manner of disposing of their eggs many species of frogs exhibit remarkable peculiarities. A tree frog, native of Paraguay, makes its nest in a bush overhanging a pond. The lower ends of a number of leaves are drawn together and fixed in that position by a number of empty egg capsules. The eggs are also covered with a shield of empty capsules to protect them from the sun and air. When the eggs are hatched the plug at the bottom appears to fall out and the tadpoles tumble into the water.

The number four is in great disfavor in Japan, because its name, "shi," is the term for death. There are no fours or forty-fours in the telephone directories of that country.
There is no limit for the possibilities of Niagara power. A London man attached hydro-electric power to his incubator and the result proved a success. Seventy-five per cent. of the eggs yielded healthy chicks.

Toronto Markets.

Toronto, May 30.—There were some very choice cattle included in the rather heavy run that was marketed to-day. A few extra fine export cattle sold at \$6.10 per 100 pounds and a load of extra choice butchers weighing 1,070 pounds each, were bought at \$6. Demand was fairly active for all good light butchers' cattle and prices were steady at \$5.50 to \$5.85. Bulls and cows were steady at top figures of \$4.50 and \$5.25 respectively.

Sheep and lambs were steady and unchanged. Hogs were a shade firmer, but not quotably changed.

The market showed up towards the close for the common stuff, but good cattle were no easier.

The run included 116 loads, 1,900 cattle, 520 sheep and lambs, 200 hogs and 509 calves.

COMMUNICATIONS.

[We do not hold ourselves responsible for opinions expressed by correspondents.]

TO THE EDITOR OF THE GUIDE-ADVOCATE:—

In your paper of May 19th may be noticed a communication from some unknown person, who did not venture to write over his own name, calling in question the action of those in charge of the County House of Refuge in declining to accept as an inmate one who is afflicted with an incurable and loathsome disease. The House of Refuge was never intended for a hospital or home for incurables, if it had been it would have been differently arranged and the Superintendent would have been provided with a competent nurse to look after such cases.

The particular case which called forth the above mentioned communication from an unknown correspondent is as follows: The man who was brought to the House of Refuge by Mr. Shaw, of Watford, is suffering from cancer of the face in an advanced state. If he had been admitted he would have had to have a separate room for himself, as no other inmate could have occupied a room with him; he would have to have his meals by himself, as he could not have been admitted to the dining-room with the other inmates.

The House of Refuge is not supplied with hospital appliances, neither are there any attendants capable of looking after such cases.

These conditions have been recognized by the heads of different municipalities in the County and they have taken incurables from the Refuge and sent them to institutions provided for this class of

persons. The committees in charge of the Refuge for some years past have come to the conclusion that cancer cases and bed-ridden persons are not eligible as inmates of the County House of Refuge.

HOW TO TREAT SKIN TROUBLES

Greasy Ointments of No Use—
The Trouble Must be Cured Through the Blood.

It is not a good thing for people with a tendency to have pimples and a blotchy complexion to smear themselves with greasy ointments and such things. In fact, they couldn't do anything worse, because the grease clogs the pores of the skin making the complaint worse. When there is an irritating rash a soothing boracic wash may help to allay the pain or itching, but of course it doesn't cure. Skin complaints arise from an impure condition of the blood and will persist until the blood is purified. Dr. Williams' Pink Pills have cured many cases of eczema and skin disorders because they make new, rich blood that drives out the impurities, clears the skin and imparts a glow of health. Mrs. S. L. Peterson, Brandon, Man., says: "I suffered for years from eczema, which brought with it other troubles, such as a poor appetite, headaches, and weakness. The portions of my body afflicted by the eczema gave me much pain and itching and were very hot. I tried several doctors and all sorts of lotions and ointments, but did not get the least relief. Finally I was advised to try Dr. Williams' Pink Pills, and decided to do so. After using the Pills for some time the irritation and heat began to grow less and I seemed in better health otherwise. I continued taking the Pills for several months and every vestige of the trouble disappeared, and my skin is again as free from blemish as in youth. Given a fair trial Dr. Williams' Pink Pills will not disappoint those suffering from skin eruptions or rashes of any sort." I continued taking the Pills for several months and every vestige of the trouble disappeared, and my skin is again as free from blemish as in youth. Given a fair trial Dr. Williams' Pink Pills will not disappoint those suffering from skin eruptions or rashes of any sort. The Brooke Municipal Telephone System.

