CALL CONVENTION BEFORE ELECTION SAYS MACHIN, M.L.A.

Soldier-Member for Kenora Heartily Agrees With Stand Taken by Lt.-Col. Pratt—To Restore Public Confidence.

Special to The Toronto World.
Kenora, Aug. 11.—Col. H. A. C. Machin, M.L.A. for this constituency, has already spoken pretty freely on the present provincial political situation, and he regards with favor the plan speaking of The World on the various matters that are at present exciting attention in provincial Conservative circles. He was quite willing to make a statement of his views, and he entirely approves of the course taken by Lt. Col. Pratt, M.L.A., in his speech.

Col. Machin, entirely agrees with all that has been said as to the necessity of calling a convention of the provincial Conservative party, and that it should be held before the election.

"I understand," he says, "that our central executive committee are of the opinion that this, but were put off by the government's promise of a convention, thirty days after taking the referendum on the O.T.A."

Must Come Before Election.
"It is evident the government intend holding the elections on the same day as the referendum, so a convention as promised would be useless. This is the worst kind of political chicanery, and will not do for people who have had the days of autocrats and oligarchs are passed forever."

"With the Ontario temperance act, the nickel situation, and the long-continued labor legislation still unpassed, it is certain, if the grand old Conservative party, which was virile, healthy and sane when handed over in 1914 by the death of Sir James Whitney to the present leader, is to retain public confidence and save itself from merited defeat, an early provincial party convention must be called to lay down a platform, to make changed conditions, and to take such action as may be necessary to restore the party to the confidence of the people."

Indecision and Inaction.
"The people are heartily sick of indecision and inaction, and they are men of outspoken courage to find the solution to the many difficulties confronting us, resulting from the war, some of which I have already enumerated. A fearless course must be pursued in hunting out and punishing all profiteers and combines which continue to make life for the mass of our people unendurable."

"There is a demand for the abolition of all class legislation, and the introduction of wise laws for promoting the health, happiness and contentment of all the people."

"The provincial government should fearlessly attack the federal government for delays in dealing with questions beyond provincial jurisdiction, and if anything is to come of the recent federal measures and dexterity combines, prosecutions under which are to be left to provincial attorneys-general, there must be the closest cooperation, not only with the federal authorities, but among the several provincial authorities. As it is, there are too many loopholes, and the practical certainty that nothing can be done."

Col. Machin will be in Toronto on the 16th inst.

Crashed on Eve of 8,000 Mile Flight

London, Aug. 11.—The flying boat Felixstowe Fury, which was due to start Tuesday for Cape Town, South Africa, on an eight thousand mile flight, crashed today off Felixstowe, during a test flight. The wireless operator, board, Lieut. MacLeod, was killed. The six passengers were rescued. The hydro-airplane was capable of carrying thirty passengers, and at the time of the accident it was flying at the rate of ninety miles an hour. The machine had risen gracefully and was flying over the water, gaining height as it went along. Suddenly it appeared to career at a dangerous angle, and while still at comparatively low altitude, slipped and fell into the sea.

POLICE PREVENT WHAT LOOKED LIKE RIOT

Soldiers and Civilians Come Near Having General Free-for-All.

What looked like a repetition of the August riots of 1918 happened in the bud in the grounds of Trinity College about 3.30 last night. Some 250 people, including about 80 soldiers from the Royal Canadian Dragoons and the Princess Patricia Light Infantry stationed at Stanley Barracks, and gathered in the park, and had it not been for the opportune arrival of the military and civil police a serious fight between the soldiers and civilians might have resulted.

The trouble, according to the police, began on Sunday night, when about a dozen soldiers and an equal number of civilians got into a fight over some women, who it is alleged were being hooted at by the lads in uniform. A fight resulted in which the soldiers were beaten, about three of them being badly knocked about. Nothing more was heard of the matter till last night when a column of men from the barracks were seen marching along Queen street in columns of four with their destination the park, where the previous fight had occurred.

Arriving at the park, the soldiers found that the civilians who had given them the previous battle, encamped there in strength, waiting for them and the fight which was to come.

Military Police on Hand.
Luckily the military police, hearing Sunday night's episode, feared trouble was brewing, and about fifteen minutes before the message had come in that another fight was imminent, they had already sent a body of ten military policemen to patrol the park.

The arrival of the police coincided almost to a second with that of the marching column, and the latter, considering their hostile intentions about faced and marched away. The civil police reserves were also called out, but when they heard that the military police were on the job, they turned in at No. 3 station to await development, which fortunately did not turn up. No arrests were made by either civil or military authorities.

\$1,000,000 SALVAGED FROM SUNK VESSEL

The Davies Estate to Subdivide Fifty Acres and Land Money Being to Build.

It was announced yesterday that the Robert Davies estate have decided to subdivide the 115 acres between the Don road and Leslie street, known as "the market gardens," and to lend money on the property to those who buy the sites. The block is parts of lots 12 and 13, in concession 2 from the bay. The south boundary is less than half a mile north of Danforth, and adjoins the city limits. The market gardeners who have leases of the half of the section lying between the Don road and Pape avenue have been notified to vacate after getting in their crop.

The management of the sale is to be given to the Trusts and Guarantee Company on Bay street, who will arrange to advance 30 per cent. of the cost of homes that the purchasers of lots provide for themselves.

It is stated that the owners hope to get the division taken into the city or to provide for drainage and a water supply on their own account in connection with the township of York. The adjacent township of Scarborough has a water system under consideration now, and York township may be a customer.

The Trusts and Guarantee Company hope to have the details ready in a few days.

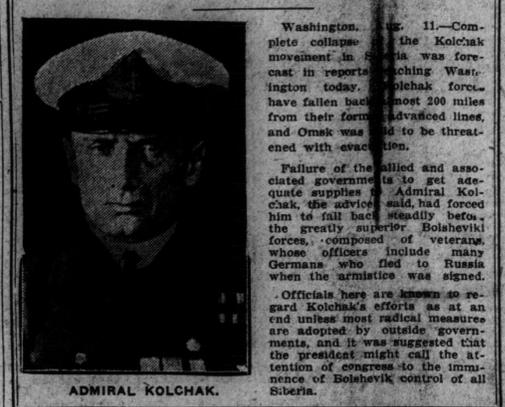

German Assembly Passes Land Purchase Tax Bill

Wellmar, Aug. 11.—The National Assembly today passed the second reading of the land purchase tax bill after Matthias Erzberger, vice-chancellor and minister of finance, had spoken on the necessity for effecting amendments proposed by members of the right in view of the country's financial distress.

BRITISH FOOD BILL THRU SECOND STAGE, DESPITE CRITICISM

Passes Second Reading by 251 to 8—Labor Party Supports Bill With Reservation.

London, Aug. 11.—The House of Commons tonight passed the second reading of the government bill providing for prosecution and penalties of persons guilty of profiteering. The vote was 251 to 8. The bill was subjected to severe criticism, mainly on the ground that it had been hastily considered and would fail to reach the real offenders. There is little doubt, however, that the representation of Sir Auckland Geddes, minister for national service and reconstruction, of the bill's effect, the bill would have on profiteering, and on his discouragement of exports and encouragement of imports, made a strong appeal to the house now under the spell of the grave warning of J. Austen Chamberlain, chancellor of the exchequer, on the condition of the nation's finance.

This feeling, together with the labor party announcement that it would support the second reading, and amendment of the bill in committee, was largely responsible for the fact that only eight members voted in favor of the bill. Kennedy Jones led the opposition.

Would Hamper Trading.
Jones objected that the bill created a vast cumbersome ministry controlled by the board of trade, which would fail to achieve anything, but would embarrass and hamper trading. He created laughter by stating that the bill had already handed over the transport system to Sir Eric Geddes, without portfolio, and that he was now proposing to hand the country's trade to another member of the same family.

