Fannie B. Halston, 628 Lexington-avenue, New York, N.Y., sister of the famous Kentucky Beauty, Helen Halston, who also used these beautifiers, says: "When I began using Mrs. Halston's complexion beautifiers, I did not think it possible to

clear my skin, my face was in a horrible condition, literally covered with red spots, pimples, blackheads, moth patches and freckles. And whenever the weather changed, eczema, chaps and skin rashes appeared to my misery. I suffered a thousand deaths, and when I sent for a trial of Mrs. Halston's beautifiers, just as I had done before time and again with other advertised remedies, I did not expect any results. Imagine my surprise when the next day all redness and soreness were gone. At the end of a week my skin began to clear, the freckles and moth patches disappeared, and the skin improved so wonderfully that my friends did not recognize me, so quickly had the change taken place. My skin is now perfectly lovely, and is not a blemish or wrinkle anywhere.

ROSE HENDERSON'S DEATH

At 237 Victoria-Street Will Be the Cause of a Coroner's Inquest on Monday.

SHE WAS TAKEN SUDDENLY ILL.

When the Doctor Arrived the Young Woman Was Found Dead in Her Room.

Rose Henderson, a young woman, who up till a few days ago was a chambermaid employed at the Boston House, died early yesterday morning at Mrs. Wylie's maternal home, 227 Victoria-street, under such circumstances as to warrant Coroner W. A. Young conducting an investigation into the cause of death. The young woman left her place of employment last Wednesday night with the professed object of going to the residence of a former employer on College-street, but instead of doing so she went direct to Mrs. Wylie's home. On her arrival at the place she was accompanied by a man, who made arrangements for her to stay there. She remained at the place all day Thursday and early yesterday morning she was suddenly taken ill.

Dr. Johnston of Elm-street was called in and he treated her as he deemed best and left. Between 6 and 7 o'clock he again called to see her, but she was dead. When the physician reached the place the young woman was found dead in a kneeling position at the side of the bed in her room.

The coroner ordered the removal of the body to Harry Ellis' undertaking establishment, College-street, and this was done. Dr. Frimrose performed a post-mortem examination yesterday afternoon, but was unable, even by the autopsy, to satisfy himself as to the real cause of death, although there was evidence that the woman had been suffering from Bright's disease. He communicated with Coroner Young, and the legal investigation was commenced.

POLICE THINK HE IS CROOKED.

Michael H. Fields is Alleged to Have Inserted Advertisements With Fraudulent Intent.

One who gives the name of Michael H. Fields, and says his home is in Rochester, is under arrest at the Court-street Station on a charge of attempting to rob. The arrest was made yesterday by Detective Black, after that officer and made enquiries about an advertisement which appeared in an evening paper offering a situation on payment of \$500 security. From letters found in his possession, Fields apparently received many replies to the advertisement, but the police have thus far failed to locate anyone who paid any money to him.

The authorities here have every reason to believe that he is wanted in Rochester, where he conducted an employment agency at 42 South-avenue, to answer a charge of obtaining money under false pretences from a man named Ira L. Ward with whom Fields lived at Buffalo, and conducted a private detective agency.

In addition to communicating with the Club last night Dr. Watson presided, and written to the authorities of Buffalo and Toledo in regard to getting some information about the man.

The advertisement, which the police say was inserted with fraudulent intent, was as follows:

Young widow or single lady with \$300 to take interest in pleasant business in the States, and to take full charge of female department, will pay me easily \$25 per week the year round, no experience required; write to me at once.

Another advertisement, which the police claim was printed at the instance of the Club last night, was as follows:

Wanted—Refined, stylish lady to go to the States to take interest in office business; references required.

CITY ATHLETIC CLUB.

That is the Name of the Organization That Promises to Succeed the Athenaeum.

The City Athletic Club of Toronto, Limited, is the name chosen by the members of the Athenaeum who are promoting a new club. At a meeting in the Athenaeum Club last night Dr. Watson presided, and there was an attendance of at least a hundred.

