ST. JOHN, N. B., TUESDAY, NOVEMBER 21, 1905.

ONE CENT.

HAGGLED HERSELF TO CLOTHES HOOKS

Mrs. Sarah B. Henderson Took Her Own Life Today.

SHE WAS DESPONDENT

Anxious to Die She Secured Short Rope, Looped It Around Her Throat and Attached It to Hook in Wall—She Lived in Brussels Street.

The suicide of Mrs. Sarah B. Henderson, which occurred at her home, 233 1/2 Waterloo street, caused a sensation in the neighborhood. Her daughter left her for a short time, and on her return found her mother hanging to the wall. Neighbors were immediately summoned and the body cut down. When physicians arrived life was extinct.

Her daughter, Miss Ella J. Henderson, was unable to account for her mother's strange action, and says that she appeared to be in perfectly good health this morning. Miss Henderson said that her mother used a trifle later than usual, prepared the breakfast herself and seemed to relish the meal. Apparently at least there was nothing to indicate despondency.

About ten o'clock, or shortly after, Miss Henderson told her mother that she was going out to purchase one meter for dinner. "You'll be all right," she said, "I'll come back, won't you?" To this query she received no answer. She left this morning, completed her purchase and returned home.

On opening the door at the family's apartment a ghastly sight met her gaze. About two feet from the door she saw her mother hanging by a short cord from a large screw in the wall. The unfortunate woman had secured a piece of light hemp clothes line. The rope, when doubled, measured about eighteen inches long. This was made into a loop, and by climbing into a chair she fastened one end to the screw in the wall, about eight feet from the floor, and placing the loop around her neck dropped from the chair, the face coming close to the wall. Miss Henderson at once called the neighbors, one of whom notified J. W. Clayton, whose store is in the same building. Mr. Clayton rushed to the scene of the tragedy and, with the assistance of James Sheehan, cut the rope and had the body taken to a bedroom and placed in the bed. Mr. Clayton said the body was warm when cut down, and thinking that Mrs. Henderson was still alive he sent a man to work her arms and managed to force some to down her throat.

SKATING AT FREDERICTON

Small Boys Skating on the River at the Capital—Police Court News—Railway Crossings.

FREDERICTON, N. B., Nov. 21. (Special).—The two colored youths, Gosman and Nash, who pleaded guilty to a charge of obstructing the I. C. tracks, were brought before Colonel Marsh this morning and further remanded until Friday. Sentence is being deferred to give the authorities a chance to consult with the I. C. officials.

An Indian colored man was before the police court this morning for drunkenness, and each given seven days jail.

The case of John Carlon, of Dunbricks, charged with killing a cow mouse, was further postponed this morning until December 21st.

An important witness failed to obey a subpoena and Constable Havelock is now after him with a warrant.

Rev. Father Kiernan of Montreal is visiting among his former parishes at St. Mary's.

Supt. Downie has written City Clerk McCrea asking that the City Council authorities take steps to provide for the safety of the public at their crossings here during the coming winter.

The Intercolonial officials who were asked sometime ago to provide gates at the railway crossings on George and Charlotte streets have written the city clerk that the matter is under consideration.

Small boys are enjoying very good skating on the river this week.

THE TURBIN WRECK

No Further Tidings Have Reached Halifax of Steamer Supposed to be Lost at Yarmouth.

HALIFAX, N. S., Nov. 21. (Special).—No further news regarding the loss of the steamer Turbin, near Yarmouth, was received here today, beyond the fact that her cargo was for Baker & Co., and the D. A. Co. No wreckage or bodies have come ashore.

The steamer Turbin was valued at \$80,000 and carried about eight hundred passengers. Her chief engineer's name was K. Hansen, chief engineer, Anderson. Besides those there were six miles below Yarmouth, whose names were unknown.

SIR HUGH ALLAN SAYS AN ALAN/HE WRETS THIS PORT

Montreal Longshoremen Say They Will Not Come to St. John ---The Situation at Sand Point is Unchanged Today--- Steamer Parisian's Crew Unloading Her Cargo---What Yesterday's Montreal Papers Say.

MONTREAL, Nov. 21. (Special).—The Longshoremen's Union has been notified of the strike being on in St. John, and Business Agent George Poliquin stated to a Times representative today that no members of the local body would go to St. John to take the place of strikers. Mr. Poliquin added that there were a few men here from Liverpool and London, England, who were not unionists and who might go, but they were so few that they would not affect the result.

Speaking for the local union Mr. Poliquin said: "We will stand by our St. John fellow-workers until the last. They were with us in our fight two years ago and we are not ungrateful."

The port of St. John is practically tied up today with a strike among the longshoremen. The men refuse to work on the steamer. The first winter port steamer, which arrived last night, unless their demand for 35 cents an hour is conceded. A report was current this morning that the steamer ship would bring six gangs of men here tomorrow from Montreal to work on their steamers.

At the present time there are three steamers which are paying the rate—the Dominion Coal Co.'s steamer, the Donaldson liner Kaituma, and the West India steamer Yertis. Two gangs of men were put to work on the latter last night morning by Stevedore Alexander McDermott.

The work of unloading the Parisian is being done by the crew, who are receiving 30 cents an hour. The steamer, Sir Hugh Allan, of the Allan line, arrived in the city at noon, and is expected to arrive here today.

Mr. Moore said the situation was unchanged and there were no signs of a strike among the longshoremen. He added that he had no news from the Parisian, and that the steamer was expected to arrive here today.

The Parisian, Captain Johnston, arrived in port last evening from Liverpool via Halifax after a stormy voyage, and was met with tremendous seas having prevailed almost the entire passage, fine weather being experienced only one day.

On the third day a terrific gale raged and the ship labored heavily and shipped large quantities of water, having finally to lay to for fourteen hours. The steamer had on board 240 steerage passengers, most of whom landed at Halifax.

The Parisian was the first steamer to open up this year's national winter port business. This is also the steamer's first trip to this port since the steamship Albano collided with her. Since then she has been thoroughly overhauled and now looks as trim as ever.

The officers of the Parisian are: Captain—J. M. Johnston, Chief Officer—J. C. Gair, Surgeon—Dr. Campbell Davidson, Purser—J. D. Mingo, Chief Engineer—G. Jackson, Chief Steward—A. Stewart, Stewardess—Miss West.

The Parisian brought around from Halifax after a stormy voyage, and was met with tremendous seas having prevailed almost the entire passage, fine weather being experienced only one day.

EARLY BLAZE IN A DOCKING HOTEL

Quebec to Amend Tax Troublesome Fee of \$300 Exact From Commercial Travellers Will be Changed.

OTTAWA, Nov. 21. (Special).—The Dominion government, it is understood, has received satisfactory assurances from the Province of Quebec that the commercial travellers' tax legislation, against which there have been many protests from the United States and Great Britain as well as Canada, will be amended at the next session of the legislature. The tax is \$300 on travellers from outside of Canada. It started with a \$50 tax, British Columbia made it \$80, and now Quebec says \$300.

SUPREME COURT AT FREDERICTON

FREDERICTON, N. B., Nov. 21. (Special).—The following county court appeals were arranged in the Supreme court this morning. Daigle, appellant (plaintiff), vs. Tremblay, respondent (defendant). Lafort supports appeal from Madawaska County Court. Stevens, K. C., contra. Court considers.

THE MOVEMENT WEST. J. F. Ferguson, a Calson, N. S. farmer, passed through Moncton on Saturday night with his family en route to Calgary, N. W. T., where he has been for over two years, and where he has decided to make his future home. Mr. Ferguson says that Calgary is almost wholly made up of provincialists, a great many Nova Scotians, Nova Brunswickers and P. E. Islanders have located there within the past year or so and they are doing well. All provincialists, Mr. Ferguson says, who located there brought something with them, and the times being good and the country prosperous, they commenced to prosper forthwith.

