ANTI-COMBINE BILL

By Demand For Committee E

MAY BE OBSTRUCTED

Major Currie Declares that the Business Interests Should be Allowed to Present Case.

MACKENZIE KING FIGHTS ANY MOVE FOR ENQUIRY

OTTAWA, April 12.—(Special).—Hon. Mackenzie King's bill, which aims at controlling combines and mergers...

To this the minister would not agree and just before the house rose a somewhat heated discussion arose over a remark by Mr. King to the effect that, while the Liberal members desired to improve the bill, it looked as if the opposition was desirous of preventing it becoming law this session.

Mr. King Explains. Hon. Mackenzie King's resolution, on which the bill is based, declares it expedient that there be an investigation of combines, monopolies, trusts and mergers...

Mr. King, in introducing it, dealt with the cost of living; people have experienced a great rise in prices during the last few years, and they had observed at the same time a great increase in the formation of combines and trusts.

The labor department had found that prices had increased from 90 to 40 per cent in 20 years. The largest increase at any time during that period was in 1897, to 80 per cent.

There were 172 commodities which had increased 15 per cent, and 15 per cent; furs 127 per cent, and 180 per cent, and liquor and tobacco 17 per cent, and 20 per cent.

It is not definitely known whether Mr. Drayton will accept. He was offered the position soon after Mr. Fulford's retirement last year, but at that time declined.

Mr. Drayton was inclined to consider the offer, but Mr. Dewar's name was also brought forward, and Mr. Drayton intimated that he wished to retire in the former's favor.

From the attitude of the public towards railways the people were not opposed to the combinations as such, but the people were looking to the government to deal with the large combinations, as was done with the railway companies by the institution of the railway commission.

Other Causes of High Prices. Cold storage and transportation facilities had raised prices, but perishable goods could now be got where and when they were needed.

JUDGE MIDDLETON. The new appointee to the High Court Bench.

New Member of Revision Court

W. A. SMITH APPOINTED

W. A. SMITH APPOINTED. Takes the Vacancy Created on the Court of Revision.

Mr. A. Smith of the legal firm of Smith & Cameron is to succeed the late Daniel M. Defoe on the court of revision. Mayor Geary announced the appointment yesterday.

Mr. Smith, who is a son of the late Mayor Smith, was born in Toronto 40 years ago. He is a graduate of Toronto University and Osgoode Hall, and is a Conservative in politics.

While Mr. Smith's practice is largely along the line of patent matters, he has also had considerable experience on the legal side of real estate transactions, and is described by the Mayor as "a good real estate lawyer."

It is expected that when the court next meets, P. H. Drayton, K.C., official arbitrator, will be elected chairman.

H. L. DRAYTON AS COUNSEL

H. L. Drayton, K.C., former county crown attorney, will, unless present indications fail, be recommended by the board of control for the position of corporation counsel.

The board had an informal talk on the matter yesterday, at which the names of both Mr. Drayton and H. H. Dewar, K.C., were considered.

A number of other well-known legal lights have been communicated with, but none would consent to be nominated. Among those approached were E. A. DuVerne, K.C., and I. F. McMillan, K.C.

DENOUNCES CO-EDUCATION

Harvard Professor Calls it Wicked Phase of Modern Schools. BOSTON, April 12.—In a lecture to women at the Harvard Medical School Prof. C. M. Green declared that co-education is one of the wickedest features of modern schools.

"It is bad from the moral point of view," he said. "I have known some most pitiable results from it. I have also known a great number of cases of women breaking down from the strain of competition with men. It is true that women usually beat the men, but it is too much for them, just the same."

SHOT TWO OTHERS BUT ESCAPES GALLOWS

Verdict of Manslaughter Returned by Jury Early This Morning Against Italian Who Slew White Drunk.

COBourg, April 13.—(Special).—At 1.30 this (Wednesday) morning the jury in the case of George Manuro, an Italian railway navvy, who shot and killed two fellow-countrymen in a drunken row, returned a verdict of manslaughter.

Retiring first at 10.45 p.m., at 12.30 a.m. they reported to Justice Teetzel that they stood six for murder and six for manslaughter, and were sent back to try and agree on a verdict.

Manuro and his friend Frank Marano, had been drinking together. A dispute arose and Manuro in frenzied haste rushed for his rifle. One Lombardi held the door of his shack, a shot riddled his arm and struck another navvy, named Clontone, who was behind him.

Manuro fled from the camp and was arrested at Cobourg, about eight miles east of Grafton. He was brought to the hospital here and identified by the dying Clontone, whom he embraced and kissed.

Whiskey did it," was Manuro's only excuse. He has a wife and family in Italy. E. A. DuVerne, K.C., of Toronto, was crown prosecutor, and Frad D. Boggs of Cobourg, defended the prisoner. The evidence was a repetition of that given in the inquest.

