REPLY TO WILSON GIVEN OUT TO THE WORLD TOMORROW

Allies' Note Handed to Ambassador in France ONE ALSO FROM BELGIUM

Latter's Includes Expression of Gratitude for Services Rendered—Allies Answer Longer Than Sent to Central Powers

Paris, Jan. 11.—Premier Briand yesterday received Ambassador Sharp and handed him, in the name of all the allied governments, the answer to President Wilson's note of December 19. The reply will be published on Friday morning.

The most important joint statement, the allies desiring to be sure that the president has the text in hand before publication in the press.

Premier Briand at the same time gave Ambassador Sharp a note from the Belgian government. This note, while declaring entire adherence to the general answer of the allies, says that the Belgian government desires to show its feeling of gratitude to the American government for the generous services rendered the unfortunate Belgian population.

The reply of the allies is said to be a long and detailed document, in this respect presenting a strong contrast to the answer of the Central Powers.

Commenting on it, the Matin says: "The most important joint statement ever drawn up by any governments was delivered without comment by the representative of the French Republic to the delegate of the great transatlantic democracy. In the same capital which has witnessed great revolutions, Premier Briand addressed the ambassador of the vast confederation of states which were assisted by French volunteers to conquer their independence 150 years ago.

A witness to this act, by which the world confided its claims and desires to the new, was the minister of little Belgium, a country which has witnessed great revolutions and would have been wiped out but for the help of powerful neighbors.

The grand and historic confederation of states which were assisted by French volunteers to conquer their independence 150 years ago.

Defence Lines at Rafa Captured, With 1,600 Prisoners—Relief Force Destroyed—Khaki Men Press on to Turkish Frontier

London, Jan. 11.—It is officially announced that six lines of entrenchments, covering the town of Rafa on the Sinai Peninsula, have been captured by the British.

The statement says 1,600 Turks were captured. A Turkish relief force was destroyed. Rafa is thirty miles northeast of El Arish, Egypt.

The Crown Prince is reported to have been shot in the arm while leading his troops in the attack on the position.

London, Jan. 11.—(New York World cable)—A despatch to the Daily News from Paris says: "I have just confirmed from a neutral source usually very well informed on such matters in Germany, that Crown Prince Wilhelm now has been deprived of all effective military command."

SEAMAN'S ESTATE \$467,520

Typewriter Maker's Bequests Scaled After Appraisal

New York, Jan. 11.—Through the appraisal of his estate it was learned that Clarence W. Seamans of the Remington Typewriter Company, Illion, N.Y., who died on May 20, 1915, left a net estate of \$467,520.

The bequests to his widow, Mrs. Ida Gertrude Seamans, who takes the home of the deceased at 780 St. Mark's avenue, was scaled down to \$200,000 and a life interest in \$65,000, and personality of \$18,446.50.

After the appraisal had shown that payment in full to the widow would prevent payments of \$50,000 each to Mabel G. L. Seamans and Dorothy Seamans, daughters, their portions were cut to \$28,707 each.

Similarly a bequest of \$85,000 to the recent's sister, Corneila Seamans of Illion, was scaled down to \$20,000 and a brother, Francis Marion Seamans, gets \$25,707, instead of \$60,000.

Mr. Seamans' holdings in the Remington Company were appraised at \$909,920.

Greece Accepts Allies' Terms

Reply Delivered Wednesday Evening GUNS BEING HANDED OVER

Constantine Also Orders Troops to Suppress All Hostile Demonstrations—Enemy Said to Be Assembling Reinforcements on Entente Left Wing

London, Jan. 11.—Greece's reply accepting the terms of the ultimatum of the Entente Allies was delivered on Wednesday evening, says Reuter's Athens correspondent.

Athens, Jan. 10.—Via London, Jan. 11.—The government has formally accepted the ultimatum of the Entente Powers.

In accordance with the agreement made with the allies on December 1, King Constantine today began delivery of six batteries of mountain guns to the Allies' naval authorities.

He gave orders to the troops to suppress all hostile demonstrations, which was promptly done, and a meeting called to protest against the acceptance of the Allies' ultimatum was summarily dispersed.

The leaders of the reservists, under pressure from the king, issued a statement that their followers were ready to support the monarch and accept the decisions of his government.

An ultimatum was delivered to the Greek government in last November demanding, among other things, that the artillery of the Greek army be turned over to the Entente naval authorities.

This demand was refused, after Germany notified the Athens administration that the surrender of the guns would be considered an unfriendly act.

On December 1 allied forces were landed at Piraeus and marched on Athens. Severe street fighting took place but the Entente forces were repulsed.

The despatch adds that a subsequent agreement King Constantine promised the surrender of six batteries of mountain guns.

Enemy Movement

London, Jan. 11.—In connection with the Greek situation the newspapers today give prominence to a despatch from Serbian headquarters.

In which it is said that considerable reinforcements have joined the armies of the Teutonic allies on the Entente left wing, which is due north of Thessaly.

The despatch adds that a Bulgarian regiment, which was lately in Dobruja, has arrived and it is reported that other Bulgarian regiments and an Austrian regiment are moving thither.

The despatch adds that all indications point to some energetic action by the forces of the Central Powers in that quarter, apparently with the purpose of supporting King Constantine and strengthening his opposition to the demands of the Entente.

