OPERATIONS HALTED OF ARSON COMBINE

Sixteen Arrests in Detroit Break Up a Nation-Wide Ring.

Detroit, Mich., May 13.—Work of a nation-wide arson ring has been halted, it is believed, by 16 arrests made in Detroit after 11 weeks of investigation. Seven of those arrested have confessed, according to an announcement made today by Prosecuting Attorney Jasnowski. The confessions account for fires, the losses in which were more than \$200,000, all of which have occurred in less than a year. There have been 30 fires of incendiary origin in Detroit since January 1, and hundreds of others are under investigation and between 50 and 60 persons are involved already. Evidence obtained by Justice Heston, agent of the department of justice, the city and state fire marshal, and city detectives, as well as the confessions, show that these fires were the result of an organization carried to such a fine degree that there was no loss of life and in only a few instances was there failure to have a "good fire," that being, of course, a fire where insurance was collected and there was no suspicion.

A woman whose name is withheld, was responsible for betrayal of the principal cities of the country. Three persons have fled the city and are being sought by city, state and government officers. Three are under arrest also whose names are withheld. Morris Colman, who lives in an apartment on Brewster street, near Rivard, is under arrest, as the chief torch, or master mechanic. Colman admits having "contracted" for fires in New York and his chief regret, when taken into custody, was that he could not be present to set a fire Tuesday. "I hate to disappoint my good customers in the east," Colman is alleged to have said.

BOHEMIANS DEMAND FULL INDEPENDENCE

Czech Members of Austrian House of Lords Protest Against Treatment.

Washington, May 13.—A diplomatic despatch from Geneva today says the Vienna papers publish a declaration of the Czech members of the Austrian house of lords in which an independent state is demanded. The document protests against what it calls the unexampled attacks of Count Czernin against the Czech nation, and concludes: "We protest against the aims and plans of the government which tend to resolve into an anti-constitutional and one-sided manner the national questions of the kingdom of Bohemia in accordance with the desires and to the advantage of a single nation. We seriously warn the government against actions for the very reason of the gravity of the period which we are traversing."

ENEMY CLAIMS ALLIES LOST MORE AIRCRAFT

Berlin, via London, May 13.—The text of the official communication from general headquarters today reads:

"In the Kemmel region lively artillery activity continued in connection with local infantry engagements. In other fighting sectors it also revived several times during the evening. "In the Acre Valley, southwest of Albert, a British patrol attack was repulsed. At various points on the front the enemy continued his reconnoitring thrusts. In repulsing them we made some prisoners on several occasions. "The losses to the enemy aerial forces on the German front during April amounted to fifteen captive balloons and 271 airplanes, of which 122 fell behind our lines, while others were seen to fall behind the enemy's positions. In aerial fighting we lost 123 airplanes and 14 captive balloons."

WILL REPRESENT BRITISH MINISTRY

Sir Connop Guthrie Appointed to Control Shipping in New York.

New York, May 13.—To permit him more freedom of action in connection with shipping control Sir Connop Guthrie, director in this country for the British ministry of shipping, has been appointed special representative of the ministry, and T. Ashley Sparks, director in the United States of the Cunard Steamship Company, has been named to succeed Sir Connop as director of shipping, according to an announcement made here tonight by officials of the Cunard Line. "The enormous increase in the volume of work connected with British shipping in this country, and the association of Sir Connop Guthrie with the shipping control committee, has rendered necessary a rearrangement of the executive management of the British ministry of shipping organization in New York," says the statement.

GERMAN SOCIALISTS ABANDON HYPOCRISY

Washington, May 13.—Forty French Socialist deputies have sent a message of congratulation to Hjalmar Branting, former minister of finance in Sweden and now editor of the Social Democrats of Stockholm, upon his denunciation of pan-Germanism propaganda appearing in the German socialist paper Vorwaerts. An official despatch from France today quotes the message as follows: "The solidarity of the old German Social Democratic party with the imperial government was concealed beneath formulas in appearance democratic, such as the ambiguous Russian formula: 'Peace without annexations or contributions upon the basis of the right of nations to dispose of themselves,' adopted with so much ceremony on April 19, 1917, by the group in the reichstag. Today they have thrown off the mask; the old party renounces hypocrisy. "After having still made a semblance of proceeding against the peace of Brest-Litovsk while accepting it, the party is the conscious accomplice of the great scheme for pan-German domination. The French Socialists are happy and proud in proclaiming their approbation of Mr. Branting."

REJECTED BY BRITISH COMMONS

Proportional Representation Dead So Far As Present House is Concerned.

London, May 13.—The proposal to make an experimental trial of proportional representation in one hundred selected parliamentary constituencies, which was tentatively arranged when the electoral reform bill was adopted recently, was rejected by the house of commons tonight by a vote of 165 to 119. This decision finally disposes of proportional representation so far as the present parliament is concerned.

FIRING IN TOUL SECTOR

Improved Weather Leads to Increased Air Activity.

With the American Army in France, May 13.—Improved weather conditions led to increased air activity in the Toul sector today. DRAFTEES TO REPORT ON DATE SPECIFIED

Then He May Be Granted Leave of Absence, But on One Ground Only.

Ottawa, May 13.—The following announcement is made by the department of militia and defence: "In view of the fact that there seems to be some doubt as to the procedure to be adopted by men drafted under the Military Service Act, or orders-in-council in amendment thereof, it should be clearly understood that every man who is ordered by the registrar to report must do so on the date specified, whether he proposes to claim leave of absence or not. Should he be between the ages of twenty and twenty-two, both inclusive, leave of absence will be granted on one ground only, namely that he is the sole remaining son of military age in the family, the others being already serving, or have suffered death or disablement. Service in this case means service in some field of operations or in a unit in England or Canada, providing drafts for service in a field of operations. "Men desiring to claim leave of absence on the above grounds should so state upon reporting to the depot battalion indicated in the notice of the registrar. They should have prepared a careful statement showing the other sons of the same family, with the age and service of each. This statement should be certified as correct by some responsible person to whom the commanding officer can refer. If such a statement is sufficient grounds to bring the case within the policy above referred to the man concerned will be given provisional leave of absence, and the case will be forwarded to militia headquarters, Ottawa, by the officer commanding the unit for final approval. Full instructions as to the above procedure have been sent to all district commanders for the information of officers commanding depot units. "The foregoing does not affect the commanding officers' power to grant a few days' leave in case of sickness at home or other special circumstances, nor the two weeks' leave which farmers may obtain on application to their commanding officers to complete seeding."