Also a large cargo for the west. There is at present 40,000 bushels of grain in the C. P. R. elevator at Sand Point, and it is arriving daily at the rate of 6,000 bushels a day. The Allan line steamer will take away four loads, 22,000 bushels, and almost every steamer thereafter will take away a portion of the surplus.

Will Bring Men. Arrangements are being completed by the stevedores under contract with the shipping firms at Montreal whose vessels run to St. John (N.B.) during the winter months, to take three hundred longshoremen to St. John, when navigation closes here. This action is due to the fact that the longshoremen at St. John intend to make a demand for 35 cents per hour, and as soon as the busy season commences 40 cents per hour. In order to avoid this trouble, each stevedore is taking a gang of men with him.

GREATER MONTREAL. MONTREAL, Q., Nov. 21. (Special).—St. Cenege, which has a population of 12,000 voted this morning to join Montreal. There were no votes against annexation.

SENATOR DOMVILLE'S PLANS. OTTAWA, Nov. 21. (Special).—Senator Domville is in the city. He is here in connection with the Central Railway, a road chartered last session of parliament to run from Montreal to Georgian Bay, by way of Ottawa. The senator says that while it is his intention to pursue the idea, he has no idea of touching any of the other insurance companies.

THE MINISTER OF MARINE AND FISHERIES has ordered the Stanley to be at Summerside to commence service on the regular boat which will cease the summer service. She is to be continued on the Summerside-Toronto route as long as the captain considers it safe. The Minto has been thoroughly overhauled and prepared for her work during the coming winter.

His Lordship Bishop Worrell, of Nova Scotia, favors manual training and thinks it should form part of the curriculum of the public schools. He has seen manual training in operation in Toronto and other parts of Upper Canada and recognizes its value in developing the mind, toning up the body, and instilling a sense of duty and responsibility.

Referring to domestic science, his lordship said that it should form part of the education of every girl. Good cooking, he says, is a very important factor in the home life, and in his opinion, it has a very decided tendency to lessen the drink habit among men. A great many girls who are really good and neat will simply do nothing at home, and it is a large number of cases when a man cannot obtain properly cooked meals at home he is very likely to go where he can get something nice.

BISHOP WORRELL OF NOVA SCOTIA TALKS ON MANUAL TRAINING

then in such a way as to make them useful at home, instead of training them merely in subjects that will eventually take them away from farm life. Referring to domestic science, his lordship said that it should form part of the education of every girl. Good cooking, he says, is a very important factor in the home life, and in his opinion, it has a very decided tendency to lessen the drink habit among men. A great many girls who are really good and neat will simply do nothing at home, and it is a large number of cases when a man cannot obtain properly cooked meals at home he is very likely to go where he can get something nice.

LOOKING TO CANADA AS AN EXAMPLE OF GOOD DIVORCE LAWS

ALBANY, N. Y., Nov. 21. (Special).—Wm. Crowell Doane, in his annual address today before the convention of the Diocese of Albany, of which he is the head, dealt with subjects of immediate interest to the diocese and also especially with those of divorce and the ethical preaching called for by the times. The bishop's remarks on divorce had special reference to the adoption by the general synod of the church of the following canon: An clergyman within the jurisdiction of the Church of England in Canada shall solemnize a marriage between persons, either of whom shall have been divorced from one who is living at the time. "I could have wished," said the bishop, "that we upon whom the presence of the danger and the presence of the duty are so much more strong than upon the Canadian church, could have led in this movement. But I have great hope that we shall follow at our next convention."

The proximo synodical act weighed a good deal with them, because the canon immigration into Canada from our western states, coupled with this divorce disease, makes real to them the danger of contagion. Surely it becomes us, in the face of our sorer need to apply this one sure remedy, which shall at least rid the church of all responsibility and lift the standard of reform, to influence public opinion, and the legislation of other religious bodies. It is high time for us to make impossible the prostitution of our marriage service, by using it under circumstances that falsify and contradict its essential language."

THE TIMES NEW REPORTER

THE HARBOR TERROR. There was an anxious time on the grey ferry steamer on one of her trips yesterday. She came out from the Charlton floats and developed such speed by the time she had got in the middle of the harbor that the captain pulled her up with all his might. She turned around, looked at him, and started off on a new tack that would have landed her at Red Bank, and got her moving up stream. Again she began to develop speed, and the captain pulled her up. She was like a horse that knew the barn was ahead, and wanted to get there. Finally, almost exasperated, she pulled her up, and the captain pulled her up, and she was like a horse that knew the barn was ahead, and wanted to get there.

It appears that the moment the Ludlow leaves one side of the harbor she wants around and if possible laying her to get to the other side as quickly as possible, and develops a speed that not only makes the captain's hair stand on end, but that would smash the time-table of the smelters. For forty years it has been the unwritten law that no ferry boat should be permitted to develop a greater speed than one knot in two hours.

The Ludlow is young and high and light, and has a curb. She wants to go in a jiffy-time and put her passengers ashore. Of course that would never do. Besides, a high rate of speed gets onto the nerves of the captain, and crew. They must be protected. A reckless fellow, who would not be afraid of her, but he is believed to have been an escaped lunatic.

A CARD. Mr. Pilsener Pugg will give lessons in the many art daily hereafter, Sunday included, at his quarters, Slagden's Alley. Special rates to experts court judge, county court judge and police magistrates. Dog fighting a specialty. Terms cash.

THE EVENING TIMES, ST. JOHN, N. B., TUESDAY NOVEMBER 21, 1935.

A Serious Strike

There's "a strike on" from head to foot when the kidneys stop working properly. Dull headaches, tiredness, dizziness, puffiness under the eyes, bad skin, foul stomach, no appetite, sharp pains in the back, swollen feet—all due to kidney trouble.

That Cough

which ordinary remedies have not reached, will quickly yield to GRAY'S SYRUP OF RED SPRUCE GUM. It cures those heavy, deep-seated coughs—those away from the throat—strengthens the lungs.

25¢. This Beautiful White Enamel Iron Bed, double or single, with brass knobs, with up spring, only \$3.75.

Other White Enamel Iron Beds at \$6.50, \$7.50 and upwards.

Blazed Trail Stories

Stories of the Wild Life

By STEWART EDWARD WHITE. (Copyrighted by The S. S. McClure Co., and published by special arrangement in the Evening Times.)

THE PROSPECTOR

Thus Peter came to know his country, and when he knew it thoroughly, when he had made all his numerous speculations as to how, blow, and where, and not in a line, did he strike out the claim; and not until then, did he consider himself ready to begin work.

When he had finished his meal he got up and examined himself in his little square mirror. Then he did so again. Outside he saw the sun, for the first time in weeks, and heard the pines singing their endless song.

Those miserable years of waiting! He had not minded them before, but now they were horrible. In the retrospect the ceaseless drudgery of rock and pick and drill seemed larger than the tests of it; his patience, at the time so spontaneous a result of his disposition, seemed that of a man clinging to a rope and to hang on only by the concentration of every ounce of his will.

GIN PILLS. Cure sick kidneys. They do that one thing and it is every thing. They make the kidneys well—and keep them well. If there is anything wrong with the kidneys, GIN PILLS never fail to relieve the pain and cure the trouble.

New Furniture Coverings to select from in the Latest Patterns.

HOT SHOT FOR W. F. MACLEAN

Hon. A. B. Aylesworth, in North York, Talks Plainly of the Toronto World Man.

A Newmarket correspondent of the Ottawa Journal writes his paper as follows: The feature of the North York nomination yesterday afternoon was an attack by Hon. A. B. Aylesworth upon W. F. MacLean, M. P., editor of the Toronto World, for the character of the campaign which that gentleman and his newspaper has been conducting against the postmaster general.

