SOUTH AFRICA MUST SOLVE RACE PROBLEM

Balfour Declares Home Government Should Not Interfere —Colored Races Not on Equality,

LONDON, Aug. 16.—The house of commons to-night unanimously passed the second reading of the South African constitution bill.

In the course of the debate ex-Premier Balfour said that the house in dealing with the question of a constitution for the federation of South African colonies—the Transvaal, Cape Colony, the Orange River State, and Natal—was discussing one of the most important events in the history of the empire.

The bill, he declared, was a most wonderful issue from all the controversies, battles, bloodshed and difficulties to peace, and he believed the world could not show anything like it.

The race problem, Mr. Balfour said, was but a fractional part of the great question parliament was now deciding.

He strongly denied that it was intended to give the colored races equality with Europeans, declaring that so far as the government, society and the higher forms of civilization were concerned, it would be impossible to give equal rights to the colored races without threatening the whole fabric of civilization.

In the opinion of Mr. Balfour, the best hope for the solution of this great problem was to place absolute and implicit confidence in the representative institutions the South Africans are now creating, and for the home government not to meddle with it.

He added that he desired to do nothing that would hamper the government in carrying out a measure so essential to the future of South Africa.

HON. ARTHUR BALFOUR
The Ex-Premier of Britain, as seen in a recent snapshot.

STRIKERS BACK ON THE JOB

Day of Quiet at Fort William—Troops Have Gone Home.

FORT WILLIAM, Aug. 16.—Peace and quiet reigns in the foreign quarter to-day. The C. P. R. truckmen are now busily engaged at the work they quit a week ago, and in and about the freight sheds are scenes of great activity.

Mayor Pelletier stated this morning that the men suspected of being the ringleaders of the riot will likely be brought up to-morrow. He does not look for any more trouble, and is inclined to believe that the demands of the strikers will be favorably reviewed by the board of conciliation.

Five hundred and twenty men returned to work to-day, and no discrimination was shown. Every man who went out was given work if he applied.

Chief Constable Ball, who was seriously injured on Thursday, had one eye removed on Saturday. The other men hurt in the conflict are rapidly recovering.

The Winnipeg troops left to-night, and the C. P. R. is now relying, in case of need for protection, on its own men, who, however, are now armed with Winchesters. It is not now thought that there will be any further trouble, as the men are apparently glad to be at work again.

TOMATOES DOWN

Yesterday's Arrivals Cut Prices Almost 50 Per Cent.

Far from there being a short crop of tomatoes this year, as was feared by the fruit merchants last week, it now looks as if there would be a record yield.

On the Toronto Fruit Market yesterday the shipments came so heavy as to beat the price down almost 50 per cent. On the best quality the price was really cut in two, as compared with last Friday's tariff. The quality, too, showed a great improvement.

Three carloads were disposed of on the market at from 15 to 35 cents per basket. On Friday they brought 20 to 50 cents.

ATTEMPTS TO END STRIKE

Premier of Nova Scotia Goes to Glace Bay To-Day.

GLACE BAY, N.S., Aug. 16.—(Special.)—It is expected that the premier of Nova Scotia, Hon. Geo. H. Murray, will be here to-morrow to render his assistance towards a settlement of the coal strike.

He will likely suggest a course already agreed upon. This is what is expected, but reports from the inside are few and meagre. Meanwhile, a more optimistic sentiment prevails and the feeling of irritation has been modified and quiet indications point that negotiations for a settlement will be started in a few days.

TORRID DAY IN SOUTHWEST

In Oklahoma Thermometers Registered as High as 112 Degrees.

KANSAS CITY, Mo., Aug. 16.—Unusually intense heat, officially recorded by the government weather bureau as high as 110 degrees, caused at least three deaths, numerous prostrations and much damage to crops to-day in Missouri, Kansas and Oklahoma.

Thruout the southwest the day was the most trying since the devastating drought of 1901. As the withering winds swept across the plains, much vegetation fell. The day was the hottest Topeka has had for eight years, 102 degrees being officially recorded.

In Oklahoma the city government thermometer resigstered 103, while the thermometers in the street reached 112. It was the hottest day recorded there in 15 years. At Muskogee the government thermometer registered 110.

CRY IS FOR LABORERS WORK FOR TWO MONTHS

First Harvesters' Excursion Will Leave Toronto for West on Thursday.

"Notwithstanding the number of farm laborers who have already gone west we will require at least 15,000 more men to safely handle the crops in the provinces of Manitoba, Alberta and Saskatchewan this year," said James Hartney, agent of the Manitoba government, to The World last night.

"I have a telegram in my hand now," continued Mr. Hartney, "stating that the report of the number who went out from the maritime provinces was grossly exaggerated. Instead of 4000 the fact is that only a little over 1500 men arrived in Manitoba.

"Manitoba alone needs fully 13,000 extra laborers, and so far only half that number are in sight. I only hope that the erroneous statements which have been published about the excursions from the maritime provinces will not affect the number of men who go from Ontario. In fact Manitoba looks to Ontario now for help, and it is unfortunate that the harvest here is later than usual, and that in Manitoba a little earlier. I believe they will be able to cut the grain all night, but every available man will be needed for threshing. There will be plenty of work for two months for any number. At the present time the situation is quite serious. About 4000 will leave here on Thursday next."

"In addition," said Mr. Hartney in conclusion, "I have a large number of applications for female help, and can readily place a large number of young women in desirable homes."

POWERS MUST USE FORCE

Provisional Administration in Crete Shows Defiance.

CANEA, Island of Crete, Aug. 16.—The provisional administration committee to which the administration of the island was entrusted when the Cretan cabinet resigned Sunday, to-day took the oath of allegiance to the king and kingdom of Greece.

The action of the provisional administrative committee in Crete in swearing allegiance to Greece apparently indicates that it is not their intention to meet the demands of the protecting powers and haul down the Greek flag and that therefore the powers again will be forced to land troops to insure the autonomy of the island.

ANGLICAN FUNDS FOR WEST

$110,000 to Be Distributed in Western Canada.

LONDON, Aug. 16.—(C.A.P.)—The Pan Anglican thank offering of £22,000 goes to Canada to be allocated to the west and northwest, including £5000 each to the theological colleges at Vancouver and Saskatoon and £2000 to Winnipeg, which is regarded as a right step, as these provinces are best able to produce the clergy adapted to their need.

NORTHCLIFFE'S BUDGET FLOP

Newspaper Baron Has Felt Public Pulse, and Finds That Radicalism Is Popular.

NEW YORK, Aug. 16.—I. N. Ford, writing to The Tribune from London, thus discusses the present budget situation:

Lord Northcliffe, by virtue of his newspaper holdings, is credited with having a thoro knowledge of public opinion. He does not lack facilities for finding out what the public wants and for acting upon his information. Withing a week he has discovered that the Unionist protests against the budget are ineffective and the tirades of the dukes against the chancellor of the exchequer damaging to their own interests. He has been convinced that the land section is popular and that it will be highly inexpedient and even hazardous for the lords to throw it out or to attempt to amend it. Accordingly, he has brought out his artillery, heavy and light, to bear upon the house of lords. First came a pot-shot from a 12-inch gun—a paragraph in The Times declaring that the conditions have changed within a fortnight and that the budget cannot be defeated. This was followed by broadside fire from 6-inch artillery in The Daily Mail upon the opponents of a popular budget. Probably there will be heavy booming from the 9-inch battery of The Observer on Sunday, and afterwards the submarines and destroyers in Lord Northcliffe's minor flotilla will fire away at the demoralized crews of budget smashers. Having spent an active life and amassed a great fortune in the business of finding out what people are thinking about and what they want, Mr. Balfour's newspaper peer has unrivalled resources for warning the Unionist party against the disastrous consequences of unscientific warfare upon the budget.

Appeals to the Masses.

The point on which Lord Northcliffe, with his string of newspapers, is laying stress is the effective work of the Budget League. Free trade was an old story, about which there was no longer any talk over the workingman's dinner pail. Liberalism in this budget has produced a sheaf of new questions and popular audiences are taking intense interest in them.

There are various expedients for raising money at the expense of landholders, millionaires and the titled and well-to-do middle class, and financing all the social reforms introduced in Germany and a good many more which have not been undertaken either there or in the colonies. These may be bribes offered to the democracy, but there is something in them that appeals to the masses.

The Liberal budget meetings have proved unexpectedly successful. The best Radical and Labor speakers are obtaining large audiences night after night. Liberal finance is discussed with lucidity and practical intelligence as a method of promoting the security of the empire and improving the condition of the working people. The changes upon it are rung when the dinner pails are emptied and there is leisure for workingmen's talk. The budget, instead of missing fire, has struck the ground landlords, the country gentlemen and the wealthy merchants, bankers and manufacturers. If it has also hit the masses in their tobacco and alcohol, it is levelled mainly against the landlords and investors,

CHINESE SMUGGLERS ON CANADIAN ISLAND?

U. S. Immigration Officials Have Their Suspicions—Chinaman Hidden in an Auto.

WINDSOR, Aug. 16.—(Special.)—That "Fighting Island," a deserted summer resort in the Detroit River, about nine miles below Windsor, and in Canadian waters, is being used as a rendezvous for an organized band of Chinese smugglers, is the stated belief of the United States immigration inspectors, who for some time have been watching the frontier closely.

The arrest of three young men near Lansing, Mich., last week, who were found to have three "Chinks" secreted in the bottom of their automobile, is believed to have revealed a clever scheme by which Chinamen destined for American points were taken down the river in launches from Windsor, and kept on the deserted island until a favorable opportunity for shipping them across the border presented itself.

The officials are anxious to look over the scene of operations on Fighting Island, but as it is in Canadian territory they have shown some hesitation in doing so.

BRITAIN PLANS TO ENROL GREAT RED CROSS SOCIETY

LONDON, Aug. 16.—Based on the German and Japanese models, the war office has issued proposals for a great voluntary Red Cross in connection with the territorial army scheme.

It will be worked in connection with the existing Red Cross Society and St. John's Ambulance Society, and, in the event of an invasion, would provide the entire country with a complete network of Red Cross organizations.

Men and women of all classes are invited to become volunteers, to be trained in detachments in every territorial area as nurses, and in every branch of the Red Cross service, utilizing country houses and local resources for hospitals.

YOUTH SWEPT INTO WHIRLPOOL

While Swimming in Niagara, Below Falls, Is Caught By Current—Brave Fight For Life.

NIAGARA FALLS, N.Y., Aug. 16.—Augustus Spohr while swimming in the river at 3 o'clock this afternoon was caught by the current and carried through the whirlpool. When last seen Spohr was alive and calling for help a quarter of a mile down the rapids.

With three companions, Sporer, who was 18 years old, went for a swim in the river at the old Maid of the Mist landing. He struck out at once for the middle of the stream, then turned toward the bridge. His companions called to him to turn back, for the current is very swift at that point, but he kept on down stream and was caught in the great sweep the first break from the smoother waters to the rapids.

The boy battled for a time against the current, but to no avail. Then, evidently realizing that he was beyond human help and was to be carried thru the rapids, which took the life of Capt. Webb, and which have resisted every unaided human effort at passage, he deliberately turned down stream and began a grim fight for life.

Not in all the history of the river has such a brave battle been witnessed. Altho but a frail boy, Sporer went into the rapids swimming strongly and held his own until he struck the giant wave which curls up opposite the old Buttery elevator. Then he went under and for a second was lost to sight of the score of people who stood on the lower arch bridge.

Again and again he disappeared, only to reappear, each time fighting desperately against the terrible current, but when within 300 yards of the whirlpool his strength gave out, he sank and was lost to view.

Even then he swam perhaps 100 yards farther than did the great Englishman, Capt. Webb.

The body can now be seen in the whirlpool, where rivermen are waiting for it to be brought inshore far enough to be caught.

HARRIMAN'S LATEST COUP

Reported to Have Secured Option on New York Central Lines.

NEW YORK, Aug. 16.—A report that E. H. Harriman has obtained an option on a controlling interest in the New York Central lines which, if exercised, will give him control of a thru route from the Atlantic to the Pacific ocean, was circulated on the stock exchange to-day. Such a route has been the dream of railroad men for years.

The option taken by Mr. Harriman is said to cover about $50,000,000 worth of New York Central stock, a large part of which formerly was controlled by the Vanderbilt interests. The price at which the stock may be taken over is said to be $150 a share.

It was pointed out that the acquisition of the New York Central would give Mr. Harriman an ocean route by way of the New York Central, Chicago & Northwestern, Illinois Central, Union Pacific and Southern Pacific.

DOM. STEEL DIVIDENDS

Common Stock Said to Be Due to Pay 4 Per Cent. Next Year.

MONTREAL, Aug. 16.—(Special.)—The Herald prints the following on its financial pages:

"The Herald has it on the best authority that the Dominion Iron & Steel Co. is earning sufficient to warrant a dividend on the common stock next year and leave a substantial surplus to be carried forward.

"The company, if the present rate of production continues, will show earnings at the rate of well over 8 per cent. per annum on the common stock, and there is now little doubt that holders of the stock will receive at least a 4 per cent. dividend during the next fiscal year.

"There is reason to believe that the company's business will continue at the present profitable rate for at least the remainder of the current year."

M. L. A. GOES TO JAIL

Wouldn't Pay Court Costs for Blocking Street, Talking Socialism.

REGINA, Sask. Aug. 16.—(Special.)—Preferring to pose as a martyr in the cause of socialism, C. M. O'Brien, Socialist M.L.A. for Rocky Mountain, in the Alberta Legislature, being found guilty of a charge of blocking the street, refused to pay the costs of the court, which he was assessed, and was sent to jail for seven days.

Late this afternoon J. F. L. Enbury had a talk with O'Brien and induced him to give the bond for his good behavior in future. At first O'Brien was determined to go to jail rather than have his street speaking stopped.

MONEYED MEN COMING

Canada Has Attracted the Attention of Independent Britishers.

LONDON, Aug. 16.—(C.A.P.)—An official of the Canadian Emigration Society states that he has had enquiries recently from many men whose incomes reach £4000 to £5000 a year, and that men of considerable financial standing have gone out, particularly to British Columbia and Ontario, to farm themselves or to establish a livelihood for their sons.

The Grand Trunk and The People's Railway

COBALT, Aug. 15.—(Special.)—I have spent another couple of days in this, the livest spot in Canada, and, as usual, everything looks better than it did the day before. For instance, I saw a specimen of silver taken out of the Township of Tudhope, from a mine called the Silver Alliance, and if there is much of the same kind there it means that another Cobalt is in sight. A very considerable amount of shaft work seems to be doing in James and Tudhope, and results are due any day to those who are behind the propositions. The accounts from Gowganda, that come in by way of Cobalt, are also of an encouraging character, and the prospects are yet good for mining camps of very considerable wealth being found outside of the Cobalt field, but certainly in the Timiskaming district. I have also heard of good finds being made on the Quebec side of the Ottawa River; in fact, I met a man who had seen specimens of native silver found in new fields in the adjacent province.

But to come back to the question of transportation and the government railway, which seems to be very much discussed by everyone in this country, I am quite convinced that the public here, and all over Ontario, will support Sir James Whitney's administration in doing everything that possibly can be done to allow the people's railway to give a first-class service. There is general discontent over the slow time made between Toronto and Cobalt, and the public see now, since the speed figures were published in The World, that the chief offender is the Grand Trunk, whose roadbed and grades will allow of nothing better than twenty-five miles an hour between Toronto and North Bay. The question then comes: Can the Ontario Government do anything to shorten the time? As was pointed out in these letters before, certainly an hour can be saved by putting on dining cars on the express trains between Toronto and Cobalt, thus saving all delay at North Bay and Timagami for meals. I have been told that the Englehardt railway commission consider that they might lose a little money by putting on diners, but this is a question to be tried by experiment; and to make the experiment it is not necessary to purchase dining cars if they can be rented, or if the Pullman Car Company can be induced to take the running of them for a time at least. On one train I went up on there were at least fifty to seventy, and probably one hundred, who would have taken their breakfast in the dining car if they could have got it, and certainly that number took some kind of a meal at North Bay station, and at Timagami station. But inasmuch as the Timiskaming road is now hampered by the slow time on the Grand Trunk, Chairman Englehardt would be justified, in order to save running time, in losing a little money on a dining-car service if by that means he could give the public a better service, and certainly people traveling between Toronto and Cobalt, wishing to leave Toronto at 9 o'clock, or at 10 or 11 o'clock, would be better pleased if they could be in Cobalt not a moment after 8 o'clock the next morning.

TO BRING THE G. T. R. TO TIME.

There is, however, another way to bring the Grand Trunk to time. There are people who say that the government could get the Canadian Pacific to give a fast express service over the new line to Sudbury, and from there to North Bay, faster than is now made by the Grand Trunk over its line. The distance from Toronto to Sudbury is 260 miles, and from Sudbury to North Bay 80 miles, a total of 340 miles. The distance between Toronto and North Bay, via the Grand Trunk, is 227 miles, which now takes nine hours. The Canadian Pacific would have to give this service at the rate of 38 miles an hour in order to make as good time as the Grand Trunk; but perhaps the Canadian Pacific would be willing to run 45 miles an hour in order to get business, and by running 45 miles an hour to Sudbury, as the Canadian Pacific ought to be able to do by reason of its good roadbed, it would shorten its present time between Toronto and Winnipeg, which a great many people would like to see. If the Grand Trunk, however, were alive to their own interests, and are willing to work with the Timiskaming & Northern Ontario without conspiring to absorb it, they could, even with their present roadbed, and with improved motive power and a few improvements, find little trouble in doing 35 miles an hour between here and North Bay; and, when they did this, start in to improve their own road between here and North Bay to its best possible extent. There is no reason why the new Grand Trunk Pacific should not beat the Canadian Pacific between Toronto and Winnipeg, but only by reconstructing their line to North Bay from Toronto.

But there is still another way of bringing the Grand Trunk to time, and that is for the Timiskaming & Northern Ontario Railway Commission to summon the Grand Trunk before the Dominion Railway Commission and demand that a better service be given the public between Toronto and North Bay. They are bound by their charter to give a good service, and especially in view of the fact that the northern portion of this road was largely built by public subsidies. Moreover, as was said above, the Grand Trunk, in order to make a fast line between Toronto and Winnipeg, via their transcontinental line, and to carry out the spirit of the Grand Trunk Pacific contract, must have a line as good as the Canadian Pacific has between Toronto and Sudbury, and they can only have such a line by partly changing the route and cutting down the grades between Toronto and North Bay; and to have this work ready by the time the Grand Trunk Pacific is ready, they ought to be busy on the work now. The boards of trade of the towns interested should hold meetings and call the attention of the government at Ottawa to the poor service that the Grand Trunk gives, and they should back up the Ontario Government, even in building a direct line from North Bay to Toronto, if that be necessary in order to give a first-class service. The people of Ontario are not afraid of a government-owned line from Toronto to Cochrane, and on to Hudson Bay, and they might like to see it extended southerly, even to the Niagara River. The minute government ownership in the way of railways can be shown in this province to give good service, the people will be willing to follow the proposition to any length. If the Ontario Government also built a line from Cobalt to Sudbury they would be able to reach the competition of the Canadian Northern, as well as of the Canadian Pacific, at that point, and such a line would certainly be a great competitor of the Grand Trunk.

AN ADMINISTRATOR NEEDED.

The impression is deep in the public mind that the Grand Trunk is anxious to discredit public ownership as a principle, and the Timiskaming and Northern Ontario as a specific instance, so that the government might be induced to turn it over to them; and for some years now there has been good reason for the belief that they have been patiently waiting for this plum to fall into their mouth. But it won't.

The Grand Trunk are also charged with being unaccommodating to the national road in the time of leaving the city. It says it must cater to its Buffalo and other connections. My view is that a railway which is subject to the taxing power of the province, and liable to have the railway law of the land enforced against it by the state authorities, can be brought to a reasonable frame of mind by an invitation to a short conference in the captain's office.

The more I watch the situation in regard to this government-owned road, the more I am convinced that, if it be handled by a commission, that commission should turn the real administration over, and a large portion of the policy to the best railway executive head and the best railway engineer that can be had. Nothing pleased the enemies of public ownership so much as when they were able to say they had made it so unpleasant for Cecil B. Smith that he gave up the position of engineer of the Timiskaming & Northern Ontario. Good engineers and good railway executives are hard to get, and when you find a man like Cecil B. Smith, who seemed willing to devote himself and his talents to a public-owned proposition, enemies of that proposition should not have succeeded in making him decide to seek more congenial environment.

Public ownership in the way of railways has its best exemplification to-day in Canada, in the Province of Ontario, and the friends of public ownership wish to see that exemplification further improved, even if they have to criticize it publicly; but because a friend of public ownership criticizes it, that must not be considered as an active hostility. But there are some men who are attacking the government of Sir James Whitney every week in papers like The Financial Post in regard to the power policy, and these are the same kind of men who are attacking the government railway policy in the north, and who seek by underground ways to make both these schemes fall down. The greatest enemy to public ownership in Ontario to-day is the Southam-Gibson-Tory-Grit-Times-Spectator conspiracy in Hamilton, and who at one time hoped to ruin the principle by insidious crow-bar work on the Whitney cabinet. Anyone who reads The Financial Post these days can see that Col. John B. McLean and Stewart Houston, A.D.C., are soldiers in the service of the enemies of public ownership in regard to power; and there are others equally active in regard to railways.

OLD MAN SLAIN AND BOY IS ACCUSED

Michael Hall of Norfolk County Shot and Killed on Sunday Afternoon, and Farm Hand Is Now in Jail.

SIMCOE, Ont., Aug. 16.—(Special.)—Emerson Shelley, 15 years of age, is locked up in jail here, charged with having shot and killed Michael Hall, an almost blind octogenarian, on Sunday afternoon. He is also alleged to have fired several shots at Mrs. Hall.

From all accounts, the shooting was most deliberate.

