PERENEMATE TELLS TALE OF DISASTER

Ropes Swollen and Frozen and Launch of Life-boat Delayed.
LADDER CAUGHT TOO
Steamer Which Collided With Schooner on Friday is Under Arrest.

The now undoubted loss of eight lives resulting from the collision between the Peruvian steamer Perene and the schooner Maid of Scotland, which occurred early yesterday morning near the Fairway buoy south of Partridge Island, might have been averted had the tackle attached to the small boat on the steamer not been swollen and frozen, was a statement made by Chief Officer Walter Loewe of the Perene. He explained that the warm spell had swollen the ropes and then the sudden drop in temperature had caused them to freeze in the blocks, making handling slow and difficult.

New Admiral Beatty Hotel Will Help to Make St. John a Convention City

That St. John will stand an equal chance with the most attractive centres of Canada as a convention city and otherwise a place for sporting and commercial foregatherings, is one of the practical assurances trailing in the wake of the new hotel for which historic Dufferin corner is now being razed. Toronto, Montreal, Vancouver, Victoria, Winnipeg, Quebec and Ottawa have been enjoying the benefit of important national and international meetings for years but it has rarely fallen to the lot of this goodly city with its wonderful natural attractions to entertain such bodies. It is true we played host to the Canadian Pharmaceutical Association a couple of summers ago and there have been other isolated instances of all-Canada conventions here, but with the advent of adequate hotel facilities of modern type these delegates from large centres will doubtless be glad to promote our cool summers, delightful autumns and characteristic Canadian winters as attractive reasons why their annual gatherings should take place right here. No city in Canada offers more variety in natural beauty or outdoor allurements. Moreover, St. John belongs to Old Canada from which sprung so many of her sons, now in other Canadian cities. This goes for the United States as well. Therefore our Maritime city is a homeland proposition to thousands and should command a majority of votes at any convention selecting its next place of meeting. With such conventions come money and notoriety, notoriety that amounts to the best kind of publicity. If the winter and summer of 1925 should happen to be marked by an Old Home pilgrimage in New Brunswick and a half-dozen big conventions—such as the opening of our new hotel would justify warranted—word-of-mouth narrating would be a boon to St. John and New Brunswick, in itself justifying the faith of the energetic citizens behind the hotel venture.

WOODROW WILSON GRADUALLY SINKS
Former President Continues to Grow Weaker—Pulse and Breathing Normal.
(Canadian Press.)

Washington, Feb. 2.—Steadily losing ground, Woodrow Wilson continued to grow weaker this morning, having lasted through a night which his physicians feared would bring the end, but they cannot predict how long his remarkable vitality will hold out. He has taken no nourishment in almost 24 hours, but his pulse, respiration and temperature early today were practically normal. Dr. Grayson, his physician, however, said his life was simply ebbing away. At no time has the former president been unconscious, but he has had applications of oxygen been resorted to, and at no time have opiates been given as he has been in pain. Some stimulants have been given in small doses. Mr. Wilson seems at all times to be conscious of what is going on in his chamber, although too weak to carry on a conversation. His wife is with him. In the shuttered chamber where the former president lies, Mrs. Wilson is his almost constant attendant. She took some sleep during the night while Dr. Grayson relieved her at the bedside. Then she took up the vigil this morning. Either the physician or the wife are constantly watching and waiting.

McADOO SAYS HE GOT ONLY \$150,000
Challenges Doherty's Statements and Asks to Be Heard at Oil Lease Inquiry.