Mr. Boggs' able conduct of the case for the defence won him many congratulations. Few believed that Manuro could be saved from the gallows. He pointed out that all the men in the shack had been drinking, and that in an altercation and row between the accused and Marano, the latter had attempted to strike Marano with a shovel.

The defence hinged on the contention that it was a single shot that killed both men, and that it had been fired from the door. The medical evidence, he pointed out, bore out the theory that it was the one bullet that killed both men.

This was the first murder trial in Cobourg since Dr. King was convicted of wife murder, and hanged in 1869. The executioner wore a heavy mask and was never identified, although two or three Cobourg characters were one and all suspected for many years.

RAILWAYS HELD LIABLE

Must Be Gifted With Second Right to Escape Penalties. OTTAWA, April 12.—(Special).—In committee in the senate on Sir Richard Scott's bill to forbid liquor to be taken into a province which had declared for prohibition, Senator Wood offered an amendment exempting transportation companies from the penalties. Railways could not know what they were handling, nor in the case of the five-gallon packages allowed private individuals, whether that individual had been convicted within five years, or whether the consignee was a liquor dealer or a private individual who wanted something to drink.

A.; Frank Bancroft, representing the Trades and Labor District Council; J. D. Allan, vice-president of the board of trade, and a representative of the Canadian Manufacturers' Association, who will be selected to-day.

BORDEN "SOLD" CONVENTION LIKELY

Party in Caucus Rally Around Their Leader—Decision to Postpone Big Convention Is Arrived at.

OTTAWA, April 12.—(Special).—Two Conservative gatherings of more than common interest were held here to-day.

The first was a caucus of the party members of parliament, and the second was a meeting of the committee in charge of the convention called to decide whether the convention should be held in June or postponed.

In view of the appeal of the Conservative party in Nova Scotia, where a local general election is pending and which it was understood would be brought off by the Liberal government there in June, on the date appointed by the federal Conservative party for the convention, the committee to-day decided to postpone the convention, submitting the decision to a special Conservative caucus to-morrow morning.

Western members, it is understood, oppose a convention in the fall, when the work will be in progress. Ten days or so ago, R. L. Borden, the opposition leader, sent a request to each of the delegates appointed to represent the province, asking his opinion as to whether the convention should be brought off in June or not, and this decision to-day is the result.

At the caucus of Conservatives members, the question of the leadership of the party was opened for discussion. Mr. Borden, the Conservative from the caucus, as did also several of the whips. The situation, it is announced, was thoroughly thrashed out, and it was frankly admitted that Mr. Borden's leadership had never been in doubt. Not a single voice was raised in protest on the other hand, every member who spoke warmly of Borden.

The caucus broke up amid heavy cheering, and the chairman, Mr. Perley, handed out the following official statement:

"At a Conservative caucus this morning a discussion took place regarding the extraordinary reports that have lately appeared in the newspapers concerning dissen-sion in the Conservative party, and alleged criticism of the leadership of Mr. R. L. Borden.

These reports have been based on a foundation of fact, and the caucus unanimously passed a resolution expressing implicit confidence in Mr. Borden, as the leader of the Liberal-Conservative party, and its unanimous desire that he should continue to hold that position, and pledged to him its allegiance and loyalty."

SIR THOMAS NOT IN POLITICS

How C.P.R. President Denied Rumor of a Coming Change. MONTREAL, April 12.—(Special).—A report to the effect that Sir Thomas Shaughnessy was about to retire from the presidency of the Canadian Pacific Railway is absolutely false, and likely was caused by a movement on the part of certain gentlemen here favoring Sir Thomas for the leadership of the Conservative party.

# Tea Time Talks

It's always tea time when you are tired or thirsty.

### Tea, the Student's Beverage

Dr. Samuel Johnson found stimulus for his marvelous mind in a "dish of tea." Tea has always been the favored drink of scholar and student. It gently stimulates and does not "get on the nerves" as does coffee.

"Salada" is tea in its highest perfection; pure and clean with the natural fragrance of the finest hill-grown Ceylon Tea.

Bulk tea loses strength and deteriorates in quality. "Salada" is sold in sealed lead packages to retain its garden freshness. It is never sold in bulk.

Ask your grocer for "Salada" Tea or send for free trial package which makes 25 cups of delicious tea. We will mail it to you without charge. Say whether you use Black, Mixed or Green Tea and the price you pay per pound.

## HAMILTON HAPPENINGS

### EXPOSURE KILLED BABE MOTHER IS NOT BLAMED

Coroner's Jury's Verdict at Dundas—Crown Likely to Order a Prosecution—Prize Orators.

