Opposed to Church Union Form Association

Notwithstanding the inclemency of the weather on Thursday evening the meeting held in St. James' Hall, Newcastle, in the interest of the "preservation and continuation of the Presbyterian Church in Canada" was well attended.

The meeting was arranged by Rev. F.G. McIntosh of New Glasgow, organizer of the Presbyterian Church Association of the Maritime Provinces, and many representative Presbyterians of this district were in attendance. Rev. Mr. McIntosh was Chairman of the meeting and after devotional exercises introduced the speakers of the evening, Judge Crocket of the Supreme Court and Rev. George Duncan, D.D., minister of St. Andrew and St. Paul's Church, Montreal, Que.

Judge Crocket was the first speaker and being a gentleman of outstanding ability in the legal profession, was admirably well qualified to deal with the "Church Union Enabling Bill." This he did conclusively and pointed out to the audience the many defects which the bill contained. He was most outspoken and frank in his remarks and proved his points by quotations from the "bill" and "basis of union." He characterized the bill as "unjust" and stated that he would be very much surprised if any Parliament would ever sanction its passage.

The Judge literally tore the "bill" into shreds and at the termination of his address, had the audience greatly impressed with the able and efficient manner in which he had dealt with the subject. He took "Ralph Connor," Dr. Gandler and other ardent Unionists severely to task for their propaganda and impressed on the audience the necessity of being on the alert and the protection of their own civil and religious rights.

Rev. George Duncan, D.D. followed Judge Crocket and narrated briefly the steps, concerning the union question, leading up to the present crisis. He strongly denounced the attitude of the Presbyterian Unionist ministers and showed the audience the many inconsistent statements which the Unionists were indulging in. Doctor Duncan is the minister of the most influential Presbyterian Church in Canada and has had much to do with the present question of Church Union. He emphatically stated that the Presbyterian Church in Canada would remain, even though reduced in size, and would continue to perform its work in the future as in the past. He made a strong plea for the loyal Presbyterians to organize and to leave nothing undone that would interfere with the continuity of the Presbyterian Church in Canada. Both speakers were in fine fettle and handled their respective phases of the situation in a remarkably intelligent and creditable manner. The audience was keyed up to a high tension and listened most attentively to the addresses. At the conclusion of the meeting a Newcastle branch of the Presbyterian Church Association and a Women's League was formed and officers elected. Many representative Presbyterians have already allied themselves on the side of the anti-union, and they are determined that they will not be coerced from their church, and propose to fight the "bill" to a finish.

Dr. Duncan and Rev. Mr. McIntosh held an anti-unionist meeting in Chatham on Friday evening and will continue to hold meetings and form branches of the Presbyterian Association and Women's League in the Maritime Provinces during the next two weeks.

HARKINS ACADEMY SUCCESSFUL TEA

The afternoon tea given last Thursday from 4:30 to 7 o'clock by the lady teachers of Harkins' Academy from Grade 8 upwards was a decided success in every particular. The tea was held in the Assembly Hall of the Academy, which was nicely arranged for the occasion. Small tables were placed throughout the room, from which the patrons were served by the girl pupils of the different grades. A larger table was presided over by Mesdames James R. Nicholson and Chas. Sargeant, who poured. The tea was well patronized, upwards of 325 attending. During tea hours music was furnished by Mrs. J.H. Barnett and Mrs. S. Codner, who delighted those present with musical numbers on the piano and violin. Mr. D.J. Gulliver, assistant principal, gave several vocal selections which were well rendered and delightfully received. The music added greatly to the pleasure of the guests while partaking of the repast. The service was conducted in a very capable and pleasing manner, speaking highly for the teachers' training and the pupils' aptitude. Those in charge of the afternoon's entertainment and tea are to be congratulated on the great success of their first attempt in an entertainment of this nature. The magnificent sum of \$75 was realized which will be utilized for the purchasing of needed school supplies and the general public will await with anticipated pleasure, for a repetition of Thursday afternoon's delightful tea.

SING-SONG IN THE PUBLIC SCHOOLS

There are varied opinions regarding the value of teaching singing in the public schools. Some members of School Trustee Boards feel that it is a waste of time and money, under the present circumstances, because so little time can be given to the subject, that it is impossible for the pupils to make any headway. On the other hand there are other members of School Trustee Boards, who feel that even half an hour a week devoted to the teaching of singing is a good thing for the children.

According to all accounts, it seems as if the majority of parents favor the idea of having singing taught in the public schools, and they feel satisfied that good results would accrue therefrom.

Of course, it is no doubt difficult to do much in regard to sight-singing in a brief half hour a week. But, as one person put it, if the children are merely taught to get used to the sound of their own voices, a start in the right direction has been made.

It is interesting to note that many communities, all over Canada are awakening to the importance of teaching the young folks how to sing. St. John has engaged a music teacher at a salary of \$1250 a year to teach singing in the city schools.

The greatest need of public school music in Canada, says one writer, is a closer contact with real music. Today, there is too much talking about music, and not enough music first hand. The teacher who spends four-fifths of the music period teaching scales, building, names of keys and other technical problems instead of teaching children to sing beautiful songs that will result in creating a lasting eagerness for more singing has lost sight of her objective. If a half hour a day were given to music, more time might be allowed for the teacher on music theory; but there must be more music in the few minutes allotted.

A real old-fashioned sing-song bee was listed among the attractions at the Imperial Theatre, Moncton, recently. Familiar words of old songs and choruses were thrown on the screen for the benefit of the audience, who joined in a big sing-song. Why not a sing-song bee in Newcastle?

Longfellow gives us an idea of the far-reaching effect of a song in his poem, "The Arrow and the Song"

I shot an arrow into the air,
It fell to earth, I knew not where;
For so swiftly it flew, the sight
Could not follow it in its flight.

I breathed a song into the air,
It fell to earth, I knew not where;
For who has sight so keen and strong
That it can follow the flight of song?

Long, long afterward, in an oak,
I found the arrow, still unbroke;
And the song, from beginning to end,
I found again in the heart of a friend.

NELSON HAS 3 MILLS OPERATING IN WINTER

The O'Brien saw mill at, Nelson ran for eight months this season, only shutting down on Tuesday. During the winter the planing mill will be run.

Fraser Co's mill will cut laths all winter.

Geo. Burchill & Sons will operate their sash and door factory all winter.

YOU CAN'T GET AWAY FROM THEM

A young man was heard saying to a companion, as they came out of the "Gaiety" last evening: "Well I see they had wild women in Rob Roy's time, too."

BONAR LAW'S WILL SIMPLE DOCUMENT

The will of the late Andrew Bonar Law is a characteristically simple document written in the former premier's own handwriting on a single piece of colonial office note paper. The document is dated August 1, 1916, when Mr. Bona Law was colonial secretary. A codicil was executed in 1922.

According to the Daily Mail, the will has not yet been admitted to probate and the amount of the estate is unknown, but the paper says the executors are Mr. Bonar Law's sister and Lord Beaverbrook. The latter, it is added, is to receive all the former premier's papers.

Horses Turn On The Taps:

Horses that live in spoliae, stables, that eat electrically cut and measured rations that turn on the taps when they want fresh water by pressing their nozzles against a spring—these are the monarchs that do much of the hauling around Moir's factories. The horses are all

jet black beauties. Proud of their occupation. A fleet of white trucks assists them.

Some consider that Indian summer is the period you spend eating tie peach, pineapple and cherry centered chocolates made by Moir's. Perhaps this isn't so but certainly these chocolates contain a great deal of imprisoned sunshine.

Let's away to the nearest candy shop.

A City Without Taxes

Long Beach, in California, is a city without taxes. It has a natural resource of 200 gushing wells that take care of all municipal expense and leaves the expense of the citizens tax-free.

This fact is deemed worthy of special mention by the New York Times, but New York, London and others towns and cities have also a natural resource which they can draw upon for relief of the rates as soon as they have a mind to the taxation of site values.

