TO RAISE "MELON-CUTTING" ISSUE & → ON R. & O. INCREASE IN STOCK

OTTAWA, Feb. 7.—(Special).—W. F. Maclean (S. York) has given notice that, upon the third reading of the bill now before the house, authorizing the Richelieu and Ontario Navigation Co. to increase its capitalization from ten million to fifteen million dollars, he will offer an amendment providing that the stock so to be issued be offered for sale at public auction, and any stock remaining unsold must then be sold by the company at its market value.

The proposed amendment is a far-reaching one and will test the sense of the house upon the issue of "melon-cutting" by corporations.

The bill is now in committee and may not come up for third reading for some days.

"No Seat, No Fare"

CHICAGO, Feb. 7.—(Can. Press.)—It was learned today in connection with the introduction of a "no seat, no fare" ordinance that 30,000,000 perordinance that 30,000,000 persons annually qualify as "straphangers" in this city.

This is at the rate of 100,000 each day of whom 75,000 regularly forego the luxury of seats during the rush hours. It is calculated that the enforcement of such an ordinance would cost the street car companies \$1,500,000 a year. It was declared that not enough cars could be run into the business quarter during rush hours to accommodate all passengers with seats.

BELL TELEPHONE RATES ARE TO BE SLIGHTLY REDUCED

Moore Park Subscribers Will Be Given the General City Rates, While Phone Users in North Toronto Will Be Saved About Twenty Dollars a Year.

North Toronto will not get a telephone rate equal to that enjoyed by the residents of the rest of the city if the Bell Telephone Company can help it. But it is willing to reduce the mileage by just one mile, thus saving the individual subscribers in that district \$20. Moore Park is promised the general city rate.

The probabilities are that a general flat rate for telephones will be adopted for certain areas and radii from the centre of the city. This, it is understood, will take the shape of an order from the Dominion Railway Board. The second session, held at the city hall yesterday, was more particularly for the adjustment of telephone rates, giving the newly annext and interesting developments may follow.

phone rates, giving the newly annexed districts of North Toronto and Moore Park, which are asking for the same privileges as are accorded those living within the city limits as they existed previous to annexation of these two localities.

these two localities.

While the commissioners agreed while the commissioners agreed that it was not right to discriminate against one section of the citizens of Toronto, they are prepared eo accept a plan which will provide for the future enlargements of the civic boundaries, whereby the telephone com-pany will be in a position to cope with the new demands entailed by the an-nexation of new territory, as mileage is the bone of contention, and also to be in a position to at once quote rates which will be more favorable to the citizens than are offered under pre-

sent conditions.

Corporation Counsel Geary pressed for an equalization of rates for the residents in North Toronto and Moore Park, stating that these people live nearer to the centre of the city than residents in West Toronto, who now enjoy the privilege asked for by the former.

More Telephones.

Kenneth J. Dunstan of the Bell
Telephone Company argued that the
average subscriber lived farther from the exchange than is the case in the western section. "North Toronto has **ELEVATORS OUGHT** 273 telephones installed, while the Beaches, which amounts to approximately the same acreage, has 1466. The population in the former district is four times as great as the latter," said he. "Besides, the Beaches district and West Toronto are of a different character. In these areas they are erecting a class of house which will have the telephone installed, whereas in North Toronto, while the residential district is very good in some sections, the rest is composed of

vacant land and shacks.
"I object to that," interjected Mr.

were better off than they were now. character. With this in view, the jury string "Many of them," said he, "used their which at the morgue last night inves-ever. paid a nominal fee when conversing with subscribers in the city. It was cheaper for them to do that. Many of cheaper for them to do that. Many of creator of the elevator from all blame, them wanted to remain under the old declared that all elevators should be

On What Grounds? "On what grounds do you charge a The evidence showed that Lemon, higher rate for the people in these who had intended to go to a room on newly-annexed districts?" asked Commissioner Scott.

"Because the lines are necessarily very long, and distribution is so expensive, there being no short haul," answered Mr. Dunstan. "We think answered Mr. Dunstan. that all lines constructed outside of special rates. Annexation made no material difference to us."

"What

'What are your rates?' "They are based upon a previous lost his balance and well with his body ruling of the board. Individual lines half in and half out of the car, in to subscribers are calculated, in the which position he was caught between special class, from a distance three-the floor of the elevator and the ceiling fourths of a mile northerly from our of the third floor.

Tried to Stop.

Tried to Stop.

Tried to Stop.

Thomas Toal, aged 23, the operator of the elevator, stated that he attemptake advantage of the two party lines.

"What about Moore Park?" asked body caught against the ceiling, there Commissioner Goodeve. That is compact, surrounded by city. We, of course, are willing to quote city rates to subscribers there. We are also willing to move our mileage point a mile further north the benefit of the subscribers in

the other district. That will mean an individual saving of \$20."

A Serious Thing.
"It is a serious thing to us," interjected C. F. Sise, general manager of the Bell Telephone Company, "if we are to automatically lower our rates whenever annexation is consummated. In many cases it means the extension of unprofitable lines, and a loss rather

Mr. Geary: "You propose constructing an exchange in North Toronto."

Mr. Dunstan: "We are only providing for the future. Maybe our business will grow sufficiently. We have a purphased the site having regard to purchased the site, having regard to future prices. We can sell it if it is not needed."

The board later in the day made an inspection of the different localities,

Fifty Registered Stallions and Mares at Graham-Renfrew Dis-

persal.

Nobody dissents from the opinion that the Graham-Renfrew dispersal sale of Clydesdales at the Repository yesterday was possibly the biggest and finest Clyde sale that ever took place in the Dominion. About fifty registered stallions and mares were put up, and every one of them found a new owner, in most cases after keen competition Every single one was sold, the stallions averaging \$913 and the mares \$662 all over. These may look like nice prices at first glance, but the stock were all turned out in beautifully smooth condition, and, of course, were brimful of quality. The result is simply an illustration of the fact that is now becoming recognized amongst breeders and importers, that the real good horses are the best kind to handle and breed.

Mr. C. A Burns, the proprietor of the Repository, gave of his very best work as auctioneer thruout the sale, giving each bidder the requisite attention narrating the pedigrees of the various horses and satisfying everyone by his masterly conduct of the sale. The arena was decorated, and the horse ring, being railed off, the large attendance on the floor and in the galleries was able to study the horses in the most satisfactory way.

Senator Beith of Bowmanville, who was present thruout the auction, said that the proceedings were perfectly managed in every detail, and that in his experience

Time 1.29. Pendant, Cliff Top. Wood Dove, Tiger Tim. Edna Collins, Pretend, Camel and Riusseau also ran.

Financial Hockey League.

The Canada Life defeated the Manufacturers' Life in a keenly-contested game at Aura Lee last night by a score of 3 to 1. For the winners, McCamus played his usual strong game, and Gooch, just back from the game at Orillia, was in fine form. McKensie in goal played a brilliant game for the Manufacturers' Life, stopping many difficult shots. The line up was as follows:

Canada Life (3)—Goal, Sheppard; point, Mather; cover, Gooch; rover, McCamus, point, Vogan; cover, Lithgow; rover, Swan; centre, Ferguson; right, Woodcook; point, Vogan; cover, Lithgow; rover, Swan; centre, Ferguson; right, Morpison; left, Forgie.

At the regular semi-weekly auction, around 150 workers and general purpose horses met with a good sale, and when business closed in the sales ring at seven o'clock a very heavy day's business was necord.

Birth of Icebergs

At its birth an iceberg will be at least a thousand feet in height, as well as in length and breadth. The icebergs are discharged from the flords in vast numbers, and are eventually carried by the current of Baffin's Bay and Davis Strait into ahe Atlantic.

The icebergs are alike the grandest and the most beautiful features of the Greenland coasts. Only one-seventh of their bulk. their bulk appears above water, yet they are hundreds of yards in circumference, while their peaks reach a height of 300 feet and more. I meas-

ured one 372 feet high. A grander sight can scarcely be conceived than new-born icebergs drifting out from the ice flords of their birthplace. On one occasion I crossed the strait, called the Waigat, between of Greenland, to see the fossil forma-tion at Atanikerdluke. We sailed across against a foul wind in one of Jacko Hall's lifeboat cutters. It came on to blow hard, and threatening dark clouds were banking up over the Disco Mountains. The scene was indescrib-ably grand and wild. A perfect army ably grand and who. A perfect army of icebergs were drifting away from their discharging glacier, some of them of great height, peering up thru the wild scud and mist, while overhead a gleam of sunshine here and there brought out a peak of the Disco range bold relief.

The wind was freshening, with qualls of rain, and it was time to be off. We hoisted a close-reefed foresail and scudded before the squalls at a furious pace, now and then almost becalmed under the lee of a berg. The boat behaved splendidly, breasting and dashing thru the waves, while the white spray curled round us and flew white spray curied round us and new from the bows. The spray also dash-ed wildly over the icebergs which were rapidly drifting down the Wai-gat, "calves" cracking off with loud reports, rising and falling on the waves. It was no easy work to steer clear of them, so thickly were they clear of them, so thickly were they crowded together. Once a shift of wind, in a squall, took us aback, and we just scraped the icewall of the berg. It was a glorious sight, the drifting of the icebergs from their discharging glacier in wild weather.

When the icebergs drift well out into the open sea the weathering and consequent reduction of size begin. They eventually lose their equilibrium and capsize. The part that had been long worn under water becomes the long worn under water becomes the content of the water in the fissures may be an important agent in setting these great mountains of ice in motion.

Sometimes there is a passage right we were awakened from a delight.

hand for this auction sale. While the heavy draughts will be most heavily represented, as usual, the waggon and express horses will also be right up to the mark in quality and quantity. Our shippers advise us that they have been exceptionally fortunate in their selections, and that they are prepared to sell without reserve.

One of our shippers has the following BLACK GELDING AND MARE TEAM—5 years old, 16 hands, weighing 2,700 lbs. This is a very stylish going pair, and can step right along, and would make a first-class hearse team. They are consigned for absolute sale.

Several of our consignors who make a specialty of mid-week shipments are sending us their selections on this day, and we shall therefore have plenty of horses on hand. also sell a number of serviceably sound workers and drivers consigned to us by city people who have no fur-ther use for them, also a number of sets of new and secondhand harness and vehicles and sleighs of every description.

FUR ROBES—We are kept supplied with these necessities for Winter driving by a prominent manufacturing firm. Several grades at different prices are offered much cheaper than they can

HORSE BLANKETS. Our stock of blankets is one of the largest and most varied in the city—a dozen different grades at very reasonable prices.

WE SELL STRICTLY ON COMMISSION

ALL HORSES sold with a warranty are returnable by noon the day following day of sale if not as represented.

Belt Line and Church cars pass within half a block of our stables.

P. MAHER, Proprietor GEO. JACKSON,

They eventually lose their equilibrium and capsize. The part that had been long worn under water becomes the upper part. It is then that icebergs assume the most fantastic shapes. Very often a large piece of ice breaks off from the parent berg and falls into the sea, churning it up into creamy waves. This is called "calving."

The color of an iceberg is opaque white, like hand-pressed snow. Scattered thru the mass, and sometimes risible on the surface, are strata of the same and sometimes of ice in motion.

Sometimes there is a passage right thru an iceberg. One day in June, the sea transparent and a fine ultramarine, we pulled slowly under such an arched passage in the dinghy. Fancy an immense arch of 80 feet span and 50 feet high, formed of solid ice of a beautiful emerald green, its surface glided beyond the reach of danger. The same evening the iceberg turned to close and then slowly open.

We were awakened from a delight-ful dream to a terrible reality. The immense body of the ice was about to lose its equilibrium and turn overwith its interest of a shining smoothness, and you may form some idea of the architectural beauties of this ice temple, the won-visible on the surface, are strata of

Down Paddlers in Strenuous Junior Game-"Rah-Rah" Boys Always Best -Scores.

Varsity III. put last year's junior champions out of the running last night at the Arena. The blue and white boys were much the better, and it was only the checking of the Canoe Club that kept them in the fray. The final was 6 to 4, and at half-time Varsity led, 4 to 3.

It was a nice little tussle all the way. Varsity surprised the fans with their team play and checking back. In the first half Varsity were off on their shooting, but they had three chances to the Paddlers' one. After the rest Varsity came back with every shot dead on.