Los Angeles, Feb. 2.—Win. G. McAdoo received \$100,000, not \$250,000 as stated yesterday by E. L. Doherty, for legal services to the Doherty Company, according to an announcement made at McAdoo's office yesterday. When shown a report of the Doherty testimony, Mr. McAdoo first issued a statement characterizing as "wholly without justification of any sort," the dragging of his name at the oil lease probe. His next move was to telegraph Senator Walsh, of the Senate Committee of inquiry, asking that arrangements be made for him to appear before the committee and give his testimony. Another Denial
Raleigh, N. C., Feb. 2.—Josephus Daniels, secretary of the navy during the Wilson administration, last night declared that statements made by E. L. Doherty, to the effect that as secretary he had favored the Standard Oil Co. in connection with naval oil lands, were "without foundation." Fall Refuses Answers
Washington, Feb. 2.—Albert B. Fall, former Secretary of the Interior, faced the Senate Oil Committee today in answer to the committee's summons for examination as to lands made to him by E. L. Doherty and Harry F. Sinclair, the oil men, to whom he leased the United States mineral rights. Mr. Fall, however, declined to answer any questions. He read a prepared statement in which he declared his intention to conduct the investigation to determine its course in the light of the attitude of the former cabinet officer and senator.

ODDS ON CANADIANS
U. S. Hockey Stock is up a Bit—Swiss Breaks Leg in Bob-sleigh Race.

Chamonix, Feb. 2.—Canada still rules as favorite today in the hockey competition which will close tomorrow with the final between Canada and the U. S. The stock of the U. S. players has gone up since yesterday when they displayed improvement in form in defeating Sweden, but the odds are still in favor of the Canadians. Other Events

Begins Action Over \$6,500 of U. M. W. District 26 Funds.
Glouce Bay, Feb. 2.—An action to determine the ownership of some \$6,500 of U. M. W. District 26 funds is being brought in the Supreme Court of Nova Scotia by the Royal Bank of Canada. The bank has served notice on the deposed district officers, J. B. McLachlan, Dan Livingston and A. S. McIntyre, and Sir Barrett, provisional president of the U. M. W., to appear at Halifax on Feb. 16 before a Supreme Court judge. This action has been brought by the bank as conflicting claims have been made upon them by the deposed U. M. W. officers and the members of the provisional executive. Both parties say the money is legally and rightfully theirs.

Is Left Behind After 50 Years

London, Feb. 2.—When the Hams-gate lifeboat put to sea recently in a snowstorm her course was closely watched from the pierhead by William Cooper. For the first time in 50 years he was not among the crew. Mr. Cooper has just retired after 33 years' service as coxswain. "It is a bit hard," he said, "to be left behind after all these years. The day I am too old. Why? I am only 70, and just as good as the best of them." Here he paused to shout directions to his successor in the boat just leaving the shore. "It has been a good time," he concluded a moment later.

THE EVENING TIMES-STAR, ST. JOHN, N. B., SATURDAY, FEBRUARY 2, 1924

The Evening Times-Star

ST. JOHN, N. B., FEBRUARY 2, 1924

The St. John Evening Times is printed at 27 and 29 Canterbury street, every evening (Sunday excepted) by New Brunswick Publishing Co., Ltd., J. D. McKenna, President.

FEDERAL AID TO ROADS

Premier Veniot made an appeal in his address at the dinner of the Automobile Association last evening that should receive a vigorous response. The Premier pointed out that there is danger that the federal grant to the provinces to encourage the construction of highways may be withdrawn.

Importance as a factor in good roads should demand, and the report of Secretary J. Charlton Berrie revealed very clearly the value of the service rendered in relation to tourist traffic.

THE NEW HOTEL

The United Hotels Company, which will conduct the Admiral Beatty in St. John, conducts already the Mount Royal, Montreal; the King Edward, Toronto; the Royal Connaught, Hamilton; the Prince Edward, Windsor; the Clifton, Niagara Falls; two hotels in Rochester, and others in Utica, Albany, Newark, Trenton, Akron, Harrisburg, Syracuse, Erie, Flint and Worcester, in the United States.

MONEY IN PLAIN SIGHT

Dr. Doolittle, President of the Canadian Automobile Association, when he tackles his favorite theme, is a vocal torrent. Sentences flow from his lips with an amazing swiftness and with hardly a pause. Nor does he waste words. He has so clear a grasp of his subject, good roads, good hotels and tourist traffic, that one of his addresses is packed with valuable information and valuable suggestion.