Other members accused the government itself of flagrant profiteering in butter and cheese. John Robert Clynes, former food controller, urged the government to withdraw the bill and to produce something better. He contended that under this measure the big offenders at the top would escape. James Thomas, labor member, also complained that the bill would fail to touch trusts and combines, which were the worst offenders.

The motion to reject the bill was defeated under the closure rule. The measure passed the second reading and was referred to a committee of the whole house.

100,000 RAILWAY MEN TO DEMAND INCREASE

Cleveland, Aug. 11.—Three hundred local chairmen of the Brotherhood of Locomotive Firemen and Enginemen will meet here tomorrow for the purpose of making a request on the railroad administration for further increases in wages of more than a hundred thousand firemen and helpers on all federal controlled railroads in the United States and all non-federal controlled roads in the United States and Canada. It was learned today.

PRODUCERS SUE STRIKING ACTORS FOR HALF MILLION

Nearly 300 of Country's Most Prominent Screen and Stage Stars are Involved.

New York, Aug. 11.—Suits for \$500,000 for damages alleged to have resulted from the strike called by the Actors' Equity Association were filed by the Winter Garden Company (the Shuberts) in the United States district court here late today against nearly 300 of the country's most prominent stage and screen stars.

The complaint which charges the actors with conspiracy follows the general line of the famous Danbury hatmakers' case, in which the hatmakers of a labor union, were sued successfully for \$220,000, and many of the workmen lost their homes thru attachments to satisfy the judgments.

The screen stars were named as defendants. It was explained, on precedent set in the Danbury hatmakers' case, where it was held by the court that individual members of a labor organization are responsible for the acts of its officers, that the members may have no connection with the case at issue.

Among actors named as defendants were: Sam Berners, Eddie Foy, Frank X. Bushman, Richard Carle, Douglas Fairbanks, William Courtney, William S. Hart, Laurette Taylor, J. Forbes Robertson, Cyril Maude, Rudolph Edson, Blanche Ring, William Farnum, Dustin Farnum, Elsie Ferguson, Trilce Frigand, De Wolf Hopper, Wilton Lockaye, Frank McIntire, Andrew Mack, J. Hartley Manners, Robert Mantell, Alla Nazimova, Guy Bates Post, Tyrone Power, Julius Tannen, Fred Stone, Otis Skinner, Julia Sanderson, Julian Eltinge, Leo Ditrichstein and William B. Mack.

NO REPLY YET FROM RUMANIA

Council Believes Poor Communications Make Speedy Reply Impossible.

Paris, Aug. 11.—The supreme council has not yet received a response to the notes sent to Rumania concerning the occupation of Budapest, and consequently, it made little progress today on the Hungarian situation.

The members of the council are generally convinced now that the council's note did not reach the Bucharest foreign office until Saturday, and that the poor communication has made a speedy reply to Paris unlikely.

The leading business men have counselled the government against interfering with the unending flow of labor and the peaceful expression of the demands of the Laborites. The belief is expressed that if these are suppressed they will critically aggravate the situation.

The cabinet today discussed the newspaper workers' strike, which has made thousands of unemployed, and it is not known whether they are all insured. The building was damaged to the extent of \$500.

FIRE IN GARAGE

Fire of unknown origin caused \$1450 damage to a number of cars and the building at the garage of the McLaughlin Carriage Works, on Church street, at four o'clock yesterday. The cars were all four or five years old, and it is not known whether they are all insured. The building was damaged to the extent of \$500.

ADVANCE ELECTIONS IN SWITZERLAND

Berne, Aug. 11.—The Swiss people, in a plebiscite held yesterday, decided by a vote of 195,000 to 77,000 that the elections, which should normally be held in next year, shall be advanced to the last Sunday of October this year.

GUELPH BYLAWE VICTORY FOR HYDRO BY HUGE MAJORITY

In Vote of Three to One, Citizens Snow Under Plan for Agreement With Grand River Railway—Majority Totals Over Eight Hundred.

Special to The Toronto World.
Guelph, Ont., Aug. 11.—The citizens of Guelph made it clear today where their sympathies rest as between public ownership versus private corporation, when they snowed under by an avalanche of votes the proposed agreement with the Grand River Railway Company to take over the local road service and extend a line to Puslinch Lake and Hespeeler.

Much as the latter connection is wanted, the attraction could not wittingly Sir Adam Beck's eloquence over the splendid campaign put up by local Hydro officials. There is no mistaking the fact that Guelph is standing behind the Hydro and no danger of going back on its word to the rest of the municipalities on the vote.

The vote today was slow in coming out, but it was a fairly large one, considering that there are not many over 2,000 available voters on such a bylaw. Of these, 1,722 voted with the following result:

For the bylaw, 487. Against the bylaw, 1,235.

Majority against the bylaw, 848.

Ex-Ald. Burgess of Toronto, who formerly lived in Guelph, went up to see the voting. He told The World last night that he was delighted by the support the ratemakers had given to Hydro-electric policy and Sir Adam Beck.

An Exciting Campaign
This marks the end of one of the most exciting campaigns on record in Guelph. The agreement with the Grand River people was at first received with approval by the majority of voters of this city for the street railway has been productive of a series of never ending deficits and for years the city has been anxiously looking forward to securing radial connection to the north as well as the south and while the G. R. R. people did not promise the latter, it was generally thought that if the by-law carried the C. P. R. would before long connect the city with Elora. When, however, the Hydro people saw the agreement they at once presented the possession of the local street railway carried with it a strategic position for the C. P. R. Inasmuch as it gave the subsidiaries company control of the surface rights of the streets of Guelph, Sir Adam Beck consequently interposed, and the Hydro people set in operation with the result that the ratemakers of the city were aroused to see that the suggested arrangement was inadvisable to itself. It is the breach of the pledge given when the city in 1918 entered into this arrangement with the rest of the municipalities for Hydro radicals.

Sir Adam Leads.
The result has been a spirited two weeks' fight, with a climax in a recent at a meeting, pointing out the weakness of the agreement, and demonstrating the remarkable hold he possesses over the admirers of public ownership. The vote today is the most emphatic decision that the ratemakers of this city have ever recorded on any important measure.

Mr. J. W. Lyon, seen immediately after the vote, contented himself by saying: "I knew the people of Guelph would not stand for a German arrangement, prejudicial as it is to the Hydro and public ownership."

NEW PARTY ENTERS LABOR STRONGHOLD

E. Hamilton Riding is Invaded by S. L. Landers, Soldier Candidate.

Hamilton, Aug. 11.—Labor's stronghold, East Hamilton, so faithfully represented for fifteen years by the late Allan Studholme, is to be invaded by the new party, Samuel L. Landers announcing himself today as the soldier candidate in the riding. Lieut. Landers, one of the best known labor men in Canada, and for many years international officer of the Garment Workers' Union, enlisted as a private at the age of 15, and won his commission with the Construction Corps in France. He is looked upon as an almost unbeatable candidate, one who will draw the solid support of the soldier element and a goodly share of labor ballots.

Lieut. Landers will not, however, receive labor's official endorsement, leaders of that party declaring today that an opponent will be put in the field. The intrusion of the soldier candidate in East Hamilton today, was by the labor stalwarts, Controller Halverson, Alderman O'Heir and Gordon Nelson, member of the Hydro Control Board, declaring that they would labor had a life-long lease on East Hamilton, and would not be pushed out by the soldier party or anybody.

Mafor to Oppose
A slate meeting of the Independent Labor party will be held at the end of the month, and at that time the candidates to contest both ridings in provincial and federal elections will be selected. W. R. Rollo, who gave John Allan Mack, such a good thrashing last west four years ago is to be sent against Mr. Allan again. It is learned, while it is understood that Controller Halverson and some of the federal fight in East Hamilton.

