EDMONTON, ALBERTA, CANADA, THURSDAY, JANUARY 12, 1911

NUMBER 561

ROYAL BANK APPLIES TO HAVE COMPANIES MADE CO-DEFENDANTS

Motion Made in Supreme Court to Include A. & G. W. Railway Co., Canada West Construction Co., Standard Trust Co. and the J. H. Morgan Co. as Parties to Suit.

J. D. Hyndman, acting as solicitor for the Royal Bank, made a motion in supreme court chambers Monday asking that the Alberta and Great Waterways railway, the Canada West Construction company, J. H. Morgan company and the Standard Trust company, be made co-defendants with the bank in the suit brought by the government to secure possession of the money derived from the sale of A. & G. W. bonds.

The motion comes up at next Tuesday's sittings of the Supreme court and if it is successful the whole four companies will be involved in the litigation.

The Royal bank is acting independently of the other banks who are applying for interpleaders and prepared to stand aside as neutral parties. Their position will, however, not be exactly defined until the ruling of the court on the interpleader summons in Supreme court chambers on January 27th.

A BIG IMMIGRATION ALONG THE BRANCH LINES OF THE G.T.P.

The Toledo to Calgary Line is Regarded as One of the Most Likely of the Fields for Settlements—G. T. P. Laying Plans for Further Improvements on its Main Lines Already Built—Will Also Construct Many New Branch Lines.

Montreal, Jan. 6.—The large number of inquiries that have been received by the Grand Trunk Pacific during the late fall which are on the increase indicate that there will be an extremely heavy immigration, especially of the passenger class, settling along the G. T. P. in the coming spring.

Further increase in travel is expected next year when passengers over a number of branch lines will be undertaken. A line from Toledo to Calgary is expected to be completed next fall, but it is likely that a train service will be given over a considerable portion of the line early in the summer. The line from Melville north through Yorkton to Canors, which is ultimately to form part of the Hudson's Bay line, has been completed as has also a large section of the line between Melville and Regina. Track laying has been carried on considerably beyond Balmer. From Regina a branch of considerable importance is being built easterly toward the Hudson's Bay line, which will afford a more direct route to a large part of the immigration to Alberta and Saskatchewan from the West Coast. From Regina to Moose Jaw the preliminary work has been done this year on a branch line, ultimately to be extended to the Hudson's Bay line at Saskatchewan and Alberta to Calgary.

Will Require Further Work.

These branch lines will require some further work in the spring to bring up to the high standard to which the line is being raised on by the Grand Trunk Pacific, but the train service is to be looked for over them at an early date. West of Edmonton work is being rapidly pushed on the main line as far as the crossing of the Athabasca river, a short distance side of the Yellowhead Pass by the early spring. This will afford access to the Jasper Park country to the tourist and the mountain climber who have been eagerly waiting for an opportunity to get into that district.

Progress and development of towns has been more rapid throughout the year. The divisional points, especially have claimed great attention. On the average the divisional townships, Hivers, Melville, Watrous, Biggar and Wainwright, have added at least one or two new buildings each. The other towns which have shown considerable activity are Toleda, Scott and Holden, as all are situated in the rich agricultural country. Early this fall the Government section, that portion of the Transcontinental Railway which is being built between Winnipeg and Lake Superior Junction, a distance of 260 miles, was put in operation by the G. T. P. and used for carrying a large quantity of grain.

Improving Main Line.

If all accounts be true the G. T. P. is laying plans for further extensive improvements on its main lines already built as well as taking under construction a large number of branch lines. From the preliminary work already been made at the present session of the Canadian parliament, it is believed that the G. T. P. has received a large number of passenger coaches, cafe, parlor, library cars, dining cars and baggage cars. These have all been built on the modern lines. A large number of each class of cars now on order for delivery early in the spring. The railway has also added a number of locomotives, both passenger and freight, to its equipment this year. Great improvements have also been made in the company's steamship service on the Pacific coast.

SPEAKER CANNON IS SUSTAINED BY HOUSE

"Uncle Joe" in Ruling Identical With That Which Was Over-Ruled Last Session Is Endorsed By Overwhelming Majority—Insurgent Republicans Resign.

Washington, Jan. 9.—Speaker Cannon had his hour of triumph in the House today. Badly battered in the three days' storm that swept the House last March and which had left him much of his power the Speaker "came back" in a way that brought a smile of satisfaction to his face and left his opponents, the "insurgents," discomfited.

Today the Speaker was sustained by an overwhelming majority on a ruling identical with the one he made last March when the House angrily over-ruled his decision through a combination of insurgent Republicans and Democrats. On the eve of their return to power, the Democrats voted almost solidly to sustain the chair. The insurgents—twenty-seven of them—stood by their guns and fought the Speaker bravely, but, deprived of Democratic support, their battle was a losing one from the start.

It was the first big manoeuvre of the session and the regulars were elated over the result. They taunted the Democrats unceasingly for their change of front. The House was in its gayest mood and during the three hours that the fight lasted, there was almost continuous laughter.

DUTY ON PRINTING MACHINERY

W. A. Buchanan, M.P.P., To Take Up Matter With Minister.

Edmonton, Jan. 7.—W. A. Buchanan, M.P.P. of Lethbridge, left yesterday on a ten days' business trip to Ottawa and Toronto. He goes to Ottawa to interview the minister of finance in regard to the tariff on certain printing machinery. It was decided at the last meeting of the Alberta and Eastern British Columbia Press Association to ask to have the duty removed on typesetting machinery and type, as they are not manufactured in this country.

NEWS FROM EARTHQUAKE ZONE

Damage to Town Slight But Many Lives Lost.

Tashkent, Asiatic Russia, Jan. 7.—Reports from the earthquake zone state that the damage to the town of Beshevelev was comparatively slight, but many lives were lost through landslides near that place.

THEY MUST PAY A BUSINESS TAX

CORPORATIONS PAYING PROVINCIAL TAX NOT EXEMPT FROM MUNICIPAL TAXATION.

Regina, Jan. 7.—Regina achieved a great legal victory not only for itself but for all Saskatchewan municipalities in the judgment handed down by Mr. Justice Newlands in the Supreme Court, Saturday, in the case of the Dominion Express Company vs. the City of Regina.

The City of Regina imposed a door tax on the Dominion Express Company the same as it does on other concerns doing business in the city. The express company refused to pay the tax, claiming that, inasmuch as they paid a provincial tax, under the terms of "The Corporation Taxation Act" by virtue of doing business in the province, they were exempt from the payment of all municipal taxes.

The Dominion Express Company brought a test case before the Supreme Court asking for an injunction restraining the city of Regina from collecting the tax and for a declaration that they are not liable to pay the same.

In his finding Judge Newlands declines to grant the injunction and refuses the declaration asked for. On the contrary, he holds that the Express Company is liable to the business tax. The effect of the judgment is that all corporations doing business in Saskatchewan and subject to the provincial tax on the corporations, except railways, are likewise liable to the business tax to the municipalities in which they are doing business. This means that banks, life and fire insurance companies, trust and loan companies, express companies and telegraph companies are all liable to pay the municipality tax based on the net value of the premises occupied.

RACING MEET HERE ON VICTORIA DAY

Directors of the Exhibition Association Decide to Put On Series of Races on May 24th and 25th—Memberships Free May 16th and 17th.

Races will be held at the Exhibition grounds on May 24th and 25th according to the decision of the directors of the Exhibition Association at their meeting. This step has been taken by the directors after long deliberation and the consideration for the rights of the Provincial Government in connection with the exhibition. The directors of the Exhibition Association at their meeting, held on May 24th, and the majority would go to Calgary, thus benefiting neither Edmonton nor Regina or Kitchewan. The Fort would draw a crowd anyway, for the foot-races and other attractions, and leave over-ought to ostracize Edmonton horse races.