DOING VALUABLE WORK

The New Brunswick Automobile Association has far more than justified its existence. Its relatively small membership is a reproach to the thousands of motorists in the province.

Press Comment

CHEATED CHILDHOOD

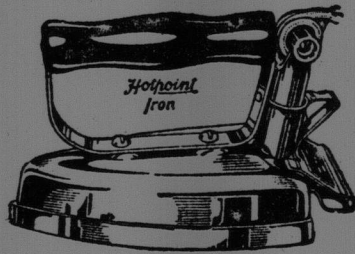

(Cleveland Press.) Consider the circumstances that prompt the National Child Labor Committee and the U. S. Children's Bureau to devote tomorrow, Sunday and Monday to a nation-wide study of child labor.

Instead of being able to play and study, as is the right of every boy and girl, 1 out of every 12 children between the ages of 10 and 15 years is working in a mill, a mine, a cannery, or at some other form of employment. Eight per cent. of these children never get beyond the first grade in school and more than half of them never beyond the fourth grade.

There is now no federal law applying to child labor, the U. S. Supreme Court having knocked out two successive laws as unconstitutional. There is before Congress today a Constitutional amendment that, if successful, will give Congress clear power to legislate on child labor.

LABOR AND THE CROWN

(New York Herald.) King George and the Prince of Wales, says J. H. Thomas, the new British Colonial Secretary, were not in the least upset at the advent of Labor to power, for they knew that "the old country and the old Empire" would still go on.

THE QUARREL

(Katherine Mansfield, in the Adelphi.) "Our quarrel seemed a giant thing. It made the room feel mean and small. The books, the lamp, the furniture, the very pictures on the wall—

"Crowded upon us as we sat Pale and terrified, face to face 'Why do you stay?' she said, 'my room Can never be your resting place.'"

"Katinka, ere we part for life, I pray you walk once more with me, So down the dark, familiar road We paced together, silently. . . ."

"The sky—it seemed on fire with stars! I said—'Katinka dear, look up!' Like thirty children, both of us Drank from that giant loving cup."

"Who were those dolls?" Katinka said. "What were their stupid, vague alarms?" And suddenly we turned and laughed. And rushed into each other's arms."

Confederation Life Makes Good Report

The fifty-second annual meeting of the Confederation Life Association was held in the boardroom at the head office of the association in Toronto on Tuesday, Jan. 29.

The report presented by the general manager, C. S. Macdonald, on behalf of the directors, was a particularly satisfactory one in every respect.

From the point of view of surplus earned, the year was a most satisfactory one as over \$1,200,000 was actually earned during the year and the surplus of the company above all liabilities now amounts to \$1,828,000.

Over \$2,274,000 was actually paid to policyholders and annuitants during the year.

Relieved After Two Years Suffering

If you suffer from backache, rheumatism, lumbago, bladder weakness or any other symptom of bladder trouble, read this most astounding testimonial:—

"For two years I was an invalid, incapable of work of any kind. I was unable to move without the assistance of a crutch or cane. I had given up hope, when a friend advised me to try Gin Pills. This I did, and within two months was a well man. This was four years ago, and I have had no return of my trouble since."

(Name upon request.)

It is remarkable recoveries such as this—one of thousands—that enables 25,000,000 Gin Pills to be sold every year. The people Gin Pills relieve are the greatest advertisers of Gin Pills.

If you are suffering from any form of kidney trouble, get Gin Pills and join the multitude of happy people who have been relieved of their sufferings by this specific remedy for kidney disorders. Gin Pills are 50c a box—at all druggists.

What To Do For Frail, Feeble, Old People

"When age begins to thin the blood all the vital functions slow down and impair the health. In such cases," says Dr. Emil Sauer, "I know of nothing better than true organic iron."