PRINCE SETS HIS FOOT ON NEWFOUNDLAND SOIL

Disembarks at Topsail for a Few Hours and Strolls About the Country—Had a Pleasant and Uneventful Trip Across Atlantic.

St. John's, Nfld., Aug. 11.—The Prince of Wales landed from the Renown at Topsail, a fishing village on Conception Bay, for his first visit to Newfoundland soil today. After remaining for a few hours, he returned to the battleship. He will come to this city tomorrow.

The Prince and members of his suite spent much of the time ashore strolling about the country and obtaining photos of the scenery. Several hundred seamen, marines and cadets from the Renown and its escorting squadron were given shore leave.

Admiral Halsey and Colonel Gries of the Prince's staff came to St. John's by motor from Topsail, a distance of twelve miles, to discuss with the governor the details of the program prepared for the reception of the royal visitor here tomorrow. Streets, public buildings and residences have been brilliantly decorated for the celebration.

The Renown reported a pleasant and uneventful trip across the Atlantic. Many icebergs were seen in the neighborhood of the Grand Banks, but the weather was so good that there was no danger. The Prince and his suite found much interest in examining several small bergs in Conception Bay.

Plans for Reception.
Final plans for the reception to the Prince were announced tonight. After his landing at noon tomorrow he will be driven thru the city, passing under several triumphal arches. He will receive three addresses: From the mayor and city council at the dock, from the board of trade at its building and from the government and legislature at the parliament building.

DR. TOLMIE AT CAPITAL; BY-ELECTIONS COMING

Ottawa, Aug. 11.—Dr. S. F. Tolmie, the new minister of agriculture, reached Ottawa today, and will likely be sworn in at noon tomorrow. Now that Dr. Tolmie has arrived the question of a writ for the new by-elections will be taken up, and an announcement is expected within a couple of days.

FORMER BRITISH M.P. DEPORTED FROM JAIL

Was Formerly an Austrian Subject and Was Arrested in Brooklyn for Forgery.

London, Aug. 11.—Ignatius Triblich Lincoln, former member of parliament, has been deported. He had been in prison here since 1916.

Ignatius Triblich Lincoln was formerly an Austrian subject but became a naturalized citizen of England. On August 4, 1915, he was arrested in Brooklyn, N.Y., on a charge of forgery preferred by the British consul in New York. At the time of his arrest Lincoln declared that he was a German spy and that England wanted to try him for that offense.

Extradition of Lincoln on the forgery charge was ordered by the United States district court. He was tried for forgery in London and was sentenced to three years' imprisonment.

SUMMER HAT SALE

August is the month for clearing out summer hats without regard to profit. Men's Straw and Panama Hats are reduced to half price and less.

Yachting, bowling, tennis and all summer outing hats and caps: half price. This is the last sale of summer hats this season. Fall goods will be opened shortly. W. and D. Dineen Company, Limited, 140 Yonge street, corner Temperance.

IDENTIFY VICTIMS AT MOUNTAIN PARK

Remains of Two Montreal Women Are Recognized—Inquest Starts.

Montreal, Aug. 11.—Two of the three women dead have been identified. They are Yvonne Deschamps, 19, 121 Palm avenue, and Florina Desrochers, 17, 46 Ste. Marguerite street.

Another witness is being sought, who is said to have stated at the inquest that he saw two men climb out of a small window of the building soon after it had been smothered from fire.

ARREST DRIVER TWICE; SECOND TIME HOLD HIM

Daniel C. White, a taxi driver, giving an address on Carlton street, was arrested last night charged with reckless driving and being intoxicated while being in charge of a motor car when he struck Robert McIntyre, East King street, at the corner of King and Simcoe streets.

THOMAS ILL IN CELLS

Thomas Mulhill, Ossington avenue, who was arrested and taken to No. 3 division yesterday for being drunk, was taken to the hospital, where he was operated on for appendicitis.

SPOTTED SINN FEINERS FROM AN AIRPLANE

Belfast, Aug. 11.—An airplane making a "duty flight" Saturday between Belfast and Londonderry, was spotted by the British Air Force.

LABOR UNREST SPREADS TO TOKIO ARSENALS

Tokyo, Aug. 11.—A committee representing 24,000 workmen in the military arsenals of Tokyo has petitioned the government for an increase in wages, ranging from 20 to 50 per cent.

HAMILTON

Hamilton, Aug. 11.—That he is the chief beneficiary in an estate, valued at more than \$5,000,000, is the claim of Roy Currie Kirkland Hudson, M.D., B.A., graduate of Edinburgh University and the Royal College of Surgeons.

SEND R.C.G.A. BAND TO PLAY FOR PRINCE

Quebec, Aug. 11.—The Royal Canadian Garrison Artillery Band, stationed here, has been ordered to Halifax to play for the Royal Highness, the Prince of Wales on his arrival there.

DERRY DAY CELEBRATION.

The annual demonstration of the County Black Chapter of York will celebrate Derry Day, August 12, by a parade, which will form in Rivendale Park, east side, at 12.30 today.

EVER NOTICE?

"Til bet that girl works in a factory. "Why do you think so?" "She's wearing silk stockings."

WILLS AND BEQUESTS

Harold E. McCall, Peachland, B.C., has applied for ancillary probate of the will of his grand-uncle, Charlotte Amelia Smith, who died in Peachland May 24, 1913, leaving property valued at \$12,108, of which \$879 in a mortgage and \$287 due under an agreement of sale of property at the Soo, are in Ontario.

BLUSHING

It is not only a painful affliction, but the greatest hindrance to your happiness and success. A permanent guaranteed cure is within your reach, however you wish to adopt my easy method of home treatment, a proved remedy for all forms of nervousness, Blushing, Trembling, Stammering, etc. Your past failures will never be repeated, rather you will be able to win success in business and social life, because my system equally between the testator's children. The total value of the property is \$114,147, of which personally, valued at \$8150, is in Ontario.

ALL ABOUT READY FOR OPENING OF EXHIBITION

Over Thousand Workmen Busy Putting on Finishing Touches.

A small army of men is rushing preparations for the opening of the C.N.E. It is estimated that there are nearly 1,000 people at work in the park and this number is being increased daily as the exhibitors begin work on their booths and exhibits.

The damage done the stand by last winter's fire has been repaired in front of the stand a large force engaged preparing the stage. The heavy superstructure of frame for the 700-foot picture is about complete and the artists and stage mechanics will commence work stretching the canvas this week.

The Royal Canadian Dragoons have already reached a high state of efficiency in their drill for the musical rife. Under the command of Lieut. James Woods the thirty-two picked men of the unit who will take part, turn out each morning in front of the grand stand and for an hour and a half vigorously practice the intricate movements of their drill.

A distinct feature of the ride this year, and one that will recall to mind the brilliant military attire of pre-war days, will be peace time uniforms of the men which will be substituted for the drab khaki. As of old, the uniform will consist of blue breeches with a yellow stripe, and tunics and brass helmets. It is planned to send twenty-eight picked dragoons to Ottawa shortly, where they will be held in readiness to act as a mounted escort to the Prince of Wales, whom they will later accompany to Toronto.

Rehearsals for the grand stand spectacle, which this year will really comprise three distinct spectacles representative of outstanding events in the history of the world, have been under way for some time past.

Among the many innovations this year will be four new flying machines, which later on will be flying to New York for the transportation building. They are being built on a large and apparently permanent scale. Only one, however, will be used as a show-off airplane. It is a massive structure, 120 x 60 feet, and is the same height, that housed the Handley-Page machine which was brought from England, and which later on will be flying to New York to assist in the welcome to the British dirigible, R-34, which successfully made the transatlantic flight.

The exhibition building will be situated on the Exhibition grounds as snow rooms for the overflow of motor vehicles from the transportation building.

