TWELVE PAGES—TUESDAY MORNING SEPTEMBER 10 1912—TWELVE PAGES VOL. XXXII—No. 11,727

GLOWING TRIBUTE PAID TO PREMIER'S SERVICES AS AN EMPIRE BUILDER

Notable Gathering at Chateau Laurier Including Sir George Reid, United in Premiers' Statesmanship Shown By Hon. Mr. Borden—Premier Urges State of Preparedness for Attack.

OTTAWA, Sept. 9.—(Special.)—Right Hon. R. L. Borden was accorded a demonstration at a banquet at the Chateau Laurier here to-night that in point of enthusiasm and fervor has never been surpassed, if ever equaled, in the political history of the capital. Although given by the Conservative Association, the gathering could scarcely be termed a party one, many prominent Liberals being present. These included Senator W. C. Edwards, a life-long Liberal and uncompromising free trader. The great dining hall of the Chateau Laurier was packed, upwards of five hundred present.

Mr. Borden delivered a speech of great eloquence and power, and one that will rank with his greatest efforts in the past. While he did not touch directly on what the naval policy of the government might be, he declared in ringing tones that he believed that Canadians were alive to their responsibilities and that the Dominion would be her duty as one of the great sisterhood of nations beneath the British flag.

It was ten o'clock before the speaking was commenced, and after the singing of "O Canada," which elicited a tremendous chorus of applause, the King was honored in the usual manner. Then, amidst tremendous cheering and applause, Premier Borden arose and said that if he should be permitted to interrupt the scheduled proceedings he would ask that a toast be given in honor of a great citizen of the Australian Commonwealth—Sir George Field. The interests of the Commonwealth and the Dominion were linked together and Canadians would always watch with kindly and brotherly interest the progress of Britain's great empire across the Pacific. He asked that Sir George be heard, as he was anxious to leave for Toronto.

When Sir George arose to respond, he was greeted with prolonged cheering. In a brief but eloquent speech he congratulated the premier and Mr. Borden, and also paid a high tribute to Lord Strathcona, as a great Canadian. Sir George's words elicited great enthusiasm.

Great Reception.

H. P. Hill, the chairman, then arose, and in a few well chosen words referred to the great reception accorded Premier Borden in London, whom he said returned from London with the assurance that his name would be stamped indelibly upon the pages of "Canadian history." He had gone to the heart of the empire with the respect and good wishes behind him of the Canadian people, irrespective of party, and he returned with that respect, loyalty and admiration enhanced. As a result of Premier Borden's visit, the sun of Canadian national sympathy had set, and Canadians were now determined to shoulder empire responsibilities upon a fair and equitable basis, within the great sisterhood of nations that composed the British Empire.

Remarkable Demonstration.

When Mr. Borden arose to reply, he was greeted with a most remarkable demonstration. It was some moments before he could make himself heard, the whole assembly arising and cheering frantically.

In his opening remarks, the premier showed great feeling. In simple language he thanked the assembly which was a truly national one—for the hearty welcome they were extending him. He was pleased and deeply touched to see the faces of so many old friends, who in the dark, weary political marches of the past, strode beside and fought shoulder to shoulder with him. He was particularly glad to see that Stewart delegation from his old native Province of Nova Scotia, the fairest of all the provinces.

Passing on to express his pleasure at returning home, the premier said that like the Latin poet of old, he could say, "None of these lands that I have visited is as good as you, my Canada." Mr. Borden then spoke gratefully of the welcome home extended him by Canadians, irrespective of politics.

Liberals Equally Loyal.

He then paid a generous tribute to the Liberals of Canada. "It is a foolish man indeed," he said, "who labors under the delusion that the Liberal party is not loyal to the best of the British Empire, and in the way they deem wisest, and best are working for its uplift and advancement." The premier then told of his reception in England and France. As to the naval policy he had nothing further to say than was given out in an official

PELLETIER PUT UP A FIGHT FOR STATE CABLE

Sir J. Henniker Heaton Lauds Determined Efforts of Canadian Minister, and Regrets British Government's Lack of Response—Penny-a-Word Cablegrams Coming.

LONDON, Sept. 9.—(C. A. P.)—Sir J. Henniker Heaton spoke in the highest terms of praise of Hon. Mr. Pelletier for the determination with which he fought here for a state-owned cable in order to break up the cable rings. Hon. Mr. Pelletier, he said, has the active support of the Australian and New Zealand Governments in his efforts, but the British Government for some reason or other doesn't see its way to adopt the proposal, but instead joined in making overtures to the companies, in consequence of which a three penny deferred telegram rate was agreed upon. Hon. Mr. Pelletier pressed for more than that. He wanted three pence a word for ordinary messages and a shilling rate for urgent and coded telegrams, "and," added Sir Henniker, "he'll gain his point, too, very soon and show the absurdity of the so-called deferred messages."

Capacity Not Taxed.

Sir Henniker pointed out the carrying capacity of cables to America was 25,000,000 words per annum, and only 25,000,000 were sent. It was true there was a great rush of messages during a few hours every day, but one. Sixteen lines to the United States and Canada should be placed at the disposal of non-code or non-urgent senders. The delay should never exceed a few hours. If all cables of the world were destroyed tomorrow they could be reconstructed at a third of the cost. We were now paying for abandoned cables, superfluous cables, watered stock and all the plundering and blundering of the past.

Dream to Be Realized.

He believed that a fair settlement with the cable companies would be come to. With the establishing of a penny a word telegram with a minimum of twelve words for a shilling through the world with the active support of the British Empire League his dream would be realized in less than ten years.

To Develop German-Canadian Trade

LONDON, Sept. 9.—(C. A. P.)—Dr. Streamag, one of the managers of the powerful Hansa League of German Merchants and Manufacturers, will leave for America today to attend the International Congress of Chambers of Commerce at Boston and afterwards will proceed to Toronto, where he will address a meeting of Canadian and German business men.

REPUBLICANS GAIN MAINE GOV. PLAISTED DEFEATED

State Elections Expected to Show Small Majority, Reversing Outcome of Previous Elections—Republican Vote Gained 9 Per Cent. While Democrats Lost 8 Per Cent.

PORTLAND, Me., Sept. 8.—(Can. Press.)—Maine turned back to the Republican party in the state election today. William T. Haines of Waterville being elected governor over Gov. Frederick W. Plaisted, his Democratic opponent, who sought a second term, while the Republicans regained one of the two congressional districts lost to the Democrats two years ago. The new legislature is expected to have a small Republican majority, although returns before midnight were not sufficient to show whether former Congressman Edwin C. Burleigh, Republican, or Senator Obadiah Gardner, Democrat, will be sent to the United States Senate for the term beginning next March.

Returns for governor from 550 out of 634 election districts gave Haines, Republican, 66,121; Plaisted, Democrat, 62,127.

The corresponding vote for 1910 was: Haines, Republican, 60,556; Plaisted, Democrat, 67,501.

These returns show a Republican gain of 9 per cent. and a Democratic loss of 8 per cent. If the same percentage is maintained through the state, Haines' election is indicated by about 3750 plurality, compared with 8660 given Plaisted in 1910.

The congressmen elected are: First district—Asher C. Hinds of Portland, Republican. Second district—D. J. McGillicuddy of Lewiston, Democrat. Third district—Forest Goodwin of Skowhegan, Republican. Fourth district—Frank E. Guernsey of Dover, Republican. Hinds, McGillicuddy and Guernsey were re-elected.

WESTERN CROP WILL NOT EXCEED THAT OF YEAR AGO SAYS SIR WM. MACKENZIE

President of C.N.R. Returns From Annual Trip of Inspection—Says Transcontinental Line Will Be Completed by Next Year—Plans for North Toronto Station Are Ready—Millions for Vancouver Terminals.

"The Western Canada crop, while equal to it, will not exceed that of last year," declared Sir William Mackenzie, president of the Canadian Northern Railway, in an interview with The World last night. Sir William returned to Toronto after his annual trip of inspection to the west. This year he proceeded right thru to the coast. He returns in splendid health and spirits and with an optimistic outlook regarding the future progress and welfare of the C. N. R. in Western Canada.

