The copy filmed here has been reproduced thanks to the generosity of:

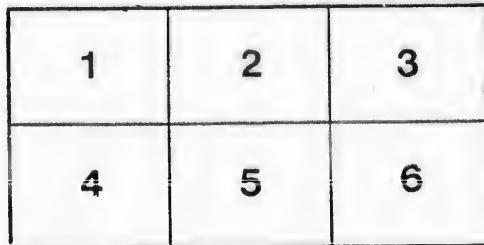

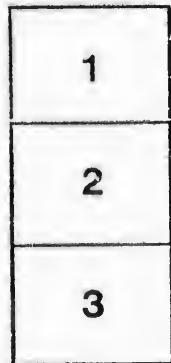

Metropolitan Toronto Library  
Canadian History Department

The images appearing here are the best quality possible considering the condition and legibility of the original copy and in keeping with the filming contract specifications.

Original copies in printed paper covers are filmed beginning with the front cover and ending on the last page with a printed or illustrated impression, or the back cover when appropriate. All other original copies are filmed beginning on the first page with a printed or illustrated impression, and ending on the last page with a printed or illustrated impression.

The last recorded frame on each microfiche shall contain the symbol → (meaning "CONTINUED"), or the symbol ▽ (meaning "END"), whichever applies.

Maps, plates, charts, etc., may be filmed at different reduction ratios. Those too large to be entirely included in one exposure are filmed beginning in the upper left hand corner, left to right and top to bottom, as many frames as required. The following diagrams illustrate the method:

L'exemplaire filmé fut reproduit grâce à la générosité de:

Metropolitan Toronto Library  
Canadian History Department

Les images suivantes ont été reproduites avec le plus grand soin, compte tenu de la condition et de la netteté de l'exemplaire filmé, et en conformité avec les conditions du contrat de filmage.

Les exemplaires originaux dont la couverture en papier est imprimée sont filmés en commençant par le premier plat et en terminant soit par la dernière page qui comporte une empreinte d'impression ou d'illustration, soit par le second plat, selon le cas. Tous les autres exemplaires originaux sont filmés en commençant par la première page qui comporte une empreinte d'impression ou d'illustration et en terminant par la dernière page qui comporte une telle empreinte.

Un des symboles suivants apparaîtra sur la dernière image de chaque microfiche, selon le cas: le symbole → signifie "A SUIVRE", le symbole ▽ signifie "FIN".

Les cartes, planches, tableaux, etc., peuvent être filmés à des taux de réduction différents. Lorsque le document est trop grand pour être reproduit en un seul cliché, il est filmé à partir de l'angle supérieur gauche, de gauche à droite, et de haut en bas, en prenant le nombre d'images nécessaire. Les diagrammes suivants illustrent la méthode.

REPORT OF THE DIRECTORS  
OF THE  
**Liverpool and London**  
**FIRE AND LIFE INSURANCE COMPANY**

*To the Twenty-sixth Annual General Meeting of  
the Proprietors, held pursuant to the Provi-  
sions of the Deed of Settlement, on the 13th  
day of February, 1862, in the Public Sales'  
Room, Liverpool and London Chambers,  
Liverpool.*

—0—

The events of the year 1861 have pressed with unusual severity on the interests and resources of Fire Insurance Companies. That pressure, however, has demonstrated that the ability of those institutions is equal to the heaviest strain, and that the almost unlimited confidence reposed in them, is fully warranted. The LIVERPOOL AND LONDON has had to meet its share of the disasters, but the large addition to its revenue enables the Directors to render, notwithstanding, the following not unfavorable account of the year's experience and results.

**FIRE DEPARTMENT.**

The Premiums received for Insurance  
against Fire amount to..... £360,130 19s. 9d.  
Whilst those for 1860 were..... 313,725 12 7

Showing an Increase in the year of £46,405 7 2

BR  
368.32  
L495

The Directors conceive that these figures, coupled with the fact that to the augmentation of the Premiums all the branches, with one trifling exception, have contributed, will be deemed satisfactory by the proprietors. They know how frequent and how serious fires have been, and will recognize in the important progress now registered the best evidence that in all things and at all times the reputation of the Company has been cared for and the public confidence secured. The losses of the year amount to £249,313 19s 5d.

