## REFUEL FORCES ARE DEFEATED AT VLADIVOSTOK REFERENDUM TO PROHIBIT IMPORTATION OF LIQUOR IS ASKED

### FORMAL PROCLAMATION OF PEACE NOT LIKELY TO BE DELAYED BY ACTION OF AMERICAN SENATE

Canada's Declaration Is Expected To Follow Closely Upon Proclamation of Peace by Great Britain—Formal Termination of War May Be Announced Sooner Than Was Expected.

Ottawa, Nov. 20.—That the action of the United States Senate in declining to ratify the peace treaty is not likely to delay the formal proclamation of peace is the opinion held in Government circles at the capital. While definite advice as to the exact position of all matters relating to the formal proclamation of peace at Paris, it is thought that there is a possibility of ratification by the United States Senate. Definite action by the Senate may, therefore, bring the formal termination of the war perceptibly nearer instead of postponing the event. It is not known whether or not the ratification of the peace treaty by Great Britain and France will have any effect on the formal proclamation of peace.

### PEACE MUST BE ESTABLISHED BEFORE U. S. SENDS ITS CONSULS

Washington, D. C., Nov. 20.—The state department is emphatic in its stand that no American consuls can be sent into Germany until peace has been definitely established between the United States and the country, and they declare only an imperfect trade relation can be built up without the consular officers who are in charge of the legal end of international trade. A contrary view is held, however, by some of the senators who are in charge of the ratification of the treaty. Notable in this connection is the stand taken by Senator Knox, Republican, a former secretary of state, who holds that by the language of the treaty, full commercial and diplomatic intercourse can be resumed with Germany by all of her late enemies as soon as the process verbal is exchanged. There seems little prospect, however, that the state department will accept such a construction, and officials there say American trade will have to accom-

### CRIME ON INCREASE IN CANADA, ALTHOUGH LESS DRUNKENNESS

Statistics Show That Convictions For Indictable Offences Have Grown Larger.

### FEW WOMEN OFFENDERS

Prohibition Measures Have Greatly Decreased Number Charged With Intoxication.

Ottawa, Nov. 20.—A considerable increase in crime throughout the Dominion is shown by the book dealing with criminal statistics for the year 1918 just issued from the office of the Dominion Bureau of Statistics. According to the returns, there were during the year 21,747 charges and 17,370 convictions for indictable offences in the several provinces as compared with 19,559 charges and 15,559 convictions the year before. This is an increase of 2,339 for charges, and an increase of 1,811 for convictions during the year. The percentage of acquittals ran from 12 per cent in Prince Edward Island to over 27 per cent in Nova Scotia.

The number of convictions increased during the year in all the provinces except Alberta, British Columbia, and the Yukon.

The number of summary convictions jumped from 35,432 in 1917 to 36,192 in 1918. Of these less than 3 per cent were women offenders.

### Drunkenness Decreases

Eighty-two per cent of the number of persons convicted of minor offences were fined, three per cent were sentenced to imprisonment without option of a fine and fifteen per cent were sentenced to go on suspended sentence. Of the minor offences against the law, drunkenness was the most common. In 1918, 21,026 were convicted for drunkenness as against 27,852 during the previous year. Drunkenness decreased by nearly 25 per cent in Canada during the year. Increases being confined to the provinces of Manitoba and Alberta. In the last-named province convictions numbered 825 as compared with 391 the previous year, an increase of 111 per cent. In Manitoba convictions grew from 1,085 to 1,123, an increase of 34, or one-half per cent. The beneficial effect of war-time prohibition is demonstrated by a table showing that for the war period 1914-1918 there was a decline of 65 per cent in the number of convictions for drunkenness. The percentage decrease by provinces was as follows: Prince Edward Island, 72; Nova Scotia, 29; New Brunswick, 60; Quebec, 48; Ontario, 55; Manitoba, 37; Saskatchewan, 78; Alberta, 55; British Columbia, 52; Yukon, 63.

### GERMANS OBJECT TO REPLACING WARSHIPS THAT WERE SCUTTLED

Proposed Protocol To Treaty Not Likely To Be Signed For Some Time.

Paris, Nov. 20.—No formal meeting has yet been held between the German delegates, who arrived yesterday morning, and the allied powers concerning the proposed protocol to the German peace treaty. It seems unlikely that the protocol will be signed before the end of the month. The Germans have shown a disposition to resist the provision requiring the replacement of the warships sunk during the war. They have manifested a desire to replace the warships sunk at sea by new vessels of the same type.

### STR. ROMAN SENDS OUT S.O.S. MESSAGES

Vessel Is Bound From New York To Marseilles.

New York, Nov. 19.—S. O. S. calls were received here by the coastguard office this morning from the steamship Roman, bound from New York for Marseilles. Her position was given as latitude 33.35 north and longitude 68.50 west, which is about 350 miles east of Sandy Hook.

The steamship Roman left New York for Marseilles on November 17 with a general cargo. She is owned by the United States Shipping Board, and registers 1,975 tons.

Later information received through radio by the naval communication service here is that the steering gear of the ship has broken down, and that the ship is being buffeted by rough seas induced by high northerly winds.

At the office of the coastguard cutter service preparations were made to dispatch a cutter to the assistance of the ship in the event that some other vessel nearer to hand does not answer the radio call.

### VIVIANI MAY BE NEXT PREMIER OF FRANCE

### Ratification of Peace Treaty By U. S. Is No Nearer Now Than When Armistice Was Signed

Peace Pact Again in Hands of President Wilson, Who Is Expected To Consult Other Powers Before Next Session of Congress Is Called—Senate Fails After Long Debate To Take Any Action.

Washington, Nov. 19.—The fate of the treaty of peace with Germany and the league of nations, so far as the United States is concerned, today again is in the hands of President Wilson.

Failure yesterday and last night of all efforts to have the treaty ratified in some form by the Senate brought the situation just where it was six months ago when it was submitted to the upper house of congress and technically peace is no nearer than it was on Armistice Day, more than a year ago.

With the much debated and much contested document thrust back upon him, the next move is up to the president and today there was no intimation what course he would pursue. In any event it was not believed there would be any developments until congress reconvenes December 1 in regular session. Democratic leaders suggested that the president, during the recess, might see to it to feel out the other powers as to their attitude toward the treaty, with a view of bringing the treaty to some sort of ratification at the December session. If re-submitted, the treaty would come before the Senate practically as new business and debate on it would not be governed by the closure.

### Regrets Coolness That Is Arising Between France and U. S.

Clemenceau's Daughter Making Lecture Tour of American Cities.

New York, Nov. 20.—The people of France are deeply concerned over a reported cooling of America's friendship, which proved so warm during the war, according to Mme. Therese Jacquemine, daughter of Premier Clemenceau, who arrived here yesterday for a tour of this country.

"It may be the result of enemy propaganda," said Mme. Jacquemine. "The American soldiers did not see the best of France, because everybody but the poorer classes, who had undergone long privations, fled from the war zone. It is not surprising, therefore, that many of your soldiers, seeing only the darker side of life, received an unfavorable impression."

Mme. Jacquemine said she hoped by means of public lectures to remove some of the misconceptions that have sprung up in this country recently. France, she said, is a new country since the war, with a broader outlook on her own national life and on the lives of other nations.

