SOME 70 CASES OF FLU REPORTED AT RILEY BROOK (Special to The Times.) Fredericton, N. B., April 22—The department of health has been informed of about seventy cases of influenza at Riley Brook, Victoria county. Some cases were reported from that place a few days ago.

WEATHER REPORT Issued by authority of the Department of Marine and Fisheries, R. F. Stewart, director of meteorological service.

BRITISH FOOTBALL. London, April 22—(Canadian Associated Press)—Results in the Scottish league games played yesterday were: Queens Park 2, Albion 1; Kilmarnock 0, Aberdeen 3; Dundee 2, Morton 0; Hibernian 1, Rangers 1. In the Welsh Association Cup final, Cardiff defeated Wrexham by 2 to 1.

MILLS STARTING Stetson and Cutler's "big mill" at Inglewood and that at Pleasant Point will resume operations for the summer season on Saturday next. The Pokok mill will start on Monday. Murray and Grey's mill is scheduled to resume this morning. Nearly 600 men are concerned in the operations of these plants.

ICE DOES DAMAGE AT MILLIDGEVILLE Yachtsmen visiting their boats at Millidgeville yesterday found that some of the larger cakes of ice drifting out during the last few days had done a little damage to the old clubhouse. It had carried away one of the pillars, causing one corner of the clubhouse to sink but aside from this little damage no serious damage occurred.

E. S. CARTER NAILS A FALSE STORY

And His Critics Had Not a Word to Say—Want Better Office in London. Fredericton, April 22—(Special)—A fair example of a certain style of opposition criticism was shown up at the meeting of the public accounts committee this morning. Several days ago an opposition paper's report of the committee proceeding contained the statement that the accounts showed that E. S. Carter secured \$7,000 last year from the Valley Railway, and yesterday it was similarly announced that Mr. Carter had been paid \$7,000 for his services. A letter from Mr. Carter, in which he drew attention to the fact that his total receipts from the province last year were \$2,500 as secretary of the Valley Railway, and also that he neither asked nor received a cent for his services as road inspector, was read. The communication was received in silence by the opposition members, who made no effort to support the allegations which had been made through their press.

THE EVENING TIMES AND STAR, ST. JOHN, N. B., THURSDAY, APRIL 22, 1920

REPORT ON EMPLOYMENT

Some Figures That Are of Interest to the Maritime Provinces.

The employment service of the department of labor report that returns from the dominion and provincial offices of the employment service of Canada for the week ended April 3 show a decrease in placements as compared with the returns of the preceding week. The ninety-four offices reported that they had referred 7,786 persons to regular positions and that 6,747 of these were placed. This represents a decrease of forty-six as compared with the returns of the previous week when 7,832 persons received employment, and an increase of 553 as compared with the returns of March 20. The decline for this week may be largely attributed to the effects of the holiday season. In addition, 1,946 casual jobs were supplied as compared with 1,698 during the week ended March 27. Placements were reported by provinces as follows:

Prince Edward Island	12
Nova Scotia	87
New Brunswick	219
Quebec	600
Ontario	2,399
Manitoba	820
Saskatchewan	904
Alberta	720
British Columbia	1,113

During the week 8,879 applicants were registered, of whom 5,183 were men and 3,696 were women. This represents a decrease of 783 applications when compared with 9,662 applicants of the preceding week. The number of vacancies notified by employers totalled 9,085 of which 7,775 were for men and 1,310 were for women. When compared with the 9,705 vacancies of the preceding week, a decrease of 620 is shown. The number of applicants remaining unplaced at the end of the week totalled 23,886, while the number of vacancies remaining unfilled was 12,122. This compares with 23,888 unplaced applicants and 11,941 unfilled vacancies at the end of the week of March 27. Of the placements in regular employment 6,265 were men and 482 were women workers. The number of ex-service men reported as placed was 3,810.

Of the placements in regular employment twelve were reported by Prince Edward Island offices, one of which was in another province, as compared with seventeen during the previous week; eighty-seven by Nova Scotia offices, seventy-eight within the province and nine in another province as compared with a total of 138 during the preceding week; 212 by New Brunswick offices, four of which were in another province, as compared with a total of 162 the previous week. Placements reported by Quebec offices totalled 600, of which 584 were in the province and sixteen in other provinces, as compared with 674 the preceding week. Ontario offices reported 2,299 placements, 2,278 within the province and twenty-one in other provinces; this compares with the total of 2,437 placements during the week preceding. The western provinces reported placements as follows: 800 by Manitoba of

OMAR, THE COOK

(The Squeeze.)
The Moving Finger writes; and having writ,
Moves on; nor all your Piety nor Wit
Can prove us false, in cooking, if we use
Star Flour—it's the greatest blend for it.

Oh, those, who didst with substitutes fall in,
The road beset with boastfulness so thin
Should re-awake, and see that they no more
Avoid the very best that's ever been.

see, 688 within the province and 115 in other provinces as compared with 999 the preceding week; 904 by Saskatchewan offices, 879 within the province and thirty-one in other provinces as compared with a total of 619 the previous week; 790 by Alberta offices, 698 within the province and ninety-two in other provinces as compared with a total of 780 the week preceding. British Columbia offices reported 1,113 placements, 1,087 of which were within the province and twenty-six in other provinces as compared with a total of 1,292 during the week ended March 27.

ALL BIRMINGHAM, ALA., IN OVERALLS

City Officials, Judges, Bankers, Doctors and Lawyers Don Anti-Profitteering Garb — Women in Calico Gingham.

Birmingham, Ala., April 17.—The lowly overall, yesterday supplanted the "pinchbeck" in Birmingham. Rainy weather, which sometimes blights many an important event, served only to fortify the wavering intentions of those who had resolved "to see what the other fellow did" before they donned denim themselves. The pledge to "put 'em on today" was generally kept. City commissioners functioned in denim. Judges applied the law in the same uniform, bankers, doctors, lawyers and merchants wore their overalls with an assurance which could only have been acquired after long practice before the mirror. Men in all walks of life mingled and cheered one another on the fight against the high cost of clothing. The women had quietly "organized" at home. Toward noon many appeared in dresses of calico and gingham and the variety of colors gave the downtown section the appearance of a carnival. Retail clothiers have advertised "bargain sales" in men's wear and lower price marks were observed in some of the store windows. The cost of overalls is 50c and there seems to be an unlimited supply. "I would rather pay \$5 for my overalls than \$50 for a suit," said Judge William E. Fort of the circuit court. "This movement is no joke. It will bring down the cost of clothing."

Headaches From Slight Colds
LAXATIVE BROMO QUININE Tablets relieve the Headache by curing the Cold. A tonic laxative and germ destroyer. Look for signature E. W. GROVE on box. 30c.

VIOLATED ROAD LAW.
Five men were summoned into Magistrate H. G. S. Adams' court at Brookville, last evening, on charges of violating the provincial road highways act, on complaint of Robert Crawford, provincial constable. J. A. Pugsley for using the Golden Grove road was fined ten dollars and costs, Kenneth MacKie appearing for him.

William Cooper was fined twenty dollars and costs for violating the law last Sunday. Neil McGuire and Frank Crowley were fined ten dollars each and costs for handling pills. A case against Fred Stevenson was dismissed.

The Slender Figure

Young Men's Spring Styles Give the Slender Effect

Every detail of high-class custom-tailoring method is observed in making these suits; the distinguishing fact about them is the way they're tailored. They offer young men an opportunity to express individuality in dress; the variety of fabrics, of colors, of patterns, of models affords a wide choice.

Coats a trifle longer, narrow shoulders, roll fronts, snug arm-scyes, new lapels, high waist-line. 20th Century produce them for us exclusively. We show also Bengard style and other makes.

Spring Suits and Overcoats, \$25 to \$70; specially featured at \$35 to \$60

ROTHESAY BOYS GIVE EXHIBITION

An excellent gymnastic display was given by seventy of the Rothesay Collegiate school boys in the Y. M. C. A. gymnasium yesterday afternoon and the wisdom of the innovation of holding this annual display of the Rothesay school in St. John was clearly shown. The gymnasium and gallery were filled to capacity, many more seeing the event than would have been the case in Rothesay, and all were greatly delighted with the splendid work of the boys, who had evidently made the most of their training and took great pride in their exercises and stunts. The display included apparatus work, drills and tumbling. Each of the three classes, seniors, intermediates and juniors, took part and all acquitted themselves well. Prizes for the year's work were presented to the boys by J. M. Robertson, B. Crease, of Amherst; for the intermediates, H. Nave, of St. John; and for the juniors, N. Flemings, of St. John. The instructor who has trained the boys with such success is Sergeant Richmond Dooe. An entrance fee was charged and a large sum was realized for the blind soldiers' fund.

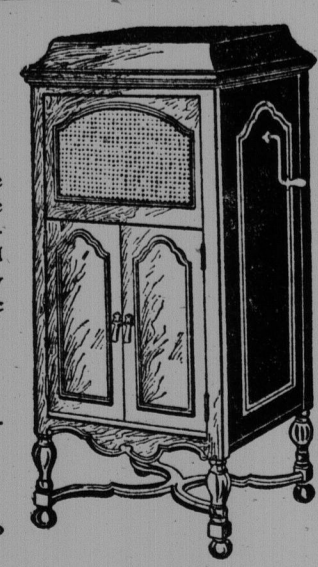

SEAMEN'S CONCERT

The hall at the Seamen's Institute was filled to capacity last night to hear those excellent entertainers, the Minnedosa party, in their farewell concert of the season. This is only their second visit to St. John, but they have already won a place for themselves in public favor that is enviable. The audience heartily applauded every number and most of the entertainers had to respond to encores, some of them two or three times. The commander, G. C. Evans, was in the chair and Mr. W. Haines proved an able accompanist. Those who participated were: W. Haines, W. Laing, H. Smith, R. J. Smith, F. Huxley, Stanley Jones, F. Roberts, J. Gemmell, J. Walker, S. Holson, G. Fletcher, F. Woods, C. Forshaw; accompanist, W. Haines.

A. P. Officers.
New York, April 21.—Frank B. Noyes of the Washington Star was re-elected president of the Associated Press at a meeting of the board of directors here today. Melville K. Stone was re-elected as secretary. He will also continue as general manager.

TENDER GUMS — A WARNING
Beware of gum tenderness that warns of Pyorrhea. Four out of five people over forty have Pyorrhea—many under forty also. Loosening teeth indicate Pyorrhea. Bleeding gums, too. Remember—these inflamed, bleeding gums act as so many doorways for disease germs to enter the system—infected the joints or tonsils—causing other ailments.
Forhan's positively prevents Pyorrhea, if used in time and used consistently. As it hardens the gums the teeth become firm.
Brush your teeth with Forhan's. It cleans the teeth scientifically—keeps them white and clean.
If gum-shrinkage has already set in, start using Forhan's and consult a dentist immediately for special treatment.
35c and 60c tubes in Canada and U. S. If your druggist cannot supply you, send us your direct and we will mail tube postpaid.

Quick Sale of Floor Covering at Everett's

Means a Saving of Nearly 25 p. c.

Freight congestion and slow movement of orders from the manufacturing centres have created a situation extremely favorable to the people of St. John at this time.

We mean as regards floor covering sold in this store.

On top of an already overstocked warehouse comes an extra large order of floor covering and, frankly, we haven't the space to accommodate.

So we are going to offer certain patterns at a reduction to help the abnormal condition—and we know it will help.

The material affected is Sanolin, guaranteed to wear equal to any cork linoleum but with many advantages over the old fashioned canvas backed linoleum.

For instance, it will lie flat on the floor without tacking—no curling up at the edges, and it is absolutely waterproof.

This latter feature will at once suggest the fact that Sanolin will not rot at the edges or fray out despite the amount of scrubbing.

Sanolin ordinarily sells at \$1.50 per yard and would here now except for the absolute lack of space, and this last situation causes us to offer it at \$1.15 a square yard, cut only in two yard widths.

Coming at this time of year when floor covering is in so much demand the price will mean a big saving—hence a quick purchase will be in order to secure your share.

The Audit Bureau of Circulation audits the circulation of The Evening Times.

PREVENTING CRIME.

The relation of playgrounds to the prevention of juvenile crime is very clearly shown by Mr. J. W. McMillan in an article which is entitled "Heading Off Juvenile Crime," in a recent issue of the Journal of Commerce. He deals first with the juvenile court, which he describes as "one of the great social inventions of the present day," and in the course of the article has this to say of playgrounds:

"Recreation will have a foremost place in the community's endeavor. I remember well the first organized playground in Winnipeg. It was conducted during the summer holidays in the grounds of one of the public schools. It was financed and managed by a group of ladies and gentlemen who believed in it. The rest of the city looked on. The next year the city council took the movement over, and has ever since with steadily widening activities, carried it on. One thing that impressed the city of Winnipeg that summer was that if any child was lost last summer was that if any child was lost he was pretty certain to be found at the organized playground sliding down a board or swinging on a trapeze or playing baseball. Still more convincing was the testimony of the chief of police that in that portion of the city there had not been during those two months a single case of juvenile crime."