Hall, who was 80 years of age, almost blind, and somewhat crippled, lived near Walsh, ten miles from this town. Shelley has been working for him, his step-father living in the neighborhood.

As far as can be learned the lad shot the old man with a 32 calibre rifle from behind, the bullet entering the back of his head. He then fired two more bullets into the prostrate body. This was about 5 o'clock on Sunday afternoon. This morning Constable Abel went out and arrested him.

Shelley is the stepson of one Staebler, a poor farmer living nearby. He denies that he was in the vicinity of the Hall premises on Sunday, but acknowledged he had been in the woods with his rifle.

He has been in the habit of carrying a revolver recently, it appears, and discharging it at random, causing much alarm among residents of the neighborhood. He has looked upon himself, it is said, in the light of an emulator of Jesse James and men of like criminal tendencies. Certainly his mind has become more or less impregnated with tales of their deeds.

His companions, too, have been men of a desperate code of morals. Warnings from neighbors had no effect and he persisted in his practices.

The boy is small and slight of figure and does not look at all vicious as he lies in his cell here.

It is said the motive for the shooting was a reprimand from Hall some days before.

BAD LIGHTNING STORM RAGES AROUND WINDSOR

Fatality at Belle Isle—Wind Does Considerable Damage and Unroofs Houses.

WINDSOR, Aug. 16.—(Special.)—A terrific wind and rain storm, which passed over this city last night, was augmented by a second storm this afternoon, and together they inflicted serious damage in many quarters.

It is more than probable that at least two persons have been drowned by the overturning of canoes in the river.

In Windsor roofs were blown off several houses, chimneys blown down, trees damaged, and several people had narrow escapes from being injured by flying debris. Lightning also struck in several places, and at Belle Isle, directly across from Walkerville, one man, Noble T. Bristow of Cleveland, was struck and instantly killed. The rapidity with which the storm came up caught many sailboats and canoes out on the river, and reports of overturned boats are numerous. There is some apprehension that two Detroit boys named Starr may have lost their lives.

Walkerville probably suffered the most severely. Three iron warehouses of the Walkerville Distillery plant were unroofed and thrown to the ground.

Two large barns, owned by Francis Pratt, above Walkerville, and filled with the season's crops, were struck by lightning and destroyed.

Loses Barn and Crops.

SUNDERLAND, Aug. 16.—During a heavy thunderstorm this afternoon, the barn of Thos. Mulligan, two miles northwest of the village, was struck by lightning and burned to the ground. Mulligan lost all the season's crop of hay and fall wheat, a small quantity of alsike feed, all the fowl, three pigs and a calf, also some of his implements Mulligan carried some insurance, but his loss will be heavy.

Two Barns Burned.

WINSTON, Aug. 16.—During the electric storm that passed over this district Sunday evening, the barn of Albert Cox, a farmer in Brooke Township, was burned down. This afternoon during another storm, the barn of W. F. Armstrong of the Township of Euphemia was destroyed.

Wm. Winter Leaves "Tribune."

NEW YORK, Aug. 16.—William Winter, the dean of American dramatic critic, has severed his connection with The New York Tribune, which he accepted in 1865 at the invitation of Horace Greeley.

LIGHTNING HITS HOUSES TWO MEN ARE STUNNED

Mrs. Grace Scarrow Succumbs to Burns—"Graft" Charges Are Withdrawn.

HAMILTON, Aug. 16.—(Special.)—Archie Lancely, the lad arrested last night on a charge of vagrancy, was given his freedom to-night.

The remains of John McLaughlin, who died in Chicago, were brought here to-day and the funeral will be held Tuesday from the residence of his father, 42 South Ray-street.

Says She Was a Prisoner.

Because Annie Merry, the young English girl who says she was held a prisoner in a disorderly house, was not able to leave the hospital to testify this morning, Ralph Rufus and Rose Barlett, charged with being the keepers of the alleged disorderly house, were remanded for a week.

The investigation of the graft charges has been dropped because Ald. Forth has discovered that they were not made against any of the ward foremen now employed by by the city.

Mayor McLaren is taking two weeks' holidays, and Ald. Allan and Ald. Farmer will act in his absence. His worship will attend the O.R.A. and D.R.A. matches.

R. Foster, Belleville, was arrested on the charge of vagrancy. It is charged that he is a member of the hold-up gang that has quarters near Hendrie's farm.

Struck by Lightning.

Three houses, 151, 153 and 157 South John-street, occupied by John Stevenson, William Hill and James Nunn, respectively, were struck by one bolt of lightning last night during the heavy thundershower. Stevenson and Hill were both stunned. The lightning entered Stevenson's house just a few inches above his head as he lay in bed. Some plaster was knocked off the walls, but no serious damage was done.

Mrs. Grace Scarrow, who was burned at Winona nearly a week ago, died as a result of her burns this morning.

Clara Chapman and Mary Rucks, two wayward girls, were sent to Mercer reformatory for indefinite terms this morning.

Charles Gibbins, Lynden, was fined $5 this morning for breaking the Lord's Day Act by hoeing on Sunday.

G. Lekofisky, 64 Locomotive-street, has been missing for several days, and his family are much alarmed for his safety.

The Children's Aid Society have hopes that David S. Burn, formerly David S. Kidd, will build a children's shelter from the fortune he is said to have inherited.

The barn of Thomas Johnston, near Campden, was struck by lightning last night, and was destroyed by fire.

It is said that there are detectives looking for handbooks and illegal liquor selling.

Car Off Track.

About one o'clock yesterday afternoon an Avenue-road car was derailed near the corner of Avenue-road and Bloor-street. The roadbed was being repaired and the weight of the car caused the rails to spread. Traffic was delayed for forty minutes while the emergency gang procured jacks and placed the car on the tracks again. No damage was done to the rolling stock.

TWO RAILWAY DISPUTES YIELD TO CONCILIATORS

G.T.P. and C.N.R. Employes Benefit as Result of Having Their Case Heard by Boards.

OTTAWA, Aug. 16.—(Special.)—The department of labor has received news of the satisfactory adjustment of two disputes which had threatened to interrupt the operations of the G. T. P. and the Canadian Northern in western Canada.

The dispute on the lines of the Canadian Northern orase out of differences between that company and its maintenance of ways employes, in connection with proposed reduction by the company of five cents per day in their wages. The award of the board of conciliation was in this case in favor of the employes. The company was at first unwilling to accept the award, but the labor department is now informed that an agreement has been signed covering all the points in dispute.

The dispute between the G. T. P. and its engineers, firemen, conductors, brakemen, baggagemen and yard men, related to schedule of rates of pay and rules governing the service of various classes of employes, and to the dismissal of certain classes of employes and the sleeping and eating accommodations furnished by employes along the line.

The conciliation board reported unanimously that all matters in dispute were unanimously settled except the claim of employes that engineers detained on their engines at terminals two hours or more before commencement or completion of their trip will be remunerated for the detention. The majority of the board was disposed to agree with this contention, but the company laid stress upon the fact that the road being in constructive stage, the difficulties were great.

However, a schedule agreement was drawn up to which, the department is informed, the parties have agreed. This will remain in force for one year.

KILLED IN SHOVELING ASHES

Finlander Came in Contact With a Live Wire.

SAULT STE. MARIE, Ont., Aug. 16.—(Special.)—The body of a man was taken from the river by a couple of men who had been out for a trip in a launch. At first it was supposed the body was that of a sailor of the ill-fated steamer Clemson of Auranta, but later investigation proved it to be that of an unknown Finlander. In the pockets of the coat were found heavy stones, showing that the man had either been a suicide or had met foul play. The clothes bore the stamp of a Milwaukee firm.

Tanas Kulack, a Finlander, was killed at the works of the Lake Superior Corporation by coming in contact with a live wire while shovelling ashes into a car. The electrician at the plant says that only 102 volts were on at the time.

The Attractive Route to Muskoka.

By all means the favorite way is by the pioneer route, along the shores of Lake Simcoe and Lake Couchiching and across the Severn to Muskoka Wharf, the starting point of the Muskoka Lakes steamers. Do not miss the beautiful sail up Muskoka Lakes to Beaumaris and Indian River to Port Carling; thence to Lake Rosseau and Lake Joseph.

Trains leave Toronto 12.05 noon and 2.05 a.m. (sleeper open at 9.30 p.m.).

Tickets, further information, profusely illustrated booklet, may be obtained at Grand Trunk City Ticket Office, northwest corner King and Yonge-streets. Phone Main 4209.

PORT ARTHUR MILK DEALERS ARE CHARGED WITH DILUTING.

PORT ARTHUR, Ont., Aug. 16.—(Special.)—Three milk dealers were summoned to appear before Magistrate Dobie Wednesday to answer charges of diluting milk. One dealer was stopped on his rounds to-day by Inspector Trenks, his cans sampled and the whole load confiscated.

The Des Moines system of municipal management will be the subject of an address before the Canadian Club by Dr. Sykes of Des Moines, Iowa, Wednesday evening.

ARCHBISHOP'S REBUKE

Reference to Parish Priest as Serving Political Party.

MONTREAL, Aug. 16.—(Special.)—The intimation by His Grace the Archbishop of St. Boniface, in an address to a large number of his clergy, that Rev. Father Berube, parish priest of Venda, Sask., had placed his pen at the disposition of the Liberal party, in order to deceive public opinion for a little more than 30 pieces of silver, has naturally caused no little commotion in this French and Catholic Province of Quebec.

For months past Father Berube, who came from the Quebec district, has been sending letters to The Soleil and The Vigie of the ancient capital, showing that Catholics of the west are fairly well off in educational matters, and especially advocating the three western provinces as a profitable field for French-Canadian emigration.

This policy has, however, incensed the majority of the western clergy, and they sent an indignant protest to his grace of St. Boniface against the claims of the parish priest of Venda.

Mgr. Langevin, in replying to this document, congratulates the clergy for their protest, and says: "Be a thousand times blessed for behaving so earnestly for the good of the cause. You prove, in fact, how faithful is the Catholic priesthood when it inspires thoughts of faith and true patriotism, instead of putting its pen at the service of a political party to deceive public opinion for the sake of a little more than 30 pieces of silver."

SHEET IRON FELL ON HIM

800 Pound Piece Takes Leg Off a Brantford Man.

BRANTFORD, Aug. 16.—(Special.)—John Cornish, an employe of the Waterous Engine Works, was fatally injured this afternoon.

He was helping unload a car of sheet iron by means of a crane, and one of the pieces, weighing 800 pounds, when suspended about ten feet in the air, fell, leveling the unfortunate fellow to the ground, the sharp edge severing one leg and inflicting severe internal injuries. Cornish was warned not to stand under the iron when it was swinging. He was removed to the hospital, but no hope is held out for his recovery.

Canadians at Disadvantage.

OTTAWA, Aug. 16.—(Special.)—There will be no Palma trophy matches this year. Great Britain will not send a team to Seagirt, nor will Canada. The competition lost something of its popularity when it was shot for here two years ago, owing to the loose regulations governing the question of sights. The Canadian team had to shoot with their regular military service rifle sights, while the Americans, who won, were allowed to use the peep sight, this, it is claimed, giving them an immense advantage.

Woman Badly Hurt.

BRANTFORD, Aug. 16.—(Special.)—As a result of taking a bridle off a horse which she was driving, Mrs. R. Lowes, wife of a farmer near Tranquility, was severely injured.

Her two children were in the rig, when the horse was frightened by a radial car. The woman endeavored to stop the animal, but was trampled on, the children being thrown out with slight injuries.

She may recover.

FAN TAN MEN REMANDED

Bail Accepted for 29 Chinks—Police Court Record.

Jung Sing, with his 28 compatriots, pleaded not guilty when arraigned in police court yesterday morning charged respectively as keeper and frequenters of a gaming house at 117 West Queen-street. They were remanded a week. All had remained in the cells overnight, but were admitted to bail yesterday.

Oliver Brown, arrested Saturday upon his release from St. Michael's Hospital, was arraigned charged with assaulting and robbing Mrs. J. Campbell in her store at University-avenue and Agnes-street. He was remanded.

William Cairns caught Edward McDonald in his house early Sunday morning. McDonald goes to a jury for trial on a charge of housebreaking.

Mrs. Lillie Golding, 16 Esther-street, quarreled with her husband and then attempted suicide by taking laudanum. She was remanded a week.

Clifford Coates will go to jail for forty days for theft of $10 from his employer.

John Smith, for robbery and threatening to shoot, was sent to the Central for 23 months.

Sam Taegar was dismissed when charged with disorderly conduct by Policeman Older, who declared that Taegar wanted to stand at Queen and Victoria streets, when the constable thought he should move on. The magistrate agreed that the man should never have been arrested.

BIG TRESTLE COLLAPSED

One Man Killed and Others Injured in New Brunswick.

ST. JOHN, N.B., Aug. 16.—A Fredericton special says that six spans of one of the largest trestles on the New Brunswick section of the Grand Trunk Pacific Railway collapsed, with the result that one workman was killed and several others had miraculous escapes.

The trestle spanning Mullin's brook, near McGinvey's siding, was 1400 feet long and fifty feet high. Cars were dumping rock into the valley, and went down with the trestle, carrying six with them.

An inquest was held, and the Toronto Construction Company, who were in charge of the work, are not exonerated from blame.

NEWER HANLAN'S POINT

Mr. Solman in New York Picking Up Ideas.

L. Solman, manager of the Toronto Ferry Company, is in New York looking over plans for new amusement features and for a new grand stand for Hanlan's Point.

Nothing is being done in regard to the work of cleaning up the Point now. The work will not be started until it is decided definitely what will be done.

FRATERNAL INSURANCE

Three Times That of the Old Line Companies.

BOSTON, Mass., Aug. 16.—The National Fraternal Congress opened to-day.

The report of President Piper showed that the fraternal insurance orders, with over $8,000,000,000 insurance in force, have been able to maintain a firm and united stand against the old-line companies, whose outstanding insurance was last reported as totaling $2,577,246,881.

Alex. Fraser of Toronto, president of the Canadian Fraternal Congress, was among the speakers, appearing in Highland costume.

Estates of the Dead.

The late Thomas McCormack, who died on July 31st, left $8500, consisting of Nos. 160, 162, and 164 Richmond-street west. The property is divided as follows:

To the rector of St. Patrick's Church, for building fund connected with that institution, $100; to the same for masses, $50; to the Mother Superior of the Sacred Heart Orphanage, Toronto, $200; and the balance to Catherine McCormack, sister of the deceased.

Excursion to New York.

The Erie Railway are running an excursion to New York on Thursday, Aug. 19th. Fare for round trip is $14.25 via C.P.R. and G.T.R., and $12.35 via Niagara Navigation Co. Tickets are good for ten days.

Knocked Out of Bed by Lightning.

BRANTFORD, Aug. 16.—George Snazle, residing on William-street, Paris, was knocked out of bed by lightning last night. There was a severe storm in that vicinity. Snazle went to bed, and about eleven o'clock lightning struck the house, tearing away part of the roof, the bolt crashing into the bedroom, tearing off the plaster, and throwing Snazle to the floor, where he later recovered without serious effects.

Incendiarism at Cobourg.

Incendiarism is suspected in connection with the recent fire at Cobourg which destroyed the house and stable of George Thompson, with a loss of $60,000. This is the second mysterious fire in that vicinity and Provincial Inspector Reburn has been sent to investigate.

Writ Issued.

Edward Gegg of Toronto has asked for a writ against J. E. Thompson of Toronto to recover $1580, the balance due on a promissory note.

TWO LITTLE GIRLS DROWN

Disappeared From Camp on Sunday—Found in River.

LONDON, Ont., Aug. 16.—Phelma Pritchett, aged five, and Madeline Corbin, aged six, camping with their parents for the summer at Wonderland, a few miles from this city, on the Thames, disappeared yesterday afternoon at 2.30 o'clock.

A systematic search of the woods and farms within miles of Wonderland, has been made, but not a trace of the little girls was discovered until this morning, when in dragging the river the bodies were found close to the camp in about six feet of water.

It is supposed they toppled in from the bank, which is very abrupt at this point.

SLEW HERSELF AND 3 BABES

Chicago Woman Turns on Gas—Found by Husband.

CHICAGO, Aug. 16.—Mrs. Marie Handsel turned on the gas in the bathroom and committed suicide and slew her three boy babies. She carefully bathed and dressed her three children, one four years old and twins, two years old, carried them into the bathroom and turned on the gas. The smell of gas awakened her husband. He broke open the door of the bathroom and found the four dead bodies. Mrs. Handsel has been ill for some time. She left four other children.

RIOT NEAR PORTADOWN.

DUBLIN, Aug. 16.—An excursion party made up of members of the Ancient Order of Hibernians, was attacked Sunday at Portadown, Armagh, by a mob of stone throwing Orangemen.

Six hundred policemen were employed in suppressing the rioting, during which many persons were injured.

Will Test Sunday Law.

The life of the restaurateur is not to be all temperance beer, skittles and revenue, according to the police. A. Bernstein of York and Adelaide-streets has been summoned to answer a charge of breaking the Lord's Day Act in selling "soft stuff" in the shape of temperance beer. Bernstein is but a test, and if he fails others will be bowled over.

Poisoned by Catarrh

Many Who Have Bad Breath, Headache and Disordered Stomach Suffer With Catarrh.

The poisonous secretions from Catarrh are dangerous because they affect the stomach and bowels, giving rise to an unhealthy condition of these organs. Catarrh is a source of much ill health and was considered practically incurable until it was demonstrated that by the use of Catarrhozone any case of nasal or throat trouble can be permanently cured. Catarrhozone by its unusual merit has enlisted the support and endorsement of the most prominent medical authorities, who freely state that any one giving it a trial is sure to be cured. For asthma, bronchitis, throat irritation, chest weakness, (all types of catarrh) nothing is so certain to quickly cure as the large dollar outfit of Catarrhozone. Trial size 50c. All dealers or The Catarrhozone Co., Kingston, Ont.

NEWSBOYS SPREAD OUT

Will Handle Their Own Foreign Papers.

The Newsboys' Union of Toronto have enlarged their sphere of operations by purchasing their United States publications direct thru a committee of the union. This is the outgrowth of a difference with the agency which supplied the papers to the newsboys at a margin of profit. This profit the newsboys will now pay into the union and it will be used as a sick benefit fund.

Meanwhile the newsboys have boycotted several United States papers and opened negotiations with their contemporaries. Sam Lichtman is active in the interests of the union. The boys have opened their first office cor. of Bay and Adelaide where they will secure their supplies of foreign papers.

EARL GREY IN THE YUKON

Initiated as Honorary Member of Arctic Brotherhood.

DAWSON, Yukon Territory, Aug. 16.—The visit of Eary Grey to the Yukon has been a veritable success. The people are delighted with his democratic manners and his evident interest in the progress of the territory. As usual, all his excellency's speeches have been felicitous, touching the people in the right spot.

He predicted a great future for the gold dredging country and was very happy in his references to the settlers from the United States, both in the Yukon and in the new provinces, asserting that they were welcome and pointing out that by coming they were but paying back the debt which the States owed to Canada, for the million men loaned in the early days of the development of the republic.

One of the features of his excellency's visit was at Government House, at which Earl Grey portook of rinderpest soup in memory of the time when he was administrator of Rhodesia.

He was initiated as an honorary member of the Arctic Brotherhood and after a reference to the vigor and energy of the men of the north created great enthusiasm by stating: "I am proud that my Arctic chief is one of the many Yukoners present who went to the defence of the empire in South Africa."

The address presented to his excellency was inscribed on moose skin, decorated with native gold, while the ladies of the party have been laden down with nuggets and jewels from the soil of the Yukon.

Lawn Bowling — Woodbine Opening · Baseball — Rain, No Games · Racing — Trotters at Fort Erie

Note and Comment

Regardless of the wet, the bowling tour hundred went thru the opening day of the seventeenth annual rink competition and according to program. If you put on a pair of rubbers and don't mind the rain a game on the green is not so bad, even under yesterday's Woodbine conditions.

Bobby Thompson, well known in Toronto a dozen years ago as the bicycle boxer, now a prosperous citizen of Philadelphia, is visiting relatives in Toronto. He and Archie McEachern, were among the best known bicycle riders on the continent in those days, when the game was at its height, the latter meeting a violent death on one of the eastern tracks while training.

McEachern, like Thompson, was also a capable mitt artist, and the favorite for the welterweight championship at the Canadian tournament in the old T.A.C., when Joe Wright defeated Richard Dodds, he was beaten in the final. Thompson trained McEachern for the event and to fill in the time entered himself, with better success in the lightweight division, winning a sensational final by putting away Peg Larkin with his right hand punch that soon became tolerably famous.

Jack Johnson has started for California without putting up any more forfeits to bind the proposed match with Jeffries. The negro has accepted an offer to fight 20 rounds with Philadelphia Jack O'Brien at Colma on Sept. 6 and will keep his agreement to fight Ketchell there on Oct. 12 unless the latter should lose to Langford at New York on Sept. 10.

Sam Fitzpatrick, who made a champion of Jack Johnson, says of the negro heavyweight's chances against Jim Jeffries: I don't think that Jeff is the man he was when he quit the ring and I don't think he ever will be, but he will not have to be even half the man to beat Johnson. There is no question in my mind but that Jeff will knock him stiff in a few rounds, provided that his wind is half as good as it used to be. One of Jeff's old punches will be plenty. Johnson is very much overrated as far as his punching ability goes. He hit Burns flush on the jaw in nearly every round of that Sydney fight and still he could not floor him, so what chance will he have of putting such a monster as Jeff on his back, unless Jeff's knees fail him. It looks to me as tho Johnson is in for the beating of his life.

Ed. Bayly, solicitor to the Ontario Attorney-General's department, which canceled the old York Riding and driving Club's charter, was asked yesterday what he thought of the new Metropolitan Racing Association that has just been given a legal status by the government at Ottawa, to which he replied with characteristic evasion.