D. C. Robertson was appointed representative of the Edmonton horse racing to the meeting of the Alberta Pairs Convention, to be held at Lethbridge, February 21st and 22nd, which is the date of the Alberta fair, which is definitely fixed.

In response to communication from the Provincial Government it was decided to ask them for two judges for the stallion show, which it is hoped to hold in connection with the exhibition in the summer.

The exclusive committee was instructed to draw up a series of by-laws governing the admission and status of members. So far the recommendations of the department of agriculture have been followed. One dollar meant admission to membership, and once a member always a member; but serious complications arise out of the removal of shareholders and a good many shares are now in existence which are never put into use. It is proposed to make the payment of the one dollar fee annual, and to have the share lapse in case the fee remains unpaid or two of three years.

\$234,470,650 LOST IN FIRES LAST YEAR

Statistics Just Made Public Show These Enormous Fire Losses—Much of This is Due to Carelessness—Average Insurance Decreased in 1910.

Chicago, Jan. 9.—Statistics made public here today show that losses by fire in the United States and Canada exceeded \$234,470,650 last year, which is \$50,000,000 more than the losses in 1909. December losses were \$23,000,000 more than the corresponding month of 1909. There were thirty-five fires during the year which caused damage of \$999,000 or more, and in ten the loss exceeded \$1,000,000 each.

Federal and state officials agree that the majority of these losses are preventable, most of them being due to carelessness of one form or another, and are urging that the reduction of this fire waste be made a part of the campaign for the conservation of natural resources. In spite of the increasing losses, it is said that the average rate of fire insurance shows a reduction in 1910.

GOVERNMENT PLANS FOR H.B. GRAIN ROUTE

Grain Route From Western Farms to British Market By Way of Hudson Bay Will Include Grain Handling Facilities at Liverpool.

Ottawa, Jan. 7.—It is understood that part of the Canadian Government's plans for the creation of a grain route from the western farms to the British market by way of the Hudson Bay includes grain handling facilities at Liverpool.

Complaints have been made by the Canadian grain producers that they have been deprived of proper profits by the pricing operations of Liverpool and the government has decided to go to extreme lengths to correct the evil.

Canada now has cold storage facilities at the Liverpool docks for perishable produce, and the proposed facilities for the shipment of grain and preserving, and another step in the same direction.

MRS. E. A. PULFORD DEAD

Was Descendant of General Grouchy of Waterloo Fame.

Winnipeg, Jan. 7.—A descendant of General Grouchy, of Waterloo fame, died in this city on Saturday in the person of Mrs. E. A. Pulford, mother of A. H. Pulford and Walter Pulford of Winnipeg, and Dr. P. W. Pulford of Detroit, Mich. The venerable lady was 76 years of age and had been born in Jersey, but resided for some years in London, Eng. Later, with her husband, she travelled to Australia, around the Horn, and then came to America, spending some time in the United States before moving to Winnipeg, Ont., and later to Winnipeg.

EDMONTON WHEAT BEST OF SIX YEARS

This is Opinion of W. J. Dobie, One of Most Experienced Millers in District—Cleaner and Freer From Stalk Than in Many Years.

That the quality of the flour produced from the wheat 1910 is superior to that produced from any crop of the last six years in Edmonton, is the statement of W. J. Dobie, miller for Campbell and Ottewill.

Mr. Dobie has had six years experience in milling in the west and previous to that had some twenty years experience in Ontario. Edmonton wheat he considers superior to the Ontario product, but might be much improved if the farmers only attempted to cultivate their land better. That is responsible for the dirty wheat.

There is, however, a marked improvement and last year a remarkably good wheat was produced. It is rather discolored but in spite of that and was pulled out and milled sent out as clean and freer from smut than the wheat has been in six years.

BOMB OUTRAGE IS THREATENED

MONTREAL OFFICIALS WARNED OF PLOT TO BLOW UP PUBLIC BUILDINGS.

Montreal, Que., Jan. 7.—During the present month the Archbishop's Palace and the city hall were to be blown up by an anarchist, but warning letters to this effect have been received by Mayor Guerin, Archbishop Bruchet and Chief Provincial Detective Carpenter. The warning letter of his worship read as follows:

Two Anarchists.

Two anarchists of thirty will blow up the city hall and the Archbishop's Palace in the course of the month. They have compromising papers with them, their names are: Nap. Theriault, 625 St. Hubert, and F. Tella, 823 St. Hubert.

This communication is signed by F. Lapointe, trader. The other letters are to the same effect, the wording being slightly changed to suit the circumstances.

Written in French.

Chief Carpenter last night said: "All three missives are written in French and are in the same handwriting, which seems slightly disguised. The writing is cramped and the printer apparently is not accustomed to the quill."

CONFLICT HAS ARISEN OVER LAVERGNE ACT

Quebec Notary Refuses to Accept Ticket Because Not Printed in French. Is Ordered Off Train and Issues Writ Against Company.

Quebec, Jan. 7.—The first conflict respecting the Lavergne Law, passed at the last session, occurred on Saturday last, and as a result actions of damages will be instituted by Mr. Trudel, notary of St. Roches, against the Quebec and Lake St. John Railway Company, and against Conductor Richard.

Refused Ticket.

Mr. Trudel resides at Charlebourg, but comes to town every day, and on Saturday morning he asked the railway agent at Charlebourg for a ticket printed in both languages. As there were no such tickets to be secured, Mr. Trudel refused to purchase any other and got on board the train.

When Conductor Richard came along, Trudel informed him that he had no ticket, and the conductor offered to sell him one as it was not printed in French, he refused to accept it.

As a result, he was ordered off the train at Lamourette station and had to walk into the city and gave his counsel instructions to issue a writ against the railway company and the conductor.

SCHOOL TRUSTEES TO MEET AT WETASKIWIN

Fifth Annual Convention of Provincial Association of School Trustees to be Held Jan. 25th and 26th—An Interesting Program Has Been Provided.

The fifth annual convention of the Association of School Trustees for the Province of Alberta will be held in the assembly hall of the Alexander school, Wetaskiwin, on January 25th and 26th. Every school district in the province is entitled to representation at the convention, and a large attendance is expected. City and town districts may send two delegates and rural districts one delegate each. The Hon. C. R. Mitchell, Minister of Education, has promised to be present at the convention and it is expected that a representative of the department will attend all the sessions.

The Opening Session.

On the morning of Wednesday 25th the convention will be opened by the delivery of the president's address, by H. A. Malcolm, of Innisfail. At this session also a paper will be read by G. H. Hutton, superintendent of the Experimental Farm at Lacombe, on "Agriculture in Rural Schools" to be followed by a discussion of school gardens, their establishment and maintenance.

The afternoon of Wednesday will be devoted to reports and the naming of committees, and an address on "Manual Training in Rural Schools" with demonstration and exhibit of material, by J. C. Miller, B.S., instructor at the Agricultural Experiment Station, and himself and by Fisk remains unshaken in the main.

The only new evidence is that he now declares he first confessed to the murder in the guard room at Okotoks on the same day and before he signed the confession before Inspector Davies. The trial will be held about February 11.

In the preliminary hearing which has lasted since Tuesday last, twenty-two witnesses were examined, over a hundred are expected at the main trial.

On Thursday the morning session will be devoted to the discussion of a number of resolutions presented by representatives of the several school districts. The program of the afternoon session of the closing day will be reports of committees, the election of officers and general business.

FISK GOES UP FOR TRIAL OF MURDER

Evidence of Robertson, the Prosecution's Chief Witness, Remains Unshaken—Trial to be Held About Feb. 11.

Calgary, Jan. 7.—John C. Fisk was this morning sent to the Supreme Court by Col. Walker, the officiating magistrate in the defence was reserved. The chief witness, Thomas Mitchell Robertson, was on the stand all morning and his story of the crime, which he says was participated in by himself and by Fisk remains unshaken in the main.

The only new evidence is that he now declares he first confessed to the murder in the guard room at Okotoks on the same day and before he signed the confession before Inspector Davies. The trial will be held about February 11.