The East End Improvement League in St. John is today setting an example in the matter of playgrounds for the whole city. When gray-haired men as well as young men are willing to devote a part of their evenings to real work, to provide playgrounds and equipment, they are displaying a community spirit that is worthy of all praise and admiration. It is expected that next week the South End Improvement League will take up the work in the same spirit, for it was the pioneer. There is the same opportunity and the same need in the West End.

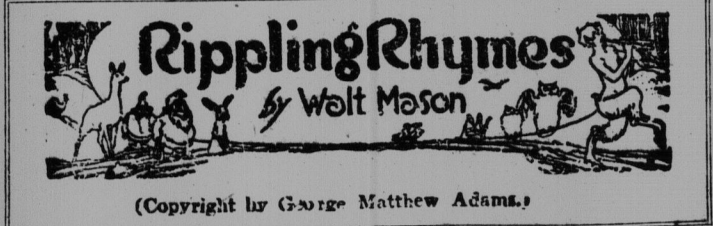

THE PAPER SHORTAGE.

The Printers' Exchange, London, gives some interesting information concerning the paper shortage as it affects English publishers. It says: "Newspaper proprietors and printers are much concerned at the near prospect of a situation which looks like a repetition in a paper famine, and at so time in the history of the paper trade as the position has so serious as it is at the present time. Another reason is that as soon as the armistice was declared many of the newspapers in U. S. A. and Great Britain immediately went back to their pre-war sizes, regardless of the fact that there were no reserved stocks of pulp or paper being held. What stocks there were were soon swallowed up, and now the fight to obtain paper is reflected in the rapidly soaring prices. Canada cannot send us either pulp or paper, as for another year or more their output has been bought by the United States, whose mills cannot possibly supply their own markets. In fact, at the present time there are scores of buyers from the United States, in Norway, Sweden and Finland endeavoring to purchase at any price, and at the rate of the present exchange they have a big advantage over the British and other buyers. Although most mills in Great Britain have regained their pre-war output, we are given to understand that every mill has sold its output for some considerable time, and can book no further orders. As the pressing needs of the summer world become satisfied, the demand will probably drop a little, but it is almost certain to predict that this cannot transpire for another six months at least. As the Daily Mail points out, Scandinavian mills are taking full advantage of the world shortage, and are quoting 7d. per pound for June and July and 7-3-4d. for August."

Obviously this is the harvest time of the pulp and paper mills, and the profits to the industry in Canada will be very large for some years to come. Indeed the growing shortage of raw material in the United States will always ensure a ready market there. The difficulty now confronting English publishers is not, however, confined to them, since the present paper shortage affects the Canadian publisher as well.

Chief Supt. Carter gave the legislature some interesting facts yesterday in relation to the supply of school teachers and the salaries paid. There is in this province a shortage of 200 to 300 teachers. As to salaries, he told by way of comparison of the manager of a fox ranch in one district getting a salary of \$2,000 and the school teacher \$500. If my children were regarded as equal in value to young foxes this condition would not prevail, nor would a second class teacher save \$1,000 a year by working in the lumber woods and barely be able to subsist on a teacher's pay. It is perfectly obvious that salaries must be advanced.

The Quebec tenants who want moving day moved ahead are amply justified. The first of May is too cold and damp for moving, and much illness results. It would be still better to have to special moving day, leaving the matter to be settled between landlord and tenant in each case.

Rippling Rhymes by Wolf Mason. (Copyright by George Matthew Adams.)

THE HELPFUL RAIN.

For months our state was dusty, no water fell thereon; the wheat was brown and rusty, dried out the sickly lawn. And oft we got to forecast gyps. A pessimism brooded among us, far and near, and it, also included much language punk to hear. Sometimes the clouds assembled and made a bluff at rain; then how we stood and trembled, and hoped—and hoped in vain! The fool winds came a-whispering and blew the clouds away; and we, with spirits drooping, went weeping to the hay. And all our faith was shaken in everything below; our world had lost its base, for heritage was gone. And then, just as the water came tumbling from on high! Old Pluvius, he shot her from somewhere round the sky. All night the rain was pouring and plashing on the lawn, and soon the hills were rushing in tumult to the sea. And then you should have seen us, how merrily we strode, the mudholes strewn between us, as we went up the road! There all our griefs were banished as cheap and tinhorn fakes, and pessimism vanished in less than seven shaves.

CANADA—EAST AND WEST

Dominion Happenings of Other Days

THE LACHINE CANAL.

About the city of Montreal and blocking the ordinary navigation of the St. Lawrence River are the Lachine Rapids—a delight to thousands of tourists; annually, but a barrier against all the freight ships of the river. So a canal was through the Sibirian limestone for several miles and as a result the lake ships bring their cargoes into the port of Montreal by a route that cuts off from the St. Lawrence river at the city of Lachine and passes through the edge and across the centre of the old part of the city of Montreal.

In 1815 the project to dig such a canal was first mooted, but it was not until four years later that a company was given a charter to construct the great ditch, with a capital of \$600,000, divided into shares of \$200 each. The scheme proved abortive and as a result the act that permitted the work to be done by a private company was repealed and the matter left in the hands of the government. On July 15, 1821, ground for the work was broken at Lachine. The British government contributed \$200,000 in aid of the work on the condition that all military stores should pass free of all charges and the province paid the rest of the costs which, in 1826, had amounted to \$438,404.15. The canal was opened for the passage of ships in 1826, and it was twenty-eight feet at the bottom, forty-eight at the waterline with four and a half feet of water under the bottom. There were even locks of stone, each 100 by 200 feet in area. But the canal was too small, so it was widened and deepened at a later date. Work was started at an early date, but it was not until 1829 that it was completed.

SO DO WE WILL.

I'm weary of the well-worn way
Between my office and my home;
I have to travel twice a day—
At glimmering night, at glimmering gloom;
I'm resolutely fond of work,
And of my home I'm even fonder;
It's just these narrow tracks that I
Want to wander!

This morning, I would step aside
And follow footpaths faint and far
That lead along a track untried
To nowhere in particular;
There's somewhere else, and over there,
And down the pike, and way out yonder—
All very pleasant places where
I want to wander.

Perhaps it is the spring that calls,
Perhaps it is my own laziness;
Through all the land a chill rain falls,
And makes the roads an awful mess,
I dare not leave the beaten track,
Yet, though I'm certain when I ponder
That if I went I'd hurry back,
I want to wander!

—Ted Robinson in the Cleveland Plain Dealer.

LIGHTER VEIN.

As the man and the maid stopped
Through the picture gallery side
Before an exhibit,
"Oh, how sweet!" she breathed.
"I wonder what it means," questioned
The young fellow, as he eyed the picture
Pair who clung together in an attitude
Of love and longing.
"Oh, Charlie, don't you see?" the girl
Childed tenderly. "He has just asked
her to marry him, and she has consented."
"What does the artist call
the picture?"
The young man leaned nearer and
gazed a little while on the frame. "I see!"
he cried. "It's printed on this card here."
—Sold!

"John," said her husband's wife,
"I don't believe you have smoked one of
those lovely cigars I gave you at Christmas."
"No, my dear, I haven't," replied his
wife's husband. "As a matter of fact,
I intend to keep them until our little
Willie grows up and wants to learn to
smoke."

The other day a negro went into a
drug store and said—
"Ah, wants one ob dem dere plasters
you stick on yeah back."
"I understand," said the clerk. "You
mean one of our porous plasters."
"No, sah, I don't want none of josh
porous plasters. I wants de best 'one you
got."

Equal to the Occasion.

The occasion was a little dinner party.
Mr. Wyn-Jenkins was carving a fowl.
It was older than it looked and the
knife refusing to do its bit, the bird
shot into the silken lap of the principal
guest.
Mrs. Wyn-Jenkins went pale, but her
husband retained his presence of mind.
"I believe," he said to the guest as he
recaptured the bird, "I've helped you to
too much. Allow me to take a little
more."

—Bill—He Might Have Had,
Bill—I heard as how you've been
fighting with Bob Smith.
Sam—Yes. He said my sister was
cross-eyed.
Bill—But you ain't got a sister.
Sam—I know that. It was the principle
of the thing that upset me.—Dallas News.

RABBIS URGE U. S. TO HELP

Lakewood, N. J., April 22.—Resolutions were adopted here last night by the Canadian and American Union of Orthodox Jewish Rabbis, urging the United States "to help the common cause of civilization to check massacres, persecutions in eastern and central Europe, and to bring the harmony and democracy of America to all humanity." The resolution assures the loyal support of the rabbis to the U. S. State.

FARMER CUTS PILOT FROM

A BURNING AIRPLANE
Bellefonte, Pa., April 22.—J. T. Murphy, who came here from Cleveland several days ago to pilot an airplane over the aerial mail route, was seriously injured when his machine went into a tail spin and fell 400 feet. As the machine struck the ground the gas tank burst into flames.
The aviator was saved from being burned to death by Boyd Sampel, a farmer, who cut the straps holding Murphy and pulled him out of the burning machine. Sampel was also painfully burned.

J. K. Blenkinsop, of this city, superintendent of dredges for the maritime provinces, has been on an inspection trip to Yacowith.

STATIONARY ENGINEERS.

At the regular meeting of local union 683, Stationary Engineers, it was announced that eighty-five per cent of the qualified engineers in the city were members of the union. Four new applications for membership were received. Fred A. Campbell, the labor candidate at the civic election, addressed the meeting and was pronounced our support. Peter Sharkey, of the Trades and Labor Council, gave an entertaining talk on conditions in city hall. The meeting was well attended. Edgar Binks, the president, was in the chair.

J. J. Cowie, chief inspector of pilled fish for the naval department, fisheries section, is to be in St. John early next week to consult with interested parties in regard to the fisheries inspection act now before parliament. He will be in Halifax tomorrow or Saturday.

RECENT DEATHS

Capt. Thomas A. French. Last evening at his residence, 38 Cedar street, Capt. Thomas A. French passed away in the sixty-seventh year of his age after an illness of long duration. He was a sea captain and had been retired for some years. He was a well known resident of the North End, and many friends will extend their sympathy to the bereaved relatives. He leaves to mourn besides his wife, one brother, Capt. Judson French of the St. John-Carleton ferry service, and one sister, Mrs. Elmer Price, of this city; two step-daughters, Miss Edith Stephenson and Mrs. J. W. Murphy of West Somerville, Mass. The funeral will take place from Victoria street church on Saturday afternoon at 2 o'clock. Rev. Gideon Swin of Moncton will preach at the service. Captain French sailed out of here in the schooner Alvine, in which he was shipwrecked off the coast of Maine on the same night as the great Titanic disaster. He also commanded the Ollie A. Booth.

John Thompson, formerly of this city, trainman on the C. N. R., died in Somerville, Mass., recently after a brief illness. He was conductor with the Boston and Maine railway and he leaves a wife and two daughters.

The death of John McKensie took place last evening at the home of his daughter, Mrs. James Fenwick, Sussex street, after a brief illness. He leaves five daughters and three sons.

Mrs. Albion Harris died at her home in Roofs, April 17, after a lingering illness. She leaves her husband, four sons and two daughters.

Mrs. J. W. Warren, daughter of J. W. Brown of Moncton, died yesterday at her home in Springhill, N. S.

Fred Wetfield, a trap shooter of national reputation, died at his home at Nicholas, Ia., today, following an operation.

Aged about fifty years, **Mrs. Frank Parks,** Milltown, died, Monday evening. She was for some time organist in the Methodist church and she will be greatly missed in musical circles.

Melvin Roy of Milltown, died Tuesday. He leaves a wife and two small children.

Woodstock, N.B., April 21.—Mrs. C. A. McKensie, who has been ill at the Fishermen's Memorial Hospital for two months, died this morning, aged sixty-five. Since the death of her husband six years ago, she has been proprietress of McKensie's drug store. She is survived by one son, James Long, by her first husband.

MEGANTIC IS COMPLETING TRIP ROUND THE WORLD

New York, April 22.—Carrying 1175 passengers and cargo, the British S. S. Megantic left here yesterday for Liverpool on the last leg of a voyage which has taken her around the world. The ship recently arrived here from Australia by way of the Panama Canal, having taken to their homes a large number of Australian and New Zealand troops.

EIGHTY HOUSES DESTROYED; HALF A MILLION LOSS

Batesville, Ark., April 22.—Flames sweeping through the residence section of Batesville yesterday afternoon destroyed eighty residences, made 300 persons homeless and caused a loss estimated at \$500,000.

A TRAGEDY OF THE PACIFIC

Prince Rupert, B. C., April 22.—The tug boat McDuff, which ran ashore at Afford Bay with no one on board, is on her way here, commanded by an Indian. A letter was found on board addressed to Mrs. Anne Brumpton, 176 Burgess street, Grimsby, England, saying: "Engine broken, rudder smashed, drifting to Hecate Straits. Storm. Bidding good-bye to everyone for ever more."

THE CAT CAME BACK

Old Tom Travels 100 Miles Across Country in Midwinter to Get Home.