Milne was easily the best man on the ice. He checked from start to finish and gave a nice exhibition of stick-handling. Big Hutchings, on the Varsity defence, had it over the men at the other end and featured with some nice individual rushes.

The blue and white forward line was

featured with some nice individual rushes.

The blue and white forward line were well balanced and had the combination nearly perfect. The Paddlers went in too much for individual work, and when the passing game was tried they were seldom up to take it. Warwick was the most effective man for T.C.C. Meeking played a good game only part of the time. He was inclined to lie back when he might have been in the fray.

Hutchings and Sifton were a stonewall and broke up every rush. Stroud lost his usefulness by spending the biggest part of the second half on the fence. He handed it out freely all night.

Varsity got off in the lead by tallying two before the paddlers were awake. Meeking got the first for Toronto, and they tied it up when Levesque came out to check a man and missed him. Varsity had a dozen shots, but they were all wide. Moody and Hutchings gave Varsity the lead again. McKellar went thru all alone just before half-time and fooled the defence.

Varsity had all the better of the second

Just before half-time and fooled the defence.

Varsity had all the better of the second half. T.C.C. pressed in the early part of the period, but the blue and white squad checked them hard and took a hand in the doings themselves. Meeking tied up the score after twelve minutes by taking a pass in front of the net from a face-off in the corner. He easily beat Levesque, Varsity rushed the play to Toronto's end, but Laird turned them all aside. Mathews at last put Varsity out in front again, and they were never headed. Mathews made it sure by going thru by himself and tallying. This ended the scoring. Teams:

Varsity (6)—Goal, Levesque; point, Sifton; cover, Hutchings; rover, Mathews; centre, Catto; right, Moody; left, Milne. T. C. C. (4)—Goal, Laird; point, Mc-Kellar; cover, Robertson; rover, Meeking; centre, Stroud; right, Murray; left, Warwick

THE SUMMARY.

Ottawa College will probably play To-onto University at the Arena next Sat-

ronto University at the Arena next Saturday.

C. P. Fenwick, first year Med., had
the misfortune to have his collar bone
broken while playing hockey at Varsity
on Wednesday.

The general office team that beat mail
order 3 to 1 in the Eaton House League:
Goal, Bowles; point, Oak; cover, Reesor;
forwards, Burrill, Chandler, Callahan,
Laird.

Laird.

Kodaks and C.N. Ry. play this afternoon at Ravina Rink at 2.30 in a Commercial League game. A win for C.N. Ry.
will tie the group, while a defeat will
give the Kodak boys the section. Last
week these teams met at Clinton street
Rink and, after a hard fought contest,
Kodaks were returned winners. Case
Curzon will handle the bell.

The Kodak team for their game this Curson will handle the bell.

The Kolak team for their game this afternoon with Can. North. Ry. at Ravina Rink will be: Goal, Culhane; point, Brant; cover, Kirkpatrick; rover, Lowry; centre, Dennison; left wing, Jay; right

centre, Dennison; left wing, Jay; right wing, Smith.

The Elms will hook up with the Stars at Dovercourt Park, 5 to 6.30 p.m. today. Players of both teams must be on hand prompt. Elms will meet at 349 Yonge street at 3 o'clock.

The Strollers' Hockey Club will hold a practice on Saturday from 5 to 6.30 p.m. All players are requested to be on hand on the Don Flats, cushion No. 2.

Gerhard Heintzman, Limited, wish the following players out at 2 p.m. Saturday for their game with Dominion Express Company on the Don Flats: Waring, McDonald, Earls Edwards, Barchard, Brothers Lee, Carlton, Kerr, Widman, and any others whose names have been omitted.

The standing in the junior section of the Queen City League is as follows:

Won. Lost.

Lansdowne ... 2 0

G. T. R. 2 1

*Maple Leaf ... 2 1

*Maple Leaf ... 0 6

*—Defaulted.

Lansdowne will play Royal Edwards this afterneon on High Park Pink from

Lansdowne will play Royal Edwards this afternoon on High Park Rink, from

Snow and Blaylock Play Off at Queen City-Scores at Winnipeg Bonspiel.

The final between F. Blaylock, Aberdeens, and C. Snow, Lakeview, will take place next Monday night at the Queen City Rink, starting at 7 o'clock.

The teams' records show little difference between the rinks. Snow played in the preliminary and does not average as high in totals for himself or opponents as Blaylock in four games, but the wins over Haisley and Rennie would point to unusual skill for the Aberdeens. Blaylock went as far as the semi-finals last year, while two of the Snow rink, Witchell and Chisholm, were on the Lakeview team that defeated Wilson in the final three years ago, McCurdy and Wylte being the other men.

Total...... 108 Total 102 Good Curling Program.

GALT, Feb. 7.—Next week will be a busy one for the two local curling clubs. Already three engagements have been made for both clubs, and probably a couple more games will be arranged. On Tuesday the touring Detroit curlers play both local clubs. On Wednesday the Toronto Granites pay their annual visit. On Thursday Dundas will be the visitors, The Galt Granites' Tankard rinks leave for Toronto Monday night to play on Tuesday.

Curling Notes.

The Parkdale Curling Club are holding a bonspiel this afternoon, starting at 1.30.

The three trophy finals at London resulted as follows:

Tecumseh Trophy—R. Emslie (St. Thomas) 17, J. Minhinnick (London Thistica) 11

Orillias Downed by St. Andrews.
ORILLIA, Feb. 7.—In the first game of the semi-finals, Junior O.H.A., played here tonight, the locals were again winsers, putting it all over St. Andrew's College of Toronto by the score of 14 to 2. Half-time score was 3 to 1, but in the escond half the Orillians went strong and outplayed the visitors. The return game will be played in Toronto Tuesday afternoon. Referee—Waghorne of Toronto.

Illegal to Hit the Umpire.

CHICAGO, Feb. 7.—It is illegal to strike a baseball umpire in Illinois. This view was held by the appellate court today in sustaining a decision of the municipal court, rendered on Nov. 21, 1908, by which Robert Cantwell was fined \$75 and costs for assaulting Umpire Kerin of the American League. The assault took place at the local American League Park late in the fall of 1908 after a heated game. Cantwell was an ardent follower of baseball.

Score sat Winnipeg.
WINNIPEG, Fev 7.—Following are the scores of eastern rinks in the Tetley Teatwelve o'clock draw:

Star and News, You Are Answered.
The World team will go down in history as the champions of the new paper hockey league for 1913. The title was wen honorably. The News and Star team are tied for champions of the newspaper talking league. They are nack and neck with The News gang's chances the rosiest. The News challenge to The World has been forgotten by the Bay street shinnyists, and now The Star has taken it up and embellished it with much talk. Being champions we can afford to be indifferent to these empty vaporings of no account knuckers. Any newspaper team in town may play The World providing that said team is composed of players from the editorial floor, which is the case with The World. Let this sink in, News and Star. And if you want anything just pass the word along in this direction.

New Hamburg Wins Again.

NEW HAMBURG, Ont., Feb. 1.—Tonight the New Hamburg intermediate
hockey team, winners of Group 8, disposed of the Berlin intermediate team,
winners of Group 5, in the second round
of the O H.A. series, by a score of 10 to
7. At half-time the score stood 4 to 3 in
favor of New Hamburg. The line-up:
Berlin (7)—Goal, H. Ainsorth; point,
Trushinski; cover, B. Seibert; pover,
Boettger; centre, N. Seibert; right, Uffleman; left, Solomon.
New Hamburg (10)—Goal, Beck; noint,
Kauffman; cover, Scherer; rover, Hall;
centre, Bowman; right, Otto; left, Katzmeier.
Referee—McCord, Toronto.

Hotel Woodbine to Lunch, Dine or Sup. Tea Rooms and Grill. Special Eoc Lunchcon, 12 to 2. After-tacatre parties apecially catered for. Music. 102-110 King Street West.

DOMINIONS WIN

Rough Battle-No Scoring in Second Half.

In the final of the first series of the Bank League, Dominions doubled the score on Torontos in a hard, rough game at the Arena last night by the score of 4 to 2. Both teams went at it tooth and nail, but the redand black squad were too strong and pulled away to victory. No scoring was done in the second half. ninions (4)—Goal, Rice; point, Murphy; cover, Sprague; rover, Gordon; centre, Allen; right, O'Flynn; left, Clancy. Toronto (2)—Goal, Cook; point, Barr; cover, Bennett; rover, Brown; centre, McPherson; right, Davey; left, Kay.
Referee—Bill Hancock.

West End Handicaps. West End Mandicaps.

VARSITY WON AND

Blue and White Defeated Queen's in Final Game and Seconds Lost.

Varsity defeated Queens at West End Y.M.C.A. last night in the final game of the Intercollegiate Basketball Union by the score of 47 to 33. The blue and white went thru the series without a defeat, and, altho Mel. Brock was on the sick list, they were able to pull out another victory. The game was rather listless, and very seldom did either team show much of their old-time speed or science. In the final minutes of the first halr Queens succeeded in tying up the score, but gradually faced before the great work of the Queen's Park boys. Very little combination was in evidence, and wild passing by both aggregations was the rule.

passing by both aggregations was the rule.

For Varsity, Thompson and Boddy divided the honors, and it was due to their individual achievements that Varsity were atble to down the Presbyterlans. Preston and Simpson were also in the limelight considerably in the last half and pulled off some rattling good plays. Boddy scored two beauties, one from a face-off and another on a back-handed shot. Scott was very effective at right guard, but was not quite as fast as the others. For Queens, Pound was a host of strength, while Meek and Jemmett were lightning fast, but a little off-color on shooting. Stearns and Watts were good and played a nice, clean game. The score at half-time was 28 to 18 in favor of Varsity. Summary:

points, 24. Queens—Meek 2, Pound 1, Jemmett 1, Stearns 1, Watts 1; fouls, 2; points, 19.

The line-up:
Varsity (47)—Forwards. Preston (8), Boddy (16); centre, Simpson (6); guards, Thompson (17), Scott (0).

Queens (32)—Forwards, Meek (9), Pound (13); centre, Jemmett (6); guards, Stearns (2), Watts (2).

Referee—J. B. Smith, London
The preliminary game was a hummer, and Varsity II. went down to defeat before the Western University squad of London by the score of 27 to 30. The blue and white boys never seemed to be able to strike their stride, while the visitors were going at top speed all the time. At half-time the winners lead by 20 to 13. Barnes played first half and Zimmerman the last. The line-up:
Western Univ. (30)—Forwards, Brereton (12), Baines (12); centre, Yates (6); guards, McKay and Freeman.
Varsity II. (27)—Forwards, Fawcett (11), Chandler (6); centre, Cook (2); guards, Levy (6), Barnes (2), Zimmerman (0).

PARADERS MEET

Noel Marshall Re-Elected as President of Association For Twelfth Year.

The eleventh annual meeting of the shareholders of the Toronto Open Air Horse Parade Association, Limited, was held last night in the King Edward Hotel. Noel Marshall, president, was in the chair, and the meeting was largely attended.

was in the chair, and the meeting was largely attended.

The report of the parade held on Dominion Day last year was read, and the association were able to show the usual increase over the previous year in the number of entries. It cannot but be admitted by the citizens that a most noticeable improvement in the most noticeable improvement in the appearance of the commercial equipages of the city has taken place as a result of one of the benefits derived from the annual parade. There is from the annual parade. There is also another feature that is most likely to be lost sight of and that is the incentive to drivers and owners to cultivate and exercise more humane care and treatment of the horse.

The treasurer's report was read, and it was pointed out that while the sub-

criptions received were not as large scriptions received were not as large-as in previous years, yet the number of subscribers was increased, which goes to show that the association still have the public sympathy and support of the citizens of Toronto.

The election of directors and offi-vers was as follows: Mr. Noel Mar-shall was re-elected president for the twelfth year, and the rest of the offishall was re-elected president for the twelfth year, and the rest of the officers are: Vice-presidents, Robert W. Davies, Herbert C. Cox; treasurer, H. C. Tomlin; manager and secretary, H. J. P. Good; acting secretary, T. J. Macabe; executive, W. A. Young, M.D., J. J. Dixon. P. E. Callen, O. B. Sheppard, J. D. Montgomery, Geo, Pepper, T. A. Crow, E. T. Campbell, Thomas Hodgson.

Belleville Wins.