In the preliminary hearing which has lasted since Tuesday last, twenty-two witnesses were examined, over a hundred are expected at the main trial.

THE SHAREHOLDERS MUST PAY

Farmers Bank Shareholders May Have to Meet Liability.

Toronto, January 7.—G. T. Clarkson, curator and interim liquidator of the Farmers Bank, will tomorrow issue his first report on the actual condition of the bank's assets and liabilities. This will probably be followed by the granting of a permanent winding-up order by the courts with Mr. Clarkson as permanent liquidator. An immediate call upon the shareholders for their unpaid subscriptions and their doubt liabilities is also expected.

FELL THROUGH THIN ICE

One Child Drowned and Another Has Narrow Escape.

Hull, Jan. 7.—Two brothers, Ansel and Miles Martin, aged 12 and 10 years respectively, were crossing Choules Lake on the outskirts of Hull on this afternoon. The ice was weak and both children went through. The older child, aged 12, was pulled out and Miles sent out as afloat almost immediately and was with the steel corporation ship's inception.

THE NEW YORK COPS LAUGH AT THE LONDON POLICE FORCE

Prominent Members of Gotham Force Ridicule Battle Between Two Anarchists and Hundreds of Constables, Aided by Troops—Say That Metropolitan Would Have Been Sent to Make Arrest in Any of the Big United States Cities.

New York, Jan. 7.—The manner in which American police are likely to regard the efforts of the London police in dealing with their two anarchists on Tuesday is indicated by interviews with several New York police officials published here yesterday. These officials declare there never was a time in the history of any big American city when such a thin crowd have occurred.

"I cannot conceive of a few men getting into a house in New York, barricading themselves and so harassing the police that troops would have to be called," said Inspector Williams, who has been a member of the New York force for thirty years. "If the affair resolved itself into a shooting match the police would be more than able to hold their own."

"The story from London reads to me like a poor fairy tale," said Inspector Brooks. "Such a thing would be impossible in any American city. Six policemen from any precinct in New York could have gone into that London house with their night sticks and taken those fellows out of it, and probably without bloodshed. It is all right to argue that the London police were not armed with revolvers, but that does not make any difference to the man in New York. They would go in with or without firearms."

New York Police Laugh.

"Why did not the Londoners call out the warships?" asked Inspector Thompson, whose opinion of the London affair was sought. "New York police laugh at the idea of troops and firemen being called out for assistance against a lone pair of offenders. If it took a thousand policemen together with troops, firemen and artillery to arrest two men in New York, the force would get a piece of shooting overhauling in a minute. I've had those two anarchists here, we would send the policeman on the spot after them single-handed. If he could not get them, he would call for the reserve, and they would batter down the door. There would not be many shot fired before the prisoners would be in hand."

SELF GOVERNMENT IN CUBA IS SUCCESSFUL

General Gomez's Administration More Firmly Entrenched Now Than At Its Inauguration—Favorable Reception at Various Points of the Facts.

Havana, Jan. 7.—As the second year of Cuba's independence draws to a close, it brings the administration of General Gomez more firmly entrenched than ever. So far as appears, on the whole, the administration under the situation and enters on the third year of his administration under better auspices than those which attended his inauguration.

This apparent stability of government is curiously at variance with the many alarming reports of insurrection and revolution and an impending third, and last, intervention which have recently been circulated in the United States and which have been received here with expressions of astonishment, coupled with the general belief that they have been largely manufactured by a propaganda inimical to the experiment of Cuban self-government.

The president has not been able to enlist the better elements of Cuba, has lost the support of many of his followers and incurred the animosity of some of the most influential. General Gomez is well seated in the saddle. The government finds itself facing a period of probable inactivity from agitation, but with little doubt will continue.

SENATOR LORIMER MAY TENDER RESIGNATION

Senator Lorimer is Alarmed at Opinion Which Threatens in Senate, Says Press Shows That He Will Have Strong Opposition.

Washington, Jan. 7.—Senator Lorimer, appalled at the storm which will break in the Senate on Monday over his election, may resign. Causes of the Senate are bringing out a surprising amount of strength in opposition to the seating of the Senator. Predictions are freely made that Lorimer will be forced out of the Senate if he does not resign, and his colleagues are voicing their criticism that he should not appear on the floor at all while his fate is in the balance.

One of the striking developments in the situation is democratic strength in opposition to Lorimer. Enquiry among the Senate yesterday disclosed that probably not over a third of them will stand by Lorimer. If Lorimer does not resign before Monday, the fight will open then and will go to a finish this session.

THOUGHT TO BE WESTERNER

Man Drowned at Port Hope Believed To Be Identified.

Port Hope, Jan. 7.—The man drowned in the harbor here early Friday morning is thought to be John Fishleigh of Weyburn, Sask.

Fishleigh was a former resident of the township of Hope. He returned from the west Thursday evening, and left his crib at the St. Lawrence hotel, stating that he would return in the morning. Nothing has been heard of him since. The grappling operations today had to be discontinued owing to the large quantities of ice.

LIVERPOOL CATTLE MARKET

Liverpool Jan. 7.—John Rogers and company report here today that there was only States cattle on the Liverpool head market and although trade was slow, prices held firm. The steers sold were halfly, an good quality at 12 1/2 to 13 1/2 cents per pound.

HALIFAX JAN. 7.—F. M. BROWN, GENERAL PURCHASING AGENT OF THE DOMINION STEEL CORPORATION, HAS RESTATED TO ACCEPT THE POSITION OF VICE-PRESIDENT AND GENERAL MANAGER OF THE NOVA SCOTIA CAR WORKS LIMITED.

ALBERTA RED WHEAT YIELDS WELL AT ALIX

Where Edmonton-Calgary Line of the G.T.P. Crosses the C.P.R. and C.N.R. at 27 Miles East of Edmonton. Has Good Fall Field in Fine Exhibition Grounds—Large Shipments of Carts and Grain.

Edmonton, Jan. 11.—Joseph Todd came originally from Ontario, but in the fall of 1891 he crossed his wagon from Michigan to Alberta and after securing a homestead had only fifteen cents and a valuable experience, with which to begin life here in this new land. He used his experience, and fifteen cents and his common sense and is now well settled. He says he has always had a good crop of grain. Vegetables are hard to beat and he never saw any as good as those of Alix. In 1906 he had 35 bushels of Alberta red fall wheat per acre, and in 1909 his barley went 40 bushels to the acre. He still has a farm near here, but Alix towards the Edmonton-Calgary line is his main interest. He is now one of the best wheat growers of Alix, but is not sorry he came to Alberta.

Old time ranchers had been here for ten or fifteen years. But when the railway came 27 miles east of Edmonton, the station of Alix was named after Mrs. Alix Westhead, who still owns a 2200 acre ranch near here.

Three Competitive Railways. A quarter mile east of Alix station the Grand Trunk Pacific has inserted a diamond crossing the C.P.R. line, and about three-eighths of a mile further south the G.T.P. passes under the grade of the C.N.R. line from Stettler to the Brazeau collection.

The railways will be thick in the Alix district. The Canadian Pacific trains now run regularly from Edmonton past Alix to Castor and return. But when the line is extended eastwards to connect with the Edmonton-Moose Jaw line the service will be much improved. The C.N.R. grade is built but when the steel is laid and the long heavy coal trains commence to run from the Brazeau mines, Alix will be between two parallel lines of competing railways.

The Grand Trunk Pacific track already laid south from Tofield as far as the G.T.P. station of Alix. When the bridge is finished across the Red Deer river the track laying will be pushed on towards Calgary. Alix will read the benefit of the publicly coming to a junction of competitive railway lines. But the business men of the town will also appreciate the increase in freight and passenger rates resulting from railway competition and the choice of alternative routes.