Bangor News: Mrs. Fred Ford of Winterport visited her mother in Wesley, in Washington county, last fall, and in January when she returned home at Winterport she brought with her a large cat which her mother gave her. The cat stopped a few weeks and then left, and the morning of April 11, when Mrs. Claude Archer, Mrs. Ford's mother, went out to the barn, there sat her old cat, Tom, the one she gave her daughter, Mrs. Ford, last January. He was as plumped as could be to see Mrs. Archer. He had traveled over 100 miles through fair and stormy weather in order to get back to his old home again.

ST. JAMES SALE

A most successful rummage sale in the school room of St. James church, Broad street, yesterday afternoon under the auspices of the W. A., the president of which is Mrs. J. C. Kee. In a little more than one hour the sale was completed and a sum of about \$110 was realized. Mrs. C. H. Leonard was the convener of the sale and was assisted by an able committee.

RECENT WEDDINGS

At the church of the Assumption, West Side, yesterday with nuptial mass, the Rev. J. J. Ryan, united in marriage Miss Genevieve Lynch, daughter of Mr. and Mrs. David Lynch of West St. John, and Peter Hapenny of the North End.

At the residence of the officiating clergyman, Rev. G. F. Dawson, last evening, Miss Kathleen Boholan, daughter of Mr. and Mrs. P. Boholan, was united in marriage to Roy B. Livingstone. Mrs. Harry Livingstone supported the groom.

JAPS REPORT DEFEAT

FOR THE BOLSHEVIKI
Tokio, April 22.—(By the Associated Press)—The war office yesterday announced the crushing defeat of 15,000 bolshevik troops at Chinozaki, west of Chilia, in eastern Siberia, by the Japanese on April 16.

Lost Both Legs.

Gordon Bell of Woodstock, who had a left leg amputated a few weeks ago at the Fisher Memorial Hospital, now has the right leg amputated. The operation was performed last week.

Death of Aged Artist.

New York, April 22.—Henry Mosler, 81, died here yesterday at the home of his son, Dr. F. H. Mosler, at the age of seventy-nine.

Electors of the City of St. John.

LADIES AND GENTLEMEN: I beg respectfully to state that having been solicited by numerous friends to be a candidate at the forthcoming election for the office of Mayor of the City, and having decided to comply with the same, and earnest solicitations so made to me, and now beg to inform the electors that I have been duly nominated by the office of Chief Magistrate of the City, and respectfully solicit your votes and support in the coming civic contest on the 26th inst. If honored with election to the office, and the general public interests of the city irrespective of party or undue influence from any source whatever detrimental to the city's welfare.

With regard to sport, I have always been in favor of good clean wholesome athletics of every kind. My own experience in two or more branches of athletic exercises has convinced me that athletics is one of the greatest means of developing youths, gives them an incentive to live clean lives, for no one can be successful in any branch of sport unless they do so. It gives them proper development, both from a physical and mental standpoint, to become the man of tomorrow. We need public playgrounds for the children and athletic fields for boys and young men. In fact, should consider this one of the most essential necessities for the development of a bigger and better St. John.

Yours faithfully,
JOHN A. CHESLEY.

HAD SUFFERED
TWELVE YEARS

"It is Wonderful How Tanlac Has Helped Me," Says McLeod.

"It is really wonderful the way Tanlac has helped me, and I just feel that I ought to tell others about it," said Mrs. Dan McLeod, of Victoria Road, Sydney, Nova Scotia, when in at Turnbull's drug store recently. "For at least twelve years I have had indigestion, and no one will ever know how much I suffered. Forever after eating I would have a burning sensation would blow up with gas, and have such severe pains in the pit of the stomach that I would have to go and lie down to get relief. I had practically no appetite at all, and was afraid to eat anything like heavy foods. I had frequent headaches that would last for days at a time and drive me almost frantic with pain. I don't know how many kinds of medicine I tried in my efforts to get better, but none of them seemed to do me any good, and I was just about giving up all hope, when Tanlac came along. "It was a long while before my friends could persuade me to try it, but I'm glad I gave in at last, because Tanlac has made a new woman of me. I am now starting my fourth bottle and I can't remember when I felt so well. My appetite is just splendid and my stomach is in such good order that I can eat just anything without having the least trouble afterwards. I never have that burning sensation, puffs of gas, and headaches are a thing of the past. I sleep well at night and my nerves are as steady as a clock. I am feeling better in every way than I have for many years. Tanlac is so different from any other medicine I ever tried and I can't praise it too highly. "Tanlac is sold in all the leading drug stores and F. W. Munco and by the leading druggist in every town. (Adv.)

H. C. GROUT HONORED

Interesting Announcements Made at Farewell Dinner at Union Club Last Night.

That, following the development of the St. John harbor the C. P. R. will initiate important improvements here, was the farewell message delivered by H. C. Grout, at a complimentary dinner tendered him in the Union Club last evening. The capacity of the C. P. R. systems in this district is also, he said, to be further increased. After the toast to the king had been duly honored and a vaudeville team, Crumley & Brown, had put on a Pullman porter stunt, Mayor Hayes rose to propose the toast to the guest. For almost eight years, he said, Mr. Grout had filled a large place in the life of the city and in every respect he had been a full-fledged citizen of St. John. When he (the mayor) had come into public office some four years ago, he found not the best of relations between the city and the Canadian Pacific Railway, but he had made a point to establish friendly relations and through the cooperation of Mr. Grout it had been no effort to do so. No public gathering, he thought, could be more representative than the one then present, but in honoring the guest those present also honored themselves. He was sorry to see Mr. Grout go, as he was sorry to see any good citizen go from here. The city has made progress in the last eight years and to a large extent this progress is due to Mr. Grout. Through him the many vessels which reach the port have been able to get their cargoes without delay. The city would be far less in importance if it were not for the C. P. R., but through H. C. Grout had filled a very important part in the empire during the war. The city is better off now than it ever was. The population is increasing rapidly, if one were to judge from the scarcity of housing accommodation. "It was not a pleasure to say good-bye to Mr. Grout," said the mayor, "but it was a pleasure to express an appreciation of his good qualities." Horace C. Grout. From the time that he came to St. John, seven and a half years ago, said Mr. Grout, he has been treated in the most friendly manner, and friends who had visited him here from the other C. P. R. offices had been so impressed with the good-fellowship and hospitality of St. John that they always were glad of an excuse for coming to this division. Mr. Grout said he was proud of the record established here during the war, but a lot of the success was due to the loyal staff working with him, which could be best attested by the members of the local office present. N. R. DesBrisay, district passenger agent, who had looked after the transportation of troops during the war, the returning veterans, their dependents and more recently the "redie" train, Mr. DesBrisay, he said, had established a record that cannot be beaten. The freight department, he said, had moved more than 10,000 cars of lumber and pulp wood to move this spring, if it can get the cars back from the bay. He spoke of the work of W. J. Kirkell, the master mechanic, C. C. Kirby, the chief engineer, and the work of the telegraph superintendent, during the last few months of his stay in St. John, that this division had reached its capacity for a single track line, and that the bridges with a view to handling double the traffic of pre-war days and he thought the limit was reached.

EXPECT HOUSE TO PRODUCE LAST OF WEEK

Fredericton, April 22.—After yesterday's session of the legislature it was expected that the house would prorogue about the last of the week. Prominent among the matters brought up yesterday was the discussion on the bills for the entertainment of the Prince of Wales. Hon. Mr. Foster introduced a bill to authorize the city of St. John to levy and collect for the purpose of paying current indebtedness incurred for school purposes the amount of \$75,000 and it was proposed to pay it off in three annual installments of \$25,000 each. Hon. Mr. Foster introduced a bill to amend the public health act of 1918. He explained that his object was to enable municipalities, cities and towns to grant money towards the Victorian Order of Nurses if they desired to do so. It was confirmed an expenditure made in that way in the parish of Lancaster. Hon. Mr. Roberts introduced a bill to amend the public health act of 1918. He explained that his object was to enable municipalities, cities and towns to grant money towards the Victorian Order of Nurses if they desired to do so. It was confirmed an expenditure made in that way in the parish of Lancaster. Hon. Mr. Roberts introduced a bill to amend the public health act of 1918. He explained that his object was to enable municipalities, cities and towns to grant money towards the Victorian Order of Nurses if they desired to do so. It was confirmed an expenditure made in that way in the parish of Lancaster.

Don't Suffer With Eczema Cuticura Soothes at Once

First bathe the affected part with Cuticura and water. Dry and gently rub on Cuticura Ointment. This treatment not only soothes but in most cases heals distressing eczemas, rashes, irritations, etc. Soap Price, 25 and 50c. Sold throughout the Dominion, Canadian Dispensary, Limited, St. Paul, Minnesota. "Cuticura Soap shaves without lather."

IF KIDNEYS AND BLADDER BOTHER

Take a glass of Salts to flush out your kidneys and neutralize irritating acids. Kidney and bladder weakness result from uric acid, says a noted authority. The kidneys filter this acid from the blood and pass it on to the bladder, where it often remains to irritate and inflame, causing a burning, scalding sensation, or setting up an irritation at the neck of the bladder obliging you to seek relief two or three times during the night. The sufferer is in constant dread, the water passes, sometimes with a scalding sensation and is very profuse; again there is difficulty in voiding. Bladder weakness, most folks call it because they can't control urination. While it is not a constant dread, the water is very painful, this is really one of the most simple ailments to overcome. Get about four ounces of Jad Salts from your pharmacist and take a tablespoonful in a glass of water before breakfast, continue this for two or three days. This will neutralize the acids in the urine so it no longer is a source of irritation to the bladder and urinary organs which then act normally again. Jad Salts is inexpensive, harmless, and is made from the acid of grapes and lemon juice, combined with lithia, and is used by thousands of folks who are subject to urinary disorders caused by uric acid. Jad Salts is splendid for kidneys and causes no bad effects whatever. Here you have a pleasant, effervescent, lithia-water drink, which quickly relieves bladder trouble.

SUSPECTS CAPTURED. Mounted Police Made Two Arrests in Far North.

The Pas, Man., April 22.—The Royal Canadian Mounted Police are bringing to civilization two natives charged with murder, from Hudson Bay and are expected to arrive here on May 9. One is an Eskimo charged with killing a fellow tribesman at Chesterfield Inlet, the most northerly trading post on the bay. The other is an Indian from York factory. The Eskimo murder occurred two months ago and arose over a dispute about an Eskimo's wife. It is said the victim refused to give up his wife to the demands of his slayer, who immediately shot him and challenged the tribe to a battle royal in the open. It was not accepted, and the murderer, according to information received, seized the woman and escaped to the barren lands. Sergeant Douglas of the mounted police took up the trail and after several weeks caught up and captured him. The second murder took place at Len Shilling Creek, near York factory, on April 1. An Indian shot and killed another Indian during a dispute over traps.

RUNNING NOSE COLDS STOPPED INSTANTLY

Throat is Cleared, Headache Stops, Sniffles Go for Good. Catarrhs of the nose is one of the most annoying and most distressing symptoms of a cold. By using Catarrhine you cure this quickly—care it because you bathe the lining of the nose with this powerful antiseptic of the Blue Gum of Australia. So healing is Catarrhine that you feel wonderfully benefited in five minutes. It cures a cough, cold or sore throat as quickly. Results talk to you by thousands rely solely upon Catarrhine to prevent and cure their winter ills. Get the complete \$1.00 outfit, it lasts two months, small size 50c, sample size 25c, all dealers and the Catarrhine Co., Kingston, Canada.

CLAIM \$63,250. Toronto Man Sues for Shell Contracts Commission.

Toronto, April 22.—Commission on shell contracts is the basis of an action before Mr. Justice Kelly, in the non-jury assizes. R. R. Carr-Harris, a general contractor, of Toronto, is the plaintiff, and the Canadian General Electric Company are the defendants. The plaintiff sues for \$63,250, alleged to be commission due for obtaining contracts, and an accounting. The defendants say that Sir Frederick Nicholson, general manager of the company, and not Carr-Harris, was the person who secured most of the contracts.

THIN, NERVOUS PEOPLE NEED BITRO-PHOSPHATE

Guaranteed to Put on Firm, Healthy Flesh and to Increase Strength, Vigor and Nerve Force. Weak, thin people—men or women—are nearly always nervous wrecks; thus conclusively proving that thinness, weakness, debility and neurasthenia are almost invariably due to nerve starvation. Feed your nerves and all these symptoms due to nerve starvation will disappear. Eminent specialists state that the best nerve food is an organic phosphate known among druggists as Bitro-Phosphate, a five-grain tablet of which should be taken with each meal. Being a genuine nerve builder and not a stimulant or habit-forming drug, Bitro-Phosphate can be safely taken by the weakest and must be taken by anyone who does not desire to put on flesh. ing its use are often simply astonishing. Weak, tired people regain strength and vigor; thinness and angularity give way to plumpness and curves; sleep returns to the sleepless; confidence and cheerfulness replace debility and gloom; dull eyes become bright, and pale, sunken cheeks regain the pink glow of health. Bitro-Phosphate, the use of which is inexpensive, also wonderfully promotes the assimilation of food, so much so that many people report marked gains of weight in a few weeks. CAUTION.—Although Bitro-phosphate is unsurpassed for relieving nervousness, sleeplessness and general weakness, it should not, owing to its remarkable flesh-growing properties, be used by anyone who does not desire to put on flesh.

