No Let Up To Russian Drive; Kalusz Captured

Headquarters of Enemy in That Part of Galicia Taken

Sanguinary Fight, But Germans Defeated—Hun Fails to Advance Farther in Belgium and Makes Useless Attempts Against French Lines

General Brusseloff's offensive in Galicia is developing into a drive with little or no let up, at least so far as the part in it played by General Korniloff's armies is concerned.

Yesterday's news of the capture of Halicz was followed today by the announcement that Korniloff's troops had pushed on beyond Lesiwka, south-west of Stanislaw, and reached occupied Kalusz, a city of 5,000 people, seven miles to the west of the Stoka river. The Austro-German headquarters in this sector was situated here. Kalusz was stubbornly defended, but a sanguinary battle the Russians pushed into the town and, according to advices from Petrograd, they are continuing their advance after having taken a large number of prisoners.

GERMANS FAIL TO CONTINUE

The German attack on Monday on the Belgian coast ceased with the capture of the small sector east of the Yser which had devastated that district with their intensive gun fire. Neither last night's nor today's British official announcements record any further fighting of moment in this region, although the artillery is continuing active. A German raid near Lombard-Zyde was driven off by the British.

On the Verdun front the German Crown Prince made several attacks on both banks of the Meuse. All these assaults, delivered in the vicinity of Hill 304, on the one side of the stream and north of of Hardsaumont work on the other, were repulsed by the French, as were attacks on the Aisne front, south of Juvincourt and in the region of the Triggade plateau.

Petrograd, July 12.—The Russians have captured Kalusz, the headquarters of the enemy in Galicia, according to a semi-official announcement made today.

According to information received at the ministry of war the Russian troops are continuing their successful advance and have taken a large number of prisoners.

Kalusz is a city of about 8,000 population, twenty-eight miles southeast of St.

Petrograd, July 12.—Official announcement that Kalusz had been occupied by the Russians was made today, coupled with the statement that the occupation was effected after a sanguinary battle.

Russia's New Hero

Petrograd, July 12.—Russia is ringing with the name of the latest hero of her war, Lieutenant-General L. G. Korniloff, victor of Galicia, who distinguished himself first proved that new advance is no mere flash in the pan. General Korniloff is the most daring, hitherto and scholarly officer in the army.

From log cabin to general in the literal text of the chronicle of his military career, born 46 years ago, son of a need-tricken Karalinsk Cosack in western Siberia, who later became a village clerk, young Korniloff early began rough forest work.

He received his first instruction. When barely 18, by his own exertions and all night studies, he qualified to enter the Siberian cadets corps, largely composed of sons of local magnates. In the Japanese war he received the rank of colonel and was entrusted with a desperate mission—of covering the retreat of one of General Gurovitch's shattered armies from the Caucasus of Central Asia.

Amazing to strangers is his gift for languages. He speaks not only all the European languages, but also Persian, Chinese and every dialect of central Asia. At the outbreak of the great war he was in command of the 46th division. In Galicia in 1915 he repeated the Mukden feat, covering a retreat under an unexampled month-long hail of Austro-German shells wherein his own "one broke through the encircling force of himself was wounded and taken prisoner by the Austrians.

His restless spirit did not long stand an Austrian prison camp and astonishing adventures he reached Russia. At the outbreak of the revolution he was invited to command the troops of Petrograd. When the disorders arose General Korniloff, fearing the necessity of repression, resigned, saying he would sooner shoot the foe than his own countrymen. He took command of the eighth army, whose brilliant exploit is primarily to him.

The German Blow in Belgium London, July 12.—The respective official statements furnish the only available details of the German blow against the British front in Belgium. Editorial comment and expert criticism, which is restricted and unimpassioned, treat the incident as disagreeable and troublesome but without great importance intrinsically and as unlikely to have any effect on the future of the war.

It is assumed that owing to a gale on the Belgian coast British naval support was impossible temporarily, while the Germans were in a particularly favorable position for such a coup, owing to their formidable coast batteries all along the dunes, which they can move with comparative ease from one point to another.

One comment is that it appears the mishap was preceded by a considerable local display of German superiority in the air, suggesting that the British are suffering from a relative shortage in airplanes.

Fail Again Against French Paris, July 12.—After violent bombardment, the Germans tried several surprise attacks during the night on both banks of the Meuse but were repulsed, according to a statement issued

EX-MAYOR TO HALIFAX ON THE MATTER OF COAL SUPPLY

Premier Foster Appoints Dr. Frink to Represent New Brunswick

CONFERENCE WITH CONTROLLER

Mr. MacGrath to Meet Representatives of Maritime Provinces—Food Controller Hanna Also Asks For Appointment in Matter of Food

Fredericton, July 12.—Premier Foster has been advised by C. A. MacGrath, who has been placed in control of the fuel situation throughout Canada by the federal government, that he proposes to hold a conference of representatives from the maritime provinces in Halifax on Friday.

In a telegram to the premier Mr. MacGrath states that he had had a conference with all the members of the House of Commons from the maritime provinces with regard to the coal situation and they found that the problem was so complex and extending over such a large area and the time so limited that special assistance was required of the three maritime provinces.

He made the suggestion that each of the premiers of New Brunswick, Nova Scotia and Prince Edward Island might select a capable man charged with the duty to render public service in an honorary capacity and the three thus selected to act as an advisory committee in assisting him.

The premier has requested Mayor Frink of St. John to act as the representative from New Brunswick and will leave for Halifax tonight to meet Mr. MacGrath and the representatives from the other provinces. The premier has received another telegram from Hon. W. J. Hanna, formerly a minister of the federal government, in which he requests that someone be named from the province to act as an advisory committee on food control at hotels, restaurants and clubs and who would advise and co-operate with the committee from time to time as the war proceeded and would attend at hearings when the different interests in the matter are asked to present their views.

FOR MORE PAY AND BETTER CONDITIONS

Grand Trunk Carmen Want to be Placed on Same Basis as Those on Other Lines

Ottawa, Ont., July 12.—The Grand Trunk Railway carmen have applied for a board of conciliation. Its personnel will be announced immediately. The men are asking the same wages and conditions as those who go out to work in the carmen's organization and one instance given in their complaint shows that other roads are paying 82 1/2 cents an hour while the Grand Trunk is paying only from 17 to 28 cents. The men are ninety-five per cent organized.

WILL NOT STAND FOR EXCESSIVE PROFITS

President Wilson's Plain Words to Coal Operators and Manufacturers

Washington, July 12.—President Wilson appealed today to coal operators and manufacturers to put aside every selfish consideration and to give their aid to the nation as freely as those who go out to offer their lives on the battle field.

In a statement addressed to the coal operators and manufacturers, he gave assurances that just prices will be paid by the government and the public during the war, but warned that no attempt to extort unprofitable will be tolerated.

ASKS EACH AMERICAN TO CUT DOWN MEAT PORTIONS Washington, July 12.—To conserve the nation's meat supply each person in the United States is asked by the food administration to cut down by at least one ounce the amount of meat eaten each day. The adoption of this suggestion will, it is believed, relieve the demands of the armies at home and abroad, and also leave a larger supply for the Allies.

THE DOG IN THE MANGER OF THE WORLD FOOD SUPPLY.

GLORIOUS DAY FOR THE BRITISH ARMS

Stirring Letter Comes From Lieut. J. C. MacCorkindale, M. C.

Officer Who Visited Here Writes of Recent Big Battle on Western Front—'Only Matter of Time Till Hun Must Give In'

Lieut. J. C. MacCorkindale, M. C., of Owen Sound, who visited St. John when he was home on furlough in the latter part of February, and while here made several friends, has written a very interesting letter to a friend in this city. He describes vividly a recent big battle on the western front. He writes:

'The battle started at three o'clock in the morning. It was still dark when the guns barked out heavily. The machine guns clattered incessantly, and the noise was simply terrific. The horizon was lit up by the continual flashing of the guns; a blue haze crept over the land as the smoke from the guns spread out. Earth was thrown hundreds of feet in the air; Germans were thrown fully fifty to one hundred yards, while hundreds were killed.

Then the infantry charged with bayonets. As our barrage lifted every dash it up a shining mass of glittering bayonets as our men advanced. We carried the trench and second trench with us, mopping up Germans as we went. Many held their hands up with pathetic sobs and waved white handkerchiefs in the air, indicating surrender. By this time, day was breaking. Ahead lay the so-called Red Line, now almost unaltered. Hundreds of artillery fire. Several Hunns attempted to run, but they were killed. The artillery lifted and showed bayonets pounded upon the line. Those of the enemy that showed signs of flight were soon disposed of.