Sir William said that he saw plenty of wheat cut throughout the west, but no threshing had been done yet. This was bad, as the crop had been hampered by much wet weather and the result would be that instead of the record crop prophesied, the crop of the west would only equal that of last year.

The railway magnate was enthusiastic over the progress being made with the construction of his road in the west, and showed it by stating that he expected the completion of the C. N. R. transcontinental line right thru from Montreal to Port Mann by next fall.

This was not all. Not only is the line to be completed right across by the fall of 1913, but the president stated that it was just possible that the Canadian Northern Railway would be a factor in moving the 1913 crop on the completed line. It was only just possible, but Sir William was hopeful.

The connection thru to the coast will mean that the line between Montreal, Ottawa and Toronto; the Northern Ontario link connecting Ontario with the west at Port Arthur, and the long stretch of line under construction connecting Edmonton with Vancouver and Port Mann will all be laid by the fall of next year.

Connecting Links.

The C. N. R. president had another announcement to be made regarding the progress being made with the construction of his railway in the west. This was the completion of the connecting links between three important western cities which will be almost immediately effected. By this the cities of Edmonton, Calgary and Saskatoon will be joined together by C. N. R. connection. This will be brought about by the completion of the line from Edmonton, by way of Yegreville and Camrose, to Calgary, and the completion of the Calgary-Saskatoon connection, the latter giving a thru direct route by C. N. R. between Calgary and Winnipeg. The announcement is now made that this important triple connection will be completed by the middle of next month.

Not only have the rains in the west affected the crops, but the railways have also suffered from the weather, stated Sir William, who added that but for the rainy weather even greater progress would have been made with C. N. R. construction in the west than has been the case.

Toronto-Hamilton Line.

A start on the C. N. R. line between Toronto and Hamilton may be made any time now. The president said that the plans and arrangements for this were now practically completed and ready for work to begin this fall.

The same was also true regarding the joint C. N. R. and C. E. R. North

Continued on Page 7, Column 1.

FELL INTO HOLE BADLY INJURED

Wilber Webb May Die of Injuries Sustained by Falling Into Unprotected Excavation.

Wilber Webb, 45 Marjory avenue, was very seriously injured, perhaps fatally, and Fred Sykes, 58 Howland avenue, was badly bruised and shaken up when both fell into a sewer excavation on Carlaw avenue, just opposite the Gourlay, Winter and Learning Piano Factory, about 300 yards south of Gerrard street, last night at 9.30. The hole is 12 feet deep and 9 1/2 feet wide. On the east side of Carlaw avenue is no sidewalk, neither is there protection of any kind that would keep pedestrians from falling into the hole. The west side is protected. Anyone walking along the east side would naturally think from the look of the excavation, that it was a filled up hole or a shadow. No lights are about nor is there a watchman nearby. The excavation is over 200 yards long.

WARM WELCOME FOR DELEGATES

All Arrangements Completed for Ontario Sunday School Association Convention in Hamilton.

Invitations for 725 delegates to receive free lodging and breakfasts have been issued by the Hamilton committee of arrangements for the approaching provincial convention of the Ontario Sunday School Association. The courtesy will be extended to the regular delegates to the convention. Toronto is entitled to 100 regular delegates. In addition several hundred delegates at large will, it is expected, attend the gathering, which will be the forty-seventh annual convention.

SHANGHAI, Sept. 8.—(Can. Press.)

An immense loss of life is reported in mail advices which have just been received from Wenchow, in the Province of Chekiang. The Chinese estimates give the death toll as between 30,000 and 40,000 as the result of a typhoon, combined with torrential rains and high tides which occurred on Aug. 28. Great floods followed and the upper Wenchow River overflowed its banks and swept over a vast area.

BOYS STEAL PAPERS

One Was Fined and Others Have Been Summoned for the Offence.

Young boys in Toronto have a bad habit of stealing morning papers from doorsteps and selling them. Yesterday one appeared in the juvenile court and was fined \$2 for the offence, and today several others are scheduled to appear on a like charge. The offence is not only criminal—it causes the man to whom the paper had been delivered misfortune at his morning meal or on the way to work, perhaps the only time throughout the day he has a chance to read a newspaper.

TOOK A HAMMER TO EXPLODE GUN

Harry Reeves of Humber Bay Shot an Eagle That Measured 7 1/2 Feet Across Wings.

Harry Reeves of Humber Bay, who lives near the second bend of the river, killed a large fish eagle yesterday afternoon in a novel way. He saw the bird on top of a telegraph pole, and secured his shot gun. He aimed at the bird, pulled the trigger, and was surprised to see the eagle still on top of the pole. The gun failed to go off. Reeves found that the trigger was out of order. He then went into his house, got a hammer, took another aim at the bird, struck the hammer of his gun with the common or garden variety of hammer he held in his hand, exploded the cartridge and killed Mr. Eagle. The bird measured 7 1/2 feet from tip to tip, and is being mounted.

FIREMEN OVERCOME

Dense smoke laid out two firemen at a blaze at the Dominion Cork Company's premises, at 150 Pears avenue, yesterday morning, when damage to the extent of 10,000 was done. The fire started from a big resin pot in the basement. A night watchman at the Hess factory, across the road, was the first to notice it. The blaze was confined to the basement by the firemen. They soon had it out. The damage was done to the cork stored in the part of the premises where the fire originated.

Floods Sweep Over Wide Area—10,000 Fall Victims in a Single Town.

LABOR DELEGATES AT PRISON FARM

Keir Hardie, M.P., and Visitors in General Delighted With Humane Treatment Given Prisoners

GUELPH, Sept. 8.—(Special.)—There was no session of the Dominion Trades Congress this afternoon, but instead the delegates accepted the hospitality of the reception committee of the local Trades and Labor Council and paid a visit to the provincial prison farm. Officials of the C. P. R. supplied a special train free of charge for the purpose, and nearly every delegate took advantage of the trip.

FRANCHISE HIS SKULL

Henry Clover Removed to Hospital Today in Serious Condition.

Henry Clover was taken to St. Michael's Hospital from 45 West Richmond street this morning about 1 o'clock in an unconscious condition. He has a concussion of the brain, caused from a fracture at the base of the skull, and is in a very serious condition.

Yesterday one appeared in the juvenile court and was fined \$2 for the offence, and today several others are scheduled to appear on a like charge. The offence is not only criminal—it causes the man to whom the paper had been delivered misfortune at his morning meal or on the way to work, perhaps the only time throughout the day he has a chance to read a newspaper.

NORTH TORONTO ANNEXATION

Petitions calling upon the North Toronto Council to carry out the people's vote are now in circulation. Owners of North Toronto property who reside in the city can sign the petition at the office of Ussher & Co., 46 West King street.

VICTOR ROSS MOVED

Left Hospital Yesterday and Will Be Fully Recovered in a Month.

Victor Ross, financial editor of The Globe, who was badly injured in the motor car accident at Richmond Hill early in July, when R. A. Smith was killed, was removed from St. Michael's Hospital last night and taken to his home. The doctor, who is attending him, said that he thought that Mr. Ross would be fully recovered again in about one month's time.

Some fasten-nish, nice all sizes, s in in Home, lines in esday, only and other oraries, sit-s, greens, rs: nel or im, foot .1 k. Special as mas, made of stripe effects, hat is double-pearl button side pocket. Tuesday 1.00 Men's 59c e linen and combinations, awers, short few slightly the lot. Hydro at Perth Fair.

ST. MARY'S, Sept. 8.—(Can. Press.)—The South Perth Agricultural Society has arranged for a hydro power demonstration here in connection with their fall fair, Sept. 24-25. The threshing machine, churn and other agricultural implements, in addition to the milking of cows, will be called into play. Great interest is being aroused throughout the town and country in connection with the demonstration, which will be on for the two days. Hon. Adam Beck, it is expected, will be in attendance.