Of course the Hon. Mr. Foy has given the matter no consideration as yet, as it will be his turn up after the courts have taken a crack at the proposition. All of which looks far enough away to ensure racing this autumn at dear old Dufferin Park. Oh, joy!

Louis Winan's English Derby disappointment, Sir Martin, was favorite at Paris on Sunday for the Grand Prix Deauville, worth 100,000 francs, which was won by M. Ephrussi's Biniou, ridden by Stern. Sir Martin, with Skeets Martin up, was second, and M. Heriquet's Chulo, ridden by Childs, third. Nine horses ran. Biniou won by 2½ lengths. Chulo was three lengths behind Sir Martin, who started favorite, owing to American and English support.

The victory of the rank outsider Saturday at Saratoga, carries at least two lessons, viz., blood will tell and it pays sometimes to follow the horses: Rocky O'Brien, winner of the Hopeful Stakes, was bred by Clarence H. Mackay and was sold as a yearling to James MacManus for $1500, it is said. The colt is by Meddler—Suisun, and unless he goes amiss he will be a sure starter in the Futurity at Sheepshead Bay a week from Monday.

After winning the Hopeful the colt's previous race, the Flash Stakes, convinced many form students that he should have been played at the juicy price of 40 to 1. In the Flash he showed great speed in racing Herkimer into the ground in the first half mile and then began to stop in the stretch to run fourth to Waldo, Fauntleroy and Amelia Jenks. He was four lengths behind Waldo and was evidently short of work. But in the general excitement over the Keene colts, Sweep and Grasmere, and the Clay filly, Oceanbound, the unfashionable Rocky O'Brien's chances were entirely forgotten. Probably the most surprised man at the track was MacManus, who started his colt just to have an outside chance at the $15,000 winner's share. If MacManus had been confident of success, he says himself that he would have won a fortune in wagers.

MacManus did not have a dollar ten years ago. He was a street car conductor in California when the betting mania took possession of him. From measly little dollar bets, which were placed judiciously, MacManus soon got a start and proceeded to win a fortune. He is a quiet, unassuming fellow, fond of good horses and the excitement of the race-track. He says that if Rocky O'Brien happens to win the Futurity he will be the happiest man in the world.

Lacrosse Gossip.

Torontos will only hold light practices on Wednesday and Thursday in preparation for Saturday's game against Tecumsehs at Rosedale. The management do not want to take a chance on the boys being overtrained.

The Juvenile City team of the Capitals will play the final game for the city championship at 2 o'clock Saturday, Aug. 21, before the Maitland-Young Toronto match at Scarboro Beach, and all the boys are asked to be out to practice on Tuesday and Thursday nights in Jesse Ketchum Park.

The recent rains should place the Rosedale grounds in dandy shape for Saturday.

Both Torontos and Tecumsehs are as confident as it is possible to be that they are going to win. Somebody is going to be badly disappointed.

All Saints' lacrosse team will practise to-night and Thursday at 6.30 at Sunlight Park, and request the following players to be on hand: Irwin, Harcourt, Jewell, Corbridge, E. Harrison, Park, Ted Harrison, Brooke, James, McLean, S. Cowan, Meen.

About $500 has been wagered on the result of the Tecumseh-Toronto game Saturday, and $300 more of Toronto money is waiting to be covered.

Bowling in the Rain at Woodbine Dominion Tournament Opened

Preliminary and Part of First Round Decided According to Schedule — Program for To-Day.

The opening of the Dominion lawn bowling tournament took place yesterday under adverse weather conditions. The program was the Walker Trophy competition, and the players went thru the preliminary and part of the first round according to program. The committee specially request that all players leave their belongings in the tent furnished for that purpose, and thus prevent a recurrence of last year's pocket-picking. UP TO PRESIDENT ST. PERE

Cornwall Wants to Know Why he Appointed Shiner White Referee.

CORNWALL, Aug. 16.—(Special.)—The lacrosse defeat of last Saturday was a bitter pill in more than one way to Cornwall. A gentleman who has been a very close observer of lacrosse for many years, referring to Saturday's match, says:

"For such an evenly contested match it was one of the cleanest I have ever seen. Leaving out of account the blow received by McMillan in the eye from the butt end of Howard's stick, and the slash received by Smith across the nose, which were the only serious offences (or accidents), and for which no punishments were meted out to the offenders, a strict interpretation of the rules would have called penalties of 20 minutes on each side; as it was Cornwall was penalized 30 minutes and Shamrocks 5 minutes."

President St. Pere's prompt and outspoken action in the Ions and Pitre cases was most favorably commented on by all lovers of our national game here, and stamped him as an honest and fearless man. This makes it all the more difficult to explain his appointment of Shiner White, a comparatively unknown man without experience as a referee, as judge of play in such an important match as last Saturday's. Mr. St. Pere will need to speak up to clear his linen. Cornwall was beaten, and perhaps beaten fairly, but the presence of Shiner White needs some explanation.

The Pilgrims Coming.

NEW YORK, Aug. 16.—What with the presence of the Pilgrims of England, who will appear at least twice in New York, the trip of an American team to Great Britain and the various contests here for national, state and district honors, devotees of association or soccer football will be in a position to enjoy a surfeit of good things the forthcoming season, and the game should receive another such impetus as was imparted by the former visit of the Pilgrims and the Corinthians.

In addition to the game scheduled at Livingston, Staten Island, on Oct. 2, which will be played under the auspices of the Staten Island Cricket and Tennis Club and the New York State Football Association, a second game will be arranged on the return of the visitors from the west against a team representing the New York Amateur Association Football League. The date will be about Nov. 20. The Pilgrims will take passage on board the Mauretania, leaving Liverpool on Sept. 25, and due here on the evening of the 30th.

Newark, Baltimore, Washington, Cincinnati, St. Louis, Gillespie, Chicago, Cleveland, Philadelphia, Fall River, Boston, Niagara and Toronto will all be visited before the return to New York.

Bicycle Sanctions.

The C. W. A. racing board have issued sanctions for the following bicycle races:

Aug. 18—At Exhibition Park, 5 mile handicap, under the auspices of the Queen City Bicycle Club.

Aug. 18—At Midland, Ont., five-mile open.

Aug. 21—At Scarboro Beach, quarter mile open, one mile novice and twenty-six mile marathon.

Aug. 25—At Midland, Ont., five-mile open.

Sept. 1—At Midland, Ont., five-mile open.

Sept. 18—At Scarboro Beach, West End Y.M.C.A. championship meet, three mile handicap.

Saturday night's bicycle program for Scarboro Beach is as follows:

Quarter-mile dash, in heats (marathon riders barred).
One-mile novice.
One-mile Chinamen.
Marathon, 26 miles 385 yards.
Three-mile handicap run.

The meet is under the auspices of the Q.C.B.C. and Toronto Cycle Club, and the events are sanctioned by the C.W.A. and C.A.A.A. Entries are being accepted by S. L. MacKay, 101 Yonge-street. In the three-mile handicap, Jack Tait, the West End crack; Frank Schofield, the Central five-miler; J. G. Brydon and A. M. Tressider of the Centrals have already entered.

U. S. Tennis Championships.

NEWPORT, R.I., Aug. 16.—The feature of the day before the opening of the 29th annual championship tournament of the United States Lawn Tennis Association, on the Casino courts to-morrow, was the appearance of former Champion Wm. J. Clothier in a practice match, and the announcement that he would enter the tournament. Clothier recently sprained his ankle in a practice game at Southampton, and it was feared that this injury would keep him out of the national championships, where, from his work thus far this season, he has been one of the favorites for the honor of challenging Wm. A. Larned of New Jersey, the present champion. Clothier played with T. R. Pell of New York this evening, and his work showed no indications that his recent sprained hand handicapped him any. Nearly all the 164 entrants for the tourney, the largest in the association's history, arrived here to-day, and the Casino courts presented an animated picture, with all the practice matches going on. National Champion Larned is expected to-morrow.

The best hotel in Brockville, Ont., is "The Strathcona"; 100 modern rooms (80 with baths); furnishings and cuisine complete in every detail. Special rates to commercial men. W. H. BROWN, Prop. edtf

Irish Canadian Handicaps.

Owing to the rain, the Irish-Canadian Athletic Club's weekly handicaps were postponed from last night to Thursday next.

Yachts Tie for Lipton Trophy.

CHICAGO, Aug. 16.—I. A. C., the Illinois Athletic Club entry, won the second race of the Lipton Cup series to-day and went into a tie with Spray of the Chicago Yacht Club, for the famous yachting trophy of the Great Lakes.

ACOOSE BEATS SHRUBB

Alfie Quits in Sixth Mile — Acoose Beating Fitzgerald Here in 68.12.

WINNIPEG, Aug. 16.—Paul Acoose, the Indian, of Grenfell, Sask., well-known young western runner, to-night won a twelve-mile race from Alfred Shrubb and Fitzgerald of Edmonton. Shrubb led for the first five miles, which were covered in 4.37, 9.48, 15.02, 20.21 and 25.51. In the second lap in the sixth mile Shrubb began to show signs of fatigue, and quit at the next lap. Acoose at the time had been steadily gaining the quarter of a mile Shrubb had gained.

Acoose finished 200 yards ahead of Fitzgerald. Time 68.12.

TO RACE GERMAN YACHTS

Eastern Club's Sonderklass Trial Races at Marblehead, Mass.

MARBLEHEAD, Mass., Aug. 16.—Nineteen handsome little yachts, representing the American idea of how the German sonderklasse craft should be designed, participated to-day in a series of tests, from which the committee of the Eastern Yacht Club obtained valuable data to aid it in selecting three boats to represent the United States in the contests here two weeks later against three German challengers for the President Taft and Governor Draper Cups. The yachts to-day were separated into three divisions, and were sent twice over a triangular course, six miles in length, and once over a windward and leeward course of the same distance.

The honors of the day in the first division fell twice to the Joyette, owned by Commodore Wm. H. Childs of the Bensonhurst Yacht Club, Brooklyn, N.Y., and once to the Crooner, owned and sailed by G. F. Adams of the Eastern Yacht Club.

In the second division, the Ellen, owned by Chas. P. Curtis, jr., was first across the finish line in the first and third races. The Eel took the second race.

The Wolf, owned by Caleb Loring of Boston, justified the opinions of experts as to her abilities in heavy weather by taking the last two races in the third division. The Skeezix, owned by Frederick M. Soyt of New York, won the first.

Rugby Gossip.

Rugby is already being talked of in some circles, and Argonauts are laying plans for the coming season. The scullers claim to have Quarter-Back Coryell and Outside Wing Duncanson of last year's champion Varsity team, and there is a remote chance that Lawson, the heavy-bucking half of last year's Varsity team, may not return to college this year, and if he doesn't he will line up with the Argos. The Argos will hold their annual meeting shortly.

Up in Hamilton they have the Rugby fever, and, altho several of the old stars, including Moore, Simpson and a few others of the old brigade, threaten to retire, they will likely be found on deck when the first hard game comes around.

There is some talk of the Britannias of Montreal going in with the T.A.A.C. and some other teams and forming a senior O.R.F.U. series. The local canoe clubs are said to be anxious to form a section in the intermediate O.R.F.U., while Lindsay and Peterboro will be in line in the east.

The Capitals of the north end are out with a Rugby announcement. They have lost only one player from last year, when they were runners-up in the junior O. R. F. U., in Holden, who has gone to Buffalo.

Good Luck Boxers Training.

Prof. Moriarity of the Toronto Ferry Company finds time outside his nautical duties to train a school of boxers, which he will enter under the Good Luck Club in the fall city amateur tournament in the Mutual-street Rink, that is now only a few weeks away. Mr. Moriarity says he will be specially strong in the smallest and heaviest classes, and will have one or more in each of the eight divisions.

Smallwood Beats St. Yves.

CINCINNATI, Aug. 16.—Percy Smallwood last night defeated Henri St. Yves in a twelve-mile race in the ball park. Time 60 minutes 21½ seconds.

ON HOTEL REGISTERS.

The Earl and Countess of Macclesfield are at the Queen's Hotel.

A party of 101 Cincinnati tourists arrived from Niagara last night and are registered at the Prince eGorge, which is at present taxed to the limit of accommodation.

Manager W. C. Bailey of the King Edward Hotel, with Mrs. Bailey and family, was on board the steamer Kingston when it collided with the Turbinia.

Here to Stand Trial.

Arthur Wallace, 73 McCaul-street, was brought back to the city last night by Detective Moffatt from Kingston, where he was arrested Sunday, being wanted here for theft from the City Dairy Company, his employers.

Heavy Rain in New York.

NEW YORK, Aug. 16.—More rain by millions of tons fell on Manhattan Island during the past 24 hours than in any August day yet recorded by the weather bureau. The official precipitation was 4.15 inches. Until to-day the heaviest August rainfall was 3.93 inches in 1888.

OFF DAY FOR TEAMS IN EASTERN LEAGUE

Rain Grabs Victory From Buffalos' Grasp at Rochester in Fourth Innings—2 Games To-day.

Rain yesterday postponed all the games in the Eastern League, altho Buffalo had Rochester in the fourth innings 4 to 0, but were forced to quit and yet some people say Rochester isn't lucky. Two games will be played to-day at Diamond Park and as an excursion is being run from St. Mary's, a large crowd should be on hand, especially as this is ladies' day. Two games will also be played to-morrow, the Leafs having a postponed game with the Royals from the last trip, while on Thursday, which is an off day with the two teams, the postponed game of yesterday will be played.

On the recent eastern trip Montreal made the best showing of the four western clubs, while Toronto had three wins, eight losses and one tie, altho, according to those on the trip, the Leafs were entitled to at least three of the games lost, but bad decisions by the umpires gave the home team a victory.

Pfeffer and Rudolph will likely be the twirlers for the Leafs to-day, while Casey may use Wicker and Keefe. The games are at 2 and 4.

Only one game was finished in the big leagues, Philadelphia defeating Washington and moving up into first place in the American. In the National Pittsburg and New York played an eight innings tie, 2 to 2, sensational fielding by the Giants robbing the Pirates of a victory.

CINCINNATI, Aug. 16.—The National Baseball Commission in session here to-day, has given a decision that the St. Paul American Association Club must pay the New York National team $1000 for Catcher Tom Needham. The New York's claim against the St. Paul Club for $500 for Pitcher Holmes was not allowed, Holmes reverting to the New York Club. The Pittsburg Club was ordered to pay $300 to the Wilkesbarre Club for failing to keep an exhibition date on July 18.

WICHITA, Kas., Aug. 16.—Manager Holland of the Wichita Club of the Western Baseball League has sold out Fielder Willis R. Cole to the Chicago American League Club, to report at once. The price was $2500.

CHATTANOOGA, Tenn., Aug. 16.—The Chattanooga, South Atlantic, Baseball Club, has sold First Baseman Wheeler Johnson to the Cincinnati Club; Second Baseman Forbes Alcock to the Brooklyn Club, and Pitcher James Baskette to the Cleveland Club. Johnson and Baskette brought $1500 each and Alcock $1200. They will be delivered at the end of the season.

Pitcher Finlayson has joined the Rochester team.

Jake Thielman, last year with Toronto, but now with Louisville, held Minneapolis down to two hits Sunday, but lost 1 to 0. Louisville had three errors.

Southpaw Jacobson, formerly of Toronto, is now twirling for Columbus.

Philadelphia Athletics have taken eleven games out of fifteen from Detroit Tigers, eight of these being won by Mack's left-handed flinger Krause.

Claude Rossman, the Detroit first baseman, has gone back in his fielding, besides losing his throwing arm.

PITTSBURG, Aug. 16.—Secretary Fred Knowles of the New York Baseball Club, who was overcome by heat during the game at Chicago yesterday, was confined to his bed to-day, but will leave for Philadelphia to-night with the team.

EASTERN LEAGUE AVERAGES.

Second-Baseman Gardner of the Jersey City team is the leading swatter of the Eastern League, with an average of .326 for 56 games; then comes Fred Mitchell, the heavy-hitting catcher of our own Leafs, with .317 for 70 games. McDonald of the Leafs is hitting the leather with a vengeance, and has an average of .346 for 12 games.

Osborne, the new right-fielder secured by Rochester, is breaking in with the goods in Eastern League company, and has collected .333 for 17 games, while Egan, the new twirler secured by Montreal, is hitting at the same clip, but has only played in three games.

Schmidt, the Baltimore pitcher who is taking Cassidy's place at first base, since old Pete has been canned, is getting his collection of safeties and has contributed .344 for 16 games.

Outside of Gardner and Mitchell, the best of the regulars is Strang of Baltimore, with .309 for 52 games, followed by Myron Grimshaw of the Leafs, with .307 for 91 games.

The foregoing are all the Eastern League players over the allotted mark. Kelly of Newark leads the others, with .297 for 103 games; then comes Blackburn of Providence, with .296 for 87 games. Ganzel of Rochester is third, with .294 for 87 games. Joe Yeager leads Montreal, with .284 for 81 games, while Jack White is leading the Bisons, with .286 for 107 games.

Cockill of Montreal leads the first-basemen in fielding, with an average of .994 for 92 games, having made only six errors. Pattee of Rochester is the best fielding second-baseman, with an average of .973 for 104 games, while Yeager of Montreal is the leading shortstop, with .943 for 87 games. Jimmy Frick of the Leafs is the candy fielder around third, leading the league, with .957 for 89 games. Anderson of Rochester tops the outfielders, with .983 for 78 games, and Jim McGinley paves the way for the pitchers, with .990 for 24 games, Mac only having made one error. Crisp is the leading catcher, with .980 for 49 games.

New Venezuela Cabinet.

CARACAS, Aug. 16.—The new Venezuelan cabinet was announced officially to-day as follows: Minister of the interior, Linares Aldantara (re-appointed); minister of the exterior, Gen. Juan Pietri; minister of finance, Dr. Abel Santos; minister of war, Gen. Regulo Olivares (re-appointed); minister of patronage (fomento) Raffael Carabano (re-appointed); minister of public works, Dr. J. M. Ortega-Martinez; minister of public instruction, Dr. Maldonando (re-appointed); secretary, Gen. Antonio Pimentel, governor of Caracas, Dr. Carlos Leon.

President Gomez has appointed a government council as provided for by the new constitution, consisting of ten members. They include a number of prominent politicians and several of the Castro leaders. Former Secretary-General Baptista was President Gomez's choice for president of the council. In spite of the fact that unanimous election was promised him, he positively refused the office and is about to retire from public service.

Philadelphia Win Only Game.

At Washington—Philadelphia defeated Washington handily, thereby again taking the lead in the American League, 6 to 1. Johnson was wild and ineffective in the fourth and fifth innings, when all the visitors' runs were scored. Gray relieved Johnson in the sixth innings, and the Quakers went out in their order of going to the bat in the four final rounds. Krause was very effective, especially in pinches. The feature of the game was a home run drive by Pitcher Johnson. Third-Baseman Baker crashed into the railing in front of the pavilion in trying for a foul fly and was shaken up enough to make him retire from the game, Nichols taking his place. Score:

		R.	H.	E.
Washington	0 0 1 0 0 0 0 0 0	1	8	0
Philadelphia	0 0 0 2 4 0 0 0 0	6	8	2

Batteries—Johnson, Gray and Street; Krause and Livingstone. Umpires—Egan and Evans.

Giants and Pirates Tie.

PITTSBURG, Aug. 16.—With nearly 11,000 fans yelling themselves hoarse, Pittsburg secured a run in the eighth innings of to-day's game with New York, thereby tieing the score, and was prevented from sewing up the contest in that period by the most sensational catch ever seen in this city.

A heavy downpour of rain at the close of the eighth innings stopped further play, with the score 2 to 2. Mathewson and Willis, star twirlers for the opposing teams, were on the mound, Willis having slightly the better of the argument.

In the eighth innings, with the score 2 to 1 in favor of New York, Hyatt, batting for Willis, tripled. Abbaticchio, running for him, scored the tieing run when Barbeau flied to Seymour. Leach doubled to centre, Wagner was intentionally walked, and Miller knocked out what ordinarily would have been a triple to centre, but Murray ran into Seymour's territory, and, reaching out with his bare hand, took victory out of the grasp of Pittsburg, keeping the game a tie. The visitors secured their runs in the second innings on errors. Murray was safe on Barbeau's wild throw, and Devlin reached first when Clarke muffed an easy fly. They scored on Merkle's single and Mathewson's out. Gibson scored in the third, when he tripled and came home on Barbeau's single. Score:

		R.	H.	E.
Pittsburg	0 0 1 0 0 0 0 1	2	7	3
New York	0 2 0 0 0 0 0 0	2	6	0

Batteries—Willis and Gibson; Mathewson and Meyers. Umpires—Klem and Kane.

Amateur Baseball.

With the regular schedule of Thunder Bay Basbeall League season concluded, three teams are left to play off the tie—Port Arthurs, Sonoras and Mount McKays of the Fort William series.

In the Timiskaming League game yesterday, the result was 3—1 in favor of Haileybury against New Liskeard at Haileybury.

The Acmes will practice to-night, holding a meeting afterwards at 539 West Queen-street.

At Clinton, in a Western League game of baseball played last evening between Goderich and Clinton, the local team was defeated by 5 to 4. B. Potts of Goderich acted as umpire. The Citizens' Band was in attendance.

The following players of the Shamrock baseball team are requested to turn out to practise this evening at 6.30 o'clock at Bickford Park: Goddard, Cooney, Nelson, Peer, Cole, Calhoun, Quance, Lee, Taylor Spring and Berry.

The Penetanguishene Hotel baseball team will journey to Midland on Wednesday Aug. 18, and play the Queen's Hotel team of that place. The Penetanguishene Hotel have a good nine this year and expect to win out. The battery for Penetanguishene Hotel will be Tyner and Way.