CAILLAUX DEFENDS PEACE DISCUSSIONS

Ex-Premier Writes to Paris Tribunal—Bonnet Rouge Trial Still Proceeds.

Paris, May 13.—At the trial of former members of The Bonnet Rouge staff today, M. Magnan continued his plea for M. Dejean, who was director of the newspaper. M. Caillaux today wrote a letter to the court asking to be heard in the final case. The former premier says that every patriotic citizen, especially if he be a member of parliament, should, as a matter of duty, concern himself with the problem of peace and that the government should be allied with diplomatic direction in the conduct of the war. M. Caillaux adds that it was not until last year that he became personally acquainted with the German, Marx, thru whom funds are said to have been supplied for German propaganda in France. "Nearly the whole session of the trial today was occupied by speeches of counsel for M. Joucia, a reporter of The Bonnet Rouge, and M. Marion, the assistant manager of the newspaper. The court adjourned this afternoon until nine o'clock tomorrow morning."

SWIFT'S SON-IN-LAW ARRESTED AS SPY

Chicago, May 13.—Count James Minotto, son-in-law of Louis F. Swift, the packer, was taken into custody here late this afternoon by deputy United States marshals on a presidential warrant ordering his internment.

A habeas corpus action was immediately instituted in behalf of the count, and he was taken before Federal Judge Carpenter and released on \$50,000 bond.

Was Educated in Germany.

Washington, May 13.—Attorney General Gregory has authorized the issuance of a presidential warrant for the internment of Count James Minotto under the president's proclamation relating to German alien enemies. Count Minotto's father was an Italian of avowed pro-German sympathies and his mother was a noted German actress. He was born in Berlin and educated in the banking business in Germany. When the European war broke out he was employed in a German bank in London. He came to the United States and took out first naturalization papers here, but never completed the naturalization process. In turn he was refused as an Italian reservist, an ambulance driver, a commission in the United States Army and a post in the secret service. He was a friend of Count Luxburg and of former French Premier Caillaux, recently arrested on a charge of treason. The bureau of naval intelligence cited as facts supporting its suspicion that the count was a German agent, that he maintained a mysterious private office at his Long Island home, and that he played a private secretary, although his salary as representative of the New York bank was comparatively small.

Two Reports Tabled Dealing With Georgian Bay Canal Trade Possibilities.

Ottawa, May 13.—Hon. F. B. Carvell, minister of public works, tabled in the commons this morning two additional interim reports by W. Sanford Evans, the commissioner who is enquiring into the question of the commercial feasibility of the Georgian Bay Canal scheme.

Dealing with both Canadian and American ports, the first report states that in-bound passenger movement to North America increased very rapidly from 1898 to 1907, but fell off sharply in 1913, but since the outbreak of the war has fallen away rapidly. Mr. Evans notes that the outbound movement was greatest during periods of depression.

The second interim report is a comparative study of the United States

French Minister of Marine Makes Encouraging Statement at Paris.

Paris, May 13.—The effectiveness of the German submarine campaign is declining. The German Government is aware of this fact, declared Georges Leygues, minister of marine, before the naval committee of the chamber of deputies today, but has made the greatest efforts to conceal it. He said the situation was most favorable, and that the sinkings of submarines in the first three months of 1918 thru allied measures was greater than the number built by the enemy.

Minister Leygues referred to the statement made in the allied cause in France. The memorial service was held in honor of Major Ross Murphy, Flight-Lt. Edward Doughty, Pte. William Joiner, Pte. Mark Everleigh, Pte. Horace Pugh, Pte. F. Delahanty and Pte. D. Knight.

NEW AGREEMENT WITH AUSTRIANS

Germany Announce Pending Settlement of Military Questions.

Berlin, May 13, via London.—The chief features of an agreement to strengthen the alliance between Germany and Austria-Hungary have been laid down, says an official statement issued here today in regard to the visit of Emperor Charles to German headquarters. The statement follows:—

Emperor Charles visited Emperor William at great headquarters on Sunday. In addition to his personal suite, the emperor was accompanied by Foreign Minister Burian, Field Marshal von Arz, chief of the general staff, and Prince Hohenlohe, Austrian ambassador at Berlin. Lord Reading Hears Opposite Information to That Published by War Office.

Washington, May 13.—Lord Reading, the British ambassador, in a statement here today, declared that the announcement coming by way of Ottawa that the American army would not be fully utilized on the western front until developed to its full strength, was directly opposite to information he had received from the British War Cabinet and that he was in the dark as to its meaning.

MUCH FLOUR AND SUGAR RETURNED TO DEALERS

Ottawa, May 13.—The Canada Food Board, in a statement issued today, reminds the public that the clause providing for seizure and forfeiture of holdings of flour and sugar in excess of the quantities prescribed by the board comes into effect at midnight on Wednesday of this week. After that time flour and sugar in excess of the quantities prescribed in the food board's orders of April 25 and April 26, may be seized and forfeited. In addition any person holding excess quantities of either flour or sugar is liable to a fine of not less than \$100.

Reports just received from different parts of Canada show that large supplies of both flour and sugar have already been turned back to dealers, in compliance with the order. It is expected that very much larger quantities will be returned during the next two days to dealers, as arranged by the food board.

WORTHIER THAN IRISH

French-Canadian Accepts Conscription—If Ireland Did it as Easily She Would Be Helped.

London, May 13.—Thanking the Franco-Scottish Society of Glasgow for hospitality extended him while in Scotland, Colonel Desrosiers, commanding a battalion, says it is hard for the average French-Canadian to understand why the English press prefers to harp on acts of a few hot-heads rather than praise the way in which the balance are submitting to the law they dislike. If Irishmen accepted conscription as easily as French-Canadians their patriotism would be praised to the limit.

