TWENTY-THIRD YEAR

THIS SWORD NOT TO BE DRAWN
FROM ITS SCABARD
IN SOUTH AFRICA

Lord Kitchener Presented With
The Gift From Cape Town in London
Last Night.

SEES MAKINGS OF A NEW AMERICA

Conquered Territory Ready for the
Sowing of Seed for a Glorious
Harvest.

London, July 31.—Amid tremendous
enthusiasm, Lord Kitchener was to-
night presented with a sword of honor,
the gift of Cape Town. Sir Joseph
Dimdale, Lord Mayor of London,
made the presentation, in the course
of a South African dinner, which was
attended by many notable persons.

When the enthusiasm had sufficiently
subsided for Lord Kitchener to make
himself heard, he modestly returned
thanks for the gift, and expressed the
confident hope that, in South Africa, at
any rate, the sword would not again
be drawn from its scabbard.

Lord Kitchener eulogized Lord Mil-
ner, British High Commissioner in
South Africa, and made an appeal
upon his intimate and personal
friendship and knowledge of the
South African administrator, that he
be given the confidence and support of
the British nation.

Referring to the mineral and
agricultural wealth of the new
territory, Lord Kitchener said:
"You may assure yourselves that
you have nothing less than the
makings of a new America in the
Southern Hemisphere."

He said the energy and money to
carry out this great development was
more for his hearers than for him-
self, but when, as in South Africa, patri-
otism was joined with self-interest,
he was not afraid they would fail to
sow the seed and reap the harvest for
which he hoped that those who had
recently been in South Africa had pre-
pared.

CANADIAN UNDER ARREST.
Charged With Defrauding the Mills
and Other Things.

New York, July 31.—George G. Corey
of St. John, N.B., held to-day in
\$2500 bail for grand jury, charged
with the defrauding of the mills, is
believed by the authorities to know
much concerning the mysterious mur-
der of old Solomon S. Dingee, a New
York, in 1885. After Dingee's body
was recovered from the Hudson river
relatives searched his office for im-
portant papers, but had been accumu-
lating for five years, papers contain-
ing his claim to the Dingee and Deake
estates in Dutchess and Putnam
Counties, New York, but the papers
were missing. The following year
Corey advertised for the heirs to the
Dingee estate, claiming he had picked
up from the Hudson River a bundle
containing the documents proving their
claim. Many people answered his ad-
vertisement. He represents himself as
one of the heirs and asked co-opera-
tion. He induced many to advance
money. The police say he got about
\$50,000.

MACADAMS WILL BE RELEASED
Paymaster Editor's Apology Has
Been Accepted by the Full Court.

Vancouver, July 31.—Editor William
MacAdams, July 31, has been accepted
by the full court, and the judges have
wired Ottawa recommending his re-
lease.

William MacAdams, editor of The
Standard, B.C., Paymaster, was senten-
ced to nine months in jail and an ad-
ditional year if he failed to secure
bondsman for his future behavior for
contempt of the Judiciary of British
Columbia, the charge being that he
published an article in his paper
characterizing the judges at contempt
for a poor man to break into a British
Columbia court, and all of his remarks
were written in a style characteristic
of the west.

A MOST EVENTFUL HALF DAY.
Saturday afternoon is a half-holiday
for nearly everybody during the sum-
mer months. It is the most eventful
half-day in the week. The Sunday
World, published on Saturday night,
has a complete record of the happen-
ings up to 9 o'clock. It contains re-
cords of sports and games in every
city.

The Sunday World will be delivered
to any home in the city on Saturday
night, \$2 for one year.

Besides the current news, "The Sun-
day World" is full of good reading, sport-
ing sketches, articles on fashion—
everything that is of interest.

THE LIBERALS
LIGHT ON DISMAL TRAGEDY OF WAREHOUSE

A. E. RAGG, FORMER MANAGER, RETURNS
TELLS STORY AND EXPLAINS HIS ABSENCE

Declares He Did Not Consider His Evidence of Sufficient Importance To Be Desir-
ed—Given a Special Hearing To-Day—Believes That Murder Has Been
Done—One Victim Said He Was Poisoned.