Mr. Aylesworth said that despite Mr. MacLean's ambitions to party leadership, it would be a long day before he would find himself in the position of commanding the confidence or support of a single member of parliament. Mr. MacLean could not expect anyone to be loyal to him when he himself had never been loyal to any chief.

DOES HE MEAN ETERNAL TORMENT?

Or Does He Merely Mean Utter Annihilation of the Sinner?

NEW YORK, Nov. 20.—Rev. Dr. Parkhurst, in the Madison Avenue Presbyterian church, last night, told his congregation he believed in damnation.

THOUSANDS HAVE KIDNEY TROUBLE AND DON'T KNOW IT

To Prove what Swamp-Root, the Great Kidney Remedy, will do for YOU, Every Reader of The Times May Have a Sample Bottle Sent Free by Mail.

Weak and unhealthy kidneys are responsible for more sickness and suffering than any other disease, therefore, when through neglect or other causes, kidney trouble is permitted to continue, fatal results are sure to follow.

Your other organs may need attention—but your kidneys most, because they do most and need attention first.

If you are sick or "feel badly," begin taking Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy, because as soon as your kidneys begin to get better they will help all the other organs to health.

Dear Sir: I was in the Army, I had more of my kidney trouble, and within the past few years I have suffered everything and was much better—my strength and power was fast leaving me. I saw an advertisement of Swamp-Root and wrote asking for advice.

EDITORIAL NOTE.—In order to prove the wonderful merits of Swamp-Root you may have a sample bottle and a book of valuable information, both sent absolutely free by mail.

Swamp-Root is pleasant to take and is for sale at drug stores in Canada in bottles of two sizes and two prices—75 cents and \$1.25. Remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on each bottle.

THE REAL DANGER

All the citizens of St. John are interested in the labor dispute now in progress at Sand Point. They have represented this port as a desirable winter port for Canada. They have demanded that the government subsidize steamship lines and compel them to make this port their terminus. They have spent nearly a million dollars and have decided to spend other very large sums to provide additional facilities. They have got the steamship lines, and the trade. Have these advantages been secured under false pretences? Here is a steamer laden with goods of which local and western merchants are awaiting delivery. If these goods are hung up, will the merchants continue to import goods via St. John? Or will they choose a port that ensures them prompt delivery?

It is in this light the people of St. John should regard the present trouble, and they should lose no time in making up their minds what attitude they shall take. The steamers must be discharged and loaded again and given quick despatch, or the port of St. John will be placed in the list of those which are to be avoided as much as possible. This question is larger than it may have appeared to some people. It involves the reputation of the port.

WORK FOR ST. JOHN

The letter of Mr. F. W. Holt in today's Times on the subject of more industries is a suggestive contribution to the discussion. What he says of Winnipeg is obviously true, and there is too much reason to fear that what he says regarding an apparent lack of confidence in St. John is also true. But it is not as if it were some years ago. There is more of a disposition to look to the future, and not to recall the past. Mr. Holt agrees with others who have stated their views to the effect that this city is admirably located to become a large manufacturing and distributing centre. It is encouraging to learn that men who are interested in existing industries also hold this view, and that they are giving the subject some attention at the present time. But the citizens at large are also interested, for a campaign of publicity should be undertaken, to attract the attention of those who may have money to invest in promising industries. We need progress in Winnipeg, and in Toronto and Montreal, but we need it, go so far afield. The town of Amherst is an example nearer home. St. John people, with confidence in themselves and their resources, can produce in this development, which is less rapidly than that of western towns, will be steady and of the greatest benefit.

HOME TRADING

Touching the question raised in a letter published in last evening's Times—the purchasing of goods by catalogue from larger cities rather than patronizing home stores—there is one remark which may be made as a suggestion to local merchants. While it may be said that a newspaper would be expected to make this remark, the source is of less importance than the query: Is it true?

The remark is this: The fact that outside stores get such business is due to their advertising. They do not wait for a customer to go to their store, search through all its departments, ask prices and expend time in the search. They place in his or her hands a nicely printed catalogue showing illustrations of innumerable articles, with the price of each. Suppose a St. John firm took space in the newspapers and made just such a display of illustrations, descriptions and prices. Every reader of that paper would be attracted in the same way as by a catalogue, and the merchants would see the result in larger sales. Houses which advertise in the Times have told this paper time and again of good results from special announcements of this sort. This paper is heartily in sympathy with the contention that so far as possible the people should patronize city merchants, who are taxpayers and employers of labor; but the local merchants should not permit outside firms to outdo them in attractive advertising in their own territory.

GET MANUAL TRAINING

Whatever the advantages of kindergarten work, it is to be so expensive as to sidetrack manual training, which has seemed to be practically within reach. The Times has no hesitation in saying that the latter should be first introduced. The contention that kindergarten work is not borne out by experience. There is no provision in the McDonald consolidated schools for kindergarten work, and manual training is successful in those schools, as it is in other schools in this province.

The objections which Inspector Carter raises to the present introduction of kindergarten work in the public schools, in his interview in the Telegraph, which is elsewhere copied in this issue of the Times, appear to be conclusive. With his practical knowledge of the present capacity of the school buildings, the additional room and the number and qualifications of teachers needed, he should be in a position to speak with authority. There is beyond which the changes will

not permit the school board to go, and to grasp at too much might be to lose all. The city cannot afford to lose the opportunity to introduce manual training and commercial courses; while the remarks Inspector Carter makes about the present low salaries of teachers and their relation to the efficiency of our schools are both just and timely.

COMMERCIAL EDUCATION

Inspector Carter states that a commercial course could be provided in the St. John High School by merely permitting those who wanted such a course, in preference to classics, to receive it. It might, perhaps, call for an additional teacher. Halifax has a building especially devoted to commercial education, manual training and domestic science. In these respects its public school system is ahead of that of St. John.

We have evidence of the benefit of a commercial course in the schools of Toronto. The News of that city has interviewed the principals of the schools, and in the issue of last Saturday prints columns of comment. We may properly quote part of one or two because of the interest now aroused in such matters in this city.

"For the boy who has only one or two years to spend and who pursues going into mercantile life, or following a trade," said Mr. W. E. Groves, principal of Church Street School, "he cannot more profitably spend his time than in the fifth book class of the public school. This is an English course with special stress laid upon commercial arithmetic. He is required to take shorthand and book-keeping for two years and typewriting for one year."

"A boy who has taken a thorough public school training should be quite fitted for ordinary business life," said Principal McAllister, of Ryerson School, "particularly when he has taken the business course as it is provided in the higher fifth book of several of our Toronto schools."

"What does that consist of?" "A course in typewriting, shorthand, bookkeeping, penmanship, and all subjects which will give him a good knowledge of business methods."

"Do they get a full course in these subjects, or is it only preliminary?" "They receive a full course. In fact we have had pupils go out of our Senior Fifth Class who were able to fill positions at once as stenographers and typewriters."

"For a boy who is going into trade or business," said Mr. R. W. Dean, principal of Dufferin School, "I don't know of a better training than that afforded by the present public school course, and for these reasons: He gets a good training in book-keeping, commercial forms, shorthand, typewriting and an insight into commercial law as it affects the ordinary transactions of life."

"In what year are such subjects as you mention taken up?" "In the first and second years of the commercial course, or as it is perhaps better known, in the fifth book course."

"How long has this course been in operation in Toronto public schools?" "It is three years since the old fifth book course was changed to its present form."

"How is justified by results the hope of those who planned it?" "I think so, because those pupils who want situations at the end of the course have had no difficulty in getting them, and for those who desire to go on further to the technical school or to a business college they have received a good grounding at home and without expense. How those pupils succeed I cannot say further than that those who went out last year are holding the positions they then took."

"Do merchants come to you for pupils who have finished the course?" "Yes, they apply from time to time and two firms have given me a standing order so to speak, for any boys I will recommend."