FALL CAUSED DALE'S DEATH

Caledon Farmer Broke Neck in Pitching Forward From Chair in Hotel Barn.

ORANGEVILLE, Sept. 9.—(Special.)—That James Dale, Caledon farmer, found dead in the barn of the Alexandra Hotel, was killed by a fall from a chair on Tuesday night, Sept. 8, was the verdict returned by Coroner Hendry's jury tonight. Although he fell only about 18 inches, the manner in which he pitched forward caused his neck to be badly broken.

SELLING LIQUOR ON THE STREETS

Drivers for Shop License-Holders Take Orders and Deliver Goods at the Same Time.

For some time past drivers employed by shop liquor licenseholders have been selling their liquor in direct contravention to the Ontario License Act. The practice, the illicit, is very lucrative, and has resulted in large increases of the shopkeepers' weekly incomes.

Although he fell only about 18 inches, the manner in which he pitched forward caused his neck to be badly broken.

ALDERMEN AVOID CONFLICT WITH BOARD OF EDUCATION

Fire and Light Committee Recommend That Building in Technical School Grounds Erected Without a Permit—Be Not Torn Down as Ordered by Council—Controllers Visit Civic Car Lines—Abattoir Site Endorsed.

By passing a recommendation to the board of education, the council that the board of education be permitted to retain their wooden building, situated in the rear of the technical school grounds on College street, provided the city council, in its recent meeting, would not be used for more than two years, the fire and light committee yesterday afternoon probably avoided what appeared to be a direct conflict between the city council and the board of education. Without obtaining a permit, the latter body erected the building which, according to Chief Thompson of the fire department, constituted a danger to the neighborhood from a fire standpoint, and hence the city council, in its recent meeting, determined that the structure should be torn down, in spite of the fact that it was erected to relieve the overcrowding of the school.

The matter came before the committee by a letter from Superintendent C. H. Bishop of the board of education, in which the board's side of the case was given. When the letter was read, Chairman Aid. Hilton objected to the matter being discussed at all. "The letter should be filed," he said. "The council and this committee have already passed upon the matter and it has been ordered that this building should be torn down. If you do not respect the laws of this city it should be the civic departments." When asked his opinion, Chief Thompson said that the building was situated in a grade A district, where no wooden structures were permitted according to the civic bylaw.

Ald. Yeomans and Aid. Rawlinson, while not endorsing the action of the board of education, recommended that no action be taken with reference to pulling down the building. The latter alderman suggested that the board be ordered to cover the structure with corrugated iron and remove it in two years' time. At the conclusion of the discussion, this suggestion was put in the form of a motion and carried.

In explaining the board of education's attitude, Mr. Bishop in his letter stated that in the case of the law letter on the technical school grounds you will notice that our request was sent to the fire and light committee July 2 and we had no reply to our communication until the letter of Mr. Sanderson, dated August 1, simply asking us the length of time we desired the building to remain. Mr. Sanderson's enquires, and having no further information from your committee, we assumed that the request would be considered as favorable as others of a similar kind, and on the 7th inst. ordered material and proceeded with the work in order to have the accommodation available for the opening of the school next week.

To Change Location.

The board of education requested permission to take down portable buildings at the Earlscourt School and Fern Avenue School respectively, and the committee granted the application.

Want Hydro Lights.

W. F. Rose of 1077 Danforth avenue appeared before the committee and asked that hydro lights be placed on Danforth, Rhodes and Drayton avenues, and it was agreed to urge the city council to take action in this matter. Mr. Rose claimed that the lack of lights on these streets was retarding the growth of the district. He also presented a petition signed by the residents on Drayton and Rhodes.

Ald. Anderson wrote asking when the streets in Ward Seven would be lighted on both sides. The committee sent a memo on the subject to the Hydro Electric Commission, and also added the name of Fairview boulevard.

Earlscourt Fire Hall.

Commissioner Chesholm stated yesterday that a site for the proposed Earlscourt fire hall had been chosen at the northwest corner of Ascot and Earlscourt avenues. The property, which at present belongs to J. J. Little, has a frontage of 115 feet and will cost \$4000. The 43 feet at the corner can be obtained at \$40 a foot, the remainder on Ascot avenue at \$30 a foot. Assessor Commissioner Forman recommends the purchase.

Neighborhood Work.

The proposal to obtain a building for neighborhood work in connection with the Elizabeth street playground was the chief topic before the parks committee yesterday afternoon, and after discussing the question, it was decided to leave the matter in the hands of a subcommittee, composed of Aid. Wanless, Graham and Rawlinson. The board of education offered to give the city the old Elizabeth street school but it was claimed that it would cost \$15,000 to move it to the playground site at the north. Controller Foster contended that for this sum a new building could be erected. Several social workers interested in the venture, offered to do so, if work grants if provided accommodation.

New Park Site.

The proposal to secure the Glen Stewart property on the Kingston road for park purposes, was left in the hands of a subcommittee, and the mayor, who were instructed to wait upon the owner, Senator Cox, to find out upon what terms it could be secured.

Normal School Grounds.

A subcommittee was also appointed to wait upon Premier Whitney and the provincial cabinet with reference to securing the normal school grounds for park purposes. The aldermen were of the opinion that the city should obtain this property, and it is claimed that the government should display a little benevolence and make a gift of the site. It was obtained in the first place for \$15,000, and it was argued that its increased value was due solely to the city.

Salary for Widow.

Commissioner Chambers recommended that the city pay 12 months' salary to the widow of Chas. Seymour, who died last Tuesday after having been bitten by a bear in the Riverview Zoo, while discharging his duties as an attendant there. Mrs. Seymour has five little children, and the committee agreed to recommend that 12 months' salary of \$240 be paid.

Ald. Wanless moved that Brunswick avenue be extended from Wells street

SUNG HYDRO FOR \$8,000,000

Hon. Wm. Hart, Who Secured Chats Falls for \$2000, Now Demanding Big Compensation.

OSHAWA, Sept. 9.—Claim upon the Ontario Hydro Electric Commission for three million dollars is made today by Hon. Wm. Hart, of Kingston, and D. O'Connor, K.C., of Ottawa, for damages for the expropriation by the commission of the Chats Falls, on the Ottawa River.

Part of the property, which consists of a number of islands was secured in 1883 from the Ontario (Liberal) Government by Mr. Hart. The balance was granted Mr. O'Connor last fall by the Laurier government. No development work has been done.

The owners paid under \$3000 for what they now seek three millions, for they claim that 50,000 horse-power can be developed.

The expropriation was decided upon by the commission last spring after a conference at Ottawa.

NEW McLAUGHLIN FACTORY

Big Oshawa Firm Enlarges Present Premises.

OSHAWA, Sept. 9.—The McLaughlin Carriage Co. of Oshawa have taken out a permit to build an addition to their factory, two storeys high, 250 ft. x 40 ft. Their present manufacturing facilities are inadequate to meet the increasing demand for McLaughlin motors. This large addition to an already enormous factory is an excellent indication of the popularity of McLaughlin products.

Shot Sweetheart And Then Himself

Arthur Dupuis, Rejected by Mary Fontaine, Ended Both Lives in Village Near Ottawa.

OTTAWA, Sept. 9.—After refusing for the second time inside of twelve hours to tell Arthur Dupuis that she liked him, Mary Rose Fontaine was murdered by her rejected lover shortly after eight o'clock this morning.

The tragedy occurred a short distance from the village of St. Joseph d'Orleans, eight miles from this city in the County of Russell, and the murderer after committing his crime turned the double-barrelled Winchester rifle upon himself and committed suicide.

WOMEN ALL VOTE FOR THIS PLAN

There is Not a Woman in This City That Will Not Cast Her Ballot in Favor of It.

Speaking of "votes for women," it goes without saying that every woman in Toronto will vote for the popular distribution of the Bible now being conducted by the World.

