June 13 was the second day of the meeting. The racing began with a dash of a mile and a half, for all ages, which was won by Inspiration in 2:40, with Dr. Livingstone second and Aunt Betsy third. The second race, of two mile heats, for all ages, had nine subscribers. Wah-te-Wah won the first heat, with Belle of Nelson second, in 3:55; the second heat was very closely contested, and was won by Belle of Nelson by only a neck in 3:45, with Wah-te-Wah second. The Belle also won the third and deciding heat in 3:38, fully confirming the conclusion arrived at after her running at Louisville and Cincinnati, that she is the best three-year-old filly in the

Aquatic.

HANLAN AND MORRIS.

On account of our paper being made up on Wednesday p.m., our report of this race will be anticipated by the daily press. The latest advices from Pittsburg were that both men were in the best possible condition. Up to Tuesday night very little speculation was indulged in and that at \$100 to \$90 in favor of the Canuck. The river has been swollen and turbulent, giving little opportunity for active work. A strong delegation from Canada, Toronto especially, were present, and they went prepared to back Hanlan lively if the betting was anyway satisfactory. Mr. Thomas Loudon, of this city, was accepted by both parties as referee. The river has quite a strong current, and this it was thought would be prejudicial to Hanlan. Hanlan would probably row in his new Elliott shell. There has been very little money bet in this city, only a couple of transactions worthy of notice coming to our knowledge—one of \$600 to \$400 and another of \$100 to \$75, in both instances Hanlan having the call.

THE BROCKVILLE REGATTA.

By an advertisement in another column it will be seen that the spirited citizens of Brockville have set an example which many of our Canadian cities and towns might well follow. A purse of \$1,000 has been subscribed for a four-mile single sculling contest with a turn, and invitations have been extended to all the leading oarsmen of the continent to take part in it. The following have signified their intentions of being present:—Ed. Hanlan, Wm. McKen, Toronto; Fred. Plaisted, New York; Pat. Luther, Evan Morris, Pittsburg; J. A. Ten Eyck, Peekskill, N. Y.; David Kennedy, Lowell, Mass.; and James Riley, Saratoga, N. Y.; besides several others, including the colored phenomenon, Frenchy Johnson, who recently defeated Riley at Silver Lake, Mass., with whom negotiations have not been completed. This promises to be the grandest aquatic event ever seen in America, and will be a veritable "battle of the giants." A magnificent stretch of water has been selected for the course, and the management of the affair is in the hands of the best citizens of Brockville. It is more than probable that such an opportunity to see the mighty monarchs of the oar in actual rivalry will not again occur in a long time. That it will be an interesting and exciting event is beyond the shadow of a doubt, and every lover of aquatic sport will make it a point to be there if possible. It is expected Hanlan and McKen will take up their quarters about the 25th, while the others will be only a day or two behind them. Such a race is a credit to the Brockville people, and its success is assured. It will be a day

winner, the disciple of Blackstone being a bad second. The time was 18:30. Other races are talked of.

THE MODERN OARSMAN.—Such is the title of a hand book on rowing published by Mr. Ed. James, 88 Centre St., New York. It contains wook-outs of all the prominent oarsmen, past and present, and an exhaustive treatise on the theory and practice of rowing. Besides are there instructions for building boats, English and American boating rules and a record of prominent sculling events. The price is fifty cents, and it can be obtained from the publisher as above.

MISSING.—Any reference to the Hanlan-Morris race was absent from the leading New York sporting papers last week. Not a word about it was to be found at out in the Spirit of the Times; Turf, Field and Farm, or New York Sportsman. This certainly shows a lack of interest in the race in the American metropolis.

Lacrosse.

THE CHAMPIONSHIP.

A match for the Lacrosse championship will be played on the grounds of the Toronto Lacrosse Club to-morrow afternoon between the Torontos and Shamrocks of Montreal. From the style of playing in the last match at Montreal one of the most exciting events ever seen on a lacrosse ground may be expected. Both clubs have very strong teams and since their defeat the Shamrocks have been training assiduously for this game.

SIX NATIONS—HAMILTON.—On Saturday last the Six Nation Indians beat the Hamilton club, on the latter's ground, in three straight games.