The crowd at Stanley Park on Saturday were treated to two good fast games on the north-side grounds. The teams are all considerably strengthened now, and are certainly playing good ball. The first game, at 2 o'clock, resulted in favor of the Jerseys by 5—2. Monteith's pitching was the main feature, he striking out eleven men. In the 4 o'clock game, the Strollers had it on the Dufferins by 4 to 2. Graham, for the Strollers, was close to making it a no-hit game, but the Dufferins landed three hits in the ninth, scoring their only runs. A nice running catch by Nevins for the Dufferins was the main feature. Standing of the league:

	Won.	Lost.	P.C.
Dufferins	10	4	.714
Bohemians	6	6	.500
Jerseys	5	7	.416
Strollers	5	9	.357

The officers and members of the Yale A. C. are requested to be at Scarboro Beach Clubhouse at 8 o'clock to-night, as some important matters have to be discussed. The club would like to hear from any Rugby or association football players or any other athletes. Any person wishing to join should attend this meeting.

Western Ontario Championship.

WATFORD, Aug. 16.—Sarnia and the Arkona Giants met on the local diamond this evening in the first game to decide the championship of Western Ontario. The nine from the county town won out by a score of 8 to 5. Sarnia outhit the Giants by 11 to 7, the visitors touching Stan. Smith, the Giant pitcher, for four runs in the first innings, which practically decided the game.

Vanderbilt's Horse Wins.

PARIS, Aug. 16.—The Prix Mont Canisy was run at Deauville to-day and won by W. K. Vanderbilt's Silver Streak. His Seprenteau ran in the Prix Touques and finished second.

Death of Cope Stinson.

BRANTFORD, Aug. 16.—The body of R. C. (Cope) Stinson was brought here to-day, the deceased having passed away at the Guelph Hospital yesterday. Mr. Stinson fifteen years ago was considered without a peer in America as a trainer of thorobred horses, having had charge of the famous stable of Miller & Sibley, Franklin, Pa., also that of Corbett, in California. He developed such well-known horses as Patron, Houri, Princess, Clara, Geneva and others, which won many rich American stakes. Harry Stinson, the well-known horseman, is a son of the deceased. Interment takes place here on Tuesday.

Hamburg Belle and Uhlan.

CLEVELAND, O., Aug. 16.—Hamburg Belle, 2.02¾, and Uhlan, 2.03¾, the two sensational trotters of the year, may meet in a match race at North Randall track Aug. 25. John E. Madden, owner of Hamburg Belle, wired officials of the Racing Association here to-day his acceptance to race his mare against her own mark on the track on that day and included in his message a challenge to Charles Sanders, owner of Uhlan, for a match race. Madden says he is willing to post $2500 as a side bet that his mare will beat Uhlan. An effort is being made to get in communication with Sanders, who is in Buffalo, and close the arrangements for the race.

Hamburg Belle is still here and will race against her mark on Aug. 25, when a one-day meeting is to be held at North Randall. The proceeds will go to charity.

Twice in One Day.

"Jersey" Baldwin, who has a reputation as a boxer in the city, figured largely in the police court yesterday. In the morning he was fined $5 and costs for being disorderly with a lady and at the afternoon court he and two other young men, Ernest Potter and Thos. Mills, were charged with throwing stones at a policeman. Potter turned king's evidence and was allowed to go, but the others were fined $5 and costs or ten days and they took the ten days.

Tunnel Worker Drowned.

WINDSOR, Aug. 16.—(Special.)—Frank Copeland, a laborer employed by the Tunnel Construction Company, tripped over a rope while on a scow and fell headlong into the river between the end of the scow and a section of the big tube. He was drawn under and drowned.

An Attack on the Knights.

MONTREAL, Aug. 16.—(Special.)—The Verite, the advanced clerical organ, is out with another article against the Knights of Columbus, saying: "How much longer will French-Canadians allow themselves to be the stepping-stone for the Irish as assimilators in the United States and to Freemasons and Orangemen in the Province of Ontario?"

Firemen Resign.

ST. JOHN, N.B., Aug. 16.—(Special.)—As a result of difficulties with Fire Chief Kerr, nearly the entire force at No. 1 engine house resigned in a body to-night.

GAS WRECKS BUILDING TEN PERSONS ARE HURT

Seven Other Buildings Catch Fire in Cleveland—Damage is Placed at $100,000.

CLEVELAND, Ohio, Aug. 16.—Seven men and three women, two of whom may not recover, were injured early to-day when an explosion of natural gas wrecked the four-storey building occupied by the Wirick Moving and Storage Co. The debris caught fire and was practically consumed.

The roof of the building was lifted high in the air. On the north side the falling wall crashed in upon T. M. McCleary's saloon, causing considerable damage. The south wall almost demolished J. C. McIntyre's meat shop.

Immediately following the explosion seven buildings in the neighborhood were afire and a conflagration threatened the district, but quick work on the part of the firemen saved them.

Most of the injured were employed in the storage building. The explosion occurred in the basement. Four team drivers in the rear of the building were caught in the falling debris. As the flames raged near them they were rescued with difficulty by the firemen and spectators.

Pedestrians upon the street were slightly injured by falling bricks hurled high in the air. Two or three others were slightly injured by a runaway horse, frightened by the explosion.

Frank Wirick, manager of the storage house, was badly burned. Firemen were overcome by smoke. Many women in the neighborhood fainted from fright. The total loss probably will approximate $100,000.

Village Fire-Swept.

BUFFALO, Aug. 16.—Word was brought here to-day of the practical wiping out by fire of the Village of Pike, Wyoming County, on Sunday. All the stores on the main street and many houses were burned. The loss is placed at $75,000.

Penetanguishene Hotel Regatta.

PENETANGUISHENE, Ont., Aug. 16.—The Penetanguishene Hotel held its annual regatta on Saturday on the Georgian Bay. The weather was ideal and the rivalry keen, which caused many hair-raising finishes. Many launches and yachts came on the scene, which made it very picturesque. The judges, Mr. Sobernheimer of Philadelphia, Mr. Taylor of Toronto and Mr. Gambrill of St. Louis, Mo., are to be congratulated on their work, and Mr. W. S. James of New York also comes in for a large share of praise for his magnificent work in the capacity of starter. He got all the races away well and sharp on time, and not a kick of any kind could be registered against his efforts. The management wish to thank the many guests for their kindness in donating so liberally to the prize list fund. No accidents marred the day's sport, altho there were a few upsets in the crab race. A costumed dance in the evening concluded a most successful regatta, and Mr. Sobernheimer presented the prizes to the successful competitors. Results:

American Quoiting Championship.

LONDON, Aug. 16. — The annual tournament of the Forest City Quoiting Club is to be held on their new grounds on Sept. 16, 17 and 18, and will be the occasion for deciding the championship of America.

An old Rocky Mountain guide, whose specialty is goats, says *Dominion Ammunition* gets results with greater regularity than any other make. More than a hundred thousand other shooters in Canada will agree with him. The new *Dominion System* of inspection proves every cartridge or shot shell perfect. Lawn Tennis Program.

Owing to the shower of yesterday, all the matches in the St. Matthew's tournament were postponed, and, additional entries having been received, some slight changes appear in the original draw. The loss of one day will necessitate all matches being played sharply on schedule time to enable the program being completed by Saturday, when the majority of the players have to leave for Niagara. The ladies' open singles commence to-day, when several first-class matches are on the program. Mrs. Beard of Cleveland and Miss Steever of Chicago arrived yesterday, and both will be playing this afternoon. The star attraction for today is the match between Baird, the city and Ontario champion, and Veysey, the Montreal crack. The meeting of Witchall and Parton should also produce some very fine tennis. Arrangements are being made to accommodate an exceptionally large gallery to-morrow, when the exhibition double between Miss May Sutton and Miss Steever and Mrs. Hannam and Miss Summerhayes will provide the greatest possibilities in ladies' tennis ever seen in Toronto. To-day's program.

11 a.m.—Mrs. Cowper v. Miss Bagley, Miss Spanner v. Mrs. Hannam (final club handicap); Miss Keith v. Miss Summerhayes.

3 p.m.—Mrs. Boultbee v. Mrs. Hannam; Miss Spanner v. Mrs. Beard; Miss Fairbairn v. Miss Powell; Miss Steever v. Miss Andras.

4 p.m.—Ramsden v. Summerhayes; Newlands v. Morrow; Boultbee v. Pollook; Baird v. Veysey; Chambers v. Greentree.

5 p.m.—Chas. Dineen v. Brackenridge; Witchall v. Parton; McMaster v. Rooke; Bagley v. Codd; Goldstein v. Scheffey.

Firemen's Games at Prescott.

PRESCOTT, Aug. 16.—To-day at Prescott was the firemen's annual field day. Despite the fact that it rained all morning it cleared this afternoon and a good crowd attended the sports, which were held at the fair grounds.

Baseball match—Ogdensburg 9, Prescott 6.

Football—Red Rovers 3, Prescott 0.

Five-mile race, 12 entries— White of Brockville 1st, Barker 2nd, Cross 3rd.

Mile, half-mile, 100 yards and hurdle race were won by Little John of Prescott.

Bandsmen's race—Fortier 1st, Prevost 2nd.

100 yards, boys' race—Won by Hall.

Brewers' race—Brady and Prevost.

Mile bicycle race—Conklin 1st, Moore of Iroquois 2nd.

Firemen's race—Barton 1st, Barnes 2nd.

Horse race, free-for-all—Horse owned by Ault of Hainsville 1st, Amell of Cardinal 2nd.

The green horse race—Rankin 1st, Richmire 2nd.

Afterwards an open air concert was given by the citizens' band.

A DOCTOR'S LETTER

"I always recommend 'Black Cat' Virginia Cigarettes to my friends, and smoke nothing else myself, as they never give me a throat, and I find them excellent."

The writer of that letter is an eminent Doctor of Medicine. He could well afford to smoke Cigarettes at double the price of "Black Cats," but he has found from experience that a high-priced cigarette does not necessarily mean better quality. No matter what price you pay for Virginia Cigarettes, you cannot get better quality tobacco than that in BLACK CAT Virginia Cigarettes at

10 FOR 10 CENTS

Compare a BLACK CAT CIGARETTE with any other cigarette on the market, and you will at once recognize the superiority of this famous brand.

To test a Cigarette.—Take any Virginia Cigarette, at any price, and light it; at the same time lighting a Black Cat. Smoke from each, alternately, and pass the smoke through the nose. You will immediately detect the difference.

"Black Cats" may be obtained at all leading tobacconists.

If you cannot obtain BLACK CAT CIGARETTES at your dealer's, send ten cents in postage stamps to Adolph Frankau & Co., 232 McGill Street, Montreal, and you will receive a package of 10 BLACK CAT Cigarettes by return mail, post free.

TALENT PICK WINNERS IN THE MUD AT WINDSOR

Only Two Favorites in Front, But Bookies Are Beaten—Merrick Beats Centre Shot.

WINDSOR, Aug. 16.—(Special.)—Mud larks had their inning to-day at Windsor, only two favorites crossing the winning line. But the ability of talent to pick those horses which showed a fondness for the soft going caused the thirty-one layers who cut in, to experience a disheartening afternoon. Ben. K. Sleet and Emperor William were the only pronounced choices to win. Jockey Howard carried off the riding honors by winning with three of his mounts. Col. Jot was the favorite in the first race at three-quarters of a mile for two-year-olds, while Lumen was well thought of and was heavily played to beat the favorite. Royal Report also was well supported, while on the others it was "write your own ticket." Lumen assumed the lead at the start and was never headed, going under the wire a length in front of Royal Report. Ben K. Sleet made a show of his field in the condition race for two-year-olds, in which Paul Davis was the pacemaker to the head of the stretch. Then Howard moved up Ben Sleet and racing Paul Davis into defeat, drew away and won about as he pleased. Paul Davis had no contention for the place, while Star-Over, quoted at 50 to 1 in the betting, took 3rd place from Hickory Stick. The 3rd race brough a classy field of mudders together, of which Centre Shot and Merrick were played to the exclusion of everything else. Smiley Corbett was also nibbled at. Smiley Corbett went to the front at the start and opened up a good lead in the first quarter, closely followed by Merrick. Centre Shot was in the middle of the bunch, and pocketed most of the way. When the field rounded the far turn, Centre Shot came clear, and the Sain filly raced the pacemakers, but the effort told on her and she fell back beaten. Merrick raced Corbett into defeat, but had nothing left at the end when challenged by Sir Edward. The latter was following the pace keenly and saved ground on the turn for home and after a sharp brush with Hasty Agnes, drew away and won easily. Hasty Agnes had enough left to stall off the rush of Merrick, who came on again in the final strides.

Emperor William demonstrated his ability to run in the mud and made a show of his field, winning the mile event from Martin Doyle with ease. Anna L. Daley, who made her first start since the California meeting, found the track to her liking and romped home an easy winner from Merry Gift and Stromel. Lanigan was the choice of the talent and was held all thru the betting at even money. The favorite met with interference at the start and was caught in a jam, which cut him down and made his ultimate showing very poor.

Nettie Travey was the one really good thing handed round during the day as a winner. She went to the front at the start and was never headed. Eldorado, after repeated efforts, finally earned brackets for Ed. Gildersleeve with 30 to 1 against his chances, as he had no trouble in disposing of San Primo in the seventh and last event, and galloped home an easy winner. The summary:

FIRST RACE, maiden 2-year-old colts and geldings, selling, 6 furlongs:

1 Lumen, 109 (Mentry) .... 3—1
2 Royal Report, 109 (Lee) .... 4—1
3 Colonel Jot, 106 (Howard) .... 5—2
4 Spring Steel, 109 (Rice) .... 10—1
5 Rounder, 112 (Warren) .... 7—1
6 Tommy Wood, 106 (Rettig) .... 40—1
7 Charlie Ball, 106 (Harty) .... 40—1

Time 1.17 2-5. Winner O. Turek's blk. Orsini—Lux. Start good. Won handily by a length and a half. Place same by a length. Third easily by two lengths. Lumen assumed the lead at the start and won under restraint.

SECOND RACE, 2-year-olds, 5½ furlongs:

1 Ben K. Sleet, 106 (G. Burns) .... 4—5
2 Paul Davis, 116 (Howard) .... 2—1
3 Starover, 102 (Ganz) .... 60—1
4 Hickory Stick, 99 (Davis) .... 12—1
5 J. H. Houghton, 102 (Averitt) .... 40—1
6 John Mooney, 102 (Rice) .... 60—1
7 Sociable, 106 (Herbert) .... 10—1
8 Kilderkin, 105 (Lee) .... 100—1

Time 1.09 3-5. Winner D. Prewitt's Knight of the Thistle—Goldenrod. Start good. Won eased up by six lengths. Place ridden out by a head. Third by a head. Paul Davis beat the gate and led for the first furlong, when Ben K. Sleet went to the front, finding the going to his liking. Starover closed a big gap.

THIRD RACE, 3-year-olds and up, 5½ furlongs:

1 Sir Edward, 110 (Howard) .... 8—1
2 Hasty Agnes, 102 (Ganz) .... 15—1
3 Merrick, 107 (Reid) .... 2—1
4 Centre Shot, 109 (Troxler) .... 8—5
5 Little Osage, 107 (Sullivan) .... 30—1
6 Toy Boy, 104 (Averitt) .... 30—1
7 Mercia, 96 (Tellott) .... 100—1
8 Smiley Corbett, 114 (Mentry) .... 4—1

Time 1.09 1-5. Winner J. J. Walsh's b.h., 6, by Eddie Jones—Motto. Start good. Won handily by two lengths. Place same by a length. Third easily by a length. Smiley Corbett forced the early pace. Sir Edward came away when the stretch was reached. Centre Shot quit and could never get up.

FOURTH RACE, 3-year-olds and up, 1 mile:

1 Emperor William, 100 (Rice) .... Even
2 Martin Doyle, 109 (Harty) .... 2—1
3 Michael Angelo, 100 (Reid) .... 2—1
4 Lazarus, 100 (Wilson) .... 100—1

Time 1.44 4-5. Winner, Barney Schreiber's b.c., 3, by Sain—Larella. Start good. Won handily by three lengths. Place ridden out by a length. Third easily by five lengths. Emperor William went to the front and opened up a commanding lead. Martin Doyle outgamed Michael Angelo.

FIFTH RACE—Selling, 6 furlongs, for 3-year-olds, purse $400:

1 Anna L. Daley, 101 (Howard) .... 7—1
2 Merry Gift, 97 (Reid) .... 7—1
3 Stromeland, 107 (Rice) .... 5—1
4 Sight, 104 (Dennison) .... 50—1
5 Mozart, 107 (Booth) .... 7—1
6 Lanigan, 107 (Flynn) .... 3—5

Time 1.16 1-5. Winner F. Leppert's b.f., by Lissak—Anna Hastings. Start good. Won driving. Place easily. Anna L. Daley away fast and running to her best form; followed Merry Gift closely to stretch turn, where she moved into the lead, but had to be shaken up near end; will improve. Merry Gift liked the going and was right there for the entire trip. Stromeland had no mishaps and was not threatened much for third place. Lanigan was a distant trailer most of the way and was eased up when he fell lame, after going three furlongs. Winner entered for $500; no bid.

SIXTH RACE—Selling, 1 1-16 miles, purse $400, for 3-year-olds and up:

1 Nettie Traver, 93 (Ross) .... 7—2
2 Golconda, 101 (S. Davis) .... 8—5
3 Denver Girl, 91 (Brannon) .... 10—1
4 Procla, 93 (Paul) .... 9—2
5 Elfall, 104 (Lloyd) .... 20—1
6 Bitter Hand, 107 (Flynn) .... 25—1
7 Moscow Belle, 99 (Jackson) .... 60—1

Time 1.51 1-5. Winner W. E. Walsh's ch.f., by Lamplighter—Calamity Jane. Start good. Won cantering. Place easily. Nettie Traver ran as if much the best; indulged Bitter Hand with the lead first half, and then, after assuming first place, won cantering. Golconda began slowly, moved up steadily, but was bumped in last furlong by Denver Girl. Davis, who had the mount on Golconda, retaliated by striking Brannon with his whip. Denver Girl ran fairly well, but tired in last quarter. Procla made a good bid in first three-quarters, but quit last three furlongs from being in the heavy going. Bitter Hand quit after going a half. Winner entered for $300; no bid.

SEVENTH RACE—Selling, 1 1-16 miles, purse $400, for 3-year-olds and up:

1 Eldorado, 102 (S. Davis) .... 30—1
2 San Primo, 107 (G. Burns) .... 5—1
3 Sabado, 98 (Paul) .... 10—1
4 Orlandot, 105 (Lee) .... 8—5
5 Howard Pearson, 88 (J. Wilson) .... 20—1
6 The Thorn, 99 (Jackson) .... 12—1
7 Sister Phyllis, 94 (Tellott) .... 6—1
8 Maid Militant, 102 (Kennedy) .... 15—1
9 Rebel Queen, 101 (Reid) .... 15—1

Time 1.53 1-5. Winner E. J. Gildersleeve's ch.h., by Ethelbert—Dorotheo. Start good. Won easily. Place driving. Eldorado, running in much improved form, and suited by the going, moved up steadily first half, and, assuming lead, held the race well in hand. San Primo showed good form and most speed during early stages, but had to be hard driven in stretch to outstay Sabado. Latter, under weak handling, ran a good race, and would have been second but for interference in stretch. Orlandot lacked much early speed and ran poorly. Howard Pearson was a distant trailer first half and closed up a big gap. Rebel Queen quit badly after going a half. Maid Militant labored in the going and can do much better. Winner entered for $300; no bid.

BRITAIN AND CANADIAN INVESTMENTS.

The oft repeated assertion made by corporation organs in Canada and by Canadian financiers interested in public utility propositions, that the Whitney policy of government ownership is undermining the confidence of British investors was clearly disproved during a recent visit of a representative of The World to London and some of the English provincial towns. As matter of fact Canadian financing is confined to a very small circle in the great British money centres. London is too widely interested in financing thruout the whole known world to devote any special attention to the Whitney power policy. Few investment brokers in this large financial market have any intimate knowledge of the uproar which as being made in Ontario in connection with this movement.

Both in London and in the provincial cities, which form centres for funds for colonial investing, as well as for investment elsewhere, the highest opinion prevails as to Canadian securities, and the impression is general that confiscatory legislation will never occur under British forms of government. The integrity of investments in such countries is fully recognized, and the hullaballoo raised by a few Canadian promoters, who have a little syndicate of their own in London, is evidently confined to this coterie, and is neither a factor nor an influence so far as investments in government issues or in other good Canadian industrial securities or municipal bonds and debentures are concerned.

DIRECTORS WHO DO NOT DIRECT.

Very instructive is the result of the replies received by the controller of U.S. currency to his official letters of enquiry addressed to the directorates of national banks asking whether they had any actual knowledge of the condition of the banks whose affairs they were supposed to control. Only a quarter of the total number of directors professed knowledge and only 31 per cent. knew and approved of loans made from the bank funds, in all other cases loans were left entirely to the discretion of the responsible officers. There is of course nothing unusual in this attitude, nor is it confined to the United States. Similar conditions no doubt exist all over the civilized world, wherever there are joint stock companies. Nor are they peculiar to banks. Few directors in any company are experts in its business or care to become experts even when they restrict themselves to one concern. As for the pluralists who distribute their assistance over many companies, their energies are necessarily still further limited.

The experience gained by the controller of currency is instructive in its bearing on a common objection made to municipal ownership of public services. The opponents of the principle pretend to be greatly distressed over the prospect of city and town councils undertaking the charge of business enterprises. What, they ask, does the ordinary alderman know about the running of a street railway, or a gas work or an electric light and power service? It is quite safe to say he will know quite as much or as little as an ordinary director. Responsibility for actual operation in all cases rests with the proper officers, and a city council or a committee of the council, is in just the same position as a body of directors. Public undertakings, from a business point of view, can be managed quite as efficiently under an elected city council as under an elected board. More efficiently indeed for the public, since the disturbing element of private profit does not intervene.