HAMILTON, April 12.—(Special.)—The jury which enquired into the cause of the death of the infant found by Miss Twiss on April 1, in an outbuilding at Bullock's Corners, decided as follows: "That the child was born in the outhouse of Harry Robbins' house, and elonged to Lizzie Corcoran, and died from shock and exposure, no blame being attachable to the mother." Witnesses called at the inquest in Dundas to-night were: Earl, Maxwell, who owned the Corcoran girl after conception, and Chief Twiss, who gave details of the finding of the body under revolting conditions. Crown Attorney Washington said that perhaps the girl might be considered as amenable to prosecution under the section in the code dealing with negligence of nursing mothers to procure proper medical assistance, and collusion to get rid of a child. He described the conduct of Mrs. Robbins, as whose house the child was born, as "brutal and inhuman," but pointed out that she had not been criminally prosecuted, but that she had been fined for allowing the child to be born in the outhouse. It is understood that the crown has no intention of dropping the case at this point.

## Hands Crack in Winter

WATER AND COLD CAUSE SUFFERING—SPLENDID RESULTS FROM USING

### DR. CHASE'S OINTMENT

Most women know what it is to have sore, cracked hands during the cold weather, and oftentimes eczema and salt rheum has its beginning under these circumstances.

There is nothing so bad for eczema as cold water or going into the cold water, having the hands wet. By avoiding these conditions as much as possible and applying Dr. Chase's Ointment frequently you can keep the skin soft, smooth and velvety and prevent the serious forms of skin trouble.

Mr. J. H. Anderson, Chapman, Westmoreland Co., N.B., writes: "For ten years I was troubled in the winters with my hands. The skin used to dry up and break open in cracks round the ends of the fingers, the joints and lines of the hands. These cracks would break into the flesh and bleed and were very painful. No treatment seemed to be of any benefit. At last I heard of Dr. Chase's Ointment and obtained relief almost immediately. It took out the soreness, softened the skin and with persistent use made a complete cure. It is six years since I used the Ointment and there is no recurrence of the trouble. There is no treatment obtainable that is so delightfully soothing and healing to inflamed, itching skin as Dr. Chase's Ointment and no preparation which heals so quickly and leaves the skin so soft and velvety. 60 cents a box, all dealers; or Edmondson, Bates & Co., Toronto. Write for free copy of Dr. Chase's Recipes.

## ALDERMEN OFF TO JAIL CHOICE IS VOLUNTARY

Special Committee Will Investigate at Close Range—Infirmaries Abominable, Says Harris.

With a criminal indictment hanging over their heads in common with their fellow members of the city council, the special civic committee appointed some weeks ago to deal with the Toronto jail question met yesterday afternoon, with Ald. O'Neill at the helm.

Everybody agreed that something should be done, and with a view to getting local color needed to a proper understanding of the situation, it was decided to visit Chateau Chambers this afternoon.

At Controller Spence's suggestion Property Commissioner Harris will prepare a report covering the history of the jail. It will show how the infirmaries have developed and what responsibility rests upon the government, city and county respectively. The accommodation and causes of congestion will be dealt with.

## LOCAL TELEGRAPHS ADOPT NIGHT LETTERGRAM PLAN

C.P.R. and G.N.W., Beginning Tonight, Will Send 50 Word Messages For 10 Word Day Rate.

It was announced yesterday by both the Canadian Pacific and the Great Northwestern Telegraph Companies that, beginning to-night, they will inaugurate what is known in the States as the "night lettergram service."

The C. P. R. announcement says: "The charge for a night lettergram of 50 words or less will be regular day rate for ten words, and one-fifth of this rate will be charged for each additional ten words or less. Messages must be written in plain English, code or cipher prohibited. Lettergrams may be accepted either prepared or collect under usual regulations, and will be taken at counter 30 minutes or less before midnight, but, in the case of other night telegrams, will not be put on the wires until night, and when wires are clear of full-paid day business.

## TO CONFER ON HARBOR POLICY

With the object of effecting co-operation, not only on the reclamation of Ashbridge's marsh, but also the development of Toronto harbor, the board of harbor trustees met yesterday in the mayor's office to-morrow morning.

Because Property Commissioner Harris declines to do more than answer questions of fact in the case of Ewart & Co., the legal firm of Thurston & Boyd are stated to be considering applying to the courts for an order to commit Mr. Harris for contempt of court. The case is one involving waterfront rights.

## DEATHLY CRAMPS, Stomach was Bloating

A Bad Case That Proves Cramps and Stomach Disorders are Cured Fast by Nerviline.

"The distress I suffered from cramps last summer was so severe I thought I meant death," writes P. R. Emerson, of Guys Hill, P. I. "I was doubled up with pain and in such bad shape I couldn't walk a hundred feet. I remember having Nerviline on hand and took half a teaspoonful in sweetened water. In five minutes I was well and my stomach derangements disappeared entirely."

For cramps, flatulence, diarrhoea and disorders of the stomach and bowels, Nerviline knows no equal—one million bottles used every year—fifty years on the market, that is proof enough of its merit. G. G. Howell, at present roadways engineer in the works department, will be recommended by Mr. Rust for the position of deputy city engineer, made vacant by the resignation of P. S. Scott, at an initial salary of \$2500 a year. Mr. Scott received \$2500.

