MANITOBA BILL DOESN'T TOUCH ON SCHOOLS

Neither Does Premier Borden's Measure Throw Light on Boundary Line and Settlement Will Be Deferred—Grant of About \$750,000 to Compensate For Land.

OTTAWA, Feb. 18.—(Special.)—The extension of the boundaries of the Province of Manitoba will be the subject of discussion in the house of commons this week. It will follow the adoption of a resolution by Premier Borden, of which formal notice has been given as follows:

"Resolved, that it is expedient (a) to extend the boundaries of the Province of Manitoba northward to the 60th parallel of latitude and northeastward to the shores of Hudson Bay, upon such terms and conditions as may be agreed to by the legislative assembly of Manitoba and by parliament; (b) to authorize the governor-general-in-council to pay to the said province an annual sum of \$381,844.19, being the equivalent of interest at 5 per cent. on \$7,631,688.38, the difference between a principal sum of \$5,107,500 and \$475,816.15 heretofore advanced by the government to the province for provincial purposes, such annual sum to be paid as from the first day of July, 1908, but subject, however, to the deduction of certain sums received by the said province and otherwise.

An Annual Grant (c) To authorize the governor-in-council to pay to the said province in lieu of ownership of Quebec lands in the territory to be added (1) an annual sum based upon the population of the said province as ascertained by such quinquennial census thereof, such annual sum to be not less than \$52,500 and not to exceed at any time the annual sum of \$1,125,000, and (2) the sum of \$201,724.57 towards the construction of public buildings.

No Mention of Schools As will be noticed, the resolution merely provides for the extension of boundaries and the question of separate schools does not enter, so that the debate will be shorn of much of the interest attached to it by reports of a ministerial split on that question.

The resolution, as brought down, simply provides for the terms governing the allocation of the boundary line of Manitoba to the eastward, without defining said boundary as between Manitoba and Ontario. The fact that the consent of the Manitoba Legislature must first be required to the boundary as proposed practically means that the bill based on the resolution cannot be dealt with this session since the Manitoba Legislature does not assemble for some days, and a long debate will undoubtedly have to take place before any resolution on the question can be put through. Meanwhile, parliament here expects to prorogue before Easter, and the time limit for consideration of the bill would be too short for action before then.

In the meantime it means that the Province of Manitoba will get about three-quarters of a million more in lieu of the public ownership of lands which will make the amount equal to that received by Alberta and Saskatchewan.

GOMEZ WOULD DOWN MADERO

But He Prefers Long Distance Glory to the Firing Line.

SAN ANTONIO, Tex., Feb. 17.—(Can. Press.)—Emiliano Zapatero Gomez tonight issued a manifesto accepting the provisional presidency of Mexico. He subscribes to the plan of Tacubaya, which, he says, was written while he was an exile in a foreign land. He reiterates that he has taken no part in the present affairs of Mexico, except to write to the press and a few friends. He asserts that the Madero Government should be overthrown because it has not carried out the plan of San Luis Potosi, upon which the last revolution was based.

Gomez says he will remain in San Antonio, and take no part in the warfare in Mexico. He urges his followers to respect all the rights of foreigners.

EXPLOSIONS EXPLAINED

Loud Reports Heard All Over Toronto Were Dynamite Discharges.

It was not a royal salute that awakened the Toronto citizen from his peaceful slumber on Saturday morning, but repeated explosions of dynamite to the south and southwest of John-street wharf, where the city water-works department had a gang of men blowing up the ice in order to get one of the city tugs around to the intake pipe. This work has been going on for a week past, but not until Sunday with its quietness arrived was the city attracted by the explosions.

Kaiser Snubs Reichstag Leaders

BERLIN, Feb. 18.—(C. A. P.)—According to The Cologne Gazette, the Kaiser has declined to receive the new reichstag president and vice-presidents, Herr Kaempf, the president, and Second Vice-President Dr. Dove, requested an interview, but Herr Schledeman, the Socialist vice-president, refused to participate. The Kaiser, however, has refused to receive the presiding officers of the reichstag. Inasmuch as this decision was communicated thru the court chamberlain, it proves that this is a personal affair of the Kaiser's.

TEN YEAR TERM FOR BURNING A STORE

Frederico Cortelesso Wrote Letters Which Contained Damaging Information of Fire in Elk Lake—Evidence Obtained Was Sufficient to Convict.

Letters written in his cell to compatriots of the outside world caused the undoing of Frederico Cortelesso, who was sentenced to ten years with hard labor in Kingston Penitentiary by Magistrate McCarthy at Elk Lake. Cortelesso was found guilty of arson, having fired the store of an Italian named Dioloni of Toronto in Elk Lake about a month ago, causing a loss of \$2000. Joseph E. Rogers, superintendent of provincial police, sat with Magistrate McCarthy on the case, but took no part in the decision.

On the day of the fire two Italians were seen in Elk Lake, and made enquiries regarding the establishment, which later was burned. One of them left the same day; Cortelesso remained. At 12 o'clock that night he was seen on a trail near the town carrying a valve and rifle. Shortly after midnight the store was destroyed. Cortelesso walked that night and morning from Elk Lake to Englehart. He was arrested in the latter town by Provincial Constable Rowe. While detained he wrote a number of letters to friends, which were opened by the police, and in which were references to the fire of a damaging character. On this circumstantial evidence, he was charged with the crime. According to the evidence it was supposed that the black hand was instrumental in the affair.

Coal Strike Crisis Only 11 Days Off

LONDON, Feb. 18.—(Can. Press.)—Aldo the country is now within eleven days of the coal strike, which will involve hundreds of thousands of miners, and which Sir Edward Grey, the foreign secretary, has described as threatening "the greatest national catastrophe in our history." There is no sign yet of any attempt at mediation from any quarter. Eight hundred thousand miners have already handed in their notices to quit work March 1, and the newspapers and the public are calling insistently for government interference. But the government is reluctant to force issue upon the disputants, and both sides appear to resent the idea of interference.

Probably nothing will be done for a few days, as the miners are extremely anxious to learn whether the foreign workers will support the strike.

ANTI-NE-TEMERE MASS MEETING WILL BE HELD ABOUT MARCH 1.

In the Meantime Premier Borden Will be Asked to Amend the General Marriage Law by Asserting the Supremacy and Exclusive Jurisdiction of State Law, While Sir James Whitney Will be Requested to Submit a Stated Case in Order to Establish Provincial Jurisdiction.

Friday, March 1, is the probable date for the monster anti ne temere demonstration at the Massey Music Hall.

Rev. E. D. Silcox, secretary of the Evangelical Alliance, stated to The World last night that the petitions for action by the Dominion and provincial governments, continue to pour in to his office. The petition movement will be continued until the end of the month. Another member of the Evangelical Alliance executive said to The World that the campaign was in double but parallel lines.

TORONTO LEADS CANADA IN BUILDING

Heads the List by Nearly Four Million Dollars, While Vancouver Comes Second and Winnipeg Third—Only Three Cities in America Showed a Gain Over Toronto.

Toronto tops the heap in the matter of building activity during 1911. With a total of \$24,374,330 for buildings erected in the twelve months Toronto heads the list by nearly four million dollars. Vancouver takes second place with a total of \$17,652,642. Winnipeg third with \$17,850,400, and Montreal fourth with \$15,715,550, and Calgary with \$12,907,625 invested. The rest of the Canadian cities taper down to St. Thomas with \$285,517.

Toronto's large investment represents a gain of 15 per cent. over the previous year, indeed reflects a state of tremendous activity, and is surpassed on the continent only by New York, Chicago and Cleveland. However, Calgary has the largest gain, it being seven million dollars ahead of 1910, largely owing to the erection of the new C.P.R. hotel, Hudson Bay Company departmental store, and various other buildings. This is the biggest increase in America. With one exception, Lethbridge, with a decrease of 14 per cent., all business points in the west are substantially ahead.

Vancouver and Winnipeg run seventh and eighth among cities of the entire continent.

In thirty-one cities in Canada there was a total of \$128,765,991, as against \$98,701,149 in the previous year.

Getting Acid by Ruse Woman Ends Life

Mrs. Lee, Allowed to Leave Brockville Hospital, Deceived Her Hostess.

BROCKVILLE, Feb. 18.—(Special.)—Mrs. Edward Lee of Alexandria Bay, N.Y., a patient since the first of the year at the St. Vincent de Paul Hospital, where she was under treatment for nervous melancholia, committed suicide under peculiar circumstances.

The woman, accompanied by her husband, was accorded the privilege of a walk about town. The couple went to the home of a friend named Mrs. McCaw, on Church-street. Mrs. Lee made the pretence of suffering from a tooth-ache and called for carbolic acid. McCaw unsuspectingly handed the woman a bottle containing a couple of ounces of the deadly drug, which she swallowed. Mrs. Lee died shortly after being removed to the hospital. She was 31 years of age and had been in poor health for several months.

Dr. Jackson opened an inquest, and after hearing the evidence of Mr. Lee, an adjournment was made until next Friday. The body was taken to Alexandria Bay for interment.

Lee, who was a patient at the same hospital with his wife, has just recovered from pneumonia, after a month's treatment.

SUNDER SINGH REFUTES STORY

Says H. H. Stevens of Vancouver Declines to Recognize Primary Rights of Sikhs.

Dr. Sunder Singh, interviewed last night, refuted the statements of H. H. Stevens, M. P. for Vancouver, who spoke to the Women's Canadian Club on Saturday afternoon. Stevens said Dr. Sunder Singh was a secessionist and exploiter of his fellow-countrymen, to which the Hindu champion replied that it was "an absolute lie and absurd." He said: "Mr. Stevens is posing as a champion of labor, and is throwing his adventurous spirit of former days in Vancouver into politics. He recognizes the Sikhs in regard to raising loans for them to purchase real estate, but he declines to recognize their primary right—that of citizenship."

LONDON STIRRED BY HOME RULE ADVOCATES

Nearly 20,000 People at Rally in Trafalgar Square Pass Resolutions Endorsing Measure Along Imperial Lines—Democracy Backs Bill.