It was at once decided that a new club should be formed, and the committee that has been working to that end showed that they had been very successful in securing members.

An offer from the Athenaeum Club directed to the proposed new club, which was nominally the same as that offered to the almost forgotten Century Club, was jumped at and readily accepted at once. Application for incorporation will be made and the new club will be organized, who were present, were instructed to take the success of the club.

The capital stock of the new club will be \$40,000, in shares of \$25 each, 25 per cent to be paid on call and the balance annually at a rate of not more than 25 per cent. An encouraging amount of stock was subscribed for after the meeting, and there is already a sufficient list of new members at an annual fee of \$10 to ensure the success of the club.

The Provisional Board of Directors was appointed, as follows: A. T. Johnston, Louis Richardson, Theo. Lynn, Charles Boyd, J. McDonald, W. Manson and A. M. Snodgrass.

ALLEGED BURGLARS IN COURT.

James Hartnett and Fred Allen Charged With the Robbery at Charles Craig's.

The recovery on Thursday night of the alarm clock stolen from Charles Craig's store, 514 West Front-street, led to the arrest yesterday morning of James Hartnett and Fred Allen, and they are now charged with this burglary. Hartnett was found in bed at his home on Brown's Lane, at 423, and Allen was located at his home, near the foot of Bathurst-street, at 3 o'clock. Both men belong to the city and have no records here. The police have a good idea of the identity of the third man, and are working hard to get him. Police Court yesterday the prisoners were arraigned and remanded for a week. A quantity of tobacco, supposed to be part of the booty secured at Craig's store, was offered for sale at a West-Queens-street tobacconist on Thursday night by three men, two of whom, the police say, are Hartnett and Allen, now under arrest. Another burglary occurred on Thursday night at Somers Bros' grocery store, 251 West Front-street, opposite the Arlington Hotel. The thieves got in by a rear window and carried off a quantity of cigars, \$5 worth of choice confectionery, cash register and some money. The store was found yesterday morning. The store in the yard surrounding John-street school. Mr. Charles E. Somers, owner of the store and retired on Thursday night at 12 o'clock. He heard nothing during the night, and when he came down early morning the door and window were wide open and the things in the store strewn about. About 2:30 Mrs. Frank, who keeps a cigar and newspaper store next door, heard some noise, but thought it was some boys' mischief, and did not go out. About six weeks ago Mrs. Frank's store was broken into and over \$100 worth of tobacco and cigars taken.

M'MASTER CONVOCATION.

Chancellor Wallace Made Announcements for the Coming Year—Architect Shaping New Chapel.

The autumn convocation of McMaster University last evening was largely attended. Rev. P. O. Parker and Rev. Dr. Thomas conducted the opening devotional exercises. Chancellor Wallace, in making his announcements for the coming year, referred in feeling terms to the death last spring of Prof. Theodore Rand at Fredericton, N.B., together with Prof. Goodspeed, who had gone to receive the honorary degree of D.L. To temporarily take his place the services of Prof. William Clarke and Prof. Frederic Tracy have been secured, while the vacancy created by the departure of Prof. A. B. Willmott has been filled by the appointment of Prof. William B. Connelley, an old McMaster boy, from Harvard University. Of many things urgently needed by the university a campus has now been secured, and it is confidently expected that the convocation of next fall will be held in their own chapel, plans for which are now in the architect's hands. Further in addition to the library accommodation is also to be made. Prof. Colson, who was warmly received, spoke a few words, expressing gratification at his being once more with McMaster University.

The opening address of the term on "Popular Religion," was delivered by Mr. Walter S. W. McAlly, M.A.

NEWS OF EAST END.