If the proposition is made, Murray Stewart, Mr. Powell's chief assistant, will step into his position.

While disappointed over the granting of charters to the radial railways at Ottawa, the board of control sees some gleams of sunshine. Controller Spence points out that the companies cannot, if they observe the letter of the law, carry on a local transportation business in Toronto, and that the radials cannot go on highways or under any street without the consent of the city council.

INDIAN IMPROVEMENT. In a great debate on Indian affairs in the Congress of the United States at Washington in the early eighties, the statement was made without question that the Red Indian population was then as great as it ever had been on the continent, the figures being placed at 250,000. Whether there ever were more than this in the past it is impossible to say, but the most recent calculations are to the effect that there were 300,545 Indians in the United States, exclusive of Alaska, at the close of the last fiscal year.

But if it is only a put-off, then the citizens will want very good reasons indeed to induce them to tolerate further delay.

TOLSTOY IN DRAMA

Russian Sage Blind to Shakespeare's Genius, Has Written Plays Himself.

The famous author of "War and Peace" and "Anna Karenina," whose immortal literary masterpieces, which are surpassed in depth of analysis, intense poetry and eternal truth...

Just as he attacked the beautiful dramatic poetry of the "Fruits of Civilization," "Hamlet," "Othello" and "King Lear" in a long and insipid dialogue...

The theatre has always bored, annoyed and exasperated Tolstoy, and he has never understood Tolstoy either the ideas of the intellectual and aesthetic movement...

The news was so astonishing that he dared hardly believe it, and yet it was an undeniable fact that Tolstoy had written a drama, "The Powers of Darkness," which he immediately published in pamphlet form for distribution among the people of Russia...

An Enormous Success. What surprised and delighted the whole world was that Tolstoy, whom everyone knew to be a devotee of the drama, and who had never studied the art of play-writing, had nevertheless written a play which was not only produced first at Moscow, then at St. Petersburg, and finally at St. Petersburg, and which was a success...

It is hardly necessary to say that Tolstoy was not present either at the premiere or at any of the later performances...

Mr. King reviewed efforts previously made to deal with the question of combines and mentioned that made by the late Clarke Wallace and committee which, after sitting for two and half months, had reported on thirteen different combines.

Dr. Sproule (East Grey) and Triah Wilson (West Grey) were in the chair in which complete evidence in the leather and rubber combines had been given to the public, yet nothing was done.

Mr. King stated that the cost of the investigation would be met by the government. The expenses of counsel for both parties would be authorized, as well as all other necessary expenses.

**MUST ISSUE PERMIT**

**But City Has Right to Impose Restrictions in Use of Building.**

The action brought by Mary and Henry Lane against Robert McCallum, city architect, to compel the latter to issue a building permit for a rooming house on Inglewood-avenue, Centre Island, was heard by Justice Riddell yesterday.

Counsel for the Lanes pointed out that there were many rooming houses on the island and also that since the first application for a rooming house had been made, permission had been given to erect a building for use as a rooming house, but so far, neither a reply nor a permit had been received. After counsel declared that the building was not a rooming house, Justice Riddell found that the city had a right to impose any restrictions in the use of the building to be erected. But he also found that the plaintiff was entitled to put up her house as a rooming house, and that the city had no right to issue an order for its use as a rooming house.

**MORE ROOM NEEDED**

**For City Detective Department in the Municipal Buildings.**

After a long, long sleep, the police commissioners yesterday awoke to a semblance of action with regard to the necessity of providing additional room for the detective department in the municipal buildings in the northwest wing of the city hall. The board heard Chas. Lennox, architect, and Property Commissioner Harris. They declared unanimously for the plan proposed by the architect, which is to cut over the north entry arch and provide room above that, and also to enter two rooms from unused on the west side of the arch. Mr. Lennox produced plans to show that this could be safely and expensively done, and that ample room would then be available. Commissioner Harris objected, but did not explain his objection. The matter will be passed on to council.

The present accommodation for the detectives is cramping the business of the department and the health of the men who are compelled to work without adequate light or ventilation.

**KINGSTON, April 12 (Special).**—The Standard (Con) in its second article on the Ottawa situation says that it is assured that George Taylor, the chief Conservative whip, will retire from office, a course he wished to take a year ago.

Of Hon. G. E. Foster the article says: "After years spent in the service of the people he is actually worse off than when, ambitious and alert and buoyant, he began the battle for them for honest and progressive government."

Miss Crawley is notably gifted with a most dramatic and powerful delivery. In these respects she rivals such famous dramatic artists as Maude Adams, Henrietta Crosman and Ethel Barrymore.

MISS MABELLE CRAWLEY.

One of the most accomplished actresses with the William Faversham Company now playing at the Royal Alexandra Theatre, is Miss Mabelle Crawley. She has been two years in the company and in that time has made an enviable reputation in the part of "Theodora" in "The World and His Wife" and in the role of "Salome" (Stephen Phillips' "Herod").

