COMMERCIAL MEN RETURN FROM TOUR OF THE WORLD

Winners of the Toronto News Contest Arrive in St. John—Were Greatly Impressed With the Character of the Chinese.

Once again on Canadian soil after a complete tour of the globe, William Colville, William G. Kelly, James H. Lumbers and Valentine Wells landed in St. John from the Empress of Britain yesterday and an hour later left for Montreal. These four men were the winners of the Toronto News' contest for the most popular commercial travellers in Canada. They came back from their world-circling trips full of health and happy recollections. The voyage on the Empress was a fitting climax to a journey which has been in every way enjoyable. The boys all spoke at once of what they had seen and were overburdened with stories of their adventures and with comments on the strange peoples and places they had visited. At the same time they were glad to be once more in God's own country. As the time between the docking of the steamer and the departure of the train was very short the travellers could give only a brief outline of their trip. Leaving Toronto on January 11th, they first stopped at Winnipeg where they were joyfully entertained by the Commercial Travellers' Association. An elaborate dinner was given and the city was viewed in an automobile ride. At Victoria they were fortunate to arrive the day the new C. P. R. hotel "The Victoria" was opened and there they remained the guests of the C. P. R. They crossed to Hong Kong and then on the Empress of China and a pleasant trip enjoyed until they reached Yokohama, a fourteen days' sail. The weather was somewhat cold going across but the trip was enjoyed by them very much and there were no accidents. Four days were spent in Japan visiting Tokio, Kyoto, Kobe and other places. They found everywhere they considered there was no place could compare with the Japanese. At Yokohama they were given an excellent time being entertained by Mr. Stevens and Mr. Shaw, who are in the city. They were very much impressed with the Oriental. They saw Chinese life as it is and after visiting the educational institutions and comparing them with the Japanese they came to the conclusion that the Chinese is to be preferred. The educated Chinese in their estimation are better immigrants for Canada than any other class. They pass the Jap in honesty, ability and progressiveness. This is something that does not appear to realize but it is a fact which they have learned by close observation. In Hong Kong the four Canadian tourists were unfortunate in missing their boat for the return trip, and this consequently delayed them about two weeks. The weather there was exceedingly warm, but the manner and customs of the people were not so much. The important offices at Singapore were held by intelligent Chinese and these conditions existed throughout the countries in Asia which they visited, with the exception of Japan. The hustle and bustle of the Canadian city was not found there, but the loose garbed Celestial took things easy and seemed to be accomplishing nearly much. The party after leaving China touched at Benang and Colombo, then passed through the Suez Canal to Port Said. From there they visited Brindisi, also Naples and Rome in Italy. From Italy they crossed to Paris, thence to Edinburgh, Glasgow, Belfast and Dublin. At London the United Kingdom Commercial Travellers Association held a banquet at the Cecil Hotel in honor of the boys, and among the distinguished persons present were Lord Strathcona, Sir Albert Rollet, General Larvorie, Dr. Parkin, and Donald McManister. Both of the last named gentlemen are very well known Canadians. Lord Strathcona entertained them also at his country residence at Knebworth. Their voyage on the Empress of Britain was a feature of their journey and nowhere on their trip did they meet with anything like the courtesy shown them and the delightful accommodation provided. Speaking generally the boys said: "We're glad we won the contest. It has given us the treat of a life time. We enjoyed it thoroughly and will hardly realize all we have seen and done until we return home and resume our business. The trip has broadened our ideas on matters and views which will be very beneficial, for we found that in the Orient, commercially speaking, they are strictly up-to-date." On board the Empress they had the pleasure of enjoying McKenzie King's company. Messrs. Kelly and Lumbers left last night for Toronto, and Messrs. Colville and Wells will remain over at Montreal for a few days en-route.

MONCTON NOW CLAIMS THE OLDEST MAN IN CANADA. John McKelvie is One Hundred and Two and is in Excellent Health—Preparations for Meeting of I. O. G. T.

NEW YORK, April 25—Robert W. Inglis, who had five stitches taken in his heart, died yesterday at Tonkers, N. Y., after a battle against death lasting nineteen days and seven hours. For the last two days he had been unconscious. When Inglis was removed to the hospital he weighed almost 160 pounds. An autopsy showed that he had been in bed for about a week and a half. It had wasted away to sixty pounds. The stitches in his heart had not healed and septicaemia had set in. The operation of sewing up Inglis' heart, were correct in every detail. The wound in the heart could plainly be seen when the body was taken to the room for the operation. The organs were all affected by the septic conditions which followed the operation.