BELLEVILLE, Feb. 7.—Belleville 'unior hockey team tonight by a score of 8 to 2 defeated the Picton team in an O. H. A. match, played here. The referee was L. Whitehead of Toronto The line-up: Belleville (8)—Goal, Brotherhood; point, Whitte; cover, Wilson; rover, Hodginscentre, Higgins; right, Wallace; left, Goyer.

Picton (2)—Goal, Scott; point, Hubbs; cover, Hefferman; rover, Burns; centre, Monoghan: right Hud-ing; left, Cooper.

BASEBALL NOTES.

The New York American League Club, in a decision by the National Commission, made public, is directed to pay the Atlanta Club of the Southern League \$600, which that club claimed to be due it for the return of two of five players secured from New York last season. The New York Club entered a counter-claim of \$1500 for the release of Player Coleman to Atlanta, but this is disallowed, as Coleman falled to report to the Georgia club.

Walter Shaller, recently released to Providence of the International League, under the optional agreement, has been recalled by the Detroit American League Baseball Club. It was announced that Shaller will go south with the Detroit recruits. Several changes in arrangements for the spring training trip were announced Monday afternoon. The Detroit youngsters will leave there Saturday. Feb. 22(for the training camp at Gulf port, Miss., and will be accompanied by Manager Jennings and Coaches Sugden and McGuire. Exhibition games with the Cincinnati team have been arranged for March 8 and 9 at Mobile, and April 7, 8 and 9 at Cincinnati.

TAKEN IN PONIES

Judging at Exhibition May Be

Distributed Over Several Days.

The directors of the Pony Society claim that Toronto's children take too little interest in the pony exhibits at the Canadian National Exhibition, and at the society's annual meeting last might a proposal was made to hold the pony judging on several days instead of on Children's Day alone, as at present. At the meeting last night it was reported that a breeder at Massey had more than 100 ponies.

The following officers were elected: Hon. president, T. A. Cox, Brantford, re-elected; first vice-president, T. A. Cox, Brantford, re-elected; first vice-president, T. Loveloy, Mimico, re-elected; second vice-president, W. J. Langdon, Toronto; director to Canadian National Exhibition, H. M. Robinson, Toronto; directors, Judge McGillivray (Whitby), J. M. Gardhouse (Mimico), B. Tisdale (Beaverton), R. Graham

Rewards For Winning Big Great Battles

Sons of Peasants Who Became Dukes.

generals by the Balkan States.

The "triumph," the highest honor known to the Romans, was not lightly silven. The victor must have attained certain rank; the war, definitely concluded, must have effected the exponent of the state boundaries; at least 500 of the enemy must have een slain. Granted these conditions, the streets were dressed with garlands and streets were dressed with garlands and samid applauding crowds drove the general, seated in a four-horse chariot. Robed in purple and gold and crowned with laurel, he held in his right hand a laurel branch and in his left an ivory sceptre.

The records of modern warfare contain nothing more romantic than the later was advanced to an earldom and granted a pension of two thousand pounds a year. A few months later he was promoted Marquess and given £100,000. Returning to England in 1814, he was created Duke of Wellington and given a further grant of £400,000. Meanwhile, Spain and Portugal, the scene of his exploits, had united to do him honor. Of the former kingdom he became Duke of Cludad Rodrigo and a grandee of the first fing indignity, were created peers of France long after their leader had gone tain nothing more romantic than the

and finally against their master, accounts for Wellington's reception of honors unequalled in the history of Britain, and probably in that of the world. These honors, contributed by many nations, were achieved after seven years' warfare and at the age of forty-six.

Dauntless Wellington

Landing in Portugal in 1808 as the Hon. Sir Arthur Wellesley, the victory of Talavera in the following year saw him reised to the posterior of Portugal History provides many precedents for the handsome rewards which, we may be sure, will be accorded their generals by the Balkan States.

The first of the handsome rewards which, we may be sure, will be accorded their generals by the Balkan States.

The first of the handsome rewards which, we may be sure, will be accorded their generals by the Balkan States.

148—361 | ed with laurel, he held in his left hand a laurel branch and in his left an ivory sceptre.

The records of modern warfare contain nothing more romantic than the students of the humblest birth, they joined th the country's appreciation. A foreign title, that of Prince of Mindelheim, re-presented a further tribute to his

Elevation to the peerage has long been the form of rewarding the most distinguished military service, and the roll of the House of Lords has been enriched by the addition of many illus-trious names. In no quarter of the world have these titles been won so frequently as in India. One thinks of Robert Clive, to whom we owe very largely our possession of that great dependency. For his victory at Plassey, Clive received the somewhat ina-dequate reward of an Irish barony. A later generation felt, apparently, that something more was due to his memory, for his son was advanced to the

At a later date Sir George Harris won a peerage for his conquest of My sore. The Sikh wars of the early for ies of the last century, resulting in ties of the last century, resulting in the annexation of the Punjab, brought viscounties to Sir Hugh Gough, the British commander, and to Sir Henry Hardinge, the Governor General. Hardinge, a Peninsular hero, and grandfather of the present Viceroy, showed a fine spirit by accepting service under Gough as second in command. Gough received a pension of £2000 a year, to be continued to two successors in the title, and Hardinge one of £3000 a year for a like period.

Pensions and Peerages The Mutiny brought a peerage to Sir olin Campbell, who effected its supression, and baronetcies to several of ur generals. That conferred on the aliant Havelock was awarded in pa-hetic circumstances, as he died ere-he knowledge reached him. Lady dayelock, however, was granted the ink of a baront's widow; her son was made a baronet, and each was granted pension of £1000 a year. A like pension accompanied the baronetcy given to Sir James Outram, the "Bayard of India," and was continued to his on, who died quite recently.

Lord Napier of Magdala, raised to the peerage for his Abyssinian exploit, was the last British general to be givn a hereditary pension. In recent imes Lord Roberts, Wolseley and Kitchener have been voted money grants to maintain their peerages. GOODYEAR EXECUTIVE OFFICERS

Moved From Queen to Victoria to Facilitate Business.

The Goodyear Tire and Rubber Co.. who up till now have had their head office and Toronto branch at 85 East Queen street, have been obliged to move their executive offices to Victhe Toronto branch of the business. In anticipation of this growth, the company started to erect a building which will be completed some time during the coming season, and which during the coming season, and which will accommodate both their head office and their Toronto branch. It has been found impossible, however, to wait for the completion of this building, which accounts for the separation of the two offices for the present.

The Toronto branch will imain at 85 East Ougen street until the new

milding is ready for occupancy. Apart from the railroads, the total number of accidents in New Jersey to workmen resulting in serious injuries was 1.389. Of these 202 resulted in death at the time the accident occurred on shortly thereafter.

BATURDAY MORNING, FEB. 8, 1913.

THAT HUMBER LINE. Who is asleep at the city hall on the job of taking over Mr. Home Smith's free right-of-way at the Humber and building the civic car line there? A year ago the city asked the legislature to let the matter stand over, as the city intended to build the line it-

ture this year, having done nothing, it will be a fine record for Mr. William Moore to produce when the city tries to protect itself from the coils of the Mackenzie radial lines. Of course Mayor Geary did nothing. That was his recognized policy in matters in which the radial lines were interested. But why does the present board of control go to sleep on the job?

The city will never have such a chance again to get a free right of way from the northwest of the city and to run a fast transport service fair return on the proposed investin connection with the Mimico stub ine. And the cost of building the three miles of track, with all necessary adjuncts, will be under \$120,000! Better get busy before the city goes designed to secure that the work conbefore the legislature.

LAND TAX REFORM. If there is anything clear about the the actual requirements. land tax reform it is the fact that its opponents do not understand it. The Mail and Empire, which insists upon calling in single tax, we presume on press that the public had no concern with the capitalization of public serthe lucus non lucendo principle, illustrated its own misconceptions on vice corporations. But it is now generally recognized that the public are Thursday in dealing with skyscrapers the building of which it seems to think would be encouraged by the land tax. This view is based by The Mail and Empire on the idea that esment roll under land tax. The and tax theory is that real estate would be assessed for every cent it is the systems and then seen the increased value thence arising used as a missioner assesses real estate at about 50 to 75 per cent, of its value, altho the act requires him to assess at its

COL. M'LEAN ON

Continued From Page 1. clared, was not a bugaboo, but a cold-blooded fact and as the task of build-ing a Canadian may was too great a one for immediate consummation he was in favor of a contribution. He pointed out that matters affect-ing the safety of the empire were dis-cussed and settled amicably by both carties in England

parties in England.
"I want," declared Col. McLean, "an fficient naval service; I do not want a baby navy. Carry out the gov-ernment's resolution and build the largest and strongest ships which science can devise and money can

He said that he wished to encourage shipbuilding in Canada, but that, at the present time, Canada did not have the necessary shipbuilding plants, able to build ships of such intricate

mechanism as the modern war ship.

"Duty" the Word.

He also questioned the correctness of using the word "emergency" when referring to the contribution. He thought it should be "duty." He pointed out how small Canada would look if she did not contribute in semantic. if she did not contribute, in compariof \$19,000,000, Australia's \$30,000,000, South Africa's \$4,250,000, India's \$8,-200,000 and Newfoundland's \$200,000 lie concluded with a stirring appeal for Canada to do her duty as a comment part of the British Empire.

Mr. Lanctot (Laprairie) moved the adjournment of the debate, which will be resumed on Tuesday next. It is understood that a vote will be reached on Thursday.

City's Loan Not Local

"The city has not negotiated a local loan in the true sense of the word," declared Assistant City Treasurer Patterson yesterday.
"I understand that Messrs.
Ridout & Strickland, who did our ess for us, obtained the money from some American bank, whether it was in New York or elsewhere I am not prepared to say."
"What is the idea of obtaining the money just now?" asked The

World. "Well, we will not get the \$5,-000,000 from London for another two months, and the anticipated \$7.000,000 which we hope to get by taxation will not be collected until the beginning of August, and wa wanted this money to help us out for a while."

out for a while." "Will the city pay 5 per cent?"
"I don't know," was the reply,
but he was not inclined to contra-

WASHINGTON, Feb. 7.—(Can. Press.)—Storm clouds over Central America, with the single exception of Costa Rica, caused the United States today to order four warships there. Reports upon which this government took action come from many quarters, and the in most cases they are somewhat vague and 'speculative, they are strongly of the same general tenor that it was no longer thought wise to permit American interests in Central America to remain exposed to any dangers.

The New Woman,

The New Woman,

The New Woman,

The New Woman,

The Armers of Manitoba, places itself on a farmers of Manitoba, places itself on record as firmity opposed to any expenditure whatever of public money for the construction of neveral armaments. Remember thas it this resolution, which the prime minister of Great Britain praised which he spoke of as if it represented the people of Canada, is a resolution which is hostile to the present government of Canada, which is leveled directly against that very policy of contribution to our naval defence which has been suggested and will, I believe, be carried out by Borden and his colleagues at great political risk and after consultation and with the full approval of the British Government. I ask, 'Is it fair to the Canadian ministry to quote with approval as if it represented the Canadian people a resolution directly leveled against that ministry?"

Prussian Airmen Drowned.

DANZIG, Prussia, Feb. 7.—(Can. Press.)—The navy aviators, Lieut. Commander Walter Janetsky and Machinst's Mate Diekmann were drowned today in the Gulf of Danzig thru the collapse of the aeroplane fell into the water. Boats were rushed to the spot as speedily as possible, but none of the men could be found.

Brown Happiness?

Woman as always been forced to give away to economical and historical changes.

Brown Happiness?

Woman as bygone days knew her landinger thinger the properties of the the strange spectator in the fable who entered a large museum of natural history and noticed only flies and other insects, but overlooked that there were also elephants, lions and tigers in the collection. For behind the liberal professions there is the vast industrial and commerical life which altogether escapes our notice.

which altogether escapes our notice.

Let us nerely take France as an example. According to the census of 1906, made public last year, French commerce which in 1866 gave employment to only 241,000 women, employed 577,000 in 1896, and 779,000 in 1906. In agricultural employment there were

cles, have never ceased to attract wo-men. They have refused to consider for a moment the danger to their health. We see them employed in the weaving mills and chemical factories, in the foundries, the chain works, the paper mills, the bookbinding works, even in the factories where explosive materials are made. They help to produce everything we use, even glass bottles, an occupation considered the most unhealthy of all.

most unhealthy of all.

