TRADING AGAIN FURIOUS TODAY IN WALL ST.

SHARES SOLD AT RATE OF NEARLY 700,000 AN HOUR

Sharp Rally Follows Final Collapse On Saturday

MOTORS IN LEAD Rise to High Levels But Crash Under Weight of Selling Orders

NEW YORK, Oct. 19.—Another flood of buying orders swept into the stock market today, bringing about a sharp rally in prices which overcame the collapse in the final hour last Saturday. Trading again was whipped up to a furious pace with General Motors reassuming the leadership in the advance among industrials, in which early gains ranged from one to five points.

MOTORS CRUMBLE Industrials crumbled under the weight of the selling orders which engulfed the motor shares. General Motors, after selling as high as 180 1/2, later dropped to 122 1/2, with Studebaker, White and Hudson falling 2 to more than 4 points under last week's closing prices.

D'Annunzio Reconciled to Wife After Twenty Years Separation

United Press. CARDA, Italy, Oct. 19.—After 20 years separation Gabriele D'Annunzio, Italy's famous warrior-poet, has become reconciled to his wife, who bore the name of Donna Maria Diales and later that of Princess Montenevoso conferred by the King. Today the Princess is presiding over D'Annunzio's household and receiving prominent guests. To their son is due this romantic re-union after years of marital difference. Learning that his mother was planning to abandon Italy forever and settle in Paris the youth interceded with her against taking this step and then pleaded with the father to end the separation. This, he agreed to do and a happy meeting followed.

2 KILLED, 28 HURT DURING TORNADO

Kentucky Blow is Responsible For \$300,000 to \$400,000 Damage.

LOUISVILLE, Ky., Oct. 19.—Two persons killed, 28 injured, and property loss estimated between \$300,000 and \$400,000, was the toll of a tornado which swept over here from counties in the southern part of Kentucky, Friday. Major damage caused by the tornado was in Cammer, Horse Cave, Mammoth Cave, Hazard and Mumfordsville and the territory adjoining Bowling Green, where houses were unroofed, and farm buildings destroyed, and telephone service disrupted.

Buffalo Capturing Flour Milling Trade From Ontario; Railway Board Asked to Act

STAFF REPRESENTATIVE OF THE TELEGRAPH-JOURNAL AND EVENING TIMES-STAR, WHO IS NOW ON AN ACTIVE CANVASS OF CANADIAN IMPORTERS AND EXPORTERS IN BEHALF OF THE MORE GENERAL USE OF CANADIAN PORTS.

TORONTO, Oct. 18.—Buffalo is capturing the flour milling business from Ontario. By the same process, New York is getting export traffic which should go by way of St. Lawrence and Maritime Province ports. This assertion is made by the Dominion Millers' Association and the Ontario Government, and they have appealed to the Railway Commission to act in the matter. They point out that the daily milling capacity of Buffalo increased in 1923 and 1924 by 11,000 barrels (to grind Canadian wheat) while Ontario mills going out of business in the same period represented a daily capacity of 9,700 barrels. The reason assigned is that the export rate on flour from Buffalo to New York for export, it is 16 cents, but from Port Colborne, not much longer New York for export, it is 18 1/2 cents; and to Montreal, a shorter distance 17 1/2 cents. Of haul, it is 18 1/2 cents; and to Montreal, a shorter distance 17 1/2 cents. On Aug. 1, 1924, to Aug. 31, 1925, no less than 105,998,965 bushels went to Buffalo from 238,096,089 bushels of wheat shipped from Fort William and Port Arthur from 111,009,264 bushels. The Canadian railroads did not get a cent out of this 111,009,264 bushels. The Canadian railroads did not get a cent out of this 111,009,264 bushels. MASSACHUSETTS MAN IS SOUGHT BY OFFICIALS

Confusion Reigns As Life Boats Are Being Launched

BOAT IS CRUSHED

Captain Sticks to Vessel to Last and Is Slightly Hurt—Survivor's Story

JACKSONVILLE, Fla., Oct. 19.—Clyde Line officials today were bending every effort toward finding some trace of William J. Lawler, Winthrop, Mass., contractor, who is the only person missing in the near-disaster which resulted in the destruction by fire of the steamship Comanche off May Port Saturday night.

Early reports which said 10 persons were missing, were ascribed to the confusion in taking the passengers and members of the crew off the burning ship. In this confusion, several persons were thrown into the water, and on being rescued, some were placed aboard the Texas Company oil tanker Reaper, and others on the pilot boat Meta, both of which had gone to the rescue.

TEN INJURED. Ten persons were injured, some of them seriously, their injuries having been received mostly when a lifeboat was launched from the burning vessel and the Reaper, while a heavy sea was rolling. Others were hurt when another lifeboat spilled them into the sea when one end was lowered too rapidly.

S. O. S. calls from the Comanche brought quick response from the Reaper and the Meta, both of which did yeoman work in rescuing the passengers and crew and bringing them to land. True to the traditions of the sea, the last man to leave the burning ship was her skipper, Captain E. E. Curry, who suffered slight injuries.

DISASTER DESCRIBED. Walter Chagnot, who was returning to his home in Waterbury, Conn., gave a clear and graphic account of the burning of the ship and unloading of passengers.

He said the fire started in the hold. "All the passengers were in the dining room at dinner about 7 o'clock," he said. "The captain was at an outer table. A high blow and the captain got up and left the dining room. Soon the whistle blew again, and we were told to put on life preservers and to get into the lifeboats. There was little excitement at first. The smoke could be detected all over, but it was not thick enough to hinder our escape."

"The real excitement began when the lifeboats started to run to the lifeboats. A few women screamed hysterically, and two fell in a swoon on the deck. They were revived though and carried to a lifeboat."

"Everybody in my boat became terror stricken when they began lowering it. They went down so fast it got topside. Several were pitched out. They managed to keep their heads above water though, and soon were flung out, aside from the shock they were all right."

"We drifted around in the dark for hours, it seemed, when a lug came along and picked us up."

REDS DEMONSTRATE AT PARIS FUNERAL

Police by Truck-load Called Into Action—Disturbances Only Minor.

PARIS, Oct. 19.—The police authorities' slogan "As many cops as communists" Saturday made the funeral of the Communist Andre Sabotier, killed during the communist strike of last Monday, one of the most sudden Communist demonstrations ever held in Paris. Sabotier was buried at Puteaux, a Paris suburb.

Thousands of Communists marched in an orderly procession behind the hearse to the cemetery and over the grave their speakers vowed direct vengeance against the government, bourgeois imperialism, Poincare and his minions and Fascist terrorism. The police were not visible until the burial ceremonies were completed. Then they appeared by the truck load. Barricades were thrown up on the Place De La Revolte, manned by police with machine guns, but these were never called into action. The only sign of trouble occurred when the police broke up several bands returning from the funeral singing the "Internationale." Paris wore a very war-like aspect all the way from the factories of Puteaux to the fashionable quarter of Neuilly and the Bois De Boulogne.

CARLETON FIRE MEETING TOPIC Commissioner Harding is to Make Report to Common Council.

Some Questions are Asked—Fire Marshal Gives Finding as to Cause of Blaze.

What would be done with the ruins of the Carleton City Hall was the main topic of the City Council meeting this morning.

Commissioner Harding wanted to know why such a question was being asked and Commissioner Bullock said it was to find out if overloading of the wires had anything to do with the fire.

Commissioner Harding said so far as he knew the wires in the building were in good order and the matter of determining the cause of the fire was in the hands of the fire marshal.

REPORTS TO BOARD H. H. McLellan, provincial fire marshal, said this morning that as far as he was concerned the matter of investigation into the West Saint John City Hall blaze was finished.

That the fire in the old Carleton City Hall was caused by the ignition of the film of a new motion picture machine in the Empress Theatre part of the building and that flames shot into an unprotected projection hole from the operating booth and thus set the film in the wall on fire was the finding of the fire marshal.

H. H. McLellan, announced last night following the investigation, which concluded on Saturday.

He found that there had been a new machine installed about three weeks before and that a new projection hole had been cut through the wall for it. This hole had been unprotected.

The way in which the film caught fire was unknown.

There had been evidence from the operator of some unusual wave of heat entering the booth just as the fire broke out and the time of the inquiry on Saturday night was taken in investigating this allegation.

The fire had been extinguished but there was no corroborative evidence of any unusual heat.

The booth was very poorly constructed for one placed in such a valuable building, the fire marshal said.

Knocked From Auto By Train; Escapes Death Under Another

United Press. ELLSWORTH, Me., Oct. 19.—Bill McFarlane, of Ellsworth Falls, lives to tell the story of how he was struck by two railroad trains almost simultaneously.

Bill and his sister and an express train arrived at a grade crossing on the Bar Harbor branch at exactly the same time.

The automobile was demolished and Bill was hurled 15 feet, and landed under a freight train travelling on a parallel track.

Grabbing the steel rods beneath one of the cars, Bill hauled himself up to safety.

When the train was stopped, McFarlane emerged from under the freight cars, a trifle lame and slightly bruised, but otherwise unharmed.

BOYS HERE WITH DISTRESS CALL Four Scotch Lads Come to City From Cossar Farm

They Came From Montreal and Say They Were Not Received at Gagetown Place.

Telling a story that smacked very much of a chapter from Dickens, four broadly-accented Glasgow boys, Fred Clark, Donald Donaldson, Andrew Dingley and James Eadie, were taken to the Union Depot this forenoon trying to find somebody who would assist them in getting back to the Boys' Hostel in Montreal.

