The Governor-General had a busy, pleasant day at Belleville on Wednesday.

The first French-Canadian lodge of the C. O. O. F. was formed in Montreal Tuesday night.

The Montreal Dominion Alliance complain of bad treatment on the part of the license commissioners there.

The Canadian Pacific salt wells at Windsor are not of sufficient capacity to satisfy the call, and the company will at once begin sinking a third well.

Annie Gerew, cook on the schooner Sweetheart, was lost overboard when ten miles from Sand Beach, Michigan. She was 23 years old and came from Whitby, Ont.

Arrangements have been made for the induction of Rev. Jas. Ballantyne, M.A., to the pastorate of Knox Church, Ottawa, on Monday, June 11.

Decoration Day was observed by ex-United States soldiers and their friends in Toronto on Wednesday. There are five G. A. R. posts in Canada, namely, Toronto, Montreal, Winnipeg, Hamilton and London.

A sensation has been caused in French-Canadian society circles at Montreal by the elopement of the wife of a prominent lawyer named Remillard with a Frenchman named Gaston, who went there a few months ago from France.

The wall paper dealers in Windsor have been notified that the duty has been raised, and they would be called upon to pay the difference on all they have imported since the first change in the tariff was announced in the House about two months ago. The merchants propose to contest the matter in the courts, as the difference amounts to several thousand dollars.

THE STARS AND STRIPES.

Latest Phase of the "Hoodlum" Business at St. Thomas.

OTTAWA, May 30.—George J. Wills, the American consul at St. Thomas, is in the city in connection with the flag incident at that place. He is submitting the facts in the case to J. B. Rielly, the Consul-General. The sworn evidence of witnesses of the affair has been forwarded to Washington and it is said that the deed was certainly done by members of the Queen's Own while Mr. Wills was at dinner.

Mr. Wills will endeavor to show that it was in honor of the Queen that the display of these extra flags was made, which were the Stars and Stripes. He intended placing around them Union Jacks, but could not get any to do so.

Mr. Wills does not intend communicating with the American Government, because the matter is now in the hands of the authorities at Washington.

English Cotton Mills Closed.

LONDON, May 30.—The cotton mills at Hayfield, Derbyshire, owned by Mr. T. H. Sidebottom, member of Parliament for Staffordshire, have been shut down owing to the depression in the cotton trade. The stoppage of these mills has thrown 3,000 people out of work.

MESSINA, May 30.—A bomb charged with picric acid and containing pieces of scrap iron, nails, etc., was exploded in the street here to-day. The explosion created a panic, but no one was hurt and no damage done to property. A man who was formerly a newspaper reporter has been arrested on suspicion of throwing the bomb.

McKinleyism in Belgium.

The Irish Parliamentary Fund.

PARIS, May 30.—It is stated upon the highest authority that the Irish National party will in all likelihood very soon come into possession of the fund deposited in Paris by the late Charles Stewart Parnell and his fellow trustees of the Irish Parliamentary fund. The recent efforts of Messrs. Monroe & Co., the Paris bankers with whom the fund is deposited, to settle the question as to the disposition of the fund failed because the beneficiaries quarreled over the division of money. Now it is ascertained all of them, including Mrs. Parnell, have agreed to sink their differences, and judgment in the case will be given by the Seine tribunal, a document giving mutual consent to release the funds having been finally drafted and approved by all concerned.

An American in Trouble.

LONDON, May 31.—Gen. John Hewston, an American, who has been staying at the First Avenue Hotel in this city, has been arrested, charged with causing the death of a man of the name of George Burton. Gen. Hewston was walking in Grays road last night and was rudely jostled by a party of itinerant musicians. He remonstrated and the party turned upon him and struck him. Gen. Hewston carried an umbrella and used it to defend himself. The point of the umbrella entered the eye of Burton, who was one of his assailants, and he fell. He was taken to a hospital and there died. Gen. Hewston is a Californian. He is positive in his statement that the killing was entirely by accident and declares that he only lifted his umbrella in self-defense.

Opposition Victory!

Sir John Outlines the Proposed Franchise Changes.

The Provincial Franchise To Be the Basis of the Bill.

Adoption of a Principle That Liberals Have Long Fought For—Mr. Weldon's Bill to Disfranchise Bribe Voters Rejected—Discussion on Mr. Charlton's Sabbath Observance Bill.

(Special to the ADVERTISER.)

OTTAWA, May 30.—When the House assembled Mr. Laurier pressed the Premier to say what he was going to do about the Franchise Act.

In reply Sir John Thompson said that the bill he would introduce would adopt the Provincial Franchise Act as the basis of the bill. The disqualifications enacted by the Provincial Legislatures, however, shall not apply to persons otherwise entitled to franchise. They would deal with multiplex voting, not adopting the principle of one man one vote, but providing that none should vote in more than one constituency on a property qualification.

This was all the Minister said. The adoption of the Provincial lists as a basis is a partial victory for the Opposition and for common sense. The adoption of the Provincial franchise is what the Opposition have been vainly striving for ever since it was in 1885 abolished. The lists, it is true, still remain in the hands of the Dominion revising barristers, and the Provincial principle of one man one vote is not adopted in its entirety. Still the new bill is a long step in the right direction. It abolishes the "preliminary lists" by adopting as the basis the Provincial lists. Some of the Ministerial speeches in favor of uniformity will now make funny reading.