A. E. Ragg, former manager of the
Evans & Sons branch in Toronto, is
in the city to-day. He will remain here
until night. Mr. Ragg is supposed to be
able to throw considerable light on the
mystery surrounding the warehouse
tragedy. He came to the city last
night as a result of some rather ani-
mated correspondence between himself
and Crown Attorney Dewar and the
head of the local detective force. Mr.
Ragg expects to be permitted to give
his testimony to-day and be in a posi-
tion to leave for Chicago on the even-
ing train, where he is engaged in busi-
ness.

Coroner Young said that Mr. Ragg
might be permitted to give his testi-
mony to-day if the situation was argu-
ment enough. In that event, the evi-
dence would probably be taken in the
office of the Crown Attorney, and that,
as far as he knew, it would be public.
That would, however, be determined
wholly by the representative of the
Crown. A coroner's investigation was
supposed to be public, but, in the
estimation of the Crown, it was in the
interest of justice to withhold any
phase of the evidence, it would un-
doubtedly be done.

The Crown Attorney refused to be
interviewed on the case, and refused
to admit that he knew Mr. Ragg was
in Toronto last night and would re-
main here during Friday.

Mr. Ragg arrived in Toronto last
night, and declared that he desired to
keep out of the way of the reporters
until this morning, at least. He was
with a World reporter, and said that
he felt that his motives for not
desiring to remain in Toronto until
the inquest was completed had been
improperly interpreted. It was for
this reason Mr. Ragg returned to the
city. It was at least his intention to
sacrifice time, but he felt from the
communications received from the
Crown Attorney and the detective de-
partment that he could better afford
this personal loss than to be placed in
the position of impeding justice.

"Emphatically, I know nothing that
can possibly be of value to the au-

THINKS IT IS MURDER.

A. E. Ragg, former manager of
Evans & Sons in the city. He
will probably give his testimony
to-day. He is now employed
in Chicago. The jury will not be called
together for that purpose.

Mr. Ragg asserts that he has been
placed in a false light largely by
a telegram from Crown Attorney
Dewar failed to reach him, and
that he would have come to Toronto
immediately had he received that
message. He declares emphatically
that he knows nothing that will
throw light on the warehouse
tragedy, and for that reason
he would not appreciate the interest
of the authorities in his testimony.

At the same time, Mr. Ragg ex-
presses the opinion that murder has
been committed. He is not, however,
at all sure that the murder was
committed in the warehouse of
Evans & Sons' warehouse and stock.

But, at the same time, I don't see how
we can get away from the indications
that some of the employees or others
of close acquaintance with the inter-
ior of the warehouse were responsible for
the tragedy. The same is true of
the attempt to enter the safe.

"I don't understand why Arnott
White, the assistant of George Whal-
ley, and a reliable young man, should
not have told while he was before the
coroner's jury about hearing Edward
Geen say, 'I believe I am poisoned.'
That's exactly what he said to William
Scott, foreman of the establishment,
the Monday morning following Geen's
strange death. Scott immediately re-
ported the statement to me."

"Why did you not report it to the
authorities at the time if you thought
it such a suspicious circumstance?"

"I did not ascribe special impor-
tance to it at the time, for the chain
of peculiar events had not developed
then."

"I did not even talk to White about it.
In fact, at first I was not sure that
the statement had not come from
Whalley, so slight an impression had
it made on my mind. It is only sig-
nificant in the light of more recent
circumstances. If Geen was poisoned,
who poisoned him? If he thought he
was poisoned strongly enough to sug-
gest such a thing to Arnott White,
why did he not continue to work in the
basement and not seek medical aid?
These are queries that occur to me,
and I confess they did not at the
time been told."

"I had been told that Geen's land-
lord had reported that he was taking
prussic acid daily as a heart tonic
at the time of his death. That sug-
gested that he had taken an overdose
of the drug and might have account-
ed for his statement to White that he
believed he was poisoned."