To left and right huge tanks walloped through shell holes, over dugouts, crushing barbed wire and machine gun emplacements. Wherever enemy was seen it poured out a terrific stream of machine gun fire, killing everything in the shape of an enemy. The artillery fire was then directed to the next line and the Germans said that they drove us back by a counter-attack. This is not true, for I sent the message back to our artillery and he was muzzling and to shoot him up in a certain place. We simply murdered him before he got ready for his counter-attack. It is a glorious day for British arms, the most successful and most destructive battle ever attempted by us. It is only a matter of time until he must give in. He is simply hopeless in comparison to us. I really feel sorry for his vain attempt.'

ORANGE CELEBRATIONS IN ONTARIO CITIES

Toronto, July 12.—Seventy-two Orange lodges of Toronto and several visiting lodges made the usual July 12 March from Queen's Park past the city hall to the exhibition grounds this morning. The weather was threatening, but the rain held off and for part of the day the sun was out. Pears that the lawn transportation facilities due to the street railway strike would thin the parade were not realized. Banners carried by several lodges, bearing the names of members who had fallen in France, were a feature of the parade which absorbed the attention of on-lookers. A banner carried by the Orange of Derry Lodge bore the names of eight who had given their lives in 1914 to Vimy Ridge in the present year.

Kingston, Ont., July 12.—Five thousand Orangemen of Kingston and district are celebrating "the glorious twelfth" here today. There was a big parade to Victoria Park, where speeches were delivered, and a programme of horse and bicycle races at the fair grounds.

BRAZIL MAY SEND COFFEE TO ENGLAND

British Government Willing to Lift Barrier on Two Conditions

Rio Janeiro, July 12.—The British government has proposed to Brazil a plan under which exports of Brazilian coffee to England may be resumed. The British decree of February providing for the limitation of imports into the United Kingdom cut off coffee, among other things, dealing a hard blow to Brazil, and the government sometime ago invited the Brazilian minister in London to urge Great Britain to reconsider its action. The British government now informs Brazil it is disposed to consent to the importation of Brazilian coffee on two conditions:

First—That the coffee be transported in German ships confiscated by Brazil.

Second—That the ships also carry certain other food products.

The Brazilian foreign minister has instructed the minister in London to reply that Brazil, although willing to stipulate other food products, cannot agree that the coffee shall be carried exclusively in confiscated German ships.

ONLY TWO BATTALIONS OF BRITISH AT POINT WHERE HUN BROKE IN

London, July 12.—The total British casualties resulting from the German success near Nieuport, Belgium, on Tuesday, were about 1,800 including prisoners. These figures were given by Major-General E. B. Mautice, chief director of military operations at the war office today.

WEDDING IN FREDERICTON

Fredericton, N. B., July 12.—In the Brunswick street Baptist parsonage yesterday afternoon, Eldon Miles Currie of Bright, York county, and Miss Jennie May Palmer Keswick, were married by Rev. G. C. Warren.

QUITE SAFE

The fears entertained for the safety of a young man well known about the harbor front and a report which spread through the city that he was missing and believed drowned, were fortunately proved groundless. The best evidence that he is still alive being produced by the man in question himself. He was the man in question strolled down to the dock and assured them that he was very much alive.

NO WORD OF MISSING MAN

Nothing had been heard today by the whereabouts of James Sheridan, a longshoreman, who boarded with Samuel Worth, 263 Germaln street, and who has not been seen or heard of since Friday night. It is feared that since his hat was found on Reid's Point wharf that he has been drowned.

WEATHER REPORT

Issued by Authority of the Department of Marine and Fisheries, R. F. Stewart, director of meteorological service.

Synopsis—Pressure is now abnormal low over the continent except along the north Pacific seaboard. Unsettled showery weather prevails from Ontario to Newfoundland. Showers have also occurred in the western provinces. Ottawa Valley—Occasional showers. Friday a few scattered showers, but mostly fair and a little warmer.

Occasional Showers Maritime—Moderate winds, cloudy, occasional showers today and on Friday.

New England—Probably showers tonight and Friday, except fair Friday in Connecticut and West Massachusetts. Gentle, moderate to west winds.

Resignation of The Chancellor Reported

Berlin Paper Says so and Adds That Kaiser Withholds Decision—Coalition Government Said to be Coming

Berna, Switzerland, July 12.—(British Admiralty by wireless press)—The Vossische Zeitung, of Berlin, says the German imperial chancellor, Dr. Von Bethmann-Hollweg, has resigned. Emperor William, the newspaper adds, has postponed his decision as to whether or not to accept the chancellor's resignation.

Coalition Coming?

Amsterdam, July 12.—The Catholic organ, Germania, of Berlin, says that the Catholic centre in the reichstag has decided by an overwhelming majority, to support Matthias Erbsberger, who last week attacked the pan-Germans and advocated peace without annexation or indemnities. Herr Erbsberger's object, the newspaper says, is to induce the reichstag to make a declaration of war aims in the sense that Germany has not gone to war with a desire for conquest, but merely to defend its freedom and preserve its territorial possessions. In order to nullify definitely any impression on the part of the Entente that Germany's peace terms would be dictated by the Prussian military caste, the reichstag is asked to set forth with unmistakable clearness the German war aims. The Entente would then realize, it is contended, that it is waging war with the entire German people.

The Germania adds that the chancellor accepted the idea and that the formation of a coalition ministry is being prepared. Thus, it says, unity between the people and the government will be realized as a result of the war.

Vienna Denies Report

Amsterdam, July 12.—Emperor William had an interview lasting several hours with chancellor Von Bethmann-Hollweg yesterday and received his report on the political situation, according to a semi-official despatch from Berlin. The chancellor yesterday received various party leaders yesterday afternoon, says an official despatch from Berlin. (Tempo tutti e ad no panemque)

COMMENT ON THE VICTORY OF THE SINN FEINERS IN ELECTION

New York, July 12.—An Associated Press cable from London, says—"The chief feature of the day among the local Orangemen was an excursion by the May Queen to Gagetown, which was arranged by Dominion lodge No. 141, of the North End. A large number went up on the steamer this morning and they were joined by representatives of other lodges along the river and at Gagetown. Speeches were to be delivered during the afternoon and the excursionists will return this evening.

Others from St. John went to Lorneville today to join in the celebration held there by No. 69 and Coronation, No. 124, L.O.O.L. The Lorneville lodges left their building at eleven o'clock this morning and, after parading through the village, proceeded to the Scarville House picnic grounds where dinner was served. A programme of addresses had been arranged for the afternoon and in the evening a dance will be held in the Orange Hall.

The members of the order at Golden Grove also are having a special gathering to observe the occasion and they expected visitors from St. John to join with them in their celebration.

In Westerland. Moncton, N. B., July 12.—Moncton and Sunny Brae Orangemen left this morning to attend a demonstration of Westland county county Orangemen at Silver Lake, Middle Sackville. Ten cars left Moncton at 9:30 o'clock in charge of Conductor C. Trueman. Orangemen from Sackville, Miglo, Rockport, Dorchester, Salisbury, Petticoat, Victoria, Mills, Lorneville and Berry's Mills, also participate in a parade.

Along the River. Fredericton, July 12.—The July 12 celebration in this section of New Brunswick was not very ambitious. A picnic was held by the Orangemen at Nashuak and a gathering with addresses took place at Gagetown. The largest celebration was that of the Woodstock lodge, which ran an excursion to Gagetown over the St. John and Quebec Railway. This was largely attended, and many people from points along the line. The weather was unfavorable, rain falling during the morning and affecting the attendance at all places.

TWO LIQUOR CASES FOLLOW ON ARRESTS

As a result of the arrest of two men, Dunn and Pierce in the I. C. R. depot by Constable Roberts, on Tuesday night, charged with drunkenness, Wallace Stevens, restaurant keeper in the North End, was before the court this morning in answer to a charge of selling liquor. He pleaded guilty and was fined \$50, which was paid.

The case displayed the good work by Alexander Crawford, liquor inspector, and the city detectives. Dunn and Pierce described the man from whom they purchased the liquor and, as a result, Nathan Bryson of this city was brought to court. From immediately received from him Wallace Stevens was arrested on the charge of selling liquor to Bryson.

After the Stevens case was disposed of Bryson was charged with selling to Dunn and Pierce and proved guilty. He was also fined \$50. Both Dunn and Pierce were remanded.

MIKE GLOVER DEAD

Boxer's Real Name Was Michael J. Cavanaugh Middleboro, Mass., July 12.—Michael J. Cavanaugh, known in the sporting world as Mike Glover, a widely known boxer, died in a hospital here last night after a long illness. He was at one time considered by many sporting writers as the welterweight champion of the country. He was born in Lawrence

ANNIVERSARY OF BOYNE BATTLE

Celebration by Orangemen Today in Several Parts of the Province

The twelfth of July, the anniversary observed by Orangemen since the founding of their order, is being celebrated today over the world wherever Orangemen are found. The celebration this year is overshadowed by the great war and the observation is largely in the form of a tribute to the members serving their country and fighting for the principles of liberty for which the order stands, in the ranks of the overseas forces and to those who have fallen in the fight.