### Many Members of I. W. W. Being Turned Back At Western Border Points

Commissioner Perry Declares O. B. U. Similar to I. W. W. In Its Policy.

Regina, Sask., Nov. 20.—That the I. W. W. and the O. B. U. were identical is the statement of Commissioner Perry of the R. N. W. M. W.s, who were trying to enter Canada in fear of prosecutions across the border. Many had been turned back in the last month.

### COAL USERS IN CANADA MUST CONSERVE SUPPLIES

Fuel Controller Magrath Says Prospects Not Very Good.

### IS STILL MAKING EFFORTS

Soft Coal Consumers Must Practice the Utmost Economy.

Ottawa, Nov. 20.—Little hope is held out to consumers of soft coal by Fuel Controller Magrath in his messages from Washington. So far, it is stated, he has been unable to secure from the United States railroad administration the release of any supplies of coal for Canadian consumption, but he is continuing his efforts at Washington. In the meantime the strictest economy is urged upon Canadians. It is expected that Mr. Magrath will have a conference with Hon. N. W. Rowell and Hon. Gideon Robinson during the next day or so, when the whole matter of Canadian coal supply will be discussed, and future action outlined. Both of these ministers are now in Washington attending the world's labor conference, and at the same time seeking to secure relief for Canada in the matter of coal supply.

### DAYLIGHT SAVING TIME IS FAVORED, IF DOMINION-WIDE

Ontario Associated Boards of Trade Now in Convention.

Toronto, Nov. 20.—The Ontario Associated Boards of Trade and Chambers of Commerce opened its sixth annual meeting here today with representatives from every province in the Dominion present. The meeting was presided over by Wm. Taylor of Owen Sound.

Many resolutions are to come before the meeting set on by the resolutions committee today. The resolutions have to do with daylight saving, freight and express rates on coal, wood and fuel to be reduced to the minimum of cost for all nationally-controlled industries, as a factor in reducing the cost of living; that an empire trade mark and standard be adopted; that immigration of British citizens to the dominions be facilitated; and if necessary, subsidized; so that British commerce and British people may be retained under the flag; that a prohibited tax be placed on foreign magazines with a circulation of over 10,000 unless they adopted a Canadian section with space for Canadian advertising; that a royal commission be appointed to study the tariff and investigate numerous claims for special consideration for a bonus on steel buildings; for the establishment of uniform rates of hydro-electric power; and that the Ontario Government be asked to investigate the merits of an income tax based on net income as a substitute for the present tax.

This morning the meeting passed a resolution from the Toronto Board of Trade favoring daylight saving as a Dominion-wide measure. It carried by one vote, that of the chairman.

### NIGHT WORK FOR WOMEN UNDER CONSIDERATION AT LABOR CONFERENCE

Washington, D. C., Nov. 20.—Night work for women was on the agenda of the international labor conference for discussion today. The committee has been endeavoring to discover the best ground upon which a governing agreement might be urged, since it was not desired to suggest such regulation as would deprive women from work they might elect. The chief consideration has been to prevent women from doing work at a time that might interfere with motherhood.

The attempted revolution started on Monday morning at 8 o'clock, when the social revolutionary Zemstvo group proclaimed a new democratic republic, a new government. Hoisted on top of Gen. JAMES H. FLOCK,  
OLDEST LAWYER IN  
CITY, DIES, AGED 85

Had Been in London For 65  
Years.

London lost its oldest practicing lawyer early today in the death of James H. Flock, at his home, 428 Adelaide street. He was 85 years old. He had been a resident of London 65 years, coming here from Toronto, where he was born on April 6, 1834, the son of William Flock and Port Stanley Railway.

When quite young he determined to become a lawyer, and two years after he settled in London, 1854, he was called to the bar. He rapidly came to be regarded as one of the city's most painstaking barristers, his cases being carefully prepared and presented with a clear understanding of the principles of law.

He was a member of the city council when King Edward visited the city, and was the last surviving member of that body as well as of the reclamation committee, which was in charge of that visit. He was always active in the London and Port Stanley Railway, and was a prominent shareholder. He was a prominent member of the Middlesex Bar Association, and was a Mason.

Mr. Flock was married by two sons, E. W. M. Flock and J. K. Flock, both of whom were here, and one daughter, Mrs. M. F. Mordan of Regina, Sask. The funeral will be held from his residence Saturday afternoon at 3 o'clock, and will be under Masonic auspices. Rev. G. Q. Warner of the Memorial Church, will conduct the service. The interment will take place at Mount Pleasant cemetery.

Russo, who worked for the city, and was 35 years old, since Friday morning he had put up a brave fight against death, with five terrible slashes in his body. One of them was at the base of his heart, and penetrated his lung. This was the wound that caused death.

The police have not yet received the warrant issued for the arrest of Rocco Baris, who is wanted in connection with the attack. Baris, it is said, as a result of several hours' delay in notifying the police, was able to go to his home, change his clothing and leave for parts unknown.

A further complication has arisen in the case by the disappearance of Maria Verreck, the half-gypsy girl, who is said to have gone into hiding because of the fear that the dreaded society might attempt to put her out of the way.

NOTED HORSE TRAINER  
DIES WHILE MOTORING

TOLEDO, Ohio, Nov. 19.—Eddie Mitchell, noted throughout the world as a driver and horse trainer, died last night while motoring from Toledo to his farm near the Ohio-Michigan boundary line. For thirteen years he raced Creseus, international champion trotter; later sold to the Russian Government.

London Will Have Team in  
New Inter-Y Basketball  
League To Be Formed

Basketball Booming in City As It Never Did Before, With Four Local Leagues and Big League Possibilities.

Whether London gets O. B. A. games or, E. A. entry—if that organization this season or not, basketball fans will get a good equivalent in the new inter-Y basketball league, which is in progress of formation throughout the province, and in which the local "Y" will have a team.

The formation of the new organization partly resulted from the decision of the Y. M. C. A. officials to keep associations out of local leagues. In the past it has been the practice to have a "Y" team and then the result that the "Y" from its greater membership, was usually able to win honors. This did not tend to promote interest in the sport, and a change was made this year which permits no triangle entry in a factory, church, or any other purely local league.

Never has basketball had the possibilities it has this year in London. With Western angling for a group in the senior intercollegiate, the certainty of

BASKETBALLERS OF  
WESTERN 'U' WORK  
IN REAL EARNST

Intermediate and Senior Fives Will Have Two Practices Weekly at Least—U. S. Tour Likely.

Both senior and intermediate teams representing Western University in basketball this year got a hard practice in the new inter-Y league. The end of the week will probably tell the tale as to just where Western will find itself in basketball circles this year. Just now they are not worrying as to where they will land so much as they are about getting into condition and developing the best possible team work.

The teams are now holding two practices weekly themselves, on Monday and Wednesday afternoons at 5 and 6 respectively, and in addition to this every member of the team is on one or other of the City League teams, which gives both Varsity fives the benefit of still another workout weekly.

There is little likelihood that the proposed four through the states, which is now being arranged through C.A.A.U. headquarters, will be prevented. Varsity notably in the past year has seen Blue and White fives invade some of the new Ontario states even unto Manhattan itself.