When Mr. Mulock on Monday asked Sir John Thompson if the warden of the Kingston Penitentiary had paid in any money on account of shortage the Minister of Justice evaded a reply by saying that the question was founded on a misapprehension as to shortage.

To-day Mr. Mulock repeated his question by asking if the warden had paid in any money, and, if so, how much, and of what account.

Sir John Thompson replied that Warden Low had paid over since last August \$100 on account of supplies purchased out of penitentiary stores, and \$274 of arrears on account of fuel which the Government had allowed to stand on the warden's request. He explained that it was customary for wardens to take supplies from the penitentiary stores or articles of penitentiary production and pay for them monthly.

The House passed Mr. Weldon's bill through committee. This was the measure designed to disfranchise voters who had taken bribes. Mr. Jeannotte succeeded in having two amendments carried. One required the petitioners who undertook to call for an investigation of wholesale bribery to deposit \$1,000 for the expense of the inquiry instead of \$500. There were a dozen or more other amendments to the bill, but the one described makes the bill as practicable as a trip to the moon. Mr. Weldon wanted a new clause inserted allowing proceedings to be taken under the bill 90 days after the abandonment of an election petition. This would keep proceedings hanging for two or three years, and win approval of a sub-amendment proposed by Mr. Curran and adding the words, "provided that such election petition be disposed of finally within one year."

Mr. Weldon declared that the bill was practically dead before it was born.

Mr. Dickie secured several amendments calculated to improve the bill without interfering with its principle. The bill was reported and will be reprinted for the third reading.

Mr. Charlton moved the second reading of his bill to secure the better observance of the Sabbath. This was carried and Mr. Charlton moved that the committee stage be taken.

Mr. Amyot opposed the bill on the ground that it was unconstitutional and objectionable to Roman Catholics. In quoting from the Bible he caused some laughter by referring to sub-sections and paragraphs instead of verses and chapters. He also said a good deal about the eighth day of the week.

When Mr. Amyot sat down Mr. Laurier called "enrolled," and the motion to go into committee was carried.

In the committee objection was raised to the first clause prohibiting the publication or delivery of newspapers on Sunday. Mr. Bechar said that in Quebec they were accustomed to get their newspapers at the post offices on Sunday.

Mr. Davin thought it inconsistent to prohibit publication on Sunday and yet allow printers to go to work at 8 or 9 o'clock on Sunday evening for the purpose of getting out the Monday morning paper.

Mr. Coatsworth (Toronto) supported the bill.

Mr. Masson argued in favor of not interfering with or enacting anything inconsistent with the Ontario Lord's Day Act.

Mr. Charlton said there were 700 news-

papers in the United States published and sold on Sundays, and this was all he desired to screen Canada from. Mr. Davin, in the course of his remarks, referred to Hon. George Brown working on Sunday evening in the gutter out of the Globe, and pasting a newspaper over the window so as not to attract attention from the street. Yet, added Mr. Davin, he, like myself, was a good Presbyterian. Mr. McMullen took Mr. Davin's task for casting a slur on George Brown's memory, and Mr. Davin said he spoke the truth. He went on to say that in calling himself a Presbyterian he intended taking credit for professing the principles of Knox, but there was nothing in common between his Presbyterianism and "the sneaking Presbyterianism" of Mr. McMullen, whose sanctity was all the outside. For himself he attended the Presbyterian Church on Sunday.

Mr. McMullen doubted the orthodoxy of Mr. Davin's Presbyterianism, and expected that if Mr. Davin did attend church he did not do so at Ottawa—attend church—it was for political effect on his constituents.

Mr. Charlton replied to the opening of the bill, and finally carried the substance of the clause by a vote of 50 to 31. Sir John Thompson and Mr. Laurier voted in favor of it.

Various sub-amendments were offered to the clause as amended. A motion that the committee rise was voted down, but a further discussion another motion to rise carried by 59 to 40.

Mr. Laurier on motion to adjourn gave the Premier notice that on the motion to go into committee to-morrow his motion in the case of the imprisonment of J. V. E. editor, of St. John, N. B., for contempt of court, would be discussed.

SWEEP AWAY.

British Columbia Devastated by Floods.

Eight Persons Dead—Whole Village Submerged—Steamers in the Meadows.

VANCOUVER, B. C., May 30.—The Fraser River has become a raging torrent and is dealing destruction and death at every point. The surrounding valleys have been submerged, houses and outbuildings of ranchers have been swept away, and where but a few days ago waving fields of growing grain met the eye, is now but a waste of water. Whole herds of cattle and flocks of sheep have been drowned in the running flood. Whole villages on the banks of the stream are floating.

So far eight human lives are known to have been lost.

At Langley a little boy fell from the porch of the Langley Hotel and was swept away by the flood. The hotel was afterwards washed from its foundations. The entire town is flooded. The whole Langley prairie is now under water and the island on which is the Indian reservation is entirely under water.

Four Indians, who were trying to tow some cattle from a ridge on the island behind their houses to the mainland, were capsized and three of them drowned. The dead bodies of three men and a little girl were found on Hatze prairie entangled among floating trees.