NO EXHIBITION "THRILLERS."

Dr. Orr, manager of the Industrial Exhibition, merits the gratitude of the community for the stand he has taken in eliminating the so-called "thrillers" from the grand stand variety performances. The World has frequently censured the spirit which takes satisfaction in exploits that have nothing else to commend them but that they involve a risk of life or limb. The ordinary legitimate acrobatic and gymnastic feats afford quite enough excitement and nerve-tension without the "dare-devil" "dash-for-life" effects which not seldom have a fatal termination. The cost of one of these "thrillers" distributed in the improvement of the remainder of the program will yield more satisfaction to 90 per cent. of the audience.

SUNDAY ICE CREAM.

Rev. T. Albert Moore writes a letter which shows that an editorial comment written on a report of an interview given last Thursday misrepresents what he said on Sunday night. Even if he said on Thursday exactly what he declares he said on Sunday, it would appear that the misrepresentation is chiefly on the part of Mr. Moore himself. The truth is it is exceedingly difficult for reformers obsessed with an idea, or reactionaries similarly afflicted to take an impartial view of any dissent from their views.

The World has been a constant friend of the reasonable views of the Lord's Day Alliance. But the Lord's Day Alliance, like other human organizations, is occasionally unreasonable, as when it opposed Sunday street cars in Toronto. It is unreasonable when it goads the police on to the prosecution of restaurant keepers for selling ice cream. The World never advocated the sale of "ice cream in all its flavors, forms and fixtures on Sunday as openly and freely as on other days." The World's position is that restaurants are open on Sunday legally, that ice cream is a food consumed as such on Sundays in the private houses of members of the Lord's Day Alliance, and that citizens have just as much right to eat it in their restaurants as other citizens more favorably circumstanced in their homes. It is on points like this, in straining at gnats, that the Pharisees of all times discredit the movements with which they are identified. Jesus went on the Sabbath day thru the corn, and His disciples plucked the ears and ate them. The Lord's Day Alliance of the period was on hand at once. "Behold, it is not lawful," was their time-honored slogan. They had their answer.

"If ye had known what this meaneth, I will have mercy and not sacrifice, ye would not have condemned the guiltless."

The main plank of the Lord's Day Alliance is not religious observance of Sunday, but the reduction of Sunday labor to a minimum. To argue that the sale of ice cream in restaurants already open will add to Sunday labor is to misrepresent the situation. The ice cream is made on Saturday. When Rev. Mr. Moore sets up a man of straw, as he does in talking about the opening of all confectioneries and soda water fountains on Sunday, he must not identify his man of straw with The World, nor can he expect sympathy from those who wish to cultivate law-abiding tendencies among the people in the matter of Sunday observance.

ROPES FOR BATHERS.

Editor World: Recently two deaths were reported which were caused by surf-bathing. Both were unnecessary. Had there been proper protection the victims would still be able to enjoy a swim.

The beach at Coney Island is equipped with ropes, which can be grasped by a bather if he is swept off his feet. Doubtless these ropes have saved many lives.

Would it not pay this city to rope off the beaches here? A few hundred dollars worth of rope and posts would not add appreciably to the city debt. It would doubtless prove a boon to lovers of surf-bathing, lessening the risk greatly, if not, on occasions, saving valuable lives.

Watcher.

SUNDAY ICE CREAM.

Editor World: A brief editorial in The World of this morning, under the heading "Needless to Comment," requires some comment. Your own report of the sermon preached last evening in Broadway Tabernacle does not make me say, "The selling of ice cream as a food on Sundays in restaurants that are open in any case would compel the employment of 2000 people on that day."

The following is taken verbatim from the manuscript of the sermon: "If ice cream, in all its flavors, forms and fixtures, is to be sold on Sundays as openly and freely as on other days, in restaurants and confectioneries, and by all persons who are gaw, or will, engage in such saws, it will mean that fully 2000 people in this city will be required to work on Sundays."

We believe our estimate is an exceedingly conservative one. The World believes in being fair, and therefore we confidently expect this correction in as prominent a place in your paper as the "Needless to Comment" editorial, and also that you will editorially correct the inference from your incorrect statement of my address.

T. Albert Moore,
The Lord's Day Alliance of Canada.

This letter is noticed in our editorial columns.—Ed.

BOUND TO HAVE ICE CREAM

Public at Niagara Falls Made Their Own on Sunday.

NIAGARA FALLS, Ont., Aug. 16.—(Special.)—William Morwick is wroth at the Lord's Day Alliance people and is confounded at what he terms the inconsistencies of the law.

Morwick is an ice cream manufacturer and the latest dictum of the alliance is that he cannot sell ice cream to persons who go to his factory to buy it, but he is allowed to sell and deliver the cooling cream to hotels, restuarants and boarding-houses.

Determined to have ice cream many people bought sweet cream yesterday, took it home and made ice cream out of it.

"ROB ROY" QUITS FIRE DEPT

Big Grey Horse on Aerial I Retired After 12 Years.

"Rob Roy" of the famous "Scotch Grey" triple hitch of Aerial I., Lombard-street, was sold yesterday. After 12 years active service, he brought $100, and is doomed to quiet humdrum existence as a delivery nag.

"Rob Roy," "McGregor" and "Wallace" were perhaps the finest fire hitch in Canada. Their record in the fire department is certainly a credit to Chief Thompson's ability as a horse fancier, and to the care bestowed upon them by Capt. Gunn's company.

"Rob Roy" was bought for $150, served 12 years and sold for $100; "McGregor" was bought for $222, served four years, and sold for $240, the only instance of a retired fire horse bringing more than was paid for him; while "Wallace, bought for $225, three years ago, is still in active service and has been valued by disinterested experts at $500. He is 7 years old and of imported stock.

In short, the city paid $597 for the three horses, has had 19 years' work from them, and has then secured a valuation of $840 on them.

Beautiful Lake Como, at Bokak, Minn., a suburb of Lacrosse, Wis., disappeared during Sunday night, and when the residents of the village arose they saw only the sandy bottom. A dam 300 feet long at the foot of the lake had broken.

There were seven deaths from heat in Omaha, Neb., on Sunday, with the thermometer at 96.

GRADING NEARLY DONE FOR COBALT ELECTRIC RY.

Route Entrance to Haileybury is Slightly Altered—Detroit Capitalists Are Interested.

NORTH COBALT, Aug. 16.—(Special).—The grading for the electric railway from Cobalt to Haileybury is almost completed. The only delay now is that the Haileybury end where in deference to the representations of many citizens, the proposed line has been slightly altered. The change will not hamper the work, which will now be pushed with renewed effort.

Messrs. Stack & Uttley of Detroit were here to-day consulting with Messrs. Fitzpatrick, Stack & Finlan, the Canadian heads of the Nipissing Electric Railway, and the Port Cobalt Land Corporation. Messrs. Stack & Uttley are American capitalists who desire the rapid completion of the electric railway from Cobalt to Haileybury. They are heavily interested in this project. Mr. Stack is the father of R. B. Stack.

The town of North Cobalt is changing its appearance every day. Houses are springing up like mushrooms from a hot bed. Miners from Cobalt are buying lots in the townsite and putting up their own cottages to be ready before the snow falls. The Cobalt miner likes to have a plot of garden ground of his own and a house so that he can be sure he has a stake in the country.

The townsite has become a hive of industry. What it will grow to by the first of November is easily predicted when it is now known that the electric road from Cobalt to North Cobalt, about two miles, will be completed within ten weeks and cars running over it. North Cobalt is an ideal townsite, located on farming lands with a wide sweep to the lake, excellent elevation and enchanting surroundings. It is bound to be one of the big towns of New Ontario.

FARMER'S CLOSE CALL

Train Kills His Horse at a Level Crossing.

GUELPH, Aug. 16.—(Special.)—A farmer by name of William Hall, who resides near Elora, had a miraculous escape from being killed at a level crossing. He was met on the crossing by the 2.20 train from Elora. The engine struck his horse, throwing it into a fence corner about thirty feet, killing it instantly. The shock broke the tips of the shafts from Hall's buggy, but left him and his vehicle otherwise uninjured.

HOSPITAL UNDER QUARANTINE

Smallpox Attacks Four Patients at Woodstock.

WOODSTOCK, Aug. 16.—(Special.)—Woodstock Hospital is again under quarantine for smallpox. There are four cases in the institution now. The quarantine for one was raised the other day, but now the disease has appeared in four other patients, and the hospital is again under quarantine.

There are several other cases also in the city.

Assault or Suicide?

WINNIPEG, Man., Aug. 16.—Andrew Olson, a laborer on the Grand Trunk Pacific, was found by the police at midnight with a gash in his throat and a number of smaller cuts on various parts of his body and neck. He claimed that he was attacked and robbed by highwaymen, but the police believe he attempted to commit suicide.

The armored Japanese cruiser Idzuma will on Sept. 15 sail for San Francisco to take part in the naval pageant during the Portola celebration of the discovery of the Golden Gate, Oct. 19.

THE LONE, LORN WOMAN IN A NEW YORK HOTEL.

The woman who goes to New York alone is often in a quandary as to where she should stay, for, while New York is a city of hotels, all are not alike desirable, either in price or suitability for the lone, lorn woman.

One of the nicest and most convenient of hotels at which a Toronto woman visiting New York may stop is the King Edward, Forty-seventh Street West, a step from Broadway, managed by John Hood, formerly of the New Tifft House, Buffalo, N.Y., and the Royal Hotel, Hamilton, Canada.

There is something homelike about the King Edward; Mr. Hood gives you the cordial handclasp of a friend and brother, making you feel instantly that the hotel and all its comforts are yours.

And its comforts are many, from the pretty little reception room, where you may receive your friends or wait for your taxi-cab; the comfortable, home-like dining room, with excellent service, and unexcelled cooking; the writing room, with its well stocked desks, to the bed rooms with their rest-inviting beds, their easy chairs and writing table, their big clothes closets, their big, light, airy bathrooms.

The King Edward is unusually well furnished, and its service is really unsurpassed.

Courtesy is the watchword of the whole management, from Mr. Hood, himself, and room clerks, Messrs. Charles McCready and Clarence E. Baxter, down to bell boys, chambermaids, porters and waiters. One feels that nothing is too much trouble, and every effort is made to show the guest that the hotel and all in it is at her disposal.

It is most conveniently situated, both for theatres and shopping, and the Toronto woman alone in New York cannot do better than stop at the King Edward.

LED METHODIST REVOLT

Return of Rev. F. A. Cassidy Recalls Lively Event in Mission Discipline.

Rev. F. A. Cassidy, who figured prominently in the conflict when the Canadian missionaries in Japan went on strike, is in the city. Rev. Mr. Cassidy has just returned from Japan on furlough. He is now under the American Methodist Episcopal mission board.

The revolt in which Rev. Mr. Cassidy figured is recalled by his return to Toronto. His chief associate was Rev. Dr. Eby, now pastor of Zion Congregational Church. They, and the other Canadian missionaries in Japan, claimed that they should have control of the propaganda there.

Rev. Dr. Eby went ahead on that theory and had an imposing tabernacle erected at Tokio, which is even now the largest Protestant mission church in Japan.

Dr. Eby and Rev. Mr. Cassidy made fervid appeals personally to the general conference for enlarged powers for the missionaries in Japan, but the authority of the board in Canada was sustained.

The upshot was Dr. Eby's leaving the foreign work and Rev. Mr. Cassidy taking shelter under the wing of the American board.

Rev. Mr. Cassidy, with his wife and two youngest children, left last night to join his two eldest children at Fergus, Ont.

NEW TELESCOPE FOR ARMY

Enables Gunner to See Enemy While Invisible to Them.

WAKEFIELD, Mass., Aug. 16.—After years of patient experimenting and improvement, in the course of which his ideas have been at times held up to ridicule, Dana Dudley of this town has just had the satisfaction of having his "pan angle" telescope adopted by the war department of the United States.

The invention is simple in its construuction, yet, it is said, may revolutionize modern warfare. It consists of reflecting lenses so arranged at angles in a tube that persons or objects above or below and on all sides may be viewed from a place of concealment.

The device as constructed for use in warfare is arranged so that even on disappearing guns or guns used in trenches and fired from any point invisible from the exterior the operator may ascertain the location of the enemy, target or other objective point without exposing himself.

WRECK IN SARNIA TUNNEL

Traffic Delayed for 12 Hours—Broken Coupling Caused it.

SARNIA, Aug.16.—(Special.)—By the breaking of a coupling in a long freight train which was being hauled out of the Sarnia tunnel, on the American side, this morning, the big tube was blocked completely for nearly 12 hours. Passenger and freight trains were badly delayed, and several had to be sent around via Windsor and across on the car ferries.

This is the first accident of any importance since the tunnel was electrified, and there were fears that the deadly electric fluid might break loose and result in some casualty, but the current was promptly cut off and the wrecking crews worked freely. Traffic was resumed shortly before 6 o'clock to-night.

The damage to the tunnel will be slight, but loss will be entailed thru the destruction of several carloads of freight.

Liability for Injured Workmen.

Farm Hands Wouldn't Strike.

STOCKHOLM, Aug. 16.—The police to-day prohibited a great demonstration that had been arranged by the strikers. The attempt to force the agricultural workers to go on strike and refuse to harvest the crops has proved a failure.

Hotel proprietors are appealing to the military governor of the city for permission to supply alcoholic liquors to guests who take substantial meals in their places on the ground that the prohibition against such services is seriously affecting their tourist trade.

All the newspapers thruout the country are now appearing as usual.

AUSTRALIA'S NAVY

Men and Officers Will First Be Provided by Britain.

LONDON, Aug. 16.—(C. A. P.)—The scheme of naval defence agreed to by the Australian representatives and the admiralty is described as completely satisfactory to Australian national sentiment. The Australian fleet does not pass automatically under the control of the authorities during war, but will be placed at its disposal if, when the necessity arises, and recognized in war ktime, the navy must be under a central control. Ample provision will be made for an interchange of officers, tho for some time the imperial navy must supply officers and men. No Dreadnought will be given, the money being spent on cruisers.

AVIATOR CURTIS HURT

Wind Catches His Aeroplane and it is Seriously Damaged.

RHEIMS, France, Aug. 16.—Guy Curtiss, the American aviator, met with an accident during a trial flight to-day.

The accident was due to a large gust of wind catching the aeroplane crosswise and causing it to strike the ground hard on its side. It is stated that the aeroplane was damaged greater than at first appeared and it is feared that repairing it possibly will be a long operation and even may preclude Mr. Curtiss' participation in the first days of the meeting.

Mr. Curtiss is suffering from shock and bruises, tho his condition is not serious.

A hurricane, accompanied by hail and torrents of rain, swept over the aerodrome to-night, unroofing a number of sheds.

HAD BROTHER IN TORONTO.

ST. JOHN, N.B., Aug. 16.—(Special.)—Lawrence Belding, who was crushed to death at Cardinal, Ont., Sunday night, was the son of A. M. Belding, editor of The St. John Times. A brother is Walter Belding, accountant in the Bank of Nova Scotia, in Toronto.

Deceased fell from a steamer and was crushed between the boat and the wharf.

Amusements

Clever Cats at Shea's.

The lowly cat in vaudeville is an innovation, but in Sibons' Troupe, which Shea's management have secured for this week, the feline comes to the front rank as an entertainer with a bound. To see Silbon's kit of kittens is to be convinced that the cat is as brainy and teachable as other domestic animals. In the troupe is a high diving cat, an acrobatic, loop-the-loop cat, a clownish cat and other cats, and all seem to enter into the fun of the performance like a bunch of monkeys. The Silbons also have a performing pony, which responds quickly and correctly to all commands.

The program bristles with clever entertaining features, including slack wire and acrobatic turns, comedy skits, good singing and a farce play which hasn't a weak spot. It would be hard to imagine how two men and two women could become so involved, matrimonially, socially and otherwise, and concoct so many ludicrous situations as Eva Taylor and her three assistants in "Chums" work off. They are all clever and speak and move so naturally and impulsively that they carry the audience right along with them.

Leona Thurber and Harry Madison present a comedy which they call "A Shopping Tour," but the outstanding feature of the number is Madison's antics in attemnpting a burlesque on various popular dances.

The Idanias Troupe of Gymnasts, all girls, show astonishing physical development and perform tricks on the rings which formerly only men attempted. The moving pictures are also novel and entertaining.

At the Star.

This week's attraction at the Star is one of the best shows that have been seen in burlesque for some time. It is staged under the title of "The Moulin Rouge Burlesquers" and is replete with catchy music, pretty girls and good comedy. The first burletta vividly depicts the gay life that is led by the frequenters of that fashionable Parisian resort, the Moulin Rouge, and it introduces American tourists in all spheres of life, while great scope is given to the comedians, Joe Emerson and Murray J. Simons, who are laughmakers of extraordinary ability. They are ably supported by Marie Fisher, Cherry Bonner and Julia Sinclair. The olio is exceptionally entertaining. It introduces Fisher and Bonner in a catchy song and dance act, Kaufman and Sawtelee, character singing, Murray Simons, the laugh manufacturer, and Prevost and Brown in a feature boxing stunt that is worth seeing if the rest of the show is missed. The last burletta is an amusing satire on Othello and Desdemona.

STOLE FOR EACH OTHER

Hugh McDonald and John La Page, Close Friends, Arrested.

Hugh McDonald, 29 Alexander-street, ward seven, and John La Page, 45 Augusta-avenue, are friends. They were also both employed as nightwatchmen, McDonald by the Comfort Soap Company and La Page by the Heintzman Piano Company. Both were arrested yesterday afternoon by Detective Mitchell charged with theft from their respective employers.

The story goes that McDonald was building a house and La Page knowing that lumber would be acceptable, stole lumber for him. McDonald, not to be outdone in generosity, stole a box of soap for his friend. This looked like easy money to both, so they kept it up.

McDonald stole soap and sold it to a Queen-street storekeeper and La Page having lady friends, traded silk for favors. Yesterday Detective Mitchell found a quantity of this silk which he says is stolen from the Heintzman Company. Some of it was discovered at the house of Thos. Golding, whose wife in on remand for attempted suicide and more was discovered at a house at 1 Terry-place.

OBITUARY.

George McGillies.

NORTH BAY, Aug. 16.—(Special.)—The sudden death of Geo. McGillies, merchant, just before noon to-day, was a great shock to the community. He was apparently in his usual health, but about eleven o'clock complained of pain in the head and lay down on a sofa, lapsing into unconsciousness. Mr. McGillies was born at Bristol, Quebec, fifty-seven years ago, and has been a resident of North Bay for twenty-five years, with the exception of two years at Ottawa. He was married at Huntsville twenty-one years ago to Miss Spiers, who survives with two children, Vada, aged sixteen, and Chesley, aged four.

Sidney Adlard.

The death of Sidney Adlard, for many years clerk in the civic parks department, occurred at his home 42 Wood-street, yesterday.

Mr. Adlard had been in ill-health for a long time. About two years ago, he obtained leave of absence and resigned a few months later. He was 68 years of age.

At Brantford—Henry Butterworth, real estate dealer; and Copeland Stinson, horseman; both old residents.

At Winnipeg—A. D. Percy, formerly of Perth, railway conductor, as the result of an accident. He leaves a widow and five children.

At Washington—Brig.-Gen. Edwin Townsend (retired), aged 76.

James E. Willows died at his home, 100 Morse-street, on Monday, after an illness of six weeks. The late Mr. Willows was in his 42nd year. He was born at Holland's Landing, near Newmarket, but came to Toronto when quite young. Deceased was a member of the Church of England. He is survived by his wife, one son and a sister. He was a member of the Royal Canadian Bicycle Club. For a number of years he has held the position of chairman of the Canadian Wheelmen's Association.

At London, Ont.—Samuel Glass, late deputy sheriff of Middlesex; born in London in 1835.

TELEGRAPHIC BRIEFS.

NORTHCLIFFE'S FLOP

Continued From Page 1.

who have surplus wealth and can be systematically bled. With plausible speakers on the Liberal side to show how equitable it is, and how broad a field is opened for social reform, it is proving an interesting and a popular budget.

Tide Has Turned.

What is the conclusion to which the powerful newspaper owner is driven? The tide has turned and Radicalism is floating back into popularity. That is the moral of the articles and paragraphs in his various journals. A little while ago they were asserting that the budget would be hung up in a constitutional crisis, and now they are confessing that the masses are behind it and that there must be no more idle talk about its rejection when it reaches the upper chamber. A fortnight ago they were denouncing the recklessness of cabinet socialism; and already they themselves are reverting to social reforms, such as insurance against old age, sickness and unemployment, and contending that these policies must be taken up by the Unionists when they return to power, and worked out, not at the expense of the landlords and the millionaires, but by systematic taxation of foreign importers. If Lord Northcliffe and his various editors have an accurate understanding of the state of public opinion, it must be inferred that the attack upon the budget has failed, and that the Unionists, instead of falling back upon the landholding peers, will act with discretion and judgment if they allow it to go thru.

Unionist Tactics.

Is there no alternative scheme of Unionists attack? The Morning Post has taken a line of its own all along, and the Unionist press is now following it, after wasting time in thoughtless and ineffective campaigning. This is consistent exposition of tariff reform as a method of promoting the welfare of the working classes by increasing employment, raising wages, defending the home market against foreign raiding and obtaining revenues for imperial defence and social reforms without plundering the wealthy classes and driving capital out of the country. That is better strategy, without doubt, than fighting over the land section of the finance bill or raising technical issues over the right of the lords to do what it has not done for two hundred and fifty years.

The Unionists, however, have delayed their educational work until the Liberals have taken the field and commanded the attention of the electorate. Mr. Balfour has been possessed, or obsessed, with the idea that the general elections can be carried without saying much about tariff reform or giving the masses anything to think about. That is not the opinion of the well informed journalists, whose influence in British politics has never been exerted more powerfully than it is at present.

NOT ENOUGH HARVESTERS

Saskatchewan Farmers Offering $3.00 a Day and Board.