"What old people need most, is something to put back the iron in their blood. Without iron nothing you eat does you any good. Your food merely passes through you. It is the iron in your blood that enables you to get the nourishment out of your food."

"For old people who feel their former strength slipping away, I always prescribe Nuxated Iron, which contains iron like the iron in spinach, lentils and apples and like the iron in your blood. It is a true tonic, blood and body builder, and in my own practice, I have had aged people tell me that they felt years younger often in only a few weeks' time."

Nuxated Iron, recommended above by Dr. Emil Sauer, may be had at any good drug store. Try taking two tablets three times a day for two weeks, and if you do not feel years younger with new strength, energy and health, your own druggist will gladly refund your money.

NEW LAMP BURNS 94% AIR

Beats Electric or Gas

A new oil lamp that gives an amazingly brilliant, soft, white light, even better than gas or electricity, has been tested by the U. S. Government and 35 leading universities and found to be superior to 10 ordinary oil lamps. It burns without odor, smoke or noise—no pumping up, is simple, clean, safe. Burns 94 per cent. air and 6 per cent. common kerosene (coal oil).

The inventor, O. K. Johnson, 246 Craig St. W., Montreal, is offering to send a lamp on 10 days' FREE trial, or even to give one FREE to the first user in each locality who will help him introduce it. Write him today for full particulars. Also ask him to explain how you can get the agency, and without experience or money make \$250 to \$500 per month.

SPECIAL MOTOR SHOW

On another page will be found the announcement of a motor car show being put on by the McLaughlin Motor Car Co., Ltd. in their spacious show rooms on Union street.

This is rather unique in St. John inasmuch as tea will be served during the afternoons and evenings, and there will be music in the evening.

This arrangement has been carried out very successfully in some of the larger cities in Canada where they have large show rooms and proper facilities for doing it. The McLaughlin people are fortunate in having large show rooms, both on the ground floor and the first floor, which are connected by a nice easy stairway.

The show rooms will be decorated for the occasion. Red Rose Orange Pekoe tea will be served from 4 to 6 o'clock and 9 to 10 o'clock, and Black's orchestra will furnish the music.

The lineup of motor cars at this display is really a complete show in itself, comprising the entire line of McLaughlin cars, numbering over fifteen different models.

Attendants will explain in detail the construction and operation of the motor mechanism, the four wheel brakes and other special features of the 1924 models; and even those who are not contemplating the purchase of a car would be well repaid in visiting this display.

Inexperienced. A stinky man got a hot shot from his wife when he reproved her for taking a counterfeit bill.

"I don't see how you were dumb enough to let a man pass counterfeit on you," he roared.

"Well, you don't let me see real money often enough to know the difference," she hurried back at him.

The daughters are the Misses Nellie A. and Ada M. at home.

**Miss Bessie Alice Roach.**  
Many friends will hear with great regret of the death of Miss Bessie Alice Roach, which occurred at her residence, 30 Wentworth street, yesterday, after an illness of several months. She was a daughter of the late Thomas and Sarah Roach and her former home was in Sussex. She came to reside in St. John about 15 years ago. Two sisters survive. They are Miss Margaret Roach and Mrs. H. N. Coates, both of this city. The funeral arrangements had not been completed last night.

**PLAN TREAT FOR EAST END BOYS**  
Playgrounds Assoc. Hears Reports—Boys Attend Well at Club.

Plans for a treat at the East End Boys' Club this month were discussed by the Playgrounds Association last evening. Frank Lewis presided. Reports from Miss Emma Heffer, general superintendent and director of the Boy's Club and from Mrs. George Dishart, treasurer, were received. Packer Hiam reported on a meeting he attended as delegate from the association in relation to the Juvenile Court. Miss Heffer said that there were about 70 boys in regular attendance every night at the East End Boys' Club. They were taking great interest in the gymnasium and other endeavors. Mrs. Dishart reported about \$509 in the funds. The meeting expressed regret that William McLaughlin, assistant to Miss Heffer, is ill in hospital with rheumatism. Mrs. A. M. Belding and Miss Heffer reported having called upon this lad, who has made his influence very helpful among his boy