Mr. Faversham has been so impressed with Miss Crawley's remarkable interpretation of emotional parts and roles in his next season's repertoire.

**LAY FOR WEEKS AT DEATH'S DOOR**

**But Dodd's Kidney Pills Cured Mrs. Thompson's Dropsy.**

**It Started With Backache and Grew Worse Till the Doctor Said She Must Die.**

**HOLT, Ont., April 12 (Special).**—All the country-side here was ringing with the wonderful cure of Mrs. Samuel Thompson, who lay at the point of death for weeks, swollen with dropsy, so that the doctor five different times decided to lay her, but desisted because her husband said, "It might be better to let her die in peace."

After the doctor had given her up Dodd's Kidney Pills cured her.

Mrs. Thompson's terrible trouble started with pain in the back. She grew worse and the doctor treated her for jaundice for eight weeks. Then her feet and legs began to swell, and it was realized that dropsy was the trouble. For seven months she suffered. The doctor said there was no hope; she must die.

As a last resort Dodd's Kidney Pills were tried. The improvement was slow, but gradually her strength came back. To-day Mrs. Thompson is a well woman. She says, and the country-side knows, she owes her life to Dodd's Kidney Pills.

If the disease is of the kidneys, or of the kidneys, Dodd's Kidney Pills will cure it.

**Realty and Building**

Notwithstanding the defeat at the last municipal elections of the Bloor-street viaduct over Rosedale Ravine, to connect Danforth-avenue, the district around Danforth and Broadview-avenue is growing rapidly. A group of fine up-to-date stores has already gathered at the intersection, and seven new stores are now under construction on the south side of Danforth-avenue, immediately around the corner. Three stores are being built by J. D. Young (two 18 and one 20 feet frontage), to cost \$15,000, and four by the Playfair estate, at an outlay of \$25,000. The streets running eastward from Broadview-avenue and lying north of Carlton-street, to the city limits, are filled with a splendid class of residences. Towards Danforth-avenue many are not completed, and excepting these there are few vacant houses in the district that this annual spring movement will not take care of.

What the viaduct connecting Bloor-street would mean to the people living east of Broadview is the burning question in the district. It will be introduced again and again until the project is carried. It is the tone of the people. The building of the viaduct is the natural solution looking towards the ultimate growth of this district.

and we are bound to have it," is the positive statement.

The congregation of St. Stephen's Church is to spend \$50,000 on the erection of a new church and parish house. A special committee of the congregation has been considering the question for some time, and at a meeting held this week the matter was finally decided. The present site at the corner of College-street and Bellevue-avenue will be used.

An option of the Carer Howell Hotel property on University-avenue has been obtained at \$80,000. The frontage on University-avenue is 245 feet, with a depth of 120 feet. The identity of the actual buyer is said to be unknown.

A number of agents are said to be enquiring about properties in the vicinity, and all thru Murray-street the owners have been canvassed.

Property on District-road in the newly-annexed district contiguous to St. Clair-avenue, is finding good prices these days. Frank A. Wood reports that he has sold a large lot on the east side of the road, which is proposed to erect a \$20,000 house. Another sale of a similar size has been made to W. G. Lloyd, on the west side of the road. The lot on W. L. Symons is also said to be building a \$20,000 house on this property.

**MOST IMPORTANT CASE SINCE CONFEDERATION**

**This is the Way Sir James Whitney Views Decision on Disallowance.**

"This is a very important occurrence. Nothing more important has happened since confederation." These were the words used by Premier Whitney when asked if he had anything to say in regard to the news from Ottawa that the Dominion Government had refused to disallow the hydro-electric legislation.

Sir James was next asked for his opinion on the order-in-council creating Justice Magee of the chancery division of the high court of Ontario as successor to Mr. Oiler, who recently retired from the court of appeal; and of the appointment of W. E. Middleton, K.C., as successor to Justice Magee.

"I have no doubt, whatever," said the premier, "that the appointments are both good ones. I was amused to hear the remarks of some hungry Liberal, who objected to the appointment of Mr. Middleton by the Laurier government, because he was a 'Conservative.' I, myself, have no knowledge of Mr. Middleton's politics, but if he is a Conservative, he is the first one appointed to the superior court bench since 1856."

**A Family Party.**

George Marsh, 24 years, 222 East King-street, and Jerry Shea, 23 years, 201 1-2 Chestnut-street, were arrested yesterday by Detective Taylor, charged with assaulting Oliver Honeychurch, Eglington, in a lane in the east end of the city on Saturday last, and robbing him of \$5.50. When he took the lady from Marsh's home he was met by that young man's mother, who beat upon his countenance, whereupon he took her also upon a charge of obstructing the police.

Marconi's assistant manager in London stated a few days ago the company will accept messages for direct transmission to Canada.