RED ROSE

For particular people

COFFEE

"How good it smells"—for it is packed fresh roasted, and the doubly sealed can preserves its rare aroma and flavor.

"BUY AT HOME"

The next four weeks will be busy ones for merchants and their customers. With Christmas less than a month away, those who have goods to sell and those who must buy the season's gifts already are beginning their annual rush. For Santa Claus in his great wisdom, never waits until the last week to lay in his stock. He knows that those who buy early buy to the best advantage.

Customers who would get the most for their money should read the messages which the merchants send forth through the columns of the newspapers. In this connection it is permissible for The Advocate to refer particularly to the stores of Newcastle. No more attractive windows, no stocks more complete, no prices more reasonable, no clerks more attentive than one may see during a casual stroll

BEFORE MY BABY CAME

I Was Greatly Benefited by Taking Lydia E. Pinkham's Vegetable Compound

Sydenham, Ont.—"I took your medicine before my baby was born, and it was a great help to me as I was very poorly until I had started to take it. I just felt as though I was tired out all the time and would have weak, faint spells. My nerves would bother me until I could get little rest, night or day. I was told by a friend to take Lydia E. Pinkham's Vegetable Compound, and I only took a few bottles and it helped me wonderfully. I would recommend it to any woman. I am doing what I can to recommend this good medicine. I will lend that little book you sent me to any one I can help. You can with the greatest of pleasure use my name in regard to the Vegetable Compound if it will help others take it."—Mrs. HARVEY MILLIGAN, Sydenham, Ont.

It is remarkable how many cases have been reported similar to this one. Many women are poorly at such times and get into a weakened, run-down condition, when it is essential to the mother, as well as the child, that her strength be kept up.

Lydia E. Pinkham's Vegetable Compound is an excellent tonic for the mother at this time. It is prepared from medicinal roots and herbs, and does not contain any harmful drugs. It may be taken in safety by the nursing mother.

BACK TO HEALTH & HARNESS

No other treatment has done as much for horses and harnessmen. As Kendall's Spavin Cure for more than 40 years

KENDALL'S SPAVIN TREATMENT has been relieving lameness, strains, swellings, sprains in horses and making money for their owners.

Get a bottle today. Four shillings has it. Ask also for the "Treatise on the Horse." It's free. Dr. E. J. Kendall Co., Eastburg Falls, N. U.S.A.

through the business streets of this community. That is saying a great deal, but it is not exaggeration as widely travelled visitors to Newcastle, have recently pointed out. It is well to remind ourselves of this fact occasionally, because it is well for us to spend our money here rather than in some larger city in the belief that it is necessary to go to larger cities in order to get a wider selection and better bargains.

We have in our own stores all these things, and that being so, we should remember that the less we spend outside the more we benefit Newcastle, and the more we benefit Newcastle, the better we make it for ourselves as individuals. That is not a parochial view; it is a fundamental principle of economics. It is the Newcastle merchant, and the Newcastle consumer, whose taxes keep up our streets and other services, and there really is a moral obligation to buy at home if we can do so as cheaply and with as much satisfaction as we can in some other cities.

A careful reading of the advertisements in The Advocate each week will soon convince one of the fact that our merchants offer bargains comparable to those that can be secured elsewhere. And in this connection it may be pointed out that nothing is gained by leaving Christmas shopping until the last week. In fact, a great deal is gained by not leaving it that late, to say nothing of the consideration one should have for the clerks upon whom the last few days of the Christmas rush imposes so great a burden. Do your Christmas shopping early!

YOUNG PRISONERS BREAK JAIL NIGHT BEFORE SENTENCE

The two youthful emulators of Jesse James, who were confined in the Chatham lock-up for the past week waiting sentence, took things into their own hands Monday night and decided to have a taste of freedom. In some unknown manner they sprung the locks on their cells and succeeded in getting out into the corridor of the local jail.

A fire was burning there in a stove and they took the poker, heating it red hot, and burned a series of holes around the spring lock which stood between them and freedom. This they forced in some clever way, probably using the poker through the holes they burped, and they had simply to walk out to freedom.

They enjoyed themselves for a time and then Walter Coughlan returned of his own volition Harold Cunningham, however, stayed out until he was brought back by the police.

The two were up before Magistrate Gaynor Tuesday morning and received sentence. Coughlan, three years and Cunningham two years in the Reformatory.

PRaises RUTH

John McGraw says that if Babe Ruth was a member of the Phillies, he would make close to 75 home runs in a season with a short right field fence to shoot at.

Vote on Church Union

The result of the vote taken on Church Union in the First Presbyterian Church (West Kirk) St. John, West Side, was as follows: Four for Union and 105 against.

M. A. E. A. HAVE SMALL MARGIN ON YEAR'S OPERATION

The annual meeting of the stockholders of the M.A.E. Association was held Tuesday afternoon in the Canada House, Chatham, with a good attendance of members. The annual statement was given and also a statement for the exhibition, showing that the year ended with a small margin over expenditures.

The stockholders were well satisfied with this and passed a resolution commending the executive committee, Messrs. Geo. Watt, S.D. Heckbert and A. D. Dickson, for their good work.

W.B. Snowball was elected chairman of the meeting and there was some discussion relative to having an exhibition next year and then every two years after that.

Many Autos In Operation

Washington, Nov. 21—By January 1 the world will have in operation 17,000,000 automobiles, passenger cars and trucks according to an estimate today by M.H. Hoehli, chief of the automotive division of the Commerce Chamber. Of that total he said 14,000,000 will be running in the United States or about one to every eight persons whereas in the rest of the world the proportion will be one to every 112 persons. The number of cars in operation is expected to show on January 1 an increase of 17 per cent over the same date a year ago.

HURTS BATTING

Harry Hooper says that playing sun fields has a serious effect on a player's batting average. He insists that constantly looking into the glare of the sun cuts down his average at least 25 points every year.

Eczema Covered Arms of This Healthy Child

Mrs. Alex. Marshall, Sprucedale, Ont., writes:—

"When my little son was three months old he broke out in sores on his chest and arms. We did all we could to heal those terrible sores, but nothing did him much good. Finally I ventured on a box of Dr. Chase's Ointment and kept on using it. At last we were rewarded by the steady healing of the sores, and finally he was completely relieved of them. He is now three years old, and has had no return of the trouble since."

Baby Marshall.

Quebec to Repeat Carnival Success

1. The Guns which once defended the citadel now accommodate the small revellers. 2 and 3 are Ski-ing scenes. 3. These are out for a "bouncing" good time. 4. Skating in the Exhibition Grounds is also the order of the day. 5. "Nogik" was born this year to the Chateau Frontenac dog team and he will probably figure largely in the dog race featuring the Winter Sports Program.

QUEBEC is again to have a real, live carnival that shall be truly representative of the wonderful sporting attractions of the ancient Capital. The success of the dog races held in Quebec last year has encouraged the organizers to sponsor a very much bigger program for this year, and a comprehensive series of sporting events will be held on February 21, 22, and 23, in which all the sports for which Quebec is so naturally adapted will be represented, and culminating in a grand masquerade ball at the Chateau Frontenac. In addition to the international races for the Eastern Dog Sled Derby Trophy, there will be events in snow-shoeing, skiing, ice racing, curling and skating. The whole of these events will take place within the Exhibition Grounds, and it is proposed to once again give Quebec an ice palace.

The people of Quebec take, and naturally, a great pride in their wonderful old city, and the ancient capital is not so large that its people cannot get together on occasion to fete en masse. A carnival in Quebec is not to be forgotten, for the whole populace absorbs the spirit of the season, drawing its visitors into the gay vortex, so that even the walls which rang to laughter centuries ago lose their aged atmosphere, and lend themselves to the fete.