**"We got our Exercise at the Wood Pile"**

In the good old days when we were boys in the country there was no lack of exercise. When other jobs ran out there was always wood to be cut and there is no denying that pushing the buck saw and swinging the axe are real exercises. Rosy cheeks and sparkling eyes told of pure blood and an active liver. There was no lack of appetite those times and no complaints of indigestion. But wood piles are not so plentiful now as they used to be and the tendency to avoid exercise is continually on the increase. For this reason it becomes absolutely necessary to resort to other means of keeping the liver active and the bowels regular.

In the great majority of homes Dr. Chase's Kidney-Liver Pills are constantly kept on hand for this purpose because they have proven to be the most dependable regulator and suitable for all the family. Neglect to keep the liver, kidneys and bowels in healthful activity is only courting trouble from such ailments as appendicitis, Bright's disease of the kidneys, diabetes, high blood pressure or other dreaded diseases. By the use of one pill a dose at bedtime once or twice a week you can be sure of the healthful action of these eliminating organs and the prevention of such ills as naturally develop in a poisoned system. Please note that while the price of Dr. Chase's Kidney-Liver Pills is increased to 35 cts. a box the number of pills in a box is increased in the same proportion. Rub on Good Old Musterole.

That cold may turn into "Flu," Grippe or, even, Pneumonia, unless you take care of it at once. Rub good old Musterole on the congested parts and see how quickly it brings relief.

Colds are merely congestion. Musterole, made from pure oil of mustard, camphor, menthol and other simple ingredients, is a counter-irritant which stimulates circulation and helps break up the cold.

As effective as the messy old mustard plaster, it does the work without the blister.

Just rub it on with your finger-tips. You will feel a warm tingle as it enters the pores, then a cooling sensation that brings welcome relief. 40c and 75c, at all druggists.

**ONLY ONE DEATH AMONG 178 BABIES**

What the free milk fund of the Women's Council of St. John has been able to do for the babies that would have had but a small chance of a sturdy existence without it was told in the report of Miss Dora E. Coates, the superintendent of the Victorian Order of Nurses received at the annual meeting of the Women's Council yesterday.

The report was in part as follows: "The number of babies receiving milk was in 1921, 114; in 1922, 116, and in 1923, 178 babies. The greatest number receiving milk at one time in the three years was 61 in 1921; 68 in 1922 and 85 in 1923. The number of deaths was one the first year, two the second year and one last year. The number of older children receiving milk in 1923 was two. The home visits made by the nurses to the babies totalled 625.

**FAIRVILLE HAS FIRE**

**Treat Sore Throat With Vicks**

Follow the Example of This Nova Scotia Lady.

Mrs. F. S. Myra, of Bridgewater, Nova Scotia, writes: "I am delighted to let you know of the good Vicks VapoRub has done me. A few weeks ago I had a very bad sore throat. I happened to have a sample of Vicks in the house, so I used it, and it did my throat so much good that I bought a bottle from my druggist. I cannot praise Vicks VapoRub too highly."

Treat one cold with Vicks VapoRub and you will adopt this external treatment for all the cold troubles of the family. Vicks is a salve that acts like a plaster and a vapor lamp at the same time. It is absorbed and inhaled.

When the children come in wet and sniffling, apply Vicks liberally over throat and chest and cover with a warm flannel cloth.

Treated at bedtime, the child is usually better next morning and all the bad after effects of internal dosing are avoided. Croup attacks are kept away, too.

**LADIES! DARKEN YOUR GRAY HAIR**

Use Grandma's Sage Tea and Sulphur Recipe and Nobby Will Know

The use of Sage and Sulphur for restoring faded, gray hair to its natural color dates back to grandmother's time. She used it to keep her hair beautifully dark, glossy and attractive. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect.