Owing to war conditions the day is being observed quietly throughout Canada this year and the transportation situation has made railway excursions and large central gatherings impossible. In St. John no arrangements were made for a local celebration, but some members of St. John lodges are joining in the observance in other places.

The chief feature of the day among the local Orangemen was an excursion by the May Queen to Gagetown, which was arranged by Dominion lodge No. 141, of the North End. A large number went up on the steamer this morning and they were joined by representatives of other lodges along the river and at Gagetown. Speeches were to be delivered during the afternoon and the excursionists will return this evening.

Others from St. John went to Lorneville today to join in the celebration held there by No. 69 and Coronation, No. 124, L.O.O.L. The Lorneville lodges left their building at eleven o'clock this morning and, after parading through the village, proceeded to the Scarville House picnic grounds where dinner was served. A programme of addresses had been arranged for the afternoon and in the evening a dance will be held in the Orange Hall.

The members of the order at Golden Grove also are having a special gathering to observe the occasion and they expected visitors from St. John to join with them in their celebration.

In Westerland. Moncton, N. B., July 12.—Moncton and Sunny Brae Orangemen left this morning to attend a demonstration of Westland county county Orangemen at Silver Lake, Middle Sackville. Ten cars left Moncton at 9:30 o'clock in charge of Conductor C. Trueman. Orangemen from Sackville, Miglo, Rockport, Dorchester, Salisbury, Petticoat, Victoria, Mills, Lorneville and Berry's Mills, also participate in a parade.

Along the River. Fredericton, July 12.—The July 12 celebration in this section of New Brunswick was not very ambitious. A picnic was held by the Orangemen at Nashuak and a gathering with addresses took place at Gagetown. The largest celebration was that of the Woodstock lodge, which ran an excursion to Gagetown over the St. John and Quebec Railway. This was largely attended, and many people from points along the line. The weather was unfavorable, rain falling during the morning and affecting the attendance at all places.

In the city the field sports of the 29th Highland Battalion were held in the square of the officers' quarters and were witnessed by a large gathering.

PRESIDENT

RESIGNATION OF THE CHANCELLOR REPORTED

A semi-official despatch from Vienna says the Vossische Zeitung report of an audience that Eberhard had with the Austrian emperor is a pure invention.

The extent to which the crown and special train from the front and yesterday at noon attended the crown council at which the emperor presided.

Paris, July 12.—A despatch from Basel to the Havas Agency says Emperor William has addressed to Chancellor Von Bethmann-Hollweg a rescript under the terms of which the bill to be submitted to the Prussian diet, as a complement to the Reichstag, is to be drawn up on the basis of equal voting rights.

Further Evidence.

Berlin, Switzerland, July 12.—(British Admiralty, per wireless press)—An official communication issued in Berlin yesterday says that Emperor William expressed the opinion that the political and constitutional reforms demanded by the Reichstag are such that they concern not merely himself, but his successor, inasmuch as they would be permanent.

Amsterdam, July 12.—The radical Weiser Zeitung, an old newspaper of Bremen, Germany, which it was reported was to be bought by the Krupp interests, will never agree to sell it to the Krupps.

Berlin, July 10, via London, July 11 (revised)—The Reichstag, which is planned to meet on Wednesday, probably will not convene until the main committee, whose session was postponed at the personal request of Chancellor Von Bethmann-Hollweg, has concluded its present deliberations.

The situation today was regarded as more favorable for the chancellor. His post and personality appeared to be easily secondary considerations compared with the cardinal issue, which, after all, involves parliamentary reform.

Whether a four party coalition can resolve itself into a co-ordinated coherent group is the question of finding a common formula was still one of the day's speculations. Meanwhile demands are likely to be forthcoming without delay.

The situation hardly contains the elements necessary for a political revolution and the man in the street is quite calm despite the fact that the crown crop of rumors continue to add intensity to the crisis.

OPENING OF ROYAL GARDENS

The management of the Raymond-Doherty Co. announce the formal opening of the Royal Gardens to take place Friday afternoon and evening, July 13.

Part of proceeds to be donated to local Red Cross.

Landlord Has Tenant in Court

Charge of Destroying Property by Tearing Off Boards and Taking Down Partitions.

Thomas Evans of West St. John was before Magistrate Ritchie this morning on a charge of destroying the property of Alfred Burley in St. James street, West End, to the extent of \$12.

The insurance blanket policy held by a large number of underwriting concerns is for \$400,000, covering the entire plant. The ten per cent clause will, it is alleged, limit the fire loss of the pattern to about \$40,000.

National Hartford, \$85,000; Home and New York, \$25,000; Excess, \$5,000; Royal, \$25,000; Providence Washington, \$20,000; Britannic and Underwriters, \$10,000; Richmond, \$5,500; Law Union and Rock, \$5,000; London Guarantee, \$10,000; British and Mercantile, \$10,000.

Local representatives of other companies involved were unable to give the amounts of their policies. These are North British and Mercantile, Phoenix of London, Aetna, Hartford, Guardian, Rochester, Sun, Yorkville, Springfield, Phoenix of Hartford and British America, etc. It is understood that a new building will be erected immediately.

WALL STREET NOTES

(J. M. Robinson & Sons' Private Wire Telegram)

New York, July 12.—\$85,000,000 N. Y. city bond sale today.

Bank of England rate unchanged at 5 per cent.

Steel men now in Washington informed that president favors investigation of production costs by federal trade commission to determine fair price at which government, as well as public, should obtain its steel.

Directors of Chicago Board of Trade forbid trading in December and May corn options above \$1.28.

German department of labor formed in Berlin with socialist likely to be first to hold new post.

BERRIES 18 CENTS TODAY

Cultivated strawberries are not as yet on the local market in any abundance, but were retailed this morning at 18 cents. Merchants were anticipating that before night, on arrival of the up river berries, the price might strike as low as ten cents.

Yesterday Nova Scotia strawberries were on the local market.

THE DESERTED BABE

As yet the woman who left her baby at the home of Mrs. Lippert, 62 Kennedy street, and did not return to take it, has not been found.

Kelly has notified the municipality of Queens county, where the woman is supposed to belong, to the effect that the baby is being kept in the Children's home here at their expense.

THE AMHERST FIRE

Amherst, N. S., June 12.—The fire at the International Engineering Works will mean a loss of between \$40,000 and \$50,000.

The insurance blanket policy held by a large number of underwriting concerns is for \$400,000, covering the entire plant.

The ten per cent clause will, it is alleged, limit the fire loss of the pattern to about \$40,000.

National Hartford, \$85,000; Home and New York, \$25,000; Excess, \$5,000; Royal, \$25,000; Providence Washington, \$20,000; Britannic and Underwriters, \$10,000; Richmond, \$5,500; Law Union and Rock, \$5,000; London Guarantee, \$10,000; British and Mercantile, \$10,000.

Local representatives of other companies involved were unable to give the amounts of their policies. These are North British and Mercantile, Phoenix of London, Aetna, Hartford, Guardian, Rochester, Sun, Yorkville, Springfield, Phoenix of Hartford and British America, etc. It is understood that a new building will be erected immediately.

New York, July 12.—\$85,000,000 N. Y. city bond sale today.

Bank of England rate unchanged at 5 per cent.

Steel men now in Washington informed that president favors investigation of production costs by federal trade commission to determine fair price at which government, as well as public, should obtain its steel.

Directors of Chicago Board of Trade forbid trading in December and May corn options above \$1.28.

German department of labor formed in Berlin with socialist likely to be first to hold new post.

BERRIES 18 CENTS TODAY

Cultivated strawberries are not as yet on the local market in any abundance, but were retailed this morning at 18 cents. Merchants were anticipating that before night, on arrival of the up river berries, the price might strike as low as ten cents.

Yesterday Nova Scotia strawberries were on the local market.

THE DESERTED BABE

As yet the woman who left her baby at the home of Mrs. Lippert, 62 Kennedy street, and did not return to take it, has not been found.

Kelly has notified the municipality of Queens county, where the woman is supposed to belong, to the effect that the baby is being kept in the Children's home here at their expense.

CABLE TO WIFE FROM CAPTAIN FORSYTHE

Commander of the Kansan, Which Huns Sank—Once Before Nearly Wrecked by Mine

Windsor, N.S., July 12.—Mrs. E. A. Forsythe, wife of Captain Forsythe of the torpedoed steamer Kansan, received a cable last evening announcing the safe arrival of her husband, who left New York on June 29, commanding the Kansan with its valuable cargo.

The cable read: "Kansan sunk, Captain Forsythe safe at Nantes."

The steamer had on board a naval guard and had three guns mounted. Captain Forsythe has been sailing out of New York with valuable cargoes for the allied nations ever since the war began, he knew the risk and fully realized the danger on each successive trip, but like all true patriots was not influenced other than to respond to the call to duty.