The figures quoted in France are so much more significant as our population has remained almost stationary during this period, the loss of Alsace Lorraine having been counterbalanced. by immigration and an insignificant increase of births. But the industries of France are not to be compared to those of the United States or Germany. The facts which have been shown in France are far more striking in other coun-

Now here is a fact which silences all argument: While the female industrial population of France has increased nearly 100 per cent., the male has only increased 56 per cent. An irresistible force is evidently driving woman onward into competition with man and every hope checking this tendency is absolutely futile. We are witnessing a new phase of the evolution of woman. Treated like a domestic animal, then as a mere slave or servant, she had risen towards the end of the eighteenth century to the position of a minor, tenderly loved or outrageously despised and neglected.

Public activity, the future of so-

ciety will get closer to her heart, which will learn to think of and care for the vast dominions of life, its sorrows and its duties. She will love it and defend it with zeal and intelligence. Her perconality broadened by the proofs of her enlarged existence will hold high the standard and colors of home. Having become san individuality herself, she will respect still more the individuali-

To Have Smooth, White, Soft Skin All Winter

(From The Woman Beautiful.) es your skin chap or roughen easithis weather, or become unduly or blotchy? Let me tell you a ck, easy way to overcome the trouble and keep your complexion beautifully white, smooth and soft the winter long. Just get an ounce of ordinary mercolized wax at the nearest drug store and use a little before retiring, as you would cold cream. Upon arising, remove the coating with sudsy water. The wax, through some pe-culiar attribute, flecks off the rough, discolored or blemished skin. The wornout cuticle comes off just like dandruff on a diseased scalp, only in almost invisible particles. Mercolized wax simply hastens Nature's work. Used as required, it keeps the face constantly free from devitalized scarf skin and only the healthy, young-looking skin is in evidence. It's the best treatment known for weatherbeaten, aged, muddy, freckled, pimpled and all unbeautiful

Woodland) with her. Mrs. F. C. Husband, 24 Whitney avenue, North Rosedale, for last time, Monday and Tuesday. Mrs. R. J. Craig, 149 Westminster a thread. Then pour slowly into the white of one egg which has been whipped until stiff. Beat regularly and evenly until cold. Then stir in a quarter of a pound of almonds which have been blanched and chopped, two ounces of seeded raisins that have been soaked in hot water until well swollen and two ounces of finely chopred citron.

IF THIS IS YOUR BIRTHDAY Do not travel or embark in new schemes unless you are sure of the motives of those who propose them.

The Power of Heredity

The modern young mother is usualwise in the physical training of her aby. She aims by care and attention o keep his body whole and sound, and o let his mind develop along proper and natural lines. But how often does it occur to this careful little woman that the child may have inherited from her or his father certain mental or moral qualities, harmless perhaps when separate, but too powerful when united?

Take an example: A man is descended from a long line of scholars—poor men, who starved their bodies to nourish their minds. He is an ill-nourished, nervous fellow of poetic temperament. He marries the daughter of a good-natured, wealthy broker. They have a son. This baby's father had always lenged to become a great man—educationally. He had dreamed dreams and seen visions all his life, but a strong sense of duty compelled him to give up his scholastic dreams and merely earn his living. His mother had never been troubled with poverty. She was as easy-going and untroubled as most girls who have had no responsibility. Imagine the chief traits of these two characters combined in the baby boy. He inherited from his father fantastic longings and from his mother no sense of restraint or obligation. His parents indulged every whim, and his passions developed with unnatural speed and ferocity. The indications are that such a boy becomes hopeless-ly degenerate.

Or another case: Suppose the and natural lines. But how often does it occur to this careful little

degenerate. Or another case: Suppose the

St. James' Square Church, The evening service at St. James' square Presbyterian Church on Sunsquare Presbyterian Church on Sunday will partake of a special character. The minister, the Rev. Andrew Robereson, D.D., will deliver a sermon entitled "The Adventure of Life." There will also be a musical program of interest by the chorus choir, and solos will be sung by Miss Marion Douglas and Mr. D. E. Caldwell. At the close of the service Dr. T. Alexander Davies will give a recital on

and other rudiments of the Ordu lan-guage, with here and there some slight knowledge of writing learned from open doors of Sunday freedom offerknowledge of writing learned from fathers and brothers. But their attendance at schools and their advanceupon as a dangerous innovation.

Lindsay Winter Fair—\$2.05 Return from Toronto.

CARSON CITY, Nev., Feb. 7.—(Can.

Press.)-After several hours' struggle the divorce law amendment, requiring twelve months' residence in the state instead of six, passed the state assembly today by a vote of 30 to 22. It goes next to the senate, where another hard a different manner than idealistic ser fight is expected. The Barnes amendment adopted today is to go into effect Jan. 1, 1914.

Over 300 men and women working

for the passage of the measure came to the capital from other parts of the state in special trains this morning. The measure adopted today carries recommendations of Govornor

BABY'S OWN TABLETS

frol. These are among the symptoms of St. Vitus' dance, a trouble that afflicts growing girls and boys, most frequently during the school age. Dr. Williams' Pink Pills are such a splendid nerve tonic that they have cured the worst cases of St. Vitus' dance. They do this because the new, rich blood they make feeds and strengthens the starved nerves, thus throwing off the disease. Here is an example. Mrs. Pierre Lambert, Paquette-wille, Que., says: "I read in the papers of what Baby's Own Tablets were doing for other children. So decided to try them for my baby, who was suffering from constipation and stomach trouble. They worked like a charm and now I always keep them in the house and recommend them to all my friends." Baby's Own Tablets cure constipation and "For over two years my little girl, L. L. Gifford, Westover, Ont., says: Own Tablets cure constipation and "For over two years my little girl, indigestion; they expel worms, break Constance, was a sufferer from St. up colds and allay simple fever and Vitus' dance. She was frightened make teething easy. They are sold badly by a dog, which seemed to by medicine dealers or by mail at 25 bring on the trouble, and notwithstanding all we did for her it seemed to be grown as had

NONE-SO-EASY

SWISS SOCIETY NINE YEARS OLD

Birthday of Toronto Association Was Celebrated in Excellent Style.

PROF. CUSIN'S WELCOME

President of Society Deplores Rigid Sunday Laws in Canada.

On Tuesday last at Occidental Hall, ore than two hundred Swiss of Toronto, their families and friends, honored the ninth birthday of their so-

ciety in a most enjoyable manner. The prosperous times in Canada attracted more immigrants to this country, and especially to Toronto, thanks to the tireless efforts of the Swiss consul, Mr. Remy Burger. The Swiss have therefore arrived in larger num-

have therefore arrived in larger numbers than ever before.

The usual Swiss orchestra was unfortunately prevented from giving its welcome service and was replaced by a local band, which played very well the American two step and three steps instead of the Swiss dances. The Swiss singers distinguished themselves in the rendering of beautiful Swiss patriotic songs. Refreshments for the many guests were well provided for.

Welcome to Guests.

Prof. J. Cusin, president of the Toronto Swiss Society, in a speech repeated in three languages, welcomed

Reigns in India

Prof. J. Cusin, president of the Toronto Swiss Society, in a speech repeated in three languages, welcomed in the languages, welcomed in the peated in three languages, welcomed in the mission, in the mission, the languages, welcomed in the peated in three languages, welcomed in the gests of the gests of the peated in three languages, welcomed in the mission, welcome and derman. By an unfortunation in a pool of water, for this rots the roots. You should not pour a little water on to your fern as it stands in the china cover pot, or the water will drop through the hole at the bottom of the clay pot and make a stagnation in the consulting pool.

Take your fern right out. Set it mould be peated in three languages, welcomed in the respective to give it a good alring. Then it will come back into the room looking quite fresh and basin under the peated in three languages, welcomed in the mission.

in all the various state departments.

One of the Begam's chief interests was education, particularly, too, the education of girls. She decided, therefore, to open and patronize personally a girls' school.

The education of girls in Bhopal was chiefly limited to a study of the Koran and other rudiments of the Ordu language with here and there even slight.

tendance at schools and their advance-ment in general knowledge was looked of our readers it must be well understood that Sunday is the only day in Switzerland left for a family or any individual to enjoy as he may person-ally desire the Sunday rest. The Swiss being exceedingly religious, sober and Douglas and Mr. D. E. Caldwell. At the close of the service Dr. T. Alexander Davies will give a recital on the fine new efectric organ.

Chas. O'Donnell's Estate.

Charles O'Donnell, of Mimico, left an estate of \$82,725. It includes a mortgage for \$20,000 and one for \$10,000 to the Roman Catholic Episcopal Corporation of Toronto for Orillia parish, and one of \$10,000 for ehe Sisters of the Good Shepherd. The estate goes to the widow and son morse of conscience, the laborer leaves his tools, the accountant his books, Nevada May Require Six Months' his tools, the accountant his books, and looks at once to the hills, the mountains and forests for the blue mountains and forests for the blue sky and the pure air, the silent con-templation and adoration. Or perhaps templation and augration.
he goes in the noisy inn where people and dances, beer and wine, restoring the tired out nerves held under great tension of business respons bilities in

vices.
"This deep desire for Sunday res and freedom was the start in Switzerand freedom was the start in Switzer land of the Sunday Rest League, called here the Lord's Day Alliance, the Swiss desiring to help all Christian nations to have one day of rest in seven. In America the Lord's Day Alliance is changing the name, unfor-tunately misunderstanding part of our purpose, encouraged the closing up of all places offered to men and their families for some recreation during this only day given by God to men for

their bodily or spiritual wants.

The Swiss Know.

"Now the Swiss really know how to harmonize their worship and duty with the Lord, our God." During the evening, between dances and speeches, games were played, ladies and gentlemen taking part. Both had a chance to gain desirable prizes. By a kind thought of tender sympathy the president, Professor Cusin however provided a large how Cusin, however, provided a large bag, filled to the brim with booby prizes, which he distributed freely to all the unfortunate players, so that finally not

any person or child remained without a prize or a souvenir of this most enjoyable evening. M. J. G. Wolfram addressed gathering as secretary of Mr. Remy Burger, Swiss consul for Ontario and Manitoba. His speech was enthu-siastically applauded. Mr. Neff, a German native, stated

Mr. Neff, a German native, stated in a very able manner in German the good wishes of all the German societies of Toronto for the Swiss society. Among the large gathering were many daughters of La Belle France who, by their natural brightness and tasty toilettes, helped very much tenliven and brighten the proverbial lourdeur of the teutonic element, which was largely represented.

The news published about the war produced certain excitement, here are

There is no substitute for Royal Baking Powder for making the best cake, biscuit and pastry. Royal is Absolutely Pure and the only baking powder

morning.

A photograph of the large gathering was taken.

Never let a fern or plant stand in pool of water, for this rots the ots. You should not pour a that

burning, but carry them out into the passage, or into an unlighted room.

You must be careful not to put delicate ferns in a draft, as this would wither them. Maidenhair ferns are especially sensitive, and will curl up and turn quite brown if they are left near a window on a chilly day.

Remember that plants that live in a sitting room where a fire is burning need more water than those that live in a cool passage. If a plant stands on the mantelpiece it will want to be watered every day. But one that stands in the passage or near the window will need watering only once or twice a week.

piled in such a manner that any subject may be found in an instant windout searching thru page after page of useless matter. It is illustrated as is no other similar reference work, with magnificent color plates and monotone engravings, as well as tentillustrations.

Don't put it off until the offer withdrawn, but clip the cyclopeds coupon from another column of this issue and present it today with only \$1.98 for the complete set of five volumes, which regularly sell for \$11. twice a week.

A plant goes on growing every day You can see the leaves getting bigger and you can take it for granted that the roots are swelling also. After a few months the roots will have swol-len so much that they need to be put in a larger pot. Strong growing ferns should be repotted twice a year—in the spring and in the autumn—while

many of the Swiss may have to return soon to join their regiments in the Swiss army.

After the singing of the Swiss Anthem and "God Save the King" the feast closed in the early hours of the soon as they begin to droop. the more delicate kinds should repotted in the spring only. If you have a plant with flower it, you should snip off the fading as soon as they begin to droop, are no longer pretty to look at there is no need for the plant to its strength in feeding them, them off, and then all the sage into the new buds and are go into the new buds and them so well that they will fine, beautiful blooms.

lent company has assembled an excelcharacters, headed by Arthur Hoops, and including Miss Ruby Hoffman and the Messrs. Hollingsworth, Siyer and Cheseldine.