This is the illustrated Bible, and those words, "the illustrated" ought to be capitalized.

It is "the illustrated" Bible, because there is not another Bible like it in the world. Every illustration in it is made to fit a particular "verse" or subject, in this respect it is entirely different from any other.

It matters not how many Bibles one may now possess, unless they make plain many heretofore obscure passages.

Even if one is not a member of a religious organization, he will appreciate the educational merits of this Bible in which every picture has a meaning.

Children are always attracted by pictures and this illustrated Bible holds their attention.

When wouldn't all women vote for a plan that practically gives this Bible to every reader? You can always depend upon a woman's judgment in such matters. Ask "her" what she thinks of it.

There are both Catholic and Protestant editions to choose from, each in two different styles of binding. Turn to the certificate on another page of today's issue and find the plan explained thereon.

DEATH LIST NOW SEVEN

Three Others Dying as Result of Motorcycle Piling.

NEWARK, N.J., Sept. 9.—The death list resulting from the accident at the motordrome yesterday, which Eddie Hasha crashed into the grand stand on his machine during a motorcycle race, was increased to seven today by the death of E. Barlett, whose skull was fractured.

Three other victims, two of them boys under fourteen years of age, are not expected to survive, the coroner has decided an inquest unnecessary.

HON. J. O. REAUME INVESTIGATING

CHATHAM, Sept. 9.—(Special.)—Hon. J. O. Reaume, Magistrate Leggot, Postmaster Wigle, A. Harrahan and Fish Inspector Victor Chauhan have left for Mitchell Bay and Chamae. The party are making a cruise over all the local fishing grounds, gathering data on the fishing situation and interviewing the fishermen of the district.

WESTERN CROPS 220,000,000 BUS.

Increase Over Last Year is Almost 16,000,000 Bushels—United States Tempts Barley Growers.

REGINA, Sept. 9.—(Can. Press.)—The estimate of the department of agriculture of the crop of 1912, based on reports received from 1800 correspondents, follows:

The total yield of wheat, oats, barley and flax, is estimated at 228,468,154 bushels, or an increase of 15,753,801 bushels over the crop of 1911. This was grown on an estimated acreage of 522,358 acres.

Wheat shows an increase both in acreage and in average yield. Oats show an increase in acreage, but a slight decrease of the average yield, while barley and flax show increases in acreage and in yield.

It is curious to note that crop list No. 7, the northeastern, had the smallest average yield of wheat, but had the largest yield per acre.

The district with the largest acreage under barley is the southeastern, possibly on account of the proximity to the U. S. markets. The increase in flax acreage is largest in those districts which have the least railway facilities, as the farmer with a long haul can obtain more money for his load of flax than he can for any other kind of grain. He can also get quicker returns as flax is the most suitable crop for newly broken land.

PECULIAR DEATH OF RIVET HOLDER

Wm. Crandall Struck in Neck by Small Piece of Steel, and Died of Strangulation.

William Crandall, a rivet holder, while at work on a new building which is in the process of construction at 188 West King street, had a tiny steel flake from the rivet he was holding fly into his neck. It lodged in the carotid artery. He died in less than two minutes from strangulation. When the splinter lodged in his neck he was unable to throw up his hands and exclaimed that something had hit him. All the time he was fighting for breath. The body was removed to the morgue and an inquest will be opened. Crandall was 20 years of age and boarded on John street.

INFANTILE PARALYSIS.

Louisa Leeks, the youngest child of Mr. and Mrs. A. Leeks, 114 Gledhill avenue, died suddenly, Sunday morning, from infantile paralysis. The child evidently contracted the disease from exhibition visitors from the other side during fair week. She was buried the same day in Norway Cemetery.

SPELLING

becomes Word Study with us. We teach the subject. None of this idea of assigning so many words tonight to be "heard" the next night. Before your work begins the teacher has to do his part. He tells you about them. Shows how they are used, how derived. You can't help getting interested.

Night School opens Sept. 30th. Classes open every evening now for registration. Call or Telephone No. 2388.

Central Business College

Main School and Office: YONGE AND GERRARD. Branches: Keele and Dundas, College and Grace, Queen and Lee, Gerrard and Jones.

W. H. SHAW, President.

WAR SCARE WITH ASSERTS HARDIE

Noted British Labor M.P. Assails Spirit of Militarism in Addressing Trades Congress.

GUELPH, Sept. 9.—(Special.)—Ker Hardie, British labor M.P., or decidedly radical views, was given a demonstrative welcome to the Dominion Trades and Labor Congress this afternoon.

Dealing with the high cost of living, he said it was not due to the high cost of a number of commodities, but to the speculative radicalism, which was a demonstrative welcome to the Dominion Trades and Labor Congress this afternoon.

The labor men had power to redress every wrong if they would only stand together. This was the day of trades unionism, and it was here to stay.

"You have to control the government through your votes," he said. "Mr. Varville is a direct representation of the charge that the working classes cannot produce men to direct your affairs."

Mr. Hardie deprecated the introduction of British landlords in Canada, "the system which is at the root of the poverty in the old land."

He urged his hearers to keep out of militarism, whose whole spirit was anti-democratic. "What does Canada need with an army or a navy?" he asked. "If they can get you to believe that the German workmen are wanting to fight you, your pockets can be picked with impunity. The workmen's interests are all against war and the implements of war. What quarrels have the workmen of France or Germany with you that you should dress up in a uniform and go out to shoot each other? Don't believe in the German war scare. There's millions in it for the manufacturers of supplies. It is a manufactured scare. We are now working to see that if war is declared the workmen of both countries will go on strike and make war impossible." (Cheers.)

He advocated government ownership of Canada's railways.

The congress opened with the largest attendance in its history, there being 500 delegates present, comparing with 175 at Calgary last year.

WORK WAS DELAYED

But C. N. R. Line Will Be into Calgary by November.

It was stated to The World by an official of the Canadian Northern Railway that the C.N.R. expect to have their Calgary-Saskatoon connection completed and enter Calgary by Nov. 15. At the beginning of the season a sixty-mile stretch on this connection had yet to be completed. This would have been finished, and the C.N.R. connected with Calgary by now, but for the rainy weather, which has seriously delayed C.N.R. railway construction all thru the west.

COAL 8,000,000 TONS SHORT

PHILADELPHIA, Sept. 9.—Officials of the big coal companies say that many of the mines who stopped work on April 1 have not returned to their places, and that because of lack of labor anthracite production will fall short about five million tons. This, together with the shortage

Artistic Fixtures and Gas

LABORATE fixtures are dependent, for their effectiveness, on the quality of the illuminant used. If the fixture be composed of Art Glass, the light must be white to ensure a harmonious blending of the colors.

Gas sheds an intense white light, and when used in artistic fixtures makes them an ideal setting for an efficient and reliable illuminant. You get a steady white light, no eye strain, no flickering.

At our Adelaide Street showroom we carry an immense stock of all kinds of gas fixtures. They come in all sizes, designs, and prices. We cordially invite you to look over our assortment, and are assured that you will see something that will solve your lighting problem.

Our Gift to you of this \$5 Bible No difference how many Bibles you now have, this one MAKES PLAIN the subjects by pictures printed with the type; so of all others, this is the USEFUL Bible for all. PRESENTED BY THE TORONTO WORLD

In addition to the 600 beautiful text illustrations are full-page plates of the famous Tissot pictures in handsome color. Mr. Al Edward W. Bok, editor of 'The Ladies Home Journal', says: 'This Bible has a meaning, a distinct purpose. They enrich the text, but they do more—they intelligently EXPLAIN it so that many a hitherto obscure passage assumes to thousands a new meaning through these eye-teaching pictures.'

You will enjoy this Bible, whether you belong to church or not, for its "eye-teaching" pictures make it of rare educational value to all.

This is what Abraham Lincoln said: 'No library is complete without two certain books—the Bible and Shakespeare; hardly a quotation is used in literature that is not taken from one of these books.'

Today's Free Bible Certificate will be found on another page.