The boys landed in Saint John last Wednesday by train. Some people in the depot gave them the first meal they had eaten since leaving Montreal.

The young fellows told a Times-Star reporter that when they reached the farm the superintendent did not greet them but sent some of the boys living there to tell them he had received no word of their coming and knew nothing about them.

PROPOSE GREAT FREIGHT SUBWAY

Promoters Plan \$160,000,000 Scheme to Solve London's Traffic Problem.

Millions Lost Weekly Because of Jams—Fifty Per Cent. Cut in Street Traffic.

LONDON, Oct. 19.—The world's first great freight subway is going to be built here at a cost of \$160,000,000 to solve London's baffling traffic problem.

BIG WEEKLY LOSS. London today is losing millions of dollars a week through traffic jams.

London of tomorrow, when the freight subway is finished, will be virtually horseless for the first time in its history.

Banking circles here mention the Dillon Read Company as one of the several big financial houses which are interested.

The project, designed by Carkeet-James, a prominent British engineer, provides for a network of underground freight railways, which would be covered by some 20 stations at first, and with the growth of London, additions could be made without serious reconstruction.

According to the plan, five or six of the principal freight stations are to be placed in the city proper, where freight traffic is at present most congested.

Gigantic lifts have been planned for the transport of freight between street level and the running lines.

AWAITS SANCTION. Official sanction for the undertaking is to be sought. It is estimated that three years after the plan is approved a part of the line could be opened for limited working, while in five years practically the whole system could be in operation.

Statisticians declare that quite half the traffic on London's main streets would be done away with by the adoption of the scheme.

Unexplained Head Attacks

To alter an old nursery rhyme—The head attacks will get you If you don't watch out . . . —for your Sight.

Those unexplained headaches hit you when you feel you don't deserve such treatment. In fact a lot of "explained" headaches drive knives of pain into your brain for the one reason—sight strain.

If you get any good out of blaming your headaches on this that and the other thing, hang onto them. If not, run into Sharpes—for 19 headaches in 20 have but one true source.

ELECTORS! ARE 85 COUNTRIES WRONG AND ONLY CANADA RIGHT? While Canada has been lowering her tariff, 85 countries, including Great Britain, the United States, France, Germany, Australia, Italy, Japan, China, Austria, Sweden and Spain, have been raising theirs.

WHAT IS THE RESULT?

Stagnation of Canadian Industry, Unemployment of Canadian Labor, Exodus of Canadian People, Withdrawal of Capital from Canadian Enterprises.

PROTECTION FOR THE MARITIMES

The Liberals will tell you that only Ontario and Quebec need a protective tariff. But one look at conditions today in the Maritime Provinces is the answer to that.

DR. MURRAY McLAREN, C.M.G.

And in the City of Saint John what has happened? We have seen many factories and mills either go out of business or suspend operations in the last few years.

A variety of reasons are given for this cessation of industry and a variety of causes may be responsible.

But, underlying all such causes and mainly responsible for them is the basic, fundamental reason—lack of a sane consistent fiscal policy by the Government of our country and the substitution thereof of a vacillating, uncertain and shifting tariff based, not on sound economic principles, but on the desire to catch the votes of the Western Progressives.

"Just give the flavor a chance!" "YES, my dear, like you, I never realized that Postum could be such a delicious drink. Now we have it at every meal and more and more my friends tell me they had no idea it was so good." Just give Postum a chance. Avoid the stimulants tea and coffee. Tannin and caffeine found in tea and coffee are harmful. With you these agents may work fast or slow. Yet sooner or later their poisonous effects are certain, sure! Drink Instant Postum. Golden-brown—rich—satisfying—it banishes sleeplessness and indigestion wherever they are caused by the poisons in tea and coffee, because it is free from all dangerous drug-stimulants. Instantly made in the cup at a cost of about half-a-cent. If you prefer it there's Postum Cereal made by boiling or percolating twenty minutes. Accept Carrie Blanchard's wonderful free offer. A BIG LEAK

It is no wonder that the Ontario millers are asking the Railway Commission for such a revision of freight rates on grain and flour as will give them reasonable means of fighting against the removal of Canada's milling business to the American side of the line.

The British Isles we could not draw settlers from a better part of the world. When the question of immigration for the Maritimes is taken up seriously, it will be found that these provinces have much to offer such settlers.

Odds and Ends

He Got His Fee (Toronto Globe)

Stories of the theft of the Scots are countless, but here is a new one. It is given by Commodore Albert B. Armitage in his new book, recently published in London, "Cades to Commodore".

He opened it, to find a charitable appeal, which ended: "If you will give us your fee, God will aid you in your efforts."

That night was an 'exciting one for the author: "The aged chairman of the society, with three members of the committee, insisted on supping me at a small hotel, although I protested that my train left at five in the morning."

Up in the north woods there is a guide who is a wizard for finding game, but who is very independent. One of his pet aversions is people who talk too much.

The Best of Advice

BY CLARK KINNAIRD

ONE FOR ALL, AND ALL FOR ONE

To understand Man, Thomas Carlyle opined, we must look beyond the individual man and his actions or interests, and view him in combination with his fellows.

"It is in Society that man first feels what he is: first becomes what he can be."

"In Society an altogether new set of spiritual activities is evolved in him, and the old immensurable quickened and strengthened."

The problem of the degree of authority rightfully exerted over the individual, of particular interest in this country now, is bound up with the question of the value of Society to the individual.

The solitary man is a small portion of himself, it is apparent. As he is folded in, stunted and half alive.

Long Walks, Dieting, Are Secrets Of Good Health, Says Lord Mayor

LONDON—Long walks daily, and careful dieting are the secrets of carrying out the duties of the Lord Mayor of London, according to Sir Alfred Bower, who retires from office in November.

The Lord Mayor, apart from sitting as the senior police magistrate, averages from 12 to 10 public engagements daily, and has to attend formal luncheons and banquets without cessation. Only a very strong man, or one who lives in the most careful fashion, can survive a year of it.

"I am 65," says Sir Alfred Bower, "and this is my secret of fitness." Every night, what ever the time may be that I finish, I go for a long walk of from eight to nine miles. As often as not it is from the Mansion House to Kensington and back.

"I have persuaded numerous celebrities to become converts to my nourishing light exercise. Among them are the Duke of Connaught, many members of the royal family and a number of members of the cabinet. My other peculiarity is that when I go out for a long walk I take my own brand of China tea with me and have it brewed at some little place by the wayside."

The Lord Mayor, who is nothing of a crank, was Britain's champion cyclist in his youth. He now controls one of the biggest firms of accountants in Britain.

WINTER CHURCH PROGRAM BEGINS

Central Baptist Baracca Class Organized—K. A. Wilson President

Young People's Union to Be Formed—Pastor Speaks on Heaven, a Home.

All departments of the Central Baptist church began their winter program yesterday most auspiciously. In the Sunday school the enrollment was 84 more than on the previous year. The Men's Baracca Class organized for the season with Rev. James Dunlop, pastor, as teacher and elected the following officers, and committees: President, Kenneth A. Wilson; vice-president, Clarence Beveridge; secretary-treasurer, Percy D. Macdonald; secretary-treasurer, Charles Downey; corresponding secretary, E. J. McKim; membership committee, Hartley Wansmaker, convener; Arthur Everett, Myles Thorne and Kenneth Gillies; committee on the sick, Horace Hoyt and W. W. Chase; social committee, Frank Ross, convener; Leo Saunders, A. Fehle, Percy Connan and G. W. Stegman; music committee, Archie Gillies and Wendell Belyea.

TO FORM UNION  
A Central Baptist Young People's Union is to be formed this evening and the C. E. T. group of the church is re-organizing for the winter work. The Fellowship Class held its first meeting yesterday with Dr. A. A. Wilson as leader and the Philanthropy Class met with Mrs. Edith Stevens as leader. Large congregations attended the morning and evening services in the church and in the evening Rev. Mr. Dunlop gave the first of a series of talks on the future life. His theme last night was "Heaven, a Home." He spoke of death as a fact and an escape, a friend and not an enemy of man and said that at most death was unreal since Christ had banished it. Christ, Rev. Mr. Dunlop said, had had no fantastic idea of Heaven, to Him was just His Father's house, a home and a place of spiritual fellowship. The preacher spoke of Heaven as a home satisfying the call of the heart, the claims of the head and the yearning of the spirit.

Deaths

James Wayne  
James Wayne passed away on Sunday morning at the residence of his daughter, Mrs. Charles Dykeman, Church Avenue, Fairville, age 84 years. Mr. Wayne had been ill for the last four years and seven months and he bore his sufferings with great patience. In his younger years he resided in Musquash and was engaged in lumbering. About 25 years ago he took up residence in Fairville and was in the employ of the Nashwaak Pulp and Paper Company, Limited, for 20 years. He is survived by three daughters, Mrs. Charles Dykeman, Mrs. Thomas Kerrigan and Miss Ida Wayne, and two sons, Robert and William. All of the children live in Fairville. He also leaves 16 grandchildren and five great-grandchildren, one brother, Gilbert, of West Saint John, and one sister, Mrs. Sarah Thompson, of Los Angeles. The funeral will take place on Tuesday afternoon at 2 o'clock from the residence of Mrs. Dykeman in Fairville.

Mrs. T. Steeves  
Word was received yesterday of the death earlier in the day of Mrs. Talmage Steeves at the Moncton City Hospital, where Mrs. Steeves was stricken after a short illness of pneumonia. She leaves, besides her husband, two brothers, George Haley, of Coveville, and John, of this city, also Mrs. W. R. Jones, who resides here.