REGINA, Sask., Aug. 16.—(Special.)—There are incipient signs of a labor famine in connection with the gathering of Sackatchewan's harvest, and at points o nthe area farmers are offering as much as $3 a day and board, without obtaining the required help.

The great heat of the last ten days has brought harvesting on with a rush, with the result that cutting has started at scores of places in southern Saskatchewan at least a week earlier than was anticipated, with the result that no labor is available.

The handful of men who arrived here yesterday from the east were at once snapped up, and at the present time there are points south of the C. P. R. main line which could easily absorb a hundred men each with no prospect that the want will be supplied until the next excursion arrives from the east.

And even with the arrival of the remaining excursions, judging from information received by the agricultural department here, from Winnipeg, it appears doubtful whether the supply will be equal to the demand. Certainly there should not be an idle man in Saskatchewan for the next two months.

ULTIMATUM DELIVERED

Pressed Steel Car Company Gives Employes Until Friday to Return.

PITTSBURG, Aug. 16.—Quiet reigns to-night at the plants of the Pressed Steel Car Company at Schoenville, where 3500 employes have been on a strike for five weeks. Operations on a reduced scale were started to-day at the works. With the men brought here to-day it is claimed that nearly 2500 workmen are lodged at the plant prepared to take the places of the strikers.

The company has given its [illegible] employes until Friday to return to work and it is alleged that if they refuse they, with their families, will be evicted at that time from the company houses.

BRYCE TO MEET LUMBERMEN

But Only After Laurier Had Given Consent.

ST. JOHN, N.B., Aug. 16.—(Special.)—Hon. James Bryce, British ambassador to the United States, arrived in the city at midnight. He will address the Canadian Club Tuesday night.

Mr. Bryce declined to be interviewed, but after the luncheon to-morrow night he will meet a delegation of lumbermen. As the St. John River Commission is still in session the ambassador would take no steps in regard to meeting the lumbermen until he had wired Sir Wilfrid Laurier to obtain his consent. Mr. Bryce was met here by Premier Hazen and officials of the Canadian Club. He dines with the premier to-morrow.

An Earthquake Recorded.

WASHINGTON, Aug. 16.—An earthquake of moderate intensity was recorded early to-day by the seismograph in the weather bureau. Beginning at 2.05 a.m., it continued nearly an hour.

It was estimated that the origin of the disturbance was about 2500 miles distant, either in California or the Pacific coast of Mexico, or in the vicinity of the Azores.

Deadly Heat.

ST. LOUIS, Aug. 16.—Two men died of the heat to-day and nine additional deaths from the heat which occurred Saturday and Sunday became known to-day. The government thermometer registered 90 degrees at noon.

WORLD'S GREATEST FARM 20,000 ACRES OF WHEAT

This Year's Crop Valued at $325,000—Managed by Exact Business Methods.

CASSELTON, N.D., Aug. 16.—Near this town is the biggest wheat farm in the world, a farm famous three decades ago as the visiting place of President Hayes and his cabinet. Hayes wanted to see the "wild western country," and to talk with old Oliver Dalrymple, a hard-headed Scotchman, and the first "bonanza" farmer. The presidential party was jolted over rough tracks and didn't see nearly all its then 100,000 acres because they were afraid of getting their shoes muddy.

Oliver Dalrymple is dead and his two sons run the farm now, but on the latest scientific principles. John one of the sons, is in actual charge of the farm—he is the producing end of the firm of brothers. William, the other, attends to the marketing end from his offices on the Duluth Board of Trade.

Here are the big features of this wonderful place:

1. Twenty thousand acres are under cultivation.

2. Three thousand acres are idle for renewal of fertility of soil.

3. Five hundred thousand bushels of grain are being harvested there.

4. Three hundred and twenty-five thousand dollars will be the value of this year's crop.

5. Three hundred men are employed.

6. Telephones helped raise crops there before the City of Buffalo had them.

7. Wheat, rye, barley, oats and flax are raised.

8. Six grain elevators are operated by the farm.

9. All the foremen of divisions have automobiles.

10. The farm's motto is: "CLEAR LAND AND HIGH CULTIVATION."

The farm now covers a strip of land along the Great Northern Railroad for eight miles, and comprises 36 sections—23,000 acres. Before you have been in Casselton and your people will tell you about this farm—how it is split up into eight divisions, each with its division superintendent, each superintendent with his automobile.

Standing back from a black, loamy road in a grove is the home of Bopanza Farmer Dalrymple. The house is a two-story white frame structure, just like that of any farmer with 1-100th the acreage that Dalrymple has. The trees surrounding the place are young, growing trees. Like all the comforts of the bonanza farmer, these trees came with the second generation.

Farmer Dalrymple might be Broker Dalrymple to all appearances. Tall, erect—he is only 35—he has streaks of premature gray hair which show that the bonanza farmer doesn't live for his health alone.

Wearing a white shirt, patent leather shoes, smoking a cigaret of London manufacture, this man, you might say after seeing him, COULDN'T be a farmer. That impression lasted only as long as Farmer Dalrymple didn't begin to talk shop.

Then you know he is a farmer all thru.

"What has Patten done for the people up here?" I asked him after he had discussed the early history of this most remarkable of bonanza farms.

"Patten has benefited us rather than worked a detriment. The farmers ought to build Patten a gold monument. You see, there are so many people who are benefited by the high wheat market now, and so few are losers because of Patten. The losers are far away from here, too."

"How do you go about it to get A1 wheat out of the ground?"

"Our slogan here on the farm is, 'Clear land and a high cultivation raise the maximum crops.' Our only means of keeping the land fertile are diversified crops and what I call barren summer fallow.

"This farm was made out of virgin soil at the rate of 5000 acres a year. Each year we reserve some of the overworked land, let it lie idle and plow it several times. Next season it is ready for a big crop. We formerly raised wheat alone. Now we raise barley, flax, rye and oats, too. If one of these crops fails, another may be a winner."

"Do you think the farmer is better off in the country than the man in the city?"

"Indeed I do. I always have thought so. Of course city life is a kind of a mystery to me," and I wondered at that statement.

"Country life means healthy life and long life. I think that while the younger men on the farm should go to agricultural schools if they can, it is not absolutely necessary.

"Take a good smart boy in the field and he'll learn a lot of practice and miss a lot of useless theory about farming."

Within a stone's throw of the porch where sat this master of 23,000 acres, a line of harvesters was whirring, starting on the first of the 15,000 acres of wheat that stood brown and ready. Across the road a thrashing outfit, one of several owned by Dalrymple, was thrashing the oat crop. It stood against a bright Dakota sunlight as a ghostlike thing. Trembling, its two arms eternally were busy: one seized the grain by the sheaf and shoved it into its mechanical maw. The other arm, shifting here and there, threw from the thrasher's vitals the useless chaff, while the grain itself alone remained nearby.

Hundreds of men were toiling in the fields; women were busy in the commissary house opposite the Dalrymple country seat, getting their dinner. Harvesters were humming, thrashers were groaning, horses were panting, all obeying the system which Dalrymple, the bonanza farmer, has worked out.

"Well, goodby," he said, "I've got to go to my office."

This was on a 23,000-acre farm, mind you.

"It must keep you busy keeping track of things."

"Yes, it does," he answered, "but we keep everything in order by our telephone system. We had our own telephone system here before the City of Buffalo ever had an instrument in operation there. And still some people call this a wilderness!"

USE KNIFE ON IDIOTS

Surgical Cure is Declared to Be Contrary to Bible Teaching.

SEATTLE, Wash., Aug. 16.—The American Prison Association spent most of the session to-day in heated debate on a paper written by Dr. H. C. Sharp, formerly surgeon in the Indianapolis Reformatory, on the Indiana plan of performing surgical operations on hopeless idiots, confirmed criminals.

In the absence of Dr. Sharp, his paper was read by Amos W. Sutler of Indianapolis. During a discussion of the outdoor plan of treating convicts, every speaker told of the good results of banishing armed guards and putting the prisoners on honor.

Debate of the Indiana plan was begun by a delegate moving that Dr. Sharp's paper be suppressed on the ground that the Indiana plan was contrary to the Bible. One delegate objected to the continuation of the debate before women who composed a third of the audience. Thereupon the women delegates took part in the controversy led by Mrs. Deborah C. Weeks, president of the Philadelphia Social Purity League.

Mrs. R. L. Eastwood of South Dakota advocated the chloroforming of idiots, and this made the delegates laugh.

During the debate, it was announced that Connecticut and California had followed Indiana. The motion to suppress Dr. Sharp's paper was not put to a vote.

REACHING THE FARMER

Difficult to Do it From Platform, Says Putnam.

PORTLAND, Ore., Aug. 16.—Delegates are in this city to attend the convention of the National Association of Farmers' Institute Workers and the American Association of Agricultural Colleges and Experiment Stations.

President Ellsworth in his annual address declared that too many men engaged in the work were theorists. He urged that the work be kept entirely outside of politics.

Prof. G. A. Putnam of Toronto, Ont., created a lively discussion by an address on "Institute Organization." He asserted that farmers' institutes were not reaching the farmer to the extent they should, principally because they were held in towns. He said it was difficult to convince farmers from the platform.

MAN WHO KICKED A CAT SUED BY COOK FOR $100,000.

NEW YORK, Aug. 16.—Ernest W. Smellie, the New York manager of a glove manufacturing firm, has been sued for $100,000 by Emily Jones, his cook, because, it is charged, he kicked the cat thru a window screen. The cook says her eyes were filled with a shower of small particles of rusty iron wire as the cat sailed outward and she estimates the damage to her sight and her lessened chances of matrimony at the sum named.

Coal Output of Pennsylvania.

The total production of coal in Pennsylvania in 1908, as reported by the United States Geological Survey, was 200,448,281 short tons, having a spot value of $276,995,152. This included 74,347,102 long tons (equivalent to 83,268,754 short tons) of anthracite, with a spot value of $158,178,849, and 117,179,527 short tons of bituminous, with a spot value of $118,816,303.

The aggregate production of both kinds in 1908 showed a decrease of 35,299,208 short tons, or 14.97 per cent. in the quantity and of $42,252,930, or 13.24 per cent. in the value from that of 1907.

The decrease in the production of bituminous coal in Pennsylvania from 1907 to 1908 was 32,963,650 short tons, or 21.95 per cent. in quantity and $36,847,723, or 23.67 per cent. in value.

The number of men employed in the coal mines of Pennsylvania in 1908 showed an increase of 9606 over 1907, the number reported in 1908 being 340,135. Of this number 174,174 were in the anthracite mines, against 167,234 in 1907, and the bituminous mine workers increased from 163,295 to 165,961.

The daily average per man in 1908 was 2.13 long tons (2.39 short tons), of anthracite and 3.51 short tons of bituminous coal. In 1907 the average production per man was 2.08 long tons (2.33 short tons) of anthracite and 3.61 short tons of bituminous coal.

M. R. Campbell of the United States Geological Survey places the amount of coal originally in the anthracite fields of Pennsylvania at 21,000,000,000 short tons and in the bituminous fields at 112,574,000,000 short tons.

Universal Peace Union.

MYSTIC, Conn., Aug. 16.—Gathered for the purpose of promoting peace the world over, the delegates to the 43rd annual convention of the Universal Peace Union formally organized this morning for the three days' session at the Peace Temple in the Grove.

Welcoming addresses were mad by President Alfred H. Love of Philadelphia, Palmer G. Whipple, president of the Connecticut branch, and others. At the afternoon session the report of the year's work was made by the president.

An address on "Educational Peace" was delivered by Dr. Jesse Holmes of Swarthmore College, in the course of which he reviewed his work among the colleges of peace.

Italian Counterfeiter Arrested.

PHILADELPHIA, Aug. 16.—With the arrest of Guiseppe Specca of New York, secret service operatives believe they have unearthed a counterfeiting plot of an unusual kind. Specca is alleged to be in league with a band of counterfeiters who have their plant in Italy, manufacturing spurious American silver certificates.

Wonderful Shooting.

CAMP PERRY, Ohio, Aug. 16.—The marksmen of the United States marine corps threshed the camp to-day in the Cadrow Match and one of them, Sergt. J. H. Hingle of New York, broke the world's record for seven shots at 800, 900 and 1000 yards. Hingle made a perfect score at each range.

900,000,000 BUSHELS AMERICA'S WHEAT CROP

Export to Europe Has Fallen Off Because of Good Supply From Russia.

NEW YORK, Aug. 16.—The Herald's weekly review of the grain situation says:

Low prices for the season thus far were made last week in the wheat market of America, under the influence of the government crop report, indicating much larger crops than had previously been estimated, the influence of fairly favorable weather for harvesting, very optimistic reports on the Canadian crop and a decided lack of foreign interest in export wheat. At the close of the week prices rallied 2c to 2 1-2c, on rains delaying harvest in the Northwest and strength of cash wheat.

The government report on winter wheat was so favorable that a little doubt was expressed of the actual outturn reaching the government figures owing to the complaints of damage and inferior quality of the crop in the eastern sections. The government figures on the winter wheat crop point to a total outturn only about 5,000,000 bushels less than the government figures for last year, but apparently 20,000,000 bushels more than was actually harvested last year, judging by the distribution and the carry over.

The report on spring wheat showed but slight deterioration and the total estimated crop was placed at 723,000,000 bushels spring and winter. Trade papers in the Northwest are even more optimistic than the government's report regarding the crop in the three Northwestern states and estimates have been in circulation as high as 60,000,000 bushels for the three states. The government report indicated 235,000,000 bushels. Either figure will be a record breaking crop. Some damage is admitted from various ills which wheat is heir to since July 1, particularly from too much rain, altho conservative opinion does not apparently admit that the damage has been serious excepting in limited localities.

A government report from Canada was given out on Tuesday pointing to a possible crop in all Canada of 175,000,000 bushels. Such figures are considerably in excess of the trade opinions. If, however, the crop as estimated is obtained, it will give a total output for North America of just under 900,000,000 bushels, far exceeding any previous crop. The carry over of old wheat in the United States and Canada is not far from 50,000,000 bushels, giving a gross supply for the year of approximately 950,000,000 bushels maximum. The total requirements, American and Canadian, may be conservatively estimated at 625,000,000 bushels for food and seed, which would leave 325,000,000 for export and carry over the coming year.

Even if the crops actually harvested are 50,000,000 bushels less than these maximum figures, it will still leave a gross supply of 900,000,000 bushels, and with a carry over next year raised to 75,000,000 bushels, the export supply for the season would be easily 200,000,000 bushels. Europe apparently is impressed with the size of the American crop and is burdened at present with heavy efferings of new Russian wheat. The weather conditions have also been favorable for the maturing and gathering of the new crop in western Europe, and the new wheat is coming on the market in competition with fairly liberal arrivals of old wheat shipped from other countries and also in competition with the pressing offerings of new Russian. These conditions have told against the export demand for wheat in America, and the volume of business has been very limited. Usually at this season of the year a very large amount of wheat is under contract to go out. This season the amount seems to be comparatively small.

INDICT UNNAMED MAN

Grand Larceny Charged Against Young New York Broker.

NEW YORK, Aug. 16.—Two indictments for grand larceny were returned by the grand jury to-day against Donald L. Persch, the note broker, who is now under $50,000 bail in the Tombs Prison, under charges in connection with the sale of collateral deposited by M. H. Joyce, a broker, for a loan negotiated thru the Windsor Trust Co. A co-defendant with Persch was named in the indictment, but his name was not made public.

Persch will be arraigned before Judge Mulqueen in the court of general sessions to-morrow. His counsel will make a fight for a reduction of the $50,000 bail.

The grand jury will continue its investigation of the case to-morrow. Altho the name of the man indicted with Persch to-day was not made public, it is understood that the co-defendant in question is a man whose name has not been previously mentioned in connection with the case.

MAY LOSE BIG CONTRACTS

A Serious Situation for the Dominion Coal Company.

SYDNEY, N.S., Aug. 16.—(Special.)—A serious situation for the Dominion Coal Co. brought about by the strike at their collieries, has now, it is said, to be faced. It is this: The big buyers at Montreal are beginning to put it up to Mr. Ross, as to what he is going to do about the strike trouble.

Should some sort of a settlement not be reached soon the big coal buyers of Canada will go across the line for their 1910 supply, which will mean a loss to the Dominion Coal Co. of the St. Lawrence trade for next season.

Since the strike began, but one cargo of coal, the 4000 tons loaded by the steamer Hermod at Louisburg, has been shipped to Boston, whereas before the present labor difficulties from 40,000 to 70,000 tons a month were received.

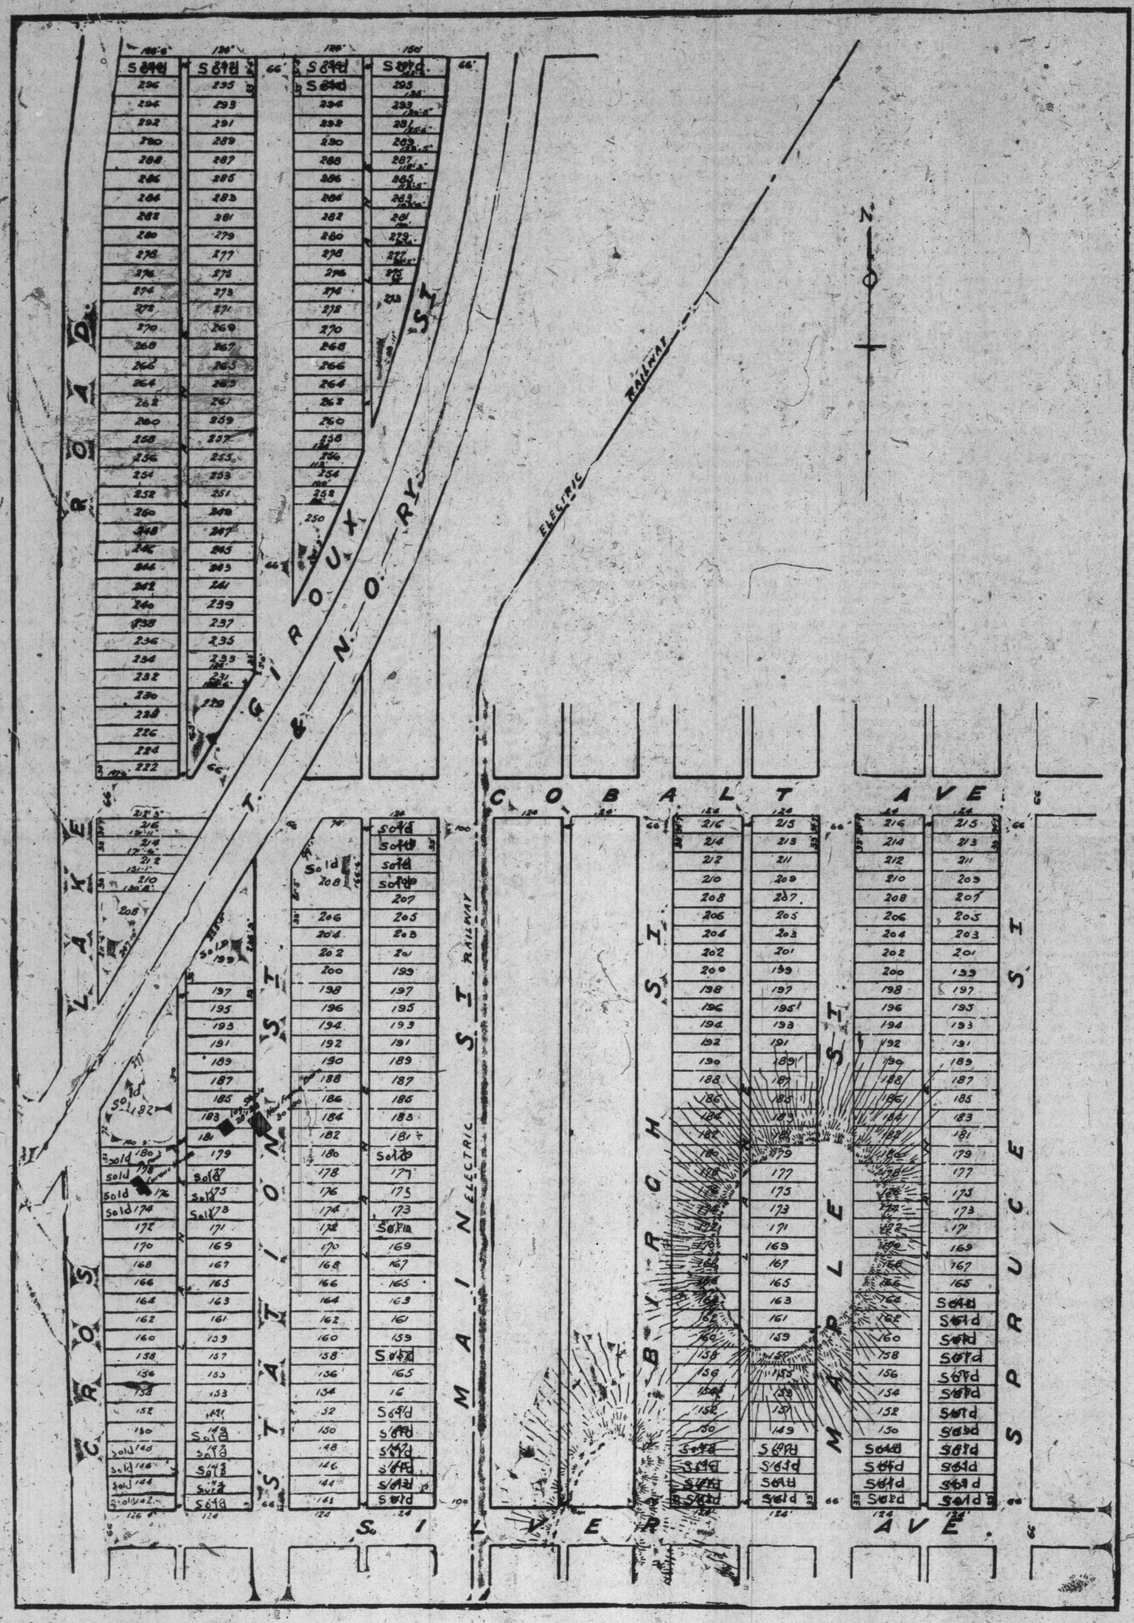

Mr. Cahan is expected back in Sydney shortly, when the conference, which was adjourned on Saturday last will be resumed.