OPERATIC STARS AT MASSEY HALL

Quartet of Unusual Artists Given a Most Enthusiastic Reception.

Rarely do four operatic stars appear in conjunction on a concert platform as they did at Massey Hall last night, and rarely is appreciation of an audience expressed in the enthusiastic terms in which it was melted out to the artists by the large number in attendance. The program was mainly composed of arias and other operatic numbers requiring familiar and exacting work from performers, and in every instance these were met with the finish that gave authority to every note in every production.

The National Anthem and "Rule Britannia" by Mme. Alda opened the program, her beautiful voice giving promise of exquisite things to follow. In the aria "In quibusdam" Puccini, the prima donna revealed a voice of exceptional brilliancy, her high notes having a bell-like quality rarely met with and a trill that has no rival for its beauty.

The appearance of Martiniello was simply a sweeping triumph from start to finish, the impelling beauty of his reason, voice, together with his happy manner, winning him round after round of applause after every number. His offerings were the aria "Celeste Aida," the aria "Che Gelida Manina" from "La Boheme," and the tenor in the closing quartet. After the aria from "La Boheme" the recalls were so insistent that two encores were given at all.

Miss Lazzari had the aria "Amour Viens Aider," Saint-Louis, and "Shepherd Song from Dinorah." Meyerbeer, an organ rich in the lowest notes and mellow to the point of velvet in the upper register. She gained her greatest success in the duet with Mr. De Luca, "Ah! Valtor," from "La Favorita." This was one of the most finished offerings of the evening and involved both singers in a storm of applause. The fourth artist, Mr. De Luca, had the aria "Eritu" from the "Masked Ball," and the linguistic feat "Largo al factotum" from "The Barber of Seville," in both of which he was heard to advantage. The closing number, the famous quartet from Verdi's "Rigoletto," approached the marvelous in brilliancy of tone and technical execution and the company, including the noted accompanist, Gennaro Papi, were recalled three times before the audience, even at the close of a long program, were satisfied.

Erin Ballard was the satisfying accompanist for Mme. Alda.

PLAYS, PICTURES AND MUSIC

INDIAN LOVE STORY AT GRAND THEATRE

The "Heart of Wotona," which opened at the Grand Opera House last night, is a play of intense emotion and dramatic situations, a tale of Indian life in the northwest. It opens with a view of the interior of the house of Quannah, chief of the Comanche Indians, whose daughter, Wotona, has been chosen as the festival virgin for the corn festival. On consulting his daughter, she, conscience-stricken, tells him that she cannot act, as she has been betrayed by a white chief. Quannah demands his name and threatens to kill them both, as he has been disgraced in the sight of his tribe. Wotona flees to the Indian agent, John Hardin, in an effort to save the life of her betrayer. Quannah follows her, thinking Hardin the man. Hardin, who has long loved her, marries her to save her life. After the ceremony, Wotona, the son of David Wells, the chaplain stationed there, Wotona admits he is her man and declares she loves him. She knows that Tony loves her. Hardin, sure that Tony does not really love her, asks him to stay at his house one night, pretending that he would be away; but to reveal to Wotona that Tony was not honorable. Tony again tempts her, which turns her love to hate. Quannah, in the meantime, has learned the secret, and after consulting with his chiefs, decides that Tony must die. He is eventually shot while trying to escape. Belle Mitchell, who plays Wotona, a difficult role with great ability; Claud Payer, as John Hardin, the hero, was an ideal character as the Indian agent; Charles Canavan, as the betrayer, a chief of the Comanches, carried out his part with honors; Hamilton Scott, as Tony, did good work; Thomas J. Manning, as "Comanche Jack," was a typical cowboy; John F. Webber, as the chaplain, and Helen Aubrey, as a missionary, filled their roles with marked ability.

GRAND OPERA COMPANY MAKES GOOD IMPRESSION

Verdi's beautiful, romantic opera was chosen for the opening offering for the Boston English Opera Company, which will be heard in repertoire this week at the Princess Theatre. It is safe to announce that one of the really great treats of the season has been kept till almost the last, and if the other presentations which are before us this week call for the same tremendous applause and enthusiastic comment which characterized last night's entertainment the artists will have been generally repaid. "Il Trovatore" is undoubtedly one of the prime favorites of the operatic stage. Its plot besides being fascinatingly romantic has the added merit of being excellently constructed and intelligible.

Last evening, Florentine St. Clair, a gifted and finished singer, filled the role of Leonora with great personal charm and appeal. Her work throughout was a delight. Joseph P. Sheehan, the tenor, sang with power and satisfyingly as Manrico, especially in the number sung with Miss St. Clair and Alice May Carley, who as Azucena reversed her role with the same power and dramatic ability proving her an artist in the true sense of the word.

Heretofore as Count di Luna displayed a baritone voice of fine range and quality and excellent dramatic expression. Francis J. Tyler, basso, gave a fine portrayal of Ferrando, with Othello's tongue and Romeo's sympathy as Inez, and William Young as Pinz contributed to the complete success of this fine presentation. During the week "Il Trovatore" will be heard again, with "Manrico" and "Ballo" of "The Bohemian Girl," will complete the repertoire. The attraction should prove one of the best ticket sellers of the season.

BASEBALL FANS SEE BIG TREAT AT LOEW'S

There must have been many baseball fans in Loew's yesterday, to judge by the delight with which Archie Lloyd and Co. were received in the clever little sketch entitled "An Englishman's Idea of a Baseball Game," in which they were shown in a humorous comedian brought the house down with his clever skips upon every phase of the game. "And Co." or his "better half," as she was termed on the stage, played charming violin selections during the performance. A stupendous piece of musical comedy, featuring well known corners of no less than twenty-five popular songs of the world and six pretty girls in the most dazzling costumes, was the surprise feature of the whole program.

In Cleveland, by the way, Curly and Manning were good numbers, while Knapp and Cornelia gave an amusing "Pot Pourri."

Last evening were given by the Breakaway Barlows, and an original program of amusing songs and dances was contributed by Purcell and Rathney.

Standing room only was the cry in all parts of the house for some hours during the performance, which speaks for the popularity of which was the wonderful film picture of the tragedy of the Russian revolution entitled "Rasputin, or the Black Monk."