DEATH SENTENCES FOR PLOTS IN INDIA

Court, Condemning Six, Asserts Revolts Are Hatched by German Agents in United States

London, Jan. 11.—Seventeen of the accused persons in a supplementary trial held in connection with the Lahore conspiracy case were sentenced last week, says a Central News despatch from Calcutta.

Six were sentenced to death, one to transportation for life, and the others were sent to prison.

In delivering the judgment the court indicated that Manila was still an active centre of revolutionary activity, but that the United States remained the chief centre of the movement, it being fostered, it was said, by German consular agents.

"We are fully satisfied that the United States has become the chief centre of the movement," declares the court's opinion, as quoted in the dispatch. "The overthrow of the British empire in India was planned and discussed when the European war broke out, and many Indians sailed from the United States. The enemy's plan was to bring about a war of murder and rapine."

Prohibition Drive is Made Upon Borden Government

Ottawa, Jan. 11.—A prohibition drive was made upon the premier and his associates today by two deputations. One represented the men and the other women of Canada who are fighting liquor.

They presented resolutions asking that the traffic in alcohol should be swept clean out of the country by the dominion government forbidding the manufacture, importation and sale of liquor.

Sir Robert Borden said that seven of the nine provinces of Canada had gone dry through provincial legislation and that the dominion government had passed a measure designed to prevent liquor being taken from a licensed to non-licensed province.

Finally he promised that the representations of the deputations should be given careful consideration.

FOUR LITTLE ONES BURNED TO DEATH

Montreal, Jan. 11.—Early this morning at 1691 Notre Dame street east, fire claimed five victims, and did about \$50,000 property damage.

The victims were a housemaid and four children of Dr. E. J. Storm, who lives at the corner of the street.

The fire started in a moving picture theatre, spread so rapidly to the dwellings that it was impossible to save the children and they were smothered in their beds.

Two of the little bodies were found with hands tightly pressed to their eyes.

Several firemen were slightly injured.

This is the only surviving son of Mr. and Mrs. A. W. Storm and is a soldier who has been playing his part well since the war commenced. He was wounded once.

PLAN TO MAKE CITY OF WASHINGTON DRY

Washington, Jan. 11.—The greatest crowd of recent years packed the senate galleries for the debate and vote on a bill to make the national capital dry.

The first big fight was on an amendment to submit the question to the people of the District of Columbia on a referendum, which is supported by the liquor interests and others.

The line-up on that point was close that while both sides claimed the votes, it was apparent that neither felt secure.

"MERELY MARY ANN" A GREAT PICTURE

The William Fox production of "Merely Mary Ann," which was shown at the Star Theatre last night, is, in many ways, far superior to the play itself. This might be due to the clever actress, Vivian Martin—or the special scenes—and more than likely to the advantage the movies have over the speaking stage.

The story is very well known in St. John, as it has not been long since this play was presented in this city.

Things more along nicely at the boarding house, until Mary Ann is called away to receive a large fortune that is left to her by wealthy relative. This fortune changes the servant girl into a society lady, and later, her new guardians prepare a great reception for her.

Among the many guests is Melmont, who has become a great musician. When Mary Ann appears he does not recognize her and of course asks who she is. Posing in old-time fashion she replies "Merely Mary Ann."

With all the suitable details interwoven throughout the story, the feature can well be classed among the best. It will be presented again tonight at seven and eight-thirty, together with the "Mutual Weekly."

Things more along nicely at the boarding house, until Mary Ann is called away to receive a large fortune that is left to her by wealthy relative. This fortune changes the servant girl into a society lady, and later, her new guardians prepare a great reception for her.

Among the many guests is Melmont, who has become a great musician. When Mary Ann appears he does not recognize her and of course asks who she is. Posing in old-time fashion she replies "Merely Mary Ann."

With all the suitable details interwoven throughout the story, the feature can well be classed among the best. It will be presented again tonight at seven and eight-thirty, together with the "Mutual Weekly."

Appeal to Reason

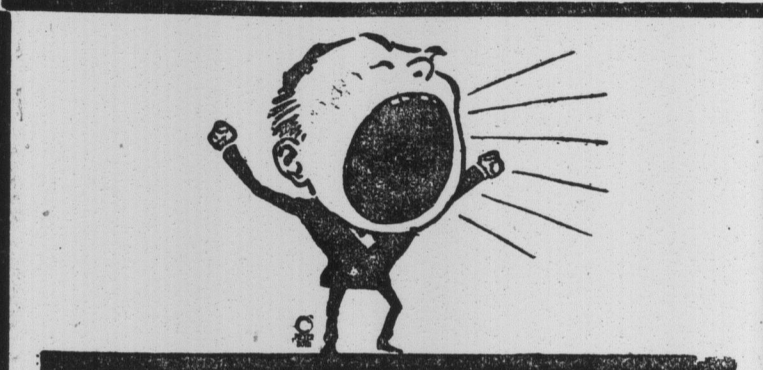

Ask any of the great army of POSTUM users what influenced them to try this beverage, and the reply nine times out of ten will be that they were convinced the caffeine and tannin in tea and coffee were harmful to health.

Some imagine it is hard to give up coffee and tea. But it isn't, with the delightful aroma and flavor of POSTUM at hand. This flavor somewhat resembles that of a high-grade Java coffee, but there is no coffee in POSTUM—only the nourishing goodness of wheat, skillfully processed with a small per cent. of wholesome molasses.