William E. Hunter  
MONCTON, Oct. 18.—William E. Hunter, locomotive engineer of the Canadian National Railways, passed away at his home, 74 Archibald street, this morning, death being due to pneumonia. Mr. Hunter was born in Saint John on Sept. 8, 1865, being 60 years of age. He was a son of the late John Hunter, C. N. R. mechanical foreman, of Saint John, and entered the service of the Government Railways 44 years ago. At the time of his death he was one of the oldest locomotive engineers in the railway service. Mr. Hunter had been a resident of Moncton for 42 years and was an active member of St. George's Episcopal church. He was a member of the Independent Order of Oddfellows, also a valued member of the Brotherhood of Locomotive Engineers. He was well known all over the C. N. R. and as a citizen of Moncton was held in high esteem. He is survived by his widow, formerly Miss Julia Stewart, of Amherst Point, N. S., and two sisters, Mrs. D. L. Smith, of Amherst, and Mrs. David Lawrence, of Port Lawrence.

Miss Jean Dalzell, R. N.  
ST. STEPHEN, Oct. 18.—Word was received here Saturday of the death of Miss Jean Dalzell, R. N., which occurred Friday in Newfoundland. Miss Dalzell was 24 years of age. She was born at Grand Manan and came here a few years ago to train at the Chipman Memorial Hospital, where she graduated. She was a popular young lady and had made a host of friends. Only this fall she went to Newfoundland and Labrador to follow up her work. She was only there a short time when she took sick and kept getting worse until the end came on Friday.

Mrs. M. N. Moir  
YARMOUTH, N.S., Oct. 18.—Mary Nolan, wife of John A. Moir, proprietor of Moir's Bakery in this town, died at her home here Friday after an illness extending over several years. Mrs. Moir was a native of Halifax, but since her marriage, over thirty years ago, she had resided in this town. Mrs. Moir was 68 years of age and besides her husband she is survived by three daughters, Mrs. Ella Wengall, at home, and Miss Delois Wengall, at home, and a student nurse in the Melrose (Mass.) City Hospital, who for the last few weeks was at home with her mother. There is also one granddaughter and one brother, Michael Nolan, of Halifax,

Buffalo Capturing Flour Milling Trade From Ontario; Railway Board Asked to Act

Continued From Page 1.

that there would be a gain to Canadian railroads and ports, while the Ontario milling industry would be freed from discrimination in favor of Buffalo. Here is a summary of the case for the Ontario millers, backed by the Ontario Government and submitted by Senator George Lynch Staunton, K. C.

"In short what the Province wants is that grain from the West ground in Ontario east of Fort William shall take the export grain rate when shipped to the American and Canadian seaboard plus the one cent stopover charge. "I desire to refer to Privy Council Order No. 886 and memorandum issued by the Board thereon: 'The production and export of grain and flour forms one of the chief assets of the Dominion.' (a) the memorandum 'Claim that any unjust discrimination or undue preference or unfair treatment in rates of freight charged on any commodities—or in the treatment of any person, city or province.' (b) To make submission as to the encouragement of the movement of traffic through Canadian seaports."

"Grain shipments from Fort William and Port Arthur from Aug. 1, 1924 to July 31, 1925. Reported by the Lake Shippers' Clearance Association:

Table with 2 columns: Location, Amount. Buffalo 105,998,965; Toledo and other U. S. ports on Lake Erie 5,010,299; Total 111,009,264.

"From this 111 million bushels the Canadian Railroads do not get one cent of revenue after it leaves Fort William. Port Colborne 58,099,995; Montreal 18,772,006; Quebec 565,946; Total 77,437,947.

"From this 77 million bushels the only revenue the Canadian railroads get is from that portion the mills at Port Colborne and Montreal grind and ship out by rail. They, of course, ship out by water also.

Total water movement except as noted 188,447,211 Canadian Lake ports and rail movement Port McNicoll, Midland, Tiffin, Collingwood, Goderich and Port Stanley 49,648,878. "The railroads get revenue from every bushel of this 49 million, as what is not used by the mills they take out as grain.

"It is important to note: (1) That not a bushel of wheat went to Port McNicoll July or August, 1925. There are no mills there, but shipments were made both these months to Midland, Goderich and Port Colborne where mills are located. The above figures serve to show to some extent the great value to the railroads and to Eastern Canada of the milling industry. (2) Of the 111 million bushels which went to Buffalo, etc., not one bushel was headed for a Canadian port—or a Canadian railroad. (3) As pointed out before, the daily milling capacity of Buffalo during 1923 and 1924 increased 11,000 bbls., while the total capacity of Ontario mills going out of business totalled 9,700 bbls. daily capacity.

"Why this contrast? One reason was the export rates charge on flour from Canadian Lake Ports are higher than Buffalo. Flour, Buffalo to New York. Order 400 16c. Flour, Port Colborne to New York. Order 400 18 1/2c. Flour, Goderich to New York. Order 400 21c. Flour, Port McNicoll, Midland and Tiffin to N. Y. Order 400 22c. Flour from Buffalo to New York 16c. Flour from Port Colborne, Midland and Goderich to Montreal. 17 1/2c. To Atlantic seaboard 18 1/2c.

"Here you see the flour rate is 2c. per 100 lbs. higher than wheat for export, and yet flour and wheat are the same rate when exported via Vancouver. In case 1238—Grain rates Western Canada to British Columbia Coast ports for export—General, Order No. 384, Page 4, 10th October, 1923, the following significant paragraphs occur: "The export rate situation in the United States has an intimate relation to the export rate situation in Canada. Taking grain as a characteristic commodity and taking Chicago as a common point grain for export to Europe may find its export points at points at Montreal, Portland, Boston, New York, Baltimore, Philadelphia and Newport News. In connection with the movement through New York the rate from Buffalo is exceedingly important and has a controlling effect as a maximum on the movement from Canadian bay ports."

"Why should flour shipped through Quebec or Canadian Atlantic ports pay higher than the wheat rate when they both take the same rate shipped through Pacific Ports. "Why should flour milled in Ontario pay higher rates for export than flour milled in Buffalo from Canadian wheat when the wheat rate from Buffalo and Ontario Lake ports to the Atlantic Seaboard are exactly the same? Surely the advantage, if any, should be given to milling Canadian grain in Canada instead of United States.

TWO DIE IN N. B. GUN MISHAPS

John O'Neil, 33, of Sorrell Ridge, is Mistaken For a Deer

Daniel Coughlin, 10, of Hartland, Accidentally Killed by Chum, 15.

Two shooting fatalities occurred in New Brunswick over the week-end. John O'Neil, 33, of Sorrell Ridge, Charlotte county, died in St. Stephen Saturday night as the result of being shot by a man named Murphy while out hunting near Sorrell Ridge on Saturday. He was mistaken for a deer. Daniel Coughlin, 10, son of Daniel Coughlin, died at Woodstock yesterday from the wounds he received when he was struck in the abdomen by a bullet from a shotgun in the hands of a chum, Douglas McGinley, 16, at Hartland yesterday afternoon. The older boy was explaining to the younger how the gun, which

Many Congratulate Mrs. Jas. Brittain on Her 93rd Birthday

Celebrating her 93rd birthday, Mrs. James Brittain and her daughter, Miss Bertha Brittain, were hostesses from 3 in the afternoon to 9 in the evening on Saturday at their home for more than 50 guests. Many of those who called had been pupils of Mrs. Brittain when she taught years ago in the Albert school and with them came their children, now grown to young womanhood, to honor the special occasion. Gifts were sent from friends in and about the city and from Columbus, Ohio, New Jersey, Rochester, N. Y., Boston and from Scotland.

Rev. Dr. J. A. Morison, who was her pastor for some years, said at the time Mrs. Brittain celebrated her 90th birthday that she was counted an authority, as an educationist, even in the days when women were supposed to excel in nothing but home duties. Dr. Morison was unable to call on Saturday, but sent his congratulations and good wishes. Dr. J. B. Morison, of New Jersey, formerly of Saint John, telegraphed good wishes. Mrs. Brittain's home was a bower of flowers sent by personal friends and by groups of people. The session of "The Kirk" sent a beautiful bouquet of chrysanthemums and roses came Shivers Phipps, president of the Associated Charities, sent roses. Mrs. Brittain was very much admired in her handsome black silk gown, with rare old lace and her silvery hair as a crown of her advancing years. She was a bit weary yesterday, but otherwise was not more tired than younger people after all the excitement.

THOSE WHO CALLED.  
Among those who called were her new minister and his wife, Rev. Mr. and Mrs. W. McN. Matthews, Mr. Rural Dean W. H. Sampson, of St. George's church, Mrs. Margaret E. Lawrence, Mrs. E. R. Taylor, Mrs. Annie Lee, Mrs. W. E. Earle, Mr. and Mrs. Morris D. Earle, Mrs. Gerston S. Mayes, Miss Emma Colwell and Miss Nettie Colwell, grandnieces; Mrs. Matley, of New York; Mrs. George Fowler, Mrs. Alex. Kindred, Mrs. Mary Thompson, Miss Mabel Thompson, Miss Nellie Rogers, Dr. F. L. The Beautiful Stupid Girl Can Marry All Around the Beautiful, Clever Girl, Because, Having No Conversation to Offer, She Forces Men to Talk Personalities—And That Topic Leads to the Altar.

ONE of the riddles that women acquire wrinkles trying to guess is why the girl who is beautiful but dumb can marry all around the girl who is beautiful but clever.

DOROTHY DIX

There is no use in denying this and saying she can't, because she does. The semi-moron can get three husbands to the college graduate's one.