LONDON, Feb. 17.—(Can. Press.)—Home Rulers were in the highest spirits this afternoon in Trafalgar Square, where from 15,000 to 20,000 people assembled in support of the government's proposed measure of self-government for Ireland. Liberals and Nationalists combined in the demonstration, members of the house of commons occupying seven of the platforms.

Resolutions urging the necessity of giving as generous a measure of home rule to Ireland as is consistent with the maintenance of imperial supremacy and suggesting that the bill be so framed as to be capable of early application to England, Scotland and Wales were adopted with the greatest enthusiasm.

William G. C. Gladstone, Liberal member of parliament for Kilmarnock Burghs, a grandson of William E. Gladstone, the Liberal "Grand Old Man," who introduced the first home rule bill in 1886, was among the speakers. He said the democracy of this country had made the cause of home rule its own.

Pinchot Swings to Roosevelt

WASHINGTON, Feb. 18.—(Can. Press.)—Gifford Pinchot, in a signed statement made public to-night, announces that he has withdrawn his support from Senator LaFollette's "presidential candidacy and that he will hereafter advocate the nomination of Theodore Roosevelt."

Mr. Pinchot declares that the events of the last month have made it apparent that Senator LaFollette's candidacy will neither hold the progressive Republicans together as a fighting force nor prevent the nomination of "a reactionary Republican."

ELM ST. CHURCH FAVORS UNION

Every Member of the Board Except One For Amalgamation of Protestant Churches.

Elm-street Methodist church board voted on church union Saturday night, the outcome being 21 in favor of the merging of the Protestant churches and only one against.

In all the Methodist churches throughout the city the boards are casting ballots during the month on organic union. There is no regular or stated time for closing of the voting, but the result as a whole will be submitted by the end of the month for the quarterly meeting. At the next meeting the Methodist Ministerial Association will hear of the outcome, which will also be forwarded to the president of the conference.

MASON ESTATE HALF MILLION

Eighty Thousand Goes to Widow, Fifty Thousand to Charity and Remainder to Relatives.

Ten charitable institutions will receive about \$50,000 from the estate of the late John Herbert Mason, manager of the Canada Permanent Mortgage Corporation, who died a short time ago. The will was filed in the surrogate court on Saturday, and was dated April 11, 1906. To Mrs. Mason, widow, \$80,000 was bequeathed. Mr. Mason left an estate of \$558,449.80.

The charities to receive equal amounts are: Wycliffe College, St. George's Society, Industrial School Association, Ridley College, Victorian Order of Nurses, superannuation fund of Toronto synd. Free Consumptive Hospital, Hospital for Sick Children and Home for Incurables. St. Peter's Church gets \$1000.

Each of his grandchildren receives \$500. The chattels in "Erieleigh," Sherbourne-st., are to be divided into ten portions, of which Mrs. Mason gets four, and each of his six children one portion. Deducing the \$50,000 to Mrs. Mason, the rest of the estate is to be divided into 13 portions, two to be given to his six children and the remaining portion to the institutions. By his will, two nieces, daughters of William and Alfred J. Mason, receive \$2000 each, and \$100 goes to a personal attendant.

The estate consists of the Toronto residence, a Muskoka residence, and shares in a number of corporations.

SLIDING IS OVER BYLAW GOES THRU

Third Reading Will Be Given to Civic Ordinance When the Slides Have Melted and the Sport Is Over for This Season—To-day's Business for City Council.

At its meeting to-day the city council will be called upon to deal with many big propositions. The Sunday sliding bylaw will be given its third reading. After to-day tobogganing on the city's slides will be confined to week days. Ald Spence's motion to elect seven controllers, one from each ward, will be dealt with. This motion was favorably received by the city council one month ago, but the board of control has recommended that it be struck out. In all probability, however, there will be a lengthy debate upon the subject. The proposal of John Ross Robertson that the council authorize a bylaw to be submitted to the ratepayers next election to provide for a \$250,000 grant for the Sick Children's Hospital will be dealt with. The conveyancing of the exhibition property to the directors under the new name of "The Canadian National Exhibition" will also be considered. Controller Church's motion that application be made to the legislature to take over the street railway will be discussed. The city solicitor and the board of control, however, do not consider the idea a feasible one, and doubtless the council will strike it out. City Engineer's Rust's recommendations regarding the proposed civic car lines will be placed before the council, together with a lengthy report from the works committee, which provide for numerous improvements and changes.

The prices paid were from \$850 to \$400 an acre.

NE TEMERE IN SUPREME COURT

OTTAWA, Feb. 18.—(Special.)—When the sittings of the supreme court commence next Tuesday it is just possible that the stated case in the ne temere situation will be ready for presentation by the government. The case has been drafted and only one or two things require to be inserted, and, while on Tuesday the case may be laid formally, it will be done on Thursday at the latest.

The City's Real Business Manager

The real business manager of the city to-day is Mr. Drayton, the head of the legal department. But he should have more power. When you've got a good man give him a chance. He's on the job all the time, not the creature of an annual election. He knows the situation better than anyone else. Put the street railway problem in the hands of a commission made out of the Hydro-Electric Commission, and Mr. Drayton on it, and the citizens would get things done. Who's for this reform?

SPECIAL TRAINING COURSE FOR FOREIGN MISSIONARIES

Interdenominational Post-Graduate Course Will Be Established in Toronto as a Result of a Meeting of Representative Local Protestant Theological Colleges.

The establishment in Toronto of an interdenominational post graduate course for the special training of foreign missionaries will probably be the result of a conference between representatives of the five local Protestant theological colleges and five Protestant mission boards, which was held at the lunch hour on Saturday.

Those present were: Rev. J. P. D. Lively, vice-president of Trinity College; Rev. Principal O'Meara of Wyecollege; Rev. Principal Macdonald of Knox College; Rev. Chancellor Burwash of Victoria College; Rev. Chancellor McCrimmon of McMaster University; Prof. Davidson, Prof. Wallace, Prof. Farmer, Prof. McLaughlin, Prof. Cogswave, Prof. Cotton, Prof. Bowles, and the following representatives of the denominational mission boards: Rev. W. P. Mackay, Rev. Dr. McTavish, Rev. W. T. Gunn, Rev. J. A. Macdonald, Rev. Ralph E. Smith, Rev. Thos. Trotter, Rev. A. E. Armstrong, Rev. Canon Gould, Rev. T. Egerton Shore, Rev. Andrew Robertson, and Rev. J. W. Graham.

The principal feature of the conference was an address by President Wm. Douglas Mackenzie of Hartford Theological Seminary, chairman of the commission on the preparation of missionaries appointed by the Edinburgh Congress. President Mackenzie stated that the investigations of the commission showed that while the general mental equipment of foreign missionaries was quite equal on the average to that of their ministerial brethren at home, their training was lacking in certain particulars essential to the success of their work. One important point in which they were lacking was in professional pedagogical training, which was a serious omission, in view of the fact that more than one-half of their work was educational. Another weakness was that the medical and other lay missionaries did not have proper training in Christian evidences and doctrines, and so could not answer many of the questions put to them by native enquirers. More

attention should also be given to the religious sociology of the field to which they were going, for frequently missionaries had very crude notions of the non-Christian religions and so were at a disadvantage in dealing with them. More adequate facilities for language study should also be afforded, since a halting speech could never bring anything but contempt from an ignorant people. The meeting was presided over by President Mackenzie, who considered that special courses of training should be provided for missionaries, both at home and after reaching the field. In the discussion which followed Rev. Chancellor Burwash expressed the opinion that if the churches would put \$2000 or \$3000 a year each into establishing a special training course for missionaries in Toronto supplementary to the regular theological training it would save them \$5000 or \$10,000 a year, which was lost at present thru the ineffectiveness of the efforts of missionaries who were not properly prepared.

Rev. T. Egerton Shore estimated that 25 missionaries would be sent out by the churches of Canada within the next five years, which was surely a number sufficiently large to warrant the establishment of a special training course. Principal Gandler expressed his approval of a special course of a year in addition to the present course, and thought most of the instruction could be given by ministers on furlough.

After Vice-Provost Lively of Trinity College met the members of Wyecollege and had promised the support of their respective colleges to such a scheme, it was decided that each of the Protestant theological colleges in Toronto should be asked to appoint two representatives, and each of the mission boards, and each of the churches of Wyecollege should be asked to form a committee for the purpose of maturing a scheme by which the different denominations might combine to provide a year of special preparation for their missionaries before leaving for the field. It is likely that such a course will be established by next autumn.

ter. In the South Sea Islands we find the native women every bit as eager for finery as we do along the boulevards of Paris. In London, New York, Berlin and, in fact, in every large city in the world as well as in every hamlet, whether large or small, we find the same conditions.

"In almost every instance," Miss Morris continued, "women have gone to almost any extreme so long as they are craving for fine dresses and other fashionable regalia. The present fashion, however, has seized the most trivial and exaggerated it into the grotesque, and one other fashion craze demonstrates what I say."

NEW YORK, Feb. 18.—"All women are slaves to fashion." "This slavery holds them firmer than the days of Nero or before the rebellion."

Such are the declarations of Miss Frances Morris, who recently lectured on the "History of Costume" before a body of school teachers in the Museum of Art.

"There are but a few women," said Miss Morris, "who have escaped this slavery. The pages of history, which carry us back to the women who lived in Crete, twenty-two hundred years before the birth of Christ, have shown us that the women of those days were as much a slave to fashion as they are today.

CALLS SUNDER SINGH A SELECTIONIST AND EXPLOITER OF SIKHS

H. H. Stevens, M.P. for Vancouver, B.C., Makes Warm Attack on Delegate Before Women's Canadian Club.

Classing Dr. Sunder Singh as a selectionist and exploiter of his fellow-countrymen on the coast, H. H. Stevens, the lighting M.P. for Vancouver, B.C., gave a fiery oration to the Women's Canadian Club at Guild Hall, Saturday afternoon. His attack on Dr. Sunder Singh, now in Toronto, was bitter. He made charges which he said could be substantiated, and he was willing to do so if any friendly Sikhs or Singh himself desired to enter action.