Last winter Captain Forsythe was wrecked by the Kansan striking a mine and being badly damaged. The steamer was in France for four months being repaired sufficiently to enable her to be taken to New York for completion.

She had been refitted and was making her initial trip overseas after the former accident when she was caught her by a torpedo. The many friends of Captain Forsythe are pleased to learn of his safety.

Dr. A. Bostock Hill, M.D., D.P.H., F.R.C.S., analyst in analysing a bottle of H. P. Sauce reports—"It is made from the best materials, is of pleasing and piquant flavor, and is in every respect a thoroughly good sauce."

Under these exceptionally favorable circumstances, it is small wonder that the history of H. P. is a tale of unqualified progress.

PROTEST LIES AGAINST GERMANY, NOT ENGLAND

London, July 12 (via Reuter's Ottawa Agency).—Regarding Anglo-Dutch communications concerning the placing of a new British mine field in the North Sea, Reuter's learns that the Dutch government has been fully informed that the action of Great Britain is solely and specifically dictated by military considerations, and is not directed against the economic interests of Holland.

The Netherlands government has been reminded that there is no similarity between the measures taken by Great Britain and those taken by Germany, for the latter denies the use of the sea to all neutral shipping. Great Britain, therefore, is not to be held responsible for the action taken by the latter's illegal action than to complain of the action taken by Great Britain.

BROTHER OF CHIEF OF BRITISH STAFF DROWNED

London, July 12.—Captain M. A. Robertson, brother of Gen. Sir John Robertson, chief of the Imperial staff, has been found drowned in Howth Harbour, Dublin. He was contacted with the army's main supply depot in Dublin. His death is unexplained.

ROTARIANS AND PLAYGROUNDS

At this week's luncheon of the Halifax Rotary Club, Rotarian Bell reported that the amount subscribed by the members of the club to the Supervised Playgrounds Commission was \$228, and thought that the \$100 mark would be reached.

Asks as to what he thought would be the best way to spend this money. Rotarian A. P. Dawson said a piece of apparatus called a play station would be a splendid thing for the grounds and the commission was desirous of obtaining such a piece of apparatus. He thought that this play station, if purchased, should bear the name of the Rotary Club on a small plate. Rotarian Hugh Fraser suggested a merry-go-round, but it wouldn't cost \$100. Rotarian G. E. Bostock said in case of a deficit he would be glad to subscribe the balance and several other members also suggested willingness to aid in getting this piece of apparatus.

THE AMHERST FIRE

Amherst, N. S., June 12.—The fire at the International Engineering Works will mean a loss of between \$40,000 and \$50,000.

The insurance blanket policy held by a large number of underwriting concerns is for \$400,000, covering the entire plant.

The ten per cent clause will, it is alleged, limit the fire loss of the pattern to about \$40,000.

National Hartford, \$85,000; Home and New York, \$25,000; Excess, \$5,000; Royal, \$25,000; Providence Washington, \$20,000; Britannic and Underwriters, \$10,000; Richmond, \$5,500; Law Union and Rock, \$5,000; London Guarantee, \$10,000; British and Mercantile, \$10,000.

Local representatives of other companies involved were unable to give the amounts of their policies. These are North British and Mercantile, Phoenix of London, Aetna, Hartford, Guardian, Rochester, Sun, Yorkville, Springfield, Phoenix of Hartford and British America, etc. It is understood that a new building will be erected immediately.

MORNING NEWS OVER THE WIRES

Sir Henry Drayton, chairman of the Dominion Railway Board, has returned to the government a check for \$15,000, which was sent to him in payment for his services as a member of the Drayton-Ackworth Smith commission, which investigated the Canadian railway situation.

Master Alfred Bell of Grand Falls, while riding on the running board of an automobile, was thrown off when the car struck a rut, and struck on his head. He is in a very critical condition. Fracture of the skull is feared.

The pattern storage building of the International Engineering Works, Amherst, was totally destroyed by fire yesterday morning. A. G. Robb, the general manager of the plant, was unable to account for the cause of the disastrous fire. The loss was estimated at \$100,000.

The steamship Parthenia which visited St. John on many occasions some years ago, on the route between this port and Glasgow in the Donaldson line service, is reported torpedoed. The crew were rescued.

During Tuesday night a baby girl was left at the home of Chester Purdy near Oak Bay, Charlotte county. It was left in a washbub in a porch. A note declared the child six years old, her name Gladys Lorean and asked the finder to take good care of the little one till the mother called for her. A stableman says that on the C.P.R. line Tuesday night a woman arrived with a baby, hired a team, drove away, returned early next morning and left by C.P.R. The baby then was not with her.

ROYAL YEAST CAKES

Some women hold to the idea that bread-making is a long and difficult operation, but this is a mistake, for with Royal Yeast Cakes, light, sweet bread can be made in a few hours with but little trouble.

FREE: Our special Royal Yeast Cake Book will be sent on request. It contains full instructions for making bread and rolls with Royal Yeast Cakes. Send name and address plainly written and this valuable little book will be mailed promptly.

"RICH BOY" LOSES FATHER
William Mills, Heir to Million, is Now An Orphan

White Plains, N.Y., July 12.—William Mills, Jr., who died suddenly at the home of his parents in New Rochelle from a hemorrhage of the brain, was the father of William Mills, who has for some time been known as the "Poor Little Rich Boy" on account of his having inherited a million or more dollars from the estate of his grandfather, William Crossman, who was known as the "Coffee King." The boy's parents were divorced, and a short time ago his mother died. After her death a legal fight began for his custody, and his stepfather, T. Frederick Lee, sought to have his name changed to William Crossman Lee. There has been a wrangle in the courts ever since, and the boy is now in the custody of De Witt H. Lyon of Port Chester, who was appointed his guardian by Surrogate William A. Sawyer.

The boy was recently before Supreme Court Justice A. S. Tompkins in an effort by the father to get possession of him. At the last hearing the boy testified that he wanted to go with his father, but at a former hearing he said he wanted to live and be brought up by his stepfather. The legal expenses, it is estimated, are already about \$75,000. The father, William Mills, Jr., was for many years a member of the New York Athletic Club and a well-known oarsman and swimmer. His brother, Charles V. Mills, was drowned when the Lusitania was sunk.

FIVE WRECKS TOO MANY.

A disconsolate group, comprising three sailors and a dog, passed through the city yesterday on their return to their homes in Nova Scotia. They are the survivors from the British schooner Unique, which struck Tuesday morning off Tucker's Shoal, Nantucket Sound. Forty-eight hours without food or sleep, the men reached Boston Tuesday night almost in a dazed condition. All of their money and possessions were lost in the wreck, but a kindly cabby soon had a message on its way to John B. Masson, of 84 Massachusetts avenue, Cambridge, the British vice-consul in Boston.

Thomas Kendall, the steward, declared that five shipwrecks in as many months were of sufficient excitement to last a man a lifetime and he was through with the sea.

Torpedoed four times in thirteen days while on deep-sea ships, Kendall declared that he had shipped in coastwise trade for a rest.

How Any Woman Can Remove Hairy Growth
(Beauty Culture.)
It is not longer necessary for a woman to visit a beauty specialist to have superfluous hairs removed, for, with the aid of a plain depilatory paste, she can, in the privacy of her own home, remove even a stubborn growth in a very few minutes. The paste is made by mixing some water with a little powdered delatone. This is applied to the hairs and after 2 or 3 minutes removed and the skin washed, when it will be left clear and hairless. Be sure you buy real delatone.

Cocoon Oil Makes A Splendid Shampoo
If you want to keep your hair in good condition, be careful what you wash it with.
Don't use prepared shampoos or anything else, that contains too much alkali. This dries the scalp, makes the hair brittle, and is very harmful. Just plain purified cocoon oil (which is pure and entirely greaseless), is much better than anything else you can use for shampooing, as this can't possibly injure the hair.
Simply moisten your hair with water and rub it in. One or two teaspoonfuls will make an abundance of rich, creamy lather, and because the hair and scalp thoroughly. The lather rinses out easily and removes every particle of dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves it fine and silky, bright, fluffy and easy to manage.
You can get purified cocoon oil at most any drug store. It is very cheap, and a few ounces is enough to last everyone in the family for months.

OPENING OF ROYAL GARDENS.
The management of the Raymond Doherty Co. announce the formal opening of the Royal Gardens, to take place Friday afternoon and evening, July 13. Part of proceeds to be donated to local Red Cross.