Many other bodies are reported as having been seen in the stream in other localities, but so terrible is the current that all attempts at rescue were futile. At Morris steamers are sailing right across where farms used to be. Farmers, fearing to remain longer, are taking passage on steamers and bringing their families here.

The towns of Chilliwack, Harrison and Centerville have been almost entirely inundated, and it has been with difficulty that the inhabitants have escaped with their lives. The damage done to the Canadian Pacific track is very serious all along the line.

At Nicomen the whole town is under water. Traffic over the railroad is entirely stopped, no train having arrived from the east since May 23.

Every farmer and rancher at Hatze Prairie is ruined.

The latest report says the Mt. Zuydyke has caved in and the country is all flooded.

Reports from beyond Mission City can not be obtained, as the wires are down. The Mission railroad bridge, one of the largest on the road, is expected to go every hour. The Salmon arm bridge collapsed yesterday afternoon. At Yale the river is rising two inches an hour.

INJURY ON THE C. P. R.

MONTREAL, May 31.—Remarks the reported floods on the Canadian Pacific Railway in British Columbia, Vice-President Shaugnessy said yesterday: "The Fraser and Columbia Rivers are very high. This is due to the lateness of the spring, the warm weather melting the snow, and sending the waters down with a rush on the mountain sides. We have had the embankments cut away in two or three places, and a portion of a bridge near Spences rendered impassable. The wires are down, and traffic generally has been pretty seriously impeded for a week. I have a telegram from Mr. Whyte, general superintendent at Winnipeg, informing me that he is handling traffic through the mountains division, and I expect to hear from Mr. Abbott, the general superintendent, to the same effect very soon."

CONCISE CULLINGS.

Factories in Joliet, Ill., have shut down for want of coal. The M. C. R. is burning coke.

Typographical Union, No. 6, unveiled the Horace Greeley statue in Greeley Square, New York, on Tuesday.

A good deal of opposition to the bill in Congress requiring seamen working on the lakes to be United States citizens is expected.

It is rumored that Turpin, the French inventor, has sold the secret of his melinite, the new explosive, to the powers composing the Dreihund.

The Dominion line steamer Hamilton, from Montreal, May 18, has reached Liverpool with a shipment of 222 cattle and 525 sheep and landed her live stock in good condition with the exception of one head which died on passage.

The petrified body of a woman was found by hunters near Walkerville, Ill., a few days ago. Upon the forehead is a gash which indicates that the woman was murdered. An old lady claims to recognize the body as that of Mrs. Loveless, who disappeared many years ago.

DEANERY OF MIDDLESEX.

May Meeting at Glencoe—Canon Smith's Withdrawal From the Active Ministry.

The May meeting of the Ruri-Decanal Chapter of Middlesex Deaneys was held in St. John's Church, Glencoe, on Tuesday afternoon and evening. The Holy Communion was administered by Rev. Canon Richardson and Davis, of this city, at 2:30 p.m.

The business programme was taken up at 3:30, the rural dean, Rev. Canon Smith, in the chair, and the secretary, Rev. G. B. Sage, London West, recording the minutes. The regular business of the chapter occupied some time and included the discussion of the best means of carrying on the work of the church in the deanery and in the diocese at large. Revs. W. Johnson, of Wardville, A. G. Smith, of Muncy, T. H. Brown, of Delaware, F. G. Newton, of Strathroy, G. B. Sage, of London West, Canons Richardson and Davis, of London, W. Lowe (incumbent), and Mr. G. M. Harrison, of Glencoe, taking active part in the discussion.

Rev. T. H. Brown and A. G. Smith reported the advisability of opening services at Christina, Middlemiss and Melbourne, and the same were appointed a committee to obtain the necessary information and to report to the rural dean.

Fraternal greetings were exchanged by telegram with the rural-decanal chapters of Lambton, in session at Alvington, and of Kent, in session at Wallaceburg.

Towards the close of the afternoon session, Rev. Canon Richardson was called to the chair, and the following resolution was moved by Rev. Messrs. Sage and Johnson:

"That whereas, in the providence of God, the rural dean, Rev. Canon Smith, has been compelled, by continued ill-health, to ask for superannuation, the members of the chapter desire to express deep regret at his removal from the active ministry of the church and unanimously request that he will not think of resigning the office of rural dean of Middlesex."

The resolution was carried by a standing vote, and Rural Dean Smith acknowledged it in suitable words.

At 6 o'clock the members were invited to partake of a sumptuous supper, prepared by the ladies in the schoolroom. A large number of members of the church was also present, and the social reunion was very enjoyable. At 8 o'clock divine service was held in the church, conducted by Revs. Sage, Johnson and A. G. Smith, and an earnest and able sermon was preached by Rev. F. G. Newton. Short, practical addresses were given by the rural dean and by Canons Davis and Richardson. The chapter having reassembled, a cordial vote of thanks was tendered to the ladies and friends for their kind entertainment.

London Milk Supply

Dairymen Keeping Their Herds in Better Condition.

So Says the Medical Health Officer, Dr. T. V. Hutchinson.

Those Who Supply Good Milk to Forest City Residents.

