SAYS BOYCOTT IS ATTEMPTED

Charge of Mon. Mr. Longley of Saskatchewan.

Speaks of Debentures of Province and Municipalities—Urges Measures of Stern Retrenchment by Them All.

Prince Albert, Sask., June 17.—(Canadian Press).—"Beyond all question there is a determined boycott effort in connection with all debentures of this province," said Hon. George Langley, minister of municipal affairs, in addressing the Union of Saskatchewan Municipalities here last night, though the province was able to dispose of the bonds to the dealers at considerably better terms than could be secured by either Alberta or Ontario.

The provincial government, he said, had never defaulted one moment in the matter of interest or principal of its bonds but, owing to the defaulting of several municipalities, this "insidious campaign" had commenced and been promulgated to the detriment of the province and to those municipalities which had maintained their standing and loyalty to meet their liabilities.

The wealth of the province and all the activities from which it sprang was contained in the top six inches of the soil, he said, and he viewed with alarm the return of the price of farm products to the normal while freight rates, now mounting to ten cents a bushel, were mounting. The result of it all was that there would have to be stern retrenchment both in provincial and municipal expenditure, and he asked the convention to lend its aid in securing this.

DRASTIC DEMANDS RE JAPANESE

Resolution Submitted to the American Federation of Labor.

Denver, Colo., June 17.—Demand that congress take action to protect the nation's interest against the growing menace of Japanese immigration retrenchment is made in a resolution submitted today to the annual convention of the A. F. of L.

It calls for—"Absolute future exclusion of all Japanese immigration not only male, but female, and not only labor, skilled and unskilled, but farmers and men of small trades and professions, as recommended by Theodore Roosevelt. Permission for temporary residence only for tourists, students, artists, commercial men, teachers and others.

"Such exclusion to be forced by U. S. officials under U. S. laws and regulations as done with immigration admitted or excluded from all other countries and not as at present under an arrangement whereby control and regulation are surrendered by us to Japan.

"Compliance on the part of all departments of the federal government with the constitution and abandonment of threat or attempt to take advantage of certain phrases of that document as to treaties, which it is claimed gives treaty making power to the executive branch of the government.

"To nullify state rights and state laws for control of land and other matters plainly within the states' jurisdiction.

"To grant American citizenship to races of yellow color, which are made ineligible for such citizenship.

"Fair treatment, protection in property rights, legally acquired for Japanese recently entitled to residence in California and the privilege of engaging in any business, desired, except such as may be now or hereafter denied by law, provided particularly they may not hereafter buy, or lease agricultural lands."

WANTS "PER" FROM THE MAGISTRATE

Nervous Individual Applies in Court for an Order for a Bottle of Liquor.

A man who appeared to be in a very nervous state, appeared in the police court this morning and during a lull in the court proceedings made his way to the magistrate.

"Your Honor, would you please give me a prescription for a bottle of liquor," was the startling request of this applicant.

"What?" roared the magistrate. "I am in a very nervous condition and need some liquor very badly so I thought I had better come to you."

"I am not a liquor vender. We got lots of liquor here but it is usually in the form of beer. It is the best thing for you to do is to go to a doctor who will examine you and if it is necessary you will get a prescription.

DUBLIN CUSTOMS HOUSE FIRE

The picture shows the Dublin Customs House burning just as the fire fighters arrived. Slim Fein forced aside the building, poured petrol on the papers and floors and then fired it.

WIRES ARE CUT; IRISH ACCUSED

A Night of Trouble in London—Report on the Case of Thomas Rush.

London, June 17.—A campaign of widespread cutting of railway signal wires and burning of signal cabins against signal men, was devised and carried out last night by Irish Fenians and members of the Irish Self-Determination League. Nine men were arrested.

The official police statement says: "All the men arrested gave local addresses. They are young Irishmen between sixteen and twenty-two. It has been known for some time that the heads of the Irish Self-Determination League in London have been in correspondence with the so-called Irish Republican Army, which has been directing the murders and outrages in Ireland."

At Action Usbridge, Wembley, Bromley and other stations boxes were destroyed, but railroad men prevented a simultaneous attack on Southall, where a signal man had been overpowered and bound. At Bantles station several men held up a signal man at the point of revolvers and bound him before destroying the signal box. A signal man at Clapton Junction, an important point on the Great Eastern Railway, was shot and wounded, but he set the signals at "danger" and telephoned for assistance.

The Case of Thomas Rush. Belfast, June 17.—A despatch has been received by a Belfast newspaper from relatives of Thomas Rush, who was shot to death on last Sunday evening at Lisacul, declaring that Rush was shot and terribly mutilated by the crown forces. The despatch says the newspaper reports as to the manner of the death of Rush were untrue. "A United States inquiry is demanded by relatives," the telegram adds. "Please help. There is abundant evidence, but we are helpless here." The telegram was signed "Rush of Magheraboy."

A despatch from Dublin on last Tuesday announced the shooting of Rush. It said he was reported to be a prisoner of the American army, that he returned that he probably was a United States citizen. The despatch said crown forces had surprised about fifty civilians, who were believed to be drilling, that the civilians scattered, but were pursued by troops who repeatedly summoned them to halt; that the civilians refused to stop, however, and the crown forces after chasing them for two miles opened fire. Rush was among those killed.

POLICE COURT

The case against Henry Britteny charged with stealing a pair of rubber boots from in front of the store of D. Bassen, was continued. A. H. Isaac, a clerk in the store, gave evidence and D. Bassen told of missing the boots. Samuel Budovitch, a second hand dealer, testified that a man who looked like the defendant had visited his store and had sold him a pair of rubber boots for \$1.50, giving his name as Carey. Detective Biddicombe said that in consequence of information received from Samuel Gilbert, who would be brought as a witness, he went to Budovitch's store and found there the rubber boots which were produced in court. Because of further information he arrested the defendant. The case was postponed until Tuesday morning for further witnesses.

One man charged with drunkenness was remanded.

AUSTRALIA HAS ADDED NEARLY MILLION PEOPLE

London, June 17.—(Canadian Associated Press).—Australian census figures show that the Commonwealth's population in 1911, an increase of 970,000 over 1911. Males outnumber females by about 83,000.

THE TAX BILLS

The mayor said today that he expected that the assessment would be filed and the city tax bills distributed about the first of the week. The discount period would likely end on July 18 or 14, he said, or nearly six months ahead of the date last year.

As Hiram Sees It

"Hiram" said the Times reporter to Mr. Hiram Hornbeam, "what is the proper length for a woman's gait?"

"You'll excuse me," said Hiram. "I'm like that preacher in Ontario in that he's excused from speakin' to his folks on that there subject."

But he was asked to point out the evil," said the reporter. "That of course might be embarrassing especially if the evil were young and shapely—but you and I are not quite proper to discuss the subject in the abstract."

"Well," said Hiram, "when they put all the little girls in long skirts we might have a right to holler if the bigger girls put on short ones. But if we let look at the gait lines till she's four feet tall, I don't see no sense in hidin' 'em when she gets older an' they have more shape to 'em. I've seen shanks that I wouldn't never go up to a woman an' tell 'er so—No, sir."

CONDENSED NEWS

A cabinet crisis at the Hague is impending because of the rejection, by the second chamber, of what was deemed as essential clause in the new army bill proposing a reduction in the army.

London, June 17.—The local stock market was very quiet during the early trading this morning, only two of the leaders appearing within the first half hour. These were Abitibi and Pacific.

WEATHER REPORT

Issued by authority of the Department of Weather, H. F. Stupart, director of meteorological service.

THE PREMIERS AND IRELAND

Not Likely to Touch That Problem.

Lloyd George to Open Conference on Monday, but Probably Will Not be Able to Attend Many Sitings.

London, June 17.—(By Grattan O'Leary, staff correspondent of the Canadian Press).—Although the fighting in Ireland and England's continued reverses on the cricket field are still transient questions here, the British public, judging from the newspapers, are beginning to evince some interest in Monday's opening conference of premiers. Thus far even, the most important journals here afford little indication of what the British people want and show less understanding of what the conference really is.

Today there will be a debate in the house of commons on the agenda of the conference. Winston Churchill, the colonial secretary, will probably speak for the government. The scattered band of Irish Nationalists probably will put up T. P. O'Connor to urge that the claims of Ireland be pressed before the conference, but despite the recent statement of Churchill that the government is willing to deal in support of the dominion premiers will consent to discuss it.

Premier Smuts of South Africa would be willing, perhaps, to representatives of the other dominions would take the ground that the Irish question is not one with which they ought to be called upon to deal. In support of the view they hold that it is extremely improbable that the conference could effect anything towards effecting a settlement what, on the other hand there would be the danger of stirring up trouble among their people at home.

Despite the view which compelled them to decline to accept the invitation of Sir James Craig to attend the opening of the Ulster parliament.

There was the Premier Meighen has succeeded in getting the Canadian delegation organized on efficient lines with regular working hours and intends doing his utmost to inject speed into the conference.

Lloyd George will preside over the opening session on Monday, but it is likely that he will be able to attend many sittings. With news from Ireland growing seemingly worse, industrial relations still blurred, and the house showing great unrest, the little Welshman has more than his usual difficulty in riding the tempest.

Despite innumerable cables, the British government will have a salient representative and there is not a little interest in Anglo-Canadian and other circles here as to what Mr. Meighen will "match minds" with the temperamental colonial secretary on the one hand and the internationally-minded Smuts on the other.

MUST REPORT PRIVATE STOCKS

British Columbia Commission Wants to Know About the Liquor in Cellars.

Victoria, B. C., June 17.—(Canadian Press).—All persons in British Columbia who have whisky in their cellars or other liquor not bought from the government must send in to the liquor board before July 15 a statement of the quantity and kind, so Col. W. N. Winsky, liquor commissioner, announced yesterday.

There will be no house to house census by the liquor officials, but liquor not reported will be confiscated. When the owners of liquor report to the board they will send labels to affix to their private stock.

The commissioner declared that sales under government control have got away to a good start but operation of the act is menaced by the right of importation which private individuals and firms are maintaining.

Prohibition of the importation of wheat and cereals will be abolished by France on August 1.

F. H. CHRYSYER, K. C.

Of Ottawa, who appeared at the Grand Trunk arbitration sittings to present the case of the railway's employees who participated in the strike of 1910, with a claim that their demands for pensions should be counted as liabilities of the Grand Trunk.

Kingston, Ja., June 17.—Owing to the serious financial depression here, due to the fall in the price of sugar, the government proposes to come to the aid of Jamaican sugar planters. It is proposed to raise a loan of two million dollars, probably in the United Kingdom.

SUSPECT THEY HAVE STRUCK OIL

What is suspected to be an oil deposit has been discovered on the property of John Jenkins at Grand Bay. A workman was engaged digging some earth on the property for use in dressing a lawn when he noticed a considerable area of the light loam darkly colored and at the same time noted a strong smell of oil. It is the intention to have a sample of the earth sent to Ottawa for analysis and in the meantime Mr. Jenkins is looking for somebody who can tell him what wealth his property may hold.

CASE AGAINST HAYES DISMISSED

Judgment in Matter of Policeman Lindsay on East End Grounds.

Judgment was delivered in the police court this morning by Magistrate Ritchie in the case of Frederick Hayes, charged with assaulting Policeman Lindsay in the discharge of his duties at the East End ball grounds. The magistrate after outlining the duties of the police and their responsibilities, carefully went over the evidence which had been submitted to the court and decided to dismiss the case against the defendant. In summing up his judgment, he said that all citizens should understand a policeman's duty, which was to guard the city and the citizens in the interests of order and morality. He said that since the war there was more than ever a prevailing inclination to respect nobody, but the majesty of the law was behind the police and if people were to consider the onerous duties which policemen had to perform in all kinds of weather, they would have more respect for them. A policeman should perform duty without malice or affection. He was of the opinion that Hayes had had a good deal to say and he should have remembered that he was addressing a police officer and the policeman should not have said anything to Hayes but should have brought him to the police station. There was the evidence of four witnesses that Lindsay had struck Hayes and Lindsay should not have done anything to cause his brother officer, Coughlan, to say "Stop that," Lindsay's remarks about "getting your bum friends to help you" also told against the policeman. Speaking of his sittings the magistrate said that there could be no resistance unless the defendant was under arrest and he could not see what would justify Lindsay placing him under arrest in view of the evidence. "It seems to me," concluded the magistrate, "that Hayes was the one who received the violence so that I can't find Hayes guilty and so will dismiss the case."