"If Edward Geen was poisoned as a
result of taking an overdose of prussic
acid he certainly could not have work-
ed after partaking of the deadly fluid?"

thorities in this miserable case." Mr.
Ragg said to a World reporter, "I
would not have hesitated a moment to
supply any information I possessed,
and my relations with Evans & Sons
are of such a character that I would
make any reasonable sacrifice to con-
tribute to the solution of this mystery.
I have been away on pressing busi-
ness, however, and had intended to
be in Chicago Friday morning per my
contract, but the correspondence I had
with the authorities here convinced me
that they imagined that my evidence
was necessary, therefore I returned.
I have an engagement with the de-
fective department to-morrow morning,
and after that I will be at the ware-
house of Evans & Sons most of the
day."

Wants to Be Understood.
"I expect to be able to get away this
evening, but I am not sure that I can
do so. I don't want to be placed in
any false light over this matter. There
is already cloud enough on this dismal
tragedy. I have been out of the firm
for a month, and prior to that time
I was out on the road a good deal for
several weeks. In my absence Fore-
man Scott was in charge of the ware-
house, and he is a trustworthy man.
I can't assist the authorities any

more."

WALKS STILL IMPROVES.
KING LENGTH OF PAVILION DECK
WITHOUT ASSISTANCE.

Covey Isle of Wight, July 31.—To-day's
bulletin on the condition of King Edward
was as follows:
His Majesty has made rapid progress
since Monday last. His general condition
is also on hand to extend a welcome
to the King is now able to walk the en-
tire length of the pavilion deck with-
out assistance. (Signed) Treves,
Laking.

Favored by perfect weather, the royal
yacht Albert and Victoria cruised west-
ward in the afternoon. The King set
the shade of an awning aft, with the
exception of the masts. There was no
but at Osborne the guardship Australia
made sail as the King's yacht passed.
The Prince and Princess of Wales will
take leave of the King to-morrow, and
will not return to the Solent until after
the coronation.

ARRIVE THIS MORNING.
First Train of Returning Soldiers
Due at 7.15.

A large number gathered at the
Union station last night expecting to
see the soldiers return from South Af-
rica, but they were disappointed. The
bugle band of the Royal Grenadiers
was also on hand to extend a welcome
to the veterans. The first train from
Halifax will reach Toronto at 7.15 this
morning.

SECOND TRAIN LEAVES.
Halifax, July 31.—The second military
train, with the troops who arrived on
the Central, left here at 6
o'clock this evening for Montreal.

SUDDEN DEATH IN LONDON.
London, July 31.—Death came with
shocking suddenness this morning to
George M. Cadenhead of Chatham, young-
est sister of Sheriff D. M. Cameron. Mrs.
Cadenhead had been visiting her sister,
Miss Cameron, at Stratford, and had a
tooth extracted by a Stratford dentist, tak-
ing an anesthetic for that purpose. This
evidently affected the lungs, for conges-
tion set in, followed rapidly by pneu-
monia, which made such immediate rav-
ages on Mrs. Cadenhead's system that she
sank rapidly, until death occurred, at 4
o'clock this morning.

BROKE NECK BY FALL.
Quebec, July 31.—At 5 o'clock this
afternoon a lineman named Lemieux,
employed by the Jacques Cartier Elec-
tric and Power Company, took hold
of a live wire on the top of a pole on
Palmer street, and he fell to the ground,
breaking his neck. Death was instan-
taneous.

OFF FOR AUSTRALIA.
London, July 31.—Mrs. Melba, after
a phenomenally successful season,
such as London has not witnessed for
many long years, leaves for Australia
on Saturday. The famous prima donna
will sail on the Campania for New
York, proceeding thence to Melbourne,
via Vancouver.

JOHN A. AULD MAY RESIGN
Member in Legislature for South
Essex Said to Be Willing
to Quit.

Family Quarrel Said to Have Broken
Out in the Liberal
Ranks.