"How Long Will It Last?"

the careful man asks. We can't tell how long a Burroughs Adding and Listing Machine will last, because in twenty-one years we have never yet seen one worn out.

For the careful man our little folder, "Durability," contains some interesting facts on this subject. May we mail you a copy? Burroughs Adding Machine Co. D. W. SAXE, Sales Manager, 146 Bay Street TORONTO, ONT.

Ward Seven
Teddy, the little five-year-old son of Mr. and Mrs. J. G. Wright of 72 Clark street was the victim of an unfortunate and painful accident last night. The little fellow was enjoying a swing in the grove near his home, when his hold of the rope slipped and he fell a distance of nearly 15 feet to the ground, his left arm doubling under him. Medical aid was summoned and it was found the boy had sustained a compound fracture just above the wrist. In addition to several severe bruises.

Mimico Village Council Appointed W. W. Burgess to Inspect New Pavement Now Being Laid on Lake Shore Road in Order to Ascertain if it is Up to Specifications.
MIMICO, Sept. 9.—(Special).—At the village council meeting tonight a strong protest was registered by several of the ratepayers of the village on the way the McKnight Construction Co. is said to be laying the new Dolor-way pavement thru the village on the lake shore.

Inspector Appointed
W. W. Burgess was appointed village inspector to see what kind of work is being done. Suggestions were made that an injunction to stop the work be served on the company, if it is as bad as it is declared to be.

Baseball Buffalo .5-4 ••• Tennis Ontario Summary ••• Trotting First Day at Syracuse

Baseball Buffalo .5-4 Rochester 2-2 From J. Ganzel's Hustlers

Beebe and Frill in Great Form and Rochester Never Had a Chance—Buffalo Ahead Thruout the Two Games.

BUFFALO, Sept. 9.—(Special).—Probably never were two victories more welcome to the fans than when the Herd won the double-header from Rochester today. It was not so much the effect that the result will have on the Bisons' standing, but that it means to Toronto and to Rochester. That the local fans are esteeming for the Canadian was very apparent thruout both games.

"What right has Rochester to any pennant aspirations?" That was the popular question at Baseball Park today. If the Hustlers continue to play the same as they did today they may as well say good-bye to the pennant right away. Four errors, six hits and nine runs do not show up very well for the champions' pitchers. And Hughes and Quinn at that, two of Ganzel's best twirlers.

Rochester never had a look-in in either game, and should have been shut out in the first, but for the unfortunate accident which put Beebe out of the game and compelled Holmes to go in without warming up. He lasted only one inning, but long enough for Rochester to get two runs, and was replaced by Ewing.

Beebe's finger was split in trying to stop a hot floor. Ewing finished the game and had the champions completely under his control. Jack Frill was sent to the mound in the second game and had the champions looking like a lot of two-year-olds. They came up to the plate, and away they fled and walked sheepishly away.

That was the performance of the game which put Beebe out of the game and compelled Holmes to go in without warming up. He lasted only one inning, but long enough for Rochester to get two runs, and was replaced by Ewing.

It can be depended upon that the Herd will have every effort to annex Toronto in the coming week. The Bisons play their last game on the home ground.

Table with columns for clubs, wins, losses, and percentages for International and National Leagues.

Leaflets Shutt Out Several of Our Leaflets

Connie Mack's Philadelphia Champions Put Up Listless Game of Ball—T. Jordan Has Two Near Homers.

Connie Mack's White Elephants paid a visit to the Island yesterday and put up a listless game of ball, and the Leafs scored a shut-out, 3 to 0.

The Athletics could not connect with Kent and Drake, and getting on, they usually were nipped stealing second or ran into double plays.

Franklin Baker, home-run clown; Eddie Collins, lead-off batsman; Joe Judge, a finished first-sacker; Jack Combs, a sterling heaver; and Catcher Ira Thomas, the Giant-kicker, were all on hand, but they performed more like a bush-league organization than world's champions.

Only two misplays were chalked up to the Leafs, and both came at times when they did no harm. On the other hand, Baker took a notion to boot them at the wrong time, and both his errors were turned into runs.

Meyer, the very first man-for-the-Leaflets, failed miserably in his first attempt to get going, but he was soon over the hump and he was soon running the show.

Meyer, the very first man-for-the-Leaflets, failed miserably in his first attempt to get going, but he was soon over the hump and he was soon running the show.

On the Home Stretch Leafs Lead by 1 1/2 Games

Rochester Has One More to Play Than Toronto in Two Weeks—Baseball Notes.

The Hustlers have an even dozen more games, including only four at home, while the Bisons, one at Buffalo today, three next week at Montreal, and winding up the season here with four games. The Leafs have eleven more, all at the stadium, with Montreal, Buffalo and Toronto chaser, with a lead of 1 1/2 games, or ten points, it looks like the Leafs had lost two. But the Leafs did lose two, and that was on the coast and referee the big deal by winning a brace of games today.

Rochester Herald: Report comes from Buffalo that the Hustlers are highly elated over the double-win of the Montreal team, and every player says the pennant is practically clinched for Rochester again. They say they'll win two games today.

Bring your old iron and \$3.50 to our office and receive a new 1912 Improved Hotpoint Electric Iron--the handiest, most efficient and greatest labor-saving iron ever made.

Exchange Old Irons For New

If you have an Electric Flatiron made by the Pacific Electric Heating Company or any other manufacturer--no matter how old it may be--no matter what its condition is--no matter if the guarantee has expired long ago--no matter if it is just so much junk, if you have the bottom of the iron you can exchange it for

Immigration is now rapidly increasing

Ontario Farmers Eagerly Snap Up Immigrants Who Call at the Immigration Office in Search of Work--1232 People Arrive During Past Week--All Get Jobs.

Altho for the past number of years the growth of the population of Ontario has remained practically at a standstill, the turning point has been reached and from now on a steady rise in the population of this province is to be looked forward to.

This is the opinion of two of the leading immigration officials of Ontario, and from present indications is an undoubted fact.

The change, now being brought about is, that while during other years, the tide of immigration from the old country into Ontario has fallen away to nothing about mid-summer, and remained "dead" until the following spring, immigration this year is now coming at as fast a rate or faster than it did during the spring, and what is more will continue to do so right thru the coming winter.

To show the vast tide of immigration now pouring into this province, Ontario Immigration Agent Robert Birmingham stated to The World yesterday that during the past three days more than eight hundred British immigrants passed thru the Toronto immigration office.

It is a surprise, while at this time last year only about half a dozen immigrants passed thru Toronto in a day, a visit to the government immigration office at the Union Station will show the office to be filled with eager expectant immigrants, and they are snatched up by the farmers and others desirous of obtaining more help.

The first nine days of this month have seen the arrival of 1232 immigrants from the old country, as compared with only a dozen or so during September last year. This makes a grand total of 3,782 for the year, or several times as many as any previous year.

A fine sample of the class of immigrants now coming over was in the arrival here from England yesterday of John Brighton, aged 45, and his wife, aged 46, accompanied by nine children ranging in ages from one to twenty-one years.

They were sent to Hamilton, where Mr. Brighton has obtained employment in one of the leading iron works.

Mr. Birmingham states that a number of those coming over attribute their coming to the large number of strikes that have been in progress in England, and to the consequence of the recent labor troubles has led to so much unemployment that many are leaving England for the colonies as a result.

All Get Jobs. "Every immigrant arriving here was placed in a position and we could have placed many more had they come," was the statement made at the immigration office. "Why should men leave this province for the west when the farmers in Ontario are waiting such high wages?" ask the immigration officials.

"We have now on hand applications for help from Ontario farmers who are willing to pay a salary of \$30 a month and board to first-class men and this beats all year round employment," said Mr. Birmingham. "Do not give them the west, where, practically speaking, employment with the farmers ceases with the close of the harvest and does not resume again until the following spring."