Although no confirmation could be obtained of the report this morning, it is said that the defence may bring a personal action against the policeman.

OFFENSIVE OF GREEKS HALTED

Await British Decision—The Turkish Nationalists are in a Dilemma.

Constantinople, June 17.—The Greek offensive against the Turkish Nationalists has been halted while financial decision of the British government is pending. In any case, however, the Greeks are expected to launch a local offensive east of Ushak, where the Turks are badly placed. This offensive would be ordered for the purpose of maintaining the prestige of King Constantine.

General Ismet Pasha, commander of Nationalist troops at Eski-Shehr, has summed up the Greek position by saying: "They are in the same position as a man who has started to snooze and finds himself unable to do so."

It is believed here that the British are waiting to see if the Nationalists (Turkish) are willing to accept the revised Sevres treaty. The Nationalists are in a dilemma. They are afraid of both the British and the Russian Bolsheviks, and they are closely watching Enver Pasha, who is acting as a Soviet emissary in the Near East. The Nationalists desire to meet the allied viewpoint, but Enver is trying to overthrow Mustapha Kemal, head of the Nationalist government.

The Nationalists wish in case of the acceptance of the London modifications to the treaty, that the Allies will agree to protect them against the wrath of the Bolsheviks. Youssouf Kemal, foreign minister of the Nationalist government, is said to be on his way to Adalia to sail for Rome. It is declared he also intends to visit Paris.

Government of Jamaica Proposes to Raise Loan of Two Million Dollars.

Kingston, Ja., June 17.—Owing to the serious financial depression here, due to the fall in the price of sugar, the government proposes to come to the aid of Jamaican sugar planters. It is proposed to raise a loan of two million dollars, probably in the United Kingdom.

ST. JOHN LEADS IN PLAYGROUND WORK

Tribute at National Council of Women's Meeting.

Only One Delegate Against Appointment of Women to the Senate of Canada—Matter of Objectionable Literature.

Calgary, June 17.—The report of the committee on supervised playgrounds to the National Council of Women yesterday was encouraging, and showed that St. John N. B., takes the lead in advanced recreation, the work of the playground being included in an amalgamation of the Rotarians, Board of Trade, Y. M. C. A., and similar organizations.

Members of the national council yesterday afternoon went on record as favoring the appointment of women to the senate in Canada. The resolution was adopted with but one dissenting voice. Among those who spoke in favor of the resolution were Mrs. J. McIvor of St. John and Dr. Stone Cullen of Toronto. The latter said she favored it with a view to making the federal code "a little more applicable."

A report from a committee on the suppression of objectionable printed matter stated that fifty American magazines, many of which were objectionable, were allowed to come into Canada untaxed.

The report declared that magazines published primarily to advertise goods of another country were very large, and their attractive advertising increased the amount of goods which Canadians were buying in the United States. This it was said was no small matter when Canada approximately lost \$102,071,216 in one year owing to the adverse rate of exchange. Exclusion of Heart publications was urged.

"Objectionable films are the cause of the wave of youthful crime which has swept over the country," says the report. A resolution that all matters pertaining to moving pictures be referred to the standing committee of objectionable printed matter was carried.

N. S. WOMEN'S INSTITUTE

Resolutions Passed at Concluding Session in Truro.

Truro, N. S., June 17.—That the Nova Scotia Women's Institute heartily respects the children of unmarried parents which requires the father to provide for the support of his child; that the school curriculum and grading system of the province be modified so as to give credit for technical knowledge and skill; that a protest be recorded against the time of provincial examinations in the schools, inasmuch as it involves attendance examination centres over the week-end; that public school openings be deferred until after Labor Day; that greater attention be given in the public schools to patriotic exercises and other means of promoting love of country—these comprising the more important resolutions passed at the annual convention of the Women's Institutes of Nova Scotia which concluded its sessions here last night.

SENTENCED FOR THEFT OF STREET RAILWAY TICKETS

Winnipeg, June 17.—Walter Inman, found guilty of theft of street car tickets from the Winnipeg Electric Railway, was yesterday sentenced to 23 months in jail. He was employed as a box man. It is said tickets were sold at \$3.50 a hundred. Charles Oulson, alleged to be an accomplice, will appear Friday for trial.

**NEW TARIFF LAW AND U. S. FOOD PRICES**

New York, June 17.—(By Canadian Press)—Effects of the emergency tariff law are already being felt by United States consumers. Food experts trace the recent advance of pork and beef prices to the new rates imposed on meats coming across the Canadian border. The emergency tariff law has been in effect but a short time, and while live

steers and hogs are lower there is an advance of fully two cents in the wholesale price per pound of dressed western steers and pork loins.

Under the new tariff smoked meats and provisions arriving here from Canada are subject to excessive import duty. It is expected that some of this may be refunded to dealers later. In the meantime the consumer will have to pay and will not receive any later rebate.

Remarkable Exhibition and Sale of Genuine Oriental Rugs Today and Following Days.

Wednesday of this week we received a large and comprehensive collection of choice oriental rugs. These, along with our entire previous stock of orientals, are offering at prices not heard of years.

These rugs have been secured from reliable sources—consequently we have no hesitation in assuring the public, even though their knowledge of oriental rugs may be limited, of their absolute genuineness and reliability as well as their very extraordinary values.

Rugs are in sizes for living rooms, dining rooms, bedrooms, parlors, libraries, in fact any room where they are desirable.

Positively unrivalled for beauty of color blending, artistic patterning and exquisite silk sheen. Will outwear the ordinary rug many times over.

Be sure and see these and allow us to explain their fine points.

The Evening Times and Star

ST. JOHN, N. B., JUNE 17, 1921.

The St. John Evening Times is printed at 27 and 29 Canterbury Street, every evening (Sunday excepted) by The St. John Times Printing and Publishing Co., Ltd., a company incorporated under the Joint Stock Companies Act.

GET INTO THE CENSUS.

The Times desires again to call attention to the danger that the census now being taken may not do justice to St. John, and that the figures may put the city in an entirely wrong light in regard to its population.

commission under the act and trust to luck or the government at Ottawa. If that is good business it certainly does not correspond with what an alert business man would do with his own property.

There is also an insidious whisper to the effect that the wharves are in a very bad condition and that the city never could bear the expense of repairs.

CAPITAL VINDICATED.

We are likely to hear less about the abolition of capital now that the result of the Russian experiment is known.

There is an exact description of the conditions in Russia today. Not content with endeavoring to reform the abuses of capital, the Bolsheviks sought to destroy it utterly; and they now see how fatal was their error.

THE CORNER STONE.

Sterile these stones By time in ruin laid, Yet many a creeping thing Its haven has made.

The claw of the tender bird Finds lodgment here; Dye-winged butterflies poise; Emmet and beetle steer Their busy course; the bee Drones, laden, near.

Their myriad-mirrored eyes Great day reflect. By their exquisite farings Is this granite speckled; By gawking lichens decked.

Toward what eventual dream Sleeps its cold on; When unto ultimate dark These lives are gone.

Lighter Vein. Sometimes Happens. "I thought Alice figured on marrying Jack."

What He Preferred. "And did you say you preferred charges against this man?" asked the judge, looking over his gold-rimmed spectacles.

Our Language. "Don't you think Braggins puts on too much side hair?" "Yes, and a good deal of front; but I don't think it has any real backing."

Those Harried Britons. A juvenile club advertises, "You furnish the job, we furnish the boy."

Encouragement. "If I should attempt to kiss you what would you do?" "I never meet an emergency until it arises."

White Star Dominion Line

THE CORNER STONE.

Sterile these stones By time in ruin laid, Yet many a creeping thing Its haven has made.

The claw of the tender bird Finds lodgment here; Dye-winged butterflies poise; Emmet and beetle steer Their busy course; the bee Drones, laden, near.

Their myriad-mirrored eyes Great day reflect. By their exquisite farings Is this granite speckled; By gawking lichens decked.

Toward what eventual dream Sleeps its cold on; When unto ultimate dark These lives are gone.

Lighter Vein. Sometimes Happens. "I thought Alice figured on marrying Jack."

What He Preferred. "And did you say you preferred charges against this man?" asked the judge, looking over his gold-rimmed spectacles.

Our Language. "Don't you think Braggins puts on too much side hair?" "Yes, and a good deal of front; but I don't think it has any real backing."

Those Harried Britons. A juvenile club advertises, "You furnish the job, we furnish the boy."

Encouragement. "If I should attempt to kiss you what would you do?" "I never meet an emergency until it arises."

TELL THE TRUTH ABOUT IT.

It is greatly to be regretted that the Globe should entirely mislead the people in regard to the harbor and harbor commission. Last night it said the citizens are assessed \$74,000 for interest and sinking fund on harbor bonds.

But suppose it were true that the city had to assess for the upkeep of the harbor. Then the harbor commission would have to raise the amount by increasing the charges on shipping, for it could not assess the people; and as the expenses of administration would have to increase them more.

But the Globe's statement is wholly untrue, and if the city gives up the harbor it will not have that \$74,000 for "other purposes," as the harbor commission would receive and spend it.

But the Globe also says that the adoption of harbor commission would release for "other purposes" the sinking fund the city has laid up against harbor indebtedness. Then the harbor commission would have to replace that sinking fund, and increase the charges on shipping still more, since it must pay the debt.

But where did that sinking fund come from? It came chiefly from harbor revenue and not from assessment on the citizens. In former years, when practically no charges were made, because the city wished to encourage trade, the harbor did not pay in full, and the people assessed themselves for the balance.

But where did that sinking fund come from? It came chiefly from harbor revenue and not from assessment on the citizens. In former years, when practically no charges were made, because the city wished to encourage trade, the harbor did not pay in full, and the people assessed themselves for the balance.

FACT AND FICTION

It is surprising how few business men or others in St. John have taken the trouble to read the harbor commission act. Far too many are apparently willing to be ignorant of its provisions and get it blind in a matter which vitally affects the whole future of St. John.

A TRIBUTE TO ST. JOHN.

Those who have devoted so much of their time and work to the development of supervised playgrounds in St. John, and those, too, who have given of their means to assist in this praiseworthy endeavor, have the satisfaction today of nation-wide recognition of the success achieved.

**WANT CHANGE  
IN POSTAL PAY**  
Request of Rural and Post-Office-to-Railway Contractors.

Ottawa, June 17.—(Canadian Press.)—Garfield MacKinnon, agent-general and secretary-treasurer of the rural mail and post office-to-railway station contractors' association, had an interview with Hon. P. E. Blondin, postmaster-general, yesterday, in connection with claims with members of the association for a revision in the method of compensating them, made retroactive as from January 1, 1917.

The demand is that the system of contracts now in vogue be cancelled, and a salary basis be introduced at a commencing rate of \$70 a mile a year, for the rural mail contractors, and for the post office-to-railroad station contractors of three times the present rate. In both cases the association asks that the new rates be made payable as from January 1, 1917.

The claim is that the carriers carried have, during the last four years, been unable to pay expenses on the contract price for their services. Actual expenses, they say, average fifty per cent. in excess of payment received.

**BELGIAN COTTON  
MILLS ADJUST  
WAGES MATTER**

Brussels, June 17.—An agreement has been reached between the cotton mill owners and operatives under which the wages of the operatives will be the same as they were in 1920. **HOW HIGH, PLEASE?**

Children Over 31 Inches Must Pay Full Fare.

Philadelphia, Pa., June 17.—Children Philadelphia will in future ride free pay full fare, according to height and age. Boys and girls thirty-one inches or less in height ride free, and at side of the conductor is a painted scale, accurately measured, which settles disputes.

If the conductor is at all in doubt he is to place the child against the wall. Of course, the baby's hat is removed and its hair flattened down right in the head. Thirty-one inches is minimum height given by authorities for children at the age of three. There are numerous instances of two-year-olds surpassing that height and of year-olds failing to reach it.

**THE FIFTY-FIRST ANNUAL CONVENTION OF THE BRITISH NORTH AMERICA GRAND LODGE OF THE P. A. P. B. WAS HELD IN BELLEVILLE, ONT., ON JUNE 14 AND 15.**

The two representatives from St. John, R. J. Anderson and J. W. Fillmore, returned to the city on the Montreal train this morning. Both St. John representatives were elected officers of the grand lodge. In speaking to a Times reporter this morning, Mr. Anderson said that the people of Belleville had given the delegates a royal welcome. Upon the opening of the convention, the mayor of Belleville delivered a welcoming address and granted the 'Prentice Boys' the freedom of the city. Motor drives through interesting and lovely country were arranged and on Wednesday evening a very enjoyable banquet brought to a close the successful convention.