Windsor, July 31.—A rumor is abroad
in Windsor that John A. Auld, M.L.A.
for South Essex, has signified his will-
ingness to resign and accept a govern-
ment position. This is accounted
for by some by the fact that the
government party wants William Mc-
Kee, ex-M.L.A., to act as party whip.
Mr. McKee acted in this capacity dur-
ing his last term, and should Auld re-
sign, it is said an effort would be
made to put McKee in his place.
Others say that Mr. Auld's willingness
to resign is due to his foreseeing a
near destruction of the Liberal
party in South Essex. A family quar-
rel, it is said, has broken out in the
government ranks in this district, and
Auld is discouraged by the split among
his supporters. H. F. Sutherland,
M.P., says he considers the report
unfounded.

beginning of next.

SAYS TWO SMELTERS ARE CLOSED
Crow's Nest Coal Co. Has Mining
Industry at Its Mercy.

The World received the following de-
spatch from a citizen of Greenwood, B. C.,
this night: "Edwards Rogers' statement
that smelters are not closed on account of
shortage of coke is not true. Greenwood
smelter and Sunset smelter are both
closed for this reason. The Coal Com-
pany is sending half a supply of coke to
each smelter. The Sunset smelter refused
to accept this because it was unable to
run until adequate coke is secured. The
Granby smelter is getting only half a
supply of coke, two furnaces being idle.
The Crow's Nest Coal Company has the
mining and smelting industries at its
mercy, and unless coke is supplied, all
the mines and smelters must close."

CHIEF OF MAFIA CONVICTED.
With Two of His Band Given
Thirty Years.

Bologna, Italy, July 31.—The trial
before the Assize Court here, which
had been going on for some time, of
Trapani, Fontana, and Palizzolo, the
last named, formerly Deputy Mayor
of Palermo, on charges of murder, was
concluded at 11 o'clock to-night. The
jury returned a verdict of guilty
against Trapani and Palizzolo for the
murder of Signor Miceli and against
Signor Nubarolo for the murder
of Signor Nubarolo. Sentences of
thirty years' imprisonment each were
imposed upon the three guilty men,
who are members of the Mafia.

Palizzolo was accused of having, as
the head of the Mafia, procured the
murders of Signor Miceli and Signor
Nubarolo. The latter, who was a
former Mayor of Palermo and a di-
rector of the Bank of Sicily, was ro-
bbed and killed in a railroad car near
Palermo in December, 1890.

The proceedings against Palizzolo
were considered particularly important
in the efforts of the Italian govern-
ment to overthrow the Sicilian Mafia.
Bologna was the place where the trial
in order that witnesses and judges
might not be intimidated by the
Mafia.

Vessel With Broken Tail Shaft
Towed Into Cape Town.

Cape Town, July 31.—The British
steamer Michigan has towed into this
port the New Zealand steamer Walka-
to, which was disabled at sea. Capt.
Kiddle of the Walka-to said that on
June 30 the tallshaft of the Walka-to
broke. He decided to cut the stern
tube and endeavor to connect the shaft
with patent couplings. This necessi-
tated the drilling by hand of nearly
600 holes in 2 1/2 inches of steel. The
task was successfully accomplished and
after six hours' steaming the shaft
coupling slipped and was useless.

Shenandoah Resumes Its Usually
Tranquil Life, Tho Not Under

FOREIGNERS BLAMED FOR RIOT
One Man Succumbs to Injuries Re-
ceived—Wounded Men Treated
and Jailed.

Shenandoah, Pa., July 31.—Twelve
hundred state troops are camped to-
night on a hill overlooking Shenandoah.
Down in the town, some riotous and
police men fought the bloody battle last
night, all is quiet, and the indications
are that so long as the militia remains
the peace of the community will not
again be broken. The thousands of idle
men and boys in this vicinity who had
been gathering in large numbers and
marching from place to place did not
repeat their demonstrations to-day, and
the authorities consequently had little
or nothing to do.

The major portion of the population
here is made up of foreigners, and, as
a rule, they kept close to their homes
during the day. It is claimed by the
citizens of the town that the foreign
element was solely responsible for the
trouble. Contrary to popular belief,
Shenandoah is not under martial law.
The local authorities and the sheriff of
the county have not relinquished con-
trol of the town or county, and they re-
main in as complete control as their re-
spective affairs as they did before the
trouble. The soldiers are camped on
the hill near the town, and the town
itself is deemed inadvisable, how-
ever, by the brigadier-general to estab-
lish a permanent guard in certain parts
of the town.