The Ontario Championship Bicycle meet at the Rosedale grounds this afternoon will attract many East End riders. The meet, which was partly arranged for by the Royal Canadian Bicycle Club, deserves strong support from residents east of the Don, as the 200 members of the club are nearly all young men who live in this section of the city, and are doing much to improve the city and the health of its people. Sixteen riders representing the bustling C.B.C.C. have entered in the events, among whom are: G. L. Moore, G. C. Abbott, B. F. McLean, J. Turner, B. E. Hill, H. H. Donnelly, J. Johnson and J. McMillenn. There the country of Lieut. Denham and officers the C.B.C.C. Band will render a program of up-to-date music.

A. Clarke & Co., the East End leather and glove manufacturers, are erecting a new factory on the waterfront, at the foot of Caroline-avenue. The building will be a solid brick, and will be three stories high. A number of extra hands will be employed when the building has been completed.

When the new dwelling at the corner of Park and Wilmot-avenue is completed, the house of Mr. William Harris, the East End will then be noted for having one of the most residences in the city. The building will cost \$25,000.

Court Star of the East, No. 2385, A.O.F., will hold their regular meeting on Monday night, in Duggan's Hall.

Services will be held as usual in Pontion's hall, on Monday morning, at 10 o'clock. The ceremony of breaking the bread will be performed, at 3 p.m. there will be a social and Bible class, and in the evening there will be gospel preaching.

The prayer meeting held in the gospel hall at the corner of Queen-street and Boland-avenue last night was largely attended. These services are always bright and entertaining.

The Public Library branch on Boland-avenue will be closed on Thanksgiving Day.

Rev. Father McInnes of St. John Church has returned from Europe, where he underwent treatment at the baths. He returns feeling much improved.

Members of the Salvation Army of the Broadway-avenue branch have made all arrangements for the part they will take at the meeting to-morrow afternoon in the Pavilion, when their Commissioner, the Rev. J. H. Booth, will deliver an address on "The Broken Link." They will also take part in the eighteenth anniversary services of the Army, to be held from Saturday, Oct. 27, to Sunday, Oct. 28.

The residents of the sand bar are getting impatient with the delay in the presentation of the petition which will be presented to the Council, requesting that Mr. Len Marsh be appointed constable for that locality, with power to make arrests. Mr. Marsh for many years has lived on the sand bar, and has paid many of the summer homes on the sand bar were robbed, and those who live there have been in fear of having their houses broken into.

The regular monthly meeting of the Irish Protestant B. S. Protestant Benevolent Society held last night was well attended. A representative committee was appointed to arrange to hold a reception to be tendered to the returning Canadian soldiers from the Boer War. The benevolent of the late Joseph Ketchum, amounting to \$800, was received and acknowledged. The chair of the Finance Committee reported that \$201 had been expended for charitable purposes during the past five months. After the business had been transacted, Rev. Frank G. Foster delivered an interesting address on "Some Recollections of M.P. and Thomas Crawford, M.L.A., were present and delivered brief addresses.

Turkeys May Not Be Ripe.

There is some anxiety in many houses in Toronto because Thanksgiving Day comes so early this year that the turkeys would be ripe.

Turkeys have got into a groove, because until a year ago they were not supposed to get ripe enough for Thanksgiving Day until after the first of November.

Thanksgiving Day would not be Thanksgiving Day in many families without the historical turkey, a prime bird which tastes all the more when washed down with Shamrock Ale.

Shamrock Ale will be in many houses a companion of the turkey. It is the very best ale and is bottled by C. Taylor, 205 Parliament-street.

Order any wine or liquor you want for Thanksgiving Day from Taylor. Telephone 411.

CURES HUSBAND AND WIFE

Powley's Liquefied Ozone, an antiseptic Preparation of liquid oxygen, which kills the germs, should be in every home in Canada.

THE NEW SYSTEM OF TREATMENT.

Mr. Banks Cured by Ozone of a Fearful Case of Eczema in the Leg.