TWO HUNDRED AND TWENTY-FIVE PERSONS KILLED IN SOUTHERN STORMS

And Fully Five Hundred Others Have Been Injured—Half a Dozen Towns Wiped Out and Many Villages Destroyed—Tragic Incidents of the Tornado.

ATLANTA, Ga., April 25—Reports last night show that deaths by the tornado in Mississippi, Alabama and Louisiana are about 225. The death list was suddenly swelled by nearly one hundred additional victims in Purvis and McLaughlin, Miss., towns near here, from up to midnight. The first reports indicate that four-fifths of the victims were negroes but the later reports show an increasing number of whites. It now seems that of the total deaths at least seventy-five are whites. The number of injured may reach 500.

NEW ORLEANS, April 25—The dead more than two hundred, the injured at least 500. These were the grim facts that came to light today when a little town a farmer who was plowing and the storm approaching and managed to get the members of his family out doors and behind stumps before the wind struck. The house was blown away but none of the family was injured. One child that was killed, it is said to have been lifted high in the air and while still above the ground to have been struck by a heavy flying timber which caused its death. When the storm was over, a special train bearing twelve physicians and fifteen other persons went to Purvis. Meanwhile a second relief train started for Lumberton. One train was stopped by a woman waving a red cloth. When the engineer ran ahead to see what she wanted, the woman fainted and the engineer found that the color of the body was caused by blood. A search cloth her home near the railroad, and three members of her family were found dead and four injured. A man who drove into Purvis last night reported that he saw the bodies of several dead whom he took to be negroes lying beside the road. At nightfall what was left of the town was put under martial law, a military company preserving order.

BERMINGHAM, April 25—The storm yesterday devastated the centre of Albertville, in North Alabama. The town is a mass of debris. The number of dead and injured is large, but it is impossible to give accurate estimates. Bodies are constantly being found in the wreckage. The known dead are: Mrs. John Decker and two children; Mrs. Wm. Avery, Mrs. McCord, aged 14, son of Edward Ed. McCord, Mrs. Sadler, Mrs. Burkhardt, aged 75; young "Birdie" McCord, aged 75. Practically the entire town was destroyed and it is estimated that 120 dwellings were torn from their foundations and many of them wrecked. Scores of homeless people walked the streets last night giving way to the injured who were sheltered in the few houses remaining in the town.

CHARLOTTETOWN, P. E. I., April 25—Lawrence Butler, aged 65, residing in Lot Seven, Prince County, spent the night at the home of his son in Law Lawrence Fitzpatrick. Early in the morning he started to drive to his home. Some time after his daughter found him dead, the body wedged in between the shaft and wheels of his wagon. How the accident occurred is not known, but it is thought he was thrown from his seat while passing over a rut. A blow on the head from a horse's hoof caused death. The Bank of Montreal have let a contract to Lewis Bros., of Charlottetown, for a new building here.

ARRANGING FOR THE APPOINTMENT OF FIRE WARDENS. Hon. Mr. Hazen, Mr. Grimmer and Col. McLean in Ottawa Interviewing Minister of Railways.

MONTEREAL, April 24—Hon. J. D. Hazen, Surveyor General Grimmer and Col. H. H. McLean were in the city today enroute home from Ottawa where they had been for the purpose of consulting with Sir Wilfrid Laurier, and Dr. Pugsley with reference to the appointment of fire wardens to guard the timber lands in New Brunswick through which the National Transcontinental will be constructed. The Dominion Ministers appear to look with favor on the proposition, recognizing its importance, and the opinion is expressed by the New Brunswick premier that the Dominion government will appoint good men, the New Brunswick government having agreed to give them all the power necessary for the efficient discharge of their duties. Messrs. Hazen and Grimmer left this evening for St. John, Col. McLean remaining over.

THE LONGSHOREMEN. The new Longshoremen's Union which has been formed out of the old union went to work on the first boat, the Tritonia, yesterday afternoon. The union is now nearly 200 strong, and several are joining every day, for a large class of longshoremen consider it the best for their interests. To the Star today the leaders explained that the principal reason why the new union broke away from the old union was on account of favors which were shown certain men and classes by the old union and they considered the work was never divided at it should have been among the men. The new union asks for 35 cents per hour.

MANY INTENDING EMIGRANTS TURNED DOWN. Canadian Agent in England is Strictly Enforcing the Regulations.

LONDON, April 24—Canada has put a stop to the indiscriminate emigration to the Dominion by charitable organizations of the surplus population of London and other English cities. During the past few weeks the Canadian immigration commissioner in London refused to give his sanction, which is required by the steamship companies, for the emigration of fifty persons whom the Church Army proposed to send over and he had been taken to task by the head of that organization for his action. His reply was that Canada would accept only those whose fitness as settlers he is assured of.