The election of officers resulted as follows:  
Andrew Mason, of Ottawa, R. W. G. M.; R. J. Anderson, St. John, S. D. R. W. G. M.; J. B. Brien, Ottawa, J. D. R. W. G. M.; C. H. Cole, A. G. Secretary; H. H. Regan, Toronto, R. W. G. T. W. G. Upon the conclusion of the convention, Messrs. Anderson and Fillmore visited Toronto and Niagara Falls and made a tour through Ontario.

**PRESENTATION TO ADMIRAL KINGSMILL**

Retires as Director of the Canadian Naval Service.

**Ottawa, June 17.—(Canadian Press.)**

On his retirement from the directorship of the Canadian Naval Service, Admiral Sir Charles W. Kingsmill was yesterday made recipient of a handsome silver flagon tray, suitably engraved, by the officers of Canada and imperial ships and by senior civil officers of the departments at headquarters, the Royal Naval College and the navy yards. The flagon is a replica of one taken from one of the captured ships of the Spanish armada.

Hon. C. C. Ballantyne, minister of naval affairs, in making the presentation, thanked Sir Charles Kingsmill in the name of the people of Canada for his services as director, and paid tribute to the efficient service he had built up and maintained during the war. Mr. Ballantyne made special reference to the Royal Canadian Naval College, which, built up during Sir Charles' tenure of office, had turned out so many valuable officers, and attained such a high reputation.

WHEN GEN. BYNG READ SHORTHAND

Montreal, June 17.—A well-known French-Canadian financial man in Montreal has a rather unusual as well as pleasant recollection of the new governor-general, Lord Byng. During the war when he was acting as adjutant of a French-Canadian battalion he had occasion to receive by telephone a message from the headquarters of the Canadian Corps for Lord Byng, who happened to be visiting this battalion at the time. The adjutant, who was a skilled shorthand writer through several years of experience as private secretary in Montreal, took the long message on a pad in shorthand, and as Lord Byng was just then leaving the woods to enter the car he had to sprint on hundred yards to reach him in time. Lord Byng grabbed the sheet, thinking the message was written there.

Queens County Woman Declares She Has Never Seen the Equal of Tanlac in All Her Long Life. "I am seventy years old but don't feel a day over fifty, and all of my life I have never seen a medicine the equal of Tanlac," said Mrs. William T. Reader, of South Glouas, Welshford, Queens County, N.B. "For years I was weak and run down and, in addition, suffered a great deal from rheumatism. I had no appetite and I just had to force myself to eat. I had awful headaches and dizzy spells. To make matters worse my hands swelled up to twice their size with rheumatism and my fingers were so stiff I couldn't use them. My legs hurt all the time, but especially at night, and I got very little sleep. "It certainly is wonderful how the right medicine will help one. Why, I feel like a different person since taking Tanlac. I have a splendid appetite and am free from headaches and dizzy spells. The swelling has gone out of my hands and I haven't an ache or a pain left, and I sleep all night long without waking once, and bless the day I bought Tanlac."

Atwood Bridges, one of the Canadian Rhodes scholars at Oxford, sailed from England yesterday for Canada. He will spend his vacation in St. John with his parents, Dr. H. S. Bridges and Mrs. Bridges.

Conferences between Percy W. Thompson, representing the New Brunswick Power Co., and Magnus Sinclair, of the street railway men's union, were held yesterday afternoon in an effort to come to an agreement on matters in dispute but it was reported after the meetings that no progress had been made.

The closing exercises of the Wilton school were held yesterday in the Y. W. C. A. recreational centre. The hall was prettily decorated in the school colors, blue and gray, and the pupils acquitted themselves with great credit to their industry and to their teacher's efficiency.

Burglars visited the garage occupied by Harold Goodwin and at least two other garages in City Road early Thursday morning. The thieves secured a set of valuable tools, and they stripped Mr. Goodwin's car of its batteries and softwires. The car of the other owner was also stripped. The detectives are working on the case.

The vocal recital by Redferne Hollinshead, tenor, was heard by a large audience at the Westfield Country Club last evening. Those who attended his recital in this city eight years ago and who heard him again last evening were struck by the remarkable improvement in his magnificent voice. Bayard Currie proved a most capable accompanist.

Seventy-seven students in first year medicine at McGill University have passed all the sessional examinations according to the lists issued by the faculty. In the first year dentistry thirty students have passed successfully with J. Kerr Higgins of St. John (N. B.), as prize man.

The case of Louis J. Nelson, charged with breaking and entering the store of J. Tansman, Brussels street, and with having concealed weapons on his person, was continued yesterday afternoon in the police court. Evidence that the accused had sold them articles produced in court was given by two witnesses and Detective Biddiscombe told of obtaining some of the stolen garments and of arresting the accused who was armed with three revolvers. The case was postponed.

The executive in charge of the recent fair, given by the G. W. V. A. in the St. Andrew's Rink, met on Wednesday to close up the final returns from the affair. They found that seven of the eleven door prizes had not been called for. The committee showed that holders of tickets numbers 7929, 1993, 466, 187, 2658, 7125, and 3195 had not claimed their prizes, which still are in the care of the G. W. V. A. rooms in Wellington Row.

The local speed artists are being brought to task by Provincial Constable Robert Crawford and his assistant. A group of speeders and other motor law violators were brought before Magistrate Allingham at Fairville yesterday and donated sums varying from \$2 to \$50. Mr. Crawford has last night been intended to keep up his campaign until all the motor car drivers respect the law on every road in this section of the province.

GEORGE E. LODER IS FOUND GUILTY

Pictou, N. S., June 16—George E. Loder, of Summerside (P. E. I.), was found guilty of the murder of Daniel Barry, an aged Pictouian, at the criminal trial sittings of the supreme court of Nova Scotia here tonight.

BIG ROUND-UP IN MONAGHAN

Dublin, June 16—The government forces have been making a sweeping round up of certain areas in the last few days, with the apparent idea of making large captures and sifting them for men who are "wanted." The operations have been in progress in County Monaghan all this week. Hundreds of men were made, but today all were released with the exception of about a dozen persons.

Five cavalry regiments invested Carrickmacross, Monaghan, early this morning and commandeered several private houses. They made several arrests, including a despatch carrier of the Republican army. Similar raids occurred at Wexford and Athlone.

DENTAL EXAMINATIONS. Dr. A. F. McAvaney is conducting examinations of dentists who wish to qualify for practice throughout the Dominion, except Quebec. Only one candidate, Dr. J. Roy Smith, of Hampton, is availing himself of this opportunity at present. The examiner received word from Ottawa that four other candidates there could be expected, but so far they have not turned up. The examinations commenced on Tuesday and will continue one week, finishing on June 21. The papers will then be sent to the dental council, Ottawa, where they will be marked. Several months will elapse before results are known, Dr. McAvaney said. Some doctors take two or three examinations every year, and he expects that more candidates will undergo the remaining examinations before the week is out.

YOUNG GIRLS NEED CARE Mothers! Watch Your Daughters' Health Health Is Happiness

From the time a girl reaches the age of twelve until womanhood is established she needs all the care the thoughtful mother can give. The condition that the girl is then passing through is so critical and may have such far-reaching effects upon her future happiness and health that it is almost criminal for a mother or guardian to withhold counsel or advice. Many a woman has suffered years of prolonged pain and misery through having been the victim of thoughtlessness or ignorance on the part of those who should have guided her through the dangers and difficulties that beset this period. Mothers should teach their girls what danger comes from standing around with cold wet feet, from lifting heavy articles, and from overworking. Do not let her overstudy. If she comes plains of headache, pains in the back and lower limbs, or if you notice a slowness of thought, nervousness or irritability on the part of your daughter, make life easier for her. She needs thoughtful care for a few years as it is especially adapted for such conditions. It contains nothing that can injure and can be taken in perfect safety. Read how Mrs. Eicher helped her daughter. She says: "At the age of sixteen my daughter was having trouble every month. She had pains across her back and in her sides. Every month her back would pain her so she could not do her work and would have to lie down. My married daughter recommended Lydia E. Pinkham's Vegetable Compound and I read the books which were left at my door. She took it faithfully and I now get regular and has no pain. We recommend the Vegetable Compound and give you permission to publish this letter in your little books and in the newspapers."—Mrs. KATIE EICHER, 4034 N. Fairhill St., Philadelphia, Pa. Mrs. Williams will profit by her own experience. She says: "When I was thirteen years old I had sick spells each month and as I was very backward I would bear the pain and my mother knew nothing about it. I read in the daily paper about Lydia E. Pinkham's Vegetable Compound and took my own spending money and bought a bottle. It helped so much that I took it regularly after that until I had taken two bottles and I did not get any more pain or backache and have been a healthy, strong woman. I am now 39 years old and have a little girl of my own, and when she gets old enough I shall give her some other than Lydia E. Pinkham's Vegetable Compound."—Mrs. G. E. WILLIAMS, 2437 W. Toronto St., Philadelphia, Pa. For almost fifty years Lydia E. Pinkham's Vegetable Compound has been relieving women, young and old, of ailments peculiar to their sex. Ask your neighbor about it, for in every neighborhood there are women who know of its merits. Thousands of letters similar to the above are in the files of the Lydia E. Pinkham Medicine Co., and for years such letters have been published. Surely it is worth your while to make a fair trial of Lydia E. Pinkham's Vegetable Compound. Lydia E. Pinkham's Private Text-Book upon "Ailments Peculiar to Women" will be sent to you free upon request. Write to The Lydia E. Pinkham Medicine Co., Lynn, Massachusetts. This book contains valuable information.

ST. JOHN MINISTER IS HONORED

At the joint lay and ministerial conference of the Methodist delegates, which opened in Sackville yesterday, Rev. J. Heaney, of this city, addressed the assembly on "The Church's Task." Missionary matters were taken up at the afternoon session. E. H. Beer, of Charlottetown, P. E. I., addressing the conference setting forth the strained financial situation now confronting the board in its operations home and abroad. Rev. George M. Young presented a report of the standing missionary committee showing total receipts for the year to be \$24,550. A report of the general educational society was made by George Trueman, A. A.

Rev. Geo. M. Young presented the report of the standing missionary committee, showing total receipts for the year to be \$24,550 an increase of \$1,639 over last year. The report of the general educational society was made in an inspiring address by the newly appointed assistant secretary of education, George Trueman, M. A. In his budget the society had made to the conference the same assignment as last year, \$5,000.

The evening session was occupied chiefly in reviewing the work of religious education. Rev. J. M. Rice, the conference secretary, presented a partial report of the work of the year in the conference. Rev. H. B. Strothard, who has been released from the pastorate by the conference to accept the appointment of the general board as field secretary for the maritime provinces, also addressed the conference. Rev. P. A. Fitzpatrick presented the statistics of young people's work and the Sunday schools of the conference. The junior societies have 1,692 members, older girls' organizations,

A success over night. The New Improved Gillette Patented Canada, Aug. 31, 1920. Everyone remembers the old carbon filament lamp, with its yellow glow—a tremendous advance over previous lighting methods. You remember, too, what happened when inventive genius discovered the tungsten filament, with its radiant WHITE light. The world goes along for years doing things the same old way. Then comes some invention that carries all civilization to a new and higher plane of living. The modern shave is the creation of the Gillette Safety Razor and Blades. Twenty years ago, the old-type Gillette swept into every part of the world. To-day, it is superseded by the New Improved Gillette Safety Razor—the result of Gillette experience, the first shaving INSTRUMENT OF PRECISION ever produced or even dreamed of. Measured by the precision of the New Gillette—any other razor you've ever known is crude. You'll see what it means to your shaving the minute you pick up a New Improved Gillette at your druggist's, hardware merchant's, jeweller's, sporting goods dealer's, haberdasher's or men's department—one of the 250,000 Gillette dealers the world over. The New Improved Gillette Safety Razor. Features: THE FULCRUM SHOULDER, THE OVERHANGING CAP, ADJUSTABLE SHORT FLEXURE, THE CHANNELLED GUARD. Uses the same fine Gillette Blades as you have known for years—but now your blades can give you all the luxury of the finest shaving edge in the world. Identify the New Improved Gillette by its Fulcrum Shoulder, Overhanging Cap, Channelled Guard, Micrometric Precision, Automatic Adjustment, Diamond Knurled Handle, Diamond Trademark on Guard. Finer Shave—Longer Service—More Shaves from your Blades. \$5.00 Everywhere. Note.—The Gillette Company assumes all responsibility for the service of Gillette Blades when used in any GENUINE Gillette Razor—either old type or New Improved Gillette. But with limitations of the genuine Gillette, it cannot take responsibility for service of blades. MADE IN CANADA. KNOW THE WORLD OVER.