"What is Dr. Sunder Singh's scheme in agitating in behalf of his fellow-countrymen?" asked Mr. Stevens. "He, with some other educated ones, want them allowed entrance into Canada so as to exploit them."

"He has no viable means of support. When he says he is working for his people out of sympathy, he lies. He entered Canada on a fake, as a friend was supposed to take him to Kamloops on account of illness, for recuperation. You see him now a fine, husky, greasy-looking individual. He has evaded the execution of a deportation order issued by the department of the interior."

"I want to say this: He is a selectionist and lives by his wits, on his unsophisticated countrymen. Sunder Singh and Teja Singh were at one time bitter enemies. They are now joined and working hand in hand. They are cute and clever. They make much money by investing their countrymen's money in town lots in their own names. There are hundreds of Sikhs who would resign as Teja Singh does today if they had the superior knowledge of English and experience thru travel. Dr. Sunder Singh and Teja Singh and the other leaders have absolute control of the class."

To Colonize Ontario. "Dr. Sunder Singh has been negotiating with a transportation company in Toronto with a view to bringing a colony of Sikhs from Calcutta to some place in the east, and Sunder Singh would resign as Teja Singh does today in Vancouver. This would be a very profitable position."

Sunder Singh has been wondering how Dr. Sunder Singh would be received in Canada, despite the fact that he is carrying on a campaign against the countrymen, but in reality under false pretences. At first, to me, it was a joke, but now it has assumed serious proportions. Altho Dr. Sunder Singh had endeavored to obtain a ticket of admission to the meeting he was unable to do so. The secretary of the meeting, Miss Constance Boulton, who explained that the club was not carrying on a debate or intending to reach any conclusions, was invited to hear both sides of the question, and the hearers could draw their own conclusions.

Knew the Problems. "I have been in British Columbia for 18 years, have studied her problems carefully and know her needs and resources," continued Mr. Stevens. "I wonder if the eastern Canadians who have given adverse views on the expansion of the home-to-morrow, most of the conditions, understand the worthless class of people, to which they show sympathy, and understand how undesirable the Hindus are in the population."

BETTER ROADS FOR ONTARIO

Improvements to Highways and Conservation of Resources to Be Discussed by Surveyors.

Improvements to roads and conservation of Canadian natural resources, will be discussed at the annual meeting of the Association of Ontario Land Surveyors, to be held in the lecture room of the Engineers' Club, on Feb. 27, 28 and 29. The first session of the convention will be devoted principally to reports from committees and the presidential address by J. P. Whitson. There will also be two comprehensive papers on "Canada's Mineral Wealth" and "A Trip to Hudson Bay in 1900," by Dr. W. G. Miller and L. V. Rourke respectively. On the second day eight papers will be read on the following topics: "Coal Tar for Roads," "Underground Surveys," "A Mountain Railway in Norway," "Conservation in Canada," "City Surveying," "Town Planning," "Re-Marking of Government Lands by the Government" and "What Land Survey-

ors Can Do to Promote the Settlement of Our Agricultural Lands of New Ontario." The speakers are: James Hutchinson, R. W. De Morest, C. C. James, C.M.G.; James W. White, T. N. Epiphany, W. J. Moore, C. F. Arlscoworth and J. P. Whitson. The nomination of officers will take place on the last day.

HOSPITAL COT BOARD.

Annual Meeting Showed Great Progress in All Lines. A large number of members of the Canadian Order of Chosen Friends assembled in the Oddfellows' Hall, Bathurst street, on Friday night, the occasion being the annual meeting of the Toronto Hospital Cot Board in connection with the order. The meeting was a very harmonious one and the auditors showed that 66 members have been taken care of in the Toronto hospitals during the year at a cost of over \$1000. The report also showed that this auxiliary institution is in a flourishing condition, having over \$1500 in the treasury after paying all liabilities. Friend W. F. Montague, grand recorder, and friend W. F. Campbell, grand organizer, and his good wife, all of Hamilton, were pleasant visitors. The order conducted the election of officers and installed them in an efficient manner. The following officers were elected: President, friend J. L. Davidson; vice-president, friend A. C. Archer; assistant secretary, friend J. M. Letcher; prelate, friend Mrs. C. Brown; executive committee, friends Alex. McIntosh and Dr. J. Watson; auditors, friends A. J. Newton and J. Beckman; press committee, friends J. M. Letcher and W. E. Mahoney.

STREET CAR MEN MEET

No Trouble Anticipated When Agreement With Company Expires.

At the regular weekly meetings of the Street Railway employees, and the moving picture operators held in the Labor Temple yesterday afternoon, resolutions were adopted congratulating the striking clock makers at Eaton's on the stand they had taken, and also endorsing the action of the Trades and Labor Council in putting the firm on the unfair list. The street railway men are not looking on the dark side of things by any means in regard to the expiration of their agreement with the company in June. They will ask for an increase in wages and shorter hours. They anticipate no trouble with the company.

CHURCH SERVICE AT NEW PARKDALE BAPTIST CHURCH.

Two very interesting services were held at the Parkdale Baptist Church yesterday, when the pulpit was occupied by the Rev. J. A. Francis, D.D., of Boston, Mass., who preached a very eloquent sermon at each service to a large congregation. The musical part of these services was particularly good. A choir of 44 voices, accompanied by a large orchestra, rendered beautiful music at both services. Their choir has made great strides under the able direction of Mr. C. R. Williams, who has used every endeavor to obtain great perfection. The orchestra, which was under the direction of Mr. G. A. Townley, a prominent musician of this city, who orchestrated the service through, blended beautifully with the voices. The day through was much enjoyed by all.

SIX HUNDRED SNOW-SHOED TO CHURCH.

QUEBEC, Feb. 18.—With the advent of the snowshoers on Saturday morning, the Mardi Gras celebration took on a new tinge of color and yesterday and to-day were busy days. From all parts of the province came representatives of different clubs, and the streets have been bright with the variegated uniforms of the snowshoers. Saturday's parade was followed by a display of fireworks at St. Louis Gate. To-day all the clubs assembled on the Dufferin-terrace and paraded to Jacques Cartier Church. The snowshoers was an imposing one, fully 600 snowshoers being in line.

North Toronto Liberal-Conservative Meeting.

HOME FOR FEEBLE MINDED CHILDREN.

Editor World: I have read with great satisfaction of the efforts being made by Mrs. Fraser Macdonald, regent of the Dreadnought Chapter Daughters of the Empire, and other ladies, to secure a residential school and home for feeble-minded children. This is a truly patriotic work, and one urgently required. It is to be hoped that the kindly interest shown by these ladies will stimulate public opinion and strengthen the hands of the government in its endeavor to deal adequately with this matter as soon as possible. Why the Grand Trunk Continues to Be the Popular Route to Montreal.

This line offers every feature pertaining to comfortable travel; moreover, it is the only double-track route, also the only line operating Pullman sleepers between Toronto and Montreal. An additional advantage of traveling via this route is that tickets purchased in Toronto are valid returning from Montreal on the "International Limited," Canada's finest and fastest train, (only 7 1/2 hours Montreal to Toronto). Four trains leave Toronto daily, 7:15 and 9 a.m., 8:30 and 10:30 p.m. The 9 a.m. train carries parlor-library car and dining car to Montreal, also Pullman sleeper to Boston. The 10:30 p.m. train carries five or more modern Pullman sleepers to Montreal daily, also through Ottawa sleeper. Remember, the Grand Trunk is the only "double-track route." Electric lighted Pullman sleepers. Secure tickets, berth reservations and full information at City Ticket Office, northwest corner King and Yonge-sts. Phone Main 4209.

PARAGUAY MAKES AMENDE HONORABLE.

BUENOS AYRES, Feb. 18.—(Can. Press.)—Friendly relations have been re-established between Paraguay and the Argentine republic. Senor Bosch, minister of foreign affairs, and the Paraguayan minister of justice, Federico Casas, to-day signed a protocol as the result of negotiations which have been going on for the past three weeks for the settlement of trouble between the two republics. Paraguay, it is announced, has given satisfaction to Argentina for attacks upon Argentine shipping and property. It is expected that the diplomatic representatives of the respective countries will return to their posts immediately.

SHOULD ATTEND THE SERVICES

Rev. Dyson Hague Gives Good Advice in First Sermon at Church of the Epiphany.

At the Church of the Epiphany yesterday morning Rev. Dyson Hague, the new rector, preached his first sermon, in which he showed the obligations of all Christians to not only attend church services themselves, but to persuade others to do so. The maintenance of divine service, he said, was the greatest safeguard to national honor and progress. Christianity was fostered in the church and civilization was based upon the Christian faith and Christian ideals. The new rector exhorted the congregation to attend the services. He would consider an increased attendance as a very good indication that his pastorate had been a success. He laid stress on the necessity of bringing the children to the services so that the habit would remain with them, and be an influence for good throughout their lives.

Curling Semi-Finals At Winnipeg

Note and Comment

The Toronto curlers are back from Winnipeg, the finals are on this week. However, they do not interest us. Hottel Simpson Rennie is still there, and likely to land some jewelry in the Patriarch, which is a competition for men of like ability. The winners, Hottel and Simpson, are the rest of the rink. They won their first game by default, and after that on the ice put them into the semi-finals. R. B. Rice of Queen City made close scores in all his six games, and he had the small end in each.

Thomas Rennie returned in the best of shape, with no excuses. He expects to go back next winter, but with rocks less than forty pounds. He says they play under form and there is no use in attempting an explanation. In the intermediate, when the Rennie's finished enough down to lose the match, they were likely thinking of Glasgow, and John was again doing the skipping. The Rennie's best was the 6's. They were beaten by one in the District, when they used little borrowed stones, losing a shot the last end, and that's the closest they were to the 2's.

The Dalton boys returned via Chicago, and everyone is congratulating them on their victory over Cassidy, but that thought through the heavy ice and hard knocks proved their fitness about the middle of the season. Mr. Rennie looks for Flaville, Thaburn and McAuley to land a considerable portion of the prizes.

The hockey match Saturday night was a splendid spectacle and an even contest for half the journey. The visitors from Kingston put up a clever article while they lasted. The heavy ice and hard knocks proved their fitness about the middle of the season. Mr. Rennie looks for Flaville, Thaburn and McAuley to land a considerable portion of the prizes.