Dr. Hutchinson, medical health officer, has completed his semi-annual report of inspection of herds and dairies and the quality of milk supplied to residents of the Forest City. Among other things the report says:

"The average percentage of butter fat of all the market milk was 3.72, which is fairly good for the spring of the year. As will be seen on reading the report, the herds are, in general, clean and in good condition. In this respect great improvement has been made during the last few years. One-half of the dairy herds at that time were not in a proper condition to supply wholesome or clean milk; now they are better housed, fed and cared for—in fact, treated like horses, cleaned and curried combed every day. There is still room for improvement, especially in the matter of cleanliness. At the same time there are herds in Westminster and London township, kept for dairy purposes, composed of Ayrshires, Jerseys, Durhams and the common Canadian cow, which cannot be surpassed in the Dominion. As heretofore, the quality of the milk is determined by the percentage of butter fat contained in a given quantity. In two of the herds three animals showing symptoms of tubercular disease were kept under observation until a correct diagnosis could be made. They were found not to be diseased—all the herds were healthy. Following is the detailed report:

Chas. Dyer, London township—Herd in good condition and clean; percentage 4.40.

SURGEONS' KNIVES

Failed to Remove the Disease from Ezekiah Vaughan's System—Dodd's Kidney Pills, Which Have Never Yet Failed, Cured Him in Short Order.

SANDWICH, May 28.—Ezekiah Vaughan, of the township of Gosfield, has lately gone through a severe surgical operation at Harper's Hospital, Detroit, for what different doctors diagnosed as liver complaint. Four surgeons cut away at him for 4½ hours, but when they got through none of them could tell what was wrong, and the patient was left as bad as ever. The benefits derived by a neighbor from the use of Dodd's Kidney Pills induced Mr. Vaughan to try them. From the first he began to improve. His bowels soon became regular and the pains that afflicted him disappeared. Six boxes restored to his former vigor a man who had abandoned all hope of regaining sound health.

MARRIED ON A SICK BED,

And Died Four Days Afterwards—The Bride May Follow the Groom.

TORONTO, May 30.—Particularly sad circumstances surrounded the death of Chas. F. Jeandron, a baker, which took place at his home, 202 Carlton street, yesterday morning.

Two years ago Jeandron became engaged to Miss Mary Fraser, of 23 Brock avenue, this city, and Wednesday, the 23rd inst., was decided upon as the day of their marriage. But on the Sunday previous Jeandron was taken seriously ill. He worried very much over the feelings of the young lady, so much so that the doctors advised that the marriage should take place without delay. As a result the ceremony was performed in a sick chamber by the Rev. B. A. Chambers, of the Dundas Street Methodist Church, the groom being unable to rise from his bed.

Immediately after the ceremony young Jeandron showed signs of improvement. A relapse, however, took place the next day, and the newly married man continued to sink until death resulted at 2 o'clock Tuesday morning. The young wife held out bravely under the terrible strain until last yesterday afternoon, when she was finally overcome by the effects of the shock. Her condition is serious and there are doubts as to her recovery.

Charlatans and Quacks

Have long plied their vocation on the suffering people of the city. The knife has been used to the quick; caustic applications have tormented the victim of the quack; the conviction shaped itself—there's no cure. Putnam's Painless Corn Extractor proves on what slender basis public opinion often rests. If you suffer from corns get the Extractor and you will be satisfied. Sold everywhere.

GRANT, CLEARY, AND MEREDITH

The Provincial Conservatives can hardly be said to be in a state of very happy agreement with each other at the present time. In his speech at Toronto last night Mr. Meredith once more permitted his temper to get completely the better of him, with the result of more clearly revealing the rifts which are demoralizing and separating his following. His first attack was on Principal Grant, a former Conservative in Provincial politics, and to a certain extent still a supporter of the Conservative party in Dominion politics. It is hardly necessary for the ADVERTISER to defend the head of Queen's University from the peevish attacks of the hard-boset Mr. Meredith. The city solicitor of Toronto is controversially but a pigmy when he comes to measure blades with Principal Grant, and we can safely permit Dr. Grant to deal with him. Than Principal Grant there is no more powerful debater or keener student of public affairs, and when he takes a strong stand in favor of Sir Oliver Mowat's Administration he is able to give the very best of reasons for his conduct.

Mr. Meredith next fell foul of Archbishop Cleary, of Kingston, a brainy but impetuous man, with all the hot Irishman's fire. Archbishop Cleary is also a supporter of Sir John Thompson in Dominion politics, and he was a supporter of the opponents of Sir Oliver Mowat in Ontario until Mr. Meredith took up his anti-Catholic crusade after the withdrawal of the pamphlet on the other tack, entitled "Facts for the Irish Electors," by means of which Mr. Meredith and his friends hoped to oust Sir Oliver.

It is not for us to interfere in this distinctly political family row. The attacks of Mr. Meredith on Principal Grant and on Archbishop Cleary are simply typical of the demoralization which has set into the Conservative party of this Province through the utter failure of its leaders to formulate a policy upon which the administration of Sir Oliver could be fairly attacked. This demoralization of Mr. Meredith's following has rent his party into a dozen fragments, and will land the city solicitor of Toronto, on June 26, in a more hopeless minority in this Province than has yet been his fate.