Other Canadian teams have found such a tour of immense benefit because the varied styles of play they come into contact with and the fact that most American cities boast teams from whom something can always be learned about the main parts of the game itself.

Catholic Juniors  
Win Exhibition  
Basketball Game

Y Aces Visited C. A. C. Gym. Last Night and Lost Fixture.

The Catholic Athletic Club gymnasium was the scene last night of an exhibition basketball game between the C. A. C. Juniors and the Aces of the Y. M. C. A. city league, the contest ending with the Juniors on the big end of an 18 to 16 score.

The C. A. C. Juniors led at half time by 20 to 3. An accident to Callaghan weakened the Juniors somewhat, but they outscored the Aces by 8 to 7. Cook, Fleming and the Juniors each scored six points, as did also Johnson of the Aces.

C. A. C. Juniors: J. M. C. A. Aces: Cook, 1 f. 6 c. 6. Fleming, 1 f. 6 c. 6. Johnson, 1 f. 6 c. 6. Callaghan, 1 f. 6 c. 6. Dettweiler, 1 f. 6 c. 6. Total 18. Total 16.

FRANKIE FLEMING  
DEFEATS MICHAELS  
IN TEN-ROUND GO

Montreal, Nov. 19.—Fighting with determination and aggressiveness never previously shown in a local ring, Frankie Fleming, Canadian featherweight champion, defeated Nick Michaels in a ten-round bout. Fleming's fight was a real come-back. He never let up in his aggressive tactics, and forced the fighting, with the exception of the opening round, in which Michaels outpointed him. He cut loose in the second round, and from then on left little doubt as to the outcome of the encounter.

Another will be held within a few days to get ideas for the part which hockey will play in the winter's sports.

BECK NEGOTIATING FOR  
MERGER OF BIG POWER  
INTERESTS IN TORONTO

TORONTO, Nov. 19.—Negotiations now in progress between Sir Adam Beck and the Ontario Hydro-Electric Commission on the one hand, and representatives of the Mackenzie and the St. Lawrence power companies on the other, if carried to a successful conclusion, will make a remarkable merger of the power, light and traction situation in Toronto and vicinity.

The various properties which would be affected by the deal include the power business of the Electrical Development Company at Niagara Falls, the transmission lines and transformer stations of the Mackenzie and the St. Lawrence, now both owned by the Port Credit on the north, and to West Hill on the east, the property of the Toronto Street Railway does not appear to be included.

CAYUGA TO SPEND  
\$10,000 ON ROADS

CAYUGA, Nov. 19.—According to Mrs. Jos. Pearl, Mrs. W. J. Quinn and Mrs. R. H. Green, the returned delegates to the Women's Institute meeting in Toronto, Premier Drury and Minister of Agriculture Doherty are "all right." Both gentlemen addressed the ladies, the premier saying they deserved special thanks from the people of Canada for their child welfare and school improvement work. He claimed his wife was an earnest worker in her society, and urged them to go on as women well organized, could accomplish good work. His hearers acknowledged his remarks with cheers.

The ratifiers of Cayuga on Monday carried by a majority of 10 votes, a by-law to raise \$10,000 for good roads in the town limits.

A vote will be taken from the subscribers the Erie Telephone Company to the advisability of giving a continuous service instead of the present one of from 7 a.m. to 9 p.m. As the additional cost will be only three dollars per annum, there is not much doubt that the extension will be requested.

DANCE AT PRINCETON.  
PRINCETON, Nov. 19.—An enjoyable dance was given last evening in the I. O. O. F. hall by some of the young men of the village. About 200 dancers were on the floor and a few invited spectators on the platform. Splendid music was furnished by the Beattie orchestra.

## Urges Training For Scientific Motherhood

W. C. T. U. of U. S. Demand Rigid Enforcement of Dry Laws.

St. Louis, Mo., Nov. 19.—Training for scientific motherhood and enforcement of the dry law as means of child conservation were urged today at the convention of the National Women's Christian Temperance Union. It was suggested

that prohibition would be enforced if the people "watch the officials charged with its enforcement." Mrs. Ira Cough Wood of Chicago, member of the federal child welfare committee, asserted enforcement of prohibition would assist child welfare materially in that "money formerly spent for liquor will now be spent for food and clothing for the children."

BANKER, 36, DIVORCES WIFE, 30. Bridgeport, Conn., Nov. 18.—Justice James H. Webb, in the superior court, granted a decree of absolute

divorce to Samuel R. Rundle, aged 36, of Danbury, from his 30-year-old wife, Gladys Austin Brown Rundle of New York. Mrs. Rundle will receive no alimony. She did not fight the case. Married on October 15, 1913, the pair soon separated, and Mrs. Rundle sued for divorce on the ground of cruelty. The aged husband then filed a counter suit, in which he alleged infidelity, naming two men, one of whom he says the woman had already been married. Rundle said that on his wedding night his bride slipped away to visit this man. Rundle is a retired bank president. His first wife died several years ago.

# When Wolfe shaved before Quebec

**IT WAS** during the famous siege of 1759 that General Wolfe, "the overshadowing hero of the conquest of Canada," arranged a banquet in the honor of several prominent French ladies who had been taken captive.

As he sat among the brilliant company, exchanging reminiscences of Paris and the beau monde, his young, clean face lighted up with the excitement of conquest, he was grateful for the keen razor, which, even in the midst of a hard campaign, made him fit for such an occasion.

Today, as in Wolfe's time, the general design of the old-fashioned razor stands unequalled—improved only by the added safety, the detachable blades and the convenience of the

## NEW YORK'S OPERA SEASON IS OPENED WITH "LA TOSCA"

All New York Society Drawn to Season's Premiere in New York.

MANY FAMOUS STARS  
\$50 a Seat Is Reported Paid—Caruso, Scotti, Farrar in Stellar Parts.

New York, Nov. 19.—It happens, these days, after the leaves have turned—the Metropolitan Opera House season premiere—and tonight recorded that much anticipated event. Another year, the 35th, in the history of this institution and the twelfth since Giulio Gatti-Casazza assumed its management, was begun; and Caruso, Geraldine Farrar and Antonio Scotti held the stellar parts. Anyone who happened along Broadway, near Fortieth street, after the dinner hour must have known, all the familiar signs were in evidence: The congested traffic, the police officers shouting orders, the line of admission-ticket applicants which stretched around the opera house building and along Thirtieth to Seventh avenue. Only insolent ticket speculator was conspicuous. Yet he must have been a silent worker, for stories are afloat that \$50 a seat was paid in several instances.

Whether or not these persons got their money's worth we do not know, but most of the 7,000 who occupied the available seats did. The standees too, appeared satisfied. You got that after Caruso finished his opening aria in Puccini's tragic La Tosca, the opera, for with the applause from the gallery and the space back of the main floor rail mingled a few bravura cries. Yes—Mrs. Farrar's voice disclosed improvement. Whatever occurred—the reported operation or the summer's rest—has wrought a change. She made a radiant Tosca, and colorful one to the eye in that astonishing first act costume which reflected most of the lights in a rainbow. The Scarpia of Scotti was as malevolent as ever; as suave and fierce, by turns; and quite as compelling a figure. Like his associates he got a warm greeting at his first entrance. As for the remainder of the principals, Conductor Morosini, the orchestra, chorus and settings—no legitimate fault may be found. It was an occasion with success in the ascendancy.