By reason of its even and exhilarating climate, its accessibility and natural and artificial opportunities for sport, Quebec is the home of the winter sports for the continent. Each wintry season, more people are attracted to it, and for long periods it becomes the social centre, as well as the sporting centre of North America. Practically everything that is carried on is on an open scale—Quebec is the soul of hospitality. A hundred rinks invite you to skate, as far as you can see, fir-clad hills invite you to ski through their myriad glorious glades, of toboggan slides there are not a few, and there are many excursions which simply must be made on snow-shoes. As for evening entertainment, the ball room of the Chateau Frontenac is the scene of a dance nightly. There are moonlight excursions, events on all illuminated rinks, music, song and dance,—a thousand things to do.

"Recipes for Home Made Bread"

A product of The Quaker Mills, Peterborough and Saskatoon

The expert baker at the Quaker Mills has collected a number of original recipes for home made bread. They are the recipes of successful home bakers. Every one has been tested and proven in our own bake shop. By using them you can make baking a real pleasure and can be assured of getting good results every time.

We will gladly send the recipes to you, free. Write for them to-day and see for yourself how easy it is to make your own bread.

Try a sack of Quaker Flour. If it does not give you absolute satisfaction, your dealer will refund you your money.

NEXT MEETING OF THE GOVERNMENT

The provincial government's next monthly meeting will probably open in Fredericton about Dec. 12. The meeting will be preceded by a session of the executive at Moncton to hear some delegations and will be delayed until the second week of the month because of other events which will be engaging the time of members of the government.

TAKE IT FROM ME

The less you listen, the less you learn.

Laughter—not sighs—scars troubles away.

The loudest barkers are always with the sideshow.

When you hear a fellow speaking ill of his former employer you don't have to guess whether he quit or got fired.

It's well to have a good opinion of yourself, but it is not advisable to air that opinion too much—it might make you unpopular.

Nobody expects you to be the man your mother thinks you are, but your employer has a perfect right to expect you to be the man you told him you were.

The fellow that burns midnight oil reading a worth-while book will have a better tomorrow than the young man burning midnight gasoline to a roadhouse party.

A real friend is he who reminds you of your faults, while your one worst enemy is the man who tells you only those things that please, and makes a fool of you.

The first employee the fool killer could brain is the conceited ass who thinks it is his personal popularity that is making it possible for his firm to remain in business.

BRITAIN REDUCING DEBT PRINCIPAL

The British government has completed arrangements for making its second payment on December 15 in compliance with the debt funding agreement entered into with the United States Government. The next payment, which is the second under the agreement, will amount to \$92,000,000 and this entire amount it is understood, will be comprised of Liberty Bonds, which under terms of the agreement, are to be accepted by the United States Government at par value, regardless of the price actually paid by Great Britain. In this way, it is estimated the British Government has effected a saving of more than \$1,500,000, and less than \$2,000,000.

The December payment will mark the first time that the British government will have actually eaten into the principal amount of \$4,600,000,000 due the United States Treasury since the agreement was entered. On March 15 last there were some smaller payments made which reduced the debt total to even money, this process having been in the interest of simplifying terms of the huge obligation, and were described at the time as lopping off the odd fraction. The payment at that time amounted to \$4,128,085.

To prepare for the December payment and for others to come the British Government is now paying at the rate of \$500,000 daily. This heavy operation has resulted with other factors in causing a recent steady decline in the price of the pound sterling, which went to the lowest level reached since March 17, 1922.

TO TOUR AFRICA ON CASTOR OIL

A French automobile manufacturer says L'Auto is organizing a 6,000 mile tour of Africa by motor cars equipped with caterpillar treads and semi-diesel engines which are independent of gasoline.

One of the conditions of the trip is that the drivers use only the fuels available in the country through which they are passing, namely palm oil, cottonseed oil, and even castor oil.

2 Deer Killed By Single Bullet

Ottawa, Nov. 26—A record for deer hunting that would be hard to equal was made by William Scollan of Richmond. Mr. Scollan reports that while waiting among the branches of a tree he suddenly spied two deer running through the undergrowth nearby. He fired at the nearest and through an odd streak of luck the bullet passed through the first animal and struck its mate. Both deer were killed with a single shot.

Five deer, each weighing from 100 to 200 pounds adorned an automobile parked in front of a local cafe today. They were bagged by two Ottawa hunters at Darling

PRESBYTERIANS!

DO YOU KNOW THE FULL MEANING OF THE PROPOSED BILL FOR CHURCH UNION?

The four main provisions of the Bill are plain & simple. They are as follows:

- (1) It would create a new corporate body, to be called the United Church of Canada.
- (2) It would merge in this corporate body the entire Presbyterian Church in Canada—its name, its ministers, its members and its property.
- (3) It would provide that, within six months, a congregation may vote itself out of this new corporate body.
- (4) It would provide a commission to decide as to the equities of congregations voting themselves out in the general property and funds of the Presbyterian Church.

WHAT THE BILL MEANS:

- (a) If this bill becomes law, then the Presbyterian Church in Canada passes out of existence her very name is abolished. Canada would be the only civilized country in the world in which there is no Presbyterian Church.
- (b) All the ministers and members, all the property and funds of the Presbyterian Church would by law, become the property and form part of the United Church.
- (c) This would mean coercion, for, many ministers and members of the Presbyterian Church would be compelled by law to become members, and become subject to the discipline of an organization in which they do not desire to join.
- (d) A congregation must vote itself out within six months or ever after remain part of the United Church. If a congregation does vote itself out—it is out in the cold with a vengeance, for there will be no Presbyterian Church in Canada with which to unite.
- (e) Should a bare majority of a congregation at a meeting held within six months, decide to remain in the United Church they would keep the whole of the property and funds of the Congregation. Thus, if a congregation of 401 members voted as follows: 201 to stay in and 200 to withdraw, the 200 would have no claim whatever either on the congregational property or on the general property of the Church. That is: a bare majority of one at a meeting, where many through sickness and such like causes cannot attend, may create this crisis and perpetrate this injustice from which there will be no appeal.
- (f) This Bill, if it becomes law, will certainly create a serious disruption in the Presbyterian Church in Canada, for there is a very large body of solid, Presbyterian people who will absolutely refuse to be incorporated by law, against their will, into any Non-Presbyterian organization.

These are the outstanding features of this Bill, and they show that Union, at this time, is out of the question. If Union can only be accomplished upon the terms of this Bill, then surely every true loyal Presbyterian must conclude that Union should not now be consummated.

EDITORS MAIL

We are not responsible for opinions expressed by writers under this heading. Correspondents would oblige by writing legibly, and on one side of the paper only, name and address (not necessarily for publication) must always be sent. Correspondence should be as concise as possible.

To the Editor of the Advocate, Newcastle, N. B.
Dear Sir,

As a native of Newcastle and a weekly reader of your paper, would you kindly allow me space in your columns for a few observations on the question of Church Union.

While resident in Newcastle, a number of years ago, I attended St. James Presbyterian Church, as an adherent. My parents were Presbyterian and the family was instructed and brought up in that faith. Nevertheless, I also attended worship in the Baptist, Anglican and Methodist Churches and oftentimes attended the meetings in the Salvation Army Barracks. I enjoyed and prospered by every service I attended, but nevertheless, my leanings, naturally were towards the church of my parents.

Since leaving my native home, I have often pondered on the days gone by and many times have I looked back and considered the devotion of the people, in my day, to their own respective church. All churches in those days were in perfect harmony with each other, and all doing their share in spreading the gospel, in their own way and through their own church.

Now comes along this idea of Church Union and I cannot but feel, that it will act the same as hard steel thrown into the gear of a piece of machinery. I remember well how the people at home, no matter of what denomination were attached to their own individual church and I have been thinking that it will be a most difficult matter for them to forego such attachments and become members of a new church.

should not be consummated There is the danger, and it is a grave one, that the work of the church will be retarded if union is carried out.