—Mr. Marter out-herods Herod in opposition to Sir Oliver Mowat. Mr. Marter has made his bed and on it he must lie. It was Mr. Marter's duty of the hour to have cast partisanship to the winds and supported Sir Oliver Mowat in view of the stand of the latter on the question which was supposed to be the pet object of Mr. Marter's idolatry. Mr. Marter bids goodbye to himself permanently. He is a back number.

SHOULD NOT GROW GREAT AT LONDON'S EXPENSE.

The Toronto Star, referring to the progress of that city says:

"Truly this is a great city, bound to become greater."

All right, if it becomes greater by its own exertions. What Londoners object to is its determination, by way of its city solicitor, Mr. Meredith, to obtain five representatives in the Legislature, whereas London would virtually have none. If Toronto desires to have its corporation counsel in the Legislature, it ought at least to provide him with one of the four seats at its disposal.

calf with a cough finds no place in a conservative campaign book. It has been with the attack on the ap- of a practical farmer as Ontario agriculture. Will someone a campaign cry to?

TER. for Kingston, as Commis- Sir Oliver

successful man of done well to his recog- value. He one of the at has ever try, and we bute to the stability party has an excellent seem of all

MR OLIVER DID NOT SAY SO.

Our city contemporary insists on dragging Walker-Caring election issues into the present campaign. It seems a trifle irrelevant to do so for three reasons:

1. One of the participants in that contest is now in his grave, and the other sits in the seat in Parliament which was stolen for him by the counting of bogus votes, an outrage which the Free Press defended, and its candidate, the city solicitor of Toronto, condoned.

2. The leading supporters of Col. Walker on that occasion were Conservatives, and are Conservatives to-day. Every time that our contemporary revives that discreditable competition it attacks them, and revives memories that they would rather were left undisturbed.

3. The large majority of us did not have anything to do with the campaigning of twenty years ago, and, whether we are supporters of the London citizen candidate or the Toronto civic official, cannot be held responsible for the doings of those far back days.

It is chiefly to misrepresent Sir Oliver Mowat that the Free Press on the present occasion once more takes up its two-edged sword. Of a speech made by the Premier shortly after the famous campaign in which Col. Walker's friends—it was, the chief justice remarked at the trial, practically a non-partisan battle—the Free Press now says:

"On a former occasion, he (Sir Oliver) spoke at the City Hall in justification of the use of 'bribe' in elections; he said it was no wrong to practice wholesale corruption in the constituency of London; that it was good 'Reform' principle to 'fight the devil with fire,' which was another form of saying 'anything to beat Carling,' which he then passed into a Grit maxim in this city."

This is a gross libel on the Premier. It entirely misrepresents his teachings. It entirely misrepresents the views of the opponents of the man who sits in Mr. Hyman's seat in Parliament. Below we give the only reference which Sir Oliver Mowat made to "fighting the devil with fire" in his former speech in this city:

"The Liberals gave the country vote by ballot, for which the Reformers in England struggled for half a century to obtain. This afforded protection to the mechanics and laborer, and to every class, from those who could exert undue influence over them. (Applause.) It was a remarkable fact that all the elections yet held under the ballot resulted in favor of the Reformers. (Cheers.) In some cases the same men were returned with larger majorities; in others, Reformers were chosen where Conservatives were elected before. (Cheers.) It also checked bribery. This matter of bribery was one they had heard a good deal about in London lately. Unfortunately there has been too much illegal expenditure. The Tory party for the last twenty years had been spending largely. Numerous constituencies would never have been represented by Conservatives were they not largely populated with those who felt the influence of money. The Conservative party were responsible for all similar expenditures on the part of Reformers, having always used money in election contests, and having repeatedly refused to legislate for the abolition of bribery. Some Reformers, good men, had come to the conclusion that if the Conservatives would buy their way into Parliament, they (the Reformers) must fight them with their own weapons. He (Mr. Mowat) could understand how they entertained this view, but he could not agree with it. He believed in fighting on with righteous weapons and waiting patiently for victory."

Neither the Toronto candidate for the representation of London, nor the Conservatives who aided Col. Walker in his contest, and then returned to their party, will thank the Free Press for misrepresenting and maligning the Premier. It reveals the poverty of the brief at the disposal of the newspaper advocates of Toronto's corporation counsel.

MAJORITIES IN ALL
A contemporary asserts that a majority of the Catholic electors of Ontario will vote for Sir Oliver Mowat. We have no doubt that this is correct. But he will be voted for also by a majority of the Presbyterian electors, and by a majority of the Methodist electors, and by a majority of the Baptist electors, and by a majority of the Congregationalist electors of Ontario. He may not receive a majority of the votes of electors belonging to the Episcopal body; but in that body, also, he is supported by brainy men of standing, of the type of Hon. S. H. Blake, Thomas Moss, Q.C., and many others who might be named.

MR MEREDITH SHIRKING.

Mr. Meredith, on questions relating to temperance, succeeded at his London meeting in pleasing nobody on either side, probably owing to his constitutional bias towards wriggling on every public question. Nobody on either side favors a second plebiscite. Equal dissatisfaction has greeted his proposal to make the selection of license commissioners a bone of bitter yearly municipal contention, the temperance people and the license-holders alternately up one year and down the next, and with no fixity for any person or any principle.