Steamer Ran Ashore.

BELLEVILLE, Aug. 16.—The steamer Aletha, which ran aground on Cow Island, near this city, on Sunday morning, was released to-day. She brought in a large excursion party on Saturday night and then took on freight for Kingston. While going down the bay she ran hard and fast on Cow Island.

PORT COBALT

Absolutely the Greatest Chance Ever Offered to the Public to Make Money Quickly.

PORT COBALT is the coming city of the North, and now is the opportune time to buy lots in this townsite on our easy payment plan. Port Cobalt is situated half way between Cobalt and Haileybury. It is on the line of the Timiskaming and Northern Ontario Railway, and at the present time there is under construction an electric line, which will be in operation by September 15th, connecting Port Cobalt with Haileybury and the town of Cobalt, for a five-cent fare. This will treble the value of the lots.

DO NOT DELAY
DO IT NOW

Lots on the west side of Giroux street (also west and north of the Timiskaming and Northern Ontario Railway) $100 each; $25 down, and the balance on easy monthly payments.

Lots on the west side of Main street (which will be the route of the trolley line), $150 each; $25 down, balance easy monthly instalments.

Lots on Station street $125 each; $25 down, balance on easy monthly instalments.

Lots on Cross Lake Road $150 each; $25 down, balance on easy monthly instalments.

All the lots on the two whole blocks between Birch and Spruce street $80 each; $20 down, balance on easy monthly instalments.

Buyers are welcome to visit and see the town for themselves. See the buildings that are going up.

COBALT---Substantial Offer Made for One of the Nancy Helen Claims

Market For Cobalt is Strong Firm Undertone Continues

Advances Made by Majority of the Low Priced Issues—Shipment For the Week 599 Tons.

World Office,
Monday Evening, Aug. 16.

There was an all-round appearance of firmness at the local mining exchanges to-day. Transactions, after the two days' holidays, were on a large scale, and price changes were toward higher levels.

Ore shipments for the week ending Aug. 14 were 599 tons, as against 539 tons the preceding week. The slight disparity in figures is offset by the fact that the shipments last week were limited to eight mines, as against 11 the week previous. The largest consignment was from the Nipissing property, which represented nearly a quarter of the total record, being slightly over 166 tons.

There was no one outstanding feature on to-day's market. The majority of the lower priced issues made advances of greater or less extent during the session, but some easiness was apparent at the close, profit-taking being generally in evidence.

Cobalt Lake came into prominence to-day on reports of a strike on the company's property. The shares sold up two points during the session, and closed around the best figures reached.

Among the other issues Peterson Lake was active and higher on to-day's market, closing at 33 5-8; Gifford was strong and advanced five points to 29 3-4; Beaver, Silver Leaf, Nova Scotia, Rochester, Silver Queen, City of Cobalt and some others exhibited a firm undertone, closing generally higher than last week. Nancy Helen was up four points during the morning, but eased later, closing at 35, with profit-taking much in evidence.

In the higher priced stocks La Rose was somewhat easier to-day, selling down to $8.20 and closing at that figure. Nipissing was quiet and unchanged.

The market at the close was inclined to duliness. Sentiment among local brokers favors a continuation of the present upward movement, no signs of a reaction being in sight.

FINE OFFICE BUILDINGS

Are to Be Erected by Capitalists in Cobalt.

COBALT, Aug. 16.—(Special.)—Messrs. Jacobs and Billsky of Montreal and Cobalt, the joint owners of the Nova Scotia mine, propose to build a modern six-storey office building on their property in Litre-street. The building will cost $100,000 and will be constructed of re-enforced concrete, thoroly fireproof throuout. Architect Mitchell of Montreal, one of the ablest men in the profession in Canada, spent Saturday and Sunday in town going over plans and specifications with Mr. Billsky. The work will begin at once. The Royal Bank of Canada and the Union Bank of Canada will have offices on the ground floor of the new building.

GENEROUS GIFT

Free Site Donated for Erection of New Catholic Church.

COBALT, Aug. 16.—(Special.)—The Catholic church of Cobalt was burned in the last fire. It was located on Nipissing land. When the church wanted to renew its lease with the great Cobalt landlord (Nipissing) it was told that the lease would carry $2000 a year rental. This shocked the church as it would even an individual. The Chambers-Ferland people offered a site for $500, but it was out of the way. M. J. O'Brien, one of the most generous of our mine-owners, heard of the difficulty the church was going thru. He promptly gave the church a site on his property, the O'Brien mine, with a title in fee simple and didn't ask a cent for it.

Needless to say M. J. O'Brien is receiving the thanks of a grateful congregation.

NEWS GOOD AND BAD

Cobalt Supplies Interesting Items in a Short Period.

COBALT, Aug. 16.—(Special.)—A fire at the University Mine, one of the La Rose Consolidated properties, last night destroyed the men's sleeping quarters, the other buildings being saved.

A good find has been reported on the Cobalt Lake property, at the 160-foot level near the south end of the lake. The vein struck is thought to be an extension of the McKinley-Darrah, number five.

Reports were circulated to-day of a strike on the Silver Leaf property, but no confirmation could be obtained up to this time. The stock sold up a few points here on news of the find.

A recent vein on the Nipissing, number 162, has been traced for 250 feet on the surface and shows excellent values. The vein is being drifted on at the eighty-foot level also, where the ore is enormously rich and has been proven to have values at still greater depth. The vein is from five to six inches wide and some two million ounces of silver are now in sight in it.

EXTENSIVE DEVELOPMENT

New Areas Where Silver Ore is Being Sacked.

The vast extent of northern mineral development was further indicated yesterday in an interview with Capt. J. B. Clark, manager of the Silver Age Mines, at Amni-Nipissing. Capt. Clark had just returned from the north and says that no one has any conception in Toronto of the amount of serious work that is going on in that country.

"Thousands of dollars are being invested by Americans in Amni-Nipissing, which is located about 14 miles south of Cobalt in Coleman Extension. Indeed, not far from our own properties there is a steam plant in operation and a large amount is being invested in their workings, tho none of us know who the parties are that are prosecuting the work." Capt. Clark says that their people are sacking 2000 ounce ore and will have a shipment ready within two months. There is a good road from this group of mines to Latchford, which is only about four hours' walk distant. It is understood that George Stevenson of Toronto represents American interests which are putting capital into this district.

Fractured His Arm.

While unloading a car of logs in the yards of the Rosedale Lumber Company, near the Canadian Northern station, Edward Finn, aged 20, of 20 Terrance-avenue, Todmorden, fell down an embankment into the Don River yesterday and fractured his arm. The cant-hook he was using broke and he lost his balance. His companions pulled him out of the water. He was taken to the General Hospital.

Provincial Sleuth on Job.

COBOURG, Aug. 16.—(Special.)—Provincial Detective Reburn of Toronto is here to investigate Sunday's fire. It was the second blaze in a short time to originate in George Thompson's barns.

AN OFFER OF $200,000 FOR BUCKE PROPERTY

Nancy Helen's Claim May Be Sold New Finds at Fifty Foot Level.

COBALT, Aug. 16.—The affairs of the Nancy Helen Mining Co., are improving.

Of late there have been several important strikes in the workings of this property, which lies close to the Buffalo mine.

On Friday and Saturday a vein four inches wide was struck in the 50-foot drift, a distance of 25 feet from the shaft. The wall rock at the point where the find has been made is heavily shot with silver.

At 50 feet from the shaft a similar strike has been made, both veins running towards the Buffalo property.

Altogether now, the Nancy Helen is working in silver in three places.

Significant announcement has been made concerning the Nancy Helen Mining Co.'s property in Bucke Township.

An offer of $200,000 has been advanced, and this offer is from a big company now doing big things in the camp.

This means 40 cents per share to each of Nancy Helen's shareholders.

No definite action has been taken

COUNCIL MEETS FRIDAY TO RATIFY MULOCK DEAL

Uncertainty as to Inserting Channel Dredging Clause—News of City Hall.

The board of control will to-morrow consider the making of a new agreement with the National Iron Company, and a special meeting of the city council will be held on Friday to ratify the bargain.

Despite the campaign against the sale of Cherry-street property, there is no indication of any change of front by the aldermen. The situation is, however, far from clear, as the city's legal department fears that if the provision for deepening the channel is reinserted a fresh injunction may be applied for, and the city's hands tied, temporarily at least. Whether the board of control will send forward a recommendation containing such a clause can only be guessed at, as the members decline to talk for the present.

That the city has not been neglectful in providing life-saving appliances at the Beaches is the statement of Property Commissioner Harris. He says the ordinary equipment, such as ladders and pike-poles, for use where the water becomes deep suddenly, would be of no utility along the lake beaches. The only appliances of use are drags, and there are five of these between Woodbine-avenue and Lee-avenue.

The commissioner considers it remarkable that there are not many more accidents thru the recklessness of swimmers and people in boats.

Helping Civic Power.

The Electric Light Company is itself removing one of the obstacles in the way of the civic plant supplying power. Heretofore the company has been selling 60 cycle power, but it is now replacing these meters with 25 cycle meters, which have been found more practicable. As the city is to supply 25 cycle meters, consumers will be in a position to take power from the civic plant without the expense of a change of meters.

In carrying on the war against the tussock moth, 1000 trees a week are being sprayed by the park commissioner's department, but, as the city has more than 350 miles of streets, the undertaking is a tremendous one.

Sir William Van Horne is a cattle fancier of note. He will have 23 entries of cattle from his farm at Selkirk, Man., at the Exhibition.

Controller Hocken was acting mayor yesterday in the absence of Mayor Oliver, who is away on private business.

Menace to Public Health.

Mrs. Mosslm, a Jewess, has been summoned to the police court on Sept. 15 on a charge of menacing the health of the neighborhood by not observing the quarantine regulations. It is said that, while the house was quarantined for scarlet fever, her son Joseph, who has the disease, has been allowed to run on the streets.

BELGIUM AND THE CONGO

Prince Albert Leopold Returns From African Visit.

ANTWERP, Aug. 16.—Prince Albert Leopold, heir to the Belgian throne, arrived here to-day on his return from the Congo and was given an ovation. He spoke in praise of what King Leopold had accomplished in the Congo, and said the resources and possibilities of development of the country had exceeded his expectations.

Belgium, he declared, would work for the moral and material welfare of the natives in lessening their burdens, combating the sleeping sickness and increasing means of communication.

In conclusion the prince recommended that Belgians go out to the Congo.

SUGGESTS MABEE FOR PREMIERSHIP.

Toronto Telegram editorial: Has the Borden opposition ever thought where it would be if the Liberals, bereft of such strength as Sir Wilfrid Laurier brings them, should be led by a splendid inspiration to call J. P. Mabee from the railway commission to the premiership of Canada?

Kilties Band Will Play.

The Kilties' Band will furnish the musical program on the Wednesday afternoon trips of the steamer Modjeska to-morrow. These musical outings have become so popular with the patrons of the Hamilton steamers that the company is besieged with requests to have them continued. The Modjeska will leave Yonge-street wharf at 5.30, returning at 11 o'clock. Fifty cents for the round trip.

Contracts Awarded.

Two local contracts were awarded by the provincial public works department yesterday: One to Edward Gearing of Toronto for enlarging the boiler house at the Normal School. The price was $2345. Painting Osgoode Hall will be done by R. J. Hovenden for $2200.

The cloakmakers' strike at Montreal has ended, a slight increase in wages being granted, but the union not recognized.

CHINGUACOUSY PHONES GET A SPLENDID START

Four Hundred Subscribers at Twelve Dollars a Year With Prospect of Reduction.

When the people need public ownership they can't be happy till they get it. Telephone service is one point in which the people everywhere are waking up to the advantages of a publicly-owned system. With provincial trunk lines the expansion in this direction would soon cover the country.

A member of the Chinguacousy committee called on The World yesterday to report progress on the township system. There are 400 subscribers at $12, a rate which has been struck temporarily, but which will be reduced, it is expected, once the system is established.

Already 25 miles or so of poles have been erected, and 175 miles altogether in the township have been surveyed, under Engineer McMicken.

It is intended to have two centres, Cheltenham having been chosen for the installation of the first switchboard. From that point trunk wires will be strung to Brampton.

An arrangement has been proposed for co-operation with the Bell Telephone Co. at Brantford, and negotiations are still proceeding. The Bell wants $2 a head from the township company for the connection, and the township has offered $1.50. This would cover all in and out connections, except long distance messages, which would be on the ordinary tariff with 10 cents extra township charge. There are 150 subscribers on the Brampton exchange.

Caledonia has a public ownership system next to Chinguacousy, and friendly relations will be established with that system. The Bolton system has occupied one corner of Chinguacousy Township, and refuses to sell out, but the township is resolved to parallel the Bolton lines if terms cannot be arranged.

LORD BERESFORD ACCEPTS

Will Inspect Army and Navy Veterans In Toronto.

Admiral Lord Charles Beresford, who is coming to Toronto to open the exhibition, has written Major Collins of His Majesty's Army and Navy Veterans accepting an invitation to inspect the comrades. He says in a letter received yesterday:

"You have paid me a very great compliment and I hope I will be able to accept the honor, but at present I do not like to make a definite arrangement as to date of inspection until my arrival in Canada. Then I will advise you. Wishing you all good luck."

Lord Beresford is an honorary member of the Toronto veterans.

HURLED FROM AUTO INTO RIVER

Five Men Have an Adventure Near Philadelphia.

ATLANTIC CITY, N.J., Aug. 16.—In a blinding rainstorm, a large automobile carrying five men from this city to Philadelphia, skidded on a bridge spanning a creek on the boulevard just outside the city, early to-day and, striking the railing of the structure with terrific force, threw its occupants into the water, fifteen feet below. All were painfully injured, but they escaped death from drowning by swimming and wading ashore. The automobile was wrecked.

Boy Badly Burned.

CHATHAM, Aug. 16.—(Special.)—Basil, the four-year-old son of William Long, third concession, Chatham Township, met with a serious accident at 9.30 this morning. He was playing with matches when he set fire to his clothing. His right side is badly burned.

No Team for Palma Trophy.

OTTAWA, Aug. 16.—The executive committee of the Dominion Rifle Association decided not to send a Canadian team to compete for the Palma Trophy at Seagirt.

The Market Situation.

Most of the listed Cobalt Stocks have appreciated in value, some more so than immediate conditions warrant. The market, however, is in a good condition, and except for speculative offerings there is still a scarcity of many of the active stocks.

From immediate gleanings in the market we are of the opinion that Silver Leaf, Silver Queen, Rochester, Peterson Lake are liable to make higher prices. Those issues which have witnessed good advances lately are now being subjected to profit-taking, and this is likely to force the prices of these lower. Consult us whether you are a speculator or investor. Our sole endeavor is to keep our clients on the right side of the market.

We may have excellent information to give out on certain stocks in a few days.

MATURING BONDS
Their Reinvestment

There are a great many Bonds and other similar investments maturing this year. The present market offers unusual opportunities for investment. We are prepared to make proposals for the retirement of standard bonds falling due within the period of a year in exchange for suitable securities running for a longer period.

High-grade Corporation Bonds yield the investor 4¾ to 6 per cent.

May we offer our services for suggestions, which may be used as a basis for exchange?

BY DAY LABOR

Government Will Build Court House at Kenora.

The provincial government has decided to build the new court house at Kenora by day labor. It is understood there has not been sufficient competition among tenderers and the work can be done more cheaply by the method which is to be adopted. Jas Straing will have charge of the work, for which $40,000 was appropriated at the last session of the legislature. Mr. Straing also had charge of the jail and court house at Fort Frances, erected last year.

$150,000 FIRE AT FERNIE.

FERNIE, B.C., Aug. 16.—Fire broke out in the basement of the miners' clubhouse at Coal Creek at 6 o'clock, and, when checked, had destroyed more than $150,000 worth of property and twenty-two buildings including the Trites Woods store, loss $50,000; Coal Creek Club, the hospital and several large boarding houses. All the buildings were owned by the company.

Pace Becomes Fast and Furious But Prices Are Reactionary

Wall Street Starts Buoyant But Ends Easier—Toronto Market Quiet But Firm.

World Office,
Monday Evening, Aug. 16.

A continuation of the upward movement in Twin City was the outstanding feature of the Toronto Stock Exchange to-day, the bulk of the day's trading taking place in this issue. The opening quotations were half a point above last Friday's close, and the stock sold up to 110 1-2 during the session, but weakened to a moderate extent during the afternoon, closing at 109 1-2. In New York this issue was dull, the highest price reached being 110 1-4, or fractionally above last Saturday's figures.

Speculation was not an important factor in to-day's market and only those issues which have a recent introduction to the market required any inside support.

A good demand was in evidence all day for the purely investment shares and there were more buyers for some of the bank stocks than there were sellers.

Late in the day the tentative reaction in the New York market was regarded as somewhat ominous and this curtailed speculative commitments. No further particulars of the prospective settlement of the Dominion Coal strike were received here, but the feeling in financial circles is that a compromise will ultimately be arranged and the stock of the company is firm and scarce on that account.

The foreign shares were dull and irregular. Rio was fractionally stronger, Sao Paulo weaker and Mexican Light and Power scarce and strong. Orders for the latter security are said to be coming from London, at which point very bullish opinions are stated to be held in regard to the prospects of this stock.

Considering the absence of speculation the market is considered to show the strongest kind of bullish tendencies, and sentiment as a whole is distinctly buoyant.

The market has been going ahead too fast and there are many conservative bankers who feel that the whole bull movement and the success of the various important financing plans might be endangered should there be any further violent rise in prices at this time. Consequently they would be quite willing to see the long-expected reaction take place and the market established on a firmer basis.—Town Topics.

* * *

The violent rise in Union Pacific and one or two other of the more prominent stocks during the past week or so has caused a very mixed view on the immediate course of the market among the brokers in Wall-street. Some firms have adopted a distinctly conservative attitude, and the feeling is growing that the sensational advance in Union Pacific practically means that the bull campaign is in its last stages. It is also pointed out that while basic conditions continue very favorable, the market is entitled to a pretty sharp reaction if it is to continue in a healthy condition.—Town Topics.

* * *

We believe People's Gas will sell higher. New York Central exhibits an upward trend, with a continuance of the bull points. Amalgamated and Anaconda should be bought on reactions. Atchison is in a position to move up. Consolidated Gas should do better. We believe Chesapeake & Ohio should be bought on all soft spots. Denver is in a position to advance any time. Great Northern and Northern Pacific are still being bulled by Hill sources. Southern Pacific is expected to displace Union Pacific as a Harriman leader. Steel is still held between 76 and 79. Central Leather is expected to do better. Rubber stocks should be bought on recessions.—Financial Bulletin.

On Wall Street.

Erickson Perkins & Co. (Beaty & Glassco) wired: To-day's shake out in stocks was a wholesome one, and will tend to bring in more buyers. The five point break in Union Pacific common and 8 point break in Union Pacific preferred were to be expected. They may very well go lower, but they serve to show the dangers of buying much inflated stocks. They may foreshadow the declaration of prevailing dividends, without any increase.

The market was highly professional,

BRITISH ABSORPTION OF SECURITIES.

World Office
Monday Evening, Aug. 16.

A recent visit to some of the leading British financial centres has confirmed me in my opinion of the position of good Canadian securities in these investment markets. Considerable buying of such securities has already taken place, and the late firmness at the Toronto Exchange is undoubtedly due to this absorption. Speculation is not much of a factor in the local market, despite the influence of rising prices, but this may eventuate at any moment. In the meantime the warranted improvement in bank stocks is improving the general investment basis of this market.

No low-priced Cobalt stock offers better opportunity for big profits than
ARGENTUM
Because it has a five-year lease on Foster on a 50 per cent. basis of net profits, and, in addition, has another property adjoining Hargrave, Drummond and other shipping mines. Its selling market value to-day is less than $300,000. Foster stock is selling at 60 cents, and ARGENTUM, on the New York Curb, Toronto and Montreal, at 27 cents. We predict over 60 cents for ARGENTUM within a short time. Telegraph orders at our expense and remit by mail.

TURBINIA ENGINEER FIRED

Manager Goodearle Issues Statement Explaining Mishap.

J. A. Goodearle, manager of the Turbine Steamship Co., makes the following statement with regard to the collision between the steamers Turbinia and Kingston in Charlotte Harbor:

"The second engineer was on duty. He was testing the engines before time to start, and the machinery got away from him, and with no signal. Of course there was nobody at the helm, and the big boat was running wild under full steam ahead. The captain was at the wheel in as short a time as possible, and with the co-operation of the crew, who did excellent service, was able to prevent a more serious accident. The crew had out new lines almost instantly. Certainly no blame falls upon them; we have nothing but praise for the crew as a whole.

"The second engineer was discharged on the spot."

The collision will be the subject of a two investigation by the American and Canadian marine departments. The New York state authorities have asked the officers of the boats to make a report.

FRUIT MARKET.

A big supply of good tomatoes caused a drop of fifty per cent. in the price of this commodity on the Toronto fruit market yesterday. They sold at from 15c to 25c per basket.

Raspberries were quoted at 10c and 11c, as against 9c and 11c on Friday. The supply was somewhat smaller than last week, and the advance was only natural. Cantaloupes were plentiful and dropped from $3 and $3.50 to $1 and $1.25 per case, and from 60c to 45c per basket. Plums dropped from 5c to 10c a basket, and peaches sold considerably lower, at 25c and 50c.