\$12,000 Award In Cheesman Suit

The case of Cheesman vs. the Canadian Pacific Railway was concluded in the supreme court yesterday afternoon. In this case, Laura H. Cheesman, the plaintiff, brought an action for damages against the railway for loss of her husband's life, who was killed while working as an engineer in the employ of the company. In answer to questions submitted by Chief Justice McKeown the jury found that the accident was caused through the negligence of the defendant company in having a deficient brake on one of their cars, and at the same time found that there was no negligence on the part of any of the employees. Had there been negligence on the part of any of the fellow employees of the deceased, the case would have come under the Workmen's Compensation act, the maximum damages under the act being \$2,000. The case was tried in the alternative, D. Mallin, K. C., who appeared for the plaintiff, relying on both the Workmen's Compensation act and the common law procedure, in the latter case the damages not being limited. The jury, in their answer to the questions submitted by the chief justice brought the case within the scope of the common law, and awarded damages to the amount of \$12,000.

KAISER'S CALL FOR A CONFERENCE PUZZLES THE UNITED STATES

Washington, July 12.—Conjecture here as to the purpose of the conference between Emperor William of Germany, and the neutral ambassadors and ministers, which was announced on Monday morning, ranged all the way from new peace proposals to threats of drastic action against the north European neutrals in the event that they should yield to the United States and refuse to continue to supply Germany with food and raw materials.

The general belief is that the emperor is making it plain to the Scandinavians that if they allow their territorial waters to be patrolled or mined by the Entente Allies, or refuse to continue to exchange goods with Germany, he will regard the action as a breach of neutrality and as an act of hostility towards Germany.

The reported conference, taken in connection with President Wilson's proclamation establishing a licensing system for exports, has caused quite a commotion among the diplomatic representatives of the neutral states. Some representatives on the subject already are believed to have been made to the state department.

HENRY FIELD DIES IN NEW YORK HOSPITAL

Grandson of the Late Marshall Field Suffers Relapse After an Operation

His Bride at Bedside—Death Leaves His Brother Probably Richest Young Man in World

Henry Field, grandson of the late Marshall Field of Chicago, died on Sunday in the Presbyterian Hospital, New York, following an operation. He had been ill for several weeks, and was operated upon on Thursday by Dr. Adrian Lambert. It was at first announced that the operation was entirely successful, and that Mr. Field was practically out of danger, but Saturday night a sudden relapse came, and his family were summoned.

Mrs. Field, a bride of only six months, was at her husband's bedside when he died, together with his brother, Marshall Field, 84, his wife, and Mrs. Henry Field's aunt, Mrs. Charles Dana Gibson.

Gray Hair Restored to its Natural Color
Why not bring back the natural youthful color to those gray and faded hairs that make you look so old? It's young and curly again. Have rich, dark, glossy hair without a trace of gray, that everyone admires, that you'll be proud of. You can do it easily—safely—gradually. Do not use dye or stain—they give the hair an unnatural look.

Royal Gardens Set New Standard For Saint John

Grill Rooms Richly Decorated and Beautifully Furnished

Formal Opening on Friday

Red Cross Society in Charge For the Day—Beautiful Surroundings and Provision for Perfect Service

The grill room of the Royal Hotel, which is to be formally opened on Friday with a social function under the auspices of the Red Cross, is a marked innovation to St. John. It is being employed for two months or more in creating this new attraction has produced delightful results. At the way of the hotel, the grill room is a beautiful room, with a soda and ice cream dispensing room at the rear, provides a feast for the aesthetic eye. The general effect is silver grey. Floral and foliage decorations are employed in richest profusion and the lighting scheme is in harmony in every sense with the soft, tender and beautiful surroundings.

Apartment from the beauty of the environment excellent service is assured. At very great expense the most capable men have been employed to conduct this branch. F. W. Green, of New York, who is to be superintendent, is probably one of the most widely experienced caterers on the continent, having traveled in his work through every section of the United States. F. Sweet, in charge of the soda and ice cream dispensing, has had unusual experience in the work, having been employed for some years in this way to the wealthy brokers of Wall street. More recently he has managed the grill room at the Halifax. Two chefs have been brought here. They are expert in their respective lines, and specialists in French pastry, which has become very popular in American cafes. In serving this delicious pastry it is the intention of the management to make a specialty. Professional orchestra men are being engaged in the State street. Above the grill room is a ball room, and music will be provided, each evening during the popular grill room hours.

Seen From the Street.
The entrance to the grill faces the front entrance to the hotel in King street. From the street the elaborate and prodigious floral decorations on the grill attract the eye. For the convenience of patrons an entrance has been made to connect with the ladies' entrance in the Germain street. A maid will be in attendance at the street entrance and will escort patrons to the grill. From the first floor stairs lead right into the room.

The main room is finished in silver grey. The tables, panels in the wall are all of silver oak. The movable furnishings were all imported from the States. The newly tessellated floor is of silver grey and white in harmony with the general scheme.

By the effect of a mirror plate, which are panels of mirror plate, designed with arch top. Between the arches, these trills work bears rambler rose vines in luxurious abundance, gracefully and most naturally arranged. Before each mirror panel hangs a silver chandelier of ferns. Natural paintings of a splendid type are a tender and appropriate accompaniment to the general plan. A beautiful effect. Each table has its individual shade lamp in the center. A beautifully designed glass door furnishes light from the other side of the rotunda.

An enclosed balcony is provided here for the orchestra and in such a way that the strains of music will be heard in the grill and in the rotunda.

Beautiful Wistaria Room.
The wistaria room adjoins the main floor. Though much smaller in size, its decorations are indeed beautiful. The general idea of the larger room is adhered to here, though the mirror plate panels are oblong and horizontal alternately. Instead of rambler rose vines the lattice work carries wistaria vines, supporting directly from Japan. Along the walls these vines are interlaced and festooned in luxuriant abundance, and the blue colored blossoms droop gracefully from the ceiling. A bewitching lighting scheme, shedding rays through the Oriental foliage adds a fitting finish.

Three steps rising from the main room lead to the soda and ice cream dispensing parlor. Just at the head of the stairs is a piece of art which attracts the attention of every one. It is the good luck fairy fountain and is patterned after a fountain in one of the buildings at the Panama Exposition which carried a first prize. What fable and mythology attaches to the work is not known but it is known that each part is symbolical of something in fairy legend.

Mounted on a huge stand of bronze is a massive bowl of mosaic glass work. This is the fountain receptacle. A dome worked in similarly colored glass arises as the number of exceptions to be allowed is estimated at 50 per cent. Next Saturday is understood to have been tentatively fixed upon as the date for the drafting, although no announcement has been made by the provost marshal-general's office.

Facing the entrance is the soda dispensing fountain. The massive wood-work is dull oak while the fountain is of onyx. The surface of the bar is solid malachite. All dishes used are silver of the finest variety and every up-to-date utensil is employed to insure the best sanitary conditions possible.

The lighting scheme here is different. The trelis along the ceiling is interlaced with grape-vine and here and there high lamps appear among the vines like bunches of grapes. The room is richly finished and nothing is lacking in its equipment. To the right stairs lead to the ladies' entrance.

The whole capacity of the place, grill room and wistaria room is about seventy-five. Special attention is to be given to afternoon teas, while the management will be in a position, too, to take banquets and give attention to small parties. The grill has been open for a few days now, but the formal opening is on Friday.

JEWISH CONGRESS POSTPONED BY WAR

At President's Suggestion Date of Washington Meeting is Set For November 18

The American Jewish congress has been postponed until Nov. 18, partly in deference to the wish of President Wilson that preference be given to public business at this time by all patriotic citizens. The president's message was brought to the congress administrative committee by Rabbi Stephen S. Wise of the Free Synagogue, who had a conference with Mr. Wilson recently. The president at this meeting expressed himself as unqualifiedly in accord with the following resolution, offered by Judge Julian W. Mack of Chicago, was adopted.

The office of Nathan Straus, chairman of the executive committee, and reported what the president had told him. The rabbi and the others present agreed that it would be unwise to hold any meeting that might detract from the interest in American affairs and the prime necessity of making effective arrangements to carry on the war, and the following resolution, offered by Judge Julian W. Mack of Chicago, was adopted.

"Resolved, that in view of the urgency of public business at this time, the administrative committee deems it wise and needful in the interests of American affairs that the American Jewish congress be postponed from Sept. 2 to Nov. 18, 1917."

sent the biggest problem of the Jews at the time the congress was conceived, but the suggestion failed to prevail. The executive committee foresaw the need for postponement, however, and at its last meeting adopted a resolution that the administrative committee be empowered to convene the congress on Sept. 2, and also to postpone it upon the sanction of a two-thirds vote of its members.

WIN-WAR MEETINGS, AUG. 4
An order in council has been issued by the Ontario government urging the calling of public meetings on Saturday, August 4th, the third anniversary of the declaration of war, "for the purpose of stimulating the devotion and patriotism of our people."
The recommendation of the government is as follows:
"Whereas, Saturday, the 4th day of August, 1917, will be the third anniversary of the declaration of war, and the occasion calls for fitting and solemn recognition throughout our province;
"We, therefore, believing it to be right and proper that our people should at that time reaffirm their belief in the

righteousness of the cause for which we are fighting and their inflexible determination to continue the struggle until victory has been achieved, have thought fit, by and with the advice of our executive council for the province of Ontario to appoint, and do hereby appoint, the said day to be observed throughout our province of Ontario in the manner aforesaid.