MORNING NEWS OVER THE WIRES

Hasley F. Moore, night clerk at the Greenville, Me., Y. M. C. A., dropped dead in the Greenville police court while giving evidence against a man who had attacked him. He had been hit over the head with a heavy flashlight and an autopsy disclosed that death was due to a fracture of the skull. His assailant, Ernest Smith, is being held pending action by the attorney-general. Moore leaves a wife and three children.

ONE-MAN CAR IN OPERATION

The special features of the car as explained by Mr. Fuller were as follows: Brakes—A hand service brake, of the best recognized type, capable of handling the car under all conditions. An emergency brake, within easy reach, adjustable and operated by hand wheel of liberal dimensions. Generating brake. Direct electric brake by using reverse. Doors—The forward door is the service door, acting as both entrance and exit. Controlled by a suitable lever, this door is opened in a convenient position. This door cannot be locked if closed from the outside of the car, thus eliminating the danger of carmen locking himself out if door is closed. If the door is operated through the lever provided the door becomes locked in a closed position. The operation of this door raises and lowers the forward step and also opens and closes the electric circuit to the motors making it impossible to start the car unless the door is closed. This is a safety feature. The rear door is to be used solely as an emergency exit and cannot be opened except by raising the suitable lever. This seat is lettered with a suitable inscription. The opening of this door lowers the step in position for passengers to alight. When the door is in a closed position the step is automatically locked in such a manner that children or others cannot ride on it.

MORNING NEWS OVER THE WIRES

Belgian Cue Champion Sails—Anxious to Meet Hoppe. (N. Y. Times.) Edouard Horemans, Belgian champion billiardist of Europe, sailed from New York the other day on the Red Star liner Lapland for his home in Antwerp to visit his mother and sister. He plans to return to the United States early in September, and it is his intention to make this country his permanent home if he can persuade his mother and sister to accompany him. In making out his income tax report before sailing Horemans classified himself as a resident alien, indicating that he claims America as his residence.

N. S. BANK HAS NEW BRANCH IN SANTIAGO

Washington, June 17.—(By Canadian Press.)—A report received from the U. S. consul at Puerto Plata states that the Bank of Nova Scotia has opened a branch at Santiago. The Canadian bank already has a branch in Santo Domingo City and took the opportunity afforded by the closing of the local branches of the American Foreign Bank Corporation to extend its activities to the north of the republic.

TEAMSTERS AND CHAUFFERS

The Teamsters' and Chauffeurs' union held their regular meeting last evening in the Trades and Labor Hall in Prince William street. The meeting was largely attended and two new members were initiated. The president of the union, A. Kirkpatrick, occupied the chair.

TEAMSTERS AND CHAUFFERS

"When I came here I wanted to do for the people of this country that I was worthy of a match with Mr. Hoppe. I wanted to convince the billiard public that I could play the ball game. For this reason I was anxious to meet the best professional players in matches. I played all who would meet me, and I hope that I succeeded in proving my right to play Mr. Hoppe. I feel that I have succeeded in this, and think that when I return in the fall that Mr. Hoppe will agree to play me; at least, I hope so."

Give This to a Constipated Baby. Why Dr. Caldwell's Laxative Syrup Pepsin is the Favorite Constipation Remedy with so Many Mothers. YOUNG Mothers in the midst of bringing up a family of small children should consider it a duty to investigate the action of the various remedies for constipation. This is the ailment most common among children, and it often leads to serious diseases. It is important for the mother to know the right remedy to give, for they differ widely in action. Children do not take kindly to drastic drugs, salt waters, calomel, physics, castor oil, cathartics, mercurials and such things, and they find difficulty in swallowing these harsh medicines even when disguised in sugar-coated tablets or pills. It is not only that the child doesn't like the taste, but these drugs are so violent that they wrench the little system. They should not be given to children. Thousands of wise mothers, after having tried many things, give only a combination of simple herbs with pepsin, known to druggists as Dr. Caldwell's Laxative Syrup Pepsin. The formula is on the package. It is a mild, gentle remedy, free from all narcotics, that relieves constipation and its symptoms, such as headache, biliousness, colds, fever, indigestion, loss of appetite and sleep, and it does it without griping or weakening. A bottle of Dr. Caldwell's Laxative Syrup Pepsin can be bought at any drug store for sixty cents and is enough to last an average family many months. Last year over eight million bottles of Dr. Caldwell's Syrup Pepsin were sold in drug stores, the largest selling liquid laxative in the world, and as the preparation has been on the market over thirty years the second generation of mothers are now giving it to their babies. No careful, well-regulated home will be without a bottle for a mild, safe constipation remedy like this may be needed by someone in the family any minute. Every bottle is guaranteed to do exactly as claimed for the ailments of the stomach, liver and bowels or your money will be refunded. TRY IT FREE! There are heads of families who will want to prove to their own satisfaction that my Laxative Syrup Pepsin is as effective in constipation, as mild and gentle in action, as pleasant-tasting and safe, as I claim. Let such write me for a free sample. It will be sent postpaid. Simply say "Dr. W. B. Caldwell, 19 Front Street, Bridgeburg, Ont." Send a free trial bottle of your Dr. Caldwell's Laxative Syrup Pepsin to— and give your name and address. I will see that the rest is attended to promptly.

**ARE NECESSARY IN UNITING CHURCHES**

(Canadian Press Dispatch)  
Whitby, Ont., June 16—"No such attitude has ever been essayed before in the history of the world," said Rev. Dr. D. Chown, general superintendent of the Methodist church in Canada, on the subject of church union in an address at the Day of Quinte Methodist conference here today. "We are blazing the way through a pathless forest," he concluded.  
"For this reason we want to know definitely, and without any equivocation, the direction in which we are going, and to have a clear conception of the goal toward which we strive. We do not take the next step safely without knowing the ground on which we now stand and the direction in which that will lead us."  
Chown said the Methodists recognize that it would be a peculiarly difficult experiment fitting three great churches of diverse history, practices and temperaments into one great organization for the promotion of the kingdom of God in Canada. The work, he said, should be done at not only, but with reasonable haste.

**MANY MINERS ARE AGAINST RETURNING**

London, June 16—The first definite returns issued today on the ballot of the miners on the new proposals of the owners which it had been hoped would show the majority of the men favoring an immediate settlement and a resumption of work indicate a strong feeling among the men against dropping the claims of their executive for a national wages pool and the calling off of the strike. Today results of voting were announced as follows:

	For	Against
South Wales	32,000	75,000
Durham	3,000	10,000
Lancashire	1,000	6,000
Lanarkshire	1,000	3,000

South Yorkshire and Nottinghamshire are believed to be voting in favor of acceptance, while Derbyshire, Staffordshire and Warwickshire are mixed. It is significant, however, that the puny and repair workers in many collieries have already returned to work in anticipation of a settlement.

**ENDOWMENT FOR MOTHERS**

Sydney, N. S. W., May 18—(A. P. by mail)—The parliamentary labor party here has approved a draft of a bill providing endowment for motherhood. Provision is made in the bill for a pension of about \$2.50 a week to widowed mothers up to an age provided for by the Commonwealth. Parents in receipt of an income of \$45.50 will receive an endowment of \$1.50 for each child under fourteen years of age after the first two.  
The bill applies to persons resident in New South Wales two years or more. The scheme is estimated to cost £1,600,000 annually.

**SHIPPING STRIKE**

Washington, June 16—A new working agreement embodying a fifteen per cent increase in wages was ratified by the United States shipping board representatives of the marine engineers today and signed by the secretary of labor. A new wage scale became effective June 14. It was announced and will continue in effect until Dec. 31.  
The American Steamship Owners' Association, declined to join with the United States shipping board in ratifying a new working agreement, embodying a fifteen per cent wage cut.

**WOMEN ADVOCATE COAL DEVELOPMENT**

Calgary, Alta., June 16—The coal situation in Canada, which one of the delegates to the National Council of Women describes as a burning question was brought before today's session of that body in the report of the council of home economics. This was presented by Mrs. Jean Maciver, of Toronto who urged that the development of Canada's mines was an economic necessity. In the discussion following the reading of the report, it was pointed out that Alberta has one sixth of the coal deposits of the world, and if cheaper freight rates could be procured during the summer months before the shipment of grain started, it would help in the development of the mines, the lowering of the price of coal and the employment of men.

**EVACUATE SIBERIA?**

Riga, June 16—A despatch from Moscow to the newspaper Novy Put, official Bolshevik organ here, says Japan has decided to evacuate Siberia according to advices from M. Yoryin, foreign minister of the far eastern republic at Chita.

**TOKIO CONFIRMS TAKING OF OMSK**

(Canadian Press Dispatch)  
Tokio, June 16—Semi-official advices from Siberia claim confirmation has been obtained of the capture of Omsk by anti-Bolshevik forces the latter part of May. Later they advanced in the direction of Yekaterinburg, the advices state.  
Anti-Bolshevik upheavals, according to these advices, are occurring in Novo Nikolayevsk, to the east of Omsk, and in Chelabinsk, south of Yekaterinburg.  
Growing discontent and a scarcity of provisions in Chita, capital of the far eastern republic, is said to be causing rioting and rifle firing nightly.

**PEOPLE OF KIEV DYING IN MASSES**

(Canadian Press Dispatch)  
Berne, June 16—A catastrophic outbreak of famine in Kiev is reported today in despatches from the Ukraine, which assert that the people are dying in masses from starvation. 2,000 of them having been buried in one day in the town, which is being besieged by Ukrainian insurgents.  
At the same time the despatches add, secret nationalist vigilance societies are ordering prominent Bolshevik leaders and magistrates, some of whom have been found hanging to lamp posts or killed by bullets almost every morning. The Bolshevik newspapers of Kiev have registered the names of thirty commissaries who already have been killed, the despatches say.

**REPORT ON MONDAY.**  
 The evidence is complete in the matter of the street railway dispute and the board of conciliation will meet on Monday afternoon to draw up a report to be submitted to the minister of labor. The session will be a private one and made public until the report has been approved by the minister.

**MONDAY LAST DAY.**  
 It was announced at city hall this morning that unless drivers of motor trucks and cars requiring licenses took out their permits before the 17th, they would be reported and prosecuted. It is understood that many of the owners delayed securing licenses to wait the result of an appeal to the mayor to reduce the license fee. The mayor has informed them that it will be impossible to reduce the fee this year and the matter will have to be taken up next year.

**SAYS BOY DID FALL IN.**  
 The press had a story a few days ago to the effect that a boy reported that another boy had fallen into one of the slips on the harbor front and that as no trace could be found it was assumed that the boy who told the story had a vivid imagination. His mother telephoned the Times yesterday that she was reliably informed that a boy did fall into the water, but that after her boy went to spread the alarm he was able to pull himself out and go home.

**CAR IN TROUBLE.**  
 This morning about eight o'clock a large touring car got into difficulties at Haymarket Square, where the city is carrying out paving operations. The track section near the foot of Waterloo street is torn up and a temporary plank crossing is laid to lower traffic. The car was coming from the direction of the Marsh bridge, but instead of taking the crossing the driver ran through the ropes some distance to the right and crashed into the excavated portion. The car was considerably damaged.

**PRESENTATION.**  
 About forty friends of Miss Olive Murray, daughter of Mr. and Mrs. William Murray, 115 St. James street, tendered a surprise party last evening at the home of her aunt, Mrs. Bella Murray, 206 Sydney street, in honor of her eighteenth birthday. She was the recipient of a large number of presents, among which was a club bag. The presentation was made by Ready Alward, and Miss Murray returned thanks to all present. Games and dancing were enjoyed and refreshments served.

**LOCAL DOG WINS HONOR.**  
 An English setter, Count May Fly, bred and owned by Gerald McCarthy of this city, took the ribbon prize at the Kennel Club show held in Montreal on June 14. He was awarded first in the limit class, first in the open class; winners for best male and best prize dog in the Quebec Kennel Club show held at Quebec on June 16 he was awarded first in the Canadian breed class, first in the limit class, first in the open class winners prize for the best male.