At Mr. Meredith's second meeting, that held in Toronto last night, he shirked the whole question. His endeavor to concentrate attention on the secretariat issue is evidently largely an effort to evade giving a straight answer on the prohibition question. He may yet find himself in the position of the man and his donkey, in which case it will be remembered the man succeeded in pleasing nobody and lost his donkey into the bargain.

A PIONEER'S TRIP.

Veteran Londoner, John Campbell, is Reminiscent.

Entertained on the Eve of Departure for His Native Land.

Afternoon ex-Mayor John Campbell, who he sails for Liverpool, on route for London, where he will visit the home of childhood after an absence of 45 years, personal friends assembled at the house to wish the veteran carriage builder good-bye.

Last night Mr. Campbell was pressed upon to meet with a number of intimate associates at a dinner party in the Hotel. It was a most enjoyable reunion. Mr. McMartin provided an excellent meal, the speeches were good, and the evening rarely excelled at the festive board. In attendance were: Mr. Robert Howie (vice-chairman), Ald. J. W. D. Clarke, president of St. Andrew's Society; R. K. Cowan, first vice-president of St. Andrew's Society; T. H. Ferguson, John Purdon, Archibald Harp, Andrew Templeton, John Fair- love and Inspector Henderson. A letter was read from ex-Mayor Cowan, in which he said that recent illness prevented his going on hand to wish his old friend a joyous good-bye.

After the usual loyal and patriotic toasts, Chairman Reid proposed the toast of the evening, "A safe voyage and a speedy return to Mr. Campbell." Mr. Reid said he had known Mr. Campbell since he came to the city, 45 years ago, and a better type of manhood was not to be found in London. It was a friendship that had been cemented by common adherence to the great principles that had made Scotland revered at home and respected abroad. He remembered Mr. Campbell's visit to the scenes of his boyhood. He could well imagine the feelings that would well up in him when he beheld the grand scenery of Scotland.

Mr. T. H. Purdon then handed to Mr. Campbell an elegant field glass as a token of the esteem entertained for him by those present, and as an aid to him in his journeyings to and fro in the old land.

Mr. Campbell feelingly replied. He rather thought he would leave so valuable a present in care of his wife. He could hardly trust himself to take it abroad with him. For many years he had longed to see his native land, and now he was happy to be able to gratify his desire. He referred to his boyhood days spent at Tarbert, on the side of Loch Lomond—a most romantic spot—and the patriotic feelings that he always entertained for it. A revolution had taken place since he left his home to come to Canada, 45 years ago. His trip across the Atlantic took six weeks. He came by canal boat to Buffalo, then by steamer to Port Stanley. He landed in the evening, and at once struck through the woods for Elfrid, with nothing but a star to point him the way. His first job was as journeyman blacksmith to a Welshman on the Longwoods road. The poor man had no money to pay wages, and he did not stay long. The following winter he worked at Iona, and obtained for his pay a sugar kettle, a yoke of steers, a heifer, and a lumber wagon. He did not like this kind of thing, and so he made up his mind to go back to Scotland. He got as far as Buffalo, but was moved to make one more trial in Canada, so he crossed the lake to Port Dover and walked to Simcoe. He got a job with the Messrs. Austin. John Austin, who was a good master to him, died only three months since. To that worthy man Mr. Campbell said he owed the fact that he was in Canada to-day. In the fall of 1849, he came to London, and engaged with Messrs. Holmes. Here he had since remained, and, he added, "most of you know the rest." He had many warm friends in his pioneer countrymen here, including the worthy chairman, the Messrs. McIntosh, James Dunbar, Mr. Love (father of Frank) and others, and he went to their reward.

Mr. Campbell concluded by thanking them most heartily for the unexpected pleasure of bidding them good-bye in this joyous manner. He assured them that he was none the less a good Canadian because he entertained the highest affection for the land of his birth and its associations.

"Every gentleman present either spoke or sang," he did both. The chairman fairly excelled himself in his favorite melody, and Messrs. McIntosh, Templeton, Sharp, J. W. Jones, and John Ferguson also broke out in the same way. The speeches generally recognized the sterling worth and independence of character always exhibited by Mr. Campbell, who has been three times mayor of the city, and has been president of St. Andrew's Society, and has led in every movement to build up London. Mr. Campbell was also borne to the fact that Mr. Campbell has given to the continent more expert mechanics, able to command the highest positions in their line, than probably any other employer of labor. Shortly before 11 o'clock the enjoyable reunion ended with a unanimous request that, at his leisure, Mr. Campbell would convey, through the medium of the ADVERTISER, his impressions of "Scotland Revisited."

McWherrell's Case.

TORONTO, May 30.—The message to Judge Ferguson requesting him to relieve the prisoner McWherrell embodied a statement that the reprieve until Oct. 1 is merely to give time for full consideration of the case, and that no inference is to be drawn therefrom as to the ultimate decision. "The message" also expressed a desire that this fact should be publicly known.

Who is Liable?