KINGSTON.—There is some talk of a match at Kingston between the Torontos and the Shamrocks. There is a fine ground at Kingston, and doubtless the attendance would justify these two leading clubs in playing a game there.

MONTREAL—INDIANS.—The Montreal club beat the Indians on Saturday 3 games to 1.

PHENIX CLUB.—On Saturday evening a meeting of this city club was held, at which the following officers were elected.—President, E. Heffernan; Vice-President, J. W. son; Secretary, J. O'Leary; Treasurer, J. Burns; Committee, T. Donlan, P. Doherty, P. Sullivan.

ANCASTER.—At a meeting of the club at this village the following officers were elected for the ensuing year.—President, Mr. Reginald Belt; Vice President, Mr. George Clark, Captain, Mr. James Wilson, Secretary, Mr. Wm. Garnett. The following gentlemen compose the Committee.—Messrs. Olmstead, M. Cooley and J. Herrington.

AT HEAD QUARTERS.

The action of some of our Canadian Associations has been so great and persistent in the violation of the spirit of the trotting rules that the New York sporting press has taken cognizance of it and call upon the National Association of the United States to take such measures as will shut the affiliated tracks of that country to almost every horse owned in Canada. If this should be carried out the penalty would be a severe one, but it would be a self-imposed one, as our horse owners have repeatedly violated the practice in this respect, with their eyes fully open to the enormity of the wrong they were inflicting, in connection with the managers of some of our tracks. We have all along fought this "no time" evil believing it was prejudicial to the best interests of the turf in Canada, and now that we have such a strong and valuable ally in this contest as the New York Turf, Field and Farm, we are under the impression we may be able to make the reprehensible practice much less frequent if it is not entirely abolished. The Turf, Field and Farm knocks at the door of the National Association and demands relief from that body of this fraud on our racing interest, and it is more than probable that its appeal will not pass unheeded. If the National Association, through their secretary should incorporate in his list of expelled horses all such as have trotted in Canada in races where the time has been withheld, it would cause more than one horse owner we know of to regret his participation in any such contests. It will be seen it is not necessary that the transgression should take place on an associated course; the secretary has power to take cognizance of the offence, no matter where it may have been committed. This is the position we have assumed all the time: but a few who professed to be wise in their way, advanced the theory that the American Association would pay attention to nothing only what occurred on their own tracks. Now this fallacy has been removed on such good authority, it is to be hoped that all our racing clubs will fully conform to the practice of the trotting rules, and not take the chances of placing horses that trot over their tracks under such a heavy disability as total banishment from the American courses. Live and act up to the spirit of the rules in all cases, and the results will be infinitely more satisfactory, and assist materially in forwarding the welfare of the turf in Canada, something it requires more at this time than at any previous era of its existence. The Turf, Field and Farm says anent this question:—

"The managers of the minor tracks of Canada seem to have entered into a combination to suppress the time made by the horses in the races given under their control. The CANADIAN SPORTING TIMES of May 31 is before us, and we observe that the two words, "No time," are appended to the summaries at Dundas, Picton, Thorold, Oshawa, Wingham and Brampton. At six meetings at six different places in the latter part of May, the judges entered into an arrangement with the owners of the horses to suppress the time. The act calls for the severest condemnation because the intention is fraudulent. On the trotting turf time is made the base of the handicap. The justness of each classification depends upon the reliability of the record. If the time is suppressed or misrepresented, the classification can not be correct. Sooner or later these Canadian horses will want to appear on the associate courses of the United States. The owners of them will seek to enter them for the prizes hung up at Buffalo and other points on the border. We would advise Secretary Vail to collect all the information he can with regard to them and their performances for the benefit of the members of the National Association. A horse whose owner enters into a conspiracy with the judges to suppress the time is, by operation of the rule, expelled. It is not necessary for the transgression to take place on an associated course. By pre-