**Inventive Genius Who Made Others Rich, Dies Poor**  
Friend of Former U. S. President Sold Inventions "For a Song."

Lynn, Mass., Nov. 19.—After producing inventions which made fortunes for half a dozen men, Charles K. Bradford, inventor, who was severely injured by a speeding motorcycle, died, leaving little.

Bradford's chief invention was an improvement on the sewing machine, which was so good that it is used upon every machine in the world. Sewing machine had carriages, which moved along carrying the cloth necessary to be sewed. Bradford's invention was the cloth moved under the needle and the carriage.

His early invention, the cementer for shoes is utilized today and is known as the Bradford cementer. President Grover Cleveland was a personal friend of Mr. Bradford, and upon fishing trips Mr. Bradford saw opportunity for the angling methods. Then followed a fishing hook which snapped upon the fish quicker than the angler's bait. Also another invention was the automatic fishing reel, in use today.

Mr. Bradford, following the Civil war, Lynn streets wearing a paper collar, which immediately gained adherents. He then developed a paper tie of a rainbow color effect. Despite that the Bradford invention patents issued totaled nearly 200, only a small sum of money was received for them. He sold his patents "for a song."

The only reason he gave for selling his inventions for close to nothing was that "he would rather invent than eat."

**STUDENTS AT ALMA COLLEGE STRIKE**  
Suspension of Alleged Hazers Causes Walkout.

Alma, Mich., Nov. 18.—Members of the three upper classes of Alma College Monday went on strike demanding that James Hale of Wyndolotte, and Myrdon Davies of Pennsylvania, be reinstated to their classes following their suspension by President Crooks for the alleged participation in hazing of freshmen.

The men of the three classes have appointed a committee consisting of the class president to confer with the college faculty. It is understood the committee is not only insisting the two students be reinstated, but also asking the faculty the Presbyterian Synod of Michigan and the alumni to form a students' government by the upper classes on the campus. At a conference Monday night the faculty failed to iron out the differences. Individuals now are refusing to meet with the college president, stating that the class presidents have been authorized to handle the matter for them. Another conference between the committee and faculty was held Tuesday.

Detroit, Nov. 19.—Active efforts to forestall another epidemic of influenza, pneumonia, and kindred ailments in Michigan have been begun by the Daughters of the American Revolution, under the direction of Mrs. Charles Grant Esley, state chairman of Red Cross and sanitation work. Dr. Marie Belle Coolidge, first woman physician to be commissioner overseas, will act as chairman in Detroit, with the co-operation of Mrs. Jared W. Finney, recent of Louisiana. St. Clair Chamber, D. A. R. Four-minute speakers will appear in the churches, theatres and motion picture houses to urge the campaign slogan of "Help Make Detroit Safe for Health."

Want All Bread Wrapped. Among the abuses which the workers in the movement hope to correct is the habit of girl clerks in places where food is sold of handling dirty money and arranging their hair, while dispensing food. The wearing of caps will be urged, and also the use of scoops or tongs in dispensing candy and similar articles. It will be requested, further, that all food be screened from dust and flies, and that bread be wrapped. Radical changes are needed at many soda fountains, it is said.

People of That District Dissatisfied With Toronto Administration.

[Special to The Advertiser.] Cobalt, Nov. 19.—There is a strong possibility that the nine provinces making up the Dominion of Canada may be increased to ten. This is a result of a proposal now being fostered in Northern Ontario that this part of the province should break away and form a new one.

The proposal is not a new one. The movement has been brewing for some time, but the general dissatisfaction in the north over the methods at Toronto, culminating with the advent of a former Government, has resurrected the movement, and this time it is going ahead with more force and determination. **Millions of Germs**

Breed in Tooth Film—Keep It Off

All Statements Approved by High Dental Authorities

Film Wrecks the Teeth

THAT slimy film which you feel with your tongue causes most tooth troubles. The tooth brush does not end it. The ordinary tooth paste does not dissolve it. In crevices and elsewhere that film clings. That is why your brushing fails to keep teeth white, free from tartar, clean and safe.

That film is what discolors—not the teeth. It is the basis of tartar. It holds food substance which ferments and forms acid. It holds the acid in contact with the teeth to cause decay.

Millions of germs breed in it. They, with tartar, are the chief cause of pyorrhea. So all these troubles have been increasing despite the wide use of the tooth brush.

Dental science, after years of search, has found a film combatant. Able authorities have amply proved this by careful clinical tests. Leading dentists everywhere now urge its daily use.

The method is embodied in a dentifrice called Pepsodent. And we offer a 10-Day Tube free now to everyone for home tests.

See the Results, Then Decide

The results of Pepsodent are quickly apparent. Some are instant. We ask you to see them—watch them ten days—then decide for yourself about them.

Pepsodent is based on pepsin, the digester of albumin. The film is albuminous matter. The object of Pepsodent is to dissolve it, then to constantly combat it.

Pepsin long seemed impossible. It must be activated, and the usual agent is an acid harmful to the teeth. But science has discovered a harmless, activating method. The inventor has been granted patents by five governments already. It is that invention which makes possible this efficient film combatant.

### THE PRINCE SHOWED A BOY'S ENTHUSIASM AT A MOVIE SHOW

Infectious Laugh Set Whole Audience Rocking.

### A LINK WITH THE PAST

H. R. H. Meets "Diamond Ball" Survivors Who Honored His Grandfather.

NEW YORK, Nov. 19.—From the stock exchange to the "movies," with the Prince of Wales as a side line, the Prince of Wales was whirled today in a kaleidoscope view of the varied activities of the metropolis. Everywhere he went huge crowds cheered him to the echo, giving him a reception such as even New York has rarely, if ever, witnessed before.

The prince seemed to enjoy every minute of his strenuous program, but, hiding from appearances, the hit of the day for him was the "movies." The exhibition was given at the old Academy of Music, where his grandfather had been a guest 60 years ago at the historic "diamond ball." Seated in the same armchair Edward VII had occupied, the prince laughed with the unrestrained enthusiasm of an un-

sophisticated school boy at the two comedies presented. He asked for something to laugh at, and he got it. It was slapstick comedy of the kind, with the hero doused in rivers, snared with pie, bitten by dogs and buffed by goats, and the infectious laugh of the young prince set the whole crowd audience rocking.

Fifteen Survivors.  
At the entrance to the theatre the prince was greeted by fifteen pretty girls dressed in the quaint costume of pre-civil war times, who, contending after the fashion of their grandmothers, the management of the theatre also managed to collect fifteen survivors of the original diamond ball, who were presented to the grandchild of the prince. They had met to honor in their youth.

From the theatre the prince drove to the grandchild of the prince. The royal party passed to its box through double lines of Salvation lassies, who were not a whit behind the more worldly spectators in the warmth of their greeting to the prince. After spending a few minutes chatting with Commander Booth, the prince left his box and entered the ring, where he watched the jumping contests.