Alix Business List. Alix now has four general stores, one hardware, a jeweller, a barber, two pool rooms, a harness shop, a furniture store, a flour and feed store, two butchers, a confectionery, four real estate agents, three implement agencies, a lumber yard, two blacksmith shops, two livery barns, a branch of the Union Bank of Canada, three restaurants, the Imperial hotel, the Grand hotel, one licensed bar, one R.N.W.M.P. police, a doctor, a drug store, an undertaker and a newspaper.

The trustees of Alix school district for 1910 were J. Todd, chairman; G. H. Darlow and Wm. R. Brown, secretary. There are two class rooms in charge of the Misses Bicker.

Rev. Pike preaches in the Methodist Church. The Presbyterian congregation under the pastorate of Rev. W. Andrews, are starting to build a church. These congregations have a union Sunday school. The Church of England hold services in St. Peter's church building. The Church of Christ hold services in Steer's Hall. The people of Alix have a choice of church services.

The Alix Free Press is a weekly newspaper published by C. W. Fredrick.

United Farmers Local. There are about 25 members of the Alix local of the United Farmers of Alberta, with Col. Marryatt as president, and A. C. Findlater as secretary.

The Oddfellows, Woodmen and Masons have each organized lodges at Alix.

An open air skating rink has been started this winter, but a curling club will be left till next year. But in winter sports, the Alix athletes devote their attention to baseball, and in 1910 won the Calgary Brewing Co's challenge trophy, defeating Red Deer and Hardisty.

Alix Post Office is a distributing office for mail for Lamerton and Blackville. W. L. Pettit is postmaster. Alix has connection with the Government long distance telephone system and a local exchange which about thirty local phones.

Single Tax System. The council of the village of Alix for 1910 were T. Somerville, P. Mitchell and G. Woodson, with G. J. Howie as secretary-treasurer. The single tax system has been adopted at the start. Sidewalks have been built on the business streets. A small start has been made in fire fighting apparatus by buying ten hand chemical fire extinguishers. These are distributed throughout the business section of the town and when the emergency comes will, no doubt, save the town by extinguishing a fire before it gets beyond control.

The Alix board of trade have been active in circulating publicity literature. The officers are E. J. Sander.

Do you know that fully nine out of every ten cases of rheumatism are simply rheumatism of the muscles due to cold or damp, or chronic rheumatism, and require no internal treatment whatever? Apply Chamberlain's Lifter freely and see how quickly it gives relief. For sale by dealers everywhere.

UNION BANK NOT TO FIGHT GOVERNMENT

In Suit for Possession of A. G. & W. Bond Money—Bank's Solicitor E. Interpleader, Which if Granted Will Make It Neutral.

The Union Bank, through its solicitor, O. M. Buggar, took out Thursday an interpleader summons in the Supreme Court by which action, if approved by the Bench, they will probably become neutral parties to the suit now pending between the Alberta Government and the Royal Dominion and Great Waterways Railway Company. This bank has also made the Alberta and Great Waterways, the Canada West Construction Company and the Standard Trust Company, which hold the money for the bondholders, parties to the action. If this interpleader is granted the \$1,000,000 held by the Union Bank will be paid into court for the judges to decide to whom it belongs.

It is likely that in the course of a few days the Dominion Bank will take similar action. The summons calls for the plaintiffs in this case the Alberta Government and the Dominion Bank.

The Dominion Bank, through its solicitor, J. E. Wallbridge and the Royal Bank through Dawson Hyndman and Hyndman, both filed appearances Thursday in the Supreme Court and so indicated their intention to fight the question of the ownership of the money.

GAYNOR'S ASSAILANT SENTENCED TO PRISON

Man Who Shot Mayor Gaynor, of New York, is Convicted and Sentenced to 12 Years for Assaulting With Intent to Kill Big Bill Edwards.

New York, Jan. 4.—James J. Gallagher, who shot Mayor Gaynor, August 8, was today sentenced to twelve years' imprisonment. He was convicted in Jersey City on an indictment charging him not with shooting Mayor Gaynor but with assaulting with intent to kill Wm. H. Edwards, a prominent politician of New York City. The jury was out but forty minutes and the trial lasted but a few hours. Commissioner Edwards was charged with the murder of the Atlantic liner.

STRATHCONA'S TRIBUTE TO JOS. CHAMBERLAIN

Says That He Has Done More to Consolidate the Dominion Across the Seas Than Any Other Man in the British Empire.

London, Jan. 6.—An striking tribute to Chamberlain as an empire-builder was paid by Lord Strathcona at Birmingham yesterday when he said in No. 10 street and every step he took made the big boot rub the raw flesh off his foot.

GAS-KILLED FARMER

Man Found Dead in His Shack Near Stettler, Was From Calgary. Settler, Jan. 6.—It was learned last night that a man, whose name is unknown, said to be from Calgary, and a painter by trade, was found dead in his shack recently near Stettler. It is assumed that the man came to the shack to paint and that he died of gas poisoning caused by the fumes that came from the stove in the shack.

REMEMBERS ONLY TO FISHING

U.S. Contention Concerning Haguette Decision as to Bays. Ottawa, Jan. 9.—Enquiry made at the department of marine and fisheries today elicited the reply that the United States has not served upon Canada any formal objection to the regulations as defined by the Haguette tribunal with reference to the North Atlantic fisheries, but it has been intimated that it has such objections from other sources. It is learned that an American contention is that the finding of the tribunal as to bays has reference only to fishing therein and that said bays are not otherwise to be treated as open ocean rather than territorial waters.

HALIFAX CAPTAIN DROWNED

Schooner Badly Damaged by Worst Storm in Many Years. Halifax, Jan. 9.—With her captain lost, her sails torn and tattered and her hull badly battered by one of the worst storms that has ever swept the Nova Scotia coast, the schooner Emma H. from Halifax to Victoria, B.C., limped into Liscomb Saturday, with her port side to have been smashed in the sea. The captain, G. G. Gullie, her sole owner, was in command, with a crew of five men. Fortunately, the schooner was saved by a tremendous wave and washed overboard and drowned.

WRECK'S NEWSPAPER OFFICES

Publication of Monarchist Newspaper in Lisbon Causes Uproar. Lisbon, Jan. 9.—Popular fury aroused by the publication of the Monarchist newspaper culminated today in violent manifestations. The offices of three of the newspapers were wrecked, and it was necessary to order out the troops to disperse the mob. Soldiers are now guarding the premises.

CALGARY SWARMING WITH UNEMPLOYED

Relief is Sought and City Commissioners are Urged to Establish Municipal Lodging House, Where Men Might Work Out Their Bad and Meals.

Calgary, Jan. 11.—That the city is swarming with unemployed and destitute men, and that their sufferings have been intense during the cold weather, is the contention of the mayor and city commissioners by a petition circulated in the city by Superintendent McKillop, of the Gospel mission, and presented to the commissioners yesterday morning. The petition, which is a municipal lodging house at which some kind of test as to the applicant's willingness to work be established where men willing to work might secure enough work to entitle them to a bed and meals.

ST. LAWRENCE POWER PROJECT

is Strenuously Opposed at Washington by Canadian Interests. Washington, Jan. 9.—The Montreal Chamber of Commerce and a host of other Canadian business institutions were arrayed against the Long Sault project over the St. Lawrence river, New York concern, at a hearing before the House Committee on Rivers and Harbors yesterday. The project was represented by former Representative Littlefield, of Maine.

A TALE OF CRUELTY

Immigrant Boy in Ontario Forced to Work Though Feet Frozen. Chatham, Ont. With his feet so badly frozen that both may have to be amputated, his back covered with sores and his hands frozen stiff, a young immigrant boy, who was a farmer of Tibury, Ont., was brought here by his parents recently.

REPRESENTING CANADA IN ENGLAND

Knowing nothing about their party politics, but he was glad to pay a tribute to such a statesman and join in the praise of the man who has done more to consolidate the Dominion across the seas than any other man in Great Britain or the empire.