An unusual amount of building is being undertaken this year. In order to house the vast collection of paintings, drawings and sculpture, including the Canadian war memorials, it has been found necessary to erect an addition, 170 x 30 feet, to the fine arts building. It is now nearing completion. A new structure is also being put up for the Dominion government wool exhibition, at which all stages of the preparation of wool, beginning with shearing, will be demonstrated. The building is being erected on New Devonshire road.

Decorations Elaborate. Elaborate decorations are being undertaken in the administration building, where will be located the suite of rooms being prepared as quarters for the Prince of Wales while he is at Exhibition Park. The dining-room, which is situated in the same building, is being entirely redecorated and should present an extremely pleasing and artistic appearance when completed.

A new system of ventilation has been introduced into the manufacturers' building, while the poultry building will be ventilated by three huge electric fans.

Exhibition Park will be some ten acres greater in area this year than last, the old dumping ground on the lake shore to the south of the transportation building and extending to the western limits of the grounds, having been filled in and leveled. The aeroplane hangars are being erected here.

BIG NEW BUILDING FOR WEST QUEEN ST.

The Franklin building, known as 29-31 West Queen street, with its two floors on the street level is now vacated, and is being prepared as quarters for the Prince of Wales while he is at Exhibition Park. The dining-room, which is situated in the same building, is being entirely redecorated and should present an extremely pleasing and artistic appearance when completed.

A new system of ventilation has been introduced into the manufacturers' building, while the poultry building will be ventilated by three huge electric fans.

MORE PROTECTION FOR RIVERDALE CROSSING

Mayor Church has instructed the works department to report on the Riverdale crossing, and intends to make an application for additional protection. "It is only when someone is killed that the railway board will even think of giving us any additional protection," he declared. "This is a very dangerous spot and in my opinion the right-of-way should be fenced in thru the park."

Salvation Army Expands In Far-Off Newfoundland

Commissioner W. J. Richards, accompanied by Lieut.-Col. Chandler, left Toronto yesterday for Newfoundland, where a series of Salvation Army meetings are to be held in connection with the Newfoundland congress. Grand Falls is to be the scene of a great week and campaign, and special arrangements have been made to welcome the chief officers in this district. A feature of the congress is the Soldiers' and Sailors' Congress. New schools are to be opened at Belle Island and at St. John's.

SCHOOL CHILDREN WILL WELCOME THE PRINCE

The school children will take part in the Prince of Wales' reception on Monday, Aug. 25. They will line up in University avenue, and there will also be a review of the Public and Separate and High School Cadets in uniform after the reception at the parliament buildings.

The mayor has written in reference to having the parents and dependants of the soldiers who fell in the war included in the reception of the veterans as well, and he is also endeavoring to have the prince visit the Earlscourt district.

WANTS EVERY VOTER TO GET ON LISTS

"Our main object just now is to see that the name of every eligible voter is on the list, irrespective of how they will vote," said T. Bryce, of the referendum committee to the World yesterday.

"It is important," added Mr. Bryce, "that everybody who is in any doubt should at once examine the lists and make sure of their names being on. People do not seem to realize that these are entirely new lists and they cannot understand why, having so recently voted, their names do not appear."

NEW JAIL GOVERNOR SOON TO BE CHOSEN

"There are several candidates for the position of governor of Toronto jail, but no selection has yet been made," said Hon. W. D. McPherson, provincial secretary, yesterday when questioned by The World on the matter of the appointment.

The minister was conversant with the various escapes from the institution, and it is believed that the appointment as head of the jail will be made very shortly.

GREEK CHURCH HAS NO OTHER CONNECTION

In order to prevent squabbling between representatives of the public and separate school boards on the subject, the court of revision yesterday announced that in future Macedonians and Greeks who wish their names to be entered on public or separate school supporters must press their claims in person.

The question arose during the appeal made by Miss Phillips, 24 King street, who stated that he was a member of the Orthodox Greek Church, and as such wished to support the institution which his child is attending.

Mr. Phillips assured the court, as did two other Greeks, who appeared yesterday morning, that the Orthodox Greek Church has no connection, whatever, with the Roman Catholic Church.

Mr. Phillips' child attends the public school, yet he is at present assessed as a separate school supporter.

IS CITY IGNORED IN RECEPTION TO PRINCE?

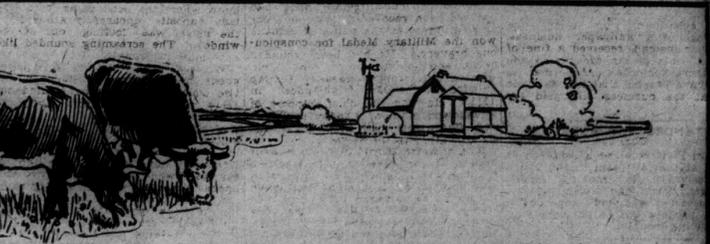

The resentment at the city hall at the civic reception to the Prince of Wales being tendered at the parliament buildings, finds expression in a series of questions which Alderman Sam Ryding has put to Mayor Church.

"Is the city council, representing the citizens of Toronto, to be totally ignored in the reception of His Royal Highness?" asked the alderman. "What part will the city council take in the reception? Would it be possible for you, as representing one of the most patriotic cities of Canada, to have the program changed in order that His Royal Highness may visit the city hall and receive the civic address in the council chamber?"

"I am afraid that it is too late for any change of the kind suggested by the alderman," says the mayor. "The program was arranged by the government. I had no part in it. However, I will see what can be done to make arrangements to give the members of the council an opportunity to be present to His Royal Highness."

Lighten Your Washday Labor. Comfort and convenience count on washday, perhaps more than on any other day of the week. Eddy's Indurated Fibreware Wash Tubs and Washboards. When you buy matches look for the name "Eddy" on the box. A kind for every purpose. The E. B. EDDY CO. Limited HULL, Canada. Makers of the Famous Eddy's Matches.

Nature Herself Provided This Cooling, Healthful Food for Children

WHEN it comes down to a question of food, you cannot do better than follow nature. Especially for children's diet.

In the warm weather the cows are out to pasture. Milk is more abundant, richer, tastier. And in the warm weather children most need this nourishing food. For, eager for play, they simply refuse to sit down to a regular meal. And heavy food is not good for them anyway. The light, concentrated nourishment of Farmers' Dairy Milk will keep up their health and strength. It does not 'sog' the stomach. Yet it is a complete food—the most perfectly balanced food in the world.

THE FARMERS' DAIRY. Phone--Hillcrest 4400 Our Salesman will call next trip. An Extra Economy! Buy Tickets—15 for \$1. Walmer Road and Bridgman St.

WITH THE GREAT WAR VETERANS Items of Interest to Returned Soldiers Will Be Printed in This Column if Phoned or Sent In.

OFFICERS ENDORSE LIBERTY LEAGUE

Seventy-Fifth Battalion Approve Its Aims, and Make Contribution.

All the returned soldiers throughout the Dominion and especially those in Toronto, are looking forward with great eagerness to the arrival of General Sir Arthur Currie in the city. They seem to feel that when he arrives they will have a leader, indeed, who will be able to put before the Ottawa authorities and the government their grievances and demand with a force, as present circumstances permit, of a prompt readjustment. They look to him to lead them in Canada as he led them at the front.

At a meeting of the officers of the 75th Battalion last night this view of the soldiers' non-remedied grievances was fully set forth. There were 34 officers present—a full-strength—and every one of them had seen service overseas. A resolution was passed, stating that the assembled officers had every confidence in the corps commander (General Currie) and they expressed his loyalty and confidence in him after his splendid service in the field of battle.

The question of the Citizens' Liberty League was taken up at the meeting and the program of the league discussed point by point with the result that every officer in the room expressed his approval of the aims of the league and put down his subscription for the furtherance of its campaign.