The special extra attraction on the bill is the Three Travilla Brothers and their diving seal with the human brain. The brothers are called human seals and the trained sea lion appears with them in a mammoth tank. Mime, Autumn Hall Curtis is making her first vaudeville appearance. Manager Shea's in answer to many requests from her Toronto friends. She is one of America's leading violinists and her work is better known in Europe than in her own country. Raymond and Caverly, the German comedians, will Quive and Paul McCarthy are newcomers at Shea's, altho well-known
musical comedy stars, and have a dainty offering. Rube Dickenson, the justice of the peace, will be a feature of
the bill, as will the Kaufmann Troupe,
who have made a world tour since appearing here. Martinette and Sylvester, the boys with the chairs, are old
favorites, and La Arenera and Victor

are Spanish dancers who will be well received. A new kinetograph picture will close the bill.

Thursday's Fine Concert.

Notwithstanding the immense number of concerts that are being given just at this time of the year, the interest in the coming appearance of just at this time of the year, the interest in the coming appearance of Leo Slezak, leading dramatic tenor of the Metropolitan for the Symphony Orchestra cencert on Thursday evening next is at high tension, and prospects are that Mr. Welsman will have another "sold out" house for this concert.

The orchestra will give as the prin-

The orchestra will give as the principal work the Beethoven Eighth Symphony, first produced by Mr. Weisman two seasons ago. Beethoven himself called this symphony a "little" symphony, on account of its brevity; and, while it is not regarded by critics as one of the epoch-making works of the master, it is yet a very grateful work for a concert program, and it is almost certain that the allegretto it is almost certain that the allegrette will be encored. As is the wont of Frank Welsman, he is again introducing two new additions to his repertoire, one from the modern French school, the Marche Ecossalse by Debussy, and one from the modern Russian, (Tschalkovski's "Nut Cracker"

Mr. Slezak will sing the tenor aria from Puncielle's "La Giaconda" and the "Cielo e mar" from Meyerbeer's opera "The African." These numbers will be given with orchestral accompaniment. He will also sing a group with Miss Macmillan at the plano, and it is pleasing to note that over half of these will be given in English. They are Sydney Homer's "Dearest," "June," by Rummel, and George Henschell's Morning Hymn, "Tom der Reimer," and a Liszt number in Ger-

No Reason Why Men and Women of Sixty, Seventy and Eighty Should Not Be Well-The Secret of Happy Old Age.

"Fruit-a-tives," the Famous Medicine Made of Fresh Fruit Juices, Again Proves Its Great Value in Curing Kidney Trouble.

Old age pays the cost of living. Few men and women of fifty, sixty and seventy are free of Kidney Trouble. Hard work, mental strain and general debility tell in the long run. And many men and women show they have Kidney Trouble by suffering with pain in the back, headaches, rheumatism, sciatica, bladder disease.

To such people "Fruit-a-tives" has proved one of the wonders of the age-and the most remarkable discovery of the century in modern medical science. This fruit medicine has performed hundreds of cures where the sufferer had been told that the case

Made in Canada

tubes and threatens the lungs. At this critical time you want a medicine you can depend upon to cure the cold and protect the lungs. Dr. Chase's Syrup of Linseed and Turpentine has proven its value by many years of unqualified success. When you use it you do not feel that you are experimenting, but rather that you are doing all that can be done to cure the disease and prevent serious results.

This medicine is particularly well known as an effective treatment for chest colds and bronchitis. It not merely clears the choked-up air passages, but also allays the inflammation, and

has a far-reaching effect on the whole respiratory system.

By its soothing influence on the nerves, which are always excited in the case of bronchitis and asthma, it lessens the coughing and allows the irritated mucous lining to heal up. In this way the greatest relief is obtained promptly, and cure just as surely comes with continued use.

In the great majority of homes Dr. Chase's Syrup of Linseed and Turpentine is kept constantly at hand for the treatment of coughs, colds, bronchitis, whooping-cough, asthma and sore throat. With this great medicine at hand you can control any ordinary cold, and bring prompt relief, even in severe cases of bronchitis and asthma.

Imitators go so far as to use the name Linseed and Turpentine. The medicines are alike in name only. You can be sure of getting the genuine by seeing the por-trait and signature of A. W. Chase, M.D., on the bottle you buy. 25 cents bottle, family size 60 cents, all deal-

SATURDAY MORNING

one which the government should consider very carefully; that is that there should be a royal commission, or a commission of some kind appointed to investigate the banking systems of the large cities, but they are world, and be able to report to this country as are the big commercial institutions.

Sank Marson house before the bill becomes law. Of course it would be necessary to renew years in order to give the commission time to conduct the investigation and make a report, but the country and for two years, continuing the present conditions, especially in view of the fact that, as I view the bill, it does not change the conditions to any very great extent. And if the commission find that we have the best system in the world, then the only thing we have to do is to accept it. I do think that from the general standpoint of Canada's interests our system possessis licies that are in operation at present. One of the great difficulties in my system in the world. Some hone members have explained this afternoon the system at present being followed in France; the enormous amount of money they are lending to the French Government free, and the amount of money they are lending to the fellower in the system of banking amount of money they are lending to the fellower in the system of banking agencies. As I said before, I have not a very intimate knowledge of the members have explained this afternoon the system at present being followed in France; the enormous amount
of money they are lending to the
French Government free, and the
amount of money they are lending to
the French Government at one and
one-half per cent interest. With all
due respect to the hon, gentleman who one-half per cent interest. With all due respect to the hon, gentleman who advanced these ideas, I do believe that would not be possible in Canada, because money is worth more here than in France. Men who have money can small deposits through the country—in France. Men who have money can be only \$25 or \$100 or \$1,000

in France. Men who have money can invest it in the ordinary business affairs of the country and get from it a greater percentage of profit, and therefore, we have got to face the conditions as they are. We cannot expect, however, to keep the money in the in transferring the money from the banks of a rate of interest which heave however, to keep the money in the banks at a rate of interest which bears nks at a rate of interest which bears y reasonable proportion to the intert they would receive in the ordinary is iness affairs of the country. It will only requality, and would give splenany reasonable proportion to the interbusiness affairs of the country. It will be a splendid thing for the members of this house to get the information before them as to what is actually going on in France, Holland, Belgium, and other European countries, before being called on to give to the banks of this country a renewal of their priileges for another ten years. have, of course, a right to amend the not want to forget that if we pass this Bank Act for ten years, then one year from its passage, certain people will invest money in banks and obtain certain vested rights. While this parliament has a legal right to pass amendments of legal heart and maintenance of le that if we pass this Bank Act for

matter to have our local needs sup-plied than it is by the larger banks.

one office should be encouraged. That might be all right in some places, altho I think that a capital of half a million dollars with \$250,000 paid

up, is probably small enough. The great difficulty would be that if had a bank with a capital below that

amount the public would not have sufficient faith in it to invest their

sufficient faith in it to invest their savings, and without the savings of the public, practically no bank could make money in Canada today.

has a legal right to pass amendments and vary the law, I do not think it has a moral right to take such amendments as will affect those rights have a moral right to the seems to think that there ought amendments as will affect those rights until the expiration of the ten years to be a system by which banks with only \$100,000 of capital and with It therefore seems to me that we should have this information before the charters are renewed. The Scarcity of Money. It has been stated by hon gentlenen speaking in this discussion that

the banks are giving to the people of

Canada all' the accommodation which the business affairs of the country require. That, Sir. 1 no doubt that in the City of Teronto, represented by my hon friend, the president of the Dominion Bank, who has spoken here this evening, and in the City of Halifax, represented by the hon, gentleman who sits at my doing business, not upon their own left (Mr. Maclean), they may be able capital, but on the savings of the to get all the money they require people, and the bank which is not for the ordinary business affairs of able to obtain the savings of the the community, but that is not so in the country districts of some portions of Canada. The people of the maritime provinces are not able to get the money they require to carry on their business affairs. If manufacturing concern can show proper amount of assets, and a well-established business ney can get the accommodation they but the fault I find with the banking system of Canada today is the fact that there must an idea in the minds of those controlling the banking trust that the banks exist for the purpose of helping out the manufacturers of the country, and have nothing whatever to do with the farmer, the mechanic, the artisan, and the me are really contributing two thirds of the money upon which the are doing business. Another tault I find is that they will lend noney at certain times in the year, and when money is required for moving the crop in the west, they will close up like a rat trap. A man may have borrowed a few hundred from the bank, and if he is not prepared to meet it at its maturity

Mr. Carvell: It became bankrupt,

Speech of Mr. Carvell of New Brunswick in the Commons

—He Says Mergers Are a Bad Thing

For His Province.

Following up what The World has done already we finish this morning printing the speeches made in the house of commons on the first days gebate in connection with the banking bill. Today we publish the speech of Mr. Carvell, one of the Liberal members from New Brunswick, who deals with bank mergers and inspection of banks, and other things of interest to the public. The World must sgatin express its regret that the daily newspapers of, Canada have published but the thinnest kind? Freports of what took place in parliament, and especially have they neglected to report even their own friends who have criticized the banks.

OTTAWA, Jan. 21.—In the house of commons today, on the motion of Hon. W. T. White, for the second reading of his bill for the extension of the bank charters

Mr. F. B. Carvell (Carleton, N.B.), said: that it has ceased to exist, as it practically has, by amalgamating with the Bank of Nova Scotia. The Bank of

W. T. White, for the second reading of his bill for the extension of the bank charters

Mr. F. B. Carvell (Carleton, N.B.), said:

The bill now under consideration is fraught with greater and more important consequences for the people of Canada than any bill introduced in the house during this session. I am not here to condemn the banks generally, because I believe the banks of Canada than any bill introduced in the house during this session. I am not here to condemn the banks generally, because I believe the banks of Canada than any bill introduced in the wast as a whole, but I do think the system that has grown up during the last forty or fifty years should be carefully discussed before we extend to these banks for right to carry on this system for another ten years.

A Monetary Commission.

A Honetary Commission.

A Honetary Commission.

A Monetary Commission.

A Honetary Commission.

A Monetary Commis even if we do not adopt if.

If the minister of finance would
consider it a little more carefully, I
think he would change his opinion. I
was not in parliament when the act five per cent., but I have no doubt that all the banking institutions of Canada and all the banking magnates said that that had never been done before, and that therefore they should

Now, sir, that brings us to the consideration of what is going on in the banking world of Canada. I believe banking world of Canada. I believe that the banks of Canada are honestly working for their shareholders. Their object is to pay dividends, and I do not think they are carrying out their present procedure from any ill-feeling towards the farmer or towards the small depositor. I think it is simply because they believe that they can do better business and make more money for their shareholders by carrying on their business in the big centres. That is why I believe they are adopting the policies that are in operation at present. One of the great difficulties in my 000 of the people's money, and that even two per cent. of that amount or \$20,000,000 would for all practical purposes absolutely protect the depositors of this country, it seems a proposition which ought to be considered very carefully. It would only mean that at the end of every year or at the beginning of every year the banks would put up with the government two per cent or three per cent of weeks in any 12 months.

For workmen 17 to 18 years old—3s.

For workmen 17 to 18 years old—3s. two per cent. or three per cent. of their deposits and in my opinion two per cent. would be ample. They should go to the government and the government that the insured man shall draw one that the insured man shall draw one ment should pay interest on them. I week's benefit for every five weeks' would be willing that they should pay contributions paid. Thus, having paid would be willing that they should pay them 3½ per cent. because the government cannot borrow money for less than 3½ per cent,; altho possibly, as the government now pays 3 per cent, state, makes 2s. 91-3d.—he can draw on deposits with them, and as the banks only pay 3 per cent, it might be fair that they should only pay them 3 per cent. That would mean that that the banks would lose would strict the claims to benefit of men be the right to make profits on that The answer will be that the local banks were sometimes insecure, that t was recessary for the security of the country at large that the local banks should be merged. That might be under existing circumstances, which

be the right to make profits on that who are incompetent and idle; but will paltry sum of money and it would be a paltry sum of money when you consider all the business done and the fund in exceptional trade depresimmense amount of money received sions or in their later years.

from the public. The banks obtain this thousand million of dollars at 3 per cent. and they let it out to the people of the country at anywhere from 5 to 8 per cent. and I am told that they let it out at the rate of 9 contributions for each three months and 10 per cent in the rate of 9 contributions for each three months and 10 per cent in the rate of 9 contributions for each three months and 10 per cent. in the west. Well, and 10 per cent. is too great, but I trade up to a maximum of 25 contam not going to find fault with the banks for trying to make money when they can because the conditions are not the same in Canada as they are in Europe. If a bank charges 6 per cent. I have no fault to find with it and I dare say that 7 per cent is not up. dare say that 7 per cent. is not un-reasonable on small loans. I do not

shareholders without, of course, doing an injustice to borrowers or crippling It has been explained thoroly this afternoon that the banks are really the industries of the country.