At present each church is performing its own work with good results, but join them and there is the great possibility of friction and other influences, which will inevitably result in less good work being done than is at present performed. While mentioning friction and other influences, which are likely to retard the work of the United Church, I am fully aware that there should be no place in any church for such things, but we are at best only "poor human beings", and knowing something of the frailties of our race, if people, who have been devotees all their lives and their forefathers before them, of this or that church, are to be joined together in one organization it is an impossibility to keep friction, etc., from entering into the federation.

It is much preferable to remain as at present, each denomination living in harmony with the other and each doing their share of God's work, than to set up one church and have its members and adherents at enmity one with the other and in consequence allow God's work to go undone. The matter of a monetary saving in the upkeep of the churches should be, if it is not, a secondary consideration in this vital question, and I am sure that the good people of Newcastle will not experience any difficulty along these lines. In the past, two churches, Methodist and Presbyterian have been maintained and I know no good reason why they should not be continued.

There will still be a Presbyterian Church of Canada from coast to coast, even if the United Church Bill is enacted, (but I very much doubt if it ever will be passed) and if there are some, who wish to join the United Church, they are at perfect liberty to do so, but those who do not wish to leave their Church have also the right to remain as they are. Why form another church when there is no necessity? From the feelings of the people in this section of the west, I fear this movement is fraught with a danger, particularly its own—a feeling among laymen that the pews are being driven by the pulpit.

I expect some day to return to Newcastle for a visit and would keenly regret if I were unable to attend the "Kirk" and take part in a good old-fashioned Presbyterian service. I do hope I will not be disappointed, but the congregation of St. James' should not lose sight of the fact that the matter rests entirely with themselves and they should be on the

alert.
Thanking you in advance for the courtesy of space, I am
Respectfully yours,

A ONE TIME ADHERENT OF
ST. JAMES CHURCH,
NEWCASTLE, N.B.

Winnipeg, Manitoba, Nov. 23, 1923.
East Millinocket, Me.,
Nov. 21st, 1923.

Editor of Union Advocate,
Newcastle, New Brunswick.

Dear Sir:
I wish to dispute the decision of the judges in the recent contest relative to naming of the picture in so called A.D. Farrah & Co. advertisement.

I cannot understand why it is that a picture of lumbermen (or we will call them lumber jacks, and by the way the writer used to be one of them a few years ago) should be called "If what you want and your dough won't meet, then steer for Farrah's on Mitchell street."

We will assume that you and I were looking at a bunch of pictures and we came to a picture of this kind and underneath we read as above, would we not come to the conclusion that it was simply an advertisement for a certain firm and not really a name or at least a title for the picture?

I think the first and second titles were very, very good and also the one "Lumber Camp Debate" but the third and fourth Well I simply cannot see it, that's all, and I would like to hear from some of the other readers of the Advocate as to what they think about this.

In conclusion I wish to say that I am personally a great believer in advertising. Advertising in your local paper is money that is well spent.

Yours very truly,
WALTER BRYNTON

GUARD THE BABY
AGAINST COLDS

To guard the baby against colds nothing can equal Baby's Own Tablets. The Tablets are a mild laxative that will keep the little one's stomach and bowels working regularly. It is a recognized fact that where the stomach and bowels are in good order that colds will not exist; that the health of the little one will be good and that he will thrive and be happy. The Tablets are sold by medicine dealers or by mail at 25 cts a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Whopping Cough
Stopped By Vicks

Toronto Mother Says New Vaporizing Salve "Worked Wonders."

The quick direct treatment for colds of children and grown-ups, too, is an application of Vicks over throat and chest at bed time.

Not only is Vicks absorbent through the skin, but its healing vapors of Camphor, Menthol Eucalyptus, Turpentine, etc., are breathed all night directly into the affected air passages.

Relief usually comes by morning. Just as good too, for cuts, bruises, burns and itching skin troubles.

Mrs. William Morrison of 114 Sheridan Avenue, Toronto, says: "Last fall our baby had whopping cough so bad that we were afraid of losing her. I heard about Vicks VapoRub from my neighbors and decided to try it. Every morning and night I applied it as directed, and it worked wonders. I seemed to break up the cough and ease her, especially through the night when she was most troublesome. I have also used Vicks for colds with good results and would not be without it. At all drug stores, 50c a jar. For free test size package write Vicks Chemical Co., 344 St. Paul St., W. Montreal, P.Q.

Although Vicks is new in Canada it has a remarkable sale in the States. Over 17 million jars used yearly.

GOOD ENOUGH
Grocers are accustomed to answering penetrating questions about the merits of their wares. Perkins of Perkinsville was no exception to this rule.
"Are they really fresh?" demanded a woman customer who came to buy eggs.
"They certainly are," replied Perkins.
"You're sure of that? Because I'm so frightened of bad eggs. I must have them really fresh."
"Boy" called out the grocer to his assistant, "Just run to the back room and see if this morning's eggs are cool enough yet to sell."

Mitchell's Meat Market

The Place Where Good Things are Cheap--and Cheap Things are Good

PERSONALS

Mrs. R.W. Crocker is a patient in the Miramichi Hospital.

Mr. O.N. Brown left Thursday for Montreal, Que.

Mr. W.H. Davidson was a visitor to St. John last week.

Mrs. A.B. Copp of Sackville, N. B. is the guest of her sister, Mrs. T.G. Stohart.

Miss Amy M. Russell left Tuesday for a visit to New England cities.

Chas. D. Dickison spent last week in Chatham at MacKenzie's Drug store.

Mrs. Fred Gough and daughter Marion returned Sunday from a pleasant visit to Ottawa, Ont.

Mr. Lister is in town this week organizing bodies of Boy Scouts and Girl Guides in the several churches.

Mr. Randolph Crocker, District Superintendent of Fisheries, was in Moncton last week and was registered at the Brunswick.

Mrs. Wm. Corbett who entered the Miramichi Hospital on Thursday and was operated on for appendicitis on Friday is improving satisfactorily.

Miss Bessie Dick who spent the summer with her sister Mrs. Thos. Jeffry has returned to Boston.

Rev. F.G. McIntosh of New Glasgow, Rev. George Duncan, D.D., Montreal, Que. and Judge Crocket of Fredericton were at the Hotel Miramichi on Thursday and Friday.

Friends of Mr. W.J. McCormack who some time ago was severely injured in a fall, and has since been a patient in the Miramichi Hospital, will be pleased to hear that he has returned to his home and is able to move about the house.

Willis Petrie, of the local branch of the Bank of Nova Scotia, has been transferred to Toronto, and left Wednesday to assume his new duties. Mr. Petrie was very popular and was secretary of the local Tennis Club. His departure will be much regretted.

The many friends of Mrs. Wm. McGrath will regret to hear that she painfully injured her foot yesterday morning while attending to her household duties. Dr. It was summoned and the injured member attended to. Fortunately no bones were fractured but the injury is most painful.

Friends of Mrs. Elden Delano of Douglastown will regret to hear of the death, in Toronto, of her mother Mrs. Jane Brooks, where she was removed five weeks ago for treatment. The remains were brought here on today's Limited. Mrs. Brooks' husband predeceased her by only nine months.

LORD ROBT. CECIL TO THE RESCUE

Supports Protection, But is a Free Trader--Progress of Campaign

London, Nov. 20--The Government received valuable support today from Lord Robert Cecil, who in a farewell speech to his constituents at Hitchen, while frankly admitting that he was still a free trader, said that under the present exceptional conditions of unemployment it was unadvisable to reject without consideration any proposal the object of which was to give the Government greater power to negotiate with foreign countries regarding tariff.

"Surely to ignore such a proposal would be pedantry gone mad" he declared. "This is a business proposition and a business proposition is not to be rejected without consideration."

While the question of protection free trade and socialistic confaca-

tion form the biggest issues in the present election every candidate is certain to find himself harassed by a perpetual fire of questions concerning certain interests. The entertainment industry is attempting to attract pledges for the removal of entertainment tax. Whatever the candidates may reply to such attempts it is regarded as extremely unlikely that any Chancellor of the Exchequer will now relinquish this source of revenue. It has the merit of being easily collected and is fairly well distributed over all classes and can hardly be condemned as increasing the cost of life's necessities.