POSTUM comes in two forms: POSTUM CEREAL, which has to be boiled; INSTANT POSTUM—soluble—made in the cup, instantly. Some prefer one, some the other. Made right, they are alike delicious, and the cost per cup is about the same. There's better health, comfort and efficiency in

THE WAR NEWS.

"No one now expects the war to last out the year."
 This sentence appears in a special cable from London, by Mr. Arthur S. Draper to the New York Tribune. Mr. Draper is of opinion, however, that there will be another great push by the Entente Allies, and perhaps one by the Central Powers. He says there is no doubt at all that the German people want peace, but he is most impressed by the renewed determination and greater unity of effort on the part of the Entente Allies. We would all experience a profound sense of relief if we could share Mr. Draper's optimism and feel that the war would end this year. He believes the Allies will win, and that they will win before the year is out. When, however, we remember how many times since August, 1914, we looked for a favorable decision on that front, and that the enemy still holds so much Allied territory, there is bound to be a certain element of doubt in regard to the length of time required to complete the task.
 The good news comes today that Greece has accepted the terms of the Allies, and a great source of danger in that quarter may be removed. With Greece out of the way the drive on the Macedonia front will be a less difficult movement. The Russian advance in the Riga region appears to be developing into a formidable attack, and there are other reports from the various fronts which indicate Allied success. The whole outlook is unquestionably better, and the reports of food scarcity and growing discontent in Germany are not less in importance in summing up the factors making for Allied victory.

NATIONAL SERVICE.

Hon. T. C. Norris, the Liberal premier of Manitoba, not only holds that every man should fill out the national service card, but he would punish those who refuse. In the course of a speech in Winnipeg last week he said—
 "During the past few weeks we have been trying to persuade people along the line of National Registration on behalf of the National Service—a movement of the greatest importance at the present time. I have found the people of Manitoba anxious to do all in their power to render what assistance they can. However, we find some set against National Registration. They are going up against the statements of the nation who have decided that the right thing is to fight. We have gentlemen in Canada who think they know better. These people should have been informed a year ago. I believe that the men who oppose the government's request at such a time as this should be put into jail or some other place. It is our duty to meet the conditions that prevail now. The struggle is not a little quarrel between two nations. It is the most terrible struggle between good and evil that has ever been fought in the history of the world. Where shall we be if Britain is defeated? Where would these people who are opposed to National Registration be? They would then, perhaps, be in the right company. This fight must be won on behalf of democracy."
 Premier Norris is right in declaring it to be a duty to fill out and return the National Service cards. Even those who believe nothing practical will come of it, because the government lacks courage and initiative, should do their part and thus place upon the government the responsibility. Because Germany has had national service for so many years, directed into channels of preparation for war, she has been able to carry on the present struggle so long and with such heavy cost to the nations opposed to her. She must be beaten with her own weapons. To that end all should serve—in Canada as well as in England or France.

THE TASK OF THE ALLIES.

The Rt. Hon. Arthur Henderson has very clearly shown the difference between the aims of the Entente Allies and the Germans, in the following extract from one of his recent statements—
 "We mean by Prussian militarism the organized effort toward world domination by the illegitimate application of immoralized military power. We do not suggest that every form of militarism or use of force is wrong; even in civil life we regard force as necessary. In corporate life, for example, it is necessary to restrain ill-disposed persons, but the legitimacy and the possibility of supporting or even tolerating the use of force depends on the use being, firstly, in the right spirit; secondly, in the right way; and thirdly, for the right ends. What the allies contend in regard to Germany is that its great military powers are not subject to proper moral constraints; that they have not been used in accordance with such restraints; and that, despite what has gone on for nearly two and a half years, there has so far been no change in this respect, and no prospect of a change, so far as Germany itself is concerned."
 Mr. Henderson further points out, and this is very important, that Germany has imposed her will upon Austria, Bulgaria and Turkey, and that if the war did not result in the complete defeat of all these powers the spirit of Prussian militarism would prevail throughout their borders, and lead to other wars instigated by that spirit which knows no moral restraint. The task of the Allies is to crush the enemy that when his arrogant spirit has been broken he will perceive the necessity of a proper observance of those moral considerations which make life tolerable among nations as among individuals.
 Of the movement to promote better feeling between Ontario and Quebec, the Toronto Mail and Empire, welcoming the Quebec visitors, said—"We Ontario folks are right glad to see so many of the leading men of Quebec who have done us the honor to pay us a visit of fraternity. Wherever they go in this province they will be received with open arms. We hope they will enjoy their visit as much as does everybody with whom they come in contact. There are no kinder hosts in the world than our fellow-citizens of French-speaking Canada. The English-speaking Canadian who has once been favored with their hospitality straightaway wants to learn the French language. The members of the Bonne Entente party that left this province for Quebec some months ago to make the initial visit were quite taken off their feet by the cordiality of their reception." If the people of the two provinces get together in this spirit they will do Canada a great service, of lasting value. Each must seek to understand the other.
 General Sir Henry Rawlinson, writing on October 23rd last, drew this forecast of the future—"Our army has not yet reached the zenith of its power, nor will it have done so until next spring or possibly next summer. I think we have reached the top of the hill, but there is an undulating tableland to cross before we really get on to the down-grade portion beyond. This may be steep, it may be quite a gentle slope. But it will be down-hill work, and comparatively easy."
 The coming Social Service conference will bring together in St. John not only social service workers from different parts of this province, but some of the most outstanding men in this line of effort in Canada, besides at least two from the United States. The conference should prove of the highest value, and should give to community welfare work a new inspiration and a brighter outlook.
 The formation of a Housewives League or something of the sort in St. John would do good. The Montreal Financial Times observes that "the executive of the National Council of Women could give Sir Thomas White more useful advice on the conduct of an effective Thrift Campaign than he could get from a conference of all the civil servants in Ottawa."
 Halifax Chronicle—In its notice of the death of Sir Frederick Borden, the Toronto Star recalls the well known fact that one of the first political speeches made by the present premier, Sir Robert Borden, was on a Liberal platform in support of his cousin the then Dr. F. W. Borden.
 The effect of the increased cost of living is well illustrated by the estimates for the Municipal Home presented to the finance committee of the municipal council yesterday. The cost of meat, bread, and food of all kinds has so increased that a larger appropriation is absolutely necessary.
 The board of trade report on the assessment law adds one more complication. Is there any hope that legislation of any sort is to be secured this year, or are we to be content with the present inequitable system? The city council has a difficult task to perform.
 The general public hospital is constantly crowded. More accommodation is urgently needed. The financial problem is the only one that stands in the way of this urgent public improvement. The need is obvious.
 The Montreal Financial Times describes the National Service campaign as "an oratorical bore of the Dominion and very little else."
 A GIRL'S SONG.
 The Meuse and Marne have little waves;
 The slender poplars o'er them lean,
 One day they will forget the graves
 That give the grass its living green.
 Some brown French girl the rose will wear,
 That springs above his comely head;
 Will twine it in her russet hair,
 No wonder why it is so red.
 His blood is in the roses' veins,
 His hair is in the yellow corn,
 My grief is in the weeping rains,
 And in the keening wind forlorn.
 Flow softly, softly, Meuse and Marne;
 Tread lightly all ye browsing sheep;
 Fall tenderly, O silver dews,
 For here my dear Love lies asleep.
 The earth is on his sealed eyes,
 The beauty marred that was my pride;
 Would I were lying where he lies,
 And sleeping sweetly by his side!
 The spring will come by Meuse and Marne,
 The birds be blithe as in the tree,
 I heap the stones to make his cairn,
 Where many sleep as sound as he.