C. N. R. Brings 10,000 The same story regarding the increasing stream of immigration coming in this season is told at the immigration office of the Canadian Northern Steamships. The Canadian Northern have brought to Canada this season more than ten thousand immigrants. In fact the number has been so great that about a third of those sent over have to be carried by other lines, which the C.N.R. has special arrangements. The tide of immigration coming from the old country this year has proved so tremendous that the C.N.R. are to double their fleet by the addition of two large new steamships, which is expected.

A new immigration feature which the C.N.R. has taken up this year and which is known as the Imperial Home Re-Union, is one whereby an immigrant who can furnish twenty-five per cent. of the fare necessary to bring his wife and family over to Canada from the old land and who shows himself to be in a steady position is enabled to bring his family over and pay the balance of the fare afterwards. In this way instead of money being sent from Canada to support families in the old country they are brought over here.

Fathered by Railways. W. H. Murdoch of the immigration and colonization department of the C.N.R., stated to The World yesterday that under the new system, hundreds of families are coming over to Canada, who otherwise would have waited several years. These families are met at their starting point and conducted to Bristol by officials of the department. On board the C.N.R. steamships they are placed in charge of a matron and on the arrival at the ship at Quebec they are again met by a representative of the department. By him they are personally conducted to their destination.

Speaking of the great increase in immigration this year over all previous years, Murdoch said that those intending leaving the old land for Canada find it necessary to book their passage two months in advance. In fact the C.N.R. steamships will carry capacity right thru until next spring, and will experience the heaviest year since they were first put on by the company.

Personal. Mr. J. W. Blakeman of the Canadian Pacific Railway Lands Department leaving on Thursday for an extended tour of the west, inspecting farm lands in the interest of the Canadian Pacific Railway and their English and Canadian investors. He will cover Saskatchewan, Alberta and British Columbia.

Woman's Realm---the Household, Fashions and Society

SOCIETY

Col. and Mrs. Gooderham's musicale in honor of the Canadian Medical Association takes place at the King Edward at 8:30 o'clock on Wednesday next. The program will be given by artists entirely unknown heretofore to Toronto audiences.

Mrs. and Miss Neale are returning to town tonight from their trip to the west, and will stay with Mr. J. S. Neale, 265 Huron street, until they leave for England on the 25th inst.

The engagement is announced of Miss Marjorie Kirkpatrick, daughter of Mr. and Mrs. A. M. M. Kirkpatrick, Busholme road, to Mr. C. Douglas Maclean, son of Mr. and Mrs. Sutherland Maclean, Glen road.

The Messrs. Alfred and H. C. Boultbee went to New York yesterday by motor, accompanied by Mrs. Lapham and Miss Durand.

Sir George and Lady Askwith are at the Queen's of England.

Miss Calhoun has returned from a visit to Ulster.

Mrs. Allen Case returned from a short trip to Quebec on Saturday, having seen Mrs. Hendrie of Hamilton off to England.

Mrs. Sims has sold her house in Albany avenue, with her two daughters left last night for Calgary, where she will in future reside.

Mr. and Mrs. Frank Dargie and Mr. and Mrs. Thomas Buckler, Annapolis Royal, Nova Scotia, were in town for the Exhibition.

The Bishop of Ontario and Mrs. Lennox Mills were in Montreal last week, en route from Front's Neck, Maine, where they had for some time, to Kingston.

Mrs. Harry Symons' tea takes place this afternoon at the Metropolitan, College street.

Sir Montagu and Lady Allan, who have spent the summer at their country house at Ravenscrag, Montreal.

Dr. and Mrs. Cotton and Master James Cotton, 703 Spadina avenue, have returned from their country house in Muskoka. Miss Margaret Cotton and Mrs. Treble are remaining for some time yet.

Mr. and Mrs. John Langton have returned to their home in Beverley street after spending the summer in Prince Edward Island.

The marriage of Miss Linda Selwyn, eldest daughter of Mr. and Mrs. Percy Selwyn, to Mr. William Elliott Dawson of Montreal, eldest son of Dr. and Mrs. E. J. Dawson, has been arranged to take place in St. Matthew's Church on Oct. 2 at 2 o'clock.

Mrs. Alec D. Cartwright, who has been abroad for several months studying music in Vienna, is sailing from Glasgow for Canada on the 17th or 18th inst.

Sir Richard and Lady Cartwright and the Misses Cartwright are remaining at their summer home in Madras, Kingston, until the beginning of October.

Mrs. Walter Cassels is spending a few days in Montreal en route from Cacouna to Ottawa. The Misses Storie and Jessie Cassels are returning to Ottawa on Tuesday.

Mrs. R. W. Allen and Miss Lillian Allen are in town from Montreal.

Mr. and Mrs. Dice Saunders and Miss Isabel Saunders have returned from a summer spent on the Georgian Bay.

Miss Mildred Leonard is expected in Toronto this week from Cookshire to visit her sister, Mrs. Walter Tait.

Mrs. B. H. Cripps was at Montford last week for a few days.

Mr. W. Chadwick Healey, one of the Toronto cricketers, has gone to Quebec to meet his father, Sir Charles Chadwick Healey, Bart., K.C.M.G., K.C., who is coming from England on board the Royal George to visit his son.

Mr. and Mrs. A. W. Thompson of Port Arthur announce the engagement of their daughter, Phyllis Herald, to Mr. Bertram Howard Nelson, B.C., son of Mr. A. H. Howard of Toronto. The wedding will take place on Oct. 12.

Mrs. Llewellyn Bate have returned to Ottawa from their wedding trip and taken up their residence with Sir Henry Bate for this winter.

The home of Mr. and Mrs. James Dougherty, 173 Pearson avenue, Toronto, was the scene of a wedding on Tuesday last, when their daughter, Nellie Rice, Baltimore, Md., was married to the Rev. R. H. Bell, A.A. The ceremony was performed by the Rev. E. L. Leitch, Kingston, brother of the bride, in the presence of the immediate relations. After luncheon the bride and groom left to spend a couple of weeks at the groom's summer home, Bala, Muskoka. On their return they will reside at Guelph.

A quiet wedding was solemnized yesterday morning at St. Peter's Church by the Rev. Father Minahan, when Edna Earle, youngest daughter of Mr. and Mrs. D. Mackinnon, was married to Mr. Percy G. Cherry, B.A., son of Mr. and Mrs. James A. Cherry.

Mrs. Fred Mulholland and her sons, Donald and Wallace, Spadina road, have returned from their country home at Cobourg.

MISSIONARIES LEAVE

Large Party Will Sail From Vancouver on October 3.

One of the largest parties of missionaries to leave Canada for the foreign field will sail from Vancouver on Oct. 3. It will include several from the Toronto Presbytery among them Miss Leah Dinwoody and Rev. J. R. Sanderson.

A group of adult and several children belonging to the families of returning missionaries to China, Edna Dinwoody, Leah Dinwoody and Miss Leah Dinwoody will be dedicated to the work in Homan at Wychwood Presbyterian Church, addresses will be delivered by representatives of Toronto Presbytery. Rev. J. R. Sanderson will be dedicated at College street Presbyterian Church at an early date.

The Daily Hint From Paris

A WAIST FOR PLAYTIME.

The difficulties of a disarranged giraffe are overcome by this style waist, making it an essential feature of the summer outfit.

A fine white linen is used in the making, with a bright silk tie and a black leather belt for accessories. The waist is made with large pearl buttons and the lines of the collar are new.

The Children's Chorus

The Children's Chorus now being organized by Mr. A. L. E. Davies will number among its members a majority of the young vocalists who made the children's chorus of the Mendelssohn Choir famous in their work of Pierre's "Children's Crusade," Wolf-Ferrari's "The New Life," and the Berlioz "Te Deum." The work of organization has been going on since last spring and Mr. Davies expects to get together a chorus which will maintain the same high standard of efficiency he has acquired in his work in the past as associate conductor of the children's chorus of the Mendelssohn Choir. The chorus will take up the work already rehearsed with the children's chorus of the Mendelssohn Choir, "Into the World" and the composition "How merrily we live" (unaccompanied) by Michael Este, which made the sensation of the children's chorus at the recent musical competition festival held at Paris. Rehearsals will be held on Saturday mornings from 10.30 to 11.30 in the schoolroom of the Metropolitan Church, and on Saturday afternoons at 2.30 at the office of the Metropolitan Church.