Special workers, who interest themselves in old age pensions will press for a Government pension being granted to everybody at the age of seventy years, irrespective of what other income a person of this age may possess. At the present time old women earning a trifling sum by needlework find themselves docked part of their pension, and the same thing happens if some of the daughters assist in their parents' support. When Lloyd George introduced the Pensions' Bill he stated that the pensions were to be given as a right not as a gift. Many people think the present system makes the department very niggardly.

J.H. Thomas general secretary of the National Union of Railwaymen, who has been a member of the House of Commons since 1910, has announced that the National Union of Railwaymen has decided to give £10,000 from its political fund to the National Labor Party for use in the general election. He adds that what labor lacks in funds will be made up by voluntary work and enthusiasm.

Fine Horses in Photoplay

Two magnificent Bedouin horses, "Black Passion" and "Untamable," are seen in Dorothy Dalton's latest Paramount production, "Dark Secrets." Miss Dalton rides "Untamable" at a fashionable horse show and is thrown, suffering severe spinal injury. The picture, from that point on, shows the remarkable cure of Miss Dalton, as Ruth Rutherford, by an Egyptian doctor, and its resulting tragedy. The story is packed with thrills from start to finish. The picture directed by Victor Fleming, may be seen at the Opera House Theatre Wednesday and Thursday. Robrt Ellis heads the strong supporting cast.

Two Boys Taken To East St. John

Walter Coughlan and Howard Cunningham, two youths who made a sensational escape from the jail at Chatham on Monday, were brought to St. John Wednesday by Police Officer Dickison of that town, and taken to the Boy's Industrial Home at East St. John, where they are to serve sentences for burglaries in Chatham. Coughlan was sentenced to spend three years at the home and Cunningham two years.

ZAM-BUK

Beats Any Embrocation
In Winter Aches & Pains

Try a Box To-Day!

Whilst Zam-Buk has long been recognised as Canada's most popular remedy in skin troubles, how many know how better it is than any poisonous liniment for relieving the sharp twinges of rheumatism, sciatica or lumbago?

Zam-Buk is equally good for aching backs, stiff joints, sore muscles, cold in the head and chest, or sore throat.

Rubbed well into the affected parts, Zam-Buk's powerful pain-soothing essences soak right into the tissues, banishing soreness, congestion and inflammation. Others prefer to treat their colds so: they rub Zam-Buk between the palms of both hands and then inhale the evaporating medicinal balsams. This does the same good in another way.

Also for GOLD SORES
CHAPS, CHILBLAINS &c.

MINARD'S

"KING OF PAIN"
LINIMENT

Extract from a letter of a Canadian soldier in France.

To MRS. R. D. BAMBRICK:
The Rectory, Yarmouth, N.S.

Dear Mother—
I am keeping well, have good food and well protected from the weather, but have some difficulty keeping uninvited guests from visiting me.

Have you any patriotic druggists that would give something for a gift overseas—if so do you know something that is good for everything? I do—OLD MINARD'S Liniment.

Your affectionate son,
Rob.

Manufactured by the
Minard's Liniment Co. Ltd.
Yarmouth, N.S.

LOGGING SEASON ONE OF VERY BEST

One of the best logging seasons on record as far as weather conditions are concerned, is the report from all parts of New Brunswick. November has been a remarkably open month and at a time when snow and cold weather have been usual, there has been no snow, or very little and the weather has been mild.

This combination of circumstances has enabled the lumber operators to log more extensively and economically than other wise they could. As the labor situation has steadily improved as the season advanced conditions are considered good.

From some parts of the lumberwoods the report is that weather could have been colder within the past few weeks without causing any inconvenience as the temperature has been slightly too high to get the best work out of the horses.

At present the lumbermen are wishing for freezing weather in order to make the bottoms and swamps passable for horses. Cold weather is expected in good time however. With the prospect for a large cut of lumber in all sections the excellent opening of the logging season is one of the best things for the province.

SOME PUZZLE

In the State of Washington there is already one divorce to every two marriages, and the divorces are increasing, indicating that presently there will be more divorces than there are marriages, and then the spinsters and bachelors will have to begin getting divorces.

MAGIC BAKING POWDER

Magic Baking Powder is scientifically made and has never failed to give the maximum leavening efficiency. Because of this and the uniformly satisfactory results obtained by its use we recommend it as Canada's perfect baking powder.

THE NEWSPAPER

It is probable that to a greater extent than any of us would care to admit, we give a serious place to the daily or weekly paper which comes to our door. We never cease to berate it, we charge the editors oftentimes with self-interest and the management with political bias, the lack of news is always a cause for complaint; and yet these very papers fill a large place in our daily lives. Some persons in the cities would not enjoy their breakfasts if the morning papers were not beside their plate. When we meet each other in the street and come together in our social gatherings the main topic of conversation is the last cable report in the day's paper. It is the newspaper which keeps us in touch with the four corners of the earth, and the secluded hamlet of a hundred years ago is now related each day to the ends of the world and the ends of the world are informed daily of the course of events in the most remote quarter. The power of the Press has by no means diminished by modern inventions but rather has greatly increased. On the part of editor and management there should be a deepened sense of privilege and obligation. In the present day to look upon a newspaper as one of the channels through which the finest contribution possible may be made to the welfare of the community, and on the part of the reader also certain privileges and obligations should be recognized. Probably the public receive what they demand and if we maintain high tastes and large interests we may do much to lift the press to the highest plane. In any case, the reader may use discrimination and decide between wheat and chaff in the day's news; between political prejudice and sel-

SERIOUS FIRE AT BATHURST

At an early hour Wednesday morning fire was discovered in the drug store of J. Harry Meahau on Water street, Bathurst, and made such rapid headway that the drug store and the restaurant of W.G. Kent, were totally destroyed with their contents, also the office of Fr. W.S. Coffin including his instruments and equipment.

The store of J.P. Whelan also was damaged with a stock of gent's furnishings.

All buildings were one storey frame structures. The locality has suffered from several previous fires, the last occurring about a year ago when Whelan's store and several others were destroyed.

Here and There

Fifty cars of fish were shipped this season from Lesser Slave Lake to various points in Canada and the United States, the majority going to cities in the Eastern States. These shipments were practically all whitefish, the coarser varieties being disposed of in the local markets.

Showing a record increase over the figures of last year, grain loadings in the Western Provinces since the commencement of the crop year, September 1st, aggregated 82,219 cars, representing 136,958,448 bushels, as against 80,828 cars loaded, or 130,287,194 bushels, from September 1st to October 14th, 1922.

That the future prosperity of the Maritime Provinces, as well as the whole of Canada, depended on the routing of Canadian trade over Canadian railways and through Canadian ports, was the view expressed by Dr. Murray McLaren, M.P. for St. John, speaking recently in his constituency.

Tens of thousands of caribou are trekking southwards through Yukon Territory for the winter. Bands of them have passed through the outskirts of Dawson City. For a hundred miles down, bands of caribou can be seen swimming the Yukon River in sometimes surrounding canoes and steamboats as they pass.

Part of the 15,000 feet of moving pictures taken for the Dominion archives by the Arctic expedition in charge of Captain Bernier, which has just returned from the northern regions, are to be shown in Quebec City shortly. They contain interesting incidents of the life of the Eskimo and typical scenes of the Northern land.

Up to the end of June, 1923, according to E. W. Beatty, President of the Canadian Pacific Railway, the Company had disposed of 18,194,737 acres of agricultural lands, for which an average price of \$7.87 per acre was received. During this period the Company had, by direct effort of its own, secured the settlement of over 100,000 farmers in Western Canada.