WINTER WEATHER PREVAILS IN LONDON. LONDON, April 25—The United Kingdom is experiencing remarkable weather. Snow has fallen in London every day since last Monday and the thermometer has been down nearly to the freezing point. Heavy falls of snow in the north have caused floods on the Scottish border and early this morning the heaviest snowfall for many years swept over southern Sussex and Hampshire, the snow in some places being two or three feet deep. At Southampton business has been practically suspended, the car service is snowed up and gangs of men are digging the cars out from deep drifts. All trains at Southampton are late. The same conditions prevail at Portsmouth, and there have been heavy falls of snow at Bath and Bournemouth. The Newmarket races have been postponed on account of the snow.

GRAFT CHARGE A BOOMERANG

Hodgins Must Face House Committee

Parent Demands Investigation of Charges Against N. T. R. Commission

OTTAWA, April 24.—The charges of graft and waste of public money in connection with the building of the National Transcontinental railway contained in a statement sent out from Vancouver last week by Major Hodgins, the engineer in charge of the Memora division of the road, who was dismissed by the commission last August are likely to prove a boomerang which will strike back at the major's professional reputation and at the same time emphasize the efficient and business-like manner in which the National Transcontinental commission are overseeing the construction of the road.

Over twenty million dollars have already been expended on the National railway. Major Hodgins' charges contain the first suggestion of any graft in the expenditure of this vast amount. The memorandum of Hon. S. N. Parent, chairman of the commission, in reply to Major Hodgins' insinuations was submitted to the commonsense today. Sir Wilfrid Laurier justified in the clearest possible manner the commission's course in dismissing Major Hodgins and making it clear that instead of giving any opportunity for graft on the part of the contractor, as alleged by the major, the commission have resolutely refused to allow the contractor to depart from the strict terms of their contract even when the latter was lodging moorings by being compelled to stick to contract prices. The commission and the government have welcomed rather than repelled the investigation asked for by Major Hodgins and the opposition press, and on motion of the premier a select committee of five will be named on Monday to take evidence with regard to the charges in question.

Hon. Mr. Parent's memorandum, which, with the other correspondence made public after Major Hodgins' dismissal was laid on the table of the House, defines specifically each of the charges and concludes as follows: "Since leaving one employment Major Hodgins has talked a good deal openly, in fact much more than professional dignity and sense of the public would seem usually to permit. It is in time, we feel, in justice to ourselves and to the public before we make any evidence desired to misrepresent facts to call a halt and make it necessary for the accused to bring facts to substantiate his charges."

"In conclusion the commission would respectfully request, as they do wish to remain under suspicion, that such reports cease on them, that the whole matter be referred to and left into by a committee of the House and that Major Hodgins be assigned to appear before the same to answer his charges in a specific manner in order to substantiate them if he can. Then an opportunity will be given right-minded people to see where the truth is and if public interest would have been better served by keeping an engineer who ignored specifications, or by replacing him, as was done, by one who will follow them."

RETURNS TO SYDNEY FROM MINERAL TOUR

W. F. Jenkinson, C. E., engaged by the government to prepare for publication mineralogical and industrial information of the lumbering industry, but in Nova Scotia and New Brunswick, arrived home a few days ago from his tour of the latter province after practically completing his work there. To the Record Mr. Jenkinson said that while the mineral indications in New Brunswick are similar to those in Nova Scotia, his tour of the former province involved much more work on account of the difficulty of obtaining the necessary information. The tendency of the New Brunswick mind is in the direction of the lumbering industry, but in Nova Scotia there are few men who have not some knowledge of the mineral conditions of their own district. Numerous inquiries have already been received regarding the forthcoming report not only from the United States but from European countries, the capitalists of which have of late years shown an increasing interest in the industrial progress of the Dominion. ST. JOHN, N. B. W. ALLAN BLACK, Prop. A STOWAWAY JUMPED OVERBOARD AND DROWNED

HALIFAX, N. S., April 24.—A thrilling incident occurred after the C. P. R. liner Lake Michigan left port this afternoon for London. When at the entrance to the harbor a stowaway who was on board and who was being blown back to England, jumped overboard and attempted to swim ashore. The ship was immediately stopped and a boat launched, but before the unfortunate man could be reached he sank. An hour was spent in searching for him, but without success.

"Banner" Spring Bed—\$8 Is Guaranteed for a Lifetime

There are Damascus Swords—200, 300 and 400 years old—which can be bent double and yet will spring back, straight and true, when released. These blades were tempered right. The "Banner" Spring Bed is guaranteed for a lifetime because the steel spirals are oil tempered like a sword—and will retain their strength and springiness through years of service.