STAR AND GARTER SHOW OPENS WEEK AT GAYETY

Under the direction of I. M. Wein-garden, and with an all-star cast, "The Star and Garter" opens at the Strand Theatre for the week's entertainment yesterday afternoon with a capacity house. Everything in connection with the show is new and up-to-the-minute. The cast is strong and comedy parts are in the hands of those two old burlesque favorites, Bert Ross and James Coughlin.

Enough to say that they are up to their usual form.

Al. Lawrence is a juvenile who sings well and looks as tho he has a great future before him. He has more action to his songs he will be sure to get there.

Weiss, those two dancing marvels are back again with the show with their new dances of the highest order. Their work is uniform and smooth.

The two girls, "For Art's Sake" and "Hinge-Ding" who were introduced in the previous round the cast, are two of the best seen here this season. The chorus is far above the average and works hard from the first to the last curtain. They are worth while and is sure to please the many Gayety patrons.

CHARLIE CHAPLIN IN A "DOG'S LIFE"

Charlie Chaplin will be seen at the Strand Theatre all this week in his latest production, "A Dog's Life." This is a \$1,000,000 production and never before has Chaplin proved as clearly a written star as he is now. In this production Charlie has a partner called "Scraps," a dog. Scraps is a cur, but is well trained and takes his part well. One of the funniest scenes of the picture is in a "kitchen" where Chaplin meets a girl who was employed there. They become great friends, and when Charlie strikes a streak of luck they marry and buy a farm with the money. The money was stolen from a drunk and buried there.

Chaplin has produced many a screaming comedy, but this is the funniest yet.

In addition to the bill is "The Shell Game," starred by Emmy Wehler, and the Screen Telegram completes the bill.

Louise Glaum at Madison. In "An Alien Enemy," which forms the basis of the Madison Theatre for the first half of this week, Louise Glaum has the part of an American-born, but German-bred, girl who finds that, in the hour of testing, her heart answers to the call of the wand of her birth rather than that of her training. Her role is a very sympathetic one, and she plays it with great ability. The story opens in Berlin, and then shifts to the United States, and ultimately to France.

"THE GIPSY TRAIL" THE ROBINS OFFERING

"The Gipsy Trail" proved to be the most charming and delightful of all the plays that Edward H. Robins and his company of players has produced in his present stock company. Royce Abouand and Mr. Robins, it is amusing, it has a Robert Chambers love story, and it is remarkably well acted. There was a huge audience last night for the management and Mr. Robins had united to donate the proceeds to sweet charity in the form of the Woman's Auxiliary of the 3rd (Toronto) Battalion. Everybody from the mayor down was there, and after the applause at the close, a speech was made, acknowledging the benefaction, and three cheers were called for the management and the company.

"The Gipsy Trail" presents exactly the situation that all young people desire, a romantic old-fashioned love story, and it is remarkably well acted. GAY MUSICAL OFFERING HEADS HIPPODROME BILL

One of the prettiest little musical extravaganzas seen for some time is offered this week as headliner at Shea's Hippodrome, entitled "The Tale of Innocence." Six chorus girls of average looks and ability, a couple of men and some scenery are the cast, but the mainstay of the act is the cunning tiger and a dainty bit of femininity, who plays the role of a little savior, and a bear skin can make her.

Charles Fletcher gives some clever impersonations, among them being Mark Twain and an old soldier of the civil war. Kranz and La Salle are a pair of good singers and put over some catchy songs in a pleasing way. Bud and Gray present a novelty act, interspersed with songs and dancing. Angie Wymer is a singing comedienne with fair talent, and the Cavanna Duo is the trick act into the early stages of its development. Later acts added to the Fox film, "Heart and Soul," starring Theda Bara, complete the week's bill.

MANAGER OF STAR PRESENTS GOOD SHOW

Without doubt one of the best burlesque shows ever seen in Toronto, "The Rainbow Raiders," opened with a crowded house at the Star Theatre yesterday afternoon for the week's engagement. The production is being presented by Dan F. Pierce, the popular manager, and is under his personal supervision. The setting is in the calibre of prominent in the line of the specialty of Mr. Weber and Miss Evelyn Sorrell. They have many excellent songs and several selections from popular operas. They are new to burlesque, having just finished a successful cabaret and musical season. The rest of the cast is in keeping with the high standard of the principals. The chorus is of the best obtainable. All of the girls are good workers and individual artists. Frances Thi, the prima donna, is a very distinguished voice that is sure to please.

ALLEGED ATTEMPT TO BRIBE Policeman Says He Was Offered Fifty Dollars.

Charged with being drunk while in charge of a motor car and with attempting to bribe a police officer, Francis E. Walker, 114 Jarvis street, was arrested by the police of West Dundas street station last night.

James Campbell, who was with him in the motor car, was also taken into custody on a charge of being drunk and with a breach of the Ontario Temperance Act. Campbell was charged with liquor in his pocket when apprehended.

The second charge was laid against Walker following a report of the police that when he was arrested he offered \$50 to call the matter square. Both men will appear this morning.

TRUE BILL AGAINST HOLLAND.

The grand jury yesterday morning returned a true bill at the assizes against F. M. Holland, for many years general manager of the Dominion Permanent Loan Company, which recently went into liquidation as the result of the collapse of western and other of its investment securities. Holland is charged with conspiracy.

SIXTY-EIGHT YEARS RESIDENT IN CITY

Father of Controller John O'Neill Dies at Ripe Old Age.

John O'Neill, ar., one of Toronto's oldest and most highly respected citizens, died yesterday in Toronto, where he had made his home for the past 68 years.

Mr. O'Neill was born in Callan, Kilkeny, Ireland, in 1822. He came to Canada in his youth, and engaged in the dairy business, became widely known through his commercial and political activities, as well as in his real estate work. He took an active interest in the welfare of his country, and was a member of the Ontario Jockey Club.

Retiring from business many years ago, Mr. O'Neill retained an active interest in the various organizations to which he belonged. Important among these were the York Pioneers and the East Toronto Reform Association, of which he was at one time president.