Wise hockey followers will tell you how the amateurs from the east could have won the game, but the fact remains that the Dalton boys in the actual hours play were the best team on the ice and deserved to win as they did, by about two goals.

The bright young girl who at the Excelsior sitting downstairs and gentlemen friends in the south gallery, she was intensely interested in her first big game, and when the champions were running in those seven goals in the second period, began to scan their faces. "Strange that those of them seem familiar to me and Maw, and I do a lot of shopping at Eaton's," she confided to her escorts, each merely regarding her as playing amie.

Quebec Beaten in Poorly Played Game By Wanderers

MONTREAL, Feb. 18.—Wanderers and Ottawa are now tied for the leadership of the N.H.A. This was brought about by a brilliant night when the Wanderers showed probably the most startling reversal of form of the season and trimmed the Quebec team.

The locals had the better of the play all through the first two periods, but in the last session without the services of the horned brothers and Russell, they were outshored and outplayed. Both the teams showed speed and aggressiveness, and the individual players pulled off several Quebec goals in the last. In the last, however, the hockey was of the poorest. Wanderers handled the puck with ease and penalties, hung back on the defensive, while Quebec did not exhibit the same dash and vim that characterized their previous efforts.

Wanderers: Goal, Boyce; point, Ross; cover, S. Cleghorn; centre, point, left, right, O. Cleghorn; left, Roberts. Quebec: Goal, Moran; right, Rodgers; cover, Hall; centre, Malone; right, Gorman; left, McDonald. Leonard replaced Marks; Bernier replaced O. Cleghorn; Teiroux replaced S. Cleghorn. Referee, D. Campbell. Judge of play, E. Phillips.

Hockey Gossip

The hockey feature to-night is the junior game in Berlin between the Toronto Club and the Berlin team, which the T.C.C. are running a special train over the Grand Trunk, which leaves at 4:30, and returns at 10:30. A large crowd is expected to make the trip.

Word comes from Berlin that, despite their reversal here by the T.C.C., they are ready to beat the paddlers again and beat them in Berlin.

One crucial remark was made after Saturday's game that Goal Tender Daniels of the Frontenac Club must have forgotten to take his six hangars off.

Many hockey fans had to return home after waiting in the long line for limited accommodation at the Excelsior Rink. They started to leave for home at 10:30, and by 6 o'clock nearly 50 were waiting.

The official returns from the Excelsior Rink revealed the fact that 1300 people paid admission to the Frontenac game for a total of \$311.75. Not half of what it would have had there been room to accommodate the crowd.

The Eaton Club will run an excursion to Kingston on Friday night for the return game with the Frontenacs.

To-morrow night at the Excelsior Rink the final game of the Eaton Stink League championship will be played between the sporting goods and mail order teams. There will also be a couple of burlesque games.

Coulton Still Champion. NEW ORLEANS, Feb. 18.—Johnny Coulton of Chicago was still the bantam champion of the world at the end of his 39-round fight with Frankie Burns of Jersey City this afternoon before the West Side A.C. The fight was fast and clever from the first bell, and in the times carrying the fighting to Burns' corner.

R. M. C. Win Their Group. KINGSTON, Feb. 18.—R. M. C. defeated McGill 11-2 Saturday night in an intercollegiate hockey match by a score of 10 to 2 winning the round by 14 to 2. They will play McGill again on Saturday night with Varsity II. The game was very slow and as a result of mild weather the ice was very soft. Players could get no speed. Half-time score stood two-all.

BRADEN WINS 24

Flaville in Semi-final in Tetley—McAuley and Thaburn Still in the Despatches.

Winnipeg, Feb. 18.—Saturday night saw play narrowed down to the four in all the open events and the final of the Tuckett double rink district championship competition played. Spurling and Drummond of Minnesota took the Tuckett from Defiel and Dunbar of St. Paul, Drummond clinching the prize by defeating Dunbar 14 to 7, while Defiel and Spurling broke even, ten apiece.

Thaburn of Brampton was downed in the semi-finals for the McLaughlin Cup by Braden of Winnipeg, 11 to 8. Braden now has won 24 games in the open events without a single loss and has captured the grand aggregate prize. To get into the semi-finals of the Tetley Test, Flaville of Lindsay defeated Power of the Tuckett rink, 14 to 7, while Defiel and Spurling broke even, ten apiece.

Thaburn of Brampton was downed in the semi-finals for the McLaughlin Cup by Braden of Winnipeg, 11 to 8. Braden now has won 24 games in the open events without a single loss and has captured the grand aggregate prize. To get into the semi-finals of the Tetley Test, Flaville of Lindsay defeated Power of the Tuckett rink, 14 to 7, while Defiel and Spurling broke even, ten apiece.

The rink left in the competitions are about equally divided between city and outside, although considerable betting is now being done that Braden will clean up all four open competitions. Monday night will see the close of play in all the open events while the Blue Ribbon play down will continue thru the week. Those betting against Braden's four-fold winning streak are banking on Ross of Regina, Flaville of Lindsay, McAuley of Southampton, and Finlay of Winnipeg stopping him.

In the 9 a.m. draw the unbeaten rink from Ross of Regina, the hands of Ross of Regina. The score: WALKER THEATRE. (Semi-final)

M'KISSOCK WINS Y.M.C.A. FENCING CHAMPIONSHIP

Most Successful Dominion Tournament Concluded Saturday at Central.

The concluding event in the Dominion Y.M.C.A. fencing championships, held in the Central Y.M.C.A. on Saturday night, brought to a close the most successful Y.M.C.A. championship that has been held in this city.

The senior foil championship was productive of splendid fencing, early judged, and without doubt, an evidence of the gentlemanly qualities of the art, which has been readily acknowledged.

The winners of the championships, M'Kissock and Lightwood, undoubtedly rank as splendid swordsmen, the club made brilliant attack and defence were displayed. The bouts were entirely devoid of counter-attacks, most of the hits were received from the rappee.

The lunging was splendid and steady nerve. Earl M'Kissock receives a gold medal emblematic of the event, and Geo. Lightwood a silver medal, and in addition, the Form Cup, which he held in 1911, becomes his permanent property. The award of the cup to Lightwood should be an incentive to fencers in general, since in this, as in many other forms of art, there is no royal road to success.

M'Kissock's record in fencing is undoubtedly a brilliant one. He associated early with Chas. Walters, whose ability as a swordsman is well known in Canada, and whose devotion to M'Kissock's best interests, and M'Kissock's appreciation of Walters' interest, placed him in a championship class much earlier than he is generally credited with.

Lightwood, being a follower of artistic pursuits, perhaps comes closer to a classical fence than M'Kissock, a practical man. He, too, has had splendid assistance, under the same conditions as M'Kissock, but his club made brilliant attack and defence were displayed.

The fencing tournament, as a whole, is an indicator of which the club may be judged as to the improvement in its membership during the season. The fact that the success in this event was in evidence, while the one who practised assiduously gave evidence of the fact that hard work is the price of success.

The following are the winners of the championships: M'Kissock, 1st; Lightwood, 2nd; M'Kissock, 3rd; Lightwood, 4th; M'Kissock, 5th; Lightwood, 6th; M'Kissock, 7th; Lightwood, 8th; M'Kissock, 9th; Lightwood, 10th.

Junior foil championship—N. O. Wheeler, 1st; M'Kissock, 2nd; Lightwood, 3rd; M'Kissock, 4th; Lightwood, 5th; M'Kissock, 6th; Lightwood, 7th; M'Kissock, 8th; Lightwood, 9th; M'Kissock, 10th.

Home Team Win From Dental College. Markham Tournament Comes to a Close With the Intermediates Winning the Watches.

MARKHAM, Feb. 17.—The tournament here came to a close to-night by Markham Intermediates winning the watches from the Dental College.

Intermediates won the watches from the Dental College by a score of 13 to 8. The Dental College team was composed of senior company seldom seen outside of senior company. The game was clean and fast, and had few penalties to inflict.

The score at half time was 8 to 1 and finished 13 to 8 in favor of Markham. The team: Daniels (6); Goal, Douglas; point, Roberts; cover, Knight; rover, Beaton; centre, Bricker; right, Zimm; left, Stewart.

Markham (12); Goal, Sumner; point, Day; cover, Stewart; rover, Walter; centre, Belcher; right, Robb; left, Sanderson.

Welsh, the Fighter, Out of the Game. SAN FRANCISCO, Feb. 17.—The 36-round fight between Freddie Welsh of England and Jack Britton of Chicago, scheduled for Feb. 2, was called off to-day.

Welsh's back, it was announced, has incapacitated him and he will return east. He may be out of this as a game of two years, according to his friends.

Welsh's friends say he will go to a Chicago sanitarium. With the return of health he expects to visit Winnipeg and other Canadian cities.

Toronto Canoe Club vs. Berlin Monday, February 19 GRAND TRUNK SPECIAL Leaving 4:30 p.m. Returning after game. Tickets, \$1.75, at Ticket Office and Station.

STABLE ENTRY IN FEATURE 1-2

Debutante Stakes at Charleston Worth \$1000 to Winner—Fort Wins Dis-tance Event.

CHARLESTON, Feb. 17.—The debutante purse, worth \$1000 to the winner, for 2-year-old fillies, was the principal race on today's card at Palmetto Park and was won easily by the Woodford stable. The stable entry in this race was one, two, with the Garden of Allah first and Horse Porter in close second. Belfast, with 97 pounds up, won the seventh race, and incidentally surprised the talent, who went to Edna Collins and Sabo Blend.

Racing men do not fear the new anti-betting bill just signed by Gov. Bleese, which after July 1 will prohibit betting on any form of horse racing in South Carolina. The injunction clause, which was defeated, it is claimed was the feature most feared by racing interests.

FIRST RACE—3-year-olds and 4-year-olds, maidens, purse \$300, 1 mile: 1. Fatherna, 102 (Koerner), 7 to 3, 2 to 1 and 1 to 2. 2. Arbutus, 107 (Higgins), 7 to 2, 3 to 1 and 1 to 2. 3. Cheer Up, 105 (Sivdun), 8 to 1, 2 to 1 and 1 to 2. Time, 1:39 4/5. Single File, Carlisle M., Brown and Asmet also ran.