It is the resiliency (or "spring") of the steel spirals, which makes the "Banner" Spring Bed so easy and comfortable.

The spirals, after being carefully tested, are janned—to prevent rusting. Then they are attached to flat steel bands on edge, which are riveted to angle iron sides. This insures the "Banner" being absolutely noiseless—and enables it to fit iron beds without slats.

Springs that cost \$4 or \$5 soon pull out of shape—like a hammock—are never restful and cozy—and must soon be replaced. The "Banner" Spring Bed costs \$8—lasts a lifetime—and gives a lifetime of comfort and satisfaction. Who can doubt the true economy of the "Banner"?

Look for this trademark whenever you buy Spring Beds and Bedding. It is your protection and our guarantee.

SPENT FOURTEEN YEARS IN A RUSSIAN PRISON

LONDON, April 24.—A tired man, wasted in frame and haggard in face, stepped from the boat train at Victoria railway station yesterday morning. He was met by his wife and daughter, who flung their arms round his neck and kissed him again and again. The traveller was Nicholas Luxemburg, who was wrongly arrested in Odessa, spent fourteen years in a Russian jail and, after repeated protests by the Foreign Office, was liberated with profuse apologies. Mr. Luxemburg related the full story of his terrible experience, prefacing his graphic narrative with the words: "I am glad to be at liberty; I am pleased that my ordeal is at an end." The traces of the rigorous treatment he received are evident. A hacking cough shakes him, and it will be a considerable time before he recovers from the fourteen days of practical starvation he endured.

IRON PIPE WENT THROUGH BREAST

PERNIE B. C., April 24.—Details of an accident in the lumber mills at Waldo, in which H. Codes was killed, have been received. Codes was putting a belt on a pulley, and finding that it was too stiff for his hands he took a piece of heavy steam pipe with which to slip on the leather. As he was manipulating the belt the pipe was caught in the revolving pulley and instantly the iron was reversed and shot through his breast, entering the wall behind and pinning him there.

WESTFIELD, Mass., April 24.—A four-story brick block in the business section of the town, occupied by two large firms and a number of small offices, was badly damaged by fire, water and smoke today, the total loss to all the occupants being estimated at \$35,000.

Golden Remedy has cured some of the most violent cases in a day's time. This fact is proven by many ladies who have tried it.

Mrs. Mattie Balkins, Vanceburg, Ky.: "My husband took two doses of your medicine about five months ago and has not taken a drink or had any desire for liquor since then. Our home is so different now."

Save your loved ones from premature death and the terrible consequences of the drink curse and save yourself from poverty and misery.

It costs absolutely nothing to try. Send your name and address to Dr. J. W. Haines, 229 Ninth Building, Cincinnati, Ohio, and he will at once send you a free package of the marvelous Golden Remedy in a plain, sealed wrapper.

He will also send you the strongest conclusive proof of what a blessing it has been to thousands of families. Send for a free trial package of Golden Remedy today.

DISABLED STEAMER TOWED INTO HALIFAX

The Deike Rickmers Lost Three Blades of Her Propeller and Was Picked up by the St. Bride.

HALIFAX, N. S., April 24.—The new German steamer Deike Rickmers, from Bremen, March 31, and Swansea, April 8, for Philadelphia with three blades of her propeller missing, was towed into Halifax this morning by the British steamer St. Bride, from Shields, April 9 for New York.

Two days ago when 300 miles east southeast of Halifax, the St. Bride sighted the German steamer's signals of distress and the captain of the latter asked to be towed to Halifax.

The weather was moderate at the time and no difficulty was found in passing the tow lines, and a start was at once made for this port.

The St. Bride made good headway with her tow, and reached Halifax at 2 o'clock this morning. She dropped the disabled liner at quarantine, and then came up the harbor and anchored until daylight when she will proceed to New York.

The Deike Rickmers was spoken on April 21, in lat. 41.37; lon. 55.32, by the steamer Carmania.

WINSTON CHURCHILL IS BEATEN IN MANCHESTER

A HUNDRED KILLED BY TERRIFIC TORNADO IN SOUTHERN STATES

ATLANTA, Ga., April 24.—A wind of tornado proportions swept over portions of Louisiana, Mississippi and Alabama late today, leaving a trail of dead and injured. Tonight the number of killed is estimated at close to a hundred and the number of injured at over a hundred, with many portions of the afflicted districts to hear from.

Most of the dead are negroes. Perhaps a dozen white persons were caught in falling buildings and either fatally injured or so seriously disabled as to require medical attention.

In Louisiana it is estimated that a score of small towns were destroyed or partly wrecked. They include Amite City, Arcadia and Independence. Belle Grove, Melton, Lorman, Pine Ridge, Quilman Landing, Fairchild's Creek, Purvis and Lumberton, Miss.