The following news from Guelph (Ont.) is encouraging to those who favor municipal ownership:—"Guelph city council a couple of years ago undertook to run the street railway as a municipal venture, and although it is a small city of about 12,000 population, it has made a success of it. Last year it made a clear profit of \$2,000. The street railway is managed by a commission of five members, consisting of the mayor, one alderman, and three men chosen from outside the council. These are chosen annually at the beginning of each year by the city council and serve without salary. Under them is a general manager who receives \$1,000 per annum for his services."

Affairs in Russia appear to be progressing slowly in the direction most foreign observers anticipated. The radical party by its excesses and the unreasonable demands made has arrayed against it and on the side of the government the great mass of moderate reformers, who are willing to give the government a chance to prove its sincerity in carrying out the liberal programme that has been announced.

Occasionally the editors of rival newspapers give expression to their views concerning each other in somewhat heated terms. The habit appears to have become prevalent in legal and judicial circles, and to have developed a degree of warmth quite surpassing the mildness of mutual disregard in editorial rooms.

The new ferry steamer does not make sufficiently frequent trips. She is a fine boat, that might be like a yacht, and is controlled with ease by a firm hand. At least that is the testimony of persons who ought to know. What is the trouble? Are Capt. Glasgow and his men afraid of the Ludlow?

President Roosevelt will aid the state governors and insurance commissioners in placing his insurance on a better basis in the United States. The big companies will take due notice of the fact, and the result will be a reform in methods.

Why should city and province continue to supply operatives for New England factories? Why not induce American and English capital to operate factories here?

Store open till 8 tonight. St. John, N. B., Nov. 21st, 1905. Men's Overcoats \$5.00 to \$20.00. We expected very largely increased orders. Men of Saint John. W. H. TRUMAN. Walter Harley Truman, LL. B., barrister-at-law, was born in this city in 1860, and is therefore thirty-six years of age. He received his early education at the St. John Grammar School, at which institution he had the honor of being prize essayist in several competitions. Having graduated from the city's public school, Mr. Truman entered Dalhousie University and began the study of law. During his course he was one of the editors of the University Gazette, and at graduation was chosen as the valedictorian of his class.

In 1882, Mr. Truman was admitted to the bar, and shortly afterwards was associated with Hon. Andrew George Blair, which association was continued until the firm of Blair & Blair was formed. In 1885, Mr. Truman was appointed by the provincial government to the position of reporter of the decisions of the Supreme Court in Equity, which office he still occupies. As such official he has published a number of volumes of cases and judgments, together with extensive notes. In addition to this work, Mr. Truman has contributed to many public legal essays to Law Reviews.

Mr. Truman's marked ability has been instrumental in his being considered an important case during his career as a barrister. He was engaged as counsel for the Royal Commission, presided over by

the present chief justice, to enquire into the management of the Public Hospital in this city. His report has been the means of placing the institution on a modern footing, and led to the introduction of many needed reforms. Mr. Truman's ability has been recognized in various ways. As an example, he was entrusted with superintending the present Consolidated Statutes of the province, while passing through the press, and the writer of the marginal notes accompanying them, upon which valuable comment has been made by the legal fraternity. Mr. Truman has for a number of years been on the staff of King's College Law School in this city as lecturer on contracts and conflict of laws.

For the past twelve years, Mr. Truman has been an ardent advocate on the public platform. He has learned political articles have also at different times caused comment among both parties. Shortly after his admission to the bar, Mr. Truman took part in the formation of an Independent Political Club, for the purpose of discussing political questions. At that time he had Conservative leanings. Coming to the conclusion that the country stood in need of reciprocity with the United States, and believing that the Conservative party was too greatly attached to protection to favor it, Mr. Truman in 1894, pitched his camp on the Liberal field of battle. Since then he has been a staunch advocate of the present government principles, and is recognized as one of the leading Liberals among the younger men in this city.

Miss Wade, daughter of the late Staff-Surgeon Wade, of the 78th Highlanders (a Scotch regiment formerly stationed here), and granddaughter of the late William Thompson. Mr. Truman has always taken an active interest in the activities of which he is a member, and is a Free Mason, being a member of the Union Lodge of Portland.

Mr. Truman has always been noted for his excellent insight into difficult legal questions, and for his thorough preparation of the many cases he has had in the different courts.

Halifax, N. S., Nov. 20.—(Special)—The captain of the steamer Edna R., at Yarmouth from Tusket Islands, reports having seen a steamer, thought to be the Norwegian steamer Turbin from Sydney for Yarmouth, coal laden, strike on Black Lodge near Mud Island, Friday night during a heavy gale, and that she foundered ten minutes after, it is presumed with all hands.

The Turbin is a steamer of 233 tons and would likely carry a crew of about a dozen. She was reported as having passed Port Margaree on Tuesday last bound for Yarmouth.

MUST GROW MOUSTACHE. Kingston, Ont., Nov. 20.—(Special)—An order has been issued at the Royal Military College requiring all the cadets to grow moustaches and hence no razor has been permitted on the upper lips of the young military students for some days.

No reason for the order is given. It may be desired to give an elder appearance to the younger cadets, a large number of whom are still in their teens. The custom is English, not American.

QUESTION OF KINDERGARTEN

Inspector Carter Deals with Introduction of Kindergarten Work in the Schools.

Inspector W. S. Carter was asked Monday by a reporter what his views were with respect to the proposal to introduce the kindergarten system in the public schools here. The matter, he points out, is by no means so simple as some persons apparently suppose. "Aside from the merits of kindergarten teaching," he said, "there are some other aspects of it to be considered."

"In order that St. John may be fairly abreast of the times educationally, it is imperative that the teachers should be paid better salaries, and it is in the interests of all citizens that this should be done very soon, as it is already becoming difficult in the towns to secure first class teachers and the field for selection is becoming smaller. Young men and women will not enter upon the work of teaching when hospitals and business offices offer better inducements. Also, the higher salaries offered in our own West, the United States and other countries, are depriving us of our best teachers." In the face of such salaries as we are giving the standard of efficiency must be lowered.

"In addition to providing better salaries, it also seems to me that provision should be made for commercial training manual work and music before consideration is given to kindergarten, as it would cost more to introduce the latter than all the others combined."

"Children now enter school at the age of six years, and it may be assumed that the kindergarten classes would embrace pupils between the ages of four and six. This would add at least one-third to the present population of the school at a time when the schools are overcrowded, and another new building is regarded as a necessity. It would not answer to begin with two or three such schools, as where all are taxed all expect to enjoy the same privileges.

"Again, it would take some time to secure a supply of properly equipped teachers for the work. These teachers would have to qualify in kindergarten and kindergarten teachers would have to qualify as to business in order to comply with the school regulations."

"The St. John board of trustees has been concerned in some quarters for not making more prompt provision for some of these things. While I have no authority to speak for the trustees, I know personally that some of them, and it may be that all of them, are in favor of introducing some of these branches as soon as they may be able, but to increase salaries, provide for manual training, etc., requires money and more school accommodation."

"It may not be generally understood that the board has almost reached the limit of assessment allowed by law for this city, and that legislation will be required before much increased expenditure can be indulged in."

"Besides these difficulties, the common council grumbles from time to time at the cost of the schools, and no doubt some reference is accorded to it."

"I think that manual and commercial training are more important than kindergarten teaching."

"To give commercial education there will not necessarily be an increase in the number of teachers and no additional rooms would be required unless the attendance should increase to such an extent as to require manual training, two or three teachers with special qualifications will be required, the manual halls will be required, and the province will pay half the cost of equipment."

"Manual instruction would require the services of two or three teachers only."

"All these branches are now a part of our curriculum."

"Kindergarten, which must necessarily be provided for all, if any, would require at least twenty teachers and school accommodation, which would be the equivalent of at least two such buildings as the Dufferin."