require the bolstering up of a fraudulently concocted pedigree to add to his reputation. In the first place it is admitted that Clear Grit was by imported Lapidist a son of Touchstone. But the claim that his dam was by imported Cock of the Rock, brother to American Eclipse, is so clearly fraudulent, that it is surprising any one has the boldness to advance it at all. Cock of the Rock was neither imported nor a brother to American Eclipse, and we have good authority for saying it was impossible for Clear Grit's dam to have been by him. Cock of the Rock was foaled in 1814 by Duroc, dam Romp by imported Messenger. (Bruce's Am. Stud Book, Vol. II, p. 248.) American Eclipse was foaled in 1814 by Duroc, dam Miller's Damsel by imported Messenger. (Am. Stud Book, Vol. II, p. 81.) From this it will be plainly seen that Cock of the Rock and American Eclipse are not brothers, and that the former horse was not imported, as Duroc and Romp were both bred in America. The assertion that his second dam was by imported Blacklock may be correct enough, as may also be the claim that his third dam was by Tippe; but the Cock of the Rock portion of the pedigree knocks our faith out of any part of it on his dam's side. To continue this fraudulent representation of Clear Grit's pedigree is almost criminal, and it is to be hoped his present owner will see the propriety of not in future advancing any such claims. It is a misrepresentation pure and simple, and can not be productive of any good result. Again, this announcement, in speaking of Clear Grit's get, says, "St. Patrick, now the property of O. Nowlan, Hamilton, Ont., has a record of 2:26 or better." As bad as the pedigree business is, this is if anything worse. St. Patrick has no such record, and it is difficult to believe that a man owning a horse like Clear Grit could be innocent of this fact. The whole affair is a tissue of misrepresentations, to apply a very mild term to the statements.

While it is possible to believe that a horse owner may be misinformed in regard to the pedigree of his horse, there can be no excuse in the case of the stallion in question. The fraudulent pretensions were fully exposed not only in the SPORTING TIMES, but in the New York Turf, Field and Farm of last June and a continuance of these mendacious representations is strong evidence that there is some great object in withholding the truth. As we before remarked Clear Grit does not require such adventitious aids, if he had no other recommendation than getting such colts as St. Patrick, Clothespin, Amber and Bay Billy, it would be sufficient to stamp him as a good sire, even without a pedigree of any kind, which for all purposes, except deception, would be infinitely preferable to the miserable concoction that is being palmed off on an unsuspecting and confiding public. We hope this the last that will be heard of such fictitious breeding in this horse.

A SENSIBLE MEASURE.

During the late session of the Ohio Legislature a most commendable thing was accomplished by the passage of a bill to change the municipal code which gave power to town councils to suppress or license the use of billiard tables at will. The bill, which has met the approval of the legislature and will immediately become a law, deprives these small fry corporations and mayors of towns, villages and hamlets of the arbitrary authority to suppress this innocent and much desired recreation and it will meet the

Sporting Gossip.

Dr. Smith's Inspiration won two races out of three starts last week at Columbus, Ohio; and Mr. R. Pringle's Lady D'Arcy was placed second in the only race in which she started.

The latest proposal from Ottawa is for a four days' meeting in September, two days' trotting and two days' running.

Mr. D. S. Booth, President of the regatta committee at Brockville, went to Pittsburg for the Hanlan-Morris race.

Mr. Owen Nowlan, of Hamilton, and the bay gelding St. Patrick, have been reinstated by payment of the claim of the Rochester, N. Y., Association.

Mr. B. Maisenville, of Windsor, and the bay gelding Starlight, have been temporarily reinstated, having been suspended by Abdallah Park, Cynthiana, Ky., for non-payment of entrance money. They however remain suspended for some other fault.

A canine discussion took place at Maitland on Wednesday of last week, between representatives from Brockville and Maitland. The vicious dogs fought for two hours, and were both nearly cut to pieces. A draw was the result.

The Newark, N.Y., Races will take place on Aug. 21, 22, 23 Mr. Hooper, the enterprising owner of the track, extends a general invitation to Canadians to visit his pretty town at that time, and thinks they will not go away dissatisfied with the sport.

Mr. John Beacom, Sunnyside Farm, Clinton, Ont., has purchased from Gen. Considerable excitement was caused at Woodstock last week over a trial there about a horse warranty, between Mr. T. C. Patterson, of Eastwood, and Dr. McKay, of Woodstock. The horse was sold in November, 1876, in England. The trial lasted nearly two days, and no such ventilation of equine law had ever before been heard in the County of Oxford. The verdict was in favor of Mr. P., who brought the suit.