But brewing at home is messy and out-of-date. Nowadays, by asking at any drug store for a bottle of "Weyl's Sage and Sulphur Compound," you will get this famous old preparation, improved by the addition of other ingredients, which can be depended upon to restore natural color and beauty to the hair.

A well-known downtown druggist says it darkens the hair so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through your hair, taking one strand at a time. By morning the gray hair disappears, and after another application or two, it becomes beautifully dark and glossy.

A WINKY BLINKL RIDDLE.

THE OLD HOME TOWN

By Stanley

WHEN TOBIAS TODD WAS CORNERED BY HIS WIFE AT THE CHECKER CLUB LAST NIGHT, HE HID ON THE PORCH ROOF—FIREMEN RESCUED HIM ONE HOUR LATER. HE WAS NEARLY FROZEN STIFF WITH FEAR AND COLD.

When thunder crashes, home I hug, Although I'm called a lightning bug.

"Oh, dear!" cried Miss Muffet. "If you mean it's a lightning bug I wish you wouldn't say it in front of my daughter. Since that day with the spider, things like that upset her dreadfully.

"But you have just said it yourself," the Riddle Lady exclaimed laughing. "Didn't she, Nancy?"

"Why, I declared! So I have!" declared Misses Muffet. "And she doesn't look a bit nervous. She must be cured."

"Of course I am," said Miss Muffet, speaking up for herself. "And as for lightning bugs, they are lovely. They always remind me of fairies."

"Me, too!" said Nancy. "I love them, cute little things, with their winky, blinky lanterns."

CHILD'S SAD VIGIL

Paris, Feb. 2.—A poignant tragedy involving the death of a Polish shopkeeper and his American wife, whose relatives in the United States are said to be very wealthy, has been discovered at the Quai de l'Hotel de Ville.

For some days neighbors had seen nothing of Monsieur Taubmann and his wife, the two victims, and the police were informed. They forced the door, and in the bedroom found a child of five weeping over the bodies of its parents, who had been dead for three days. The child had stayed by

their sides all the time, eating only a small packet of chocolate.

In answer to questions the child said that his parents put him to bed three days previously. During the night he worked up and went to their room and found them lying, as he thought, asleep.

"Since then," he added pathetically, "neither of them has wakened up." Death was due to poisoning.

CHRONIC NEPHRITIS. Chronic nephritis is a disease of the kidneys when the process is in the stage of sclerosis, atrophy and contraction, whatever may have been the primal cause. Two important reasons for the prevalence of chronic nephritis (Bright's disease) which takes a death toll of about 70,000 each year in the United States, are: First, the disease is caused from some bacterial infection from an earlier attack of some disease. Second, it is due in many cases to a high use of protein foods (meats) and animal products. Arterio sclerosis, or hardening of the smaller arteries and general contraction of the kidneys, is another cause.

Where infection is clearly the cause the primal agents were mainly tonsillitis and scarlet fever. Even though the attack may be light, the most careful and skillful treatment is necessary to ward off any future attacks on the kidneys from the poison of these destroyers. Abuse of protein requirements in probably 75 per cent. of people in the temperate latitudes is a strong cause of indolent chronic nephritis. Europeans and people of the United States and Canada consume far larger amounts of protein in the form of meat or animal food, than do the races of tropical countries. Tropical people are far more temperate in their eating, and rarely, if ever, suffer death from chronic nephritis. The common habit of over-eating throws far too much work on the kidneys, and excessive work of this sort weakens any organs or glands to the danger point of disease and atrophied condition. The sensible diet is a strong weapon with which to fight off chronic nephritis. Vary your diet with vegetables and fruits and vegetable oils whenever possible. They act as a strong counter-balance to the protein foods. Do not on any account, if you believe yourself afflicted with chronic nephritis, dose yourself with some medicine that claims to be a kidney remedy. Such treatment is unusually of no value and often causes real harm to the over-worked kidneys.