The passing of this fine old citizen marks the severing of one of the few remaining ties that bind the Toronto of today with the quaint old town, once known as Little York. The late Mr. O'Neill's reminiscences of the early settlement of this part of Canada were many and interesting, and always marked by that insight into human nature which, of his many notable characteristics, was the one to which he himself attributed his success and popularity.

His wife, Katherine Butler O'Neill, predeceased him by several years. Of their large family, two sons and one daughter survive him. These are: Controller John O'Neill, James O'Neill and Miss Annie O'Neill, all of Toronto.

The funeral, which is to be private, will take place at 2:30 Wednesday morning from the residence of James J. O'Neill, 70 Binscarth road. A service will later be held at St. Paul's Roman Catholic Church, of which he was for many years a member.

WARD TWO INCREASES. The population of Ward Two has increased by 1905 during the past twelve months. The total increase in assessment amounted to about \$2,555,000, and is \$1,000,000 in excess of the increase noted recently in the case of Ward Seven. The increase in exemptions of nearly \$570,000 is said to be explained by the value of the land at Ashbridge's Bay recently reclaimed, which, it is said, may be considered as of potential value.

ORIOLES FLY AWAY WITH LAST CONTEST

Crabble Fell by Wayside Again, When Dunn's Men Hit Smartly.

Baltimore, Md., May 13.—Dan Howley's boys made only a feeble attempt today to annex the East of the series against the Birds, and they were at the short end of a 6-to-1 count. The game was called at the end of the seventh inning on account of rain.

Crabble and Mason were the opposing pitchers, and the home twirler had all the better of the argument. Neither pitcher started off well, but the opening round Mason had the Leafs eating out of his hand all the way. On the other hand, Crabble was touched up in pretty lively fashion, and after the "one crew had chalked up three corners in the fifth stanza, the Leafs were in a pretty lively mood. The contest was absolutely devoid of features, except for a hair-raising catch by Dyer's center fielder in the eighth, which saved at least two runs and shut off the opportunity for more.

Toronto broke the first tie session, with one down, Thrasher tripped to deep center. After Mason had tossed out Bailey, Onslow summed one through short for a base, and Thrasher caught home. Onslow pilfered, but Wagner fanned.

The Birds went the visitors on better in their half. With Lawry disposed of, Dyer's doubled to center, Mulvey singled to the same spot, and Dyer scored. Shannon lifted to center, Mulvey came thru with a Texas leaguer to right, and Mulvey registered. Griffin stole second, but Egan struck out.

Alto Warhop walked and Herache singled to start the second, but the bats could not produce a run. Crabble walked a trio of Birds in the second, but the flock could not send a man across the plate.

Toronto was not dangerous in the next few innings, but Baltimore threatened in the fourth and broke loose in the fifth. Mulvey singled to center and Shannon followed suit. Thrasher singled to right, third wild, Mulvey scoring, Shannon taking third and Egan second. It had been drifting and the bats were in error, being excusable. Smith singled to left, Shannon and Egan registered. Bishop struck him into a double-play, Wagner to Onslow.

Onslow and Wagner opened the sixth with a single. Warhop and Herache put up easy pops to Bishop, and then Dyer's made a sensational running catch, catching a fly ball, but second baseman Shannon advanced, Smith's long fly to Thrasher permitted Shannon to score after the catch.

The Leafs left tonight for Jersey City, where a series will be opened tomorrow.

INDIANS AND SKEETERS ARE MONDAY WINNERS

At Newark (International)—Newark won the odd game of the series with Rochester here yesterday by a score of 3 to 0. Three hits, coupled with good base-running and an error, netted Newark two runs in the second inning, and three hits in the seventh added two more runs for the home club. Score: R.H.E. Newark.....0 2 0 0 0 0 0-4 10 1 Batters—Russell and Plaherty; Rommel and Madden.

At Jersey City—The local team yesterday returned to winning form against Syracuse. By a spirited batting rally in the seventh inning, Jersey City wiped out the visitors' earlier advantage, and won by a score of 3 to 1. Horsey held the Syracuse batsmen to four hits, while Jersey City pounded Detroit for eight. Score: R.H.E. Syracuse.....0 0 1 0 0 0 0-3 8 2 Jersey City.....0 2 0 0 0 3 0-4 10 1 Batters—Detro and Hopper; Horsey and McDrew.

Baltimore, Md., May 13.—Dan Howley's boys made only a feeble attempt today to annex the East of the series against the Birds, and they were at the short end of a 6-to-1 count. The game was called at the end of the seventh inning on account of rain.

Crabble and Mason were the opposing pitchers, and the home twirler had all the better of the argument. Neither pitcher started off well, but the opening round Mason had the Leafs eating out of his hand all the way. On the other hand, Crabble was touched up in pretty lively fashion, and after the "one crew had chalked up three corners in the fifth stanza, the Leafs were in a pretty lively mood. The contest was absolutely devoid of features, except for a hair-raising catch by Dyer's center fielder in the eighth, which saved at least two runs and shut off the opportunity for more.

Toronto broke the first tie session, with one down, Thrasher tripped to deep center. After Mason had tossed out Bailey, Onslow summed one through short for a base, and Thrasher caught home. Onslow pilfered, but Wagner fanned.

The Birds went the visitors on better in their half. With Lawry disposed of, Dyer's doubled to center, Mulvey singled to the same spot, and Dyer scored. Shannon lifted to center, Mulvey came thru with a Texas leaguer to right, and Mulvey registered. Griffin stole second, but Egan struck out.

Alto Warhop walked and Herache singled to start the second, but the bats could not produce a run. Crabble walked a trio of Birds in the second, but the flock could not send a man across the plate.

Toronto was not dangerous in the next few innings, but Baltimore threatened in the fourth and broke loose in the fifth. Mulvey singled to center and Shannon followed suit. Thrasher singled to right, third wild, Mulvey scoring, Shannon taking third and Egan second. It had been drifting and the bats were in error, being excusable. Smith singled to left, Shannon and Egan registered. Bishop struck him into a double-play, Wagner to Onslow.