The mine workers are greatly in-
terested in the calling out of the
troops. They assert that this action
was entirely unwarranted and is an un-
justifiable expense on the part of the
state. The strikers thru their officials are making
an effort to have the soldiers with-
drawn. The first step in this direction
was taken this afternoon, when a tele-
gram was sent to the governor
requesting him to send a personal
representative here to investigate the
conditions and express the belief
that after such investigation he will
learn that the presence of the troops is
unnecessary.

Of the twenty or thirty persons who
were beaten with clubs or struck by
bullets during last night's rioting,
man Joseph Beddall, died to-night at
10 o'clock. The police say that
he was shot and the strikers who
were also shot by bullets will recover.
Most of the wounded strikers claim that
they were merely onlookers.

The district attorney and the sheriff
are prosecuting investigation, with a
view of placing under arrest all those
who participated in the riot. Several
of the wounded strikers called at the
miners' hospital to-day to have their
injuries dressed, and after the doctors
got thru with them, they were treated
and taken to the Pottsville jail.

KING SOLOMON'S MASONIC APRON.
From The Mirror Craftman.
We are rejoiced to learn by a special
able to the Globe and reprinted in The
Evening Telegram of Toronto, that our
distinguished fellow-countryman, Mr. J.
Ross Robertson, Past Grand Master of
the Grand Lodge of Freemasons of Canada,
has for still another time been brought
into Masadoe touch with H.H.H. the Duke
of Connaught, who is today recognized
as the first Mason in the world. This ex-
change of Masonic courtesies and the fra-
terization of our distinguished Past Mas-
ter with a royal duke will be hailed with
satisfaction by every member of the craft
in Canada.

We have also heard that while Mr. Rob-
ertson is in the Old Country he is negoti-
ating with a poor lone widow a Scotch
town for the purchase and possession of
the original apron worn by King Solomon
when he was engaged at his craft building
the Temple. If Mr. Robertson succeeds in
getting this memento of the early days
of Masonry it will be a source of delight
to the men of the plumb and of the con-
pass. Mr. E. T. Malone, who also stands
high in the order, intimated to us on our
last trolley visit to the city that there
was every possibility of Mr. Robertson's
securing King Solomon's apron for this
country.

HAMILTON WANTS A DETECTIVE TO SEEK FOR MISS AMY WILSON

Doctors Think She is Insane and Wandering in the Woods.

Hamilton, July 31.—High Constable Twiss has asked the Attorney-General's Department to send a provincial detective here to work on the case of Miss Amy Wilson, the 19-year-old girl who mysteriously disappeared from her father's farm, about ten miles from here. The girl disappeared while her mother was on a visit to a neighbor less than 100 yards away. In her room was found a rather strange document to the effect that she expected to be kidnapped, and which was published at the time. While neighbors advance all kinds of theories regarding the young woman's disappearance, the police entertain only two. One is that the girl became suddenly insane and hid herself away to neighboring woods and has remained in seclusion there ever since. The other is that she ran away to a distant point. That one of these theories is correct is generally believed, yet there are circumstances which would go to refute both. In support of the first theory there are reports from neighbors that they heard strange cries in the bush, and that she did not take any clothing, except the rough wearing apparel which she had on at the time.

Against it is the statement made by Frank Collins and John Davis of Dundas that they saw her in Dundas between 5 and 6 o'clock of Tuesday last week. One asked the other who the little girl was with Amy Wilson, and both persons knew Miss Wilson well, there seems to be no reason to doubt that they saw her.

It has been learned that Miss Wilson has been ambitious to become a manager of some large poultry farm in the United States, and she went so far as to ask her mother if they would allow her to go away if she secured a good position. In the last issue of the Breeder's Advocate, a poultry and dog paper, there is an article on poultry and eggs, signed by Miss Wilson. In the same paper was Miss Wilson's advertisement, in which she offered her fancy stock at cut rates, yet her father says she had only received in the chicken business in May. This advertisement might go to show that Miss Wilson contemplated leaving her parts.

A number of doctors think she became insane and went to the woods.

