Technical and Bibliographic Notes/Notes techniques et bibliographiques

The Institute has attempted to obtain the best original copy available for filming. Features of this copy which may be bibliographically unique, which may alter any of the images in the reproduction, or which may significantly change the usual method of filming, are checked below.

L'Institut a microfilmé le meilleur exemplaire qu'il lui a été possible de se procurer. Les détails de cet exemplaire qui sont peut-être uniques du point de vue bibliographique, qui peuvent modifier une image reproduite, ou qui peuvent exiger une modification dans la méthode normale de filmage sont indiqués ci-dessous.

The copy filmed here has been reproduced thanks
to the generosity of:

Library of the Public
Archives of Canada

The images appearing here are the best quality
possible considering the condition and legibility
of the original copy and in keeping with the
filming contract specifications.

Original copies in printed paper covers are filmed
beginning with the front cover and ending on
the last page with a printed or illustrated impres-
sion, or the back cover when appropriate. All
other original copies are filmed beginning on the
first page with a printed or illustrated impres-
sion, and ending on the last page with a printed
or illustrated impression.

The last recorded frame on each microfiche
shall contain the symbol → (meaning "CON-
TiUED"), or the symbol ▽ (meaning "END"),
whichever applies.

Maps, plates, charts, etc., may be filmed at
different reduction ratios. Those too large to be
entirely included in one exposure are filmed
beginning in the upper left hand corner, left to
right and top to bottom, as many frames as
required. The following diagrams illustrate the
method:

L'exemplaire filmé fut reproduit grâce à la
générosité de:

La bibliothèque des Archives
publiques du Canada

Les images suivantes ont été reproduites avec le
plus grand soin, compte tenu de la condition et
de la netteté de l'exemplaire filmé, et en
conformité avec les conditions du contrat de
filmage.

Les exemplaires originaux dont la couverture en
papier est imprimée sont filmés en commençant
par le premier piat et en terminant soit par la
dernière page qui comporte une empreinte
d'impression ou d'illustration, soit par le second
piat, selon le cas. Tous les autres exemplaires
originaux sont filmés en commençant par la
première page qui comporte une empreinte
d'impression ou d'illustration et en terminant par
la dernière page qui comporte une telle
empreinte.

Un des symboles suivants apparaîtra sur la
dernière image de chaque microfiche, selon le
cas: le symbole → signifie "A SUIVRE", le
symbole ▽ signifie "FIN".

Les cartes, planches, tableaux, etc., peuvent être
filmés à des taux de réduction différents.
Lorsque le document est trop grand pour être
reproduit en un seul cliché, il est filmé à partir
de l'angle supérieur gauche, de gauche à droite,
et de haut en bas, en prenant le nombre
d'images nécessaire. Les diagrammes suivants
illustrent la méthode.

Mining Law

We have now IN PRESS a comprehensive and carefully edited book on

"The Law of Mines in Canada"

By Messrs. W. D. McPHERSON and J. M. CLARK, M.A.,
LL.B., of Osgoode Hall, Toronto, Barristers-at-law.

THE book contains an introduction dealing with the laws relating to Mines and Mining in force in each of the Provinces of Canada having mining laws, and also in the Territories of the Dominion of Canada, and with the Crown Title to Mines and Minerals, including Mines and Minerals in Indian Lands and Indian Reserves, and also the legislative jurisdiction to deal with matters affecting mining enterprises.

The Book deals with Meanings of Terms, Mining Contracts, Covenants, Specific Performance, Rescission of Contracts, Reservations, the Statute of Frauds, so far as the same affects mining transactions, Title, the Registry and Land Titles Acts, Mining Licenses, Leases, Sales,

Purchases, Mortgages, Dower, Riparian Rights, Water, Ventilation of Mines, Support, Minerals under Railways, Highways, etc.

The Mining Acts of Ontario, Quebec, Nova Scotia, New Brunswick, British Columbia, and the Mining Regulations of the Dominion of Canada, including the Placer Mining Regulations in the Yukon District, are printed in full, with notes and comments.

The Book discusses the acquisition of mining lands or mining rights from the Crown, the tenure of same, the liability to forfeiture and Regulations in regard to working.

An important feature of the Book will be carefully prepared forms of Mining Options, Bonds, Contracts, Mortgages, Leases, etc., etc., and a carefully prepared Glossary of Mining Terms.

The work includes the Statute amendments to and inclusive of the Sessions of 1897, of the Parliament of Canada and the Legislative Assemblies of the Provinces of Quebec, New Brunswick, Nova Scotia, and British Columbia, and to and inclusive of the Session of 1897-8 of the Legislative Assembly of the Province of Ontario.

This being the only Canadian text-book on the subject, will, it is seen, be indispensable to those interested in mining affairs.

The edition is limited and orders will be filled in the order of receipt.

It will be printed on first quality royal octavo size book paper, from new type, and will probably exceed 800 pages.

The price will not exceed \$1.50 per 100 pages, and the Book will be ready for delivery at an early date.