SECOND RACE—3-year-olds and 4-year-olds, maidens, purse \$300, 1 mile: 1. Garden of Allah, 113 (McTaggart), 7 to 3, 2 to 1 and 1 to 2. 2. Jesse Porter, 118 (Dugan), 7 to 5, 2 to 1 and 1 to 4. 3. Kippling, 115 (Goose), 5 to 1, 2 to 1 and 1 to 2. Time, 1:40 1/5. Ella Grant, Hada Maid, Temesand, Manna Johnson, Stavano and Ethelburg IV, also ran.

FOURTH RACE—3-year-olds and 4-year-olds, maidens, purse \$300, 1 mile: 1. Mary Wiggins, 113 (Dugan), 9 to 2, 2 to 1 and 1 to 2. 2. J. H. Barr, 118 (Loftus), 5 to 1, 2 to 1 and 1 to 2. 3. Royal Captive, 107 (Koerner), 7 to 2, 2 to 1 and 1 to 2. Time, 1:39 2/5. Pardner, Sillas Grump, Ochoe Court and Merry Lad also ran.

FIFTH RACE—3-year-olds and 4-year-olds, maidens, purse \$300, 1 mile: 1. Berkeley, 109 (Loftus), even, 1 to 2 and 1 to 2. 2. Rye Straw, 99 (Spelman), 10 to 1, 2 to 1 and 1 to 2. 3. Royal Captive, 107 (Koerner), 7 to 2, 2 to 1 and 1 to 2. Time, 1:39 2/5. Pardner, Sillas Grump, Ochoe Court and Merry Lad also ran.

SIXTH RACE—3-year-olds and 4-year-olds, maidens, purse \$300, 1 mile: 1. Montague, 105 (Sturdivant), 11 to 6, even and 1 to 2. 2. Aviator, 102 (Connors), 10 to 1, 5 to 1 and 2 to 1. 3. Goleconda, 112 (Peak), 4 to 1, 3 to 1 and 2 to 1. Time, 1:41 1/5. Detect, Dolly Bultman, Long Hand, Hogue, E. and Belle Clem also ran.

SEVENTH RACE—Selling, purse \$300, for three-year-olds and up, one mile: 1. Belfast, 97 (Ambrose), 4 to 1, 2 to 1 and 1 to 2. 2. Sir Edward, 110 (Dugan), 5 to 1, 2 to 1 and 1 to 2. 3. Lyne, 97 (Forsyth), 10 to 1, 3 to 1 and 2 to 1. Time, 1:41 1/5. Kaufman, Edna Collins, Wayne Griswold, Harrier, Short Order and Sabo Blend also ran.

U. S. Amateur Golf Championship.
NEW YORK, Feb. 17.—Announcement was made today that owing to the fact that the British amateurs could not arrange to play on the date previously set, it had been concluded to hold the U. S. Golf Association amateur championship at Wheaton, Ill., on Sept. 2-7.

World Wins Three.

In the Printers' League at the Toronto Bowling Club Saturday night, the World again drew up within one game of the leaders in the race, by defeating J. Eaton Co. in all three games and not only that, but in doing so Walter's braves rolled up two of the biggest games of the season, counting 889 in the first and 901 in the second, while a small crowd in the last game alone robbed them of the 7000 total of the season. All The World rollers went over the 600 mark, Edly B. Beer, while Walter Williams got third honors with 628. Charley Wilson also gets into the limelight by annexing high single with a 200 count in the middle game. Harry Reid for Satons was both "World" and "Amen" with 172 and 171. The score: 1. 2. 3. 4. 5. 6. 7. 8. 9. 10. 11. 12. 13. 14. 15. 16. 17. 18. 19. 20. 21. 22. 23. 24. 25. 26. 27. 28. 29. 30. 31. 32. 33. 34. 35. 36. 37. 38. 39. 40. 41. 42. 43. 44. 45. 46. 47. 48. 49. 50. 51. 52. 53. 54. 55. 56. 57. 58. 59. 60. 61. 62. 63. 64. 65. 66. 67. 68. 69. 70. 71. 72. 73. 74. 75. 76. 77. 78. 79. 80. 81. 82. 83. 84. 85. 86. 87. 88. 89. 90. 91. 92. 93. 94. 95. 96. 97. 98. 99. 100. 101. 102. 103. 104. 105. 106. 107. 108. 109. 110. 111. 112. 113. 114. 115. 116. 117. 118. 119. 120. 121. 122. 123. 124. 125. 126. 127. 128. 129. 130. 131. 132. 133. 134. 135. 136. 137. 138. 139. 140. 141. 142. 143. 144. 145. 146. 147. 148. 149. 150. 151. 152. 153. 154. 155. 156. 157. 158. 159. 160. 161. 162. 163. 164. 165. 166. 167. 168. 169. 170. 171. 172. 173. 174. 175. 176. 177. 178. 179. 180. 181. 182. 183. 184. 185. 186. 187. 188. 189. 190. 191. 192. 193. 194. 195. 196. 197. 198. 199. 200. 201. 202. 203. 204. 205. 206. 207. 208. 209. 210. 211. 212. 213. 214. 215. 216. 217. 218. 219. 220. 221. 222. 223. 224. 225. 226. 227. 228. 229. 230. 231. 232. 233. 234. 235. 236. 237. 238. 239. 240. 241. 242. 243. 244. 245. 246. 247. 248. 249. 250. 251. 252. 253. 254. 255. 256. 257. 258. 259. 260. 261. 262. 263. 264. 265. 266. 267. 268. 269. 270. 271. 272. 273. 274. 275. 276. 277. 278. 279. 280. 281. 282. 283. 284. 285. 286. 287. 288. 289. 290. 291. 292. 293. 294. 295. 296. 297. 298. 299. 300. 301. 302. 303. 304. 305. 306. 307. 308. 309. 310. 311. 312. 313. 314. 315. 316. 317. 318. 319. 320. 321. 322. 323. 324. 325. 326. 327. 328. 329. 330. 331. 332. 333. 334. 335. 336. 337. 338. 339. 340. 341. 342. 343. 344. 345. 346. 347. 348. 349. 350. 351. 352. 353. 354. 355. 356. 357. 358. 359. 360. 361. 362. 363. 364. 365. 366. 367. 368. 369. 370. 371. 372. 373. 374. 375. 376. 377. 378. 379. 380. 381. 382. 383. 384. 385. 386. 387. 388. 389. 390. 391. 392. 393. 394. 395. 396. 397. 398. 399. 400. 401. 402. 403. 404. 405. 406. 407. 408. 409. 410. 411. 412. 413. 414. 415. 416. 417. 418. 419. 420. 421. 422. 423. 424. 425. 426. 427. 428. 429. 430. 431. 432. 433. 434. 435. 436. 437. 438. 439. 440. 441. 442. 443. 444. 445. 446. 447. 448. 449. 450. 451. 452. 453. 454. 455. 456. 457. 458. 459. 460. 461. 462. 463. 464. 465. 466. 467. 468. 469. 470. 471. 472. 473. 474. 475. 476. 477. 478. 479. 480. 481. 482. 483. 484. 485. 486. 487. 488. 489. 490. 491. 492. 493. 494. 495. 496. 497. 498. 499. 500. 501. 502. 503. 504. 505. 506. 507. 508. 509. 510. 511. 512. 513. 514. 515. 516. 517. 518. 519. 520. 521. 522. 523. 524. 525. 526. 527. 528. 529. 530. 531. 532. 533. 534. 535. 536. 537. 538. 539. 540. 541. 542. 543. 544. 545. 546. 547. 548. 549. 550. 551. 552. 553. 554. 555. 556. 557. 558. 559. 560. 561. 562. 563. 564. 565. 566. 567. 568. 569. 570. 571. 572. 573. 574. 575. 576. 577. 578. 579. 580. 581. 582. 583. 584. 585. 586. 587. 588. 589. 590. 591. 592. 593. 594. 595. 596. 597. 598. 599. 600. 601. 602. 603. 604. 605. 606. 607. 608. 609. 610. 611. 612. 613. 614. 615. 616. 617. 618. 619. 620. 621. 622. 623. 624. 625. 626. 627. 628. 629. 630. 631. 632. 633. 634. 635. 636. 637. 638. 639. 640. 641. 642. 643. 644. 645. 646. 647. 648. 649. 650. 651. 652. 653. 654. 655. 656. 657. 658. 659. 660. 661. 662. 663. 664. 665. 666. 667. 668. 669. 670. 671. 672. 673. 674. 675.

MONDAY MORNING, FEB. 19, 1912

THE MUNICIPAL SITUATION.

Seven weeks of the year have passed and the city council have not settled one of the main pressing problems.

What legislation do the council intend to ask of the legislature? Are we to have our traction problem put in the hands of a commission, with a high-class traffic expert? Or are we to dawdle along?

Does Mayor Geary propose to force the street railways to give a suburban and interurban service, such as they give in Montreal?

And what about annexation? There is North Toronto about to deal with the water question and is being invited to make a new deal with the Metropolitan Railway. North Toronto is an essential part of Toronto and ought to be included forthwith.

THE RIGHT WORD IN ITS PLACE

By Mr. J. L. Hughes, whose resignation as inspector of public schools in Toronto has just been accepted. It must be a happy reflection for Mr. Hughes that no one more than himself has helped to establish this new value.

Whatever theory of education may be put forward nowadays, it is sure to be attacked by some one. The only certainty is that the theory which produces the ablest men is the best one.

Educationists will say little about their theories if they are wise, but strive for the desired result.

There is no doubt, however, that the tendency which Mr. Hughes has always striven to promote, has been to emphasize the value of the individual child, and to regard the system as subordinate.

At the same time the innate tendency of systematic education on the large scale made necessary by modern social developments has been to reduce the children to a uniform level, and minimize individuality. The reaction against this has produced the movement for technical training, the boy scout movement, and many other movements, all of which are based on the belief that the child is an independent entity with a will, a destiny, an original purpose of its own, to assist the legitimate expression of which is the aim of education.