The cuff links stolen from T. H. P. Carpenter some time ago and recovered by Detectives Campbell and Coulter to-day. Fred Price, who pleaded guilty to stealing them, told Campbell he had

was designed especially to encourage the production of wool on the American side, because effective, practically a barrier to competition from the Canadian sheep owners, and the added freight from Australia, against competition from that direction. Mr. Kenan said some owners of sheep on the Canadian side had taken their sheep into the States, but they were now coming back. His experience had been that the tariff had not very largely increased the production of wool in the Western States. The herds in the Western States were largely increasing, and he thought the general increase of good times in the Northwest Territories would result in much greater prosperity for the owners of Canadian sheep.

Missionaries in Danger.

Word was received at the offices of the Methodist mission rooms yesterday that a rebellion, followed by a massacre, had occurred in the province of Szechuan, China. There are six Methodist missionaries in the affected districts. Rev. Geo. E. Hartwell, wife and three children, Rev. W. E. Smith, wife and two children, Rev. W. T. Mortimore, Rev. O. T. Kilburn, wife and three children, Rev. R. D. Ewan, wife and one child, and Rev. J. Endicott, wife and three children. The Chinese land mission has 12 missionaries, whose lives may be endangered, of whom Mrs. Benjamin Byrie is a Canadian.

The Province of Szechuan is situated in the extreme west of the Chinese empire. It was the scene of untold horrors in 1855 and was also disturbed during the Boxer troubles.

Quebec Manufacturers to Organize.

Sheep Raising in Canada.

James M. Kenan of Vancouver, B. C., is a guest at the Palmer House. Mr. Kenan is one of the first men to introduce sheep herds on a large scale into the Northwest Territory. He declares that the prospects for owners of sheep on the Dominion side are very promising at present, they have been at a big disadvantage since the famous McKinley bill, which

JEERED NON-UNION WEAVERS.

Police Make Two Arrests at Toronto Carpet Co.'s Factory.

Florence Hunter, 125 Gladstone-avenue, and Edward Wright, 1265 West Queen-street, were arrested yesterday afternoon by Deputy Chief Stuart for being disorderly outside of the premises of the Toronto Carpet Manufacturing Co. at King-street and Fraser-avenue, where a strike is in progress. The firm has two female employees, who remained on the side of the company when the strike was inaugurated, and each time they left the building the strikers gave them a rather warm reception. The back in which they were conveyed to their homes on Tuesday evening was followed and some stones were thrown. Deputy Chief Stuart was appealed to for protection and last evening he was on hand with a posse of constables. The appearance of the constables, who were again the signal for jeers and hisses, Miss Hunter and Wright, who were very near the building, were taken into custody. Miss Hunter was an employee of the Carpet Co., and Wright of a firm doing business in the vicinity.

CHAMBERLAIN INVITES BOERS.

Will Discuss With Them the Conditions of Peace.

London, July 31.—The Paris correspondent of The Times says a pro-Boer telegraphic agency, which often receives authentic information from Boer sources, states that Botha, De Wet, and Lucas Meyer are coming to Europe at the express and direct invitation of Hon. Joseph Chamberlain, Colonial Secretary. It is stated that Chamberlain wishes to consult with the Boer generals on the construction of the conditions of peace in South Africa and the general situation there.

Acknowledged His Guilt.

Charles Edwards, who was arrested nearly six weeks ago for passing counterfeit bank notes, pleaded guilty in the Interim Sessions yesterday to five charges. Edwards, who was charged with passing a ten-dollar bill at a charge-store about two years ago, is stated to have been in the case and the charge was withdrawn. The prisoner was remanded till next Friday for sentence.

Their Squabble Over Exhibition Buildings Which Has Caused So Much Delay.

THOSE SECRET BOARD MEETINGS

Furnish a Lively Topic for Discussion—St. Lawrence Market Question Up Again.

At the Board of Control yesterday morning the trouble in connection with the erection of the Manufacturers' Building on the Exhibition grounds was aired, and all was not peace and harmony.

The Mayor explained at the outset why he called secret meetings of the board, and gave as his reason for doing so that the interests of the city demanded secrecy because of certain legal questions involved regarding the Exhibition buildings.