Hold Public Meetings.
"And we do hereby urge the calling of public meetings throughout our province on the date mentioned for the purpose of stimulating the devotion and patriotism of our people and of embodying these sentiments in appropriate resolutions and thereby uniting them effectually for the supreme effort which is necessary to bring to a victorious issue the struggle for the maintenance of those ideals of liberty and justice which are the common and sacred cause of the allies."
Same Result
"Doctor, my husband is troubled with a buzzing noise in his ears."
"Better have him go to the optician for a month."
"But he can't get away."
"Then see me."

Princeton University President Addresses the Canadian Club

"It is one of my deepest regrets that when Belgium was first invaded my own government did not make a strong protest," said Dr. John G. Hibben, president of Princeton University, in speaking on Our Common Cause, before the Canadian Club at Bond's last evening.

It was a strong address, a biting arraignment of the manner in which Germany makes war, a condemnation of those who hold that peace is under all circumstances and conditions the highest of all goods.

"I have never been able to understand the meaning of the word neutral from an American point of view," he said.

Dr. Hibben defined the war as a contest between autocracy and democracy, between the doctrine that might makes right and that right makes might and, said that Germany had misinterpreted the signs of history of the past 400 years just as she had misunderstood the attitude of Great Britain.

Dr. J. H. Frink occupied the chair and introduced the speaker of the evening.

Russians March on Lemberg

Having broken the strong Austro-German line in the vicinity of Halicz, the Russians are pushing forward from Halicz towards Lemberg, the capital of Galicia, and from Stanislaw, south of Halicz, westward toward the line of the Danister.

After the capture of Halicz, on the front from Halicz to Zolotvin, about thirty miles to the south, General Korniloff forced the Austro-Germans to continue their retreat. In their advance from Halicz the Russians forced the fleeing enemy across the Lomnica and occupied two towns on the western bank of the river. The next natural barrier is the River Stoka, about six miles west of the Lomnica.

South and west of Stanislaw, the Russians have reached the Ponicz-Lestorka-Katmazz line, the central point of which, Lestorka, is four miles west of the River Bystritsa. This line is about seven miles east of Katuz, the nearest large town west of Stanislaw and which is situated in a bend of the Stoka river.

The extension of the Russian fighting line to Colotvin brings the battle ground into the foothills of the Carpathians.

On Tuesday the Russians captured 2,000 more prisoners and thirty guns, bringing their total captures from July 8 to 10 to more than 10,000 officers and men and eighty guns.

A large amount of machine guns and war material also was taken. Berlin gives no details of Tuesday's fighting in Galicia, merely saying that "Movements south of the Danister have been executed until now as planned."

Strikers Throw Little Light On Harris Death

Carland and O'Brien on the Witness Stand

Reference to St. Stephen

Witness Says Remark Drew Threat From Murdered Man—Tell of Their Movements on Night of Attack

The inquest into the death of Robert Harris was continued last evening by coroner Kenneth Everett. The witness devoted to the evidence of Everett Carland and John O'Brien, who told of events preceding the attack and of their own movements on that night.

Last night's hearing began at 8 o'clock with a crowded court. Everett Carland, who was in jail, was brought in and placed on the stand. He told of meeting his five companions, drinking for an hour or more, leaving the hall and separating at the corner of Union and Charlotte streets. Jack O'Brien asked him to come along Union street.

CHILD'S SEVERE STOMACH TROUBLE

Harriston (Ont.) Father Says Dr. Cassell's Tablets Saved His Child's Life.

Mr. Corby, Harrison P. O., Ont., writes: "Our little girl was weak from birth, and though we tried doctors' medicine and other things she got no better. She just lay in her cot and cried, and neighbors all said we could not save her. The doctors said she had stomach trouble, and that her chances were small. Dr. Cassell's Tablets cured her. They have been worth their weight in gold to us, for we were just giving up hope of saving our little daughter. I don't think there is any other medicine for children like Dr. Cassell's Tablets. Publish this letter if you like; it may help others as the Tablets helped us."

A free sample of Dr. Cassell's Tablets will be sent to you on receipt of 5 cents for mailing and packing. Address: Harold E. Ritchie & Co., Ltd., 10 McCaul St., Toronto.

Dr. Cassell's Tablets are the surest home remedy for Dyspepsia, Kidney Trouble, Sleeplessness, Anemia, Nervous Allments, Nerve Paralysis, Puffiness, and Weakness in Children. Specially valuable for nursing mothers and during the critical periods of life. Sold by druggists and storekeepers throughout Canada. Price: One tube, 50 cents; six tubes for the price of five. Beware of imitations said to contain hypophosphites. The composition of Dr. Cassell's Tablets is known only to the proprietors, and no imitation can ever be the same. Sole Proprietors: Dr. Cassell's Co., Ltd., Manchester, Eng.

Together they went down to Mill and from there to the corner of Main street. He thought it was about 10 o'clock. He left O'Brien and walked up Main street. Before going into his house he went into Ramsay's beer shop for a drink. He called, though he admitted he was under the influence of liquor, that when he entered his home his wife asked him to get a hat and a handkerchief. He wore a light checked suit (the one he now had on). He thought he had on a dark grey overcoat and a hand hat, although he may have worn a soft one.

The witness stated that Harris' name was mentioned at the hall only when he called it out to put it on the blackboard. It was not mentioned after leaving the room.

Reference to St. Stephen.

Asked if he had followed Harris previously he replied, "Yes." He referred to an instance when he, Joe O'Brien and Livingston were down at the railway track near the foot of Queen street. They were seated there about 5 o'clock when Harris came along. Harris, the witness continued, shouted a name at him to which the witness replied—"You had better be careful. You know what I know about you in St. Stephen." Harris replied—"Carland I'll get you before the night is out." Later, he being cross-examined by Dr. Baxter, the witness amplified this. He thought Harris said—"If you tell on me, I'll get you before the night is out."

Carland stated that the three got up and walked along the track about a block after Harris. He would not say they were following intentionally until cross-examined by Dr. Baxter. Then he said: "I admit we were following him, to bound him, just to shame him."

The trio followed Harris to a field near his home in Pine street, when Harris shouted back something. The witness denied he made any reply to the effect that he would "get" Harris.

The witness could not place the time when he first heard of Harris being hurt. It was some time Friday, he thought. On Saturday he passed Harris' father in Charlotte street. Mr. Harris was in company with Mr. Crawford, liquor inspector, and he was pointing at the witness, "as much as to say, 'there, that's Carland.'"

Previous to June 14, the last occasion he saw Harris, was in King street, when Harris asked him if he could get him a plumber's card as he wanted to go to Toronto. He was on friendly terms with Harris, he said, and until a short while ago frequently went out with him at nights.

The witness was carefully cross-examined by Dr. J. B. M. Baxter, appearing for the city, and F. R. Taylor, K. C., appearing for the master plumbers. Dr. Baxter had in his hand a statement, presumably made out by Detective Duncan, while the latter was questioning Carland. There were some items at variance with the witness' present testimony, but nothing of importance. Carland intimated that Duncan may have made a mistake in taking down what he said.

Asked by Mr. Taylor regarding his intimacy with Harris, he remarked: "At one time we came near being brothers-in-law." He had known him for about six years.

O'Brien Tells Story.

John O'Brien, West St. John, another striking plumber, was brought from the jail to take the stand. He corroborated

WHAT DYSPYPTICS SHOULD EAT

A PHYSICIAN'S ADVICE.

"Indigestion and practically all forms of stomach trouble are, nine times out of ten, due to acidity; therefore stomach sufferers should, whenever possible, avoid eating food that is acid in its nature, or which by chemical action in the stomach develops acidity. Unfortunately, such a rule eliminates most foods which are pleasant to the taste as well as those which are rich in blood, flesh and nerve building properties. This is the reason why dyspeptics and stomach sufferers are usually so thin, emaciated and lack of vitality which can only come from a well fed body. For the benefit of those sufferers who have been told to exclude from their diet all starchy, sweet or fatty food, and are trying to keep up a miserable existence on gluten products, I would suggest that you should try a meal of any food or foods which you may like, in moderate amount, taking immediately afterwards a teaspoonful of bisulphated magnesia in a little hot or cold water. This will neutralize any acid which may be present, or which may be formed, and instead of the usual feeling of uneasiness and fullness, you will find that your food agrees with you perfectly. Bisulphated magnesia is doubtless the best food corrective and antacid known, when used in moderation on the stomach; by neutralizing the acidity of the food contents, and thus removing the source of the acid irritation, it does more than could possibly be done by any drug or medicine. As a physician, I believe in the use of medicine whenever necessary, but I must admit that I cannot see the sense of dosing an inflamed and irritated stomach with drugs instead of getting rid of the cause of all the trouble. Get a little bisulphated magnesia from your druggist, eat what you want at your next meal, take some of the bisulphated magnesia directed above, and see if I'm not right."