Leaving the garden, the prince paid a brief visit to the New York Yacht Club, where he inspected the models of famous yachts, including the American schooner "Albatross," which was built in 1850. He then went to the New York Yacht Club, where he inspected the models of famous yachts, including the American schooner "Albatross," which was built in 1850. le's cup defenders and the numerous trophies which he had won.

Stole a March.  
On his return to the Waldorf Hotel the prince stole a march on both the crowds, which he trailed his every movement, and the small army of newspaper reporters who have formed a side entrance to the hotel. He went for a quiet stroll on Fifth avenue, unattended except by a couple of secret service men.

He passed practically unrecognized through the tremendous tide of traffic which swept down the avenue in the evening homeward rush. One of a couple of girls almost gave him identity away by exclaiming, "Why, there's the prince," but her companion ridiculed her guess, and before she could argue the point the prince was swallowed up in the crowd.

Tonight the prince was the guest of honor at a banquet given by the various British societies of New York. Later in the evening he attended a ball given by Mrs. Whitelaw Reid.

The first event of the day was a review of British war veterans, who were assembled at the Columbus Yacht Club when the prince landed from the battle cruiser Renown. Companies of the 1st Regiment of the New York State Guard acted as an escort of honor to the British veterans, who were dressed in the uniforms of some of the most famous regiments in the British army. After the inspection, Major George B. Compton, chairman of the New York County branch of the American Legion, presented the prince with an American flag, to be given by him in turn to the British veterans. The flag was offered as a gift from soldiers of democracy to soldiers of democracy, from America's sons to Britain's best.

came by the rector, Rev. William T. Manning, and the members of the vestry.

The prince occupied the same pew in which his grandfather had sat two generations before. In a brief address Dr. Manning welcomed him as the representative of "the great free Empire of Britain, which has borne so glorious a part in the world war, and with whose sons our own have fought side by side for right and freedom."

Prayer For Peace.  
The ceremony closed with a prayer that "all the peoples of English speech may live ever in close fellowship, but for their own selfish advantage, but for the maintenance of justice, liberty and peace in all the earth."

On leaving the church, the prince visited in turn the stock exchange, the treasury, and the produce exchange. At the sub-treasury he showed keen interest in machines used for the detection of spurious coins. At his royal place, which was a false five-dollar bill, he was given a false five-dollar bill, which he showed to a hand-picked expert if he could detect it. The expert picked the coin out in a few seconds.

It had been originally planned to show the prince some pictures of his tour through Canada and the United States, but the proposal was vetoed by the prince himself, who declared he was tired of looking at his own face.

### SAYS GOVT. ECONOMY WOULD PROVIDE FOR VETERANS GRATUITY

Windor May Be Terminal of Grand Trunk in Canada

A. B. McCoig Says Railways Burning Ties Valuable As Fuel.

[Special to The Advertiser.]  
CHATHAM, Nov. 20.—"In spite of the present fuel situation in this country, the C. P. R. and the G. T. R. are being allowed to burn up huge piles of old railroad ties, which could easily be utilized as fuel by municipalities. I know this to be the case all the way between Ottawa and Chatham."

A. B. McCoig, M.P., made this charge in an address to local war veterans to show that if the Government and its various commissions exercised a little economy it would be possible to meet the reasonable demands of the veterans regarding the gratuity. Among other extravagances, he mentioned the over-riding of the civil service, which, he said, could be cut down by one-third. "If the Government would be more economical in these matters it would be going a long way to provide the funds to effectively re-establish our veterans," he said. "The Government should conserve the fabulous sums made by war-time profiteers."

ing the praises of the soldiers overseas and telling us to vote for the military service act. But when the question of re-establishing those men was pending, you could have shot a cannon down the corridors and probably not hit a single representative of these corporations. If the Government can find funds to purchase the Grand Trunk Railway, should it not be in a position to meet the reasonable demands of the veterans on this gratuity question?" he added.

"I have every reason to believe," said the mayor today, "that the Government intends making Windsor the terminal of the line. If this is done, the system of carrying passengers across the river on car ferries will be abolished in favor of modern ferries, on which passengers will cross for re-embarkation on the American system of the Grand Trunk."

The ferry question may be made an issue at the municipal elections in January if C. R. Tison, former mayor, decides to offer himself as candidate for mayor. He favors further privileges to the ferry company in order that plans of the company to build docks at Windsor at a cost of \$250,000 may be carried out.

# COURT "DECEIVED" BY SHONTS' WIDOW

Trust Company Succeeds Her  
as Administrator of Estate.

New York, Nov. 20.—Mrs. Milla D. Shonts, widow of Theodore P. Shonts, president of the Interborough Rapid Transit Company, today was removed as temporary administrator of her husband's estate and the Guaranty Trust Company appointed as her successor.

Counsel for the executors yesterday alleged Mrs. Shonts had deceived the court in making application for letters of administration when she declared she did not know the contents of Mr. Shonts' will in which the bulk of his property was bequeathed to Mrs. Amanda C. Thomas.

Saragente Fowler, in removing Mrs. Shonts as administrator, declared it to be "in the interest of all concerned" that the executors of the will should be named temporary administrators of the estate pending probate of the will, which is to be contested by Mrs. Shonts.

# IF THIN AND NERVOUS TRY BITRO-PHOSPHATE

While excessive thinness might be attributed to various and subtle causes in different individuals, it is a well-known fact that the lack of phosphorus in the human system is very largely responsible for this condition. It seems to be well established that this deficiency in phosphorus may now be met by the use of Bitro-Phosphate, which can be obtained from any good druggist in convenient tablet form.

In many instances the assimilation of this phosphate by the nerve tissue soon produces a welcome change; nerve tension disappears, vigor and strength replace weakness and lack of energy and the whole body loses its ugly hollow and abrupt angles, becoming enveloped in a glow of perfect health and beauty, and the will and strength to be up and doing.

CAUTION—White Bitro-Phosphate is unadorned for the relief of nervousness, general debility, etc., those taking it who do not desire to put on flesh should use extra care in avoiding fat-producing foods.—Advt.

# WILSON TO DECIDE FATE OF U. S. SHIPS

Will Pass On Britain's Claim  
to Ex-German Liners.

Washington, Nov. 19.—Final disposition of the liner and the United States after the armistice awaits the decision of President Wilson. It was said today at the state department.

Great Britain has sought use of these ships both for transatlantic passenger service out of New York and for transporting troops to its overseas dominions. The shipping board, however, has refused to deliver them, because of the claim of the allied naval armistice commission in sending to the Fifth of North for allocation between the associated powers the Standard Oil tank steamers which operated under the German flag before the war.

Recently the supreme court at Paris ordered the tank steamers held at the Fifth of North under the guardianship of Great Britain until they finally could be disposed of.

Because of the general shortage of tank tonnage the world over, distressed persons are under the necessity of making proposals to operate the ships under the inter-allied flag until their ownership finally is determined.

# Buy at the Bottom—Make All the Profit—Dollar Shares—in the Heart of Porcupine—For 17c

(PAR VALUE OF SHARES \$1.00)

A limited offering of GOLD CENTRE MINES at 17c a share is made until December 1st.

This is an exceptional proposition, with great possibilities for investors to come in on the ground floor.