COMPLAINS OF RAILWAY RATES

Mr. O. T. Miland, an elderly Norwegian, who arrived in Edmonton in search of land, complains loudly of the conditions under which immigrants are brought from the States by the railway companies. He wished to go to Mannville on the C. N. R., but was refused because he had no money to pay for his ticket.

DESPERATE MEN CAPTURED

After Arrested For Robbery, Shot and Killed Policeman and Escaped. But Again Captured. Del Rio, Jan. 7.—After a chase of several hours, William Muzard and Alvin Johnson who yesterday held up and robbed the Hotel McKay of this city and after being arrested for robbery, shot and killed Patrolman Chesmore, were captured at Ina-Brown's logging camp eighteen miles north of here by the Duluth police. They were brought here to-day and put in jail.

ALBERTA RED WHEAT YIELDS WELL AT ALIX

Where Edmonton-Calgary Line of the G.T.P. Crosses the C.P.R. and C.N.R. at 27 Miles East of Edmonton. Has Good Fall Field in Fine Exhibition Grounds—Large Shipments of Carts and Grain.

Edmonton, Jan. 11.—Joseph Todd came originally from Ontario, but in the fall of 1891 he crossed his wagon from Michigan to Alberta and after securing a homestead had only fifteen cents and a valuable experience, with which to begin life here in this new land. He used his experience, and fifteen cents and his common sense and is now well settled. He says he has always had a good crop of grain. Vegetables are hard to beat and he never saw any as good as those of Alix. In 1906 he had 35 bushels of Alberta red fall wheat per acre, and in 1909 his barley went 40 bushels to the acre. He still has a farm near here, but Alix towards the Edmonton-Calgary line is his main interest. He is now one of the best wheat growers of Alix, but is not sorry he came to Alberta.

Old time ranchers had been here for ten or fifteen years. But when the railway came 27 miles east of Edmonton, the station of Alix was named after Mrs. Alix Westhead, who still owns a 2200 acre ranch near here.

Three Competitive Railways. A quarter mile east of Alix station the Grand Trunk Pacific has inserted a diamond crossing the C.P.R. line, and about three-eighths of a mile further south the G.T.P. passes under the grade of the C.N.R. line from Stettler to the Brazeau collection.

The railways will be thick in the Alix district. The Canadian Pacific trains now run regularly from Edmonton past Alix to Castor and return. But when the line is extended eastwards to connect with the Edmonton-Moose Jaw line the service will be much improved. The C.N.R. grade is built but when the steel is laid and the long heavy coal trains commence to run from the Brazeau mines, Alix will be between two parallel lines of competing railways.

The Grand Trunk Pacific track already laid south from Tofield as far as the G.T.P. station of Alix. When the bridge is finished across the Red Deer river the track laying will be pushed on towards Calgary. Alix will read the benefit of the publicly coming to a junction of competitive railway lines. But the business men of the town will also appreciate the increase in freight and passenger rates resulting from railway competition and the choice of alternative routes.

Alix Business List. Alix now has four general stores, one hardware, a jeweller, a barber, two pool rooms, a harness shop, a furniture store, a flour and feed store, two butchers, a confectionery, four real estate agents, three implement agencies, a lumber yard, two blacksmith shops, two livery barns, a branch of the Union Bank of Canada, three restaurants, the Imperial hotel, the Grand hotel, one licensed bar, one R.N.W.M.P. police, a doctor, a drug store, an undertaker and a newspaper.

The trustees of Alix school district for 1910 were J. Todd, chairman; G. H. Darlow and Wm. R. Brown, secretary. There are two class rooms in charge of the Misses Bicker.

Rev. Pike preaches in the Methodist Church. The Presbyterian congregation under the pastorate of Rev. W. Andrews, are starting to build a church. These congregations have a union Sunday school. The Church of England hold services in St. Peter's church building. The Church of Christ hold services in Steer's Hall. The people of Alix have a choice of church services.

The Alix Free Press is a weekly newspaper published by C. W. Fredrick.

United Farmers Local. There are about 25 members of the Alix local of the United Farmers of Alberta, with Col. Marryatt as president, and A. C. Findlater as secretary.

The Oddfellows, Woodmen and Masons have each organized lodges at Alix.

An open air skating rink has been started this winter, but a curling club will be left till next year. But in winter sports, the Alix athletes devote their attention to baseball, and in 1910 won the Calgary Brewing Co's challenge trophy, defeating Red Deer and Hardisty.

Alix Post Office is a distributing office for mail for Lamerton and Blackville. W. L. Pettit is postmaster. Alix has connection with the Government long distance telephone system and a local exchange which about thirty local phones.

Single Tax System. The council of the village of Alix for 1910 were T. Somerville, P. Mitchell and G. Woodson, with G. J. Howie as secretary-treasurer. The single tax system has been adopted at the start. Sidewalks have been built on the business streets. A small start has been made in fire fighting apparatus by buying ten hand chemical fire extinguishers. These are distributed throughout the business section of the town and when the emergency comes will, no doubt, save the town by extinguishing a fire before it gets beyond control.

The Alix board of trade have been active in circulating publicity literature. The officers are E. J. Sander.

Do you know that fully nine out of every ten cases of rheumatism are simply rheumatism of the muscles due to cold or damp, or chronic rheumatism, and require no internal treatment whatever? Apply Chamberlain's Lifter freely and see how quickly it gives relief. For sale by dealers everywhere.

UNIVERSITY BOYS
GET A HARD KNOCK

President Lowell of Harvard's University Makes a Strong Denunciation of College Cheating and Ragtime Music in Which the Students Indulge.

Boston, Jan. 7.—Organized college cheating and ragtime music were denounced by President Lowell, of Harvard University, before the Music Teachers' National Association, which is here for the purpose of the annual convention. "One of the saddest things is to go into a gathering of college men or even alumni and note the kind of music they have in their homes. It is ragtime, and ragtime of very poor quality. They seem to care very little for good music. What they want is a catchy song, something they can join in after exhausting their voices in organized cheering."

No Way to Express Emotion.
"Of all the means of expressing emotion, organized cheering is the worst from every point of view. It is bad for the throat for one thing. It has less modulation, less means of expressing degrees and varieties of emotion of any kind than any other form of expression except a sob. Our people are totally deficient in the power of expressing any of the finer qualities of emotion in common. Their effort takes a conventional form which is barren, meagre and poor."

Why Not Have Real Music.
"The most effective and natural form of expressing emotion is music. The place of real expression of emotion at alumni dinners has been taken by organized cheering. That shows that men who have the highest education we can give are wholly lacking in those more delicate qualities of expression."

For thirty years expression has become shallower and feebler. There has been practically no cheering when it was in college. If we are right in saying the music is the natural form of expressing emotion at the present time, the present condition of music is a sign that educated people as a rule have no emotions that are worth expressing, or that they are signally deficient in the art of expressing emotion. The latter, I think, is true."

PEG'S MONOPOLY TROUBLES.
Bellevue, Mackenzie-Manitoba, Interest Have Grown Very Question.
Winnipeg, Jan. 7.—A new turn has been given to the dispute between the Mackenzie-Manitoba and the city over the construction of the franchises of the Winnipeg Electric Railway company by the announcement of the decision of the city council to spend half a million on erecting a subsidiary steam power house at the foot of Mill street, and to use the present Assiniboine plant, the company would then have 44,000 horse power generated within the city limits.

A decision was recently given against the company furnishing power for domestic lighting, and the Lac du Bonnet water power plant, and an appeal against this has been taken to the privy council. Should this appeal be dismissed the company will be in a position to defy the city with the aid of the new plant now decided upon. Those in connection with the situation say the company has outwitted the city for it will utilize its Lac du Bonnet power for the supply of outside municipalities at a much lower cost than will be charged Winnipeg citizens for power and light generated by steam plants within the city limits.

SAYS THAT PLAGUE
THREATENS ENGLAND

Prominent Old Country Physician Says That He is on the Way to China and India to Investigate Causes of Plagues in Those Countries.