"It may be doubted whether St. John, in addition to its present obligations, would be willing to undertake the additional liability, and it is to be feared that the trustees will take alarm at the number of demands made upon them and withhold assent to any."

Something to Please a Woman

"DY-O-LA" is a revelation to every woman at first. For seems the word to be true that one package of "DY-O-LA" will color silk, cotton, woolen and mixed goods—or all four. This is just what "DY-O-LA" will do—and color MORE goods to the package than any other. "DY-O-LA" contains no acids or injures even the most delicate fabrics, and does not stain the hands or boiler. Best in every way for coloring at home. Dyeing in every where have "DY-O-LA" in 10 cent packages. Color card sent on receipt of 2c. stamp. The Johnson-Richardson Co., Limited, Montreal, Canada.

J. M. Curry, secretary-treasurer of the prosperous and progressive Rhodes, Curry Company manufacturing establishment, of Amherst, is in the city, renewing acquaintances, and adding to his already extensive list of friends throughout the province. Mr. Curry is deservedly popular, and many will wish him to prolong his visit.

Free Pile Cure

Why Suffer When By Merely Sending Name and Address You Can Have a Free Trial Package of a Remedy That Will Cure You.

We receive hundreds of letters like the following: "I have been feeling so good I could hardly believe it, after suffering with piles for a year, to find that I am once more feeling like myself. I wish you could have seen me before I started using Pyramid Pile Cure and look at me now, and you would say I am not the same man. I have gained 20 pounds, and all on account of 'Pyramid Pile Cure.'" Walter Sharkey, 28 Park street, Springfield, Mass. "I bought a fifty cent box of Pyramid Pile Cure and used as directed with the

most unexpected result, a complete cure. I have been troubled with piles for thirty years and was, in much distress and passed much blood, but at present am free from any kind of piles." F. McKay, Weaverville, Cal.

Pyramid Pile Cure has been worth thousands of dollars to me; it cured me after using numbers of other remedies and taking medicines from doctors. It also cured my son, although he could hardly walk, eat or sleep; he is now all right!" B. Stringfellow, Postmaster, Elko, S. C.

By the use of Pyramid Pile Cure you will avoid an unnecessary, trying and expensive examination by a physician and will rid yourself of your trouble in the privacy of your own home at trifling expense.

After using the free trial package which we gladly mail you, in a perfectly plain wrapper, you can secure regular full-size packages from drugists at 20 cents each, or we will mail direct in plain package upon receipt of price. Pyramid Drug Co., 7284 Pyramid Building, Marshall, Mich.

THE FREE KINDERGARTEN

A meeting of those interested in the free kindergarten was held in Mrs. Robinson's kindergarten room Leinster street, yesterday. The election of officers was held, Mrs. Dunlop being elected president, Dr. Margaret Parks, vice-president, Miss H. A. Allen, treasurer, Mrs. H. H. Pickett, secretary. The meeting decided to send a written vote of thanks to Mr. Hughes for his lecture here.

The question concerning the location of the school in Waterloo street was discussed. Mrs. S. D. Scott, Mrs. W. E. Hetherington, Mrs. H. D. McKinnon, Miss James, Mrs. Morton and Mrs. F. E. Holman were appointed to hold a rummage sale on Thursday, Friday and Saturday of next week, and they request donations from persons having any old goods which they wish to dispose of.

How's This?

We offer One Hundred Dollars reward for any case of Catarrh that cannot be cured by J. CHENEY & CO., Toledo, O., or by Dr. J. C. HENRY & CO., Toledo, O., or by Dr. J. C. HENRY & CO., Toledo, O., or by Dr. J. C. HENRY & CO., Toledo, O.

Wholesale Druggists, Toledo, O.

Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous membrane of the system. Cost, 50 cents per bottle. Sold by all druggists.

Take Hall's Family Pills for constipation.

ST. MARY'S BAND

The second anniversary of the organization of St. Mary's Band was the occasion of an exceedingly pleasant gathering last evening in St. Mary's school room.

A large number of the friends of the band were in attendance and thoroughly enjoyed themselves. The programme included a number of selections by the band which, considering the youthfulness of the musicians, were given excellently.

Addresses were made by Rev. Dr. Raymond, Alderman Sproul and Capt. Henry R. Armstrong; violin solos played by J. McKenzie, and selections by Walter Williams as their instructor by making him a birthday present of a pair of winter gloves. Similar presentations were made to Sergt. R. Doo, the organizer of the band, and to Geo. H. Chamberlain, section of St. Mary's church.

Suitable replies were made in each instance. A very enthusiastic vote of thanks was also tendered Herbert J. Barlow for his efficient services as secretary-treasurer. At the close of the entertainment refreshments were passed round by the members of the band and the evening closed with the national anthem.

Halifax, Nov. 20—(Special)—W. J. McLean, aged about 25, a clerk on the Oxford & Pictou railway post office, was arrested last week charged with robbing the mail. He was under suspicion for a short time and very recently the suspicions were confirmed as strongly that Post Office Inspector McLellan and Superintendent Bent, of the railway mail service, who had been investigating, took steps to place the question beyond doubt.

Last letters were mailed to go in his box on Wednesday two of them disappeared. That night he was found in his postal car at an unusual hour and was taken to the police station and making restitution of a large sum of money. He was placed under arrest and is now remanded until Wednesday for preliminary examination.

The case of the White Horse livery wagon, the proprietor of which was reported for having it standing on the north side of King square came up in the police court yesterday afternoon. No evidence was heard, J. B. M. Baxter for the prosecution and A. W. MacRae for the defence, agreeing to allow the same evidence that was given on June 9 to be received as read. The proprietor entered a plea of guilty, and a fine of \$4 was imposed. It was agreed that this fine stand till after the decision of the supreme court on the former case. In the meantime, however, if there is another report the fine will be imposed.

After a Busy Dress Goods Season We Have a Heap of Bargain Remnants

Here's a Shoe That is Pretty Nearly Wear-proof.

It's our "ARTISAN" shoe for working men. Built of toughest sole leather—with three rows of wooden pegs, and an outer row of steel slugs, around the sole. It's a shoe that is strongly made—comfortable too—and wears like steel.

In many styles and shapes. \$1.25 to \$3.50. Ask your shoe man to show you the "ARTISAN"—the shoe that wears so long.

ARTISAN Shoe FOR MEN

The friends of Mr. and Mrs. R. B. Stackhouse, 9 Ann street, gave them a very pleasant surprise last evening in the shape of a surprise party in honor of Mrs. Stackhouse's birthday. During the evening Mr. Stackhouse was presented with a beautiful parlor lamp, after which supper was served, followed by dancing and games, which were kept up with much zest.

ST. JOHN, N. B., MONDAY, NOVEMBER 21, 1905.