Correspondence.

FROM KINGSTON.

To the Editor of the Sporting Times:

The new athletic grounds were used for the first time in a base ball match between the Earl's and St. Lawrence Clubs. The greatest amount of satisfaction was expressed by all present at the level and smooth condition of the ground. The public fully appreciate the advantage of witnessing a game played on an enclosed field, as the utmost order and good feeling prevailed; which was always the case in the past. The street running within a few yards of the gate, which was another great convenience, and one that was largely taken advantage of. The game was altogether one sided, the "Earls" having it all their own way, winning by a score of 6 to 2. The most casual observer could plainly see from the superior fielding and play generally of the Earl's that St. Lawrence had not a ghost of a chance for the game. The Earl's are now the undoubted champions of the city, having retained the championship flag which they won last summer. The catching and pitching of Connors and O'Neil were much admired, would be hard to find their equals in an amateur club in the Province. On the other side Carson and Dick are not first class men for their positions, Carson making many muffs; and to a non-professional eye appeared as if he would be more at home behind a counter than a bat. I would advise the St. Lawrence men to get on a match with the "Haymakers" of Inverary for Dominion Day, as they would have some little chance of beating them.

I understand a championship game of lacrosse between the Shamrock of Montreal and the Toronto club will be played in Toronto on the 22nd inst, and would suggest that these clubs meet in Kingston which is half way, and settle the matter here. We have as I have already informed you the best lacrosse field in Canada. Mr. Morrison will give the ground free of charge, and the gate money would easily pay the expenses of both teams. There is to be a grand exhibition game played here between the Toronto's and one of the Indian clubs from Montreal. This game may have the effect of giving a little life and energy to our local lacrosse players, who in the space of the year made loud declamations of their intention to establish one of the first clubs in Canada; a president and other officers were appointed, and practice was to be begun; every member promised to attend, and the greatest amount of enthusiasm was manifested. Anyone not knowing the Kingston boys would have thought them in earnest but to one who understands their little peculiarities the whole affair presented a laughable aspect. I can imagine the President for instance tearing himself from his "coatrade in arms" at five o'clock in the morning or the worthy Secretary leaving what should be his "connubial couch" at cock crow, at the Treasurer every one knows would more likely be going to bed than using such an hour, he being a good sample of a bird that goes to roost early in the morning not caring for the worm (except in the shape of wormwood and bitters); as to the rest of the members, a keg of dynamite might start them, if set off directly under their beds nothing short of that or an invitation to have a "cocktail" would possibly get them up on an early practice; early rising does not agree with their delicate constitutions. Billiards, pool, cards and such like invigorating games answer their dainty notions better. It is sincerely to be hoped, now that we have fine ground for the game, that our young men will endeavour to act with a little energy and show to the citizens that they are not of the effeminate lackadaisical class who make a practice of walking up and down our principal streets, with their hands in their pockets, staring ladies out of countenance, and trying by their impud-

NEWSPAPER DECISIONS.

1. Any person or persons who takes a paper regularly from a Post Office, whether directed in his name or another's, or whether he has subscribed or not, is responsible for payment.
2. If a person orders his paper discontinued, he must pay all arrears, or the publisher may continue to send it until payment is made, and then collect the whole amount, whether the paper is taken from the office or not.
3. The Courts have decided, that refusing to take newspapers or periodicals from the Post Office, or removing and leaving them uncalled for, is *prima facie* evidence of intentional fraud.

The next instalment of entry money for the trotting Colt Stake of 1879 is due on July 1, and payable to Mr. Frank Stinson, the treasurer of the stake, St. Catharines.

advanced the theory that the American Association would pay attention to nothing only what occurred on their own tracks. Now this fallacy has been removed on such good authority, it is to be hoped that all our racing clubs will fully conform to the practice of the trotting rules, and not take the chances of placing horses that trot over their tracks under such a heavy disability as total banishment from the American courses. Live and act up to the spirit of the rules in all cases, and the results will be infinitely more satisfactory, and assist materially in forwarding the welfare of the turf in Canada, something it requires more at this time than at any previous era of its existence. The Turf, Field and Farm says anent this question:—