Montreal, Jan. 7.—Sir Laurie Brunton, M.D., eminent in bacteriology and pharmacology, was here on his way to China and India by the Canadian Pacific, which sails from Vancouver for Hong Kong on the 25th. He made the starting statement that England is now threatened with a new outbreak of the plague and pestilence which raged with such deadly effect in Europe during the middle ages. He intimated that he is on his way to the east as a special medical commissioner of the British government to investigate the origin of plagues that scourge the populations of India and China.

The apprehension aroused at the present moment, about which little is said, is a panic provoked, it is due to the extraordinary number of deaths in East Africa, especially the villages around Ipswich and the peninsula between Orville and Stour. It was first thought the disease was typhoid pneumonia, which carried off the victims in twenty-four hours. Latest investigations established beyond question that the disease was pneumonic plague, which was communicated through the medium of rats and fleas.

ATTEMPT LIFE OF ALFONSO.
Explosion Took Place Just As He Was Entering the Palace.
Malaga, Spain, Jan. 7.—What probably was an attempt upon the life of King Alfonso occurred during his brief visit here on Thursday, through the attentions and a throng of people into a panic. The facts became generally known for the first time today.

The king, accompanied by Premier Canalejas, General Tovar, minister of war and Admiral Almirante, who had arrived here from a week's stay in the vicinity of the Spanish coast in Morocco, was returning to his Majesty, was proclaimed a great throng that followed the carriage and the king, who was in the midst of the crowd, and the governor general. Arriving at the palace, the king had been in the carriage and turning for a moment to the left, he acknowledged the applause and then entered the palace. As the door closed, the royal yacht, which was crowded outside, drowned the cheers. Before the alarmed and stampeded masses fully realized what had happened the general had, however, in about the spot from which the report arose. It was found that two persons had been slightly injured but no other harm was done.

An official account of the incident says that it was unimportant. A civilian dropped a pistol enclosed in a box. No further details were made public yesterday. The king and party boarded the royal yacht and proceeded to Melilla. The yacht was conveyed by warships.

YANCOOVER MAYORSHIP FIGHT.
Mayor Taylor Charged With Favoring An Hotel.
Vancouver, Jan. 7.—The present mayoralty campaign in the liveliest seen in Vancouver for years. Friday night, Ald. Whittless, on behalf of the present mayor, opposing J. D. Taylor, the present mayor, charged the latter with having favored certain hotel licenses after the latter had purchased stock in the World newspaper building, Taylor being the owner of the World. The particular case referred to was the Vancouver hotel, whose calling license was renewed by the casting vote of the mayor after it was alleged Vancouver became the owner of \$2,000 worth of stock in the World.

BIG RETURNS FROM
THE WESTERN FARM

Record Shows a Year of Prosperity in Farming Operations—Decrease in Wheat Crop, But Total is Above One Hundred Million Bushels—Increase in Other Kinds of Farm Products.

Winnipeg, Jan. 8.—With the closing of the first week of the new year the Press publishes the annual summary of what has been brought from the farms during the year 1910, which shows a year of great prosperity, though, possibly, not as great as was hoped for when the year opened.

The wheat crop, as usual, claims the place, and there has been a decrease in both receipts and shipments, due entirely to the dry, hot weather which marked the month of June and which was so extreme for a time as to create the impression that the crop would be an almost total failure. With the coming of rain, however, and subsequently favorable weather, lost ground was made up to a remarkable extent, and the wheat crop of 1910 will go well over the hundred million. One of the features of the report herewith submitted, is the increasing value of large amounts of grain drawn from sources other than the wheat, showing that slowly, but surely, the west is becoming truly agricultural, and is not merely devoted to the growing of wheat. While the wheat crop so far marketed has brought the west \$48,181,545.35, there has been received from other sources:

Cattle crop 95,568,811.00
Hogs 1,538,820.64
Sheep 194,180.25
Butter and cheese 2,448,155.31
Potatoes, roots and hay 7,818,000.00
Crop 7,818,000.00
Total \$21,567,577.20
Poultry from Manitoba 45,032.10

Making a grand total of farm products of more than \$70,000,000. Or not far from half of the value of the wheat crop.

Wheat Accounted For.
Wheat inspected to Dec. 31 53,746,775 lbs. Allowed for seed and feed 18,000,000 Allowed for interior mills 6,000,000 Making total of bushels 1,919,775. Assuming that the estimate of 1910, 600,000 bushels was correct, this leaves in the farmers' hands to come forward less than 16,000,000 bushels. It is probable, however, that the estimate, made as it was before any threshing has been done, was somewhat conservative, and that, possibly, there is, at the present time, about 12,000,000 bushels in the farmers' hands to come forward.

In the matter of horses, Winnipeg is a buying rather than a selling market, that is, the bulk of the trade in horses brought from eastern Canada to the west is done in Winnipeg. The fact that horses to the value of \$16,000,000 have been brought in through the port of Winnipeg alone shows that there is an immense field for the breeding of horses in the Canadian west, and that the time when the motor tractor is still a rarity from the west.

Dairy Products.
In spite of the fact that the extremely dry year in some sections made the price of milk and cream returns from the three provinces show a marked increase and the total received from these sources is very large. The figures for this province for 1910 are as follows: Total value of dairy products for 1910 was 2,550,000 lbs., the average price, 23.55, and the total value of the crop was \$599,000. The total value of dairy products for the western provinces for 1910 was \$2,488,812.13, or an increase of 25, showing an increase in the value of dairy products for 1910 at \$1,132,947. The price at which the wheat has been sold has been on the average about three cents a bushel less than in 1909, the short crop having brought higher prices, as was firmly held by many farmers in the Canadian west. Russia had to "big a crop and was too anxious to get it to permit of our shortage affecting world markets. The price, however, has been a profitable one, for, allowing for the fact that it is now sold at fifty-five cents a bushel to produce wheat, there is an excellent margin to the farmer in the prices which he has received this year.

SLAUGHTER HOUSE
HEARING ADJOURNED

P. Burns & Co. Apparently Intend to Oppose the Action of the City Vigorously—Solicitor Hints That the Company Might be Led to Quit Business in Edmonton.

The motion of J. F. C. Down, K.C., solicitor for the city, in Supreme Court chambers Tuesday asking for an order of the court to the P. Burns & Co. for the removal of the slaughter house in Norwood, was adjourned by Judge Scott until Friday next. D. A. McKinnon appeared for the company and undertook that the meatmeat no nuisance should be committed by his company.

The motion of J. F. C. Down, K.C., solicitor for the city, in Supreme Court chambers Tuesday asking for an order of the court to the P. Burns & Co. for the removal of the slaughter house in Norwood, was adjourned by Judge Scott until Friday next. D. A. McKinnon appeared for the company and undertook that the meatmeat no nuisance should be committed by his company.

RUSSIAN AUTHORITIES HAVE NOT GIVEN UP EFFORTS.
Winnipeg, Jan. 10.—Russia has not given up the hope of getting its hands on Savva Fedorenko. Letters bearing date Dec. 2 and 5, of the Canadian calendar, just received, indicate the czar's officials are still keeping a careful watch on the refugee's former home in Pskov, in the hope of getting some information which may be of value in pressing the prosecution, or which will involve other persons in the tangled web.

Fedorenko's mother, a woman 70 years of age, writes that shortly after the receipt of the 50 rubles which were sent by the Russian Freedom league to aid her in her poverty, a doctor from Pskov arrived at the house at two o'clock in the morning, and searched it from cellar to garret. Expecting something of the kind, the woman had concealed the money, but the police found the receipts for it and a photograph of Savva Fedorenko, which had been hidden against the roof. These and all letters and papers found were carried off. At the same time they informed the father that he was to be arrested. Information received must be turned over to the police under pain of arrest.