A splendid hunting year with a late open fall is reported from British Columbia. A world record Eskimo caribou was killed by D. W. Bell, of Williamsport, Pennsylvania. The length of the head was 65 1/2 inches, spread 55 inches and thirty-eight points. A party of three, of Eskimo and all was one, bagged nearly 100 pieces.

A total of 40 round voyages to the port of St. John, New Brunswick, constituting an increase of six over last winter's figures, is announced by the Canadian Pacific in a newly issued schedule of operations for the winter port. The S.S. Montclare will be the first liner to leave St. John after the close of St. Lawrence navigation, sailing for Liverpool on December 7th.

Captain S. Robinson, R.N.R., the hero of the Japanese disaster, who commanded the Empress of Australia when that ship was in Yokohama harbor at the time of the earthquake, has been fittingly honored by the Canadian Pacific Railway. He is to command the company's steamship, the Empress of Canada, when the ship leaves New York, January 30th, on a world cruise.

The most spectacular nugget brought to town in many years arrived in Cobalt, Ont., recently, and the camp's oldtimers gathered round, admiring the huge mass. The nugget weighs approximately 3,200 pounds, is estimated to run fully 75 per cent silver and is worth over \$20,000, according to the estimate of the owner, Angel Clemens, a New Liskeard carpenter.

The Royal Canadian Naval Reserve, of 500 officers and men, is now being organized, and it is expected that selection of officers will be completed early in November. Headquarters will be established at Charlottetown, Halifax, Lunenburg, St. John, Quebec, Vancouver, Prince Rupert and Victoria. Naval training at the naval bases of Esquimaux or Halifax will be given to R.C.N. V.R. ratings during the winter months.

fish interest, or true principle and righteous cause. But the power of the Press was never greater than now

We Want 300 Men

Right now for big paying mechanic
jobs. If you are mechanically inclined
and like working around automobiles and
tractors, don't delay. Never was there
such a demand for trained men. A few
weeks time invested now will give you a
trade that will mean independence for
life. Learn automobile and tractor oper-
ating and repairing, tire vulcanizing,
battery building and oxy-acetylene weld-
ing by the Hemphill practical system.
Free employment service is at your dis-
posal. Free catalogue. Get big pay
and steady work. Do it now. Hemphill
Auto Tractor School, 163 King St.
West, Toronto.

**WHY NOT INSURE
BANK DEPOSITS?**

One of the many suggestions we
have received in connection with the
present banking situation
in Canada comes from a reader who
has long been conversant with a
good deal of the inner history of
finance in this country and who has
made some study of Canadian bank-
ing in laws and practice. The sugges-
tion is that the banks establish an
insurance fund to guarantee deposits
in somewhat the same way that
the note circulation of the banks is
now protected. That is, the banks
be required to deposit with the
Receiver General at Ottawa a small
percentage of their deposits each
year—say one-tenth of one per-
cent—until the insurance fund reach-
ed a certain percentage of the total
deposit—say 10 per cent of the total
in the chartered banks of the
country. In this way the deposits
in our chartered banks would be
protected to the same extent
that the note circulation of the
banks is now protected. This
principle could be applied either

under Government supervision or
inspection or could be carried out
by the banks themselves if Govern-
ment inspection were not adopted.

The note circulation is now protect-
ed and there is undoubtedly a grow-
ing demand that the deposits in our
chartered banks be made more
secure.

Government deposits in the case
of insurance companies have long
been a source of security to the
policyholders in our regularly licens-
ed companies, and the insurance
companies themselves would be the
last to advocate the reestablishment
of the old go-as-you-please policy
that was in vogue years ago and
which led to many losses by those
who were more intent in
lining their own pockets than they
were in serving the public through
the sale of sound insurance.

In the case of the banks the
same policy as that adopted by the
insurance companies could be follow-
ed, that is to say, there could be
deposited with the Finance Depart-
ment at Ottawa interest bearing
securities, such as are now carried
in their vaults, and form part of
their liquid assets. (Saturday Night)

**LIFE BURDENED
BY DYSPEPSIA**

Health and Happiness Came
With "Fruit-a-tives"

Made From Fruit Juices and Tonics
"Fruit-a-tives" the wonderful
medicine made from the juices of
apples, oranges, figs and prunes, is
one of the greatest means of doing
good that this country of ours has
ever known.
"Fruit-a-tives" is bringing health
to hundreds and hundreds of people
who suffer with chronic Constipation,
Biliousness and Dyspepsia.
Mr. Frank Hall of Wyevale, Ont.,
says, "I purchased a box of 'Fruit-
a-tives' and began the treatment. My
condition improved immediately.
The dyspepsia ceased to be the burden
of my life as it had been, and I was
freed of Constipation."
50c. a box, \$5 for \$2.50, trial size 25c.
At dealers or sent by Fruit-a-tives
Limited, Ottawa, Ont.

**Lumber Trade
Is Booming**

Chicago, Nov. 21.—The lumber
trade continues fairly brisk as a
result of the large amount of hand-
to-mouth buying by retail dealers
and factory consumers, says the
American Lumberman. The in-
ventory period is drawing near
and business men generally are
striving to make the best possible
end-of-year showing, and therefore
are restricting purchases.

Lumbermen believe that all buyers
will enter the new year with
very low stocks and will have to
buy heavily immediately after the
inventories and holidays. Mean-
while there is not a great deal of
either hardwoods or softwoods at
the mills. Fundamental conditions
are sound.

**TO BRING SETTLERS
TO THE MARITIMES**

Moncton, Nov. 22.—A meeting of
the executive committee, appointed
by the Maritime Board of Trade to
deal with the colonization and devel-
opment of the Maritime Provinces of
Canada was held here this morning
in the City Hall.

Those present were A. E. Mc-
Mahon, Kentville, president of the
Maritime Board of Trade; F. C.
Gregory, J. Comeau, Halifax; E. K.
Smith, Amherst; E. T. Higgins and
A. A. Pomeroy, Charlottetown; Robert
Innes of Coldbrook; Mr. Read,
Fredericton and H. J. Logan, M. P.
Amherst.

The committee considered the for-
mal application for Dominion Act of
incorporation under the name "Mar-
itime Colonization and Develop-
ment Association," a non-profit
making body with no shares.

The scope of the activities out-
lined in the application per-
mits of the bringing in of settlers,
the assisting and directing of those
already in the provinces, and the
assistance of any other corporation
in bringing settlers to the Mar-
itimes. There are also provisions
for the assisting of those engaged
in agriculture, fishing, min-
ing, lumbering and industrial pur-
suits. This latter provision also
includes the purchase of patent and
their utilization in the development
of these provinces.

If you want
to excel in
bread-making
use
**North West
Flour**
THE BREAD FLOUR

Milled from the finest hard
spring wheat it has the
unrivalled bread-making
qualities which have made

Listen!

Have you heard
about Peps? Peps is a
scientific preparation put
up in pastille form, which
provides an entirely new and effective
treatment for coughs, colds, chest
and throat troubles.

Peps contains certain medicinal in-
gredients, which, when placed upon
the tongue, immediately turn into
vapor, and are breathed down the air
passages to the lungs. On their jour-
ney, they soothe the inflamed and
irritated membranes of the bronchial
tubes, the delicate walls of the air
passages, and finally enter and carry
relief and healing to the lungs.