Weak, Anaemic, Nervous Run-down

WHEN your system is undermined by worry or overwork—when your vitality is lowered—when you feel "anyhow"—when your nerves are "on edge"—when the least exertion tires you—you are in a run-down condition.

Your system is like a plant that is drooping for the want of water. And just as water revives a drooping plant—so Wincarnis gives new life and new vitality to a "run-down" constitution. Because Wincarnis is a four-fold power. It is a tonic, a restorative, a blood-builder and a nerve food—all in one. Therefore Wincarnis promotes new strength, new blood, new nerve force and new vitality.

The benefit begins from the first small dose. You can feel it doing you good. You can feel your whole system being recharged with new vitality and new life.

BRAYLEY DRUG CO., LIMITED, ST. JOHN, N. B.

A NEW OVERLAND SERVICE GARAGE

J. A. Pugsley & Co. to Operate Large New Two Story Garage on Duke Street For Overland Owners.

With the rapidly increasing number of Overland cars owned in St. John, Messrs. J. A. Pugsley & Co. local distributors, have found it necessary to secure a larger service garage than their present premises on Chipman Hill, and have just made arrangements for the fine new two story garage on Duke street now in course of construction, and which they expect to be able to open to Overland owners on or about August 15.

The building is 40 feet wide by 100 feet in depth, built of brick with cement floors, and contains upwards of 8,000 square feet of floor space. The lower floor will be devoted to car storage, and the upper floor to repair shop, parts department, and offices.

The service system installed will be the same efficient system as is used in the larger cities where the Overland Company themselves maintain very large garages for the benefit of their customers; and all the latest labor and time saving appliances are to be installed, many of which are now on the way here from the Overland plant at West Toronto.

In selecting a car service is of prime importance to the owner, as good service means lasting satisfaction. That it pays to render good service is evidenced by the large and rapidly increasing number of Overland and Willys-Knight car owners.

Five Recruits

Five recruits were secured in the city yesterday. They were—John C. Page, Dover, England; Elmer P. Bell, Canada; Harry Turswell, Belfast, Ireland; No. 8 Field Ambulance; P. V. Cross, England, Forestry Company, and Harold Kerthner, New Bedford, Mass., Royal Navy.

Won Military Cross.

Lieutenant F. C. Hannington, of Victoria, B. C., has won the Military Cross. He is a nephew of W. T. Peters, of Rothesay. Lieutenant Hannington was born in Montreal.

Report to Ottawa.

The military court of inquiry, sitting on the death of Lance-Corporal Hamm, closed its session yesterday. Major H. D. Miller presided and the report will be made up and forwarded to Ottawa immediately.

GERMAN FIRE DIMINISHED.

New York, July 11—The American steamship Kansas, carrying a crew of fifty men, has been sunk, presumably off the French coast, according to a cablegram received here today by the France and Canada Steamship Company which chartered the vessel. The fate of those on board is not known.

The vessel was valued at \$8,000,000, she carried a cargo of flour and other foodstuffs, together with 4,000 tons of steel, which, valued in all at \$2,000,000, was consigned to the French government.

A LOSS OF \$5,000,000.

The latest British official statement shows that the German air force, after fighting on the Yser sector, and says that the German artillery fire has diminished in intensity, the first battle being so violent that the guns were heard in London. German attempts southeast of Arras and in the vicinity of Lens on Wednesday were without success.

Violent artillery fighting marked Wednesday on the Aisne and Champagne fronts in France and east of the Meuse in the Verdun region. Northwest of Zila, on the Carso, the Italians have occupied the Austrian town of Dolina.

WILCOX'S ANNUAL JULY CLEARING SALE

of Men's, Women's and Children's Clothing of all kind must be sold to make room for Fall Goods

THREE GRAND BENEFIT SHOWS

IN
IMPERIAL THEATRE TODAY

TO AID
THE RED CROSS WORK OF FRANCE

FRENCH ARMY AND NAVY Inspiring Motion Pictures of the Mediterranean Fleet in a Surging Sea, also a collection of fine views taken on the Western Front and among the Verdun Defenders. Genuine pictures that show what our heroic ally is doing to drive the invader from her land. Taken by Pathé Freres of Paris.	"WE ARE FRENCH" One of the most charming pictures ever brought in St. John. Ella Hall and Rupert Julian are the leading players and from title to trademark the story teems with heart-interest and that deep and chivalrous sentiment that is standing noble France in such stead at this present critical time.	BEAUTIFUL FRENCH VIEWS Picturesque scenes in the garden of romance. It is hard to believe that many of the scenes shown in this series are now a devastated waste, due to the merciless and barbarous Hun. However, the hopeful, determined French people say they will build them back again more beautiful than ever.

Cubs Release Archer
James Archer, veteran catcher with the Chicago Nationals, was unofficially released on Tuesday. Archer, a stout early in the season, has not been playing regularly. He expects to go with another major league club.

Change in Braves' Roster
Manager Stallings of the Boston National League, on Tuesday night announced the purchase of outfielder Edgar Berg and Roy Powell from Providence, the transfer of outfielder Joseph Wilhoit to the Pittsburgh team, the waiver route, the unconditional lease of infielder Mike Massey to Providence, and the release of pitcher Ed Reulbach to Providence. Reulbach was on an optional recall agreement subject to waivers not yet received by Boston.

Outfielder George Trowmbley who resided in Boston, to be sent to Louisville, Ky., to join the Louisville team. Louisville has agreed to join the Louisville club, to which proposition Louisville has consented.

Cubs Buy Young Star
Chicago, July 11.—The announcement that the Cubs have bought first baseman Leslie of the Waco, Texas club, does not come as a surprise to those who have seen the youngster in action. A big raw boned kid with an ideal build for a first sacker, Les attracted considerable attention during his work in the exhibition games played by Waco against major league teams was excellent. He made excellent impression in the games played with the Giants and at the time prediction was made by many of "Graw's" men that it would not be long before he would be picked up by big league club. With Fred Merkle going so well Les will warm the benches for the present, but will get a chance later on.

THE KENNEL

Dog Show in October

At a meeting of the show committee of the New Brunswick Kennel Club held last evening, members of the special committee for the coming dog show were discussed.

It was decided to hold the show on October 10-11 and 12, in St. Andrew's rink. Alf Delmont, one of the foremost American and Canadian judges, has accepted the invitation of the club to officiate as judge.

The show is to be held under the auspices of Loyalist Chapter and the net proceeds will go for patriotic purposes.

Ties League Record
Dallas, Texas, July 11.—Pitcher James P. Connelly of the Dallas Club in the Texas League has tied the major league record held jointly by Babe Marquard and Tim Keefe, having won his nineteenth consecutive game. Connelly's seventeenth consecutive victory was a no-hit game in which only twenty-seven batters faced him. Connelly pitched for the Federal League in 1914.

Montreal Catcher Injured
Montreal, July 10.—Tommy Madden, the veteran catcher of the Royals, is back in town sporting one black eye and two battered fingers. Thomas was hit in the right eye by a ball which bounced off a bat which struck him in the right eye. Sunday he got back into the game, only to have two fingers badly damaged by a hot foul. Dan Howley will do all the catching for the Royals until Madden recovers.

GOLF
Quimet Finishes Third.
Chicago, July 9.—Kenneth F. Edwards of the Midlothian Club today led a field of 145 golfers in the eighteen-hole elimination round of the Western amateur championship, playing the 6,800-yard Midlothian course in seventy-two strokes, par for the links. His brother Donald, also of the home club, was second, with seventy-six.