FOR MORE INDUSTRIES

The Editor of the Times: Sir—I have read with pleasure your editorial of the 11th and subsequent issues in reference to the development of St. John and, if you will permit me, I would like to say the spirit of it is right, and if the whole press and city will join in expressing the views now advanced to them St. John would, in a short time, I believe, become a place where people would come to invest their money and the place would grow rapidly. When in Winnipeg three years ago, the writer attended the horticultural exhibition, which was being held there. Meeting one gentleman, he was shown what here would be looked upon as a half grown green apple in the Winnipegger's hands this was pointed to with pride, and with the expression "I can grow anything here." He firmly believed this, and the enthusiasm was so great and earnest that he would accompany one of the Winnipeggers to the orchard country, when, as a cold fact, it is situated in the prairie at the junction of two creeks, one of the "gold pockets" of the Dominion, to an eastern Dominion person, this is an interesting fact. Yet this city, with naturally few advantages, only that it was easily approached by canoe and small boats, and that it was now a great railway center, has doubled or more in the past three years—simply because those who do not have faith in it and only look to its advantages, live down and ignore its disadvantages to such an extent as not to add to the population by ten thousand, including workmen and their families. Surely this is worth a little effort to do, and it is not as if the city were not naturally, but St. John, if full advantage were taken and the right spirit and faith in it were shown. What is needed, as is self-evident, to make it a great city, is people and to have something for these people to do. The principal employment today in the city, I think you will agree, outside of the supplying of the wants of one another, is in the wholesale groceries and dry goods, and the manufacture of lumber and the necessary supplies and machinery for the same. Why not make it a great city, as is self-evident, to make it a great city, is people and to have something for these people to do.

for the Northwest, only that their merchandise have been plentifully, they ought not to be able to produce as cheaply as here. Their rates by railway on two shipments ought not to be an expense to St. John's one to the consumer. All that is needed is capital to build and equip manufacturing plants, enterprises and business ability to exploit the products, search out the consumer, see that they reach him, meet his requirements in the fullest extent, and create more, if possible—and men and women to operate these plants which, in turn, will give more employment to those who supply their wants. Is not there a tendency to point out the difficulties first and the advantages last, if at all? Take for example the dry dock. This question has been before the public since 1898 to the writer's knowledge, and for one to encourage its construction, if the Winnipegger had such a possibility, would think a cyclone had struck the town and he was in the midst of it. Does it occur to those who speak thus discouragingly, that a cyclone had struck the town and he was in the midst of it. Does it occur to those who speak thus discouragingly, that a cyclone had struck the town and he was in the midst of it. Does it occur to those who speak thus discouragingly, that a cyclone had struck the town and he was in the midst of it.

BLACKWOOD COMMITTED

Slayer of Alfred Howard Sent For Trial to a Higher Court.

Moncton, N. B., Nov. 20 (Special)—Robert Blackwood was this afternoon committed for trial on a charge of unlawfully shooting Alfred Howard, the ten-year-old son of Matthew Howard. The father of the deceased boy testified his testimony this morning after he was present at the shooting, which took place on the afternoon of the 17th. He saw the accused strike the gun twice on the hammer, and the second time it went off. He heard young Howard fall and saw that the second shot hit him, and asked him to kill Blackwood. Charles Banks, ex-cop, of his catching up with Blackwood, and recited the rough copy he had made to his question as to whether there was any game around. After passing Blackwood he heard Howard tell him his gun was cocked, and a few minutes later he saw Howard say "Daddy's going to shoot," followed by the report of a gun. This witness also heard young Howard say "Daddy, that man shot me; kill him." After the argument by Hon. F. J. Swenney for acquittal, and Jas. Friel for conviction, the jury returned a verdict of guilty. Dr. Lunan Decides That the Disease is There But of a Mild Type.

SMALL POX AT BURX'S CORNER

Dr. Lunan Decides That the Disease is There But of a Mild Type.

Fredericton, Nov. 20 (Special)—Dr. Lunan, of Campbellton, arrived here on train today and in company with Dr. Palmer, secretary of the Dominion Board of Health, drove to Burx's Corner to investigate the alleged smallpox outbreak at that place. He saw four cases of the disease and expressed the opinion that the disease was smallpox of an exceedingly mild type. On the strength of his report a meeting of the county board will be held tomorrow when arrangements will be made to prevent the disease from spreading. The disease is said to have first been contracted by a shepherd who lately returned from a visit to friends in St. John. Harry B. Asherton, of R. Chatham, and Miss Jennie Tennant, oldest daughter of James Tennant, Woodstock Road, are to be married on Wednesday at the residence of Rev. J. de Wolf Owsie to the rectory of Fredericton at the next meeting of the congregation of St. Ann's church is conceded. Rev. G. R. E. McDonald, of Trinity church, St. John, has withdrawn as a candidate for the rectorship of Fredericton. Fire on Saturday afternoon at Nashua destroyed 70 barrels of potatoes, 540 barrels of turnips and a large amount of other roots. He estimates his loss at \$2,500, and had no insurance. The Fredericton Boom Company give notice that at the next session of the legislature they will seek authority to increase the toll for securing and rating logs and lumber as follows: Pine timber from thirty-five cents to fifty cents per ton; spruce and other lumber, excepting cedar, from eighty-five cents to \$1 per thousand superficial feet; cedar of all kinds, from \$1.20 to \$1.40 per thousand superficial feet; spruce and pine logs belonging to any one owning averaging less than seventy superficial feet, from six cents to seven cents each.

OBITUARY

Mrs. Matilda A. Crombie

The death of Mrs. Matilda A. Crombie occurred unexpectedly, Monday at her residence, 163 Brashear street. Mrs. Crombie was the daughter of the late Wm. Charles, who is a familiar name to the people of this city. She was born in the town of St. John, N. B., and was married to Mr. Crombie, a brother of H. W. Crombie, of the same name. She was the mother of four children, the youngest of whom is only one year old. Much sympathy is extended to the bereaved family by a large circle of acquaintances. The funeral will take place tomorrow at 2.30 p. m. at the residence of the deceased.

THROWING LIGHT

On the Subject of Home Dyeing.

Home dyeing is a fascinating and money-saving work when Diamond Dyes are used. Home coloring has an attraction for ladies in all ranks of society, and the wonderful results achieved by the Diamond Dyes for women, have made them the popular home dyes in all parts of the world. One ten cent package of the Diamond Dyes will do the same work that a steam-dyeing establishment charges one dollar for. All faded and dingy looking dresses, skirts, suits, blouses, jackets, ribbons, stockings, coats, veils and trusses, are recolored in the home and made to look as good as new, at a cost of from ten to twenty cents. The never-fading Diamond Dyes are used. It is well to bear in mind that direct money saving can only be guaranteed when Diamond Dyes are used. Have a care that you do not buy the worthless imitations sold by some dealers. Refer to such deceptive dyes if you would avoid trouble and loss of money and temper. Ask for the DIAMOND DYES; refuse all others that may be offered to you.

MONCTON NEWS

Moncton, N. B., Nov. 20 (Special)—Geo. B. Willett, who has been manager of the Humphrey clothing store in this city since its inception three years ago, has resigned his position to open a real estate, landlording's agent and fire and insurance business. Mr. Willett was formerly connected with the Western Union office in Moncton and St. John. He severs his connection with the Humphrey concern January 1. J. V. Mills, teller in the Bank of Montreal here, has been transferred to the head office in Montreal and left for there tonight. The death of Edward T. Spencer, a prominent Old Town (Me.) lumberman, occurred Wednesday night from apoplexy. He was 63 years old. Mr. Spencer was prominently identified with the lumber interests along the Penobscot and in the best known lumber operations in northern Maine.

MANUAL TRAINING TALKED OF BEFORE SCHOOL BOARD

A committee of the board of trade conferred with the board of school trustees last evening concerning the insertion of manual training into the public school curriculum of the city.

W. S. Fisher was the first of the committee to speak. He said he believed the members of the board were as anxious as were the committee to obtain the very best possible results in connection with the education of the young.

Mr. Fisher referred to the manual training that has been given in St. John the feeling in favor of the training was unanimous. The main question was that of cost and means.

THE TIMES' WASHINGTON LETTER

(From our regular correspondent.) WASHINGTON, D. C., Nov. 19.—Washington and the country are now awaiting the assembling of congress with its always old but ever new programme of legislation.

Since last winter, the United States, through the president, has achieved high prestige in the diplomatic world, and its greater weight in international matters finds expression in the demand of Japan and other countries for mutual ambassadorial representation.

There is doubtless reason for the complaining that our ambassadors and other foreign representatives suffer in comparison with the representatives of other countries at the several courts and capitals to which they are accredited.

THREE TRYING TIMES IN A WOMAN'S LIFE

There are three periods of a woman's life when she is in need of the heart strengthening, nerve toning, blood purifying action of MILBURN'S HEART AND NERVE PILLS.