APPARENTLY men have no relish for female brains unless they are scrambled. The more idiotic questions a woman asks them the more they dote on her society.

It is the limpid, cowlike eyes without an vestige of intelligence in them that men sing in verse and immortalize on canvas. It is the weak, baby, clinging-vine woman who hasn't backbone and grit enough to stand alone that men are always eager to prop up.

That is before marriage. After marriage it is often a very different story. Artless simplicity is very apt to get on a man's nerves when he has to live with it every day.

The chief reason why men roam away from their own fireplaces is in search of companionship. Nine-tenths of the philanderers are men who have married women who bore them to extinction.

THEREUPON tragedy ensues and we blame the man for it because we say, truly enough, that out of all of the women in the world he picked out the particular one he married for a wife.

Women have been inclined to think that the reason that so many intelligent men choose dull women for their wives is because many suffer from the superiority complex.

They did not know women well enough to realize that a husband can make what he will of a clever woman because he can reason with her and make her see his point of view.

It isn't, of course, that the intellectual man really prefers the unintellectual woman, or that he deliberately picks her out for a wife. It is because the stupid woman, having nothing else to interest a man, forces him to interest himself in her.

WHEN I am with a clever woman we have a thousand mutual interests. She may be ever so beautiful, ever so charming, ever so feminine, but I lose sight of her personality in what we are talking about.

I have lost sight of her as a woman. I am thinking of her as a man. But with the unintelligent woman, who has no conversation, who doesn't read the books I read nor think the thoughts I think, I am bound to get down to personalities.

I COMMEND this view of the subject to all women in search of husbands. Their lesson seems to be that the children of this day are wiser than the children of light. Anyway, they know their way to the wedding counter better.

SLEEP, A DOPE LIKE OPIUM!

Psychologist Thinks We May "Take Cure" and Be Alert 24 Hours a Day.

By GEORGE BRITT.

Derive a dope addict of his drug, and what happens? Nervous trembling, irritability, bloodshot eyes, headache and other symptoms of suffering!

Such a habit, Professor Hollingworth points out cannot be unlearned overnight.

"Regardless of whether it is entirely dispensable, sleep certainly can be reduced without any injury," declares the scientist.

"Now, it is suggested that we sleep oftener and in shorter naps, in order to take advantage of this initial sound sleep."

"My own suggestion is simply the reduction of the sleep allowance. It should be gradual, taking off 15 minutes, say, every few weeks."

"Many people are in a habit of sleeping 7 1/2 hours," Dr. Hollingworth says. "Their interests and their minds are so contracted that they have no rest for living a full 24-hour day."

"The most recent production in which pulchritudinous Phyllis had a large part was "New Brooms."

STAR DUST.

Theodore Roberts' condition is growing steadily worse. The shock of his wife's death aggravated his illness.

Ernest Lubitch almost had to leave us the other day. He was due to be deported after a six months' visit since he did not come within the immigration quota set for Germans.

Adolph Zukor, \$380,000; Jesse L. Lasky, \$350,000. These huge salaries as officers of Paramount Pictures are revealed by the recent reorganization, separating the studios and theatres.

Fair-Haired Folk Find Health Here

CANADA will always have more fair-haired people than the United States. This is the conclusion to be drawn from the statement of an American scientist that that country is fast becoming a nation of dark-skinned people.

He says that fair-haired families can not survive south of the St. Lawrence, and that unless they marry with dark-haired people they become extinct within three generations.

The Saxon is naturally hard as nails, and if in ordinary good health he gets down and enjoys the sun in the Tropics. But if a fair-haired man marries a fair-haired woman and they live in a hot country, their children are seldom strong, and in a generation or two they die out.

One thing is certain—that blondes are more common in the north than in the south. Seventy per cent. of Swedes and Norwegians are fair, and about forty per cent. of North Germans, but only about two per cent. of French people.

"Grand Due" Is Newest Coat

By MME. LISBETH.

THE graduated line of the fur trimming is the distinguishing feature of this coat, which is named the "Grand Due."

Fur that you have on hand might be utilized in somewhat this manner. Combined with velour or velvet or one of the many lustrous materials now so popular for warm coats, it would make a handsome and unusual wrap.

Fur is sometimes dyed to match the coat or suit with which it is trimmed. A striking costume worn by a traveler just returned from abroad consisted of a coat of violet blue cloth with mole dyed to match.

A gray suede cloth coat had an inverted pleat of embroidery at the side and with it was worn a huge animal scarf of fox, a very smart adjunct, by the bye.

Striking combinations are just returned from abroad consisted of a coat of violet blue cloth with mole dyed to match. The accompanying frock was of the same shade in crepe rone, and it, too, was trimmed with fur.

Adventures of the Twins

THE "HASH" CAR

Markie Muskrat's name was the very last to go on the list for the race. It was to be a big race, with more than 20 people in it.

Indeed when Markie put his name down with the stubby lead-pencil hanging by a string, Nick gave him a piece of muslin with a big "23" printed on it in black ink.

"You are to put this on your car somewhere," said Nick. "The back is the best place, for people can see it there. What kind of a car are you going to race with?"

"That kind of a car have you?" said Nick again. "I have to put down the kind of a car you are going to drive in the race. What is it?"

"That's a funny name," said Nick. "I never heard of it. Don't you mean a 'Nash'?"

"No, nothing like that," said Markie. "It's a 'Hash' car," he said again. He started to grin from ear to ear, and finally he laughed out loud. He was still laughing when he went away swinging his number.

The next place he went to was the repair shop down the road where the wrecked car stood. Also about a dozen other rusted cars that looked as though there had been an explosion somewhere.

"What'll you give me all that junk for?" the little fellow asked the man who had the shop.

The man thought for a while. In the end it was arranged that Markie should work for a week without pay. And he

should have all the stuff he wanted at the end of that time, to do as he pleased with.

Besides that, when he wasn't busy helping Mister Gosh, he could have his spare time to himself. It was exactly what Markie wanted!

Well, at last the day of the race came and everybody for miles around flocked to the place to see who was going to win the gold medal.

All the other cars had been repaired and painted and fixed up, too. "Very car" had a big number fastened onto the back and it certainly looked like Fair Day or something.

The race track around the pond was scraped as smooth and as level as a bread board.

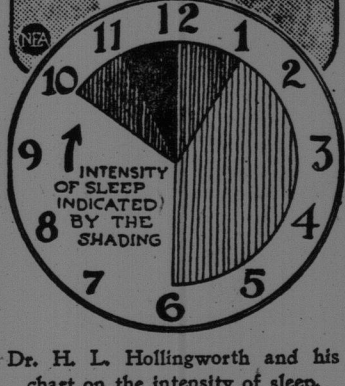

All the people sat in the grand stand, and right across the track sat the judges who were to manage the races and decide on the winners.

A rope stretched across the track. That was to show the exact spot for starting and stopping.

It was time to begin the race and everybody was there but "No. 23." At last "No. 23" appeared. Everybody looked at his program to see who "No. 23" was. The program said "Markie Muskrat—driving a 'Hash' car."

Then they all began to laugh. And really it was no wonder. If you could have seen that car! It was made up of pieces of a dozen wrecked cars—wheels of one, top of another, engine of another—and so on. And there sat Markie as proud as Punch.

To Be Continued.

AFTER getting the natives of California very much interested in the beaches, Phyllis Haver deserted her gang of Mack Bennett bathing partners, leaving a host of admirers stranded on a lonely shore.

At that, the salaries of Zukor, Lasky et al do not yet equal the income of some of the stars whose personalities they market.

Harold Lloyd's income is said to be over \$35,000 a week. Douglas Fairbanks, Mary Pickford, Gloria Swanson, Tom Meighan and probably Norma Talmadge have incomes probably exceeding Zukor and Lasky.

The difference is that, while they have their brief day of harvest, the Paramount officials' pay is indefinite. Moreover, they have additional income from corporate holdings and other investments.

A butler, Charles Green, had one of the most important parts in "Shen Preferred." He had charge of all the scenes in which people were shown eating. For Green used to be a butler royalty and knows just how many inches from the plate the glass should be placed, etc.

The harassed director now can rest assured that his banquet scenes will meet with the approval of Emily Post, herself.

Doug Fairbanks is going to turn the clipper ship which he is using in "The Black Pirate" into a house boat when the film is completed. He'll equip her with fast engines and install accommodations for guests.

Balaban and Katz, new partners in Paramount, are to receive \$20,000 each a year; numerous other officials from \$15,000 to \$100,000.

No other business in the world matches these salaries.

Removes Egg From Shell To Watch It Hatch

By DAVID DIETZ.

BIOLOGISTS look forward to a process developed at the University of Leyden, Holland, to throw much light upon our knowledge of the growth of living creatures.

For the first time in history, the development of an embryo of a warm-blooded animal can be watched and studied continuously.

Up until the present, biologists have been forced to place a large number of eggs in an incubator and then open them one at a time at intervals.

While this enabled the biologist to obtain embryos at all stages of development, it made it impossible to compare different stages in the same embryo.

This new method makes such a comparison possible.

METHODS for detecting school children who are emotionally unstable and for giving special training to such children, are among the greatest needs of our school systems today,

according to Cyril Burt, British psychologist and educational expert. Dr. Burt says that about one-tenth of all school children are emotionally unstable and that 1 per cent. are so extremely unstable as to constitute potential menaces to themselves and society.

Every person, to some extent, says Dr. Burt, has within him the potentialities of criminals. It is only habits formed through education that keep these in check, says Dr. Burt.