About Postoffice Savings Banks. My hon. friend would ask: What right have you to take money out of one bank and use it as a guarantee for the depositors in another bank? The answer is this: The people of Canada are giving the banks the right to people will not, I am afraid, make its business a success. Now I believe that the difficulty in regard to small banks has been that the big banks, perhaps silently, but deliberately. Scores Claim Inis Free Freatment Fas Cured Them.

Scores Claim Inis Free Freatment Fas Cured Them.

Give me a chance to see if I cannot to the property of the same and instead of having a quarter of a million of capital, it has half a million of capital, it has half a million of capital. Then, we are making them the people. It is true that a man can go to the government, or Postoffice Savings Bank and deposit his money, but the conditions are such that people do not like to go to the Postoffice Savings Bank. If a man wants to with draw \$1000, \$500, or \$100 from the Postoffice Savings Bank. If a man wants to with the conditions are such that people do not like to go to the Postoffice Savings Bank and deposit his money, but the conditions are such that people do not like to go to the Postoffice Savings Bank and deposit his money, but the conditions are such that people do not like to go to the Postoffice Savings Bank is relating to the Postoffice Savings Bank and show that my rheumatism and spent with the conditions are such that people do not like to go to the Postoffice Savings Bank has a state of the savings of the Postoffice Savings Bank is relating to the Condition of the proportion to with getting the law as it is relating to the Government Savings Bank?

Mr. Carvell: Certainly I do, but unfortunately, as a result of the way they are managed, the banks are get.

Continued on Page 11, Col. 1. have frozen them out, putting them in a position where they could not get the savings of the people, and practically compelling them to merge with the larger banks. I believe that no bank should be allowed. allowed to merge this parliament, embodied in a bill, and duly enacted. I do not believe that a bank should be allowed to merge with another simply with the

Strong and Vigorous.

I have in my possession a prescription for nervous debility, lack of vigor, weak-need manhood, failing memory and lame back, brought on by excesses, unnatural drains, or the foilies of youth, that has cured so many worn and nervous men right in their own home—without any additional help or medicine—that I think avery man who wishes to regain his manly power and verility, quickly and quickly, should have a copy. So I have determined to send a copy of the prescription free of charge, in a piain, ordinary sealed envelope, to any man who will write me for it.

This prescription comes from a physician who has made a special study of men, and I am convinced it is the surestating combination for the cure of deficient manhood and wigor failure ever think I owe it to my fellow men to the cure of deficient manhood and wigor failure ever the cure of deficient manhood ever the cure of deficient manhood ever the cure of deficient manhood ever the cure of deficien

east manhood and wgor tante ever but together.

I think I owe it to my fellow men to sund them a copy in confidence, so that any man, anywhere, who is weak and discouraged with repeated fallures may itop drugging himself with harmful patent medicines, secure what I believe is the autokast acting restorative, unbuild-

Lamieux: Do not the barriera with this idea, but of charge him with anything wrong. He is permeated with this idea, but of course my hon. Friend is not answering to the sentiment of the people in making the provision in that he is making the provision in that he is making the provision in the proposition of the people in making the provision in the proposition in the proposition of the people in making the provision in the proposition in the proposition of the people in making the provision in the proposition in the proposition of the people in making the provision in the proposition in the proposition of the proposition in advise the proposition in advised any heritage in our town and I have never with the proposition that the canada are not all big in our town and I have never with the proposition that the canada any ditents to put their money into them. The proposition is advised any heritage in our town and I have never with the proposition that the canada are not all big in our town and I have never with the proposition that the canada are not all big in our town and I have never with the proposition that the proposition that the canada are not all big in our town and I have never with the proposition that the savings of in advise the proposition that the proposition that the savings of in a proposition that the savings of in a proposition that the proposition that the savings of in a proposition that the savings of in a proposition that the proposition that the savings of in a proposition that the proposition that the savings of in a proposition that the proposition

dief savings with the government of their savings with the government of their savings with the government of the savings hank.

It Emmerson: Especially where the save earning from eighteen to twenty-three per cent.

It Carvell: Yes.

If Currie: Are you not taking that mot money out of circulation?

Bank Inspection.

If Carvell: Possibly you are. I am not going to argue that at all. You are putting that into the hands of the government and my hon. friend would perhaps say: "Well, the government have the \$20,000,000 or \$20,000,000 and fi they did not get money in this way they would have to go to Europe and Sorrow it." I admit that possibly we might have a little more money brought into the country from Europs, but the amount is so infinitesimal compared with the enormous wealth of Canada, the interest of the people is so great and the advantages to both the banks and their depositors are so important, that I do not think it worth considering.

If you had a system like that coupled with bank inspection, I do not think the minister of finance would have itstened to the castigation which is received this evening from his friend and supporter the hon. member for North Ontario (Mr. Sharpe) or would have been made to feel that there is something wrong in the system of audit which he is proposing here. It does not meet the needs or sanitations of the people, it is not an interest of the people it is not the sufficient would have gone to the people. It is not an interest of government inspection in the United States, and I understand relatively more banks have fall-ed there than in Canada.

Mr. Carvell: That may or may not experience of government inspection in the United States, and I understand relatively more banks have fall-ed there than in Canada.

Mr. Carvell: That may or may not experience of government inspection in the United States, and I understand relatively more banks have fall-ed there than in Canada.

Indeterminate Sentences and Better Care For Women Prisoners Aimed at in New Legislation-Votes For Women Proposed and Control of Highways to Be Discussed.

Altho Mr. Rowell has been absent favor of it and there is a possibility since the opening of the legislature, that a few supporters will be found on the government side. Capt. Machin, Conservative member for Kenora, fation is there anyway. Yesterday Sir vored woman suffrage in the house last James Whitney and W. H. Proudfoot year." of Centre Huron, had a brief verbal encounter because of the orders of the Liberal chief. Sir James, when the house opened, moved that the twentyof Centre Huron, had a brief verbal four revised bills, which made their first appearance on Thursday, be given their second readings and considered, not in the ordinary way, but in the committee of the whole house. He explained that it would be simply improved that it would be simply in the simple that it is a simple that it is a simple to some that four revised bills, which made their under a quart to be sold over a bar He explained that it would be simply impossible to consider all the divisions by the customary debating because of the time that would be taken up and, as the amendments were unim
terioo. He asks whether Walter's saidary allowed for butter fat in dairy tests at the Guelph Winter Fair, and another appointing a committee to interview the proper authorities and endeavor to have raised the butter fat the government.

and, as the amendments were unimporant, chiefly a matter of bringing the acts up to date, he urged that they be considered in committee.

Mr. Proudfoot arose and asked that six of the bills be laid aside until Mr. Rowell returned. "This only means delay and I cannot understand why they should be laid over," said the premier acquiesced. The changes are unimportant, and the house should not be delayed." However, on account of the illness of Mr. Rowell, the premier acquiesced. The bills, which will be therefore considered when the Liberal chief returns, are those respecting public service, persons employed in factories, shops and office buildings; scanitaria for consumptives; the Municipal Act for 1913; railways and the Ontario Railway and Municipal Board. The other bills were sent to the committee with no objections from the Liberals.

Along with his famous prison reform farm at Guelph, Hon. W. J. Han-for farm at Guelph, Hon. W. J. Han-for centred the factories of the county, and, if so, were they acted upon the county, and, if so, were they acted upon the county, and, if so, were they acted upon the county, and, if so, were they acted upon the county, and, if so, were they acted upon the county, and, if so, were they acted upon the county, and, if so, were they acted upon by the government.

Bilingual Schools.

Bilingual Schools.

Bilingual Schools.

Bilingual Schools.

Bilingual Schools will again be a subject for debate next Tuesday as subject for debate next Tuesday as tue to farm and schools of a more for Prescott, who has asked for an order from county of the club. There was a decided increase in the history of the club. There was a decided increase in the history of the club. There was a decided increase in the house for a return of all correspondence between Bishop Fallon of the house for a return of all correspondence between Bishop Fallon of the house for a return of all correspondence between Bishop Fallon of the blands over, mand the provincial secretary, the minister of public works or any of the clu

mittee with no objections from the Liberals.

More Prison Reform.

Along with his famous prison reform farm at Guelph, Hon. W. J. Hanna na now intends to institute another great advance in the system of penology for Ontario. This fact was apparent in a bill introduced by him in the house yesterday, in which he proposes to have indeterminate sentences in the case of persons commmitted to prisons adopted. At the present time a man when sent to prison must serve out his term or else be pardoned, but Mr. Hanna's new idea calls for indeterminate sentences, which means that a man sentenced to serve any term from three months to two years less one day is given his freedom when he has "made good."

In another bill the provincial secretary aims at giving power to a police inspector or magistrate to move a woomana, To an industrial refuge from a jail, and to limit the age of those people who may be committed to refuges to from 15 to 35 years. In case of disease or imbeclifty the proposed legislation makes it necessary for a sufferer to have a certificate of health process on the land was to be used.

Control for Highways.

W. H. Proudfoot, Liberal member control of highways by a duesting the matter of control of highways by mulcipalities, especially in the case of the Toronto and Niagara Power town of North Toronto. Town of the Toronto, ware the enactment of the government of the clambination of the government of the government of the government of the government of disease or imbeclifty the proposed legislation makes it necessary for a sufficient to have a certificate of health provincial as of the clambination of Canada with a view to securing the enactment by the fear to have a certificate of health provincial as of the control of highways by an elegistry in the case of the private of the matter of control of highways by a dense of the Canada and the charm of the matter of the sovernment of the control of the matter of the private inte

For the prevention of fires in hotels and public buildings Mr. Hanna has introduced a bill calling for the escapes to be of a relaway and other corporations, poscapacity to bear at least 1000 pounds instead of six persons as mentioned in the old act. Responsibility is fixed on both keeper and licensee.

Votes for Women.

be brought before the house next week, when William McDonald, Liberal memare property owners possessing the sion, but Mr. McDonald withdrew his bill when he saw that it would meet a sure defeat. However, this year he means to bring about a division of the a special act, control over the loca-tion of all railways. A company must submit a map showing the general location of the proposed line of rail-road and the board may make any

There is a possibility that there will be a split in the Liberal party on wo-man suffrage. All the members have been sounded and Sam Clarke, member for Northumberland, is the only dissenter. He is opposed to granting deemed expedient the franchise to women and is against the party introducing the question in

Allies Fought With Very Meagre, Altho Nourishing Fare—Simple Commissariat of Armies.

It is a well-known apophthegm among military men that an army in the field travels "upon its stomach." That is to say the food furnished by the commissariat determines the rate of progress of the men, since they cannot live with-

out eating.

Very often, however, especially in mountainous districts or where rail-

On their part they carried on their operations with Indian corn as their main reliance.

The culinary art is highly developed in the Balkans, and the inhabitants of towns are fastidious in their tastes, but the bone and sinew of the race, the fighters and the marchers who have astonished the world, did so on unmiti-gated maize. "Proya," which is sim-

usual repast of these hardy warriors wine, or water from the running stream

Temperate if Not Testotalers.
Abstemiousness has nothing in comountries where the people are temperate in everything except heroism. Some years ago a philanthropist started an anti-alcohol society in Belgrade. Its members were few but enthusiastic at the outset, but the mistrust with which they were regarded by all Goc-fearing citizens began to prey upon them to such an extent that they were eventually driven to drink, and the so-ciety was disbanded.