The property is entirely surrounded by some of the greatest gold-producing mines in the world—the famous Hollinger, the McIntyre and the Dome—all now selling at nearly 50 per cent above par.

It is better to be inside looking out than outside looking in, so DON'T LET THIS CHANCE SLIP.

## To the Investor:

We lay the matter before you in bold, plain truth; we dare not misrepresent or withdraw.

We do not claim that the Gold Centre is a proven property nor that it is a producer, but we do claim that the mine lies in a proven area of the Porcupine Camp; in fact, in the heart of the best located properties. Surrounding Gold Centre are world winners in the gold field, among which are the famous Hollinger, the McIntyre, the Dome Extension and the Dome.

The geology is most favorable to the deposition of gold, and with honest, intelligent development it has an unusually excellent opportunity of becoming another great Porcupine producer.

We are starting to develop this property along the same lines that were adopted in the beginning by the most successful mines in the district, and that is by a campaign of intelligent diamond drilling. This work will be under the supervision of Mr. B. M. Walton, M.E., A.I.M.E.

By doing this we expect to find and prove the existence of paying ore bodies which we believe are located at a depth in the property.

If you feel that you would like to join with practical business and mining men of years of experience in the development of this property of exceptional promise and where the funds will be expended in a conscientious and intelligent way to make the enterprise a real success in a short time, fill in the application form and mail it to us.

## READ THE EXTRACTS FROM THE REPORT OF B. M. WALTON, M.E., A.I.M.E.

"These properties are especially well located, being practically in the centre of the proven and producing area of the Porcupine Camp. The T. and N. O. Railway passes directly over the property, and the electric line of the Northern Ontario Light and Power Company passes right through the centre of the claim. Adjacent to the property on the west is the famous Hollinger, and to the east and south lie the Dome Extension and the Dome. The property is also only one claim away from the well-known McIntyre."

"The mineralized area of these claims is large, and the veins have the appearance of being strong and continuous; and, considering the fact that encouraging gold values have been found on the surface and in the shaft, I am strongly of the opinion that this property is one of the best undeveloped areas at the present time in the Porcupine district."

## Probe of Standard Loan Co. Operations Resumed Yesterday

TORONTO, Nov. 19.—The probe into the operations of the Standard Loan Company was resumed today as Osmond Hall before Master-in-Chief C. A. C. Cameron, with Col. W. S. Dinnick again the chief witness. Outstanding features of the evidence up to the Standard Loan had lost over one hundred thousand dollars in trying to establish the Canadian Casualty Company, which had been organized in 1902 by G. T. C. Dinnick and other directors of the Standard Loan. The Standard Loan first bought stock of the Canadian Casualty Company, making payments to the extent of \$10,000, and then sold this stock to its subsidiary, the Standard Loan Land Company, which paid for it with a check drawn on the Standard Loan, and which sum remained as an overdraw.

In all, the Standard Loan was shown to have advanced the Canadian Casualty Company \$154,000, and when the Standard Loan Land Company was wound up in 1908 and the assets sold to the Standard Loan, the Standard Loan received \$25,000 for the Standard Loan, and which sum remained as an overdraw.

The investigation will be continued tomorrow.

**Why OXO Cubes sell by the Million; as told by people who use them:**

"Being a constant user of OXO Cubes, I send you some recipes. . . . Now that beef is so dear I make my dinners without it with the help of OXO Cubes. Some of my friends also use OXO Cubes and find them very convenient."

"OXO Cubes are too well known to need any recommendation; besides being quickly and easily made, OXO is very refreshing, strengthening and appetizing."

"My friends ask me what I feed my little girl on, and I tell them OXO. I am convinced that it is OXO Cubes she gets on so well with."

"We have found OXO Cubes a distinct saving. There was never a time when they could be used more than now, seeing the high prices of other foods."

## NAVAL POLICY WILL BE SUBMITTED FOR APPROVAL OF PARL'T

Follow Lines Laid Down by Australia.

WHY JELICOE IS HERE

Visit Was Suggested by Borden With View To Co-ordination.

OTTAWA, Nov. 19.—Sir Robert Borden is expected to arrive in Ottawa on Thursday, November 27, in time to welcome Admiral Viscount Jellicoe to the capital of the Dominion. It is anticipated that a fairly full representation of the cabinet will also be present, though the indisposition of Hon. C. C. Ballantyne, minister of marine and naval affairs, is of a stubborn character and, since returning to his post at Ottawa a fortnight ago after a lengthy and serious illness, he has been again compelled to take things easy.

In a brief statement given out tonight it is stated that Admiral Jellicoe is not coming to recommend to the Government what Canada's permanent naval policy shall be, but only to give the Canadian Government in an advisory capacity the benefit of his experience and knowledge of naval defence.

"It is," says the statement, "the responsibility of the Canadian Government to decide on naval policy, and this will be done in the very near future, and then it will be submitted to Parliament for approval, probably at the next session of the House."

Arranged in 1918. The visit of Viscount Jellicoe is really the result of an understanding which was arrived at by the representatives of the overseas dominions in London in August of 1918, following the submission to them of a tentative scheme for the imperial naval defence by the admiralty. After considering the admiralty proposals a memorandum was drawn up by Sir Robert Borden, suggesting a permanent overseas naval policy on the basis of navies built and administered by the dominions on a system of close co-operation with the British navy when need arose.

## Bank Clerks In Toronto "Wait" as a Side Line

Cooks' Union to Boycott Banks Which Pay Very Small Salaries.

TORONTO, Nov. 19.—Are bank clerks and bank messengers in Toronto working as waiters at banquets and other functions to augment their slender stipends? It was declared today at a meeting of the executive committee of the cooks' and waiters' union here that this was the case, and it was decided to boycott the banks which paid such poor salaries that their employees had to turn on the business of the waiters in order to eke out an existence. The boycott suggested was the withdrawal of the waiters' savings from off-boarding banks.

## GOVT. TO FORMULATE PLAN FOR ASSISTING VETERANS IN NEED

A Definite Announcement Is Expected in the Near Future.

OTTAWA, Nov. 19.—Hon. J. A. Calder, minister of immigration and colonization, has gone to New York and Atlantic City, and it is expected that he will see Sir Robert Borden in regard to important Government business before returning to the capital.

One of the most important matters which the minister of immigration has in hand at the present time is the matter of the administration of the \$40,000,000 voted by Parliament for the relief of returned soldiers during the winter months. When the money was voted, the details were left to the Government to work out, including necessary rules and regulations, the conditions under which money would be paid to any one person, the length of time it would be paid and so forth.

Mr. Calder stated in the House that it was the intention of the Government to have a central authority, and he suggested that it would be necessary to have provincial boards of administration as well as local boards in all the larger centres of population to deal with necessary cases.

Consulting Veterans. The Government is consulting the soldier organizations in regard to the best plan to be adopted to deal with hardships which may arise during the winter among soldiers due to illness or lack of employment.

Although \$40,000,000 was the amount voted by Parliament, this does not necessarily mean that the expenditure will be limited strictly to that sum. During consideration of the vote in Parliament it was definitely stated by the minister that should the circumstances warrant such action any further amount required could be provided for by governor-general's warrant and approved by Parliament at the next session.