"The managers of the minor tracks of Canada seem to have entered into a combination to suppress the time made by the horses in the races given under their control. The CANADIAN SPORTING TIMES of May 31 is before us, and we observe that the two words, "No time," are appended to the summaries at Dundas, Picton, Thorold, Oswawa, Wingham and Brampton. At six meetings at six different places in the latter part of May, the judges entered into an arrangement with the owners of the horses to suppress the time. The act calls for the severest condemnation because the intention is fraudulent. On the trotting turf time is made the base of the handicap. The justness of each classification depends upon the reliability of the record. If the time is suppressed or misrepresented, the classification can not be correct. Sooner or later these Canadian horses will want to appear on the associate courses of the United States. The owners of them will seek to enter them for the prizes hung up at Buffalo and other points on the border. We would advise Secretary Vail to collect all the information he can with regard to them and their performances for the benefit of the members of the National Association. A horse whose owner enters into a conspiracy with the judges to suppress the time is, by operation of the rule, expelled. It is not necessary for the transgression to take place on an associate course. By preserving these "no time" summaries and preparing from them a list of the horses which participated in them for distribution among the members of the National Trotting Association, the Secretary will do good work. If the Canadians will persist in falsifying the record, they should be made to understand that they and their horses must not expect to enjoy the privileges of our associate courses."

A CROOKED PEDIGREE.

A gentleman in the County of Perth in a communication sends us the following and asks our opinion of it.

"PEDIGREE.—Clear Grit was got by imported Lapidist, son of Touchstone, dam got by imported Cock of the Rock, brother to American Eclipse, 2nd dam by imported Blacklock, 3rd dam by Tippe, son of Ogden's Messenger, son of imported Messenger. For confirmation of the above pedigree, see Col. Bruce's Trotting Stud Book."

The incorrectness of this pedigree was fully set out in our columns about a year ago. At that time the owner of Clear Grit may have been innocent of anything being wrong with it, but after our expose of its falsity, the fraudulent representation cannot be defended in any way. It will be seen his present owner appeals to Bruce's Stud Book for a confirmation of the pedigree, and from this authority we will produce our evidence of the entire worthlessness of the compilation—for that is all it is, and a very bad compilation it is. But before submitting this evidence it may be as well to premise by saying, that Clear Grit has proved himself to be quite a good enough stock horse not to

very mild term to the statements. While it is possible to believe that a horse owner may be misinformed in regard to the pedigree of his horse, there can be no excuse in the case of the stallion in question. The fraudulent pretensions were fully exposed not only in the SPORTING TIMES, but in the New York Turf, Field and Farm of last June and a continuance of these mendacious representations is strong evidence that there is some great object in withholding the truth. As we before remarked Clear Grit does not require such adventitious aids, if he had no other recommendation than getting such colts as St. Patrick, Clothespin, Amber and Bay Billy, it would be sufficient to stamp him as a good sire, even without a pedigree of any kind, which for all purposes, except deception, would be infinitely preferable to the miserable concoction that is being palmed off on an unsuspecting and confiding public. We hope this the last that will be heard of such fictitious breeding in this horse.

A SENSIBLE MEASURE.

During the late session of the Ohio Legislature a most commendable thing was accomplished by the passage of a bill to change the municipal code which gave power to town councils to suppress or license the use of billiard tables at will. The bill, which has met the approval of the legislature and will immediately become a law, deprives these small fry corporations and mayors of towns, villages and hamlets of the arbitrary authority to suppress this innocent and much desired recreation, and it will meet the approval of every good citizen. We have had too much of this straight-laced one sided policy in Canada, and the measure adopted by the legislature of Ohio is but in conformity with the liberal and enlightened spirit of the age, and should be followed by our Ontario legislators.

RACING IN CANADA.

In our racing reports from Canada this week, the following meetings, having purposely suppressed the time made both in running and trotting contests, are omitted from our columns: Lucan, Ont., running and trotting, five events; St. Mary's Ont., running and trotting, six events; Thorold, Ont., two trotting races; Listowell, Ont., three running and two trotting races; Woodstock, Ont., two running and one trotting race. Hereafter, when it is discovered that certain horses have become notorious "ringers," the judges at these several meetings will have the satisfaction of knowing that most of them (the horses) received their education at their hands. The "no time" meetings are first-class schools for "Ringers." Why does not our contemporary, the CANADIAN GENTLEMAN'S JOURNAL, inquire into the reasons why the time is suppressed at these meetings? That journal is doing much toward elevating the turf in the Canadian Dominion, let it add to its usefulness by unearthing the secret motives which govern these quondam judges.—Turf, Field and Farm.