The CANDY Cathartic "NICE to Take" Secrets FOR CONSTIPATION THEY WORK WHILE YOU SLEEP

STREET RAILWAY BILL BEFORE N. S. HO.

A bill to increase street car rates introduced before the N. S. Legislature yesterday. It provides for a seven-cent fare, four tickets for twenty-cents or sixteen tickets for ninety cents. The bill also provides that the company shall not lay between the rails a more expensive pavement than that laid on the rest of the street.

C. P. R. TO SPEND MANY MILLIONS

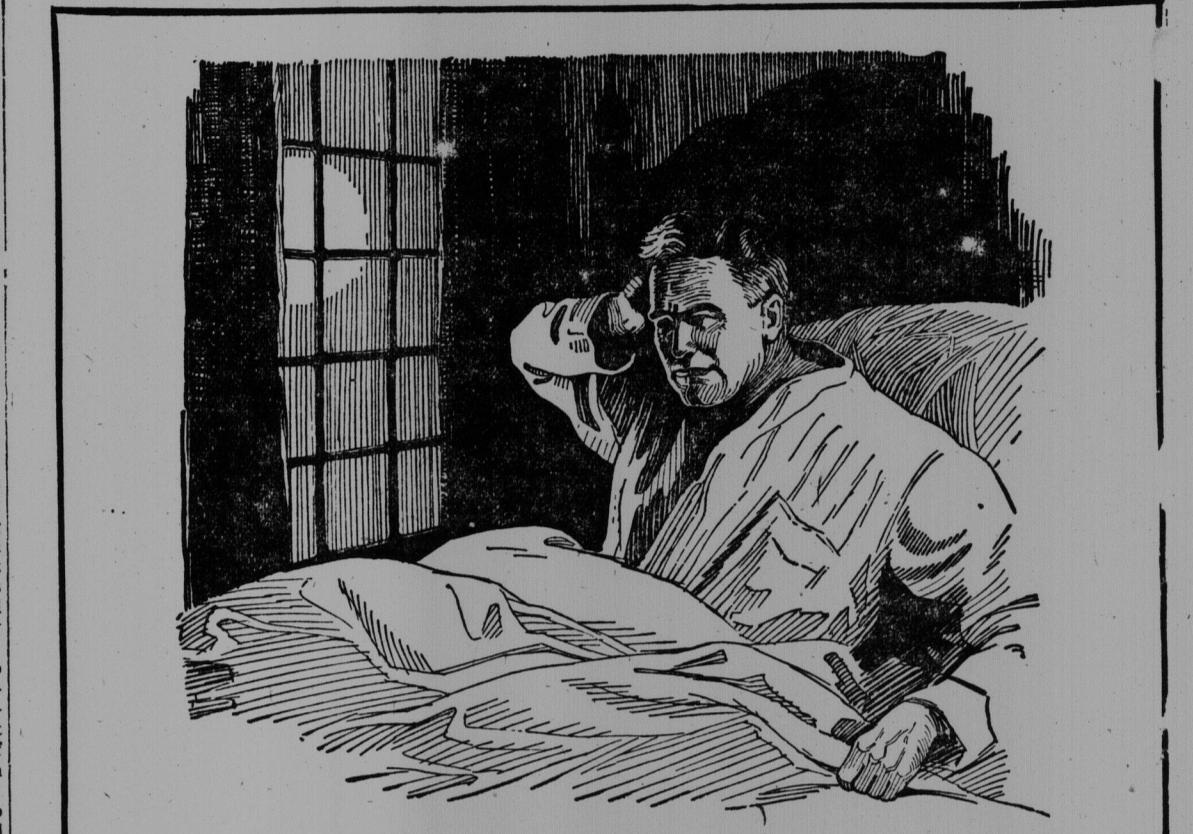

It was announced yesterday that included in the expenditures of the C. P. R. during the coming year was \$1,000,000 for increase in the capacity of the Angus shops. It was also reported that the C. P. R. was to take over a foundry in the city for repair work, but no official word had been received at headquarters. The entire programme of expenditures will amount to about \$74,000.

It is When the Nerves Are Tired That You Cannot Sleep

IT isn't the body that craves rest, but the mind. When you are bodily tired you can usually fall to sleep at the first opportunity. But when the nerves are irritated by anxiety and worry rest and sleep seem to be impossible. The mind seems to be most alert, and you are thinking, thinking, thinking—first of one thing and then of another—often matters of little or no importance. But you simply cannot sleep. Sleeplessness is the most common and often the first indication of a breaking down of the nervous system. The object of sleep is to allow the body to rebuild tissue and the nerves to recover tone. Sleep is the ideal condition for this process. If you cannot sleep you worry, and worry breaks down nerve cells at a tremendous rate, so that instead of laying up nerve force for the demands of the day you are using up the reserve. The nerve centres are sometimes likened to storage batteries. If you continue to consume the nervous energy in reserve, without paying back, these centres become a nervous wreck. After a sleepless night you get up feeling tired and lacking in mental energy. Your day's work seems more than you can face, and you become down-hearted and discouraged. The future is not bright, for you must realize that the natural rest is exhausted nerves, paralysis, locomotor ataxia or some form of helplessness. Dr. Chase's Nerve Food is the most rational treatment for the nerves imaginable, because this food cure contains the vital substances which go to the building up of the blood and the depleted nerve cells. Dr. Chase's Nerve Food does not induce sleep, but it does restore the nervous system, and after you have been using it for a few days you will begin to find yourself resting and sleeping naturally. Dr. Chase's Nerve Food, 50 cents a box, all dealers, or Edmanson, Bates & Co., Limited, Toronto.

C. P. R. TO SPEND MANY MILLIONS

It was announced yesterday that included in the expenditures of the C. P. R. during the coming year was \$1,000,000 for increase in the capacity of the Angus shops. It was also reported that the C. P. R. was to take over a foundry in the city for repair work, but no official word had been received at headquarters. The entire programme of expenditures will amount to about \$74,000.

STREET RAILWAY BILL BEFORE N. S. HO.

A bill to increase street car rates introduced before the N. S. Legislature yesterday. It provides for a seven-cent fare, four tickets for twenty-cents or sixteen tickets for ninety cents. The bill also provides that the company shall not lay between the rails a more expensive pavement than that laid on the rest of the street.

NUXATED IRON Helps Make Strong, Sturdy Men and Healthy, Beautiful Women. MASTER STRENGTH AND BLOOD BUILDER

IF YOUR HAIR IS YOUR PRIDE USE HERPICIDE

That air of refinement and charm that beautiful hair gives is within the reach of every woman. If your hair is dull, brittle or lusterless, if you have dandruff or itching scalp, if you cannot dress your hair "to make it look like anything," it shows very plainly that you need Newbro's Herpicide. To give it life and beauty. Beautiful women everywhere depend upon Herpicide. From the very first application you will note a change. Your dandruff will begin to disappear, your scalp will stop itching—your hair will begin to tone up and beautify. A two weeks' treatment will show wonderful results. Your friends will then notice the change. Your appearance will be improved to a marked degree. You will have what is rightfully yours and every woman's—lustrous, shimmering, beautiful hair that will be the admiration of everyone. Begin today to use Herpicide. Use it in secret if you wish—but don't expect to keep the secret long. But give credit where credit is due—tell your friends about Newbro's Herpicide.

NEWBRO'S HERPICIDE. Do not snap and pull out your hair. Use a Herpicide Comb. All large teeth, No rough edges, No sharp corners. Send 10 cents in stamps or coin today for sample and booklet on "The Care of the Hair". Address: The Herpicide Co., Dept. 192-A, Detroit, U.S.A. Sold by Drug and Department Stores. Applications at the Better Barber Shops. Herpicide (Tar) Soap produces a rich creamy lather and leaves the hair light and fluffy. Best for the hair, fine for the bath, excellent for the scrubber.

LOCAL NEWS

SURPRISE PARTY.

About fifty friends of Mrs. James Coyle of Pleasant Point called upon her on Monday evening, and presented to her a handsome chair. It was a surprise party, and the visitors enjoyed games, dancing and refreshments, as well as expressing hearty their good-will toward Mrs. Coyle.

WILSON-STACKHOUSE.

Last evening in the parsonage of the Tabernacle Baptist church, Haymarket square, Isaac Brindle united in marriage Mrs. Ethel B. Stackhouse of this city and William J. Wilson of Lunenburg. Miss McCluskey acted as best man and Mrs. Howard Carr attended the bride. Mr. and Mrs. Wilson will reside in Lunenburg.

RIVER WHARF GRIEVANCE.

A passenger went to Lunenburg this morning to go by steamer to Public Landing, but was informed that a landing could be made only by means of a small boat, as the wharf was loaded up with lumber that the steamer could not go in. This is a public wharf and the authorities are expected to see that it is made accessible.

GIFT TO TEACHER.

Last evening the girls of the Sunbeam Class of the Central Baptist church gave a very pleasant surprise to their pop teacher, Miss Margaret Fenerty, at the home of F. J. Punter, 53 Carmarthen street, in honor of her twenty-first birthday. They presented to her a handsome hand bag of leather and an ivory back brush. Miss Fenerty is regarded as a very excellent teacher and is well liked by her class, as evidenced.

CONVERSE-MCLEOD.

A very pretty wedding was solemnized at the residence of H. H. McLeod, 55 King street, at 8 o'clock on Wednesday in the presence of immediate friends and relatives, when his niece, Alice Irene, was united in marriage to Alfred Joseph Converse of Victoria Harbor, Ont. The ceremony was performed by the Rev. W. H. Sampson of St. George's church, west. The bride was prettily gowned in sand silk with pearl trimmings, and carried a bouquet of white flowers. The groom wore a tuxedo and carried a sword. The wedding march was given in marriage by her brother, W. G. Roberts of the C. N. R. Staff. The bride and groom were accompanied to the altar by the bride's sister, Miss Converse, who was dressed in a light grey traveling suit with hat to match and carried a bridal bouquet. A solo was nicely sung by Irving Appleby. Following the ceremony a wedding supper was served at the home of Mrs. and Mr. Douglas Converse on a wedding trip through the province and on their return will reside in St. George for the summer. They were recipients of many valuable and useful presents from numerous friends, by whom they are held in high esteem.

CODY-ROBERTS.

A pretty wedding ceremony was performed yesterday afternoon in St. Luke's church by the Rev. R. P. Menim when he united in marriage John Cody of Cody's, Queens, N. B., and Miss Mary Roberts of the same place. A beautiful gathering of friends and relatives witnessed the ceremony. The bride entered to the strains of Mendelssohn's wedding march and was given in marriage by her brother, W. G. Roberts of the C. N. R. Staff. She was dressed in a light grey traveling suit with hat to match and carried a bridal bouquet. A solo was nicely sung by Irving Appleby. Following the ceremony a wedding supper was served at the home of Mrs. and Mr. Douglas Converse on a wedding trip through the province and on their return will reside in St. George for the summer. They were recipients of many valuable and useful presents from numerous friends, by whom they are held in high esteem.

THEIR BRAVERY IS REWARDED

Gold Watches Presented by the City to D. T. Thompson and Martin Wilcox for Saving Life — The Story of Their Deeds.

Douglas Thornton Thompson, a returned soldier and now a member of H. M. Customs staff, and Martin B. Wilcox, a stevedore, both of this city, were honored by the city council this morning in recognition of their bravery in which they saved lives in the waters of the harbor recently. Handsome watches, appropriately inscribed and engraved were presented to the two young men at a committee meeting of the council this morning.

The presentations were made by Mayor Hayes, and Commissioner Bullock of the department of harbors recited the deeds for which recognition was being given. In addition to the other members of the common council, there were present C. B. Lochart, collector of customs, and S. J. Wilkins and Robert McKenna, of the customs department.

Each of the watches was engraved on the back with the initials of the recipient and inscribed, "Presented to (name of recipient) by the City of St. John for saving (name of rescued) from drowning in St. John harbor (date)."

Preceding the presentation Commissioner Bullock said that Mr. Thompson, a customs examiner, rescued Berton McCabe, a five-year old lad residing at 122 Britain street, at 2 p. m., on October 10, 1919, from the water at the foot of Broad street extension. Although fully clothed he jumped overboard and rescued the lad from what would have been otherwise certain death.

WILL MAKE A SURVEY OF THE WHOLE CITY

\$10,000 Recommended at a Meeting This Morning — Will Cost \$25,000 — Matter of Water Meters.

An appropriation of \$10,000 towards the expenses of obtaining a detailed plan of the city for the use of the board of assessors was recommended by the committee of the common council at a special meeting held this morning and the city engineer was asked to bring in a report as to the best means of going ahead with the work this year. It is estimated that the total cost of the survey will be in the vicinity of \$25,000, although a few years ago it was said that between \$5,000 and \$8,000 would cover the cost.