FRIDAY ARRESTED.
The second letter received was from Alex, a brother of Miron Akensky, who lives at 67 Dufferin avenue, Winnipeg. He says that at three o'clock in the morning the police raided his house, searched it thoroughly, took all the letters they could get into their hands and arrested Alex himself. He was kept two days and then released. They expected to see Savva Fedorenko, but he had fled to the States. Alex asks his brother to cease taking part.

IS CONVICING.
Savva Fedorenko is a somewhat better, and is slowly convalescing. The attack of pneumonia was a very serious one, but the communication which has helped him out, it is expected that he will be able to leave his bed in about two weeks' time.

CHURCHES ARE CONDEMNED.
Connecticut Pastor Leaves the Pulpit of Congregational Church.
Meriden, Conn., Jan. 10.—Rev. Dr. Daboll H. Lox, pastor of Centre Congregational church, who has embraced Socialism, and has written a novel presenting his theories, read his resignation as pastor at the morning service yesterday. In this letter he said: "I hold it without question that organized Christianity today is a dissolution of the world's peace and is playing fast and loose with the principles for which Christ died. It dare not be true. A church today is a social body with religious and moral tendencies. Its doctrines must be congenial and unobtrusive. Out of its midst must come the forces which keep the world of the ground to make sure that the world of wealth is not offended in it."

MANITOBA'S COLD SPELL

Thermometer Registered 88 Below at Ephraimton.

Ephraimton, Man., Jan. 7.—The weather reports are very interesting. The coldest spot in Manitoba, when they did not record the temperature of this spot in January 2 and 3. On the 2nd day the mercury fell to 85 below, and on the other it was very close to the same mark.

NEW FORM OF PROTECTION.
Ruling Made by Marine Department at Washington Recently.
Ottawa, Jan. 7.—The attention of the navy minister of marine has been directed to a recent ruling of the treasury department at Washington to the effect that only citizens of the United States shall be allowed to hold navigation license for American vessels on the lakes.

GERMAN BEER DRINKING.
Consumption Said to Be Rapidly Decreasing.
Berlin, Jan. 10.—The consumption of beer in Germany, according to official statistics published recently, is rapidly decreasing. During 1909, the consumption diminished approximately by 65,000,000 gallons, or one gallon per head of the population. During the preceding year there had been a diminution of nearly 70,000,000 gallons, whilst during the year 1907 there has been a decrease of three gallons per head of the population per annum.

REFUSED PERMISSION TO LAND.
Troops Guard Coast of Hayti to Keep General Firm in Away.
Cape Haytien, Jan. 7.—Government troops this morning were drawn up to keep General Antenor Firmin from landing from the steamer Montreal. His intentions towards the Government, the troops have been guarding the coast to keep General Firmin away.

MEMBER OF COAL COMPANIES.
Pacific Coast Field Co. at Yellowhead Pass is Included.
Montreal, Jan. 7.—There is a rumor that the huge \$15,000,000 Canadian Coal and Coke company has incorporated at Ottawa, has as its sponsor J. W. McConnell and H. A. Lavett, K.C. It is proposed to consolidate all the McConnell coal interests and place the consolidated company's securities in London and Paris.

Hamburg
Felts
can't
crack
Here are felt shoes that won't crack—can't crack. Strong woven woolen cloth and felt are "fused" together. This cloth backs up the felt and makes it absolutely "crack-proof." This special feature not only makes HAMBURG FELTS wear longer—but also keeps them soft, pliable, yielding and easy on the feet. HAMBURG FELTS are the only felt footwear made this way. Get the best—they cost no more—have a look at them at your dealer's.

TWO OF THE CANADIANS WHO RECEIVED NEW YEAR'S HONORS

SIR GEORGE C. GIBBONS, K.C., of London, Ont., one of the Canadian knights who received a New Year honor in the shape of an International Waterways Commission.

Constipation is the root of many forms of sickness and of an endless amount of human misery.

Dr. Morse's Indian Root Pills.

thoroughly tested by over fifty years of use, have been proved a safe and certain cure for constipation and all kindred troubles. Try them. 25c. a box.

THREE SHORT COURSE SCHOOLS TO BE HELD IN AGRICULTURE

They will be at Macleod, Innisfail and Vermilion—Each Will be of Two Weeks' Duration—Two Car Loads of Pure Bred Stock Will be Used for Instruction Purpose—Prominent Instructors Will Have Charge of the Schools.

Hon. Duncan Marshall, minister of agriculture, announced Monday that the department of agriculture had completed arrangements for the holding of three short-course schools in the province during the months of February and March. These schools will be similar to the ones held last winter, and will be held at Macleod, Innisfail and Vermilion, and will be of two weeks' duration on each. Besides these schools, a school for one week will be held at Strathmore in conjunction with Prof. Elliott, who is in charge of the C. P. R. experimental farms. Prof. Elliott has assisted the department at institute work and will during the present winter give assistance at this work, and in return for this the agricultural department is sending its entire outfit of stock used at the short-course schools, as well as the material used in the instruction for one week to Strathmore. Two car loads of pure bred stock will be carried to these different schools and instruction will be given in brood type feeding, breeding and care and management of live stock. The first week of each of the schools will be the live stock week, and the second week the following subjects will be taken up: Grain, Soil and Weeds—The Growing, Judging and Grading of Grains; Soil Cultivation; Noxious Weeds; Grasses and Fodder Crops. Samples of grains and weeds will be used for demonstration. Poultry—The housing, feeding, hatching and rearing incubators and brooding will be given in detail. Birds will be fattened, killed, dressed and packed for market. Dairying—Instruction in dairying will cover the subject from the production of milk to the market. The finished product, with farm dairy machinery in operation. At each course there will be judging competitions held, and prizes offered for proficiency. The dates of the schools are as follows: Macleod, Feb. 13th to 26th; Innisfail, Feb. 27th to March 11th; Vermilion, Feb. 27th to March 11th. Prizes will be awarded at each of the schools in the judging competition, and a grand challenge trophy will be offered by the provincial department of agriculture at the Innisfail school for competition to teams from the four schools, these teams to consist of four men standing the highest in the local competitions. The teams from Strathmore, Macleod and Vermilion will have their expenses paid to Innisfail by the boards of trade in the towns. These short course schools are entirely free and open to anyone who cares to attend. The boards of trade and agricultural societies in the different towns in which they are held are making arrangements so that the board of students attending the schools may be given a reasonable rate. The Evening Citizen in recording the departure of the ministerial party says: "Numerous cabinet sittings here have been devoted to a discussion of the question, and the attitude to be assumed by the ministers is well defined, though for obvious reasons it is not made public. It is freely predicted, however, that negotiations, be they as full and free as they will not prove abortive and that a treaty will be concluded. The extent of it and the interests it commends to be affected can only be speculated on. How long the conferences at Washington will last is not known. It will depend very materially upon the measure of the agreement that is reached as between the governments."

RUTHENIAN CHRISTMAS WAS CELEBRATED IN CITY SATURDAY

Nearly a Thousand Natives of Ruthen in Are Now Living in Edmonton—Historical Associations of the Ruthenian Christmas Are Extremely Interesting—Ruthenian Customs Do Not Differ Essentially From the English—Great Feast in Ruthenian Houses.

Saturday was the Ruthenian Christmas day and Monday was also observed as a holiday. There are nearly a thousand natives of Ruthenian descent in Edmonton of various religions and one church ministers to their spiritual wants. The historical associations of the Ruthenian Christmas are extremely interesting. The northern Yule-tide lasted twelve days, from our 25th of December to the 6th of January. Friday night was Shakespeare's Twelfth Night, and the closing day of the Christmas commemoration, or originally of Yule, a season of great festivity and of special relations between God and mankind. The church priest upon the first day of the season as commemorative of the birth of Christ, and upon the last as the anniversary of his epiphany or manifestation as the son of God thus doubly giving Christian significance to the central idea of the old Gothic festival. Observed in England. In this way the Epiphany became

OLD COMMON SENSE. Change Food When You Feel Out of Sorts.