Tonight the 75th held a moonlight excursion on the lake. A big crowd of friends of the regiment are expected to be on board.

Max Ackerman, who, under the camouflage of a wallpaper business, sold liquor instead, received a fine of \$100 and costs in the police court yesterday. Ackerman is said to have boasted that he has made \$10,000 at the business. He paid the fine.

Edward Flett received a sentence of 60 days at the jail farm in the police court yesterday for robbing Henry Messenger. Flett had stolen up behind Messenger and had gone coolly thru his pockets, but he got only nine cents for his trouble.

Three boxes of whiskey, marked "paint," and consigned to the Dominion Paint Works, city, were seized by Provincial Detective A. Corriar on the C. P. R. tracks near the Union Station yesterday. The boxes were refused by the Dominion Paint people, who disclaimed all knowledge of the Standard Paint Co. also denied the stuff.

According to Mayor Church, efforts to have the federal government erect an elevator in Toronto will be maintained. It is understood that steps will be taken urging the government to transfer the site of the one destroyed by the explosion at Port Colborne to this city.

Immediate employment available in western harvest fields. Special train from Toronto Union Station, via Canadian National Railways, Tuesday, August 19th. Full particulars from City Ticket Office, 63 King street east and Union Station, Toronto.

Frank Rogers and John Murphy, who are charged with stealing a motor by taking it to the police, were committed for trial without plea or election in the police court yesterday.

Max Williams, a colored waiter, charged with having a loaded revolver in his possession and a bottle of whiskey, received a fine of \$25 and costs for the revolver, which was confiscated, and an additional fine of \$203 for the bottle.

Henry Bastine, charged with stealing a returned soldier's active service button, received a sentence of three months at the hands of Magistrate Denison in the police court yesterday.

Unless something unforeseen happens, G. G. Powell, deputy city engineer, stated yesterday that the temporary roadbed between Parliament and Sherbourne streets will be ready in time for the Exhibition.

LAVOIE'S DEATH STILL A MYSTERY

Coroner's Jury Still Trying to Find Out the Cause.

The next morning he saw Lavoie, who had a black eye, and in answer to a question Lavoie said he did not know how he had been injured. Lavoie said he had got Percy Kennedy's coat.

PECULIAR COINCIDENCE

Neighbors Tell What Occurred on Night of the Debauch.

Some remarkable evidence touching on the death of Norman Francis Lavoie following a supposed struggle on Empire avenue, was given last night before Coroner W. J. McCollum and a jury. After hearing a number of witnesses it was decided to adjourn the hearing until the coroner taking the view that the evidence was important and should not be unduly hurried.

LOOK FOR BODIES AT PORT COLBORNE

Remains of Two Men Still Uncovered—Four of Victims Are Buried.

St. Catharines, Aug. 11.—The death list of Saturday's elevator disaster at Port Colborne, tonight still remains the same. All efforts to recover the two missing bodies of Alfred Beck and Sidmond Dunlap, included in the ten, were unsuccessful. Relays of rescue gangs are keeping the work in continuance in pumping grain and water out of the hold of the barge Quebec and in clearing away more of the concrete and steel wreckage. The condition of S. Moutok, one of the burned members of the same train, went the body of Joseph Latour, brother of the captain.

Condition of Montreal. The condition of Montreal, for whom a derick was needed to remove a large piece of wreckage which held him pinned to the deck and jammed against the steamship of the winch, is much less serious, and his condition is serious, and he will be sent to the hospital at Welland.

A pall of sadness overhung the village this afternoon, when four funerals of Port Colborne victims were held. Flags were flying at half-mast, and all places of business were closed.

Word was received at the freight offices of the local railways yesterday, that there to be a general increase all over the country in the scale of cartage rates. The Toronto rates are to be raised on Sept. 4, and the increase is 4c per cent. on cartage lots and 6c on less than cartage lots. In other cities similar increases have been decided on by the Canadian National Railways, the C.P.R., and the Grand Trunk. The reason for the rise is declared to be the higher cost of help and the shorter hours given to the carters.

Word was received at the freight offices of the local railways yesterday, that there to be a general increase all over the country in the scale of cartage rates. The Toronto rates are to be raised on Sept. 4, and the increase is 4c per cent. on cartage lots and 6c on less than cartage lots. In other cities similar increases have been decided on by the Canadian National Railways, the C.P.R., and the Grand Trunk. The reason for the rise is declared to be the higher cost of help and the shorter hours given to the carters.

LABOR NEWS

OTTAWA MEAT CUTTERS START A STRIKE TODAY

Ottawa, Aug. 11.—Approximately 255 meat cutters and butchers of Ottawa and Hull will be on strike from seven o'clock tomorrow morning; members of local No. 628, Amalgamated Meat Cutters and Butchers of America, at a meeting in St. Ann's Hall this evening, voting 97 per cent. in favor of a strike. About 60 per cent. of the men going out are employees of the Matthews-Blackwell packing plant in Hull, the other 40 per cent. being employed in Ottawa and Hull retail meat shops. The schedule demanded by the men is \$95 for class one men, which embraces foremen, \$32 for class two men, capable of taking charge of one department of a shop, and \$18 a week for apprentices.

WAS VICTORY, NOT DEFEAT, FOR LABOR

Winnipeg Industrial Upheaval Explained by Woman Leader.

"It looks like defeat, but it was the greatest victory the workers of this country ever had," said Mrs. Helen Armstrong of Winnipeg in reviewing the strike that city at a meeting in Queen's Park last night, under the auspices of the Women's Labor League. She is one of the women arrested in Winnipeg in connection with the labor troubles, and was particularly sore on the police for invading her home in the small hours of the morning, when she was only wearing a light gown. There was a large gathering at the meeting, and the best of order prevailed.

IRON MOLDERS URGED TO SETTLE TROUBLES

Chairman Not Chosen

Fred Bancroft, representing the men employed by the Toronto Electric Power Company at Niagara and W. H. Moore, manager of the York Radial Electric Company, representing the Toronto Electric, met yesterday to select a chairman to preside over the board of conciliation sanctioned by the government to enquire into the scale of wages paid to the men and other grievances. No decision had been arrived at, however, up to a late hour yesterday.

IRON MOLDERS URGED TO SETTLE TROUBLES

Peace Conference Feels They Must Remain in Hungary to Steady Situation.

Paris, Aug. 11.—The peace conference, it became known today, is changing entirely its attitude toward the Rumanian situation. The conference, it is learned, is not disposed to ask the Rumanians to leave the Hungarian capital immediately. It is the feeling that the Rumanians not to enter Budapest.

While the supreme council is indignant over Rumanian seizures of supplies in Hungary, preparatory to shipping them to Rumania, many delegates to the conference are of the opinion that it will be necessary for the Rumanian troops to remain in Budapest to steady the situation, at least temporarily.

Did Consult With Allies. The telegram of Archduke Joseph, temporary dictator of Hungary, to Premier Clemenceau, outlining the Rumanian policy, and asking for allied recognition, was received here today from Budapest. The message was presented to the supreme inter-allied council on August 10.

Archduke Joseph's message read: "The preceding ministry composed of the Rumanian government was invited to withdraw by us, supported by public opinion. The Rumanian government was dissolved and a new transition ministry was constituted. In my capacity of dictator and as the transition ministry requested, I assumed power and announced the defence of our government in the interest of the success of our efforts."

Our first object is preparation for convocation at the earliest possible of the supreme inter-allied council. I will pronounce on the question of what form of state shall be established on a constitutional basis. "Until then our program will consist of stamping out both terrorism and the actions of the terrorist; fulfillment of the armistice terms; restoration of normal conditions; and the execution of productive work in the country and preparations for the peace negotiations."

For the first time we are in the closest contact with the allies and solicit their support and assistance. It is our government in the interest of the success of our efforts. (Signed) "ARCHDUKE JOSEPH, Field Marshal."