The city engineer was present and showed copies of plans which had been completed for the city of Halifax. He said that the work here would need to be done under the supervision of the city engineer's staff, but that in order to get ahead with the work it would be necessary to employ an extra crew of ten men, three parties of one transitman and two assistants each and a draftsman. He estimated the cost at \$25,000 and said it would take about two years to complete the plans.

Chairman Olive of the board of assessors pointed out the necessity of the plans as suggested. He mentioned that the plans would also be of great value to the insurance underwriters and it was possible that they might bear a proportion of the expense. The council agreed that the scheme would be of benefit but doubted the willingness of the underwriters to pay any of the costs.

The city engineer said that three transitmen would be required at a monthly salary of \$150 to \$175 each and each of their assistants would cost about \$100 a month.

All the commissioners except Commissioner Jones were heartily in favor of the scheme. Mr. Jones said that he thought there were more important matters for which the money could be spent. When Commissioner Bullock moved that the committee recommend the appropriation of \$10,000 for the work this year, Mr. Jones said that he was not prepared to vote for the recommendation until he had more information. The motion, however, was passed with only Mr. Jones dissenting.

Mr. Fisher then moved that the matter be referred to the city engineer to bring in a report as to the most expedient way of carrying out the work. This was agreed to.

Flayer explained that the amount recommended would have to be assessed for next year.

Commissioner Fisher reopened the matter of a pilotometer survey of the water system of the city. He said that he had attended a meeting concerning this matter recently and had come to the conclusion that the most important thing in the water department at the present time was the installation of meters. He said that this was also the recommendation of Mr. McInnis, a Boston hydraulic expert, who had spent some time investigating the St. John water supply a short time ago. As to the employing of a crew of men for the pilotometer survey at a lump sum, he said that he was not in favor of it on account of the uncertainty of the effect.

Mr. Jones expressed the opinion that while he was heartily in favor of metering, the cost of installation and maintenance was so high that he was not prepared to bring in a recommendation at present. He said that meters were being installed where necessary, but it would take a long time at the present rate to get the whole city metered. No action was taken.

An application was read from Armour & Co. for partial relief from taxation. On motion of Commissioner Thornton it was decided to ask the company to present to the board of assessors a sworn statement of personal property.

GAIN IS NEARLY MILLION AND HALF

St. John bank clearings this week were \$2,500,000; last year, \$2,067,152; in 1918, \$2,386,873.

MILITARY.

Lieut.-Colonel Fred Morrison of Apohaqui, formerly attached to the 74th regiment, being transferred to the reserve of officers in this district. Major H. S. Jones, also of Apohaqui, has been recommended as commanding officer of the New Brunswick Rangers (74th regiment) which appointment will likely come with it the promotion to lieutenant colonel. Major Jones, during the war was commanding officer of the New Brunswick forestry company and saw considerable service overseas. He was in the city this afternoon at local military headquarters conferring with staff officers.

WATER LOWER

It was said about Lunenburg today that the freshest of rain had been here with warmer weather; it would come up considerably, but such has not yet happened. The steamer Orono came down river this morning. She had several passengers aboard and a fair quantity of potatoes, which were sold at 8¢ a barrel.

MEDAL FOR HIM

An Imperial Service Medal has been received by L. R. Ross, C. N. R. terminal agent, for Albert J. Atkinson. He has been for many years timekeeper in the service of the road at Moncton, but is now residing in St. John.

SAYS PRICE CUTS IN NEW YORK ON

Ten Thousand Expected in Overall Parade

Further Spread of the Movement in the United States and Canada Reported in the Despatches Today.

New York, April 22—Ten thousand persons at least will parade here on Saturday in overall, according to estimates today by the "Cheese Club," which is fostering the drive against high prices of clothing. It will be an "all overall" parade, from the police who will head the procession to the bands and marchers.

A price cutting movement by department stores, which started in Brooklyn, spread to Manhattan today with the announcement by A. W. Riley, head of the department of Justice firing squad of profiteer hunters, that two big stores have volunteered to cut clothing and shoe prices. He said one was a large Fifth avenue department store.

Mr. Riley said his agents had collected evidence against several New York stores, indicating profiteering, and that arrests would follow soon unless there were more voluntary price cuts.

Calgary, April 22—Swearing their allegiance to the standard of those wearing overall until June 30 or "such time as may be decided by the significant members of the legislature who on Tuesday agreed to do so, "renewed" when the time came for them to live up to their agreement yesterday, and appeared at the legislative building attired in their usual business suits of serge or tweed. For the most part they were inclined to pass over the compact as a joke.

Ottawa, April 22—Last night a committee of veterans, civil servants and others met in the G. W. V. A. head office, and decided to call a meeting on Friday night to form a "bonny dress league" or similar body to popularize the overall wearing idea, and to take concerted action to reduce the high cost of clothing.

Poughkeepsie, N. Y., April 22—Overall manufacturers here and at Wappingers Falls report the demand for working clothes has doubled in the last week. At one factory it was said that the wholesale price has not been increased, although retailers everywhere have increased their prices.

Two hundred pupils of Poughkeepsie high school, all members of the senior class, went to school in overalls today, all having determined not to wear any other clothing until they have graduated.

Ogden, Utah, April 22—Mayor Frank Francis announced today a city investigation is being made of charges that stores had raised the price of overalls because of the widespread movement.

Sydney, N. S., April 22—Sydney got in line with the overall club movement today, when the mechanical and electrical departments of the Cape Breton Electric Company formed a club which will also include many officials of the tram company.

Says That Chinese Caught Hold of Her

(Continued from page 1.)

foreman, gave evidence of bringing the case to the attention of the complainant could identify them. It is alleged that the accused is not the one said to have assaulted Mrs. Godfrey. The case was postponed for Policeman's Hamm's evidence.

William J. Pendleton, was charged with being drunk and also held on suspicion of stealing a pay check, to the value of \$19.50, the property of William Braman, 38 Erin street and drawing the value of the check about April 20 at the Atlantic Sugar Refinery. He was remanded.

John C. Borden and Lucy McIntyre charged with being drunk and lurking in an alley off Main street, were remanded. One man charged with drunkenness was remanded to jail.

"A REAL CANADIAN CITIZEN" (Toronto Globe)

It was a tremendous test of citizenship which confronted that foreign-born father as he walked the dark and lonely prairie through the long hours between sunset and dawn. News despatches from Saskatchewan told the story briefly. Western contemporaries are discussing it editorially.

MR. PECK NOT TO SECOND BONE DRY MOTION

(Canadian Press.)

Fredericton, April 22—The so-called "bone dry" resolution for a referendum in New Brunswick upon the question of liquor importations is to come before the legislature tomorrow. The resolution is to be moved by Hon. J. F. Tweeddale, but who will second it is not known.

Mr. Peck of Albert, who had undertaken that duty, said this morning that it would be impossible for him to be here tomorrow. He is to leave this evening for Albert county on important private business and says he can delay no longer.

London, Ont., April 22—An "overall club" was formed yesterday among local post office employees. In one hour forty members signed an agreement to wear overalls until June 30 or "such time as may be decided by the significant members of the legislature who on Tuesday agreed to do so, "renewed" when the time came for them to live up to their agreement yesterday, and appeared at the legislative building attired in their usual business suits of serge or tweed. For the most part they were inclined to pass over the compact as a joke.

Toronto, April 22—All of the fifteen members of the legislature who on Tuesday agreed to do so, "renewed" when the time came for them to live up to their agreement yesterday, and appeared at the legislative building attired in their usual business suits of serge or tweed. For the most part they were inclined to pass over the compact as a joke.

The council of the board of trade met this morning with the vice-president, W. F. Burditt, in the chair. A communication from Messrs. Wignam and Elkin was read on the matter of complaints regarding delay in shipping due to the need of gain control and other equipment and the extension of the Negro Point breakwater.

A communication advised that the necessary correction would be made giving justice to St. John in the map contained in the Canadian Trade Index.

A letter from Attorney-General Byrne was read in connection with the Joint Stock Companies act. He wrote that he would give consideration to the matter of inserting a provision in the act regarding the bringing into force of the control of pilotage matters. The council discussed the necessity of something being done immediately.

The council decided to co-operate with the Tourist Association in connection with the U. S. editors and liabilities of the matter of the Tobique Dam was discussed and the secretary was authorized to ascertain the views of the local fishermen.

The matter of the cancellation of competition through freight rates to points on the Halifax and Southwestern Railway was referred to the traffic committee for report.

PREDICTS NEW WAR IN TWENTY YEARS

Priest From Canton Says China Will Take Shantung Away From Japan by War if Necessary.

Another great war within a generation which will again engulf the whole world is predicted by Rev. Peter Chan of Canton, China, a Catholic priest who is now in New York for a brief stay on his way home from Europe, where he was ordained.

Father Chan is of the opinion that the conclusion of the struggle was unsatisfactory all around—the Allies, while they won, have become disgruntled over the division of the fruits of victory, and the Germans embittered because they do not get realize that they were in the wrong and feel they have been unduly oppressed by their victorious enemy.

He discussed the disposition of the prize of the Siping, China, and frankly declared that Japan would some day have to give it up, even at the cost of countless lives. He said: "China's only weapon at present is to boycott all Japanese goods, and this is doing much effective." China, he said, normally imports millions of dollars' worth of Japanese manufactured articles yearly, and added that since the boycott, which was declared about nine months ago, these imports from Japan have decreased to an almost negligible quantity.

"The leaders of this new China are being educated abroad," Father Chan said. "Two thousand Chinese students are studying in universities in the United States. They will return to China with democratic ideas and ideals, with some of the vim and spirit characteristic of the American, which believe in doing big things quickly and thoroughly."

TWO MORE BIG GEM ROBBERIES IN NEW YORK

New York, April 22—While Mr. and Mrs. John McKay, wealthy Montreal residents, staying at the Hotel Walcott, were dining on Monday night, they say their room was entered and \$10,000 in jewels taken. Robbers have taken \$75,000 worth of jewels from the Fifth avenue residence of Mrs. Hamilton Fish.

QUEEN SQUARE CHURCH IS NOT CONSIDERING UNION. One of the officials of the Queen square Methodist church told a Times reporter this morning that the congregation was not considering the matter of uniting with Centenary congregation. As to the supply of pastors, he said that no difficulty was experienced nor was any anticipated, as in the event of the congregation not being able to look after the matter, it would be handled for them by the conference. He said that if the officials of Centenary had discussed union with the Queen square church, no information on the matter had been conveyed to the latter body.

A Dominion Steel Corporation expert is reported surveying iron ore areas at Loch Lomond and other parts of Cape Breton.

ENGLISH SUITS IN U. S. FOR \$18.50

Corporations Plan Buying for Employees—Clothing Made by Government for Service Men.

(New York Evening Post.) Negotiations are now under way for the purchase for their employees by nearly eighty large corporations in this country of English woolen men's suits at a price that will be fixed at about \$18.50. The suits are about ninety per cent wool, of about thirty patterns, mostly dark and conservative, and of a heavier weight than is usually made in this country.

The suits were manufactured for the British government to be given to soldiers and sailors upon their discharge. It appears that this was first done by the government at the end of the Boer war, when discharged service men were given their choice of a suit or a cash payment in equivalent. The suits then made were of poor quality and disappointed their wearers. When the same offer was made at the close of the European war, many service men, remembering the other affair, chose to take the cash, not being aware of the excellent quality of the suits now offered. As a result about 1,000,000 of the suits were left on the government's hands.

The British-European Clothing Company was formed to dispose of these suits. It bought about 750,000 and is selling a large part of them in the United States through its agent, Alexander L. Wallau of 1183 Broadway, George H. Levey, managing director of the Mutual, among companies in other lines of business which have made orders is the International Harvester Company.

Samples were shown here in tweed, serge and herringbone, all of which are being made up quickly.

among the employees of these companies through their co-operative associations. The price was originally set as low as \$15, but improvement in British exchange and other factors have raised the figure. The employees of the various companies are enthusiastic about the opportunity and are rapidly clubbing together, some buying two or three suits to make up the units assigned to them.

IN HONOR OF ST. JULIEN BRAVE

Ottawa, April 22—In commemoration of the Canadians' gallant exploits of St. Julien in 1915, the members of the House of Commons will stand for two minutes in silence after prayers when the house opens this afternoon.

Montreal, April 22—The anniversary here by a big parade, under the auspices of the G. W. V. A. this afternoon in Verdun.

ARE CATCHING UP

Railway Freight Traffic Is Showing Signs of Lessened Pressure.

Railway freight traffic about St. John is beginning to assume more normal dimensions and with sailings now taking place from the St. Lawrence it is expected that there will be a vast improvement for local shippers within a very short time. This has been a record winter in freight from this port, it is said by the railway people, and owing to strenuous and exceedingly trying weather conditions, as well as to quantities of freight, there has been a congestion in local facilities.