For twenty years I was terribly troubled with eczema in my left leg. My leg was swollen three times its natural size, and, apparently, mortification had set in. The skin had broken out in places, and matter was oozing from the ulcers. The leg was black and rawish red in parts right up to my hip, and the itching was frightful. My wife had been most benefited by Ozone, so I decided to give it a trial. It was not long before I noticed an improvement in my blood. The humors began to disappear, and soon my leg had resumed its natural healthy tone. I believe that Ozone has saved my life, and I give this testimonial for the benefit of others.

Ozone also cured me of bad kidney disorder and a most painful eye trouble.

(Signed) J. B. Banks,

787 Queen street west, Toronto.

Mrs. Banks Had Three Hemorrhages of the Lungs. Ozone Gave Her a Permanent Cure.

I was afflicted with bronchial and lung trouble for three years. The disease became firmly seated in my system, and I began to despair of ever being well. I had the best medical advice in the city, and spent a lot of money in medicine. I became a complete wreck, physically, at the end of three years, and at night I had to be propped up in bed with pillows, so that I could breathe. I had three hemorrhages of the lungs. My system was entirely run down, and I suffered exceedingly from female troubles. A friend of mine living in Muskoka told me to try Ozone, the new system of treatment, as she had been greatly benefited by it. I purchased one bottle, but did not get much relief. At the end of the second bottle I felt much improved, and when I had taken nine bottles I had quite recovered.

My husband did not know that I had taken Ozone, and thought that I had stopped doctoring altogether. He said to me: "Didn't I tell you that you would get well when you stopped taking medicine?" When I told him about Ozone he was surprised, and thought that it would do his eczema good.

We are both very thankful for Powley's Liquefied Ozone and consider it the best household remedy to be obtained. I have never yet been troubled with a return of my old complaint, and feel wonderfully well.

(Signed) (Mrs.) Irene J. Banks, 787 Queen street west, Toronto.

There is no other thing a household needs more than Powley's Liquefied Ozone, the new system of treating disease. There are a thousand and one ailments which spring up, of more or less severity, which can be promptly relieved or ultimately cured by such a preparation. A family may have a good physician near at hand, in whom they have great confidence, yet a household remedy cannot be spared. Now, Powley's Liquefied Ozone, the new and only proper way to treat disease, is antiseptic. It kills the germs which cause disease. Remove the cause and you effect a cure. Be the disorder ever so trifling, on the one hand, or of the most frightful deadliness, on the other, Powley's Liquefied Ozone will be of benefit. Testimonials published for this preparation can be verified. You can assure yourself of the value of Powley's Liquefied Ozone before you take one single drop. Mr. J. B. Banks has conducted a successful fancy goods and picture framing business at 787 Queen street west, Toronto, for 20 years. He can be consulted in regard to this testimonial at any time.

Powley's Liquefied Ozone is \$1.00 a bottle, large size—small size, 50 cents—at druggists', or from the laboratories of the Ozone Company, Toronto, Limited, 48 Colborne street, Toronto.

THE POLICE THE NEW ROLE

Employees Threatened With Arrest for Fast Driving When Mails Are a Little Late.

MR. PATTERSON WANTS A BYLAW

Which Will Give Her Majesty's Mail Automobile Service the Right to Go Faster.

The public will be surprised to know that the Toronto postoffice considers itself badly used by the police. The following letter from Postmaster-General Patterson to the Mayor tells the story:

Sir,—A few days ago a lad driving one of the red mail wagons on his round from the branch office to the General Postoffice, about the hour of noon, was threatened with arrest by a policeman at the intersection of Adelaide and Yonge-streets for fast driving. The policeman subsequently called on me to make complaint in the matter, but I suspected some exaggeration, knowing the driver of the horse in question.

I wrote to the chief constable deprecating such a display of zeal on the part of his officer and calling his attention to the necessity of extra speed on the part of these drivers, who may be delayed by accidental causes widely beyond their own control, and yet be obliged to be here to the minute to catch outgoing mails, and the necessity of connection being of paramount importance to the public. I also pointed out that in the case of fire reels driven through the streets the fact that "necessity has no law" was recognized. I added, however, that if the matter was to be decided by the Police Magistrate, and I have heard nothing since, I am sure that the driver of a mail wagon was not to be faulted for driving fast.