Francis Quimet of Boston, playing by invitation, as an amateur, although held a professional by the United States Golf Association, had a card of seventy-two, thereby tying for third place with John G. York of New York. Arthur Led of Detroit, and F. J. Douglas of Chicago, Addison Stillwell and Albert Seckel of Chicago, a former western champion, were next with seventy-eight. The only others to get under eighty were Perry Adair of Atlanta and

SPORT FATALITIES

943 IN TEN YEARS

Statistics From Field of Athletics
Compiled by Brooklyn Physician

He Draws One Conclusion—Asserts Every Means Should be Used to Make Those Who Enter Contests Physically Fit

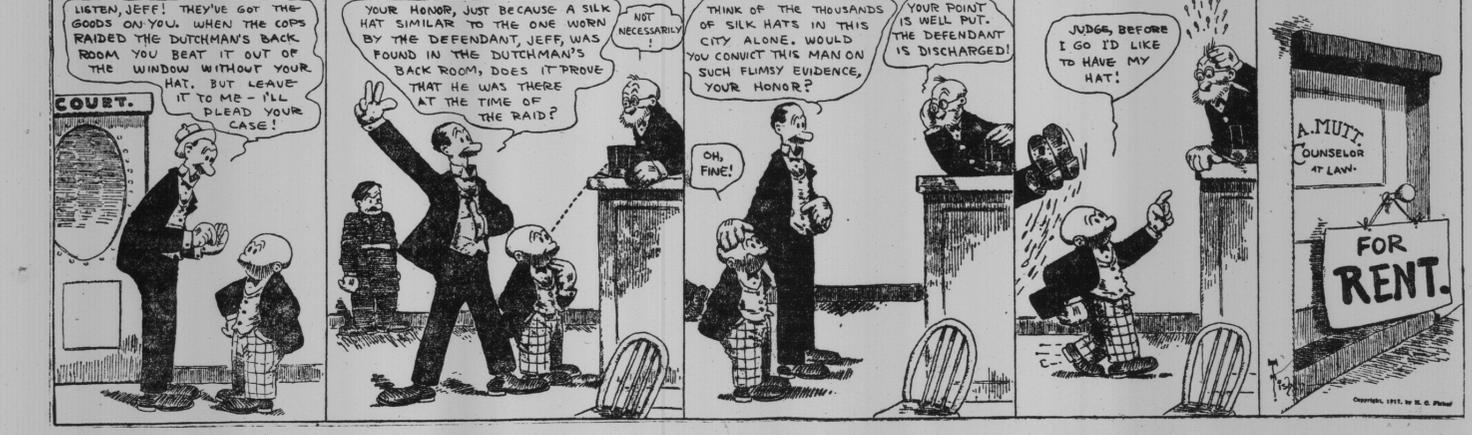

Dr. Robert E. Coughlin of Brooklyn, has made a compilation of fatalities in athletic sport and the mortality of athletes for ten years, ended with 1916. The lesson to be learned from the study of the detailed figures is that those competing should be physically fit before engaging in athletic contests. Here is Dr. Coughlin's article, which appears in The New York Medical Journal:

"Nine hundred and forty-three lives were sacrificed on the fields of athletic sport for a period of ten years ending with 1916. Baseball heads the list with 284 fatalities; football is second with 215; auto racing third with 128; boxing fourth, with 100. Seventy-seven cyclists and fifty-four jockeys lost their lives; fifteen wrestlers perished on the mat; fourteen persons lost their lives playing golf; nine were killed at bowling, and one died while playing lawn tennis.

"Total deaths noted during 1905 were 128; 1910, 206; 1915, 150. There were seventy-eight fatalities directly due to games and contests during 1905, 129 during 1910, sixty-eight during 1915. During 1905, 1910, and 1915, respectively, there were the following number of fatalities in football: Twenty-eight

as it was, has not equalled the stunts pulling off every day by Chapman in the last dozen games.

PIPE-LAYING PROCESS.

The laying of the new water main in Drury's Lane was completed yesterday, today the work is being continued down North street to Smythe and the new main will be laid along Smythe to Mill.

The laying of the last nine joints of pipe and the installation of the stopcock at the corner of Germain and Union streets last evening, practically completed this job.

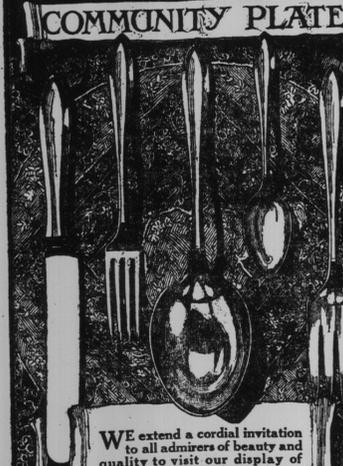

In Lancaster, the twenty-four inch main has been laid to a point half way from Barnhill's corner to Moore's hill. A hundred feet of reinforced concrete covering has been laid on the old wooden sewer in City road.

New stopcocks were installed last evening in Coburg, Carleton and Princess streets.

ROBERT BLACK

The death of Robert Black, aged thirteen years, son of Mr. and Mrs. Henry Black of 55 Somerset street, occurred yesterday afternoon after a lingering illness. Besides his parents, he is survived by one brother and seven sisters. The funeral will take place on Friday afternoon at 2:30 o'clock from his parents' residence.

EVIDENCE IN ARSON CASE

Several Witnesses Heard in Matter of Destruction of Wm. J. Crawford's Summer House

The case against Joseph O'Brien and John O'Brien and John Hughes, under arrest on suspicion of having set fire to a summer cottage owned by William Crawford on the Loch Lomond road, was continued in the supreme court this morning before His Honor Chief Justice McKeown. Attorney-General Byrne conducted the prosecution and was assisted by J. MacMillan Truman, while J. A. Sinclair and E. J. Henneghy appeared on behalf of the two defendants. There was nothing of a sensational nature brought out in the evidence.

William J. Crawford was recalled by Attorney-General Byrne. He said he was secretary of the Master Plumbers' Association. He was at the scene of the fire on the morning after the fire. He had been attracted by two horse shoe prints. Both, he said, were small and one was long and narrow, which was quite different from the ordinary horse shoe mark.

Cross-questioned by Mr. Sinclair, he gave the distinction between a master plumber, a journeyman plumber and an apprentice plumber. He also answered questions re the objects of the Master Plumbers' Association. He said the association did not fix the wages of the plumbers, but did set prices on goods they sold.

Q. Mr. Crawford, do you know Mr. O'Brien?
A. Yes, sir. He worked for me eight years ago.
Do you know Mr. Hughes?
Yes, sir. Mr. Hughes never worked for me, but I know him to speak to him.

Mr. Crawford said his house was a story and a half high and was substantially finished. It was about 200 or 250 feet from the road. He said he heard of the fire about 11 o'clock on the night of June 15, left for the scene about 12 o'clock, and drove immediately there.

Q. Did it not rain heavily between 11 and 12 o'clock?
A. Not to my knowledge.

When he arrived at the scene of the fire he stopped about twenty feet from his crossing. He started to look for tracks commencing from his crossing at the Loch Lomond road to his property. He followed the tracks to some trees. There he saw marks where the grass had been trampled down. These marks were traced toward the Loch Lomond road and then toward the city.

There were two residents on his property.

Q. Would you say on your oath that there were not visitors to Trilby Lake that week?
A. There were some there on Sunday.

Q. Was it strange that from the fact that there is a fish trap on your property there were wheel marks on your road?
A. It was strange that marks went towards these trees.

In answer to the question repeated he said no. He said he was out on his horse and Sunday to the Loch Lomond road and then toward the city.

Q. Do you know Mr. Bruce?
A. Yes, sir.

Q. How long has he been here?
A. About two months.

CONCRETE FOR SIDEWALKS IS SUGGESTION

Commissioner Fisher Would Lay no New Asphalt Walks—Wants Property Owners to Contribute—The Cat Nuisance

A policy of laying new sidewalks of concrete only, instead of asphalt, was outlined by the commissioner of public works at a meeting of the council in committee this morning. He said that the city had no additional asphalt sidewalks to lay and that new concrete sidewalks be provided only as the property owners benefited agree to pay half the cost.

The mayor presided and Commissioners Wigmore, Russell and Fisher were present.

In reply to the mayor, Commissioner Fisher said that the city had no asphalt sidewalks to lay and that the council in committee this morning had decided to permit the renewal of the water main, but his latest advice was that they would not do the work and that the city would have to attend to it.

Referring to the presentation to a gold watch on Monday evening, the mayor reported the plans which have been made and asked the other commissioners to be on hand at King street at eight o'clock for the presentation ceremony.

The mayor asked the pleasure of the council regarding the recommendations for license fees for private carriages which he had introduced several weeks ago. It was agreed to allow the matter to stand over until next year.

A communication from John H. Pyle, asking permission to erect an electric sign over his premises in Germain street, was referred to Commissioner Fisher, with power to act.

Discussion of the revision of the sidewalk occupation act was postponed until next Monday.

Commissioner Fisher gave notice of a resolution as follows:

"That in future no extensions be made to the present system of asphalt sidewalks, and that when new sidewalks are required, they be laid with cement concrete, but only so far as the property owners will agree to contribute one-half of the cost."

Commissioner Wigmore suggested that it might be better to issue bonds to cover the entire cost of the permanent annual charges for repairs would fully meet the interest and sinking fund charges. This, he said, had been the experience in Lancaster.

Commissioner Fisher said that he thought the property owners should contribute. He was not suggesting a new by-law or act of legislature, but merely a permanent policy for the department.

The mayor drew attention to complaints he had received regarding the stray cat nuisance; the idea entertained by some of the citizens seemed to be that the police should be instructed to shoot at night. The matter was referred to the commissioner of public safety.

A LARGE GAIN

St. John bank clearings for the week ended Thursday, July 12, were \$2,288,147; corresponding week last year, \$1,975,643; corresponding week of 1915, \$1,676,968.

DENY THE FINDING OF SUBMARINE BASE