Already Pay Cost—Only Revolution Can Save the German People From Starvation

London, Jan. 10—Another and far more passionate bid for peace is coming from Germany before Easter, when the seriousness of economic conditions, and the terrific food shortage may compel Germany to end the war. This prediction is made by the editor of the Spectator in today's issue. Though generally conservative in expressing opinions on the world at large, that we mean to apply the principle of the Sillyline books, but before of circumstances, the power behind the throne, even the fates, already has begun to apply that policy. Germany already is burning some of the books herself.
 "Soon peace may be as terrible as war, there may be no ships in which to bring corn to save the German people from famine. Only a sudden and universal determination of the German people not to let themselves be starved already has begun to apply that policy. Germany already is burning some of the books herself."
 "The question arises whether Germany will be able to hold out until the next harvest, or whether, like a beleaguered fortress, she may have to surrender at discretion for lack of food. Germany cannot wait, of course, until her food supplies are dangerously depleted. Europe contains no surplus of food. There is world shortage and a deficiency of tonnage will make it difficult to re-provision Germany."

 "Soon peace may be as terrible as war, there may be no ships in which to bring corn to save the German people from famine. Only a sudden and universal determination of the German people not to let themselves be starved already has begun to apply that policy. Germany already is burning some of the books herself."
 "The question arises whether Germany will be able to hold out until the next harvest, or whether, like a beleaguered fortress, she may have to surrender at discretion for lack of food. Germany cannot wait, of course, until her food supplies are dangerously depleted. Europe contains no surplus of food. There is world shortage and a deficiency of tonnage will make it difficult to re-provision Germany."

NEW EXPORT RECORD FOR MANUFACTURES

With More Than \$3,000,000,000 in 1916, United States Led the World—War The Cause

From the United States in 1916 manufactures were exported to a value greater than the value of manufactures exported from any other country in any year. A compilation issued by the Foreign Trade Department of the National City Bank showed that the year's total exceeded \$3,000,000,000 as against \$2,022,000,000, the highest export record ever made by Great Britain, formerly the world's largest exporter of manufactures. England's record was made in 1915, the year immediately preceding the war. Prior to the war the United States held third rank. Commenting on the showing made, the bank's statement said: "Even prior to the war our own share in the world's exportation of manufactures was gaining more rapidly than

This Ointment Possesses Power to Heal the Skin

Two Cases Which Prove the Extraordinary Healing Power of Dr. Chase's Ointment

The use of Dr. Chase's Ointment is wonderfully satisfactory because you can actually see the results accomplished. It is surprising what change can be brought about in a single night by this great healing ointment.
 Mr. George Beavis, 119 James street, Peterboro, Ont., writes: "As a healing ointment, I consider Dr. Chase's the best obtainable. I had a large running sore on my leg, and although I had tried all the prescriptions of two doctors I was unable to get any relief from the pain or to get the sore healed. One day my druggist handed me a sample box of Dr. Chase's Ointment, and I used it with such good results that I decided to give the ointment a fair trial. Although I used four boxes, and am glad to be able to say that the sore on my leg is entirely healed up. Since this experience with Dr. Chase's Ointment I have recommended it to many people."