Some time ago the driver of a mail wagon was fined \$1 and costs for driving faster than a walk over the Victoria-street bridge when he was behind time. Police men also have denied mail wagons the right to cross the bridge at a trot, and have insisted that they must be driven at a walk. The chief constable, at the request of the Postmaster-General, has decided that the matter will be decided by the Police Magistrate, and I have heard nothing since, I am sure that the driver of a mail wagon was not to be faulted for driving fast.

It is in my opinion, for the protection both of the public and of the mail service, that the up-to-date bylaw is emphatically called for.

THE FREE LIBRARY BILL

The ratifiers will be interested in the statement of claims filed by the Public Library Board against the city. It is as follows:

(1) The plaintiffs are a body, politic and corporate, duly constituted under the provisions of chapter 222 of the Revised Statutes of Ontario, and the defendants are the Corporation of the City of Toronto, a body, politic and corporate, duly constituted under the provisions of chapter 222 of the Revised Statutes of Ontario.

(2) Pursuant to the provisions of the said statute, and on or before the first day of April, 1900, the Board of Management of the plaintiffs submitted to the defendants a detailed estimate of the several sums required to pay during the ensuing financial year: (a) The interest on any money borrowed; (b) The amount of any sinking fund; (c) The expense in detail of maintaining and managing the library and reading rooms under their control, and of making any purchases required therefor.

(3) The sum required as above amounted to thirty-three thousand two hundred and thirty-three dollars (\$33,233), being the sum of two thousand and eighty-nine dollars (\$2,089) over and above the levied and assessed twenty-nine thousand and forty-four dollars (\$29,144).

(4) The plaintiffs protested against and objected to the said reduction of the sum to time, but the defendants refused and still refuse to furnish the plaintiffs with any greater sum than twenty-nine thousand and forty-four dollars (\$29,144).

(5) The plaintiffs claim that the defendants are entitled to have levied and assessed for the year 1900 a special rate sufficient to furnish \$33,233, being the amount estimated by them to be required for the expenses for carrying into effect the amended estimate of chapter 222 of the Revised Statutes of Ontario.

(6) And to have the amount of \$33,233 paid to them by the defendants.

(7) Or for a money order directing the defendants to levy and assess the said rate for the year 1900, and pay the proceeds thereof to the plaintiffs.

(8) Such further or other relief as the nature of the case may require.

The plaintiffs propose that this action should be tried at Toronto.

MILES AND MINING STOCKS

Development at Grand Forks, Greenwood, Phoenix and Other Points in "Boundary."

ABOUT THE LAKE OF THE WOODS.

Bigger Plant for the Mikado-Golden Star Lower-Sales of Stocks Yesterday.

The mining stock market was about featureless yesterday. Golden Star sold down lower. Gray's Nest Coal brought 163 on the percentage basis of quotation.

In Boundary District, B. C. Grand Forks, B. C., Oct. 5.—The size and extent of the ore bodies opened up in the various mines of the Mikado-Golden Star syndicate at Phoenix, B. C., fairly stagger the imagination. Development work has been in progress for over five years. The announcement has been made that the ore will be quarried next spring from the surface of the Knox Hill. This will be a unique departure in copper-gold mining. Now tunnels and shafts and cross-cuts, representing over two miles in distance—over 11,000 feet—pieces and penetrate the mountainside.

The ore is a sulphide and contains substantial values in gold and silver. The mines, all of which adjoin, are the Knox Hill, Old Ironsides, Victoria, and Grey Eagle. Back is owned by a separate corporation. In June, 1899, they were located by Henry White, an adventurous prospector, and across almost inaccessible peaks of the Knox Hill, the tracks of the syndicate were laid. The waterhead is between the Kettle River and Boundary Creek. Since then a great transformation has taken place. The town of Phoenix, with a population of five hundred, will soon be a city of five thousand. It lies in a valley, whose rim is fringed with huge ore dumps and shafts. BOER'S BOMBAST

P. Louter Wessels, Special Commissioner to the United States, Tells About Kruger's Plans.

EX-PRESIDENT HAS A COMMISSION, INTERESTED IN A CONTROVERSY

But just what it is the Envoys have not learned—there may be a huge rebellion.