**BRIDE-TO-BE ENTERTAINED.**  
 The B. & L. Club were pleasantly entertained at six tables of bridge last evening by Mr. and Mrs. W. B. B. The event was in honor of Miss Frances Archer, whose wedding is to take place at an early date. The guests, president of the club, made the guest of honor or the recipient of a beautiful mahogany clock and a silver salver, in addition to best wishes for future happiness. The prize winners at bridge were J. G. Williams and R. Kelly, first prizes; Mr. and Mrs. C. F. Stevens, consolation prizes.

**TREAT FOR ORPHANS.**  
 Through Commissioner Thornton's arrangement the orphans of the city will be guests at the circus which will show here on Monday. Twenty-five children will attend from the Provincial Memorial Home, Wright street, eighty from the Boys' Industrial School, Silver Falls, and sixty from the Protestant Orphan's homes in Britain street and on the West Side. Twenty-five patients from the S. C. R. hospital in Lancaster will also be the guests of the management. The boys from Silver Falls will be brought to the city in automobiles furnished by the Automobile Association. It is not expected that the children from St. Vincent's convent will attend, as the Mother Superior is out of the city.

**DEATH OF RICHARD H. CALLAGHAN**  
 Popular Stevedore Who Had Saved Two Lives in the Harbor.

Richard H. Callaghan, a well known stevedore, passed away at an early hour this morning in the St. John Infirmary. He had been in poor health since Christmas, but during the last two weeks his condition took a turn for the worse, with death resulting. He was a well known figure around the water front, where he was employed for more than twenty-five years as a stevedore. During that period he was employed by Schofield & Company, The Robert Redford Company, J. T. Knight & Company, George McKean and other shipping interests. All are unanimous in the statement that he was a most reliable man and took a keen interest in his duties, sparing no effort to see that the loading of steamers and sailing vessels was carried out in a satisfactory manner.

He was a native of this city and a son of the late William Callaghan. In his younger days he was one of the best swimmers along the water front and was awarded two medals for life saving. On August 18, 1897, he leaped into the harbor at Reed's Point and saved George Gillespie, an eight year old boy, who had fallen overboard, and in recognition for this brave act Mayor Robertson presented to him a beautiful silver medal suitably engraved. On December 13, 1899, he jumped into the harbor at the ferry slip and saved Bessie F. McSorley from drowning and was later given a bronze medal awarded by the Royal Canadian Humane Society, by Mayor Sears.

Mr. Callaghan was fifty-six years of age, and besides his wife he is survived by three sons, George, who is manager of Robert Cox Lumber Company, Ltd., in Montreal; John, who recently went to Boston, and Edward at home; also three sisters, Mrs. G. Doody of Boston, Mrs. John Arbour of Buffalo, and Mrs. Frank Furlong of this city.

He was a man highly respected by all who had business connections with him or who had the pleasure of his acquaintance, and his heart felt sympathy will be extended to his bereaved family.

**READY FOR THE CAMP SEASON**

**Announcements Made Today at New Brunswick Military Headquarters.**

Arrangements have been practically completed by the military authorities for the administration of this summer camps in the province this summer. **Individuality Without Added Cost**

Every piece of furniture—every article of home furnishing that enters this store bespeaks careful, painstaking, personal selection, backed by sound judgment and specialized knowledge in appraising artistic worth and intrinsic value.

The commonplace finds no place here. Constant diligence in searching for the distinctive is rewarded by the repeated assurance that our display of home furnishings is equalled in but few institutions in Eastern Canada.

Our stocks are made up of pieces picked up here and there for their individual worth and not bought in vast quantities at a consequent sacrifice of individuality.

The masterpiece in home furnishings and the friendly welcome which always greets the visitor here have made Everett's a home furnishing institution of more than ordinary interest.

Feel free to come here for home furnishing suggestions regardless of your intent to buy.

MINERS VOTE TO  
KEEP UP STRIKE

Vote Against Settlement is  
Official Announcement—  
Other British Labor Mat-  
ters.

London, June 17—(Canadian Press)—The result of the British miners vote will not be fully known till today, but the bulk of the figures available show the ballot heavily against acceptance. The way the dispute has been allowed to drift and the failure of the miners' leaders to offer advice or recommendations to the districts on the issue involved in the ballot are said to be causes of serious dissatisfaction in some quarters, and the consequence may be that men will now take matters into their own hands and gradually return to work under their own arrangements regarding that, however, more may be known after a meeting of the miners' executive today. The ballot appears to have been taken the most casual way. The miners' organization has about 1,000,000 members, probably a majority did not bother to vote.

The settlement of the dispute between the masters and men in the Lashire cotton industry has given much cheer, and there are signs of trouble elsewhere in other industries over proposed actions in wages.

LATER.  
London, June 17—(10.30)—The question on the question of a strike settlement favors a continuation of the vote, it was officially announced this noon.

ROCKS DOWN  
IN WALL STREET

New York, June 17—(10.30)—The projected stock dividend on Louisville and Nashville and the fifty per cent. reduction on the Erieville dividend were rejected in the irregular trend of prices at the opening of today's stock exchange. Louisville and Nashville rose two points and Erieville fell 2-4.

Within the first half hour, however, the market again lapsed into its recent weakness. Atlantic Gulf common and preferred were especially weak, losing 1-2 to 3 points at low records. New York Air Brake, Harvester, Standard Electric and Harvester lost two to four points. Mexican Petroleum broke to 10 1/2 after rallying to 109. Louisville and Nashville reacted five points and other rails inclined to fall back. American Woolen and Sears Roebuck forfeited one to four points. Offerings of call money extending into next week at 9 1/2 per cent were without influence on the stock market.

FURTHER CUT IN  
SUGAR TODAY  
IN NEW YORK

LOYD GEORGE  
MAN BEATEN  
IN ELECTION

London, June 17—(Canadian Press)—The Lloyd George candidate was defeated in a by-election today when Rear-Admiral E. M. F. Suter, running on an anti-waste ticket, was elected. The result of the balloting was: Admiral Suter, Independent, 12,389; Sir H. Carlyle, Coalition, Unionist, 5,558.

ANCIENT LORE AND  
MODERN QUOTATION

(New York Evening Post.)  
America, says the London Daily News, is in favor of an association of nations, but "she bases the existing league of forty-eight nations with bell, book and candle." "Bell, book and candle" refers to a ceremony introduced into the greater communication of the church in the eighth century. By it offenders were banned from the body of the church and cut off from communication with their fellows. The name is taken from certain gestures which occur in the rite: "Cursed be they from the crown of the head to the sole of the foot. Out be they taken of the book of life." (The book is shut.)

"And as this candle is cast from the sight of men so be their souls cast from the sight of God into the deepest pit of hell." (The candle is cast on the ground.) "Amen." "And then the candle, being dashed on the ground and quenched, let the bell be rung." The bell was tolled as for one dead. From that moment the person excommunicated was regarded as dead, being excluded from the sacraments, and even from divine worship.

In "King John" Shakespeare makes one of his characters say: "Bell, book, and candle shall not drive me back when gold and silver beck me to come on." Bells have always played a great part in the ritual of the church, especially in medieval times. At one time the bells of the church were consecrated with great solemnity and ceremony, were sprinkled with holy water and anointed, and in some cases there was even a complete baptism service before they were called upon to ring for all joyous and mournful occasions. There are still surviving many old church bells which show that superstitious ideas prevailed as to the power of sacred bells to dispel storms, confound evil spirits or put an end to war, famine, and plague.

In France it is still by no means unusual to ring church bells to ward off the evil effects of lightning. The "passing bell" was rung in order to scare away evil spirits from a person who was passing away. The demons were believed to lurk in wait for the soul, ready to pounce upon it on its way from the body to its resting place. A secondary object was to announce to the neighborhood the passage of the soul, and to request all good Christians who heard the bell to pray for the departing brother or sister. By the eighteenth century, however, the custom of ringing the "passing bell" fell into disuse, and for it was substituted the tolling of the bell after death. The custom is very ancient. The Athenians used to beat on brazen kettles, at the moment of decease, to scare away the Furies.

During the celebration of mass the "sanctus bell" or "sacring bell" was rung. Before or after service the people listened to the ringing of the "pardon bell," sounded to summon men to pray for the forgiveness of their personal sins.

In former times much importance was attached to the ringing of church bells by means of changes on a peal. Four bells give twenty-four changes, eight give 40,320, and twelve permit of 479,001,600 changes. At one time there were schools for the teaching of bell-ringing, the science or art being known as "campanology."

CALLS TO MINISTERS

(Chatham World.)  
A meeting of the presbytery of Miramichi will be held in St. Andrew's Hall, Chatham, on Monday, to deal with the resignation of Rev. E. B. Wyllie, P.D., of the pastoral charge of St. Andrew's congregation. Dr. Wyllie has received a call to the pastorate of First Presbyterian church, San Diego, California. Rev. George P. Tattic of Tabusintac and Burnt Church has received a call to the pastorate of Bloomfield and O'Leary, P. E. I. The call will be considered at the regular meeting of the presbytery of Miramichi to be held in St. Andrew's church, Campbellton, N. B., on Tuesday, June 28.

The war damage to France has been estimated at 218,522,500,000 francs, made up as follows: Industrial damage, 38,883,000,000 francs; towns, houses, 36,893,000,000 francs; furniture and fixtures, 25,119,200,000 francs; land, live stock, agriculture, 21,672,000,000 francs; State property, 1,908,000,000 francs; colonies and Algeria, 10,000,000 francs; Public works, 2,288,000,000 francs; sundry damages, 2,960,000,000 francs; special damages, 2,095,000,000 francs; 5 per cent. interest on 38 billions, November 11, 1918 to May 1, 1921, 4,125,000,000 francs. According to official estimates the amount still to be expended for complete restoration is 26,000,000,000 francs, pre-war value, and this figure will have to be multiplied to provide for the present high cost of material, so that it is possible that the actual expenditure will range between 80,000,000,000 and 130,000,000,000 francs.

North Carolina has had at least ten capitals, including Beth, Edenton, Brunswick, Wilmington, Newbern, Hillsboro, Smithfield, Fayette and Raleigh. The reason for so many lay in the custom prior to 1791 of transferring the seat of government to the place of residence of the governor or the temporary meeting place of the assembly. In 1791 one square mile of land was purchased for the foundation of Raleigh as the permanent seat of government. At present the city covers four square miles.

MARINE NOTES.

The R. M. S. P. Chaudiere sailed from Bermuda this morning for St. John with passengers, mail and general cargo. She is expected to arrive here about Monday noon. William Thomson & Co. are the local agents. Recent shipping advice received from New York say that chartering was fairly active during the week in the steamer market, the bulk of the fixtures being for prompt boats for coal cargoes to trans-Atlantic destinations. There was a limited amount of chartering for grain cargoes but very little for any other kind of business. The demand for additional tonnage continues steady, most of which is for prompt loading, but only a limited amount of tonnage is available. Rates are firmly upheld at the basis of day noon. Delivery here about Monday noon. The sailing vessel market was quiet and unchanged, with only a limited amount of chartering reported and it is confined almost entirely to the coasting and West India trade. Rates are steady at the low basis recently quoted, but only a moderate amount of tonnage offers. In the list of charters for the week under the head of "Miscellaneous" appears that of the "British steamer Maplecote, 2086 tons, St. John, N. B., to the U. K., sugar, private terms; prompt." This ship is chartered for cargo of sugar at the Atlantic sugar refinery wharf last week and sailed on Sunday, clearing for Liverpool. Nagie & Wigmore are the local agents.

SISSIBOO ON RIVER ROUTE

It was announced this morning that the Furber & Co. have refitted the twin-screw steamer Sissiboo to carry passengers and freight and that she will be put on the Kennebecis route, of trips weekly, touching at Kennebecis Island, Chapel Grove, Whitehead and other points. Her itinerary has not been definitely announced yet but she will make a quick run about tomorrow afternoon. During the war she was used to carry soldiers between the city and Partridge Island and was also used as a quarantine boat. She has been thoroughly remodeled and refitted with ladies' and gentlemen's cabins and details looking to the comfort and convenience of the passengers have been attended to.

LATE SPORT NEWS

Atlantic City, N. J., June 17—With Jack Dempsey back in his training ground today, development of the champion's speed to match that of Carpentier is the chief aim of his handlers. He will be called upon to do more boxing with smaller and lighter sparring partners. He weighed 198 pounds yesterday, according to Kearns. Manhasset, N. Y., June 17—Spectators were strictly excluded from the French fighter's camp today and Carpentier put in a hard day of real work under the supervision of his trainers. Bill Brennan, of Chicago, who was defeated by Dempsey, saw Carpentier work yesterday. He said: "Carpentier seems to be in splendid condition, and he is a neat boxer and fast on his feet. He seems to pack a good punch, but it does not appear to me that he will have much of a chance against Dempsey. If the world's champion lands one of his left hooks in Carpentier's stomach, it will settle the fight then and there. From Carpentier's boxing style I would say he is not a hard man to hit. Charles J. Harvey, manager of Plotts, English middleweight champion said: "If Dempsey is not in better condition on July 2, than he was in the bout with Brennan, I think the Frenchman will have a fine chance to win."