**HARD PROPOSITION TO BULL.**  
World Office,  
Tuesday Evening, April 12.

Declaration of the regular quarterly dividend of one per cent. on Rio was apparently the signal for buying these shares, as the stock advanced over a point from the opening. The only buying ostensibly that could have come in would have been shorts covering, who sold several points higher when it was believed that no increase in the dividend would be made this quarter. Small improvements in other speculative securities occurred to-day, but the buying lacked confidence. Dominion Coal was easier, but this was not on account of anything done at the annual meeting. Despite the appearances of activity in some securities, it is still the impression of traders that the market is a hard proposition to bull.

## MT. MCKINLEY'S TOP REACHED

And Expedition Finds No Proofs of Dr. Cook's Ascent.

**FAIRBANKS, Alaska, April 12.**—The Fairbanks expedition to Mount McKinley, the highest peak in North America, reached the summit April 3 after a climb of one month from the base, it was announced to-day. No traces of Dr. Frederick A. Cook's alleged ascent were observed.

Four camps were established during the ascent and a trail was blazed all the way to the crest. Up to 15,000 feet the climbing did not present unusual difficulties. For the next 4,000 feet the way led over a steep ice field, which at first seemed to forbid further progress, but thru which, upon exploration, it was found possible to locate a path.

The final dash to the top was made from the 15,000 foot camp.

Mount McKinley terminates in twin peaks of equal height, one somewhat rounded and covered with snow, the other composed of bare and wind-swept rocks.

The expedition, which was provided with Dr. Cook's maps and data, endeavored to follow his supposed route, but utterly failed to verify any part of his story of an ascent.

## Quotations Slowly Subside After the Unexpected Rally

**Rise on Wall Street Meets Realizing and Prices Readily Respond—Toronto Market Still in Torpid State.**

World Office,  
Tuesday Evening, April 12.

The Toronto market continued in its semi-torpid condition again to-day. Trading was dull and was apparently uninfluenced by anything except the changing temperaments of those who operated.

Rio advanced a point on the announcement of the regular dividend, together with the corollary that the next declaration would be at the rate of 1-1/4 per cent. a quarter.

As against this, N. S. Steel dropped over a point on very light liquidation. The undertone to the market was steady to firm and a slightly better demand appeared for securities to-day.

Stocks interrelated with New York were uneasy because of the action of Wall-street, otherwise confidence is felt in these issues at the present time.

In the mining section of the market greater weakness was shown, Crown Reserve being the principal issue under pressure.

Sales of bank shares were larger to-day, but these and offerings of other investments were taken at the standard quotations. Commercials fell several points from the last sale on a twenty share lot in the Montreal market.

**Wall Street Pointers.**  
Hanover Bank shipping \$1,500,000 lot to London Wednesday.

President Schwab of Bethlehem Steel Co. outlines proposed improvements to cost \$2,750,000.

Trade in pig-iron dull, business confined to small current sales.

Senator Hitchcock predicts a reduction of \$10,000,000 in the government deficit for the year.

Traffic managers of Northwestern and Burlington say movement of colonists this year will exceed all records.

Bar silver now selling at highest of the year on briak Chinese and Indian demand.

**Rock Island Meeting.**  
NEW YORK, April 12.—At a meeting of the directors of the Rock Island Co. held to-day Percival Farquhar and F. S. Pearson were elected directors, to succeed G. T. Boggs and R. S. Skiff, resigned. These two new directors represent the English interests who, as recently announced, have been buying large quantities of Rock Island securities for some time.

**To Be Listed in London.**  
The London Stock Exchange Committee have received an application to allow the Shawinigan Water and Power Co. \$200,000 additional capital stock to be quoted in the official list.

Application has been made to the London Stock Exchange Committee to allow the Amalgamated Asbestos Corporation, Limited, \$5,150,000 common stock in shares of \$100 each; and \$1,875,000 7 per cent. cumulative preferred stock in shares of \$100 each to be quoted in the official list.

**Optimistic on Steel Trade.**  
NEW YORK, April 12.—Judge Gary returned to New York yesterday, and quoted as very optimistic on the steel trade. There has been a steady increase in business since the seasonable lull in January, he said; the corporation now has about 5,000,000 tons of unfilled orders on its books and new orders are coming in at the rate of about 5000 tons a day in excess of capacity. This estimate is only approximate, as it is bound to be somewhat less than the amount on the books of the end of December, because of the lull in business in January and February. At the present rate of bookings, however, our mills should continue to run at full capacity through the rest of the year.—Town Topics.

**Wall Street Gossip.**  
Joseph says: The blind man can see that the bulk of the recent selling was for bear account. Bona-fide holders of securities are satisfied with the outlook. The short interest in the soft coalers is large.

Rock Island is in shape to advance sharply at any time. Some offerings, probably for profit account, appear in Amalgamated around closing levels. Smelters shows a strong rally tendency. B. R. T. should do better. There

## TRADE BRISK, CATTLE UP

Fifteen Cents to 25c Cwt. Increase—Hogs \$9.50—Other Classes Steady.