Onslow and Wagner opened the sixth with a single. Warhop and Herache put up easy pops to Bishop, and then Dyer's made a sensational running catch, catching a fly ball, but second baseman Shannon advanced, Smith's long fly to Thrasher permitted Shannon to score after the catch.

The Leafs left tonight for Jersey City, where a series will be opened tomorrow.

At St. Louis (National)—Rain, which had been intermittent throughout the game, caused a halt at the end of the tenth inning, of yesterday's game between Philadelphia and St. Louis. The score was 3 to 3. It was a pitchers' duel between Oeschger and May, the former allowing but two hits. These came in the first inning, one of which, a home run by Cruise, with two men on, gave the locals their runs. Score: R.H.E. WOODBINE TRIALS

The railbirds voted the Brookdale horses the best that have come out of the north in years when they exercised at the Woodbine yesterday morning. Trainer Walker will likely let them down today.

Harry Giddings' King's Plater Bencher worked over the muddy track, doing a mile in 1:52, the first half in 52.2-5, and galloped out the 1 1/2 miles in 2:06.5-5. Britain's Ally barely got a mile in 2:00. The Miller Park McCornburg put in his mile in 1:56 handily, Scarpone Beach being the eighth fastest in a two-minute clip. The Christopher guinea candidate, Flame, and Louisiana were only breezed, 3 furlongs in 40 seconds.

The Seagram Platers also worked over a heavy track. Ben Froth and Gold went a mile in 1:51, and reached the 1 1/2 miles in 2:04.3-5. Scythian, 1:52.2-5 the first mile and the 1 1/2 miles in 2:07. The older horses, Sturdee, Galley Head and Belle, were only in the breeze three-quarters in 1:27, and the two-year-olds three furlongs in 40 seconds.

Among the arrivals were Ed. Kealy's Ella Jennings and H. Bird with Tar Brush.

Two events for boys.

More scholastic events were held at St. Andrew's College yesterday. Boyd won the half-mile, when he galloped the distance in 2:23.5. Gordon was second, Welsh third, and Clark fourth.

Boyd also grabbed the 440 yards in 1:03.1-5, with Gordon second, Clark third, and Welsh fourth.

T. & D. Will Not Meet Montreal—Draw for the Bridgen Cup.

The directors of the T. & D. F.A. met last night and decided to adopt the suggestion of the Province of Quebec F.A. to postpone the games for the Carls-Rits Trophy till more favorable times. The Montreal club found it impossible to adopt a two-game schedule in that city and thought it advisable under the adverse circumstances to suggest that the games be postponed. The directors will now lay the Love Cup final between R.C.D. and Uster at Montreal, to be played on the morning of May 24, and in the afternoon a selected team from the civilian clubs in the League will play military team. This should prove an interesting game.

Art Barron, who had been under suspension from last season, appeared before the board and had his suspension raised.

F. Parry of Linfield Juniors was called on for rough play.

The secretary was instructed to send a letter of condolence to Mrs. Adey and family, and Frederick Mitchener will represent the T. & D. at the funeral.

The draw was made for the first round of the Bridgen Cup as follows:

Dunlop Rubber v. Sons of England; A. Taylor, 30 Carus avenue.

Buracas v. Uster United; S. Banks, 220 Oakwood avenue.

THE LEAFS HAVE DONE MORE THAN EXPECTED

Ida Asks Band for Dan When His Boys Appear for Inspection on Friday.

By Ida L. Webster.

Old Lady Fate is certainly giving Alex Hill all of the breaks which are supposed to be scattered through mortal man's life. His accident on Saturday was most regrettable, but it is to be hoped that the X-ray examination will prove that the ankle is not in as bad a condition as was first supposed. Hill had worked out very nicely with the Leafs during their training season, and it was probably not out of the ordinary for class A.A., yet a season in some state league would have put the required finish to his hitting, in fact, his "flow" would gladly have taken him on a trip had not the military authorities refused him a passport. We can only wish for a speedy recovery for him that his injury will leave no ill effects.

—Hope of the Leafs, Leo Worthington, who was out of the lineup on Saturday, his work stood out with the brilliancy of a gold dollar amongst a flock of dimes, and while his work could only feel that Dan had cheated out of a real ball player. This Leo's work was like a Trojan at the island, and also small he had a swing which was amazing. There may have been one or two traits in his playing which were not strictly professional, but that was all right. A few games on the road would have straightened him out, and he would have been in the Leafs, there is some hope of the league. There is some hope of him joining the Leafs on his return, but he is hardly likely, in fact, it is too good to be true. O'Connor also made them stand around on Saturday, but he did the same thing to the Leafs last week before he was out of the lineup. He is in the draft he will make a name for his home town some day.

As for the Leafs, they are wondrous, and when Dan and his boys appear for inspection, they will give them a good hand. If they never win another game that if they never win another game any sane person could do much more than cheer. The Leafs are certainly looking like a team that is going to win. The Leafs are certainly looking like a team that is going to win. The Leafs are certainly looking like a team that is going to win.

The Riverdale blanked the Central, 4 to 0, in the second game of the "Y" League. Both Houlliman and Cooper pitched fine ball, keeping their hits well scattered. Joe Nicholson started for the losers with several phenomena catches, while Chamberlin carried off the batting honors with four hits in as many times at bat.

Hilberts and Wyckwoods were returned winners in the Western City on Saturday before July 20th people. Aid Sam Ryding, E. G. Seyler (president of the O.A.B.A.) and Mr. Hunt (the league president), performed the opening ceremonies. Myler's effectiveness, coupled with the ability of his team-mates to solve Brad's delivery, accounted for Hilbert's victory in the opener. Spans second innings on a walk, two stolen bases and a single. The Perth team tied the score for Elizabeth in the sixth on a walk, a stolen base and a single. The Perth team tied the score for Elizabeth in the sixth on a walk, a stolen base and a single.