Mrs. W. W. Oliver, Port George, Annapolis Co., N. S., writes: "I am going to tell you my experience with Dr. Chase's Ointment. There was a spot came on my face something like a mole, but it kept getting worse, and several doctors whom I consulted said it was skin cancer, and that it would have to be cut or burned out. I intended having this done, but changed my mind when my brother recommended Dr. Chase's Ointment. Before I had finished one box of the ointment this skin trouble had gone, and has not bothered me since. I cannot praise Dr. Chase's Ointment too much, and you are at liberty to publish this letter. Dr. Chase's Ointment sent a sample stamp for a sample box, and mention this paper. Price sixty cents a box, all dealers or Edmondson, Bates & Co., Limited, Toronto.

COUNTY NEEDS MORE MONEY TOO

Estimates Submitted to Municipal Finance Committee Show Increases of About \$9,000

Estimates for 1917 were presented to the finance committee of the municipal council at a meeting yesterday afternoon at which Commissioner Wigmore presided.

There was some discussion as to whether the municipality should accept a grant of \$2,400 for the county tuberculosis hospital which has been offered by the provincial government, but the offer finally was accepted.

The more important items in the estimates are: The chief 1917 appropriations that were passed were: St. John County Hospital \$94,420.90 Children's Aid Society 3,000.00 General Public Hospital 41,123.00 Local Board of Health 4,121.00 Municipal Home 28,690.00

\$122,354.90 The appropriation for last year for the county hospital amounted to \$82,570. Running expenses and cost of maintenance for the twelve months just closed totalled \$88,000. To the \$34,420.90 granted for this year will be added the \$2,400 which is to be handed over by the government.

The Children's Aid Society, which received \$3,000 last year will get the same. The society had asked for \$4,500, but when they learned that estimates were increased they reduced their request to the same figure as last year's grant.

The net increase in the general public hospital grant is about \$4,000; the increase for the Board of Health about \$1,500; and for the Municipal Home about \$1,200.

The only salary increase is a raise for the county treasurer from \$900 to \$1,000.

The committee adjourned until this afternoon to hear a request for a new home for the hospital nurses.

F. J. PUNTER HEADS MARLBOROUGH LODGE

At the annual meeting of Marlborough Lodge, No. 207, Sons of England Benevolent Society, which was held last evening in the Orange Hall, Germain street, past president's jewels were presented to F. J. Punter and B. W. Thorne. C. Ledford was installed as secretary for the 24th consecutive year.

Following are the officers who were installed: E. A. Lawrenson, past president; F. J. Punter, president; William Marley, vice-president; W. Shephard, chaplain; C. Ledford, secretary; G. H. Lewis, treasurer; T. C. Nickson, first guard; W. C. Parker, William Roberts, J. B. Watts, J. A. Coe, and A. Wood, managing committee; B. W. Thorne, inside guard; J. A. Marshall, outside guard; B. W. Thorne, T. H. Carter, A. F. Webb, trustees; J. B. Watts, William Roberts, William Albertson, auditors; C. Ledford, F. J. Punter, G. H. Lewis, A. F. Webb, advisory board. Roll call showed that nearly 100 members were present.

The literary and musical programme furnished by members of the lodge proved a treat from every standpoint. Those who contributed toward the entertainment were: F. J. Punter, speech; piano solo, H. Dunlop; address, H. Green; past district deputy; song, H. Carter; speech, Commissioner R. W. Wigmore; song, F. J. Punter; song, Joseph Primer; speech, Charles Ledford; song, William Albertson; speech, L. A. Belyea; recitation, J. F. Evans; speech, William Bonnell, president of Portland Lodge; speech, E. A. Lawrenson. The national anthem closed the meeting.

LUNG TROUBLE

Was never cured by dosing the stomach. The two organs are not connected. If they were, food swallowed would choke you. For lung and bronchial troubles you must breathe the cure, and you can't breathe cough syrups, tonics and syrupy compounds. Peps provide the rational treatment for coughs, colds, bronchitis and lung troubles. Peps are tablets made up of Pine extracts and medicinal essences, which when put into the mouth turn into healing vapors. These are breathed down direct to the lungs, throat and bronchial tubes not swallowed down to the stomach, which is not all right.

GOOD BUILDING YEAR IN TOWN OF CAMPBELLTON

The year just closed has been an exceptionally good one in the building line in Campbellton.

Thirty-two building permits in all were issued during the twelve months. Most of these were for residences, there being twenty-eight.

These thirty-two permits represent an expenditure of nearly \$80,000, but as many of the values of residences were placed at ridiculously low figures, it is safe to say the total of buildings erected here during 1916 was well over the hundred thousand dollar mark.

The total number of permits issued in 1916 was thirteen, representing an expenditure of about \$10,000. This last year shows an increase of over four hundred per cent.

Many of the residences erected during the past year were to be rented at \$10 to \$20 per month, a class of houses much needed here, where prospective residents were forced to live elsewhere through the lack of housing facilities.

There is in a position to judge state that 1917 will be quite active in the building line.

Flattering to the Original

But Imitations Only Disappoint

There are many imitations of this great treatment for coughs, colds, croup, bronchitis and whooping cough.

They are like the original, but it should be remembered they are like in name only.