After considerable talk a letter was read from Architect Gouinlock, which was to the effect that Self Bros., contractor for the brick work, had made good progress, but the Canada Foundry Co. had not, and were placing obstacles in the way of the completion of the building.

Other secret meetings, too. A letter was also read from Architect Gouinlock, which was to the effect that Self Bros., contractor for the brick work, had made good progress, but the Canada Foundry Co. had not, and were placing obstacles in the way of the completion of the building.

Closed Successful Engagement. The "Kitties" Band of Canada has just completed a three-week engagement at Willow Grove Park, a Philadelphia resort. On Saturday, July 26, which was designated "British Day," 70,000 people heard the band play. On that day the conductor, William P. Robinson, was presented with a silver-mounted ebony baton by the Scotch societies of Philadelphia; the presentation being made by ex-Mayor Wm. B. Smith. At the concert in the evening, in the presence of 10,000 people, Conductor Robinson was made the recipient of a silver medal, presented by Major Ford, on behalf of the Sons of St. George. Each of the 42 members of the band received a duplicate of the medal, together with illuminated engraved certificates from Tennyson Lodge, No. 352, Sons of St. George.

EXHIBITION MATTERS.

Entries Close on Aug. 9, and They Needn't Be Sent in Later.

Entries for the Industrial Exhibition are coming in at an unusually rapid manner for this time of the year. Nearly all the space in the buildings has been taken up, while of live stock there have been many sent in and an enquiry has been received from Boston regarding horses and from Philadelphia regarding cattle. Entries for all classes of manufactures, live stock, fine arts, woman's work, etc., close tomorrow week, Aug. 9, and after that date none will be received on any plea whatever. This is something for local horsemen, who have been accustomed to hold back their entries, to remember. This year, it doesn't matter who it may be, if entries are not made in the various classes according to date, the lists will be closed. Yesterday the Executive Committee met and decided to have a team shoot at immediate targets. Main prizes of some considerable value will be given for a team match, open to any organization, on Wednesday and Thursday, Sept. 10 and 11. Individual prizes will also be given. Mr. Percy Hill, manager of amusements, received a telegram yesterday stating that Sam Lockhart had arrived at New York after a tour of Europe with his troupe of elephants, and would fill his first engagement on this side at the Toronto Exhibition. Captain Woodward and his seals will also be here, the captain having a considerable number of engagements made for him because they included exhibition on Sunday. It is probable that a photograph exhibition will be a feature of the Exhibition, in accordance with several requests that have been made. Mr. James M. Walsh, president of the Gaelic Athletic Association of Buffalo, has written proposing that a hurling match be one of the attractions. He says that "it is the most fiercely strenuous game in existence," and that it is the original form from which all games played with bat and ball were derived. "It has been," he continues, "the national game of Ireland for about three thousand five hundred years, and is popular throughout the country to-day as it was before the coming of the piratical Dane." The committee have Mr. Walsh's proposition under consideration.

BIG STEEL PLANT IN SIGHT

New Corporation Has Been Organized With a Capital of \$18,000,000.

TAKE OVER E. A. C. PEW'S CHARTER

Plant Will Be Located at Welland and Will Cost About Ten Millions.

A story is going the rounds of a portion of the press concerning the organization of the Canadian Steel Corporation, with a capital of \$18,000,000. Some time ago E. A. C. Pew, the well-known promoter of Welland, organized a company and secured a charter from the Dominion government, empowering him to establish a steel plant at Welland, and at the time considerable attention was given to Mr. Pew's project. Since then the subject has hardly been discussed, and the project has revived, with some additional information. A Toronto financial man has been engaged in organizing a company to take over the charter of the Welland plant. The capital of the corporation is to be \$18,000,000 and the plant is to be located at Welland, Ontario. The site of the plant is to be 100 acres on the Welland canal, near the town of Welland, and is to be used for the production of steel. The plant is to be built on a site which is owned by the Dominion government, and is to be built at a cost of \$10,000,000. The plant is to be built on a site which is owned by the Dominion government, and is to be built at a cost of \$10,000,000. Lambton Mills Gives a Hearty Welcome Home to Two South African Veterans.