The development of rural telephone service in this province promises to be much greater in the future and there is no doubt, that if properly regulated, the movement will have a far-reaching influence on the life of the farmer, by enabling him to render his social conditions more enjoyable and also to effect the saving of time in the conducting of his affairs. According to the report of the Ontario Railway and Municipal Board for 1911 it has been demonstrated by practical experience that every telephone on the farm effects a saving of not less than \$50 a year, and there are innumerable instances where a telephone has saved the user many times that amount in the same period. An extract from the same report says there is no doubt that the Local Municipal Telephone Act offers the best solution to the rural problems by means of the sound financing, the convenient means of payment and the ultimate low annual cost to the subscriber at the end of ten years. A municipal telephone system has been formed in Brooke that is making good progress in the southern part of the township. The contract for building the line will very likely be let this week. The instrument used will be a standard type of rural bridging phones. The necessity for the farmers in the northern part becoming subscribers as soon as possible is this: When the contractor finishes his work in the southern half, he will immediately begin work in the northern part, by which time, in order to cause no delay, every person who wants a 'phone should have signed the petition, so that the advisory board can make provisions for them in the construction of the line.

The particulars of the agreement with the Bell Co are as follows: Negotiations with the Bell Co. have resulted in an agreement whereby the Bell Co. will undertake to do all the exchange work at Alvinston and Watford for the sum of \$2.00 per subscriber, including, also, free service to the Bell subscribers in Alvinston for those rural subscribers connecting with Alvinston exchange and free service to Bell subscribers in Watford for all rural subscribers connecting at that exchange, so means of a local trunk line built at the expense of the Brooke system, Brooke subscribers connecting with Alvinston exchange can talk to a Brooke or Watford subscriber connecting with Watford exchange on payment of five cents switching charges to the Bell Co., or vice versa. The same conditions apply to the service with the Inwood Rural Telephone Co. as between Alvinston and Inwood, but when an Inwood

subscriber wants a subscriber on the Brooke system connecting with Watford, the charge is ten cents either way. The Bell Co. have agreed to take over the rural lines at the corporation limits of Alvinston and Watford and maintain within limits line equipment sufficient to handle the rural business leading into the exchanges at their own expense with the exception that the rural system make them a bonus of any poles necessary to carry the rural wires within the corporation limits where the Bell Co. have at present no existing lines. The Telephone Act provides for people living two miles into adjoining townships to become subscribers.

The hours of service at Alvinston are to be from 7 a.m. to 9 p.m.; at Watford from 7 a.m. to 3 p.m. Shorter hours of service on Sundays and holidays.

National Drug to Sell 3,700 Shares More.

"The annual meeting of the shareholders of the National Drug & Chemical Co. was held recently. The financial statement for the last business year was the best so far presented to the shareholders. The most interesting reports were from the Na-Dru-Co and proprietary departments of the business. The former was established only eighteen months ago, and the manner in which the drug trade and the general public have supported the products of this department has decided the directors to spend large sums of money in still further advertising this important line of medicinal and toilet preparations.

In order to continue the development of this department, and to keep pace with the progress of the country by the opening of new branches, especially in the West, the directors have decided to dispose of 3,700 shares of the 7 per cent. cumulative preference stock of the company at par. A large proportion of these shares have been taken up by the directors."—Montreal Star.

A quiet and happy wedding took place at the rectory, Wardsville, on Wednesday, May 17, when Daniel Livingstone, of the Township of Mosca, was united in marriage to Miss Pearl Armstrong, daughter of John T. Armstrong, of the Township of Euphemia. Rev. J. Edmonds performed the ceremony.