Mr. Hatheway remarked that manual training was leading a new dignity to the school. There was now such a degree of pride in engineering.

LOCAL WEATHER

Highest Temperature during last 24 hours, 25. Lowest Temperature during last 24 hours, 22. Humidity at Noon, 75. Barometer Reading, 30.1. Wind at Noon, 25 degrees East, 12 miles per hour.

WASHINGTON, Nov. 21—Forecast, B. E. States and New York.

Local News

The A. O. H. will hold an assembly in the York Theatre this evening.

A number of trespass cases in the supreme court are at present pending judgment.

Regular monthly meeting of Court La. (Court No. 123, I. O. F., tonight at "Preston" Hall.

A large meeting of the members of Branch 124 of the C. M. A. A. is requested this evening at eight o'clock.

Special sale of black cloth for ladies by Macaulay Bros. & Co. See their advertisement in this evening's Times.

The Donaldson line steamship Kaitiaki, Capt. Webb, will sail tonight at 7.30 o'clock for Newport News and Glasgow.

Two large cargoes of hard coal arrived from New York yesterday. The schooner Ethna, with 722 tons, and the Rothesay with 334.

The Empire Dramatic Club meet for rehearsal this evening at eight o'clock, at the residence of George H. Maxwell, 349 Main street.

The seventh anniversary of St. Peter's Y. M. C. A. will be held this evening at their rooms, Douglas avenue. A full attendance of members is requested.

If you wait for serious eye troubles you must take serious consequences, Don't neglect. See D. Boyaner, optician, 631 Main street.

The St. John Tennis Clubhouse will be closed for the winter on Thursday Nov. 23. All members wishing their racquets, etc., are requested to get them at once.

The Royal Kennebec Yacht Club will hold their first smoker of the season in their rooms, Germain street, this evening. An interesting programme has been arranged.

Robert Outbourn, who was quite seriously injured by falling from the Dominion Coal Co. wharf, last week, is reported to be greatly improved at the hospital.

The engagement is announced today of Miss Marion Algee, daughter of Robert Algee, of 107 Simonds street, to E. L. Smith, of San Bernardino, California. The wedding takes place two weeks from next Thursday.

The concert in aid of the piano fund in the Chipman house last night was well attended and the excellent programme was carried out to the delight of all. The beautiful tone of the new piano was highly commended.

The report in a city paper last evening stating that H. R. Barber, who is employed in a forgery case here, had left the city for good, was incorrect. Mr. Barber is at present on a house hunting expedition a few miles out of the city.

Waist, skirts, coats, dresses for children and small costumes, at about half the usual cost, can be negotiated if advantage be taken of the stirring sale of dress goods remnants at Manchester's tomorrow. All the newest materials in the most fetching colors. Remnants range from 1/2 to 1/2 yards in length.

At the county convention of the W. C. T. U. in their rooms, Germain street, this afternoon, no business of usual importance was transacted. The regular reports from the secretaries were read, showing that much creditable work had been accomplished by the union during the past few months.

Sale of women's choice suits tomorrow morning at 9 o'clock. F. W. Daniel & Co. only have twelve "Northway" tailored suits, all this season's low cost styles on which they may cut the prices to clear before November 30th. The sizes, colors, etc., will be found in their advertisement—page 3. Those coming first will get choice.

Frederic J. Argall of Three Rivers (Que.), Canadian representative of the Baber Glove Manufacturing Company, is at the Victoria, on his annual visit to St. John. Since his last visit here he has visited every town in Canada from St. John to the Pacific coast. He says that business in the west is better this year than he has ever seen it before. Travellers secure larger orders, and as a general thing, the western merchants are carrying heavier stocks. Prosperity is apparent everywhere, and "beyond doubt" it has been a year for the best.

MANY CANS WERE FILLED

Free Distribution of Caledonia Water Successfully Continued Today.

As early as eight o'clock this morning, crowds of men and women were assembled at No. 3 freight shed, awaiting a chance to get their picnickers filled with the mineral water from the Caledonia Springs.

It was thought that very little of the water remained for distribution today, as the general migration in the direction of the shed yesterday was thought to be large enough to exhaust the supply, thus the cause of the early risers this morning.

Mr. Brown, the lessee of the Caledonia water rights, however, foresaw the great rush which would attend the distribution and sent two cars, loaded with the sparkling fluid, enough of which is left to satisfy the wants of today.

When the Times man left the freight shed this morning, crowds of old and young were wending their way towards the case where their picnickers and cans were filled. The distribution was in every way a success.

AN ADMIRALTY CASE

Evidence in the case of I. J. Poulter v. the ship Lady Elbe, owned by the Inter-provincial Navigation Company, Ltd., was taken before R. O. Stockton, registrar in admiralty at Campbellton, on the 16th.

The plaintiff brings action for \$1,425.70 for damages for wrongful dismissal, wages, etc. The case is, in effect, that Poulter, who belongs to Quebec, was engaged by the defendants to act as second mate on the steamer Lady Elbe from Great Hazen to go on the Bay Chaleur route. He was discharged in June last, owing to a misunderstanding with the management. Hence the suit.

A counter claim is brought by the defendant company for \$88.10 for money paid by the plaintiff to the company at the plaintiff's request, and for money had and received by the plaintiff for the use of the defendant company, and also for costs.

The plaintiff, Edward Elgie, J. H. Crookley, Robert Curry and Claude Brown gave evidence for the plaintiff, and James McClellan, Joseph Allard, W. S. Montgomery, Jos. Boudreau, Frank S. Blair, Thomas Pederson, Neil Neilson and Ernest D. Blair for the defendants. James H. Raymond for the plaintiffs, and W. A. McAllister, of Mott & McAllister, for the defendant company. Miss H. Mowatt, of St. John, acted as court stenographer.

ST DAVID'S BEARER CORPS

At the meeting of No. 7 Beare Corps last evening, an examination of officers and non-commissioned officers took place.

Captain J. T. McGowan, of the Artillery conducted the examination in a very satisfactory manner. The results were as follows:—Captain, W. H. Campbell, First Lieutenant, Byrne E. L. Campbell, Second Lieutenant, W. McLeary, Sergeant, Lawrence Allen, Quartermaster-Sergeant, Clarence Dales; Lieutenants, R. McLeary, 2nd Sergeant, T. Thompson, 2nd Corporal, Wm. Goutley. The corps will drill weekly throughout the winter, and will be disbanded for the summer in June.

Herbert Scelch, sergeant of No. VIII. Beare Corps, is instructing the members of the corps in the use of the rifle. The next few days a basketball team may be organized, which will compete against the other teams in the city leagues. With the exception of two, the officers, including the instructor appointed last night, are members of No. VIII. Beare Corps, and are detailed to take charge of the cadet corps.

PERSONAL INTELLIGENCE

Mrs. Fred C. Jones, who has been ill for some time, is now convalescing, and has gone on a visit to her mother's home in Maryville.

George A. Knodell and Miss Knodell left last night on a visit to Boston and other United States cities.

Rev. James C. MacLellan, of Chatham, is the guest of Mrs. D. J. McLaughlin, Germain street.

Major Fred E. L. Barker, R. A., who has been on furlough here for a couple of months, left last evening for England.

Misses MacLellan returned yesterday from Toronto, where they have been visiting their sister, Mrs. Turner Wilson.

W. A. Mott, of Campbellton, is at the Royal.

Hon. A. S. White, of Sussex, was in the city yesterday.

O. Hezlewood, of the McLaughlin Carriage Company, Oshewa (Ont.), is at the Victoria.

James Barnes, M. P. P., is at the Royal. Judge Truman and J. Douglas Hazen returned from Fredericton last evening.

A DRIVING ACCIDENT

George Barker and a man named DeWolfe, of Black River were driven out of their carriage yesterday afternoon near Silver Falls and were somewhat injured.