There is still quite a quantity of export freight to be shipped from this port but it is rapidly being lessened. It is expected that all of it will be exported from St. John on steamers now in port or still to come. This will greatly ease conditions for merchants in these parts who have been very much hampered by conditions this year, as they had to suffer much delay.

among the employees of these companies through their co-operative associations. The price was originally set as low as \$15, but improvement in British exchange and other factors have raised the figure. The employees of the various companies are enthusiastic about the opportunity and are rapidly clubbing together, some buying two or three suits to make up the units assigned to them.

THE EVENING TIMES AND STAR, ST. JOHN, N. B., THURSDAY, APRIL 22, 1920

TEACHERS' SALARIES

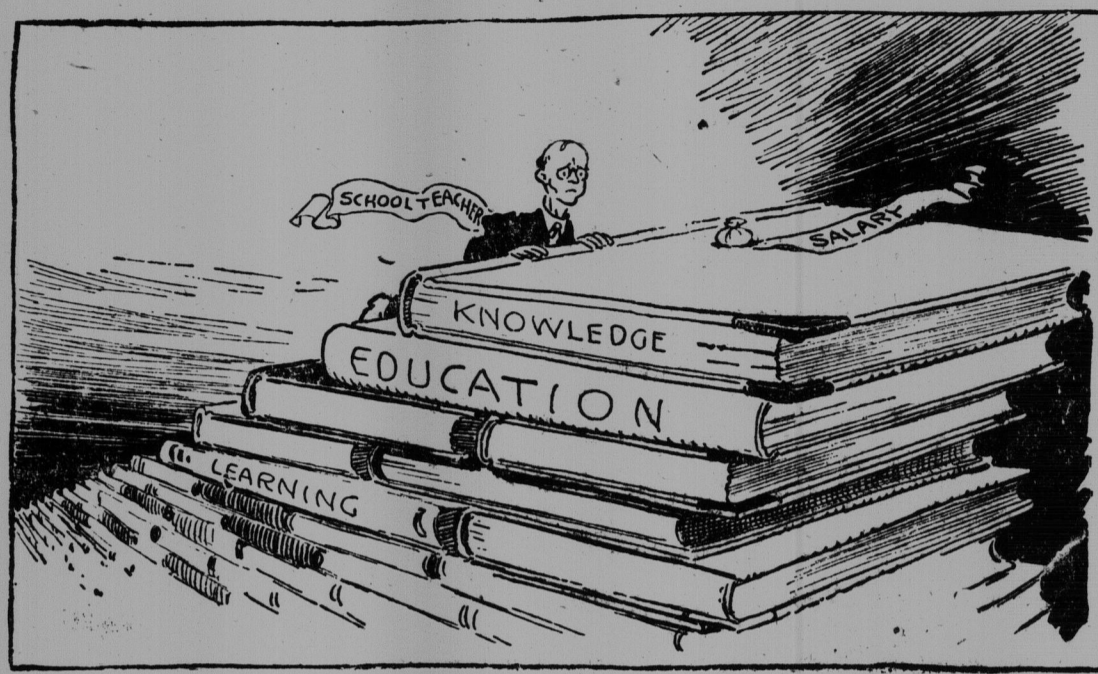

Legislature Took Recess to Hear Discussion on Matter Yesterday.

Fredericton, April 21—Teachers' salaries and methods of improving them, including consideration of the report of the special committee appointed last year to report on the matter, were the subjects of an informal conference held in the legislative chamber this afternoon. The meeting for the purpose of hearing Dr. W. S. Carter, chief superintendent of education, had been scheduled for yesterday but other business prevented. In order to prevent another postponement, the premier suggested a recess at 4 o'clock in order to take up the matter. This suggestion was adopted and the speaker left the chair.

Dr. Carter referred to the scarcity of teachers all over the world. It had been hoped that this condition would be improved after the war, but the reverse had been the case and now this province has 200 to 300 teachers less than required, and they had been reduced to many expedites to get along. Few pupils from the cities were entering the normal school and the number from the country districts was diminishing. Last year, as a war measure, the minimum wage had been reduced to sixteen, but this year it had been placed again at seventeen, resulting in a reduction of the number of applicants this year by fifty.

A second-class teacher who had spent a year in the lumber woods came out with \$1,000 saved and contrasted that with his former pay as a teacher. In one school district the manager of a fox ranch gets \$2,000 and the school teacher gets \$800. In Moncton the girls whom

AFTER YEARS OF CLIMBING

—Orr in Chicago Tribune.

they had been expecting to become teachers were going into a mill order branch house instead.

They were asking for an increase of thirty cents on the school tax, making it sixty. If the rate was raised to seventy-five cents they would be able to make the minimum \$350 instead of \$300. It would be still better if the rate was made one dollar.

How Worked Out.

R. B. Wallace, chief clerk in the educational department, was heard in explanation of the way in which the proposed change in the system and the rate would be worked out to give each

teacher a minimum of \$500. He submitted a tabulated statement of typical districts. In some the total of incomes of the teachers were \$170, \$180, \$200 and thereabouts.

LABOR IN WEST

Reports From Various Cities on Conditions as May Day Approaches.

(Canadian Press.)
Edmonton, April 22—Everything in the labor world of Edmonton looks bright at the present time, and no strikes are in prospect. Owing to the lateness of spring there is little demand for labor, but a large number are being placed by the provincial labor bureau for mining and lumbering work.

Vancouver, B. C., April 22—British Columbia coast points are practically free of labor troubles at present, nor are any signs indicating strikes of large proportions in the immediate future seen.

Nelson, B. C., April 22—A marked shortage of skilled labor is reported by the lumber mills of the mountains, while common labor is none too plentiful. With sufficient water in the streams now the period of heavy operations in mining is a factor in the coal mining, mining and lumbering districts, but outside of this the sky is clear except for a touch of railway construction near Princeton.

Regina, Sask., April 22—Regina labor conditions in general are more reassuring than a year ago when a general strike in the building trades was on.

Calgary, April 22—One labor agreement that of the typographical union, expires before June 1. This union is making requests for increases. At present there are no strikes in sight. Plasterers' laborers on June 1 will ask 75 cents an hour and sheet metal workers will ask \$1, as will the electrical workers. Miss B. Kierstead.

JOHNSTON LODGE HAS ANNIVERSARY

The silver anniversary of Johnston Lodge, No. 19, L. O. L. was fittingly celebrated last night in the lodge rooms, Orange Hall, with Mrs. G. O. Akerley, the dominion worthy mistress, in the chair. After the chairman had pleasantly referred to the twenty-five milestones which had been passed by the lodge, the large attendance was entertained by a programme which included a duet by Mrs. Cochrane and R. Akerley; a solo by Mrs. Paterson; a solo by Mrs. A. Chisholm; a reading by Miss Elsie Moore; a piano solo by Miss Elizabeth Holder; addresses by Commissioner J. B. Jones and Commissioner John Thornton, and a vocal solo by

TWO WOMEN ARE BADLY BURNED

One Set Fire to Rubbish and Skirts Caught — News of Digby and Vicinity.

(Special to The Times.)
Digby, N. S., April 21—Mrs. Stanley Sullivan of Easton was burning a lot of rubbish yesterday when her skirts caught fire. Before the flames were extinguished she was badly burned about the back and arms. Mrs. E. B. Sullivan who went to her assistance, was also badly burned. Both women will likely recover.

Burton Nichols of New Tusklet met with a serious accident yesterday while butchering a hog for Jeremie Lombard. He was using a revolver and in some way the gun was discharged, the bullet going through his leg above the knee, severing an artery. Tourniquets were used, but before medical help could reach him he had almost bled to death. He is resting easier today.

James Merritt of Port Wade, N. S., has just had the misfortune to lose his leg by fire. In some way the flames caught in the upper part of the house. This enabled them to remove a part of their furniture, but the building was entirely destroyed.

Rev. John Craig, one of the stalwarts

PROHIBITION AGENTS ARE ARRESTED

Two in New York Charged With Being Drunk and Disorderly.

New York, April 22—Charged with being drunk and disorderly, James Muck and Michael Gris, prohibition enforcement agents, were arrested last night following a fight with waiters in a popular tendorin cabaret. They were captured by a patrolman after an exciting tangle case through the theatre district. The police said that a bottle of whiskey was found on Muck. The prisoners were released on \$500 bail each.

WAGES DEMANDS MEAN THREE MILLION MORE

Montreal, April 21—The demands of the Montreal Tramways Company employees will, it is said, involve \$5,000,000 or more.

MRS. JOHN ROBINSON

Mother of Rev. W. R., and Charles Robinson of St. John Passes Away.

There passed away at her residence in Newcastle on last Tuesday night at 11 o'clock, Mrs. Robinson, widow of John Robinson, in the ninety-third year of her life. She was well and favorably known for many acts of charity and her sterling Christian character, and numbered among her friends those of all classes of society. Many a poor and unfortunate one will miss her. With the exception of the first few years after her marriage which she spent in St. John during the time of the cholera, Mrs. Robinson spent her long life on the Miramichi. She was among the first settlers on the North Shore. She was a staunch Presbyterian. Mrs. Robinson's husband died more than eighteen years ago. She was the mother of a large family, and the following are living: Miss Isabella M. and Margaret, at home; John Robinson, Jr., Newcastle; Rev. W. R. Robinson of St. John; Charles Robinson, secretary of the returned soldiers, St. John; Major N. of Boston, and Alexander of the same city.

The following children passed away in manhood and womanhood: James B. of Monmouth, Mich.; Allan A. of Los Angeles, Cal.; Mrs. Inna Ingraham of Newcastle. Besides the children living there are nineteen grandchildren, and six great-grandchildren, and one sister, Mrs. W. M. Rust of Newcastle. The funeral will be held from her late residence on Saturday afternoon at two o'clock.

TO FIX PRICE THAT SHORTS MUST PAY.

New York, April 22—Efforts to effect a settlement of the controversy arising from the recent alleged corner in Stutz Motor stock have been delayed, it was learned last night, pending the appointment of a mediation committee of three bankers to fix to prices at which the shorts should settle their obligations.

The Swab Pulls Off

Here is a wonderful improvement. When mop gets dirty, simply pull swab off frame, wash, put through wringer, dry and replace on frame. When swab wears out, buy a new swab, —not an entire new mop. No other mop has these features.

LIQUID VENEER MOP

"The Swab Comes Off With a Pull"

This big, fluffy mop is treated with Liquid Veneer which produces a beautiful, dry, non-oily finish on your floors. It cleans off all dirt and grease and makes your floor shine in cleanliness and lustre. Ask your dealer about other new features. This mop is a wonder. Give it a trial.

Mince Meat à la CROWN BRAND

- 1 lb. lean boiled beef
- 1 lb. salt pork
- 1/2 lb. chopped suet
- 1/2 lb. chopped onions
- 1 lb. seeded raisins
- 1/2 lb. citron cut fine
- 1/2 lb. brown sugar
- 1/2 lb. cider
- 1 tablespoon cinnamon
- 1 teaspoon each salt, pepper, mace, allspice, cloves and nutmeg.

1 cup CROWN BRAND Syrup

Mix all thoroughly, and warm on stove until heated through. Remove from fire. Put in a crock, cover tightly. Keep perfectly cool, but do not let freeze. This will keep good all winter, improving with age.

I've just introduced the family to a new dinner delight! The effect of its appearance and aroma upon the tired palate is magical. The verdict is unanimous that the Mince Meat mother used to make fades into oblivion compared with the kind mother makes right now.

Since she discovered "the Great Sweetener" just my favorite recipe plus CROWN BRAND Syrup. Simple, isn't it? But that one cup of CROWN BRAND is the difference between ordinary fare and the mystic touch of a French chef. It mellows the whole recipe, adds body, savour, freshness. And it would keep forever—if the children wouldn't interfere.

At your Grocer in 2, 5, and 10 lb. tins

STEEL MERGER TO BE CONSUMMATED IN NEAR FUTURE

Interests to Meet in New York to Consider Plans

Another Company in—Montreal Transportation Interests to Be Consolidated With Canada Steamship Lines.

(Cor. Financial Post.)

Montreal—Events are now shaping themselves rapidly for the consummation of what the Financial Post on Nov. 8 last, in announcing the plans, declared would be by far the biggest merger that Canada had seen.

The appearance of Col. Grant Morden, M. P., before a gathering of members of the House of Commons and the senate at Ottawa, and his graphic unfolding of plans for the development of the steel and coal industries of Canada, and combining with them shipping and transportation as necessary links, has served to heighten interest in the projects that he has been developing in this country.

Some interesting passages from his address follow: As I surveyed the industrial field in England, I looked back over the past years and their developments. I was rather under the impression that the great mercantile marine of England, having the supremacy of the seas, had made possible, to a large extent, the great industrial success of England.

It was coal and iron, coal and iron that made this success! It was coal and iron that made it possible for ships to go out loaded to the four corners of the earth to bring back cargoes necessary for England, but in every case, to leave a margin of credit in every place that ship went, and this margin kept on growing and growing the world over.

On the Atlantic seaboard of Canada lies the greatest deposit of ore and coal known of in the world today. There are over 5,000 million tons of iron ore, fifteen per cent of the total estimated iron ore in the world, lying there; and

H.P. SAUCE

is used daily on the dining tables of the British and Canadian Houses of Parliament. H.P. is made by blending together the choicest oriental fruits and spices with pure malt vinegar.