Mr. William Armstrong, of Almonte, Mich., has recently purchased from Mr. G. H. Bailey, of Portland, Me., the trotting horse The Marquis, a son of Edward Everett and Mildred. The New York Sportsman says Mr. A. has a good one. The consideration was \$750.

Mr. J. P. Wiser's fine young stallion Chestnut Hill won the 2:37 race at Watertown, N. Y., in three straight heats—2:31½, 2:30, 2:32½.

A disease previously unknown in Halifax has attacked the horses there, and a few have died.

Mr. W. Van Valkenburg, of Ogdensburg, N. Y., has purchased from Mr. J. P. Wiser, Rysdyk Stock Farm, Prescott, the trotting mare Queen. She has a record of 2:34, but has not been given track work for over a year.

THE DRIVING PARK.

Some two weeks since Mr. R. R. Waddell, owner of the Driving Park, advertised that unless the Hamilton Driving Association some other body leased his racecourse before the 15th of June, he would cut the place into city lots. On Saturday morning our reporter called upon Mr. Waddell to ascertain whether he had done anything or made an arrangement regarding it. In that gentleman's said, in the course of the interview, that he had been too busy to do anything in the matter. He was determined, however, to lease the Park and summer-fallow if it were leased in the course of another week or so. People interested in the welfare of the park should see to it that some move is made whereby the Park may be retained and utilized for the purpose for which it was intended.—Hamilton Times.

A sporting friend writes us as to the naming of three young setter puppies. He informs us he has been so unfortunate in his nomenclature heretofore that he is about discouraged. He had, previous to these, another three, which he called respectively Shot, Fits, and Powder. He claims that these were more than well named, for a neighbour shot the first while after a chicken. Fits died with distemper convulsions, and Powder went off and was never more heard of. We can sympathize with our correspondent, but after the above experience the circumstances would not seem to warrant us in the attempt of standing as godfather.

A travelling minister observed a rough-looking man lounging in front of an Elko saloon last Sunday, and approaching him, asked "My friend, do you know where men go, eventually, who hang about saloons and gambling houses on the Lord's day?" "Yer whistlin', I do, pard. They spar for grub here till the hash factories tumble on their racket, an' then some of 'em strike out for Tuscarora, an' a few drift over to Eureka. I'm flyin' that programme, pard—bin over the routes myself." The minister pined on an agonizing smile and sadly passed on.

Dougall McLarty, son of Mr. Donald McLarty, of Pashinoh, is remarkable for his extraordinary height. The second of September last was his fourteenth birthday, and he now measures in his stockings a little over six feet. For the past few years he has been stretching at the rate of about seven inches a year. In reference to this case two important questions may be asked. First—What height will he reach, growing at the same rate, at twenty-five years of age? Second—Where in Canada is there one to surpass his height at his age?

The Clifton Springs Press tells of a horse owned by Rodwell Brothers, of Clyde, N.Y., in the eye of which a kind of snake was recently discovered. It is said to be about three inches long and about the size of aarning-needle in circumference. It keeps constantly on the move but does not seem to trouble the patient animal but little. Professor Law, of Cornell university, says the parasite is the *Filaria Pailloza*, which is frequently found in the intestines of domestic animals and sometimes in the brain, but so rarely in the eye that the best authorities have doubted it till recently. Professor Law says they do not reproduce rapidly, but this one would probably injure the eye if allowed to remain.