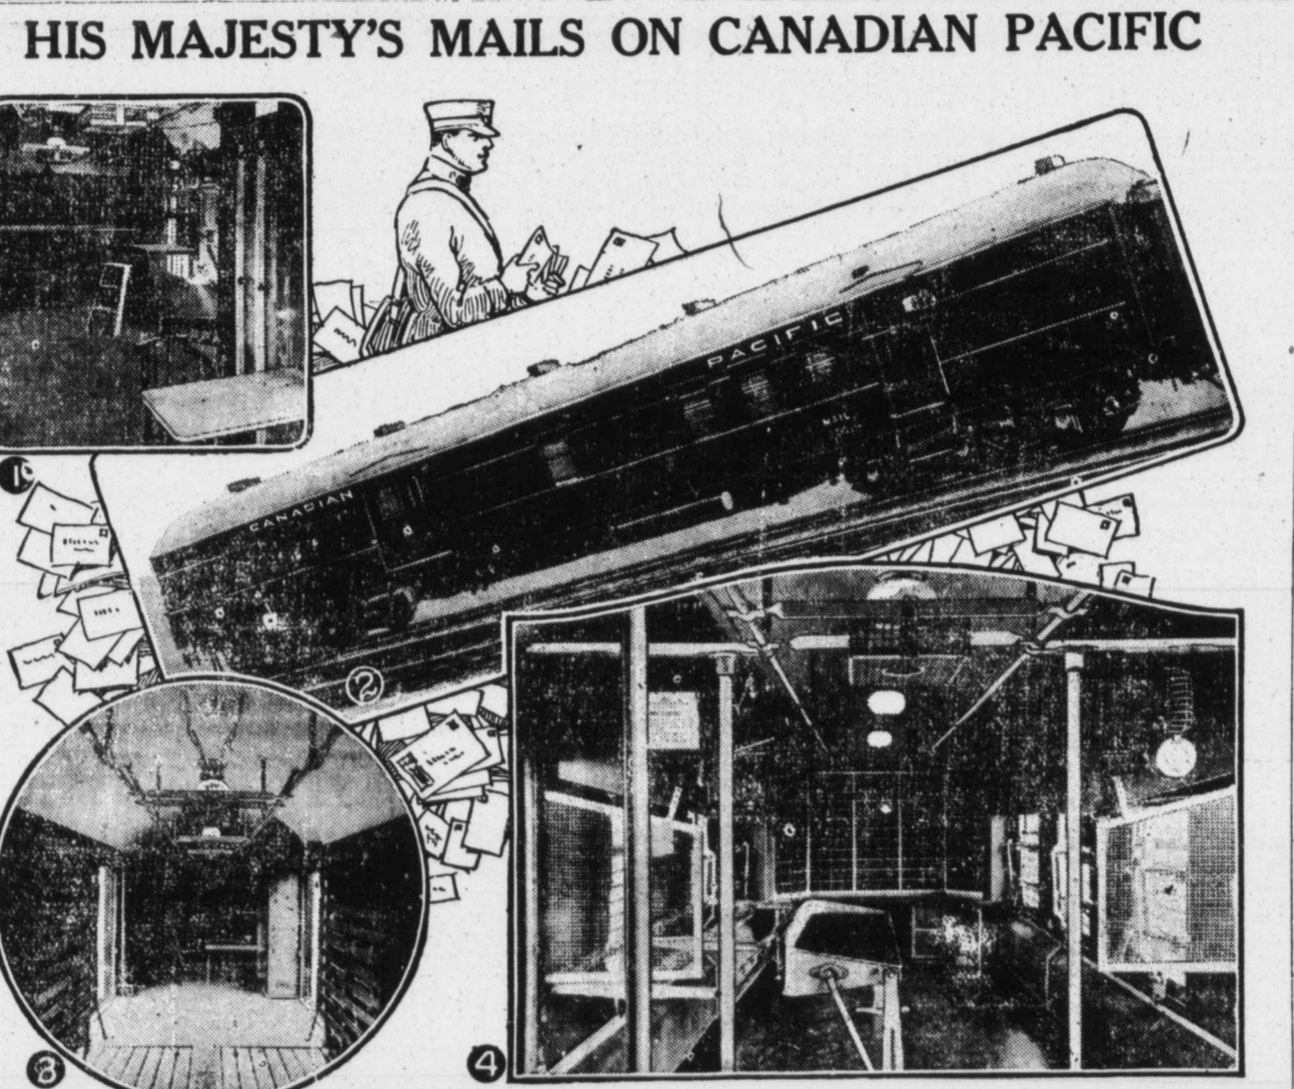

In a word, while no liquid or solid
can get to the lungs and air passages,
these Peps fumes get there direct,
and at once commence healing.

FREE TRIAL Cut out this
article, write
across it the name and date of this
paper, and mail it (with 1c. stamp to
pay return postage) to Peps Co.,
Toronto. A free trial packet will
then be sent you. All druggists and
stores sell Peps, 50c. box.

HIS MAJESTY'S MAILS ON CANADIAN PACIFIC

1.—A comfortable corner of the Baggage Car.
2.—Exterior of one of the new Canadian Pacific Mail and Baggage Cars.
3.—Another view of the Baggage Car.
4.—This is where the mails are sorted.

Almost every day we rely upon His Majesty's Postal service for the
delivery at certain hours of letters and parcels which are of value
and which would lose their value were they delivered tardily. Seldom
have we cause to complain of the service rendered in exchange for our
cents and we have come to expect the efficient regularity of that service
regardless of the natural or economic disturbances which affect other
services. The letter was stamped and placed in the postal box. It must be
delivered, and with dispatch, rain or shine.

Due to the increasing use of His Majesty's Mails, the Canadian Pacific
Railway has found it necessary to add to its rolling stock, twelve new Mail
and Baggage coaches. These, being up-to-date in every respect, provide
every facility for the handling of the mail, and a number of conveniences for
the clerks which the older type of cars could not boast of. The "All Steel"
cars are some of the finest used by Postal authorities in the world, and the
Company is to be congratulated, in that providing every facility for the
quick handling of postal matter, it has kept an eye to the comfort of the
clerks.

The forward end of the travelling Post Office, for such it is, is used
mainly for storage purposes. On one side, movable iron stanchions separate
the bags destined for the various towns en route, and on the other is the gas
stove, for cooking purposes, ice water tank, lavatory, wash basin, and
clothes cupboard—innovations which are greatly commended by the clerks.

The rear end of the mail compartment is the business end. A long
reversible table, running lengthwise, allows the clerk to face either side of
the car in order to sort his parcels into the bags which are supported by
folding racks, and into the boxes conveniently arranged above the bags for
the accommodation of newspapers, and which can be quickly emptied by
the simple expedient of raising the front. At the rear end is a table, the full

width of the car, and behind this are the hundreds of pigeon holes into which
the clerk must distribute the letters for the various towns, quickly, almost
automatically. At his feet as he stands at his table, the clerk has a tray into
which the letters posted when the train is at a station, drop. These letters he
stamps and distributes with those put on the train at the terminal. Cord with
which to tie the letters into bundles is conveniently at hand, and if some of
the bundles contain registered mail they are placed into the pigeon holes
at one side, over which a wire grating is fitted and locked. Everything is
scrupulously clean.

The baggage and express end of the coaches is also the last word in car
construction. As with the mail section, the doors open in the centre of the
compartment, one half of which has a solid floor, the other half being fitted
with fish racks. In addition to the conveniences afforded the mail clerks,
the baggage men have a folding table which fits tightly against the wall
when not in use, and which may be utilized as a dining table and—but not
there is too much business to talk of cards.

The twelve new cars were designed by C. H. Temple, Chief of Motive
Power and Rolling Stock, Canadian Pacific Railway, and were constructed
by the Canada Car and Foundry Company, Ltd., Montreal. They are
designed to carry 30 tons of express matter and 10 tons of mail, a total of
40 tons; compared with 30 tons, the capacity of the old type of coach. The
Company has adhered to the six wheel truck, but heavier journals have
been provided, 6 1/2 by 10 in place of the 5 by 9 inches. Another feature
of the new coaches is the diaphragm ends. This eliminates the danger of
people "riding blind".

Until more are constructed, the new coaches will operate between
Montreal and Toronto, Montreal and Sault Ste. Marie, Toronto and St.
John, N.B., and Winnipeg, and Edmonton on Canadian Pacific lines.

MIRAMICHI LUMBER CO. CUT

Mr. J.W. Brankley of the Miramichi Lumber Co. says that his company's cut this year would be small, not exceeding 15 or 16 million feet. Last year the company cut about 20 million, but about one half the cut was being carried over.