ULTRA-VIOLET RAYS, obtained from sunlight and from ultra-violet lamps, are now well known as a treatment for rickets.

Recent work by Dr. G. Murray Levick, British physician, seems to indicate that it may also prove the best method of treating infantile paralysis.

Dr. Levick says he has found the best treatment consisted of a combination of both ultra-violet and infra-red rays. Both types are contained in sunlight, the infra-red rays being longer than the waves of visible light and the ultra-violet rays shorter.

Dr. Levick has been using a special arc lamp of his own construction. He says that he can better regulate the treatment with this lamp than when he depends upon the sun for the rays used in the treatment.

**GOLDEN WEDDING  
OBSERVED TODAY**

**Rev. R. S. Crisp and Wife  
Married Fifty Years  
Ago.**

**Mr. and Mrs. S. K. Tobin, Formerly of Saint John, Also Celebrate Event.**

Rev. Mr. and Mrs. R. S. Crisp, 821 Douglas avenue, are celebrating their golden wedding anniversary today and will be heartily congratulated by many friends throughout the Maritime Provinces. Mr. Crisp conducted the service in the Main street Baptist church last night and referred to the fact that on that exact date 54 years ago he had first landed in Canada. Mr. Crisp retired from active work in the ministry of the Methodist Church eight years ago, but he is still hale and hearty at 76.

He was born in Norwich, England, and received his theological training in the Old Country. He was ordained a minister in Centenary church, Saint John, by Rev. Robert Duncan and has been stationed twice in Moncton, twice in Chatham, at the four churches, Exmouth street, Carmarthen street, Portland and West Saint John in Saint John, at Charlottetown, Margsville, Milltown and St. Andrews, and since his retirement has been greatly in demand as supply preacher.

Mrs. Crisp was formerly Miss Matilda Elizabeth Wilson, of Halifax, a granddaughter of Rev. William Wilson, who had at one time been pastor of the Exmouth street church in Saint John.

Mr. and Mrs. Crisp were married by Rev. Mr. Wilson in Halifax. Mrs. Crisp's recent illness has caused much concern to her many friends, but they are glad to know that she is much improved in health and will be able to join in the quiet anniversary celebrations. Mrs. A. W. Zatey, president of the Saint John Women's Council, is the only surviving child, and Miss Margaret Williams, who is now living with her grandparents, is the only grandchild.

**CELEBRATED ANNIVERSARY.**

Mr. and Mrs. Samuel Ketchum Tobin recently celebrated their 50th wedding anniversary at the rectory of Christ's Episcopal church at Westley, B. L. Edgar Tobin, and were at home to their friends from 4 to 6 o'clock in the afternoon and from 8 to 10 o'clock in the evening. Mr. and Mrs. Tobin were married in New Brunswick 50 years ago and for a number of years resided in the Canadian West and in 1919 they went to reside in Rhode Island. Three years ago they took up residence at the home of their son, Rev. Edgar Tobin, in Westley. They had five sons but only one is now living. Jacob Tobin, of Millidgeville, is a brother of Samuel Ketchum Tobin and A. E. Tobin, of Saint John, is a cousin.

**Rev. R. McGillivray at Assumption Church**

Rev. R. McGillivray yesterday entered upon his duties as second assistant to Rev. J. J. Ryan, priest of the Church of the Assumption. Father McGillivray was the celebrant at the last mass yesterday morning. Rev. H. A. Ramage, first assistant to Father Ryan, has gone to New York for a vacation. At two masses Father Ryan read the lists of conveners for the Assumption high tea which is to be held this week and spoke of the need for raising a substantial sum at this event, the proceeds of which will go towards the parish school fund. A meeting of the committees in charge of the high tea was held in the afternoon with Charles Morris, chairman, presiding. The parish hall has been very greatly improved recently, a new dining room and kitchen having been made out in the first floor and the hall is now fully equipped in every way.

**INTERCHANGE OF PULPITS.**

The Baptist ministers of the city observed their customary monthly interchange of pulpits yesterday morning. Rev. E. R. MacWilliam, of Waterloo street, was in the Central church; Rev. Dr. C. R. Freeman, of Charlotte street church, was in German street; Rev. James Dunlop, Central, occupied the pulpit in Waterloo street church; Licentiate H. V. York was the preacher in the Tabernacle church, the minister of which, Rev. A. L. Tedford, conducted the service in the Ludlow street. Rev. W. A. Robbins was in the Charlotte street church. Rev. Dr. S. S. Poole, of German street, occupied the pulpit of Main street church in the morning, and in the evening Rev. R. S. Crisp was the preacher in that church.

**TO PREACH HERE.**

Rev. Dr. A. H. Moore, president of King's College, Halifax, will deliver the sermon at the annual service of the Church of England Institute which will be held this year in St. Luke's church on the evening of Nov. 4.

**EXCHANGED PULPITS.**

Rev. Canon A. W. Daniel, of Rothesay, exchanged pulpits with Rev. F. J. LeRoy, rector of the Church of the Good Shepherd, Fairville, yesterday.

Anglin, Mr. Don Skinner, Mr. Percival Streeter, Mr. Murray Vaughan, Mr. Fenwick Armstrong, Mr. Elmer Puddington and Mr. Brew.

Mr. George E. Lamb announces the engagement of his daughter, Anne Olive Lamb, to Mr. Raymond R. W. White, of Bedford, England, now of Saint John, the marriage to take place in November.

Mrs. Fred R. Taylor, of Rothesay, was one of the charming hostesses of last week, entertaining on Saturday evening at her home, with covers laid for 20 ladies, several of whom went out from the city. Bridge was played in the evening.

Mrs. W. J. Finley, who came from Ireland to visit her parents, Mr. and Mrs. John M. Driscoll, West Saint John, expects to leave on Wednesday for Montreal, and will sail with him on his ship the Fanad Head for home. Mrs. Finley was the guest of honor at a bridge of four tables at her mother's residence on Saturday afternoon. Other parties have been given and Mrs. Finley will be guest of honor at others this week before leaving. She will be accompanied to Montreal by her sister, Miss Driscoll, who will visit another sister, Mrs. T. J. McCaffrey for some time.

The members of the Byng Boys' Club on Saturday evening tendered a dinner to one of their number, Dr. Victor Davidson, whose marriage is to take place shortly. The dinner was held at the club bungalow at Pleasant Point and was attended by about 25. Dr. D. C. Malcolm presided.

Mr. and Mrs. Frank Miller, accompanied by Mrs. Charles Miller and Mrs. George MacDonald, have arrived home from a motor trip to New York.

Mrs. H. L. Bonnell, who has been residing with her son, Dr. F. C. Bonnell, Princess street, left on Saturday evening for Montreal, where she will visit her son, Mr. Kenneth Bonnell and Mrs. Bonnell. She will proceed to the coast, stopping at Calgary to visit Major and Mrs. MacFarlane, formerly of New Brunswick, and will then go to Victoria.

to discard old hygienic methods and retain freshness every day

LARGELY on medical advice, women are abandoning the old-time "sanitary-pad" for a new way that supplants uncertainty with positive protection.

Sheer frocks and ill-timed social engagements no longer remain as worries. Lost days are fewer, and health better.

It is called "KOTEX." Ends the insecurity of the old time sanitary pad. Five times as absorbent and odorless—ends ALL fear of offending.

As easily disposed of as a piece of tissue. No laundry. No embarrassment.

You get it at any drug or department store simply by saying "KOTEX." You ask for it without hesitation.

Costs only a few cents. 8 in 10 better class women employ it. Proves the folly of old ways.

"You're always this way after dinner," she sighed.

**His wife was ready to quit!**

It was almost impossible to get her husband to go out after dinner. And his stay-at-home tendencies bored her to a point where she was almost ready to give up in despair. That evening she was particularly anxious to get him to do a little dancing. Some neighbors who had a wonderful new radio had invited them. But there he sat, as usual—and frowned his reluctance. "You're always this way after dinner," she sighed. Indigestion is a miserable thing. So many people suffer this way. If they only knew that simple old method our grandfathers used—peppermint. And now it is available in a new and really convenient form—Pep-o-mint Life Savers; the little candy mints with the bite. It sounds very simple and old-fashioned. But Pep-o-mint Life Savers really do the trick. Try them after meals when that heavy, logy feeling comes over you—or to relieve that irritating distress of indigestion. Pep-o-mint is displayed at all good stores so you may help yourself; also Wint-o-green, Cinn-o-mon, Lic-o-riee, Ci-o-ve and Vi-o-let. Five cents a package.—Life Savers, Limited, Prescott, Ont.

4,792-mile Trip Completed—853 Miles Traveled on C. P. R. Tracks.

Special to The Times-Star  
VANCOUVER, B. C., Oct. 19—Completing the 4,792 mile trip across Canada in a Ford motor car, 853 miles of which were covered on the tracks of the Canadian Pacific Railway, Edward Fickenger, of Ford, Ont., drew up on Saturday afternoon at the door of the Vancouver City Hall to hand to Mayor L. D. Taylor of this city, a special letter brought to him from Mayor J. B. Kenny of Halifax.

Officials of the automobile club of British Columbia and of the Ford Motor Company here were on hand to welcome Mr. Fickenger. The latter who operated a moving picture camera throughout the trip was most enthusiastic about the beauties of the Canadian Rockies and British Columbia. The thousands of feet of film which he shot enroute will be presented to the federal government to be used for educational purposes.

The car traveled as a special train while on the C. P. R. rails.