BIG GERMAN LINES WILL HAVE NEW YORK STEAMERS GALL AT HALIFAX

HALIFAX, N. S., April 24.—The attention which Canada is attracting abroad is indicated by the proposal of three big German lines to send some of their New York steamers to Halifax to land their Canadian-bound passengers instead of carrying them to New York, as heretofore. The falling off in immigration to the United States, together with the desire to secure a share of Canadian growing trade, probably accounts for the proposed move. It is probably correct that the wide-awake German managers have in view also the prospect of the establishment of an all-red line and when that comes they want to have connection at Halifax to compete with the new line for present the scheme is to send one boat of the Holland-America line, two of the Hamburg-American line and two of the North German Lloyd line to Halifax at intervals of a fortnight up to July 31st. Each boat will make one trip. The steamers will then proceed to New York to land the American passengers. Those landing here will be chiefly immigrants destined for Canadian points.

The Hamburg American line used to land a large number of passengers here. By some arrangement the C. P. R. took of the trade and the steamers of that line sailing from Antwerp bring large numbers of passengers. If this flood of immigration is diverted to Halifax it will mean lively times for the immigration officials throughout the summer season. The Byrdian, the first steamer of Holland America line to touch here, is due Sunday from Rotterdam. She has about 400 passengers to land here. Three officials of the Holland America line are here in connection with the Byrdian's trip to this port. General passenger agent A. C. H. Nyland, of New York; P. Vandergraf, passenger manager of Rotterdam and H. Schloemer, manager of the steamer department New York, this morning viewed the arrangements for passenger handling at the dock water. Mr. Nyland said the intention was to provide a direct service to Canada from Holland and Germany. He was greatly impressed with the arrangements for handling passengers. In his opinion they are much in advance of those at New York.

Result of Important By-Election a Hard Blow to New Minister and the Government
Unionist Candidate Elected by 429 Majority—Suffragette Influence and Opposition to Education and Licensing Bills Turned the Tide

MANCHESTER, April 24.—Today the northwest division of Manchester, by the heaviest poll cast in twenty years, reversed its verdict of 1906 and by a majority of 429 votes unseated as its member of parliament Winston Spencer Churchill, Liberal, who has been made president of the Board of Trade in the new Asquith cabinet. In that year Mr. Churchill brilliantly wrested the seat from Mr. Joynton-Hicks, Unionist, his successful opponent of today.

WINSTON CHURCHILL.

The defeat of Mr. Churchill is a crushing blow to the prestige of the government and the young and confident minister which is bound to have a marked influence on several other impending by-elections. There will be no difficulty in finding for Mr. Churchill a safe seat elsewhere.

The Liberals may derive from their defeat today what consolation is possible from the fact that prior to 1906 the northwest division seat was held consistently by the Conservatives.

Among the many influences and cross currents at work in this extraordinary contest it is not wholly beyond reason to suppose that Mr. Asquith himself was partly responsible for the defeat of his young colleague. It is customary for the leader of a party to send a letter wishing success to any member of his party seeking election to parliament. In this case Mr. Balfour sent Mr. Joynton-Hicks an unusually long and adroit letter which doubtless very materially assisted the Unionist campaign. On the other hand, for some as yet unexplained reason Mr. Asquith omitted to follow this custom, though he sent a letter to Walter Runciman, president of the Board of Education, who on Thursday contested and won the seat for Dewsbury by a majority of 1,148 votes.

Contrary to expectations, the Socialist vote was so small that it had practically no effect on the election. Probably more damage was inflicted on the Liberal cause by the activity of the suffragettes, who worked with the utmost energy against Mr. Churchill. Mr. Redmond's advice to the Roman Catholics to support Mr. Churchill may have come too late, the English Roman Catholic priests having conducted a very vigorous campaign against Mr. Churchill and the government's education bill.

Mr. Joynton-Hicks, in an interview after the election, attributed his victory mainly to the education and licensing bills. He is a London solicitor, 49 years of age, and never before has held a seat in parliament. He has a wide acquaintance in Manchester through his wife, who belongs here. Mr. Joynton-Hicks is an able platform speaker. He has travelled much on the continent and in America, studying economic questions. There were scenes of intense excitement here tonight, when the election was announced to an enormous awaiting crowd. Mr. Churchill was the first to congratulate his opponent, Mrs. Cornwallis-West. Mr. Churchill's mother was standing at his side. Later in the evening, Mr. Churchill said in a speech:

"It is useless to disguise the fact that we have had a very heavy blow. Its consequences will be grave and serious to all whose interests are interwoven with the principle of free trade." Mr. Churchill also complained bitterly of what he declared to be an unfair influence exerted against him by certain London newspapers.