ENJOYABLE DANCE

The young folks of Newcastle were given an opportunity last Friday evening in the Town Hall to dance to music supplied by the Rainbow Five, consisting of piano, violin, saxophone, banjo and drums. A large number of enthusiasts were present who thoroughly enjoyed the evening.

There was some discussion at the Circle this week about winter trips to the Mediterranean. The wife of the new Bank Manager said that if she once started she would like to go as far east as Luxor on the Nile. She thought that if this place were only half as interesting as LUXOR ORIENTAL COFFEE is satisfying, it would surely be worth a visit.

VARIETY SHOWER

On Wednesday evening, 21st inst. a number of the young friends of Mr. and Mrs. Claude Jardine gathered at their home to give them a variety shower, on the fifth anniversary of their marriage. The evening was spent most enjoyably in dancing, music and games. A dainty luncheon was served and Mr. and Mrs. Jardine had the good wishes of their many friends bestowed on them for a continued happy life.

BIRTHDAY PRESENTATION

On the occasion of his birthday Thursday evening, some twenty five or thirty of his young friends called on Frank McMichael, son of Despatcher and Mrs. J.F.R. MacMichael of 50 Brydges Street, Moncton and gave him a surprise party. During the evening he was presented with a felicitous address, read by Miss Mary Dykeman, and a handsome and valuable smoking set, presented by Fred Hicks. The evening was spent in games, music and dancing, a dainty lunch being served by the young ladies of the party shortly after midnight.

A BENEFIT SALE

Mitchell's Meat Market is putting on a Benefit Sale at their store from Nov. 29th, to Dec. 3rd inclusive. On page 5 of this issue will be found their advertisement by which the buying public will be profited if they read and purchase their wares during the days of the sale. The out-of-town people may have the benefit of the prices for this sale until December 8th. The goods are of the very best and prices are lower than you have been able to purchase at for some time. The prices quoted are for cash only and the store will be open evenings during the sale.

ACKNOWLEDGMENT

Mrs. Edward Johnston, Red Bank wishes to acknowledge with thanks the receipt of a cheque from Messrs. A.D. Farrah & Co. for \$5.00 being third prize for Title Contest.

A well known grocer was recently asked why it was that he sold so much of MORSE'S SELECTED ORANGE PEKOE Tea.

His answer was that he had a lot of cranks for customers and they wouldn't take anything else.

CARD OF THANKS

The teachers of Harkins Academy wish to thank all those who helped in any way to make the tea on last Thursday afternoon such a success. The net receipts were in the vicinity of \$75.

END OF THE SEASON

Friday of this week is the end of this year's big game hunting season. Some good heads have been taken out of the woods but this circle is small compared with former years.

SUPPER AND SALE

Watch next week's Advocate for particulars of the Supper and Sale under the auspices of the C.W.L. in the Assembly Hall of the new school on Tuesday, December, 11th.

CAUSE OF BACKACHES

Every muscle in the body needs a supply of rich, red, blood in proportion to the work it does. The muscles of the back are under a heavy strain and have but little rest. When the blood is thin they lack nourishment and rebel. The result is a sensation of pain in these muscles.

Many people are frightened into believing that backaches are due to kidney trouble, but the best medical authorities agree that backache is very seldom due to kidney trouble. In fact not more than one backache in a hundred has anything to do with the kidneys. The whole trouble is due to thin or impure blood, and those who are troubled with pains in the back or loins, either frequent or occasional, should look to the condition of the blood. It will be found in most cases that Dr. Williams' Pink Pills by building up the blood and feeding the starved nerves and muscles will banish the pains and make you feel better in every way. How much better it is to try Dr. Williams' Pink Pills for your blood than to give way to unreasonable alarm about your kidneys. If you really suspect your kidneys, any doctor can make a test in ten minutes, that will set your fears at rest, or tell you the worst.

You can get these pills from any dealer in medicine or by mail postpaid, at 50c a box, from the Dr. Williams Medicine Co., Brockville, Ont.

2 Deer Killed By Single Bullet

Ottawa, Nov. 20—A record for deer hunting that would be hard to equal was made by William Scollan of Richmond. Mr. Scollan reports that while waiting among the branches of a tree he suddenly spied two deer running through the undergrowth nearby. He fired at the nearest and through an odd streak of luck the bullet passed through the first animal and struck its mate. Both deer were killed with a single shot.

Five deer, each weighing from 100 to 200 pounds adorned an automobile parked in front of a local cafe today. They were bagged by two Ottawa hunters at Darling

Millerton Lady Kindly Remembered

Miss Ellen Campbell was 87 years old on the 17th inst and some of her friends gave her a birthday party. Those who participated in addition to the Campbell family were: Mr. and Mrs. James Lyon, Mrs. Simpson, Mrs. Weeks, Mr. and Mrs. Jas. Carter, Mr. Ephraim Betts, Mr. John Betts, Mrs. Chas. Peterson, Mrs. Jas. Crocker, Mr. and Mrs. Geo. Ite, and Rev. W. McN. Matthews. A very enjoyable evening was spent in conversation, pleasant anecdotes, and the singing of old and new songs. Mr. Ephraim Betts delighted the gathering with the rendition of several old reels and other selections on the violin, while Miss Jean Campbell presided at the piano. An enjoyable lunch was served by the ladies and the pleasant affair was brought to a close with appropriate remarks by the Rev. W. McN. Matthews and the singing of Auld Laug Syne.

Although Miss Campbell has reached the ripe old age of 87, being born in Bass River, Kent County, in 1836, she is still hale and hearty. She has presided over the household of her nephew, Mr. Wm. H. Campbell, since the death of his wife about sixteen years ago. Her many friends here and in County extend hearty good wishes.

A very enjoyable and successful entertainment was held in the Millerton Hall recently in aid of the new Ferguson Church at Derby. A chicken supper was served by the ladies from 5 to 7 p.m. and at 7:30 an entertainment of high merit was staged, consisting of piano duets by Mesdames Codner and Barnett of Newcastle, a reading by Miss Josephine Cliff, of Derby a violin solo by Mrs. Codner, a solo by Mr. D.J. Gulliver, a lecture by Rev. Dr. Harrison of Black River, a solo by Mr. C.M. Dickison of Newcastle and a vocal duet by Mrs. Codner and Mr. Gulliver. All numbers were heartily received by the large audience and the kindness of Newcastle friends and Dr. Harrison in assisting the Presbyterian Church people of Derby is highly appreciated. A sale of fancy articles and home made candy and a fish pond helped to swell the proceeds of the evening. The new church at Derby is almost completed. It is expected that dedication services will be held in about three weeks time.

OBITUARY

GEORGE McLEAN WOOD
The death of George McLean, infant son of Mr. and Mrs. Elmer Wood, Douglastown, occurred on Thursday, Nov. 15 aged seven days. The funeral took place on Friday with interment in Douglastown.

MISS JANE McLEA N

The death occurred at her home in Williamstown on Tuesday of Miss Jane McLean, one of the oldest and most respected residents of that place, at the advanced age of 81 years. The funeral took place on Wednesday afternoon, service being conducted by Rev. H. Scott, of Millerton. Interment took place in the Methodist cemetery at Millerton.

MRS. REBECKAH SILLIKERS

The death occurred at Sillikers Northumberland county, on Monday, Oct. 22, of Mrs. Rebeckah Sillikers, wife of Daniel Sillikers, of that place. She was 69 years of age. The funeral took place at St Stephen's cemetery, Redbank. Rev. William Girdwood conducted services at the home and grave.

How to Purify the Blood

"Fifteen to thirty drops of Extract of Root, commonly called Mother Sigel's Curative Syrup, may be taken in water with meals and at bedtime, for indigestion, constipation and bad blood. Persistence in this treatment will give permanent relief in nearly every case." Get the genuine at druggists, 50c. and \$1.00 bottles.