(Cor. Financial Post.)

side by side with it, is over 6,500 million tons of coal, all lying at tidewater with some of the finest harbors in the world. Consequently, steel should be manufactured there cheaper than in any other part of the world.

The geographical location is unique. It sits up over the North Atlantic ocean; it is closer to South America than the United States; closer to South Africa than England; a ferry service could be run across to the Clyde. But what is lacking? Two things—Capital and Experience!

It happened to be associated with some of the largest steel masters in England. I went to them and I said, you have the capital, you have your great finishing mills in England, you have your established connections in the markets of the world, but we have in Canada the raw materials and we can make you your slabs and your billets much cheaper than you can produce or secure them in any other place.

Col. Morden referred to the fact that he has discussed the whole situation with American financiers and steel executives and they had told him that an alliance with American capital would be necessary for successful development in this country. He emphasized that this had not been necessary; that Canada had in fact allied with the interests which had made necessary the big combinations which had been formed in the United States.

VALUE OF CHILD WELFARE WORK OF SCHOOL NURSES

(Bangor Commercial.)

The child welfare work of the school nurses has been most generously appreciated. The public is continually recognizing and appreciating the fine results which are being accomplished by the school nurses in their work.

During the past few months eyes, throat and teeth have been examined. Since the dental clinic was established at the end of January, and in spite of many Saturday morning blizzards, 189 children have had their teeth treated. One dentist was particularly amused to find, on counting up his morning's work, that he had extracted over seventy teeth.

It is interesting to notice in connection with the child welfare work here how great the growth of this work has been throughout the country during the last few years. Dr. L. Emmett Holt, professor of children's diseases at Columbia University, writes: "Health education has come to be recognized as of fundamental importance; it is largely because of this, and not because disease is more successfully treated, that the great reduction in the sickness and death rate has been effected. Unless backed by educational agencies, efforts and improvement in public health have almost invariably proved to be very transitory in their effects. It is particularly in schools that the opportunities of teaching health are the greatest and this opportunity has been as yet scarcely recognized. In the school the child is under continuous observation for eight or nine years; he is at a teachable age, in a teachable mood, and the school has the machinery for teaching. It is easy, if right methods are employed, to interest the child in health and it is not very difficult to influence him in the formation of good habits. The twig is so easily bent. The child can easily learn the essential needs of his body—proper food, cleanliness, fresh air, exercise, rest, etc.; also the things that do harm—improper food, decayed teeth, excess in eating or drinking, lack of proper sleep, tea or coffee, alcohol, drugs; and finally how the body may in some way be protected against infection.

"Group competition based upon weight and height has been found to be one of the most valuable means of stimulating interest in health. Scales should be in every school, so that every child is weighed and measured at the beginning of the school year and weighed monthly thereafter. One who is far below weight for height or who fails to make the normal gain is losing in the health game. If losing he is not following the rules. Which one is he breaking? The one relating to food, to hours of sleep, tea and coffee, or what? As these records of health progress go home to the mother, her interest is soon awakened and cooperation can, with a little difficulty, be secured. Other useful methods are health pictures and posters and even such health rhymes, when accompanied by appropriate pictures, as, for example: "There was an old man with a tooth That ate till he said, 'It's the truth, I neglected 'em young, and now I am stung. How I wish I had brushed them in youth.'"

"To determine the conditions under which the twenty million children in the United States shall live and work for five or six hours a day for nine or ten years, and to observe the effects of these

conditions upon their health and growth is surely a subject of sufficient importance to demand the best medical thought of the country. We cannot too strongly emphasize the value of and the necessity for proper medical school inspection, but it must be thorough and regular. One complete medical examination a year for each child should be the minimum. A medical examination which is concerned chiefly and solely with such defects as tonsils, adenoids, teeth, etc., and ignores the condition of the child's nutrition and his rate of growth has failed, I believe, in its main purpose. Health teaching is the very first step in the solution of the health problem of the school child.

It was with high hopes that a commercial traveler called on a certain tradesman. They had never done business together before, but a friend had given him a good introduction. "May I show you my samples, sir?" he asked, after they had exchanged greetings. "Certainly!" said the tradesman affably. And from an insignificant bag the traveler produced a surprisingly large selection of articles. He pointed out their different merits, and then waited. "Well, there's only one thing I want," said the tradesman, and the salesman beamed at the thought of opening a new account. He whipped out his notebook, and waited expectantly. "What is it?" he asked. "Well," was the reply. "I want to

TABLETS FOR All Pain Headaches Neuralgias Colds and La Grippe

Simple Home Treatment to Remove Hairy Growth (Beauty Culture.) Two or three minutes use of a delicate paste will banish every bit of hair from your face, neck or arms. This paste is made by mixing some water with powdered delatone. After the paste is removed, the skin should be washed to free it from the remaining delatone and it will be clear and spotless. You will not be disappointed with this treatment if you are sure to obtain real delatone from your druggist.

IF YOUR EARS RING WITH HEAD NOISES If you have ringing, buzzing noises in your ears, are getting hard of hearing and fear Catarrhal Deafness, go to your druggist and get 1 ounce of Earmint (double strength), and add to it 1/4 pint of hot water and a little granulated sugar. Take 1 tablespoonful four times a day. This will often bring quick relief from the distressing head noises. Clogged nostrils should open, breathing become easy and the mucus stop dropping into the throat. It is easy to prepare, costs little and is pleasant to take. Any one who has Catarrhal trouble of the ears, is hard of hearing or has head noises should give this prescription a trial.

AUCTIONS

Piano, Parlor Suite, Car, Sewing Machine, Oilcloth, Pressing Cases, Clifton, Bedroom Suits, etc. Kitchen Range, Kitchen and Hall Furnishings, etc., at residence. BY AUCTION I am instructed to sell at residence No. 26 Castle street, on Friday morning, April 23rd, at 10 o'clock, the contents of flat. Everything in nice condition. D. F. L. Potts, Auctioneer. 4-10-T.F.

Valuable Large Freehold Lot, 110 ft. on Mount Pleasant Ave. Extending Back 160 ft., more or less. BY AUCTION I am instructed to sell by public auction at Clerk's Corner, on Saturday morning, the 24th inst, at 12 o'clock noon, that large parcel of land on the southern side of Mount Pleasant Ave., commencing on the easterly side of Wm. Parks' land and containing land enough for three houses. The above land is only sold because the owner, Walter L. Doherty, Esq., is removing from the city, and offers a splendid opportunity to a person wishing to buy a large freehold lot in one of the finest residential parts of our city. F. L. Potts, Auctioneer.

REAL ESTATE IF you have real estate you wish to dispose of this would be the time to sell, so buyers could make purchase before they retreat. For sale price, terms, etc., we have for sale several tenements, also 10 acre farm, 2 1/2 miles from city. Prices reasonable. F. L. Potts, Real Estate Broker, Office: 96 Germain St. Phone 973.

Very Valuable Freehold Brick Block, Corner Germain and Queen Streets, also 3 Story Freehold Brick Residence, No. 244 Germain Street, also Large Freehold Lot Corner Harding and Germain Streets BY AUCTION I am instructed by the Executors of the Estate of the Late James S. Harding to sell by Public Auction at Clerk's Corner, on Saturday Morning, the 24th inst, at 12 o'clock noon, the following freehold properties and lot: Lot No. 1. That valuable brick block consisting of brick house No. 50 Queen street; also brick house No. 52 Queen street and house No. 242 Germain street, corner Queen. All self contained. These properties will be sold en bloc. Lot No. 2. That very valuable 3 story brick residence No. 244 Germain street. This property is in splendid repair, all modern improvements and was occupied as a residence by the late James S. Harding. Lot No. 3. Very valuable lot of land corner Harding and Germain street. This is one of the most valuable building sites for residential purposes in the city today, having a frontage on Queen street large enough for the erection of three self-contained houses. Germain street property heated by hot water, Queen street property by hot air; electric lights and gas. Properties can be inspected Tuesday, Thursday and Friday afternoons. For further particulars, etc., apply to F. L. Potts, Auctioneer.

Valuable, Two-family House, freehold lot, 40x100 ft., more or less, Princess Street, between Camarthen and West worth. For quick sale we will sell at reasonable price this valuable freehold property. F. L. Potts, Real Estate Broker, Office: 96 Germain St. Phone 973.

THE EVENING TIMES AND STAR, ST. JOHN, N. B., THURSDAY, APRIL 22, 1920

HOURS IN THE CHARM OF DAYS OF LONG AGO

Little Red Riding Hood a Delightful Performance

Sparkling Entertainment
With the Notables of Nursery Rhymes—Brilliant, Spectacular, Comic and Altogether Alluring.

Charming glimpses into the pages of nursery stories of childhood, enchanting visits to the mystic realms of fairyland, and delightful touches of the modern age, all combined with sparkling, appealing songs, music and dancing, were enjoyed by an audience which taxed the capacity of the Imperial Theatre last night at the opening of the English pantomime fantasy, "Little Red Riding Hood." The large audience was carried away with enthusiasm. Applause was generously bestowed and amply merited. It was an entertainment in which there was not a little of any one feature, though no one would have tired of more of any of the numbers on the programme. Comedy there was in plenty, the antics of nursery lore, King Cole and Mother Hubbard, providing many hearty laughs. The whole production went with an easy, jaunty swing with no dullness but all brightness, cheerfulness, and charm. It is seldom indeed that St. John is favored with a visit from a performance savoring of Drury Lane. And it is particularly seldom that a company of such merit is brought to present it as that which F. Stuart Whyte has with him in "Little Red Riding Hood." Several of those in the cast were fondly remembered because of the visit last year with "Cinderella," but there were many newcomers and they were warmly received. The chorus was large enough and though without many male voices was of considerable volume and above all composed of fresh young voices which carried and blended well.

From a scenic viewpoint the production was one of splendor. The lighting effects were beautifully arranged, and the fixtures most pleasing, the scenes in the pantomime tableau and dance numbers as Trafalgar Square, a house in the stylish Mayfair district, were most alluring, while those which recalled the days of light opera in St. John were thrown into a rhapsody of reminiscence in the specialty "Melodies of Yesterday" for three stepped from a prettily painted album of music such favorites of undying memory as "The Belle of New York," "The Geisha," "Floradora," and others that once held popular sway. The costumes throughout were spectacular and lovely besides being nicely varied and seemingly countless in number. It would be difficult to pick everybody's favorite among the players, but since she has the title role little Miss Dorothy Mackay might first be men-

INFLAMMATORY RHEUMATISM PERMANENTLY CURED

NEW BRUNSWICK LADY GIVES
FULL PARTICULARS OF
HER RECOVERY.

There are many types of rheumatism, but none worse than inflammatory. It was this kind that almost killed Mrs. Edw. Warman, of Kent Jct., N. B. Every known remedy she tried, different doctors gave their advice, but the disease increased.

Weak and despairing, she was at her wits' end when the remarkable cure of These Cullen was published. This gentleman was cured of rheumatism by "Ferrozone." Consequently Mrs. Warman used the same remedy. Here is her statement:

"For five years I have been rheumatic. I tried various forms of relief without success. The disease increased, settled in my joints and muscles; these swelled, caused excruciating pain and kept me from sleeping. My limbs and arms stiffened, my shoulders were lame and prevented me from working. Week by week I was losing strength and despair of finding a cure. It was a happy day I heard of Ferrozone. Every day I took Ferrozone I felt better; it eased the painful joints, gave me energy and a feeling of new life. Ferrozone cured my rheumatism, cured it so that not an ache has ever returned. Even damp weather no longer effects me."

Ferrozone has power to destroy Uric Acid, neutralize and enrich the blood, and therefore does cure the worst cases. Mrs. Warman's statement proves this.

By removing the cause of the disease and building up a reserve of energy, Ferrozone is certain to cure. Sufferers, isn't it about time to stop experimenting? Ferrozone is a CURE, order today, 50c. per box, or six for \$2.50, sold by all dealers or direct from The Cataractose Co., Kingston, Ont.

and coy as she told in her song, "A Modest Little Thing."

One of the best voices in the company was that of Ian Hunter, whose rich baritone was heard to special advantage in "The Bells of St. Mary's" and "The Cornish Dance" while his singing of "Brave Old Contemplables" in a west end of London armistice day scene, evoked much deserved praise. Mr. Hunter was also the awful wolf of the heroism of Boy Blue did not succeed in eating the little lady in the red hood.

A specialty which was one of the outstanding successes of the show was that of Charles Cardie and Miss Harriet Fawn, a cozier number with a "Trafalgar square setting, "Harmonize With Me." It was cleverly sung with realistic east end accent and gestures and added greatly to other bits of fun which this pair contributed throughout the evening as Jack and Jill. As has been said, the programme was not confined to nursery times but the wand of the fairy, a role nicely portrayed by Pauline Harvey, was majestic in its power and even warded the audience to the land of the heather where The Mackay Dancers gave a Highland dance which was most delightful. Miss Duphne DeLisle proved herself a dancer of unusual ability and rare interpretive power especially in her "Dawn" scene where she excelled in a graceful exhibition of the art of Terpsichore.