As an alternative to "proya" bread, half-baked loaf of black barley bread sometimes forms the dinner and sup-per of the Balkan peasant—breakfast is an unheard-of meal in the villages. Meat, or a little brawn or cheese, or boiled beans, may accompany the bread or "proya," but all these accessories are of little account, for man lives by bread alone in the Allied States. That

Corn, Not Meat, Their Reliance. It is true that in the barracks they are expected to eat meat and on active service the commissariat of little importance. Officers and m are prepared to rough it, and I have heard them say that during the sumgated malze. "Proya," which is simply Indian cornmeal and water slapped together and baked in ashes, is the gnawed a piece of "proya" as they fell

MELFORT BOULTON, Main 1042. 10 Adelaide Street asleep, they enjoyed better health

at any other time. This capacity a putting up with the very roughest for was a main reason of their success der the superhuman hardships of a recent campaign. Meat Eschewed. The Montenegrins in particular chew meat except on very great feed days. A victory is celebrated by what

we must call "roast sheep," lest it we confounded with what is known as roast mutton in England, and a meal repast would be considered impossi-without wine—the thin sour liqu which the Montenegrins like to call wine, and which is, indeed, the juice pure and undiluted, of last autumns grape. But these are solemn days, far and greasy days out of the ordinary and greasy days out of the run of working, combating life.

As a rule the Montenegrin's daily fare is in winter "proya," and what he can loot, a stray Albanian h the like, may or may not serve at condiment to the regular diet. takes things as they come, feathered fleeced, and manages beautifully out such luxuries should none be forth coming.

The Servian army was two d without sustenance of any kind, a yet was able to drive the well-fed To from the sea coast. The capture of Monastir was effected by an arm which had but sodden bread, and he stood for 12 hours knee-deep in the water, the soldiers catching but a few minutes' sleep with their heads on each other's shoulders.

At the Tottenham Children's Con yesterday the magistrate heard charge against a girl of 15 mon who appeared in the arms of the pomatron. The child had been are under the Children Act. The mod is at present undergoing a month imprisonment. It was decided to mand her to a rescue home until other arrangements could be made.

ship and taken an occasional cast with carbon electrodes are placed in the furnace at points of relatively different Uranium was sailing from Rot- the electrodes movable, be was able ment of using two concentric elec-trodes, one of brass and the other of carbon. Water was passed thru the brass tube to keep it cool. The tubthe annular space between them. When the outer tube of carbon was heated a flow of electricity took place. On examining the apparatus it was found that the brass tube was coated with a thick deposit of carbon from the heated electrode.

Llanfairpwllgwyngyllgogerchwyth

son, is what a husband preaches and a wife practices."—Answers,

blooded, most successful fellow of your acquaintance.

The new self-treatment for the restoration of manly strength, to which I refer above, is a little light-weight VITALIZING Appliance of my invention, which is now meeting with a tremendous demand, and being used by men everywhere all over the world. This little VITALIZER, weighing only several ounces, is comfortably buckled on the body and worn all night. It is so small and so compact that even a room-mate would not suspect that you were wearing it. If, however, this VITALIZER is small in power, for it generates a great tangible FORCE, which can be excessed and it sends this marvelous FORCE into your blood, organs and nerves while you sleep. All you have to do is to lead a decent, manly man's life, free from excesses and dissipation, then use the VITALIZER, nothing more. If this is followed the pain or weakness will disappear from the small of your back—possibly from the without a single ache, pain or weakness. Please reme_ber, I am not asking you to buy one of these VITALIZERS, but merely request you to first send for the free book described below, a section of which is devoted to an explanation of this VITALIZER, and elderly men everywhere are saying about it. This is the Book You Get Free

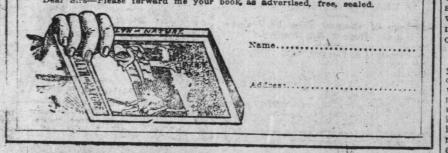

Free to Men

Fellow Once More?

New Method Without Drugs

My \$6-page illustrated booklet (pocket size) was compiled by me to answer fully and correctly those questions which are asked privately by any man needing new strength and who seeks personal advice pertaining to the aliments and weaknesses he wishes to overcome. The book, fully flustrated, with photo reproductions, contains much that a single or married man should know. It also fully describes my VITALIZER and tells how you may secure one to use in your own case, should you decide envelope. Why not write for a copy today? Or, if nearby, please call. Hours: 9 to 6. Entrance: 6 Temperance Street.

SHEA PURCHASE IS REGISTERED

Deal Completed For Land on St. Teraulay Street For Big Hippodrome.

After being held up by a dispute over the ownership of a 2 1-2 foot strip of land the deal for the purbuilding and spent \$6000 on foundachase of property in Teraulay street, opposite the city hall, was completed by Shea theatrical interests yesterday. Wm. F. Frankish, their realty agent, would not discuss the deal, but made in the afternoon The property cost the buyers \$165,000, and about half the purchase price has been paid ever. John Kreuter, one of the most prominent men in the Shear syndicate, left for Buffalo last night after con-

left for Buffalo last night after con-cluding the transaction.

Building operations will probably begin right away, before the spring rush sets in. The theatre will be 115ft. wide, and have a depth of 165ft. Bight feet on each side will be left for exits. It is the intention to have the house open for the fall season.

QUICK TURNOVER

Frontage Just North of St. Clair Sold Twice in One

Quick transfers are being made on Yonge street up north of the tracks and thru North Toronto these days. One property, 99 feet on Yonge st. with a depth of 160 feet, was sold by Dingham & McKinley for \$35,000. The buyers were Frank A. Wood and Thos. McMillan. That afternoon, two hours buyers were Frank A. Wood and Thos. McMillan. That afternoon, two hours later, they sold at an advance of \$4000. The buyers are thought to be Chadwick & Rogers. The property is 200 feet north of St. Clair, on the east side of Yonge street, and the last price was \$394 a foot.

In the buyers are thought to be Chadwick & Rogers. The property is 200 feet north of St. Clair, on the east side of Yonge street, and the last price was society, spoke at length on the subject of acquiring shelter for animals, cats, dogs and horses, and especially cats.

CARE OF ANIMALS WAS DISCUSSED

ON YONGE STREET Members of C. S. P. C. A. Met at Knowles' Studio to Make Plans.

President Plummer of the Dominion Iron and Steel Co. threatened to sue the city for \$500 damage to his motor car, the crank of which was damaged owing to the condition of the St. Clair The members of the Canadian Society for the Prevention of Cruelty to Animals who met for their regular monthly meeting at the Knowles Studio last evening were reminded by their contractions. Animals who met for their regular monthly meeting at the Knowless Studio last evening were reminded by their charming environment of the bygone days of France, when the French women, those delightful ladies of the Salon, received their guests in homes where art and hospitality vied with each other in entertainment. The lofty studio hung with magnificent portraits, the floors and balcony rich with oriental rugs and hangings, the

Kidney Pills.

After Three Years of Suffering, Ma-dame Default of St. Boniface is Telling Her Neighbors of Her Won-derful Cure.

St. Boniface, Man., Feb. 7 .- (Spest. Bohirace, Man., Feb. 7.—(Special)—Cured of a complication of diseases, each a direct result of disordered kidneys, Madame Oct. Dufault of 84 Victoria street, this city, has joined the grand army of the women of the west who are telling their neighbors that Dodd's Kidney Pills are suffering woman's best are suffering woman's best

"I suffered for three years," Madarne Dufault states: "and I may say I had pains all over my body. "I had sciatica, neuralgia, and dia-

MYSTERY IN DEATH OF AN ITALIAN AT GUELPH

The above verdict was rendered by the coroner's jury enquiring into the cause of the death of Camillo Angelo, the Italian, who was found on the C.P.R. track's on Wednesday morning.

A loose sole on the shoe of Henry Schweitzer, an insurance accountant, caused his death today. Schweitzer was about to step from the elevator at the sixth floor of a downtown office building when the shaky sole caught on the edge of the car, which shot upward as he fell forward. He tried desperately to save himself, tensing his ankle muscle and making an effort to support the weight of his body from his foot crooked over the floor's edge. For a moment he hung, then his ankle weakened, and before the eyes of two hundred men of the insurance office force he dropped down the shaft to his death.

HARRISTON'S FORMER MAYOR

DEAD.

HARRISTON, Feb. 7.—(Special.)—

After a few days' illness from pneumonia one of Harriston's most prominent business men in the person of inent business men in the person of John Lindsay Eedy, passed away to-day. Mr. Eedy was born in London Township in 1854 and came to Harriston in 1876, where he established a furnitume and undertaking hypotentians. furniture and undertaking business. For two years he was a member of the town council and during 1897 and 1898 he was mayor. He was an active member in the Methodist Church. Besides his widow, he is survived by wo sons and one daughter.

SKYSCRAPER VOTE TWO EACH SIDE

City Council Now Must Decide on Height of Build-

BOUGHT DAMAGED CAR

Controllers Think They Can Repair Auto For City Use.

Controllers O'Neill and Church voted at the board of control yesterday for a 250 feet height limit for skyscrapers and Controllers McCarthy and Foster against. The question will now go to the city council to be settled by a maority vote. The mayor was absent, at

Ottawa.

Leighton McCarthy, K.C., told the controllers that the Dominion Bank wanted an early decision, so that they could get their building started. Senator Cox's protest against the erection of an apartment house at the southwest corner of Sherbourne and Wellesley streets, was unavailing, and the controllers approved the plan for

J. H. Boyle, who has rented 266 Jones avenue for a Chinese laundry, secured the assent of the board. Some of the neighbors had sent in an objection to

the laundry license.

John Inglis Co.'s tender for water tube boilers was accepted in place of those favored by Commissioner Harris. The controllers favored giving the

Investigators Found William Rockefeller at Point of Collapse-Inquiry Ended.

JEKYL ISLAND, Ga., Feb. 7.—(Can. Press.)—A spasm of the throat that left William Rockefeller a strangling, trembling old man, on the verge of nervous collapse, abruptly terminated his examination by Chairman Pujo and Counsel Samuel Untermyer, of the House Money Trust Committee here

Mr. Rockefeller was asked just four questions, all practically immaterial, before the attack forced conclusion of

in to his couch by Dr. Walter F. Chapelle, his physician, who declared his patient exhausted.

In Mr. Rockefeller's apartment in the apartment house Sans Souci, on the isolated ilsand that forms the estate of the exclusive millionaires' club of Jekyl Islands, the seventy-two year old Standard Oil magnate submitted to the questions.

There ended the six months' search of the government process servers, who sought the reluctant witness from the interest of the proposed new Welland Canal.

Transportation Company's Excursion.

Tickets good leaving Toronto on 9.30 a.m. fast express. Valid returning all in erecting monumental terminals. New York has not only to contend with the most complex problem in transportation, but it is also the scene of greatest activity in electric traction construction in the world.

The subway system operates daily with ten-car express trains every minute and three-quarters, and manages to care for over 1,000,000 passenges to care for over 1,000,000 passenges daily. Some comprehension of the traffic conditions may be had from the fact that the various city rail

New York City is unquestionably Sir Edmund Osler Thinks La Should Be More Strict.

Sir Edmund Osler told the Association ed Charities board yesterday noon, how to get the criminal amended. The meeting was at city hall. Rabbi Jacobs presided. Edmund advised that the should be sent to Claude in proper form. Then a represental deputation should wait on the min ter of justice at Ottawa. Edmund will arrange for a date will

Don't Say "I Can't," Brace Up and Say "I Will"

Don't mope and drag along, brooding over your loss of vigor. Get it back. No one is so run down that he can't be built up, and very few are as sick as they think they are. So brace up and recover your old vim and

There's strength in electricity for such as you. It is a builder, an invigorator. Its glowing energy fills your nerves and blood with the fire of youth. Those flabby nerves of yours will dance with glee if you pour an electric current into them every night for a month or two. Did you ever notice a man who seemed full of spirit, of animation and happiness? The fellow who tells you a good story, slaps you on the back and jollies you until you laugh? He's one of God's noblemen, a strong man. He's chock-full of animal magnetism—that's electricity.

That's the way you ought to be, and you can be. Make your body a storage battery, fill it with electricity every night from Dr. McLaughlin's Electric Belt, and in a few weeks you will be full of spirit, full of ambition, and the world will look rosy to you. Then you will look like a winner.

Weak Back-Bladder-Rheumatism and Nerves. Dr. McLaughlin:

Dear Sir:—After using your Belt as directed, I can truthfully say that it has entirely cured me of my troubles. I had a weak back, my bladder was weak; I wishing you every success, I remain,

Yours very truly,

J. PENSON.

My Belt makes people noble. It causes the nerves to tingle with the joyous exhibitation of youth. It fills the heart with a feeling of gladne makes everything look bright, and makes the nerves like bars of steel. IT DOES THIS while you sleep, by pouring electricity, which is Nature's early, into your nerves and blood. Electricity is life to the weakened parts. It will make them strong.