Draw poker used to be the feature and the curse of a passage on all the Mississippi River steamboats. Four or five years ago, some gamblers on one of these boats sat down to play with a singularly guileless young man. Several thousand dollars had already been staked, and then one of the gamblers pulled out \$20,000, and offered to bet them. "Put them on the table," said the guileless youth, and he then slowly produced a vast pile of notes from his pocket, adding, "I see the \$20,000 of the gentleman, and go \$200,000 better." As the gamblers did not possess \$200,000, he became the possessor of the \$20,000. The gamblers were aghast, and asked him whether he habitually carried about with him such enormous sums. "Frequently," he said; "I am clerk in a New Orleans bank, and I carry notes up to the branch banks." In vain the gamblers complained that he was playing with money that did not belong to him. The guileless youth pertinently remarked that this was a matter that alone required the directors of the bank.

of the colic. Mr. Lewis caused his letters to be revoked, and Gen Wolf is trying to get possession of the eleven horses held by Capt Clifford. The County Court of the new county may possibly be induced to back Minnie and Boston in the races, but if they should be defeated, either the court or General Wolf may be held responsible by the creditors and heirs. The law in regard to race horses belonging to an estate has never been settled by the Court of Appeals, and the decisions of the Supreme Court on the question are not very clear under the new constitution.—*St. Louis Globe-Democrat*.

A NEW USE FOR DOGS.

The suggestion of the Wehr Zeitung is that a race of dogs should be attached to armies in their campaigns, or at least to the corps of ambulance service attending upon them, and that after every battle the dogs in question should be sent forth to range over the field of battle in search of those wretched wounded soldiers who have not been killed outright, but who have hidden themselves in some refuge, and after figuring in the list of "missing" men too often perish miserable before any relief can find them out. It seems that the idea of employing dogs in this way is by no means a new one, but was brought forward two years ago at Dresden, where some dogs qualified for this purpose were shown in an exhibition. Since that time experiments have been by means of crossing the St. Bernard with other races, with a view of obtaining the most suitable breed, and a very satisfactory result is said to have been arrived at by the German fanciers. The precise mode of employing the animals on their beneficent mission is described in the Vienna paper, which explains that the dog is furnished with a leather and plate, having marked upon it his number and the division of the army to which he is attached, and the Geneva cross. To this collar is suspended a small leather bag, containing pencil and slip of paper, and even a little lantern in case of his being sent out at night. The wounded man, upon being found, opens the bag and writes his name if he can upon the paper, together with the nature of his injuries, and on the return of the animal to the ambulance, assistance is sent under its guidance to the spot where the sufferer is concealed.—*Land and Water*.

THE THOROUGHBRED RACE HORSE AND STALLION,

Baron Rothschild,

With the best trotting action of any thoroughbred stallion in Ontario, will make the season of 1878, leaving his own stable, Hick's Hotel, Mitchell, by the way of Newry, Listowel, Milverton and Stratford.

Baron Rothschild is a beautiful bright bay, with black points, broad heavy quarters, heavy muscled, and fine flat bone. He is one of the best and best bred horses ever imported into Canada. With a few weeks handling he showed better than 3:00 trotting gait. In his Canadian career he has beaten such horses as Kelson, Gen. Ouster, Protection, &c., and has run a mile in a loose half mile track in 1:46, finishing under a pull.

Parents.—By Red Eye, he by Boston (the sire of Lexington) out of Lucy Long by imported dam; dam Magonia, by imported Yorkshire; and dam Miriam, by imported Glenoe; 3rd dam, Minerva Anderson, by imported Luzborough. (See Bruce's Am. Stud Book, Vol. II., p. 10) Terms.—\$15 to insure.

CERTIFIED PEDIGREE.—"Almont Marion, sired by Almont, the great sire of trotters, (sire of Allie West, 2:25; Alice West, 2:29; Predmont, 4 years, 2:30; Katie Jackson, 4 years, 2:1; Consul, 3 years, 2:39; and a number of others equally speedy. 1st dam by Marion, a son of Mambrino Chief a fast trotter and a sire of trotters; 2nd dam, by Capt. Gay a son of Bertlune; 3rd dam, by imported Nonplus; 4th dam, by Fredericksburg; 5th dam, by Sir Archy; 6th dam, by imported Diomed; 7th dam, by imported Firetail.

"(Signed) WM. T. WITHERS,
Fairlawn, Lexington, Ky."

Having purchased this colt from Gen. Withers at a cost of nearly \$2,000 laid here, his owner thinks the breeders of Canada should avail themselves of the opportunity thus afforded by using him to improve our stock.

TERMS.—Insurance, \$40; season, \$30; leap, \$20.