A definite announcement as to the Government's plan is likely to be made in the near future.

## PEACE TREATY LAID ASIDE BY U. S. SENATE

Three Attempts to Secure Ratification End in Failure.

WAR STILL ON? At Any Rate Senate Defeated Resolution Declaring It Ended.

WASHINGTON, D.C., Nov. 19.—After three ineffectual attempts to ratify the peace treaty had failed the Senate today laid the treaty aside.

All compromise efforts to bring ratification all going down by overwhelming majorities. The Republican leaders apparently despairing of bringing two-thirds of the Senate together for any sort of ratification then put in a resolution to declare the war at an end.

The first vote on this resolution stood 39 for and 56 against. On the second vote, taken after several hours of parliamentary wrangling, in which the Democrats made vain efforts to bring over some of the Republican group of the affirmative and 51 in the negative. The third vote was on a straight-out ratification without reservations, which got only 35 votes to 53 opposing. The only one Republican, Senator McCord of North Dakota, voted with the Democrats in its support.

Affects Labor Issue. One effect of the Senate's failure to declare a state of peace will be the continuation of various war-time laws and regulations until the new session opens. Among these is the war-time prohibition act.

The resolution presented tonight to declare a state of peace will come up at the beginning of the new session, and is expected to start another stubborn fight.

It was suggested tonight among Democratic senators that President Wilson might be asked during the recess to feel out the other powers to their attitude on reservations with the idea of bringing the treaty to some sort of a ratification after Congress reassembles.

DRUGS VALUED AT \$60,000 ARE SEIZED IN RAIDS ON DETROIT HOTELS

DETROIT, Mich., Nov. 19.—Two men and a woman were taken into custody under the narcotic law by the federal authorities today, following a raid on two downtown hotels, in which drugs, said to be valued at \$60,000, were seized. Those arrested are Frank Stinch and Harry Jason and a woman whom the latter said was his wife.

A telegram Stinch is declared to have sent some time ago to a Chinese in Montreal furnished the clue, the officers said.

## DRAYTON EXPRESSES GRATIFICATION AT SUCCESS OF LOAN

Praises Unselfishness of Canvassers and of the Press.

OTTAWA, Nov. 19.—In a statement handed to the Canadian Press, limited, tonight, Sir Henry Drayton, minister of finance, expressed his gratification at the success of the Victory Loan and his appreciation of the patriotic service rendered by those who worked in its behalf. He suggested that subscribers everywhere would help to combat the crisis of Canada by holding the bonds which they had purchased. The statement is as follows:

"With every Canadian I am delighted with the success of the loan campaign and am more than gratified to know that the last chapter of Canada's war effort has been in keeping with her marvelous war record. Personally, the campaign has been a grand thing for me, because it has thrown me into touch with the splendid organization which has done so well in this and the other Victory Loan drives. The work of the Victory Loan representatives in every province and everywhere in each province has been splendid."

"Special mention should be made of those who, in an honorary capacity, gave a patriotic and enthusiastic service which it was impossible for money to buy. Victory Loan workers were engaged night and day and I am sure, speaking generally, they put forth on behalf of their country a far greater effort than they usually give to their private business. The people responded in kind. I know of many subscriptions made which practically made the subscriber's income for the next year or eighteen months. The support of the loan has been generous, including all classes, and happy summation has been very largely helped and brought about by the constant support that the press has given the campaign. They have donated much valuable space and have featured the loan in the best possible manner."

## Yale Corporation Gives Professors Big Salary Boosts

NEW HAVEN, Conn., Nov. 19.—Salary increases which will make Yale professors among the highest paid in the United States have been given by Yale Corporation, it was announced tonight. The normal salaries of full time professors, who have had \$4,000, \$4,500 and \$5,000, have been increased to \$5,000, \$5,500 and \$6,000, with the understanding that in a few cases where men are of exceptional ability as teachers and productive scholars, \$5,000 will be paid. The new list is retroactive to July 1.

HURON'S GOOD SHOWING.

CLINTON, Nov. 19.—In raising the fund of almost five million dollars for the Victory Loan in Huron County, every canvassing district won a Prince of Wales flag, and, in addition, the town of Clinton won ten extra crests; Godrich and Henshaw won four extra crests; Morris and Blyth three, and Ashfield, Esbriem and Exeter, Tucker, Bullett, Grey, and Brussels, Turnbury, Howick and Wroter, and the town of Wingham have each won two extra. Stanley and Bayfield, Stephen, Colborne and Senaford Town won one crest each.

## FUEL ADMINISTRATOR PROHIBITS SHIPPING WITHOUT A PERMIT

Takes Further Steps to Safeguard Priority List Consumers.

TORONTO, Nov. 19.—Determined to protect, by all means within his power, those consumers who are on the priority lists in the matter of obtaining bituminous coal, Provincial Fuel Administrator H. A. Harrington tonight took further steps toward this end. In order of the province, with the exception of supplies en route to Manitoba from the head of the lakes, Mr. Harrington issued an order restraining the transportation companies from shipping coal without his permit.

At certain points in Ontario there are quantities of bituminous coal in storage. It is all urgently needed to meet the pressing demands of public utilities, hospitals and essential industries in this province, and it was because he fears attempts might be made to ship some of it to points outside of Ontario that the fuel administrator issued the order.

**MEN CHARGED WITH CRIMINAL ANARCHY. HOPE FOR RELEASE**

NEW YORK, Nov. 19.—Decision was reserved by Supreme Court Justice Delehanty today on the petition for release on habeas corpus proceedings of Benjamin Gitlow, former New York assemblyman, held for the grand jury on charges of criminal anarchy. The defendants were remanded to the tombs prison.

**HERMAN BROUWER SPEAKS ON VOICE DEVELOPMENT**

A most interesting lecture on "Preliminary Steps in Voice Culture" was given by Herman Brouwer on Wednesday evening at the Conservatory of Music before a large audience. The lecture was made more interesting by a number of excellent illustrations Mr. Brouwer used.

Mr. Brouwer said that the age a lady should commence to cultivate her voice was when she was between 17 and 19 years, and a lady should commence when she is 19 or 20 years of age. He stated particularly that these were the ages for the cultivation of the voice. The training of the voice, he said, could begin as soon as the child could read the musical scale.

No pupils should take lessons from teachers who cannot sing themselves. Teachers who predict that you will sing grand opera in a short time are not reliable. It is of the greatest importance that the teacher be a good one, able to sing and a good musician. Next Wednesday evening, Mr. Brouwer will give another lecture on a similar subject in Conservatory Hall.

**THE SUGAR-PLUM TREE.**  
No writers have ever sensed the subtle thoughts of childhood better than Eugene Field. The Sugar-Plum Tree, and Winkles, Blinkles and Nod, are two well-known selections issued for educational work, and are told by a real child for children. You will be pleased to add these to your repertoire. As with all Victor records these are obtainable in the Victrola Parlors of Ye Olde Firm of Heintzman & Co., Limited.

**THIRD FIRE IN FEW MONTHS.**  
For the third time in as many months, the fire department made a run to the Ontario Spring Bed and Mattress Company on Wednesday afternoon, about 3:30 o'clock. The damage was slight.