TONE IS STRONGER IN GRAIN MARKET

Visible Supply Total of Corn Decreases—Bad Weather for Oats. Chicago, May 13.—Corn bulged in value today owing more or less to a good sized decrease of the visible supply total. Prices closed strong, at a shade to 3/4c net higher, with May \$1.27 1/2 to \$1.27 3/4, and July \$1.45 1/2 to \$1.45 3/4. Oats advanced 1/4c to 2 1/2c. Provisions finished unchanged to 4/8c lower. It became apparent almost from the outset that the corn market was in an oversold condition. Evidence that big commission houses were buying made shorts cover freely, and brought about a decided upturn in quotations soon after the opening. Some of the buying was based on reports that poor seed had rendered crop prospects uncertain and that the planted acreage would show a reduction. Besides the fact that work was said to be hampering the crop movement. Demand, due to such causes, however, failed to last. Uncles' Law and other lines set back when toward the end of the session a falling-off in the visible supply figures attracted notice. Fresh advances then followed, and the close was at virtually the top figures of the day. Weakness of the hog market carried down provisions, and so, too, did disappointing exports. Grain strength, though, held steady to rallies.

STEAMSHIP TICKETS

ST. JOHN—LIVERPOOL NEW YORK—LIVERPOOL Drifts, Money Orders and Travelers' Cheques. A. F. WEBSTER & SON, 53 Yonge Street. The outstanding feature of the week in business has been the anxiety of western buyers regarding future supplies, wholesalers receiving many enquiries. In wholesale dry goods trade is fairly active, but city retail trade shows little improvement owing to weather conditions. The cotton mills have all busy, with orders that will keep them employed until late in the fall. In wholesale milling there has been rather a quiet trade for the season, weather conditions not being favourable, but with warmer temperature improvement is expected. In boots and shoes there is a slight improvement reported, and the leather trade has more enquiry, with a fair export to the United States of sole leathers. In wholesale groceries there is a normal movement and distribution, and values are unchanged. The sugar situation is unchanged, and while deliveries are still restricted no actual hardship to consumers is anticipated. There is no advance in prices. The molasses scarcity is being relieved by arrivals of moderate lots in Montreal, and prices are maintaining. In hardware large orders are reported for war munitions from the American government, and in all other lines there is a seasonable activity. Paints and oils are in good demand and prices firm. In the provision market there is a steady feeling in eggs, with prices tending higher. Live and dressed hogs are unchanged and smoked and cured meats held firmly, with a fair jobbing trade. There is a good demand for potatoes, with prices of all grades maintained. Farm work has interfered during the past two weeks with the general trade. Remedies are fair to good, but city collections continue slow.

WILD FLOWERS

BY Rachael R. Todd, M.D.

SOLOMON'S SEAL.

Polygonatum biflorum.
"To humbleness of heart descends
This prescience from on high."
Wordsworth.

Solomon's Seal is a wild plant not at all known to the hundreds who pass it by while on the search for others of more brilliant appearance. But it is

one of the plants that afford most interesting study, and should be known to all wildflower lovers because of its queer history, and because it is very common in our ordinary woods. There are two other plants that resemble it so closely that they are often mistaken for it, namely: the false Solomon's Seal or Wild Spikenard, and the Twisted Stalk. Formerly, when writing these little wild-flower talks we used to give a separate article to each of the three, but this spring, we should look at them together, for many reasons.

The true Solomon's Seal, well-known at least to most school children, is

of very ancient lineage. It is one of the aristocrats of the wildflower kingdom, and because of this, it may go where it will with impunity and no loss of dignity. A single curving and stiffly graceful stem, covered with alternate, stem-clasping leaves, rises to ten or perhaps twelve inches above ground. These leaves are deep green with parallel veins, two inches or so long, pointed, smooth-margined, and gently curved. Just where the leaf joins the leaf-stem, that is the axil, come out a pair of tiny drooping pale yellowish-green flowers, like wee balls hanging downward. There may be as many as a dozen pairs on each long leaf-stem, or plant, and they look like nothing else on earth. Later these blossoms become seedpods, turning into green berries at first, and then into a pulpy blue-black affair about the size of a pea.

Just here and now is the place to compare these blossoms and berries with those of the other two, the Twisted Stalk and the False Solomon's Seal, and these are so closely related to it, and resemble it so very much. Twisted stalk has solitary swinging bells of a deep purplish pink, and these turn into very bright, shiny berries that remain pretty well thru the winter. The root is a queer twisted and forked affair creeping along horizontally, and from this peculiarity the name is derived. The other similar plant, Wild Spikenard, comes up almost exactly like the other two plants, a low curving leaf stem with oblong, alternate and clasping leaves, and the flower is white, very fragrant, now white, and forms in numbers of six to ten, at the end of the plant, in a raceme. This point in itself is quite sufficient to distinguish it from the other two. The seedpod is a pale red berry, speckled with blue and highly aromatic.

Now, to go back to Solomon's Seal, the root is the thing to look for just now. A queer horizontal, creeping thing, laid down in rough joints. Every joint means a previous year's growth. Where the growth ends for the year, a round blunted scag appears on the root which looks exactly like some strange seal, and from its fancied resemblance to the famous seal of the great King Solomon, the plant derives its name.

Now, I have taken these three similar plants together so that their distinguishing characteristics may be pointed out at one and the same time, because there is much confusion regarding the placing of the various specimens found near the city. All three plants remain fairly green under the leaves and snow thru the winter, and frequently the berries persist as well. So that when you find the sprawling green-leaved thing with blue berries, it can only be the true Solomon's Seal.

SOLEMN TRIDUUM OPENED.

The solemn triduum for soldiers and for a successful issue of the war was opened at St. Joseph's College chapel yesterday morning with a large attendance, the mass being said by Rev. R. McBrady, who also gave an address. In the evening benediction of the blessed sacrament was given, Miss Eveleen being the soloist. The exercises of the triduum continue to-day and tomorrow. Mrs. Fred Woods is the soloist this evening. The united alumnae of St. Joseph's and Loretto Abbey are in charge.

POSITION CREATED IS VERY STRANGE

Many Interests Involved in Question of Women as Conductors.

WATCHING NEXT MOVE

Men Are Resolved, But Women Say They Are Undemocratic.

With the women of the opinion that they can collect street fares as well as men, the Street Railway Employees' Union unalterably opposed allowing women to learn their work, the Great War Veterans not wishing to take sides against either party, the Ontario Railway and Municipal Board remaining silent on the matter, and the Toronto Railway Company watching the turn of events, a strange situation has arisen in Toronto over the announcement that owing to the scarcity of labor, women might be taught to be conductors.