HAS ROLL CALL  
The annual roll call of members was carried out last night in the Carmarthen Street United church when Rev. A. D. McLeod, the pastor, conducted the service. About 100 members answered the roll call. Rev. H. A. Penna, a former minister, led in prayer. Mrs. I. H. Barnard was the soloist. The Carmarthen street church has been undergoing extensive repairs and work in painting the exterior of the building is about completed. Members of the congregation have volunteered to do all the work of the painting and the greatly enhanced appearance of the church is a tribute to their skill and industry. Mr. Penna on his present visit to his former church was warmly greeted by the members of the congregation.

HEAR MEMBERS OF GOVERNMENT

Ludlow Street Brotherhood Addressed by Premier and Hon. Mr. Tilley.

Col. G. G. Corbett Also Speaks at Anniversary of Church Organization.

The Men's Brotherhood of the Ludlow Street Baptist church observed its fourteenth anniversary at a special service last night when Hon. Dr. J. B. M. Baxter, Premier of New Brunswick...

George Ring, president of the class, led the opening devotions and T. B. Brown and Deacon Ring also took part.

PREMIER BAXTER.

The Premier based his remarks on the words of Cecil Rhodes, "So little done, so much to do." He recalled the famous memorial he had seen on his recent visit to England and said that while many had commemorated great heroes who had mightily achieved, the cenotaph had commemorated the great struggling mass of the people whose concentrated effort had saved the day.

Mr. Tilley addressed himself chiefly to the young men, giving them sound advice and exhorting them to be honest in all things. He spoke of the church as the safeguard of the nation and declared money and ability to be of little worth if sound character did not go with them.

Lieut.-Col. Dr. G. G. Corbett spoke of his long interest in the Brotherhood and referred to those who had passed away from its ranks and of the need to have others come up to fill the gaps in the ranks.

Mr. Robbins extended thanks to the speakers. Miss M. E. Mullin was at the organ and during the service the quartette, "When Storms Around Are Sweeping," was sung by Ralph Rupert, Prescott McLean, Miss Louise Burke and Miss Carrie Durkee.

Two Bishops Take Part in Ceremony

BATHURST, Oct. 18.—A triduum in honor of the canonization of St. John Eudes, founder of the Eudist Fathers, was begun today at the Church of the Holy Family, West Bathurst. His Lordship Bishop Leonard of Rimouski, Quebec, and his Lordship Bishop Chasson of Chatham, preached an eloquent sermon on the Life and Works of the Saint with special reference to his piety, eloquence and scholarship.

Two Candidates Quit Contest in Quebec

QUEBEC, Oct. 18.—The first withdrawals in the 1925 federal election campaign in Quebec district took place today when Dr. Gauthier, who was an independent Conservative in Gaspé county, and R. Beaudoin, who was standing as an independent Liberal in Beauce county, both announced their retirement.

Meighen Ends His Prairie Campaign

WINNIPEG, Oct. 18.—Forty-five speeches in 18 days is the record of Right Hon. Arthur Meighen's campaign tour in the West, which came to an end last night.

Since his meetings at the head of the lakes at the end of September the Conservative leader has spoken that number of speeches at public meetings besides brief addresses at party gatherings and women's organization rallies.

GOVERNOR BUYS SOFT COAL.

BOSTON, Oct. 18.—Governor Alvan T. Fuller has barred the defiance gauntlet at the anthracite interests by having 30 tons of hard coal taken out of his cellar to be replaced by bituminous. The governor urging the public to "strike off the shackles of bondage," placed upon them by the hard coal industry, has announced the shipment of a train load of soft coal to New England.

Is Your Back The Weak Point Then get your kidneys right by using Dr. Chase's Kidney-Liver Pills

Very few people are in perfect health. There is a weak spot somewhere. When you get tired or your system gets a little run down you feel the effects at your weak spot. If your weak spot is your back, then you may suspect that your kidneys are not in perfect order. The back aches or is weak and sore, you may have headaches; legs will be dryness of the skin, pains in the limbs and disorders of the bladder.

JAPAN ERECTS GREAT NEW PARLIAMENT ON FIRE RUINS

A great new home for parliament of modern, and probably Occidental architecture, is being planned by the Japanese Government to replace the frame imperial diet buildings destroyed by fire. The house of peers is seen a mass of flames, with sparks igniting its brother house of parliament and spreading over a section of Tokyo, while firemen, soldiers and civilians battle it futilely.

Cattle Shipments To Exceed 100,000

OTTAWA, Oct. 18.—This year's cattle shipments from Canada to the United Kingdom will considerably exceed 100,000 head.

While the British demand is at present easing off somewhat, the total for 1925 will be a record-breaker, the monthly average being well over 10,000.

In money the year's total will be about the \$12,000,000 mark. It is still impossible to get the port of London open to the transportation of cattle from Canada. The Admiralty some time ago took over control of certain wharves not then required for other purposes, so that there is no wharfage now available for the discharging of Canadian cattle.

ST. MARY'S TO MONCTON.

St. Mary's Band, at full strength, will leave by special train tomorrow afternoon for Moncton where the band will give a special concert for the C. N. R. radio. J. Ernest Till, tenor soloist, goes with the band and will give four special numbers in the concert.

Larkin owned all but five shares of the company, and drew \$369,907 in dividends, these being paid in London. Mr. Larkin also receives a salary of \$25,000 as president of the company, but no appeal was made against assessment in regard to this amount.

CARS COLLIDE

Automobiles owned by B. S. Purdy, 193 Princess street, and Reginald Wright, 1 Mount Pleasant Avenue, collided on the corner of Garden street and City Road last evening. The Wright car was badly smashed on the left side, while the automobile owned by Mr. Purdy received a broken fender and bumper. No person was injured.

WAREHOUSE AT SYDNEY ROBBED

Thieves Get 10 to 15 Kegs of Liquor From Excise Stores.

Family Sleeping on Floor Above Fail to Hear Thieves at Work.

SYDNEY, N.S., Oct. 18.—In a daring raid at the Government excise warehouse, George street, in the heart of the business district, some time between midnight and 5 o'clock this morning, "boozie burglars" got away with between ten and fifteen 10-gallon kegs of seized contraband liquor, valued locally at \$10 per gallon. Access to the building was gained by boring a hole through a side door and lifting off a bar.

The warehouse floor and the basement are used jointly by the customs authorities and the city, as a storehouse for captured liquor. City Inspector McRae was in the building depositing the proceeds of a raid on a local bootlegger at about 11:30 Saturday night and states that he left everything in order.

DISCOVERED AT 5 A. M.

The robbery was discovered at 5 o'clock this morning by a man employed in a garage across the street who, noticing the door open, notified the police. The city seizures are stored in a separate room of the building under locks and nothing was missing.

The government liquor was stored in the basement and the thieves evidently worked very quietly while getting their booty to the ground floor and to a waiting motor truck, as a family living in the second floor of the building were not disturbed.

Raymond Higgins Shoots Two Bears

The skins of two rafter bears, a male and a female, said to be the first shot in the district around Sherwood Lake, near Westfield, in the last thirty years, were brought to the city on Saturday by Raymond L. Higgins, 4 Bryden street, who had been in the woods hunting for only a few days before bagging the animals.

This young sportsman, 18 years of age, has made quite a reputation for himself with a gun, getting a moose last year and capturing the two big bears on this trip. The female measured more than six and one-half feet in length, the male being a little smaller. One old hunter who saw the skins, declared that the animals were the first of their particular kind seen or shot in the Sherwood Lake district for thirty years.

Ludendorff Saved From Communists

BRESLAU, Germany, Oct. 18.—General Ludendorff, former first quartermaster-general, and in March last badly defeated as the National-

ist candidate for the presidency of Germany, addressed an extreme Nationalist meeting here today, and almost came to grief, when on proceeding to his automobile he found himself surrounded by vast crowds of Communists, who threatened violence. Quick action by the police prevented serious trouble.

HARVARD BEATS OXFORD.

BOSTON, Oct. 18.—Harvard defeated Oxford in debate here, the Harvard students upholding the negative of the proposition that the growth and activities of the Socialist movement are detrimental to social progress. The audience voted 837 to 691.

Committee in London is to Make Report Because of Diverging Views.

LONDON, Oct. 18.—Recommendations for new tests for drunkenness are to be reported by Sir Charles Ballance, chairman of a committee recently appointed with the approval of the commissioner of police as a result of numerous disagreements recently between prisoners and police as to what constituted being drunk.

Less exacting tests such as whether a man is still able to move his little finger—sober if he can—drunk if he can't—are, however, said to lean too far in the favor of the defence.

How To Get The Best Results From Your Want Ad.

The small cost of a "Want Ad." is a secondary consideration. The object is results.

Therefore, never cheep here and there to save an odd cent or two. By doing so the value of the entire ad. may be destroyed.

When writing your "Want Ad." put yourself in the place of the reader, and answer the questions you yourself would naturally ask.

If you have a flat to rent, the home seeker wants to know more than a plain statement of the fact. He wants to know how many rooms there are; if there is hot water; bath; electric lights; garage, etc., and the amount of the rent.

Your flat may be a \$60 a month home, but if you don't say so in your ad, the \$60 a month tenant may not reply, thinking perhaps it is a \$15 a month flat.

SMELTERS DROP EIGHT POINTS OVER WEEK-END

Reaction is Feature of Montreal Exchange Opening This Morning

PRICES UPWARD AGAIN IN WALL STREET TODAY

Trading Again Resumed at Furious Pace After Slump on Saturday.

Canadian Press.

MONTREAL, Oct. 19.—The continued softness of Consolidated Smelters featured the opening of trading on the Montreal stock exchange this morning.

This issue on the first sale reacted two points at 158, and quickly sold down six more to 152, for a week-end loss of eight points.