TORONTO, May 30.—In the Court of Queen's Bench an appeal of considerable interest to workmen was argued to-day. It came from St. Thomas. A member named Reiger had his foot burned by the explosion of a mold. He sued the St. Thomas Car Wheel Company, in whose establishment the accident happened, for damages. The trial came off before Justice Meredith in the Railway City, and the company's main defense was a rather peculiar one. They alleged that Reiger was not in their employ, but in the employ of one Kilpatrick, their foreman, whom they alleged was really an independent contractor, and as such engaged the plaintiff. Reiger's counsel contended that Kilpatrick's position as foreman made the company liable, and that they were the proper persons to look to for damages.

However, Judge Meredith held that the foreman was really in the position of an independent contractor and non-suited Reiger. The latter has now appealed, and the appeal was argued at great length in the Queen's Bench Division. Judgment was reserved.

LONDON AND ENVIRONS

A large portion of London West taxes
still remain uncollected.
The vital statistics for May are: 30
deaths, 48 births and 16 marriages.
—Police Court Clerk Moule is preparing his
quarterly returns for the term ending
May 31.
—A bad case of diphtheria, the first in
several weeks, is reported on William
street.
—The Hyman red tie acts on some of our
esteemed contemporaries like a red rag be-
fore the proverbial taurine quadruped.
—Agnes Gains was discharged by the
police magistrate this morning. She was
charged with drunkenness and vagrancy.
—London West's board of education
meets to-morrow night. The board will
likely decide whether or not the village
school will participate in the city demon-
stration of July 2.
—Many Londoners are in attendance at
the Christian Endeavor convention at
Stratford that commenced last night.
To-day Canon Richardson, Rev. Mr. Sage
and Rev. Joseph Philip went down.
—Richard Whetter's horse was scared
by a G. T. R. train at the Oxford mill on
Talbot street last night, and took to the
track in front of the animal and bumped it
and the right one side without injuring either
materially. No one was in the buggy at
the time.
—The London West Council has made
application to the American Surety Com-
pany, of New York, for bonds for Treasurer
Rockett. The amount asked is \$1,500.
At the meeting on Tuesday night a fac-simile
of the application was presented with all
the questions answered. The council
guarantees the usual yearly audit, and
further, that the reeve and chairman of
finance shall make a monthly inspection of
the accounts. If the latter should not be
done the company would not be responsible
for any shortage on the bond. The council
also pays the premium on the bond.
She jumped the Gates.
Dr. McCullum's mare ran away at the
hospital this morning. She left the buggy
about three rods from the starting point,
resting easily up the hill. As a reminder
of servitude she took the shafts along and
wended her way up town. At the Rich-
mond street crossing of the Grand Trunk
the gates were down and the train was
stopped. The animal cleared the first gate
at a bound, dodged around the train and
took the next gate a la Rosebery. At
Queen's avenue she turned east, then north
to Dufferin avenue and west to Richmond.
Then she went south again and ran into a
lane near York street where she was
captured. Her hind legs were in the
dangling shafts, but otherwise she was
uninjured. No one was in the buggy when
the horse started off.
The County Court.
The list for the county court, which
opens on Monday, was closed at 3 o'clock
this afternoon. The docket promises to be
very light. But one criminal case will be
tried—that of the Queen vs. James Short,
accused of setting fire to his shoe store in
Parkhill.
The civil list is as follows:
Berdan vs. Young—Action by George
A. Berdan, of Elfrid, questioning the
validity of a chattel mortgage taken by the
defendant.
Carling Brewing Company vs. Ann Jane
Mason, of the village of Lisle, Simcoe
county—Action on goods supplied.
Arnold vs. Lockwood—Brought by W.
Arnold, of Carleton Place, against the bailiff
of the Fourth Division and the bailiff of
the seizure of some goods.
A Woman in the Toils.
The police have a woman suspect in the
toils, and would like to have a little light
thrown on her previous history. She gives
her name as Georgina Hughes, is appar-
ently 40 years of age and has dark hair
and a florid complexion. She was fairly
well dressed and wore a thick veil when
arrested. This morning she went to the
residence of Mr. L. Fitzgerald, at
Chatham, and asked the manager of the
bank of Toronto, lives in the house men-
tioned, and the woman called there. No one
was at home, but she managed to effect an
entrance and remained for fifteen minutes.
Mr. Fitzgerald became suspicious, and in-
formed the woman came out and he followed
her and informed the police. When she was
taken into custody nothing was found on her
that might incriminate her. She has a bunch
of keys, together with a few personal articles.
The police stated that she came from Toronto
and was previously to that from Buffalo. She
was looking for work. The police are confident
that the woman is not in town for her
health, and she takes to her detention
coolly if she is a novice to the situation.
Death of a Respected Lady.
Mrs. A. G. McWhinney, the respected
wife of one of London's best-known resi-
dents, Mr. A. G. McWhinney, chief resi-
dent mail clerk on the London division,
died last night at the family residence, 630
Waterloo street. Mrs. McWhinney was
taken ill about two months ago, and she
though apparently not very seriously, and
though apparently worse. An operation
was deemed necessary, and it was performed
by four of the most skillful surgeons in
London. It proved unsuccessful, affording
only temporary relief. The deceased was of
most amiable disposition and was esteemed
by all who had the pleasure of her acquain-
tance. She was born in Chatham 52 years
ago, and was a daughter of Sheriff Mercer,
of Kent. She was married about 30 years
ago, and after living in Windsor for a
time removed to London in 1886. There
she remained until her death. She was

she passed away. The funeral takes place

meeting to be decided on. A discussion

took place regarding the attitude of the

was a strong expression of disapproval

regarding the action of that paper in mutilat-

its apparent desire to suppress legitimate

Third Annual Convention of the Middlesex Organization.