### LIFE DEPARTMENT.

A large Life business has also been transacted. The number of Life Policies issued is 754, insuring £448,562, and producing in premiums £13,793 13s 6d. The accounts show that the total received from this source was £135,974 2s 3d, and the amount of claims paid £75,132 9s 2d. Of the annuitants, thirteen have died, to whom £273 7s 4d was annually payable; and fifty-one new bonds have been issued, under which the annuities are £1960 13s 10d. The total sum now payable in annuities is £21,271 17s 2d, and the balance at the credit of the department at the close of 1861 is £762,262 15s 9d; against that of 1860, £707,785 7s 3d; showing an addition of £54,477 8s 6d to the Life reserve as the result of the business of the year.

### BRANCH ESTABLISHMENTS AND AGENCIES.

The proprietors will not fail to perceive that much of the improvement now noted is to be ascribed to the activity and zeal of those who, at greater or less distance from the centres of operation, labor earnestly and ably to advance the interests of the Company in their respective localities.

### RESERVED SURPLUS FUND.

This Fund now amounts to £216,421 11s 11d.

### PROFIT AND LOSS.

The balance at the credit of this account is £200,496 3s 9d., and from it the Directors propose to take the same dividend which the Proprietors have received for

several years; and when that has been paid the balance of undivided profit will be £144,218 19s 9d. The following table exhibits the amounts at the credit of the several funds of the Company:—

Capital paid up.....	£189,002 0 0
Reserved Fund.....	216,421 11 11
Life Fund.....	762,262 15 9
Profit and Loss.....	144,218 19 9
	£1,311,905 7 5

This large sum is satisfactorily invested, and such part as is held by the Boards abroad is certified by them to be amply secured.

The Board is now able to report that the Lancashire Company entirely failed in the endeavour to set aside the guarantees they had given on Risks in Valparaiso, under which claims had been made.

In conclusion, the Directors look back with some pride on the success of the past, and forward in strong hope of yet greater things.

The CHAIRMAN, in moving the adoption of the Report, said he would not occupy the time of the meeting with any remarks. When they took into consideration the circumstances of the case, and the heavy losses which had been sustained at the commencement of the year, and not only by that Company, but by other offices, particularly by the fire in London, they had great reason to be thankful. He thought there was no strong probability of so many losses occurring again as had been sustained during the last year; he referred especially to the London fire. He congratulated the proprietors on the result of the year, and expressed an opinion that there was no probability of anything occurring to arrest the progress of that advance which the Company had been making for many years of going on prosperously.

Mr. SAMUEL ASHTON, of Manchester, seconded the adoption of the Report, remarking that the document spoke for itself.

The motion was carried unanimously.

Mr. CHARLES MOZLEY moved a vote of thanks to the Directors, and in so doing said they must all believe that the Board of Directors had devoted their best attention to the interests of the Company. It was quite true that the progress of the Liverpool and Lon-

don Insurance Company had been of an extraordinary description, but they must attribute that progress not only to the force of events, but to the care and attention paid by the Board of Management.

Mr. MOSS seconded the motion, which was carried.

The CHAIRMAN acknowledged the compliment paid to him and his brother directors. He remarked that the Directors were using the best means in their humble power to carry out the concern in all its integrity,—with uprightness and honour, both as regarded the proprietors and the assured. They had never resisted payment of any claim without having ample and full grounds for so doing. In continuing their services, the Directors would do all in their power to promote the prosperity of this great concern. (Applause.)

Mr. A. P. FLETCHER moved that the retiring directors—Messrs. Gilmour, Haigh, Littledale, Marriott, Parker, Swainson, and Tobin—be re-elected.

Mr. C. J. CORBALLY seconded the motion, which was carried unanimously.

On the motion of Mr. W. EARLE, seconded by Mr. MARRIOTT, thanks were voted to the various local Boards of Directors at home and abroad.

The CHAIRMAN proposed a vote of thanks to their respected Secretary, Mr. Boult. An experience of twenty years as a member of the Board of Directors enabled him to speak of the services of Mr. Boult, who he believed was the main spoke of the prosperity of the concern. (Applause.) He would not in their Secretary's presence enter at large into a description of his particular merits; he was active—he (the chairman) told him sometimes that he was a little sanguine—he was active, industrious, and, he believed, as honourable as any gentleman in Liverpool.

The proposition was carried by acclamation.

Mr. BOULT acknowledged the compliment in a suitable manner, and concluded by saying he trusted he should always be found worthy of the trust reposed in him.

In reply to a question,

The CHAIRMAN replied that the loss sustained by the Company by the London fire was only from £40,000 to £43,000.

A vote of thanks was passed to the Chairman, and the meeting broke up.