A New Concert Pianist.

A pleasing little musical was given on Wednesday evening last, by Mr. Edouard Hesselberg, formerly of Nashville, Tenn., but now of the staff of the Toronto Conservatory of Music. There was quite a nice audience of Toronto's best people present, and the enthusiasm manifested was an indication of how this new artist pleased Toronto's musical people. His program included a number of the best classical selections, and the rendition of the selections very fully bears out what a Russian critic has said, that Edouard Hesselberg possesses great power and delicacy of touch and must rank among the greatest pianists of the day. As is the case with so many high-class entertainers, the piano of "Ye Olde Firm" of Heintzman and Company was used.

BLACK DIPHTHERIA KILLS SCHOOL-GIRL

KINGSTON, Sept. 9.—(Special).—Miss E. Rollins, aged 13, daughter of S. Rollins, Tweed, Ont., died of black diphtheria, which she contracted at school, and attending school, and died after a day's illness.

Miss Goldin's Good Prize.

Miss Violet Goldin, Niagara street school, won third prize in the writing competition at the National Exhibition in competition open to all pupils in Canada up to senior fourth class. Violet deserves special credit in that she is a third grade pupil.

IF THIS IS YOUR BIRTHDAY

Some loss or disappointment threatens you, but the sadness caused by this will be soon overcome. Avoid risks and spend to the limit of losing a friend then saying something unkind. Those born today will be losing of company and liked by many, but prevent them from acquiring wealth and, also capable of really worthy accomplishments, their lives will be given to change and excitement.

NEW SEATING AT MASSEY HALL

Improvements May Be Seen for First Time at Scots Guards' Concert Tomorrow Night.

It is a new Massey Hall that the patrons of music will see when the Scots Guards Band on Wednesday evening, September 11, opens the home of music for the season of 1913. During the past summer the interior of the hall has been renovated and redecorated till its former patron would hardly recognize it.

The improvement in the seating accommodation is perhaps the most noticeable. The new seats are wider apart and much more comfortable, and the seating capacity has been cut to a considerable extent everyone is now assured of an opportunity to hear high-class music in the utmost comfort.

Massey Hall is fortunate in securing as an opening attraction the Scots Guards Band. At the Exhibition this great musical organization has delighted alike the public and critics. But the latter are unanimously of the opinion that the band to be fully appreciated must be heard in a hall. It is in the softer passages that it shows its highest excellence, while even in its outdoor performances it showed its Massey Hall concert promises to be indeed a musical treat.

The Nursery

Fearlessness in Children.

It is encouraging to find that a beautiful uplifting quality like courage is within the reach of every human being. Yet how few people attain this virtue even when they have reached years of maturity. Its growth is tedious and slow, and needs early sowing and constant watching.

On Sunday I heard a little girl about five or six years old to another frightened and to go down into the cellar. How could this child have such knowledge of such a fear? I do not think she could ever have been really frightened in the cellar, so it must have been the darkness or the quietness that alarmed.

And that little girl whom I heard on the street is an average child. The easy grace and accurate power of Nazimova, her sure and accurate touch in every slightest gesture, or turn of an eye, or whispered syllable, or accent, or inflection, are a constant delight to the playgoer. She appears at first as awkward and shy as Jane Eyre and nothing could be more pathetic and touching than her walk.

Her husband treats her with uncivil indifference, and she bears it with meek suffering. When the cousin and her schoolmate appear, she has a girlish illumination that results in rendered with charming fidelity by the great actresses. The play is full of her husband, a gentle but stern character whose presence he at least tolerated, and he slams down a book on the table with meek suffering.

Frank Gilmore takes this part very well in the style of George Alexander. His early days, Nazimova's hands are strong and firm, and some neat flings with young Yvonne are memorable. After an interview with an old friend, she is met by Edward Fielding, she resolves to "do like other women: forget him and be whole again."

The second act she pursues her effort to be cynical—"If life does not fit our ideals we must out grow our ideals to fit life." Nazimova is a perfect beauty, schooled and barred in, cannot be extinguished. She has passages, one after another, with Pierre, with Nierobe, with her husband, and her husband. The third act presents perhaps the most perfect stage setting any comedy has seen in the theatre.

The management of the Star Theatre can certainly be proud of the production shown at their theatre this week. Not only have the shows staged so far proved all that was claimed for them, but have been decidedly beyond expectations.

AT THE THEATRES

Nazimova's Comedy Laughable Farce

One of Distinction At the Alexandra

Famous Russian Actress Appears at Her Best in 'The Marionettes' at the Princess.

It is a consummate treat to find such a player of genius as Nazimova in comedy of distinction instead of the weary, dreary problem plays that have obsessed our psychological dramatists for so long. It is a healthy sign in the public taste when a theatre can be filled to applaud such a play as "The Marionettes," which was put on company as well balanced and well cast as one might expect in London or New York.

The story turns on the adventures of Pierre Wolff's comedy by Gladys Unger, and the literary quality, except for the tardy movements in the first act, is admirable. An American dramatist might not have found it necessary to entangle the hero with another woman, but in Europe the only reason a man is not in love with the other woman, is this plight when his opinion is asked in the company. But she has chosen, on pain of living on fifty dollars a month. He marries the girl he does not love, but who loves him.

When "Over Night" was presented during last season it made a great and deserved success. Judging from the demeanor of the capacity house at the Royal Alexandra last night it was evident that the farce had lost nothing of its original appeal. And that is frankly an evening's amusement, which, judging from the constant ripple of laughter, was fully achieved.

Is there any beverage that costs less per cup than LIPTON'S TEA

GOES FARTHEST FOR THE MONEY

For Every Woman

MOFFAT Aluminum Gas Range

The only range made in Canada that can be guaranteed not to rust, peel or crack under 300 to 500 degrees of heat.

With our own process the aluminum is put on under a temperature of 450 degrees, upon heat proof plates, and therefore the Moffat Aluminum Range is superior to any other range, where the process is one of aluminum paint, which in time peels off, rusts and cracks.

They were shown at the MOFFAT EXHIBITS in the Stove Building and the Gas Building at the Canadian National Exhibition.

Rose of Kildare Vaudeville Show

A Pretty Play Above Par This Week

Fluke O'Hara, who has won an enviable place among the young, romantic actors of the country, presented his new Irish play at the Grand Opera House last night and the theatre was taxed to its utmost capacity.

The play is a most original and successful one of those who will appear at alternate performances, includes Jane Abercrombie, Ivy Scott, Leonid Samoiloff, Eugene Battain, Jean Herbert, Zee, Fulton, Louis Krollier, Morton Adkins, George Shields, William Schuster, Philip Pain, Cori Nicolson and others.

GOOD EXPORT DEMAND FOR CANADIAN MEAT

CLEANER MARKET FOR MINING STOCKS

And Wheat Prices Break To New Low Level in Consequence—Quotations Drop Under 90 Cents a Bushel—Corn Easier

CHICAGO, Sept. 9.—Government estimates regarding wheat correspond almost exactly with figures computed in advance here today by private crop experts. The showing was a bushel one, and resulted in a fresh breaking of the low price record for the season. Prices at the close, the steady, were 40 to 50 net low. Latest trading left corn unchanged to 1/2 cent, oats up a shade to 1/4 cent, and provisions varying from Saturday's level to 1/2 cent decline.

In the wheat pit, most of the traders trooped to the selling side right at the start. It was not long before the market, for the first time this season, dipped below 90¢ a bushel. Under that figure there was good buying to take profits. There was also considerable trading in the market of "spreads" between here and Minneapolis. Nevertheless, belief that the government report would confirm optimistic forecasts regarding the crop condition in spring sown fields caused renewed depression of prices.