LARGE INFUX OF TOURISTS TO N. B. IS EXPECTED DURING COMING YEAR

Optimism is the Keynote of Automobile Association Annual Session.

A prediction that next year would see between 40,000 and 50,000 American tourists visiting New Brunswick and spending \$6,000,000 and \$8,000,000 here was an outstanding feature of the annual meeting of the New Brunswick Automobile Association, held last evening in Pythian Castle, Union street.

Hon. P. J. Veniot was the speaker who made this optimistic prediction and in the course of an excellent address he roused his audience to a high pitch of enthusiasm.

Dr. F. E. Donlittie, Toronto, president of the Canadian Automobile Association and vice-president of the Ontario Safety League, told the members that all that was necessary to bring tourists to this province was to advertise our attractions.

In the absence of the president, T. P. Regan, through illness, the chair was occupied by R. D. Patterson, who read the address of the president.

The financial statement, presented by the secretary-treasurer, J. Charleton Berrie, was most informing as to the manner in which the funds of the association were expended and showed what had been done to make travel easier for the tourist who uses his car to see the country.

His report said in part: "Two hundred and three large danger signs were erected, and it should be mentioned that Percy Thomson prepared the wording and did the erecting of the signs from St. John to St. Stephen and also toward Moncton and Fredericton at his own expense. This work will be continued in 1924.

"We were instrumental in having several camp sites started. The one at Fredericton met with such success that the City Council will improve it further before the 1924 season opens. The sites at St. Andrews and Sackville will be continued next season, although not so well patronized as Fredericton. Information was supplied for several private camp grounds, which were quite successful.

"Owing to our affiliations we have had information covering nearly all of North America, and our members when motoring outside the province receive full benefits of that information by presenting their membership cards. One hundred and thirty-three of our members took advantage of our service and had special information obtained for them.

The financial statement, submitted by Mr. Berrie, showed total receipts for 1923 of \$2,585.90; total disbursements, \$2,555.88, and balance carried forward, \$30.02. This report was examined and found correct by F. A. Kinneer, auditor.

Mr. Berrie also gave the following statistics: NUMBER OF CARS ENTERING AT VARIOUS PORTS. 1921 1922 1923 SE. Stephen 2,044 8,395 Richmond 19 1,960 Woodstock 141 116 St. Croix 61 356 Audover 117 890 Edmundston 96 246 Centerville 105 165 Bloomfield 11 11 Total 1,847 3,390 5,519

A Clergyman's Wife, Relieved of Constipation, Tells Women the Benefits of Internal Bathing.

Many women write delightfully frank letters to Dr. J. B. L. Cascazo telling him of the new health and joy that internal bathing has given them. From sufferers of rheumatism and those plagued with constipation and indigestion comes the same tale of amazing success.

The J.B.L. Cascazo is shown and explained at F. Clinton Brown, Union and Water streets, F. W. Munroe, Main street.

Mrs. G. B. Albert Tells How Dodd's Kidney Pills Relieved Her Daughter.

Le Bouthellier, N. B., Feb. 1.—(Special)—Claiming that her daughter has been completely relieved of headache and heart trouble, Mrs. G. B. Albert, a well-known resident here, is enthusiastic about Dodd's Kidney Pills.

"I have found in Dodd's Kidney Pills a veritable friend. My daughter, Magdalen, aged 17 years, suffered from severe headache and could only get broken sleep at nights and would wake up more tired than when she went to bed.

Dodd's Kidney Pills are a kidney remedy. They strengthen the kidneys so they can do their full work of straining the impurities out of the blood.