On the whole Canada Steamships preferred showed considerable strength selling up a point at the new high of 62 3/4.

Brazilian was the most prominent in regard to activity and eased 1/2 to 77. Besco 2nd preferred was steady at 10.

The balance of the list was inactive and steady.

IN WALL STREET.

NEW YORK, Oct. 19.—Stock prices pointed upward again today as trading was resumed at a furious pace.

Initial dealings indicated that support was forthcoming for the leading industrials although heaviness in spots reflected the sobering influence of the last hour's collapse on Saturday.

Fisher Body soared 5 points and initial gains of 1 to 8 1/2 points were recorded by Dupont, Mack Trucks, American Can, American Sugar and Chrysler.

United States Steel, Hudson and New York Central opened fractionally higher.

Embargo on Foreign Loans Is Opposed By Some In England

Canadian Press.

LONDON, Oct. 19.—At the present time, an embargo on foreign loan issues in London, is imposed not by law, but by the influence of the Bank of England.

The embargo is designed with the consent of the treasury to assist in the maintenance of the gold standard, but there is a school of thought which considers that it should be relaxed on the ground that British financing of overseas countries, is needed to stimulate the export trade of Britain.

Meanwhile the question has arisen of extending the embargo to the new loans of the British Dominions, unless they are for the purpose of meeting maturing obligations in London.

JONES ELABORATES RIGHTS REFERENCE

Holds Conservatives Using Unrest Against Government in Power.

WOODSTOCK, Oct. 15.—Hon. W. P. Jones, who last week delivered an address in Grand Falls in which he made reference to Maritime Rights saying, according to a report of his address in The Telegraph-Journal, that no one seemed to know just what Maritime Rights were, that the campaign for them had been featured by Saint John newspapers and that, if the present Government were defeated, no more would be heard about Maritime Rights, tonight issued a statement elaborating the report of his utterances on that occasion.

MAIN GRIEVANCE, HE SAYS.

Mr. Jones contends that, at Grand Falls, he was arguing that the main grievance of the Maritime Provinces was that they had been bled white financially in order to create millions of jobs in Ontario and Quebec through high tariffs and without corresponding benefit or any benefit to the east.

"Conservative politicians in this campaign are asking for a change of Government because of the alleged unfair treatment being given us by the Dominion, and are talking about Maritime Rights, at the same time expecting the people here to vote for a higher tariff when Mr. Meighen happens to come to the business men to remedy the interests of the Maritimes and Western provinces as compared with those of central Canada," said Mr. Jones.

WHEAT AND COSTS.

"I said at Grand Falls," he continued, "that we should correct our grievance by sending a solid delegation of members to Ottawa to oppose the imposition of a high tariff. I pointed out that our products of the forest and the farm must be sold in competition with the world, and that the producers must be allowed to buy everything that enters into the cost of production in the cheapest market, un-

dermined by the higher tariff proposed by Mr. Meighen."

STOWAWAY IS CHARGED.

William Woods was in the Police Court this morning on a charge of being a stowaway on the steamer Agnet Maersk which arrived here on Saturday from Cuba. He was remanded until the steamer sails.

DIGBY PUMPKIN 51 POUNDS.

DIGBY, Oct. 18.—A pumpkin weighing 51 pounds has been on exhibition at A. J. Westhaver's market. The pumpkin was grown in Mr. Westhaver's garden.

Brokers' Opinions.

NEW YORK, Oct. 19.—Tobey and Kirtz—Appearances are that distribution of stocks by some interests is under way to a certain extent, but the momentum of the market is such that offerings are absorbed readily most cases. Status should be in good demand prior to issuance of September reports.

Block Maloney—Take profits when you have them. Continue operators at this time to the larger earners which appear to be behind the market.

Hornblower—"Confine attention to the good stocks and do not overtrade. Continue to buy covers, steel, equipments, railroads and oils."

James Robinson as Independent Conservative.

A Newcastle despatch says that James Robinson, who has been carrying on an active campaign as an independent candidate in Northumberland county in the federal election, has let it be known today that he is running as an independent Conservative.

STOWAWAY IS CHARGED.

William Woods was in the Police Court this morning on a charge of being a stowaway on the steamer Agnet Maersk which arrived here on Saturday from Cuba. He was remanded until the steamer sails.

Morning Stock Letter.

NEW YORK, Oct. 19.—The extraordinary activity and fluctuations of Saturday have naturally given rise to a large number of rumors, most of which concern the motor stocks. A contest for control of G.M.O. was now going on between J. P. Morgan and Mr. Durant. This rumor is not generally believed, but the tremendous buying and selling of the motor stocks on Saturday presented a good opportunity to secure profits seems to admit of no doubt. Further feverishness may be looked for. The street is considered to be in a good condition. One favorable feature of Saturday's market was the way the rails stood up.

TOADS AID FARMERS WASHINGTON, Oct. 19.—One of the farmers' most helpful allies is the common toad. The toad's diet of worms, beetles, mosquitoes, flies, plant lice, crickets and other pests make him valuable. Scientists claim that the toad eats nearly 3,000 parasitic pests each month.

DETROIT BAKER, 81, DIES. DETROIT, Mich., Oct. 18.—William Livingston, 81-year-old banker, vessel owner and president of the Lake Carrier Association, died suddenly at his office here last night.

RECALLS UTTERANCE. Quoting from memory, Mr. Jones recalled having stated that "Conservative politicians, curiously enough, always become extremely interested in our grievances when Liberal governments are in power at Ottawa and at Fredericton and, in my opinion, the question of Maritime Rights, so called, although nobody seems to know what is meant by the term, was accentuated by Opposition speakers just before the last provincial election for political purposes, to create a spirit of unrest. It had its effect but I hoped that the people would be sensible enough to see that it did not prejudice the Liberal party in this election. Saint John newspapers had featured the matter, and if Mr. Meighen happens to come into power, which I regard as impossible, very little will be heard about Maritime Rights."

"That opinion," Mr. Jones added, "I still adhere to."

Asked if he really believed the motive behind The Telegraph-Journal and The Times-Star efforts to boost Maritime Rights was a political one, Mr. Jones stated that he did not criticize the newspapers in that respect. "I am willing to admit that their motives are non-political."

"At the same time," he added, "I think the interests of Saint John would be better served if the newspapers could often realize that there is quite a large section of the province outside the limits of the winter port."

"Conservative politicians," he continued, "have availed themselves of this agitation to serve their own ends, and they are doing so today. I do not say whether their attitude is improper from the standpoint of practical politics. As to that the public must judge. I believe that the efforts that are being made by the business men to remedy conditions in the Maritime Province are to be commended, but my whole argument," concluded Mr. Jones, "is that such efforts can produce no beneficial results if the people here are to be burdened with the higher tariff proposed by Mr. Meighen."

PACT SUCCESS STIRS POLITICS

Conservatives Say They Will Be Able to Go On With Disarmament.

Government to be Immensely Popular, Its Backers Declare.

British United Press. LONDON, Oct. 18.—Austen Chamberlain's success at Locarno has been greeted with the greatest enthusiasm in political circles here and the Conservatives believe that, whatever fate may befall Premier Baldwin over the coal issue, he will be able to point to the Conservatives as forming the first government that was able to achieve anything definite on the road to peace.

OPPOSITION TO DEVELOP.

It is recognized, however, that there is going to be some opposition in the House of Commons when the ratification of the security pact comes up as well as in the country generally, owing to the fact that it finally puts the question on Britain's long maintained policy of splendid isolation.

There may also be some coldness displayed by the Dominions, and the government is quite prepared to meet the criticism that it has sacrificed the unity of the Empire for the sake of European peace.

BEAVERBROOK IGNORED.

So far as the press is concerned only Lord Beaverbrook has attacked the pact, but "Mercenary Max," as Beaverbrook is now generally called, owing to the letter he wrote last week to the Sunday Express, fouting his own critics by saying what a wonderful play "Mercenary Mary" is, has lost much of his influence lately, and the government is taking the line of ignoring him completely.

A CHALLENGE.

The Fairville Superior School Rugby team wishes to challenge any school football team up to grade VIII, for a game to be played on the Sand Cove grounds, West Saint John, and a return game, if desired. It is accepted, kindly answer through The Times-Star or phone W. 107-21.

The first woman to obtain a patent in the United States was Mary Kees, who invented a machine for weaving a mixture of silk and thread.

A. S. Emery Captures All-Comers Match

The M. D. No. 7 Permanent Force Rifle Association held its final shoot on the local ranges Saturday under very trying conditions, when some very fine scores were made in the all-comers match which is for a beautiful medal donated by Edwin A. Ellis, and six dollars, this being won by A. S. Emery, of the City Rifle Club.

WON BANNER AGAIN

Mrs. C. O. Mutch and Mrs. T. H. McKinney, officials of the provincial W. C. T. U., who were attending the convention here last week, have returned home to Woodstock taking with them the banner won by their society for obtaining the most members during the last year. This banner was won by Woodstock the year previous and the ladies were very proud of the honor of taking it back for another 12 months.

HELD ON BIGAMY CHARGES

CLEVELAND, Ohio, Oct. 18.—A man booked as Ernest Sturgiss, 35, and said to have been an officer in the British naval service, is held here on charges of bigamy. Scotland Yard records show he has three wives living and no divorces.

TRADE TREATY FAVORED.

KINGSTON, Jamaica, Oct. 18.—At a meeting of the Jamaica Chamber of Commerce here, with a large attendance of representative business men, it was decided to recommend that the government of Jamaica ratify the Canada-West Indies trade treaty.