Chicago Gossip.

J. P. Bickell & Co. say at the close:

Wheat—After an early bulge, due to strong foreign cables and improved cash demand, market declined, owing to dulness and effort on part of early buyers to realize, closing about unchanged. Leading interests are inactive and apparently waiting for spring wheat movement before committing to any extent. The market, in our opinion, is still a trading affair, with moderate profits to be accepted.

Bartlett, Patten & Co. (Beaty & Glassco) wired:

Wheat—The market opened strong, at ⅝c to 1c over Saturday's close, shorts being good buyers. On the advance the selling was in the nature of profit-taking, and by the larger local professionals. The small decrease in the visible helped prices generally, and outside markets were as firm in tone as ours, with the exception of Winnipeg, which lagged behind. Until we see an actual movement of spring wheat, prices may rule steady to firm, but we cannot advise purchases for long account.

Corn—The outside buying orders were not as great in volume as one might naturally expect from the reports received. There was no special stress laid to damage reports from this state.

Oats—The market ruled strong early, in sympathy with the advance in corn, and shorts covered. We should have a good rally, and believe the market would work lower.

Liverpool Grain and Produce.

LIVERPOOL, Aug. 16.—Wheat—Spot, No. 2 red western winter, nominal. Futures quiet; Sept. 8s 3¼d, Dec. 7s 9⅝d, March 7s 8⅛d.

Options—Cables were so strong this morning as a result of poor harvesting weather abroad that wheat opened considerably firmer and acted strong most of the day, helped by predicted rains in the northwest. Big receipts, a poor export trade and realizing finally weakened it, however, and the close was net unchanged. Sept. $1.08 to $1.08⅞, closed $1.08; Dec. $1.04⅝ to $1.05⅝, closed $1.04⅝; May $1.06⅝ to $1.07¼, closed $1.06⅝.

Prices: Steers, 12c to 13c; secondary, 11½c to 12c; inferior, 11c; bulls, no good one shown; secondary, 10c to 13c per lb. bid. Weather very warm.

CANADIAN BUTTER AND CHEESE.

British Dairy Review Admits Improvement in Quality This Year.

LONDON, Aug. 16.—(C.A.P.)—Waddell & Co., in the colonial dairy produce review of the year ending June 30, say that Canadian butter, on the whole, is slowly improving in quality. The proportion of butter spotted with mould was very considerably reduced owing to lower temperatures being maintained before it was shipped, and also during the voyage to our markets.

Fishiness is a very rare fault with Canadian butter, the main defect being an acidity and taint due to the cream not being delivered daily to the factories.

Regarding the cheese cool-curing method adopted by Canada, undoubtedly it has done much to improve its keeping quality, as well as benefit its flavor, which tends more and more to make mildness, but unless very great care is exercised the cheese will by-and-bye be apt to become quite insipid.

It is pleasant to be able to report that the Canadian cheese which has arrived this season since May 1 shows the greatest improvement in richness, flavor, texture and appearance of any year on record.

90 CARS AT UNION YARDS NO TRADE IN EXPORTERS

Best Butchers Sell at High Prices, Held for the Export Market—One Load Brings $5.75 Cwt.

Receipts of live stock at the Union Stock Yards were 90 carloads, consisting of 1848 cattle, 8 hogs, 442 sheep and 56 calves.

The quality of cattle was much the same as has been coming for some time on this market.

There was a fair trade for all butchers' cattle that drovers were willing to sell, but for all good to choice cattle at all suitable for export, or even approaching that class, drovers had to be coaxed to part with them, choosing rather to wait for Tuesday's market, when the American export dealers would be on deck.

There was nothing doing in the export class, but there were some extra fine loads of cattle in this class, as usual.

All, or nearly all, the leading buyers were on the market, as well as some dealers from outside points.

Butchers.

The following are the quotations for the butchers' that were placed on sale: Choice, picked lots, $5.30 to $5.60, and one load, weighing 1205 lbs. each, sold at $5.75; loads of good, $5 to $5.35; one load of 22 cattle, 1045 lbs., being sold by Dunn & Levack at the latter price; medium, $4.75 to $5; common, $3.75 to $4.50; cows, $3 to $4.40.

Milkers and Springers.

Milkers and springers sold at $37 to $58 each.

Veal Calves.

Veal calves sold at $3 to $6.50 per cwt., and one new milk-fed calf brought $7 per cwt.

Sheep and Lambs

Lambs sold at from $6 to $6.70, or an average of about $6.50 per cwt.; sheep, $3.50 to $4 per cwt.; rams, $2 to $2.75 per cwt.

Hogs.

Some of the hog dealers were not anxious to be quoted. One buyer for a leading firm quoted $7.85 for hogs, fed and watered at market, $7.60 f.o.b. cars, while another buyer stated that he was paying $7.75 for hogs at country points, or $8 at the market, fed and watered.

Maybee & Wilson sold: 18 butchers, 1000 lbs. each, at $4.60; 14 butchers, 1100 lbs. each, at $4.25; 6 butchers, 900 lbs. each, at $4.30; 4 cows, 1150 lbs. each, at $4.25; 8 cows, 1160 lbs. each, at $3.85; 3 cows, 1100 lbs. each, at $3.80; 20 lambs, 80 lbs. each, at $6.75; 1 milker, $35.

Messrs. Dunn & Levack sold: 22 butchers, 1045 lbs. each, at $5.35; 7 butchers, 1225 lbs. each, at $5.20; 9 butchers, 1060 lbs. each, at $5; 2 butchers, 1025 lbs. each, at $5; 17 butchers, 1040 lbs. each, at $4.80; 21 butchers, 1070 lbs. each, at $4.60; 2 butchers, 1215 lbs. each, at $4.10; 1 butcher bull, 1380 lbs., at $3.87½; 6 butchers, 1190 lbs. each, at $3.75; 2 butchers, 1165 lbs. each, at $3; 2 butchers, 1125 lbs. each, at $3; 1 butcher, 960 lbs., at $2.75; 1 milch cow, $48.

Whaley & Coughlin sold: 18 butchers, 1205 lbs. each, at $5.75; 2 butchers, 1040 lbs. each, at $5.35; 18 butchers, 1100 lbs. each, at $4.80; 2 butchers, 930 lbs. each, at $4.60; 5 butchers, 1140 lbs. each, at $4.50; 6 butchers, 860 lbs. each, at $4.30; 5 butchers, 1058 lbs. each, at $4.40; 2 butchers, 1340 lbs. each, at $4.50; 11 butchers, 1092 lbs. each, at $4.45; 2 butchers, 1260 lbs. each, at $4; 2 butchers, 1215 lbs. each, at $3.80; 2 butchers, 960 lbs. each, at $3.25; 18 butchers, 1000 lbs. each, at $5; 3 canners, 700 lbs. each, at $2; 3 butchers, 810 lbs. each, at $4; 110 lambs, 75 lbs. each, at $6.60. Bought export sheep at $3.75.

Corbett & Hall sold several loads of butchers' at average quotations given above.

D. Rowntree bought for Wesley Dunn 225 lambs at $6.50 per cwt.; 30 calves at $5.25 per cwt.

E. Puddy bought 35 calves at $5.50 per cwt.; 125 lambs at $6.65 per cwt.

Fred Rowntree bought 10 milkers and springers at $37 to $58 each; also two loads of fat cows, 1050 to 1200 lbs. each, at $3.25 to $4.10.

Alex. Levack bought 50 butchers, 950 to 1200 lbs. each, at $4.50 to $5.25 per cwt.

A. W. Maybee bought two loads of cows at $3.50 to $4.40 per cwt.

A. W. McDonald bought three loads of butchers' cattle for Gunns at $4.60 to $4.80 per cwt.

Wm. Crealock bought for the D. B. Martin Company about 150 butchers' at $4.75 to $5 for good and $4.50 to $4.75 for medium, and cows at $3.25 to $4.25 per cwt.

Market Notes.

Whaley & Coughlin sold G. H. Waller 18 cattle, 1205 lbs. each, at $5.75 per cwt. Mr. Waller is noted for buying the best. These cattle other years would have sold for $1 per cwt. less money, and would have been classed as choice picked butchers, but now they are regarded as light exporters. But since the Americans have commenced shipping this class local butchers have a hard time getting their wants supplied.

Montreal Live Stock.

MONTREAL, Aug. 16.—(Special.)—At the Montreal Stock Yards West End Market the receipts of live stock for the week ending Aug. 14 were 3150 cattle, 775 sheep and lambs, 1750 hogs and 825 calves, while the offerings for local consumption this morning consisted of 1225 cattle, 475 sheep and lambs, 1100 hogs and 500 calves.

A feature of the sale was the weaker feeling in the market for cattle owing to the increased supply, and the fact that the bulk of the stock was only of medium quality, consequently prices show a decline of ¼c per lb. as compared with those of a week ago. On account of the unfavorable weather which prevailed thruout the entire morning, the gathering of buyers was not as large as usual; but, notwithstanding this fact, there was a fairly good demand for those present, and, taking everything into consideration, the trade done was satisfactory, and fewer cattle were left over than was anticipated. Owing to the continued discouraging cable advices from Liverpool, which reported trade very slow, and the fact that exporters had ample stock coming forward to fill all ocean freight space, there was no demand from them, and trade in this direction was dull. There were no really choice cattle on the market, and the prices paid for good beeves were 5c to 5¼c, while fair stock sold at 4½c to 5c; medium at 4c to 4½c; common at 3c to 3¾c, and canners at 2¼c to 2¾c per lb. A weaker tone developed in the market for hogs, on account of large receipts and prices ruled lower than those paid last Wednesday. At the auction there was a fairly good demand for packers, and supplies were well cleaned up. Sales of selected lots were made at $8.60 to $8.95 per 100 lbs., weighed off cars. Cable advices from Liverpool on Saturday on Canadian bacon reported the market quiet and steady, while those from London were strong, and Bristol firm. Supplies of small meats were fair, for which the demand was good, and an active trade was done in all lines. The tone of the market was steady, and prices show no important change from last week. Sheep sold at 4c and lambs at 6c to 6¼c per lb. Calves brought from $2 to $1.50 each, as to size and quality. At the Canadian Pacific live stock market the receipts for the week ending Aug. 14 were 2777 cattle and 286 sheep for export account, and 1625 cattle, 1100 sheep and lambs, 1000 hogs and 560 calves for local consumption. The offerings on the market to-day were 650 cattle, 500 sheep and lambs, 100 hogs and 250 calves.

MAIL DRIVER'S PRIVILEGE

Must Run on Time and Take Chances With Police.

George McIntosh, a mail driver, was charged in the police court with getting out of his course on Yonge-street. Postmaster Rogers appeared on his behalf and explained that the drivers of his majesty's mail had to run on scheduled time and had to take chances.

"Does the postmaster," said Staff Inspector Stephen, "claim that the drivers of mails have special privileges on Yonge-street?"

"No, I don't," said Mr. Rogers, "but I expect a little common sense to be used."

Magistrate Ellis asked Mr. Rogers to give his drivers some advice on the subject. The case was adjourned till called on.

ONTARIO BANK SUITS

Civil Actions Against Directors May Be Tried This Year.

According to James Bicknell, K. C., civil actions against the Ontario Bank directors may be tried this year. Altho it looks at present like a non-jury trial, he thinks the case is one that calls for a jury. Notices have been sent to all the contributories except some seven or eight, and one of these resides at Fort Providence, somewhere in the vicinity of the north pole. A mail leaves for Baffin's Bay, Nov. 30, and his notification goes with it.

O. R. A. MATCHES TO-DAY

Four Days' Meeting Will Begin at Long Branch Ranges.

The Ontario Rifle Association to-day begins a series of four days' rifle matches at Long Branch rifle ranges.

To avoid accidents, Capt. A. A. Miller, secretary of the association, has arranged to place red buoys 2000 feet out in the lake to warn boaters of the danger.

No extension sights will be permitted at the matches, and the hood of the Ross rifle must be left on.

The entry list includes the best shots in the Dominion, teams being here from Manitoba, Alberta and British Columbia.

A Boy Traveler.

Mark Watson, a 13-year-old boy, dropped in at the mayor's office yesterday to ask assistance in getting to Brockville. He said that his uncle, with whom he lived there, sent him to North Bay to work, but he did not fare well up north. Friendly trainmen gave him a lift from North Bay to Toronto.

Harvesters Not Needed in Dakota.

ST. PAUL, Minn., Aug. 16.—Three of a party of forty or more young men who came from Cincinnati to North Dakota thinking jobs in the harvest fields were plentiful, were in police court to-day on a charge of vagrancy. They told Judge Finehout they had paid $22 each for transportation, but had been unable to get work.

N. TORONTO TAX RATE WILL BE 19.5 MILLS

Finance Committee So Decided Last Night—York Township Council Met Yesterday.

NORTH TORONTO, Aug. 16.—(Special.)—As forecasted in The World of Friday the tax rate for the year 1909 for the Town of North Toronto will be 19.5 mills on the $, and not 22.5 as first struck by the finance committee.

This was finally decided upon at to-night's meeting of the finance committee after a strenuous debate, practically along the same lines as that of last week. Chairman Burnaby and Councillor Irwin advocating strongly for the carrying over of a number of amounts to the debenture account, while Mayor Brown and Councillor Murphy were equally insistent in charging the same up to current account.

"If we charge the installation of a fire alarm system and a number of school accounts to the debenture debt the people who come after us will pay a share of it as they ought," said Councillor Irwin.

"It's all right for some people, but the steady citizens who intend to make North Toronto their home, don't want to be loaded up with debt," said Councillor Murphy.

Mayor Brown was equally opposed. "You have not provided for anything but what you can see," he said. "No legal expenses, no anything."

"We'll be in the same hole as West Toronto if we go on piling up our debenture debt," said Councillor Murphy.

"It wasn't the debenture debt that put West Toronto in the hole, but exemption from taxes given to the manufactories," said Councillor Irwin.

"I am in favor of a fire alarm system no matter how it is put in, but I think that permanent improvements ought to be paid for by the people who will use them," said Chairman Burnaby, "and the rate kept as low as possible. I don't believe in piling everything on this year's tax rate."

So they talked, pro and con, until finally an amicable rate was struck, and that 19.5, and members and clerk congratulated themselves and properly with giving the townspeople a maximum of progress at a minimum of cost.

Mr. Cowie, a resident of Deer Park, in a communication to the council, charged Chief Constable Collins with undue violence some time ago in the treatment of two prisoners. The chief appeared before the committee to-night and distinctly denied the truth of the charge. Committee were plainly impressed with the truth of the chief's statement.

Town council will meet to-morrow night.

The funeral of the late David Mulholland of Bedford Park took place this afternoon to Mount Pleasant Cemetery and was very largely attended, many friends from all parts of the township being present to pay a last tribute of respect. The members of the York Township council also attended in a body.

The tragic death of R. G. H. Evans, the young bank clerk, who lost his life thru drowning at the Island on Sunday, has cast a gloom over the town. Mr. Evans had only been stationed here a short time, but had already made many friends by his unfailing courtesy and attention to business.

Messrs. Graham and Renfrew, the well-known live stock importers of Bedford Park, are expected home from Scotland in a day or two.

Councillor Parke's condition continues to excite the liveliest hopes among his friends as to his complete recovery.

Mr. Burnaby of Dallas, Texas, who is visiting his brother Councillor Burnaby here, leaves in the morning for a short visit to his old home in Nova Scotia.

H. H. Ball, financial editor of The World, arrived home on Saturday from a short visit to the British Isles. Mr. Ball reports a pleasant trip and yesterday and to-day met many friends around town.

Another meeting of those favorable to a town bank will be held in the town hall on Tuesday evening. All are invited.

WEST TORONTO.

WEST TORONTO, Aug. 16.—Hugh Macdonald, 29 Alexander-avenue, York Township, was arrested this afternoon, charged with the theft of a quantity of soap from the Comfort Soap Works, where he has been employed as night watchman. The information was laid by J. R. Massakas of High Park-avenue.

Ex-Ald. William Maher had a splendid horse and buggy, valued at $300, stolen this afternoon. Mr. Maher had left the horse on Charles-street while he made a call, and on coming out of the house a few minutes later he found the whole outfit had disappeared. Up till a late hour to-night no clue as to its whereabouts has been discovered.

The 9-year-old daughter of Mr. and Mrs. Cosh, 50 South Keele-street, has scarlet fever, and was taken this afternoon to the Isolation Hospital.

The body of little Crabtree, who was drowned last Thursday evening, in the Humber River, is still at 7 Hannah-avenue, York Township, awaiting interment. The funeral has been postponed until the return of the boy's father from Gowganda district, but so far it has been found impossible to locate him, in spite of the fact that telegrams have been sent to Latchford, Elk Lake City and Gowganda.

Arthur Morris and Mrs. Morris, 45 Ontario-street, have returned from a two weeks' holiday in Muskoka.

Charles Pigott of No. 1 firehall, and family, left to-day for Muskoka, where they will spend their vacation.

EAST TORONTO.

EAST TORONTO, Aug. 16.—Some time ago The World called the attention of the public to the danger of those crossing the bridge over the railroad tracks on Main-street, East Toronto.

On one side of the bridge there is a sidewalk for pedestrians, which extends for a distance of perhaps 35 or 40 feet; then pedestrians are compelled to go into the roadway to proceed any further and on account of this have to be exceedingly careful to avoid any of the different vehicles that are continually passing.

At night this bridge is lighted with two incandescent lamps, one at either end, which at their best afford but little light, and sooner or later there will be a serious accident.

Harold and Roy Hatt are spending a few days with friends on Danforth-avenue, East Toronto.

On Monday, Aug. 23, the Women's Auxiliary of the Y. M. C. A. will hold their last meeting in preparation for the big field day to be held on Aug. 25, when final arrangements will be made.

D. McLaughlin of Oshawa is spending a few days with his friend, Mr. Henry Abbott of Danforth-avenue.

All Agree on School Site.

A meeting of the ratepayers of school section No. 13, Township of Scarboro, was held on Saturday afternoon at the Alexandria Industrial School, James Noble, chairman. The choice made by the board of trustees of a school site was unanimously approved and a resolution was adopted authorizing the application of the township council to issue debentures for the purchase of the site, and for the erection of a suitable schoolhouse.

The large attendance of ratepayers showed the interest taken in the affairs of this growing section. The good judgment displayed by the board in the selection of a site and their intention to erect a building in harmony with the surroundings is a guarantee that the beauty of this district will be preserved.

The school site will have a frontage of 250 feet on the west side of Lakeview-avenue and 250 on the east side of Chester-avenue, with a combined depth of 245 feet from street to street. The east front overlooks a fine wooded ravine and lake and is well chosen.

YORK TOWNSHIP COUNCIL.

Reeve Henry presided at yesterday's meeting of the township council, with deputy Reeves Watson, Baker and Nelson and Councillor Jackson present.

A communication was received from John A. Ramsden, county clerk, specifying the amount of taxes to be levied on the township, which are as follows:

General purposes	$14,184 74
Industrial Home	1,559 83
Special court-house debenture	1,089 10
	$16,833 68

H. R. Frankland wrote asking council to carry the watercourse south on Pape-avenue about 70 feet to a street he has opened up running east. Mr. Frankland will erect two houses. Commissioner will look int oit.

John J. Taylor, 36 Hertel-avenue, North Dovercourt, wants permission to burn rubbish from time to time. Mr. Taylor regards the bylaw covering this procedure as invested with a lot of red tape.

Bicknell, Bain & Strathy wanted to know what the township council proposed to do re the Kilpatrick matter. They threaten proceedings.

Board of railway commissioners gave notice that they will hold sittings at city hall, Ottawa, on Tuesday, Sept. 14, at 10 o'clock in the forenoon, to hear applications preferred by H. L. Drayton in respect of the level crossing of the Grand Trunk Railway at Windermere and Ellis-avenues, in the Township of York. The municipality will be asked to show cause why they should not make the payments demanded by the G. T. R.

Residents on Wychwood-avenue want a board sidewalk on east side, running from St. Clair-ave. north to Vaughan-road. The petition was signed by Messrs. Stansfield, Magee, Preston, Williamson, McPhail, Thompson, Simpson, Smart, Henwood, Lepine, Robson, Rigly and others.

Frank Barber, township engineer, submitted a progress estimate of the work done on the Black Creek bridge by E. J. Elliott, totaling altogether $375, and made up as follows:

97 cubic yards excavation at 90c.	$ 87 30
110 cubic yards excavation at 70c.	77 00
190 cubic yards concrete at $5.80.	1,102 00
	$1,265 30
Less 20 per cent.	$253 26
Balance	$1,013 04
Amount of previous estimate	637 92
Balance due	375 12

On motion of Messrs. Jackson and Barker the amount due Mr. Elliott was ordered paid.

Councillors Nelson and Jackson moved the acceptance of a plan of subdivision of the easterly 250 of block E, plan 1134, Township of York, showing Fregama-avenue 66 feet wide, from Lambton-avenue southerly to south limit of said block E, only on condition that a cross street 66 feet wide is given about 600 feet south of Lambton-avenue.

The treasurer was instructed to remit $19.95 charged against the land and buildings, 47 x 120 feet on the Lake Shore-road, for years 1906 and 1907, against the McLaughlin Gasoline Co., as a business tax. Company subsequently became insolvent, rendering business tax uncollectable.

A bylaw to grant and apportion the accrued interest on school fund investment for the year 1908 was passed. The sum of $648 was granted as follows:

(a) To school sections Nos. 3, 4, 5, 7, 8, 9, 10, 11, 12, 14, 15, 16, 17, 18, 19, 20, 23, 24, 25, 28, U.S.S. 26, the sum of $27 each.

(b) To school section No. 13 and union sections Nos. 2, 6, 21 and 24, the sum of $13.50 each.

(c) To sections 22 and 29, the sum of $6.75 each.

Council adjourned to attend the funeral of the late David Mulholland at Bedford Park.