Special to The Toronto World, Guelph, Ont., Aug. 11.—The enumeration of the voters in South Wellington held last night for the referendum to be held tomorrow, and according to the figures in the Guelph City office, it is exceedingly large—larger than generally anticipated. The figures are: Guelph City, 9545; Guelph Township, 1834; Pilkington Township, 620; Painsdown Township, 1422. Total, 14,911.

NO WRITS ISSUED YET AGAINST LABOR MAN

Charges Against O'Leary and Hevey Surrounded by Mystery.

James G. Merrick, secretary to the Toronto Employers' Association, returned to the city yesterday and has been kept busy answering questions in regard to the charges brought last Thursday evening at the Labor Temple by James Simpson against A. E. O'Leary and W. J. Hevey, accusing them of requesting General Gunn to ask the Employers' Association to provide funds to run a labor journal.

When seen yesterday Mr. Merrick stated that he had nothing to say to publication and refused to make any public denial on behalf of the Employers' Association until the case comes before a court. When he was asked by James Simpson yesterday the writs in the case had not yet been delivered to him. When he gets them he will have ten days in which to file his defence, after which, according to local practice, a writ for discovery will be issued for the purpose of forcing the defendant to disclose the names of the persons who signed the affidavits, which, he alleges, he has in his possession.

John Macdonald, convener of the committee which was appointed to investigate the evidence on behalf of the Trades and Labor Council, stated yesterday that he proposed getting in touch with the other members of the committee to arrange for a meeting. He was frank in stating that he has doubts as to the ability of such a committee to investigate fully or come to a satisfactory conclusion, with regard to the case.

SHIP CANAL STRIKE HAS BEEN POSTPONED

St. Catharines, Aug. 11.—There will be no strike on the Welland ship canal at 5 o'clock this evening, as threatened. Negotiations have been resumed by the government and the Niagara District Trades and Labor Federation in posting a circular signed by P. H. Hiley, president, and J. Logue, secretary, stating that the proposed strike has been postponed until further notice is given.

MASTER BAKERS AGREE TO ABIDE BY AWARD

Some twelve or fifteen master bakers met yesterday afternoon to take into consideration the award of the conciliation board, which recommended an increase in the wages of the bread drivers. They decided to abide by the award. There are some 31 master bakers affected by the award, and the hope was expressed at the meeting that all of them would grant the increase without delay. Those present at yesterday's meeting were: P. H. Hiley, president, and J. Logue, secretary, stating that the proposed strike has been postponed until further notice is given.

MOLDERS TURN DOWN OFFER OF INCREASE

An offer by the John Inglis Company of 70c per hour for a 48-hour week to the molders was turned down yesterday. Another offer of 65c per hour for a 48-hour week met the same fate. A fact is being expressed around the Labor Temple that all the metal trades workers may be out of employment before the end of the week, owing to the shortage of castings in all the shops.

IRON MOLDERS URGED TO SETTLE TROUBLES

An important meeting of the Iron Molders' Union was held last night in the Labor Temple to consider some recent complaints from the metal workers, that unless the molders come to a settlement with the employers, there would

IS READY
Wool Sweater Coats
Delegates to Convention day.

STREET CAR DELAYS
Monday, Aug. 11.
Church cars, southbound, delayed 6 minutes at Shuter and Church streets, at 4:14 p.m. by fire.
Dundas cars, at 2:27 p.m., northbound, delayed 10 minutes at Bloor and Dundas, by auto truck.
King cars, at 5:54 p.m., both ways, delayed 5 minutes at River crossing, by train.
King cars, at 8:51 p.m., westbound, delayed 5 minutes at King and Portland, by auto truck.

THE BROTHERS
The first sign that summer is quickly departing was made manifest yesterday afternoon when Shea's Theatre once again opened its doors for the season. The big vaudeville house was packed with old and new patrons long before eleven o'clock for the initial performance of the 1919-20 season.

LENINE TO RETIRE, TOO MANY STRIKES
Raging Everywhere in Bolsheviki-Controlled Territory, and Peasants Refuse Food.
Copenhagen, Aug. 11.—Premier Lenine, it is rumored, intends to retire from the head of the Bolsheviki government, according to despatches from Helsinki quoting Russian reports.

HOPES THAT TERMS MAY BE SOFTENED
Vienna, Aug. 11.—Dr. Karl Renner, the German Austrian chancellor and head of the Austrian peace delegation, expressed to the foreign office staff today his hope that the peace terms may be somewhat softened, especially with reference to southern Tyrol, which he said, he could not believe would be lost.

CHINA DECLARES PEACE WITH GERMANY
Peking, Aug. 11.—Parliament has passed a resolution authorizing the president to issue a mandate declaring that a state of war does not exist between China and Germany. It is considered doubtful whether the mandate will be published until delegates have discussed terms with German representatives.

NAME THE MEMBERS OF BOARD OF COMMERCE
Ottawa, Aug. 11.—The cabinet council, it is understood, is today considering the question of the appointment of the board of commerce authorized by the parliament. Mr. Justice Robson, of Winnipeg, is certain to be the new chairman and Mr. W. F. O'Connor, K.C., of Toronto, is expected to be the first vice-chairman.

NOW FACE CHARGES OF DESERTION AND THEFT
Neal Stewart, Alfred Clark and William O'Brien, all members of the permanent coast guard stationed at Stanley Barracks, were arrested by the police yesterday charged with the theft of an Overland car belonging to Dr. Grist of East Queen street. The police alleged they stole the car on King street and took it out as far as Wellington, Ont., where they left it in a field. They were brought back for desertion by the military authorities, and taken into custody by the police on the theft charge.

ASSOCIATED GOLD FIELDS
A party of thirty shareholders, including the directors of Associated Goldfields Mining Co., Ltd., left last night by private car for the west, to attend developments of the company's properties at Larder Lake. They were returned from this property that day by an exceptionally early train. They were accompanied by the three properties now being developed by the above company.

THE DEAD LINE
The movie star and her new husband were having their first quarrel. "I would have you to understand, sir," she said, "that you are only my husband."

"LIFTED" SILK GLOVES.
Mrs. Frances Martin was arrested by Detective Galt at her home at 100 St. George street, charged with shoplifting six pairs of silk gloves from the Eaton store.

GOES TO MONTREAL
Special to The Toronto World. Belleville, Aug. 11.—John Lally of this city, who has been an excise officer on the inland revenue staff since 1895, has been promoted, and left today for Montreal to become second officer in charge of a large distilling plant. The Knight of Columbus lodge of which he is a member has been granted a grant for two years, presented him with a handsome club bag.

POLES TO LEAVE MINSK TO ATTACK BOLSHEVIKI
Basle, Aug. 11.—A Polish army has left Minsk for the west, on its way against the Bolsheviki, according to a wireless despatch from Warsaw. The troops are said to be well trained and to be supported strongly by artillery.

HOLD ONLY 50 MILES OF BLACK SEA COAST
London, Aug. 11.—Only about fifty miles of the Black Sea coast remains in the hands of the Bolsheviki, the volunteer army having advanced south and west of Kharkov and occupied Ochockov, 41 miles east northeast of Odessa, according to a war office official statement tonight.

EVOLVED SOLUTION OF FIUME DIFFICULTIES
Rome, Aug. 11.—The allied commission appointed by the supreme council to investigate recent disorders at Fiume, has concluded its work and has legislation passed at the difficulties there, The Corriere Della Serra says today.

Two Former Citizens of Galt Lose Life in Drowning Accidents
Galt, Ont., Aug. 11.—Relatives here have received news of two drowning accidents in which former citizens lost their lives. Hugh Martin, son of Mrs. A. Martin, Oak street, prospect, met his death at Maple Bay, B.C., while Dan Egoff, son-in-law of Mr. and Mrs. H. B. Murray, 98 Rose street, lost his life in the Charles river at Boston. The latter was a married man and besides his widow is survived by two small children.