DUNDEE, April 24.—It is reported that the Liberal leaders here tonight sent a telegram to Winston Spencer Churchill inviting him to contest the seat in parliament made vacant by the elevation to the peerage of Right Hon. Edmund Robertson, Liberal, who has held the seat ever since 1885.

ARGUMENTS IN CASE OF RAILWAY DISCRIMINATION

OTTAWA, April 24.—The hearing of the Fredericton Board of Trade complaint against the C. P. R. and G. T. R. was resumed this morning. Mr. McInnis, traffic manager for the C. P. R., was called and upon cross-examination by Mr. Crockett, actually gave away the entire defense of "water competition." He admitted that the rate from Toronto to St. John via Boston was 2 1/4 cents per hundred pounds, first class, while the all-rail route was only 64 cents.

P. H. Chrysler, K. C., for the C. P. R., concluded his argument this morning and was followed by M. K. Cowan, K. C., attorney for the G. T. R.

O. S. Crockett, M. P., closed the case for Fredericton. He answered the arguments advanced by the eminent counsel for the railways, and laid stress upon the letter of Mr. Loud, the traffic manager of the G. T. R., of date October 8, 1904, in which Mr. Loud agreed with Mr. Tiffin, then traffic

manager of the C. P. R., and stated that Fredericton was entitled to the same rate as St. John.

Chairman Babee, in this connection, asked Mr. Chrysler what he had to say to this, and how he justified Mr. Loud in making that admission in October, 1904, and 18 months after joining in an answer to resist the application for relief to Fredericton.

Judge Maxbee then asked Mr. Cowan how he explained the fact that Peniac, a station on the Canada Eastern, but on the Intercolonial Railway, was given the St. John rate, and Fredericton, a competitive point, was charged a

higher rate.

Mr. Cowan admitted that he could not explain it.

In summing up the case, the chairman declared that he had a very strong opinion as to what should be the result of the application, but said that the board would further consider the case before handing down judgment.

The Sun yesterday in an Ottawa despatch concerning the appeal made by Fredericton to the railway commission for reduced freight rates, published a

statement to the effect that Dr. Daniel, M. P., had read before the commission a telegram from the St. John Board of Trade opposing Fredericton's claims. Last evening W. E. Foster, president of the Board of Trade, informed the Sun that no telegram of the nature mentioned had been sent to Dr. Daniel. He said that furthermore the St. John Board of Trade had never considered the matter of Fredericton's appeal. Dr. Daniel, said Mr. Foster, might have received a telegram from some private member of the board, but no official communication was ever sent him.

R. B. Kesson, Back from His European Trip, Discusses Many Topics

"Canada is much better known on the other side than it used to be, and among all the colonies it is the favorite in every respect." Such was the observation made to a reporter for the Sun last evening by R. B. Kesson, general manager of the Bank of New Brunswick, who returned to St. John on the C. P. R. steamer Empress of Canada, which docked here yesterday afternoon.

\$3,650 GIVEN AWAY IN PRIZES THE GREATEST LIMERICK EVER ATTEMPTED IN CANADA

In a comparatively short period we have spent some thousands of dollars in advertising for a summer resort. In other words, we have made a present to the newspapers of this money in return for a certain amount of publicity.

1st PRIZE Value \$1,000 A beautiful 6-roomed cottage and lot, an ideal summer home, at "Newaygo" overlooking Lake St. Francis, among the Laurentian Mountains, the most popular resort within short distance of Montreal. A deed conveying the property to the prize-winner will be issued within ten days of completion of this competition.

2nd PRIZE—\$100 in Gold 3rd PRIZE—\$50 in Gold and 100 Prizes of Value of \$25 Each

To be awarded by independent judges, with impartiality and strict adherence to every rule of fairness and justice for each competitor, every line being read and carefully considered.

ALL YOU HAVE TO DO is to fill out, cut and forward the coupon, together with 10 cts. in silver or postal note to the Laurentian Land Co., Montreal Street, Railway Building, Montreal, Que. The word "Entré" must be written on the top of the left hand corner of the envelope.

ENTRY COUPON—No. A. Here is the unfinished limerick to which the last line should be added: "Summer time at the sea shore for Bill, But that's not in everyone's line. If good health you would know, To 'Newaygo' you'll go."

No member of the firm or employe will be allowed to compete. Any number of solutions may be sent, written on plain paper, and accompanied by either separate postal notes or one for the whole amount. It is particularly desired that all solutions be sent in as early as possible, owing to the enormous amount of work entailed.

Competition closes May 1st.