It is fully recognized now as it was in the language of the earliest ages, that the man of the man, or mind, is the man of the man, or hand, and the training of the hand must go along with the training of the brain. It has a better effect on the boy to learn to write than to learn to read, for it trains him to a fuller control of his body. All the manual arts are useful in their degree to this end.

Mr. Hughes' work has been steadily in the direction of recognizing and cultivating the humanity of the child, and he has won a high place and a fine reputation in the educational world by his great gifts, his unflinching leadership and his splendid example. It is no small thing to stand in the front rank of one's profession among the hundred millions who people America. And this is where Mr. Hughes stands. And this is where he might have continued in harness for many years, but his retirement, it is to be hoped, will be the means of benefiting the world in other ways through activities that are not possible during the pre-occupation of daily routine. We trust that Mr. Hughes may long be spared to carry on those labors which his ripe experience and his native wisdom unite to render valuable. He must have much to say which we shall be glad to hear.

YOUR OPPORTUNITY AS GOOD OTHERS.

"For years I have made a practice of searching the dictionary for words that are new to me, and then using them in conversation and public speaking."

The opportunity of which these men have taken advantage is open to you. Compare your limited success with your limited vocabulary and you may see your failures in a new light, and realize what a beautiful gift you have.

Many a man is fettered by the limitations of scanty vocabulary, who might otherwise have been successful. Great ideas and great schemes await nothing if the man who has them has a brain thru the inability of their author to correctly express them.

If you are a student, a school library, get busy and clip coupons for the Webster's New Illustrated Dictionary. Keep it at your elbow in your office or in your home and use it constantly. Do not pass a word you do not understand when you are reading or listening to a sermon or lecture—look it up in your dictionary.

Pastor Russell's Sermon

CALCUTTA, Feb. 13.—The foreign missions investigation committee, appointed by the International Bible Students' Association, is here. The committee explicate their work by each member giving special attention to a different feature of the investigation.

This is their third week in India and they have not yet traveled nearly two thousand miles. They are keenly interested in the heathen and in the Bible, but they declined to give in advance any hint of what their report will be as respects the missionary work here.

Pastor Russell, chairman of the committee, preached twice to-day to large and attentive audiences in our finest auditorium. One of his addresses, from Jer. 15, 23, 24, we report. He said:

Your "City of Palaces" greatly impresses me, as doubtless it does all who visit it. But as I look at its splendor, I am reminded of that portion of my text which declares, "Let him that glorifies in his riches, and knows me, that I am the Lord, which exorcise his loving kindness, judgment and righteousness in the earth."

Whoever we go we perceive that we have each of these Englishmen receives from 50 cents to \$1 a word every time he sells an article.

Ratus Choate, the most successful jury advocate of his time, refused to enter the courtroom until he had found a new word for use in that day's speech. You will find many new words between the covers of the book offered you. Senator Ingalls, the most powerful lawyer of his time, was asked how he acquired his wonderful command of language replied: "YOUR OPPORTUNITY AS GOOD OTHERS."

"For years I have made a practice of searching the dictionary for words that are new to me, and then using them in conversation and public speaking."

New Influences in English Poetry

Prof. Cappon of Queen's University spoke at the university on Saturday afternoon on the "New Influences in English Poetry." He traced the development from the classical Victorian period thru the gradual changes towards the close of the century, and the newer tendencies arising partly from the French symbolist school and more definitely from the Celtic movement.

This did not permit him to take up the study of W. B. Yeats as he had intended, but his paper will be published in due course.

In the late Victorian poetry had begun to show signs of exhaustion. Tennyson's plays were but pale reflections of the Shakespeare drama. Browning had done his best work. Thackeray and Dickens were dead. Ruskin was growing old. Carlyle had finished his "French Revolution" drama. Browning had done his best work. Thackeray and Dickens were dead. Ruskin was growing old. Carlyle had finished his "French Revolution" drama.

Rossetti, Swinburne and William Morris were the chief poets of the new movement. The religion of beauty came to the front and sought to be merged with the moral and national. Rossetti and Swinburne remained exotic, however, and aestheticism turned to a revival of older forms. William Morris was especially the way. Austin Dobson and Andrew Lang, revived old French forms. The English aesthetic school did not push its operations to any extreme, but remained moderate, almost timid in character. Lang had a deeper tone than Dobson, who was more original. The audacious vigor of the man and his irrepressible modernity give his work a Bohemian character which suggests Villon. Lang was too eclectic and Henley too bohemian to equal the best French work.

The symbolist poetry of Verlaine and the dramatic development by Maeterlinck had exercised an immense influence on the later writers. The symbolist movement, which the new conception of poetry required, was a reaction against the materialism of the Victorian age. NINE SAVED, ELEVEN LOST IN WRECK OF STEAMER

Terrible Tale of Privation Told by Survivors of the Erno.

LIVERPOOL, Feb. 18.—(Can. Press.)—The British steamer Cuban, which arrived here to-night from New Orleans, brought into port nine of the crew of the British ship Erno, which was wrecked in a heavy storm at sea.

The Erno was bound from Boston, Feb. 1, for Buenos Ayres. The Cuban passed her on Feb. 8, in latitude 40 north, longitude 95 west, and rescued those of the crew who had managed to keep themselves afloat. Six of the crew were drowned, while the master of the Erno, Capt. Pickett, his wife, the second mate and a passenger are missing. Only the cargo was keeping the wreck afloat.

The survivors of the Erno tell a terrible story of a hurricane on Feb. 2, which carried away the ship's deck cargo and rigging. The gale raged until Feb. 5, when Captain Pickett's wife was badly injured by a heavy sea which swept aboard. Later in the day the crew found the captain and his wife, the second officer and a passenger were missing, having apparently left the ship in the only lifeboat which had not been carried away.

Starved for Three Days. For three days the crew had neither food nor water. Some of the men became delirious by their sufferings and jumped into the sea. The others huddled in the forecastle or lashed themselves to the rigging. The Cuban sighted the wrecked vessel on the morning of Feb. 8. With much difficulty a boat was run alongside and the nine survivors were taken on the steamer.

The officers of the Cuban are of the opinion that it was impossible for the lifeboat of the Erno to remain afloat long in the seas, which were running mountains high.

ASQUITH WITHOUT RIVAL IN TACTICS AND DEBATE

Talk of British Premier's Retirement Ceases—Radicals Shake Off Depression—Dull Financial Discussion Must Precede Introduction of Home Rule Bill and Welsh Disestablishment Measure.

LONDON, Feb. 18.—Irresponsible chatter about the prime minister's retirement has ceased. The old parliamentary hand has no rival as Westminster as a debater, tactician and leader. He cannot be displaced as long as he wants to remain where he is, and the facility with which he rallies the coalition factions, entraps the inexperienced Unionist leader into tactless admissions and silences the opposition benches with vehement denunciation helps to reinvigorate him and appeals to his sporting instincts.

If the activity of the long triumphant Tories has been suddenly paralyzed and the faction rent coalition has shaken off its cold fit of depression and been fired with ardor for a fresh political campaign it is because the prime minister is the master of the situation and cannot be spared as leader of the house of commons.

Moreover, the succession of David Lloyd-George in event of Mr. Asquith's retirement is no longer a foregone conclusion. Sir Edward Grey has regained ground with the pro-German Radicals since the matter of Lord Haldane's mission has been disclosed. Futuous attempts have been made to represent the cabinet as divided into two hostile groups over war armaments and entente diplomacy, when in reality Lord Haldane, Mr. Lloyd-George, Mr. Churchill and Sir Edward Grey have been working in harmony under the direction of the King and the prime minister.

Practical measures have been taken for removing the impression in Berlin that the entente with France and Russia is necessarily an Anglo-German bond that prevents a settlement of controversies and involves the necessity for wasteful armaments. The Radical prejudice against the German bond has been weakened, especially when the King, by his extraordinary gift of the Garter has made it plain that Sir Edward Grey will be summoned and not Mr. Lloyd-George if Mr. Asquith retires during this year of political storm and stress.

Unionists on Defensive. Unionists have been placed on the defensive by Mr. Bonar Law's impulsive declaration that the insurance act will be repealed when they return to power. Everybody on his side is making frantic efforts to explain away the "blazing indiscretion," but with little success as Lady Macbeth's bloodstains on her hands.

Unionists, both in the commons and in the lords, declined to face the responsibility of voting against the Lloyd George insurance scheme, although they considered it a bad measure. They were convinced that it would be unpopular when put into operation and declared an insupportable and decisive defeat of the government at the next general election. They have not taken an antagonistic attitude toward social reform, but have done what they could to discredit the insurance act and to encourage revolt against it. Mr. Bonar Law's speech revealed the true inwardness of Unionist partisanship and diminished his own reputation for discretion.

The debate will be shifted from labor and diplomatic to constitutional issues next week, and will be followed by a dull financial discussion. The three most important measures on the government's program will be heard back until Easter, and there will be no chance of passing them without a prolonged autumn session.

The Welsh Program. Despite the chancellor of the exchequer's quarrel with the doctors and the determination of the extreme Radicals to subject the foreign secretary to expatriating heckling over the Persian affair, ministers have started off with an unexpected revival of confidence. Sir Edward Grey, after remaining too long in the background, is speaking at Manchester this week-end, and is reinforcing the government by his dignified and persuasive oratory. Mr. Lloyd George will be the hero of a suffrage demonstration at the Albert Hall next week, and there will be a full muster of Anglican clergy in the same hall for a vehement protest against the disestablishment of the Church in Wales.

Unionists are planning a prolonged campaign in the country against home private residences as well. The military authorities also have been making enquiries in the coal mining districts as to the facilities for billeting soldiers in adjacent residences, inns and hotels.

No fewer than eight hundred thousand miners have already handed in their notices to quit work in thirteen days from to-day. On March 1, unless one side or the other unexpectedly yields, the country will face a national stoppage which will paralyze every industry and send the cost of the necessities of life up to famine prices.

The authorities estimate that only two weeks' supply of coal is in stock, and, of course, the railroads, gas companies and other big concerns have storage facilities are better supplied.