WHOLESALE FRUITS
AND VEGETABLES

A large consignment of Canadian cantaloupes flooded the market yesterday. They first started to sell at a fairly good price, but then began to gradually weaken, until the final selling price was nearly half of what it started at. These cantaloupes brought from 50c to \$1 for large baskets, nearly all, over the market.

Chas. S. Simpson had California peaches from \$1.85 to \$2 per case; oranges at \$3.50 to \$7 per case; lemons from \$6 to \$8; cantaloupes, \$2.75 for 12; onions, \$6.50 per bag, and California plums, from \$3 to \$4 per basket.

Dawson-Elliott had thimbleberries at 25c per box; apples at 50c a basket; plums at \$1.10 a basket; peaches at \$1.25 a basket; oranges at \$6.50 a case; lemons at \$7 a case; cantaloupes from 50c to \$1 per basket; tomatoes at 50c a sack, and corn at 25c a dozen.

Sirnach & Sons had thimbleberries at 25c a box; blueberries at \$2.50 a basket; California peaches from \$1.75 to \$2; oranges at \$3 a case; lemons at \$1.75 to \$2 a case; California grapes at \$3; lemons at \$1.75 a case; cantaloupes at \$2 a case, and from 50c to \$1 per basket; tomatoes from 50c to 75c per basket.

White & Co. were selling thimbleberries from 25c to 50c a box; blueberries from \$1.50 to \$2.75 a basket; Canadian apples at 50c and 75c a basket; plums, large baskets, from \$1 to \$1.25 per basket; small baskets, 40c to 60c; peaches at 50c to \$1; peaches, large baskets, 75c to \$1; small baskets, 40c to 50c; California peaches at \$2.50 a case; lemons at \$6.50 a case; cantaloupes at \$1.75 to \$2; potatoes, No. 1's at \$1.25 a sack; No. 2's at \$1.00 a sack; No. 3's at \$0.75 a sack; golden bantam corn, 25c to 35c per bushel; white corn, 15c to 25c, and celery 50c a basket.

Joseph Bamford & Son had thimbleberries at 25c a box; blueberries from \$2 to \$2.50 per 11-quart basket; apples from 50c to 75c per basket; oranges at \$6.50 a case; lemons at \$7 a case; cantaloupes at \$2 a case; and corn from 20c to 25c per dozen.

Maner-Webb had blueberries at \$2.75 a basket; California peaches at \$1.75 a case; California pears at \$5 a case; oranges at \$7, and lemons at \$7; cantaloupes from 75c to \$1 per 11-quart basket; tomatoes from 50c to 75c a basket; No. 1 potatoes at \$1.75; No. 2's at \$1.50; No. 3's at \$1.25; corn, 25c per doz. Peters-Duncan had blueberries from \$1.50 to \$2.25 per 11-quart basket; apples, 50c a basket; California peaches at \$2 per case; oranges, 60c to \$6.50 per case; lemons, \$6.50 a case; cantaloupes, 11-quart basket, 50c to 75c; quarts, 50c to 75c; tomatoes from 50c to 75c per basket; No. 1 potatoes, \$5.50; No. 2's, \$5.50; No. 3's, \$5.50; onions, from \$6.50 to \$7 per sack.

W. J. McCarr had blueberries from \$1.50 to \$2 per basket; California peaches from \$1.75 to \$2; pears at \$5 a case; grapes, California seedling, \$3 to \$3.50 per case; oranges at \$6.50 to \$7; lemons at \$7.50 a case; onions at \$7.50 a sack; California plums from \$3 to \$3.50; celery at 50c to 55c.

Union Fruit Co. had thimbleberries from 20c to 25c a box; blueberries at \$2 to \$2.50 per 11-quart basket; tomatoes from 50c to 75c a basket; No. 1 potatoes at \$1.75 per bushel; No. 2's at \$1.50; No. 3's at \$1.25; corn at \$1.75 a sack; onions at \$7.50 a sack; oranges at \$6 per box; lemons at \$7 a case.

H. J. Ash had blueberries, 11-quart baskets at \$2.50; California peaches from \$1.75 to \$2 per case; California pears from \$4 to \$5 per case; lemons at \$7 a case; No. 1 potatoes at \$1.75; No. 2's at \$1.50; No. 3's at \$1.25; corn at \$1.75 a sack; celery at 50c to 60c.

Ontario Produce Co. had a car of potatoes, graded \$6.50 to \$7 per bushel; No. 1's at \$8.50; oranges at \$6 per case.

Longo Fruit Co. had California peaches at \$1.75 a case; Cal. plums at from \$2 to \$2.50 per case; lemons at \$6.50 per case; cantaloupes, 18-quart baskets, at \$2.50 per case; blueberries at \$2 to \$2.50 per 11-quart basket; black currants at 25c per large quart basket; for the smaller cherries, at 17 1/2c a basket; apples at from 50c to 85c per basket; plums at 75c to \$1; pears at 50c a basket; peaches at 90c to \$1.25 a basket; Cal. peaches at \$1.75 to \$2 a box; cantaloupes, \$2 to \$2.50 per 11-quart basket; tomatoes at \$1.75 to \$2 a case; lemons at \$6.50 to \$7 a case; cantaloupes, 18-quart baskets, at \$1.25; tomatoes at from 75c to 85c a basket; No. 1 potatoes at \$1.75 per bushel; No. 2's at \$1.50; No. 3's at \$1.25; corn at \$1.75 a sack; onions at \$7.50 a sack.

WHOLESALE FRUITS.
California Fruits.
Red Fox oranges at \$6.50 to \$7 per case; sun-kist oranges at \$6.50 to \$7.50 per case.

Choice veal calves, 24c to 27c per lb.; medium, 20c to 22c per lb.
Poultry.
Spring chickens, 75c to 12c, live weight.

STRIKES IN NEW CAMPS
BENEFIT OTHER DISTRICTS

Porcupine Mines Adding Hundreds of Efficient Workers to Underground and Mill Staffs—Review of Situation in the Different Camps.

Cobalt, Aug. 11.—Altho nearly three thousand miners are on strike in the north country it must not be thought that half the production, development and exploration work has stopped. This year has been more successful than any other in the history of the north than even in those glad and energetic years before the war, and far more than was possible during the years of strike. Only two camps are idle, Cobalt and Kirkland Lake, and while the situation is here serious enough, production is merely delayed and not lost. It is possible to be declared quickly, production might be so stimulated as to overcome the setback before the year closes.

The strike has been distinctly beneficial to other fields. Skilled miners who ordinarily could not be persuaded to go out in the bush and away from the comforts of home are now being secured for small development projects. Porcupine is decidedly the gainer from Cobalt's trouble. The strike has been a fine stimulus of the workers to their underground and mill staffs.

Signs are not lacking that both sides of the dispute would be very glad to have the strikes over. Strong interests are working toward that end. A review of the whole mining situation in the north gives many reasons for the assertion that this is a good year, and the good news will be given a mighty, forward push when labor troubles are settled, and agitators lose their grip on the men. The Cobalt strike has been on since July 23, and the Kirkland Lake strike since June 13. In Porcupine, the miners came to an agreement with the managers on July 15. In the gold feature agitators have been working among the men, stirring up dissatisfaction. The three groups of workers, English-speaking, French and Italian, are not exactly in harmony, and trouble makers would have to bring them together before they could accomplish anything. A good feature of the situation in Porcupine also is the presence of large numbers of returned soldiers. These men have been trained and with an appreciation of their sacrifices made when they gave up their work to go overseas, that might well be emulated in other industrial communities to the great benefit of everyone. They are a steady influence, and when they are treated along lines commensurate with what they gave up there is nothing as "vague unrest" among them.