The railways reported receipts of 55 cars loads at the City Market, consisting of 300 cattle, 154 hogs, 75 sheep and 130 calves.

Receipts being light, trade was lively, and all offerings were actively taken at advanced prices of 15c to 25c per cwt.

The market was practically over at 10 a.m., and many of the buyers had been away to the Union Yards to see what they could do there.

**Exporters.**  
The export trade at the market is practically a thing of the past. Sometimes a few bulls and a few of the heaviest of the loads of butchers' steers and hogs are bought by dealers for the buyers at the Union Yards at about the same prices as are quoted for the market.

**Butchers.**  
George Rowntree bought 13 carloads of fat cattle for the Harris Abattoir, some of which were of a special quality as the best exporters. Mr. Rowntree paid for butchers' steers and hogs \$5.50 to \$6.00; for cattle weighing 400 to 1100 lbs. for those weighing 1150 to 1200 lbs., \$6.00 to \$7.00. Mr. Rowntree got the choicest load of exporters seen at any market this year, weighing 1450 lbs., from Alex. White, cattle dealer, who is noted for handling the best to be had. These cattle were fed by John Cannegoa of Ferris, Ont., who is noted for feeding his cattle on alfalfa properly.

**HOG INDUSTRY VALUABLE**  
American Exports of Hog Products for 1909 Over \$106,000,000.

The great advance in the prices of hogs within the past two weeks has drawn attention to this animal which has hitherto attracted but little notice on the part of the general public, says The Chicago Live Stock World.

In the fiscal year of the United States terminating in June, 1909, hogs to the value of \$23,712,509 was exported; hams to the value of \$23,588,807; bacon to the value of \$25,829,400; and pork to the value of \$4,999,337. Exports of hogs, hams, bacon and pork to the value of \$106,828,737 were reported to be placed on the enormous amount of these products consumed in the United States, as well as the thousands of hogs raised by farmers and consumed by their families and in the local markets, which do not enter into the reported and official figures. From this it will be seen that this humble animal has become one of the greatest of American assets and compares favorably in point of numbers with the more widely known and more highly esteemed cattle and sheep.

It is evident from these facts that the hog industry, if it may be so termed, is one of great importance to the United States and to the world. If by careful selection of the best stocks, care in breeding and the use of the best foods as well as good management, two pounds of flesh can be added to the weight of each hog, the total increase of the pork product annually would be over 100,000,000, not a small item in the statistics of food supplies, enormous as they are. It is evident that the American hog has an honorable and important position among the assets of his country.

**Foreign Crop Summary.**  
J. P. Bickell & Co. furnish the following Broomhall weekly crop summary:

**United Kingdom.**—The condition of the crop is irregular, with many complaints of poor growth. Beneficial rains, however, have fallen during the week, and the weather is warmer.

**France.**—Crop prospects have improved during the week as a result of better weather for the growing plant. Supplies are scarce.

**Germany.**—Private reports received here state that the crop outlook is favorable. A semi-official report states that the outlook for the growing crop, and rye particularly, for the weather is mild, which is favorable for the growing crop. Supplies of native wheat are increasing, but the quality is poor.

**Russia.**—The outlook in the southwest is favorable; the southeast irregular. Supplies are becoming lighter, and stocks at the ports have shown a decrease since April 1. The weather is favorable.

**Australia.**—Sowing of the new crop has commenced, with favorable prospects. New Zealand.—An official report places the crop at 2,500,000 bushels, or a reduction of about 2,000,000 from the estimate given April 1.

#### GREAT THROG AT LATE MR. DARLING'S FUNERAL

North Toronto Man Pays Stiff Fine For Liquor Selling—Big Time in East Toronto.

LAMBTON, April 12.—(Special.)—In the presence of one of the largest throngs gathered at a public funeral in this district in many a long day, all that was mortal of the late William Darling was this afternoon committed to its last resting place in St. George's Cemetery.

That the late Mr. Darling was greatly beloved needed not this afternoon's immense concourse of sorrowing friends to demonstrate, but that he had in a marked manner formed strong and deep business and social ties in city and country was shown in the widely scattered districts represented at the last sad rites.

At the family residence, north of the Dundas-road, the funeral services were conducted by Rev. Mr. McWhongie and again at the cemetery. The late Mr. Darling had for nearly two score years been identified with the work of St. George's Church, and his remains were to-day interred in the family plot. The chief mourners were the widow, sons and daughter.

The casket was piled high with floral offerings, among others one from the family with the word "Father" interwoven. Some of those who testified their love in this manner were: Mr. and Mrs. Foster, Mr. and Mrs. E. Robinson, Mr. and Mrs. D. J. Storey, Mr. and Mrs. Harrington, Mr. and Mrs. W. B. Clayton, Mrs. William Clayton, Mr. and Mrs. F. L. James, William Gillman, M. T. Morgan, Dan Jones of the Empire, Mr. and Mrs. William Waters, Mr. Rummy, Mr. and Mrs. Young, officers sergeants' mess 48th Highlanders, Mr. and Mrs. Buchanan, Arthur Dempsey, M. Sully.