Corn Under Pressure

Corn sagged on account of an increase in sales here and because of a Missouri condition of 86.8 against 84.7 last month. Damage in Kansas and Nebraska caused by drought prevented a more material decline. The bearish nature of the government report as to corn was not foreseen and was heard of too late for use in the pit. Sightings of offerings made one firm. Cash demand was reported good, both domestic and export. It was not known until after the close that the government estimated the present crop to be the largest ever raised in the United States.

Altogether prices touched the topmost point in two years, provisions dragged lower. Demand was poor.

Northwest Receipts

Receipts of wheat at northwest points, with usual comparisons, follow:

Year	2-day ago.	1-week ago.
Chicago	183	127
St. Louis	809	722
Minneapolis	909	440
Winnipeg	25	118

*Two days. †Three days.

European Markets

The Liverpool market closed today 1/4 cent lower than Saturday. Wheat and higher on corn. Berlin wheat closed 1/4 cent higher. Budapest 1/4 cent higher, and Antwerp 1/2 cent lower.

Buckwheat—70¢ per bushel, outside, nominal.

Manitoba wheat—No. 1 northern, 115 1/2¢; No. 2 northern, 110 1/2¢; No. 3 northern, 105 1/2¢; track, lake ports, nominal; feed wheat, 62¢, lake ports.

Manitoba flour—Quotations at Toronto are: No. 1 patent, 120¢; No. 2, 110¢; No. 3, 100¢; No. 4, 90¢; No. 5, 80¢; No. 6, 70¢; No. 7, 60¢; No. 8, 50¢; No. 9, 40¢; No. 10, 30¢; No. 11, 20¢; No. 12, 10¢; No. 13, 5¢; No. 14, 2 1/2¢; No. 15, 1 1/2¢; No. 16, 3/4¢; No. 17, 1/2¢; No. 18, 1/4¢; No. 19, 1/8¢; No. 20, 1/16¢; No. 21, 1/32¢; No. 22, 1/64¢; No. 23, 1/128¢; No. 24, 1/256¢; No. 25, 1/512¢; No. 26, 1/1024¢; No. 27, 1/2048¢; No. 28, 1/4096¢; No. 29, 1/8192¢; No. 30, 1/16384¢; No. 31, 1/32768¢; No. 32, 1/65536¢; No. 33, 1/131072¢; No. 34, 1/262144¢; No. 35, 1/524288¢; No. 36, 1/1048576¢; No. 37, 1/2097152¢; No. 38, 1/4194304¢; No. 39, 1/8388608¢; No. 40, 1/16777216¢.

Government Report Indicates Record Yield of All Grains—Big Gain in Hay

WASHINGTON, Sept. 9.—A spring wheat crop of 300,000,000 bushels, against 250,000,000 bushels last year, and an actual yield of 130,822,000 bushels this year—this is the estimate of the government report, issued at Washington today.

CHICAGO GOSSIP

J. P. Bickell & Co. from Logan & Co.

Wheat is a narrow market in which most of the session. Market did not lead to bearishness, but rather broke and lower Liverpool cables, sharp rise in the market, followed by a sharp rise in the market for the Canadian heavy northwest, and a drop of about 1/2 cent in the market. The market is now trading on the margin, and the wheat is a narrow market, and the wheat is a narrow market, and the wheat is a narrow market.

SHARP BREAK IN COTTON MARKET

ERICKSON PERKINS & CO. (J. G. Beatty) wire:

Either bull manipulators completed their line of day at any rate, the market hesitated after a firm opening, but then broke sharply, with southern hedge buyers. We continue to regard the cotton market as a piece of open market, unwarranted by any legitimate factors. The recent high temperatures have caused the usual deterioration, but at the same time, have added cotton to maturity. Sooner or later speculation will be faced with an extremely bullish supply and demand situation.

Winnipeg Grain Market

WINNIPEG, Sept. 9.—Trading was active in options, the unfavorable weather slight reaction in the opening prices, gain, however, was only of short duration. Prices declining almost from the opening, when numerous contracts were struck. Before the close a sharp actual price was 1/2 cent lower. Cash demand at Winnipeg was fairly good for wheat. There was a piece of open market, unwarranted by any legitimate factors. The recent high temperatures have caused the usual deterioration, but at the same time, have added cotton to maturity. Sooner or later speculation will be faced with an extremely bullish supply and demand situation.

C. ZEAGMAN & SONS LIVE STOCK COMMISSION DEALERS

All classes of Live Stock bought and sold. Consignments solicited. Special attention given to orders for Stockers and Feeding Cattle from farmers. Address all communications to Room 11, Live Stock Exchange Building, Union Stock Yards, Toronto. Bill postpaid to C. ZEAGMAN & SONS, 375 Dundas St. W., Toronto.

Business is Done at Lower Prices Following Decline at Winnipeg.

MONTRÉAL, Sept. 9.—There was a good demand for foreign buyers for new crop Manitoba spring wheat at a further reduction in price of 3¢ to 6¢ per quarter, but on the further decline in Winnipeg exporters accepted bids for 400,000 bushels for October-November shipment. The demand for old crop wheat was also fair at a good premium over New. A good business continues to be done in oats over the cable, and the local market is strong. There is a good demand for ocean grain room, and prices are steadily advancing. Considerable business has already been done for shipment from St. John, N.B., this winter. The foreign demand for spring wheat flour is increasing, and the local market is strong. The demand for flour is increasing, and the local market is strong. The demand for flour is increasing, and the local market is strong.

Porcupines Hold Steady Around Their Former Levels—Tretaway on the Down Grade—Speculation Quiet in the Extreme.

The mining stocks continued a rather indifferent market in the local exchange yesterday. Speculation was on a narrow basis, and at no time did the list show anything which could be taken as indicative of public interest. The total sales on the Standard Stock Exchange for the session were less than 20,000 shares, a small day's record considering the fact that the holiday season is now over.

LARGER LAKE CLAIM SOLD FOR \$10,000

HAILESBURY, Sept. 9.—P. Bosinac of Hailesbury and his partners have sold one claim in the Township of Gauthier, in the Larder Lake mining division, for \$10,000. P. Bosinac is one of the partners who staked the property now known as the Troquois Mines in Porcupine.

NEW POWER HOUSE AT PORCUPINE LAKE

PORCUPINE, Sept. 7.—The Porcupine Lake Gold Mining Company has started the foundation of its new power house. The size of the building will be 32 x 32 feet and will house the complete machinery for the boiler, engines and dynamo. The work is under the supervision of Mr. Thompson. All the buildings are being overhauled and extensions and improvements are being made.

COBALT MINES BENEFIT FROM RISE IN SILVER

The Metal Showed a Net Gain Last Month of 2-3-4 Cents.

Sharp fluctuations in the price of silver accompanied the transactions in the metal in August both in the New York and London markets. The extreme advance in the latter centre was 3¢ an ounce in sympathy with the portable advance in the London market. From 58 1/2¢ at the opening, the quotations rose to 63 1/2¢, the highest price obtained in several years, and was attributed to the entrance into the market by the Indian government. Toward the close of the month the support from that quarter was withdrawn, prices easing off about 3-4¢ an ounce. The final price, however, represented a net gain for the month of 2 1/2¢ an ounce.

COBALT HIGHGRADERS SENTENCED.

COBALT, Sept. 9.—Fred K. Homosky and Edward Bignell, three months in North Bay jail for high grading from the O'Brien and Millerette mines in Gowganda.

MINNESOTA GRAIN MARKET

MINNEAPOLIS, Sept. 9.—Closing—Wheat—Spot: No. 1 northern, 92 1/2¢; No. 2, 91 1/2¢; No. 3, 90 1/2¢; No. 4, 89 1/2¢; No. 5, 88 1/2¢; No. 6, 87 1/2¢; No. 7, 86 1/2¢; No. 8, 85 1/2¢; No. 9, 84 1/2¢; No. 10, 83 1/2¢;