"A great deal depends upon yourself and the kind of food you eat," the wise old doctor said to a man who came to him sick with stomach trouble and sick headache one or twice a week, and who had been taking pills and different medicines for three or four years. He was induced to stop eating any sort of fried food or meat for breakfast and was put on Grape-Nuts and cream, leaving off all medicines. In a few days he began to get better, and now he is entirely recovered and writes that he is in better health than he has been before. In twenty years. This man is 58 years old and

THE MINISTERS ARE OFF FOR WASHINGTON

Messrs. Fielding and Paterson Go to U. S. Capital on Tariff Negotiations—Sir A. B. Aylesworth to Discuss the Fisheries Regulations.

Ottawa, Jan. 5.—This was a day of ministerial exodus to Washington. The party which left this afternoon in conjunction with the tariff negotiations and which will remain in Washington for at least a fortnight, is made up of Mr. Fielding, Mr. Paterson, Mr. Russell, tariff expert of the department of finance, Messrs. Votz and Kourke, secretaries to Mr. Fielding and Mr. Paterson, respectively. Mrs. Fielding, Mrs. Paterson and Miss South Fielding. Sir A. B. Aylesworth, who also got away to Washington to discuss with the American and Newfoundland authorities the fisheries regulations on the treaty coast, expects to be back in the Capital in time for the opening of parliament on Wednesday next. The report that Hon. Geo. P. Graham was also going to Washington in connection with the proposed international commerce board is definitely denied. Mr. Graham has gone to Montreal and will spend the week end at Brookville.

The Evening Citizen in recording the departure of the ministerial party says: "Numerous cabinet sittings here have been devoted to a discussion of the question, and the attitude to be assumed by the ministers is well defined, though for obvious reasons it is not made public. It is freely predicted, however, that negotiations, be they as full and free as they will not prove abortive and that a treaty will be concluded. The extent of it and the interests it commends to be affected can only be speculated on. How long the conferences at Washington will last is not known. It will depend very materially upon the measure of the agreement that is reached as between the governments."

YIP ON STILL FORGETFUL. Knows Nothing of Cable and Indifferent to Judge's Threats.

Vancouver, Jan. 5.—Yip On, Chinese interpreter and star witness in the inquiry into Chinese immigration, today serenely continued to puff a pipe that he had never had to do with cables or China.

SECRET SIGN ON FACE. 200 Armed Officers of London Are Scouring East End.

London, Jan. 5.—Another element of mystery developed today in the inquiry on the death of Joseph Green, the "black" back, of whom a witness found in Clapham Common last Sunday, and whose death was attributed to the police by the Home Office. A man named James, who was arrested in a raid on their den on Tuesday.

ZAM-BUK FOR PILES. Read How This Sufferer Benefited. Don't you believe that experience is better than hearsay? If you suffer from piles, just try Zam-Buk. You can do so at our expense. So assured are we of the result that we will send you a free trial box if you send us our Toronto offices full name and address and a one cent stamp to pay return postage.

Scores of people daily acquaint us with the benefit they have derived from the use of Zam-Buk. Mr. F. Astridge, of 3 St. Paul St., St. Catharines, Ont., says: "For five years I have suffered untold agony with protruding piles. The pain was so great at times I would almost scream. I lost weight and had no appetite. I tried everything I ever heard of for piles, as I was willing to take any thing to get relief. It was useless, however, and I almost gave up in despair. One day a friend gave me a sample of Zam-Buk, and told me of a friend of his who had been cured. I decided to try Zam-Buk, and the relief I got was encouraging. I used three boxes and at the end of that time I was completely cured. I wish I could have got Zam-Buk years ago; it would have saved me a great deal of misery."

SMALPOX IN THE SOUTH. One Broken Out in Calgary, Girl Came From Ontario.

Calgary, Jan. 5.—Smallpox has broken out in Calgary and although the health department has had to open up a smallpox hospital north of the city. The patient is a girl who came from Ontario. The patient is a girl who came from Ontario. The patient is a girl who came from Ontario.

DEMAND A DRASTIC ANTI-ALIEN LAW

Houndsditch and Steepy Arrays Result in Agitation For Legislation—Young Girl Betrayed to Police Whereabouts of Transients.

London, Jan. 5.—According to the latest reports, the burglar killed in the Houndsditch affray and the two men killed in the Steepy Arrays were members of a gang of about 20, all of the same type and character. It has been established that the second victim of the Steepy Affair was a Russian terrorist, who fled to England eleven months ago under the name of Sogel. He was 22 years old and a native of Moscow, Russia. He was imprisoned at Surwall, in Russia. He was released, but escaped and fled to London. The detectives detailed to the inquiry are endeavoring to discover the connection existing between the Houndsditch affray and the Steepy Arrays. Meanwhile, agitation for drastic anti-alien legislation grows stronger daily.

CHILD BRUTALLY BEATEN. By Aunt Living Near Medicine Hat.

Medicine Hat, Jan. 5.—With the loss of both feet badly frozen and a number of severe bruises on her head, in addition to being in an emaciated condition for want of proper nourishment, a little child of six years of age only, is in the hospital today. The little girl is a niece of a woman named Erickson, who lives at Medicine Hat, nearly nine miles south of Medicine Hat, and the neighbors say that the deplorable condition of the child is due to a consistent course of ill-treatment.

SUIT AGAINST C. D. SHELDON. By His Bankers to Secure Enforcement of Securities.

Montreal, Jan. 4.—Messrs. Girard, Tremblay and Company, bankers, have started suit against C. D. Sheldon, the missing stock broker, in the Superior Court. The amount mentioned in the writ is \$1,870, this representing collateral securities handed by Sheldon to his banks shortly before departure.

TO ARREST HIM IN ENGLAND. American Police Seek Arrest of Man Who Flew From Country.

Chicago, Jan. 5.—Chargés to the police of the principal cities of England and Europe, asking that F. Schneider, head of the Wisconsin Oddfellows, be placed under arrest and held until he can be sent for, were sent out by the police today. This excitement is due to the unexpected announcement of the marriage of Dr. Schneider, who is wanted in this city to answer to a charge of manslaughter. He was married to the Baroness Von Ottingen, in London, December 26th.

REPORT IS CONFIRMED. Puerto Cortes, Honduras, Jan. 9.

Continuation of the report that the revolutionists have occupied Rumania, and proclaimed General Bonilla president has been received. Puerto Cortes is quiet.

HUNDREDS LOSE THEIR LIVES IN EARTHQUAKE

Shocks Continue in Asiatic Russia at Intervals During Yesterday Afternoon—Distress of Refugees Extreme Owing to Intense Cold Weather.

Taskend, Asiatic Russia, Jan. 4.—Violent earthquake shocks continued at intervals during this afternoon at Kopal, Yorny and other places in the government of Semiretchensk, but they were not so destructive as those of the early morning hours. Unofficial reports say that hundreds of persons have been killed or wounded and that the distress of the refugees is extreme owing to the intense cold. Governor General Pokotiloff reports that a thousands families are suffering in Yurny alone, many soldiers have been injured and nearly every house in and around the town has been damaged.

GRAVES OF TWO AMAZONS. Remains of Women Warriors Found By Excavators in Etruria.

Rome, Jan. 3.—Camilla, Amazon Queen of the Volscians, has been purged of the suspicion that she was merely a poetic figment of Virgil's imagination by the discovery at Belmonte by Professor Dali Osso of the skeletons of two women warriors of the centuries before the time of Christ.

THE CREAMERY CONVENTION. At Innisfail Attended By 60 Delegates.

Innisfail, Alta., Jan. 5.—The annual provincial creamery convention opened today. Mayor West extended a welcome to the sixty delegates, representing all those engaged in the dairy industry. Hon. Duncan Marshall, Minister of Agriculture, addressed the convention, stating that the department was willing to assist in a healthful way to much all creameries paying propositions.