The fire was caused by a spark from the carding machine. The department also had a run to the Lawson & Jones printing plant, Clarence street, at 8 o'clock last night, where a small blaze broke out in the boiler room. It was extinguished by the sprinkler system.

## MADGE KENNEDY IN NEWEST AND GREATEST PHOTO-COMEDY NOW SHOWING AT MAJESTIC

"Strictly Confidential" Is the Film Comedy Adapted From Jerome's Humorous Story—Special Vaudeville Attraction Is Operatic Song Revue by Famous Artists Campenelli and Dua.

Madge Kennedy's latest picture, "Strictly Confidential," at the Majestic today, tomorrow and Saturday, is the film version of Jerome K. Jerome's humorous story, "Fanny and the Servant Problem." The story was first made into a play on the title of "The New Lady Bantock," and in this form entertained thousands of playgoers in England and America. In its latest form, millions will have an opportunity to enjoy the many dilemmas of the young actress in a touring company, who marries an English lord only to find that all her servants are her relatives.

The humor of the situation arises from the fact that each of the relations takes it upon himself or herself to groom the new "lady" in the details of her position. A special dignity seems to judge about the personality of their lady, whoever she may happen to be. And when they discover her to be one of their own flesh and blood, they make her life miserable. So much do they curtail her liberty, that life becomes unbearable, but, as events mount to a conclusion, the new "lady" finds that her "Lord" is a regular fellow, and cares for her only because of herself.

As played by Madge Kennedy and John Bowers, "Strictly Confidential," is a delightful example of fine comedy, so delicately played that every shade of humor in the original story is emphasized with charm and comic suspense. In support of Miss Kennedy, Robert Bolder gives a splendid interpretation of the manager of the traveling theatrical troupe, whose fatherly interest in the young actress leads to some of the inexplicable dilemmas of his ward when she has become a "lady." Again Lydia Yeamans Titus scores in a small part, that of the wife of the butler who terrorizes the household of the castle with his insistence upon the observing of traditional conventions.

Herbert Standing, as the butler, furnishes some of the drierest comedy ever successfully filmed. This type of humor is often very difficult to catch on the screen, but Mr. Standing ably reveals the serious butler whose hidden opinions make him a terror to the household.

**EXTRA ATTRACTIONS.**  
Among the extra attractions on this program will be two big Christmas comedies, "Getting Caesar's Coat" and "He Married His Wife." There will be one of Dillman's most interesting Nature Books, showing the different varieties of great land and water turtles, their existence and many interesting things about them; a Canadian Pictorial News and a splendid new film of scenes from all over Canada and Great Britain.

At the big double matinee on Saturday, Wallace Reid's great picture, "Too Many Millions," will be shown as an extra attraction.

The Majestic has secured a vaudeville attraction for today, tomorrow and Saturday, Giovanna Campenelli and Palmera Dua, two famous operatic singers, in their operatic song revue, "The Forge in the Forest."

**WHO IS THE BETTER WIFE?**  
Of the ten thousand or more wives in the city are the better wife? Is Mrs. Jones a better wife to her husband than you are to yours? What constitutes a better wife? How do you know that you are making your husband a better wife than some other woman in the world have made? You are happy in the love of your husband and if your husband is happy in your love, perhaps you are making him a better wife than you are to him now. The baronet, Sir Richard Beverly, loved his wife and was happy, although his wife was not faithful to him. But that is the story. The story of the splendid Clara Kimball Young picture, "The Better Wife," which is shown at the Majestic Monday, Tuesday and Wednesday, with a wonderful cast supporting the famous beautiful star, including Nigel Barrie, Lillian Walker, Kathlyn Williams and Irving Cummings.

Scene from Madge Kennedy's photocomedy, "Strictly Confidential," showing at the Majestic today, Friday and Saturday. It is the story of a saucy subterfuge and seventeen saucy servants. It is a film of laughs from start to finish.

**FAMOUS JAP ACTOR IN PHOTOPLAY NOW AT THE PATRICIA**

Helen Jerome Eddy and Pauline Curley, who have prominent roles in "The Man Beneath," Sessue Hayakawa's latest Haworth production, showing at the Patricia Theatre today, Friday and Saturday, will be remembered for their excellent work in "The Turn in the Road."

Miss Eddy plays opposite Hayakawa, portraying Kate Erskine, the Scotch girl, whose love for an alien and the realization of the ban of blood that stands between her happiness and that of her lover, furnishes her a role of intense dramatic and pathetic appeal. Miss Curley, one of the loveliest girls on the screen, makes a charming picture as Mary Erskine, the somewhat spoiled younger sister.

Jack Gilbert, in the leading juvenile role, Wedgewood Nowell and Fontaine LaRue as the blackhead spies, and Fannie Midgley, complete a notable cast.

The production was made under the direction of William Worthington, who was responsible for "His Debt," "The Courageous Coward," "A Heart in Pawn," and other Hayakawa successes. The vaudeville feature will be "Fusso, Teis and Russo," novelty dancers. Harold Lloyd in the first of his new million-dollar comedies, has been secured for showing at the Patricia today, Friday and Saturday. The picture is an entitled "Bumping Into Broadway." A Mutt and Jeff cartoon will complete the program.

Wallace Reid, in "Too Many Millions," a special attraction on the double matinee bill at the Majestic on Saturday afternoon only.

## LABOR MEN FAVOR MEMORIAL HALL FOR LONDON'S SOLDIERS

Scheme Indorsed Unanimously at Meeting Held Last Night.

Indorsation of the scheme to erect a soldiers' memorial hall, was given by the Trades and Labor Council at its meeting on Wednesday night. It was thought that labor should stand behind the proposition, as many of the men who would benefit were labor men.

Approval of the plan of the social service council to build playgrounds in the city was given. Rev. J. G. Stewart, Secretary McCauliffe and Mr. Rowntree composed the deputation that waited on the council. It was pointed out that the scheme would involve the expenditure of one-half of one mill of the tax rate.

Miss Harrison of the Toronto garment-makers appealed on behalf of the clothing workers who are on strike in Toronto. A local firm was said to be affiliated with the establishment in Toronto from which the workers walked out. The council decided to do nothing, inasmuch as the custom tailors and garment makers of the city were not on strike.

A request was sent to the council asking that it send two delegates to the fair price committee. This representation was thought to be inadequate and so the council refused.

## Correction in Price For Cleveland Automobiles

Unfortunately the advertising plate that was published in The Advertiser on Wednesday appeared without making the changes in the American prices to the Canadian prices, and although a full page announcement appeared in the issue of The Advertiser of Wednesday, November 12, quoting the correct prices, this advertising plate was inserted without making alterations to Canadian prices.

The touring car for five passengers is sold at \$2,185 in Canada and the roadster for three passengers is sold at \$2,135 in Canada also. The agents for the Cleveland Motor Sales Company, 619 Dundas street, London, and those who make inquiries in regard to any of these makes of machines will understand that the published price on Wednesday was for the sale of the automobile in the United States and not in Canada.

Geddes to William Gale, son of Mr. and Mrs. George Gale of Falkirk. The ceremony was witnessed by Ernest and Miss Annie Ads. Gale, brother and sister of the groom. On their return they will reside in town.