(Grand Rapids, Mich., Oct. 12.—P. Louter Wessels, special commissioner of the South African Republic to the United States, yesterday received a letter from Secretary of State, Mr. W. H. Taft, containing the plans of ex-President Kruger that has been made public. The letter states that President Kruger will leave Delagoa Bay on the 15th inst. for the Netherlands, where he will be taken to Holland, where the Boers are waiting him.)

Right Arose the Dutchmen.

In regard to the information in British newspapers that English warships might be sent in pursuit, Mr. Wessels said that any such action by Great Britain would be accepted by the Netherlands as a direct declaration of war, and that the Boers would not accept it accordingly. Ex-President Kruger bears a commission from the Boer republic, but exactly what it is even the envoys of the Boer republic do not know. They suppose, however, that he will endeavor to secure intervention by one or all of the European powers to the end that the independence of the republic shall not be annihilated.

A Great Big Rebellion!

Mr. Wessels, in his interview, stated that the representations of large numbers of Boers immigrating to America were unfounded. He said: "You need not be surprised if there is a rebellion of the Boers in South Africa before the year is out. The only reason the Cape Colonists did not join in the rebellion was because they had no arms, and neither they nor we expected war and were surprised when it was announced."

\$10,000 FOR SENATORSHIP

Mr. H. H. Cook, ex-M.P., Gives Some Nice Information by Wire to a North Grey Man

INTERESTED IN A CONTROVERSY

Which Arose Over Dr. Horsey's Speech—Mr. Cook Says Price Was Too High—The Story.

Owen Sound, Oct. 12.—(Special.)—The campaign in North Grey is going along right merrily. The other night at a public meeting Dr. Horsey, Liberal candidate, referring to H. H. Cook's letter in Wednesday's World, said that Mr. Cook was a disgruntled Liberal, because he had not got a seat in the House of Commons. Dr. Horsey added that he had assisted Mr. Cook in his application for a seat in the House of Commons.

Mr. Tucker Asked If It Was True.

H. G. Tucker, barrister of Owen Sound, who has been following Dr. Horsey on the platform, on Thursday wired Mr. Cook, asking if Dr. Horsey's statement was true. Mr. Cook replied by the following telegram, that speaks for itself:

Toronto, Oct. 11, 1900.

My dear Dr. Horsey, I never asked Horsey to assist me in getting a seat in the House of Commons. I have no confidence in the man, and knowing he had no influence, I was an up-lifted man, but when offered one the price was too high.

H. H. Cook.

\$10,000 Was Asked.

This telegram was not definite enough for Mr. Tucker, and he yesterday telephoned Mr. Cook and asked: "At what price was the seat offered?"

Yesterday afternoon Mr. Tucker received the following telegram from Mr. Cook in answer to his telephone query:

Toronto, Oct. 12, 1900.

To H. G. Tucker, Esq., Owen Sound:

Price demanded for seat was \$10,000.

H. H. Cook.

It is currently reported that Mr. Cook has in his possession letters that reveal the fact that vacant seats in the Senate were used by the present Administration as a means of holding up Liberals whose years of service for the party entitled them to recognition.

True He Was an Applicant.

It is true that Mr. Cook was an applicant for a seat in the Senate. The story runs that one day after his application was made he received word from a prominent official at Ottawa to meet him at the Union Station. Mr. Cook took with him four friends, met him. The official produced a letter from the Governor of the Government, stating that if Mr. Cook handed over to the Government the sum of \$10,000, the Senate would give him a seat. The official also declared that another offer was being considered in which the applicant bid \$10,000. Mr. Cook turned the proposition with becoming dignity, and withdrew his application.