FREE BOOK

Every man who admires the perfection of physical strength should read my beautifully illustrated book. It tells how strength is lost, and how I restore it with my Electric Belt. I will send this book, closely sealed, free, upon request. If you are not what you should be, write to-day. I have a book for women also.

Put your name on this coupon and send it in.

TORONTO MARKET **MOVES IN A RUT**

SATURDAY MORNING

General Favorites Are Practically Ignored-Specialties Are on Up Grade Again.

BRAZILIAN HOLDS FIRM

Dominion Bank Drops to New Low Record Since New Stock Issue.

Despite the fact that the market continued to move along in a rut, and that the speculative movement was, on the whole, of comparatively meagre proportions, the Toronto Stock Exchange maintained a show of definite firmness yesterday. This was particularly prominent in relation to some high records in issues of this nature demonstrating the fact that there was existent an undercurrent of bullish

The buying of such issues as Locomotive common, Toronto Paper, Interlake and others of that class has been very convincing during the last few days, and the fact that some of these have scored new high records has plainly shown that the floating LONDON MARKET IS supply has been materially reduced. Locomotive moved up 2 1-2 points on buying of less than 200 shares yesterday, the quotation reaching 69 1-2, where the closing bids were registered. This issue is not a dividend-payer, but it is anticipated that disursements will be made in the near

New Records Reached. A new high record of Toronto Paper and an upturn in Canners evi-denced the strength of the so-called Dominion Bond issues. Paper sold at 85, up to a point for the day, and a

Brazilian and C.P.R. were quieter than their usual wont, but both showed a firm tone. Brazilian closed at 18 3-8, a gain of just 3-8 for the session. C.P.R. rights sold at 15 3-4, a new low record. The stock sold at 238 3-4, equivalent to 254 1-2 with the rights added. B.C. Packers recovery the rights added to the rights add Brazilian and C.P.R. were quieter ered a portion of its recent loss. In the investment department anther downturn in Dominion Bank, which broke to a new low for the movement at 232, was the feature. At that figure the shares were a full 10 points under the record established at the time the new stock issue was announced about ten days ago.

NEW STOCK ISSUES BY SEVERAL BANKS

A Montreal report states that ar rangements are going forward for a new issue by the Molsons Bank, and is said that an announcement to that effect will be made after one of the early meetings of the board. There is also talk of an increase in the dividend rate. The bank pays 11 per It is expected that a million dollar

new issue will be announced by the Merchants Bank at the annual meetin May. The dividend may also

FAVORABLE FACTORS WHOLLY FORGOTTEN

Erickson Perkins & Co. (J. G. Beaty) these are reassuring things which would help stocks greatly if the political horizon were clear. Politics is generally considered the chief influencing factor at the present time. We advise continuing a standard formula the committee of the imperial parliative operations of the mills and mines. In this connection it is reasonable to suppose that depreciation charges must necessarily increase in sympathy with the continued growth of the corportation. The number of follows: wired: Large crops, large railroad earnings, new records in some lines

COTTON STATISTICS

Erickson Perkins & Co. had the following: The visible supply decreased 170,000 bales for the week against an increase of 70,000 bales last year. But their publication created no fresh it were, American stocks are looked demand and prices slipped off toward upon with deep distrust here. Those the close. Spinners show no disposition to re-enter the market nor it is such as Union Pacific, Atchison, U. NO FLUTTER OVER HARRIMAN PLANS

Good News and Market Remained Sluggish.

SOME EARLY ACTIVITY

But Pace Slackened and Stocks Drifted Idly-Tone Somewhat Firmer.

NEW YORK, Feb. 7 .- To those whose interest in the stock market lies in the opportunities for speculation which it presents, the action of the market today was disappointing. has been explained partly on the ground that the market was awaiting news of the plans for segregating the Harriman lines, but announcement of the terms over night failed to stimulate trading to any appreciable extent One reason advanced for the coninued sluggishness was that the esential features of the plan had been disclosed in advance of the official statement which contained little of

statement which contained little of importance that was unknown in the street. Operators had hoped, however, that the clearing up of this problem, which has been overhanging the market for months, would be followed by livelier speculation.

At the opening of the market today some effort was made to awaken interest. Traders bid up prices generally, and the volume of business in the first hour was considerably larger than yesterday. But the pace did not hold. Trading tapered down to small proportions, and the market flattened out to the same monotonous plane of out to the same monotonous plane of recent days. The action of the mar-ket was a clear demonstration of the lifeless condition into which it has

The tone was perceptibly firmer. Union Pacific displayed strength at Union Pacific displayed strength at times, altho Southern Pacific dragged, being sold on the theory that the sale of Union Pacific's; holdings of this stock would increase the floating supply. The copper issues were strong. The check in the decline of copper metal abroad strengthened hese shares, and induced son

PEARSON SYNDICATE SPECULATION IS **GOES INTO MINING**

Wall Street Had Discounted Have Acquired the Dominion Nickel Properties in Sudbury District.

> A deal of unusual importance was regotiated recently when the holdings of the Dominion Nickel Co. in the Sudbury field were acquired by Dr. F. S. Pearson, whose name is wellknown to Canadians on account of his intimate connection with the Rio, Sao Paulo and Brazilian Traction Companies. The Dominion Nickel Co. is owned by J. R. Booth and M. J. O'Brien, and it controls large areas of valuable mineral land in the nickel range.

Mr. Pearson has for years been in-timately associated with Sir William Mackenzie in connection with his electric power-plants in Canada and Mexico, but it is understood that the new company will be financed by the Rothschilds. The Guggenheims had been negotiating for months for the at improved quotations for the day. purchase of the Dominion Nickel Co.'s not buoyancy was most pronounced holdings, but satisfactory terms could in certain of the cheaper silver se-

So far the International Nickel Co. has had practically a monopoly in the nickel fousiness, the Copper Cliff mines, near Sudbury, producing nearly 70 per cent. annually of the world's supply. This company is now starting to double the conceive of its small. ing to double the capacity of its smelt-er and expects in two years' time to be treating 160,000 tons of ore per month. The market for nickel has been constantly broadening, and it is in doubtful if the entry of this new company will have any effect upon the International Nickel Co. In order to successfully compete with them it will necessitate an expenditure of \$5,000,000 to \$8,000,000 and about five years*

DOMINION TEXTILE **MAKES AN ADVANCE**

Two Point Upturn Feature of Dull But Firm Montreal Market.

MONTREAL, Feb. 7 .- A smart advance in Dominion Textile common fractionally easier. It is anticipated that the temporary luil in the gold stocks will not be long in existence. dull but firm. On buying of comparatively light proportions, Textile rose to 84 in the morning and 851/4 in the Altho Production Was Biggest on afternoon, at the latter price showing FIRST SHIPMENT a gain of 2½ points over the close on Thursday. The price ran off fractionally before the close and the net gain was reduced. A secondary feature of interest was provided by Quebec Railway, which crossed 20 in the afternoon, closing at a new high for the movement of 201/4. The bonds were

Dr. F. S. Pearson, president of Mexican Northwestern Railway, doubts whether requisite majority of bondholders will be present or represented at meeting to vote on issue of \$2,500,000 6 per cent. 15-year prior is sented at meeting to advices received in Toronto yesterday. Understood if issue is authorized, one of largest London banking houses will be underwriter. If bondholders do not authorize issue, interest cannot be pointment of 20%. The bonds were hardway to the movement of 20%. The bonds were conceived and practically stationary at the movement of 20%. The bonds were content on the movement of 20%. The bonds were charactery and precised in the movement of 20%. The bonds were charactery and precised in the movement of 20%. AT FEVER HEAT

Cobalt Stocks Continue in Centre of Stage With Active Demand Apparent.

NEW RECORDS REACHED

Cheaper Issues Are in the Limelight Again-Porcupines in the Doldrums.

Speculative interest in the mining xchanges yesterday was concentrated argely in the Cobalt issues. The trading movement was about on a par with that recently in evidence, an excellent buying demand being shown in the usual favorites. The closing range saw a round half dozen issues holdings, but satisfactory terms could not be agreed upon, and the way was left open for Mr. Pearson and his associates. No details regarding the terms of purchase are available, altho a large payment has already been made, but if is believed that the figures will run into millions.

So far the International Nickel Co. has had practically a monopoly in the nickel business, the Copper Cliff mines, near Sudbury, producing nearly 70 per cent annually of the world's paratively small and therefore any paratively small, and, therefore, any buying is readily reflected in adin two years. The movement was founded on reports of more favorable

developments at the property.

Marked Improvements Shown.

The general list showed marked improvement in some respects. City of Cobalt was quoted up to a new high level at 41½, a gain of 1½ for the session, and Peterson Lake duplicated its recent record at 27, the the close was slightly below that. Kerr Lake sold again at \$3.35, and Little Nipissing, Bailey and Gould were all fractionally mproved. Amalgamated was a new ace in the list, with sales put thru at half a cent. Four years ago this issue was quoted at 96, but up to today it was supposed to have been metaphorically dead beyond recall. Chambers-Ferland was practically the only weak

The Porcupines were rather quiet, and did not show up anything like as favorably as the Cobalts. Dome Extension was unchanged at 12, Dome Lake new stock off at \$2, and Porcu-pine Gold, Swastika and Pearl Lake all

taken over the Millerette property, with the mill and plant. It is likely that the two properties will be amaigamated and a new name chosen.

RICH STRIKE AT THE CHAMBERS-FERLAND

Four-Inch Vein Carrying Big Values Discovered-Chunks of Solid Silver Shown.

COBALT, Feb. 7 .- A find of the highest importance has been made at the Chambers-Ferland. In a raise rom the eastern crosscut, immediately e contact between the keewatir, and englomerate was passed, values came to the stringer that was being fol-

ion, the Chambers-Ferland should have about 500 feet of drifting length on this vein before it strikes the O'Brien and La Rose boundaries. The vein is three companies alone. unning in a northeasterly and south-LIVERPOOL GRAIN EXCHANGE

LIVERPOOL, Feb. 7.—The market opened with a steady undertone, ½d to ¼d higher, being influenced by the firmer American cables. Later there was some profit-taking on realization of larger Argentine shipments and increasing stocks in Argentine and predictions of large world's shipments again this week. This was followed by renewed covering by shorts, and the distant months further advanced ¼d, with the undertone firm. The weather continues dry in India, and, with a heavy absorption of arrivals here, and a continued good of arrivals here, and a continued lemand, offers were light. demand, offers were light.

Corn opened higher, with American grades leading the advance. Later the Plate grade further gained 1/2d, with the undertone firm. The American strength and steady Buenos Ayres close offset the large American arrivals, here and the cakness in spot

Confidence is Extending

Those who had CONFIDENCE in Cobalt at the start have made a lot of money. Those who have CONFIDENCE now will also make money. It takes a long time to get the Englishman convinced, but he has studied Cobalt, and now the silver camp has his confidence. Many new properties will make good with the inflow of new and necessary capital, and incidentally all the old and responsible companies will be benefited. Our pick of Cobalt buys on present comparisons are GREAT NORTHERN and PETERSON LAKE.

A. J. BARR & CO. Members Standard Stock Exchange.

MAP OF COBALT

Our new Map of Cobalt, the most complete and informative ever issued, is nearly ready for distribution. File your request for free copies without delay.

COBALT REPORTS We have sent a highly trained and experienced mining engineer to Cobalt to prepare reports for us on all properties of the district. Write us today, giving the name of the properties in which you are interested. Our engineer will report first on those properties on which the greatest number of reports are requested. These reports covering all the facts, will be sent you free. Write us today.

MEETINGS.

Seneca-Superior Silver Mines, Limited

ANNUAL MEETING

The Annual General Meeting of the Shareholders of this Company will be held at the Head Office of the Company. 103 Bay Street, Toronto, on SATURDAY, FEBRUARY 15TH, 1913, at 11 o'clock in the forencon for the reception of the financial statement and report of the Directors for the past year, for the election of Directors, and for the transaction of such other business as may be brought before it.

And take notice that a dividend of ten cents a share has this day been declared on the outstanding shares of the Company, said dividend to be paid on the 15th day of February next to the shareholders of record at the close of business on the 10th day of February, 1913.

By Order of the Board,

R. F. SEGSWORTH,