The pall-bearers were: J. D. Evans, Robert Tier, Thomas Tier, Jas. Boyce, Joseph Scott and Henry Russell, all life-long friends of the late Mr. Darling. The funeral arrangements were in charge of William Sheers of West Toronto.

Among a few of those present at the funeral services were: Reeve Bull of Weston, John Laxton, Thomas McQuillan, ex-Reeve John Bryans, Thos. Delworth, Inspector Dan Mackenzie, William Evans, Thomas Rummy, E. T. James, Thomas Elliott, Geo. Syme, Geo. Syme, Jr., Henry Shuter, D. Clarke and Robert Walker.

Big Meeting Decides to Help on Missionary Movement.

EAST TORONTO, April 12.—(Special.)—One of the most enjoyable functions ever held in the town was that of the Men's Forward Missionary Movement in Hope Methodist Church to-night, followed by a sumptuous luncheon prepared by the Ladies' Aid of the church. It was a big gathering and withal a jolly one, with never a dull moment. Short stirring addresses were given by a number of local and city speakers. Supt. W. Costain, C. J. Bell and W. J. Fawcett for East Toronto, advocating strongly the organization of a Men's Missionary Movement, which was later during the evening carried out.

A novel feature, and one which promises to fill the Y.M.C.A. Hall to the doors, is the entertainment to be given on Thursday, April 21, under the auspices of the Ladies' Auxiliary of the Y.M.C.A., by the "Old Maids' Convention" of the town. The cast of characters is entirely novel and some idea of the interest which is being aroused may be gathered from the fact that already the sale of seats is nearly exhausted.

The Mississauga Horse held a delightful smoker in the Y.M.C.A. to-night, when a number of local and athletes took part in the boxing and

### BRINGING BACK BRIBER TO PITTSBURG COURTS

Hoffstot, Prominent Financier, Refuses to Leave New York Unless Extradited.

PITTSBURG, Pa., April 12.—All further probing of councilmanic graft has been temporarily suspended by the adjournment of the special grand jury to-day until next Monday. In the meantime it is expected that Frank N. Hoffstot, under indictment in connection with bribing councilmen, will be brought from New York to answer the indictments.

Extradition papers were made out to-day, and to-night an assistant district attorney left for Harrisburg, where Governor Edwin E. Stuart is expected to sign them to-morrow. The papers will then be carried to Governor Hughes at Albany where it is expected they will arrive Thursday morning. District Attorney Blakeley will go to Albany and ask Governor Hughes to grant extradition.

When Governor Hughes shall have signed the papers Hoffstot, contrary to procedure, will not be placed in custody of an officer, but will be expected to appear before the Allegheny county courts. This concession was made because of the standing of his counsel in the community, former City Solicitor B. Rogers, who promised to produce his client when the extradition was granted.

The trials of seven councilmen, that had been scheduled for to-morrow, will probably be over until next week.

Judge Fraser to-day ruled that Harrison Nesbit, the former national bank examiner, who was alleged to be incompetent to serve as foreman of the grand jury, was competent. Judge Fraser holds that the jurors are not required to be qualified voters.

#### NORTH TORONTO

NORTH TORONTO, April 12.—(Special.)—Magistrate Ramden held court in the town hall here this morning. Two cases of illegal selling of liquor came up for the attention of the court.

One of these was James Dick of the Daville Hotel and the other Joseph Ready of the Outcote House. J. W. Curry appeared for Mr. Ready and pleaded guilty, a fine of \$125 being imposed.

In the case of James Dick, L. Monahan, representing the town, brought in a number of witnesses, but their evidence was for the most part of a contradictory nature and the magistrate dismissed the case. Mr. Dick was represented by S. W. McEwan.

A special meeting of the public school board will be held on Thursday evening. The sites and management committee are prepared to recommend three sites for the proposed new Bedford Park school, and out of these a selection will doubtless be made.

John Fort, former teacher for the Porcupine ball team, has been drinking since he lost his license in the west end. He had threatened to do away with his baby, and was found over to keep the peace in the sum of \$300. He had to wait for security.

Francis H. Wood was remanded until April 14 upon a charge of threatening to shoot Annie Greenfield. He had boarded with her. His sanity is questioned.

ONE BOOK A DAY No. 15 "DOC GORDON" By Mary E. Wilkins Freeman

Another \$10,000 prize story. The doctor is a double character—a David Harum man when out on his country drives visiting his patients or swapping stories in the back parlor of the hotel with George K., the proprietor; a mystery-haunted man at other times, with a sorrow or a tragedy hanging over him. It takes sixteen well-strung chapters to clear things up.

Published at \$1.25. Thursday, 25c.