Try This If You Have Dandruff

There is one sure way that never fails to remove dandruff completely and that is to dissolve it. This destroys it entirely. To do this, just get about four ounces of plain, ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning, most if not all of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find, too, that itching and digging of the scalp will stop instantly, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

You can get liquid arvon at any drug store. It is inexpensive, and few remedies is all you will need. This simple remedy has never been known to fail.

BIG HIT SCORED IN THE GEN'S NEW BILL

Best Vaudeville Yet Offered and Two Gripping Motion Pictures

The Gem Theatre has a more than usually attractive bill for today and tomorrow. Yesterday afternoon and evening was pronounced the best that has been seen in this picture house.

The vaudeville acts consist of two numbers and both are excellent. They took well as was evident from the spirited applause that greeted the two acts.

They are also two big pictures, Jess of the Hill Country and the Heart of a Fool, the latter a Vitaphone production of three reels featuring Harry Davenport. Heart of the Hills or Jess of the Hill Country is a picture that appeals to the masses.

With everything but health, he quest after it and his meeting with Jess in the hills, where he goes to regain his strength; his marriage to her followed quickly by his leaving her; his final longing and return again to the hills and his wife; all are wonderfully told. Margaret Nicholas plays the lead. The Heart of a Fool is also a picture that teaches a lesson.

When Gertrude Douglas commenced her act dressed in Scottish costume and played a few national airs on the bagpipe in a most finished manner, there was not one in the theatre who would not have liked to call himself or herself Scotch. The familiar airs of Bonnie Scotland were most enthusiastically received and evoked most favorable comment. Miss Douglas also in Highland fling and sword dance gave a fine and graceful exhibition of Scottish dancing. It is a dainty and captivating act.

The "Wonderful Country" should have been the name applied instead of the "Four Warriors," to the last part of the Gem's vaudeville programme. This is really one of the best acts seen at this theatre since the change to this line of amusement. Two men and two women enact a good scene of the "Italian on the street" with his hand organ and all the rest. A big policeman incidentally comes in. Songs and dances of the act were greatly enjoyed last evening. The perfect blending of the four voices, the versatility of the players and the refined and successful entertainment. Splendid music was furnished by the 16th orchestra. The refreshment room upstairs was tastefully decorated in red, with red carnations and red candles.

DANIEL HEAD OF KING ST. LONDON HOUSE

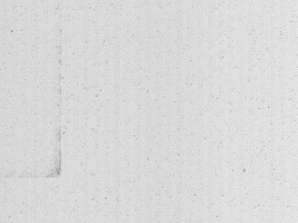

Dance and Bridge Great Success

One of the most successful affairs that has been held under the auspices of St. Monica's society was given in the Knights of Columbus hall last evening when the spacious quarters were packed to its capacity. The function was a brilliant one and one of the successes of the season. Among the visitors were many of the officers of the local units and also several from outside points who came to the city to attend the affair.

The first part of the evening was enjoyed in bridge after which a programme of eleven dances with many extras concluded the latter part of a successful entertainment. Splendid music was furnished by the 16th orchestra. The refreshment room upstairs was tastefully decorated in red, with red carnations and red candles.

CURED HIS RUPTURE

I was badly ruptured while lifting a trunk several years ago. Doctors said my only hope of cure was an operation. Trusses did me no good. Finally I got hold of something that quickly and completely cured me. Years have passed and the rupture has never returned, although I am doing hard work as a carpenter. There was no operation, no lost time, no trouble. I have nothing to sell, but will give full information about how you may find a complete cure without operation, if you write to me, Eugene M. Pullen, Carpenter, 840 C Marcellus Avenue, Manassas (N. F.). Better cut out this notice and show it to any others who are ruptured—you may save a life or at least stop the misery of rupture and the worry and danger of an operation.

Giant Puzzles the Military

The military authorities in Wiltshire, Eng., find themselves faced by a problem in the person of a young innkeeper who is said to be 8 feet 2 1/2 inches in height and to be still growing. The man, who is 22 years of age, weighs considerably over 280 pounds, a penny can be dropped through his finger-ring, and when he takes a railway journey he has to travel in the guard's van. His size in boots is said to be 22 1/2. As the military authorities do not know what to do with him, he remains for the present at his inn. Many giants have been described during recent years and the condition of gigantism has aroused widespread interest in medical circles. Patrick Colter, an Irishman, who died at Clifton, Bristol, in 1802, was 8 feet 7 inches in height. The famous "Irish giant" O'Brien (Charles Byrne), whose skeleton is now in the museum of the Royal College of Surgeons, was 8 feet 4 inches. More remarkable still was the height of the child, Elizabeth Lyska, a Russian, who measured 6 feet 8 inches when 12 years of age. In the London Times of February 10, 1905, a description appeared of another giant, Machnow, a Russian, who was exhibited in London in his 28th year. He then stood 9 feet 8 inches, and weighed 360 pounds.

Cataract Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure cataract deafness and that is by a constitutional remedy. Cataract deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result. Unless the inflammation can be reduced and the tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surfaces. Hall's Catarrh Cure acts through the blood on the mucous surfaces of the system. We will give One Hundred Dollars for any case of Catarrh Deafness that cannot be cured by Hall's Catarrh Cure. Circulars free. All druggists, 75c. F. J. CHENEY & CO., Toledo, Ohio.

The Russian Soldier.