CHURCH UNION

Whitby, Ont., June 17—Rev. Dr. S. D. Chown, general superintendent of the Methodist church of Canada, addressing the Bay of Quinte Methodist conference last night, said that to wait for the Anglican church to unite would be to postpone organic union with the Presbyterian and Congregational churches indefinitely, while the Methodist church was ready, with open hands, to receive any proposals looking toward union with the Anglican church.

SYNOD CANON

RE DIVORCE

Nelson, B. C., June 17—The 16th annual Anglican synod of the Kootenay diocese yesterday passed an amended canon under which clergy in the diocese will be forbidden to officiate at the marriage of a divorced person whose divorcee spouse is still alive. The previous reading of the canon was construed by some clergy merely to declare them from reading the Anglican marriage service in such cases. Reports of depletion of Mexican oil fields were described as "absurd and unfounded" last night by the Mexican government.

JAS. L. LAWSON IS SERIOUSLY HURT IN MILL

James L. Lawson, son of David Lawson, of Fairville, was the victim of a very painful accident at Richibucto on Wednesday evening. He is foreman in the lumber mill of J. D. Irving, Ltd., and about six o'clock was fixing a belt on pulley. He was using a piece of board to assist him and the board became caught in the pulley, which was in motion. The board flew around striking him several times in the abdomen, puncturing his bowels in four places. He was taken unconscious to the Moncton general hospital where an operation was performed. Yesterday Mr. Lawson was reported to be doing as well as could be expected, but there was danger of complications. Mr. Lawson is a brother of Robert Lawson, former policeman of Fairville, and also of William Lawson of Crown street. A son, Harry, resides in Albert street, and Mrs. George Chambers of High street, is a daughter. One son and one daughter also reside with Mr. Lawson at Burcouche. He has many friends in the city and vicinity, who will wish him a speedy recovery.

HOLIDAY RELIEF

John J. McVeigh, of the C. P. R. investigation staff, Montreal, arrived in the city today to relieve H. Catlow, inspector of the New Brunswick district, who is going on his vacation. Mr. McVeigh was formerly in charge of this district as acting inspector. He was accompanied by Mrs. McVeigh.

Your Tongue Can Tell! Heathmade Carbonated Ice Cream Is Super-Pure and Better! THE MINUTE you taste our Heathmade Carbonated Ice Cream you will distinguish a difference. Its new, fresher, cleaner, more flavory taste will make you exclaim: "Oh, how delicious!" You'll note a smoother texture, a keener fragrance, a more delicate type of ice cream than you ever tasted before. Carbonating does this and adds richness to the pure, selected ingredients used in manufacturing it. Heathmade Carbonated Ice Cream Is Better Not only is our Heathmade Carbonated Ice Cream nicer, but it is a better ice cream than we have ever been able to make before. This is due to the fact that it is frozen in a pure, sterile, germ-proof atmosphere. If you look at ice cream through a microscope you'll note an infinity of tiny bubbles, or cells, full of atmosphere all through the texture. This is what makes ice cream easy to eat; otherwise it would freeze hard, like ice. In ordinary ice cream these bubbles are full of common air. In other words, ice cream manufacturers may faithfully guard the absolute purity of all the elements that go into ice cream, then they add to it one element—air—which is never perfectly pure. For aeration we substitute carbonation, using nature's purest atmosphere. Best and Safest For the Children Children are the greatest consumers of ice cream. Let them eat all they want, because ice cream is the finest food in the world for growing young bodies. Heathmade Carbonated Ice Cream is always the PUREST and BEST. Ice cream is good food for growing youngsters, because it is made from the rich cream of milk which contains all the precious vitamins—the growth and health element of food. When you buy ice cream, whether you buy a dish at a soda fountain or in bulk for home use, insist that your dealer gives you our Heathmade Carbonated Ice Cream. He can get it for you if he hasn't it. ## HOSPITAL AID WILL NOT FURNISH THE EXTRA SUITE

Not Officially Notified, so Will Accept no Responsibility—Aid to Have Charge of Formal Opening of New Nurses' Home.

The furniture for the nurses' new home is all in readiness to be put in the building. At the meeting of the Women's Hospital Aid, held yesterday afternoon in the board of trade rooms, when Mrs. J. Boyle Travers presided, it was said that the building probably would not be taken over by the commissioners of the hospital for another fortnight and that the commissioners had said they would have the building thoroughly cleaned to meet the approval of the Women's Hospital Aid and would then render any assistance that the Aid might wish in having the furniture installed. The commissioners also were said to have asked the Aid to take full charge of the formal opening of the home. On motion it was decided not to furnish the sitting room of the dietician's suite and to ask the dealers if they would return the cash for the two extra suits of bedroom furniture which the making of the suite of rooms for the dietician had left on the hands of the committee.

The treasurer, Mrs. R. Dunoon Smith, reported \$12,600.82 in the furnishing fund; in the general fund receipts of \$5,738.65 and a balance of \$5,766.85, and in the flower fund \$1.01. For the cook book committee Mrs. Sims reported total receipts of \$291. Mrs. E. H. Carter, as convener of the visiting committee, gave an excellent report telling of the care given the individual patients. Mrs. A. W. Esley was appointed visiting convener for the next month.

Mrs. Moore, of the Salvation Army in making her farewell to the Aid, gave it high praise as a society which showed what splendid things women could do in co-operation. She extended a hearty welcome to any members at our future headquarters in Toronto and spoke of the garden party for which she had ar-

ganged, to assist in furnishing a bedroom in the nurses home in the name of the Salvation Army. Mrs. Mowry, for the Anglicans, reported nine members from Trinity and one from St. John (Stone) church; Mrs. J. H. Doody, for the Catholics, reported three members from the Cathedral parish, and for the Baptists, Mrs. T. H. Carter reported receipts of \$21 and thirty-nine members in the Germain Street Baptist church.

Mrs. E. A. Young spoke of the need for support for the fund for milk for needy mothers and children. It was reported that a special nurse had been given charge of the flower vases in the hospital which had been given by the Aid.

Miss Addy gave the report of the furnishings committee, saying that practically all the furniture for the new home was in the city and ready to be put in the building.

Mrs. E. A. Young gave a full and interesting account of the meeting with

the commissioners of the hospital and a committee from the Aid when the cleaning of the nurses home was under discussion. She said the commissioners would make a thorough inspection of the nurses' home before taking it over from the contractors to ascertain if everything was satisfactory and when it had been cleaned they would invite a committee from the Aid to inspect it for approval. The commissioners had heartily endorsed the work of the Aid for the home and had approved of the suggestion that the hospital also be thrown open for inspection by the public when the formal opening of the nurses' home takes place. They asked the Aid to take full charge of the formal opening of the nurses' home. The commissioners had said it would be necessary to have the rooms in the home numbered and had asked the Aid to assume this charge and also asked if the Aid would give a new Chase doll for demonstrations and buy the fittings for the bathrooms.

Miss Addy told of Mrs. J. V. McLellan, representing the hospital commissioners, having spoken with the furnishings committee regarding the purchasing of fittings for the bathrooms and of fly-screens and double windows for the nurses' home.

Miss Addy said that the Aid had not anticipated the request for bathroom fixtures, double windows and fly-screens and had no funds for the purpose.

On motion it was decided to get numbers for the doors of the home and to have them correspond with the name plates. Mrs. J. Boyle Travers, Mrs. R. Dunoon Smith and Miss Addy were appointed a committee to inspect the home after it had been cleaned.

Miss Addy spoke of the fact that the making of the dietician's suite, of which the Aid had been given no information, had done away with two bedrooms and that in consequence, the Aid had two extra bedroom suites and there was no furniture for the sitting room in the suite. A motion by Mrs. Young, seconded by Mrs. Carter, to exchange the bedroom suite for the sitting room furniture was lost by a vote of six to five, many present not voting. Mrs. M. Bohan's motion that the dealer be asked to give cash for the two bedroom suites carried.

Mrs. Young tendered her resignation as convener of the committee for the Hospital Cook Book and it was accepted regretfully. The appointment of her successor was left till the next meeting. Mrs. Sims consenting to take charge in the meantime.

Mrs. A. J. Mulcahy exhibited the patterns of the name plates for the doors in the nurses' home which were heartily approved.

## U. S. GOVERNMENT AGAIN IN CHARGE OF SEIZED GUNS

New York, June 16—Ownership of the 495 machine guns and the hundreds of spare parts seized yesterday by customs officials after they were found secreted on the steamship *Estabide* and presumed to have been destined for Ireland, is still a subject of investigation by government officials. The guns which the agency of a federal warrant of detention, were restored today to the possession of customs officials from whom they were taken on a search and seizure warrant by the Hoboken police.

## ALBERTA FARMER ADMITS MURDERS

(Canadian Press Despatch.)  
Calgary, Alta., June 16—A charge of murder will be laid against Joseph Rutledge, Innisfail farmer, as a result of the coroner's inquest into the fire which destroyed his farm home, six miles east of Innisfail, and burned to death his wife and four children. The verdict returned by the jury declared that the woman and her children had met death in a fire set by Rutledge.

Rutledge confessed to the jury that he entered into an agreement with his wife to kill the children, then commit suicide, because of immoral conditions in the home. He lost his nerve after setting the place afire when his family were in bed, and seizing one of the children, made his escape. Miss Shaw, sister of the dead woman, is being held as a material witness in the case. Rutledge is suffering from severe burns.

## CLERGY DECLINE STIPEND RAISE

(Canadian Press Despatch.)  
Winnipeg, June 16—Voting to stand by their parishioners for better or worse in what they believed will be a period of after-the-war reaction the Anglican clergy of the Diocese of Rupert's Land, assembled in synod here today, refused to grant themselves an increase in stipend. A recommendation brought in by the committee on the archbishop's charges, suggesting a minimum of \$1,500 for a married clergyman and \$1,500 for a single man, was defeated. The salary situation, it was decided, will remain as it is at present, with no set minimum. A clergyman in the country districts receives about \$1,500 annually.

## SYDNEY COUNCIL REJECTS RIDEOUT

Sydney, N.S., June 16—Disregarding the resolutions passed by the I. O. O. F., the League of the Cross of the Loyal Orange Association, the Women's Christian Temperance Union and other organizations, and a petition circulated today and signed by over 5,000 ratepayers of Sydney, the city council tonight threw out the application of George R. Rideout, formerly of Moncton, for re-appointment as Nova Scotia Temperance Act inspector and appointed Ald. Amos Martin in his place. A public indignation meeting has been called for Friday next.

## SHOPS TO CLOSE

Montreal, June 16—The shops of the Grand Railway at Point St. Charles will close from the night of June 23 to the morning of July 4, it was announced this afternoon by the railroad.

**AIR BOARD MEETING.**  
A. E. Stephenson will leave on Saturday evening for Camp Borden, to attend a conference of the Canadian Air Force Association. Representatives from all branches of the association in Canada will attend the meeting. The grant from the dominion government for flying purposes has been greatly reduced this year, and one of the questions which the conference will have to consider will be ways and means of continuing the work on the present scale. The maritime branch of the association will be represented by Mr. Stephenson of St. John; H. R. Stewart of Charlottetown, secretary of the maritime branch; W. H. Dennis of the Halifax Herald, and Captains White and Logan, maritime men, who are on the permanent staff at Camp Borden.

## TRIPLE-SERVICE

(ECONOMIC - HYGIENIC - STYLE)

# Makes Nemo Corsets Indispensable

The Meaning of Nemo Corset Service  
MILLIONS OF WOMEN DEPEND ON IT

Nemo Corsets comprise many hygienic features of great scientific value and are divided into three distinct services:

- Hygienic Service--Style Service--Economic Service**

Their Hygienic Service has become invaluable and indispensable from a humanitarian and health point of view. The medical profession fully recognizes its preventive and curative qualities.

Their Style Service is necessarily different from that furnished by other corsets. The scientific and hygienic results can be obtained only when Nemo Corsets fit the figure accurately, comfortably and properly.