LETTER FROM MISS MINNIE HOOVER

Giving an Interesting Talk About the Schools in Concentration Camps.

Toronto Junction, July 31.—Several hundred people took the suburban car to Lambton Mills Park to-night, where the citizens of that village were holding a reception to Lieut. Tremayne and Pte. George Chapman of the Tenth Canadian Field Hospital Corps. The centre of the village was illuminated by a huge bonfire, whilst the park was a blaze of bunting, flags and Japanese lanterns. An arch was erected at the entrance to the park, bearing the appropriate word, "Welcome," and the proprietor was one gay occasion of national emotions. Mr. Smith occupied the chair, and there were with him on the platform: Mayor Rowland of Toronto, Capt. Ross of Toronto Junction, J. D. Evans, Dr. Zink, J. G. Aussen, Arch. Campbell, M.P., Rev. Mr. Warr, and others. Many children read an address to the citizens welcoming the boys back to their native village, and a good deal of reply Lieut. Tremayne said he used to say "any old place he could hang his hat was his home," but now he recognized his place as home by Lambton Mills. He gave an account of his experience there, and of his journey from Natal to Ladysmith and Colenso to Antwerp, then to London, and to the past Majuba Hill to Johannesburg. He gave an account of the block house system, and spoke of attending to the wounded from Col. Kock's column, also 50 Boers, who appeared into camp. From Johannesburg he was sent to Edenville, and from there the men were given very short notice that they had been ordered home. A good watch was presented to him on behalf of the citizens by J. G. Aussen. Miss Irene Clayton also handed him a pretty bouquet. George Chapman likewise received a gold watch from W. Clayton. He was similarly presented with a bouquet from Miss Laura Anthony. The band of the Mimico Industrial School in their new uniforms gave frequent selections during the evening, and choruses were given by the children of the Public School under George Midgley. Fred Bowers sang "Soldiers of the King," and Lawrence Rees gave patriotic solos. Speeches, congratulatory and patriotic, were given by the gentlemen on the platform, and it was quite before the festivities closed.

Miss Minnie Hoover has written Secretary Harris of the Public Board an interesting letter from the concentration camp at Potchefstroom, Transvaal. Mr. Dewey, nephew of the general, is principal of the school, and has a good method of teaching. The climate is delightful, and the teachers live in marquee tents. There are 1000 boys in the camp, and 18 teachers. The expenses paid. They had lectures in the morning, and in the evening, "next week," she says, "we get out midwinter holidays (one month), and we certainly deserve them after teaching a whole week." It is interesting from her letter, that the people of the Transvaal, like the people of the Yukon, our Canadian North-west, and all new countries, are fond of fashion. The school marmos were told to take "plain clothes," and took them, but they found this out. "Plain clothes" don't look well at a Potchefstroom ball, and most of the young ladies have been obliged to have new clothes made, in keeping with the fashion of Natal.

The Band of the Woodmen of the World will play in High Park Saturday afternoon.

The Wilkinson Pkw Company employees will excursion to Hamilton on the 15th.

JULY'S RAINFALL AND TEMPERATURE

Not Greatly Above the Average—More Rain in Sight.

The weather man at the Observatory gave out his report yesterday on the weather during July. It shows that the mean temperature for the month was 69.1 degrees, or 1.3 warmer than the average; the mean temperature for July last year was 72.5 in the shade. The highest in the month just closed was 91 on the 8th and the lowest 50 on the 1st. The highest in the sun was 108. It was also on the 8th.

The rainfall in the month was 4.55 inches, above average by 1.24 inches in July last year it was 3.37 inches.

Hours of sunshine for the month this year, 258; last year, 272; average for a number of years past, 284 hours.

The weather will continue warm from the present indications. Real summer weather extends all over the western portion of the continent.

"We may expect a thunderstorm almost any time," said the weather oracle yesterday. "Local thunderstorms are, in fact, being forecast for the near all around us, and we can hardly escape one during the coming 24 hours. After that the weather should be settled."