[Special to the ADVERTISER.]
STRATHROY, Ont., May 30.—The third annual convention of the Christian Endeavor Societies of the county of Middlesex opened here this evening at 8 o'clock. Rev. P. K. Dryfoot, M.A., in the chair. After devotional exercises the address of welcome was delivered by Rev. W. G. Jordan, B.A., Strathroy, to which Rev. A. McMillan, of Glencoe, responded.

The topic of the evening was "Christian Citizenship," which was discussed by Rev. T. E. Harrison, of Melbourne. The remainder of the evening was spent in an informal manner, the delegates renewing old acquaintances and making new ones.

To-morrow a large number of delegates are expected, while the convention will be in full working order.

Among the pains and aches cured with marvelous rapidity with Dr. Thomas' Electric Oil is earache. The young are especially subject to it, and the desirability of this Oil as a family remedy is enhanced by the fact that it is admirably adapted not only to the above ailment, but also to the hurts, disorders of the bowels, and affections of the throat, to which the young are especially subject.

Returning the stage connects with the east-bound train daily at 9 a.m.

—About 2,000 people witnessed the laying of the corner stone of the new Roman Catholic Church in Tilbury Center the other day. Bishop O'Connor, of London, performed the ceremony. His Lordship made a brief address on the occasion, both in French and English. When the building is completed it will be one of the finest churches in Western Ontario.

—Dr. Gardiner gave a very interesting talk last evening to the pupils of the seventh and eighth grades of the labor school. His subject was the circulation of the blood and the effect of the use of alcohol and tobacco on the heart and circulation. At the close of the lecture the doctor fully illustrated the anatomy of the heart and gave the children a view of the corpuscles of the blood through a powerful microscope.

—Some men catch more fish than other men do. It is supposed that this is because they are more skillful. Those who take careful note, however, observe that the more successful fisherman devotes more time to it. He begins earlier, sticks more closely to it, and quits later. The conclusion is that the man who catches most fish fishes most hours. It is precisely the same way with advertisers. Some are skillful, some are not. The most successful advertiser is always the one who does the most of it, and keeps it up the longest.

The pallbearers were Edward Manigault, Edwin S. M. Collette, Charles J. N. Shanley, George Rutherford, A. G. Smyth and John Cameron. Mrs. Symonds, widow of deceased, is now seriously ill, being prostrated by her husband's death.

He was making a house-to-house visit and begging when he was arrested by Village Constable Ward. The prisoner was allowed to go on promising to leave the village. Richmond is minus an arm and leg. He was at that time charged with working a sick scheme on a number of citizens, and in making a call would present a card purporting to bear his name and asking for assistance. The preliminary hearing takes place at Kingston before a committee, who will examine witnesses and report to conference. The charges have never been made public. It is understood that one of the charges is that of "telling a falsehood." Those who are conversant with the case state the opinion that there is no weight to the charges and the action emanates from personal spite.

Last of the Season.

The last show of the season will be C. H. Yale's newest "Devil's Auction" at the Grand Saturday. The Ottawa Citizen says: "C. H. Yale's newest 'Devil's Auction' made a great hit at the Grand Opera House last night. As a spectacular success it was the general opinion that it eclipsed anything of the kind that has been here for a long time. The ballet was new and very pretty, and the premieres danseuses exceptionally fine. The illusions in the third act were a new feature. But superseding all were the scenic effects, which were exquisite, especially the last scene of the third act, which was the scene of scenic splendor. Some good singing made a feature of the play, and altogether it was a decided success."

Funeral of the Late Joseph Jeffrey.

The remains of the late Joseph Jeffrey were laid at rest in Woodland Cemetery. The funeral took place from the family residence, Leifield street, and was attended not only by many relatives of the family, but by most of the prominent business and bank men of the city and a large number of the school board. Mr. Jeffrey had for some time been a director of the Y. M. C. A., and a majority of the board also attended. The pallbearers were Messrs. John M. Denton, Wm. Bowman, John G. Richter, P. W. D. Broderick, W. F. Bullen, John McClary, V. Cronyn and Andrew Dele. The services at the house and grave were very impressive, and were conducted by Rev. Ira Smith, pastor of Talbot Street Baptist Church.

Methodists Indorse Mr. Mowat's Stand on Temperance.

At the close of the London district meeting of Methodist ministers and laymen in the Colborne Street Methodist Church it was moved by Rev. Walter Rigby, seconded by Mr. C. J. Beale, and carried unanimously:

"That we, as a district meeting, desire to place on record our satisfaction at the result of the late plebiscite vote on prohibition, and at the attitude of the Hon. Sir Oliver Mowat, Premier of this Province, on the important question, in assuming, as he has, to introduce prohibitory legislation if it is the judgment of the Supreme Court in the test case presented that such legislation is within the power of the Provincial House. We cannot refrain at the present time from expressing the hope that throughout the Province during the coming election the passport to the favor of the voters will be that the candidate is a pronounced Prohibitionist."