The Federation of National Transport Workers has pledged itself not to handle "backbiting" coal, so that imported coal will be landed only with great difficulty.

The government announces that it will take the crisis in hand early next week, although there is as yet no indication of how it purposes to attempt to break the deadlock.

DICTIONARY USED AS TRAP

Machine Enabled Government to Secure Records of Conversations of Iron Workers' Officials.

INDIANAPOLIS, Ind., Feb. 17.—All that Frank M. Ryan and other indicted union officials have said in their office about the dynamite conspiracy since last October is alleged to have been learned by the government through a dictagraph discovered to-day in the headquarters of the International Association of Bridge and Structural Iron Workers.

The dictagraph, hidden under a drawer in a desk about which Ryan, the president; Herbert S. Hockin, the secretary-treasurer, and J. T. Butler, first vice-president, and other officials conferred concerning their defense and pleas, is said to have enabled two government stenographers in a room below to take daily reports of the conversations.

The use of the dictagraph was disclosed to-day when the government discovered that no longer of value because a woman clerk in Ryan's office was heard to remark: "Well, I suppose they are hearing now whatever we say." That, with statements by Ryan, convinced Assistant District Attorney Clarence Nichols that the dictagraph was no longer useful.

The instrument was hidden in the desk once used by J. J. McNamara, the dynamiter, and upon which he is alleged to have arranged his alarm clock scheme for regulating the time at which bombs were to be set off.

NOW, LET TURKS BEWARE

TRIPOLI, Feb. 18.—(Can. Press.)—General Canova, commander-in-chief of the Italian expeditionary forces in Tripoli, who has been on a visit to Rome for the purpose of consulting with the government, has returned here and resumed command. Gen. Canova left here for Rome on Feb. 4 and returned with a carefully mapped out plan of campaign.

The Western Union order was the result of competitive bidding on the part of the various typewriter manufacturers. The Remington Company named \$96 as the price at which it would supply the number desired. This figure compares with \$81, the lowest price ever named by that company before. The regulation retail price for the Remington is \$100.

The L. C. Smith Company is understood to have bid \$40 for furnishing the machines.

The successful bid—that of the Underwood Company—is understood to have been \$22.50 per machine, which would necessitate the payment by the Western Union Company of \$225,000. Specifications for the delivery of the entire number within one year from date of contract being signed. Further specifications called for three-year guarantee against repairs.

Day's Doings in Toronto

NORTH TORONTO MAY ENLARGE BOUNDARIES

Councillors Ball and Baker Bring In Important Resolution—Long Session—Suburban Doings.

North Toronto, Feb. 18 (Special).—One of the longest and most arduous sessions of the North Toronto Council ever held was that of Saturday afternoon when from 2.30 to 11 o'clock at night the members wrestled with outstanding and complex problems relating to the municipality.

It was a hard grind for the members and press representatives, as well, and when it was a mighty sign of relief that came from the Mayor's office, and Councilors Howe, Muston, Ball, Baker, Reid and Lawrence were all present.

Saturday's meeting of the council was characterized by the introduction of several important measures, but the biggest of them all was that of Councilor Ball and Councilor Baker, who introduced a resolution to the extension of the borders of the town to include all territory lying between the extension of Jones street and the right out to and including Bayview avenue on the east and Bathurst street on the west.

Council Wants Time. Councilor Lawrence warmly endorsed the principle, and Councilor Baker, as the second, strongly urged the plan, and Councilors Howe and Muston saw nothing objectionable in it, providing the town was safeguarded in every way.

It didn't like a big project like this being sprung on us unawares," said Councilor Reid, "and if the council is to give its formal notice of motion. The mayor likewise objected to taking the matter up in detail on the ground of insufficient notice.

Speaking briefly to his motion, Councilor Ball urged the council to give its formal notice of motion, and in the meantime to take in hand the matter of a general report of the council.

To Take in the Village. Moved, and resolved that "Whereas the Village of Richmond Hill is desirous of co-operating with the municipality in obtaining a supply of water, therefore, be it resolved that this municipality hereby agrees, in the event of obtaining the necessary water in the vicinity of the village of Richmond Hill, to make the village of Richmond Hill an alternative of the village of Toronto.

They had a long and spirited discussion. Sudden Changes Many Colds. And Colds Are the Starting Point of Serious Diseases. You Can Make Short Work of a Cold by Using DR. CHASE'S SYRUP OF LIMESEED AND TURPENTINE.

Public Amusements

Princess Lina Abarbanel in "Madame Sherry"

The first concert of the Schubert Orchestra will be given in Massey Hall this evening. Ticket holders are requested to reach the hall by 7.15, as the concert will start promptly on time.

Toronto Symphony Orchestra

The eighth concert of the Symphony Orchestra will take place on Wednesday evening at the Massey Hall. The program includes the Violin Concerto by Mendelssohn and the Piano Concerto by Liszt.

Second Grand Opera Week

The public of Toronto has awakened to the fact that the Montreal Opera Company is one of the greatest organizations of its kind either in Europe or in America, and also to the very important fact that it is setting genuine grand opera at a price within the reach of the average citizen.

Throw Down City's Plan

Only Councilors Reid and Ball favored the principle, and Councilor Baker, as the second, strongly urged the plan, and Councilors Howe and Muston saw nothing objectionable in it, providing the town was safeguarded in every way.

It Will Be Fine Concert

The concert to be given under the auspices of the North Toronto Citizens' Band will be one of the best ever given in the city or out of it. The band will be conducted by a number of the best musicians in the city.

And Now It's Picking

Pickers Township is the latest municipality to stand out flatfooted in opposition to the plan of the city to pick up the village of Richmond Hill. The township council has just passed a resolution protesting against the plan.

Sentiment in Bearish Mood And Wheat Goes Still Lower

Depressing News From American Points Carries Prices Down a Chicago-Corn and Oats to Decline.

CHICAGO, Feb. 17.—A sharp break in prices for wheat occurred today as a result of big shipments being made from Argentina, and because of heavy receipts at terminals in the United States. The close was weak, 1/4 to 1/2 cent down, oats off 1/4 to 1/2 cent, and hog products less costly by a shade to 20c.

Latest trading in wheat showed a decline of 1/4 cent from the recent high point of the market. Only one rally took place during the session, and that one proved feeble. Buenos Ayres dispatches told of greatly increased exports and promised a further gain next week.

In the latter part of the day, when the bulls were just beginning to catch their breath, another blow came in the form of a statement from the government that had put the Minnesota crop 20,000,000 too low, and that shipments from the rural districts would be liberal for a month yet at least.

Unloaded Corn Options. Longs appeared to be selling out corn. The buying was for the most part weakish, but other grains, especially wheat, were held more firmly.

Northwest Receipts. Receipts of wheat cars at primary centers for the following week: Chicago, 44, 23, 18; Duluth, 10, 11, 12; Minneapolis, 24, 23, 13.

Chicago Markets. J. B. Rickel & Co., Standard Bank Bldg., report the following fluctuations on the Chicago Board of Trade: Wheat—No. 1 hard, 109 1/2; No. 2 hard, 107 1/2; No. 3 hard, 105 1/2.

ST. LAWRENCE MARKET. Receipts of farm produce were 600 bushels of grain, 3,000 bushels of feed, 20 loads of mixed produce, in the north building, and a moderately large supply of butter, eggs and poultry.

Argentine Cables. The market for wheat is dull, with buyers holding out. Corn is easy under favorable weather.

London Produce. The decline continued until the closing. Oats and flax are slightly easier. New and old May wheat options closed flat and quiet.

Liverpool Grain Prices. LIVERPOOL, Feb. 17.—Wheat, spot, easy; No. 1 Man., 85 1/2; No. 2 Man., 84 1/2; No. 3 Man., 83 1/2.

Buffalo Grain Market. BUFFALO, Feb. 17.—Spring wheat dull; winter lower; No. 2 red, 1.01 1/4; No. 3 red, 98 1/2.

Duluth Grain Market. DULUTH, Feb. 17.—Wheat—No. 1 hard, 1.01 1/4; No. 2 hard, 1.00 1/4; No. 3 hard, 99 1/4.

Winnipeg Grain Market. WINNIPEG, Feb. 17.—The local market was very dull today. Opening prices were 1/4 cent under Friday's close, and with no support and an undertone of weakness.

Porcupine Advices Report Active Work Thruout Camp

Mining Market Inclined to Drag Public Trading is Apathetic

Decidedly Uninteresting Movements in Week-end Session—Prices Barely Change—Cobalts Quiet.

World Office, Saturday Evening, Feb. 17. Porcupine stocks moved along in a decidedly apathetic manner in the mining exchanges during to-day's short session, and coincident with the dull trading under way. It was quite apparent that the majority of the list was inclined to drag toward lower prices whenever selling of any consequence put in an appearance. The whole trend of the market partook of a somewhat weaker nature, and net changes for the day in nearly every instance ran into declines.

From the very outset of the dealings it was apparent that the mining stocks were in for a decidedly quiet day. The public speculative movement dwindled away still further as the session progressed, and the total sales consequently fell far below their usual level. Prices moved along in a lethargic way, and the distinct feeling of apathy under way was clearly demonstrated in the fact that Vipond, usually one of the active spots in the list, did not vary even the minutest fraction on the Standard Exchange throughout the day.

Small Declines Shown. It was only to be expected that dullness of this nature would, if it had any effect whatever, work out against the interest of holders, and this was exactly what happened. Small declines in quotations were the general rule, but these were generally so insignificant in volume that they were ignored by traders, tho, it is to be said, they served to effectually show that the underlying trend was liable to prove disappointing at any moment.

Dome Extension showed about the most extensive price movement for the day, the range between the high and low quotations on that issue amounting to nearly two points. The shares in the early dealings sold at 41, but dropped back to 39 1/2 under bear pressure, closing on a rally at 40 1/4 bid. Elsewhere in the cheaper Porcupines the movement was so restricted in scope as to call for no comment. Hollinger dropped five points to \$12 1/2, and closed on offer there, with bids five points removed.