THE ART OF "SMOKING-UP" FIGHTS

Jeffries Wouldn't Help Firpo Much But He Would Fire Fans' Imagination

(By Joe Williams.) You read some days ago where Jim Jeffries had been signed for \$75,000 to teach Luis Firpo how to use his left hand. Later the story was denied. It was all news to Firpo. "Not out of my money will Senior Jeffries get \$75,000," exclaimed the extremely frugal Mr. Firpo. Jeffries expressed a willingness to accept the assignment at the terms quoted, but confessed no one had consulted him. The insiders were not surprised that the idea failed to materialize. They sensed in the beginning that it was the bunk. All major athletic attractions must perforce be subjected to a certain "smoking-up" process. And the best way to "smoke-up" a return Dempsey-Firpo fight is to emphasize the strengthening of the senior's left. Corbett smoked it up.

This picture carries you back to 1910 when Jeffries fought Johnson at Reno, Nev. You see James J. Corbett, a former champion, working out with Jeffries. Gentleman Jim was one of the sidishaw features used to stimulate the public's interest in the fight.

San Francisco, Feb. 1.—(Associated Press)—Senorita Carmen Lucla de la Rosa appeared recently in this city, presented credentials to show she was a regular fighter in Mexico and told promoters that instead of a suitable female opponent she was perfectly willing to tackle a man of her weight. Her nose has been brushed a bit to one side; otherwise she shows no marks of her profession.

ST. JOHN HOCKEY TEAM DEFEATED

Weakened in Second Period and Allowed Visitors 4 Scores.

Too much individual effort, little or no attempt at combination and failure on the part of the forwards to carry over when their defence men were carrying the fight into their rivals' territory resulted in the defeat of the local team at the hands of Fredericton in the Arena last evening. The score ended 4 to 0 in favor of the fast skating capital team. The four goals were scored in the second period, when the local boys seemed to go to pieces. The first and last periods were bitterly contested and neither team was able to break through for a tally. A fair-sized crowd of fans were in attendance and thoroughly enjoyed the game. Line-up and summary follow: Fredericton, Goal, Nicholson; Bidlake, Forward, Nicholson; Harrison, Forward, Hallisey; E. Wade, Forward, "Brad" Gilbert; C. Fleet, Forward, Richard; Fred Reid, Forward, J. Gilbert; Colwell, Forward, Greig; Substitutes, Short; Kettle, Forward, Killeen; Stirling, Forward, Killeen. This summary: First period—No score. Second period—1, Colwell, Fredericton; 2, Reid, Fredericton; 3, Reid, Fredericton; 4, Harrison, Fredericton. Third period—No score. K. W. Watterson, manager, referred the game to the satisfaction of all.

LOCAL CHAMPION NOT RESPONSIBLE

Committee Reinstate Donovan, But Not Satisfied With Statement.

The local registration committee of the M. P. B. A. U. of C. met yesterday to consider the suspension of Louis Donovan. Frank White, Dr. Nugent, H. T. Hutton and the secretary met with A. W. Corey and the whole matter gone over. A statement submitted by J. J. Donovan, father of Louis, on Louis' behalf was carefully checked over and the result was the following resolution: "That after considering the statement presented by J. J. Donovan on behalf of his son Louis, the committee felt that while it was unsatisfactory, they also felt that Louis was not personally responsible, and that therefore, his suspension should be raised from this date, and that further, from an analysis of the statement submitted, the committee feels that there is no just cause as shown therein." Carried unanimously. It was decided that in future less opportunity for trouble such as this should be given. The following resolution was adopted by the committee in full agreement: "That in future all Amateur Athletes leaving the city for the purpose of competition in any athletic sports must have their expense account vouched for by an affiliated organization, or if they are under the auspices of an unaffiliated club, or competing unattached, their expense statement must be submitted to the registration committee. If public subscription is taken up to cover expenses by individuals or any unaffiliated club, the subscription must be authorized by the committee, and that when complete, must be submitted to the registration committee before the contestant leaves the city. Any breach of this ruling automatically suspends the offending athlete."