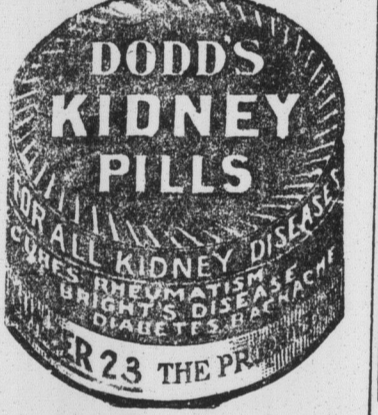

In his book, "On the Russian Front," R. Scott Liddell, who was with the Russian Medical Corps during the retreat through Poland, and was the only English-speaking man in Warsaw that still fell, writes:—"Individually the Russian soldier is the finest soldier in the world. He puts up with cold and hunger, and suffers hardships without a word of complaint. His physique is splendid. In Russia there are regiments of giants—beautifully developed men. Your average British Tommy—the private of the line regiments—is a small man compared with the average Russian soldier—small physically that is." Yet (says the Saturday Review) Mr. Liddell did not see the pick of the Russian troops. Whenever he spoke to a Russian officer about the physical strength of the men, he received the same answer—"Ah, you ought to have seen this regiment at the beginning of the war. The best men are all gone now." And Mr. Liddell adds:—"The terrible pity is that the reply was true. The

top-of-the barrel men were all gone.

Good as were the men who still remained (the Russian barrel is very big),

A Blainstown, Mo., citizen and orthodox churchman rebelled because his wife made him wipe the dishes after each meal. "It's not a man's work," he said. "The good wife is something of a Bible student, so quoted him from II Kings xx, 13: "And I will wipe Jerusalem as a man wipeth a dish, wiping it and turning it upside down." The Blainstown man is still wiping dishes.

DEATH OF "BUFFALO BILL"

Denver, Colo., Jan. 10.—Colonel Wm. Cody "Buffalo Bill," the famous hunter and scout, died at 12:05 p.m. here today.

Colonel Cody, as "Buffalo Bill," was for many years known throughout America and Europe through his wild west show. He was a picturesque type of the pioneer frontiersman, and lived to see large cities built where he once hunted the buffalo and fought Indians. He was born in Scott county (Ia.), in 1846. In 1872 Colonel Cody was elected to the Nebraska legislature.

The colonel heard the warning of the approach of the end of life on Monday from Dr. J. H. East, his physician and friend. He had summoned the physician to the home of his sister, where he was spending his last hours. When Dr. East walked into his room, Col. Cody said: "Sit down, doctor; there is something I want to ask you. I want you to answer me honestly. What are my chances?" "There is a time, colonel," said the doctor, "when every honest physician must commend his patient to a higher power." Col. Cody's head sank. "How long?" he asked simply. "I can answer that," said the physician, "only by telling you your life is like the hour glass. The sand is slipping gradually, slowly—but soon the sand will all be gone. The end is not far away."

At a dinner given recently by Mr. and Mrs. Fred J. Young of Grassy Valley, Hawkins county, Tenn., in celebration of the birth of their sixth child, the announcement was made that each of the six children was born at 4 o'clock in the afternoon.

THE GOVERNORS OF KING'S MEET HERE

The governors of King's College, Windsor, N. S., are in session today in the school room of Trinity church. The conference was opened this morning at 10:30 o'clock with the Archbishop of Nova Scotia presiding. Routine business took up a greater part of the session. This afternoon at one o'clock luncheon was partaken of in Bond's restaurant.

The outstanding feature of the meeting is the proposal for a finance campaign on behalf of the college.

There are many of the governors from various parts of New Brunswick and Nova Scotia in attendance. Those present included the Bishop of Fredericton, Archbishop Forsyth, Chatham; Rev. H. R. Hibbert, Robbsey; Canon Smithers, Fredericton; Rev. E. Fenton, McAdam Junction; Rev. E. Tobin, Campbellton; Rev. H. A. Coyle and Rev. G. F. Scoville, St. John; Rev. W. Hewson and Major Hamilton, both of Moncton, and Canon Cowie, Fredericton. Those from Nova Scotia are the Archbishop of Nova Scotia, Rev. Dr. Boyle, president of Windsor College; Rev. Dr. Harris, Canon Vernon, M. A. B. Smith, M.D.; Walter Allison, L.L.B., and A. B. Wiswell of Halifax; Barry Bent, of Amherst; Rev. A. W. Teed and Professor McCarthy, of Windsor.

POLICE COURT

Three prisoners were gathered in by the police since yesterday. Thomas Fleming was arrested on charges of being drunk, and escaping from the chain gang in last June. He was remanded. Michael Fleming was before the court on charge of begging in Union street in view of the police. Policeman McLeese testified. The man was remanded.

Andy Irvine was about to be brought into court on drunkenness charge, but as he had not sobered up, he was kept down stairs.

RAW SUGARS ADVANCE

Raw sugars have advanced recently in New York from four to four and three-eighths cents a pound, an increase of three-eighths of a cent on the in bond prices. Sellers are now asking an additional advance of one-eighth of a cent.

NOW IS SERGEANT.

CALENDAR RECEIVED

"The First Automobile" is the subject of an interesting and interesting report on a neat calendar issued by the Continental Fire Ins. Co., of which Lockhart & Ritchie are agents. It shows the strange looking craft built in Philadelphia in 1804 by Oliver Evans, propelled by steam. It is regarded as the forerunner of the American automobile industry.