BRIGANDS ASK FOR \$300,000 RANSOM

Moorish Bandits Outwitted by the Shrewdness of an Irish Peer

LONDON, April 24.—Viscount Mountmorres, an Irish peer, has had an amusing adventure with a party of Moorish brigands, who, after capturing him, asked for a ransom of \$300,000.

Lord Mountmorres was cruising off Cape Juby in a sail schooner when a party of Bedouins came off in a dory and told him that the "Baldino," a French steamer, had gone ashore twelve miles to the south, and that the captain and crew, to the number of nineteen, had been captured by wandering brigands.

The dory sent a message to Mountmorres begging for help, but warning him that if he attempted to rescue the Frenchmen by force they would all be killed. Mountmorres thereupon set sail for Las Palmas, where he reported the affair to the British and French consuls, and the French consul commissioned him to return to Cape Juby and negotiate for the release of the prisoners.

When Mountmorres got back, he found that the brigands claimed to own ten Frenchmen, the other party claiming a ransom of \$2,000 Moorish dollars per head; the other held that their nine captives were worth \$20,000 Moorish dollars each. The total ransom demanded was about \$300,000.

A debate ensued and Mountmorres offered \$1,000 for all captives prisoners, and added that it must be accepted before sundown, and that he would wait on board his ship for the answer. Next morning a boat put off from the shore carrying an emissary from the brigands, who by three o'clock of the next day, asked them politely after health, and told them they were his prisoners.

Leaving the brigand on board, he went ashore and met the brigands. "I am going to hang your man at once," was his salutation. The horrified brigands replied immediately that they would accept the \$1,000.

"It is too late now," said Mountmorres. "The negotiations are off. But I will agree to exchange my one brigand for nineteen Frenchmen."

An unfair bargain, but Mountmorres stood firm, and the nineteen shipwrecked men were duly delivered on board his schooner, unharmed and much entertained by the manner of their rescue.

Hon. C. W. Robinson of Moncton passed through the city yesterday en route to his home after a visit to New York and Boston.

The special services in Fairville Baptist Church are increasing in attendance and interest. Rev. W. Kelly will preach tomorrow morning and evening. In the evening several candidates will be baptized. The services will be continued throughout next week.

The New York Globe of April 23rd, contains the announcement that a marriage license was issued at city hall for Miss Eleanor Edna Ryan, a Westfield, Mass., nurse, and Dr. Lewis Rutherford Murray, formerly of Sussex, N. B.

What is so rare as a day in June? sings the poet. Lots of things there are bits of jewelry, unique novelties, pins, watches, rings and bracelets at Walter H. Irving's, the jeweler, 55 King St., as rare as anyone could desire, and at prices which bring them within the reach of all. Take a look at the window as you go past.

Messrs. Ring and Watters, who have successfully conducted the West End Moving Picture House for some time, have disposed of their enterprise, as both purpose leaving the city within the next few weeks. Mr. F. R. Chapman, who assumes control Monday evening, purpose making some badly needed repairs and converting the large hall into an up to date moving picture house.

Seventeen burial permits were issued at the Board of Health office during the week. Causes of death were as follows:—Pneumonia 5; Cancer 1; Paralysis 1; Meningitis 1; Consumption 1; Chronic Bronchitis 1; Pyelo Nephritis 1; General Debility 1; Pertussis 1; Intestinal Tuberculosis 1; Inflammation of Bladder 1; Hepatitis during Puerperium 1; Strangulated Femoral Hernia 1.

At the police court this morning four little girls named Burnett, Lacey, Malsey Beckingham, Alice Lacey and Allie Pittfield, were charged with stealing lumber from Alfred E. Hamilton. A large pile of board had been taken away by the children, but owing to their youth, the judge was lenient. The two Lacey's did not appear and it is reported that they left for Quebec but the others admitted the offence and were allowed to go.

Dr. A. W. MacRae will address the temperance meeting at the Every Day Club tomorrow evening at 8.30 o'clock. Rev. L. A. McLean and members of his church choir, with Harry Brown and others, will render a musical programme. There will also be a meeting at 4 o'clock in the afternoon, at which the speaker will be Rev. J. C. Berris of Gibson.

SIX HUNDRED PHONES INSTALLED LAST YEAR

New Directory Contains Names of 3000 Subscribers in St. John and Vicinity.

The New Brunswick Telephone Company's new directory for 1908 has just been issued. It was printed this year in February and last year in the same month. This year's directory contains about 2000 names and since February about 100 new phones have been installed. The total number reaches about 3000 which is an increase of 600 over last year. In 1907 the total number of subscribers was about 1800, so the increase in two years is much over 1000. In the past two years two branch exchanges in Carleton and Robbsey have been started. The company also has private branch exchanges in the Royal Hotel, Wm. Thomson & Co., Manches, Robertson & Allison and W. H. Thorne. There are in the employ of the company 50 operators and 20 men to keep the lines in working order. Counting the different office staffs the total number employed by the company is about 180.