The Cobalts were quiet and in the main featureless. The dividend-paying issues were in fair demand, and generally showed a firm undertone. Crown Reserve maintained its recent advance to \$2, but Nipissing, on the other hand, was under selling pressure, and recorded a decline, selling off to \$7.40, and closing on offer there.

PORCUPINE FIRES CAUSE BIG LOSS

Porcupine, Feb. 15.—(From Our Man Up North.)—Apparently Golden City is being wiped out by a process of gradual reduction. The fire which has occurred in the town since Jan. 4 last night has destroyed the building was partially wiped out. South Porcupine, more fortunate, has suffered from but one big fire, when the Liberty Stores and Hughie Mulhern's Cafe were destroyed Wednesday night. The total losses from fires this week in the camp are figured at \$60,000. Light beach buildings heated with kerosene make it easy for the flames to get under headway before detection.

MINING QUOTATIONS, STANDARD EXCHANGE, Closing.

NINE SAVED; ELEVEN LOST.

LIVERPOOL, Feb. 18.—(Can. Press.)—The British steamer Cuban, which arrived here to-night from New Orleans, brought into port nine of the crew of the British ship Erne, which was wrecked in a heavy storm at sea. The Erne was bound from Boston, passed her on Feb. 8, in latitude 40 north, longitude 50 west, and rescued those of the crew who had managed to keep themselves afloat. Six of the crew were drowned, while the master of the Erne, Capt. Fickett, his wife, the second mate and a passenger are missing. Only the cargo was keeping the wreck afloat.

THE ADVENTURES OF KRAZY KAT

PEARL LAKE SHAFT AT 300 FOOT LEVEL

And Will Be Continued 600 Feet Immediately and 1000 Foot Depth Later On.

Porcupine, Feb. 16.—(From Our Man Up North.)—With the shaft house going up and the power plant nearly completed, operations at the main three compartment shaft at the Pearl Lake Gold Mines goes on with three shifts Wednesday, and by the end of the week the 300 foot mark will have been passed and something added to the next 100 feet to be made in the shaft. The 12-drill electrically driven, compressed air hoist in operation for several weeks, and sufficient reserve power is held to run the entire plant when completed. The 50-horse power boiler are to be installed next week. The hoist house is one of the conventional novelties in the camp. The base is 50 feet square with the sides angling in to a peak 80 feet in the air. Plenty of storage room is provided for tools, dry room, buckets, etc. in the base of the hoist house, while a second storey room can be added for purposes that will best serve the working in the shaft below.

Two Stamp Test Mill. Two stamps are provided for testing purposes and in course of time the blocks will be constructed and the stamps placed. When the vein, which the engineer in charge expects to pick up at the 400 foot level, is reached, tests will be made of the ore. The diamond drilling, early in the fall showed three zones beginning at the 350 foot depth and it is to reach the hiding spot of the yellow metal that is revealed after a long and diligent search that the main shaft work is being hurried. The mineralized schist zone picked up in the cores between the 200 and 300 foot levels, has been encountered in the shaft as expected. It is in this zone that Nos. 1 and 2 veins occur. Nos. 2 and 4 veins lie in the lower levels. The ore bodies as sized up in the drill cores come on a dip to the north from the south, and are from 300 to 900 feet below the surface. The timber on the three lots is about all cut and stacked up in logs over cordwood. There is nothing to stop the blast of winter air that sweep across from the north and which, if only by being protected could men work to advantage on the bleak rocks covered with ice and snow.

ACTIVE WORK ON SCHUMACKER VET

Porcupine, Feb. 15.—(From Our Man Up North.)—Sinking on the Schumacker, by contract with former superintendent of the McIntyre, George Harz and T. J. Flynn, as the contractors, is starting on the coast to coast, and shafts and underground work are to be made on the Vet with all possible haste. The Schumacker Vet lies along the south side of Pearl Lake, adjoining the Dixon on the east, and is said to be the richest vein in the district. The McIntyre and the Dixon veins run north-south through the property. Last spring the owners refused several hundred thousand dollars for the lot. Very little work has been done to date. A handsome office building was towed into the north side of the lot.

THE RECORD-BREAKER.

There was a large gathering of hungry men at the Yonge-street Mission yesterday morning for the breakfast of hot coffee and beef sandwiches was provided by the friends of the Ontario Wind Engine and Pump Co., many of whom were there to see 120 men enjoy it. Mr. E. Fairbank of Buffalo, N.Y., addressed the men. This past week has been the record week in the history of the mission. Over 1600 meals have been provided for and in order to do this 600 beef sandwiches have been used, 300 gallons of coffee, 2000 buns, 150 pounds of wafers, and about 125 extra loaves of bread. In addition to this hundreds have been clothed by the kind instrumentality of many friends who have sent in their cast-off garments. Another free dinner will be given next Tuesday at noon.

MR. BRACE LEAVING

Missionary Who Goes to China Starts Wednesday Night. Rev. A. J. Brace, missionary-designate for China, who will sail for Shanghai from Montreal on March 6, will leave Toronto on Wednesday night. Mr. Brace has been working the organization of the new men and religion movement during the past few months in connection with the Y. M. C. A. at their offices in Hamilton. For the last four years previous to this he was general secretary of the Y. M. C. A. at Victoria, B.C. He is the brother of the late Mr. J. H. Brace, who was a prominent city, he will on Tuesday evening meet a number of friends who wish to say good-bye to him. Mr. Brace will be accompanied by Mrs. Brace before their departure at the home of Rev. A. Philip Brace, 55 Wheeler-avenue, on Tuesday evening.

EX-SENATOR GARDNER IN TOILS

Conspiracy to Control \$500,000 Estate Alleged—Recalls Former Case. NEW YORK, Feb. 18.—(Can. Press.)—Former State Senator Frank J. Gardner was arrested and locked up last night on the charge of conspiracy to gain control of the half million dollar estate of Sampel E. Haslett, an aged reclus, thru a power of attorney which Haslett is alleged to have repudiated, was released on \$2000 bail to-day, after arraignment. Gardner, who a year ago was acquitted of a charge of attempting to bribe State Senator Otto G. Foelker, in connection with the anti-race-track legislation in good-by, in 1909, pleaded not guilty and said that he had no doubt of his ability to clear his name. Gardner was arrested at a cafe which he conducts in Manhattan. His wife, who was May Terba, an actress, secured bail for him.

CROWN CHARTERED WILL HOLD THE DAVIDSON

Well-known Porcupine Centre of Industry Adopts a New Name—Coming of the Railway.

Porcupine, Feb. 16.—(From Our Man Up North.)—Word was received yesterday from an interested Crown Chartered holder that the balance of the payments due on the Crown Chartered Davidson holdings, amounting to \$300,000, has been secured. Further information is to the effect that undoubtedly all the payments will be met when due. So far as probable values and rich showings are concerned, the camp has had, and has now, an abundance of faith in the Davidson property. With payments secured and a perfect title assured, a returning strength will be evident from day to day. During the last month, work at the main lense on the Davidson has been mostly in the uprise. Eight men were employed. Yesterday 15 experienced drillers were set to work and the uprise will be driven with all possible speed from now on. The main shaft is down 150 feet with over 550 feet of underground work in crosscuts and drifting. The uprise runs on an incline from the crosscut, near the centre of the vein matter to the west, and should come to the surface perhaps 100 feet to the west of the shaft. All thru the opening in the uprise from the crosscut to the 55 feet so far as the Davidson property, with the completed, good values show. As the vein is approached, the values grow richer. The quartz runs in lenses with schist intervening. A new 30-horse power boiler, which had been in use at the No. 2 camp, has been taken to the Davidson property for hoisting purposes. The power plant now standing on the Crown Chartered lot near the office buildings, is to be moved to the Davidson lot within a very short time and a new compressor installed. The old compressor will be sold to the McIntyre property. There are no dark-lined clouds at the Crown Chartered camp.

VALUABLE ORE BODY ON DOME EXTENSION

Highly Satisfactory Assays Indicate One of the Most Important Discoveries in Porcupine. What appears to be the most important development in Porcupine since the discovery of the Big Dome has taken place on the Dome Extension in the past ten days. On account of the great extent of the ore body, details have been withheld until definite information in regard to values was available. Three weeks ago when shaft No. 4 was at the 95 foot level, rich quartz stringer was encountered in the shaft, indicating that the ore body was dipping towards the shaft and was near at hand. On reaching the 108 foot level, and going ten feet further for a dump, crosscutting was started. Almost immediately the crosscut ran into schist with rich quartz stringers intermingling. The crosscut ran thru twenty-seven feet of this, when a solid body of quartz was encountered. Up to this writing, twelve feet of quartz has been cut into and the face of the drift seven feet by four feet, is in solid quartz. Crosscutting thru the quartz body is still proceeding. Assays Run High. The twelve feet of quartz that has been opened up so far, has been sampled and numerous assays have been taken to determine the average value and the result has just been received in Toronto. The average is shown to be \$17.85, but there were some high assays, one of which ran \$187. The average result has been obtained after excluding the Pearl Lake settlement and postoffice shall be known as the "Peruna Vein." It was held by Dr. Schumacker of Columbus, Ohio, owner of the well-known Peruna company. Thus Pearl Lake passes and Schumacker come into being.

COAST TO COAST ON C.N.R. IN 1914

Str. Donald Mann Says Road Will Be Completed in That Time. WINNIPEG, Feb. 17.—Passenger service over the Pacific to the Atlantic over the Canadian Northern Railway during the year 1914 was the forecast of Sir Donald Mann to-day as he passed through the coast to coast. A freight service from coast to coast, it was stated, would go into operation in two years with the passenger service following the summer. The grade from the Atlantic to the Pacific will be lower than on any line in Canada or in the United States thru the mountain route to the seaboard on the Pacific terminals. As far east as Central Saskatchewan grain will find its natural route to the seaboard on the Pacific, thence to Liverpool thru the Panama canal.

FRANCES WILLARD DAY

To-day being Frances Willard day, the Toronto District W.C.T.U. will hold an open meeting in Miss Willard's memory in Western Congregational Church school room, at 3 p.m. A good program has been arranged for and all ladies are invited to attend this meeting.