DIED IN FREDERICTON

Mrs. Joseph Murray died at her home in Fredericton on Wednesday morning after a long illness. She was in her 85th year and is survived by her husband, George of Fredericton; Clarence of Houlton, Maine, and Charlie of Amesbury, Mass. There are also nine grandchildren and three great grandchildren. The funeral will be on Friday at 2 p.m.

JAMES H. CRIPPS.

The death of James H. Cripps of Randolph, occurred at his residence this morning. He was sixty-two years old and had been in the employ of Randolph & Baker for the last thirty years. Besides his wife, he is survived by two daughters, Miss Hazel B. and Miss Florence at home, and one son, William H., of Moncton. The funeral will take place on Saturday afternoon from his late residence.

THE CHILDREN'S AID GRANT

With regard to the municipal grant to the Children's Aid Society, there is some confusion in the reports. This society got \$1,500 in 1915. Last year it got \$3,000. This year it was at first felt that \$5,000 should be asked for, in view of the fact that \$3,000 could not possibly cover a year's expense, and in view of the fact that the work is constantly growing. Upon further consideration, however, the president and secretary went before the finance committee yesterday and stated that in view of the large amounts called for in every direction, and the fact that the people at large had been so generous last year, they would only ask for \$3,000, the same as last year, and trust to public generosity for the balance.

Commissioner McLellan, speaking on the subject, said that no institution was more deserving than this, and none was doing a better work. He added that if more than \$3,000 were asked for, he would support it, and he commended the attention of every citizen to the complete, comprehensive and illuminating report of the secretary for the last year.

HOUSEWIVES LEAGUE IN CITY

The women of St. John are to be given an opportunity of getting together for the purpose of studying methods to lower the high cost of living and to engage in such other co-operative activities as may seem desirable for their mutual welfare and in their mutual interests. The formation of a housewives League has been discussed from time to time and now some of the leaders among the women of the city have decided that the time is ripe for action and a meeting has been called for the near future.

MONCTON INSTEAD OF SACKVILLE AS HEADQUARTERS

Some time ago it was announced that a divisional column had been authorized for the dominion and that one section was authorized for the maritime provinces, with headquarters at Sackville. It was learned today that the headquarters for the maritime section has been changed from Sackville to Moncton. As yet the recruiting authorities have not put forth an effort to secure recruits in this section of the country yet they are after them in the northern part of New Brunswick and in Nova Scotia, St. John. This is a very attractive branch of the service and undoubtedly the unit will fill up quickly.

MILITARY MEDAL FOR A NORTH END BOY

Lance Corporal Wm. R. Longmire of the Signalling Section of 26th Wins Great Honor

That Lance Corporal William R. Longmire, son of Mrs. Phoebe Longmire, 35 High street, a member of the signalling section of the 26th Battalion, has been awarded the military medal in the information contained in a letter received by Mrs. Longmire from her son, Corporal Longmire, on last Monday. He also said in his letter that he had been granted twelve days leave of absence and during that time had the much coveted medal pinned on his breast.

Corporal Longmire left St. John with the 26th Battalion on a private in the signalling section and about four months ago was given one stripe. He is one of the few original members of the section to come through so far unscathed.

Since Mrs. Longmire received this information from her son, she has been watching for the official list of Canadians who distinguished themselves at Courcellette and in the list which appeared today appeared the name of William Longmire. This is believed to be her son.

He is only twenty-one years old and prior to going overseas was in the employ of Philip Grattan, of North End. What won him the high honor has not yet been made known.

SEARCH FOR THAW

Police of Many Cities on Look-out For Him

IS HE IN CANADA?

That is One Story—Wanted on Charge of Kidnapping and Assaulting Youth—Was Word That He Intended to Give Himself Up

New York, Jan. 11.—Police authorities in every part of the country, east of the Rocky Mountains, were enlisted today in a hunt for Harry K. Thaw, who is wanted here to answer a charge of kidnapping and assaulting young Frederick Dump, Jr., of Kansas City. Three days have elapsed since detectives were sent to Philadelphia to arrest Thaw and there have been rumors that he has taken refuge in places as far apart as Georgia and Canada.

No definite information as to Thaw's whereabouts had reached the authorities here up to this morning. In the hope that the slayer of Stanford White would be found in Pittsburgh the district attorney's office last night sent a copy of the indictments to that city. The Pittsburgh police, however, reported that they could not locate him there at his home and expressed the opinion that he was not in Pittsburgh.

Indirect assurances to the district attorney that Thaw intended to return to himself up here and assert his innocence were not fulfilled, although an officer who knew Thaw returned at the criminal courts building all night ready to take the indicted man into custody should he surrender.

RAN AWAY FROM THEIR FATHER

There is a pathetic little story in relation to the two little boys whose father took them away from the custody of the Children's Aid Society and placed them in a boarding house. They ran away at the first chance, and sought to find the home of Rev. W. R. Robinson, secretary of the society. Falling in that they went to the ferry, and a kind hearted lad, seeing them in trouble, gave the larger boy a ferry ticket and they found shelter when they reached the other side. To Rev. Mr. Robinson, when he went to them, the older one said—

"We were looking for you all the time to come for us."

The father has not yet been found by the police. Two very sad cases were reported to the Society today and several elsewhere. One of today's cases related to a woman and eight children who are quite destitute, the other to a deserted mother whose infant must be cared for in order that she may go to work, paying its board and her own.