Their Economic Service, on which the first two depend represents the long-wearing qualities of Nemo Corsets. No amount of ingenuity in conceiving these valuable inventions would avail if the corsets themselves were not extremely durable. Their intrinsic value production cost of the corsets is based exclusively on the themselves. Their Hygienic more than the corsets are Features, although worth much given entirely free.

## A NEW BRUNSWICK REFERENDUM CALL

Ottawa, June 16—Ontario will go dry on July 18, according to the present plans of the government next Saturday's

Canada Gazette is intended to carry the order-in-council proclaiming that Ontario shall go dry thirty days later.

The same number of the Gazette is to carry a proclamation giving the secretary of state power to call for a referendum in New Brunswick under the Canada Temperance Act.

Another proclamation will give the secretary of state power to set a date for a plebiscite to be taken in the city of Quebec on local option, which obtains in that city and which the local government wishes to get rid of so that its law can function unimpeded. The voters of the city of Quebec made petition for this poll.

Dr. Barnardo's Homes are making their annual appeal for half-crowns for Founder's Day Food Bill Fund in connection with their anniversary which will be celebrated on Saturday, 25 June, at the Model Village for Girl Barking, Essex.

**MALNUTRITION  
AMONG THE RICH**

Percentage Larger Than of Poor Children—Dr. Veeder Blames it on Craze of Keeping Up With the Crowd.

(Boston Globe)  
Many children in this country are suffering from malnutrition, "not because they lack the proper amount of correct food, but because of the complexity of modern life," according to statements by Dr. Borden S. Veeder of St. Louis at the meeting in Convention Hall yesterday afternoon of the section on causes of children of the American Medical Association. Furthermore, he declared, the number of children so suffering is considerably larger among the "sons of wealthy parents than among the children of the poor."  
"The importance of rest and relaxation is not thoroughly understood," he said, "by either nutrition workers themselves, teachers or parents, and there is much need of propaganda in this matter as there is in the matter of good clothes, proper food and similar things."  
The amount of sleep a child gets, he continued, has much to do with malnutrition, but is an individual concern and cannot be tabulated in a set table. There should be a minimum, however, he remarked, and "in the treatment of my patients I require a minimum of 12 hours of sleep for children one to two years of age; 12 hours for children two to four; 11 for those four to six; 10 for those six to ten, and nine for those 10 to 14."  
Dr. Veeder's paper followed one by Dr. Frank D. Dickson of Kansas City on "The Relation of Posture to the Health of the Child," in which Dr. Dickson had stressed the ill-effects of incorrect posture, and had outlined methods used by him in correcting those defects. Aside from corrective efforts through the use of apparatus, exercise and balancing of shoes, he pointed out the need of gaining co-operation of parents and teachers.  
Warm discussion followed the two papers, Dr. Fritz B. Talbot of Boston agreed in the emphasis placed on "the vicious circle of fatigue and posture," but urged that physicians "do not get carried away with enthusiasm for correcting postures when there may be need of surgical operations back of them."  
"The children inherently have poor postures," asserted Dr. C. F. Wahrer of Fort Madison, Ia. "I would like to say that the fault lies with the parents, but then the parents have never been taught any better. We must inform the public, and especially the parents, that they must correct the postures of their children. If you're told 'it's none of your damn business,' go right ahead anyway."

anyway."  
Here Dr. Wahrer delighted the large audience with graphic mimicry of the postures of "young women nowadays," and of others. "This posture like an old hay wagon and waddling like a duck won't do, he declared. "This palmaristic old Government must take the matter up. It makes a lot of difference—the difference between us and our brother, the ox. Let us continue at the work and hope that we can bring a change for the better."  
Dr. John A. Foote of Washington urged the importance of nutrition in correcting defects, pointing out that the necessity of proper food is always present. Dr. C. H. Johnston of Grand Rapids, Mich., re-emphasized Dr. Veeder's statement that malnutrition occurs more often among wealthy children than among poor.  
"Textbooks teach us," he said, "that poverty, malnutrition and tuberculosis go hand in hand, but I have found in tests in Grand Rapids that malnutrition is much more common among the rich. Among a certain number of rich children examined 40 per cent showed malnutrition, while among the poor only a little over 20 per cent showed it."  
The nutrition of children must be the fundamental consideration in the treatment of fatigue and faulty posture, added Dr. Sherbin, a woman member of the Kansas State Board of Health.  
"A child has to have healthy muscles before he can lift himself into a correct position," she continued. "There are many other causes of bad posture which haven't been mentioned here."  
"Parents are everlastingly tying their infants in the cradle instead of letting them play as they should; then there are wrong clothes, and there are rooms without any chairs for the child to sit down in, so that he has to stoop over on the floor when he reads and plays."  
"You give him a kiddie-car to run about with and develop his legs, but provide nothing for him to develop his arms with."  
Dr. E. J. Huenekens of Minneapolis asserted that much malnutrition and incorrect posture is due to faulty home environment, where too often, he said, "you find a neurotic atmosphere."  
Dr. Veeder closed the discussion by stating that he recognizes the presence of many other important factors in the matter of malnutrition, but that he believes "this fatigue which is so hard to define and which is not caused by the accepted factors of over-work, over-play or over-exercise," has not been emphasized enough.  
A paper showing the incidence of heart disease among 246 school children in the lower East Side of New York city and the effects of curative exercise, nutrition and other methods of treatment, was read by Dr. Robert H. Halsey of New York. Dr. Frank C. Neff of Kansas City, chairman of the section, presided.

REDUCED PRICES FOR COAL IN CALGARY

Calgary, June 17.—Thrifty householders who wish to take advantage of the summer price on coal, will find it to their advantage to stock up before July 15. The Retail Coal Dealers' Association, in consequence of the ten per cent reduction in freight rates on coal for the summer months, are now selling lump coal at \$10.25 a ton to July 15, and \$10.50 a ton from July 15 to August 15, with an allowance of twenty-five cents a ton off two tons or more. Last winter's price was \$11.85 a ton.

IMPERIAL OIL SENDS CREW TO NEW FIELD

Edmonton, Alta., June 17.—The Imperial Oil Company's drilling crew for the season's operations at Fort Norman, left the city yesterday going by way of eight tool dressers, four rig builders and four cooks in the party, with A. W. Harris in charge. Headquarters for this season's work will be on Bear Island opposite the site of the present well.

HEAVYWEIGHTS OF OTHER DAYS

Stanley Ketchel

Anybody who wasn't afraid of Jack Johnson and who packed a stinking wallop in either flat was known as a winner after the Texas Free fight became the first important white hope to tackle Ketchel when he was champion of the world. Johnson was Stanley Ketchel's middleweight triumph had been among middleweights.

He was no match for the powerful Johnson who knocked him out in twenty rounds at Colby to see him. Ketchel weighed only 177 pounds, while Johnson's total displacement was 198 pounds.

Only once in the twelve rounds was there an opportunity for the Michigan fighter to win. This was just a moment before the finish when Ketchel sent the champion to the floor with a left swing to the jaw. Johnson toppled over on his back and made several attempts to rise before he succeeded. Whether he was purposely staying down for a rest no one ever learned.

Seeing that Johnson appeared dazed, Ketchel rushed at the negro as soon as he arose. Johnson calmly awaited the attack and jammed a right and then a left against the challenger's jaw. These terrific blows not only sent Ketchel sprawling on his back, but their force overbalanced Johnson and he, too, fell down. Both men were on the floor when the referee began calling the seconds. Johnson got up, but Ketchel remained prostrate and was counted out.

NOVEL ADVERTISING. London, May 31.—(A. P. by mail).—A new departure in government transactions is the disposal, for a cash consideration, of advertising space on census papers; a proceeding which the official mind would formerly have looked upon with horror.

Even now, a proposal of an enterprising advertising agency to pay the government \$1,000 for the use of the backs of 11,000,000 forms to be used in the forthcoming national census, was at first summarily rejected by Dr. Christopher Addison, the health minister.

Sir Alfred Mond, first commissioner of works, and a keen business man, saw the advantage of drawing revenue from this source and persuaded the minister to consent to the innovation.

Some time ago, the same advertising firm offered \$250,000 for the use of empty space on ration books; but the authorities would not listen to the proposal.

ENGAGEMENTS. Mrs. J. H. McKim, of 139 Bridge street, has announced the engagement of her daughter, Jennie Katherine, to James Thompson Mavor, of Fredericton, the wedding to take place on Wednesday, July 6.

CARPENTER AN UNUSUAL BOXER. In Temperament and Intelligence He Outclasses Other Heavyweight Aspirants—Has Lots of Ring Courage.

New York, June 17—Georges Carpentier, challenger of Jack Dempsey, is one of the most unusual boxers who ever competed for the heavyweight championship. In temperament and intelligence, there has been none like him among aspirants for heavyweight honors. He will be outwitted by Dempsey when they clash. Other physical measurements may also appear to be to the disadvantage of the Frenchman but the essential item of courage is not included in these shortcomings.

Carpentier, born in the coal mining district of Lens, France, fought as a youngster of 12 years and progressed steadily through the various weight classes, meeting the best boxers of France, England and America until he now stands near the pinnacle in pugilistic sport.

A survey of the opponents Carpentier has met in the ring and sketches of several battles in which he retired from a count of nine to out-point or knock out his rivals in subsequent rounds convinced one of his ring courage. He has fought among others, Joe Jeannette, Frank Klaus, Billy Papke, Jeff Smith, Harry Lewis, Bombardier Wells, Joe Beckett and Gunboat Smith. Some of his fights with Frank Klaus and Billy Papke when he was only 18 are declared to have been the most grilling in his career. In victory, or defeat throughout his ring campaign, Carpentier has been guided by Francois Deschamps toward the heavyweight championship goal which he will endeavor to reach at Boyle's Thirty Acres in Jersey City on July 2. The list of opponents Carpentier has met is more impressive than that of Jack Dempsey's rivals. In ring experience, Carpentier is by far the older.

The first battle with Bombardier Wells at Ghent is declared to have been one of the most impressive exhibitions of courage by the young Frenchman, who carried out to the limit, and was back to back in the first round, to come back and knock out his opponent in the fourth. Before they met the second time, he predicted that Wells might last one round but the Englishman was knocked out in less than one minute.

Harry Lewis, in the fourth round of a bout, broke two bones in his right hand hitting Carpentier on the cheek back with a smash that cut a deep gash under the eye. Carpentier came back to outpoint Lewis in 20 rounds. When he lost a 15-round contest to Joe Jeannette, Carpentier was sent to the stay and dropped the negro twice for a count of nine.

But this anomaly of the boxing game has done his most important fighting outside the ring. The cockpit of an army combat plane has seen his most thrilling engagements and greatest demonstration of courage. Cited for heroism several times in the world war, Carpentier wears the Croix de Guerre and Military Medal, of all decorations, the most prized by the French soldier.

Comrade of the French aviators, he was watched his thousands of feet in the air attacking an enemy or swooping down to the ground to land. He was a member of the German anti-aircraft gun crew that made a sieve of his plane. Often they say, they mournfully uttered good-bye to the youth who had seen him in the west when they saw him in the east, smiling the smile that spectators at Jersey City undoubtedly will see when he enters the ring to meet Dempsey.

BRITISH CAPITAL FOR AUSTRALIAN BUSINESS. Melbourne, June 17.—(By Canadian Press.)—The movement of British capital into Australian manufacturing industries continues. Speaking in Sydney recently, the federal treasurer stated that not less than £100,000,000 sterling of new capital, Australian and British, is proposed to be spent in new enterprises in Australia. From March 22, 1920, to February 22, 1921, he said that twenty-two new enterprises or extensions of old ones had been registered with a capital of £2,500,000 sterling half of this amount being for woolen and knitting factories. A large number of foreign (not British) companies are awaiting action on their application for permission to register, which has been held up under the war precautions act. The aggregate capital of these applicants, according to the federal treasurer, is £20,000,000 sterling. Regulations have now been issued under the amended war precautions act, and several applicants have been permitted to register.

CONTROL OF LUNG DISEASES NEXT STEP IN MEDICINE. In medicine, what next? Today's need is not more knowledge of cholera, typhoid, dysentery, bubonic plague, or the dread diseases that have decimated past armies and civilizations. According to Dr. George W. McCoy, director of the Hygienic Laboratory of the United States Public Health Service, the next step in investigative medicine that scientists are striving to take is to learn the nature and control of the so-called respiratory diseases, such as influenza, pneumonia, tuberculosis, and meningitis. "I had \$20,000 for medical research. I believe it would be used to study these diseases," Dr. McCoy said when questioned. "Perhaps," he added, "the money could be used more beneficially to spread the medical knowledge we already have and don't apply."