Many of the old nursery favorites were assembled in the production, Little Miss Muffet, Jack Horner, Peter Piper and others, and each added to the success of the piece. There were several other singing and dance numbers which are deserving of mention, the whole a company appearing particularly talented

and versatile and the production being given with a refreshing finesse and capable balance that could not help but spell success. The musical numbers were directed by Eugene Speyer and the Imperial orchestra carried out their share in the programme in their usual able manner. "Little Red Riding Hood" will be given for the last time tonight and all who delight in a thoroughly pleasing musical pantomime should see it.

It was announced that, so heartily had been the reception in Canada this year and last, that noted British pantomimes and other productions would be brought here.

FOUND GUILTY

Sensational Trial of Woman
in Quebec on Murder
Charge Ends.

Quebec, April 22.—(By Canadian Press)—After deliberating for eighteen minutes yesterday afternoon the jury brought to an end one of the most sensational murder trials ever heard in Quebec when they returned a verdict of guilty against Marie Anne Houde for murdering her step-daughter, Aurora Gagnon of St. Philomen.

His Lordship Justice Pelletier broke down while delivering sentence on the woman and the prisoner wept bitterly for the first time during the course of the trial on hearing that she was to be hanged on Oct. 1.

LET us show you the many new styles.

KING COLE TEA
KING COLE DEKOE ORANGE TEA

Held High in Public Esteem

WHETHER you are a user of KING COLE Orange Pekoe or KING COLE Indo-Ceylon Blend, you know that the quality has been consistently maintained. That alone explains the steadily increasing sales.

They are dependable

Perfectly packed in bright lead foil and price marked on every package.

The Fit-Reform Label stands for correctness as well as for character — for styles supremely right as well as for tailoring without a fault.

Gillette Safety Razor

The Shaving Service for Every Man Everywhere

And Now For The Big Fellow

The man who usually chooses a heavier hammer or a thicker pen will extend a glad hand to the new Gillette "Big Fellow". It is thicker and weightier in the handle than either the Standard or the Bulldog Gillette Safety Razor, and it seems more at home in a muscular grip.

The illustrations give a fair idea of the size of the Big Fellow, but note that the head, while heavier, takes the standard Gillette Blade.

The case of polished Gum Wood—mitre-cornered, waterproofed, and very compact, is a worthy companion to the "Big Fellow".

The set includes twelve blades, double-edged—the kind that abolished Stropping and Honing for all particular shavers.

Ask some good dealer to show you the "Big Fellow". If he hasn't it in stock, he can get it for you.

Voile Blouses to take the place of Georgette

MANY predict that the fine Voile Blouse will this year replace Georgette. You would think so to see the stunning models we have just received. Never before have there been such fine Voile Blouses, and the designs have in many cases copied the more expensive Georgettes. Some are made of a very fine imported mercerized Voile which is proving very popular. It washes wonderfully well, has the sheen of Georgette and comes in just as dressy effects as the more expensive silk material.

To-morrow we are making a special offering of a large variety of styles, featuring embroidered fronts both in self and pastel shades. Many others are plain, but trimmed with beautiful laces. Either the long or elbow sleeves may be had. One very dainty model has a plaited bell sleeve and is very chic. All Sizes

On Sale to-morrow from

MUTT AND JEFF—THERE ARE TIMES WHEN A LITTLE INFORMATION IS SUFFICIENT By "BUD" FISH

JEFF, THERE'S JOE SPINNING IN THE PARK. CHASE OVER AND GET HIM AND WE'LL HAVE A THREE-HANDED GAME OF POKER.

SURE!

I'LL SIT ON THIS SIDE OF THE TABLE! IT'S MY LUCKY OLD SEAT!

WHY, WHERE'S JOE?

I EXTENDED A VERY CORDIAL INVITATION TO HIM BUT HE WOULDN'T COME. HE DOESN'T WANT TO PLAY POKER FOR SEVERAL REASONS.

I'M SURPRISED! WHAT ARE HIS REASONS FOR REFUSING TO JOIN US IN A QUIET GAME?

M-M-M, LET ME SEE! OH YES! HIS FIRST REASON WAS THAT HE HAD NO MONEY—AND

NEVER MIND THE OTHERS!

TEE HEE!

SPORT NEWS OF
A DAY; HOME
AND ABROAD

THE RING.

Bout for Dempsey.
Chicago, April 21—Jack Dempsey today signed for his first fight since he won the world's heavyweight championship from Jess Willard at Toledo last July 4. Manager Jack Kearns came to terms with Floyd Fitzsimmons, a Ben-ton Harbor, Mich., promoter, for a match at the Michigan resort on July 5. Dempsey's opponent will be chosen within ten days. Fitzsimmons already has opened negotiations with Fred. Fulton, Billy Miske and Bill Brennan.

Bouts in Hamilton.
Hamilton, Ont., April 21—Jimmy Goodrich of Lackawanna, Pa., outpointed Dick Atkins of Toronto in a fast ten-round bout here tonight. He beat Atkins to the punch all the way and easily won the referee's decision. They met at catchweights.
Harry Gingham of Hamilton won the semi-final wind-up from Frankie Kirsch, Buffalo, Edlie Gallagher of the holding of Young Bender, alleged featherweight champion of the American expeditionary force.

Canadian Championships.
Ottawa, April 21—Entries closed today for the Canadian amateur boxing championships here on Friday and Saturday nights. Nearly fifty entries were received from many parts of Canada. The contests will be preliminary to Olympic tests which will be held later.

Victory for Kilbane.
Lorraine, Ohio, April 21—Johnny Kilbane of Cleveland, featherweight champion, won from Alvie Miller of Lorraine tonight by a knockout in the seventh round of a scheduled bout of ten rounds.

Johnson Still Lively.
San Diego, Cal., April 21—Jack Johnson, former heavy weight champion, displayed much of his former agility in a four round exhibition bout today with Alvie Neal at Tilgham, California, according to inside critics.

Big Bout Tonight.
Halifax Recorder: Danny Ferguson, who is to meet Mike McTigue Thursday last night from Philadelphia, accompanied by Duke Kelly, his manager. He is rugged-looking of stocky build, being five feet seven and a half inches in height and weighing 154 pounds. He is anxious to defeat McTigue as the latter has now received such prominence through his victory over Brossseau that a win over the Irishman at the present time will add to his prestige. Arrangements have been concluded for a rattling semi-final eight-rounds with Mickey McIntyre vs. Jerry Walsh of Amherst. Tom Foley will be referee.

Easy for Wilde.
Camden, N. J., April 21—Jimmy Wilde, British flyweight champion, so far outclassed Battling Murray of Philadelphia in their eight-round bout here tonight that Commissioner John Smith thought that Commissioner John Smith stopped the contest in the last round.

Murray had been knocked down three times in the eighth round from short left hooks to the jaw. He was up without taking the count but was in such a battered condition that a clear knockout defeat appeared certain when Commissioner Smith interfered thirty seconds before the end of the bout. Murray's face was covered with blood as a result of a nasty gash over the left eye, caused by a collision with Wilde's head. His nose was also bleeding freely.

Murray had the honors in the early rounds. He knocked Wilde down with a left hook to the jaw less than a minute after the fight started. Wilde out-boxed Murray at long range in the opening round while the Philadelphia was trying to slug.

Wilde began showing his true form in the third round when he speared up his attack with the result that the referee was even. He improved in the fourth and fifth and with the beginning of the sixth cut loose in easy style. Murray did not last long. Both fighters were below the required weight of 116 pounds.

Capitulate on May 2.
New York, April 22—Georges Carpentier will make his first appearance in ring togs in America on May 2, when he will fight against Jess Willard.

will box four rounds here with one of his sparring partners, in the 71st Regiment Armory for the benefit of a war veterans' building in this city.

Victory for Fulton.
Portland, Ore., April 22—Fred Fulton was given the decision over Jack Thompson, Tulsa, Okla., a negro, in the sixth round of a scheduled ten round bout last night.

Stecher Again.
Albany, N. Y., April 21—Joe Stecher threw Pete Zilinskas after one hour and ten minutes of wrestling tonight. He used a body seissors and arm hold. One of Zilinskas' ribs was broken.

Declines British Challenge.
Boston, April 21—Harold C. Cutbill of Boston University, one mile track star, announced tonight that he had refused to accept a challenge of E. H. Montague of Oxford University, to run a special three mile race at the Pennsylvania relay carnival. Cutbill said that he expected to make the Olympic team and that he would confine all his efforts to the one mile races.

Big Athletic Meeting.
A special meeting of the maritime branch of the A. U. of C. to deal with athletes who are not in good standing, will be held in Fruro Wednesday evening, April 28.

The U. S. Team.
Philadelphia, April 22—The University of Chicago's entries for the two mile college relay championship at the relay carnival of the University of Pennsylvania next week, in which event the Oxford-Cambridge team also will compete, were announced today. They include Otis, one of the fastest mile runners in the United States; Speer, western half mile champion, and Barclay and Hall, both of whom have records of less than two minutes for the half mile. With one exception the same team will also compete in the distance medley. In this event Jones will replace Bartley. Chicago is the holder of the two mile relay title which they won at last year's meet.

CRICKET.
For Robertson Cup.
Toronto, April 22—The trustees of the John Ross Robertson Cup, which has been held by the Wanderers' Cricket Club of Winnipeg since 1914, the last season in which games for the cup were played, have received two challenges for 1920, and are open for further challenges up to May 22.

Want War Tax Deferred.
The Ontario provincial government was urged yesterday by a representative body of race track men to defer the imposition of the proposed \$10,000 per day provincial war tax on race tracks until the federal government's decision with regard to the tax on pari-mutual machines is determined. They were promised consideration.

National League.
Cincinnati 3, Pittsburgh 5.
Other games postponed on account of rain.

American League.
Chicago 7, St. Louis 4.
Other games postponed.

International League.
Baltimore 8, Reading 0.
Other games postponed.

Marquardt Wins Socks Divorce.
Chicago, April 22—Mrs. Blossom C. Marquardt, known as vaudeville as Blossom Seelye, has filed suit for divorce from Richard "Dick" Marquardt, pitcher for the Brooklyn National League Baseball Club. She charged desertion since 1918. They were married in 1918.

RUMORS OF A MARITIME FRO BALL LEAGUE
Joe Page Said to Be Preparing to Organize a Class D League.
(Moncton Transcript).

Word comes from Halifax that a maritime provinces professional baseball league may be in operation this season. While nothing definite has been learned of the proposition, a report regarding the project was received. Joe Page, Moncton sportsman, is said to be behind the scheme. It will be remembered that Page had a maritime league, with St. John, Moncton and New Glasgow formed in 1914, but rumors of war caused the project to be dropped. Joe Page is a hustler, and anything he goes after he generally lands.

It is reported that Page will endeavor to organize a class D league, which will be a member of the American association of baseball clubs, the salary limit to be \$2,000 a month for each team. According to the report received here, Page plans to have St. John, Fredericton, Moncton and Halifax in the league, the winners to meet the winners of the New England to play off for the eastern championship. Page is a scout for one of the American league teams, and it is reported that the owners of the clubs on the junior circuit of the majors would back the proposed league with finances.

The Greek steamer Marie Michalinos docked yesterday afternoon at the South End Terminal, where she will load some cargo, going around to St. John to complete.

MR. ROBB CAN NOT ACCEPT
A. W. Wright May Go to Geneva as Representative of Shipping Interests.

Montreal, April 22—Owing to the absence of his wife and the severe illness of his daughter, Thomas Robb, secretary of the Shipping Federation, will not be able to accept appointment as representative of the Canadian steamship employers at the seaman's conference at Genoa, next June, under the terms of the peace conference and League of Nations.

A meeting of the ocean steamship owners was held yesterday in conjunction with representatives of the Great Lakes Navigation Company and A. W. Wright of Kingston, Ont., was nominated by the shipping operators as agreeable to them as a representative to present their case at the general conference at Genoa. It was said that Mr. Wright's name would be submitted to the government as the nominee of the Canadian shipping interests at the Genoa conference.

CANADIAN FOR HEAD OF MCGILL UNIVERSITY?
Montreal, April 22—Wm. Birks, one of the governors of McGill, who returned from England on the same ship as Sir Auckland Geddes, said yesterday that he had discussed the question of the vacant principality of the university with Sir Auckland. In the view of Mr. Birks, if a Canadian can be found for so important a post he should be appointed.

TOM MOORE
"TOBY'S BOW"
How he won it is making them all talk now.
There is nothing more inspiring and thrilling in the world than watching a red-blooded, two-fisted youth smashing all barriers that obstruct his path to love and fame. That's what Tom Moore does in his latest Goldwyn photoplay, "Toby's Bow," adapted from the well known stage play of the same name, in which a Knight of New York helps a Dixie damsel in distress. It's fast and funny; it's bright and breezy. And it's your idea of real entertainment. It's Tom Moore at his smiling best.