In Porcupine, approximately 3700 tons of ore is being treated daily; the Hollinger handles 1000 tons, the Dome 700, the McIntyre 600, and the Davidson 400 tons a day. The bulk of this tonnage is nine and ten foot feature ore, which is being worked by working mines are Porcupine Crown, Imperial, Clifton, Dome Lake, Inspiration, Gold Reef, Atlas and Keora. In addition there are several small operations on the outskirts of the producing district.

At the Hollinger, Hollinger is now putting in the machinery to go with an installation of 40 more stamps, bringing the milling equipment up to 200 stamps, a full 1000-foot level, and the total capacity of 3500 tons a day. Another very important addition to the plant is a 100-hp compressor costing, with accessories, about \$75,000. This is the only one in the country. When it is in, Hollinger will be able to keep the enormous number of 250 drills going. Only the present 100 drills are in operation, of rock this battery of drills can assist in tearing out. Underground work will be able to keep well ahead of the mill. The Lake Shore mine is only a matter of acquiring a staff of efficient men. Hollinger is gradually weeding out the poor men, and providing the art able to get up full strength in a personnel that is undisturbed by agitating elements, the full milling capacity should be reached by the end of the year.

The forty million dollar of reserve ore in the Hollinger warrants contemplation of even larger milling equipment than that now on hand, such a striking picture at the mine. The lower levels are practically untouched by stopers. Nearly all the ore milled is from below 1000 feet, and is free from drifts and other development work. Great things can be expected from Hollinger before another year has passed.

McIntyre's Operations. McIntyre, after a year's straight development and exploration on the joint 1000-foot level, the original McIntyre Mine, McIntyre Extension, Jupiter and Peniarth, is now opening up deeper levels. This is being done by the use of power locomotives and other machinery on a huge scale, and made the main tramming level down to and below 1500 feet to 1000 feet will be hauled on the lower level. At 1375 feet another tramming system will be established in time.

McIntyre, the deepest mine in Porcupine, has certainly proved itself to be a mine of great potentialities. Diamond drilling down to and below 1500 feet has shown the existence of ore bodies of a size and value equal, speaking most conservatively, to those of the 1000-foot level. In point of fact, there has been a steady increase in both grade and extent of ore below the 700-foot level.

The present 1000-foot level works most efficiently and right up to its last ton. A new host is being installed, which, along with other equipment, will allow operation to be greatly increased, and permit an extension of milling machinery.

Dome's Outlook. The only slight snag in the way of increased mill output at the Dome is lack of labor. The mill now treats 700 tons a day. Its capacity is 1500 tons a day, and it is expected to output. The company has the money, and it has the equipment to bring production up to top figures. The ore now running there is between \$9 and \$10 a ton in value. The treatment of higher value ore than the general run of the mine is, of course, to pile up a strong financial case. Doubtless the staff is added to, and tonnage is increased, it can be presumed that more

3 DAYS TO BUY ANZAC AT 12 CENTS A SHARE

turned up or improved. The Wasipika, Westree, Atlas and Herrick, are among the important properties being brought into production. The development of these properties, including the Castle, is very promising. There has been no labor trouble in the camp, or even a hint of it, so work can be pushed without allowance for possible interruption. Diamond drilling is being extensively done, and with the result that the camp is becoming steadily more important as depth and permanence in Gowanda.

In Gowanda the Miller Lake-O'Brien is the only big producer. The Reeves-Dobie started up its mill two weeks ago and is producing 100 tons of ore daily. Including the Castle, is very promising. There is now more genuine development proceeding in this camp than for five years. The Castle is developing a series of five veins at the 400-foot level. Some high grade has been found in the 200-foot level, has a wide vein which carries silver. Crew-McFarlane is also working. Prospectors are quite active in the Calcutte Creek district, but nothing starting in the way of new veins has been discovered yet. In South Lorraine the Wettliar mill is being opened up by the Pittsburg-Lorraine Company, and the Keeley is extracting some high-grade.

The air having been cut off at Cobalt the pumps are not working and most of the mines are flooding. It would now take a fortnight to pump out the majority of them. A production of \$750,000 has been delayed, and the silver miners have lost more than \$100,000 in wages, because of the strike.

BOOM FOR PORCUPINE
Hamilton B. Willis received the following from Timmins over his private wire yesterday.
"Not for a number of years has the outlook been so promising for the development of a number of new veins in Porcupine as at the present time. It is estimated that there is now under contract about 25,000 feet of diamond drilling on various properties throughout the camp."

Besides diamond drilling on the Inspiration and the Gold Reef there is a big contract under way on the Northwoods Mining Co. property, south of the town of Timmins, and the property of the Development Co. of Porcupine, adjoining, both properties being drilled with the object of cutting the extension of the Hollinger vein systems to the southwest. The Lonsay-Vet property in Hoyle Township, five miles north of Porcupine, is also to be drilled as well as properties in Robb Township. Fifteen miles west of here, the diamond drilling now in progress and contracted for in this camp will cover an area over twenty-five miles long and is an indication of the immense possibilities of Porcupine gold area becoming the greatest gold field in the United States, as reported by R. G. Dun.

HAVRE STRIKE ENDED.
Havre, Aug. 11.—A settlement has been reached between the union commission sent here and the striking dockmen and their employers, and the strike which has been in progress for some time has ended.

MONTREAL PRODUCE.

Montreal, Aug. 11.—There was little doing in the local grain market today, but the cash market closed exceedingly strong and at the close of the market local grain prices were advanced from one cent to 1-2 cents, according to the grade. No. 1 Canadian western oats were quoted at 1-2 cents higher at 103 1-2 cent ex-store, 3 C W 1-2 cent higher at 101, extra No. 1 feed one cent higher at 101 cent. There is a good demand for all grades of flour, but, owing to these restrictions mentioned, there is little business pressing, and there is no supply to fill the demand. Mill feed prices are strong, without change from the week-end. There is a smaller demand for rolled oats, but prices are holding steady at the recent decline.

With the receipts of eggs still small and the demand here large, there is a firm tone to the market.

NEW YORK CURB STOCKS ARE IN ACTIVE DEMAND

New York, Aug. 11.—There was a vigorous demand for many of the leading issues today due to the fact that last week's decline had greatly strengthened the technical condition of the market, which appears to be oversold.

Simpson's—Advance Showing of Men's Fall Suits, Today

MEN who prize distinction in dress will like these new suits. Cut in the latest and most exclusive fall designs. They combine all the newest features of which the somewhat longer coat and smartly flaring skirt are the most dominant. The fabrics are beautiful and there are new ideas in pockets, lapels and sleeves. An inspection of these suits will convince you of their superiority in all the qualities desired by particular men.

At \$38.50

Particularly dressy are these navy blue and black worsteds for men and young men. They are carefully tailored in the single-breasted, 3 button, soft roll, semi-fitted and conservative sacque models with wool body linings. Sizes 36 to 44.

At \$35.00

Business suits for men which will make a lasting appeal—a rich novelty brown and blue tweed mixture—single-breasted, 3 button, semi-fitted sacque model, with wool body linings. They come in sizes 36 to 44.

At \$28.50

An exceptional opportunity for men whose figures are assuming a rotundity verging on stoutness. These suits are prepared in the larger sizes, 37 to 46, from dark brown finished tweed with a neat darker brown stripe effect. The body of the coat is lined with wool and it is finished in the single-breasted, 2 button, long soft roll, semi-fitted sacque model.

Two-Purpose Tweed Raincoats \$18.50

A smart coat which can be used as a waterproof or light top coat—the seams are back sewn and cemented, and will withstand any downpour. Made up from brown and grey mixture effects in trencher and slip-on models. Sizes 34 to 44. Today, \$18.50.

Simpson's—Main Floor.