No Second Chance to Buy It.

In the following year, however, another vacancy occurred, and Mr. Cook again made application. The said official was written to Mr. Cook and told him that, as Mr. Cook had been given one opportunity to buy a seat in the Senate, and had refused, the door was closed to him. Mr. Cook has now in his possession.

The first letter was never in Mr. Cook's possession, and unfortunately the official is dead. Yet Mr. Cook and three of his friends are prepared to swear to the truth of the story.

It is considered just possible that the interesting correspondence that Mr. Cook has will be made public and used as campaign literature in North Grey.

DR. ARNOLD'S TALK TO PALE WOMEN.

Pale women are those who suffer from lack of blood. Doctors call it Anemia. They are weak, languid, listless, easily tired, short of breath, nervous and dejected. Their lips and skin are pale and bloodless—their faces an ashen hue. Young women are more subject to this condition of weakness than others. The causes are mostly from close confinement in shops, factories or offices—sometimes overwork, anxiety or fatigue. The right remedy for all these conditions is Dr. Arnold's English Tonic Pills for Pale People.

They are a natural tonic—perfectly harmless to the system, do not contain a single ingredient of a dangerous nature. They create new rich blood, increase the vitality, build up the body and act as a rampart against attacks of terms.

To keep strong and be able to resist disease, you should follow the advice given here by a sister who was once as pale, weak and nervous as you are:

A STORY FOR GIRLS.

How Miss Ida M. Horkirk of Toronto Overcame Her Difficulties.

The Dr. Arnold Chemical Co., Limited, Canada Life Building, 44 King-street west, Toronto.

Gentlemen:—The following details of my case may interest you, and as I think you should know them I send you this.

"In 1900 I took a position in a downtown store. My work was rather hard, but I did not mind it. I could have been able to perform under ordinary circumstances, but my health seemed to give way and I felt that my health was growing thinner and thinner, was distressed with a persistent headache, alternating with my spells. My tongue in the morning would be coated and sticky and I was very nervous and listless. I took to bed and took to bed in work or play. My sister, who had used Dr. Arnold's English Tonic Pills, advised me to try them, and I did so. I took them three times a day, after meals, and I can truly state that improvement began almost immediately. Day after day I grew better and stronger, and I feel better than I have for many years past. To Dr. Arnold's English Tonic Pills, and to them alone, the credit for this change is due."

(MISS) IDA M. HORKIRK.

Dr. Arnold's English Tonic Pills are sold by all druggists: large box 75c, small box 35c, or sent postpaid on receipt of price by The Arnold Chemical Co., Limited, Canada Life Building, 44 King-street west, Toronto.

Like several of the other parties which have returned, Mr. Speight's party found plenty of pulp timber, such as spruce and poplar, but no minerals. P. My Electric Belt has restored health and strength to thousands of weak and debilitated men and to pain-worn men and women. You also can be cured if you will grasp the opportunity I offer. PAY WHEN CURED

To those who have trusted and been betrayed by the seductive promises of quacks and charlatans; to those who have swallowed poisons of pills and liquid medicines without result, except a damaged stomach and increased pain and weakness, and to those who have worn so-called electric belts, which either burned or blistered the body or gave no electricity, I offer a positive cure by means of my Electric Belt. It gives a stronger current than any other, and is guaranteed not to burn or blister.

Dr. McLaughlin's Offer.

I am not giving Belts away. I am offering to cure first and be paid after you are cured. I have an Electric CURE and CURE and any honest person who will secure me can have my Belt, and pay me when cured. Can anything be fairer than that?

CAUTION—Beware of old-style, burning electrode Belts, which are using an imitation of my electric Belts. My office contains hundreds of these old belts, discarded as useless and dangerous by persons whose bodies have been seared and scorched by the bare metal electrodes. I will make special tests for you. A FREE TEST TO ALL WHO CALL. Send for descriptive book today.