The next move seems to be that of the company and all eyes are turned in that direction. According to Mayor Church it will be necessary for the company to obtain the sanction of the board before going ahead. The new type of pay-as-you-enter car has practically been approved by the board and the mayor's declaration, himself, opposed to the employment of women and said any application of the company for permission to use women as conductors would be strenuously opposed.

Company is Waiting. There is not likely to be any action on the part of the company for some days or at least not until the directors have taken time to think the matter over carefully. There are so many interests opposed to the motion that the street car men threaten to strike if women are employed. Ald. Joseph Gibbons, business agent for the employees, is emphatic in his statement that whenever a woman conductor steps on a car the men step off. In this he was supported by the men at their meeting on Sunday.

On the other hand, this is thought to be a very undemocratic stand by some women. Mrs. L. A. Hamilton said at a meeting yesterday. Mrs. W. C. Cummins spoke of the success attending the venture in Kingston, while School Trustee Dr. Caroline Brown thought the motion should not be so unreasonable. Mrs. Rhys Fairbairn, secretary of the National Council of Women, referred to a resolution passed at a meeting in Ottawa at the Women's War Conference, which was to the effect that women could be successfully employed in railway work and other callings.

Use Returned Soldiers.

The question of using returned soldiers, instead of the type of car to be operated which would do away with walking thru the crowded cars, looms up and in the opinion of many, they ought to be employed to advantage. In this regard, however, Sergt. W. E. Turley, provincial secretary of the Great War Veterans Association, has expressed his opinion that it is placed in a peculiar position. "We don't want to run foul of any of the parties concerned," he is reported to have said yesterday. The company had consistently given preference to returned men and in his opinion the pay-as-you-enter system would open the way for numbers of returned soldiers, who could not otherwise do the work.

OVERSEAS SHIPMENTS OF SOLDIERS' COMFORTS

Mrs. Arthur VanKoughnet, convener of the Soldiers' Comforts of the Women's Patriotic League, reports for the week the following shipments overseas to the Canadian Field Comforts Commission, Queen Mary's Needlework Guild, and donations to the returned men in the military hospitals in Canada:

- 2,225 pairs socks; 466 pairs pyjamas; 27 service shirts; 16 hospital shirts; 484 stretcher and trench caps; 2 helmets; 134 handkerchiefs; 80 trench candles; 520 towels; 32 pillow cases; 26 pairs of 72 housewives; 57 cases soap; 67 suits gauze underwear; 122 personal property bags; 15 kit bags (fitted); 12 operating gowns; 12 laparotomy stockings; 12 wash cloths; 6 pillow; 4 sheets; 6 bed jackets; 3 dressing gowns; a quantity of miscellaneous articles such as sweaters, scarfs, magazines, music, cigars, chocolate, biscuits, cocoa, coffee, toilet paper, writing paper and envelopes; 100 pencils; and 6 individual parcels.

HOUSEHOLD SCIENCE MAY BE EXTENDED

Household science instruction will be extended considerably if the report of the special committee submitted to the finance committee yesterday afternoon is adopted by the board of education at the meeting on Thursday night. The special committee recommended that a director for the schools at large be appointed, and instead of extending the system of household science centres in certain portions of the city, that at least one room be fitted up at a cost of approximately \$100 for household science training in each school. The finance committee endorsed the motion by Trustee McTaggart for the immediate purchase of a full supply of coal for next winter's use in the schools, and authorizing an overdraft if necessary to secure it.

Here's Health--

---Nature's Most Nourishing Food
---Saves Wheat, Saves Meat, Saves Money

FRESH from the countryside it comes. From Ontario's finest farms. From healthy, well-tended, regularly inspected cows.

Along the route of safety it reaches your home. It is scientifically pasteurized—in the most up-to-date dairy in America. Safely sealed by machinery, in a sterilized glass bottle it is left at your door each morning.

It requires no preparation, means no waste, saves meat and wheat. And, food value considered, it is the most inexpensive food you can buy.

Children Grow Best on Farmers' Dairy Milk

Every child's growth depends on milk. Certain elements found in milk build the child up. They actually help the digestion of other foods.

Keep this thought in mind—the kind of food your children eat is more important than the amount.

Drinking plenty of Farmers' Dairy milk will keep any child fit—for play. A pint a day costs but seven cents. But use it not merely as a delicious beverage. Drinking it slowly—eating it—makes it a real food.

Now—as the warm weather approaches—is the right time to start your children on a diet that includes more milk. For milk is concentrated food. It nourishes without overtaxing the stomach. Children who drink lots of milk don't get peevish in hot weather.

By actual test milk from the Farmers' Dairy is richer in cream than ordinary milk—contains a higher percentage of butter-fat than the city authorities demand.

Milk from the Farmers' Dairy Costs No More Than Ordinary Milk. To Be Sure You Get It—Phone Hillcrest 4400—and Our Salesmen Will Call.

LAUNCHING-CAMPAIGN FOR BOOTS AND SHOES

Novel to the point of being unique will be the Boot and Shoe campaign to be launched by the Friends of France in aid of the reparations of that devastated country. It is the intention of the organization, of which Mrs. A. E. Wells, of 216 Poplar Plains road, is president, and at whose home a meeting was held yesterday, to ask the city to assist by gathering all the boots and shoes available and place them in barrels, which will be left at different points during the week beginning May 27. The consignment will afterwards be gathered to a common centre and the boots which need repairing will be set aside for that purpose and the better class sent at once to France.

The Girl Guides are assuming a good portion of the work which the campaign will entail. They will make a house-to-house canvass in advance to distribute ten thousand circulars, which will explain the needs of France and the plan to be adopted. The board of education is to be appealed to for permission to erect receptacles in at least some of the schools. The private schools and colleges will also be invited to assist. Co-operation of the boot manufacturers and shoepackers will also be invited, and it is hoped the response will be in proportion to the need of the men, women and children who are without home and often with but little food or clothing. The idea of the boot and shoe cam-