Relatively little is known about these diseases that the doctors assume are air-carried and that are therefore labelled "respiratory." In most cases it is not known in what manner or at what stage of the disease they are spread. Dr. McCoy illustrates this by a story. During the influenza epidemic that swept the country in the winter of 1918-19 intensive tests were planned in an attempt to discover the nature of the disease. Two groups of doctors and volunteer subjects went into isolation, one party in Boston, the other in San Francisco. All possible precautions were taken to make the tests successful. Infected food and other material from the besides of influenza sufferers were taken to the men who were willing to risk their lives to gain scientific knowledge. Days passed. ### A Threat to Stop World Title Bout

(Canadian Press Despatch.) Hackensack, N. J., June 16.—A threat that there would be no Dempsey-Carpentier fight in Jersey City on July 2 if the New Jersey boxing commission could not have the privilege of naming the referee, was made tonight by Commissioner Doherty at a dinner to Charles J. Lyons, another member of the commission.

### BANKER SENTENCED TO STATE PRISON

Ossipee, N.B., June 16.—Harry P. Brown, former president of the Conway National Bank of North Conway, has been found guilty of embezzling bonds. He was sentenced to serve three years in the state prison. Brown appealed.

### OGARITE WON IN KINDERGARTEN AT BLUE BONNETS

Horse Owned by J. K. L. Ross Also Gave Further Evidence of Ability.

(Montreal Gazette) Under conditions that favored smart racing and a large gathering, the spring meeting of the Montreal Jockey Club was ushered in at the course at Blue Bonnets yesterday afternoon. The offering was the first under the new management and board of directors of the club, and was featured by the annual renewal of the Kindergarten stakes, fashioned for two-year-olds over a distance of five furlongs. Blue Bonnets never looked as well as for this meeting, and the numerous improvements made to the plant were not only surprising, but added to

the accommodation and comfort of the attendance. Assisted by fast footing, the horses ran close to the track records in some of the events, while the public was given almost an even break, as three events were won by well-supported first choices and one by a second choice, the other events going to outsiders. Baby Grand, owned by K. L. Ross, was the shortest priced horse of the afternoon. Baby Grand paid 1 to 3, while the best price was returned in the mutuels on Kool-Noor, winner of the sixth race. Lythe-L-Noor returned \$28.75 for a \$2 ticket. The next longest price was that on Ettahe, winner of the seventh race, which returned \$20 for a \$2 ticket.

Ogarite Beat Good Lot. Ogarite, one of the entry from the stable of J. H. Louchheim, won the renewal of the Kindergarten stakes, the feature of the afternoon. Ogarite was well away from the barrier after a long delay caused by one of the Nevada Stock Farm entry. She was taken back off the pace and ran under restraint for the first part of the trip of five furlongs. Walls, who had the mount, gave the filly her head rounding the far turn and was soon on equal terms with Wolf's Cry, the pacemaker. When the field straightened away in the stretch, Wolf's Cry and Ogarite were running almost head and head, with the winner showing more gameness than her rival.

At the eighth pole Wolf's Cry was finished and Ogarite poked her nose in front to win by that margin under one of the most grueling drives of the afternoon. Wolf's Cry lasted long enough to be second over Quick Run, which was third by two lengths. De-vonite, the other of the Louchheim entry, closed stoutly after trailing the field in the early stages. Col. Chile, which has run several smart races since coming to Montreal, was beaten off and out-classed.

The running of the first steeplechase of the season, in Montreal, brought about a finish that has seldom been surpassed in flat racing. The first and second horses ran the last half-mile of the two-mile journey heads apart, Lythe leading the decision by a head. This race was one of the most interesting steeplechases witnessed in Montreal in a number of years. The horses stood off the call and ran well bunched until Butcher Boy fell at the twelfth fence. The horses alternated as leaders and forced a fast pace throughout. Lythe fences in a bolder fashion than his opposition and showed just as much speed on the flat.

Redstart, the locally owned horse, ran a good race. He was making his first start over the jumps and did not take the obstacles as well as in schooling. Borgun rode in rather timid style at some of the jumps, which detracted from the horse's chances after he had outrun his opposition between the fences. Redstart gives promise of being one of the best leppers of this summer.

Ran True to Form. Baby Grand, the colt hat cost J. K. L. Ross \$25,000 a year ago as a two-year-old, showed himself a real race horse when he won the fifth race, a purse event fashioned for three-year-olds and up. Baby Grand was soon in his stride and rated along by Grunisen going the first half-mile. The horse stood off several determined challenges on the back stretch without any effort and, when given his head in the run through the home stretch, drew away to win by over a length. Grunisen rode a well-judged race and had his mount well in hand at the finish.

### JACK DEMPSEY TRAINING AGAIN

Atlantic City, N. J., June 16.—After a lay-off of four days, Jack Dempsey resumed his full training programme today and boxed for the first time since he had his left eye ripped open a week ago last Sunday. The champion toiled for forty minutes under a blazing sun and on the hot canvas of his outdoor arena under such conditions as may prevail when he faces Georges Carpentier in Jersey City on July 2.

After tugging at the pulleys for two rounds and shadow boxing for three, Dempsey boxed four rounds, two each with Irish Patsy Cline, a Philadelphia lightweight, and Babe Herman, the California featherweight.

Dempsey, who usually boxes with his head unprotected, appeared in the ring wearing a headguard and a thick padding under it to protect the healing wound over his eye. Cline faced the champion for the first two rounds and was badly shaken up a couple of times with left hooks.

Herman, who was used for speed,

forced the champion to display the dash and speed of a much lighter man. Carpentier's Exhibitions.

Manhasset, N. Y., June 16.—Georges Carpentier permitted Joe Jeanette, negro heavyweight, to beat a tattoo on his abdomen during a workout for newspapermen this afternoon. Manager Deschamps explained that some newspaper light critics had questioned the challenger's ability to assimilate punish-

ment in the body and this was the answer.

The performance came after Georges had worked four fast rounds, one each with Marcel Denys, French lightweight; Paul Journee, French heavyweight; Italian Joe Gans, middleweight and Jeanette. The challenger was in good spirits, occasionally joking with his opponents and seeming to enjoy the work as a boy does at a Sunday school picnic.

After his regular turn was ended, Jeanette, who had been perfecting the Frenchman in defensive tactics, was recalled. There was no defense in evidence today. Carpentier seemed willing to pound and be pounded. Towards the close of this second session with Jeanette Carpentier raised his arms above his head and the negro then pummeled his body. Georges seemed to absorb the blows very well.

### STOLE \$50,000,000 IN TWELVE MONTHS

Washington, June 16.—Insurance officials reported today that robberies of commodities, including silks, furs, gams and cotton goods, within a radii of two hundred miles of New York et had totalled \$50,000,000 in the last year. Of this, \$6,000,000 had been recovered.

**Atlantics Defeat Royals.**  
The Atlantic Sugar Refinery team defeated the Royals in the South End League last evening by a score of 10 to 6. Diggs was on the mound for the Royals and pitched good ball, while Tory pitched for the winners. The game was witnessed by a fair-sized gathering of fans.

Y. M. H. A. Blank Wolves.  
The Y. M. H. A. team did the unexpected last evening when they shut out the Wolves, leaders of the Inter-society intermediate league, by a score of 2 to 0. The game went nine full innings and was one of the best played this season. The game was featured by splendid catches, which shut off rally after rally. The game was played on the east end diamond and was witnessed by a large number.

**St. Rose's Win.**

**Rothsay Won**  
In a well contested and interesting game of baseball on the Rothsay diamond last evening, the home team defeated the Fair Vale nine by a score of 3 to 2. The contest was watched by a large number of spectators. Darrah and McCleary were between the points for the Rothsay aggregation while the Higgins brothers—Ned and Jack—formed the battery for the visitors. There exists a keen rivalry between these two teams and some stirring games are anticipated during the summer season.

**Audacious' Record.**  
New York, June 17.—(By Canadian Press.)—The success of the Foreign Stables' racing sensation, Audacious, is causing a great deal of comment among United States track enthusiasts. The horse is owned by Mrs. W. Viau, wife of the late Wilfred Viau of Montreal. Audacious clipped a fifth of a second from Man o' War's record for the mile in winning the Mineola handicap at Belmont Park, June 1. The new record is 1:35 3-5. This feat astounded track experts, but Audacious proved he was a real stake horse when three days later in the Suburban handicap, at a mile and a quarter, he beat Mad Matter in the sensational time of 2:02 4-5. Audacious is a five-year-old.

It is hoped here that Louis Fehat's plans to have Man o' War return to the track will receive the endorsement of the owners. Racing folks would like to know what the big horse could do over the Belmont track, which is at its fastest now owing to the continued drought of the early summer.

Mrs. Viau in producing Audacious is

Minister to the United States Makes Suggestion.

An Interchange of Clerks in Business Houses is Advocated—Urges Study of the Spanish Language.

The following is an extract of an address delivered by Julio Bianchi, minister of Guatemala to the United States, at a luncheon of the Foreign Trade Club at the Emerson Hotel, Baltimore, Md., May 9.

I addressed you in Spanish to demonstrate to you the plight of the Spanish-speaking business man who comes to the United States. I believe that not more than one in ten of you understood what I said in Spanish. Not more than one in 100 business men in the United States is able to understand the visiting merchant who speaks only Spanish.

There is a language barrier between the two great sections of our continent, and we must exert every effort to batter down this barrier by increasing the use of English in Latin America and the use of Spanish in the United States.

In Guatemala the teaching of English begins in the class that corresponds to the fourth grade in the public schools of the United States and continues until the third year in college.

The pupil is supposed to have a working knowledge of English, having studied it three to six hours a week for eight years. The pupil has memorized many sentences, very long and tiresome.

But we must continue our present method until we procure a better method. I think that the proper way to procure a better method is to organize a society or league to promote the study of Spanish in the United States and the study of English in Latin America.

I have lived in Latin America most of my life. I am one of the vast number of people who have tried to buy goods from firms in the United States and have finally given up hope of being able to transact business with your fellow business men in a way satisfactory to me.

I wish to call your attention to the fact that 'catalogue English' is not understood in Latin America. Take a catalogue of one of your mail order houses seeking Latin American trade, and turn to the section describing stockings, for instance.

Perhaps the description will say that the stockings are woven with the finest John, Peter or Harry thread. Maybe there is no hint as to the material of which the stockings are made.

My business has been better than ever this season on account of the superior values I have been showing—consequently, my stocks were beginning to get low—thus allowing me to take advantage of this big opportunity—with the knowledge that the public will take them away quickly at these prices.

The fabrics and models comprising the very choicest this season has presented will especially appeal to men who are accustomed to paying the highest prices for their clothes. You will see here, THE GREATEST VALUES EVER OFFERED—ANYWHERE—ANY TIME!

where it takes four months to get the stockings, where there are no banking facilities and no parcel post, the catalogue, as I know it, is virtually worthless.

I believe your trade organizations can do wonders for your foreign trade firms by creating some sort of standard descriptions for goods sold through catalogues, so that the buyer may tell at a glance just what is offered for sale in the catalogue.

I feel that I am preaching to the converted. All of you know the situation. The fact of my presence here today indicates that you realize the need of some action and are seeking information on which to base action.

Within a few years, by such an exchange, a foreign trade firm of Baltimore would have at work here in this city a staff of clerks well trained in the languages, customs, ideals and business methods of all Latin America.

ERRING HUSBANDS ARE MADE PAY UP

That during the last year two million dollars was paid by recalcitrant husbands into the alimony bureau, established in connection with the New York Court of Domestic Relations, was the statement made by Judge Jean Norris of that court, in addressing the dinner given at the King Edward on Saturday night last, by the Toronto branch of the Catholic Women's League of Canada, in honor of the delegates to the league's first annual convention.

Ninety per cent. of those coming before her in the Domestic Relations Court, said the judge, were alienated husbands leaving wives and families in the old land, marry American wives. The real wife is brought over, by some relative, perhaps, and there is the problem of the two wives and the two sets of children to consider.

Continuing on the subject of conjugal infidelity, the speaker declared her views thus: "I'm old fashioned enough to believe that a woman should take care of her home and family. I tell her it is not her business to go out and get a job, but to have her husband's meals ready."

Speaking of her experiences with the young girls with which she comes in contact, Judge Norris declared that in New York incorrigibility among girls is increasing alarmingly.