POLICE COURT

Robt. Hodgins was fined \$5 or 20 days in jail in police court this morning for being drunk.

Another drunk, James Lawlor, who was found lying in the English burying ground, was remanded.

Duncan Kennedy confessed having dumped a load of coal on the sidewalk in front of 124 Sydney street. Judge Ritchie allowed the fine to stand.

For having a ferocious unlicensed dog and allowing him to run at large on Rockland Road, Michael McMinn was ordered to have the dog shot.

The animal attacked John McManus on the 24th, biting him badly.

Richard Walsh and Chas. Osborn appeared before Judge Ritchie this morning charged with being drunk and breaking a window in a building owned by Samuel Aids, on the West Side.

Walsh gave evidence that Osborn was intoxicated and unable to go home alone. He caught hold of his arm and was assisting him to walk when the window was smashed. He said Osborn was the cause of it being broken.

Samuel Aids could not swear that Walsh had anything to do with the affair and the judge dismissed him. Osborn, however, was fined \$4 and told to settle for the window, which he did.

Chas. Mullin was also fined \$4 or 10 days for being drunk.

SUDDEN DEATH OF DR. J. H. SCAMMELL

Passed Away This Morning After Three Days Illness

Pneumonia the Cause of Death—He Was One of the Foremost of St. John's Younger Physicians

Dr. J. Henry Scammell, one of St. John's most prominent and capable physicians, passed away this morning at his home on Germain street, after only three days' sickness with pneumonia. The direct cause of his death was heart trouble from which he has suffered for a number of years.

On Tuesday afternoon the first symptoms of his disease were felt while Dr. Scammell was attending some of his patients in the city and this was followed by a chill which developed into pleuro pneumonia. Several doctors were called to attend him among whom were Dr. McLaren, Dr. Thos. Walker, Dr. Geo. Addy and Dr. J. S. Bentley, but their united efforts to save his life proved unavailing. Last night at 8 o'clock he lost consciousness and remained in that condition until the time he succumbed.

The deceased was 28 years of age and his wide practice and prominence in social life made him a citizen who will be greatly missed. He was the son of Joseph Scammell and was born in the city of St. John.

Left to mourn his sad death are his wife and three children, Joseph, Evelyn and Elsie, his mother, Mrs. J. H. Scammell and four brothers, Frank, Edward, J. Kimball and Sanford W. Scammell. The two brothers last mentioned are in the United States. Dr. Scammell was married about ten years ago to Miss Murdoch.

In 1894 he graduated from McGill University and since then his practice has been confined to this city only. He was one of the visiting physicians of the public hospital and was also a prominent member of the board of management of the Home for Incurables. He was past president of the St. John Medical Society and was considered one of the best surgeons in the city. He also took a leading part in church work and was an active member of Trinity church and past president of St. Andrew's Brotherhood.

REV. E. C. JENKINS TO PREACH HIS FAREWELL

During His Brief Pastorate the Ludlow Street Church Has Made Great Progress.

Rev. E. C. Jenkins who has resigned the pastorate of the Ludlow Street United Baptist church will preach his farewell sermon on Sunday evening. Special music will be rendered by the choir. Rev. Mr. Jenkins leaves for his new home in Highland the first of the week. Mr. Jenkins has been in charge of the Ludlow street church for only fifteen months, but during that time great progress has been made. When he entered upon his pastorate the church was laboring under a debt of

sixteen hundred dollars. Every cent of this has been paid, the mortgage burned, and the church is no longer burdened.

REV. E. C. JENKINS.

There has been a very marked increase in the attendance at regular Sunday services, more particularly in the evenings, and during the past year over forty new names have been added to the membership roll. The Sunday school, too, has prospered, and now has an enrollment of over one hundred and fifty. A Bible class, with Rev. Mr. Jenkins as teacher, and Sterling Stackhouse as president, has been established. The congregation deeply regret Rev. Mr. Jenkins' departure as they realize that he has done splendid work during his brief pastorate, especially in the way of organization.

PERSONAL

James A. Selmegeour, B.A., of Pine Hill College passed through the city this morning on his way to St. Martins where he will occupy the pulpit of the Presbyterian church tomorrow.

Mr. James Duke, of the University of New Brunswick, spent the Easter holidays with his parents here.

The St. John Temperance Federation will meet in the Germain St. rooms at 8 p. m. on Monday.