WOMAN'S DEATH PROBED.

LOS ANGELES, Oct. 18.—Mrs. Laura Biddle, wife of Craig Biddle, millionaire Philadelphia sportsman, died here last night. Police are investigating circumstances surrounding her death.

THIS WEEK - CARROLL PLAYERS - A Real Treat OPERA HOUSE

A PLAY THAT APPEALS TO EVERY MAN, WOMAN AND CHILD EVERYWHERE "The GOOSE HANGS HIGH"

One of the Outstanding New York Successes of the Past and Current Seasons

The play has its locale in a small city in the middle west, and the story has to do with a pair of dotting parents who have sacrificed everything for their children's welfare. The two youngest members of the Ingals family are, undergraduates, irresponsible pleasure-seeking youngsters, devoid of any responsibility; and an elder son who is making his own way supposedly, but ever leaning on the older folks for emergency assistance. Then comes the crash in this happy household. When father gives up his political position, under pressure, and has no money and no prospects, his children emerge bravely from their day dreams of castles in Spain, to the world of reality. How they plan to come to the rescue and right the turmoil of their home, is deftly told in the latter part of this delightful play, that with all its abundance of comedy, has its serious moments and above all a natural happy ending.

PROFICIENCY CUP WON BY ROTHESAY

Girl Guides' Field Day Here Was Concluded on Saturday Afternoon.

The second Rothessay Company of Girl Guides won the proficiency trophy on Saturday afternoon at the field day here. As announced on Saturday the St. Paul's company won the sports trophy in the morning.

The tests for the Guide Proficiency cup were held in the Army in the afternoon under the direction of Miss Dorothy Purdy, district commissioner, and Miss Irene Barber.

The judges were Mrs. E. A. Schofield, vice-president of the Girl Guide Association and L. L. Johnson, secretary of the Boy Scouts Association.

The tests included company formation inspection, a march past, in which Miss Purdy took the salute, rush and halt to whistle signal, knot tying, signalling, and second class tests, and a cross and crane guide game. The companies of longest standing were put through first class tests and the newer companies had tenderfoot tests instead.

The 2nd Rothessay company had won the Proficiency cup last year also. It is a handsome trophy presented by Mrs. Murray MacLaren, president of the Girl Guide Association of this district. St. Paul's company had second place in the proficiency cup competitions.

The Guides brought their lunches to the field, and hot cocoa was served. At the close of the proficiency tests there was a brief period for refreshments then the Guides stood in horseshoe formation and the presentation of cups took place. The cups were presented to the winning companies by Mrs. E. A. Schofield. The Color Party of the 2nd Rothessay lowered the Guides flag and the field day was over for another year.

GOES TO BANK MEETING Dr. Walter W. White left on Sunday for Ottawa to attend the monthly meeting of the directors of the Bank of Nova Scotia, of which board he is a member.

SIX ON THE LIST Six men charged with drunkenness were arrested over the week-end. Three men forfeited deposits of \$8 each by failing to appear. Two others were fined \$4 each or thirty days in jail and the other man was allowed to go on suspended sentence.

W. C. T. U. PRESIDENT PLEASSED Miss Edie Bruce of Campbellton, elected president of the New Brunswick W. C. T. U. at the recent convention in this city, returned home today. Miss Bruce was emphatic in her praise of the convention arrangements and the success of the program. She said the Saint John ladies were most hospitable hostesses.

VIOLINIST RETURNS Bruce E. Holder, first violin in the Imperial Theatre Orchestra and leader of the Admiral Beatty Orchestra, returned today after a week's visit in Boston. He says the new Keith-Albee theatre at the Hub, opened a couple of weeks ago, is the last word in magnificence and grandeur.

HAND SEVERELY INJURED Leslie Appleby, son of Mr. and Mrs. Arthur Appleby of Church avenue, Fairville, was severely injured by a machine at the Wilson box company's mills on Saturday, his hand being caught in the machinery and badly torn. He was taken to the office of Dr. V. D. Davidson, where his injury was attended to. It will be at least three weeks before the young man will be able to be at his duties again.

OLD PUPILS' RE-UNION To participate in the celebration of Old Pupils' Day at the Sacred Heart convent, Halifax, Mrs. D. C. Dearden and Miss Nellie Lynch, will go from Saint John this evening to attend functions tomorrow. The celebration will open at 10 a.m. with mass in the convent chapel. Luncheon will be served and in the afternoon an entertainment will be given followed by a reception and afternoon tea.

TO SING FOR RADIO Friends of J. Ernest Till, popular young tenor soloist, will be interested to learn that he has accepted an invitation to take part in the radio program to be broadcast from CNRA at Moncton tomorrow night. St. Mary's Band will also be heard during the evening in several selections. Mr. Till will be heard in the following popular songs: "Give Me the Open Road," "June Brought the Roses," "Land of Long Ago," "Fairings" (from "Four Songs of the Fair").

PRESENTATION MADE Friends of Mrs. A. Stackhouse gathered at the home of Mr. and Mrs. John Jamieson, 58 Wall street, to bid good bye to Mrs. Gorman of Montreal, mother-in-law of Stackhouse who is returning home after two months' vacation here. They spent a social evening card playing and dancing and refreshments were served by Mrs. Strong, Mrs. Jamieson, Mrs. Brown and Miss Cree. During the evening a presentation of a silk umbrella was made to Mrs. Gorman by Andrew Hay officiating. Mrs. Gorman responded nicely. A very happy evening was spent.

NOVELTY SHOWER. About 90 friends of Miss Lottie A. White of Charlotte street, gathered at the home of Mrs. E. L. Hughes, Kennedy street and tendered her a novelty shower in preparation for her marriage. The party took place at a later date. The evening was pleasantly spent in music and dancing. An important feature was a gayly decorated baby carriage piled high with neatly tied packages of cut glass, linen and silver and wheeled into the room by little Miss Emma Hughes. The bride-elect expressed her sincere thanks to all. Refreshments were served by the hostess, assisted by Mrs. R. E. Cowan and Miss Olive Dunn.

ENTERTAINED CLASSMATES Miss Agnes McElwaine, of 53 Kennedy Place was hostess on Friday evening for a party of her schoolmates of Grade XI of St. Vincent's High School. The evening was enjoyed with music, games and cards. The girls enjoyed a pleasant sing-song and delicious refreshments were served by their hostess, who was assisted by her sisters, Mrs. Thomas Clark and Miss Evelyn McElwaine and by her cousins, Lena Kitchen of South Bay. The guests were the Misses Angeline Lynch, Gertrude Carleton, Mary McCormick, Gertrude Murphy, Dorothy Cowan, Frances McElwaine, Blanch Travers, Loretta Doyle, Irene Laughy and Margaret Ryan.

MEANS TO STOP WASTE OF WATER

Commissioner Wigmore is Having Survey of Service Pipes Made.

Trouble With Eels Since Recent Storm—One Cuts Off Supply for While.

That he intended to put a stop to waste of water in water in Saint John was stated this morning by Commissioner Wigmore. All persons who did not make their service pipes frost-proof would have the water shut off when cold weather came, he said. The commissioner is having a survey of the city made and in all cases where the men find water pipes exposed the owner of the property will be notified to protect them. Especial attention is being given to places where the service pipe leads to sub-basements and barns. Last winter, he said, there was an immense amount of water wasted by letting it run to keep from freezing and the commissioner said he was determined to put an end to this waste.

EELS IN PIPES. Since the big storm when the gates at Lake Latimer were destroyed and had to be taken out complaints have come about eels in the pipes. The commissioner is having all the dead ends of the city flushed out to get rid of those that are in the pipes. The other day an eel 42 inches in length and as big around as a man's wrist was taken out of the fire hydrant in Kennedy street and yesterday one was taken from the water pipe in High street. For a time yesterday the residents of High street were without water because of the presence of this eel in the main.

Next Sunday the commissioner plans to have a diver make an inspection of the intake at Lake Latimer and clear out the sand and debris that was blown into it during the recent big storm.

MOST OF LIQUOR ON SCHOONER IS SAVED Cora Gertie, Sunk in Recent Storm Down The Bay, Has Been Raised.

The schooner Cora Gertie with her large cargo of liquor was raised yesterday by the Saint John Drydock and Shipbuilding Co.'s tug Ocean Osprey, and a large scow with a derrick. The liquor is being transferred to another schooner.

According to a story told this morning, this schooner, which was wrecked on Spruce Island a little more than a week ago, has been a nuisance for boats ever since. Some men arrived last week from down the coast, it was alleged, and attached ropes to the top of the schooner and endeavored to take the vessel and its load outright. The idea was to tow it into deeper water so that the original owners would be unable to find it and then they could salvage the liquor.

The owners, however, secured protection from the authorities, it was said, and frantically in the night they were unable to prevent all so inclined in getting a couple of cases or so each. A resident of the locality said this afternoon that he had seen the schooner cabled along the coast.

Liquor inspectors and Preventive Officer Lynott searched a portion of the woods along the coast on last Friday and located in a bog at New River 10 gallons of alcohol. This, however, was not thought to be from the Cora Gertie.

PRESIDES AT COURT FOR HIS FIRST TIME Ervin E. Williams, sitting magistrate, presided this morning in the police court in the absence of Magistrate Henderson who is enjoying his holidays. This is the first appearance of the new sitting magistrate officially since he was sworn in his new position last week.

MAYOR POTTS WILL BE HOME TOMORROW Acting Mayor Frink this morning received a message from Mayor Potts stating he would leave Boston this morning on the boat and would arrive home on Tuesday.