Barker, who held the reins, being in a ludicrous condition, drove the carriage over the embankment, and the occupants took a high dive into a barbed-wire fence.

Barker was badly cut about the forehead and nose, and DeWolfe had his right hand severely lacerated. It took a few minutes to revive Barker, who was attended by the fall.

Sergeant Baxter, who was driving along at the time of the accident, helped make repairs being assisted in his surgery work by a couple of other men. The reins were placed in the hands of the sober man and the horse's head was turned towards Black River.

SHAW COMEDY CO.

The Shaw Comedy Company in the very laughable rural comedy, "Riglin Glen," are booked for the Opera House for a short season, beginning Nov. 27th. The company have their own band and orchestra, an abundance of specialties and a repertoire of plays that will please the public.

Last evening an old lady fell on the sidewalk near the head of Harrison street and was badly shaken up. It appears that a flow of water across the sidewalk makes it impossible for pedestrians to use it on account of the ice. It is just possible that an action for damages against the city will be brought in this case, as the attention of the authorities having been called to it several times.

Between ten and eleven o'clock last night the police were called into the Waffar's Home, on Water street, to deal two drunken men, who were raising a disturbance there.

The Young Men's Society of St. Peter's will celebrate their sixth anniversary in their rooms on Douglas avenue this evening.

New Victoria Hotel—John Cochran, Langrene, Mass.; George Davidson, Newark; William Rodgerman, Alfred Town, Lond. Bow.

POLICE COURT

Minnie Worth's Husband Was Unable to Get Her Out of the Hands of the Law.

In the police court this morning Thomas Davis was fined \$5 or two months in jail for being drunk. The magistrate informed "Tommy" that he is coming before him frequently.

Minnie Worth was arrested yesterday afternoon about five o'clock on a warrant issued by her husband for assaulting him at his residence, 46 Erin St.

This morning Worth said that he was a tinner, and yesterday at noon went home to enjoy his mid-day meal. His wife, however, had no dinner ready but was enjoying herself by using the household furniture in a violent manner, which action, he said, was caused by liquor. He remonstrated with her, but to no avail. Finally she directed a carving knife towards him, and it took effect in his coat. He then desired her to stop, but she refused to do so, and he was obliged to leave her, and stated that she has been exceedingly ill since.

Mr. John Sullivan, the belle of the Assiniboia colony, visited the police court this morning to have her husband, who was charged with striking and cutting her, released. He was allowed to go on suspended sentence. She is the second charge of the row in the Assiniboia colony.

Mrs. Wm. D. Dyer reported to the court this morning that a number of boys, whose names she did not give, were seen in the vicinity of the corner of George North street.

Robert Dixon has been a very prominent figure in the running of the police court for some time. "Bob" was the name he was called for some time this morning, and after the magistrate had tempered justice with the sword, after waiting for some time, caught the eye of the court, and by his great, left the court.

THE COAL INDUSTRY

New Fields in Cumberland County Are to be Developed.

The Amherst News learns from excellent authority that B. P. Pearson and J. Johnson of Halifax, who have taken up a large field of coal areas adjoining the territory that is now being developed by the Standard Railway & Coal company, have succeeded in procuring a number of wealthy capitalists from Pennsylvania in the property held by them and that it is the intention in a few months to make borings and to otherwise prospect their areas in the view of opening up the coal territory in the north and west.

The areas now leased by these two gentlemen cover over one hundred and eighty miles of what is now supposed to be the basin of the Cumberland Coal field, and extend from the property of the Standard Co. through to Apple river and then up to the Joggins area.

FROM JAMAICA

Steamer Veritas Arrives With a Large Cargo of Fruit.

The Jamaica fruit trade was ushered in by the arrival of the Norwegian steamship Veritas, Captain Utne, this morning, at the wharf in front of the Custom House. The vessel, which is a small steamer of 672 tons net register, and said to be very speedy. She was ten days making the passage from Kingston, Jamaica, to Halifax, and arrived here on the 19th inst. The following is the list of her fruit cargo for this port: 1240 bushels bananas, 700 boxes oranges, 207 boxes grape fruit, and 274 bags coconuts, consigned to Marsh & Marshall, who are her agents and promoters of the Jamaica fruit trade. Besides above the Veritas has on board 600 bags of sugar, Montreal and fruit for Halifax, Toronto and other Canadian ports.

The agents, Marsh & Marshall, are greatly pleased with the outlook for a good winter trade with Jamaica.

THE STANDS ALONE

Only One Conservative Elected in New Province of Alberta.

CALGARY, Nov. 21 (Special)—A recount of votes in the election in Alberta, held on the 14th inst., shows that the Conservative party elected in Alberta to one.

OBITUARY

Alexander Adams

Alexander Adams, who was seriously injured at St. John's Gate & Co's mill yesterday afternoon, died at the hospital last evening without regaining consciousness, death resulting from concussion of the brain.

Deceased was sixteen years old, and a son of Joseph Adams, of 181 Water street, who was also employed at the mill.

EQUITY COURT

The November sitting of the Equity Court opened this morning, Justice Barber presiding.

In re Devine, infants, Hon. Mr. White moved to pass accounts of guardian.

In re Martha E. Baird, W. A. Ewing moved to confirm the report of the trustee.

The case of Legere vs. Sayre et al, on application of C. S. Hamilton, was stood over until the 29th inst.

The case of the Attorney-General of N. B. vs. The St. John Lumber Company, V. H. Stafford, was stood over until the 29th inst.

The case of the C. P. R. vs. Conell, on application of H. F. Pollock, will come up tomorrow at 10 a. m.

The case of Robert L. Duncan vs. The City of Campbellton, W. H. McLeary, Campbellton, appeared for the plaintiff, and H. F. McLeary and Hon. Albert S. White for the defendant. The plaintiff's case is that in 1890 a company owned the waterworks at Campbellton and in that year the town got possession of the same. In 1901, in making some extensive improvements in the water works, the town infringed on the property of the plaintiff. The plaintiff has since brought an action for trespass in the Supreme Court, and Justice Landry awarded damages for the plaintiff for \$105.

This morning a number of affidavits were read, the principal one being that of Joseph R. Taylor, chairman of the town council of Campbellton, who claimed that the town had permission from the plaintiff and the defendant to go on with the work. The affidavits further stated that \$6,000 had been spent on the works before they were completed, and that the plaintiff did not begin to interfere until the work had been completed.

Justice Landry stated that the case did not reflect much credit upon the town of Campbellton, for the plaintiff was never notified of the proceedings, and the town has never acquired title by right.

He moved to have a perpetual injunction granted, and also granted an interim injunction until the giving of the decision.

A DIFFICULT OPERATION

HAMILTON, Nov. 21 (Special)—An operation performed on Harold Lambie in the city hospital yesterday by Dr. Cummins, assisted by Dr. Turner, was a very difficult one, only attempted in extreme cases. It was found that his spine had been severely fractured and the spinal cord completely severed. It was necessary to sever the spinal marrow together with removing pieces of bone. This was successfully performed and today the patient is better than the doctors had anticipated.

COUNTY COURT

Judge Forbes delivered judgment this morning in chambers in the case of R. M. McCarthy v. Chas. E. Colwell in favor of the defendant, Burhill, Ewing & Sanford for the plaintiff; W. H. Harrison for the defendant.

IMMIGRATION FIGURES

OTTAWA, Nov. 20 (Special)—The immigration returns for the month of October show a big increase in the arrivals from the United States and a decrease in the British. The number of the United States were 3,012 compared with 2,290 for October last. The number of the British and continental returns give a decrease of 262. This has decreased the number of British compared with October last year.

POLITENESS IN LEARNING

A school teacher instructing her classes in grammar wrote this sentence on the board in correction: "The word 'how' is used in the sense of 'how'." "What is the 'how'?" asked the teacher. "You should put the 'h' first," corrected John, a New York Tribune.
